Text: i couldn t wait to get this dress from the online order  the fabric looked so interesting
to me   linen  appliquã   pockets  raw neckline  the dress looks sort of straight up and down on
the model but in my opinion it s like a little a line tent  the top runs very narrow and i could
barely get it over my head  i m going to return it and try for a medium  for reference i am 5 4
135 and usually wear a six or a small
True Label: 0, Predicted Label: 1

Text: these shorts are really cute but i felt like they were a little too short for me so i ende
d up returning them and i purchased the dress by the same brand instead
True Label: 1, Predicted Label: 0

Text: while the dress is pretty  it s a lot more boring than it seems online  the box top is act
ually a completely separate piece  which is kind of neat   you can choose to remove it or not  t
he box top is very wide  much wider than on the model  and very unflattering  also  the dress is
a stiff silk fabric and doesn t flow like you would think it would  returning it
True Label: 1, Predicted Label: 0

Text: i received this in the mail and it looked beautiful but the zipper was broken just like on

Handling Class Imbalance in Sentiment Analysis When working with imbalanced sentiment datasets (e.g., more positive than negative comments), the model may become biased toward predicting the majority class. To address this, you can use the following techniques:

Resampling:

Oversampling: Increase the number of negative comments using methods like SMOTE. Undersampling: Reduce the number of positive comments to balance the classes. Class Weight Adjustment:

Assign higher weights to the minority class (negative comments) to ensure the model pays more attention to them during training. Cost-sensitive Learning:

Assign different misclassification costs to the positive and negative classes, prioritizing correct predictions for the minority class. Ensemble Methods:

Use ensemble models like XGBoost or Random Forest to improve performance, as they can handle class imbalances more effectively. Evaluation Metrics:

Focus on precision, recall, and F1-score rather than accuracy, to better understand how well the model classifies the minority class. Threshold Adjustment:

Adjust the decision threshold to make the model more sensitive to predicting negative comments. By applying these strategies, you can ensure a more balanced and fair sentiment analysis, leading to improved

model performance for both positive and negative comments.

Insights from Comment Length:

Sentiment and Length: Longer comments often contain more nuanced feedback, possibly reflecting a mix of positive and negative sentiments. Shorter comments may indicate more extreme sentiments (either positive or negative).

Engagement: Longer reviews may suggest more engaged or thoughtful users, while shorter reviews could reflect quick judgments.

Product Feedback: Longer comments are more likely to provide detailed product insights, while shorter ones may focus on overall satisfaction or dissatisfaction.

'i had such high hopes for this dress and really wanted it to work for me i initially ordered t
he petite small my usual size but i found this to be outrageously small so small in fact that
i could not zip it up i reordered it in petite medium which was just ok overall the top half
was comfortable and fit nicely but the bottom half had a very tight under layer and several som
ewhat cheap net over layers imo a major design flaw was the net over layer sewn directly int
o the zipper it c i love tracy reese dresses but this one is not for the very petite i am ju
st under 5 feet tall and usually wear a 0p in this brand this dress was very pretty out of the
package but its a lot of dress the skirt is long and very full so it overwhelmed my small frame
not a stranger to alterations shortening and narrowing the skirt would take away from the embel
lishment of the garment i love the color and the idea of the style but it just did not work on
me i returned this dress dress runs small esp where the zipper area runs i ordered the sp whi
ch typically fits me and it was very tight the material on the top looks and feels very cheap t
hat even just pulling on it will cause it to rip the fabric pretty disappointed as it was going
to be my christmas dress this year needless to say it will be going back first of all this is
not pullover styling there is a side zipper i wouldn t have purchased it if i knew there was a
side zipper because i have a large bust and side zippers are next to impossible for me \n\nsecon
d of all the tulle feels and looks cheap and the slip has an awkward tight shape underneath \n
\nnot at all what is looks like or is described as sadly will be returning but i m sure i will
find something to exchange it for loved the material but i didnt really look at how long the d
ress was before i purchased both a large and a medium im 5 5 and there was atleast 5 of mater
ial at my feet the gaps in the front are much wider than they look felt like the dress just fe
ll flat both were returned im usually a large and the med fit better 36d 30 in jeans i have b
een waiting for this sweater coat to ship for weeks and i was so excited for it to arrive this
coat is not true to size and made me look short and squat the sleeves are very wide although l
ong as a light weight fall coat the sleeves don t need to be as wide because you wouldn t be l
ayerng too much underneath the buttons need to be moved at least three inches in for a nicer fi
t i thought about redoing the buttons myself but the sleeves looked even more out of proportion
with a tigh i ordered this 3 months ago and it finally came off back order a huge disappointme
nt the fit wasn 39 t so much the issue for me the quality of the wool is subpar someone else
mentioned a quot felted wool quot i guess is that what you call it it does literally feel
like felt super thin itchy doesn 39 t drape very well and feels cheap made in china i go
t it on sale but still not worth what i paid definitely going back i am pregnant and i though
t this would be a great sleep bra it s soft and fits okay but it has zero support or shape i
would only buy if you are a b cup or smaller and can get away without support if i would have s
een this is the store i would have passed over it however i was too lazy to return so i am we
aring it it s comfortable so that s a redeeming quality i would not recommend for larger chest
ed ladies though this tank fit well and i loved the ruffle in the back and how it layed but t
he front was not a good look and i will be retuning it 3 tags sewn in 2 small about 1 long
and 1 huge about 2 x 3 very itchy so i cut them out then the thread left behind was plas
ticy and even more itchy how can you make an intimates item with such itchy tags not comfortab
le at all also i love bralettes and wear them all the time including to work i am a b cup h
owever this one is so thin and flimsy that it gives no support even to a b cup so for me this
would only be a lounging bralette if it wasn t so itchy i really loved this top online and wa
nted to love it in person it is soft and the patter is okay in person the neckline is higher t
han i am used to also there are two buttons in the back that must be unbuttoned in order to we
ar the top it is difficult to button them behind your neck with the top on unfortunately i had
to return this item i really wanted this to work alas it had a strange fit for me the stra
ps would not stay up and it had a weird fit under the breast it worked standing up but the mi
nute i sat down it fell off my shoulders the fabric was beautiful and i loved that it had pock
ets why do designers keep making crop tops i can t imagine this would be flattering on anyo
ne especially someone average height and well endowed on top i looked like a football player
the pattern and fabric are gorgeous so if you are like 4 tall and super tiny and can fit xxs t
his may work i am between a 6 8 and fit a small and it was huge on me and almost was bigger at
the bottom than the top such a weird cut there is a cami underneath so if it rides up that wil
l show but that is so 80s the zipper broke on this piece the first time i wore it very disappoi
nting since i love the design i m actually going to try to replace the zipper myself with somet
hing stronger but annoying that it s come to that i was really hoping to like this but it did
not look the way it does on the model at least not on me the sharkbite hem is much more pronou
nced and looser the one in the photo looks like it was pinned back i am 5 8 and usually wear
a medium or large i got a medium and there was a lot more material on the bottom half than the
photo shows it made me look bigger and was not flattering material has a nice weave but it s t
hin and delicate i bought the holly deep olive and the blue colors really cute piece but it

s huge i ordered an xxs petite and it was unfortunately extremely wide and not flattering retu
rning i usually wear a medium and bought a small it fit ok but had no shape and was not flatt
ering i love baby doll dresses and tops but this was a tent my daughter saw me try it on and
said that s a piece of tablecloth it s going back i was very excited to order this top in re
d xs so cute but it was huge shapeless and support thin it had to go back i should ve looke
d at other reviews i am in need of easy comfortable tops for everyday wear i bought this top m
ostly because of the cute buttons when i received it it looked exactly as it does in the pictu
re online however the buttons kept slipping out of their homes because the holes were slightly
too big the shirt fit but was just a tad snug near the upper arms which would stretch and loos
en up throughout the day it s definitely a comfortable shirt but it felt more like a pajama to
p it s going back the fabric felt cheap and i didn t find it to be a flattering top for refer
ence i am wearing a medium in the photos and my measurements are 38 30 40 runs big and looked u
nflattering i am petite might work on someone taller this is so thin and poor quality especi
ally for the price it felt like a thin pajama top the buttons are terrible little shell button
s this could not have been returned faster the design shape of the dress are quite flattering
flirty and feminine but there is no way that the dress i received is new the color is a fa
ded washed out red and there are black stains all over the belt area there is no tag the fab
ric looks droopy and laundered and is not crisp stiff or new i am very disappointed by the qua
lity of the item that i received undoubtedly this one is going back \n\ndear retailer please
make sure that you do not send pre owend clothing articles to first the fabric is beautiful and
lovely for spring and summer i really wanted to like this top but the fitting is so awkward fo
r me i typically where a 0 xs and sized up in the shirt to a size 2 it was very tight and pul
led funny across the chest size 32 a i also found the cut at the shoulders very narrow need
a strapless bra and made it look unflattering overall had to return this one back to the store
i was so excited to try out this top since it was such a bargain and neutral unfortunately the
shape is a line and accentuates the hip area a bit more than i find flattering so it will be
returned my firned tried this on and her first comment was take it off it is scratchy so i
didn t bother trying it on it is however beautiful if you are not sensitive to scratchy mate
rial \nfit was true to size not keeping this one the fabric is a bit tacky looking in person
the cut is odd and it s just not me fit is fine and there are snaps to keep the neckline flat a
nd shaped the colors are as shown and it is a good length falls to top of hip i simply did n
ot like it too metallic looking maybe so disappointed that no where in the limiting did it
mention this suit is australian in size i ordered the 10 i m usually an 8 but that was sold o
ut and the suit arrives and doesn t even fir over my hips the label clearly says 10 austral
ian us 6 gutted that i have to return this suit because of this sizing issue the suit looks
to be well made and the design is adorable of it only for the title says it all this fabric
of this top is both the best and worst part of the design the colors are vibrant and the combin
ation of materials shoulder is a knit sweater like navy fabric is interesting however that
is where the positive comments end on this one the top is so scratchy stiff and frankly un
comfortable i cannot imagine wanting to wear it it could benefit from a lining and that might
have solved the problem of scratchy itchy fabric \n\nthe stiff fabric of the bo nan the colors
are vivid and perfectly autumnal but the fit is a mess it was overall too large the waistline
curves up in the front and then falls into small pleats which was maternityish the waistband wa
s thicker than the dress and sat away from my body and the material was a cheapish poly had the
outer dress been made from the same material as the lining i would have liked it better the mo
desty closure was a plus but the dress was already unraveling when i took it out returned onli
ne this looks like a great sweater i ordered an xxsp and found that this sweater is much wider
in the middle than pictured in fact i m pretty sure they pinned the shirt in the back for the
picture to make it appear slimmer unfortunately this sweater will not work for me as i am an
hourglass shape and this shirt makes me look 20 pounds heavier i was worried about this item wh
en i ordered it because of how it looks in the picture but i had wishful thinking i should hav
e gone with my gut this shirt does not have the same quality as all my other retailer purchases
it is see through and flimsy the bottom is just like the picture it hangs in an odd rumpled wa
y the top is very flattering though so it s a shame if the bottom fit nicer like their other
products i could have gotten away with wearing a cami under it to make up for the qu i was minim
ally torn over whether to return this but ultimately it s going back because the knit is just to
o thin i thought it would be cozy and be of normal sweater weight but it s not and because it
s so light the swing effect doesn t really come off nothing special this skirt looks exactly
as pictured and fits great i purchased it a few weeks ago and got lots of compliments on it ho
wever on the third wear the side zipper split wide open needless to say it was returned dan
g i got a small and was still swimming in it it s made of the fabric that increasingly seems t
o be the fabric of choice for all things t shirty soft and thin ish a bit translucent i d rat

her wait for something more formfitting and flattering back it went bought this item on sale a
nd was very disappointed in the quality for the cost fabric feels cheap like it will snag easi
ly and will stretch out quickly did not flatter the female form felt like a burlap sack gorge
ous blue color but not worth the price tag returned it i loved this top it reminded me of one
i have from retailer from circa 2008 in black and white however on this one the chest area is
too big in both the 14 and 16 and i even found myself tugging downward on the fabric to keep i
t in place because the waist is elastic and also too big i probably need a size 12 but then i
fear it would be too short waisted on me for i am 5 10 unfortunately it is not for me also
the sleeves are much bigger and flouncier than they appear in the photo on t i love the rich dee
p color and the style but once again this brand runs really small in the waist i am normally a
8 10 in retailer skirts and the size 10 was tight at the waist enough so i could not button it a
nd feel comfortable the quality is ok something i feel i would see at another type of discount
store for me this skirt did not work but the color and softness of the fabric was a plus love
the fabric of this shirt even though it was thinner than i expected it is soft to the skin and
flattering however i returned it because it is made for women with long torso and shorter shoul
ders the skirt that i received had very little blue or green in it and was mostly white yello
w and some red the fit was fine but the quality for the price was not there for me the lack of
quality and the disappointment in the quality equals a return bought a large could barely pull
up over my butt runs extremely small it s cute but if your not a stick figure this is not the
suit for you the shirt is absolutely cute looking but that s just that looks i m 5 2 size
6 wears m to l top i tried on the medium in the store it was rather flowing i liked it but
i didn t like how it fit on the underarm area it hung very low so i ordered a petite m still
the same plus the store the lighting was dark so i didn t realize how see through the shirt was
too had to return it i have a similar pair of capris from retailer and when i ordered these i
thought they were the same in a different color these are less flattering and i may not keep th
em i love the style of this top and the longer length would be great with leggings and fitted
shorts it s somewhat fitted on the top yet it s a line shape gives a full swing at the bottom
the ruffled v neckline is pretty and i like the longer length of the short sleeves but with al
l these attributes unfortunately they cut the armholes really big so when you put your arms fo
rward the sleeves pull against your arms i was trying to decide if i should keep it anyway bu
t for 98 dollars i thin i loved this dress from the moment i tried it on so flattering to my p
ostpartum body without being a huge tent soft fabric and for a white lightly striped dress no
t sheer i m bummed because after washing only twice followed the instructions to wash on gent
le cycle and low tumble dry holes started appearing everywhere both on the cream ribbed hem in
the front bottom and all across the chest in the white part of the fabric only it looks like t
he black stripes are holding the holes toget fits well through the shoulders and arms but there
is zero waist and it just looks like a bunch of extra fabric hanging from the top super cute
but have to return because of that i really wanted to love this t and was excited to receive it
in the mail i thought i was being realistic in assuming that is would be somewhat sheer given t
hat there doesn t seem to be a woman s white t on the planet that isn t these days however it w
as really sheer the fit was also short and boxy this coming from a 5 3 woman who is short wais
ted on the plus size the material is extremely soft and the design is cute maybe if you are yo
unger and don t mind the sheerness it s worth the gambl like the other reviewer said this top is
extremely wide and boxy it must be pinned in the picture online it s very frustrating when the
y do that thank goodness i didn t pay for shipping for reference i m 5 2 and 135 pounds and b
ought the xxs it s going back for sure i m trying to lose baby weight not trying to look preg
nant i wanted to love this sweatshirt but alas it is going back upon opening and unfolding
the first thing i noticed the dots and not solid they are sort of distressed looking with par
ts of them missing secondly it doesn t have a lot of structure it s soft and kind of floppy b
ut in a weird way it s just not flattering on me it looks more like a pajama top than somethin
g i would wear out of the house for reference i ordered the 3 and i m usually a 10 12 in tops
looks beautiful online but has too much material and the zipper catches on the lace also runs v
ery large i am normally a small but would need and xs in this dress true to size on the necklin
e and arms but extremely large and puffy in the torso very unflattering cut i thought this top
was adorable in the store and online it just didn t work for me although it fit it flares out
too much in the front and just wasn t flattering on me i am 5 5 and 128 lbs and ordered the
small like another reviewer mentioned this shirt is way too short i m only 5 2 xs and ther
e is no way this top would tuck in like on the model also the quality isn t great as it s very
thin and there are strings hanging from some of the seams in the front it s a shame b c the pri
nt is really pretty and there is this cute little bicycle charm on the tag which makes it feel m
ore unique sadly it s going back i had high hopes for this top really boxy short this top w
as way too short i m only 5 1 and way too wide the cut of this top was so wide it looked lik

e a tent on me i really wanted to love this top because the material and style sleeves ruffle
are beautiful unfortunately there is something wrong with the cut i ve have several blouses ma
de by one fine day which fit nicely for some reason this top did not i ordered in my usual s
size even going to an xs would not work because the cut is wrong gorgeous in every way except
its length and how it hangs at the bottom i prefer a shirt i can wear tucked in or out this on
e will work well tucked in but not out so i am returning disappointed it was so well done in oth
er particulars this top light and airy which is perfect for spring i m usually into these typ
es of blouses however this didn t quite fit right on me it s a little too boxy and too low cu
t in the front for some reason i loved the design and really wanted to like it i just didn t
love it enough to purchase it this blouse is so beautiful the collar sleeves material eve
rything except the cut it was like a tent it needed to be more tapered which would be easy to
do while still maintaining the beautiful breezy flow and be about two inches longer \r\n\r\ni h
ad been drooling over this top for awhile and was so disappointed please fix it and then i will
buy again i am 5 4 140lbs and busty a small was perfect with the exception of the massive
amount of material not a coat by any means merely a thin wool boucle like sweater with a cheap
thin synthetic lining and i also would never want the lining to be seen by anyone if i were t
o set the sweater on a chair or be helped in putting the thing on the length and bulk is hard t
o layer under anything else and isn t pretty enough for a spring coat sizing is also 2 sizes la
rger than anticipated the fabric was nothing special i usually like a cotton silk blend woven
fabric but this was stiff feeling and the pattern was cute but what made me return it was the
fact that 1 the rose gold glitter dots are puffy paint literally puffy paint and 2 the dot
s were not quite dry on my top when it arrived parts of the paint came off on my fingers and th
e top was stuck to itself because of it i could barely unfold it \n\ni m sure this could have b
een cute but who wants a top that looks lik this top is good quality and cute it runs large i
m usually a medium and needed a small the reason i will be returning it is because it flares ou
t at the bottom on the black which is very unflattering on it makes me look wide in the waist o
r like i m wearing a maternity top unfortunate because i really liked everything else about it
this blouse is super cute but oddly sized i bought a size up and still i squeezed into the top
around the bust the front slit is too low and shows a bit too much cleavage so this had to go
back i really tried because the fabric is wonderful and the shirt is light and breezy for summe
r i just couldn t make it work\r\n i love maeve and was so excited for this top which looked l
ike an update from a last season favorite unfortunately the fabric was stiff it was tight in t
he chest and went straight down from there returned i was looking for a basic tee but this on
e was just ok the quality is okay but it us not as soft as i would have liked unfortunately
i will be returning this item disappointed in the quality of the dress love the style and espe
cially the colors the fabric of the body of the dress is very very thin and just poorly made t
he top bodice is more substantial not worth the price tag of 148 00 dress does run short thi
s skirt is very short i ordered my usual xs petite and it was so short that the longest part en
ded above my ankle that s quite off because i m only 5 feet tall and i wore it pretty low on t
he hips it also flares out awkwardly below the knee there are 2 vertical seems and they exacer
bate the jagged appearance of the hem i was drawn to the edgy style shown in the photo but in p
erson it looks like my 5 year old cut up a skirt plus the fabric while thick and beautiful an
d stretchy has a i don t normally review my purchases but i was so amazed at how poorly this d
ress was made i couldn t help myself but to post a review the neck line isn t even hemmed down
so it flaps up the material is thin and feel cheap this dress isnt even worth 20 in my opinio
n i was expecting a well made good quality dress for the high price tag i m surprised other r
eviewers loved this one so much it s completely different then how it looks on the model it s
much shorter which others do mention but it flares a lot enough to feel maternity ish on me
it looks fitted on the model maybe it s my shape i have a short torso and carry weight in my h
ips i ordered an xs too i will say the material\r\nis very nice and it s well made but it s g
oing back this sweater is fine for the casual days i bought this in cream and i have to say af
ter one wash it looks old i m a huge retailer lover and buy a lot of clothes from them this is
just not the best quality and looks tired after a few wears very soft but poor material not m
y favorite purchase i really wanted this dress to work out but i was slightly disappointed in
the fabric for the sleeves the fit was accurate i m 5 7 and ordered a 6 however my husband s
aid it looked too little girl like i did end up returning it i got this dress in hopes of ha
ving a really nice winter formal dress it was not well made at all the lining didn t line up w
ith the top layer and the waist puffed out in uneven places i am curvy so a puffy waistline in
the last thing i need the fabric itself is very nice but just not well made i do not recommen
d this dress i love byron lars dresses and this design is on point the ruffle at the neckline
is so pretty and the dress fits like a dream however the fabric i would have loved it if
this dress had a heavier feel this is sadly going back today i loved this dress as soon as i

tried it on but it bunched up weird in the front around my hips i ordered a second size 4
hoping that it would fit better but same thing if i tried to go to a size 6 it would be too bi
g every where else fyi i m 5 8 129lbs and i m a runner it s not like i have a huge backside
or anything my guess is sizing is off i ve tried another of his dresses and it fit perfectly
i really like how this looks on the model but in real life this top is much tighter i was hopi
ng for a good layering top and have been playing around with the trend of lace up tops i bought
it without trying on figuring a small would work but it was much too tight and the lace top rem
inded me of vans shoes i returned it a girl much tinier than myself has it and it is very cute
on her so best works on a model body type figure than someone with even slight hips three str
ikes and retailer is out for me i am so disappointed i really liked this dress and was looking
for a fun distinctive new shift dress got it tried it on took it off went back to look at t
he listing online nowhere does it mention that it has a drop seam in the shoulders i guess yo
u can see it if you zoom in closely on the image but it s not mentioned in the text who on god
s green earth actually looks good with a drop shoulder it hits every woman under 5 10 right i
n the middl it s hard enough for women to find clothing that will make them look as beautiful as
they feel but add a bigger bust size i m a 36dd and it makes it this much harder i ordered th
is top because of how beautiful it looked on the model and the price when it arrived i was so e
xcited retailer does such a beautiful job with the way they handle their items it was wrapped
beautiful and no damage i ordered a size 8 knowing that my chest could be a potential problem
the too itself is gorgeous i did when i first opened this dress and tried it on i thought it wa
s adorable it is very flattering on my hourglass figure and hides my recent baby weight the pr
oblem is the hem it was already rolling up when i took it out of the package and i should have
noticed and returned it but i figured the problem would be easily solved by a good ironing wel
l it wasn t and it gets worse every time i wash the dress it s like the hem isn t constructed
properly i bought this in the white size m 140lbs 5 8 34b because i wanted a baggy fit
which i got so this is tts the white is more of an off white rather than a bright white which
i like because i happen to be looking for an off white tee and the shape is good even in a lar
ger size this tee nips in at the waist however the quality of this tee is lacking as it is th
e typical cheap marled slightly see through material that seems to be everywhere these days a
nd the band on the back of th nice fabric very versatile but the knit top and style accentuates
your bust probably not an issue for most but if your a d or up it s more attention than you may
want cropped and wide would look cuter on someone who is more petite was too wide and cropped
for me very sheer the fun colors drew me to this but it sure fit weird the top was fine but i
t became a bit tent like in the waist the material doesn t feel great either i m assuming the
model showing the sweater is at least 5 9 it is slightly cropped on her but it certainly doe
sn t look super cropped i m 5 4 and its super cropped on me even with high waist jeans \r\nal
so it is incredibly itchy i even tried it with a cami under but the itchy wool came right thro
ugh the cami \r\ntoo bad its a cute design just needs some tweaking color is not like photo a
nd fit doesn t work if you re busty nan absolutely love this blouse but if your a woman cursed w
ith larger arms for your body size than this is not for you i couldn t get the lace part of the
upper arms past my elbows \n\noh well it s going back i thought that it looked like it belonge
d on a 15 year old i can almost see why they styled the model in what looks like ankle socks
ready for cheerleading for reference it fits true to size but is very short i am 5 2 and tri
ed on a regular small it was at least 5 inches above my knee this top runs super small in the
upper arms shoulder area could not even stretch out my arms other then that major problem
the length and body fit were perfect i am true med and or large in all retailer tops so i trie
d sizes 10 12 and neither worked for me due to arm shoulder fit disappointed because it reall
y is a beautiful top nan was drawn to this dress in the store my location had it displayed w
ell one mannequin with the dress a jean jacket another with the faux fur cardigan the dre
ss is a very vibrant red but the fit is not for me i am busty 34c with a short torso and th
e dress made me look like dolly pardon on top but there was a lot of room on the bottom i trie
d on a size 6 and felt like i needed a size larger on the top and a size smaller on the bottom
having said that the material is a very good qu i was really excited about this top since i hav
e others from retailer that are similar in styling unfortunately it just didn t work out i am
petite with a short torso and ordered my usual size and it was way too short in the front the t
op was also boxy and didn t sit right it just wasn t flattering cute top on the hanger but ju
st not on me nan the back of this t shirt looks cute but the front looks really weird the mate
rial in the back is quite stiff but the grey material is soft so the front gray area ends up ha
nging weirdly and looking uneven and messy i appreciate asymmetrical clothing but to me it look
ed like a patched up rag from the front it fits true to size well this top just did not do an
ything for me it s a very conservative style with the high neckline and blousy fit you d need
to go a little lower in size if you want any of your figure to show through i guess it might be

good for a church function or some other conservative event but it was too buttoned up for my s
tyle i also had a hard time getting it off even though the size i tried on was large for me i
didn t care for the feel of the fabric either although the lace is nice well made made my hip
s looks giant just not my style unfortunately i d have to work at preschool or on a ship to pu
ll this off i m 5 3 120 123lbssize 6 8 i got the size 6 not petite cuz they were sold out f
its very strange odd cut does not look well on my store had this and i was so intrigued with
its nearly 400 price tag that i decided to play dress up the colors in person match the colors
online so that was nice to see consistency overall though i feel like a dress of that price w
ould need to make me feel like a million bucks which it did not most items that fit my slender
frame are too short and this was no exception the xs fit but i wouldn t be doing much moving
walking or dancing in this dress which brings me to the question of these run very small they
are also short almost like a crop pant the fit was so weird that i won t even exchange for a b
igger size i just tried on this dress in the store in red and i loved the off the shoulder de
sign the color is just as pictured online a light poppy red the neckline began a few inches
below my collarbone and was super flattering however the skirt portion of this dress flared aw
kwardly at the hips causing my hips to look much wider than they really are and also disturbin
g the otherwise clean lines of the dress it seemed to me that there was too much fabric at the
back portion of the skirt than it looks like you are wearing cargo shorts really unflattering
avoid buying this skirt this top looked super cute online but when it came it was super short an
d boxy looked like a tent on me this one went back the same day it came uncertain about sizin
g i got both the 4 the 6 both made me look like a no asser neither fit quite right in the

t are heading back to an retailer near you sigh the quest continues i love the fit of the
se pants they re the perfect slim black pants however i wore these pants exactly three time
s before the seams split the middle of the pant in not just one but multiple places disappoint
ed by the workmanship quality of the product especially since the pants fit amazingly and don t
sag like other slim fitting black pants tend to do i hope retailer will take this into consider
ation and improve the quality of future iterations of this product i waited three months for th
ese pants when they finally arrived i was mostly pleased they seemed like the staple pant eve
ryone is raving about and they should have been \r\nproblem one they bag out i got one wear o
ut of them before i needed to wash and hang to dry regained shape then \r\nproblem two the cr
otch split in the front i m a teacher i sincerely hope no one noticed i read other reviews a
bout this problem and don t know if i got a bad batch or if a similar fate is awaiting other lik
e others i finally received my size 6p black pants after months of waiting for starters thes
e pants run small so i ordered a size up but still in petite because i adored the red ones i g
ot this past summer when the black pants arrived they were a full three inches shorter than t
he red ones which were also 6p and the fabric did not feel anywhere close to the same quality
i m debating ordering the regular length but i m not sure i ll bother based on some of the oth
er reviews so i recognized the fact that this dress was likely intended more for lounging than
for wearing out and about but i once had a lot of luck with dresses of this price point and in
tent at retailer so i had hopes i was just wanting it to be a great addition for vacations an
d beach days but it s honestly so thin i couldn t even see it working that well for that it s
also cut smaller than i was anticipating judging by the way it fits the model my usual small wa
s way more bodycon than i was anti i tried this on in the store and was disappointed because it
looked so fresh and vibrant on the hanger but it s basically cut for model sized people only i
t s short and wide and if you have any boobs at all it ll make the back pucker i can t imagine
this will look good on most women i really wanted this skirt to work but it didn t look very fl
attering on me a great midi length and very cool pattern so hopefully will work for others i
am normally between a size 0 and 2 so i ordered these pants in both sizes to make sure i would
have a nice pair of black crops to wear to work the 0 seemed pretty tight all around so i retu
rned the 0 and kept the 2 even though there was a little bit of room in the waist of course the
size 2 after a few hours of wearing had completely stretched out was bagging in the crotch area
sliding around on my waist and creasing badly behind the knees i doubt i will wear these pants
more than the o the material and construction of the pants are great but the length is just pla
in awkward i m 5 4 and the regular came to just above my ankles and looked as though they had
shrunk in the wash in a really bad way a couple of inches longer and they would ve been fine o
r i could ve gotten them in petite and worn them as true ankle length pants but the regular jus
t didn t do it for me also i m usually a size 6 5 4 125lbs and these were a little baggy ar
ound the waist and hips this cardigan is very cute in the picture and i really wanted to love i

hick it s made of denim after all i ordered a size down from my normal and even then i was
swimming in it the worst part and the aspect that will make me return it is that the arm hole

is really cute and i love this brand the arm holes killed it for me i wanted to love this dres
s the colors are heavenly and it looks light and airy it isn t it is very heavy much too hea
vy for florida heat the top layer is a beautiful sand color and while the fabric is nice the h
eaviness of the top really weighs the whole dress down i felt like it added ten pounds to my ap

big i think in general it is just hard to buy a bathing suit online but i really underestimate
d the v neck of this suit i read the reviews and noted it was not recommended for girls with la
rger size breast as i m basically an a cup i figured i would be fine the top portion basicall
y has no coverage or hold even when tied very tight the top still opened making me feel expose
d and like my entire breast would fall out of the suit needless to say my fiancã was not a fan
of the suit either even love the color but the fit is just odd and frumpy the sleeves are sho
rter than the should be when i lift my arms the entire sweater gets lifted going back yikes
quite a smell off of this one like wet hot wool the color was beautiful but the sweater is e
normous strange fit under the arms as well this one went back the same day i had tried this
on in the beige loved it but could not find it in my size so i got it in the pink \r\ndid not
look at good as the beige i love retailer and fell in love as soon as i saw this dress online
being 5 10 i love a quality maxi dress and this one did not disappoint however being 5 10 al

i thought it would be softer material it was itchy i was so in love with this dress when i saw
it in the store but so disappointed when i put it on i am 5 10 with curves and usually buy a l

said the top of the dress looked like the autobots symbol from transformers and he wanted me to
keep it but i sent it back i just received this in the mail today first of all there was no
slip included and the fabric is totally sheer the description says viscose lining so i assume
there was a slip and from the picture it looks like it was a beige color second of all it was
obviously sent from a store where they lost the slip and it was squished into the smallest possi

ewers said i ordered a size smaller than us i was so excited to order this sweater but was so d
isappointed when it came the knit is somewhat stiff and the sleeves are not as bell shaped as p
ictured on the model overall i would of kept it if it were much less money for the price it is
just an ordinary sweater with no style after reading the reviews i decided to give this a try
but it just didn t work on me i m 5 8 smaller on top and usually wear m in retailer sizes th
is was ok in the shoulder and arm area but a little too snug for me in the hips also the diago

not exactly the look i was going for back it goes love the shape and cut of this top but it is
so sheer you could see my belly button through it if it was a dark color i would buy it wore m
y regular size small i m 5 5 130lbs and 32dd this sweater was a big let down i am 5 2 so i
ordered it in a petite it was so short that if i lifted my arms you d see my bra there is no

this top in person but once i got a close up look at it and also tried it on i was disappoint

f for a lot of people it just pulls any pink or red in your skin and highlights it \r\n\r\nsec

unflattering i wanted to like it and keep it but i knew i would not wear it so unfortunately
it went back i ordered the pink in size xl the color was pretty the problem is the material w
as too thin and tight it ran at least a size smaller than shown in the photos online this is a
very pretty sweater a bit boxy and short but cute i am 5 1 and ordered the regular xs in blac
k the thing i did not like about this sweater was the gold thread through the back lace i woul
d have kept this if it was plain black lace just did not like that look this sweater is a cute
design but did not work for me i am 5 9 and this is way to short cropped and looks awkward th
e quality was so so it looked stretched out in the front it s getting returned beautiful top
loved the color but shoulders were totally messed up and not sure if it was from\r\nhanging at s
tore or the way it was sewn i ordered this in two colors in my regular size i washed and laid
flat to dry it shrunk like crazy i held the one i washed up to the other unworn unwashed one
and it was at least two inches shorter they may both be going back i am so sad i purchased th
is top in blue and liked it so i ordered the red color i hated the way the second one fit i m
concerned the blue will not wear well after seeing the way the second one looked you guys i lo
ve this so much however within one hour of wearing it the back seam completely ripped it fit
me perfectly sadly i 39 ll have to return the damaged item really sad it 39 s all sold out
too oh elevenses i love your pants the fabrics the details the length i ve found elevenses
to be classic work pants reliable professional well made these are none of those things the
cardinal trousers are thin and the rise feels much higher that s it appears in the picture the

red pair are thin stretchy and cheap both pairs have to go back i m truly sad love the desig
n and the gold color but the seams between knit and lace were a little weird and bunched weren
t smooth maybe the one i tried on just needed to be ironed or something i loved the cut of t
hese pants and the button accent on the pockets however the material was quite thin and the qu
ality was not great there were multiple snags along the seams additionally at 5 8 130lbs i w
as swimming in the size 4 i would have tried sizing down if the quality was better why is it s
o difficult to find a shirt that doesn t expose half of my bra if i lift my arm \r\n\r\nthis is
cute beyond the arm hole issue but overpriced going back i wanted these culottes to work so
much the fabric is gorgeous but the size i ordered didn t fit i m normally a size 28 in pants
and i ordered a size 8 it was way too tight and made me look like i had a pooch in the zipper a
rea not what i wanted it to be had to return them unfortunately ditto what the first reviewer
said unfortunately i was so looking forward to receiving this dress but the one received is no
t the one in the photos the graphics are fantastic still love the boats but the top is not t
he same and they ve added a fabric belt to the finished dress the fit was perfect except for ga
pping under the arms similar i suspect to what the first reviewer reported i was also surpr
ised by the fabric based on the photos i was expecting something light and semi trans quality i
s fantastic but i feel like a 14 would have barely made it s way around one leg this pant is wa
y small in terms of sizing and not a style fit for anyone over a 6 a lot of fabric in the legs
nice pant but not for this girl got the small petite length is perfect love the color super
comfy very pretty the problem is that you cannot wear a bra because under the armpits is so lo
w that either shows your bra a lot or if u wear sans bra you may show your breasts it s loose
all around on top so very easy to show everything if i adjust the straps it works but then the
waist goes up and it looks like i have a belly i m taking to a seamstress to see if she can tak
e in under armpits if not it s going back i m 5 these run small i am 110 and got a size 4
they were a tad tight on top the waist fit but felt a little too snug short from waist to crot
ch and then bloomed out in a nice but stiff ish material they are a dark blue animal print i f
elt like bozo the clown goes to the jungle they looked so silly i had to laugh even with the 2
0 off these are going back not even comfortable to lounge around the house in never mind bein
g seen by anyone in person i loved the photo of this dress upon examination of the dress and
trying it on after receiving in the mail the dress shown online is nothing like the dress i re
ceived save for the pattern the dress i received has a side zip as well as a belt and no pleats
on the top the bottom is also cut straight across not as it appears in the photo turns out it
is not as flattering as it should appear i ordered these in my usual pilcro petite size 6 they
were impossible to button which is interesting cause i also ordered the pilcro wide leg chinos
in the same size and they fit perfectly as usual but it ended up being ok because i don t care
for the speckled slightly rough material or the contrasting piping back they go i was excited
to see these jeans since they came in petite sizes and had a short inseam unfortunately after
ordering returning several pairs i found out that these are actually not petite jeans please b
eware that if you are ordering these for the shorter inseam they are actually 28 in not 24 i
n as in the description other than the inseam issues they fit like typical paige denim this t
op is super cute however the bottom hem is all frayed couldn t really tell that from the pic
tures the flutter sleeves are too big looks funny with the fraying runs a little large as
well loved the color perfect with white denim i was looking for a shirt of this style i thou

ich is definitely not what i wanted very disappointed sent it right back too big and it s not
secure enough to wear for swimming i received this skirt today and was very disappointed i don
t know what i expected but it is not as i thought even though the quality is very good and the
fit is true to size i may return it the fabric of the skirt is just too busy at least for me
i am just uncertain and even though i have many tops the colors are just not matching white lo
oks better than any colored top with this particular print i am going to try it on one more tim
e and make a definite decision i saw this skirt online and went to the store immediately to try
on i was a bit disappointed the size is tts but the prints were prettier online the material
is ok the regular is long so probably won t look good on a shorter person\r\nif it is still ava
ilable when the price comes down i might buy it i found these to fit odd i am also use to wea
ring the skinny jeans so trying a wide leg was a bit weird anyway the placement of the pockets
and the way it hit my waist was awkward and not flattering i am usually a 8 10 and the 8 fit bu
t just did not look good i loved this dress and it fit great on me 5 7 115 lbs wore an xs i
t was a little tighter than i wish but the s would have been too loose unfortunately when i r
eceived the dress the arms were already pilling it is made of a mix of polyester and while it
s machine washable yay i can imagine this dress would be pilling very easily and i wish the
fabric was a higher quality for the price so i returned it the dress arrived with a few snags
and the fabric already pilling the fabric will only get worse with wear return cute concept

poor fabric quality i love the design and pattern of this top it runs big so an xs was roomy o
n me but still cute the neck is wide i returned it bc the material of the top isn t for me th
e texture is too soft i was so excited when this dress went on sale it is very soft and the p
rint is so distinctive it is super comfy but not slimming or flattering at all i am a curvy
girl wear a medium 8 10 and this made me look so wide the skirt is quit full a small would
have fit but the top was tight so disappointing after reading the reviews i placed an order b
ecause it was the only top that caught my eye on the entire price downs lately all my usual l 1
0 sizes from retailer turn out huge so i ordered a size smaller from what i usually wear all wo
uld have been ok if the top wasn t so darn short for reference i m 6 ft tall 160 lb it s weir
d that this top looks completely the opposite of the model on the photo from a loose looking fi

ly wanted to love this coat the material is nice the green color is dark and rich it has a ho

y i have another boiled wool coat that i bought at retailer about 7 years ago and though it s c
ut oversize like this one it has a much fuller sweep so the proportions still seem right also
i originally got these in a 29 petite and thought they fit great right out of the bag i m usual
ly a 6 8 and within an hour of wearing them to retailer actually the knees had gotten so
baggy that they looked absolutely ridiculous i ve never had jeans do this the salesperson at r
etailer agreed that they seemed very odd i exchanged for a 28p at her suggestion and i just ha
te them i d say the smaller size seems every so slightly small but nothing major but the wai
st actually folds over a this skirt is not what i was expecting at all for starters it runs lar
ge i expected it to sit at the natural waist and it is definitely made to do so but it was a g
ood two inches too big and therefore wouldn t lay flat and gaped at the front no bueno my bigg
est gripe though is that the color looks nothing like it does in the picture they have it pai
red with an ivory top and the two look like they match so well but do not be fooled the backgro
und color of this skirt is not even close to i wanted to love these pants but they were larger
than i expected and the fabric is very heavy almost like a thick sweater very cheap looking ma
terial looks cheap to cost 158 the colors in this dress are much less vibrant in person the
scoop of the neckline is very wide and deep i know others have posted that this is a great dres
s for work but not in my workplace i really like the sundry brand however this is thin and t
o me out of character for an retailer tee it look adorable in picture however the coloring is
way off the navy is almost black it s so dark and the kaki stripe is a green it s nothing like
i had hoped it would be fabric in very thin and more like a pajama top so disappointed it wil
l go back i do not make it a habit to bash a product however with tax shipping and 83 00 pric
e tag 103 11 is absolutely terrible this is a comfortable sweater dress and the quality of th
e material seems good the solid blue strip down the front makes it look very bland i think it
would need some dressing up with a necklace or scarf i decided to pass i ordered this in the o
range color from online they were sold out of petite so i ordered medium regular i liked it
but just not flattering i am 5 2 and the coat was too big sleeves were past my hands i think
because i m curvy the straight cut of coat would not have looked good on me in a size small i
t was a nice coat just not for me im 5 1 and about 110lbs ordered the small because i do hav
e some curves it was huge more like a large and didnt have much structure at all the wool was
very soft and stretchy and like others have said kinda orange not true coral color it fit me
like a throw blanket its going back for sure might purchase again if the petite xs is back in
stock and on sale this should def be under 100 the top i received was large really long in l
ength pockets in the front along the seam and lots of volume in the back without any princess
seams to give it shape the id s matched but that s about it returned nan i ordered this in
a small petite and medium petite and i am a huge fan of a k i put tried on the sp while it f
it it was very long even for a petite what i hated about it was that the piping on the top ma
de me look very wide even a long necklace wouldn t help deter the look on a positive side the
blue was a very nice cool color i am usually a small to medium in a k 6 8 in tops and the sm
all fit well in the arms bodice just too much fabric for me returning my perspective is as a
sewer so i m more picky perhaps this top is poorly made the fabric pattern is crooked or not c
onsistent in each piece sewers do this to save squeezing the pieces on the fabric it looks
sloppy the cut is very full the bottom edge measures 104 around for my figure curvey at 5
6 and 150lbs this top is not flattering it looks maternity perhaps best on a slim figure and
with leggings this top reminded me of a maternity top cute but better suited for someone smal
ler chested wanted to love this sweater for its beautiful colors and cute graphic but the fit
is uncomfortably small and it is so itchy i was yelling get it off in the fitting room bumme
r beautiful dress but have to return way too big long for me medium is the size i wear but
i think i would need an extra small i agree with the other reviewers that this runs big unfort

unately there is nothing smaller than an xs so this is going back i love the lyocell material
i have another skirt with this material and wanted to love this as well but it is too big and wi
th the drawstring pulled tight to fit it doesn t look right it is not as pictured as well the
skirt i received is a medium blue denim not the lovely light blue as pictured another reason w
hy i am returning i was really looking forward to receiving this blouse in the mail the color
was beautiful in person and the photo does not show the nice beading around the neck that being
said i was so disappointed in the fit i ordered a size 00 and the arm length was way too long
yet the body of the shirt was way too cropped cropped enough where you could see skin on the si
des made no sense hoping to order a few more sizes to see if i can find the right fit order u
p for length down for arm length i order this shirt because it looked like a shirt you coul
d dress up or down when i got it the shirt was really wrinkled therefore i knew it would have
to ironed a lot it was quite boxy and was shorter in the front then in the back i didn t reali
ze that this shirt was two different fabrics overall i think this shirt would be more flatterin
g on a woman that was petite i loved this blouse when i got it and wore it before washing it f
it really well and was flattering the only time i laundered it i hand washed it in cold water
and hung it to dry the blouse shrunk at least a full size and in awkward places the sleeves ar
e now tight and way too short the overall length shortened by at least 2 inches the top is so
tight in the bust now that the buttons popped open i m very disappointed and surprised i will b
e returning it as it is unwearable as is this bunches up too much and the fabric is even more
see through than i expected so even with a tank top under it it s not a good look for work e
ven unbuttoned at the top i could barely get this over my head this one is going back there
is no way this is worth the price i was deeply disappointed when it arrived the material is th

ictorian look blouse runs large and overly blousy on me unfortunately i had to size down twice
with there pants great feel they re soft and the grey is a soft color the fabric is so beauti

e fabric is that exceptionally beautiful if i could sew i d take the fabric from this skirt an
d make it into a different shape after ordering a bigger size the fabric is just as it appear
s online totally gorgeous with almost a quilted feel to it however this thickness means the
skirt sticks out like something judy jetson would wear it s also too small in my go to skirt si
ze and i order a lot at retailer the waist and hips are small making the skirt too short as
well but the bottom flares out ridiculously i ordered two of this top is gorgeous in both det
ail in color it fit great and true to size but then i hand washed it as instructed on the labe
l and it shrank substantially to the point that it s now too short and needs to be returned i l
oved the color and design of this dress but needed to return it because it fit so poorly the ar
m holes are entirely too big so big that alternations couldn t fix it maybe it s because i a
m petite but i think it may be a design flaw the print on these leggings is so cool but they ar
e completely see through i mean seriously seriously see through was so excited for this top
loved the embroidered detail and the teal green color i got it in a medium and it was swimming
on me it also had a maternity type feel since there is a lot more material making it look blou
sy than showing on the model they must have pinned it back in the stock photo \r\nsadly it s
going back these leggings were way longer and darker then appeared on model \r\nthey also were
see through or beige color when stretched across hip \r\nespecially for the high cost there are
much better althleisure leggings on the market first the good parts these are adorable in per
son and i think the colors are prettier in person than in the pictures the green isn t too ar
my green it s a pretty nice mellow neutral that you could wear with reds whites blues pinks
virtually any color \n\nthe tencel fabric is super soft and comfortable and the drape is nice t
hey do seem to run a little large so i d size down if you re between sizes \n\nand now sadly
the bad these stretch out virtually an entire size after just about a this is a beautiful fabri
c and the skirt is so nice what is wrong is the cut of the skirt one side bells out more than
the other giving it an off center look from the front my legs were not centered i so wanted t
o love this dress the fabric is gorgeous the styling beautiful and the construction is great
however the armholes are cut too generously i am 5 4 138 pounds and 36d i ordered the black
in a size 10 it fit me perfectly everywhere but the armholes even with an undergarment too mu
ch is exposed i am sadly returning this hei hei is my favorite line i am a medium in all of t
he pants i have ever purchased from this brand \r\ni ordered these in the green and they arrived
today they fit me as if they were an xxl i have a similar pair in rust from last summer so i a
ssumed that they would be the same \r\nobviously they are going back tomorrow i m very disapp
ointed they are a nice looking jogger and the color is pretty first of all the label on this
dress is maeve not nue by shani second i just wasn t impressed the fabric is cool it has a
sort of embossed look to it and it s somewhat shiny which sets it apart in a good way but the

cut is just boring the top felt dowdy to me overall i was underwhelmed by this dress and ret
urned it i was really wanting a nice white summer blouse to pair with patterned skirts unfortu
nately this fell short as it was huge not only was it big it flared at the bottom it would b
e perfect if i was sporting a baby bump but not what i am going for right now if the tank was
a bit slimmer i would have kept it as a tunic i m sad that i ll have to return it l space is fr
ustrating i wear a 0 2 top but with 32d s i tried a large in this bikini top because from past
experience with l space they run small there s just zero support the tie design helps secure t
he girls in place but also flattens them out if you tie it tight enough so you don t spill out
these were a little baggier than expected and the petite size ran long i fell in love with this
dress the instant i saw it but was disappointed when i received it first was the color i chos
e the green and it wasn t what i thought it was a very unnatural shade of artificial grass whe
n my husband saw it in the package he thought i had ordered a cheap grass hula skirt the color
was that bad the fit was the next problem this dress would have fit nicely if they had just ad
ded a side zip and made the top more fitted the top was loose and that added to the flowy i was
so excited to splurge on a mara hoffman suit and was sorely disappointed when i received this su
it in the mail i m petite and fairly curvy so i knew it would likely be a little long in the t
orso but the whole suit was so oddly shaped i couldn t imagine anyone it would fit the square
shape in between the halter pieces is awkward and the pieces that are supposed to hold your che
st are super wide and loose i really wanted this they had two size small in my local retailer
both were damaged so disappointing i don t want to pay shipping for one that hopefully isn t d
amaged in the last year i ve had multiple quality control issues with retailer makes me gun s
hy not sure i m getting what i pay for anymore this would be perfect if only it were lined
i have a high waist and hourglass shape so jumpers are very hard to find that fit my body type
this is a perfect fit for my body shape and when on it looks like a lovely dress however it i
s not lined and the material is very light and ivory so you see everything you can t wear a sli
p so that leaves the option of some sort of bodysuit if you don t want to show the world what yo
u have i am very tired of all of the light colored clothing not bei i have been dying to try a
mara hoffman bathing suit so i went for this one unfortunately the design of the bathing suit
is not like what they sent me the middle where the tops meets the bottom is squared off not l
ike that v that it looks like in this photo it also makes for major side boob sagging on each s
ide i was very disappointed this dress was pretty but had a weird fit the waist droops down i
n the middle instead of going straight across which i found unflattering i ended up returning
it i really wanted to like his dress but it was a big miss big big miss look at the way the
skirt is attached to the dress in the photo it goes up high on the sides leaving a short bodice
the sequined patterns hit right at my breasts so it looked like glittery bra cups on the front
the back glittery pattern looked like bird wings on my back it was far shorter than i expected
overall it looked like i was desperately trying to be a sexy angel or fairy bad bad bad great
fabric but unfortunately it did not look good on me maybe on a tall person i m only 5 4 real
ly wanted to like this i was disappointed with this jumpsuit when i first saw it in the stor
e i thought i was going to love it when i tried it on the first issue is the fabric is too sh
eer i could completely see the outline of my underwear and bra it also runs way too big i kno
w the bottom is supposed to be loose and flowy but the waist needs to be more tapered to off se
t that and it s so baggy the arm holes are also cut very low so when you lift your arms you c
an see most of your bra on the sides \r\ni wante this was so unflattering the bust was too high
so it hit me weird on the boobs the green was a beautiful vibrant color but the fabric is so d
elicate that one wrong move would cause a snag i opened the package and the dress is two pieces
it is the skirt part with an orange cami top that the sweater goes over the sweater was too sho
rt for me as i am busty and would not work i ordered my normal size and the band around the ri
b cage did not go from side to side so i didn t try it on i am 5 7 and 135 lbs i bought a me
dium petite as i wanted the dress to hit at my knees instead of midi this dress is easily 2 si
zes bigger than expected the pattern was not flattering on my although i m sure it would be for
others i was happy with the length i really wanted to love this dress i bought it for a pho
toshoot that will be outdoors and thought that the green color would be perfect it is well mad
e but the fabric is lighter than expected the biggest issues was the size i am 5 7 and typic
ally a size ten i ordered the ten and it fit like a 14 16 it was huge if you order this i wo
uld say size down two sizes this dress is beautiful and would make an excellent party dress for
winter it is well made and the details are pretty however the waist is cut in sort of a scallo
p shape so it is higher on the sizes and dips down in the middle over the stomach i wear a siz
e l or 10 in dresses at retailer and it just did not flatter my body type at all for a thinner
narrow silhouette i suppose it would look better like it does on the model i had to return it
i m 5 0 and weigh 105 lbs i purchased the xxs and it was super wide and big all over it look
ed like a pregnancy top and did not lay as nicely as shown on the model also not shown on the

model is the front is short and the back is very long this would work better on a taller person
i just find it odd that a xxs is still too big the quality of the fabric and the print is good
and the lace up in the back is cute i ve been eyeing this top up in the floral pattern for a wh
ile and finally ordered it when i had 15 off i really don t think it s worth the price and it
s not very flattering i think it would look better on someone less busty it seemed to accent
my bust it s definitely not my favorite piece and unfortunately i will be returning it looks g
reat on the model but not on me on me it looked more like a sack of potatoes the fabric is un
expected for the style in my opinion it is very thick i ll be returning it because it is not f
lattering on me this dress looked gorgeous in the monthly catalog ordered in hopes to wear in
easter i felt it was frumpy and just ok color was pretty but overall i didn t love it like i
hoped to i had reservations about this top based on other reviews but it looked cute on the mo
del so i took my chances i have an athletic build not model thin but not dumpy either and th
is top made me look very frumpy and matronly the sleeves were especially unflattering i purcha
sed it in an ps and might have done better with a pxs i usually wear a size xs or s in retailer
tops ordered this top in an s and it was so wide on the sides and huge it fit like a tent not
even remotely flattering i thought about ordering it in an xs however i could tell the xs wa
s still going to have way too much fabric back it goes i wanted to love this top but it unfo
rtunately did not work for me the material has a nice weight and feel to it and while i love t
he pattern the shape leaves something to be desired the cap sleeves were a little tight on my
arms and the cut of the sleeves made my arms look big the body of this shirt reminded me of a
loose maternity top for reference i am 5 10 140 lbs and typically a size 6 i wear a small in
retailer clothes and got a small in this top i think an xs would have been to i ordered this d
ress in the blood orange and have a few complaints while it appears to be made with quality it
runs really large also in the picture the fabric appears to have a sheen and be somewhat dress
y the actual fabric is just flat cotton it s a very casual dress not as dressy as pictured i
t s also quite shapeless on i m returning it this dress was not what i had hoped from the onl
ine pictures i had high hopes but the fit was really wonky and the material seemed cheap the
arm holes were too big and made the dress seem more like a bathing suit cover up than a classy s
ummer dress needless to say it s going back i loved this top in the blue and wanted so badly
for it to fit however it was very unflattering on my 5 7 frame the bottom hemline is straight
across all around whereas i thought it was longer in the back i could see this looking great on
a really petite frame runs large xs fit however wasn t flattering didn t work on this curvy ga
l \r\nsizing up would have helped with the button gaps but the flowy shape of the blouse would
have looked too maternity on a larger size \r\nmajor pass wanted to like this top but it looks
terrible and does not lay right the bust line is not tight enough to contrast the rest of the t
op being flowy does not give any shape to the body do not recommend for anyone with a medium t
o large chest i read all the reviews and was hoping that this top would work for me but it did
not i ordered a size smaller than usual and it was still way too big it was not flattering at
all on my curvy frame overall it looked more like a maternity top on me then anything else if
you re tall and slender i think this top would work i bought two one in white and one in blue
print and wore the blue print top once and loved it then i washed it according to the instructi
ons on the tag in cold gentle cycle and hung to dry it shrunk up 4 in the length and 2 in t
he width and now it doesn t fit at all also after one wear the buttons are coming off before
i even put it in the wash and it s covered in loose threads the quality is just not there i m
going to return both and show the sales lady the difference in size on that s what i look li
ke wearing this dress a sad sad sack the fabric is less than ideal and there is no shape to
speak of i love that it has pockets but that s about it there was just way too much fabric for
a petite person this dress has got to be good on someone sadly that person was not me i wante
d to love this was so excited when i ordered it online the fabric blue and white was beautif
ul but the cut was bad it fit me like a maternity top and made me look like i was 6 months al
ong i have a feeling that the models had theirs pinned back in the back because it does not l
ay flat like that in front it has a lot of fabric with no place to go but up and out returning
really wanted to love dress but something was off with fit fabric is lovely and zipper detail n
ice unfortunately style was not for me an absolutely gorgeous but poorly fitting blouse the b
ottom part is way too billowy and inconsistent with the fitted top half got it on sale and stil
l returned it the blue lace with the white top underneath is very pretty unfortunately i did n
ot like how billowy it was below the bra line it is definitely pinned back on the model in the
photograph it made my 5 foot frame look short and wide for reference i am 5 5 138 lbs with an
hourglass figure and my usual small fit perfectly the problems 1 this skirt is not black but
a charcoal gray purple 2 the sipper is reinforces with a stiff boarder on the inside so no mat
ter where i put the waist it sticks straight out making me look like i have a tail under my skir
t in other words i had a very pointy butt also the slit or tulip part of the skirt goes all t

he way up to the waist it needed to be tacked to the other part of the skir i ve been buying st
evie ankles for years from retailer and been very happy the past two pairs i bought had a heavy
chemical smell which i imagine is some kind of starch chemical to keep the denim stiff with th
e first pair after enough washes to get rid of the bad smell 4 they lost all form and looked
terrible since they were washed i couldn t return them the 2nd pair arrived with the same heavy
smell and i returned them it may be they are made elsewhere now but it s disappointing i m so
incredibly disappointed the dress is beautiful but the one i received is torn and has multiple
strands of beads missing poor quality control i am reasonably petite but i like sweaters very
oversized and large so i ordered this sweater in a large i was very disappointed when the swea
ter came because while the sleeves and upper chest area were in large the length of the sweater
did not at all increase when the size did because the lower part of the sweater did not increas
e in size the sweater ended up looking very awkward with the chest and sleeves very large and
long but then a very tight and short waist length stomach i do i wanted to love this dress a
nd thought it would be perfect for a barn wedding i have coming up it was allllllmost right but
sadly fell short the bib that hangs over the bust hits in a really unflattering mid point that
makes you look wide nipple tassels effect plus i would feel the urge to keep pulling it down
did notice some of the puckering others mentioned but didn t bother me however the way the lin
ing and the dress line up at the bottom did so close so sad i ordered the grey yellow here co
mes the sun shirt it s cute but it runs quite large and isn t special enough for the price m
eh i ordered the light pink version in size xl the details of the top and the shade of pink ar
e pretty but the shirt fits me much shorter than on the model i m not quite 5 ft 6 inches so
it should have worked the material is thin so i was able to stretch it out to give more length
it does look stretched out now though i washed it and it shrank a bit so i stretched it again
this is a top that i kept to wear under vests the pretty colors and the softness of the materia
l make it worth keepin i wanted to love this dress as it would have been perfect for a wedding i
have in october however the fit was awful the dress was heavy with a funky liner it also had
these little black straps around the top of the arm neck that looked out of place it ran true t
o size but i have a large chest 32dd and it was pretty fitted around the area but loose everyw
here else \r\n\r\nsadly dress had to be returned i ordered this blouse online bc i couldn t f
ind it in my local stores once it was on sale the fabric is so delicate the cutouts had alread
y frayed and in some places torn had to return it very disappointed the cutouts started to ri
p the first time i wore it i ve only worn it twice and i love it but the cut outs are embarrass
ing huge bummer this top is definitely a crop midi top plus it s cream not white like shown
in the photos i m returning it today i was so excited to get this dress i need it for a weddi
ng and i thought i had hit the jackpot the dress arrived with a small tear the seams are puck
ered and badly seen for an almost 300 00 dress the quality is terrible i expect better from
retailer i m so disappointed this is a very pretty shirt which is too narrow across the back
i need to be able to move my arms freely at work so this did not work for me you may be able t
o size up for a better fit if moving your arms is important to you i purchased this shirt in gr
ey i loved the color and the details especially the lace on the shoulders i just found the fi
t to be off for me the style certainly calls for a relaxed fit but the small was loose in an un
flattering way had the xs been available i might have considered exchanging for an xs but the s
was already a bit short on me strange because although i am not petite i am fairly short wast
ed i also wasn t in love with the neckline i will continue my search for a weekend w it s sho
rt and wide not a good combo for anyone who isn t stick thin i wish i had read all the reviews
before purchasing the sweater looked liked everything i would be interested in online once i p
ulled it out of the bag my first thought was how could retailer send me a used washed and shru
nken sweater it is nothing like the picture it fits like a midriff top not exaggerating i m
5 6 ordered the m don t waste your shipping money on this i purchased this sweater in a small
nothing on the web site states it has dolman sleeves it looked sloppy and made my bust disappea
r it went back i hate dolman sleeves cute top but started disintegrating after two washes the
delicate cutouts in the top tore apart i machine washed it in the gentle cycle and didn t use t
he dryer disappointed to have to discard the top after just buying it i received this as a gif
t it is a very pretty top but the material is sooo delicate that the cutout areas were torn in
many spots and where it wasn t torn completely you could see it fraying the sales associate sai
d they get many returns on this item although i love the soft feel of the sweater the zig zag
design was very unflattering also the length is much shorter than appears in the picture i wi
ll be returning it for the price of this dress i was expecting something decent the style is
cute but nothing more however the type of the polyester that the dress is made of oh my
it is a thick unpleasant material that will cling to a body when it is hot i never came across
an item at retailer that was made this cheaply \r\nthe tag on the back was hanging at half and t
he button on the front was ready to come off before i even tried this dress on \r\nno need to sa

y it s going back asap \r\nyou should not sel i have been wanting this sweater and decided to order when i received it there was no tag on the product it was not in a typical clear bag fr om retailer and it wasn t packaged nicely it came from reno nv most products i order do not g et shipped from there it is short and i m 5 1 most clothes that are short fit me with no pro blem this sweater might hit me at the waist or maybe shorter i think the color is nice and th e sweater is soft but not what i wanted i am going to return it this top runs small across the top i was amazed at the material polyester i am sure because the price was so high it has a sheer layer underneath which i think would make it hot in the summer i love this kind of tank but it just did not look as good as it does online i ordered this in the plum color which in real life just looks like a very very dark brown that would probably be okay but the dress is actually about 3 inches shorter than the listed measurements i ordered the regular length but the shortest part of the hem hits me only about halfway down my thigh way way too short i am 5 5 for reference lastly i think the fabric is just awful quality especially for this price point the slight texture makes it want to cling to itself worn ou the price is high and i hav e to dry clean this no thanks i m a big retailer buyer and usually love the dresses especial ly the petite xs maxis this was the worst retailer purchase i have ever made \r\n\r\nit was hu mongous and gave me no shape even if i purchased an xxsp it probably would be the same i m sma ll but i mean come on this would only fit a giantess which also makes no sense because it s t he petite size \r\n\r\ndo not buy i m very upset i have to pay the 5 95 return fee since i or dered this the dress is just ok i cannot imagine having paid full price for this i got it for florida vacation i put it on to wear to church first and spilled a drop of lavender oil on it a nd it stained cant get it out thats punk for a dress that even on sale is like \r\nsending back looks fitted on but this just turned out to be an oversized muumuu on the fabric also fel t cheap i have mixed feelings about this dress the color is fantastic not too bright not too dark the material is super soft and comfortable and the length was perfect i did end up return ing this item though as no matter which bra i chose the straps showed it just was not hitting my right on the shoulders i do not like having my bra straps show or constantly be trying to tu ck them away especially at a wedding or work this is what ultimately led me to return the dr ess even though it is beau despite other reviewers comments on size i really wanted this one to work so i ordered it i m typically a size xs and d chest and instead i ordered a small the body of the sit for well but the cups of the suit i d said for more for a b if i lifted my arm s i would literally come out of it this is a nice shirt but i can t keep it i ordered a 0 and i do have an athletic build with somewhat wider shoulders given how petite i am usually wear 00 petite in all pants and i think this size was perfect fit across the back perfectly when you lift your arms the way it is cut makes it really tight across the chest and shows your stomach at the same time the high low styling makes for a really strange shirt tail in the back i m su re this is the trend but it really does not look cute this bra runs very small and is hard to g et on and off i think if i went a size up i would be happier you have to be a contortionist to get this bra on it slips over your head and i needed my 8yo daughter to help me pull it down pa st my elbows ridiculously impractical why oh why didn t heather give it a hook and loop closur e instead this was going to be my go to top i loved the look of the billowy shirt especially in light blue when it arrived i knew it wouldn t work for my body i m athletic build with mus cular upper arms and a d cup i tried it on anyway i really wish it fit it was snug in the upp er arms and pulled a bit in the front i knew if i ordered a size up the arms would still be tig ht it s just the cut of the shirt this top is best for someone that isn t busty and has slende r upper arms i was looking for an oversized silhouette but this is more like a beach cover up the waist does not have elastic or any structure the top fabric is crossed over but not sewn cl osed and because the fit is so loose it just gaps open the fabric is nice quality but i am ret urning nan saw this on the sale rack and decided to try on i looked like the dancing hypos in the movie fantasia i am petite and not heavy but this is for very slim and tall people too muc h fabric in the peplum part runs a size big unless you want it really boxy felt the matl was f limsy and would prob pill soon turquoise was a pretty color but returning this one i ordered t hese because i loved the wide cut and overall look but returned them because they fit weird to o tight around the too high waistline and normally i like a high waistline fit ran small an d the overall quality of the fabric wasn t as nice as i was hoping for pretty disappointed i w anted this tank to work so badly it was a great deal and so beautiful unfortunately the top fi tted portion ends right below my chest then the shirt flares out so i looked like a cupcake my belly also showed slightly because the shirt is short if you have a short torso this would wor k great if not unfortunately its not great tear i am 5 8 with curvy muscular body and 36dd d boobs the ruffle ends up hitting me right below my breasts and creates the look of being abou t 6 months pregnant the beading is beautiful and i wish that it fit i wanted to like this top so so so so badly so badly in fact that after the first size didn t fit i ordered two other s

izes to make sure xl l m none of them worked i really wanted to like this top the online ph
oto makes the clothing look so flattering and the shirt is just not at least on me the shirt
online on the model looks slimming and a lot longer than the actual piece of the clothing the b
eaded work is very beautiful but short causing the very poofy peplum to start at the mos i foll
owed the advice of other reviewers and sized down however the jacket was still too large it f
it fine in the arms but the body width of the jacket was huge also i found the wool material to
be extremely itchy it might work if you are layering it over long sleeves but still make sure t
o size down at least one or maybe even two sizes beautiful dress with the colors and pleats i
did not have the same problems with the bust area that others did my biggest complaint is the e
xposed zipper doesn 39 t lay flat even when just hanging on the hanger when actually on a per
son the zipper juts out had to be returned i have to confess i had very high hopes for this dr
ess i was buying it as a stylish modern alternative to a business suit i wanted this dress to
work as a piece to deliver presentations in or attend faculty functions tailored conservative
and edgy at the same time several hundred dollars dress should meet the aforementioned needs i
thought but it did not the best description for the dress is blah average \n\nthe material
is textures and crinkly not slick the top is cream ivory color i really liked this top when i
tried it on but as i wore it the bottom of the sleeves stretched out terrible where they looked
worn out from wearing over and over and since this happened with the first wearing and i paid
88 00 i sent it back if it hadn t been for that it s a comfy and cute casual top i know this pr
oduct description says oversized but that s an understatement i ordered a small and tried it on
and i looked like a little kid in their father s jacket i don t even think an xs would have wor
ked i m 5 6 and about 135 pounds for reference i will say that the embroidery on the back is
very cool and this jacket is overall a cool concept but it s just way too big i bought three of
these this summer a mint ivory and yellow when i received them they looked nice enough in p
erson i liked the heart motif and the peplum the problem is the knit was on the cheap side and
stretched out the arms were tighter than i liked but loosened up through the day but then the
look became more matronly i wish they had been 3 4 length or a vest the cheap outstretched lo
ok just didn t work i ended up donating all of mine after a few wears they also pilled conside
this is such a beautiful dress but have to return for the reasons others have noted the ches
t does not fit well this vest was of excellent weight but it had very little style it was like
a giant piece of felt was cut out with little thought to design or nuance not for me i ordered
a small and it is enormous i usually wear a size 10 it is short but the fullness in the body a
nd the sleeves made me look like a sumo wrestler also it is a very heavy knit which would be g
reat for up north but too bulky for atlanta unless the temps are in the 40s i m sending it back
lovely knit and so soft but the bottom curls up underneath similar to the bell sleeves runs o
versize too got xs and it s too bulky and unflattering since the bottom doesn t lay flat retur
ned tried on this maxi dress recently hoping i would have a new dress to enjoy but the frabic
is just too thin so sad unfortunately it shows every lump and bump and even wearing spanx w
hile trying on it still showed too much a full length slip would help but i decided to put it b
ack gorgeous color and great price but too low cut and because of the design a cami s wouldn
t work disappointed i bought this online this looked like a sweater that was accidentally shru
nk in the dryer when i received it \r\n\r\ni will be returning this i sized up based on other
reviews which was good advice i am typically a size 6 but sized up to a 10 the pants are very
unique and i think on the right body type would look amazing it seems like someone with curves
and a small waist might fit these splendidly but that s not me i had some extra material puff
ing about in the zipper region i also expected the material to be thicker but found it to be mo
re silky got these in the red brick color and unfortunately had to send them back these are r
eally cute and i loved the color and pattern but they ran very small and the cut between the l
egs and hips was odd this may not have been a problem had i gone up at least one size best to
try them on if possible i wanted to love this sweater the photo of the model makes it look so
soft and warm i liked the heavy texture and the extra long sleeves however after receiving th
is sweater i tried it on for less than 1 minute one look in the mirror was enough to make me ta
ke it off and return it asap the knit quickly expanding from small to large right over the bust
combined with the boxy shape was an atrocious combo it must have added 30lbs to my physique and
made my bust look matronly yikes this ma i loved this sweater when i saw it online and ordered
right away i purchased a s and the fit was very off the arms were long which i don t mind bu
t the sweater was also super heavy and bulky so it was not at all flattering i really wanted to
love it and it seemed to be of good quality but it i had to return it this just wouldn t lay ri
ght on me the top is really too big maybe if you re really busty this is great but not for m
e i know the top is supposed to be a bit blousy but it was huge and droopy and unflattering n
ot like in the picture the arm holes were too big and hung down so you could see my bra which
i really hate and which is way too common lately the bottom half fit perfectly so sizing up or

down would not have helped the material is super light and comfy which i liked very muc runs l
arge and pocket detail is very prominent wanted a crisper trouser like pant this is not it t
he beadwork is gorgeous but the sleeves are so puffy it looks as though you re wearing shoulde
r pads the fabric of the shirt isn t that fabulous either the blue was a great color and i lik
e the idea of a reversible top however the xs was just swimming on me this looks much more fit
ted in the pictures my favorite workout top is from this brand and it is fitted and held up for
6 months where are the fitted tops i ll keep looking this is not worth 128 it looks cute o
n but there is no support in the bust area just a slight tuck in the fabric it also is very
flowy which is great and it is comfortable but for the price and the thinness and lack of meatin
ess to the fabric itself i cannot recommend and will be returning i ll look for something else
i haven t bought from retailer in a dogs age and i hope the quality hasn t slipped i will look
for another option i ve been adoring this online and while in store i happened upon this blouse
and tried it on the material was sturdy and the beading oh so lovely but on my frame it looked
terrible i normally wear size m 10 in retailer clothes as another reviewer mentioned this b
louse has rather puffy sleeves which aren t evident in the photo of the model as well i also d
idn t love the collar which doesn t quite lay flat if i were to buy this i would have to wait
for it to go on sale and then get the po extremely disappointed with this top it runs extremely
large i m 5 2 130 lbs 34c and usually wear between a 0 2 xs s tops at retailer i ordered a
0 and it looked like a maternity top on me the bottom half of the top flared out and did not fi
t close to the body at all fabric was also a gauze like material that was not soft unfortunate
ly i will be returning tried this lovely with high waste wide leg black flowy pants everyth
ing i could hope for and more but not quite \r\n\r\nsize blindly ordered size 6 i m usually a
small occasionally xs in retailer brands like floreat and akemi kin i m 5 5 tall 130 lbs 34
d 35 29 37 long torso narrow shoulders and short arms \r\n\r\nfit size 6 had just enough sp
ace through the bust the lace edged sleeves were roomy and just reached my wrists the shoulder
s were just right extra fabric ballooned out around t very cute top but runs very very big im
5 ft 5 in tall 120 lbs i ordered the xs but it was so big it looked like a maternity top sad
ly returned the top otherwise the top was made of good quality fabric i have been eyeing this
piece for months now i broke down and bought it when they finally had my size in stock i am 5
4 and 110 lbs and have a very small chest so i ordered an xs i think the top is too baggy for m
e yes the top and bottoms fit overall but it doesn t look as nice and form fitting like it do
es on the model it is very sheer which is the thing that discourages me the most i love the c
oncept of this piece but the execution could use some work which i am willing to work on s i ex
pected the waist to be cinched like it appears on the model but it isn t i ordered the xs and i
m swimming in it i m 5 4 and 120 lb would suggest ordering a few sizes down to avoid looking
like you re wrapped in grandma s table runner i really wanted to love this shirt the fit was g
reat and the fabric just felt beautiful luxurious soft and flowing but the collar was frayed
in addition the little keyhole area fabric also had to be carefully handled to make it look smo
oth and not like bad workmanship i put it aside to return it then this morning went to have an
other look at it wanting to talk myself back into it but i can t overlook the fact i d be orde
ring a new shirt that would look time worn it may be only this this cardi is cuter in the stock
photos in person the colors are a bit more drab stock photos also don t show quite how much o
f a swing shape this has it is very soft though returned it the material is cheap and looks
torn not as nice as the picture adorable foxes i was smitten in the store but the fix is biza
rre and the foxes don t come up very high so you re limited in the length you can wear i bought
the m l based on salesperson advice and i can t imagine trying anything smaller i usually wear
a size s or 4 bottom these were super snug back to the store they went this sweater is thicke
r and darker than it appears online i thought it would be more of a blush color but it s more
dark gray and brown it wasn t that flattering on me as a cardigan looked a little cuter all bu
ttoned up but ultimately i am not keeping because of the color nice fabric great color would
be lovely on someone with a straight and narrow body type for ladies with curves take a pa
ss too much like maternity wear and not in that elegantly slouchy kind of way the straight up
is she or isn t she kind of way note to photographers please don t cinch the wait of a blouse

was loose in the waist tight in the hips and poofed out like crazy at the tiered part on the bo
ttom the material also felt cheap and clingy i guess the fit is tts but it s hard to tell giv
en how strange the cut was i ordered this in my usual size 0 and couldn t finish zipping up the
top but also couldn t fill in the boobs i am 5 7 116 lbs 32a it is very cute but the top w
as pretty stiff and unless it draped on you correctly could probably be bothersome i was disap
pointed in the quality of the skirt no lining simple cotton polyester i will probably return
try the size up but was disappointed compared to how excited i was for it i did like that it h

ad pockets and would be a fun dress to wear f i was so excited about this skirt and pairing it
with a cute blouse for the warmer weather as i took out the skirt out of the package and flippe
d it around the back has mesh strips that are see through there is also no lining to go with t
his skirt if you go back to the back view picture on the website and zoom in closely you can
see the model s black underwear i love the style of this dress but unfortunately it runs very
small i normally wear a size 8 i ordered a 10 and the dress was closer to a size 6 disappoint
ed that i had to return it also the seams were poorly done and threads hung out everywhere on
the hem this dress did not work for me i tried it in my bigger size 6 since i am coming off wi
nter weight gain the dress fit tts but was squishing the breasts like tight bandages i have sm
aller chest and the stretch bodycon fabric of the bodice made me look flat chested the straps d
id not sit flat on shoulders i assume because they were not pulled tight enough by the chest t
he dress was uncomfortable and felt strange on but i can see how others with more curves on top
will love the support of the nan i thought from the picture this would be a light floaty top wh
en it arrived the fabric was a heavy knit and the neckline sagged very low on me granted i m
a pear the bottom layer hugged my tummy and rear in a very unflattering way the only thing i l
iked was the color back it went tried this on at my local retailer the red color is pretty bu
t not a true red the fabric has a nice weight to it not the usual thin stuff that retailer se
ems to offer these days two big problems though the top is very low cut and i could see it op
ening up to the world and the armholes are cut so big and low that you could see the sides of
my bra this is a deal breaker for me it can t be fixed the color design and fabric of this t
op got it in the red were just as i expected but as the owner of several deletta brand tops
i was very surprised to find that my usual size small runs very large in this tank not only did
the front dip too low but so did the arm holes and the top just hangs on me it was so big for
a small that it almost made me think it had been mislabeled and was really a size large \r\nbum
med to return it because i really love the color and the style will try an x s this shirt was s
o weird it does not fit like the photo at all there seems to be missing a stitch or something a
t the top as it is wide open until the bottom where it meets the other layer i could wear a tan
k camisole underneath but it still just did not fit right i do not have a large chest but thi
s was ridiculous beyond that the red color was just okay even though i purchased this on sale
it was not worth the price and i returned i saw this dress and immediately started daydreaming
about wearing it while honeymooning in italy along the amalfi coast or the cinque terre with my
husband and then i tried this dress on and immediately woke up the cut is a disaster the qual
ity is terrible and the dress just plain didn t work the strips of elastic were sewn unevenly
giving the appearance that there was one large breast and one non existent breast the neckline
was so long that it had to have the elastic run over the outsi right out of the bag this top di
dn t really match the one pictured here it is the right top though the fabric was heavy and
felt damp the way something feels coming out of the wash very odd \r\nand the fit is nothi
ng like what s shown on the model the v is not fitted or nicely wrapped or even tacked in pl
ace it was just two loose droopy pieces so most of my bra was showing no matter how many ti
mes i put the pieces back where they belonged i m neither flat chested nor busty this rompe
r is cute well made and true to size but i haven t figured it out how to put this on without h
aving someone tie the back ties which pretty much means that going to the bathroom is not an op
tion while you have this romper on not sure what the designers were thinking here i m returnin
g this one this is a beautiful sweater but if came up weirdly high on me in back higher than
it looks on the model she must have on high waisted pants i was so excited to order this dress
had the perfect red shoes to go with it unfortunately i could have been nine months pregnant an
d still wear the small i am 5 4 118lb and it was like a maternity dress sad to send it back i
really wanted to like this dress and was so disappointed when it came in the mail if you have a
ny sort of hips the light pattern in the middle doesn t do you any favors this made my hips lo
ok soooo wide and the seaming and gathering in the middle was just off if it was one continuou
s piece of fabric it might look better with the seam the pattern was cut up and looked pieced
together that just drew too much attention to my stomach and hips it had to go back i am almo
st always an xs in bottoms sz 0 2 but literally couldn t get the stretchy waistband no zip or
fastening in xs up my hips in addition the brocade is a very lightweight polyestery tinsel
ly weave does not suggest quality as others have noted it also runs short i m 5 3 and this
was a little below knee length on me not ankle length i ve had luck with retailer s sale secti
on in the past including some items that didn t always start off with the best reviews but hav
e no regret ordered a l and xl the sleeves were so tight on both sizes but the rest of the shir
t was wide and loose the tight sleeves were not proportional with the rest of the shirt both s
izes had to be returned hahaha as gorgeous as this piece is i look absolutely ridiculous in i
t i am 5 7 115 lbs but have a long torso and so the crotch area is well a little unflatteri
ng to say the least i am really sad because i shy away from shorts due to my year round pale s

kin but this fabric and color worked really well for me the length of the shorts is also nice
and the back is beautiful i ve never had a romper and i was truly hoping this one would be the
one for me it is all round perfect if you this dress had beautiful details and the material
was better than i expected however it was huge it completed swallowed me i am 5 1 about 106
pounds with quite a bit of muscle i ordered a 00p and it still looked like a sack i wanted to
love this as it seemed like a fun and carefree take on a little black dress \r\n\r\nbut how did
i not see that this has tassels but they re there a whole row of them look hear the bottom o
f the skirt part between the colorful stripes and the lacy area that s a deal breaker for me
i really can t stand the way these look and they re not the sort of thing you can easily remove
\r\n\r\nthe fabric though nice quality has no stretch at all i wasn t expecting stretch but
i d just say i agree with the previous reviewer that the length is not at all what is shown in t
he picture much shorter than that and while the overall detail of the skirt is very nice the
elastic waistband makes it look cheap considering the price i ordered these pants after seein
g the good reviews but i don t agree these are going back i ordered a small i m 5 5 and 135
pounds i am usually between a small and a medium in pants but the small in these pants is huge
i could definitely fit into an xs but i also don t think they are very flattering and don t lik
e the feel of the fabric it s too bad i love the idea of these cute and very soft but the el
astic wasn t sewn in right i took them out of the wash and the waistband was a twisted mess di
sappointing for more expensive loungewear i am just over 5 8 and i found that these pants hit m
e in a weird spot on my torso almost creating a muffin top that i don t normally have in addit
ion they were too short on me to give the chic and modern look of cropped ankle pants on my fr
ame they fit more like capris from the late 1990s both the construction and execution of the p
ants are otherwise fantastic this is a gorgeous top very well made with a classy design it fi
ts true to size from the lower chest up however at about the mid belly range the shirt widens
out and basically allows a 5 month twin pregnancy to comfortably fit in size xs i was so sad
for the price i can t justify taking it for alterations it would have been the perfect top i
purchased this and another eva franco dress during retailer s recent 20 off sale i was looking
for dresses that were work appropriate but that would also transition well to happy hour or dat
e night they both seemed to be just what i was looking for i ordered a 4 regular and a 6 regul
ar as i am usually in between sizes the 4 was definitely too small the 6 fit technically bu
t was very ill fitting not only is the dress itself short but it is very short waisted i am o
nly 5 3 but it fe disappointment city with this one and i am so lucky i had a coupon because i
f i would have paid the full 128 they are asking i would be a tad skewed not just thin materi
al but thin and cheap feeling doesn t itch but i seriously expected a lot more from retailer i
have noted the name of the designer and have promised myself to never buy this label again big
loser short and wide the color and print are so pretty but the shape isn t flattering at lea
st not to me might work better on a teen this dress looks lovely on the model but it looks ju
st awful on me \ni am 5 4 and curvy the shoulders are cut w a weird shape instead of a cap s
leeve it is like a pointy cap on the side and stuck out on my shoulders it looks like i am rea
dy to get beamed into space \nthe material is nice and the sequins are pretty but the cut of th
e dress is unflattering it s pretty floaty feminine the photos don t do justice to the prett
iness but the photos also don t show an asymmetrical hem i understood it runs small so i got t
wo sizes to be safe and even my larger size was strangely short waisted and i m short waisted
to start with maybe i could ve lived with that but both the dresses i received have an uneven
hem unlike any i ve ever worn or seen before it s not longer on just the sides the hem is long
er in one spot on the front and one in the such a cute skirt but impossible to get on ordered
in an xs i have a 25 26 waist but could barely get it past my knees to step into if you have
any hips at all unfortunately this skirt won t work i was tempted to size up but once i got it
on it fit great in the waist and already had too much material to size up to a small it was ver
y pretty but it ran very big sadly i had to return it i thought this dress was very cute on t
he model however it was way too tight across the chest for me going up a size would mean it wo
uld be too roomy everywhere else also fabric wasn t great ugh i was so excited to get this
dress and for 30 off this dress is adorable unfortunately the top part is super tight aroun
d my girls otherwise the fit was perfect very disappointed in the top of this dress cute sk
irt but i agree with the other reviewer you can t get it on i tried my skinny daughter tried n
o go i would definitely only recommend this top to girls who are smaller chested it fits in th
e shoulders arms and then flares out too much at the bottom almost looks like a maternity top
the material is very nice however both soft and feels like it will hold up through multiple w
ashes this looked like such a cute casual skirt when i picked it up but like other reviewers h
ave said it runs small i m usually a xs in retailer skirts but they only had a small to try on
i was able to get it on but did notice it was snug pulling on past my hips however once on i c
ouldn t figure out how i d wear this i wouldn t pair this with a flowy top but tucking somethin

g in didn t seem like a good idea either between the pleats and elastic waist it will make almo
st anyone look like they ha i thought it was only me and immediately assumed i needed to go on a
diet when i attempted to put this adorable skirt on it got stuck at my hips i m a very consist
ent size small in dresses and skirts i actually thought about putting it on over my head but th
at was impossible its going back now i see the other reviews and am relieved that its the skir
t and not me wish i had read them before purchasing retailer is going to get a lot of returns
on this one facing the mirror near perfection high waist emphasizes the narrowest part of the
frame pleats nicely hide any stomach flaws color is an eye catching deep mustardy perfection a
nd the interlocking button pattern is creative and beautiful the problem is the walk away from
that view the skirt waist finishes just where there s a bit of extra flesh the cut is more of
a long a line fairly boxy and the heaviness of the cotton maintains that structure so while t
he look as you approach walking this skirt is very pretty but not only does it run small but on
ly a small portion of the waistband is elasticized so there s very little stretch for those of
us with a significant difference in our waist and hip measurements there s no way to get this s
kirt on past the hips i agree with the other reviews runs small would have been perfect if i
t actually was comfortable waistband doesn t stretch all the way around bummer what an adorab
le and frustrating skirt i m not a large person 32d 26 36 and i ordered my normal size small
this is a pull on skirt and the waist opening could not accommodate either my shoulders or my h
ips in most retailer clothes i m either a size 2 or 4 i have to agree with the other reviewer
there is no way to put this item on this sweater was huge it hung down to my calves it also i
s really bulky and scratchy it feels as if you are wearing an old wool blanket i think it is o
nly made for really tall and skinny people i m 5 2 and weigh 120lbs and i ordered a size s a
nd i was swimming in it the fabric is very thick i may be great if you live in alaska or the a
rctic it adds about 20lbs to your body frame material is hard to wear a bra under it the
pleats on the bib make this look like something from chloe sevigny s wardrobe on the set of big
love and the shoulders are cut for an offensive lineman there is a lot of fabric here the leg
s fit me fine but they are long and when you roll them up it creates a bunching of fabric in an
awkward area i ve also found that they don t stay rolled up in the back especially if you sit
down it s a shame since the fabric is soft and comfortable maybe sizing down would ve helped
but i doubt that would ve fixed the problem of the cuffs staying rolled up even on sale this w
as just too pricey for what it is which is a glorified tank i liked the straps but it hangs v
ery wide off your chest i wrote item ran large but that was true only in length it would be l
ong for someone 5 10 however the bigger issue is getting it on the style and quality are qui
te nice but it does have some issues i love the colors of this dress and i waited for the sal
e since it isn t really good for work i wear size 6 in hd all the time but this one doesn t fi
t at all on the top the bust is cut for someone really curvy but the bottom is for someone rea
lly straight i don t know what they were using for a model but this has to be tried on before
purchased the material is also rough and there is no lining to protect you from that i love m
y hd dresses for style and functionality but this one is j i loved the aesthetic but as a true
hourglass shape i was frustrated that it didn t have a little more give as i tried to pull it o
ver my head the fabric was stiff and seemed to be lace over cotton not entirely sure i could
n t get past the feeling off the material i saw this top on sale and tried it on right away my
normal medium was too big so i purchased the small in the rose color wore it with a shimmery k
imono and cream colored pilcro boyfriend jeans wow what an outfit \r\nthen i washed it acco
rding to directions and sadly it shrunk into a crop peplum tank i was so disappointed i wishe
d i had read the reviews beforehand i purchased this based on previous reviews the quality of
the dress and the print is excellent the dress fit me perfect in the front however there were s
o much extra fabric in the back that it made me look extremely large i understand it s a shirt
dress however the back would need to be taken in like 6 inches for someone who is looking for a
more boxy full coverage dress this is more for them i wear a size 4 and i ordered the small for
this top it is huge and gave me a maternity look that i wasn t going for i was hoping for a lo
ose body skimming fit as shown on the model in the picture but that wasn t happening with this
top nan super cute flattering design but the material is itchy so it s going back looks grea
t in the picture but when i got this in the mail the fabric was so stiff shaking it out did not
hing almost like it was dipped in drying glue i got this for 10 which is so cheap and i still
returned it i tried this jacket on and it was definitely cute but a couple things to note it s
a wool acrylic blend and it was already starting to pill from being tried on in the store also
it s unlined i thought the price point was high given its fibers and unlined given its hem i
wonder how much longevity the piece has and how quickly it might start to look dated too this d
ress looked super cute in the picture and on the model i ordered the petite style and it was st
ill so big and way too loose no shape whatsoever i unfortunately had to return it i love loos
e dresses but this one was way too big loose and had no shape at all i purchased this top in t

he rose and steel blue colors even though the majority of reviews says it shrinks even when you wash per the instructions i called the local retailer store first to see if it could be returne d if this happened and they said yes no problem well the reviews are correct i washed just th e rose colored top so i could compare it to the steel blue if it did shrink i am returning them this evening i will not take the time or spend the money to dry clean a tank it is made ve has anybody washed this shirt a second time just curious if it continues to shrink i love love l ove this absolutely stunning dress the only problem was that the zipper was very difficult to m aneuver and when it finally went up the watch it was attached the lining of the dress made a b ump in the dress which was very unflattering on an otherwise very flattering dress i tried on multiple versions of this dress and had the same design issue with each i ended up returning it because it bothered me so much purchased because i wanted a deep red sweater and this one was the perfect color unfortunately i am on the curvier side with 34g chest 155lbs 5 5 and the med was too big i usually wear m or l at retailer also the fit ended up being boxy on my bod y type i own many retailer dresses but the sizing can be odd i usually wear a size 4 6 and i h ave a floreat maxi dress size 4 that works well i am 34c and based on the reviews i decided to order a size 6 the dress fits well except for he bust area that is very snug couldn t even get the zipper up i will probably have to order a size 10 to be able to close the zipper on the bus t area but it will be huge everywhere else the fabric seems very delicate and may develop runs e asily it s a shame because th i fell in love with this cute top however after reading reviews i am going to return it seems there is a problem with it shrinking after following washing inst ructions who wants to dry clean a tank top not me sadly too bad style was cute and color wa s awesome this dress is so beautiful in person but the quality was very upsetting i had two b uttons come off before even putting it on i was so excited to get his dress for my wedding show er and then i couldn t wear it i wanted this dress so bad for a trip to hawaii i sized up wh en i saw the side zip because i m a little larger in the top than bottom but whoa even when sizing up i think i would have needed to size up like 3x to get this to work the dress is ador able and if you have a smaller bust it will work for you so sad it wouldn t work for me em broidered tulips look like they were plucked when comparing the dresses in the product photos t ook a chance any way came out disappointed because i couldn t zip up the bodice i hate side zi ps and when you pair a cheap zipper with delicate material recipe for disaster i am top and ba ck heavy so though i lost weight and went down a cup size my back is too wide for the 12p for reference i m 135 36d 38 28 35 wanted to love this top and could imagine lots of outfits with it the wide shoulders made my arms shoulders look big the ruching and extra flap landed at an odd place accentuating my belly it did arrive very wrinkled although a previous reviewer said she found it to be a wrinkle free garment maybe that made the look worse overall i felt that i t made me look 15 lbs heavier than i am so back it goes i am 5 7 160lbs 34dddd and the siz e large was the correct size i bought this top and it ran huge i had to get an extra small we ll then i wash it according to the instructions and it shrunk horribly like its so small now my 3 yr old could probably wear it i m so sad i really liked this top but for it to shrink aft er one wear is not acceptable i had hopes for this shirt but was disappointed in the fabric i t s very stiff and heavy for a summer blouse will be returning it i love a good peplum top an d was so excited when it arrived but was sad to find the flare on the peplum was a little too m uch i m not sure why it was so unflattering because in every other way it fit like a dream b ut it seemed like either there was too much or too little fabric around the waist to have it han g properly it had to go back i am returning i really liked the appearance in the photo and i love aqua but the biggest problem for me is the shape it s pretty boxy and it s hard to tell f rom the photo but it has a batwing shape i also wish the lighter portion were more ivory less yellow in it but that s based on what looks better against my skin tone i found it to run tru e to size but i thought it was unflattering made me look wide nan loved this shirt so much t hat i bought in 3 colors love the luxurious feel of the silky flowing fabric that flatters in all the best ways however after washing per instructions the fabric lost its good qualities a nd turned into a blah pilled mess that gathers at the seams especially the bottom seam tried dry cleaning another shirt and it came out the same way as washing looks like a cheap lacklust er layering top now and definitely won t last another season so disappointed if you ca it bre aks my heart to say this but i had to return for shape issues i am not a fan of dolman sleeves they make me look big and bulky and i wished i would have known that prior to purchasing it is unfortunate because it is a really beautiful knit and quality i could see this working better o n someone tall and thin at 5 5 almost 122lbs i always wear a size small however this dre ss runs large no i am not smaller than i was 6 months ago and it looked like a dumpy sack on me too bad i really wanted it to fit it is a slightly heavier fabric than anticipated and wo uld be an excellent travel dress i may try the xs i ordered this and hoped it would be a f un whimsical sweater for this winter instead it s just strange it didn t fit well too shor

t in the overall length in the sleeves the shades of the yarn were drab it also didn t seem
made to last it looked like it would pill snag in a short amount of time i returned it i d lo
ve to see a style similar to this executed better in the future having a unique sleeve is a cut
e idea great color soft fabric but waaaaay too long more like a night shirt than a t shirt
i was hoping to find a slimming and cozy sweater unfortunately this one was baggy and material
was really bulky one of those occasions where i would have never purchased this in person but o
nline you can t quite tell the style and fit i returned this item this is soooo much more crop
ped than it looks in the picture the fabric is super soft and design is cute i really wanted t
o like this but it just doesn t fit as shown the back is halfway up by back and i am shortwais
ted i purchased this item in the gray heather color and loved it so much i wanted to buy ever
y other color the fabric was cottony and felt very soft and cushy against my skin and the gray
color was from the combination of black and white fibers i ordered the light gray and the red o
nline and could not wait for them to arrive but the other colors were not even in the same mate
rial but a very shiny and synthetic feeling fabric with just a single color weave that did not
have the same feel or tex this dress will unfortunately be returned so cute online and looks l
ike a sack in person runs very large arm holes are very low not flattering a 200 piece of
polyester with no shape and looks good only on the model avoid mine went back the same day it
came in the mail nan i wanted to love it the color is great the embroidery pretty but the
stiff scalloped sleeves were just too much if you have broad shoulders this is not the shirt fo
r you i think personally it would have been better had the material been softer beautiful deta
il soft drapey fabric but it pulls funny from where they added stitching at the top of the v
for me it was also a little short but i have a long torso i m 5 7 155lbs and the size medium f
it nicely with the exception of the length was really looking forward to this sweater but it s
not a cardigan it s a poncho i can t decide if it s fun quirky or just odd it s gorgeously ma
de and extremely soft but i do wish it was actually sleeves i haven t decided if it s somethi
ng i will wear or not my husband referred to it as batwings that should have been depicted i
n one of the photos i was excited to receive this top it looked great online vibrant colors w
ith the beautiful detail on the sleeves when i tried it on the fabric looked and felt cheap i
t is not a flowy top do not recommend it i bought this top on sale very glad i did not pay f
ull price for it i wash everything before i wear it when it dried i saw that there was a greas
e spot on the back and a small hole on one upper arm i will probably be able to take care of t
he grease spot but the hole will be a little trickier as the material is kind of filmy nan i
splurged on this pajama set for myself and now regret it even though the design is adorable th
e fabric contains acrylic and the knitted fairisle part started pilling within the first week of
wear after a month and a couple washes it looks horrible and the fleece part is looking a lit
tle grungy as well so so disappointed the top is intentionally oversized and comes down to my
crotch i could have easily sized down hangs terribly off the chest tent like looks maternity
no thanks i ordered this top because it was 100 percent cotton and a cute design when it arriv
ed i thought it was a cute different top uniquely designed when i tried it on it looked lik
e a had several extra rolls due to the ruching and was very unflattering it reminded me of the
michelin man wearing extra tires and i am of a thin build so i did not like the perception of ro
lls throughout the bodice unfortunately it did not work for me i wish retailer would include
more cotton tops in their collect i am returning this dress as it looks pretty matronly once it
s on the top was also very tight in the arms and chest i am 5 9 140lbs and 34d i ordered
this shirt online and just received it in the mail the floral design is nice but the mesh fabr
ic in the back is low quality and cheapens the look of the shirt especially considering the pri
ce most disappointingly the neck hole is almost as small as the arm holes with no zipper or
button opening i could not fit my head through the opening and thus could not even put the shi
rt on needless to say i will be returning it i ordered the xs so it is possible that larger
sizes do n was not flattering on my body i have a fuller figure and this just made me look li
ke i was pregnant i really wanted this shirt to work the fabric is really cool but sadly
the cut was just way off i m 5 10 and the shirt was much shorter on me than on the model and
the cut was just too wide under the armpits this dress is very pretty in person it fits true t
o size and is very figure flattering one other reviewer mentioned it is a bit low cut but i th
ink that can be resolved by wearing a cami underneath to cover cleavage my only gripe with this
dress is that it s a little rough and stiff feeling i am really sensitive to that and only buy
things that are velvety soft it probably works for most people but not for me so had to go bac
k dress caught my eye on the rack so i thought i d try it on the dress has lovely blue stripes
hard to discern in the online photo which makes it a great year round piece however like othe
rs have commented it is too low to wear to work will consider alternations to close the v neck
if the dress is marked down beyond its current sale price first i absolutely love cloth ston
e but lately i m finding some of the styles are going in a direction that just doesn t fit my s

tyle that s ok because they still have some good basics \r\n\r\n\r\nwhat i mean is the cut a lot of their pieces are super long in the back and super short in the front ie their slip dress they have out right now this particular tank is like that although this one is borderline the sides cut up a little too high for my tastes and i can t help but think i m wearin the top fits nice but after one wear didn t even washed it the fabric was all fuzzy would not recommend it okay i love the blouse this brand has in the same material so i thought i d delight in this dress i am a 5 7 hourglass but have a longer torso i ordered the large in this usually a 10 or 12 fits me but the waist hit much higher than my natural waist and yet it was somewhat tight and completely rigid the bust area was a little loose and i m a 36c then the bottom flared out in sort of a flower fairy poof above my knees which reminded me of a navy blue oompa loompa dress and i love my this dress seems quite high quality and is wonderfully designed except in the chest the wrap style hugs in all the right places but the chest i m slightly large chested 34c d but can usually wear a size small or size 4 in dresses and tops 5 5 122 lbs the small in this dress was great everywhere else but i couldn t breathe and it totally flattened out my chest also it is quite low cut so another mark against it for anyone with a semi large bust couldn t wear it to work that reason i agree with the other reviewer who said there was too much hardware and such this really does have a lot going on i usually wear a 4 in skirts and based on reviews went up one size it still saw way up near my chest i think even an 8 would be too small it s sooooo tiny at the waist probably buy 2 sizes 2 and 3 sizes up from your own also the skirt flares super wide at the sides it doesn t sit the way in the photo or maybe the model is holding it down with her hand it s like a skirt color is beautiful but looks like a maternity top on i found i could tuck it in slacks and it looked fine now for the cons it is supposed to be peacock design but i had only one peacock under my arm which could be seen i guess if i waved the rest were parts of the bird i would love to have the one in the photos next who thought cheap white buttons on the back was a good idea if i had gotten a nice patterned top i would have replaced the buttons blouses that i like never seem to b perfect summer pants until i wanted to pet my dog and they ripped first time wearing them i am 5 2 and 115lbs ordered the blue motif in small petite they were not only too big overall but were way too long i had to roll them up several times to get the right length because of fabric design these would definitely have to be hemmed i had to check tag because i thought for sure i got sent a regular length but they were petite not sure if they are worth trying in a smaller size pants were really comfy but maybe too pajama like for my taste the colors in the green shirt are beautiful however the cut looked like a maternity top on me i m 5 6 120 not very busty must try it on to match the right body type i m thinking very tall wispy less curves the blouse is lovely i loved the lace color though just as other reviewers mentioned its a darker blue closer to a teal color and edging i am very petite for reference 5 2 24 waist and 30e and normally wear a 00 or 00p the 00 was still too wide for me around the waist bottom and had too much of a swingy effect it made me look like i was pregnant so i sadly returned i wish this had more of a fitted look to it i bought both colors based on the reviews and really like the prints however they are too sheer i don t want to wear a tank top but you have to with these tops since they are so sheer i can also see the fabric tearing easily it is too delicate i sent both colors back what a waste because the prints and colors are good these tops are also not for busty ladies i have a big bust and the top part didn t cover my entire bust and was awkward because the division between the fabrics would st wore this romper 1x and after washing the hem on one of the shorts legs completely unraveled if i want to ever wear it again i will have to bring it to a tailor to get fixed unacceptable for a 200 product cute design and good fit but questionable quality the fabric is too sheer also looks like sleepwear just not my thing this dress arrived today in such a crumpled and wrinkled state that i was reluctant to even try it on it is on the large size but fine if you are looking for a very flowing look longer at the front than shown in the photograph and i am 5 9 i am sending it back it is a pretty fabric although shinier than expected i am just not prepared to spend so much time pressing and steam ironing this item every time i want to wear it the fabric clung to my body i expected it to flow and be breezy it was too flimsy the arms were too wide and overall for 100 this dress didn t cut the mustard i m 5 7 135 the dress was long enough just didn t flow very well first of all this skirt is as cute on as it is in the picture very flattering i am a curvy gal on the bottom and this is flattering that being said it runs small i purchased a large which is my usual size and i need another inch or two all over to make it work part of the problem is the material it is a very heavy durable upholstery like material there is absolutely no give to this it is a very stiff material as well more what i would expect on a sofa than on my skirt the skirt c i m not in love with this but the husband thinks it looks cute and the sale price isn t bad so i m keeping it i got it in s and am usually an xs or s in retailer tops 34b 26 inch waist 120lbs if i had gone with xs it probably would ve been too tight in the shoulders howev

er i could be 6 months pregnant and you wouldn t know it it is very boxy in the torso and i re
alize the design is for it to be flowy as the back is partially split but it looks relatively
fitted on the model which is i really wanted to love this blazer i ve even tried it on severa

ailer tops in this coat i looked like a linebacker with pads on the front material is doubled
which makes you look like you have a large protruding stomach the shoulders are bulky and this
is a beautiful coat nicely constructed and very warm it was just too bulky for me and i looked
10 lbs heavier in it i am 5 7 and 140 lbs maybe it would be better suited to a more slender f

to return din t have to ponder about it at all ordered this in xs my normal size 5 5 110 lbs
and it was huge did not particularly care for the style either nothing special the fit is a li

he bell shape of this dress made it appear that i was carrying extra weight in the middle for

streamlined definitely a miss i loved this coat in the picture and couldn t wait to get it s
adly it did not deliver in real life i got my usual size small and it fit well in the shoulde
rs and sleeves and okay in front the big problem was the back it just hung from my shoulders
with zero shape and a lot of extra fabric i considered trying the xs but was concerned that t
he shoulders might not be comfortable and honestly i can t believe the xs could possibly have b
een different enough to work maybe i got a defectiv i ordered a size 0 the dress was extremely
large i am 5 2 and weigh 110 i guess you really must be 5 9 like the model to wear this dress
such a shame i wanted a comfortable and loose casual dress i liked the pictures and decided t
o give it a try \r\nthe dress turned out to be too loose i got size 4 after checking the measur

ements chart i m 5 7 125 lb and usually wear s i could practically wrap myself in this dress besides it looks a bit too long well i m not as tall as the model in the photos and i don t like wearing high heels \r\nthe material looks faded not as bright as in the pictures i like distressed and vintage style but this this is quite an odd dress it does wrap and is beautiful material however the dress does not close at all in the chest area i thought perhaps it was meant to be a kimono it will go back for sure first i was surprised that this skirt fabric felt similar to men s tie it is a thick weight silky feel next i was surprised by the cut i wear a 12 14 petite and the waist of the large is at least a size 10 if not smaller finally the length was really long i realize i am 5 2 and buying non petite sizes but the cut was high ankle on me i like the pattern and ruffles of fabric both are unusual and good for fall winter but i did not like the rest i wanted to love this dress it is gorgeous on the model but unfortunately for me it didn t fit right i m petite and ordered the xxs petite it was snug in the upper body and looked like i was wearing a baby doll dress the material is high quality and i love the burnt red color it just didn t fit right definitely looks great on the model but hung funny on me i can see why it was highly rated gorgeous dress just not on me while this top has a lovely design neckline and color the metalic threads made it too shimmery for me i actually think it looks better in pictures than in person because of the metallic threads the fabric is very nice on this wrap but it wears like a blanket matronly and unflattering i think this may work on a very tall and slender body type this is so bulky and itchy could not stand to have it on i m a 6 8 ordered the small but it was still gigantic i ordered this in my usual size small 36b bust 5 5 around 116 lbs but the seam around the high waist stuck out and didn t cinch in at the waist at all rather bubbled out a bit the tunic flaps laid strangely as well like they were too small almost the high cut sides were indeed high cut showing the waistband of my leggings apparently that is a new style as i have seen a few other tops like it around but i question whether slits that high are appropriate for actual wear outside on i wanted to love this tunic sweater the material is so soft and a perfect weight the color is pretty bu the fit absolutely did not work for me the tunic runs very small a large usually fits me but i felt like i was wearing a small the slits are quite high i was sorry to do it but this one went straight back great item ordered for my wife for christmas received it and the medium petite waist size measured at approximately 26 so it is at least 2 off the standard and a thick material needs a bit more room to fit well disappointed replaced with next size up we ll see this dress had so much potential the top was absolutely gorgeous my issue was with the bottom half of the dress the bottom is made from a heavy quilted material that is stiff and has no movement at all the dress is supposed to fit like a modified mermaid dress where its more fitted around the hips and flares out the dress i received had so much material on the bottom that it actually made my hips look bigger i though about having the dress altered but decided to return instead nan these felt like they were cutting off circulation around the calves i tried pulling them lower to reduce the tightness but that made them way too droopy between the legs an alternative would be to clip the elastic but ultimately decided to return i usually wear a small 4 or 6 and in this dress i couldn t even zip up the 8 so tight in the rib cage and chest if i tried to go up even further the bottom half got much bigger guess this one is not for me i ordered these leggings and loved them for about an hour at which point the belt loop ripped off of the pant leaving a hole i called customer service and they sent me a 2nd pair same thing happened i never even pulled on the belt loop they are just so flimsy it s a shame bc they are cool looking i should have heeded the previous reviewer s advice but i m really short so i thought i d give it a try there is something really wrong with the bust first it s about 3 4 inches higher than it should be the bottom trim cut across the middle of my bust even if i hoisted everthing up in there to fit the cups they are really only designed to fit cones not curves from the side it looked hideous too bad because the fabric and fit everywhere else is gorgeous i am 5 8 140 lbs 34b and i ordered the 6 in denim the dress is certainly tts the 6 fit like a glove but wasn t at all tight perhaps my expectations were too high with this dress based on the other reviews i thought that it would be perfect for my pear shaped figure however i found that the a line skirt accentuated my lower half thereby making me look larger than i am so i sent it back otherwise this is a great dress it certainly did manage to hide lumps and bumps in spite of bein i m always looking for pieces that would good for either layering or worn alone this looks cute on the model but when i received it it s actually very flowing i wanted more of a straight cut doesn t work very well on my body i m 5 3 123 lbs 34 d it s going back i am now the third person to try this dress and return it for the same reason the empire waist is too high and hits across the bust instead of underneath it i can t imagine how they got it to fit this model so well i am petite and i really love the idea of a maxi with sleeves so i decided to try it even through the two previous reviewers reported this issue unfortunately i had the same problem i am a c cup size perhaps this would work on a very thin figure

with a small bust i ordered t i ordered the white denim online and was very disappointed by h
ow thin the material was i had tried on the light blue denim in the store and it had a nice wei
ght to it the style is wonderful and the fit is very flattering but too sheer for me to wear o
utside the house these look much cuter in the picture than in person i found them to be very t
hin and cheap looking i am pretty sure you could find a similar pair at a budget department sto
re disappointed the cut of the layer makes anyone wearing it look pregnant even the model in
the picture the way that layer hangs the fabric and its texture didn t meet my expectations unf
ortunately there were too much fray and cast off of edge yarns of a fabric \r\nhowever this
will fit if you wear over the swimming wears i tried this top on with a pair of white shorts h
alf tucked and it looked really classy and nice the fit was loose but flattering it is a tiny
bit sheer but i was wearing a magenta bra so perhaps i am biased overall i think this is a g
ood basic addition to a summer wardrobe can be worn with a nice skirt or with jeans as shown
here the 0 or xs can t remember fit me at 115 lbs with 30dd chest i agree with the other r
eviewer that the color of this top is more burgundy with purple undertones rather than a deep re
d like shown online the fit was very boxy on me and it did not look flattering i was not willi
ng to to have it altered so i returned it i really wanted to like this top but couldn t seem t
o find the right fit i tried it on in 3 different sizes and none of them were right they were
either too wide in the hips or a little narrow in the shoulder it is cute overall though and
a good way to do a short top without feeling like you re in a crop top i wanted to love this
dress it looks beautiful on the model but it isn t the flattering even on sale i am not sure i
f it would be worth it it it runs pretty big i was so excited for this dress but sadly it di
d not meet expectations the gauze fabric already had several snags pullers in it the underslip
was very short and just cleared my derriere i m 5 7 i normally take a 10 12 and ordered this
in a l it was somewhat clingy in the hip area but yet bulky on top also i like to have the f
irst button open but you could then see the v neck of the underslip and it looked hokey it s d
efinitely a thicker material than the previous plaid tunic holding i bought this scarf dress for
20 off on mother s day weekend i really like how it looks and can be worn over a bathing suit
or just as a dress but it is not worth the money it is poor quality a scarf stitched together
with an attached chord that you tie around your neck you can make this yourself or wait until i
t is at least 50 off the original price way too big and unflattering i would love it to look
like it does online but it s huge in person this would be perfect except for the ridiculous att
ached scarf the material is so soft and luxe the colors are richer in person and perfectly go
with everything but the attached scarf ruins everything the scarf is not flattering and takes
away form the cute buttons on the front if the scarf could be removed it would be a great sweat
er coat so disappointing i m pretty disappointed in these just bought the yellow pair and wor
e today for the first time super cute and very comfortable i was in love with them they got t
wo small stains on them from the day s activities and not even crazy untreatable stains unf
ortunately the stains did not budge yet the color of the shorts washed out they are completely
ruined after one washing on cold i m hoping this was a fluke and plan to order a second pair
before they sell out these will be going back i love the way these shorts fit and look very co
mfy but after laundering one time the lavender color became blotchy used regular detergent in
gentle cycle and it looks like someone poured bleach on them in random areas they are unwearab
le i have several colors but the only color that was a problem is the lavender 58 for one we
ar was a waste i hate to leave negative feedback but be careful with laundering i ordered thi
s dress to wear for summer weddings this year i am both surprised and excited that it fits \r\n
\r\ni normally wear an 18 sometimes a 16 stores like retailer are a place i go to admire fun c
loths but not to actually shop i was concerned that the xl was going to be a fake xl this hap
pens sometimes a brand only makes clothing up to a 12 so they re xl is really a 12 but not so
i feel like the xl could fit a 16 20 the l would probably fit a 16 as well \r\n\r\nthis dress
fits in i was extremely excited to receive these pants given the two positive reviews i m a pe
tite woman and have trouble finding jeans with the right proportions i sized down from my norma
l size 27 to a 26 and was swimming in these pants i would have had to go down three sizes to
make these work i m not sure if i received a defective pair or what but be cautious ordering t
hese pants this pants the worst short that i ever had \r\ni bought this short last week and i
laundry it yesterday and it came out lost color \r\ni was really shock definetly will return it
to store \r\nfyi i never use chrolox or bleach when i laundry i want to love this shirt but it
isn t happening the proportions shown on the model are not how this shirt ends up fitting the
fabric is super soft and the pattern is great if the fit works for you these are my all time c
omfiest shorts and i am obsessed with the lavender color sadly using free and clear detergent
on a cold delicate cycle made the color turn splotchy and they are unwearable this happened o
nce and i exchanged for another pair but i ll be returning this pair i ll be sad to see my fav
orite color go but there is obviously a defect in the dye used maybe i ll try another color n

o this is one of the most unflattering things i ve ever put on my body i m a very well proport

don t do it i like this top i received a ton of compliments when i wore it to work but the ma
terial doesn t feel as high quality as i had expected from the pictures online it wasn t worth
it to me to send it back but i doubt i would have bought it if i had tried it on first the pri
nt of this skirt is so fun i love how it s styled on the model and i could see it being very v
ersatile i decided not to keep it because mainly it is pricey and i m afraid it ll get easily
damaged if i would wear it i think i d be worried about sitting on a dirty chair or spilling s
omething on my lap and it being really visible and then having to upkeep it through dry cleani
ng the fabric s nice and good quality but honestly if the skirt were cheaper and the fabric w
ere cotton a this skirt for sure was the most disappointing thing i ve ever ordered from retaile
r it looks like an all white skirt that has a little stiffness to it but looks are deceiving i
t has this weird checkered patten and there is no shape to the skirt at all there are also weir
d stitching lines one more thing that i didn t like about the skirt was that it s a cream ish c
olor not even the cute flamingos will make me keep this skirt it s going back the dress is be
autiful on the model in person it s sheer but i could have dealt with that if the fit had been
great i am 5 4 and the petite was too short and the regular too long both are very boxy and s
eem to run big even the size small in both petite and regular were too big on me and usually in
cloth and stone size small is perfect i really wanted to love this dress but ended up returning
several sizes in my attempt to find the perfect size i loved this color and ordered it online b
ecause i thought it would work for both casual and work days dressed up a little ummmmm no it
s weird and boxy and does not look at all like it does on the model i think maybe if you have n
o bust whatsoever and size way down it would look okay i m only a 34b weigh 110 pounds 5 3 a
nd it made me look huge and awkward this is going back i purchased this top on sale and was re
ally excited about the style it fit great the first time i wore it i washed it once according
to the care instructions after washing it in cold water and allowing it to air dry it was basi
cally ruined it shrunk up in length widened out about two inches i m pretty bummed about it be
cause it was cute i love sundry and their fun designs i was disappointed because the fabric is
very thin and the dark part of the heart is not black but bluish slate grey it is just not what
i expected from the picture i bought the xs and it felt baggy on the body so despite reviewers
saying this was too short i decided to try it anyways the dress is adorable the print t g e poc
kets so cute but the description is incorrect the petite falls 30 from shoulder which means it
s right under your bum so you move anyway and someone gets a show it s unfortunate because this
dress is adorable it would fit tts except length unfortunately this one has to go back the ki
mono is as pictured the colors are true to what is shown on line though the description indica
tes green multi it is not green i returned the item however the quality is fine but it se

eature when i tried it on yesterday in the store i was disappointed by how wide and bulky is i
t i am petite 5 2 110 lbs and i tried my usual xs the fabric was substantial and of a hig
h quality but unfortunately in this design that became a bad thing as the bottom of the shirt
balooned out around me it was very unflattering and i felt lost in the shirt definitely try it
on for yourself before purchasing i thought i would love this shirt because it goes along with
my style but i returned it immediately it runs so large the colors are faded and the trim of
the shirt curl over so it looks cheap and frumpy i do not recommend this it hits in all the w
rong places this is a very cute dress it was perfect before i washed it the problems i had af
ter washing it was the outer cotton layer of the dress shrunk length wise while the inside black
lining did not so the black lining peeks out a good inch or two and since the dress is shorter
i can t really wear it without using biker shorts especially for the back of the dress since it
s shorter there and if i bent over you could see everything i m so disappointed in the quality
because it is a very cute ver this is a cute top but the fit is problematic it runs small on t
op especially around the bust and sleeves but then it flares below the waist in a billowy and un
flattering way with way too much fabric \r\ni got both an xsp and an xxsp the xxsp fit better o
n bottom but i could hardly pull my arms through the sleeves both are going back unfortunately
for reference i m 5 103 lbs 32b so you re thinking this is a red and black skirt right nope
it s an obnoxious cherry red netting with cranberry crushed velvet insets overlaid on bright red
actual spandex spandex that shows every wrinkle and panty line it s really god awful i got th

ides on me the design just created bulk nice substantial fabric but it isn t soft or cozy ba

e netting hikes up on the right due to poor craftsmanship i ordered a medium and felt it was a
bit large will return looks great on the model but in actuality there is way too much fabric
what should be flowy and billowy looks like a tent or a maternity top on a petite woman it di
dn t matter which size they all fit me disastrously i love the look and i thought of keeping i
t and having it taken in but there s too much fabric under the chest to make it an easy cut alt

the shirts back on the models if you put a such a cute pattern and i loved the fold over desig

than on the picture \r\ni live in florida where the sun is always shining and although this dres
s has a beautiful simple design it isn t for me as the color is too winter this skirt looks
lays exactly like the photo i bought a size small and i usually wear a size 4 it was maybe a s
midge big but nothing that affected the look of the skirt the material reminded me of felt woo
l mixed together almost like sunday school felt cut outs but stiffer not a fan i was unde
rwhelmed it looked plain and simple and the color washed me out definitely not worth the pri
ce for me anyways good luck i bought this jacket based on how it looked on the model and fr
om the reviews i found it to be super big and unflattering to say the least i m 5 10 155lbs
i sent it back when these shorts arrived i loved them and was so excited to wear them on my upc
oming trip to the beach the high rise waist is very flattering and the material was extremely s
oft the floral detailing was a little more orange than in the picture but i still loved the con
trast the first time i wore these i immediately noticed threads coming loose throughout the day
it was minor but still concerning for an item that was so costly the real problem arose in the
evening when i put on a jacket on i am always on the hunt for a cute white t shirt but this one
was a miss it is too boxy short and the material is very thin for the price i gave it two st
ars because it has nice colors for spring summer for reference i am 5 4 and 115 lbs and i orde
red a small bought it online so i ended up returning it to the store this dress fits awfully
it s not short as pictured in photo it hit just above my knees it looked like sack i would v
e also felt like i was choking all night with it clasped around my neck it potentially may
look okay on someone who is very tall skinny and lanky but i have my doubts about that too
the print is so sharking and i love the way it looks on the model but i m a more curvy figur
e and the boxy ish cut plus rather stuff fabric in front is incredibly unflattering ordinarily
i love everything made by maeve but this one sadly must be returned on a thinner straighter
shaped person i expect it would be great beautiful color and the fabric is very substantial and
soft but they didn t finish the bottom hem the dress is lined and the bottom inside has a rib
bon sewn in as a type of hem but the actual edge is just cut and not turned in on itself becau
se of this the whole bottom had a hundred little fabric frays the rest of the dress is so polis
hed it just doesn t make sense also while the fabric is beautiful my dress had a weird mark on
the chest almost like a water mark just overall bad attent i order from retailer regularly and
am pretty consistently a 0 petite or xxs petite i ordered this in a 0 petite and it was like 5
inches too small in the rib cage and chest area even if i would have got it zipped up the halt
er cut is cut narrow so you can t wear a bra for sure strapless would be necessary also the
actual neck part was tight for reference i am 5 3 108 pounds and a 32c bust it seems you ne
ed to be flat chested to pull this one off and maybe missing a few ribs i was so excited to rec
eive this in the mail as it had been on backorder for awhile the dress is beautiful but run sm
alls the buttons on the back are nearly impossible to fasten if you are single good luck tryin
g to get it buttoned i ll be returning it the idea of this shirt is awesome it just needs to
be made longer and not so boxy the ruffle is darling i would be so happy if the the designer m
ade some modifications i think a lot of people would buy it then i love this brand and the mat
erial of these shirts and have a ton similar and thought this was adorable with the sweet detail

but it is super short and boxy and i felt uncomfortable with the length on me and it also made i
t so it wasn t so flattering on such a bummer cuz its a sweet spin on a plain basic tee my fir
st complaint is this dress is pinned back so obviously in the video that when the model turns a
round not all the way you can see the pin in the back that should have been a clue that thi
s dress isn t meant to fit anyone properly if it doesn t fit the model i agree with another rev
iewer that the model in the still product photos sized up and up because the dress does not fit
loosely in regular size nor is it that long you have to have a longer torso to pull off the to
p or the fabr i bought this shirt in a l since i didn t want it to be too fitted and was conce
rned a m would be it is so boxy it s like a completely different shirt i have no idea how it
looks good on anyone unless it is simply widened the larger the size maybe a m wouldn t be as
wide and therefore as boxy but this shirt is just a bad mess returning i bought this very cut
e t shirt in sky wore it once then washed it according to the washing instuctions machine was
hable dryable this t shirt turned into a crop top i can t wear it it s going to goodwill
i would suggest that you air dry this shirt if you want to take the chance that it won t shrink
up several inches this is one of those you can tell from the hanger that it s not going to work
too boxy too short and the girlish ruffle makes it look like an over sized child s shirt that
got all messed up in the washing machine nan this dress you will want to try on in the store i
t is very thick and stiff fabric the whole front is embroidered and the big drawback for me is
that waist seam there is absolutely no give in that waist this is not stretchy fabric and not
easy for just any body type to wear sad because it is very pretty on the rack i love the idea
of ruffles but this shirt was huge i normally wear a small or medium and i got the small it
felt more like a large to me maybe if you size down 1 2 sizes it will work out for you i m go
ing to take it back rather than exchange i also wish it was a more lightweight material for sum
mer but it s pretty thick i really wanted to love this dress but it just didn t fit in anyway
i ordered an xs petite and it was very large the lacing in the back is completely useless and
that s what i liked about the dress i was thinking it would be unlaced more at the top because
of chest and then lace more tightly near the waist it was completely closed off and the dress
was still very loose and unflattering beautiful fabric great color combo bad fit i loved thi
s shirt until the first time i washed it it shrunk so much it became unwearable when i returne
d it the salesperson said she had also bought this shirt and the same thing happened the dress
is too loose and runs too big i was so excited to find this shirt on sale at my local retailer s
tore but i did not notice the high percentage of rayon in the fabric which caused the shirt t
o shrink significantly in the wash even when following washing instructions i washed it on co
ld with woolite and it is about half the length it was initially i m so disappointed how can y
ou make a shirt that can t withstand washing wish i would have read the reviews before i purch
ased and wore two of these washed as directed and same outcome as everyone else basically unwe
arable unless i maybe use it for a nightshirt the shrinkage lengthwise was ridiculous glad i d
idn t buy every color like i had planned to do so disappointing everything i ve owned from bor
deaux has washed well and stood the test of time one wash and this was ruined shrunk terrible
even after washing in cold water on delicate and laying flat to dry completely ruined returned
it ok so when i bought this in every color there were no negative reviews i loved this shirt
it was amazing fit perfect was so comfortable then i washed it ahhhh it shrunk so bad my3 ye
ar old could wear it i washed it according to the tag then the second color i just hand washed
in ice cold water and laid flat and it still shrunk man i wish i could return these shirts th
ey are so bad and i typically love bordeaux quality these are horrendous it s a cute top but
once i washed in cold water and laid flat to dry it shrunk and lost it s shape very disappointe
d i am going to return top i loved this top when i wore it it draped beautifully i always sn
atch up all of bordeaux t shirts because of the way they hang but beware you must dry this fl
at i ve always had no problem washing and drying their t shirts but this one shrunk up to half
it s size the first time i washed it and is no longer wearable it does say on tag lay flat to d
ry and they mean it i thought this would be cute with leggings based upon the length on the mod
el i forget that the models are almost 6 feet tall this has a polyester slip goes under it tha
t snaps onto the shoulders it came down to my knees and was completely like a sack no leggings
and boots with this one lovely material but not at all figure flattering i loved this shirt so
much i bought it in 4 colors however two of them shrunk i was very disappointed let me start
off by saying i never write reviews but feel compelled to so that no one else gets swindled int
o buying this beautiful one time wear piece i absolutely fell in love with this shirt when i bo
ught it in the fall in black perfect basic to wear under my new draped open vest from retaile
r and perfect fit i m long torso ed and long armed and always have trouble with fit this bein
g kind of oversized was just loose enough and long enough i could actually feel comfortable wear
ing it wi this one didn t work for me there is no zipper you climb into it from the very large
neck hole it was very low cut and the shoulders kept sliding off but the bottom half fit snug

the tie and waist seam didn t hit at my waist but the largest part of my middle i tried other b
elts and it wasn t much better the fabric and print were great i love jumpers but this one wen
t back i ordered size large and find this to be way too oversized wide long and unattractive
on my frame the print is just okay but since it doesn t wow me i m returning i loved this shi
rt when i got it it fit perfectly and was so soft but when i washed it following the instruc
tions it shrank up to well above my belly button i m talking 6 inches of shrinkage at least
bought two of these because i loved the way they fit off of the rack washed them according to d
irections and they were ruined the material shrank up making the shirt short and boxy and the s
ide panels ended up being rippled definitely going to try to return these i purchased this shi
rt in a medium in the wine color i love the drape and fit of the shirt it has a laid back vib
e and the material is supper soft and comfy it is also a bit more substantial than some of the
thinner shirts i ve bought at retailer you could easily dress this up or down i wore this shir
t a couple times and then machine washed it on cold on a delicates cycle and dried it flat it m
ajorly shrunk now i can t wear it because the length shrank at least an inch or more if you pu
rc when the top arrived and i tried it on it was great the length was perfect even though i am
curvy after one wash done according to the directions the top shrank in length considerably
i do not mind paying a higher price for something unique and something of quality i do have
a problem with something that does not hold up to basic use i will be returning this item i tr
ied on and bought this shirt in my usual size and it fit long and loose but still had great shap
e after hand washing in cold water and air drying as per instructions on the tag the shirt sh
runk significantly so much so that my stomach shows if i raise my arms at all it also lost its
shape and now looks very boxy and is very unflattering i won t be wearing it and am disappoint
ed i didn t even get to wear it once this product runs either really small or is super high wai
sted either way not for me this sweater looked so promising with the tie waist and pretty lacy
edging but turned out to be a disappointment it was much shorter than it looks in the photos a
nd barely came to my hips and the plum color was much darker than i expected more of a dull br
ownish burgundy just didnt like the fit it puffed out in front so that wasnt very flatterin
g i have an hourglass shape and this was not a good fit for me the print on this dress is rea
lly pretty and the styling with the lace is a nice touch unfortunately it runs quite small in
the bust so i had to return it for someone that is small busted it will be quite cute everyw
here else it is true to size i wanted to love these but they re so tight around the top my le
gs are normal size and i couldn t get them above my knee the top isn t stretchy it has a stri
ng that keeps it from expanding they are so very cute but unfortunately must go back for me t
his very lightweight cardigan looked like an eggplant color online it s brown with a hint of bu
rgandy not bad but unexpected i am very short waisted and this lies very high on my torso
the seams are unfinished and it looks cheaply made glad i got this on sale on the mannequin t
his looked adorable it is made well but if you have any bustline it just billows out below like
a tent and is not flattering if it had less fullness it would have been really cute did not wo
rk for me material was a bit thin poor quality the tie doesn t quite work correctly had a ch
eaper look to it not the quality i d normally expect this is going back i wanted to love this
dress so much but unfortunately it ran way too big for my taste i am usually a 4 6 in retailer
and the small was huge on me the bottom half of the dress is very much a swing dress and is v
ery wide much wider than it looks in the pictures i suppose that sizing down maybe even to a
petite and having the dress altered to be narrower on the bottom half would ve made it look li
ke the picture but that s a lot of extra work for a dress that is already pretty pricey it see
med to stay in place and did not require constant readjustment however i found the band to be
extremely small and tight it is not the most comfortable bra because of the way the band just p
resses into your skin loved this top online but when i tried it on it was shorter than expected
so only fitting for high waisted bottoms and much more boxy than it appeared online i wish to h
igh heaven that this top came in a more normal cut hip length and slimming the fabric and co
llar are beautiful i ordered the blue in size 16 it ran at least two if not three sizes too
small compared to my other retailer 14 16 blouses it was too small through the body other th
an the peplum the arms were tight too the waistline and length matched the online photos it s
widening the material they chose was also scratchy and rough especially around the neckline i
returned mine after trying it on and seeing there was no way to make this work the blue color w
as gorgeous though the patterned lace w i love the look of this sweater and was so happy with h
ow it looked and felt when i first tried it on but within a day of wear i noticed significant
pilling which made it appear much older worn loved the look fit and styling of this turtlen
eck but dry clean only you have to be kidding this is the 2nd time i ve purchased a dolan top
and returned it b c it was dry clean only both tops were what i consider to be casual tops to b
e worn with a pair of jeans running errands etc i do not dry clean this kind of casual shirt
it is made out of rayon and that s the problem i think \n\ni purchased this in the wine color a

nd it is a lovely color hangs nicely doesn t cling the sleeves are a bit long but i could liv
e with that i just pushed them up as a turtleneck it was a bit l i wanted to love these jea
ns but as a woman who is almost 45 there was way too much stretch in them i am always a size 2
6 and i couldn t wear these they were way too tight they went back the next day i will say i
t could be my body type i m a runner so my legs are muscular if you have very thin legs these
could be great and work for you i loved the color dark blue didn t like at all itchy fabric
looked good on model but on on busty girl i like the design and the color of the cardigan i go
t green i like the details on the back the cardigan is tts the shoulder width and sleeves le
ngth seems perfect for reference 5 7 125 lb got size s \r\n\r\nthe problem for me is that
the cardigan is not as long as it looks in the photos for the rose color the pictures for the b
eige show the length more accurately it may work for a smaller lady but i like my cardigans a
bit longer and cozier \r\n\r\nalso it is not just that the material is i ordered this in black
and red i had high hopes based on the reviews this received but it s just ok i will be return
ing this thing sheds so much it s almost unuseable but i used an entire roll of sticky roller a
nd got it to the point where i could wear it with only a glob of fuzz on my underwear not other
people s couches it s cute and fits well other than that buy a sticky roller i bought this sw
eater in dark grey in the store i really loved it at first it s very soft and cozy and fits r
eally well i especially like that it s long enough to cover my tummy and butt when i wear skinn
y jeans or leggings however the other reviews that mention it gets fuzz all over the place are
accurate i doubt i would have bought this if i had read them first it even has dark grey fuzz
in the inside of the sleeves however my biggest disappointment is that after just one wearing
th the colors are so much brighter than pictured although the sweater is very comfortable i di
d not like the color combination i will be returning it unfortunately i didnt read the fine pr
int when i ordered this re dry cleaning only but this in itself wasnt a total deal breaker it
did fit well i am 5 2 32c 107 lb and the xs petite fit very well definitely form fitting
not long in the arms or waist the grey heather design was not my favorite look actually thats
the main reason i am returning it there was a dark grey splotch of the heathered design on th
e chest and it looked like i had a huge dark stain and not in a good way everywhere i went i
left a little of this sweater behind within hours of having it on i was picking balls of fabri
c off the couch bed and the sweater itself looked like it was molting great style fabric and
fit although a little on the long side but there s no way i can keep it i bought these on sa
le and they quickly went back i was very disappointed after reading the reviews i thought for
sure these would be a winner however i was sadly mistaken i ordered another pair of jeans th
e same from a different brand these were way too small while my others were too large they di
dn t live up to my expectation and were still rather long even though i bought these on sale i
was not happy with the quality the chevron pattern on the mint seaside version needs to be cent
ered in the front to look right mine was totally off so i returned it and had them overnight me
a new one to my vacation address unfortunately the 2nd suit i received was also off center
that one is going back too would have loved this otherwise a quality check on this is definite
ly needed beware i wanted to love this dress i ordered an xsmall and a small i am 5 6 an
d 110 lbs slender build the xsmall fit great everywhere but the waist band was completely out
of portion for the dress both sizes will have to be returned possibly if you have a more strai
ght up and down figure it will fit better and pull in your waist i think these are amazing for
anyone over say 5 5 the way these hung on me at 5 2 were very unflattering in the front
they had an unfortunate masculine effect to them that s all i can say without being crass i pu
rchased this swimsuit in the mint gorgeous color combination i m 5 5 and weigh 117 lbs i pur
chased a small the fit is true to size i love the front design however my husband promptly b
rought the back of the swimsuit to my attention the chevron was off center the design should h
ave been centered with my back however it was on the right side of my back i immediately call
ed retailer assuming the product was defective the item was sold out on line however a superv
isor was able to l i have this suit in the tile pattern and i love it i am a breast cancer su
rvivor and this suit is perfect for as it covers a little issue i have on the left so i ordered
the mint pattern the colors are beautiful but the pattern is off the v pattern on the fron
t is not centered as a result my body looks a little lop sided i looked carefully at the suit
on the model and noticed it was slightly off center on her also however my suit is quite a bit
off center it s too bad because the super cute dress but the waist band is very large and bulk
y i love the way these jeans look and fit but they have a chemical smell i assumed the odor w
ould go away after i washed them but it doesn t seem to have helped the shirt is mostly a thic
k sweatshirt material and is very short when trying on undershirt required to make up for leng
th and the see through mesh in the pattern felt about 1 size too small as well i am 5 6 and 1
30 pounds and ordered this in an xs the sweater is enormous the material is also scratchy and
not soft at all i m disappointed with retailer s sizing this year i ve had to return a of xs

items because they are huge really disappointing i wanted this dress so much i ordered it twi
ce both times the zipper was defective it would get stuck midway up at the waistline so i ha
d to send it back there isn t an retailer in my area this is a shame because it s got great c
olors and looks flattering on and i was looking forward to pairing it with a cardigan boots for
fall i even thought about taking it to a seamstress to have the zipper replaced but the cost d
idn t seem worth it too bad as it seems like it would be a nice the colors on this top are bea
utiful even more vibrant than the online picture i was so excited to try it on the problem is
with the fitting it s too short and too loose you can see in the picture that the shirt isn t
even tucked in and it barely hits the hips as much as i wanted it to work back it goes i like
the design of the dress but the fabric makes it look cheap for an expensive dress i had expec
ted better quality beautiful fabric with soft drape unfortunately the captain kangaroo pocke
ts are awful unless you have a straight up and down shape with no hips this is very unflatterin
g the pockets look like saddle bags and add a huge amount of fabric where most people don t wan
t added bulk very disappointing returned i bought this online with the intention of it being
my graduation dress i m 5 2 115 pounds so i should ve known better and gotten a petite styl
e dress however i loved the modern look of this and since my boobs are a bit bigger 34d i fi
gured they would help fill it out upon receiving the dress i was first shocked that for the pr
ice the construction was pretty poor quality there were strings coming out of the straps and t
hey looked unevenly sewn when i put it on it was clear that th i am short waisted and i still
thought the pleats started too high on me also the whole thing was a little bit big i always
wear a medium but in this top the shoulders and everything was just a bit large since i bought
it online i couldn t size down the fabric was a nice quality i do not understand all the grea
t reviews but that goes to show everyone likes different things the jacket looks great in the p
ictures but in person it just looks awful gray is one of my favorite colors but this color is
so drab and the material looks old and worn it definitely has a grunge look to it and overall
it is just a wrinkly mess another reviewer said it looks like old clothes and i have to agree
it looks very shabby it also reminds me of those smocks they have at the hair salon this top lo
oks much nicer on the model than in person i tried it on it didn t look flattering and was sho
rter than i like in the picture i really like the top with the design and frills on the side g
ives the model a waist in person the design doesn t stand out much and the frills look wrinkled
it is also sweatshirt material and a tad stiff i am sending it back it just didn t look as fla
ttering also it seemed more fitted at the top than bottom this over sized sweater is light we
ight and scratchy i knew it would fit big but the neck is overly bulky the color is a bright
blue as depicted in the picture fits a little larger on me than on the model i m petite so i
t overwhelmed me very disappointed in this top i have a short waist and it was still too shor
t for me i bought this top thinking i would wear this and feel like i was part of some fash
ion week but it s cut way too large that i felt like a football player this top is made for wo
men with small shoulders and a super petite frame also the cut is way too big i was swimming
in this i ran to the store to try to this on after seeing it online i m usually between a smal
l and medium on tops depending on the shirt the 6 fit true to size everything about this shirt
fit perfectly and it is beautifully designed but it is just soooo sheer i had a nude bra on an
d you could see every detail of it through both the front and back i couldn t wear this comfort
ably without a cami disappointing as i had the highest hopes for finding a crisp white shirt fo
r the summer this t shirt is uniquely designed and it fit well unfortunately within an hour it
shed all over i had white fuz all over my arms and pants i was very disappointed the shirt de
sign is very nice but it fits very loose it will not look good if you are heavier as this shir
t will make you look wider because of the baggy fit the sleeves though are fitted and feel a li
ttle tight the material of the sleeves also is very itchy and feels like some wool material i
bought this top after seeing it featured on a style blog i was really excited to wear it until
i realized how see thru it was i had to put a cami underneath which detracted from the beauty o
f the top even my flesh toned bra showed thru so i sadly had to return it i was really excited
for this jacket to arrive but it s going back because the fabric is coated it does not drape o
r hang nicely at all i expected it to be boxy but it sticks out so oddly in every direction tha
t it looks horrible i m usually an xs and ordered an xs and it looks ridiculous on me the top
is really cute but it s see through and the material doesn t seem like the highest quality def
initely not worth the price i purchased this shirt online i thought it would be perfect for wo
rk but when i tried it on i couldn t even button half the buttons it is also extremely see th
rough and even a nude or white cami underneath would look really odd need to return unfortuna
tely if the top came in other colors i would return for a larger size but i can t deal with s
ee through work tops although the blouse is pretty it did not fit me well i downsized two size
s and it still didn t hang well on my body i think it looks great on the model and would probab
ly look better on a thinner person i am disappointed it did not work out and i will be returnin

g it while these seem like interesting designs which i applaud the execution in the design of the fabric is not appealing i purchased the grey in a medium i normally wear an 8 or 10 in tops 36 c i found it to fit quite well but it has the shape that seems common at retailer lately in that it is shorter and more boxy so if you have a longer torso like me you may not be the happiest i loved the lace and didn t have an issue with that area being sheer but the non lace part is very thin i did try it on with a black bra and it was obvious i was wearing black all around you could even see the width of th the top was very small i am usually a size small but this was tight around the top arm holes and it was short also i didn t notice if it said it was sheer see through in the description but it definitely requires another shirt underneath i am 5 8 145 pounds with a 32 ddd bust i typically purchase a small or a 4 to 6 in blouses this blouse was small across the chest and therefore i purchased a size 8 it is a nice fit however the button placement on the blouse does not work well for someone who is chesty one button is placed slightly above bust line and the other slightly below this causes a peek a boo space between buttons therefore i wear a bright white tank top beneath the blouse and wear the blouse unbuttoned to j i wanted to love this dress i ordered online and what you cannot see in the picture if the pleating on the dress i ordered a medium i am usually a large in retailer and the medium looked like a tent i realize this should be loose fitting but it was huge i was so excited to try these but was really disappointed in the fit i found the legs and butt to be tight but the waist to be really big if you are normally a size 24 i wouldn t bother with these really love this sweater i am pretty crushed i m returning it the flair below the waist is too much the quality is wonderful the color lovely the style great i wore it around the house and every time i caught a mirror it just was too much material too big a bell shape oh well still looking for the sweater for winter 2016 17 i read the cleaning instructions label carefully followed them closely and still the dye ran and stained some of my colored clothes pi ed me off just after the first wash and even before wearing them i have streaks of uneven color on the pants bad quality material or dye is what causes this now i have to go and see if i can even get out my other stained clothes thanks a lot retailer in paper crown dresses i wear a small or size 6 so for this top i ordered a small it was huge on me for reference i m 5 7 130 lbs 34a it is very wide towards the bottom and it flares out way more than in the picture the material is also a little stiff so it really sticks out even if i sized down to the xs i think the bottom would still look unflattering so i m returning this unfortunately it hit at the widest part of my hips so it wasn t very flattering the point in the back was also kind of odd and off center i had to return pretty color though i love the idea of this coat and foolishly purchased other items in happy anticipation of its arrival \r\n\r\nthe description does not say lined and i hoped for soft wool that i recently got on the yellow with white piping sweater coat this is hard coarse itchy wool impossible for me to wear an unlined garment i am consistently puzzled by the high prices for garments that are unlined when they really need to be it went back and i cannot really recommend this as i know i am not the only nan this dress is huge also i was super disappointed in the fabric i thought it would be silly like a georgette but it was coarse more like a poplin and thin i thought it looked cheap the neck is so big on this sweater i couldn t make it lay right the shape of the sweater is odd it is really wide on the upper torso but tapers near your waist it did not look as depicted on the model the sweater is a lovely color i liked the two tone but overall the fit was too weird for me material is soft and it felt really nice on but just too oddly shaped and a crazy big neck this top is one of my retailer faves it is so comfortable and love the quality and design i receive many compliments on this top i usually wear an xs or s in retailer tops and the xs was a little tight in the arms the dressing room attendant suggested ordering a petite small so i wouldn t lose the shape so glad i did it fits perfect i even ordered when it was on sale the gray color is perfect its not too thick or thin i really loved the color and fabric of this sweater i liked everything about it except how wide it was at the bottom i returned it for this reason this shirt is not near as nice as it may look the fabric is just ok it runs large i ordered a xs and the neck line was huge and gaping not worth the money even on sale i so loved the look of this top and most of the reviews seemed really good i thought the material was great and i ordered the blue which is a beautiful color but the fit was way off and the design is way off for a girl with hips first the fit the arm pits are low and don t actually tuck into where your armpits are so you have this weird restriction in arm movement then the design is not great either and others mentioned this the sweater at the bottom has way too much extra materi love the blue color and the bit of sparkle gives this otherwise casual piece a bit of flair the hem is cool love the big cuffs but i looked like the liberty bell in the small it is huge through the hips not at all like on th model i also worried it would shrink and i would lose the length in the arms returned this top does look as pictured the sleeves hit me the same and the size was true i just didn t like it it was shorter than i wanted in length and i just didn

t feel like this top was worth the price so it s going back i feel like i have had shirts with this texture and over time they just didn t wear as well so i was afraid with 3 kids it wouldn t be a good idea i paired it with a blazer and it looked great but on it s on i don t know just not for me for reference i am 5 8 128lb i so badly wanted this top to work it looks so cute but as soon as i tried it on i knew it wasn t a keeper i didn t even need a mirror it s not suited for those of us with a bust i m a 34d and anything but a lanky model esque frame i suggest sizing up if you re busty and want to give it a try it looked dowdy on me i am on the fence about this one the length is great it hits right above my knee at 5 1 overall it was larger than i was hoping the waist is pretty loose and i really had to tightly tie the back to get s good shoulder fit the bottom is very voluminous making me look wide i wish they had it in a petite size for this price i will probably return it it s not worth the 300 price tag this dress looked like something i would wear and covet for years unfortunately it was loose in the places where it should show shape and was tight in others the bodice is incredibly small and not meant for bigger chested women while the fabric is beautiful overall the dress did not look like much disappointed not a tunic unless the model pictured is 5 1 barely covered my backside and not as advertised design on top is interesting and the fabric is soft so it s a good buy if 50 off or more i was interested in this sweater because i actually thought it was a tunic the sweater is much shorter than i thought i wish i could return it i bought a size large which is my normal size really well made beautiful sadly it is very short not a tunic at all this dress was my absolute favorite recent retailer purchase the fit is so flattering i think this dress runs true to size i usually wear a size 6 in hd in paris and that s what size i ordered i expect i could have fit in a 4 but the 6 is comfortable i am 5 4 but i ordered the regular length and it hit just above the knee i agree that it could use pockets but no need for lining however i just laundered this dress for the first time hand wash lay flat to dry as recommended and this dr finally received this in the mail today and was very disappointed i am swimming in the xs 5 4 110lbs the colors are much more vibrant that shown in the pics the green is a bright kelly green the red is much more red than rust colored etc and it s a sweater coat for the price i was expecting it to be lined and higher quality i don t doubt that it will be warm but can t justify the price it s going back to the store ordered online and when it came i was very excited to open it but the photo doesn t show how incredibly wide the cut is it is also quite cropped and looked very awkward on me 5 9 130 the embroidery is lovely but the style doesn t work i had a small but the area in the shoulders was cut very tight and it would not have worked well if i wanted to raise or lower my arms above shoulder height might work better on someone with a more petite frame but i do caution how voluminous the cut i was so sad not to love this dress it is beautiful but is so unflattering on there is a lot of material under the arms and it gathers up due to the smocking so it just made me look incredibly frumpy i don t really think a petite would have helped the gathers just bunch a bit and so rather than hang the dress sort of clumps i am lean but broad shouldered and maybe that is the problem but i was super disappointed narrow shouldered people with long torsos could pull this off it is a t these pants looked worn washed old looking when i received them the quality is super thin cotton as if it s been washed a million times is about to fall apart the workmanship is terrible you can see loose stitching all over the top portion is too tight looks terrible stretched out i liked absolutely nothing about this pants except the idea of them from the picture online the wash on these jeans made my hips look twice as big that in combination with the looser boyfriend cut was not flattering quality was excellent denim was thick with the right amount of stretch unfortunately they had to go back i liked the concept of this vest but when i tried it on i felt like i was 9 years old again and wearing my brownies girl scout uniform it was also very boxy and wide it seemed to be well made though and maybe would have worked if it were a different color after eyeing this product online for awhile i was able to try it on in store i m so glad i did because while this dress is lovely it is clearly not designed for my body type i have a small rib cage and a large bust 32h which is i think what caused the keyhole to be so gaping on me additionally the straps of the dress were up by my neckline instead of lying properly on my shoulders which was unflattering and left my bra straps clearly visible the fabric was gorgeous and soft and the i have been looking for a nice white tunic and i should have known when i saw this was one size fits all maybe because i am petite 5 2 but there was so much material hanging everywhere that it made me look even shorter and fat who wants that so sending it back fell in love with the look of this top in the store but they didn t have it in my size 0 thought i d try the 2 as the 0 was sold out online as well alas the fit is rather tentlike it did not drape as i had hoped a beautiful and unique pattern on the right body but on my slight frame it was not flattering it s going back to retailer i m not sure why this dress is getting great reviews the plunging neckline is ridiculous and ran down to the underwire of my bra and the slit up the side came up to the upper part of my thigh it was o

ne of the worst fitting cut dresses i ve every tried on at retailer i m 5 4 125 maybe you have to be 6 feet tall and 90 pounds for this dress to not look like a bad renaissance faire costume this top is very pretty but it doesn t make up for the problems with it retailer seems to be s uffering from quality issues as of late the sizes are all over the place and items i have purch ased don t seem to hold up to normal use and washing i normally wear a medium in tops the medi um in this top was huge i needed an extra small which means a lot of people are sized out of t his top i hand washed this top in cold water as the tag indicated and it shrunk it shrunk so m uch that i can i bought the tiny brand cassia tank last week in a small and it fits beautiful ly i ordered this sorcha tank in a small as well and it is huge i am very sad about the huge size difference look closely at the photos the fabric twists as it goes over the shoulders t o the back it is quite bulky hard to tell if that would minimize in a smaller size my store doesn t carry this item so i can t easily try another i m normally a size 25p i bought these i n a 26 because i wanted a more relaxed fit i could barely pull them up over my calves i could get them on and button them but i felt like a sausage stuffed into a straw size up 2 sizes at least i purchased this sweater in my usual xs but found the silhouette to be way more tent lik e than pictured on the model the knit is pretty stiff too so the sweater didn t lay flat but hung on me in kind of a triangle shape also the sweater knit was heavier than i expected from the picture and seemed to be more of a fall weight piece i am fairly small but lately i m find ing that retailer pieces are huge in an xs and i have to size down to xxs i know i m not that t iny maybe this wou ok if i had a different body this would be awesome but i have a big but t and meaty thighs so just did not flatter me although my husband couldn t tell that the pants were tugging on me thanks to the pattern it does camouflage it was uncomfortable so if you a re built like me this isn t the jumpsuit for you \r\n\r\nthis is a well made garment but there is no give in the butt and thigh area hence would not recommend for my thick thighed sisters \r\n\r\nfor reference i am 5 3 and 150 pounds th unfortunately this piece has a very boxy cut and the white layer is stiff and billows out i am tall and thin but this made me look pregnant very unflattering i considered trying a smaller size but i did not like the material too much either so i just returned it this is definitely a personal preference review i loved this dres s when i tried it on it s really beautiful however there was just way too much fabric on the sleeves for me i know it s the style and i have similar style dresses but i felt really large in this dress and it all came down to the sleeves for me in the photo this sweater is very app ealing but in person very disappointing i am 5 7 always take a size medium but on me the slee ves were far too long and the sweater just didn t fit properly the collar doesn t fold right in the front and it hangs awkwardly if you try to use the button it stretches and looks terrible in the back it falls short it s going back i ordered this dress and have sent it back i thin k it could be a flattering dress the waist hit quite a bit above my natural waist which made th e entire thing fit weirdly i am very long waisted so this might just be a problem for me i or dered regular size 2 i love this dress but the zipper is definitely defective \r\nits a flateri ng style and i love the fabric and fit im normally a 10 but the 8 fit perfectly \r\n\r\ni m ne rvous to wear it because of the zipper i would return it but dont have the receipt i received this in the mail and it looked beautiful but the zipper was broken just like one of the other re views normally i would just exchange but i don t know if it s worth getting another broken one this dress overwhelmed me i m 5 feet tall and the print and material just took over i ordered this and thought it would be cute for work but it tuns out the sleeves are ridiculously long i am 5 foot 10 and do not have short arms also it is a bit short waisted for me i do love the fl oral detail of the button in the picture it looked to be a structured blazer but when i tired it on i got an extra small and it was too big i was disappointed with this dress because it i s not the usual retailer quality the quality of the material is not very good i ve bought boil ed wood jackets from this brand before and they re very soft and very well made hence my disapp ointment i agree with the other reviewers in that this dress runs very large and the length is short for a winter dress this dress runs very large i am 5 4 and 120 lbs hourglass curvy bui ld i ordered a size small and its enormous on me the description says fitted but it is not fit ted at all it s like a big wool sack i d have to gain 30 lbs for this dress to come close to f itting i m very sad that the fit is so far off and the dress is now all sold out in all smaller sizes including petite i never normally buy petite clothes but i think i would have to get a petite xs if it were available the dress lo i tried this dress on in store i loved it online but in person not so much it looked and felt like a cheap halloween costume the fabric was bad really bad the mustard color was beautiful boo i wanted so much to love this dress b ut unfortunately the fit was so poor i had to return it the color of the dress green was love ly and i liked the fabric and the overall design very much i read the reviews and decided to o rder an extra small petite given that reviewers said the dress ran large but even at that size the dress was too large especially around the hips which for someone with an hourglass figure

is saying a lot the extra fabric around the hips belled out some making this is a very cute
and warm dress it is flattering yet appropriate for work but i had to send it back for two re
asons the zipper didn t work well it just wouldn t zip without someone helping me and even the
n it was very difficult to zip perhaps it was just the zipper on my dress \n\nthe neck felt lik
e it was strangling me was the other reason i sent it back if i am not comfortable i will not e
nd up wearing it so even though i loved the style of it the pragmatics were lacking i agree wi
th the review above regarding the sizing of the dress being large i am a pear shape so i was wo
rried the small would be tight in the hips however the dress as a whole seemed large and not ov
erly shapely i m 5 8 but i also thought the dress was an inch or so shorter than i would prefe
r for a winter fall dress the dress is a very dark forest green not black see the photo for
the shaping of the dress it shoes that due to the material it oddly bulges in certain region
s rather t material is too thin and quality is poor looks much nicer in the photo i expected a
much higher quality fabric this fabric truly felt cheap i expected a nicer dress for the price
the fit was unflattering on me sent it back the fabric is very thin it isn t see through just
thin i would have kept this if the full length shell wasn t longer than the dress ordered it b

d frumpy on me pretty but wasn t happy with the fit aside from that the line separating the
top from the bottom was rather high for me and it seems that it was not really intended to be an

oto i think it ll have to be returned for this reason i bought this for an upcoming conference
and was grateful that it shipped very promptly \n\nit runs quite large in my opinion i m 5 7
and about 130 135lbs the small was huge on me in the chest and shoulders arms the stomach also
wasn t very fitted the material is thinner than i expected you can see through the dress to so
me extent when you hold it up to the light but i don t think this is a problem necessarily h
ad it been thicker it probably would be too warm but you might need a slip i took a chance on
this top because i liked the style i prefer natural fibers like cotton and linen this is rayon
and spandex sure why not at least give it a shot and go outside my box if the fabric would h
ave been my preference it would have been a keeper i did not like the feel nor the semi sheer
quality maybe it would work for you but not for me back it went i bought this dress in an xs
and am 5 4 115 lbs and fairly proportional the shoulders were snug but the hips and maybe
waist were at least 2 3x too big comically so the fabric stood away from my body like wings o
n each side this shirt is beautiful and so soft it would have made a wonderful long sleeved te
e except for the fact that it was so low cut the only way this is wearable is with a tank under
neath which for me defeats the purpose of this type of shirt i am rather busty 34 dd so ma
ybe if you are smaller on top you might could pull it off i would really like this dress if the
material were a little thicker it s really thin so you can see my nipples straight through the
dress you can t wear a bra with it because it is backless so i don t understand how you are sup
posed to wear this outside of the house recently received this and was very disappointed with t
he quality the fabric was very thin easily stretched out of shape price is ridiculous for thi
s item i was so disappointed with the quality of this dress especially because it looks so bea
utiful on the model the fabric was so thin that after one hand wash it s already developing a
tiny hole and pilling also it is definitely not a day dress i wore it as a swim coverup bu
t it is much too thin and pajama like to be worn as an actual dress the color is much different
in person the blue is brighter and for lack of a better way to describe it cheap looking the
white banding around the t definitely pj quality i have a fairly thin frame and this hung on me
like a tent and it s very thin so it works as a swim cover but definitely not a dress for any
thing else although the fabric and color is beautiful the sleeves do not lay properly they a
re too stiff and look like wings on me sadly i must return the quality looks great it is unfo
rtunate that the design was a miss i saw this top online and ordered immediately \r\ni loved th
e color lace and unique details \r\nsadly it just arrived and it is a disaster \r\nthe lace is
stiff and doesn t lay softly and is very rough against your skin \r\nthe style and i like sho
rter style tops is extremely boxy and the sleeves protrude outwards in a funny way \r\nth
at although i am so in love with this color i would be embarrassed to wear this top in public
\r\nit could have been fantastic if the lace was softer and some a this is an adorable basic

i should have been wearing it once a week this summer but instead the fabric developed noticeab
le holes after the very first wear this brand makes some of the softest cutest tees but unfor
tunately more often than not are unwearable after the first or second wash i wash on gentle h
ang dry not worth the cost i don t know how to explain but this dress at least for me did not
look like the model first off the dress is extremely heavy and extremely long and then where th

nitely not for my type of body i am normal height 5 5 athletic and curvy body but maybe fo

secure the straps well literally five minutes into the car ride to the wineries i noticed the

d too much fabric may work better on someone with longer torso and taller i am 5 6 5 36c 126l
bs i ordered the taupe version of this tee which was a medium brown with black stripes the fab
ric felt itchy and rough and was pretty sheer for not being light colored i didn t care for th
e fit which was extremely boxy and wide from the picture i expected an a line fit but not a
wide drop with webbed underarms i ordered 2 sizes and could have worn the smaller if i d kept
this tee it runs on the larger side what astounded me most was that both tees i ordered were s
ewn with completely cro this dress is so pretty in the photos but in person it s huge and not i
n a way i could adjust by sizing down the shoulders and arms fit but the body of the dress is a
bsolutely huge i normally love a trapeze dress but i was swimming in this so it was quite unfla
ttering it was also much longer than it looks on the model i m not short in fact dresses are
normally a bit shorter on me than the average person but this was just frumpy i bought the shir
t in ivory and went down a size per the advice from other reviewers what i should have done was
go down 2 sizes runs huge my husband said i looked pregnant and that s never a good look if yo
ur not sent this back the same day i also have this dress in 3 4 sleeve tegan tunic i love t
his dress it can be dressed up or down wanted to love this dress pretty fabric and colors i
think it would be more flattering on a taller woman i m 5 3 ordered a s this just looked li
ke a nightgown on me sorry to say it s going back i really want to like this dress it s beau
tiful but it just fits like a sack the yoke exaggerates my bust and the dress makes me look 20
lbs heavier perhaps if you are tall and thin like the mode or small chested it would be great
the quality and color is beautiful the fabric of this top is lovely the fit not so it does no
t fit as shown on the model the fit is very large around the middle and fits more like a swing
top i am 5 9 slim build i ordered my usual size medium shoulders and back fit perfectly too
much material around the middle had it had a straight cut to it as shown i d keep it because
it doesn t it s going back wow this didn t work for me loved the red color and drape and subt
le shine of the fabric but it fit like a sack and you could see deeply into the armpits from t
he side revealing my bra and more way too long i looked silly maybe it was the size i m 5 3
and ordered the large this was my first retailer dress order but i m not giving up maybe the p
etite would have been a better fit don t think i ll try again with this one however i ordered
my usual size and i think the length and the top chest arms for great however the bottom is m
ore of a swing style than a straight or slight a line as depicted in the stock photo there is t
oo much fabric in the stomach area and just not flattering this dress is beautiful but not mad
e for someone with a 36d i ordered a 12 and i could get my chest in this dress i really wish i
t fit it s well made and very beautiful belt does not come with the dress nan i tried this on
in a medium in the store and it was too big overall i thought it was a nice concept for a femin
ine whimsical top so i ordered a small online but even then a small is still too big and i us
ually wear a medium or an 8 in tops maybe if it was slimmer through the ribs waist area it cou
ld work but it just ends up looking maternity ish and too voluminous everywhere below the bust
the front was too short as well stopped higher than what is shown on the model and i m assumin
g sh nan i loved this romper so much the material is thin but perfect for summer the style is
just what i was looking for it s so so cute and fit perfectly at first i wore it one time an
d then washed it exactly as described on the tag and it shrunk beyond recognition it went from
loose and flowy like on the model to little booty shorts and a body suit not the look i was
going for i am so disappointed this was a bit of a disappointment the colors are beautiful b
ut the shape was not flattering on my petite frame it is somewhat wide and boxy in the shoulder
s and body the fabric is stiffer that i expected and therefore it doesn t drape nicely on the
shoulders and through the torso if you look closely at the model you can see what i am talking

about at the shoulder the shoulders stick out a tad and the gathering at the neck contributes to the larger boxy look this might look nice on th it was so cute in the pictures and i was lo oking for something to wear to my trip to europe so i purchased it but it really didn t live up to my expectations i m 5 3 115 and got a s it looked odd on me a little too short on the bo ttom a bit too big on top and overall i thought the material looked cheap for the price i retu rned it i really liked this shirt the one time i got to wear it but when i washed it accordi ng to the directions on the tag it shrunk a lot the sleeves are now too tight and it is much shorter thinking about returning it to the store but in any case i cannot wear it again the design and style of shirt is quite cute but the mountain pictures is not mont blanc nor does the mountain find itself near chamomix \nit is an unmistakable image of the matterhorn and the s mall town of zermatt is at its base this romper was so cute and with the great reviews i though t i needed to try it but once trying it on i realized it was an odd fit there is not enough f abric to make it look as relaxed as it does on the model also the sleeves were a bit wider tha n they look in the picture would probably work well for someone with a petite figure i ordered these because of the side zipper but they zip in front even though the order listing and bag l abel called them wine side zip pants they were also at least two sizes larger than marked an d very flimsy material what bothers me is that i was charged 5 95 to send them back even thou gh the product description and the name before someone changed it on the website were wrong i agree with those who thought this material looked a little cheap i ordered the white knowing ab out the sleeves and thought i d like the slits but the material sleeves definitely gave an un desired pirate vibe \r\n\r\ntrue to size i absolutely love mother jeans but i unfortunately ha d to return these ones this particular style seemed to run pretty small too i always size up in white jeans and even the size up that i had ordered were just too tight i typically wear a 28 in mother and ordered a 29 in these really wanted to luv this top buttt it ran small in arm length in the front bottom backside was perfect coverage also most important this top is see through item as pictured is not accurate the top is totally see through and fabric some wh at itchy it also feels cheap to the touch i love the idea but can t keep it for this price i m a shorty so i d have to hem it too sadly will return i m baffled why none of the other rev iewers have mentioned how large these pants are i ordered the petite small and i m always a sm all these are huge i felt like i had on a large i like the thin material and color and i m s ad that they are so large this would have been a cute top but the shoulder seams come halfway d own the arm and give it a really weird shape it looks smooth and fine on the model but in real life they stick out and make you look boxy too bad love the color and design but way to small i can wear a small in many manufacturers but certainly not in this one the medium was like an e xtra small sorry because i liked what i saw in the advertisement \nas an older lady i love your well made fresh styles but need to be able to trust that a size is true to form guess i shoul d ve looked at the pictures more closely i ordered the white version and in the pictures you ca n t see that the sleeves are split and it barely shows in the picture for the blue version it also would ve helped if the detail of the sleeves were noted in the item description anyway i will be returning this top because i don t like the way the sleeves look each time i bend my arm s looks a bit pirate like to me the arm slits are actually subtle and don t gape open the ch iffon type pleats are lovely but the cotton material they overlay appears cheap and isn t dress y enough for my work i so wanted to love this top i first ordered in the medium because previo us reviews said it ran large i got the medium and it ran so small in the arms that i could almo st not get it off with ripping it so i ordered an xl hoping that would work unfortunately it r an just as small i m the arms and i had to return i was aware of the split sleeves when i purch ased hoping to try something new they re not attractive the slit stays open with any movemen t i don t think it would be appropriate for work overall the fit is true to size i otherwise liked the design but the sleeves made this a quick return when i returned this the salespe rson asked what was wrong w it bc it keeps being returned i got the black w the white collar cu ffs i thought it was terribly itchy material which could be remedied w a shirt underneath but the white collar part was such a dull ugly white dirty color maybe the other colors are better i thought i d like this dress in the neutral color i had to return it it as it was quite unflat tering the skirt made my hips look big and the uneven shape didn t help the top fit well in m y usual 4 petite i think it would look nice on some people as it s something different but i a m not one of those it worked on the design looked super cute online but in person the materia l seemed cheap actually at least in the green one the material is different in the striped an d solid sections if it had all been the striped material it would have been much nicer this t op is adorable and has a looser fit as shown on the model shot so i would have liked to size down however the arms are extremely fitted tight and there s no way i could have fit my arms i nto the next size down if you have slim arms maybe you could size down and make this work thi s is a very soft and comfortable jacket but it has holes in the pocket area it was returned to

the store and the other jackets had the same problem although not in the same area the store wa
s considering pulling the product off their shelves it is unclear if the holes are just the beg
inning of a pocket or what but it was flawed by everyone who looked at it nan i ordered this b
louse because it was such a good price on sale but should have paid closer attention to the revi
ews the slits on the sleeves are much more noticeable than in the photo and the blouse just did
n t work for me something about it reminded me of seinfeld s pirate shirt i appreciate retaile
r s return policy i took it back to the store and got an immediate refund on my cc i ordered t
he geometric blue red pattern in a small regular the material was soft and comfortable it is
a stand out piece but unfortunately it made my stomach look like it was sticking out too much
the neck line did not stay flat against my chest which resulted in an ill fitting bunched up lo
ok i returned this one for reference i m 5 4 120lbs 34 a i was confused by this dress the
heavy fabric made me think of winter but the cut and print are springy it s also not lined and
the material is not exactly soft i put it back cute but missed the mark well i was disappo
inted in the fabric for this dress it is a heavier material and i suspect will not be very cool
comfortable during warmer weather when i would normally wear a sleeveless dress \r\non the upsid
e the pattern is really pretty i really had high hopes for this dress i had several issues w
ith it though based on the high ratings other customers did not experience the same problems
\r\n1 it was to short i am 5 8 and it was really really short on me i could not sit down in
it \r\n2 i found that it ran large i ve lost some weight recently so perhaps i ve gone down
a size but the medium was like a sack on me \r\n3 the waist was really roomy it ballooned out
to the point that it was comical \r\n4 as others have noted i really like this dress shirt i
t s great for layering super cute and will hide my traditional holiday and this year s pregnanc
y weight gain i think it will be so cute with some leggings and boots \n\nunfortunately the bac
k panel of the dress does not seem to vary based on the size this may sound weird but i ve trie
d on an 8 and a 10 and the ability to reach forward didn t change between the two sizes i just
returned the 10 and am hopeful the 12 i ordered will be slightly roomier in the back listed on
the package labeling but not in the product description i am short in the waist and this is sti
ll much shorter than pictured disappointed to send this one back as it s otherwise perfect it
is so cute in the picture but wasn t flattering on me it also felt like i couldn t raise my arm
s while wearing it i love retailer and will be a forever fan but this dress just wasn t for me
this top fit perfectly but too much of my bra was showing through the black lace it would be a
great top to use as loungewear though the top is a pretty design it s a low v neck but it wo
uld be nice for layering it was just way to tight runs small order up a size i wanted to lov
e this dress so much and am so sad it just didn t work for me i am 5 2 138 pounds still tr
ying to lose that last 5 8 from my third daughter and the chest back of this dress was so tight
i was afraid if i hugged someone it would split up the back i am normally a size 6 and tried th
e 6 p 8 p and 8 and they were all too tight in the chest back it sounds like this is common fo
r these holding horses dresses this is adorable but if it truly has to be dry cleaned that i
s deal killer this is a cute dress but the fabric is very heavy and i didn t find it to drape we
ll on me it is a very heavy felted poly type of fabric i ordered it for a specific event comin
g up this summer and the fabric will not work for warm temps the style and design of the dress
is great though for reference it did fit fairly true to size i wear a 0 or 2 the xs fit well
if the fabric works for your situation then i would try this dress i ordered a size small i am
5 7 size 6 and the dress was a mini on me way shorter than on the taller model the stomach an
d hips gaped out from my body yet the waist was cut way too high so the dress was both too smal
l and too big very odd fit the material is soft thick stretchy and has a textured pattern wh
ich i liked this one is going back i was so excited to purchase this dress for my masters grad
uation party it looks beautiful on but i could not get over one little detail the structure of
the top falls funny on your chest a bit too high from the rest of the pulled fabric it doesn
t look right if you have a necklace that falls perfectly on the piece of fabric like the main
photo shown you are good the third photo with the short necklace shows this issue best i love
the style the lightness and the fit but the fabric in the skirt just did not meet my expecta
tions this might be something to find at a mass retailer i guess i simply prefer a natural fab
ric i was so looking forward to wearing these pants on an upcoming trip i already had my outfi
ts planned when these pants arrived however they were very different from those shown in the
pictures online firstly the pants are in actuality quite cropped i am 5 9 the model in th
e pictures is at least that height if not taller and the hems were several inches above my an
kles secondly the pants appear to be an even wider cut than what s shown although the width o
f the pant legs may have i read the other reviews before i purchased this jumpsuit because it s
very cute as another 5 3 reviewer mentioned it will be longer so for me that s a plus but i ha
ve thighs not huge but regular well proportioned woman thighs and boobs it was a little tight
but doable around my thighs but my boobs got lost in the sauce i gotta love it to keep it and

i don t it s a great print and fabric though i really wanted to like this dress but where the skirt meets the top of the dress in the back creates sort of a hunchback effect in the back wil l be returning i loved the romantic look of this robe and gown set but the material was very t hin and wrinkled and needs to be ironed the m l was uncomfortable and i normally wear only a m sadly i returned the set i have to agree with another reviewer this blouse has an odd fit t he small petite my usual size was a good length and there was plenty of room in the body howe ver i found the shoulders to be quite small which made the neckline pull since i definitely do not have broad shoulders this may be a particular problem for those that do i also found the ga thered seam above the bustline and across the upper back resulted in an unflattering maternity t op effect the blouse i was sent had one sleeve this skirt ran short small and boxy if you ca n get the right fit the skirt is great quality and super cute but i recommend trying on in sto re for sizing i did not like the fit of this as another reviewer stated it is not a swing tun ic it hangs fairly straight i don t have large hips i m 5 8 and 120 lbs with a full bust and this did not look flattering i returned it immediately this was not what i was expecting at a ll i am a medium in just about everything but ordered a large to possibly wear this as a dress instead of a tunic since i am around 5 4 the large fit like a small on me and not like a typ ical oversized sweater type small but a normal fitted top small a previous reviewer said it is long and straight and i think that is a good description for it i think the models wearing thi s in the pictures are all wearing an extra large or a different cut of the the item i received was not distressed i bought one size larger thinking they d be super slouchy but they just loo ked sloppy also the hips puffed out in a very strange way i wanted to love since they are so cute and soft but i look like a man with hips in these jeans returning this weekend this is a nother one of those darned swing tops i can t even with this trend this shirt has such a nice print color palette going on but it s ruined by the swing cut henley combo it looked like i was a little kid wearing an oversized men s night shirt smock i don t know it was just not at all flattering i ordered my regular size large and a medium would have worked and probably still be en generously cut i disagree with a reviewer who said it might work for larger sizes this jus t made my description is wrong not a swing tunic more long and straight keep that in mind whe n buying this if you have hips this might not be the top for you i tried on the grey version i n store and it was significantly longer than pictured the back came down to just below my knee which looked awkward with the split sides i am 5 4 and this was a regular not petite size h owever the overall quality of the fabric was good and it seemed durable this shirt had everyth ing going for it the cut the length the fun texture but when i stepped into the light it wa s totally see through i don t want to have to wear another shirt underneath this one is going back definitely not a swing but still cute i thought these were gorgeous and was going to buy them although the price was a bit high in fact two separate women came up to me as i was walki ng around the store and asked where i got the pants because the colors are so vivid however as we were looking at the items we noticed that both the green and the blue both had several small holes in them due to stitching quality as the previous reviewer noted therefore none of us pu rchased the pants \r\n\r\nthe staff at the store were very helpful this dress was cute but the f it was not quite right the bottom half fit well but the top half was a little loose it was wea rable but i was worried after wearing for a few hours it would stretch out even more and look fr umpy like other reviewers have said this dress really needs a belt to bring it together i end ed up returning it because i didn t love it really wanted to like this and took chances based o n other reviews even with the sale price and addtl discount it s basically 30 blouse fabric w ith design and detail work of a much more expensive blouse the white is sheer and and fabric wi ll wrinkle easily if it were black you could probably get away with it but the white shows to o many flaws and will wrinkle sad to have to send it back i ordered a large and was hopeful t hat this would be as comfy and stylish as others reviewed for me it was not it ran a little s mall on top buttons bulged at my chest and was hard to put on bottom part fit well although flattened my butt unflatteringly i m sure this works for some just wasn t the right fit for m e sent it back wanted to love this top but couldn t the arm holes where so big you have to w ear a top under to hide side boob very light sheer material had to go back 5 7 34c 28 jea ns size 4 dress fell in love with the pattern in particular knowing the design might not work best for my body ordered the size small it was not unflattering but it did nothing for my b ody type if anything the excess fabric made me appear wider and made my waist non existent th e trouble was that the skirt portion has the elastic band starting high approximately right un der your chest almost like an empire waist this is hidden by the flap of material hanging ove r i am soooooo massively disappointed in this purchase i thought i had found the perfect pant in this style both more comfortable and more flattering than similar styles in the store i wan ted to wear them every day received lots of compliments felt that you could dress up or down etc this is where i have to admit that i wore them several times straight from the store before

washing on the second wear i noticed threads coming out on the seams but just on one side of one leg this was irr i like the fabric very smooth and feels nice on the skin i like the handkerchief hemline too i didn t realize how much i would not like the neckline it feels too tight and too high to me and i m not sure i could wear this for long without pulling at the neck also the fit is loose maybe a bit too loose for my taste but it s the neck fit that makes me have to return this dress i ordered this dress in the green color the dress did not look like the picture i returned the dress since it looked like something to wear to a farm barnyard dance i returned the dress this dress looks great online with boots as shown when it arrived and i tried it on it fit great on my arms wasn t too tight on my neck but once it went down over my chest 36c the dress never came back in to show my feminine waist shape it just looked like a big trash bag on me very disappointing similar to a mumu i was hoping this dress was a bit thicker but when i tried it on the fabric was very thin and sheer because of the body skimming design this dress likely won t work on many without some serious spanx or body trimming hosiery if you work out and are very fit you might like it but i don t so i m not that brave lol i loved this dress it runs small i m normally a 2 so i had to get a 4 in the fitting room the zippers got stuck a lot i assumed it was just from the way the waist was sewn in finally i found a dress that would zip pretty well \r\n\r\ni went to put on this dress for my rehearsal dinner the night before my wedding my fiance and i tried in vain for 20 minutes to try to zip it up and then it broke the part that was zipped became unzipped and the zipper had no where to go it was awful i co i thought this dress looked really cute and many people gave it great reviews for me there were a few key things off for it to work i thought the material was soft although not thick as you might expect with a turtleneck style dress i ordered a small and the top fit ok the arms were a little tight then the larger problem was the body it hides everything which is great but the way it fell and just sort of hung there it didn t do anything for my figure and was not flattering around the wa i ordered online i sized up one size it fit perfect so flattering and so pretty then i tried to take it off and the zipper stuck badly 30 minutes later i was sadly packing it up to ship back the zipper is that awful i have the long sleeved version of this dress and was super excited to try on the sleeveless version but it just didn t work nearly as well the armholes are huge and will definitely show quite a bit of bra the black pattern was also nothing special i like the mock turtleneck and the dress has a nice swingy feel would consider getting it if it went on sale \r\n\r\ni tried on the small and the extra small didn t notice a difference between the two i think i have on the xs in the photo i bought this online so didn t realize that the fabric at the bottom is very very stiff i was expecting something silky or at least on the softer and more moveable side the best description i can think of is an overly starched mens dress shirt that being the case it kind of juts out in weird places the sweater part is very nice but it is somewhat closer fitting than what it seems in the picture the fabric bottom is too ample for the slimmer design of the sweater which just adds to the o my conscience screamed at me not to buy this sweater and i wish i had listened i noted the fact that it was acrylic and also the fact that it was oversized but i also loved the design and can t resist anything with mustard yellow i was instantly disappointed when i received it almost didn t even try it on how can they possibly charge 185 for terrible itchy 80 s acrylic it looks cheap it feels cheap and it didn t even fit well only redeeming quality easily returnable loved this dress when i tried it on in the store and thought it would be perfect for a casual wedding unfortunately the day of the wedding the zipper split and i had to wear something else it fit well but was poorly made based off other reviews this isn t the first time this has happened with this dress not worth the risk at all this dress looks and feels cheap the white material is stiff and does not iron nicely the grey sweater is super thin and very cheap looking overall a pretty horrible dress save your money these are absolutely beautiful pants soft and wearable right away but the other reviewer is right if you are average or short these will be way too long they won t even look like cropped pants just regular wide leg jeans i am keeping them b c i love the look and i will also have them altered to be shorter it s disappointing that these were designed for the statuesque instead of the other 90 of us especially considering the amazingly high price for a pair of jeans so i guess i am di i m usually a fan of maeve but this dress is just bad the fabric is thin and filmy and it stretches to sheer over your chest the turtleneck is neither tight nor loose it just droops in a most unfortunate way i wanted to like this dress but it just did not work for a bustier frame the fabric is quite loose does not nip in at the waist and is not particularly clingy so if you are well endowed your assets create a bit of a shelf from which the rest of the dress just hangs as a result the swing comes from the apex of your chest as opposed to from your hips as on the model and the asymmetrical hemline makes the look even more awkward on smaller curves this would likely be very flattering but i ordered the neutral and this dress feels and looks great but my issue is with the fabric while very comfortable it fades where its stretched so around my bust and

my back when i moved my arms i am 5 9 145 lbs and the small fit me the best but i tried on th
e medium just to see if it was a fit issue the fabric still looked weird i m disappointed to s
end it back but i just can t keep it i have several maeve dresses that fit really well this wa
s not the case with this dress fabric and color are great fit was off especially in top worst
part was zipper that wouldn t move smoothly took me a good 15 minutes to get it unzipped such
a bummer i ll start by saying that i loved this dress i tried it on in the dressing room and k
new i had to have it the colors and design are beautiful and the fabric is soft i did have to
size up but it fit me perfectly once i did i m 5 1 130 lbs 34 d size 6 fit great \r\nthe firs
t time i pulled it out at home i was gently pulling up the zipper and once it hits those ribbon
areas on the side the zipper seam split i tried for a half hour to get it to realign i finall
y decided to go exchange it for this dress is so cute i went to the store to try it on and alth
ough i knew the dress would fit i could not get the zipper up my mom the sales lady and i all
tried to get the zipper up and it would not move past the ribbon i wish i could have bought thi
s dress but i can t without a working zipper i tried a size up and every dress at the store tha
t was my size and none of them worked please fix the zipper problem so i can have this dress i
agree with the other reviewers i ordered 2 of these but had to return both because the zippers
didn t work when i returned them the saleslady said many people had problems with them this d
ress is so cute but it s going back the zipper is horrible and all of the other reviews are tru
e you ll need to size up very pretty but too short for my age looks well made and green dres
s is beautiful it was just too short for me to be comfortable wearing i tried a size x small o
n in the store and i am 5 4 120 lbs i had trouble getting my head through the dress and once
i did it felt so tight at the neck as if it was chocking me the dress color is very nice but t
he tight neck and odd arm holes were a no i would not recommend this dress for those reasons i
should have listened to the previous review on line before ordering unfortunately this will go
back as the design fit and proportions are simply off i love uniquely shaped wraps like this b
ut this one didn t make the cut for me i ordered the red version it is incredibly cute soft
vibrant and a flattering a line however this dress is sized oddly running at least one or tw
o sizes too small particularly at the waistband i ordered my usual size and one size up and e
ven the larger size was too snug in the waist yet at the same time i had some gaping at the s
traps and i have a full bust even worse is the impossible side zipper that is a workout to g
et past the seam at the waistband trying to wrestle the zip i was so excited when this dress ar
rived today as other reviewers have mentioned the fabric is lovely soft and drapey and it fee
ls great on it felt great that is until i looked in the mirror while the dress fit fine i h
ave a large bust and the fabric stretched across the bust causing the print to appear washed o
ut across the bust not a good look sigh another return it s not totally apparent in all of t
he photos but this dress does have a very noticeable a symmetric hemline i have read other rev
iewers that have said this dress is forgiving and a good choice for people with an hourglass f
rame if you are truly an hourglass small waist larger shoulders and hips due to bone structur
e rather than weight this dress is a poor choice the fabric of this dress tends to cling to t
he outermost hip and the a symmetry of this particular hemline not only draws oh i wanted this
dress to work i bought it in green red and the solid blue all ran really small i just fit
in a 10 when i would normally take a 6 in retailer sizes 5 8 and 140 lbs as with many other
reviewers i also noticed that the zipper was a huge flaw it took a long slow motion to get it
zipped because it would get stuck on the fabric variations such a cute style was really bummed
it didn t work i kept ordering it in other colors thinking i would hit the jackpot but they we
r i love the design of this tunic it is sewn well but the fabric is cheap i disliked the text
ure of the fabric so much that i returned it this dress looks cute in the picture and i was hop
eful since it was actually silk i m tired of paying close to 200 for dresses that are polyeste
r or viscose that being said this dress simply had too much going on the fabrics aren t only
mixed but there is also a faint underlying pattern on the fabric that is the same shade of the
main color of fabric it was simply too much and the black lace trim made it look kind of cheap
my real issue is that although the dress itself ran big the uppe this is literally the most unf
lattering thing i have ever tried on from retailer the sleeves are so weird and ugly they get
really fat at the top like a dolman sleeve but it looks really strange because they don t flow
into the rest of the top which is very structured it made my shoulders look huge even though i
have very narrow shoulders this is not apparent in the model picture at all the thick black se
ams at the shoulders are also placed in a really awkward spot which also contri i am not sure wh
o would look good in this dress it is extremely oversized with tons of fabric that will not fla
tter anyone i live in ny and bought his coat for the winter thinking since it was made out of
wool it would be warm this coat is extremely thing more like a spring fall coat and therefore
i don t think the price justifies the quality i am going to return and consider repurchasing if
it goes on sale i also wish it had a button or way of keeping it closed rather than just hang l

oosely i really wanted to love this top love the mix of fabrics and patterns but it is too sh
ort for a tunic length i should have paid attention to other reviews i m about 5 8 and was n
ot too tight in the bust and shoulders i have to return because the length isn t right i was lo
oking forward to this cute top to get me through the winter but the combination of the very thi
nk fabric and boxy shape did not work on my 5 2 130 lb 34d figure the one i received also ha
d an open unfinished seam beneath the zipper i imagine this would be a great top for someone ta
ller i really thought i would love this dress the style is really nice and the material is grea
t however the length made me feel like i looked short and kind of stumpy i feel like this dre
ss would look really good on somebody that is more like 6ft not my 5 6 self ref 5 4 125 2
7 4 32g i don t think this is for us shorter women this hits you right where you don t want a
vertical line to hit it flares out at your hip and makes you look shorter than you are the fab
ric is like a double gauze and very soft and the colors are beautiful but i couldn t even dream
of making this work i thought maybe with my larger bust it would create shape but it looks like
i just wrapped a bunch of fabric around me glad i tried in store and didn t online order i lov
ed this top online but it arrived very wrinkled which raised a red flag as to how it would look
after wearing it seemed high maintenance also didn t love the fit color is vibrant but overa
ll not a fan of this top i stalked this sold out product for weeks hoping my size would become
available when it did i was very excited in fact i ordered both a s and xs to be sure one swe
ater would fit me unfortunately neither did and i felt the actual sweater was not as pictured
the sweater has an overall baggy fit and the cutouts don t fall as neatly and as evenly on both
shoulders as the picture shows making the look a bit sloppy in my opinion it is such a shame a
s this look is very of the moment and the mod i bought this top in the store which was good bec
ause i ended up wearing a size smaller than i usually do i loved the flowy fit of it the washi
ng instructions say machine wash cold tumble dry low i washed it on cold and hung it to dry i
t shrank to the point of being unwearable the dreaded button gap and lost its softness i hop
e the store lets me return it the waist is a little high and large and this causes gapping in
the small of the back area very cute dress if it fit well would probably work on someone less
curvy 00p 5 4 110lbs 32c for reference i really wanted to love the shorts when i read tha
t the shorts were lined i expected them to be lined so that my underwear didn t show even tho
ugh the shorts are lined you can see through the fabric completely this was absolutely disapp
ointing since the shorts have a lovely exterior design pockets and comfortable waistline i
m returning the shorts as well i fell in love with this shirt the moment i saw it \r\nunfortuna
tely when i went to put it on there was a hole running down the seam in the back i went to st
ore to exchange wore the shirt and someone tells me i have two holes in the back of my shirt
horrified i went home took a look both holes along the seam i will be returning this i real
ly liked this shirt i love good flowy blouses and like the over sized look but this one didn
t wow me i thought the quality was just ok it didn t flatter me i almost liked it but i didn
t i m glad i tried it on because looking at the pics online i thought i d like it way more tha
n i did just not great i loved the star pattern of this top but the cut was odd it is very bi
g in the chest and full at the bottom for anyone who is petite on top it tends to look sloppy
the quality of this shirt is great and the colors are pretty it just made me look super wide i
feel like the waist is too high not quite empire and not quite at the waist it just wasn t go
ing to work for my body maybe a different size would work but i don t like it enough to try th
is top was gorgeous and fit perfectly right out of the bag with only a quick ironing unfortuna
tely the first time i washed it cold water hang dry it shrunk so that it no longer fits acr
oss the bust without tape where it was once roomy is much shorter and feels rougher to the tou
ch like another reviewer said unfortunately after i had purchased and washed i wish the la
bel would have just said to dry clean only because i regret washing it and would have done othe
rwise if i had kno nan i got the blue it is very short one side of the shirt i received was sh
orter that the other the material feels cheap and pleats out a bit right over the bust only f
lattering on small busted models i wore this for a few hours and while it i got compliments i
ended up needing to return it after the seams opened up over the shoulder blades the fabric is
so fine that during the normal goings about of my day it gave way and no i didn t buy too smal
l and the fabric didn t pull while i was driving or reaching for anything i absolutely loved t
his top it fit great and was easy to dress up or down i wore it once and washed it according t
o the tag cold water and flat dry it is now 4 sizes too small and unwearable extremely disgus
ted i love the look of this dress but the length feels a little awkward which might be my heigh
t 5 4 i m thinking about having it altered not sure if i will do that or return it i love
the colors and the back cut out it may be a better length for taller individuals the fit once
you get it on is as flattering as can be its beautiful quality is undeniable the problem and i
t s a big one you can t get it on without destroying your nails the beautiful little buttons
running up the bodice are impossible to get done and undone dear designer you forgot the zipp

er sincerely women everywhere i loved it so much but just couldn t buy an outfit that was go
ing to take me 20 minutes to put on and since it is a jumper it would be a process throughout we
aring this dress is very cute on the model online but in person it is quite large and just hand
s there and doesn t do much for the figure cute but not worth the 148 price tag i really want
ed to like this but the fit was just off it made me look like i was very pregnant and i usually
wear loose and flowy tops too this one was just too much material i am usually an xs and that
was the right size for me i thought about taking to a seamstress and having some of the materia
l taken in but decided in the end to return because i just didn t love it the pink color and t
he fabric are nice though there were several hanging threads too which is why i gave quality a
3 i was so curious to see this skirt it looks just like pic really gorgeous bold pattern and
a faux suede like fabric my only problem was that i thought there was too much fabric i love m
axi skirts i am 5 39 8 quot and 136 lbs it was a bit long on me but just had too much fabric
i have slim hips but this made them look larger skirt is almost ballroom gown like in its fulln
ess loved it and someone else might love it but for me it was too much wish it worked this r
omper fit like a dream it is gorgeous unique and sexy i am rating this 2 stars because it t
ook me 20 minutes to try it on there is no zipper and the only way to get it on and off is by
buttoning and unbuttoning the small buttons on the top nobody s got time for that i wanted
so desperately to wear it to my friend s 40th birthday party but i imagined myself spending hal
f the night in the restroom trying to get this romper on and off no thank you i considered bu
ying the romp love the idea of this top but it is so thin and the sequins look so cheap the qu
ality reminds me of something you would buy for 20 at a market abroad definitely disappointed
with the quality for the price will be retuning i was so excited to receive this jumpsuit as i
t looks so elegant and i love the lattice back as soon as it arrived i set about unbuttoning it
to try it on 10 minutes and 2 broken fingernails later i got done when i tried it on i found t
hat it fit everywhere except the bust which was much too tight and i am not a busty person so b
ack it goes even if it had fit i do not think i could have handled the hassle of those buttons
why they didn t design it with a hidden zipper on the side and kept overall the top is cute wh
at doesn t show in the photo are the pleats on the shoulder neck area the placement of the plea
ts makes you look like you have a football player neck the neck area doesn t lay flat but come
s off as puffy at your neck i ve never seen pleats placed in such a spot ruined an otherwise c
ute top i purchased the blouse in both the ivory and black the black i decided to keep because
it will go with anything i was hoping the ivory blouse would work but it s thin and see through
if someone could please tell me where i could find a casual white or ivory blouse that is not e
ntirely see through i would greatly appreciate it this looks cute on the model but was way too
big loose and sloppy for me i probably needed a petite size i ordered a regular xs but retur
ned it it is an okay black top nothing great this jumpsuit is so cute and it looked amazing o
n i had to return it because of the poor design it was extremely hard to put on and take off
there are so many buttons to do and undo which are not as easy as snaps the fabric buttons defi
nitely make a great look to the jumpsuit but there should be a zipper on the side for easy acces
s or use snaps instead of the loops for the fabric buttons what a shame of a lovely and classy
design on a good quality material but not worth it if it s difficu i was excited to get this sh
irt in the mail i liked the pattern a lot but was so disappointed when i tried it on i am 5 4
130 lbs and wear a c cup so i tried ordering a small as a starting point there was enough fabr
ic on the sides to make another shirt despite the excess fabric the shirt pulled open in the c
hest area making it a complete fail i m sure the model in the photo must have the shirt clippe
d in the back to pull in the excess fabric especially since she s small on top ther i agree wi
th all of the reviews the design and fit are wonderful if you can get it on the buttons are a
nightmare whoever made these clesrly sewed the loopholes on the buttons closed with no thought
as how to open them or get them off ridiculous they need to put a side zipper on this as i wil
l probably check into since i really want to keep it so so so disappointing i was expecting a l
ot more but this was disappointing the material is thin and the quality isn t great it also h
ung loose just too loose as it runs very very large i returned it i was really excited to get
this dress i initially ordered a small i am a size 4 but when i tried it on it was really ti
ght the bodice at the top fit strangely i had to shorten the straps quite a bit and the dress
just looked off i love retailer and get all of my dresses from there and the look of the dress
on line was beautiful but just didn t fit right i did love the lace look and would love seein
g more dresses with this design i bought this on sale thinking it was a great deal but when it
came in i found it to fit like a totally unflattering sack the pattern didn t help anything lo
oking totally faded and washed out the fabric and overall quality is nice but the fit and pat
tern are just so ugly unfortunately had to return it this jumpsuit looked so great on the mo
del and looked so hideous on me i m 5 4 and in great shape and this jumpsuit looked absolute
ly ridiculous not to mention it rode right up my backside in the worst possible way i m so d

isappointed i love j brand however the fit of these jeans was all wrong for me they were perf
ect from the knee up however they stuck out too much at the bottom a slight taper from the kne
e down would have made them perfect i had to return them this top is beautiful to look at but
did not fit me like the model it was tight across the bust but very poofy at the bottom which
normally i like but not this time sad as someone with a large chest and a smaller waist i fo
und this top incredibly unflattering and i like swingy tops it was too short too wide in the
hips and too tight in the bust the pattern and fabric are very pretty though this is a beauti
ful blouse but needs to be returned for size i have lost a bit of weight the last couple of bl
ouses i have gotten in a m including this one have been to large for me i am 5 5 tall 138 l
bs and in this blouse need a s the fabric is satiny and substantial with a gorgeous lining edge
d in contrasting thread it hits at the top of my thigh in a regular size 8 but i should have o
rdered a 6 i would say to size down if you are close to being between sizes the colors are as
show i was very disappointed with my recent retailer order i ordered the meleri eyelet tank and
it had a stain on the front i also order a dress that came with a tear in the fabric sale item
s should not be damaged unless the customer is aware of the damage and accepts it in that condit
ion very disappointing i have a 36c bust i bought this blouse in a 10 even though i wear an
8 or 10 i sized up based on previous reviews this top was super tight in the bust it literall
y flattened my breasts and very loose on the bottom it was not flattering at all the material
is gorgeous it is thick it is lined it is darted at the bust and it flares out in a peplum fa
shion where the light fabric up top meets the dark band of fabric in the middle the problem is
that busty ladies will find the bust area wa so i want to start off by saying the quality of t
his shirt really was great as was the pattern unfortunately if you re going off the picture kn
ow that they definitely pinned in the sides on the model this shirt has a full on triangle shap
e and flares significantly towards the bottom it s not a straight fit as the picture would sugg
est i m sure this works for some women but if you re muscular with an already v shape to your b
ody meaning your shoulders are significantly sized and you have i was really pulling for this d
ress to work because it s beautiful however the neckline is cut so extremely low that i had to
return it s much higher on the model than in real life the petite length was still far too lon
g so additional hemming required otherwise fit was true to size 5 3 130 lbs size 6p when i
saw this i ordered immediately thinking it was similar to the popular colorblocked stripe sweat
er from last year the knit is stretchy and textured and feels like great quality would wash we
ll but it s pretty lightweight the fit is huge could easily size down i m 5 7 128 and fo
und the small to be loose everywhere including the arms the length was at my knees and the st
ripe fell awkwardly across my chest no idea what i d wear this with even if it fit better sadl
y it s going loved the material and the style unfortunately my fears came true when i receive
d this swimsuit and there wasn t enough support despite a review i had read as a 36d i though
t the halter would be enough support however the material is too stretchy to rely on that comp
letely i am sad i won t be keeping this though the material is heavenly i wouldn t be so un
happy if these pants cost about 75 less they are so cheaply constructed one wash and they re
all but guaranteed to shrink the material is so cheap and flimsy not at all what i expect from
retailer they are also 32 inch inseam not 35 5 as stated on the web site which is the whole rea
son i bought them for me this looked better in the picture i found the actual item more garis
h in person and way too scratchy on the outside for my liking hard pass for this petite i w
as disappointed in this bordeaux top a brand i usually enjoy i ordered a medium my usual size
in their tops it was very very big and did not fit at all as pictured here also the fabric is
somewhat sheer and while i tried it on wearing a darker bra the combo of being way too large an
d a bit sheer was enough for me to return it i m 5 8 128lbs and bought a size 2 i loved this d
ress but didn t expect to have to go bra less or wear a tube top under the top lands much lowe
r than i expected but the rest of the dress was lovely \r\n\r\ni ordered a size 2 i m 5 4 32c
and 125 lbs i ordered the size 4p and while the color and fabric is pretty the back and front
bodice were much to low to wear a bra even if i were to shorten the straps it was also very tig
ht across my ribs despite ordering a petite the hem was much too long i ended up returning it
i didn t have any problems with the fit i love the puffin pattern the material is nice it s
just so short i really haven t decided if the print is worth the awkwardness of the length or
if i ll just keep it and only wear it when it s cool enough outside to wear a tank under it so
i can avoid flashing my stomach every time i lift my arms but yeah it stops right at my wais
t in front way too short stop making these great shirts so short please this runs sooo big
i normally wear a large 145lb 5 4 36dd but due to the limited sizing small or medium i ch
ose small because it looked big on the model and this style of dress seem to run large the size
small that i ordered couldve fit two people easily together i loved the pattern color and the
slip underneath actually fit well but i dont want to look like im wearing a tent lol also the
back is slightly longer than the front something i couldnt see from the pictures online i real

ly wanted to love this dress the striped material was very nice and would go with so much plus
the length was great however the buttons were a nightmare the buttons are barely in the butto
n holes and give very easily the linen material is going to give even more with wear and the bu
tton holes are sure to loosen up even more as i was trying the dress on and moving around two d
ifferent buttons gave way on me maybe the very slender will be able to wear this without button
s sliding out this top was a big disappointment i ordered two of the grey motif with the print
of the forest animals in size 16 neither of them fit well but one was cut much smaller than th
e other i ve had this problem with all of the numerically sized buttondown style of maeve tops
i don t understand why in size 14 16 this keeps happening that s why i purchase two of each
usually one fits and the other doesn t this time unfortunately neither worked they both were
too tight in the arms shoulders gorgeous but so big i got eh pxs and it s like a mumu i wiill
return i like my dresses oversized but this one is ridiculous it s seriously unflattering i us
ually between a m a l and i got a small and it s still massive but the slip is tiny \r\n\r\n
it looks so cute in the picture but not good in person loved the look quality was great but
didn t work for me too busy and off fitting i did return the fringe and fit were beautiful b
ut the lace with it a little hard to see in the photo seemed like an odd pairing just too m
uch going on returning i m 5 7 and bough a size 8 regular this is so short that if yo
u wear with jeans you can see a midriff cute pattern but i m returning it the blouse was not
flattering on me it would be for someone with a straight slim body type it falls mid hips and
so it accentuates my hips making them look larger it s flared so it cannot really be tucked in
i ordered the romantic floral in s and xs to try on at home and just love the print the fabric
is so pretty and unique others have mentioned how thin the fabric was but i thought it was pr
etty standard for a bikini swimwear and had no complaints myself there are removable cup liners
so nothing can really show through the top the sizing was tts and the xs fit me best unfortuna
tely this bikini will be returned because the fit is a little off i love the thicker strap at t
he bottom of the ha this blouse ran so short in the body it has to go back it would not cover m
y stomach untucked or tucked in it s unfortunate i think it would be very beautiful and flowey
i liked this top okay but i did not think it was worth full price i thought it was only average
this top is too short so much so that tucking it in would be difficult the designs are lovely
but the short length is putting this top back on the rack wanted to love this colorful romper
the fabric was suuuuper thin and very cheap feeling and looking no way would i wear this i fol
lowed the reviews and bought a larger size in the blue stripe i am usually a size 8 but ordered
a 12 ok maybe overkill i usually have problems with sleeves being too tight but this was wa
y too big and tent like i will be hopefully exchanging it in store for a smaller size stay tun
ed for an update the skiers cats and puffin patterns are adorable and i was very tempted to k
eep the shirts just for the patterns unfortunately the fit was awful i am short and need to h
ighlight my waist and this shirt did the opposite the skier fabric is also see through the ten
ting issue could be fixed if you belt the shirt or tuck it in but it is not very long 100 ray

e reviews i sized up from an 8 to 10 i ordered the red color way and the bird print is very c
ute that said it is cut a line and not like a regular button down through i found it tts and
good quality it was shorter than i would have liked this exaggerated the a line shape i didn
t completely dislike it but i didn t love it either i was very excited about this product whe
n i saw it the pattern was beautiful in the romantic floral and the bottom band looked like the
bathing suit was a little longer so i felt it would be good for a large chest when i received t
he package i knew instantly it ran small i tried it on and it barely covered half of my chest
also the band at the bottom is actually very small and not what i expected the print is just as
lovely in person as it is online i don t even know if sizing up will mak i was really looking f
orward to getting this top but what a disappointment it is absolutely huge i normally wear a l
arge and i think a small would have fit me and a small never fits me too bad cause it s such a
pretty top p s this has an attached camis which i hate after reading so many great reviews
i was sure i was going to love it but i m so glad i tried it on in the print at the store the s
mall was baggy in the bust ti was not slightly fitted as shown in the picture the extra small
was to small in the chest and the seam came up too high it was also very low cut the shirt as
shown has to be pinned behind the models back because there s no way it would look like that oth
erwise if it would have been a little more tailored as shown in the photo i wo pretty design b
ut when i tried it on the fabric was thin and delicate i don t think it would last long with m
uch wear too bad if the fabric were sturdier it d be great as the cut is flattering and i lov
e the pockets the top was very nice and i liked the material my problem was getting it on with
the cami being attached to the top it took me a while to figure it out and for that reason alo
ne i returned it i m a tunic lover so i ll usually take a chance on them i m 5 4 and usu a s
ize 8 or medium i ordered a small instead of a usual medium since other reviewers said it runs

small this hits about mid thigh which is a good tunic length but the overall fit is oversized it s more like a swimsuit cover up rather than a nice blouse that s really the best way to sum it up oversized swimsuit cover up like top i m going to exchange it for an xs but i think even that s too large loved the open shoulders but not how large and flowy the rest of it was i co uld have worn it 9 months preggo i wore this bodysuit once it had a hole under the arm when i took it off nan i love d this top it was my go to top even in the heat the fabric is light and breathes however pulled it out of the washing mashing to find that the sleeve has shredded away from the body it could not be repaired i am so disappointed as i really loved everything about it i am on the fence about this dress the fabric is gorgeous and soft however i was ho ping the fit was more slouchy like pictures on the model it was much shorter on me that picture d for reference i am 5 7 and the turtle neck part of the dress is kind of high and tight i wa nted to love this so much but it is a touch off from what i was hoping it was going to be whil e there is nothing wrong with this top it didn t really have an retailer feel it looked more l ike something from a dept store maybe a boutique i got on sale but sending back bc i just don t like it that much especially next to my pale skin i could see it looking much better in some one with darker skin tone i m usually a 8 10 med small in this top fit well i love finding un ique retailer pieces that don t require dry cleaning i was excited to find this shirt but it s not flattering the bottom hem is a little tight which makes the rest of the shirt look bulky perhaps it would work better on people who have narrow hips i also didn t like the pink tones w hen i saw the colors in person i ll be returning this item i so wanted to love this dress the color and fabrics are beautiful and scream summer i was so disappointed by the fit through the different fabrics are such a cool concept but it wasn t executed that well one material is plea ted like an accordion so wants to constrict the next material is crocheted so is a little mor e stiff and the third material is pretty average on the bottom where it s flowy it doesn t make that much of a difference but on top and in the middle it gives this weird i i drooled over th is dress online so couldn t pass up trying it on at my local retailer store while i loved the unique color in person the drape of the skirt good quality fully lines i was so disappoin ted with the top of this dress it s very tight ill fitting just plain weird i can t imag ine the fit of the top being flattering on anyone regardless of chest size it s a shame becau se otherwise the dress is adorable this dress is cuter is person than online but it has one h uge issue there is a teeny tiny button at the neck that is held on by a thread and requires fi ngers the size of a two year old to get open it fell off the minute i tried to undo it i can t believe these other reviewers didn t have the same problem or maybe they put a snap there inst ead too bad i was so disappointed in this top the fabric blend was too thick for summer the cut was wide across the shoulders and very narrow and short through the waist add in the odd s plashes in the print and it spelled disaster \r\n\r\nsize i tend to run between small and xs i ordered xs i m 5 5 tall 135 lbs 34d 35 29 37 narrow across shoulders with short arms an d long torso \r\n\r\nfit the cut was so wide across my narrow shoulders that it looked baggy an d felt odd however the sleeves didn t sl i was leery of purchasing this blazer online without any reviews to read and now i know better the color and fabric are nice and what you would ex pect from the photos the sleeves however ran small compared to the body the shoulders also p ulled and felt narrow compared to the torso the body the opposite too large and not flatterin g on an hourglass figure no darts no fitted places nothing making it tailored to fit open i t hung wide with an unflattering silhouette buttoned it sprea i love the color of this dress it is not flattering even though it should be the weird panels of different materials makes it hang super funky the lace is heavy but the silky panels aren t so not flattering it s just od d and the fit is super huge you are swimming in it in addition to a poor body drape it could have been so cute but was executed so poorly this is a lovely cardigan especially over dresse s with leggings over the knee socks and boots i was so ecstatic to get it at the black friday price the description says its white but it s more like a cream it was for this reason that i initially reconsidered the purchase i was hoping for more of an off white or winter white as it appears on the model except it looked so great over dresses and suitable for the southern cali fornia winter i didn t care for the wrap belt it just looked li i ordered these hoping they wo uld look like the model but they didn t i am small but curvy it hugged too tightly in the hi ps so sadly these pants are going back what a let down the sweater i received in no way resem bles the product pictured based on the original price point i envisioned a beautiful hand knit ted sweater made of high grade yarn wool that i could use for travel instead i received somet hing that is grossly oversized for xs s made out of weird crafting yarn and looks like an ugly holiday sweater my kids could make something better than this on their toy loom not the qualit y i expected from retailer back it goes i lived the front and back designs but didn t like the fit i thought this would be a cute business attire skirt i hate to say it but i felt like it flared out as if i were amelia bedelia or some whacky children s book character and not retailer

the fabric made it look bulky i sadly had to return it love the design of the fabric i actual
ly bought these in both colors i gave only 1 star due stitching on the fabric it s very scratc

i m thin but would have needed almost a foot of fabric removed in order to make it look right

ike a sack on you i wanted to love it because of the material and i ve been looking for a blaze
r jacket that was heavy in weight this just looked awful on me maybe for someone who is very
slender this will work but i was highly disappointed in the cut this dress is very cute and wel
l made unfortunately it was too short waisted for me and runs small in the bust the arm holes
were too big yet the bust small very weird fit on me i am six feet tall with 38c bust maybe i
f you are shorter with smaller chest this dress will work for you it has a thin lining and is n
ot see through even though it is white fabric i love the dress it just wasn t made for my tall
figure this shirt looks nice on the model but it felt stiff and unflattering on me i am 5 5
135lbs 34c and the size 4 fit overall i just didn t happen to like it on me i was so excited

am 5 3 weigh 112 lbs and i typically order anywhere from a 00p 0r xxs xs i ordered this shir

ike a maternity shirt and the structure was not worth the money i thought these pants were cute
when i put them on they fit perfectly and were comfortable however i wore them for about 20 m
inutes and they were a completely different size and looked awful this top is really cute but

rs however i ordered my regular size 28 i m 5 3 120 pounds and not only were these jeans th
in they had zero stretch and after 1 hour of wear stretched out horribly they fit really loose
and hung around my knees and legs which is very disappointing for a skinny jean i bought both b
lack and white shirt white is see through completely black is ok but the material is still to
o thin i feel like it is going to tear after the first wash not worth the money i bought plen
ty of similar shirts from the same brand and this run is way too cheap it s a pretty top with a
lot of intricate detail and love the edge the studs give it but it looks fuddy duddy in ivory l
ooks nicer in black but you loose some of the detail in the dark color the lace is not soft eit
her but has more of a polyester slightly scratchy feel sizing is true to size and it fits well
if the style floats your boat too tight in strange ways beautiful dress i was so excited to re
ceive it however it just did not fit this was a disappointment because beautiful fabrics with
interesting design are a rarity and especially at this length unfortunately this is a mess in

terms of proportions if a size 2 can barely get it off then there is a design flaw sadly the fit was so strange that it did not seem that simply sizing up would correct the flaws it is ver y sheer which is too bad because the design is super cute pilcro jeans used to be my favorite in the past 6 months or so i have bought 3 new pairs and all have been so disappointing first of all the quality is horrible now in the past they would last for years and hold up great m y last pair of stet jeans started to visibly wear out within a month also pilcro jeans now sti nk in the most disgusting toxic way they smell horrible despite washing what happened pilcro the print and front ruffle are beautiful the sleeves are awful and poorly represented in the pi cture of the model it s almost like the sleeves have a life of their own so mismatched with t his style of blouse such a beautiful print but so disappointing in shape i really loved how th is top looked and was really excited it to get it on sale i was worried that it might be too sm all tight i ordered a m and would consider myself a m but was relieved to find it fit just fin e i was extremely disappointed to find that it was too sheer to wear by itself and still showed my bra with a layering tank on underneath it was also more like a crop top for length which do es not work with my mama belly what a disappointment and for the price it s outrageous there s a reason the model is holding her arms up in all the frontal views it hides the very weird wi de top part of the sleeve that absolutely destroys and distorts an otherwise beautiful blouse t he print is lovely but the fit is very odd it s pulls at and is very tight through the bust too i wear medium or large and ordered size large if you re less well endowed this might be an okay choice for you but i have to say this blouse made me look overweight and very wide returned l oved the print on this dress however the fit wasn t for me i feel like it exaggerated my bell y and just overall i didn t feel great in it the sleeves were also really big this white shi rt is very thin esp in the front and see through i would have to wear a cami underneath unless i wanted people to see the outline of my bra it seems very flimsy and poor quality even at the sale price disappointed and will return as another reviewer mentioned the quality isn t here they pilled in the thighs after wearing once and stretched out so much at the end of the day i w as pulling them up constantly such a bummer because i love this brand the quality is good as is the design idea but practically it doesn t work ordered an xs and the top still ballooned out stiffly this top is not soft or flowy it is stiff and very wide this top is perfect for t he first day at clown college if you want to see some clowns cry the sleeves are probably the w orst part of this overpriced monstrosity the elastic at the cuffs makes the already comically l arge sleeves billow and puff out even more \r\n\r\nbuy this if you enjoy walking to the post of fice to return things i love the maeve line and was excited to get this dress unfortunately t he fit was just bad the top fit fine but the bottom half was too snug and there were unattracti ve gaps around the waist and the pockets don t think another size or tailoring would address th e issue for size i am 5 4 130 and ordered the 6 i ve purchased pilcro jeans in the past and they ve held up great unfortunately the material used for this particular jean is a far far c ry from what it used to be the thighs of these jeans start pilling yes pilling after just a few wears i ve never had jeans do this whatever denim blend they are using is a complete dis aster \r\n\r\ndon t buy these you will be very disappointed i am a pretty curvy girl and tho ught the m l was gigantic i returned and was afraid to exchange for the smaller size thinking i t would pbly be very large as well it was not flattering because it was so boxy this top has t oo much fabric i would of liked it more if they had a smaller size but the small seemed like a medium or large nan this tank is not very flattering there is a lot of fabric it s very boxy the holes kind of remind me of a high school basketball jersey i even sized down and it s still just wide i m returning the length in the front is too short and the bottom flares a lot whi ch is really unflattering i love the top half of the shirt but the bottom half should be more f orm fitting it s nice material but the design makes you look like a pregnant lady i got this sh irt in a medium my normal retailer size and while the short fit the front is cropped i am a f an of the tops that are shorter in the front and longer in the back however this was just too s hort in the front my belly button was exposed and that wasn t the look displayed on the model unfortunately this top is going back to the store also does run big though i felt te xs seeme d fine usual size is xs passed as there were better options runs big but mostly it was scra tchy beautiful color and design however this shirt has absolutely no shape look carefully at the model and you we discover she is cleverly positioned to hide the sheer boxy ness of this shi rt the print is beautiful but it looks like a maternity shirt i even ordered the xs at 5 7 and 130 lbs but found it too baggy returned the print is very pretty but the fabric is stiff and i t runs way too big looks great on the model but awful on me i wanted to love this sweater th e color is gorgeous the pattern unusual it is soft and warm and would have gone with so many things but the cut is awful mainly the sleeves are way too big making me look misshapen and m y arms look huge the body was a bit boxy but that would have been workable if the arms had been normal too bad wanted to love these pants they are way way too long i m 5 4 128lbs for ref

erence i didn t love the way they looked cuff and didn t think it was worth having them hemmed
loved the color would work well for someone tall and slim i took this too to the register thin
king it was marked down to same price as another tee by the same brand it wasn t so i ended up
paying way too much for a thin tee will probably return nan i know this is supposed to be a lo
ose flowy fit which is exactly the style i love however this is beyond tent like i m 40 week
s pregnant and i can probably fit two of me in my normal size small fabric is very thin and pat
tern looks like drab wallpaper huge bummer especially after seeing a few 5 stars i saw this d
ress in the store and loved everything about it they had an extra large i usually wear a large
and i thought it would perfect with some leggings i tried to get the dress over my chest but no
chance my sister who wears a medium tried to put it in too and she couldn t fit it past her che
st either we flipped it inside out and couldn t find a zipper maybe the dress in the store was
mislabeled but the bust ran very small it s too bad it looked adorable and i was so excited to
try first off the dress quality is great the fabric is very nice the color is great i am 5 4
150 lbs the dress looked like a parachute on me very unattractive because the fabric is prett
y stiff i quite honestly looked pregnant great fabric and color but fits like a potato sack
so sad bc i would have loved it the dress is extremely high quality i purchased the dress in bl
ack the white collared shirt that the model is wearing under the dress is not part of the dress
the dress overall is like a balloon unless you re extremely tall and skinny this dress makes yo
u look bigger i ordered the small petite and am 125 lbs and 5 4 i really wanted to like this d
ress but unfortunately it s going back the petite hits 3 inches above the knee for reference
i really wanted to love this everything about this piece especially after reading all of the gr
eat review i was so excited and looking forward to getting this dress unfortunately it just did
not work out i ordered a large and it fit fine but the dress did not give me the faltering shap
e i had read about and was hoping for it literally just hung on me and made me look wider sadl
y i had to return this this top has a nice design i love the lace up back which makes it much
more adjustable in shape if you lace it lower it is more flattering to your waist however the
fabric quality is very poor on the white tank it arrived with a small tear in the front hem are
a which i could have easily fixed it is very sheer even with a nude bra my bra was too visib
le for my comfort plan on wearing a full camisole underneath tank or bralette you are fine wi
th being on display i only tried on the ivory one but it was so see through there was just no
way i can t speak for the other colors seemed true to size maybe a little large but that s t
he style very cute design loved the back too bad even on sale sale this tank is not worth
the money the design in the back is adorable would expect it to be so much better quality but
the fabric is flimsy think old man white tanks that come in a pack completely see through and l
ack of shape i wanted to love this but definitely photographed significantly better than actual
ity when i received this dress today i was really excited to try it on it is a pretty dress l
ooked good in the pictures however when i examined it and proceeded to try it on i was really
disappointed the quality is ok but not expected for the price paid and the cut is off it is
extremely small at the top i am not big by any means 32d 109lbs 5 0 the bottom part fit s
adly not impressed this one is going back i ordered this skirt because the 4 i tried on in
store was huge and the 2 was way too small the sizing was an issue so i thought i would try ano
ther 4 the skirt that arrived by mail was so wrinkled it was obvious that a day of wear would t
urn it into a nightmare of unflattering creases and stretched out areas i like the concept of t
he design with the button front and a line princess seams in the front and back but i just fe
el the fabric in this skirt has too much stretch i returned it i saw this on a mannequin in th
e store and so wanted it to work but was just too oversized and bulky very good quality and mat
erial i had this in my cart for a week before i took the plunge because i thought it would mak
e the cutest boho statement piece that could go from beach to casual evening outings i m 5 9
so i got the m l to ensure length maybe that was wrong if the laid flat width was included m
aybe that would have been more helpful but this thing was massive and looked like a potato sack
the side slits of course hidden in the photos came up to just over my natural waist enhancing
that effect i loved the i loved the idea behind this shirt but it just hangs around the waist w
ith tons of extra fabric i suspect the model in the photo has the shirt pinned totally unflatt
ering making the chest look small and your midsection appear huge maybe if you size down it wou
ld be better xs was not available for me to try also the lavender color is really washed out
i ordered the large since the med wasn t available and it didn t complement my figure because it
was too loose all over i like the design detail with off center buttons and the fabric is a nic
e quality this runs way big i m a size 8 purchased the medium it s just big with no shape i
loved this skirt when i tried it on the material is soft with a bit of stretch i d say this ru
ns a little large for reference i m usually a size 2 4 in retailer and the 2 was still a littl
e large towards the end of the day as it stretched out \r\n\r\nhowever my disappointment was w
ith the buttons i wore it for a day when all of a sudden the top button popped off fine that b

utton is the most used i sewed it back on myself and even reinforced the top three buttons that i use to take on and of i was hopeful my size l would fit after another pair of leggings from an trho in this order was too small these went on easier and i was feeling good until i reached th e lower abdomen and everything came to a screeching halt i m not sure they are too small rathe r i believe they are styled to be low rise not sure why anyone would want that in a legging but i m new to this athletic wear trend regardless i won t be wearing these i ve never spent this much money on a sweater but took the plunge using the retailer day discount still painful but hopeful it would be worth it i ordered the xl hoping to compensate for the shorter length and it fell just below my hip bones so that part was okay while this looks like the cashmere is on the thinner side so the garment flows nicely it s not the weight of the sweater is substan tial heavier and much thicker than it looks the color is different too it s tan and grey not whi i agree with the other reviewer the colors were fabulous but it was boxy and fit me like a sack the slits on the side really detracted from the cute fabric and the hood drooped way in th e back due to being able to pull away from the slits it was really a cute idea and i m sad it d idn t work i started not to order it based on the first review but i wanted to give it a chance i should have listened the dresss is much shorter than described very see thru though guess you can tell from picture expected more for the price i was so excited about these pants but t hey were a total disappointment in person the fabric is a rough gauzy texture the bottom has a big hem that weighs down the pants and makes them hang funny like you are walking on stilts or s omething they do not hang or move well on the body also they are very long but small in the w aist and have a high crotch so the fit is pretty off sadly these are going back this dress is made of nice thick stretchy fabric comfortable on but fairly tight and body hugging i liked t he fabric but it was the length that got me i tired on a 6 i m 5 6 and this dress was just at that awkward length made me look short and stunted not a wow piece these pants are so cute and comfortable that i ordered each color after wearing the black ones one day they stretched out so badly that i returned the other two colors i wish the fabric was thicker with more stre tch because the style and cut is really cute bummer i had such high hopes for this jacket based on the photo i even waited for it to come back in stock the detail is beautiful but it is shap eless and boxy for reference i ordered xs and i am usually a 0 2 on top small chested it mi ght look better on someone with a larger chest but looked like a sack on me so disappointing i ordered this top in size xl there is a lot of excess material below the empire waist so it flow s out too much this accentuated my pear shape and was unflattering the sizing on the top porti on sleeves was true to size \r\n\r\nthe material is so rough scratchy uncomfortable they should have used a softer fabric the pattern alignment is terrible on the one i received at 1 00 i hoped the plaid would have flowed in a continuous matching line i didn t notice the mism atched sleeves of the i found that this dress ran very small i am true 8 ordered a 10 and it w as snug loved the print pattern and the light grey i think it might have been better if reve rsed it has a v in the back and the front neckline was very intrusive and scratchy to me i m normally a small but got this in a medium and it was very short on me wish it could have worked but returning it this is a cute top but it runs pretty big order a size down the material is like a thick gauze almost so i d definitely wear a tank under i didn t receive a jacket i rec eived a very expensive cardigan sweater with no structural qualities to it jackets have some st ructure to them for example they might nip in at the waist a bit this cardigan doesn t do that it hangs in a very boxy shape the quality is great very light weight and i really love the lit tle pockets and details but i don t need want another cardigan \r\n\r\ni m 5 5 118 lbs and g ot a small the small seemed big but i think it would have fit fine if it had more st loved the se in store when i tried them on but was in between sizes so i ordered them in the larger size boy do i regret that these stretch out so much i have to wear a belt with them and it gives me this saggy bunchy front when i sit not attractive wish i could return them but i took the ta g off and wore them not knowing this before hand if in between sizes definitely size down gre at hopes but a sorry disappointment at this price one should be able to expect better pattern alignment as shown on model the pattern in the garment i received was poorly matched on either side of the button placket i am 5 6 and ordered xxs garment was significantly over sized i w ould have had to order one and probably two sizes smaller to achieve a decent fit because of th e oversizing the shape is more boxy than it appears in the catalog photo sadly this buttondow n has to be retur looks so cute in the picture but just didn t really look that flattering on plus the sleeves were too tight and too long for my short arms so going back i really wanted this to work the embroidery detail is very pretty however the inside of the sweatshirt is a b it scratchy from the embroidery so i would recommend wearing a cami or tank the sweatshirt is a lso on the short size the small hit the top of my jean waist in the end i decided to return i t i love these pants bought them in both black and burgundy but the burgundy pair split in t he butt before i even made it to work in the morning they weren t even tight so disappointing

i will be returning them this is a cute top but unfortunately when i washed it delicate cold
water line dry it shrunk excessively in length i m very disappointed i ordered the orange in
size xl the fit on me matches the model other than being a little shorter in length \n\nthe qua
lity is bad i ordered two of these sweaters and both arrived new in the packages with one hav
ing a small hole the knit is so thin as is the base material the arms are basically see throu
gh it doesn t offer any warmth because of the thinness i layered a long sleeved white tee unde
rneath which helped the edge of the sleeves stretched out within an hour i also had two area t
his runs a bit on the large side i ordered my usual m and had room to spare the green color wa
s lovely but between the fit and the scratchy fabric this is headed back too bad 1 if you
look at the 4th photo of the grey shirt and zoom in you can get an accurate view of the back th
is shirt is attached in not one but two places in the back in the photos of the black shirt it
looks like it is only attached or knotted in one place and that is not the case disappoint
ing \r\n \r\n2 unless you want to wear this as an off the shoulder shirt with a stra
pless bra size down caveat sizing down will become problematic though for those with large arm
s as the sle 1 i like a shorter jacket but this one was poorly made and poorly fit \n\n2 the
sleeves were way too tight i m a size 10 or 12 and the large which would be a 14 had tight sle
eves that wrinkled up my arms and the hem of the sleeve turned inside out \n\n3 i ordered both
a medium size 10 and a large size 14 and neither hung right the m too tight and the larg
e too loose in the body and too tight in the sleeves \n\n4 very polyester with lots of static
\n\n5 cute idea but not very good in pe i had high hopes for this dress but my husband said i
looked pregnant and that i was wearing a tablecloth and he was right i m usually a size 10 so
perhaps this would look good on a talk lanky person with a very long torso but probably not
way too much fabric around the midsection it s a shame because the fabric was really pretty bu
t too stiff a hand to drape well i bought this in navy and love the multi textures and look i
m happy it was on sale because it is so cute but i would not have paid full price on it it runs
small i plan on wearing it for casual errand days i ordered this online and was disappointed w
ith the fit when it arrived i ordered the xs and it was still oversize to the point of being un
flattering i am tall 5 9 about 130 pounds and have a fairly thin torso and look best in cloths
that have some shape if you like a loose fit this might be for you the material is thicker and
warm and comfortable i would suggest ordering down a size i was so excited about this top sup
er cute and fit perfectly but as soon as i washed it cold hand wash air dry it shrunk now i
t is too short and tight i did not expect the material to shrink so very disappointed i bought
this top in the blue motif and loved it so so very much until i washed it it came out of the wa
sh delicate cold cycle with 3 small holes i am devastated because it was destined to be my fa
vorite top for summer it is flattering lightweight gorgeous color cool raw edges v back det
ail i could go on and on about all the things i love about this top but now it has holes afte
r one washing so it s all for naught do over please with better fabric qa cute print on both s
ides but far more cheek was exposed than i anticipated from the photos the front isn t too s
kimpy but the back is a bit too small for my taste definitely narrower in the back than a stan
dard bikini cut too bad the matching top is my favorite top so i guess i ll just have to we

ked material is soft cute design but not flattering returning i purchased this shirt with the
purple colored flowers while the cut is fine the quality of the fabric is not great so the shi
rt is very see through will be returning it this shirt aesthetically is very pleasing i love
the overall design and colors however when i tried it on i was immediately itchy the material
is not soft like a cozy sweater ought to be in addition though i ordered a size medium it fit
very large almost too oversized the sleeves were extremely long on me and the overall body wa
s too big it s too bad i really loved the look but i m not the type to layer if you are go f
or it but get a size smaller than you normally would when i saw this jacket in store i fell i
n love with it the colors with the quilting and gold studs are gorgeous i am 5 3 130 36dd wi
th petite frame i tried a m on in store and the sleeves were super long and wide the s was too
small across chest and hung open oddly the jacket is a nice heavy weight and great quality i o
rdered a petite m and it was no better i literally looked like a big marshmallow a linebacker
the sleeves were so unflattering where it looked like i was wearing pvc just a warning the yoke
on this dress has sequins underneath i m not a sparkle kinda gal so as soon as i saw that the
dress went right back in the package and will be going back to the store i wish that had been d
escribed or more evident in the pictures to me it cheapens the whole dress which would otherw
ise be adorable this jacket looks like such the statement piece online with the soft focus lens
but in reality meh i think the pattern is gorgeous and would have worked without the studs a
nd the studs are unique and would have worked on a simple solid color but put them together and
you have the unwanted love child of a laura ashley bag and a marching band jacket to me it all
felt more cloying than clever \r\n\r\nthe quilted fabric and boxy cut of the jacket also makes i

t unwieldy and uncomfortable since i couldn t wait for this sweater to arrive i love oversized sweaters for the fall unfortunately this sweater is extremely itchy that it has to be returned i tried this shirt in the purple motif it fit true to size my normal small worked well all wa s good on the front turned around to admire the slight detail of the neckline in the back and al l i could see with the red thread the designer used to sew their tag in really on a white shir t it annoyed me so much i didn t buy the shirt i ve had a lot of misses from retailer lately i ve loved this dress since i first saw it in the spring summer releases and gave it a try when it went on sale when it arrived i literally lol it s an ill fitting nightgown the size small was a tent on me and it s so flimsy and sheer it probably shouldn t be worn in public there s a short sheer slip that comes with it but unfortunately doesn t do much pass ladies i have been looking for a nice white top to go with many of my skirts for summer and this is not it like o thers it s just so thin and sheer i live in the south i don t need my bra showing and i was w earing a nude bra when i tried this on and you can see everything this is fine to layer in cool er temps but now in our horrible summers where that s the last thing i wish to do \r\n\r\n the only plus i can tell you is it s tts and the fabric is so comfortable and feels great on the ski n however ok ladies you need to know that this type of fabric is the one that will get hole s i bought the white one it is super thin and lovely but i was only able to get two wears ou t of it i did wash it and it maintained it s size because i restretched it while wet then hung to dry i was super disappointed about the wear but appreciated being able to return it without question at my local retailer i love the design of this sweater and ordered it online but was disappointed with the quality of the yarn when it arrived also the color was a little different than i expected from the photo still a type of ivory but a little yellow y the sweater was so lid looking but the yarn seemed a bit cheap and i m not sure how well it would have worn over t ime flattering cut i liked how it fit but for the price and fabric i decided to return it u nfortunate to lose money on shipping i loved the look of this sweater but the workmanship was surprisingly poor there were missed stitches and loose threads throughout and even a tag sewn to the outside retailer was great about the return i really wanted to keep it and was very dis appointed the tights are thin and not how they appear in the photo one of my pairs had a hole in the seat and it was obvious they had been repackaged with part of the packaging missing very disappointing i wish i had found the hole before i try them on they are definitely going back the fit is really flattering and cute but the fabric and finishings seem really cheap it s a pr inted plaid not woven no no no i don t know if it was the way it got flattened out in the packaging or what but it sticks out like a tent from the hips down i m 5 7 about 145 32c usually wear a 6 or 8 in dresses this thing barely buttoned over my bust and then flares out t o a tent like triangular shape at the bottom i don t think it would come out by washing and iro ning it i m afraid it was just cut poorly i looked like a sad prisoner in stripes unfortunate ly i bought three different dresses in the i love the pattern of the red orange dress i bought this online for easter i m bummed i felt frumpy the dress fit i m 5 5 athletic build and i bought the xs it is just not flattering on my frame i looked like i had big hips the waist ba nd was not creating a waist for me and i need that i wanted to keep it but sadly i will be re turning it my husband agreed i should return it i ordered these jeans twice because i love the m the first pair were mis marked by about 4 sizes so i re ordered second pair still didn t fit they run really small i would probably need one maybe two sizes larger than normal to achieve t he fit and feel of the other skinny jeans in my closet i m a b cup who hates traditional under wire bras so i was excited to try this one out while i appreciate that this bra has more struc ture and support than other wireless comfy bras the cups provided too much coverage for my styl e if you want to wear a shirt with a wide neck or do a cute off the shoulder thing with your s hirt the top of the cup shows bummer i was excited to receive this dress because it seemed li ke a beautiful breezy dress for summer unfortunately i didn t find the fit to be very flatteri ng as two other reviewers mentioned there is too much fabric creating an odd bunching especiall y at the back waistline i also found the dress to be a little tight across the bustline upper arms and shoulders the bunching can be improved by pulling the fabric of the dress forward in t he front but this creates more of a plunging neckline than i the dress has a partially sewn in s lip which really didn t work for me no matter how much adjusting i did i couldn t get the slip and dress to sit properly \r\n\r\ni ordered a medium and if it hadn t been for the slip the fi t would have been good the length was as pictured for reference i am 5 5 145lbs 38 30 40 34d dd i wanted to love this dress as it seemed perfect for spring and summer but it just didn t w ork for me it made me feel a bit frumpy honestly i purchased the neutral color maybe the re d would have been less grandmotherly something about the elastic waist just didn t work for me either i tried this with boots booties heels clogs flats sandals and i just couldn t ma ke this dress work sadly sending this one back i m 5 7 140 lbs and tried the medium i wante d to love this set but sadly it just didn t fit as i had hoped the small was bigger than expec

ted and looked frumpy and not sexy returned even following the care label exactly it shrunk
3 inches in the length and overall in the diameter i had to return this since i am tall and it
looked more like a work inappropriate mini after the first wash this dress is very beautiful
great fabric and colors but it looked terrible on me because i have large breasts i am 32dd a
nd this dress made me look pregnant if you have the right body type it would be a great breezy
summer dress i m sad because i can t wear it i like the idea of this but had to return it th
e fitted liner is attached at shoulders and awkward to get into the shirt is too poofy didn t
flatter short and curvy i love how this dress is photographed but when it arrived to my doorst
ep i was highly disappointed there seems to be no shape to it whatsoever the fabric is much st
iffer than i was expected i thought it was going to be more like a sweater dress but it is not
an overly comfortable fabric and it does not move like i thought it would when i put it on this
one is going back this shirt runs extremely large looks boxy and unflattering i saw the shirt
at my local retailer store and loved the color and print however the shirt had way too much fa
bric i was swimming in it it was not flattering whatsoever plus it s overpriced for a shi
rt i m sadly returning it i really liked this top when i saw it online i went to the store t
o check the sizes i am a small or a medium i tried on the s and the xs even the xs was huge
unfortunately the xxs is sold out i don t understand the sizing on this at all it s a shame be
cause the top itself is very pretty just be sure you try it on before purchasing too thin at b
ottom where lace is couldn t sit in the dress without worrying i was hanging out i ordered t
he black and white pattern which was ok i got a small but the shirt was very square with a
short and wide fit i doubt an xs would have helped with such a boxy shirt sent this one back
loved the brushstroke design and simplicity of black on white however the tee was way too big
it looked boxy and sloppy i was looking forward to receiving this dress i am tired of all of t
he swing dresses most of which are not flattering on my petite frame i am also uncomfortable
with dresses that fall much above the knee as i am somewhat older the colors and fabric of this
dress are beautiful vibrant but not too bright when i got it on i was thrilled with the fit
until i looked at the back there are pleats at the waist in back and there is way too much fabr
ic it looked like i had a bustle under the d the top is made well and has a strap holder to kee
p your bra hidden which is always a nice feature however the amount of fabric made it unflatter
ing on me the overall design is fun and i probably would have purchased if it had been more fit
ted and flattering i have a medium on in the photo my measurements are 38 30 40 this top is g
orgeous in person but when i tried it on i fell out of love it didn t happen immediately but
the more i wore it around the fitting room area the less i appreciated its beauty i tried it o
n in an xs i typically wear a s or xs in most retailer tops 5 8 140 lbs for reference thi
s top is just huge in the body the fit is very boxy and just not flattering yes it could be c
ute with skinny jeans and perfect for preggo s this was just a miss for me i bought the white
tee while the print is nice the size is a bit too large with the xs looking relatively baggy
i am around medium weight and very short loved this dress until i tried it on it was too big
in the body and tight on top in the arm area from the reviews already posted stating the guy wa
s great i m wondering if i just received a defective dress i also wish the dress were a truer
orange mango color instead of a burnt orange since this dress is for spring summer the shade of
orange was quite muddy and not vibrant like photos show it s going back this shirt would be p
erfect if i needed a canopy on my tent this shirt runs ridiculously large purchased a medium a
nd it should be labeled an xl no impressed with the pattern in person looks cheap will be ret
urning i really loved the idea of this dress and thought it may be perfect for work with a pair
of wedges but the first thing that set me off was the color and the material the color is mor
e street sign yellow than a soft warm yellow the fabric is a thin sheet like fabric that make
s the yellow look even cheaper i was anticipating a thicker shirt like fabric when i tried it
on i liked the idea but the material and the color made me feel like i was wearing costume o
r a parachute i will defin beautiful well made top it just runs small not for me the pattern is
very adorable unfortunately the design is flawed sizing is great at the waist and hip and the
length is spot on but the top is wide it s strange because i don t think it would fit someone
that was bustier than me either \r\nwill return i m considering buying again on sale and having
a tailor correct it i wanted to love this dress the cut fit and color are adorable unfortuna
tely the fabric is super thin due to the material type it can be clingy in a manner that requir
es the anti static spray your mom used to use in the 80s i was on the fence of keeping it but
if there is so much as a wrinkle in your panty line the whole world will see it i would hate to
have to wear a slip with this due to static issue i am most likely going to return it even at
15 off it is over priced for the cheap i couldn t wait to try this on this sweater sadly it
was too large in all ways the sleeves are adorable but the ruffle overwhelmed my arms this w
as much longer on me than the model it stopped mid thigh the quality seemed fine but it is
a thin sweater the fabric is absolutely lovely on these but very thin the top part was tighte

r than usual and i sized up from my regular pilcro jean size and they flare a lot so the thin
tight top was not a flattering look the rise also felt short \r\n\r\ni m 5 4 with a 30 inse
am and the regular length just hovered above my ankles my husband burst out laughing when i tri
ed them on which is never a good reaction even if i hemmed them i think these are a miss for
me will be returning \r\n\r\nbetter for i m 5 5 and 140 lbs hardly super tiny and the xs was
swimming on me the shoulders are oddly large and this beautiful sweater jacket just hangs off t
he body believe it when they say oversized styling unfortunately will have to return this
is a beautifully made dress and i couldn t wait to put it on i was disappointed i am 5 5 and
a size 4 6 i ordered the 6 and it was too long and heavy looking on me but the waist and up
per body fit tightly the zipper up the back was very heavy looking and the cut away shoulders d
idn t work for my body type making me look bulky on top the torso is really built for someone
with small breasts i am average and the way the darts are made my breasts look flatter and lo
wer than they a i finally ordered this at this incredible mark downed price but i see why it
is cute but serious size issues i have a bust but smaller everywhere else but i did order up b
ecause of it being a jumpsuit i would have needed 6 more to even zip the top part i have man
y trendy jumpsuits in my closet and this is a first if you are flat chested you may want to try
at this great price as it would be a great piece for sitting by the fireside next fall winter
never too soon to plan ahead great idea but this was not a flattering top on me it almost wor
ked but ended up making me look like i am pregnant not a look i am striving to achieve it has p
otential and maybe others with a different body type may have success i am curvy on bottom an
d have a long torso for the price it did not justify a place in my closet it was way to heavy
and big for someone with a petite frame like me \r\ni really liked the design and thought since
it came in petite i d try it \r\nit would probably be better on someone much taller but the mat
erial is still too heavy i found this dress to be very short waisted much closer to an empire
waist than shown in the picture it was also an inch or two longer in the skirt than other maxi
dresses i ve gotten from retailer it really could have used those inches above the waist just
a strange fit overall i was so excited to receive this sweater in the mail since my local store
didn t carry it it is a very cute design if you have a smaller frame but i m curly up top and i
t didn t lay they way it did on the model there s plenty of stretch unfortunately the fabric s
heds and itches terribly you could wear a shirt underneath but i d have to wear a turtleneck so
it ll be going back i really wanted these jeans to work but i am too curvy and not tall enough
for them i just felt like they were swallowing me up with fabric i am 5 5 and had a stacked b
oot heel on when i tried them on and they were still too long i felt like they made me look eve
n bigger than i am the fabric is nice not as dark as the photo as others have said i love thi
s dress as far as the fit goes it makes my curvy figure loook even better with how it s cut th
at being said the different patterns over each boob made the dress look crazy it makes you look
quite lopsided in the chest wasn t just me but my store people also agreed had the pattern on
the chest been the same it would be great but even though my boobs are of mostly equal size
they looked too crazy it s quite noticeable on so sad boxy short wide luv this brand but
super disappointed with this design i fell in love with this romper and it was my go to for a
ny given day but as soon it got wet the blue dye bled everywhere so i had to return it the de
tail on this top is beautiful love the embroidery i wanted it to work so bad but it is much
too wide bells out and makes my size 8 10 body look wider than it is another reviewer mentione
d the model must have it pinned on the sides because the top does not lay like that it runs la
rge especially under the arms too bad the color and detailing on this shirt are pretty
but it is incredibly wide at the hips as someone with a large chest it was very unflattering
i wanted to love this top i really did the color is beautiful the embroidery is well done th
e fabric is soft and it feels like it would be very comfortable in the summer heat but the arm
holes are big and so the holes show my bra which is not good i guess i could wear a bandeau or
tank underneath but the armholes just kind of ruined my love for this top i think i will try a
gain and order next size down i wanted to love this but instead of being a flowy kimono top as
pictured it was a thick blazer type garment not at all what is pictured here unfortunately al
so it was much shorter than pictured and i am only 5 4 \r\n\r\nlove most retailer styles but
this one was a miss and a return runs large and it also had a small hole in the back had to ret
urn it love the shape and flow of this dress but i was sent a dirty stained dress so this is g
oing back \n\nwould not recommend pretty color great details awesome stitching aaaaannnnnnd
it actually not only goes out a line but ballooned out above the hem and then came back in jus
t too much fabric down below nice at neck arms and chest but disastrous anywhere below that t
his top is beautiful but beware there is a lot of extra material on the sides it was not flatte
ring on only because of all the excess fabric clearly the model in the picture has it pinned be
hind her it would be a keeper if it was cut closer to the body but sadly it s going back based
on other reviews that this top ran large i ordered this online in two sizes both seemed to fit

alright in my chest although the chest fit tighter in the smaller size and both were much too big on the bottom the front bottom of this shirt has a series of pleats so the bottom of this top really really really flared out away from my hips the length seemed fine on me 5 10 t he material is very thin and i could see my nude bra through the white pattern cute pattern b ut the shirt is very thin and runs small and short i ordered the coral peach version in size 16 it ran small especially compared to other size 14 or 16 maeve blouses i ve purchased very tigh t throughout the blouse the product photos looked so nice compared to what arrived the materia l was extremely cheap in quality it wrinkled terribly the bow pulled the material down which o bscured the look of the eyelet the idea of this was perfect for my style unfortunately the po or choice in material poor fit made this a return for me definitely size down the waist and chest were baggy in my normal size s the pattern and fabric are very nice i m usually an 8 m f or dresses it was very narrow across the top and i have a small chest but hung very low in t he armpit i guess if you re small up top this might fit better per the other reviews i sized up and got the medium it was still tight around the girls and i m not that well endowed but too big in the armholes the fabric is a kind of thin tee shirt material i kept it because i m lazy but not sure how much i ll wear it given the strange fit when you look at the online pict ures of the navy colored dress the stripes are diagonal however that is not the case with the dress in person the stripes are all horizontal and not that flattering such a bummer because i love maeve dresses and thought this would be a great addition to my summer dress rotation alas not very flattering so back it goes this top is perfect for summer it delivers style without the bulk the peplum hit perfect for my 5 4 frame unfortunately it was too low cut in the front i had to return it i was so excited to get this top in the mail i loved the colors print cut everything i put it on and was so disappointed the top looks so much better on the model i do n t know if i should have gone down a size i go between an xs and s but it looked terrible on me my husband took one look at me in it and said that s being returned still disappointed purc hased on sale would have never purchased at full price runs small and runs short will be retu rning i really loved this vest online and decided to try it on in store it was really cute on and fit nicely so i purchased it in my normal size and took it on a vacation first time weari ng it and the color transferred all over my white shirt even though it says it is pre washed i am very disappointed considering how expensive this was overall it is very cute but it may rui n your clothes so beware this shirt is purportedly made of silk but it is extremely low qualit y the material is coarse and scratchy it s not even worth it at the extra 40 off sale price returned the sleeves were very tight in the upper arm area but the body was blousy too blousy so to go up a size for the arms would mean it would be very oversized in the body i like the fa bric nice and thick but it did not work for me according to the label this dress can be hand washed or dry cleaned i hand washed and line dried per the instructions on the label and all t he seams have completely shrunk and gathered it looks like there s a drawstring running through every seam so disappointed in the quality and the labeling awful i gave it one extra star bec ause it s cute this shirt was tent like on me and there was really no way around it i am fairl y small usually a 4 or 6 in tops and smaller on top barely 34b this top was incredibly unfla ttering falling to cut right at my hips and sitting open and way too flowy like a pillowcase sacklike fit there was just too much fabric here to make it work for me it s unfortunate becau se it looks adorable in the product photo and i love the plaid mix with the open shoulders a ni ce transition to fall unfortunately fell in love with this dress when i saw it online and order ed it right away however i was sadly disappointed once it arrived while the cut is cute the f abric is just all wrong i was expecting a nice heavy knit like material but this feels and lo oks really cheap especially given the price of the dress sadly it is going back again nope looks chic on the model looked like a floor length flannel nightgown on me if you d put a bonn et on me and stuck a candlestick in my hand i could double for ebenezer scrooge in a christmas carol i believe the word i used to describe it when i tried it on was shmata yiddish for r ags it looked like i was wearing a rag the ruching didn t do anything to flatter my figure t he knit did not seem terribly warm for a sweater felt more like rayon or nylon jersey than a kn it swe here s an example of lowering a hemline and slapping the term petite on it too much fa bric was bulky and ran too small the fabric was thin and pulled awkwardly over the bust retu rned i returned this item it was soft very blah fabric nothing special i tried this on tod ay because when i touched it it was irresistibly soft i like the orange it was a loud orange and i almost would have preferred some sort of design to it i did not purchase this because at the end of the day it did not suit my style it was very plain i think you could dress it up wit h the addition of a belt or the right necklace but i am not usually a fan of buying pieces that do not stand on their own and require an accessory that said it was very comfortable and soft i knew that the cut of this shirt was boxy but this is huge i wear a l or xl at retailer and i got the m l and was swimming in this top sadly this will be going back the dress has a fla

ttering cut and is a nice color but the fabric looks like old matted carpet i will be return

en on model 5 6 145 lbs i got m fits ok but i don t like fabric quality it seems like it can
be peeled and picks up everything and needs to be sprayed all the time despite i got it with 40
discount it will come back as it s poor quality soooo disappointed in this dress the colors ar
e beautiful for fall the fabric feels luxe the slip fits perfectly the dress however is a hot
mess it is easily two times more fabric than needed to create a flow y aline dress huge everyw

red my usual size small i looked shapeless in this i can t think of any body type it would fla
tter potentially women quite far along in their pregnancy love the color and overall design o
f this dress but it s just going to have to go back the view from the direct front and back a
re nice but froth side the high waist and secure back make me look pregnant not the look i m g
oing for especially at this price \r\n\r\nthe other oddity is that the white circle design is un
fortunately placed in the back it s all i see which is right on a bulls eye and the same on t
he front i don t know how the designer missed this it s the only white design on th not at all
tapered at waist as suggested here by photos i have wide shoulders and am slim and this made m
e look big all around i am doubtful a smaller size would correct this i am 5 10 and ordered a
medium also it curls under a bit at the waist one nice thing about the cream is that it is no
t see through anyway i purchased this to go with high waisted skirts but am returning just so
i m clear the only reason i said it runs large is b c of the top portion but the bottom or wai
st loved this romper when i saw it online it was however too big in the top portion the strap
s are adjustable but the back is too low for a bra and it gaps too much in the front unless yo
u are standing straight all day \r\n\r\nalso b c i m 5 8 the small was just a tad too short de
finitely no bending \r\n\r\ni m 5 8 tall 127lbs with an average size chest 34c i ordered a s
mall and the bottom this skirt runs very large even in the petite line there was also no shape
to the skirt at least as it looked on my body the color was nice in the pink grapeish hue
but ultimately the skirt just looked like a tent on my body 00p i ordered the top from a stor
e to have it shipped \r\nit is very pretty but once on it fit the wrong way i got a small bec
ause i know that this designer tends to run tight across the bust \r\nthe shoulder was too roun
ded for this neck line sleeves should have been either longer or sleeveless the empire waist e
ven on a smaller busted woman like myself was cut too high ii loved the idea of this summer top
flowing in the breeze then i got it and the selves did nit give as much slack as i would have
hoped spandex so returned this blouse has a very cute style the ruffles are really nice but
why does it have to be so sheer there is no way i could wear this to work without a cami it al
so felt slightly on the small size almost too tight for my normal size i love these pants but
they run super big and still stretch after wearing i am usually a 2 26 and had to get a 0 als
o the pocket flaps stick up on the corners and ironing doesnt help still comfortable but i wou
ld have never paid full price for these if i had known i m a vest lover of all shapes lengths
and styles so i had big plans for this vest in the end the pockets ended up ruining the lay a
nd line of this vest they are too bulky and end up pulling at the front of the vest drawing y
our eye to the pockets and not the neckline i agree with previous reviews that it could be wor
n into spring i wouldn t wear it in summer the fit is loose i thought the medium arm holes w
ere large for my frame 5 8 140 overall i sent it back i really liked the fabric and look o
f this top but i was swimming in fabric there was so much that the top felt heavy i returne
d it i wanted to love this top perfect weight length and shape unfortunately the seam goes
right through the bust and just does not look right if you are tiny on top this will be lovely
on you this top runs very large i am a size 12 14 purchased the size l i could have easily
fit in the size m it s a pretty top in a comfortable knit fabric but the size was overwhelmin
g so i returned it nice dress but the leather seats of my car were ruined when the sharp metal
beads on the back made deep scratches not fun at all now i must carefully take them out bad d
esign feature i saw these in my local retailer and loved them on the hanger when i tried them
on not so much the material is a pretty substantial white denim and very stretchy i didn t fi
nd them to be that smooth of a fabric but more of a traditional denim texture i am a 6 8 in p
ants and normally wear a 27 in pilcro denim when i tried on the size 27 in the store i found
them to be very tight in the thighs and i don t have big thighs i also found the pants to pul
l conspicuously across the crotch are i really wanted to like this shirt but it made me look 9
months pregnant which would be fine if i were pregnant it sits wired in the bust and flows ou
t in the front and back not flattering at all the shirt does have a weird yellow tinge as othe
r reviewers have described i could get over that if the shirt was a flattering fit which it was
not not worth the money so i returned it such a pretty fall sweater nice fit wore it once ou
t shopping and it snagged had to return sadly snags very very easily i hadent even gotten
to take the tags off and it rubbed against another item and snagged so disappointed as it is a

beautiful top lovely color and beautifully detailed i m so disappointed i was hoping to keep i
t but will be sending it back the color of this dress is gorgeous and i really wanted to love i
t but it was awful i am 5 9 and the length was fine the problem is the lack of shape which
made me look 50 100 lbs heavier than i am it would make a great maternity dress since that is
what it already looks like awful color horribly wrinkled and just a mess so disappointed i w
anted to love this sweater but it is a return it is a very weird fit very thick rug like mate
rial and unfitted the shoulders are bulky the top is big and the booty is small i am 5 2 34
c and typically wear a small the arms were very long way too long i will say other than that
the top was true to size may look okay on someone who had a larger chest and a smaller bum com
pletely oversized top size medium was swimming on me boxy baggy shapeless what more ca
n i say even in an xs this would not have fit in any way like the photo returned this sweater
is a dull off white color it looks old fashioned don t get i tried this on in the store and t
he colors and fabric are terrific it s very light weight fabric but isn t see through the colo
rs are medium in depth not too bright if you typically wear cool colors and avoid browns yo
u may be able to wear this because the brown is very muted there s two strings inside that you
tie around your waist to pull the bust of the dress in i m 5 4 and 125 lbs so there s simply
too much fabric in the dress i would have bought a petite the tag says it s avai i found this
piece very boxy and not very feminine i tried to make it work but i just wasn t feeling it the
material is thin and the design is boring unfort it wasn t for me i thought this top looked a
dorable and the material was soft tops like these don t usually look great on someone who is a
little bit busty it can make you look fat or like you re wearing maternity but the real issue
was the arm holes were large and seemed to gape a bit it just didn t look flattering even if y

en i saw it today the cut and detail in the back is slimming and very flattering i love the id

it looked fantastic however when i tried it on myself it wasn t quite the same these are hor

i don t recommend this tee at all i wanted to love these because they are so pretty and come in

ng it would be worth the astronomical price tag for what really is a cotton jersey dress unfort
unately this dress missed the mark in the pictures this dress looks like the fabrics are navy
blue and some sort of white well it is not white or whitish at all but baby pink bright baby
pink even the light pattern on the navy background is actually pink huge disappointment my ot
her issue is with the length of this dress the description says that the beware there is a rea
son this sweater is on sale it is not even remotely the same color as pictured instead of the
lovely antique blue in the photo this sweater is a faded boring teal green what a huge disap

nately it was very big on me i m 5 ft 105 lbs and got the pxs the arm holes were so big as w

t but way too small up top not enough coverage under arms and across bust i wish retailerpolgie
carried bathing suits in the stores so they can be tried on this is the 2nd suit i have ordered
that had to be returned i wont order a bathing suit again as its just to much of a risk the dr
ess is not the beautiful color in the picture it is a very yellowish cream the fabric is thic
k and does not\r\nhang pretty very disappointed had to return it i love these jeans they are
really cute and comfy however they are way too long i couldn t believe these were a 33 inch i
nseam but i measured them and they are i am 5 4 and put on a 4 inch heel and they were still
dragging on the ground these will have to go back as i don t think the same look can be pulle
d off if they were hemmed the dress is really frumpy standing up something about the bottom ti
er of lace just turns it into a frumpy maw maw nightgown the lace is really pretty though even
at a very deep discount this piece is definitely not worth the money the picture made me think
this jacket had a longer curved velvet hem as part of its design which would be cool which is

largely what attracted me to it but as i discovered when it arrived that was actually part of the shirt worn beneath in the photo so this image is rather misleading the actual jacket is very thin more like a shirt with an open front than a jacket the pockets are just loosely tacked inside for had high hopes for this seemingly cute skirt to use as a basic in my spring and summer outfits however that was not the case this skirt is not lined and the material is so so basically for the price i was underwhelmed and will return it i was so excited for this dress to arrive but when it did it was a major disappointment there is no lining on the skirt portion of the dress leaving it sheer also the top part along the chest puckered in a weird unflattering way the colors were beautiful but not enough to to make up for the other design flaws i am 5 6 140lb and the small fit tts will be sending it back uhm no oh dear no i was initially drawn to this blouse s lovely fabric the color and pattern are truly stunning i decided to give it a try because it seemed somewhat boxy oh boy was i right sadly this is one of the least flattering tops that i ve ever tried on at retailer it might be a great maternity top though this shirt fits very closely to the body it has a very strange fit in the shoulder though the arms themselves are really long far past my hands yet it s very tight in the shoulder and under arm area for reference i am 5 10 130 pounds and ordered a small which is what i usually need poor quality i expected much more from the material i got this as a gift and one for me the medium fits my mom but i got the large because i m 6 1 and it was large enough but so short waisted i wouldn t recommend it for women over 5 7 i was not a fan cute design but the sweater was not soft it felt thick like a weird blanket the arms were small and the body was big odd combo the material didn t make me want to put it on it went back this is way cuter on the model it runs so big that it is very unflattering perhaps on someone tall it would look better but sadly it looked dumpy on my 5 2 frame it also arrived with some black stain on it it is going back i ordered this in size xl in ivory it was a drab poorly made too small sweater the knit material wasn t good quality and the overall fit didn t work i liked the light red color and maybe if that had been in stock then i would have overlooked the problems but there are better ivory retailer cardigans available this was returned i wanted this so badly to wear as a dress over a slip but it is not cute or flattering when you put it on it made me look 20 pounds heavier than i am and the fit was awful i usually wear an xs in dresses at retailer and this swallowed me i am petite but this is just waaaaaay too big so disappointed because it s so pretty i really loved this skirt on the model but it just wasn t flattering when i received my order i ordered two sizes 2 and 4 i am 5 4 athletic build and the front closure made my waist look much larger than it is the back of the skirt also flared out more than i expected it to \r\n\r\nsadly i had to return both perhaps this would look better on someone with a much taller frame this was so boxy and unflattering i loved the lining and the fabric was very soft but it looked like i was wearing a bag was hoping to use this as a cute top layer for dresses but it was a terrible fit sizing down would not help this one went back i ordered these a size up because i d just had a baby and knew i needed a bigger size my pre pre baby size chubby phase were size 8 29 these fit like a size 4 way too small very disappointed i have purchased many different styles of pilcro jeans and have loved them all these unfortunately i do not like i think they run large and the fit just blah the waist gapped and kinda had a mom jean look i felt the quality was also not up to standard for this brand this jumpsuit runs large so i sized down perfectly one full size down i have a size b chest and was very comfortable with no bra as the built in cups gave me the perfect coverage it looked like a dress standing but had such a flattering and fun shape when you move everyone loved it loved the color and the deshn but when i put on did not look right waist was too short and the arms were long as others have said this is cropped so will look funny with most pants that aren t high waisted i m going to try it with a few dresses before i return it the lining is adorable so i don t want to have to send it back i really like the pilcro serif style but the stet style does not work for my body will have to return i loved the color of these but they bagged out with just one wear they are going back to store i really like the color of this and the feel but that is where it ends it does not come with the gorgeous flattering belt that it is pictured with and is cut without shape so it does not fit to your body and show off any glorious womanly curves i could purchase the belt with it but i don t prefer to purchase products that cannot stand on their own i think this top would have been amazing if it was in a jersey or cotton club but the gauzey fabric is so wrinkly and so sheer i don t know how i would use this top i don t mind most of the slightly sheer retailer tops if people see my bra slightly so be it but this is really sheer unless you are madonna you are going to want to wear something under this and in my mind that defeats the purpose of a lightweight sleeveless top i returned it and was sorry to have to do that i love the color patterns and fabric it has full lining my biggest problem with the dress is the swing style makes it more like a maternity dress and so unflattering a straight shift style would have been much better dress runs large however the arm shoulder area is tight just

got these today because they were a steal of a deal with the sale on sale was super excited bec
ause the pattern is adorable i put them on tonight and noticed that they firstly aren t elois
e like i assumed they would be and secondly that they weren t as soft as i had expected all o
f the retailer eloise pajamas i have purchased in the past have been so soft and comfortable y
ou don t want to take them off did i get an off pair that just happened to not be as soft i m
not sure but i m it is a beautiful top but runs huge i followed other reviews and ordered a
size down hoping it would work but it was totally unflattering i wanted so bad to love it but t
here was no way i could keep it based on the other reviews i sized down from my usual 6p to a
2p but this dress was still ridiculously huge and extremely unflattering i could tell the minu
te i took it out of the package it wouldn t work i can t imagine this would flatter very many p
eople the front photo of the model is incredibly deceptive very disappointed this will be goi
ng back for sure i want to be the person who lounges like the model but this was huge and mor
e wool feeling than the lightweight shawl i was hoping for i am an 8 got the xs s it was the r
ight size i returned it two strikes against this top and its going back first the white t
op is a light weight cotton and it does not come with a lining or shell underneath just know
you will need one i would have been able to get over that fact since i have tanks i could have
worn but second strike is that it wrinkles alot it came out of the shipping box with the type
of wrinkles that i know will get way worse after washing i am not interested in ironing anythin
g for this price i wouldn t have expected b i tried this shirt in a small my usual retailer s
ize and it was very unflattering the fabric was ultra soft and it seemed it was nicely made
however this shirt is so unstructured and oversized i might as well worn a brown paper bag ba
sed on the strength of the other reviews i thought this sweater would be amazing but i was dis
appointed the knit is very thin cheap looking and weak that it won t last a season undamaged
it reminds me of a duster i bought 15 years ago at a discount fast fashion retailer when i was a
student sloppy looking with lots of creases out of the package collar is odd and the sleeve op
enings have an annoying flare the drape is not structured enough everything about this screams
over priced bath very pretty but runs tight i usually wear an 8 or small med in retailer jacke
ts and couldn t zip up the 8 am a 36c and thick broad at the top as there is no give this is
also more like a fitted shirt made of lightweight muslin like fabric was looking for a summer
jacket to wear over knits in a chilly air conditioned office setting so sadly it didn t work fo
r me could be cute on someone with a smaller frame over a tank or cami i never leave reviews f
or anything but this dress was such a complete miss first off it s about 3 sizes too big seco
nd off it s knitted with a metallic thread that you can t really notice in the picture i m usu
ally a medium and feel an xs would be sufficient the jeans look so different online the pair i
got did not have the stone washed look and was completely different cut the rise is not as stat
ed and is actually 10 5 inches also i m a true 25 and the waist is like a 27 but the legs are
super skinny i m so disappointed and i m not even sure if is worth swapping out for a smaller s
ize these look more like men s cut jeans i ordered this online and was disappointed when it ar
rived it didn t look quite like it does in the photos online it also runs small i returned it
because i did not feel it was worth the high price only one sleeve is folded twice and sewed m
eh does not look like the picture lined with a cheap denim fabric inside that shows when arms
are rolled up i normally always fit in mediums and this jacket is so small in the arms as well
as body that it fit like a xs well made but strange fit the medium was long and narrow waaay
too small like a previous reviewer mentioned the jeans do not necessarily look like the one in
the photo i first ordered them in my regular size and also had to notice that they are cut like
men s jeans with legs so skinny that i could only force them over my calves the embroiding is b
eautiful but it also stops the material from stretching so the the super skinny legs are a rea
l problem also they are not as intensely stone washed as shown in the picture i decided to or
der them again one size bigger much to my surprise when i tried on this sweater i found that it
was cut in a bell shape and not at all fitted or straight like in the photo when i pulled it ou
t of the package i thought i d ordered the wrong size because the shoulders looked so narrow bu
t when i tried it on the shoulders fit perfectly with beautiful detail and high quality materia
l but the sweater belling out to a very wide shape it is very wide at the hip and looks out of
proportion it doesn t look anything like the phot i order the blue and orange endora wing dress
in an xxs and it was still very large i know that this is a flow dress but there was so much ex
cess material that i looked like i was swallowed the colors are more muted than in the pictures
a faded blue and orange that i didn t really like return i love deletta and regularly search f
or their items here on retailer however this one is a miss as i think it runs small or you nee
d to be taller and thinner then i for the gathering opening to hit you right i did really like
the color ordered the brown and material but back it goes i wanted to love this blouse so mu
ch but try as i might it just fit so oddly on me i m usually a petite s so i purchased the xs
in brown first the color was more gray brown but it was still ok but second the fit was off

maybe i just got a bad one but the center of the blouse was so offset that the slit in the fro
nt laid so far to the left and the v neck was so low that you could see my bra there was no ad
justing i could do to fix it the material has a lovely soft silky feel to it an this fell apart
after wearing it once for the price it should hold up better it s too delicate very disappoi
nted ordered two sizes the fraying of the embroidery was so bad on one of the dresses i wouldn
t have worn it and the zipper was sticking the second dress had fraying and loose threads as we
ll and the seams at the shoulders were not properly sewn which made the lace at the neckline com
pletely crooked some of these issues would maybe be acceptable if the dress was under 100 but
at 228 they are not returning both sizes i love the look of this dress and i love the way it
is cut the one thing i do not love is the thickness of the material it is just too much for a
summer dress it just felt heavy and hot i still love this brand so i am hopeful for a few more
great options to come out before summer is over as a petite big busted woman i found this dre
ss wildly unflattering the quality and pattern of the dress itself is beautiful though it will
require a slip as it is completely transparent the design of the bust however i found unflatte
ring i was looking for an undergarment and this is more of a nightgown \nif it came in a solid
color then i d probably buy it \ni usually wear a small and this was a tad too tight \non the up
side the fabric was soft and lightweight i understand the style of this dress is swing but
there is just so much fabric and it looked a bit like a tent on me i ordered the s and i just
found it to be too loose all over the fabric is great and the colors are rich and lovely this
style would probably look better on someone smaller chested because there is no waist it falls
out from the bustline cute dress but i would size down a good part of my closet is filled wit
h retailer clothes i mix them with my basics scarves and jewelry so i immediately thought of
a dozen ways this kimono could jazz up anything from skinny jeans to slip dresses even though i
felt it was pretty pricey when it arrived i was more than disappointed in the cheapness of the
fabric it does nothing for any of my intended clothes so it is going back asap this is one fa
bulous looking dress however the really scratchy neckline at the lace edge was a deal breaker
for me i even tried sizing up to see if that would help but it was still too scratchy for me
i was really excited for this top to arrive and was really disappointed once i tried it on i am
sure this is a gorgeous top on someone with a straighter or more slender frame it is good quali
ty and looks fine on the hanger i think the color in the picture online accurately shows the co
lor ladies with hips or a booty beware this looked horrible on me it clung to my butt and d
idn t hang nice and straight like it does in this picture i expected the fabric to have a littl
e give to it but it loved loved loved the shirt but the material was so thin i agree with othe
r reviewer the material of these jeans is not the same thin stretches and you end up pulling
them up all the time i am a short curvy girl and would love to have the old jean fabric back
this seems to be the trend in jeans nydj also uses this fabric stretches too much this shirt ar
rived today and i was surprised how short it is not a tunic at all i wonder if the lengths on
these vary and if i order it again it would be a different length i ordered my normal size x
s petite i m 5 2 so this should have been a tunic on me perhaps if i see this shirt in the s
tore i ll try on the regular length i m returning the petite i had read a few reviews on this
shirt before ordering that said it ran small and was shorter than it looks i thought it was wor
th finding out because i really liked how this shirt looks in the pictures on the store site un
fortunately when i got it in the mail and opened it up i found out that all the earlier review
were right \r\n\r\nit is much shorter than the dimensions implied in the pictures of the model
i was expecting a tunic style shirt that could be worn over leggings or skinny jeans th got this
for my daughter for christmas she loves the boho peasant look i thought the fabric would be
white or at least cream color but it was closer to pale yellow although the fabric quality and
texture is lovely more substantive than i expected she just couldn t like the top with the c
olor being so off \ndisappointing as picture makes it much prettier this top is cut too short
wide with too much light material in between to be truly slimming flattering it needs to hav
e more of the rayon spandex blend to make it heavier bouncier then it would hang appropria
tely and swing and hopefully not add pounds to the wearer unfortunately this top is too lig
htweight has too much material pass i really wanted to like this shirt the quality is amazin
g and much prettier in person but it is hard to take care of if you wash it the wrinkles are ho
rrible so it has to be dry clean only also the back is ridiculously long it looks very odd from
the side view this piece is lovely if you do not plan to use your arms or if you are a t rex
if you are not a mannequin or a dinosaur and actually plan to use your arms this top may not be
for you i loved the colors especially the pink and thought this would be really pretty howev
er when i received it its much shinier with is a very thin material and is a bit of a retro in
a not nice way feel to it i also found it huge normally i wear an xxsp or a 00p for referenc
e i am 5 2 30e and 24 in waist i tried both the xxsp fit better but was too short and the xx
s too large i had hoped this would have more shape and would be more fitted but its definite

ly not the body is huge while the arms fit being returned frustrated that the details don t mention there s a side zip for whatever reason i have the hardest time fitting into dresses wi th side zips and so i was annoyed that the details say it s a pull on style when that s not the case there s also no give in the waist besides the fit not working for me it was a pretty dre ss but overall a little too much going on i bought this in size xl it ran much shorter small er than is typical for this brand i found the arms tighter on me compared to the model s photos the lace itself was pretty intricate and washed well i wish this shirt had worked but i ended up donating it after wearing it a couple times the cropped length and close fit just didn t wor k on me i thought the sleeve shape was pretty with just a little more material this would hav e been a favorite i hope it works well on whoever receives i these pants look beautiful when yo u first see them it goes downhill from there the waist is very small in relation to the rest o f the pants it felt fine when pulled up but it is a struggle i could get past that but when i looked in the mirror i could see right through them no lining and not very thick material fo r this price a real bummer especially since it was a birthday gift this dress has beautiful lines i loved the design on the material but the fabric looked very cheap even was already s nagged when it arrived unfortunately i must return it i really wanted to love this cardigan a nd did until i tried it on the arms are so tight i ordered in a m which is my normal retailer size but couldn t move my arms took it back was going to try in a l but store didn t have an y for the price i need to be able to move my arms i was very excited about this dress but whe n it came i saw it had too much going on it either needs the ruffle taken away my first choic e or the halter part taken away in the end i think it needs to go back the color is a nice co ol red and the material is very soft but the dress left me feeling shapeless and the bell sleev e overtook it i wanted to love it but it just wasn t working for me i m 5 8 and purchased a s it fits true to size however it was loose around the waist and just wasn t complimentary on me this will have to go back i love the quality and colors of this romper however i have a lo ng torso and the top part was just too short for my body style it made the bottom part pull as well overall the fit just wasn t right for me i did love the material and it is a very nice pi ece this dress looked adorable online but unfortunately it s not flattering at all and it s completely see through completely the material is so thin that i can t imagine it would hold u p very well over time this one is definitely going back as another reviewer noted the upper p ortion back chest shoulders etc fit nicely however the body of the dress was enormous an d did indeed make me look much heavier throughout the middle back to the store it goes i m a rather small person 5 2 about 100 lbs 32a bust i typically take a 24p 00p xxs knowing how retailer s sizing is a bit all over the place i ordered this tee in both xxs and xs planning t o return the size that was less preferred imagine my surprise when i try on one of the tees and i barely can get it on imagine my further surprise when i realize that the xs is the tee that w as so clingy now i realize that this is supposed to be a body skimming tee but even as petite as i am i coul i purchased this shirt in blue hoping it would be a basic add on to my wardrobe it s been about a month and i have since washed and worn it twice the color is now fading and i found a hole in the front of the shirt i m not sure if its the fine fabric that caused it to te ar but i washed it on gentle cycle and didn t do anything that would have warranted a tear sad ly this did not serve up to its purpose i wouldn t suggest paying the price tag or even sale pr ice for an item that i don t expec i was so excited to get this dress since it look so pretty on line but unfortunately the it was horrendous on the model must have the dress tailored because it looks like a huge tent on me it was very wide bust down and made me look 30 lbs heavier i m 5 4 and 125 lbs ordered extra small and it fits bust up and arms so i say it s tts up top this dress looked great on the hanger but once on it did absolutely nothing for me \r\n\r\nnavy is one of my most flattering colors but the navy in the dress did not make up for the yucky second color that was so blah it just reminded me of dirt that second color made me look drab \r\n\r\n i am 5 8 with a long torso and wear a size 12 in tts tops and dresses but the waist on this dr ess hit at an uncomfortable spot between by waist and ribs i really needed the waist to be drop ped further or higher i loved the cut and style of this shirt so was very disappointed when i put it on and it was very tight and slightly see through if you do order it get it in a size l arger i ordered this dress in a xs petite i am 5 0 105 lbs the plaid looks more drab in pers on and the fit was very frumpy the wrap style is typically flattering but on this dress the dr ess tied above my natural waist and the fit made my hips appear larger i was pretty disappointe d in this little number and will be sending it back it might work on taller people like the mo del but i would steer clear if you are a petite the shirt is very big it would be cute as a m aternity shirt appears much more sleek in the photograph in real life this shirt looks more l ike a pajama top thin extremely casual not worth the price i paid even in black will be exc hanging it tomorrow i wish this fit me better i love the inside fur it is extremely soft but it doesn t look flattering at all it makes my shoulders look really broad and it was shorter in

the length than i wanted it wanted it fit over my butt or cover half and it sits a little bel
ow my waist unfortunately i am taking it back great idea though i wanted to like this and eve
n considered getting it altered but just decided to return it runs big and from the front it l
ooks good but the back just looked like a big oversized stretched out tank it was so comfy on
though and not sheer or revealing so if you re tall go for it unfortunately the other revie
ws were accurate i thought i could still make it work because i loved the design but alas the
dress is incredibly see through i tried using it like a bathing suit cover up unbuttoned like
one of the models shows but it looked very strange would have definitely kept this dress for
the beach if it weren t completely see through i saw this jacket and loved the plaid and the id
ea of a soft sherpa material as a lining was hard to pass up1it was true to size and the materia
l was very nice however the button closure was difficult as the buttonholes seemed a bit too s
mall also the back of the jacket did not lay flat and it kept rolling i had to return this
jacket i m 5 3 and ordered the small as soon as i saw it in person i knew it was an item to r
eturn the material is too transparent and designed to wear with undergarments or swim gear tha
t you want people to see it was way too long for me i think it would work for a taller person
i just didn t feel it was worth the money for the quality and transparency i was disappointed i
n this shirt the color was not the pretty blue pictured but rather a grayish blue which may lo
ok good on a brunette but not on a blonde the fabric felt like linen and wrinkled easily norm

am 5 7 and i usually wear a size small top and 4 dress so i ordered a small in this dress but it
was huge i understand that it is not meant to be form fitting and i wasn t expecting it to be
but when i tried this on i felt like i was wearing a potato sack i feel like an extra small wou
ld have been just as bad i was so upset it also has thin silver lines through it which for me
m i m too tall for this back goes halfway up my back cannot do much with it other than front t
ie fabric is not soft at all not impressed returned it i love this dress but when i put it o
n i was aghast the chest was tight and the body was voluminous added the pounds which no want
s best left to the waify girls these pants were wonderful for 2 seasons yes for almost 20
0 a pop they don t even last a full year loved them so much i bit the bullet bought 4 pair
all 4 started to rip in the same spot i tried to contact ag directly they do not back up thei
r products after 30 days fortunately retailer was wonderful as always i will buy pilcro fro
m now on much better product for the money i really loved the pattern and style of this dress
unfortunately i had to return it because i have broad shoulders and it is a pretty stiff top th
at cut into the flabby area near my armpits for most people it s probably perfect but if you h

ou these were great pants that fit well had good rise perfect stretch for my curves and i wa
s really happy to get them on sale i m 5 10 165lbs with a pear shape \r\n\r\nafter only t
hree months of occasional wear about once a week at most and following wash instructions per
fectly they started deteriorating the pockets are becoming unsewn the fabric has over stretch
ed in little sections that bunch and the bottom hem is coming unraveled these are the most low
quality horrible pants i ve i tried this jacket on in store both m l both seemed to pull a l
ittle at waist pocket notice the raised pleat on the closeup i ordered xl on line it fits bet
ter but still seems to fit like the other two when fastened snaps seem to be misplaced on the
plus side the style is cute and there is brown taupe mixed in with the grey which is more fla
ttering to brownettes there isn t much difference in sizing of all three i am not sure whether
this is a keeper open it is fine and casual nan this blouse has such a beautiful print but th
en it just goes down from there and can t be saved the fabric is a sheer silk so it comes with
an attached camisole that just doesn t lay right underneath the sleeves are all gathered up and
they have a puffy gather at the top that just ruins the whole blouse i wish it was just a simpl
e popover type blouse because it really is a lovely print definitely not worth the money even a
t 1 2 off plus 25 i can always count on retailer to sell unique pieces so when i saw this sw
eatshirt online i ordered it right away it 39 s adorable and quirky however when i receive
d it in the mail it reminded me of something my grandma would wear the sleeves are puff sleev

i raised my arms my stomach was showing if this was a more tailored sweatshirt i would be kee

hotos do not do it justice but i had to give it only 2 stars because it was so itchy that i c

ouldn t even keep it on in the dressing room for more than a minute this is a very awkward and unflattering shirt i am very petite 90 pounds and 5 2 the arms fit length and width but no thing else about this fit the scoop was so low and wide that i would require a shirt underneath it fell exactly like a tent and made a bell shape around my thighs yikes it looks cute on the model but not on me the material is also very thin and felt sort of like it should be a pajama top the material is super soft and i could see how this could be a great fall sweater but the furry portion made the top too bulky i should ve sized down but even then i think it still wou ld ve been a touch boxy if it was boxy all the way through it d be fine but it feels like just the top was bulky while the bottom half was fine perhaps good for more broad shouldered people i have very small shoulders also reminded me too much of a sheepskin rug true to size and love ly dress except the arm pit area is tight and pinches had to return i love this skirt in the ory the style is fun and original and the quality was excellent however being suede the skir t was very bulky also at 5 8 and liking skirts to be long enough for work i typically don t have problems with long length however i thought this skirt fit too long on me such that it di stracted from the style i really wanted to love this skirt hopefully they ll make some update s in future styles i was so glad to find such a beautiful item made in the usa i knew the work manship would be above average the embroidery is gorgeous and makes these jeans so unique i am usually a 24 in pilcro slouchy chinos size 0 in most pants 25 in jeans so i ordered these in xs the waist was at least 7 8 inches too large they were enormous in every aspect of fit no b elt could possibly make these stay up very disappointed i would recommend an xs if you are a size 6 to 8 like most people here i wanted this beautiful dress to fit so i decided to see f or myself if maybe just maybe the negative reviews were wrong they weren t if you have any so rt of breasts at all the top probably won t fit properly i imagine a narrow upper torso like a 32 or 33 possibly a 34 might find the top part of the dress closes properly but with a 36 c i could not get a size 12 to button up the waist hit at a strange spot and despite the picture showing a narrow waist and grad my usual size was a bit large and baggy in most areas but the bu st was sooo soo small the button popped and i had barely moved do not recommend this one for a nyone with a bust the detailing is very pretty though for someone that can make this work i lo ved this dress and was hoping to keep it but for an a lign dress it was not roomy enough in th e hips and the waist was baggy i think this dress would look great on a very very slim build wi th straight hips i ordered this in the pink color the fit was fine but i didn t care for how thin it was there is lining which i suppose is there to combat the thinness but it s only in certain places the lining should have been all over maybe if i had gotten this in blue it wou ldn t have been so bad i thought this top would be a nice addition to my fall wardrobe and whi le the color didn t disappoint everything else did it s a very loose slub so it s very see thr ough and thin i d have to wear a cami under it also the tie front has a very high slit like i t went almost halfway up the shirt and definitely would have shown skin unless you layered the s hirt i do think this top would be a cute throw on top for yoga gym wear but definitely not at this price pass for me sadly this hoodie was too thin you can see right through it i retur ned it i m 5 4 130lbs with a 32f chest this dress looked like a cross between little house on the prairie and a mu mu i can t imagine this looking good on anyone who isn t 7 tall also the straight across rather high neck line wasn t flattering to a large chest and then the arm h oles are huge the fabric was a bit shiny and felt cheap it wasn t see through but it had the f eel of a nightgown not a hundred dollar dress i tried this sweater on in the store i wanted t o love it so badly as it is soft and feminine and would be a great causal layering piece howev er there are pockets in the sweater that are right on seam and they actually bubble out from t he natural drape of the sweater not to mention unless you re built very narrow the pockets wi ll fall at and accentuate hips and not in a flattering way the nice details are the feel of t he knit the layered style with a cottony lined hood and faux lay i love this dress the desi gn is gorgeous however the bust is extremely small only someone in the a or b range will fit i nto their appropriate size i am disappointed this dress fit so oddly i tried on two different sizes and both did this super unflattering poochy thing at the belly the dress wasn t tight at my hips in either size it was just that there was weird extra fabri right around the midsection that stuck out maybe i was too short couldn t figure it out \r\n\r\nthe color and detailing a re beautiful though a little tight in the bust i would have kept this dress if it weren t for the giant arm holes and reveal my entire bra on both sides other than that it looks just like it does on the model and is a nice substantial material i am very disappointed with this order the shirt looks and feels cheap is not flattering in any way i am sending it back right away thought i would try this as other reviewers loved it and it s out of my comfort zone it looked like a poncho with a baggy tank underneath not worth the price the tassels looked a bit worn a s well i originally bought this dress in the store however it ended being a size too big so i reordered the smaller size online although it was backordered for a month when it arrived

i noticed the sleeves were not cinched like they are in the picture as well as the original dre
ss i had purchased in store i thought maybe it had been a fluke so i returned the dress and re
ordered it again because it is a great dress the second one just arrived and the sleeves are no
t cinched as well this may i ordered the pink and it was gorgeous the color and feel were so
soft i would have kept it if it were a blanket but i did send it back because as a sweater it
just didn t lay right it has a sort of inside layer that just didn t fit right with the outside
sweater layer so it ended up puffing up on the sides at the waist that was not flattering and
the hood was too large and floppy looking too bad this just did not sit well on me while the
length was fine and the fabric was a nice thick weave with a flattering amount of stretch the t
wist at the shoulder just looked odd it did not sit flat at all so it just looked like i had g
otten dressed in the dark and had not managed to sort out my sleeves given the spot on quality
i would definitely look into other items from this brand but back this dress went so disappoin

this can be a great thing because they certainly do stay put which is a huge problem with over

unfortunately it just didn t work for me i tried it in a small medium and large for reference
i m 5 2 145lbs 36d the dress is really pretty in person but i looked like a little girl in
it my daughter who is 4 9 100lbs 34a also tried it on and she too looked like a little girl
in it the material is beautiful along with the detail at the neckline however the neckline is
not open like in the picture it s more pushed toget these socks were very thin and the elastic
at the top was very rigid i could not get these socks to go any higher than half way up my calf
i would not recommend this product it felt very cheap and not of good quality these socks were
so narrow especially on top that they pinched my thighs and we re almost painful to wear all d

n this dress looks very beautiful on the model shown unfortunately when i tried it on it did

bout this shirt was how fragile the buttons on the back are i was taking this shirt off and one
popped off when i went to hang it another one popped off so i had to return it such a shame
the fabric is a little stiff the back looks unusually long compared to the front and it fits t

and sleeves are long on me as well just weird proportions so sadly going back the minute i pu

t this sweater on i couldn t wait to take it off it was way too scratchy for me so for those with any type of sensitivity to wool this is not the sweater for you otherwise i thought the design was quite cute i ordered my usual sz s during the promo arrived yesterday the fit is perfect w a little room to spare for layering it s a snap front closure front patch pockets attached hood that is small to med size not huge or overwhelming it s 100 acrylic which isn t my 1st choice but soft comfy seems good quality length falls abt 3 below my knees arm length is fine pretty much looks as in the pic including the marled color if you are in need of a great functional long swtr w good looks this vest doesn t have a button so i thought i could put my own but when it arrived it just didn t fit that well the opening in the front is too big the vest itself while nice and warm is not functional at all due to openings everywhere i do n t know why even make a vest like this with no front button and such a wide opening how is one supposed to keep warm at all note the sleeves on the model that is how your regular size will fit your arms however even if you have skinny arms like i do the sleeves will be tight i bought my regular size xs and it was clingy with an odd flair and the length seems as though i ordered a petite and i am only 5 ft 2 in \ni advise to try a few sizes on if you really are interested the red is truly a red which is a good thing because so often it is hard to find a red that is not neon this is a beautiful sweater that i wanted to love but i couldn t for a few reasons i thought i d share the color is bright orange it is not softer like peach in the picture it also was more clingy than a curvy woman like me can wear i thought d be more swingy but it was more structured very pretty and good quality tho i feel that for this price i should love this top and i wanted to however the price is on the high side for a relatively basic top and there were a few things about it that could be improved \r\npros i ordered a medium and feel that it s pretty true to size additionally the fabric is nice and light but also sheer and generally speaking has a nice pattern overall it s a very pretty top \r\ncons there s a cute criss cross ruffle thing happening in the back but the model has cleverly much lower quality than other robes i have purchased i wish i had read the other reviews before purchasing this product label says that you can wash and dry normally however upon washing the outer layer shrunk and the inner lining did not the robe will now not lay flat the fabric pulls at the edges and results in the inner lining being revealed when the robe is tied shut extremely disappointed for a 100 garment i expected much more i wish i could return this so bummed i was really hoping this top would work for me i got the black in regular size 4 and the pink in petite size 4 both hit my breast too high and were too bulky in the mid section i have a sort of short torso wear a small 34c and am have a defined waist when tops are bulky it gives me no shape and just looks terrible i am having the hardest time finding pretty tops that suit my figure they did not lie flat like on the model but had so much extra fabric they stuck out \nthe constr this is a beautiful piece but the cut is not flattering i ordered my usual small and while the top fit the fringed part was huge kind of maternity i can only imagine there was some clothes pinning going on for the photo this would have been great if it had about 4 inches of fabric removed from the lower part obviously it cannot be altered so sad must return this style of shirtdress usually fits me perfectly however this did not fit me one bit the waist was too large the length too short and the hips too small i was really hoping this would fit since it s a unique color and the material is substantial but soft i will be returning this not a huge fan of this dress will be returning it \nfits too big and not flattering \nfabric is thin and shows any lumps and bumps you may have \ncolor is not as pretty in person as in the photo the photo looks like a nice rust color but the dress is actually a boring brownish olive this is the worst shirt i have ever tried on from retailer it is basically a big shaggy box from the front and from the side it looks like a tent it is also short i have a few evening functions this month and the next few months and i thought this dress would be different and fun i really wanted to like it but i could not there were spots missing sequence some fell off as i tried the dress on and i did try it on twice each time there were some on the floor they are sewed on so poorly for the price of this dress i fear it would be a dress for one season and i d have to throw it out not for that price so back it goes i loved this tunic the first time i wore it i ordered it in the red and it was very flattering on my post pregnancy figure and extremely cute with leggings and boots just what i wanted it fit true to size even with a few extra pounds around the chest area imagine my horror when i pulled it out of the wash having followed the directions on the tag exactly and discovered it had shrunk and no longer fit properly in particular the sleeves became incredibly uncomfortably tight and much sh i really liked the look of the orange so ordered an xs i prefer a s petite but it is sold out the xs arrives and while i still like the color the fit is really weird the cowl is very high up but the sleeves are still long it looks nothing like the photo i cannot see how the cowl sits on the model s collar bone despite eliding the color the design is off so have to return this sweater was so itchy i immediately was turned off it looks cute in pictures but another problem was that the knitting in t

he shoulders looks like a kid made it it was uneven and stretched out it looked like it was no
t well made to me it also shed so much that just from me trying it on my pants were covered in
orange fuzz i returned this one this sweater was just okay i am happy to pay 100 or more for
a sweater but this one was somewhat itchy and not the quality i expected for that price i may
have kept it if it were at about half the price but it just was not worth it retailer prices s
eem to be going up and up and the quality less and less i had similar experiences with a couple
of shirts that i ordered over the summer looked great in the photos but unfortunately in perso
n were not quality garments i wanted so badly to love this sweater the colors in the blue moti
f are fabulous and the yarn is soft and warm but it does not fit me in a flattering way i can
t recommend a size because the s and the m were exactly the same size and fit the neck is broa
d and bulky and overwhelming the sleeves have bulky cuffs that come down to my fingers and the
sweater slides across my shoulders i m 5 6 it appeared overstretched and i feared it would o
nly stretch out more over time and not be worth the sweater is beautiful i loved the tweed desi
gn but the fit was boxy and the collar sat funny so i had to send it back nan this sweater is
a lovely color and very soft however the sweater sheds terribly and the color is very large
distracting from the overall appearance it s also thin and whatever shirt is worn underneath wi
ll show through the material is very nice not flimsy at all which is nice the problem was the
fit around the arms i am a petite person with a small chest but it still didn t cover me bra i
ll be returning it i really like both colors in this top i love the way it lays the length t
he material etc what i don t like is that the arm holes are very large and shows the entire si
de of your bra this is definitely a summer top so why would someone want to have to wear a cami
when it s warm enough to go sleeveless too bad i would have bought it for sure i liked the qu
ality of the top and the design but when i got a top that fit well across the chest it was sho
rter than i usually like my tops so i will be returning it i was so excited to buy it online
but it come in a small plastic bag and lot of pieces are missing on the one i got so i had to
return it this top is very nice i ordered it in black it looked very good the embroidery and
pleated details give it a very nice look the fabric however feels like heavy cotton it didn
t feel very soft and comfortable it was a bit hard for me to wear because i usually prefer soft
cotton while i think this will retain it s shape and not stretch like softer cotton i am sendi
ng it back it felt a bit heavy to wear love this blouse however upon every time i wear it a
new button pops off i have had to replace every button great looking shirt that i bought for m
y wife but poor quality the fit is great but the buttons literally keep falling off first tim
e my wife wore it two buttons just fell off when she was sewing them back on she showed me and
another button just came off with the slightest tug its really too bad because it looks great o
therwise i ordered this top on line i wanted to love it but unfortunately the fit was not for
me i am 5 9 with a long torso this top was cut very wide and looks like a maternity top i m 5
7 135 lbs slender bone structure the medium fit well in the front but hung to the back of kn
ees in back just way too long it would work best on someone closer to 6 tall i love the way
this top looks in the picture and the embroidery is as lovely as it appears very detailed it i
s both subtle not cheap looking and special \r\n\r\nas an earlier reviewer noted the top is n
ot see through a plus \r\n\r\nthe drawbacks though mean that i will be returning this top \r
\n\r\n1 the fabric is very heavy and does not drape well i am a small woman with a large chest
and ordered a size 0 the top is still loose even in that size and the relative stiffness of t
he fabric gives i was so looking forward to receiving this in the mail when it arrived i was v
ery disappointed the color is more mauve than dusty pink and the fabric is stiff and wrinkled
not at all what i expect velvet to be flowy and soft the fabric seems very cheap for the pric
e point i usually like floreat but this one is headed right back to the store the positive
light weight fabric interesting drape\n\nthe negative i m tall and would have preferred if it
was longer the big drawback is the ridiculous buttons three fell off the first time i wore it
and it fits loosely they re held on by a single loop ugh beautiful print however as the pre
vious reviewer mentioned it is very sheer much sheerer than the product shot shows i was expec
ting to be able to wear a nude bra under this without a cami however my nude bra was completely
visible \r\nthe top also ended at the middle of the zipper of my jeans so much shorter than the
tunic length shown and the bottom half of the sleeves ballooned out much more noticeably in per
son the top half of the sleeves are slim and the bottom half are looser \r\nover this shirt i
s adorable \r\nbut it didn t work for me \r\ni m a smaller gal with a large chest 5 4 34g
i tried on the small since it seemed so flowy and large the sleeves were tight yet the back o
f the shirt flowed way too much making the shirt look huge on me perhaps a more fitted back a
nd i would have been in love \r\nlove the blue color i love belted sweaters but this was way t
oo low in front it hung almost to my knees in front i m not a fan of that look the top on the
model in the photo is a true ivory but the top in reality is more beige well i m blonde with
fair skin so i m not sure this is going to work it also looks more dressy in the photo than it

does in reality i think the ivory color on the model and the pleats only down the front make it look more dressy but in reality with it really being beige having pleats everywhere and being a crinkly fabric it looks more casual i had wanted it to be more dressy to pair with skirts i was so excited for this to arrive at the end of last summer my favorite shirt you know the kind dresses up or down with ease it s your go to for work or a night out with friends was ruined and i have been searching for the perfect replacement i thought that this would be a good contender but i was ever so disppaointed when i opened the bag \r\n\r\nfirstly the base color is not accurately represented in the photograph in person its more of a peachy off whte instead of white still pr love the design material and color the sizing as listed is waaaaay off running small returned to store after purchase online 3 times to get one that fits which was at least generally easy o nice design but very wrinkly fabric that doesn t fall well also as has happened to me before retailer sent me a dress clearly worn used and returned by someone else with hair all over it you would think they would at least look at returned dresses to make sure that the returned clothes were free of stains and hair before they send them out it s a rather boring tank i thought it d be perfect under a cardigan for work but decided against it the fit is boxy and does not look good on a girl with curves definitely was disappointed in the fit of this potentially very cute shirt just too large too much fabric for me i m usually an xs and there was just no shape to that size for my small bod i wouldn t have minded the longer length if there had been a better fit up top i think the colors are also a bit duller in person love the concept though i am 5 2 107lb and an xs petite the embroidery was the only nice thing about this dress but everything else was really unflattering the huge puffy sleeves especially another reviewer said this was more like a shift and she was right not worth the price on sale i wanted this skirt to work it is soft comfortable and cute unfortunately it runs to short i am 5 8 and would not be able to pull it off at work i ordered a bigger size and it still didn t work i absolutely love the look of this shirt with the built in layering piece the overall garment is lightweight and not too heavy even with the added layer however this runs really large in general this brand runs large for me and i would say that if you are used to this brand you can stick with your normal sizing for this brand however compared to other brands it runs very large i think it would work fantastic for me in a different size it is not at all fitting so it would be more like a i was so excited to get this in the mail and loved everything about it except for the fact that it was only as long as one inch above my navel i don t know why it looks like a normal length on the model im returning it loved the color and looked super cute in the photo but when i got it home it was way too big in chest area waist area too wide at bottom i m pretty small but i m not sure what the right body shape would be for this i got this top in my typical size medium and wanted to love it it is such a good idea and i loved it on the model however it failed in translation for me and i will be returning the bottom of the top is very loose but the top clings to my chest 36dd pulling awkwardly and gapping on the sides not worth exchanging for a large since the bottom of the top is already to loose i ve been waiting to purchase this top for some time thinking it would be perfect weight for fall winter i m pretty disappointed since i don t live close to an retailer i typically order a size up to avoid returns and usually end up with items that fit just right or a little loose which is no big deal this sweater however i was swimming in like a child in an adult sweater it was huge and not to mention unflattering on my short fuller shape i wasn t impressed with the material either it f i was so excited to try this on but this was a big nope for me unfortunately i ordered both an xs and s i normally wear a s both hung horribly on me they were just too big i love a boxy oversized silhouette but this sadly didn t flatter me in the least the quality of the shirt is top notch the fabric is lightweight and comfortable \r\n now the cons \r\nthis top is cut like a square and fits wide which is not apparent in the photo definitely not for me purchased the gray patterned top seemed to fit tts but it didn t fit me i m an athletic build with a 34d bust and it just wouldn t fit right around the shoulder neck area i m pretty confident it would fit someone who is less busty than i the double sided fabric was soft and felt like it would wash wear very well nice length all around top and sleeves i so wanted to love this sweatshirt it is very soft and seems like excellent quality and material the pattern is pretty and i envisioned spending hours cuddled up reading in it unfortunately the body of the sweatshirt particularly the front torso area was too big and it popped out around me like a balloon the arms fit well so i don t think that i could have gone down a size i was also not keen on the way the neck hung which was either very stiff and tall around my neck when unfolded i was surprised by the other reviews expected to live in this all winter but found the style bulky and awkward the hi low cut with so much bulk just wasn t flattering i wish the armholes had been larger so that the body of the shirt would have fallen closer to my body the armholes are the size of a fitted shirt which pulls the shirt wide rather than allowing it to drape a bit more it is incredibly soft but just not as comfortable as i d hoped it went back

fits like a maternity top not for my age group or build weave on the sweater quite open and ea

o shape to it i would try a different sweater this is a great dress if you don t want to leave
the house or you want the world to see your nipples i was so bummed when this came in the col
ors and print are beautiful but the neck is super itchy because of an elastic ruffle combo the
re is also a liner which is a nice touch but it s significantly shorter than the top layer whic
h drove me nuts definitely going back wasn t crazy about this top it looked great online but
in person it s just a boring and lifeless top i tried the yellow striped dress on in the store
and it is completely sheer ordered this top online and wanted to love it but the fit was very o
ff i love the drape in the front but it did not hit in the right place the fabric was soft b
ut not as high end looking as i was expecting i love flannel tops and wanted a more formal look
but sadly this is going back when i first saw this shirt online i was so excited it reminded m
e of why i love shopping in the fall unfortunately when it came i was so disappointed in perso
n the fabric and the colors are gorgeous it s fairly lightweight for a flannel but so soft and
comfy cozy i love the navy cream polka dot that is on the inside of the cuffs and collar as wel
l and the buttons are cute too when i put it on it was so comfortable but it made me look lik
e i was pregnant especially from the side it just my 3 daughters and i all wear a size small an
d are heights range between 5 2 and 5 10 this dress was sloppy on every one of us i don t thi
nk a size x small would have made a difference the length is all over the place i m not sure h
ow or where you would fit a bra into the picture on the positive side was very soft it may wor
k as a beach cover up tried this twice in yellow because for the price it seems like it would
be such a useful piece but the quality is below average for an retailer dress it s just a shap
eless thin beach cover up that i could ve picked up anywhere the yellow color is so cute thou
gh if you re looking for a light breezy go to the beach dress that you can shove in a bag wit
h your towel this might be good for you but it s too thin for just about anything else i purc
hased this in the yellow xs it is very comfortable but extremely see through you d have to we
ar a slip or something underneath it but i m not sure what would work based on the style and e
ven if i wore a strapless bra it was still see through unfortunately i had to return it one ca
n t tell from the picture but the top shoulder part is sheet and transparent it also is very lo
ng almost dress length feels less quality than what retailer usually carries i feel in love w
ith this piece the color are gorgeous and i received so many compliments it lifted my mood jus
t wearing it sadly ut the end of the first wear i had a run up the front and by the middle of
the second wear the light fabric got caught on something and a hole developed upon further insp
ection i found another hole at the top where the price tag must have been attached i also notic
ed all over pilling after the first wear so sad they should recreate this in a heavy fabric r
ead the reviews and thought i would just remove the label asap to prevent snags since i loved th
e item \r\nhowever the item came with unrepairable holes not just snags and they are either o
n the neck or front sleeve which forces me to return the item asap didn t even try it on so sa
d but i still love retailer i generally don t write bad reviews but there is a real discrep
ancy between the quality of this kimono and the cost the design and colors are great but the f
abric is ripping on all the kimonos on the rack in my store where the manufacturer s tag is at t
he back of the neck the material is very thin so there are other small holes beginning through
out the garment i shop at retailer all the time and this is not a 98 item of clothing beauti
ful fabric unfortunately i had to return it after just one wear it had pills all over the si
de fabric is too delicate sad to return i didn t realize when i ordered that the hem is unfi
nished below the seam i m not a fan of this look especially in a more expensive skirt the fa
bric is nice and flowy but i do feel there is maybe too much of it which may be a plus if you
wanted a fuller skirt and that the waist runs slightly small i am normally a 10 12 and ordered
the large and it fit at my natural waist rather than hanging lower and looser like other styles
in this shape i am 5 7 and i do like fuller skirts but was love retailer s kimonos and when i
saw this pattern i had to have it unfortunately when i bought it the tag was already showing h
oles so they gave me 15 off went to wear it for the first time there was already a huge sna
g in it i love retailer but for 98 this is not worth your money this is super cute and the co
lors are so vibrant and its thin enough to wear with tanks for the summer but it already had a h
ole forming in the upper back shoulder i guess the material was a little too thin 98 is a
little too much money for something that gets holes so easily the colors on this kimono are ama
zing and i really loved it however i too noticed the delicateness of the material it is so
delicate that parts were starting to fray including next to the kimono s label so sad i ll s
tart by saying the fabric and concept are beautiful the top is sheer but that s pretty clear i

n the images and not surprising for a lightweight white blouse the problem is that the arms are more fitted and the torso not the chest but the mid section is cut fairly wide i m 5 10 14 0 34b and usually wear a 4 or a small medium depending on how relaxed i want the fit i purcha sed this in a 4 the arms were workable but slightly fitted and the torso fit like an 8 chest was as expect it is soft and hangs great problem i wore it one time and the back balled up terrible it looked like i had owned it for years not worn it one time wouldn t recommend th ough it is sooooo soft love the softness and the length the color was perfect but you have be be a very skinny almost boney person for you to not show imperfections to your body the fabric is not thick enough and does not have the give to over shadow normal imperfections will be retu rning the sweater unfortunately this top looks billowy and boxy on my i am tall and very slim and i look pregant in this one maybe it works better on somebody more curvy these are beaut iful pants especially when you walk they are simply beautiful and flow nicely however they a re soooo very long i am 5 5 1 2 and even with a big wedge s i would have to get these altered the waist seemed very small i am a sz 12 10 in some stores and i got the large and it was way too tight in the waist and have no stretch or give at all probably a sz 10 at most so unfort unetly they have to go back this cardigan looked great on line but it is one of the worst thing s i ever ordered at retailer the quality is awful and the material feels flimsy and cheap mate rial is kind of thick stretchy the orange i ordered was just too bright for me i m 8 10 and g ot the 10 i think the 8 would ve worked better sending back mostly bc the color didn t look g ood on me i really wanted to love this dress \r\n\r\ni absolutely love the fabric and the b ottom of it sadly the top was just too balloon like and poofed out way too much i tried put ting a belt with it which helped a little bit if the top had been just a little more fitted thi s would be awesome i don t know if a smaller size would have helped the issue i ordered a sm all and considered an xs but in the end just returned it the dress is absolutely beautiful in p erson the blue stripes are a bit brighter and the print on top is more muted it s unique and s ure to turn heads being 5 2 i tried on the small petite this size is usually perfect lengthw ise for me however this dress was about 2 too long another complaint is the style of the top half the model in the picture seems to be hiding the puffiness of the top half the top half pu ffs out and made me appear much wider than i am not a good look on anyone this may be the ugli est dress with the worst fit i have ever tried the blue stripes are brighter than they appear i n the photo absolutely garish the top is baggy with awful beads on the back ties it just look s cheap the skirt is an antebellum nightmare \r\ni did not even want to try it on it s that bad i considered adding a photo but was too horrified \r\nfor reference i m 5 10 approximat ely the height size of the model but it was shorter than the photo depictes i wanted to like it i really want to love this dress the style and colors are so nice and easy i like the loos e flowy feel of the dress it runs a tad large but that is part of the style what bothers me i s that the fabric and embroidery is very stiff and itchy to the point where it is uncomfortable on my arms and body even though it is a loose fitting dress also it has lining which is nice f or modesty but with the stiff itchy factor mixed with lining it feels a bit cumbersome i have n t decided if i will k thought this would be a great dress for warm days but alas it fit like a sack love floreat and have a few of their well made dresses shame this did nothing for my cu rves ordered an 8 usually wear a 10 and it was a tad narrow in the shoulders if you can sport a loose swingy shape this is a great dress with nice detailing but sadly the shape did not wor k for me i love jumpsuits for their style and comfort i loved the look of this blue silky piec e and the review that said it was like lounge wear you could wear out of the house i agree tha t it is like lounge wear but for me there were a few challenges \r\n\r\nfirst the fit was sma ll i am usually anywhere between a 2 and a 6 depending on style cut and brand i tried the sma ll in this and it was not a flowy look or feel it was restrictive in the hip area in a way that would make me not want to wear th don t be fooled by the photos online the color is a bright ba by blue not pale blue it s a beautifully designed dress however the material is so bulky and heavy it s so unflattering i was afraid to try it on and my fears came true this dress just h ung on me and pulled me down i wanted so much to love it but i returned it i should have list ened to previous reviewers but the dress looks so good on the model in the two dimensional pict ures when it arrived in the mail i realized this is a mistake it has no shape material is po ofy and feels cheap it is going back i was so excited to get this the fabric is beautiful c omfy soft and a great wash print of blue it reminded me of the ocean however the fit was off the waist was too high the length too short and the straps to long i was very disappointed i considered taking it to the tailor before returning ultimately i decided to return i was so e xcited to get this top but it s boxy and a little itchy from the design i just didn t think it was worth the hefty price i m normally a small in retailer clothing i am typically a small 6 in dresses but i should have gone with the other reviewers and sized down it had no shape but hu ng like a paper sack the armholes fit perfectly though if i had sized down they may have been

too tight i am 5 6 140 lb\r\ni will return too bad because it is a pretty dress beautifully made gorgeous colors i wanted to love this but it just wasn t flattering too a shaped no t enough drape to flatter i bought these and returned them almost immediately the material loo ks nice but itchy and heavy the fit is too small and just uncomfortable to wear really loved this dress online and was excited to try it out when it arrived it was heavy bulky in the pac kage which didn t bode well taking it out of the bag i was surprised at how heavy thick it w as the picture really looks like it would be a flowy grecian dress to throw on during a hot su mmer day but in the reality you might drown in sweat the interior linings promised absolutely no breathing fabric \r\n\r\nwanted to love this as the style is very cute but was disappointed b y the mate i bought this dress on super sale and it was such a great deal sadly it s going back although i sized down i still feel like the dress is shapeless and tent like no wonder why the store had so many still at the price i paid the details on the dress are pretty and it s high q uality just wish the fit was better i did purchase the pants but ultimately ended up returning because everything such as the print and the length it hits at your ankles is great but there wa s at least for me a lot of extra fabric in the crotch area and this is not to be crude there really isn t another word that i can use and when you sat down it is extremely apparent i am 5 6 and run between a size 8 and 10 and 10 fit me but again i just think if there was less fa bric in the saddle it wouldn t ride up and look more fl as much as i buy from retailer this is my first review the pictures do not accurately show how large this dress is in person i wanted something that was a bit flowy but this was a reminder of little house on the prairie the most unflattering dress ever and since it s only available online i m not interested enough to try a smaller size i tried this top on thinking it would be cute for the summer it looked more like a maternity top with the fullness in the bottom so if you re expecting this one would be great i love the shape at the neck but the lack of shape really distracted me from loving this top th e fabric is nice but the big boxy shape on the bottom doesn t do much for you i agree with the other reviewers tha this top would be great as a maternity top because it really is cute if you have a baby bump returning the top i tried yellow motif but unfortunately i did not purchase it \r\nit was quite difficult to explain why it did not work for me \r\ni liked its floral pat tern and shape of sleeves \r\ntexture was ok \r\nusually i like a cool touch of linen \r\nbut t his t shirt was not as comfortable as the other products made of linen \r\ni was not quite sure it just was not right for me \r\nonly word i could think was average \r\npersonally i do not recommend it but who knows maybe it is right for you \r\nso try wear this top completely fe ll short for me i was so excited for it to arrive yesterday and upon opening the package i knew immediately that it was not what i was expecting in the images online there seam up the middle of the shirt isn t even noticeable but in person it is very prominent and not in a good way t he peplum is a lot fuller then pictured as well did not work well with my large bust 34d ret urned not great quality runs a bit lose disproportionate too large in neck and arms area i ordered a size small usually i am ps but wanted the extra length usually i can get away with a regular small but not this time such a cute style but made me look short wide unfortunatel y it s going back i was so excited bout this top it looks adorable on the model but was not as flattering in person the white is see through so you will need a tank underneath which looks of f with the mock neckline i bought the two other colors which are so pretty but the length of th e top hit me at my hips it def does not have the length as described or measured in the descri ption i m 5 5 and wear an xs and the size was right but length hit at my hips which is my wide st part of my body if you have tiny h this top arrived today and after trying it on i wanted to leave a review to say that the shirt is 100 without a doubt pinned back on the model in the product picture the fit is designed to be loose so i don t think anyone could possibly get the same look as the model even if they sized down i ve included a picture of how it fits naturally and a picture of how it fits the model as i hold the fabric back it s still a cute shirt just not the flattering top i was expecting i m debating on this top looks so pretty on the model h owever the photo is deceiving as the bottom section is quite wide and loose i am petite but be tween a c to d cup the top is not really fitted so my bust pushed the top out and made it loo k like a maternity piece from the side it hung way in front of my body i am wondering if this is clipped in the back on the model if you are smaller chested and taller this top might look nice on you i am 5 1 105 lbs and c d cup i really loved the fabric and c i was so excited to receive this shirt and so disappointed when i tried it on it s a lot fuller than it looks in th is picture or maybe it s because i ordered a large i m 5 8 180lbs 36d bra size and can fit i nto a large at retailer just fine but it made me look huge not flattering at all and it was so full that it looked like a short dress just got this in love the color and fabric but it has no shape on me i thought i d wear a large because i have a 36ddd chest but i should have gotte n a medium at the largest also even if it did fit it came with a stain resembling toothpaste right in front i ll be returning the shirt is nice but not as nice a material as i was hoping

but i kept it anyway but after washing it it is even more disappointing not very soft and now kind of an odd length hopefully it will grow on me but wouldn t recommend it especially for th e price i don t normally write reviews but this shirt was so terrible that i felt inspired \r\n\r\nfirst off the seam that is in both the front and back of the shirt is much more pronoun ced than in the photo secondly there is no shape whatsoever unlike in the photo it bells out like a tent it honestly looks like a shirt you would buy if you were trying to appear pregnant when not overall this shirt is an insult to the female form \r\n\r\nretailer what is with al l of these shapeless frocks in cheap f i was excited to see this top ordered it and was disapp ointed it was too tight across the chest and had too much fabric around the bottom i tried thi s on 3 times hoping for i had been wrong in previous assessments no luck usually i am a huge m eadow rue fan but not this time the print is okay but the shirt seemed stiff and the material was not soft if the print was just okay but the shirt was super soft or vice versa i would have probably kept the shirt but since it was neither it was returned well the model looks great a nd i really like interesting unusual designs as it can be really unique for very long time i tr ied and when i opened package it was funny looking tent with several beautiful buttons fits lik e tent long huge make me look like i am on military trials and i supposed to be some sort of target the design of this dress was very off for my 5 4 120 lb 32d frame it s low cut and t ight in the bust but then very voluminous and unstructured around the hips making me look wide there a belt didn t help much the fabric is nice but the overall effect of the dress was frum py the photo of the mila turtleneck where model has her hands to her sides and just below her hair there is a bit of extra fabric which falls to the bottom of the sweater in a bit of a plea t well it s not representative of the abundance of fabric in the xl i usually wear an l or xl well with retailer clothing the excess added the appearance of excessive pounds from breasts to bottom of sweater bummer i ll be returning it this sweater caught my eye and the positive rev iews and pre holiday sale had me try it loved the color and cut but surprisingly not the embroi dery i felt like i d wear it a couple of times and then tire of it my husband and daughter bot h said meh so back it went i love boiled wool and have gotten a few items from retailer in years past that i have loved this one was a fail i typically wear a small and it was slightly too big and shapeless for me i am 34c 127 the moment i put it on it felt like i was wearing a bathrobe it flares quite a bit and the stitching is brown and not dark grey like i was hopin g the quality is as expected the color overall is as it looks online but it was a return it s rare for a dress to completely not work on me but this dress completely did not work on me i m tall and have an hourglass figure i got this dress in my usual size s this dress somehow mad e me look ridiculously pear shaped the empire type bust of the dress made both my bust 32c an d my waist look pretty much non existent it looked so bad on me i actually laughed it s a sham e though because i had been eyeing this dress for a long time and it is a beautiful dress but i would not rec this dress is beautiful and unique the cutouts and lace really stand out howe ver the dress was huge on me and that is rare with moulinette souers i usually get a 0 or 0p i n this brand due to the bust sizing being generally smaller but the 0 regular was huge and the a rmholes really big the petite may have been better but felt that it would have been too short while the design is beautiful there were several areas on the dress where the threads were unra veling for reference i am 24 waist the material looked much nicer in the online picture also there are pockets which added a bulk to it that was not flattering on me i thought the sweater itself was beautiful but found the fabric to be stiff and itchy i wanted this dress to work so badly but if you have any chest or any hips this won t work for you i tried in petites and regu lar and it just didn t work at all this was disappointing to me i love how this looks on the mo del unfortunately it made me look huge it was all bunched up after i buttoned and put it on i didn t find it was tts i am a 10 m and got the m it was too tight in the waist before i d eve n put it on i noticed the waist looked very small i don t even think the sizing issue caused t he material bunching it s like the buttons didn t match up or something i got this sweater wit h high hopes to wear it with some leggings for christmas it looked adorable and long on the model however it doesn t even cover my butt that s how short it is if you re anything over 5 4 i d say it ll be too short for leggings i ordered this in a m and it was just a big boxy te nt i really wanted to love it since the length is good for leggings and throwing on to cart kid s around it just was so big and had no shape at all it s possible i should have sized down to a small but i m sending it back let me start this review by saying 75 of my clothing is from retailer and i love them my husband bought this sweater for me recently and it s gorgeous but when i tried it on one sleeve was longer than the other i went to the store and tried on severa l sweaters even in different colors and had the same issue sometimes is was extreme sometimes is wasn t as noticeable it was noticeable to me however as i am 6 and sleeve length is super obvious when its too short love the sweater as it wa this dress was very cute the first time i wore it but after my second wear the bottom layer didn t remain adjacent to the top layer and

i found it to be awkward the cutout design of this suit looks cute on the model but didn t flat
ter my shape i think it would work better on someone very thin the criss cross fabric portion
was a bit baggy and didn t sit right even worse the bust portion made me look flat and i m a
full c cup the dress arrived wrinkled so i washed it and pressed it it looked beautiful until
i sat down the entire dress was wrinkled and it looked terrible all day can t wear this again
after reading the previous review i was pretty confident in ordering this dress it arrived in
the mail today and i was so disappointed first of all it s huge the medium was way too big o
n me and i m never a small at retailer i even considered ordering the large in this my norm
al size at retailer second the colors are not as vibrant as in the photo and the fabric felt
cheap finally it just looked like i went to hawaii and bought a drab dress there that didn t f
it right this dress is awesome love everything about it except the colors the pink is ridicu
lous it is like pepto on crack there s no way outside of being a bridesmaid i would ever wea
r that shade of pink nauseating i would order the turquoise but i don t think i want that eit
her plus the pink was the only color offered in the store even though i saw the dress offered
in black online at one time why wouldn t you stock the black in store i can no longer get i
t \r\n\r\nyou need to offer this d i ordered my usual size m and when arrived i thought the mate
rial and cut was nice once i tried it on it was way too big in hips i looked rather comical
how it extended on the sides i returned the dress i cannot imagine this dress working in any
size i am a small thin and average height woman usually a 25 26 in pants a size 32c bust an
d 5 6 tall this dress was huge i sized down to a 2 i am always a 4 in dresses and this dr
ess was still big i do not know if i could size down to a 0 though as the shoulders seemed to
fit right it was ginormous i got it for a wedding in two months and i will be 3 months pregnan
t it still wouldn t work unless i was 9 months pregnant and carrying tr disappointed with the f
it and color of this sweater more of a rusty red then bright cherry red i ordered a small and
found the sweater had no shape and just hung lumpy on me i am 5 5 120 and usually a small in re
tailer sweaters this top is very cute but the middle seam in off center near the bottom and ca
use the top to twist while wearing it that is annoying as the other reviewer said the skirt h
ad this weird bunching on both sides of the hips it was ridiculous i don t know how anyone coul
d wear it looks like you had two little triangle things poking out from each hip i m long and l
ean so usually skirts like this fit me well very very strangely constructed i couldn t keep it
even at the deeply discounted price this dress looks like it would be so much fun to wear when
i tried it on i was swimming in it i do have to admit that the movement of the dress had it f
it right would have been very fun i was also really disappointed with the lining there is dar
k green piping along the neckline which bled through the pink of the dress and make it look lik
e you dropped something on your dress returning it i suppose i would have kept this top i ha
dn t been misled about the color i don t like ecru or eggshell \r\nthe description said it was
black and white i ordered this in a size 1 which i thought would be a small and it was very ve
ry wide it is very short too i typically wear a small and am 5 8 and 132 lbs it s going back
unfortunately very soft material though this beauty caught my eye online and i was excited to
see it in store the coloring is lovely but it was too short for me 5 7 and just meh and i
t was only on for a second before it started itching sadly too the sleeves were all stretched
out from the way my local store merchandised it which looks cute on the hanger but kind of ruin
s the clothes i wish they d stop doing this if it works for you great because it s a decent
price for a timeless sweater with an interesting color patter this top did nothing for me it bi
llowed in the front and was not flattering for reference i am 5 4 115 pounds and small chest
ed i ordered the smallest size the top came in cannot recall if it was an xs or 0 i promptly
returned it the fabric was a beautiful color but the material and seams were not well put toge
ther the elastic in the arm was stretched before i tried on the dress so the sleeves did not fi
t well i unfortunately ended up returning this is indeed a very flattering dress and looks gre
at unless you move in it the fabric shows every little lump and bump on your body as you move
and clings to tights only a little but just enough to make it annoying if you have any jiggle
at all i d steer clear would have definitely kept it if the fabric were different because the
cut is amazing but alas would be flattering on someone who is slim with all the right curves i
m average size and a mother of 3 the medium was not a true medium the fabric was amazing the
arm holes were too open low cut for my taste \r\ni m 5 7 and 140 this landed mid calf not my
preference \r\n\r\nretailer accepted the return with a hassel free refund all under 2 weeks fro
m receiving it this might look good on you if you are very tall and slim i am a curvy medium a
nd this was not at all flattering it is a straight cut and hugs in the wrong places the color
is not true it is black stripes on gray not cream i thought the stripes might flatter my sha
pe but alas i did not look good in this \n\nthe material is very nice soft and stretchy the
colors on this jacket are a murky blue with a pale mauve tone for the lighter color size is a b
it on the large size i did not feel that the jacket was that well made and would hold up to muc

h wear i was looking for a jacket to dress up jeans black pants etc and this did not fit that need it would be a warm jacket if that is a need i love the way this dress hangs straight down on the model but on me it looked tacky i m 5 6 and 130 lbs and this dress hit me in all the wrong places i got a size small sizing up would be huge in the top of the dress and the arm holes are already dangerously large i wish this were just a little bit a line instead it s literally like someone just extended the length of a t shirt i really wanted to love this tank top it has vibrant colors and a unique pattern however i should have listened to the reviews there was way too much fabric it made me look pregnant the tank top is going to be returned i usually love bordeaux so i was very disappointed with this shirt when it arrived the fabric s melled plastic y which is a first for me with retailer products when i put the shirt on i coul d see it had that sheen that comes from rayon spandex blend shirts i hadn t noticed that it had spandex in it when i ordered it this fabric looks and feels exactly like the cheap blends sold at discount stores i can t believe retailer is selling this the material is soft and comfortab le and the top of the shirt fits well when it comes to the bottom part of the shirt there s a lot of extra fabric which makes it balloon out it made me look much bigger than i am i ordere d a large normally i wear lg or xl and it s possible a medium would have fit better unfortuna tely this shirt had to be returned i returned this as it was way too boxy loose ordered a size small but probably needed to size down too floppy light and comfortable material but the tie n eck needs a shirt with a bit more structure i really wanted to love this waistcoat i purchased this online and tried it on as soon as i received it \nit runs large but i should have realized the horizontal stripes sitting on the hips is not a good thing the fur adds additional bulk whe re it is not needed the hip area i purchased a small and could have purchase a xs but i think the problem would still be there in a smaller size it s going back but i am disappointed as i really wanted a something a little alternative got this on sale in black and red and have only worn the black quality is poor seems to stretch out over the course of the day and l oses its shape somewhat a smaller size may keep its shape better so you may want to size down not worth full price these pants are gorgeous when you first see them they fit beautifully whe n you first put them on and then you wear them for one day and they snag on everything and l ittle strings start to come out of the pants and the hem begins to unravel and the pants which were once beautiful light summer pants appropriate for work or brunch are now frumpy worn out p ants with a million snags and strings hanging off of them after one day \r\n\r\ni can t be gin to tell you how annoyed i am that i spent i wanted this top in a petite xs but it was sold out so i got the xs i m 5 2 with a 34b bust and while the bottom comes down to my waist like on the model the sleeves are a bit long they seem a little long on the model too i wore thi s to work and constantly had to pull my top back as the scoop neck kept drooping down as i moved around throughout the day really like the tie neck feature though this shirt was cute and fit well true to size but i felt for the material it was not worth the 68 the colors offered we re a little drab i thought the grey could work for me but it didn t the neck hole looks a lit tle sloppy for a 68 shirt the roll doesn t lay flat all the way around would be better priced in the 30 40 range i love everything from retailer but this top did not fit all that flatteri ng the neck line fits a little weird too bad color was nice though i returned the top i wan ted to love this dress it really has no style i was expecting the smocking to be fitted but it just hung i considered going down a size but i think the lining would have been too tight had to return it huge with bountiful amounts of extra fullness not like represented picture and it snags very easily i have a 4 mo old puppy that jumped up on me as i was trying it on and sn agged it in several places i m going to see about returning it with the snags just piping in here ordered my usual size of small petite the slip that came with the dress is about a size negative zero it could hardly squeeze over my body and the dress itself is a bright pale aqua a nd it is a shift and because of the smocking it hangs very strangely i think it looks very che ap and is ill fitting i would say if you are a person on which shift dresses look awesome you m ight like this but mind the size of the slip in the petites range and also it is aqua i reall y love the idea behind this however the fit doesn t work for me i m usually a s or xs in reta iler tops and i often go with xs for sleeveless tops this one runs small though the xs was a bit too small on me based on length and width the neckline was very high higher than it looks in the model photo and the armholes were too big so i don t think sizing up would improve matt ers much due to the armhole issue the other criticism is that the front is not lined i didn t have as much of a problem with the sheer fabric as the other reviewers but this dress is incred ibly long and large especially compared to the picture for reference i m usually a 4 6 in ret ailer dresses and the small was huge on me particularly on the bottom half i was very disappoi nted because this dress looks so cute online frumpy looked like a nightgown on me maybe bet ter on someone younger this dress was adorable fit great regrettably i had to return it since it wasn t lined i ordered the red in size m for reference i am 5 8 with a long ish tors

o i would have been comfortable wearing the sweater with mid or high rise jeans but it s fairly short color was gorgeous the balloon sleeves and seams just seemed too 1980s in a bad way on m e those with small chests may have better luck i left like a suburban mom in it the lace and fit were good but the length seemed awkward to me given how boxy and flowy ish the dress is it felt like a baby doll with sleeves or something and i hated the outside middle material hate d it it felt cheap and odd when compared to the lace maybe i was just not in the right demogra phic for this piece i love the design and the fabric but the fit is just off on this dress th e area around the bust is just not fitted well the wrap portion of the dress in this area gaps and does not lie flat that is an easy enough fix with a good seamstress but the waist also sat too high on me maybe i m long waisted who knows so between the super high waist and the fla nnel type fabric it just looked kind of like a bath robe on me i wish it weren t so i was so hoping for a cool plaid dress that i cou this is one of the lowest quality shirts i have ever re ceived from retailer i was so excited for the shirt it looked so pretty and soft in the pictur es the flax is very scratchy marring the softness of the rest of the fabric the top half is t otally sheer requiring a cami the shirt is cut in such a way that it flares out from the rib c afe in an unstructured way unnecessarily adding visual pounds finally the sewing is done very poorly and the the side tag is literally three inches long wh i ordered this in size xl and end ed up returning it as soon as i received it the color was just as pretty in person the thick e yelet panel was well done the problem is the whole tank was much smaller tighter than pictured i have several tops from this maker and was surprised how this was cut too small compared to the ir normal fit i m pear shaped so the hip area looked terrible but the whole top just wasn t up to the typical fitting standards for xl retailer has done much better in the pas i so loved this dress online not so much in person first of all it didn t fit my build i m 5 4 with a 3 2f bust and the waist line was just a bit too high to be flattering mainly i m returning it bec ause of the fabric the petticoat netting does rustle as another buyer pointed out my main faul t is that the top fabric is synthetic and cheaply printed basically it s the lining fabric of a better made dress or coat if it were cotton voile or silk it would have been beautiful why the y made i this dress is so so cute i ordered an xs and it was a bit longer in person than pictur ed but that s an easy enough fix since i know a good tailor the problem is that the dress isn t lined it s made of thin see through cotton so it leaves nothing to the imagination for the pr ice of this dress i would have expected it to be suited for more than just a bathing suit cover up without a slip underneath it if you can find a strapless one it is unwearable in most soci al settings it s such a sha i read the reviews and everyone loved them so ordered them online for me they are a no i thought the fabric was cheap and the quality not so great compared to t ypical retailer items after seeing this dress online and noticing how quickly it sold out i wa s curious about it but thought i was out of luck it just so happened that i ran into the store and they had one returned in my size i tried it and wasn t sold however i loved the color it was snug across the shoulders and arms the rest was somewhat flowy but boxy at the same time i ended up bringing it home to think on it after trying it on again i realized the snugness ac ross the shoulder really caused the top t i wanted to love this dress so much but it just looked frumpy no matter what i did i m normally a 14 and i bought a size 12 and it still looks very b aggy and not flattering i m sad because in photos it s my favorite dress of all time this dres s was super cute online i ordered it in small and medium both fit one tighter obviously but could have gotten away with either the dress is cut a little funny under the armpits and fell a little weird in front so i didn t think it was flattering on me it would be flattering on very slim body smaller on top i sent it back i m a 34 c athletic build this dress was sooo cute online and in the store i hands down would have bought it but i had an extra few minutes so i decided to try it on terrible the dress looked awakward on me the strings lacing strings had town on a few spots and it just was not flattering for a curvy girl now i know why there were s o many in the store which is a rarity for my location agree with other reviewer that this is m assive even for a cape unflattering overall i normally wear a size 2 of 4 and bought this in a n xs and two of me can easily fit into this with room to spare unlined and it itches i loved t hese pants they are so comfortable however after just wearing them twice the threads of the l eaves are fraying and leaving lint on whatever i sit on the leaves at the seat of the pants ar e now slowly disappearing this after wearing twice to work i imagine after a few more wears th at the leaves at the seat of the pants will be close to gone or at least much less white with threads then the rest of the places this is super unfortunate and will be returning too bad t hey were l this dress is so pretty a true cinderella dress that s why i can t find a reasonabl e explanation for such an amazing dress to be made out of plastic i don t understand much about fabrics but the dress feels like a waterproof camping tent i bought a size 14 which is what i wear in moulinette souers i usually go one size up since i find the rib cage small in this bran d the fit was perfect and the cut was very flattering i will anxiously hope for a remake of t

his dress with a better fabri the material feels substantial and decent however the diameter of the opening for arm is too big it exposes good chunk of my bra have to return it there re als o loose fiber of the fabrics not sure if it is because it s new i wanted to own this so badly it ran really short even with the adjustable slip and was incredibly tight in the shoulders i could barely get the dress off i love jumpsuits and was excited about this one because i liked the print colors and that it s long sleeved i ordered my usual medium size i m a solid medium it was a tad tight in the rear thigh area not flattering when you have a thin material which sh ows every bump unlike jeans but the length i m 5 5 and top fit well i returned it and order ed the large but the waist was huge and that s coming from a person with a bit of a tummy bulge and there isn t anything to cinch the waist in as other reviewers have noted the fit of this t ee is very boxy it looks okay tucked in to high waisted jeans but otherwise is unflattering also the color is described as black but mine looks like a navy blue in person i kept the sh irt because i live overseas and returning it would have been difficult but if able to i would have returned it i like the style and the design of this culottes but the texture of the fabri c will caught on any rough surface i had a few loose loops for just one wear so it will be n ice to wear for work or shopping but not good to go to the park or play with kids i ordered this in a small and medium hoping one would work but the previous reviews were exactly correct the bodice is way too small in proportion to the rest of the jumpsuit the bottom has lots of fa bric which wouldn t be bad except you have to go up a size to make the bodice fit then the bot tom becomes overwhelming i am 5 5 and 115 so i have a slim build and couldn t get the bodice t o zip in a small the medium would have needed altering which wouldn t have fixed the extra fab ric on th i adore the feel and cut of these culottes but the quality has diminished my faith in retailer picks piles and serious wear and tear after just one day i feel as if i wasted my m oney i had high hopes for this jumpsuit for a holiday party but it is a very odd fit i m norma lly a 10 12 preferably a petite i ordered this in a large and i couldn t begin to zip it up i t also ran extremely short in the crotch area very pretty print but it s going back these pant s are lovely and comfortable but they are entirely too delicate i wore them once and nearly an y time something touched them they snagged i was worried about it when i saw the fabric and t hought i d give it a try but i didn t think it would be this bad for the price i expect bette r quality also they run a little large unless i pull the waist down low it gaps in the back and these look better worn a little bit higher closer to the natural waist i m usually a 4 6 28 29 in b i love the style of this dress but felt that it didn t look great on really sad it d idn t work out felt like it was too short and the drop waist was awkward and looked childish beautiful fabric and design if it fits you well though the fabric so diaphanous so flowy the pattern so pretty with such interesting colors it could literally go with anything purple ye llow orange green they re all in there but here s the but \r\n\r\ni have no waist and wh en you put this type of empire silhouette on me i look like i m wearing a sack or i have some pregnancy news when i don t i tried belting it waist tie is too high i tried putting on a v est too annie hall and called too much attention to the sleeves while adding another tent like tee this shirt is thin but not in a bad way and the color and design are really nice but it is really boxy and i m just tired of that look the longer sleeves are a plus for fall i am flo ored by all of the positive comments about these culottes i can see that they would work for so meone who is rail thin and has no hips but for those of us with curves i m a size 12 hourgl ass these are very unflattering they made me look like i was carrying an extra 20 30 pounds just around the hips so bummed because they look so cute on the model this dress hit my waist in a weird spot and was too short i would not have felt comfortable bending over it was a tad too full which wasn t flattering either \r\ni really wanted to love it bc they design is adorabl e \r\ni need to return it i got these in the mail today and to me they look exactly like the pants my mamaw used to wear in the 80s they were super comfy but not cute at all on me they do run large like other reviews say i am usually an 8 10 or med and these in the small were the ri ght choice going back because they just look horrible on me though super cute but the fabric wa s so thin flimsy i was afraid it would fall apart once it was washed so returned it there is no possible bra to wear with this top after one washing the neck felt funky the pink color is very light it s long enough for leggings my shirt is a high hemline on one side than the other i ll wear it but wish the neck wasn t so funky i put a lot of hopes on this pullover i needed something for the spring and it seemed perfect plus the sale price is very attractive compare d to the regular retailer prices but i am not exactly disappointed but i d say surprised \r\n\r\ni would still consider this sweater good for spring it s thin enough to be tucked into a skirt or pants if you like the pullover is very stretchy frankly i would prefer it to be l ess stretchy but that might be a plus for someone more busty the quality i was quite excited t o find this tee in the store the design looked interesting and it seemed nice on the mannequin the bright red color really stood out in person i am 5 2 34b tried on my usual size s and it

was humongous although the sales lady found a size xs they don t have size xxs available in th
e store for me to try on it was still huge like a tent it probably would fit better for a tal
l body figure i would recommend those who are interested in this tee to try it in the store i
wanted to love this shirt but it quickly lost shape and a hole was created in the middle of the
shirt after just a few washes not worth the price poorly made you need to wear a shirt undern
eath bc it is so thin the shirt looks better int he picture i like it but it wears terribly t
his is really cute online but is not fantastic on or in person this is a top that i may be ret
urning i love the open shoulder but the material is very thin and the top runs large it also
hangs really low in the back which i am not a huge fan of this is an oversized tee with a somew
hat flattering fit material is very thin i ordered white which was completely see through no
t at all what i was expecting might work better in a darker color but i returned it since it w
as nothing special on me this top is totally frumpy and boxy i am 5 9 34dd and the bottom hu
ng on me like a bedskirt not fitted at all i ordered a large not being sure of fit i have a
flat stomach and it just hung yuck honestly for the price and fit i wouldn t consider a me
dium i think it would a tad better but not worth the price the sweater was nice but not as lon
g as on the model it was itchy also this sweater was not what i had expected their was nothin
g exceptional about it to spend that kind of hard earned cash sorry retailer i sent it back
i m a petite so as usual i have to order from retailer i saw this on line and tried it on in a
regular size in the store even though of course it didnt fit the style of the tee was nice so
i ordered it i couldnt have been more disappointed when i received it the quality was truly aw
ful i m not even sure why it is being sold the neckline was warped and wouldn t lie flat again
the neck or chest the bottom hem was crooked it was really bad also having purchased tees in
similar material befo i really wanted this swimsuit to work and it looks really nice in person a
nd good quality as well but sadly the top is cut really strangely in the photo shown of the mo
del it looks like a v neck that kinda gives your boobs a little push to the middle for some sli
ght cleavage however that s not how it fit for me the cups have removable padding on this sui
t and when left in my boobs didn t even fit in the thing and it just looked really awkward in
general and with the padding taken out m as the previous reviewer mentioned the pockets ruin
this dress pockets usually such a good idea but here they re misplaced right on the hips an
d made of the same thick ponte fabric as the dress so they stand out far from the body and comp
letely ruin the line of the dress not flattering to have huge gaping hip pockets this makes
an otherwise good dress a total loss i loved the fit color and style but the fabric seemed ve
ry thin and cheap i was worried that it would tear easily this is getting returned the fabric
and color of this dress is beautiful two problems with the dress that the picture does not show
1 it s long i m 5 5 this model must be over 6 feet tall as the length hit 5 inches above my
ankle and that is not a flattering length the other issue is that there is toile underneath mak
ing the skirt extra puffy i m 42 and the puffiness reminded me of prom color and fabric great
but had to send back i ordered the xl in white for fit it s true to size it matches the mode
l s photos it s a comfortable top the shape is good with the pleating but the color is defin
itely off it s as if the white fabric was pre washed with navy it s not the fresh crisp white
shown at least for the one i received \r\n\r\nthe quality of the material is basic the black
version might be the better one overall i m going to exchange the white one i have to give that
a try overall i don t think it s worth ful i might be the only odd person out there who think
this jacket is not perfect at all a lot of other reviewers said that the jacket runs small for
me it s not true at all i had to go to xxp petite to find the fit acceptable but it was simpl
y too short rather than 20 as it states on the website it s more like 18 which is a thing
i almost never experienced because i am a petite person i don t even want to go regular size be
cause it would ve been too big i saw some photos that others po comments the detail is lovely
especially the dragonflies on the sleeve and the quality is there with the lining trouble is t
his is thick fabric cut in a box shape imo you have to be very skinny to pull this off and not
look like a tank i looked at the model after purchasing and notice that she has it open and s
wept back a bit bc if it is not it is terribly unflattering like the color and romper style t
his runs extremely large i am normally a petite small and it was too large with the wide leg
style and overall length you may need to alter this piece super cute sweater and i was totally
excited and then i looked at the sleeves which are not shown in the pictures what you can not
see are the dragonfly sequins and sparkly beads suitable for women 4 and 84 ugh too bad go
ing right back this cardigan is made of nice materials and is lined but it is boxy and totally
un fitted i swim which means i have large shoulders and this thing makes me look like a boxin
g champion well a fat boxing champion as it has not waste line the sleeves are too long and a
s usual retailer saves on money by using little cheap hooks instead of buttons as a closing sys
tem so if you choose to close this cardigan it just looks awful first let me say i love the f
abric and the pattern of the blue dress but the fit is extremely loose they could take out an

entire 12 inches of material and it would still be a swing dress the photo of the back of the m
odel where the blue dress goes in to her waist is not at all accurate if it was i would love
this dress the photo of the model wearing the other color is how the dress actually hangs str
aight down from the underarms and then bigger as it goes toward the hemline i am 5 7 i wanted
to love this dress a throw on and go outfit that was casual enough with sneakers for errands bu
t stylish enough with dressy sandals for a brunch date but didn t for a couple of reasons \r\n
\r\nfirst it is way too short for me especially on the sides because of the war the ruffled bo
ttom lay to wear as a dress it was more tunic length but i wouldn t want to wear pants undern
eath because it would take away from the overall aesthetic also the ruffled sleeves give me un
wanted volume th loved the idea of this but content felt too thin and sheer totally see through
i loved this dress especially because each flower appliquã was so beautiful however each atta
ched to one another by single threads given that i wear lots of rings i could already tell tha
t i might snag these beautiful flowers additionally the appliquã s are sewn so close to the ba
ck zipper that some of the flowers were already getting damaged from the dress being tried on o
verall if you are very careful this is an amazing dress but i did return it because of its de
licate nature i m 4 10 and 105lbs 32c and hippy i ordered the 00p and 0p bc i m curvy the
bigger size was better but the fit was just okay couldn t justify the price it s a beautiful d
ress in the green color the zipper is difficult to get down and worries me that it would break
but if it fit i would ve overlooked it the major reason for returning is the slit was so high
my butt cheeks were exposed if you lifted it i would ve had to have it sewn shut this dress
is very thick cotton material like a sweatshirt i was hoping to wear this to a wedding but it
is a tunic at best the bell part of the sleeves also stick out awkwardly because of the fabric
i was bummed about this dress i saw it online and loved both colors i tried it on in the store
and it did not work for me i am 5 8 tall with an hourglass figure and it was too shot and too
loose it looked like a babydoll nightgown i wanted to love it but i think this one only works
on smaller frames onto the next the stone color was nice but the material is heavy and does
n t breath if you are partial to more natural fabrics i would go with a different item upside
would be that i imagine this shirt will last i am short and curvy and this shirt swallowed me
sleeves were especially long this shirt is unflattering and boxy it does not look cute at all
on me i am returning dress cut was great but the collar was so oblong that it looked space ag
e this material is a nice quality but the shirt is boxy and shapeless it was not flattering at
all on my shape i don t think it would look nice on anyone with an hourglass shape or fuller ch
est i tried this dress on at my local store and was very disappointed in the slip portion of th
is dress there is no give with the slip so even though the dress portion is quite flowy the sli
p prevents anyone with a large chest or hips to wear this dress i thought i might like the look
of this oversized odette dress but after i tried it on i felt it was not a flattering style on m
e the color was pretty and fabric was nice just not a fit for me unfortunately this top is s
hirt length and i m only 5 4 needs to be about 6 longer made of sweatshirt material which
i wouldn t mind if it were longer also runs very wide ordered an xs and could have gone smalle
r i had different expectations for this shirt in blue and when i received the item it didn t me
t those expectations the material is very good quality but there is nothing extraordinary about
the shirt it is jus very plain this item is being returned i loved the look and feel of this
shirt the moment i saw it it would be so versatile with jeans skirts and black slacks i was
contemplating wearing it with a tulle skirt for nye but it wasn t meant to be usually my issue
with these tops is in the bust and strangely that wasn t the case this time this is great news
also they made the sides adjustable so wide hips are not a problem either however i have muscul
ar arms and well cloth and stone are not thinking about that they make the uppe this dress is h
orrible i can t believe they can get away with calling it a dress it should have been called
a tunic or shirt it looks like it is a soft flowing dress made out of nice material from the pi
ctures no way it is made from sweatshirt material it is lifeless and is kind of stiff it came
to the top of my thighs i can t find one nice thing to say about this dress and i do not recomm
end it the picture does it so much more justice that it is worth i so wanted to love this tank
and was so excited to get it in the mail i got a size small my usual and it ran so large i wa
sn t even sure an xs would ve fit properly the material looked lighter and blouse y on the mode
l but in person is much thicker and sort of hangs underarms run large and are gaping from th
e body i am sad to return this top because i love the color and idea of it but it just can t w
ork on me i couldn t wait to get this top in the mail since they didn t have it at my local ret
ailer but i was so disappointed in both the quality and fit the white is completely see thru
i can t believe how sheer the material is especially for the price even as the shirt is lying
down i can see through both layers of it the fit runs small and short i ordered this in an
xs which is my normal size in retailer tops the stitching and detail on the straps is beautifu
l but they were also somewhat tight across my bust and across my back it puckered in a strange

way that wasn t flattering back it goes unfortunately this top seemed so unique online but i
n person it was really nothing like the pics super full shorter cut the quality wasn t what i
thought it would be i will gladly pay for nice quality fabric and unique prints anyday but t
his wasn t any of those things this top is gorgeous and beautifully made however the fit lea
ves a lot to be desired the other parts of the straps pucker out and do not lay flat on your sk
in i tried to make this work but just couldn t so it s going back i was drawn to this top bec
ause of the interesting and detailed straps which are embroidered with a lovely triangle patter
n however the embroidery takes away any stretchy ness or give in the cotton and makes the top a
beautiful but ill fitting harness for anyone with any breasts or full figured lusciousness the
worst part is that the top hem along the top is embroidered and rigid just like the straps so i
t feels like you are wearing an uncomfortable strapless top i wanted to keep this but h i loved
the design online but the sweater is bulky and boxy i had chosen the cream with blue and now lo
oking back at the other pictures of the beige cream it represents it better it made me look ver
y wide loved it online but it wasn t for me returned it absolutely loved this top but after i
washed it the underside color ran at the stitching it is all white on the outside but at the bo
ttom hem it has a really cool 1 lining in a mustard color i did a cold water wash and flat to
dry i noticed around the stitching at the bottom the mustard color has bled through just at the
area of the mustard color stitching \r\n\r\ni am so disappointed b c i loved this top i loved
the shape of this sweater the way it draped from the waist was flattering and different the sl
eeves were a strange length however between long and 3 4 length which made it look like they t
he sweater was just too short for me the color looked peachy or pink in the photo but in reali
ty it was almost skin tone which was not flattering with my olive coloring paler women might
find it attractive the real downside for me was the fabric which was thin with the flowers main
ly printed o from the photos i thought the design was embroidered in reality it is stamped on
there is a tiny bit of embroidery and a few sequins but overall the design is just printed on
the fabric i didn t feel it looked good in fact it looked kind of cheap to me so i returned i
t the overall style of the jacket was great and it would have looked equally good for work or c
asual i was disappointed it didn t work out the cut is small i am 5 9 150 lbs and usually w
ear 6 8 medium pants medium in these is too fitted on my hips and rear the polyester will be ho
t in summer returning for another brand i m a fan of yumi kim dresses and consistently wear si
ze small so i ordered this in a small and the top was a little loose but it was way too shor
t there s no way i would feel comfortable wearing this in public i m 5 7 and the hem was hig
her than mid thigh on me the waist is also billowy and has no defined shape i purchased these
pants on 12 2 15 as a more fashionable alternative to yoga pants while traveling southeast asia
starting february after about 10 15 wears with little washing in between as i was backpacker s
tyle traveling the pants wore through in between my legs the fabric first started to develop l
ittle fuzz balls everywhere and then literally disintegrated in places i tried to sew them to c
ontinue wearing them while traveling but alas the fabric had become so thin that the thread coul
d top is completely see through i cant imagine if it were to get wet what it would look like i
t is a cute design but not practical at all i agree with the other two reviews that this shirt
runs large or something i ordered an xs my usual size xs s the body of the shirt is very
loose the upper arms are a bit snug and i don t have large arms the shoulder seams are in a v
ery strange place but when you look at the model it doesn t look so bad with the shirt i rece
ived and another reviewer the seam was puffy making for a strange look in theory the shirt
should have worked but didn t i loved the pattern not the fit i had high hopes for this cute
top but it runs very short it is not as long as it appears on the model so it looked odd when i
put it on unfortunately it had to go back bummer cuz it was very cute in the pix i loved the
look of this sweater on line but it just didn t work for me the fit wasn t good enough the st
yle okay the color fine the feel scratchy overall it did not work for my body i really wan
ted to love this shirt the snowflake and stripe design is really cute and the fabric is of nic
e quality it s a very loose fit which i would ve been willing to work with but as mentione
d in previous reviews the shoulder seam rests in an odd place on your upper arm and there are
little bumps in the fabric on the arms that appear similar to what happens if you leave a shirt
on a wire hanger too long it looks like you have nubby little wings coming out of your arms no
t attrac i am 5 8 and 130 lbs and bought a size s it fits but is not as roomy as it appears i
n the model and the sleeves are not as long the collar fits strangely on me the deal breaker w
as that the sweater is not soft but is itchy and kind of coarse i am returning this one agree
with above review these are described totally wrong they are not 8 5 rise they are very high
rise so much that i didnt even try them on the color isnt good either it looks like a cheap
levi s color or just not a quality denim if you like high rise you might like them i can t co
mment on fit i made the mistake of ordering without checking the reviews cute design but not
as comfy as it looks returned immediately this top runs huge not only in the torso chest area

but the sleeves on this were enormous and the shoulder area was very puffy i am normally betwee
n a m l but would have to get a small or extra small to make it work it was ok very swingy and
lots of fabric at the bottom the pocket seemed to not sit in the right spot like it was too far
over and i wanted to keep adjusting the position of the shirt i might buy it on sale but i sent
it back bc it s definitely not worth 60 bought in white it has a ribbed detail that makes ir
only for casual wear the white is pretty sheer will return i love the style and the look of
this sweater i wanted to love it and keep it but could not because the itchiness was too much
the style looks so comfortable and easy going but it was not it was clingy around the waist an
d backside for reference i am 5ft 4in and 128b and i ordered the small the sleeves were too
long on me not cool long like some other sweaters this season this sweater has potential bu
t it wasn t right for me the collar isn t flattering on me too thick and my shoulders are al
ready broad my waist is high so i need a longer look the color is true to size but it s s li
ttle see through dark bra shows through i should have paid more attention to the reviews of t
his sweater before ordering although the material looks soft and cozy in the photo it s very s
cratchy and uncomfortable i was also hoping the opening of the collar would be a little wider
which would have been more flattering on me i never wear turtlenecks of any kind so i took a ch
ance on this i m sure others will look fabulous in this sweater and may be happy with it if the
y don t mind the texture i m sending it back the review above titled so disappointed couldn
t have said it any better the dresses from last year are perfect i probably wear them at least
once a week i was so excited to see this vibrant blue color and fully expected the same quality
as last year i m generally an xs or s in dresses however i have xxs from last year s version
and the xs in this one is lifeless it s heavy hot doesn t have the same nice shape as last ye
ar i may cut out the integrated lining just to lighten the dres i thought this tank would be so
cute and comfy for my daily walks but it s completely see through i sized down one size based
on a review from another website and it fits ok but it s hard to say if it runs tts because i h
ave nothing to compare it to if the fabric was a little thicker this would be the perfect tan
k unless your planning on layering this i wouldn t recommend was so excited to get this dres
s because i thought it was cute and i love flowy and big dresses however this looks huge the
material is not soft so it doesn t fall well it just stays proofed out so from the back you loo
k like a giant i was a huge fan of these lovely swing dresses from last year and bought all 3
colors when i saw this new one i was thrilled and ordered it immediately what a disappointmen
t why did isabella sinclair mess with a good thing the fabric is a very loose weave sort of h
omespun look which wouldn t be a deal breaker but i could see it would be very vulnerable to
snags last year s styles had a removable light knit full slip that allowed the airy fabrics to
move this version is fully lined yo this dress is huge i am normally a l xl regular in retail
er brands i love a loose flowy dress after trying one on in the store just a random returned
petite xl i ordered the petite medium and it was still huge and not flattering so sad i want
ed to love this loved the material and colors but way off the yellow is not as bright as the
pic and the tee shirt base color is more off white oatmeal making the shirt look much more drab
in person than in the pics fit was ok but nothing special about this and will be returning i l
oved the color of this shirt but it does run big i even sized down and it was still large on me
and the ruffles flare out a bit which was not flattering one me it looks pretty on the hangar
i ordered this in blue and the color is absolutely gorgeous i really loved it until i put it on
wow it was bad i ordered a small normally a sm med due to bust but this was so wide and had so
much material it wasn t long but rather incredibly boxy one of the most unflattering things i
ve ever tried at retailer i really fell in love with this shirt i am about 5 4 and 110 pounds
i ordered xxs which that was a good size from the chest but this shirt is literally so wide i w
as ready to fly although the model wears this shirt really nicely i think this shirt is made f
or a certain type of body not quite sure what that is also this shirt is shorter than what
i expected it looks a lot longer on the model i had to return this shirt really was excited t
o get what i thought would be a very versatile piece unfortunately because i have ample hips t
he skirt just made me look very wide overall in addition i am short at 5 2 so the length was a
lso not flattering plus it is high waisted it was just a lot of denim on me that made me look
too wide and even shorter i had such high hopes for this top the colors the peplum the ruffl
es the price point the fit was terrible unflattering and laughable please try again with th
is one retailer you could have a real winner with a little tweaking c mon the accent is wron
g a simple google search would prevent this it fits super baggy everywhere and looked sloppy o
n me i noticed this top on one of the sales associates and it looked great she s probably 230
lbs and about 5 5 tried it on and it looked horrible i even tried sizing down twice i m 5 8
and the ruffles started right under my chest i gave 2 stars bc of the material it is light an
d summery i ordered the skirt online and when it arrived i loved the fit and the aesthetic of t
he skirt i usually wear a 0 2 bottoms and sized up based on comments it fits great could maybe

even have taken a 6 to have a looser fit \n\ni was however very disappointed when receiving the skirt to see that the material was already highly snagged how is that possible if coming directly from the warehouse i m hesitating to return because i consider it already damaged based on the current condition and if it s this dress is really pretty but the fit is off it is not fitted at the waist which made the back look poofy also the arm length is not flattering it needs to be either longer or shorter additionally if one was to wear it a lot the felting might start to fray i purchased these in a 26 petite and a 26 regular the 26r was too long and bunched up terribly pass the knee they were also loose in the waist and overall body the 26p fit great in the waist and body however past the knee it was too tight and again it bunched but not as bad as the 26 reg the overall quality of the jean seems fairly good the fit just did not work for me so these go back and the hunt continues for white jeans would love it if they made the hyphen jeans in white this shirt runs gigantic and it s not even cute i m done buying retailer online wonderful pencil skirt with subtle design to pair with a variety of tops or sweaters fabric is nice and has a true fitted design however the sizing is all off it runs small and too long i m 5 3 and wait 25 26 in denim and a 2 4p in most skirts the 4 is too tight and past the knee in length more like upper calf the 6 would be way too long disappointed i own many blouses by tiny the arms on this blouse billow out which was not flattering or thinning on me the shirt was just blah i really wanted to love these because i love my other steps but they did not feel or fit the same way at all i was also disappointed to see that they are cream and not white these jeans feel stiffer than other stets i own and the waist was huge on me sadly these will be going back ugh the fit of this dress is terrible what a beautiful dress though the material and the colors had so much potential but the fit is awful i ordered by regular size and the top was more or less ok if not a tad big but hip down was crazy tight that i couldn t even zip it without a ton of effort i don t think sizing up will help because then the top will be even bigger disappointing i own 4 5 other cloth and stone tops and always love the softness of the material this one missed the mark not soft and very thick not what i was expecting i love the design of this blouse and the pattern but the colors are a bit darker than in the photo the quality is pretty poor i feel like its a snag away from being ruined and thrown away and for this price it is just not worth the purchase sending it back \r\nit comes with a tank top just to let others know i loved the design of this blouse and ordered it the first day it was available unfortunately i was disappointed on arrival besides being more muted color wise the sizing is way off i ordered the xxsp and it was huge on me on the model it looks like it skims the body when in reality it falls like a tent i tried tucking it into a skirt but there was just too much fabric \r\n\r\nthough the neck worked for me i can see how it might be too small for some people as it is very narrow also it online i like the design the leaves stand out in person the leaves don t stand out as much you can barely see them they are so light the top is slightly see through the price is high i think this top would work better on a more slender frame i like the top but the price is too high for the quality and thin fabric it may look better on a slender frame i think it was just too light and thin for me i m not sure what it is with ag i own at least a dozen pairs of their jeans in blue black and white denim i wish i could say they re all great but unfortunately there s a big variation in how they wash depending on the fabric content i just purchased these because i love the lighter wash for spring but after washing them once i can see they won t be a favorite pair even with cold water and hanging them to dry the fabric bunches weirdly and the shape of the leg changes at this price po i thought this was such a beautiful cardigan from the online photos i ordered it in the small size but the fit is strange the arms and wrist cuffs are so large it cannot be pushed up to stay out of the way for things i would like to do when wearing it i m a teacher and my classroom is that kind of environment i was also confused by the front collar ribbing and how it was supposed to lay open folded over partly folded over it just didn t seem to have a particular style to this area i stalked this when it went out of stock for a few weeks and was so excited when it came back in stock but when it arrived it just didn t look as good it s very oversized and it s itchy and kind of synthetic looking i felt like it added bulk when i tried it on the collar also didn t fold gently like it does in the pictures returned it nice and colorful dress but runs very oversized material mutes the colors not as vibrant in person this is a pretty dress i bought a size 0 and the body of the dress fit however the sleeves were too long had to return as the loose and longer sleeves made the dress look too big on me i was so excited to buy this coat since i missed out on buying the last one i snagged it quickly before heading out on a trip because this is the perfect plane jacket i ve borrowed my friends i immediately noticed that the fabric was lighter and softer than the original and after a few days noticed a lot of pilling on the coat and a snag on the seam of the shoulder where the arm connects to the body it s disappointing considering the price you pay i would return if it still had tags on i am 5 8 130 and i usually wear a 4 in tops like this from retailer but the fit o

f this one was not good for me though the styling and details of the top are lovely it was sma
ll through the shoulders and very large everywhere else looked too much like maternity i love
the shape of this kind of top but to be flattering it actually needs to be fitted through the bu
st and upper body and then flare in the right places and this was pretty boxy all around too ba
d so cute i love relaxed fit wide leg pants with some pockets and draw string so naturally i
was super excited to see these i got them in gray and they felt and looked perfect right out of
the bag material was soft and flowy but not too thin unfortunately the sizing is completely of
f unless i got a defective pair i got my usual size l and they felt like s or smaller i barely
could get them on and i could not zip up i d need at least two sizes larger for them to fit at
all very disappointed will l this jacket is so cute and fits perfect and i love the motif how
ever it deposited black linty particle all over my pants and top and the fabric was already pil

rt period of time it s a big shame because it s so perfect in every other way i choose not to
buy it it s very expensive for the quality this top is so pretty but runs small i have a 34 d
d chest and small back and shoulders the size 10 was too full cut on the bottom and the 8 was
better on the bottom but fit the same on top felt like the seams under the arms with either siz

aller chest this top is very nice good quality good design it just doesn t fit me well i h
ave a large chest and this is a tad fitted at the top especially around my shoulders while the
lower half fits due to the pleats the fit seems inconsistent at the top and bottom i am full f
igured perhaps it would fit a leaner person better for those who are wondering this sweater co
at is 50 lambswool and 50 acrylic the original version of this coat was 100 lambswool 50 a
crylic yet the price remained the same i would have payed more money to have this sweater coat
made in 100 lambswool like the original version this is another example of declining quality a
nd a high price tag for synthetic materials i read the existing reviews before purchasing and
a few mentioned that this sweater ran large this has been my experience with most tops i have p
urchased from retailer i figured by ordering a medium i would receive a slightly loose to mode
rately loose fitting sweater this was not the case the sweater is short does not look anythin
g like it does when you view the model from behind and i assume the model is taller than i as
models are usually tall for reference i am 5 6 medium build i loved the way this top looke
d in stock photos the colors are bright and cheery and it s a great transition piece but the w
ay the sleeves are cut almost makes them feel like water wings if that makes sense they are s
tiff and wide and awkward i ve worn this a few times hoping maybe the sleeves would relax down
they haven t maybe it will look okay under a blazer for the office or something i wanted to lo

f a scoop like shown on the model it was much longer on one side than the other i thought mayb
e it was just how it hung on me but i took it off and laid it on my bed and i could clearly see
that it was sewn wrong this is going back i ordered another one now it s on backorder hopef
ully nan this had a cute design but an unflattering fit for me it was boxy and made my boobs l
ook droopy this tee is cute keep in mind the white is totally sheer but it s huge i ordered
an xxs and it s very loose and drapey which is likely the style but when did sizing get to unre

t this was adorable on the model but not so much on me i actually didn t mind it when i tried
it on with a long cardigan but i didn t want to keep it for 1 look the material felt inexpensi
ve the shape was very unflattering for an average sized women like myself i m 5 8 and about 1
60 lbs i was so excited to get this in the mail and so disappointed when i put it on it had a
nice feel to it and fit well when i zipped it up but i don t really know how to adequately desc
ribe what it looked like when i glanced in the mirror lumpiness along the seams i don t know
if it was a manufacturing flaw or not but it gave me lumpy looking hips and then kind of clung
around my mid thigh area returned it the next day on my screen this looked like burnt oranges
were mixed with pink but this was all pink very washed put pinks looked awful on me as brune
tte maybe will work for someone who likes pastels overall style was also disappointing just h
ung this went back this blazer looks great on the model and i have a long torso so i thought i
t would be perfect when i got it it looked like a big box and didn t fit anywhere the shoulder
pads were giant and the bottom of the coat was huge i got a small based on other reviews but i
t was way too big sadly i had to return it such a cute plaid print i couldn t resist orderin
g this but all of the petite sizes were sold out i went with the xs based on other reviews and
it was just too huge i ended up returning it i think the xs petite may have worked but it s so
ld out so i ll never know it is boxy so you may need to be careful if that fit works for your b
ody or not the colors are magnificent looks great on the picture but when it arrived it was a
great disappointment both the colors and style the material seems great quality but it s stiff

and scratchy the style is very boxy and as another reviewer said just hung i m a brunette an
d the colors looked terrible on me back it goes i looked forward to this dress it s a lovely
design it s a heavy material that doesn t have the most flattering fit the green lace has sn
ags along the hemlines which is a disappointment i m returning the dress i love how these jea
ns look on tts adorable i exchanged my first pair due to stitching coming out in the back rig
ht pocket pair 2 the stitching came out in the exact same place this seems to be a problem w
ith the quality sewing the fact that the stitching is gold and decorative as well as functional
means it will keep unraveling until the jeans are ruined 2nd pair has to go back too bad i m
very disappointed in the quality it seems more like a pajama than a tunic definitely not worth
100 00 dollars i plan to return it the material that was used to make this top is very thin an
d poor quality it feels like the type of material that will disintegrate after one wash i norm
ally wear an xl and this top is huge and not flattering returning asap i ordered a small whic
h is my usual retailer size but this was like a tent on me it s fine if you like things super
super blousey but that wasn t what i was looking for also it is very long a very weird amount
of long also there is only eyelet on the front the whole back of the shirt is just plain fabri
c i like the idea of this shirt but all in all it was very disappointing this top runs 2 full

olor the quality of lace i really liked the style and fit of this shirt but i m giving it a 2 b

ugh very pretty romantic i recently purchased this blouse on their 40 off sale in white
i was hoping for a crisp white structured blouse i did read all the reviews and thought i would
give it a try anyway it is awful there is no structure or shape but the quality is the reason
i am returning it feels like a napkin or thinner not even worth the extra sale price i will b
e returning bought this cami tank on sale which i m glad but it has a flap underneath like a br

coat but through no fault of the coat i had to return it because i looked like a bear in it i
m too short and too round around the middle for this type check and this type material i wouldn

o full that not flattering i tried this on at my local store i love the look and the color of
the blue tank and wanted very much to like it alas it was not to be the material is super thi
n almost see through and it is of poor quality i did not buy it this is such a cute top with
so much potential soft fabric vibrant colors and flattering fit on top however like so many o
f retailer swing tops lately it has tons of fabric at the bottom making it billow in a very unfl
attering way i ordered it in an xxsp so i can t even go down in size so this top regrettably
has to go back \r\ni love swing tops but retailer could we please have tops that do not double
for maternity tops don t even waste your money even on sale \r\n\r\nbought three in different
colors because i loved the loose fit and airyness for hot southern summers unfortunately one o
f them ripped in the first wash i let it air dry and thats when i found multiple runs and a hol
e that i could put my finger through one of the other colors was fine yet still pilled pretty
bad the third one still has the tag keeping the one that survived the wash because i like the
color but will only be using it as a knock i had my eye on this coat for so long when i saw i
t was on sale and an extra 30 off i decided to go for it i ignored the reviews that said it ra
n big and took a chance and sadly it did not pay off this jacket is very heavy so if you are go
ing to get it on sale it will probably go into the closet for next winter it was very boxy on
me and tied at the waist made my upper half look huge it was just not flattering at all the h
eaviness of it also made the big open neck a little annoying and crew stripe sheath fitted very
well until i turned around the waist section where the stripes wrap around the waist had extra
fabric and didn t lay well i am 5 4 120 lbs 32c 26 waist and 32 hip usually wear a 0 or

extra small in the maeve clothing that isn t a fitted style i bought the s which fit well exce
pt for the waist issue described above this is a fitted dress i hope this is just an issue wit
h the dress i received it is a great style idea the material is thin and of poor quality it
snagged the first time i wore it the arm holes are very low as other reviewers stated i bought
this top in two colors i think it s a really cute easy top to wear but the fabric is extremel
y thin and poor quality i tucked the front into a pair of shorts and i can already see a small
snag forming which i m sure will be a hole in no time two stars only because i really do like
the look of the top generally i just wish it was something that was going to last beyond a coup
le of wears i love the look of this top i m usually a size 12 or 14 and i tried on a size l an
d it seemed really big and looked a little like a maternity top i thought maybe it was too big
and ordered a size m unfortunately it still looked maternity ish i think the bottom of this i
s flared so much that if you have a big bust at all it will look like a maternity top on you i
s gigantic it could be so cute but the neckline and armholes are ridiculously low i am 5 feet
10 and 140 pounds and a small was huge on me i just returned this top i agree with the previo
us reviewer the neckline is way too deep i ordered small and i looked ridiculous in it also t
he ruffles didn t look so great on me either the fit of this sweater did not flatter my body ty
pe the top half did not fit well the armpit area was loose fitting and the neckline was awkwar
d i ordered the shirt bc it looked soo cute despite the fact many said this shirt was see thru
it s true had to return it the shirt is cute but there is no way that the length posted on th
e website is correct it s a crop top this was returned i was initially drawn to the intricate
floral design of the neutral motif it looks huge and boxy so i sized down to a 0 which ended
up being too tight in the chest and arm holes for reference i m 5 7 130lbs 34a i returned
it for a size 2 which fit much better in the end i decided not to keep it because of the lack
of shape and it s a little unflattering for smaller busts it does come with a matching cami an
d seems well made but it just wasn t for me this top is a joke unless you are really into expe
nsive clown wear i thought this looked whimsical fun and a well designed piece when i saw it o
n line especially at this high price i started to laugh before i even pulled the entire top of
out the bag when i got it in the mail today it is not expensive looking at all and the pom pom
s look like a sad craft project rather than a special detail it is a bit juvenile too even if
you wore it and were going for ironic it would be difficult to i read all the reviews about t
he fabric being see through but liked the dress enough to give it a shot it is soooo see throu
gh this trally could only be worn on a beach very disappointed the blouse is lovely but aft
er washing it exactly as specified it shrank more than a full size this is an expensive hand m
e down for my daughter i was really eager to receive this sweater i was expecting the same a
s in the picture i received it today and i am already returning it first of all the sweater di
dn t look new it is mostly shapeless it has little balls and piling on the wool what happens
after wearing a sweater for a few months and the metallic color makes it look cheap in the kni
tting itself there are missing points and there are actual holes in some places it is a beautif
ul design but other than that not even the col i fell in love instantly but upon looking in
the mirror it is 100 percent see through at least the black is i love it enough that i am g
oing to try to put a cami underneath however that mayn t work the shirt is lovely in and of i
tself but at 48 i don t need a see through shirt it is also defiantly about a size larger tha
t expected so size down almost so good the style was really cute but the fit was huge i orde
red an xs i don t think going to the xxs would have helped i ended up returning it i wore thi
s suit for the first time yesterday and the black inner lining is leaking and causing stains on
the white sections seriously bummed as this is a super lovely suit i got the pink version it
is a pretty color but the metallic border is painted not a metallic yarn the weave is wide an
d it looks like it would snag easy it looks cheap to me not what i expect from retailer am re
turning i thought this shirt dress was adorable but i am 5 8 with long legs and the sides of t
he dress were cut just a little too high nice soft material and i would have kept it if the sid
es had been an inch longer i was surprised retailer decided to ship this sweater the sweater l
ooks like it s falling apart and it is huge i would not recommend this even at a clearance pric
e colors and patterns of this dress are beautiful and that s where it ends cheap flimsy polyes
ter and no lining far too expensive for what it is on me it bulked out in my chest area and di
d not look so great i would say it runs a tad big but in my case i have wide shoulders not b
ig enough to downsize too bad because i really love the colors and idea of this dress looked r
eally cute on line arrived with a large hole in the front quality and look was very cheap w
ould not recommend this sweater at all step it up please retailer this picture does not repres
ent these jeans the color is way off they are more yellow toned and look much more worn than
in the picture they also run very small i usually like coats and wraps with high waisted belts
but this way too high and the fit was really unflattering i can see it being chic on a tall s
lender person but it s definitely not right for my short curvy body returning it today i had

such high hopes for this top it is beautiful but it is very uncomfortable the lace beadwork is extremely itchy the button at the neck seems cheap and i was worried it would fall off the bea dwork and lace puckered on my shoulders making the fit off for me how cute was this little swea ter and comfortable even in the south until i washed it i followed the instructions on the label being careful not to wring it out first of all the smell was unbelievable i washed it t hree days ago and it is still wet and damp and on top of that it shrunk even though i handwash ed it line dried it and pampered it to no end sooo disappointed with how flimsy this fabric is i think this is the thinnest of all clothing items i have ever come across anywhere in my life this is really a shame because the colors are stunning and it is a nice shirt style another con is if you have any bit of back fat it shows every lump and bump i do not recommend unless you have a lean back and the cost was 5 00 purchased this in two colors online purchased in an xs i am usually a s or xs the fit was really large in the xs and the seam on the front of the top was in the wrong place and was really unflattering returning both i want to like this top because the idea is cute but i ordered the small and it might have well been xxxl with sizing like this one size fits all could just about do it i bought this outfit online on sale so i only paid 70 but i think if i saw it in person first i probably wouldn t have purchased it w hile the design is cute the fabric is beyond cheap it s not just polyester it s like a plast ic polyester i think if you dress it up with high heels necklace armful of bangles you can p robably distract from the fabric \r\n\r\n5 5 120lb purchased xs and it s a little big still thought this looked so cute especially for averting frame it arrived and was too large the fa bric felt super cheap and the lace detail on the shoulders was very prominent and not in a good way returned this blouse is gorgeous but as other reviewers have noted it runs small and it s very thin the back is see through not the front though if you tend to wear things a litt le large and order up a size the back is fine my real issue is that it shrank so much when i w ashed it on cold delicate cycle hang dry that it s pretty much unwearable now sad i buy al most ever top tiny puts out and so i grabbed this one in the last tops sale since i m a sucker f or embroidered flowers everything about it is gorgeous except it is so flimsy i can t even beli eve it like when i held it up in the dressing room i could see through the entire shirt front to back before even putting it on once on i could see everything through it i actually thoug ht i was going to tear the thing to pieces trying it on it s so frail i own so many tiny shirt s and while this was such a cute suit but strange how they designed it top runs super low and i t almost did not cover my breast area runs small i had to return because fit was way to small for a large suit while i love the green color and the soft waffle knit of this top it was so wi de i could have fit two of me standing side by side into it i mean it was truly laughable do n t know what the manufacturer was thinking but this one needs to go back to the drawing board cute in theory i love the bright colors the tied black collar sash and the 70 s vibe however the fabric is cheap and the worst part in my view is that the seams that run along the front ce nter of the shirt do not align the pattern maybe this was intentional but with the shirt i rec eived it looked horrible i sent it back i notice in the picture that the black ties are strat egically placed over the center front seam so it is a bit deceiving i wouldn t buy this top at any price based on this is a shift dress which is a great dress for many people in a kind of m an repeller way by saying that i mean a really pretty dress that can show off amazing shoes good legs a beautiful face and hair this is not a body con dress however when you do such a high neckline and boxy sleeves you do no one any favors everyone has a nice neck and decolleta ge and collarbone everyone the neckline needs to open up a bit i m not saying v neck just a bit lower than this because it makes the title says it all looks very pretty online though let me start off by saying how pretty this top is and heavy and itchy you would have to stan d like the model does in the first shot to wear the top with your arms not touching any part of the top the sequins will itch if you put your arms down underneath the armhole another rea son i didn t like the top was because the should straps are unadjustable i would have to get m ine tailored for my 5 2 frame i usually wear a medium or 6 8 in tops and ordered this in a me dium it was roomy like other reviewers i saw this dress on the cover of the catalog and knew i had to have it well i am very disappointed the colors aren t as rich as the outdoor photo although they re brighter than shown in the studio photos this is just not a flattering dress i ve put it on three times and taken it back off the neck is too high the sleeves are too narr ow and i have really skinny arms and there s no swing to it i am 5 4 and weigh 120 pounds and bought a size small which is what cute top not great on me beautiful bright color i bou ght this dress because i saw it in stores when it first came to retailer it was stunning the c olors were vivid and the beading was intricate i regretted not purchasing it immediately \r\n \r\n\r\nfast forward to today the dress i received was not the one that was originally in sto res the fabric was different there was hardly any beading and the colors were washed out and dull \r\n\r\ni read previous reviews saying that the dress was more like the studio pictures th

knew this would be snagged all over after my first day of wearing it my other issue was that i
t came to just below my belt on me i was under the impression from the photo that it was more

work for me just looks really wide on me looks amazing on the model though i don t know who
this would fit looks so cute on the model and i thought this was going to be the perfect betwee
n season dress but just looked like a sack i think the knit must have stretched into an
unnatural shape especially the arms the color of the sweater is beautiful but the fit was aw
ful it was too swingy and made me look like i gained 10lbs instantly i m 5 1 108lbs i w
ill be unfortunately returning this item the tank looks nothing like the one pictured mainly b
ecause it s tissue paper thin also i ordered it in two sizes xs and s as it can be hard to t
ell which one will fit i started with the xs and quickly discovered that it ran large the armh
oles hit halfway to my waist obviously i didn t even bother opening the size s both will be re
turned i loved this at first but the quality is awful it pilled like crazy and started to g
et little holes near the neck after 4 5 wears second sweater from retailer this year with sever
e pilling issues i love retailer but will never again buy another sweater here i ordered two
sizes when the package came i was skeptical as it was very light and thin both shirts were in
the bag the style is just okay the shirt is extremely light weight i was not impressed with t
he fabric i am returning both definitely did not think it was worth the price when i saw the
dress i loved everything about it except the arms made me a little nervous i ordered it when it
went on sale and it turns it the arms are worse then i thought they would be they are like my g
randmother crochet it and accidentally attached my child s dress arms on my dress i wanted to l
ove this sweater the lavender color and design with the pleated back was beautiful however whe
n i put it on it added at least 20 pounds to my frame unfortunately it s going back since the
cut just doesn t work on my frame this tunic is way over priced for the style and quality it f
it comfortably runs a size larger but it s not really flattering it jut kind of hangs there l
ooking ok it is a little too deep of a v cut for a work top as well this top does not support
the price at all it felt like something i could find at department store for way less i will b

e returning it i like this shirt want to love it i am keeping this shirt hoping to have bette
r arms by summer when i can where this top with black shorts this shirt does cling it s a drap
ing sort of fabric i love how it drapes in the front only because i am not happy with my arms
do i where a cardi with it also the underarm area is rather open so i ll wear a bandeau when i
wear this without a cardi the wine color is beautiful and the idea of a knot front with differ
ent back is a good one however both fabrics are thin and the back is quite see through the k
nit shows every single bodily imperfection so if you are the quintessential tall and thin and
you don t mind showing your bra go for it otherwise i suggest skipping this one this is a gr
eat top but it is really big i have a similar top from the same brand and the size small fits a
s expected this top is easily 2 inches wider everywhere i would love to exchange it for an ext
ra small but am afraid that even that size would be too large the blue pattern is beautiful an
d the fabric is light and airy which is perfect for warm days but the size issue is out of con
trol the skirt is just okay the design is great but the material is extremely thin and see thr
ough there is a slip which goes to mid thigh very strange and felt weird as well the pleats a
re okay but not great overall it is not worth paying full price for or anywhere near that and
again be wary of it being see through i typically wear a size 16 xl in anything from retailer
and i ordered this top in an xl it s more of a t shirt with buttons than a blouse and it was ov
erall too huge it s nice to have extended size options but even if i went down to a size l thi
s would have looked like a maternity top on me in a word clingy and not in good way lon
g so you need it to flow not cling liked the back but front was just too clingy back it goes
i was really excited to receive this dress it s a fun concept and different from anything else
i have however the dress was way too short on me i m 5 ft 6 in and the size medium was way
too short given the thin nature of the material i did not feel comfortable keeping the dress
even for wearing it outside the office i will have to return this dress i ordered this in crea
m during the 25 sale i had seen one at the store and thought it was very pretty but it was no
t my size so i didn t try it on when it arrived it was a wrinkled mess it was so wrinkled th
at i don t think i would be able to iron it satisfactorily i was also disappointed in the fabri
c of the dress layer it almost looked flocked and i wonder if something is wrong with this dres
s in particular it was also way too short for me i ll be taking it back very soon i do plan i
was so bummed by this dress i had high hopes when i ordered it but was surprised by the poor q
uality and cheap materials when it arrived the body of the dress is unlined fleece material
it reminded me of material that they make cheap halloween costumes out of i found the fit baggy
and unflattering \n\nthe shawl portion is only attached at the very top of the shoulders \n\nv
ery disappointed i already returned this i really did here s why i just couldn t the lace st
rips make it look cheap the fabric is soft but the pattern is undistinguished \r\nthe fit i
s very disappointing medium looked square and boxy the large was massive and in both sizes the
v neck was too low to wear without a camisole underneath which defeated the purpose and this
one proved to be no different the short end of it this dress is pretty much super thick heavy
linen with a rope like collar the supposed embroidery you see and there is no lining but com
pletely unnecessary pockets i m typically a 2 or 4 depending on the designer 5 7 a super fit
135 lbs and knew enough to order an xs in this however it still fit like a potato sack even u
pon taking it out of the plastic bag i knew it was going back between the unrealistic pictures
and lack gorgeous details great use of materials yet the diagonal seam above the knee at the
quadriceps cuts off the muscle and looks odd if you are the least bit muscular i expected bette
r from this top it is thin will snack easy and you have to wear a cami underneath for the pr
ice not worth it definitely returned this dress turned out to be a huge disappointment i w
as in loveee with the picture in real life not so much the material felt thin and cheap and
the yellow was super yellow nothing like the picture i was so bummed returned it earlier toda
y i purchased this dress for my graduation the colors are much more intense and bright then
they appear online i m kind of concerned that i look like a carnival tent i like the style but
the fabric feels cheap for the cost of the dress the fabric is 100 synthetic the fit is great
the dress is true to size i had hoped this bulky knit would be cuddly and soft with suri a typ
e of alpaca in the title i don t know if the blend 45 polyamide 25 royal baby alpaca 20
fine merino threw it but had i felt this in store i would never have even picked it up unimp
ressed the mustard colour was much stronger than it seems in the picture and it wasn t pretty o
n me plus the sleeves were very wide so that makes this not good for petite frames in my opinio
n it does run big i ordered m and i usually take m or even l in retailer clothes but i cou
ld have tried a s to make it less boxy too bad though because it s a pretty shirt and differen
t i love the color block concept but this top was way too boxy the shirt was pretty much squar
e and the top was super itchy too looks so cute online but no go in person i had high hopes
with the other positive reviews but it didn t work on me nice stretchy fabric and nice length
but it was bunchy in the front and didn t lay well and didn t do my bust any favors maybe bett

er on those less pear shaped hopeless on me i received this today and will have to send it bac
k it is super cute and the quality is great however you need to wear a bra or a halter bra du

ck finally decided to join the yoga wear craze and thought these tights and a few other pair fr
om retailer would help me transition to this style my size l tights were just that tight so
tight i really didn t want to pull them up past the knee i am not kidding i wear size 14 pan
ts and my legs are toned and shapely so there was no reason to expect a l wouldn t fit so sad
lovely cut pretty creamy color great top for strong shoulders however the upper section of t
his top is way more sheer than it appears in the photos there is no bra that would really work
with it unless you want to embrace the undergarment visibility and go with one that has really
pretty straps just be sure the bra fits especially well because any back fat will absolutely s
how if you go without a bra though headlights so there s that this top is absolutely gorgeo
us but i followed the care tag to a t and it completely fell apart in the wash will be returni
ng i liked the idea of the diagonal color block but the fit of this tee was odd on me too tig
ht around arms and way big and boxy around the mid section going back i would have loved this
sweater if it were true to the picture but the stripes are gray not white either i got a stran
ge one or as happens to me sometimes with retailer the pictures are very misleading disappoin
ted because i wanted to love this this one will be going back the color is really blah and the
fabric wasn t a texture i was expecting it is kind of thick and ribbed and i suspect it would s
tretch out over the course of the day overall the cut and style is cute but i just felt like
i was wearing a hospital gown with the combination of the fabric and the style this may have be
en cute in a more vibrant color and lighter weight fabric ugh i wanted to love this dress so m
uch i ordered it for a fall wedding and was so excited about it unfortunately the cut is so ve
ry different from how it is pictured on the model the color and print are the same the detaili
ng around the next are even more beautiful than pictured the length however is so much longer
then pictured and it s not just an issue of the model being tall the slip is the perfect lengt
h and it s actually the perfect slip but the overlay comes down way past my i so wanted to lo
ve this suit it was gorgeous the color the quality the style but i am returning and can no
t recommend it the sides need to be connected just a little bit higher and i think it would wor
k but there is no way you could move around in this without things popping out in front i mean
it would be gorgeous to just lay there in the sun but i didn t feel like i could even walk safe
ly and i am not well endowed very bummed but it s going back cloth and stone has been getting
a little shotty lately in terms of quality they used to be a pretty consistently high quality b
rand but lately i ve been left a little bummed i got this in yellow which is really a muddy
orangey color i think i would have gotten over the less desirable color if the fabric were bett
er but it is actually two very thin layers of fabric that are stacked and snag easily sort of
like a soft cheesecloth the shirt is definitely comfortable and cute but the qua really wante
d to like this top the model has it on backwards the v is actually the back and closes with
an eye hook that is where the tag is there s also a seam running down the back the front is
actually a high round neck the material has a metallic thread and felt rather scratchy cheap i
m usually a s or xs in this top the s had too much material at the bottom and flared out strang
ely the xs was too short in the front and moving your arms caused it to ride up i didn t reali
ze how much i would love this wore it to work the other day and got more compliments than i hav
e in a very long time on an outfit it s comfortable and easy and flattering bought this totall
y on a whim and so glad i did fabric much heavier than looks in picture also nothing mentioned
in the description great color and fit but i live in florida this shirt is like the best worn
in flannel with a little feminine flair super soft and great length this shirt was a cute prin
t but it was too boxy and hit too short on the thigh i considered having it taken in the waist
but ultimately decided it wasn t worth paying the extra on top of the 88 tried this on in sto
re was ill fitting and sheer i agree with the previous reviewer that the fabric and details ar
e beautiful but with the shirring from the neckline and absolutely no fitting anywhere my shap
e got totally lost and i looked huge the difference in length of the dress and slip really both
ered me as well possibly great for pregnancy because you look like your about 8 1 2 months an
yway this top is very cute but i found it runs small in the bust which is unusual for maeve
i will have to return it you may want to size up if you have a generous bust i couldn t belie
ve there weren t more reviews complaining about the arm size then i found them yes this is
a cute shirt if you have toothpicks for arms so true the shirt is adorable a bit guazy
so not going to be super warm for fall winter but i live in cali so that s not an issue bu
t my arms aren t even big and this shirt is so snug around my arms unfortunately it s going
back so this shirt is adorable soft fun lays nicely \r\nbut you should have your arms am
putated and replaced with a barbie s before you put it on \r\ni don t even have large arms the
medium fit me perfectly but then like i hulked out the arms and there are now little tears at t

he seams this was all very confusing and vexing as this shirt is otherwise perfection \r\n\r\n
i mean i m not a large but i guess if i want this shirt i will need to take it back and get a
large otherwise it will be sleev i really wanted to like this top but unfortunately it was sho
rt and the sleeves were just too puffy it did not look flattering and will be going back i hav
e loved the pilcrow hyphen chinos and have purchased many pairs however the last 3 pairs i ve
ordered are all a different cut now they are no longer the chino i loved although they have th
e exact same name they are now boy cut and are much more narrow through the hips and thighs
nowhere on the description does it say boy cut it s not until the package arrives in the mail
that i m saddened to find this changed product with the same number it really should say this i
nt he descri i bought these in the mustard color and the salmon color i didn t have a problem
with general fading but used natural mild stain remover biokleen and the pants were ruined
one faded where i sprayed and the other has a permanent water mark cold wash and line dried s
uch a bummer that these pants aren t every day wearable and washable this dress ran large mayb
e because the pleats made this dress too roomy the dress hung on my right shoulder but the dres
s did not hold up at all on the left side of my body maybe because i have a short torso petite
frame i loved the yellow color for summer it would have made for a nice dress to wear for a we
dding unfortunately i had to return it when i tried these on in the store i was thrilled th
ey were comfy as yoga pants and the fit was divine i thought i had found the perfect jeans and
i splurged on them for my birthday after wearing just two times they are baggy and the knees ar
e totally bagged out saggy and faded \r\nso disappointing i want my 180 back i was disappoi
nted in this vest it was stiff and scratchy and seems too big doesn t drape well fromm the arm
pit and bust line area not very figure flattering looks like i put a blue shopping bag on and
belted it to try to add flair this top looks great on the model a petite frame small busted
body i am 5 2 and have a large bust and curvy hips this top hit in all the wrong places the
front looks very cropped and frumpy if you have a large bust the width of the top of very boxy
the top is very soft and comfortable and the color is pretty contrary to some of the reviews po
sted the dress is not excessively sheer you can t see black underwear thru the fabric but you
can see the body s silhouette in front of a light source it s not lingerie sheer but more like
a medium weight gauze without the wrinkles if you re older or modest the sheerness may bother
otherwise due to the print it shouldn t be much of a factor \r\n\r\nnow on to the size i m
a plus size girl size 18 and based on reviews saying the dress was huge i ordere i really wis
hed i had heeded the other reviews of this dress it is so ridiculously oversized i cannot ima
gine who this possibly would look good on i ordered the sm med and when i took it out of the pa
ckage i thought i had accidentally been sent a bed sheet and said are you kidding me by the
time you cinch the neckline so the fabric is somewhat close to your body the neckline is almost
to your waist and you look 50 lbs heavier horrible design retailer i don t know which dress th
e i was so looking forward to an awesome maxi dress this was not it completely see through
i guess you could wear it as a bathing suit cover up but be prepared to knot the length or you
will trip its an odd design absolutely not worth the price i purchased the sm md and i coul
d have for two of me in the dress returned this piece without looking back you can adjust this
dress a bit with the straps but it s huge the colors were also a bit grayish which i didn t exp
ect this is a relatively cute top when you try it on however i don t think it will hold it s
shape after even just 1 wear it also doesn t seem like you could wash it without ruining it li
ke a shirt form a throw away cheap clothing store i checked the fabric tag and it is a very
high viscose meaning it won t last long at all i m returning and feel frustrated with how
cheap the fabric is it s not a bad concept but i wished for more i wish this tunic was a diff
erent material as it was wrinkley and drop waist design instead of at the waist too bad i want
ed to love it but it will go back i bought this dress for a holiday party and the sequins on t
he dress were so much more blue that what it looks like in the photo i still liked it but when
i went to try it on it was just not working i thought this was more of a loosely fitted look
but the upper bodice and waist seam are very tightly fitted i would recommend sizing up but be
aware that the top straps shoulder to breast are too loose to begin with so they may sag \n\n
overall i wouldn t recommend this dress for the curren i have a curvy figure and this top is n
ot for me it fits loose at the top and is tight at the bottom it is also short i think this t
op works best on slender figures i love this sweater so why a lower rating while i love the m
aterial and the color it lost all of its shape before i even left the house i am a size 6 sm
all and it looked clownish on me before i ever got to my dinner party i plan to wash it this e
vening and i really hope that this brings it back to its original shape and keeps it i was very
surprised to see such dark blue sequence on this dress it did not appear as it did on the photo
i was pretty disappointed by the color the photo of the dress is much more impressive i am a t
rue to size 4 and when this bathing suit arrived it looks like it s a kids 4 i will exchange fo
r an 8 and hope for the best the quality looks great and the styling is beautiful but i could b

arely get into the suit cute sweater snap was broken when i received it and i looked for it a
t local stores and they are all out of stock ugh i wanted to give this a glowing review but i
ended up returning this cardigen the folds on top added too much to my frame i do not suggest
this for heavier apple shapes for all others it is incredibly soft and warm the tan color was
weird but they others are simply gorgeous i love the color and style of this sweater and was ve
ry eager to wear it which i ve now done on two occasions but now i m concerned about the quali
ty and also wondering if there is a long version of this sweater and a shorter version i am 5 6
and thin but the sweater doesn t hit me mid thigh only goes to upper thigh and i measured 25
in length on my sweater rather than 30 which seems to indicate a shorter length than on the mod
el i wish it were longer more a problem is that the fuzzy pa i really loved this dress it ran
small but it was also shorter than i imagined which was only worsened because i m curvier on top
would be great for slender figures got this in wine very pretty and soft but so sheer even w
ith the dark color one would have to wear a cami returning for this reason having to wear a ca
mi wrecks the otw ultra comfort fabric is not as rich as shown in photo dress much shorter tha
n shown in photo shoulder area is tight and really doesn t blend with the material below this
isn t going to work on very many people pear shape just not what i ve come to expect from re
tailer in the words of my husband looks like you re wearing a bag i m althetic and short m
aybe this works best on tall and very slim looks great from the front but from the side it loo
ks like a maternity top this romper is cute i won t deny that however the rayon fabric made
me really feel like i was wearing pajamas i was afraid it would wrinkle horribly however the
real problem with this romper is how hard it is to get on and off your shoulders i m short but
have a little wider shoulders so perhaps that was the issue it seems like another reviewer ha
d the same problem there are only two snaps from the waist up and nothing to open it further fr
om the waist down so i had to do some cont this sweater looks great in the picture but when it
came in the mail turned out to be enormous i tried it with a belt on like in the picture but th
at just made the whole sweater bunch up everywhere the quality is nice maybe sizing down would
help but the medium large is going back i am normally a medium ordered these in two colors m
oss and bronze same size 26 the moss fit perfectly and the bronze i can t even button so
very frustrating particularly when shipping fees are involved i m keeping the pair that fit bu
t was hoping to have a couple pairs perhaps i ll try on another pair in the store its a nice l
ean slimming pant that will work from fall through spring the material is a bit thick for summe
r soft and a tad stretchy to allow ease of movement looking forward to wearing with i ordered
this in lime which is one of my fave colors the garment was loose and roomy and had the desig
ner used elastic anywhere on the waist i would have been in love the shoulders were only tight
due to the lack of flexibility in the bottom no elastic at the waist and no placket below the
waist to increase the ease of mobility taking the garment on and off so if i had to use the la
dies room i had to plan ahead \r\n\r\ni took it on a trip and didn t have time to try on prio
r to leaving i am pretty standard size 8 36c 5 amp 39 6 amp quot 150 lbs i ordered the sm
all and the bust fit well but the whole thing was like a tent and way too flowy for my taste it
was also long so everything was very covered i didn amp 39 t feel it flattered my build i ret
urned this is a problem i have had with the pilcro hyphen cargos with the color dye \r\nthe dye
s in these pants are the same thing i wore the purple color and washed in cold gentle cycle a
nd they were stained \r\n\r\ni will return these it s too bad because they were pretty comfort
able and flattering pants although the design and quality were great this did not work for me
it was boxy square and overwhelmed my petite frame if you are taller or have a longer torso
this may be a great basic staple for your wardrobe the bottom part of this romper is easy to pu
t on but the top is very poorly designed it needs a zipper at the side or less of a yoke along
the back you have to wrangle your limbs in somehow and i was afraid it might tear once i got i
t on it fit perfectly though getting out of it was a disaster i had to ask a saleswoman for h
elp and was so afraid it might rip overall i was crushed that it didn t work out because the p
rint is super cute and it is very flattering i m so bummed i absolutely loved the pair of thes
e i bought in the bronze color great fit great color so comfortable however i just washed th
em and could tell right away when i laid them flat to dry that they had lost color in areas wher
e they had wrinkled in the wash machine so now they have strange lighter lines running along t
hem not acceptable \r\n\r\ni will say that the two lighter colors may not have this issue for
reference see my stats i bought a 26 the picture makes the shorts look structured i assumed
they were made of a heavier cotton material i was disappointed when they turned out to be a lig
ht weight polyester \r\n\r\nalso this runs way too big i am busty and did not fill out the to
p of the xs \r\n\r\ni wouldn t even buy this at the sale price i purchased the stripped blouse
and it was very large around the armhole it bulged open as if it needed a dart i even washed i
t to see if it would shrink to fit and it was better but not good enough i hate my bra showing
through the armhole it s going back cute blouse except for that i love sleeveless blouses wit

h turtlenecks i bought the bronze color which was nice but the cut just hung like a dust rag n
o fit no drape\nvery unfinished looking though i bought it on sale on sale it is not worth k
eeping over all it was not a worthwhile blouse to keep this dress is lovely albeit darker tha
n it appears on the website but i had to return it runs way small i usually comfortably where
an l or xl in maeve this brand and could not even get this l on would really only recommend
for xs or s ladies maybe m who have the possibility of going larger if you do purchase absol
utely size up 1 2 sizes this coat is absolutely beautiful an instant stunner the style is ve
ry classy and timeless it is definitely more of a lightweight coat than true cold weather wear
yes it does run large but that is the cozy look of it it is not meant to be form fitting my
one gripe is that especially at the price point if it s not going to be especially warm it
should at least be otherwise functional the coat i received has pockets cut on the outside but
they are sewn shut a coat without pockets this top had potential but the cut is very boxy and
not fitted at all like the front picture shows the picture from the back is much more represent
ative of what it looks like i m 5 7 135lbs and normally wear either an xs or s and the xs in
this was still huge and boxy but very short with tight sleeves i have small arms so hardly eve
r have an issue with tight sleeves the small fit better as far as length and and sleeves but
still very boxy the pattern and cutouts are very cute but thi don t be fooled by the image un
less you have a c d chest this romper has masses of draped fabric right around your middle exa
ctly where you want it least very unflattering and rather expensive for the poor quality back
it goes the shirt cuts too high up and is very awkward looking on sent it back wouldn t buy e
ven on sale the high neck and square ness did not work for me but might for someone else
i thought this would be so clean looking in a theory vince menswear way but unfortunately the
cut of the coat is super unflattering i waiver between a 2 and a 4 at retailer and erred on the
side of caution and went with the 4 the shoulders are way off the mark sleeves are too long a
nd the button hits about 3 inches too low it s just baggy in a way that the size itself is
not the issue alas this is going back and my search for the perfect coat continues i was dis
appointed when i got this romper in the mail the picture looks much cuter than in person altho
ugh it s true to size it looks pretty baggy on also i thought the grey top and blue bottom
were too similarly colored more contrast would have been nice i m returning this item this sh
irt was on sale and it was a good price that is where the goods ended the shirt was not fla
ttering i sent it back asap the design is beautiful but it was thick and too warm for a summer
event i was planning on wearing it to \r\nalso the seam below the chest was uncomfortable \r\nn
eeded to return really unattractive shirt nothing good i can say about it horrible fit i can
t imagine this would look good on anyone i did not have the same experience as the reviewers t
his shirt is not what i thought the front is low cut and i would have to wear something under i
t i could not wear this to work and i would not wear it in public the fabric isn t bad but f
eels flimsy the fit is tight i wear a small or xs in most shirts and this was ordered in a sm
all and it was tight i did like the green though and the color in person is nicer than what is
pictured i really liked these jeans initially but by the end of the day the waist is really ba
ggy the fabric stretches with wear and takes a wash to get back to its original shape i just r
eceived these jeans and the fit it good but they smell like moth balls and i have washed them t
wice already i hope it will go away otherwise i wasted 100 i love pilcro jeans and usually w
ear the stet fit this is the first pair that i ve owned that had so much stretch they stretch
and do lose their shape slightly but bounce back after a wash my main complaint may be stretch
related after the first wear the inner thigh area was covered in pills granted my inner thig
hs touch when i walk but this has never happened with any other pair of pilcro that i ve owned
i still have a pair of black stet that i bought 4yrs ago and they ve never shown i finally order
ed a pair of these jeans after seeing so many rave reviews and when they went on sale i m leav
ing this review for women who share my body type \r\n\r\ni m slim with longer legs and don t re
ally have curves i typically don t purchase jeans with an inseam shorter than 30 for referen
ce i really love the fit of paige and m i h jeans \r\n\r\nthese jeans have an inseam of 31
which i thought would be fine but for me the cut wasn t flattering at all i typically look fo
r jeans that this is really cute but does run large if your in between sizes size down the fab
ric at the front is super bulky but with a smaller size could be ok it is so itchy imo uncomfo
tably so i would have returned for a smaller size had it not been so uncomfortable ugh why i
loved the sleeves very cute bell and the back hung nicely they need to make this in a cotton
vocoder and no wool loved bit couldnt bear it these have a very interesting cut it seems like
they were made for someone extremely tall i m about 5 5 and the size 4 fit in the waist but f
ell way below where they do on the model on the picture it s hard to imagine who they would loo
k good on they re also very poofy right below the waist there is no back zip on this skirt and
therefore it does not lay flat as it would if there were a zip instead it has an elastic waist
it is very nice quality but i never would have purchased this skirt if i knew it had an elastic

waist i am 5 6 and a size 6 it runs a bit large i think this is due to the elastic waste t
his dress is pretty but there were a few things i disliked \r\n\r\nthe overdress is fairly shap
eless however the slip is fitted and well above the knee since the overdress is sheer the sh
ortness of the slip is visible the fabric of the overdress felt rough on my skin i did like the
contrast of textures between the overdress the slip and the lace finally as other reviewers
have shared the buttons are not functional and the v neck of the overdress is deep \r\n\r\ni
recommend trying the dress this t is a beautiful color and i wish it had worked it is quite fl
imsy however very thin cotton fabric without the nice drape that would have made this look g
ood on i also think it should have been cut a little longer it flares out right at the hips so
instead of covering them it highlights them i m disappointed and am returning it i really wa
nted to love this dress the quality is great and the overall look is so lovely however i tri
ed two different sizes petite s and petite xs and it still looked too baggy big the upper par
t is wider than it appears also the photos shows the bottom two buttons buttoned up however
the dress doesn t actually have any loop holes or button holes so it just hangs open very sad
to have to return both dresses they are beautiful in person until you put the on the fit was
a bit weird tighter in the waist roomy in the crotch the fabrics work 100 against one anothe
r the vegan leather especially the detail pieces at the outer side seams is too stiff the ba
ck is thin and has far too much elasticity at 150 i passed these will only enter my closet on
sale i am a huge fan of pilcro pants and was so excited to see them make a pair of vegan leath
er pants the idea is great leather in the front fully stretchy fabric in the back to give a
fitted but comfortable look however i couldn t get past the way the seams and leather felt on
my knees really stiff and uncomfortable when you start walking around can t bend the leg all
the way weird creasing and bunching behind the knee the fit was perfect everywhere else sadl
y these had to go back they are beautiful they fit amazingly they ripped on a seam the thi
rd time i wore them i kept wearing them because again the fit the style alas about the fif
th time i wore them the other leg ripped at the knee seam they are just totally falling apart
it s so very sad i would wear them alllll the time if they could bear it i m actually thinking
of buying another pair because i love them soooo but it would likely be wasted cash as i believ
e there is a real manufacturing issue here w i really wanted to like these but they just didn
t look right on my 5 3 sorta bulky frame i have big thighs and always feel out of place wearing
leggings so maybe i m just not the right target for these but they looked so cute and i wanted
to give them a try the waist was too high for my liking and the leg openings were too big and
gave me a stumpified look i did not like this top at all but had i looked at the fabric prior t
o purchasing i would not have it is polyester i thought it was cotton so there s the first reas
on i didn t like it secondly there is a piece of fabric behind the laces presumably for modes
ty that refuses to lay flat it wrinkles up behind the lacing making it appear as if one is wea
ring an undershirt or cami that is not appropriate for the top it is too long for me the top h
itting at top of thigh \r\nthis top is just reall nan as a tall girl i was thrilled to see that
these pants come in longs they are amazing for dressing up or sassing up and outfit i anxiou
sly anticipated their arrival and wore them the very first night i bought them however as some
one previously mentioned the quality is poor after wearing them to they symphony the knee tore
while i was sitting in my seat i really don t see a way to avoid this from happening since i ha
d not moved i m sooo upset because i absolutely loved these pants i loved these pants the minu
te i put them on and was so happy i d ordered them but i wore them only 3 times and only at
dinners with friends not even for full days and the seams on both legs ripped open i think t
he faux leather just isn t equipped to handle the stretch of fitted leggings i was super bummed
about this because these pants are so insanely cute but if they can t hold up to a few casual
wears then there s just no way thankfully retailer was true to their brilliant custom i boug
ht the navy version of this dress in the store and thought it looked pretty nice i am 5 10 and
145 pounds and the small fit me great i think that the dress looks exactly like it does in the
pictures at least for the particular color that i bought the length comes about mid thigh as
shown and i would definitely have worn it to work after looking in the mirror for a few more d
ays though i decided to return the dress because i didn t feel like the shape of it was especi
ally sensati i m 5 feet 120 and hourglass figure i literally burst out laughing when i opened t
he package i ordered my usual small petite the dress is so short and small you would have to b
e 4 feet 90 pounds returning so i have had to return this once so far because the stitching ri
pped out when i sat down the little slip thing that goes underneath if cheaply made i really w
ish this were just lined dress i wear it with a blank tank top and leggings underneath not wor
th the money but i needed something to wear that was transitional nan i fell in love with this
dress but when i received it in the mail i was really surprised to see that unlike the picture
online the slip underneath is a nude color it fit well and i decided to keep it i wore it for
the first time today and felt great in it i was driving with my son in the back seat i turned

to hand him something and the entire right side of the dress where the crocheting is ripped op
en i cannot believe how poor the quality is at this price i loved this dress and ordered it o
nline i found the colors to be a bit more muted than i expected and unfortunately the fabric q
uality seemed low considering the price point ultimately i decided to return it as i couldn t j
ustify spending 178 on a dress that didn t seem as well made as i would expect from retailer i
ordered this style in the blue red yellow and white for the sale price they all fit true to s
ize matching the model s photos but the quality is poor the hems are frayed they wrinkle ea
sily they re just a mess the model s photos show a messy look so you know what you re getting
the positives are the colors the blue is especially gorgeous the yellow is like a spicy mustar
d shade they are all comfortable just sloppy looking the sale price matches the quality they
do stretch out t i wanted to like this top especially because of its comfortable material and c
olor but the asymmetrical shape didn t hang well on me it also runs big i got a small and a
lthough the bodice fit okay the sleeves were long and the bottom of the top looked mishaped an
d dumpy this top will be going back first problem i would not have ordered this at all had the
description been correct the fabric description is cotton which the dress is most certainly not
secondly it has a really funky cheap unfinished raw hemmed slip which is simply not fitting
for the dress the keyhole in the front is super long again does not seem to fit the dress i a
m not happy with this piece at all but it did fit tts length is just above knee i am 5 5 142
lbs 34d and the six was a good fit sending this home t i never write reviews but i just purcha
sed this top at full price last week in the store it s not a have to have top just to look at i
t but once i put it on i had to have it it s extremely comfortable and i am able to wear it wh
ile running around with my boys and still feel as though i m put together \r\n\r\ni ve worn thi
s top now 2 times and after the 2nd wear i have 3 holes in the area where the waist line of my j

ater well made but so intensely itchy i couldn t keep it on for more than 30 seconds i was r
eally excited about this dress the style looked like it would be a spring summer staple in my r
etailer heavy wardrobe i was really surprised when i received it in the mail the dress is quit
e thin cotton fabric and feels cheaply made for the price i could purchase a much higher quali
ty dress elsewhere that would hold up better i ve been an retailer fan for more than an decade
but this trend of higher prices for lower quality is disappointing and insirpring me to leave a
review for the f should have listened 2 a previous review while this is a very well made garmen
t it really does remind me of a bathrobe and will be returning too bad because the fabric a
nd stripes are really great also this runs very large the extra small was more like a medium
i wanted to like this one really but it was just plain sloppy looking i returned it this jac
ket is beautiful the color is so nice and the cut of the jacket is perfect however one i put
it on i couldn t wait to get it off it s so itchy i tried putting on a long sleeve shirt und
er it but was still uncomfortable especially around my neck i wouldn t recommend this jacket b
ased on the material alone also the jacket runs large i m 5 1 130 lbs 34d and i ordered the
small i would definitely size down when i tried it on it looked like a stiff bathrobe straigh
t too boxy beautiful color design and fit but i couldn t wait to get it off i don t have
sensitive skin and don t recall ever putting a jacket on that felt like steel wool this looks n
othing like it does on the website it runs small and the colors are so muddy it doesn t drape
nicely and i a musually an xs and this was short stiff and plain ugly sent it back immediately
i saw this blouse in the store a few weeks ago and thought it was really pretty great colors an
d fun beading around the wrists hem went online to order the petite size and when it arrived
i literally couldn t believe it was the same shirt it was so washed out compared to the one in
the store and the petite size is very short and i m only 5 feet tall so that s saying something
the neckline is very wide and open not even sure what kind of bra wouldn t show sadly i waste
d the shipping c material is awful not soft at all colors are much darker than shows online i
t is actually very short not at all as it looks on the model it went back i just can t get pas
t how different the blouse i got is from the photo mine has dark colors really dark colors t
his top fits a bit large and the neck is quite wide i thought it flowed well and fit nicely in
my regular size large i liked the length and the fact that it s shorter than shown it still co
vered my bum the back has a cute peplum ruffle and there are little bronze colored beads along
the bottom edge in both the front and back i would have kept it had been the blouse shown in t
this top is much stiffer more baby doll and boxier than pictured lining is stiff too and colo
rs more muddy than shown i wear boho tops all the time and this looked terrible on me i have b
road ish shoulders and a chest i thought it would be a fun drapey top for transition to fall
but unfortunately it s going back i ve been shopping at retailer since 2007 and floreat used t
o be my favorite designer but for the past year or more floreat mostly misses the mark this b
louse looks nothing like it does on the model \r\n1 it is long on her not so in real life th
is is probably the worst part about this blouse if it were not for this i might try on a size

m and give it another chance \r\n2 it runs very large i usually take a l or xl i think i woul
d need a m in this as mentioned above \r\n3 in the picture t i had high hopes for this top i
love the plaid and design but found it too boxy and short the front was cut too low as well i
agree with the other reviewers this top is completely disappointing in every way i could not b
elieve it was the same top i pulled from the bag where to begin \r\nit runs really big\r
\nit s short and boxy not at all like it appears on the model this must be pinned a lot in thi
s picture \r\ncolors are completely dull in person i really think this picture was lightened a
great deal \r\nfabric feels cheap and stiff\r\nlining is stuff and poorly sewn \r\ni haven t one
positive thing to say about t this hoodie is beautiful soft and flattering but the soft fabric
pilled badly after one wearing and it s probably going to look ratty after a few washings i mig
ht accept pilling in a 30 sweatshirt but not at this price i don t really want to take it back
but i will i ve complained to retailer employees in the past about other clothes pilling and p
oor quality and they ve always said i could bring it back this is a beautiful dress all that
s missing is a bonnet this dress is not flattering the slip is very small and short and the dr
ess is big and billowy like the other reviewer said its more like a tablecloth that you stick
your head through it was really hard to figure out how to cinch in the waist but it didn t help
regardless the length is not accurate either i would say it s a pretty short dress mid thigh
but that probably depends on the person it also makes you look very horizontal i was really ex
cited about this dress but it s getting r what a shame this dress is i wear xl and am 5 2 but
the dress in the store in the size xs looked just the right size yup xs was just the ri
ght size i can t imagine anyone who wears m or s finding this dress fit flattering it would lo
ok like a sack it is an inch or two too short in the front for me so i ll be returning it i l
oved the look of this dress online so i went to retailer to try it on in the dressing room area
we were all laughing because i tried on a small when i got it tied to the point where it looke
d like the model online i couldn t raise my arms the distance between the cuff and the waist is
inches even if you manage to lift your arms the whole dress will go with it and expose you as m
uch as if you weren t wearing a dress at all but a shirt too bad poor design for sure and suc
h a shame when th large and the material is too bulky i returned it this dress looks like it c
ould be cute on but when you put it on its just blah i saw someone else trying it on in the fit
ting room and she felt the same not cute not flattering the model photo is deceiving would n
ot recommend although it looks airy and comfy i ll start by saying over the years i get more
and more frustrated by the lowered quality of retailer s products this dress represents all of
my frustration cheap cheap cheap material low thread count elastic around the end of the
sleeves that rubs the cheap fabric against your arm i mean this dress is a total disaster an
d looks nothing like the photograph shown i was so excited to receive this dress i got a petit
e 4 as i am 5 2 it was very hard to zip up the side zipper but not impossible it didn t look
good on me the waist line was a bit too high maybe a regular would have looked better also i
thought it was a cotton dress but it isn t also i looked like i was going to a nordic folk fest
ival to do a traditional dance i had been so excited to receive this but sadly it just didn t w
ork for me and i had to send it back i wanted to love this because it s all my favorites simpl
e chic design pure silk gorgeous color in reality the dress was 100 see through very thin
and poor quality silk i posted pictures of me wearing this dress with a nude slip on underneath
that i brought along for shopping elsewhere for business dresses despite the thin quality of th
e silk i was still considering spending this dress despite it s unreasonably high for the
quality but after trying it on i was really disappoin i didn t have a problem anticipating the
fit of this dress i felt with the drawstrings on each side i could make it work i usually take
a large and even ordered a medium as i had read all the reviews of it running big when i got th
e dress i was beyond disappointed it is a heavy itchy polyester like fabric not a thin rayon
looking texture like the picture shows it is also a deep black not the plum color in 4 5 photo
s but most importantly i am 5 8 and the dress is very short on me it i wore this blazer for
one day didn t do anything strenuous and the fabric started to disintegrate along the back ne
xt to the center seam it s completely unfixable since it s not the seam that split but the fab
ric itself what a waste of money \r\n\r\nas to the fit it is a boxy cut through the waist it
looks better unbuttoned than buttoned the jacket also shows a lot of the shirt you have under i
t so it s good over something cute \r\n\r\nor it would be if it didn t fall apart loved the
look of this shirt online i tried it on and was sad to see that the frontal view is all wrong
the cool shoulder design is almost too exaggerated almost looks as if i m ready for take off
unfortunately none of the featured photos on the product page display the frontal view of the m
odel i really wish the shoulder design was slightly smaller in shape and size i would have lo
ved it looks great from the side but sadly i can t walk around like that i love this brand
i literally live in their tops this one is a bit of a disappointment it is made out of fabric
that feels cheap reminding me of a tissue tee instead of the normal thicker quality of all thei

ct much better quality at this pricepoint really disappointed i was excited to see this offere
d by retailer because i have been looking for a light blue summer jacket or blazer that isn t a
denim jacket and this seemed to fit the bill i ve ordered several cartonnier blazers in 00p as
early as 2013 and as late as spring 2015 and have been very happy with them on the plus side i
would say that the color is depicted accurately and it does seem like a high quality jacket but
while the shoulders and sleeves were a pretty standard fit for 00p it was much too as other rev
iewers have pointed out the bum is not flattering the pockets are wide and the fit sort of fla
ttens you out bummer literally too bad i wanted these to work more than then coh s parker cr
opped the coh s win my wallet loses beautiful detail and soft sweater i ordered a medium and
the toro so fit well but was short arms were long and baggy in comparison given the fit i did
n t think the small would work really wanted this to work but unfortunately it is going back i
think i received a mislabeled vest when i opened the package i thought it was some sort of jo
ke i was expecting what the stock photos show a longer length flowy sweater vest mine was
literally child sized i m not a big person at all i m 5 6 135 lbs and wear a 6 8 i ordere
d this in a m l thinking i would like it loose i tried it on thinking maybe it will look long
er once on no not even i looked ridiculous the front hit above the waist of my jeans and t
he back hit middl maybe if i sized down to a small i d like them better they look ok from the
front but it seems like the leg was cut way too wide there is exceess material in the back and
leg hole they are not all flattering to my rear end overall kind of shapeless and the fabric i
s prone too wrinkling too expensive with the added shipping fee for an online exclusive for t
he lack of structure and simplicity i was excited to receive this coat for my annual travel to
switzerland but hesitated to order it online without seeing it first due to the price it arrive
d last night with the buttons falling off and a large hole in the front pocket the lining insid
e is has a very cheap plasticky feel and i can also see small rips possibly forming in the linin
g in addition the collar on the coat is extremely bulky and the shoulders are padded underneat
h the fur which makes ones shoulders appear like a lineba this top is very sweet and looks lovel
y on the model it was not flattering for my larger bust with the inverted pleat opening at my
bustline and spreading out over my waist the quality is nice the fit in the shoulders is snug
the length is a bit short for me but it may lay better on a different body type i can t believ
e how small these are i almost wondered if the size was marked incorrectly these are so pretty
and such a shame because i love them the rise in the crotch is also very short very full in th
e legs and one is longer than the other the stripes don t line up in places which is also disa
ppointing for this price ordered a petite and it was not as dark of a denim like the picture t
he pockets on the backside are wide and are not flattering if you have any curve to your rear m
akes you look wider than you are pocket on front are also large which accentuate thighs these
were returned immediately as it did not work for me i wanted to love this dress but the sizing
was too large for me overwhelming my frame i am very petite for reference 5 2 24 waist 30
and usually get an xxsp or 00p but even the 00p was too large in both the waist and especially i
n the shoulder area at minimum for fit i would have had to have the dress taken up but require
d too much alteration the skirt is not lined which i found disappointing given the price the
colors and handkerchief like hem is really cute though but i returned i had mixed feelings abou
t this dress the material is lovely but the skirt is really odd it has two slips one that fit
s close and a second that s a bit too puffy so the skirt didn t sit well and i thought it made
my hips look bigger the odd length made it unflattering it might be nicer without the puffy sl
ip but i didn t want to risk it i loved these and wore them once i bought the red ones and th
e stained my furniture and my shirt so i washed them a few times in hopes of getting out all the
extra dye ruined yet another chair so annoyed i loved them but they are not worth it these
looked really interesting online and with the multicolor stripes i thought it would pair nicely
with many tops \r\n\r\nthe fabric is nice and sturdy the colors are more vibrant than online
\r\n\r\nthe design however is terrible when i put them on i double checked to make sure they we
ren t on backwards the back is flat as a board but the front has these poofy pockets the poor
fit with the bright stripes gives a 1920s circus diaper look which is not good \r\n\r\nthey r
e also really tight compar i adore eva franco but these are just not thoughtfully designed regar
ding fit i wear a size 12 and took the risk of ordering the 12 as a popback but they do fit 1
2 sizes small i could get them zipped but it s not a good look i feel like the waist would fit
if the rise weren t so short for reference i have a 33 waist and 42 hips i love this sweate

r s rich color and good quality but the fabric is very thick and heavy the neck opening is too wide and the length is too short to be flattering not on my tall not model skinny frame i st opped into a store near me specifically to try these on given how adorable they look here while i liked them i didn t love them i love some stretch so that part was good however the denim was much thinner and lighter colored than they look to me online here \r\n\r\n\r\ni really want to love them though their light color has me less enthusiastic another reviewer also mentioned a butt flattening effect which i noticed also i might have sprung for them anyway they do hav e a cute shape bu i was very excited to get this but very disappointed once it arrived the fab ric on the back is thin and clingy i think you d have to wear a slip underneath cute design on the front but sadly it s going back these are terribly unflattering the wash looks dirty and th e rise is not 10 5 like the description says which is the only reason i gambled on these it is 13 i was really hoping that this dress would fit perfectly because it looks beautiful on the m odel however when i put the dress on there is a seam where the top portion meets the bottom p ortion and it made the skirt stick out a ton i ordered the 0p and i am 5 4 110lbs maybe order ing this dress in a larger size would prevent the skirt from looking so full at the top the des ign is very flattering and holiday appropriate but like many maeve dresses it is absurdly overp riced for the cheap materials used although figure flattering the zipper is so cheap that it runs along the left side it bubbles out ruining the sleek look of the bodycon dress and the rough cheap poly is not worth what they re asking for it maybe find this on the sale rack but n ot at retail i wanted this dress in wine for a holiday party but it just has no life whatsoever unlike prior reviewer i found nothing to dislike about the fabric the fabric is fine and the f it is fine i m sometimes an 8 and sometimes a 6 took this in an 8 and definitely would not siz e down it s relatively close and well fitting but the sleeves and neckline further ruined it for me the sleeves are shapeless long and baggy the neckline is just blah it needs to be nea ter trimmer more cut the ruc i tried this dress on in the store it looked frumpy the ruchin g was not flattering the fabric felt cheap i think for the price there are plenty of other opt ions for dresses than can give you a wow look i m 5 1 107lbs and the 0p fit fine cute but very itchy have to wear a long sleeve tee underneath the color is nice and the material is wha t you might find used by a high school drama club with a low budget a very cheap polyester on top of that it is unhemmed and unfinished in any way so you can bet that about the second o r third wearing there are going to be runs all through the thing i ve attached a picture of the hem below on top of that the ruching is awkward as mentioned by another reviewers all in all kind of terrible woah these jeans looked ridiculous on me i felt as though it was 1987 and i was raiding my mom s closet the combination of the light wash the crop leg and high wais t with the odd stitching around the midsection make this a no it really accentuates any pouch y ou may have i was looking for a high waisted denim but these are very unflattering i am 5 3 140 curvy no no no nan i am 5 3 and the arms of this sweater run at least 2 inches past my finger tips if the arms were not quite so rediculously long then i would definitely keep it but unless you are tall it just doesn t work also i felt the length of the waste was a little sho rter than what is pictured online sigh this sweater is ok i love love love bell sleeves so i thought for sure this would be perfect i thought it would be a great sweater to transition fr om winter to spring but once it arrived i knew i had to return the sleeves are not only bell but very long and the sweater fits chunky on your midsection i like my sweaters more flowy if you like fitted style sweaters that are a bit roomy you would like this once also it s a bit i tchy for me but i m rather sensitive and if i d loved this on i love the style but it didn t wo rk for me i ordered the r size they were way too too long i generally wear size 26 and the r length works with most retailer pants with this particular pant i could barely pull up the zip per i m not sure what happened bc i haven t gained any additional weight i am 5 2 and 110 lbs unfortunately i had to return the pants i think the design is for supermodels maybe a petite size would have worked the p was out of stock good luck it does run a little small my regula r 2 fit but snug the colors were drab and the material felt like straw the lining is really si lky and nice just didn t work for me this skirt looked absolutely beautiful in store and took my breath away i immediately headed to the fitting room to try it on but was disappointed by t he awkward ruching if this skirt has removed that upper portion and kept a normal waistband th ereby also shortening it to knee length it would have been lovely it should be noted that thi s is midi length which is awkward on me i was unable to find a cute way to wear this which is disappointing since it could have been lovely i fell in love with this dress online but it jus t doesn t look as nice in person first of all it s huge i usually take a 4 6 in dresses i or dered a size 4 in this and it was like a sack on me i would have needed at least two sizes sma ller however after seeing it in person i didn t love it enough to order a smaller size to get a better fit this jacket is really cute however the mesh is really fragile i ve had the jack et for a month and noticed a huge tear down the back shoulder it doesn t fit me tight so i m no

t sure how it happened every time i wear it i m super paranoid about snagging it on something like i mentioned before the jacket is cute it s lightweight and the design is unique but if you want to get more than an occasional wearing out of this then don t bother i m hoping i can return it otherwise that s a lot of this was the dress i was most excited about in the new arrivals but sadly it didn t live up to expectations unlike the first two product photos the dress is baggy and empire waisted and the black trim is the thin one shown in the last two product photos the dress is slip on with no zipper or tie and on me there were about 4 inches to spare at the waist all in all it felt sloppy such a shame as i would have loved the original design online \r\n\r\nanyhow i wanted to share photos of the real this was a very odd fitting top i should have read the description more closely the colors are beautiful but the cut hit me in all the wrong places nan this was really billowy but not in a good way i had to return it looks great in the photo but not so much in person bought this shirt on line wanted to love it but just couldn t i ordered the xs and it was huge and way too unstructured for my style just didn t have enough shape had to send it back i m so disappointed with the fit of this top it is extremely short even for my 5 2 frame sizing up will not fix the length too bad because the shirt is cute i love the look of this jacket it s incredibly soft and fits tts i love how it s a little different and fun however it s already pilling after 3 wears probably have gotten a total of 15 hours of wear out of it i am so disappointed for this price point i would have expected better quality these are way oversized i have several pairs of pilcro jeans and these run way too large wasted money on shipping won t do that again disappointing back is yellowish and looks strange the front view is cute but doesn t match the fabric on the back at all can t imagine why you would do that when i saw this blouse online i thought it was so cute i love the floral detail unfortunately it looks much cuter online than it does in person it has no shape so it is not flattering to the figure it might look better tucked in or partially tucked in as shown in the picture but it did not look good completely tucked out i was also not a fan of the fabric in the picture the fabric looks dressier than it is the front is more polyester and is a little dressier but not what i envisioned t please be awate that although this blouse is beautiful and the color is gorgeous it is completely sheer it just doesn t match up with the price point the material is beautiful and high quality however the cut is so awful it lays very weird near the neck and shoulder area it kind of forms this square but if you are larger in the bust area it causes the top to slant making it lay awkward i had my eye on this dress for months i came into some extra cash and bought it at full price online and picked it up in the store the purple pattern is nowhere near as soft as pictures it was very bright which disappointed me it s also made for more busty women at a 34d i could in no way fill this dress out the result made it look so frumpy and unflattering i felt like an old lady in a bag i love the style of this top hand washed before wearing and it looks like a rag before i even got to wear it very disappointed since i thought it would be a very practical tank i so wanted to love the striped peplum top however i have a petite frame with a large chest and there was absolutely no support in the top not flattering in the least for a d dd cup will be returning i imagine this would be perfect for someone with a frame like mary kate or ashley olsen i ordered this online and was completely underwhelmed in person the pattern didn t pop at all and the fit was just ok it kind of bunched weird in the breast area i usually love plenty but this is a return i ordered this dress online the colors are pretty if you like pastels and the fit is true to size however it fits very much like a maternity dress for those of you rocking a baby bump this is a good choice for others who are not it s just not flattering my figure got lost in the dress and the high waist did not look good on me i returned it i waited six weeks for this dress to arrive and was so disappointed loved the skirt part of it but the top which i guess i didn t see in photo was pleated as well made my bust look huge and it puffed out on sides would have been a wonderful summer dress flowing and cool great quality top i do wish it fit me i m really long waisted and this top was too short had to return there were just too many pleats to this thing it was not flattering it looks fantastic on this model but not on me oh well this wasn t for me i have a short neck and am 5 3 the length was fine on the one i tried on but other proportions were off it was too big around in the middle yet tighter at the bottom on me this made it resemble a large bag the neckline stood up on mine even when i pushed it down to resemble the picture here with the model it still felt like a whiplash collar coming up over my chin i gave it four stars for quality since the material is so soft i was in love with this suit from the pictures unfortunately the top is a little too short so the peplum skirt hits right at my widest part and doesn t meet the bikini bottoms the product looked more or less as expected but the fabric felt very cheap not the quality i would expect from retailer the shirt is also very short which did not bother me but is something others should be aware of i bought this top in black it is high quality material and i love the mock neck and zipper in back however not only are the armholes are too large the shirt is cut too short if i size down for

smaller armholes it becomes a crop top not a flattering look for 50 something me i really wan
ted this to work but alas it went back it was just too big in the regular size and too short
in petite the proportion was off i bought a similar sweater last year in a blue color that i
wore constantly and was hoping this would be like it i think if you are very tall you might pul
l this off i m 5 4 and even the extra small regular hung below my booty i had sized down beca
use i m usually a petite but didn t have the option for petite here and it was still too big
a petite or an additional size down could have helped the fit but in the end the style wasn t w
hat i was going for the dress has a little more texture going on than what is revealed in the p
hoto here on the site i thought it was a luxurious brocade fabric but the shininess actually
comes from silky threads on a mesh ish overlay it s a lovely quality dress and the color is i
am a sweater girl so i was really looking forward to this cozy looking piece like other review
ers i found the fit to be very strange and not as pictured i am 5 1 and 107 lbs and typically
wear xxsp or xsp i ordered this in the xxsp because of the loose fit it did not fit like the m
odel at all the sleeves were shorter and stuck out oddly the length was not as long as picture
d but it would have been fine for me had the sweater not also been as wide as it was long othe
rs suggested sizi the color and quality of this sweater are fantastic the reason i only gave it
two stars is that the height of the neck didn t seem right to me it looked awkward and too high
to be left standing upright but when folded over i wished it were higher so it formed more of a
turtleneck cowl i will be returning the sweater because of that i loved everything about this
shirt except the harm holes are oddly large i tried on a medium and the arm holes were very lar
ge so i thought a small would fit better but it didn t the fabric is beautiful and the diamond
pattern looks amazing up close but i decided to return the top because the arm holes just stuck
out so awkwardly very poorly made wide and short very unflattering the material is advertise
d as cotton but it felt very synthetic this dress is very pretty colorwise but the fit did no
t work for me i could see this working on girls with narrow hips but it didn t flatter my narr
ow waist wide hip frame i wanted to love this so much that i ordered in both a mp and sp both
have gone back i m petite and curvy particularly on top i wear petites 90 of the time this
didn t fit like a petite it was cut like full size in every way particularly the arm holes a
nd length when the mp didn t fit i always start trying on in the larger size i thought wel
l surely the small will be better i considered keeping because i would wear it with jackets ove
r it then decided that was crazy disappoin nan unfortunately this one is going back the fit i
s very flattering and the underlying layer is very revealing in the back i love the coh fleetwo
od jeans and since i was looking for a pair of not so skinny skinny jeans i thought these woul
d be great but unlike the fleetwoods which are a substantial weight denim these are very soft
too soft and bag out in the first 5 minutes the style is okay but the fabric makes them unfl
attering maybe if you re looking for jeans you can lounge in these will be for you because the
y do have the comfort equivalent of sweats looks great on the photo and from previous reviews i
decided to give it a try the material seems cheap and stiff would not fit my frame well the c
oncept of this top is cool and the outer fabric is nice the inner layer is sheer but as long as
you re wearing a nude colored bra no big deal however i did find the inner layer to be scratch
y they must ve photoshopped the fit of the top on the model or altered the top because it look
s like it hangs straight on her i ordered an xs and when you pull it out of the package it cle
arly flares out is a line so as a previous reviewer stated it looks huge from the front if
it had fit the dear retailer designers \r\njust want a nice dress that isn t made from polyest
er don t mind paying bigger bucks for quality fabrics but please enough of the polyester \r
\nlove \r\nyour customers this top is really cute online but that s about it it runs large b
ut even if i sized down the ruffles were a bit much and the top was a little boxy surprisingly
the sweater material was fragile there were already two picks in the fabric when it arrived i
felt like it would not wear or wash well i was also disappointed in the shaping or how it hung
on my body i am returning the sweater i was very disappointed in the quality of this top the
first time i wore it it snagged right in the front i had to pull the thread under so it wasn t
exposed i put it in the wash in the gentle cycle and it was destroyed with several more snags w
hen i removed it from the machine this top is extremely delicate and doesn t withstand normal e
veryday casual wear although it s s casual lightweight sweater now it s just a wear around the
house ratty throw around shirt in the photo and from far away this top looks more elegant than
it truly is wearing it feels like something better suited for sleeping in it s a sweatshirt wi
th the sleeves torn off and raw edges which looks rather cheap and sloppy i wanted to love thi
s top it was huge and i didn t like the material it felt like it should have been much less ex
pensive than it was i had high hopes after reading all of the reviews but as you can see the
dress didn t live up to them i ordered a size 8 and maybe a 6 would ve fit better but i m not
going to find out the sheer area on the model really stands out it does not in real life ther
e were loose threads throughout and there really shouldn t be at this price point i was going

to wear this to a wedding but as a member of the wedding party i don t think it would picture
well at all i m sorry that it s headed i so wanted to love this but was underwhelmed ii am ta
ll but yet it hit below my knee in that awkward spot that is just a tad too long to be hip styli
sh and too short to be evening cocktail just felt looked frumpy i do think it looks grea
t on other reviewers though so may just be that if wasn t a good fit for my body type i wore m
y normal size 6 and it just didn t flatter made me feel 10 years older i am obsessed with deni
m and have two other pairs of ag jeans from retailer that i am very happy with my recent prefer
ence has been for high rise skinny jeans and decided to give these a try because of the versatil
e medium wash when i tried these on in my normal size they were so cute that i bought them ful
l priced i could tell that the material was pretty stretchy which is what makes them soft and
comfortable but was not expecting them to stretch out and sag after a few hours by th i am a
proportionate 5 4 39 year old and thought this dress would look great it s a line and looks a
lot like the kind of dresses that usually fit me nicely i bought it in an 8p which is my norma
l size the hips were a little too big but not bad the top part however was enormous the cu
t in the shoulders neckline was way too wide the lace sleeves were way too big there was too m
uch room in the bust my c cup was inadequate etc this dress would look nice on someone who i
s thicker vol this is a gorgeous sweater but huge and when i say huge i mean gigantic i m usu
ally a size large and i don t even think the small would be small enough the cowl neck and fabr
ic overall is great although stretches out which is why it becomes so overwhelming but the sw
eater just hung on me like a short blanket the armholes are very big deceiving on the model
returning i really liked the casual style of this top but i was disappointed when i put it on
it s cut weird the shoulder cut outs are smaller than pictured and just don t seem to hang righ
t they don t hit where they re supposed to and the sleeves were also not as pictured more lik
e 3 4 which i didn t like the color is really nice and i liked the fabric but the fit was just
off i tried xs and s both fit weird too small too flare nice thick fabric not my fav
orite pant the fit is gorgeous but i didn t realize it was completely transparent when it say
s mesh it means mesh i was thinking the mesh part was on the bottom because of how it is
cut high on the shoulders you can t wear a cami underneath to provide coverage very cute but
not practical i was really disappointed with these pants they were a thinner fabric than expec
ted with little to no stretch they were very tight around my legs and huge at the waist sadly
they will be going back i thought this skirt would fit just over the knee with a nice flowy bui
ld instead it fit rather baggy and was longer than i expected i felt dowdy in it i m 5 4 us
ually a small in retailer sizes 6 8 pants i purchased the 8 petite the other reviews seemed pr
omising and so i ordered these in a 10 petite i am 5 4 and the length was still long and would
either need to be worn with a heel or altered the length was not what made me send them back th
ough the quality is very very nice and the fabric thick stretchy and well made however the b
ody hugging fit and flare make these look exactly like a yoga pant but made from nice material
if i were a bit more confident to wear these outside of the gym then they would be great not sur
e why it has gotten good ratings and or why sold out online periodically awkward fit and flares
quit a bit at waist also has extra material at waist line so does not look flattering i loke t
he idea of this jacket but it was executed poorly it makes me look like a football player i am
5 8 135 athletic build and i was swimming in the m i tried a small on in store and it still loo
ked like i was wearing shoulder pads it hangs and gaps awkwardly the sleeves are freakishly lo
ng and the overall length was too short these run at least 2 sizes smaller than other styles of
the same brand mother such a bummer because the quality is totally on point i m going to exch
ange them for a huge size i guess whatever i don t mind having a size that s so much larger th
an all my other jeans i just mind the complete hassle of the exchange process i wish mother wo
uld get their sizing issues under control it s not retailer s fault so annoyed i got this dre
ss in the mail and while i loved the concept of it it really is too boxy the tie is very supe
rficial and does not really nip you in at the waist it is more so for show it is fully lined w
hich was interesting and to me made the dress seem boxier the quality is good but i am an ho
urglass and this was completely unflattering i would have had to size up to make it look like t
he model shot but it would have still been a shapeless dress just bigger it does fit true to
size i found this dress to be shapeless on even when the belt was tied i love the tshirt mat
erial and the fact it has short sleeves it s just too boxy the fabric and cut of this blouse a
re beautiful but the v was so deep i could never wear it without a cami and i think that would
ruin the look i have a large chest but the similarly cut blouse without the textured fabric
from the same designer fit me fine this one is just cut differently i even tried sizing up an
d down to no avail the photo on the model seems misleading because i don t see how the neck w
ould lay flat or stay that high on anyone even with a smaller chest i was so i really like th
e idea behind this top but at least for me the execution wasn t quite there i was hoping it w
ould be something i could wear to work but the sheerness of the sides makes it in appropriate f

or my workplace when it gaps you move you can see a lot if you don t move the front panel i
s pretty opaque which is good i think it would look odd with a cami underneath and i don t fee
l comfortable with the sheerness so i returned it i also thought the finish on the sleeves loo
ked i usually wear a size medium in angel of the north but this was very small i would need to
have ordered a size large or xl to have it fit pretty but returning love this dress wore it l
ast night for a musical event came home and put it on the hand wash setting in the washer wit
h cold water just as the label states pulled the dress out and guess what the design is comp
letely faded it looks 5 years old so sad i m going to call retailer and ask for a refund
i live two hours away while the print is cute the fit is a disaster if you are a c cup or full
er the bottom band does not lay flat as pictured on the model it rides up under your boobs an
d the whole cup area tips forward it s not really molded like a bra more flat foam insert im
mediately went back hopefully if retailer continues to do swimwear they ll take a look at adj
usting the designs to make sure they re also workable for fuller cup sizes underwire please t
here is nothing special about this skirt it s plain and incredibly dowdy looking long and wide
i am usually between a small and medium after reading the other review that said the waist ran
small i went with a medium it fit fine in the waist hips great cut and fit tts size 6 fit my
5 5 135 pound frame 34b c bust wonderfully my sister and best friend loved it on but i m r
eturning the color is more of a very bright orange than red i would want to wear this in the m
iddle of summer but the all polyester fabric is hot i have too many dresses in my closet cute
as it is i d just never pick this one love to see this design in lighter fabric and different
color options 1 2 longer would also be a slightly better length this sweater was not as featu
red in the picture the front is completely cropped while the back is regular length the front
barely reached the middle of my stomach also the color was not as vibrant as shown in the pict
ure this sweater will be going back seemed pretty shapeless which surprised me because of the
design perhaps it was just too big returned it i wanted to love this sweater and it has some
nice distinctive features that make it more interesting than your average cardigan unfortunatel
y however i found that flared in an unflattering manner over my stomach the chest fit well
though it was very low cut but then if i buttoned the sweater it made me look like at least th
ree sizes larger \n\nthe quality seemed okay but a bit thin and i was afraid that this would no
t hold up for long this dress is absolutely hideous on my physique ordered a size 6 and it hun
g on me like a cheaply made tent i have an athletic built am a 34d it is going back asap well
this is on me as i saw this hanging in the store but way off on my size which is xxs petite
\r\n\r\ni looked too quickly and got a nice sa to order it for me \r\n\r\nboth pieces are transp
arent no opaque lining at all is inside both pieces are made of fragile clingy materials the
re is no flow just cling the size is much too big so the resulting look is of two bad pieces
hanging oddly without any real shape \r\n\r\nthis may be the first time i really just not recomm
end a piece at all bes this top is beautiful even more so in person however like a previo
us reviewer the fit is very boxy there is so much excess fabric that poofs out on the sides th
at you can t see in the photos due to the model s cardigan and arms if this top had been a bit
longer and more fitted without all the excess fabric at the bottom it would have been perfect
again the color the lace the fabric and the pleating is all gorgeous would love it if the de
signer took this into consideration and came i am a large in knit tees this is the first tee wh
ere the large was just too big it kind of hung on me the band across the back also hung down s
o all over it looked like it was just too big a size for me the army green turned out to be not
a flattering shade of green for me so i returned it i liked the whole design a lot especially
the front macrame part but for me it did not work at all also too expensive for a tee this n
ightgown looked so comfy and cute i ordered a large and it was so uncomfortably tight i m 5 3
and 150lbs it was such a shame size large should not just be really a medium beautiful color
bought a small i am 5 10 and 145 pounds the length is the only thing that is usually a problem
on size small for me however the chest area was extremely tight and ill fitting i thought i am
only a 34b i m returning it i did think it was pricey for what you get as well the color was
by far the best thing about this dress it could have been better quality and fit i bought the
rose and the sapphire during the xtr 40 off clearance i m just under 5 4 curvy usually wea
r med petite in retailer dresses i ordered a mr because being sale items only regular sizing
was available a sp would have been much better the dress hit about 3 below my knee and the cr
isscross top made my bust look matronly a snugger fit would have been sexier the rose was dark
er than pictured pretty but eh on me however the sapphire was gorgeous i m sad about retur
ning it i have to agree with the first reviewer i really loved the color of this dress and cou
ld almost have overlooked the lack of a lining but when i felt the fabric expecting a nice lush
silk instead getting what felt like a polyster instead i couldn t justify it for the price i r
eally liked the fact that a maxi came in petite sizes as well but just couldn t get over the po
or quality for that price so back it goes \r\n\r\ni hope the team members or buyers at retailer

are reading these reviews the cut of this dress is gorgeous and it could be great if it were mad
e of quality silk and was lined although the color is beautiful the cheap fabric has no variat
ion is too saturated and lacks any sheen of quality silk \r\nshocked at the price i still ha
ve beautiful silk dresses from retailer pre 2010 being back the quality i am a 32dd 5 4 an
d 125lbs and this top was way too baggy it looked awful this is shapeless and oversized i wou
ld size down or just pass fabric felt and looked cheap hem was completely frayed all the way
around perhaps purposely but ratty looking all the same looks great the material feels grea
t but when i put this dress on for the first time today it fell apart at the seams in the rib ca
ge area total disappointment i had purchased this on sale for my graduation and was getting re
ady to walk out the door when i saw two holes on each side i have been searching high and low f
or some good quality jeans sadly i don t think these are it i love the design and style of the
se jeans great length great cut great color unfortunately in the 3 weeks that i have had them
they are balling and looking like i ve had them for 3 years i m so disappointed and will have
to continue on my search apparently they don t make jeans like they used too this is a pretty
red dress the back is beautiful i ordered it online and was excited when it arrived however
as soon as i took it out of the package i saw that it had a snag on the front bodice i also di
d not realize the dress material was not as heavy as i was hoping for it to be given those two
details i decided to return it maybe if it had arrived in perfect condition i would have kept
it sigh i m 5 3 115 lbs and ordered an xs petite i have other dresses from maeve in xs peti
te and xxs petite that fit really well but this one was weirdly big at the top i wanted to love
this dress i ve been looking for a cute flattering red dress for ages and snapped this up on s
ale online thinking it was finally the one when i tried it on i found the shape flattering ev
en to my recently pregnant figure other than that i was highly disappointed for two reasons o
ne quality issues as mentioned by a previous reviewer the slip is sewn in totally unevenly
resulting in it sticking up above the neckline on one side with several threads poking up above
th i ordered this dress in my usual size and unfortunately when it arrived it was damaged and a
lso a little too big the fabric had lots of pulls in it like it had been tried on many times \n
\ni called customer service and requested a replacement in a smaller size it fit great and look
ed beautiful but there was a rip in the sleeve \n\nthis is a gorgeous dress and very flattering
and well fitting if you size down but i had to return both and wear something else to a holid
ay party \n\ni d only recomme the lower part of dress bunches where buttons are so the dress do
esn t look flushed from top to bottom i ended up returning it i though this dress would be sim
ilar to the turtleneck swing dress by maeve it s not first of all it runs very large i purch
ased a small i am usually a xs or small in maeve i purchased a small in the turtleneck swing d
ress the shoulders were very wide you had to manually cross the fabric around your neck but i
t didn t lay as flat as what i wanted around my chest and it was quite large around my rib cage
and stomach making it rather shapeless i really wanted this dress to work i love this is a bea
utiful dress except i expected it to be more flowy the fabric is much more stuff than i thought
it would be i had been looking at this dress on line hoping for a pop back and when i went into
my local store today there were two on the rack and one was my size i found the colors and prin
t a bit blah i felt like it could use a little detail for the price bead detail or embroidery
in real life and i didn t love the fabric in my opinion it is a bit too stiff and doesn t drape
particularly well things got worse in the dressing room it was a disaster on me i m busty an
d while the top fit because i was so excited to purchase this dress i love all shades of grey
for winter clothing i love knits and i have loved other maeve dresses however i simply canno
t fathom how poorly this is designed it fits absolutely nothing like it appears to on the model
to the point that i wonder if i might have received a defective dress \n\nfor reference i am 5
5 slender and small boned but also curvy hourglass my bust is 36 c hips about 37 38 i nor
mally wear a small in maeve dresses maybe it s j love the print and was looking forward to this
dress the length and bust are just right in normal sizing however the swing effect is all of
f there s so much fabric its like wearing a moo moo not at all flattering disappointed in th
is one the first surprise is that in person the material is actually kind of woolen at least
i would definitely call it a winter knit the colors are also a little different so much so t
hat i didn t recognize it in the store i m not sure if the one i tried on was stretched out bu
t it definitely ran large on me the waistband is elastic so i would worry about is stretching
over time i would have been curious to see what the petite option looked like on me as the reg
ular version was longer tha i wanted to love this dress the material is beautiful but sadly i
agree with other reviewer the model definitely has this pinned back i am on the small side 5
5 120 lbs straight figure very tiny girls and this dress looked awful totally swallowed
what little shape i have and the swing did make me look prego in front and back the fabric is s
tiff so i think that adds to the sticking out oddly as far as sizing the arm jokes fit great x
s ordered and length was good but wish the swin so sad this beautiful dress which i have been

waiting to receive didn t work for me i m a 5 7 hourglass girl and it just made me look big
but i love the pattern and the way it looks on the photo online so sad but will return it 0 i
really wanted to love this dress i love the colors and the design of the dress unfortunately
i have to agree with one of the other reviewers that this dress makes you look pregnant it s so
voluminous that it s not flattering at all also agree that the lining is scratchy this product
is incredibly comfy and perfect for getting cozy however the sleeves were sort of loose and did
not look cohesive with the grey props on the draping though that was lovely while i wanted to
love this dress i did not like the scratchy lining i also did not like that the scratchy linin
g was considerably smaller than the overall swing of the dress so it clung to my curves uncomfo
rtably i wish this had been done in silk would have been a much nicer material i returned it
material cheap too small good idea for design love princess cut but bad material good idea t
hough sending back first of all it arrived rolled in a tight ball the size of a large starbucks
coffee i don t know why they do that you re not going to be immediately impressed by someth
ing that is packaged like it s cheap second i m usually a 0 4 in retailer and mine is no where
near as loose fitting as the photo also he sleeves and back are a very thin waffle knit lik
e a flimsy t shirt and see thru the sleeves form fit to my arms so i couldn t layer under it
but i couldn t wear it alone with the fa i was so excited to get this dress i ordered the red
and it s a beautiful vibrant festive color i am small busted 5 3 and 120 lbs and i got the
regular xs which fit very well fitted but not too tight i normally order petite but i wanted
the dress to hit a little lower on me than on the model it ended up just above my knee and i w
as happy with that the shape is very flattering and i really like the scallop detail on the bac
k v the fabric looks substantial but isn t super heavy an i so wanted to like these pants i w
ear a lot of genie pants because they re comfortable the problem with these is that they re t
oo narrow towards the ankle but the worst is the fabric its old lady fabric i was hoping fo
r a pair of blousy joggers in a light denim and this fabric was disgraceful i knew the minute
i saw them that they were going back i ll keep looking and hoping nan i am a curvy girl and bo
ught these jeans in a size 31 i don t have stick legs and the jeans have worn right through we
re my thighs rub together with the old pilcro material this did not happen this is a super so
ft jean and although the fit was good they just didn t last where o where did the old pilcro
ankle stet go these are a cheap impersonator the denim used to be thick which really did won
ders for the fit and overall appearance of how the denim lays over your lower half the last 3 p
airs of pilcro stets i ve ordered have gone right back because they are nowhere close to the gre
atness they were originally the pockets on these jeans sit so so low completely unflattering
the ankles are significantly smaller circumferentially the old stet ankle jeans ha waist is tig
ht and thighs and legs are not not flattering ankle opening is too small and they have a fun
ny smell for a couple weeks i debated making this purchase in fear that my size would no long
er be available i ordered this lovely top when it arrived i was immediately disappointed with
its colors unlike the vibrant colors in the photo the top s colors were dull more a brown t
han orange and gray rather than lavender had the fit been better i would have kept this item d
espite of its color it s cut weird though it runs slightly large i felt the top was ill fitte
d through the upper bust and this is exactly the same cut as the breton peasant blouse which i
also ordered it s extremely tight thru the bust and the sleeves are very wide at the top which
adds width to the look of this blouse it added 20 pounds the print is beautiful the ruffles a
re trimmed with a golden colored thread which is a beautiful detail i ordered size large and am
well endowed steer clear if you have a bust this is a beautiful dress the quality is excellen
t the 3 layers and the embroidery are beautiful however it just didn t look right on me it
looked like a maternity dress i am very petite short with a big bust and it just did nothing f
or me i think this style would look best on a tall woman with a smaller bust unfortunately i w
ill be returning this dress i had high hopes for this dress but unfortunately was disappoint
ed and returned the dress it flares out with too much material under the gathered waist it s s
o odd i so wanted to love this dress i bought it in a size 4 and in both petite and regular a
s i m kind of in between and have a long torso and short legs anyway i m 5 5 tall and 130 lbs
the regular fit my torso well and length not was too bad with heals it might have worked witho
ut hemming here is where it all fell apart while understand that only really expensive designe
r clothing can afford to seam a pattern perfectly i felt that the dot seam in the front of the
dress was in a bad place this dress looks amazing on line in person the arm ruffles are much l
arger and stick out and the dress at the bottom makes you look like strawberry shortcake too m
uch all over ruffling at the chest and is not flattering pattern is dizzying in person \r\n\r
\nvery thin multi layer dress should be better material and quality for this price save your m
oney and shipping this top is beautiful online and in person i am in no way a large full figur
ed gal but i did order an xl reading the past review and wanting an airy fit i ordered a large
r size this shirt is horribly tiny in person the xl regular fit looked like an xs have no ide

a if this particular shirt sent to me was miss sized or what will take back other than fit th
e shirt is very beautiful in every way cute in the on line photo but in person it looks cheap a
nd has gold running through it if you look really close in the photo you can see it good quali
ty fabric and structure but the mix media details and lines make them seem more like jodphurs th
an leggings it s hard to see where i would wear them sorry but they have to go back i love
almost all tops from retailer however this one was just enormous it is beautifully designed b
ut it was so huge when i tried it on that i couldn t believe it was sized 0 i even checked the
tag to see if maybe they placed a size 0 tag on an xl shirt for reference i am 5 2 and 110lbs
i would have loved this shirt if it hadn t been so big i opened these when i got them yesterday
and immediately tried them on the knees were totally stretched out and due to the panel at the
knee it looked like i had growths popping out between my legs at my knees someone had received
these before me and sent them back after they tried them on or wore them then returned them the
y were obviously too small for whoever did that these never should have been resent to another
customer they are obviously very misshapen they are going back on a bet on the hanger i thoug
ht this had a chance but oh geez puffy sleeves itchy metallic thread lace what a mess
and thin and uncomfortable no no no as much as i had wanted this to work for me it didn t
fabric is not as soft as i had expected and quality is just bad i purchased this online on sal
e at 29 95 and i had envisioned this to be comfy stretchy and swingy with a flow i sent this
back to the store as it didn t seem fit even at the low price i ordered this in white and it s
quite sheer as others have noted it is really full and it hits at mid hip which doesn t work o
n my figure if it had been a few inches longer and more of a tunic or less voluminous it coul
d have worked but nope the colors in this dress are beautiful the green blue version but the
fabric is a very see through mesh and feels flimsy i purchased it online and wasn t expecting i
t to be so sheer the particular empire cut combined with the fabric makes it feel more like a
nightgown i really wanted to love it but it s going back this is an absolutely beautiful dress
but arrived with several holes in it i tried hard to make this work because it is beautiful bu
t ended up returning it first it is very delicate material i was terrified trying it on sec
ond i just couldn t make the drawstring work for me to achieve the fit i wanted third it was
too low for me and would need a cami over the slip while i didn t think the colors were as deep
as the picture it was still pretty i could have possibly gone down a size to fix some of my co
ncerns but then i know it would have been too short for i wanted to love this dress because the
fabric is fun but i could not find a way to make the drawstring waist look like anything but a
potato sack the model has her hands hiding the lack of a waistline this is much prettier online
than on me too much dress even though i sized down i have to send the skirt back i agree wit
h other reviewers who say the slits are extremely high the underskirt bunches and the fabric
snags easily additionally the yarn was already fraying at the top of the slits and the label
was stitched on the outside of the waist band disappointed in the quality of this skirt given
the pretty steep price i was extremely disappointed with the quality of this product as soon a
s i put this tunic the right tie loop detached from the garment i could return it but the poin
t of shopping online was to avoid the hassle of going to the store the price of the item does n
ot justify the low quality of the final product i had this shirt in mauve and loved it so i ord
ered it in navy i love the lightweight material i love the way it fits however all the seam
s are sewn quite obviously inside out only after i received the navy shirt where it is extre
mely obvious did i check the mauve one those seams are also inside out but done in a much tidi
er fashion so that it wasn t really noticable i was unhappy with the sloppiness of the seams on
the navy shirt but because i love the style and the fit i kept it this skirt looks cute onlin
e but it has several issues 1 the slit is very high this photo is deceptive look closely
the slit is actually to her finger tips you cant wear any kind of spanx or control top tights
2 slits on both sides so when you walk they fly away 3 the micro mini slip bunches 4 t
he fine knit is very snag able 5 the skirt is very long it is going back i just received th
is dress wadded up in a bag it is nothing like the colors shown on line in the picture it appe
ars blue and white in actuality it is teal and a funky color of beigey pink the top is see tho
ugh but it does see have a slip under the skirt will be sending it back and again remind myself
why i shouldn t try to buy a dress on line i saw this jacket in the store and thought it was re
ally cute and finally a nice length ordered the xl because l and was afraid of shrinkage and
it is no larger than the l runs at least a size small with not alot of give i will unfortunate
ly have to bring it back this top runs extremely large and has a very unflattering cut for thos
e without a straight figure i have 36ddd boobs and a muscular curvy frame this top adds about
20lbs low waisted weird liner close but no cigar the design and color were cute the swe
ater itself was too warm for me and itchy the top fit snugly in the chest and shoulders but i
t came out a little strangely at the bottom it almost had strange fold in the front look clos
ely at some of the photos and you ll see what i mean sadly it went back bummed out this is

super cheaply made and very expensive the design is different the color is beautiful but t
he material is a different story it should be priced at the most 30 bucks not 128 i m retu
rning them also they run very big it runs large loose or oversized tops don t bother me so
i thought it would be fine but this just made me look wider then i am is thin and too sheer fo
r me as well it was just so unflattering i had to return it this item is huge i m normally a
medium sized down to a small still massive couldn t go too much smaller because the buttons w
ould pull at the chest but the sleeves are very wide as is the waist way too much fabric i h
ad high hopes for this one but it just doesn t work for reference i love billowy and flowy tops
but this was a tent i love the color of this top but the style is not flattering i normally we
ar a l or xl in retailer clothes and i ordered a l in this and it was massive i went into the s
tore to try on a medium and it fit much better but is still very bulky around the middle where t
he ruffles are and it is very wide bummer i loved the design and look to this shirt but it ran
way big for me i loved the forgiving fit but it just wasn t flattering at all i even went dow
n one size and it still was huge sad to send this one back seems there was a design defect in
this item sleeves are way too tight and hardly go on without ripping the shirt i have pretty t
hin arms so it s hard to imagine this not happening on anyone too bad because it s otherwise a
very nice top this top looks adorable in the product photos so i had high hopes i think i mig
ht be too short to pull it off but like another reviewer said i found it to be like a tent on
me billowing out in all directions it was just overall too big on me i even considered whethe
r i could wear it as a dress but the sleeves were also too billowy on me i am 5 4 120 lbs an
d tried the xs this dress is great if you re very skinny and have no chest otherwise it makes
you look dowdy the colors are also quite washed out and do nothing for my complexion \r\n\r\nth
is one is going back ordered this dress in an xs that is the size i usually wear this runs sm
all but not only that it is the way it is cut very small through the hips thighs and legs ha
rd to walk in it the material felt kind of cheap to me i thought it looked really good on the
model but got it home and didn t like it at all it went back i love the idea of this top and
ordered it in white it is a great design and proportion is nice with jeans the front is off wh
ite t shirt material with a pocket and the back is a light grey heathered panel i am returning
it as it is very thin and the quality is cheap looking if the grade of material had been a bit
thicker and better made then it would have been a winner this is a beautiful dress but unfortu
nately it is only for women who are not well endowed it is extremely well fitted in the chest
the high waste also poufs out due to a lot of extra material and the double lining a beautiful
dress but a very very poor construction also there are bright blue and yellow beads in the ches
t area that are a bizarre combo to the corals and browns of the fabric i am normally a 4 6 at r
etailer and the 8 was extremely small could not wait for this to come and so disappointed fir
st of all it s not a happy orange it a darker rust second it is huge fits in the shoulder
s and is super comfy and cute but would be a dynamite maternity top you could go to term in th
is blouse back it goes so sad this top has dry clean only didn t like the fabric plus min
e was a return i also returned it because the left arm has a hole now it s for sale again if
your looking to buy a large don t material is so thin this shirt ripped in three places after
wearing only once \r\n\r\ngot a size larger than i needed as i have a larger chest and even thou
gh it s a bit lose the thread has ripped material on my chest and in the armpits this is a beau
tiful kimono but just isn t made well the one i received already had a couple small holes and a
pull in the thread that was very noticeable after reading the additional reviewer who wore it a
n hour and it was already pilling it is going back for good such a shame i loved this dress a
nd the color i wanted to wear it to my niece s wedding i usually wear a medium but couldn t ge
t it on the large was perfect in the top but too tight in the hips for a wedding even with span
ks the xl was perfect is the hips in that it didn t cut but the top was huge i really don t u
nderstand the sizing of this dress at all this is not a kimono it s a cocoon there s a huge d
ifference \n\nit s also not made very well i wanted to love this as i love holding horses but i
t fits weird slender in arms but baggy in the torso i will be returning it s sheer the design
print is casual but on silk like material had it been made out of cotton would have definitely
kept it who is going to wear this in the blazing heat of summer although this is a very love
ly dress in the pictures and it has a lovely quality in person the shape and orientation of th
e dress is very awkward the attached slip makes it tricky to put on and the sizing between the
top and the hips seems inconsistent tight in the hips large in the top not quite for my body
type maybe better for someone with slim hips and a bigger bust was going to order this top in
orange but could not decide what size i am either a large or xl i found that the top was in st
ock in a local retailer in white and went to try it for size first the top is huge i tried th
e large on and it fit me across the bust and shoulders nicely the rest of the top was like a la
rge tent the white is an off white and really is not attractive looking in fact in the store
it was displayed with a jacket over it online the orange looks completely different nan i bou

ght the orange in xxs petite and the cream in the xsp as it did not come in xxs \r\n\r\ni like
a swing style but this is a tent the material in the cream is fairly sheer and i found hangin
g threads that came from suspect seams the overall effects was being lost in all the fabric th
ey rather skew old school maternity in summation mine are going back i wanted to love this dre
ss everything about it was so beautiful except the fit the length the neckline i trie
d on a 4 6 and petite 4 i m 5 5 130 32dd the top of the dress runs small tight so i neede
d to try it on without a bra \r\nthe length on the regular is to the floor with the petite to my
ankles the print was beautiful and like in the photo it flowed nicely but there was just too m
uch fabric maybe it was just the design for me it did nothing for my figure at all this piec
e didn t make sense to me maybe it s bc i m a yankee fan but it reminded me of a high end base
ball jersey that was sheer i didn t think it was office appropriate but too dressy for casual
wear it went back this shirt is so small i am not sure who came up with the sizing but you h
ave to go up several sizes to get a comfortable fit don t waste your time on this shirt such a
shame it could have been very cute pretty color but i was hoping for a thicker higher qualit
y material for the price the material is lightweight and isn t tailored well looks kind of slo
ppy looks better online than in person material makes it look a little puffy i ordered this ve
st in xxs since i am usually an xs and was looking for a bit of a tighter fit on such a loose v
est even then the vest looked like a large not only was it incredibly loose much looser tha
n in looks in the picture but the arm holes were huge too it just looked too big not artfull
y drapey i really wanted to like this it s soft and cozy and a nice shade of blue but that
s where the positives end i ordered the xs and it was huge wide shapeless and way too long
i m 105lbs and 5 1 even if it came in petite i m not sure it s worth the price because i can
imagine the thin material losing its shape and getting stretched out i bought this skirt in my
usual xxs petite and the waist was way too small i could not even pull the skirt all the way up
returned these ag stevie ankle jeans only have 50 cotton tthe rest is 41 lyocell a rayon 7
polyester and 2 polyurethane result thin and clingy jeans that show every lump and stretch
out \r\n \r\nthese are no longer the same lovely ags in twill when they were at 80 cotton 18
modal 2 pu it seems ag has also stopped making denim and corduroy with 98 cotton at least i
n the stevies \r\n \r\ni m sure these will be a great choice for someone looking for very soft a
nd thin pants that feel like pjs b i loved the blue brocade since it s a little unusual paired
with a top that brings an otherwise formal fabric into something you could wear out to dinner p
lus a little pop of extra color from the ribbon my biggest fear ordering online was that the to
p would look cheap fortunately it doesn t the top of the dress was fitted i wore my usual si
ze what i didn t expect though is the skirt is really poofs out a lot below the ribbon whic
h runs just below the bust the photo online shows a li this dress is such a crazy beautiful col
or the picture doesn t do it justice i ordered this right when i saw it and i almost love it
the color is very bright and the fabric seems nice but i just didn t find it flattering at all
the slip wasn t the nicest but completely not a deal breaker i didn t think it was overly flat
tering on the model either so i was hoping by some miracle that i would like it anyway but som
ething about the way it s cut is just a little off for me it was very tru i try to find somethi
ng to like about everything i buy even if it turns out to be a disappointment for me the neckl
ine of this shirt is absolutely beautiful and super flattering it was one of the only things th
at made me want to keep the shirt but unfortunately it was not enough this shirt is super boxy
and runs large i would recommend sizing down for those who want to try this if you have a larg
er chest it might be worth ordering your regular size so that the buttons won t pull at the ch i
love the pattern and style of this top it is a flattering cut however it was way too short i
am 5 6 and small usually fits me without issue sadly enough i had to return it i had loved th
is on line when i saw the pretty floral pattern however in person it is such a disappointment
the quality of the fabric and the fit are just very poor this dress was so pretty on the hanger
but a saggy sack on even the sz 0 was too loose and shapeless there is no waist as pictured t
he hi low hem loose fit and wavy waist seam see in the third close up picture make it look li
ke the dress shrunk oddly in the wash it s really too bad it s such a pretty combination of pa
tterns i should have listened to the reviews that said this top was too boxy but i didn t beli
eve them and bought it anyway i was wrong this top is so boxy and wide just awful i m normal
ly a small in retailer tops i ordered a small and the top fit well in the shoulders and in the
upper more fitted part it all went horribly wrong from there the top billowed out at the bot
tom and fit like a circus tent instantly adding a good 50 pounds to my frame this was such a d
isappointment as the pattern is beautiful and the fabric is high quality i ordered one of each
color in size xl the fit is true to size it matches the model s photos there s a lot of mater
ial so it s flowy but it shrunk with air drying the colors are very pretty in person the whi
te is bright i decided to keep mine even though they re truthfully unflattering to wear the w
ay the sleeves are slightly gathered and cut make my shoulders arms look huge i don t have t

he shape to pull this off but for wearing at home in the summer they re worth having the m i
tried on this shirt in the small and the xxs both were ridiculously wide they were also both
cut really short the peplum basically started right below my boobs though the small was maybe
a little bit longer than the eex the stripes are really cute the cut is just very strange \r
\n\r\nfor reference the black and white is the small the taupe is the xxs bought this shirt b
ecause i loved the cut and the stripes had little to no shape to it some may think it runs big
but it appears that is the look this top is going for i feel like being short i just looked ki
nd of dumpy on me fabric is nice but borders on see through it was just ok nothing exciting
pros pretty nicely made \r\n\r\ncons the fabric is stiffer than i was expecting and the blou
se cuts in under the arms i don t mean that it is tight or digs in but it cuts in you can t
tell in the angle of the photo the blouse is short as well and as i am curvy it really stuc
k out all around at the waist worth trying on if you have a straighter figure the quality and
fabric are fabulous but it s just too voluminous for my figure 5 8 155 lbs would look great
on someone more slender material is nice design would be so great if it didn t fit so large i
am 5 4 118lbs athletic build the dress could be belted i think a very slim girl at retailer
did this but it is not worth 158 in my opinion if on sale i might keep it due to the hastle
of returning it however it is not flowy it fits okay in the shoulders almost too loose an
d the rest looks like a potato sack so disappointed the photos online make it look like a com
fortable relaxed lightweight early fall spring cardigan when it arrived it looked very wrinkl
y and there is no shimmer as far as i can tell i tried using my steamer to get some of the wr
inkles out but it didn t work it looks too rumpled and i don t want to wear something that loo
ks like i just rolled out of bed i so wanted to keep this sweater but the invisible metallic th
reads that give the sweater its crinkled appearance are super scratchy and irritating it defini
tely requires a long sleeved top to prevent the irritation as shown in the online photo it is l
ightweight and i planned to wear it over sleeveless summer tops dresses i have averaged size ar
ms and there was plenty of upper arm room in fact extra room is designed into the sleeves one
plus for those with upper arm fit concerns the lower i ordered this in tan and white but ended
up returning it the material is a bit thin but soft the shape of the top was decent i didn
t think it was too boxy but i didn t like how the seams looked on the sides ultimately i didn t
think it was worth the price this is just okay for me the top is soft and surprisingly flatter
ing especially from the side but the front rides up and the neckline never lays flat it washe
s well and the tan white combo is cute but a little transparent gorgeous sleeves flattering n
eckline and a voluminous torso i loved the fit of the top portion so much i decided to buy i
t knowing it would require alteration the seamstress removed a significant amount of bulk an
d added vintage buttons to clasp the inverted pleat i find many of these easy breezy tops cre
ate a shapeless look extra volume in both the front and back creates a needlessly rotund profil
e despite excellent posture i looked both hunched and pregnant in the unaltered silh loved the
sweater and the sale price was great but i could not take the shedding even after just trying
it on the first time my jeans and top had shedding all over them this was 2 minutes i could n
ot imagine what i would look like if i wore it all day had to return this sweater is the perfe
ct sweater except for one thing it sheds everywhere i can simply pick up the sweater and sh
ake it in one hand and 40 large pieces of lint go everywhere on the ground and on you if you li
ke dark jeans don t purchase before i walked out of the store the salesperson had to use a de
lineator on me it was hysterical sheds so much i ordered this to arrive at my store and was so
excited to try it on it was soft and cuddly but a little baggy under the arms and it shed eve
rywhere underwhelmed i do not love these pants while the fabric is nice they make me look ra
ther dumpy i highly recommend the essential taper pant instead which has beautiful tapering le
gs and made me look more slender these pants make me look like i ve put on 20 pounds and they a
lso make me look rather squat perhaps they would look good on someone tall but at 5 6 these
are a miss for me beautiful top but the angles emphasized my widest fluffy bits in an unattract
ive way i ordered size large the material fabric and lace are pretty and well done my arms l
ooked huge too and the piece under the arm hit below my bra and it was clearly visible by a cou
ple inches i carry my weight in my mid section and am short waisted think this would look best
on taller thinner bods this vest looked so cute online what you can t see however is the ver
tical seaming under the arms does not have any fringe about 3 wide that material in the seam
ing area looked like cheap polyester and it pulled slightly near the side pockets so it didn t l
ay nicely also the top of the vest where it comes together also does not lay well and it falls
awkwardly open again showing the cheapy material that it s lined with fits true to size i us
ually wear a s m in retailer and purchased the i tried this on in store because i needed a cozy
cardigan but i did not buy it because i felt the quality was poor it shed all over everything
i tried on with it and i left the store with little balls of sweater flufff all over my pants
disappointed purchased this item on sale received it and it had two huge holes on the side not

possible to repair very disappointed in lack of quality control i had high hopes for this t
op but sadly it was not meant to be it was tts i m 5 3 and usually wear a small but the mate
rial was horribly scratchy both the body of the top as well as the sleeves and the design isn
t all that flattering it made me look really wide at the bottom and i definitely am not in real
life this top looked really cute when i received\r\nit the fit was not flattering it is snug
on top and very loose\r\non the bottom with an excess amount of material it made me\r\nlook ver
y disproportionate i returned it i ordered an xl because most retailer button ups i need a 12
and sometime 14 due to my shoulders and chest but this was huge i anticipated receiving this sk
irt as i love a longer pencil skirt and this looks beautiful i opened it tried it on sent it
back it is well made but has too many negatives first it is very thick i ordered size 6 5
2 140 lbs the size was good but it is so thick that it adds lots of extra fluff around the
waist and abdomen it is also very stretchy and fits in an unflattering way finally and most i
mportantly it has a back and front vent and both are vented all the way up to the c the sides s
cooped up a bit too much on me i was hoping to be able to tuck this into a skirt and wear to wo
rk but there were definitely some gaps that showed the side of my midriff back it goes thi
s is an average top i thought it would be a good work shirt my office is very causal but it
was just too loungey looking fit is true to size the fabric is thin a little see through not
worth 108 in my opinion i returned it maybe it s because i m 40 but this top was underwhelmi
ng i felt like it was a cheap tee with a big obnoxious bow on the back it does look cute on t
he model so maybe it s a younger top i would have felt silly wearing it not flattering and
not the color it appears online this is really a pink shirt i ordered this top based on the ph
otos this looked unique and beautiful plus i ve loved past designs by this brand i thought th
is would be nice for summer there isn t a straight on view of the front of the top for a reason
the model is turned to the side and there is one black flower that stands out below her chest a
way from the border of the rest of the flowers the flower looks kind of like a bee i believe s
he is either wearing a size larger or pulling down the top to mask the problem this is a beauti
ful shirt however the cut and drape were off i m only 104 pounds but this top made me look pr
egnant the fabric jutted out at the front it s a shame because it really is lovely i sent it
back i so wanted to love this dress but the bell sleeves were enormous if you re standing com
pletely still with your arms down they look cool but if you move your arms at all it looks like
you have wings the rest of the dress was beautiful though and a flattering swingy shape even
on an hourglass pear shaped figure i would recommend sizing down as the dress runs large i ha
ve always bought interesting pretty wearable dresses for my daughters at retailer now the dre
sses are just retro funky sad to see i kept this top only because i needed a plain black tank
but there is nothing special about it i found it a bit large and thin cheap material i really
wanted to love this top the material and pattern are lovely but the fit is strange it looks lik
e a maternity top on me and as another reviewer said it is right across the back but loose at ar
ms and midsection for the price i returned it this was my favorite shirt before i ordered it
i absolutely couldn t wait to wear it but i was so disappointed at 5 2 and 120 i have a ath
letic frame the small was tight in the shoulders but had so much extra fabric that i felt lo
st i wasn t wearing the shirt it was wearing me the photos don t look it but the one i
received was a cropped length the bottom of the sweater s longest parts didn t even reach the t
op of my mid rise pants and i m 5 3 so it wasn t that the model is a lot shorter than me unles
s their models are 4 tall \r\n\r\ndisappointed since i wasted my retailer discount on this wh
at a pity this blouse has a beautiful design however it doesn t fit well on the body it s not
really a size problem it s just not a well fitted blouse the color is very deceptive it looks
white on the picture but it s actually pink i m probably going to return it i m an xl in reta
iler tops and the xl fit as expected in this blouse however the elastic cinched in such a way
under my bust that it did not look flattering the cut in the sleeves hang open too much for me
and makes it more of a costume i also had issues that the chiffon type sleeves did not match th
e color of the knit fabric used in the rest of the blouse the blouse is a good quality but the
re were too many other issues for me to keep it this jacket has cute details i like the front
pockets and color it has no shape and is about 1 size bigger than marked i felt like a sack of
potatoes in it i really wanted to love this sadly the first thing i noticed was how tight it
was in the arms and across the back size up maybe even two sizes secondly it s see through
a top like this looses it s finesse to me once i can see my pant line and bra it s very difficu
lt to do the three buttons in the back yourself and finally good luck taking it off without get
ting make up all over the neckline someone dubbed it the poor man s pineapple top i couldn t
agree more sigh i really did want ugh i was so disappointed with this shirt i was so excited
when i saw it online and thought it would be a perfect summer shirt with the light colors and th
e flower print unfortunately it falls flat and i understand now why they don t have a straight
on photo of the shirt its very plain and lays very unflatteringly it s definitely missing some

thing in the front i typically wear a small to an extra small and i ordered this in an extra sm
all and would have needed an xxs if i hadn t returned i i ve wondered abt this swtr but hesitate
d to order being it has dolman sleeves decided to wait for it to come in at the local store ye
sterday i spotted it in the store tried on the orange labeled red online i was really look
ing for the cream but the store did not have it well the orange is really much prettier in p
erson fit is perfect in my usual size s overall body fit length is generous sleeves are wri
st length i m only 5 3 most likely the sleeves will be shorter on taller the print doesn t n
ecessarily works for everybody this top is beautiful and i really wanted to be able to keep it
i ve tried it on 3 times it is not for big chested girls 34ddd it hangs like i m 20 months
pregnant because the top area lands on top of my chest sadly this will be going back it is bea
utiful and flowing and a perfect weight this is a crop top but super boxy and wide i expected
it to be more fitted in the waist since it sits out away a from the body a lot it was not flat
tering i also felt the stitching to be a bit matronly for me too bad as i am having such a har
d time finding tops and i m willing to pay full price for something that works bought these for
the color however these just did not work for me the 26 was too small and the 27 was baggy i m
5 3 and typically wear a 26 beautiful color and good denim if you are looking for a looser fit
more of a straight leg fit this is a good jean with a fun pop of color really liked the fan p
attern and the cut was cute and flattering but the material is thin and all the edges are not
finished and look frayed making the shirt look and feel cheap would have kept if thicker mater
ial and the edges were finished not worth full price although the material of this top is beau
tiful and the quality is nice as well it really did not lay right on me i m a 34d and i got m
y usual size in a small the arm holes were a bit too big the waist was too wide and it overall
looked like a bib on me i was so excited to try these on at my local retailer i m so glad i di
d before i ordered them online because i found the fit to be totally off the pants bulged aroun
d my hips and looked very awkward they were also not as soft as i expected them to be i love t
hese pants like obsessively love like didn t want to take them off to wash them love annnnd
i wish i hadn t because they came out of a delicate cycle cold water wash with a huge part of th
e leg seam ripped apart like a spider web maybe i just got a bad pair but i wasn t prepared to
have to patch them after one wash for the price if you have anything larger than an a cup this
shirt will likely not fit right it is very pretty but the seem on the front runs directly in th
e middle of the chest it literally runs right through the center of the breasts what were they
thinking if it had been three inches higher or lower it would have been perfect for reference
i m approximately 105lb and have a dd cup i loved the idea of this dress but i find that it is
n t very flattering i think the arm holes are actually very interesting but i m 5 5 and 135lbs
and the dress made me look fat and gave me no shape at all maybe it would look better on a diff
erent body type \n\nthe material is soft but a bit stuffy and i could tell it would give me cra
zy static in my hair i was so excited to order this beautiful coat it does seem well made and
is very soft unfortunately the fit is completely off and is overall large i ordered a small
as this coat appears slightly more snug on top a line on the bottom with three buttons i am
5 6 and weigh approximately 145 i was expecting this coat to be body skimming instead it wa
s overall large and the bottom of the coat awkwardly flared the pleat on the back is unflatte
ring sadly going back the fit is so bad and the construction is very poor i m 5 1 100 lbs
ordered xxs petite \r\n\r\nfirst of all when i button this there is extreme gaping going on
the vest runs narrow yet tall it shifts up my torso if i move at all making the gaping even wo
rse \r\n\r\nthe skirt at the bottom is made of a very cheap thin slightly sheeny material th
at you would find at a flea market it arrived unbelievably wrinkled and crumpled and it was ju
st so thin it did not meet as closely in the middl i tried this on in the store and it fit like
a tent on me it doesn t help that i m 5 1 and the store didn t have the petite sizes maybe on
a teller person it would work better or maybe if i had been able to try the petite size it woul
d have more wearable it is a comfy style and the natural fiber is a plus i have another holdin
g horses dress that i love which also runs large i did not mark this as runs large because th
e sleeves are more true to size while the bodice is very billowy i wo initially i bought this
because i liked the color and style of this trench coat i thought it could look very chic and p
olished the problem was it was too large and too wrinkly i m 5 2 115 lbs and ordered an xs b
ecause petite sizes were unavailable but i realize that a petite xs would ve been a better fit
also the sleeves were too long even with an xs i ve already returned the product i need t shir
ts these seem cute a small runs loose but it s comfortable and it does fit i am turned off b
y the little side slits on all of this brand s printed tees if i want to do a partial tuck to g
ive myself a waist because these shirts are cut generously the little slits just throw the who
le look off i tried a few in the store but left them all there i had high hopes for this coat
but it was a miss for me while the wool is soft and not itchy the colors are a lot duller in p
erson and the embroidery looks messy also the fit runs large with an unflattering poof in the

back where the pleat is located i thought about keeping it since i liked how soft the wool was but alas i just could not get over the poor tailoring for reference i am usually a pxxs 5ft 2in 105 lbs and it was big i thought the colors would be brighter and i didn t realize the lace would be see through i returned it because it was also shorter that i expected but overall it was a nice dress just not for me i just think this dress is so cute i love it with booties \r\nhere are the fit details i m 5 4 1 2 and the front of the dress hits just above my knees i was concerned that it would be too short for my lifestyle based on the photo the sleeves roll up and have a tab to button however the button is very low therefore the sleeve rolls up not mid arm but actually about three inches above my wrist it s still super cute just nowhere near my elbow just letting you know \r\nfinal detail that looked good in pictures i even ordered an xxs petite and it was huge although the sweater has interesting textures and is very beautiful it is very awkward and poor fit will be sending back this was just not flattering for me looked too much like a maternity dress i can t really do a belted waist so perhaps that would make this dress more versatile for someone else i was sorry to have to return because it goes well with sandals and boots the top is cute but when i received it it did not feel like cotton the tag says 100 viscose i hope retailer can be more accurate with fabric content in the future on the plus side the return was no problem i m so disappointed the dress looked lovely in the box but when i started to unbutton it to try it on two buttons split in half it s going right back the peplum for this time hit me in the middle of my rib cage not at my natural waist so it looked very odd when it flared out with the peplum so high up i am busty so it s possible this would not be the case for everyone but i generally can wear peplum tops with no problem i was disappointed to return it the fabric was very nice and the concept behind the shirt was a good one i really wanted to love this dress but it was not right for me made my curvy body look shapeless also had a button crack before i even put it on returned it nan i m 5 5 and i think fairly proportioned 120 lbs 34b and the peplum hit well above my waist since having kids i m a little obsessive about avoiding any shirt that could double as maternity and this struck me as one it s a cute too but once it s on i don t feel it s very flattering as soon as i pulled these pants from their packaging i feel in love with them the fabric was so soft i could not wait to get them on yeah that was not going to happen i could not pull them on not even a little bit these pants run incredibly small i ordered them twice once in my regular size and again in a larger size unfortunately i am sized out of these beauties the design and quality were great i really wanted them to fit but they ran large i m 5 4 and 120 lbs and orderd the small unfortunately the fit seemed off as well and i won t be trying a size down the waist and hips were huge but the thigh area was fitted enough that a smaller size would have been awkward sadly these went back i saw this dress online and i thought it was perfectly cute however once i tried it on at home it just didn t work one of the buttons broke in half as i tried unbuttoning and once i got it on the dress was so small that the cuffs cut off circulation to my forearm i m 5 7 and 126 lbs and purchased in size 2 i didn t even try buttoning all the way i took it back and i don t even think i want a larger size the buttons are just too fragile although beautiful colors this eyelet dress is quite heavy and the buttons have no give one of them literally cracked when i tried to unbutton it unbuttoning it was difficult due to the tight weave it just misses the mark and will be going back really like this dress but \r\nthe dress is lined in a heavy fabric and weighs a lot for a summer dress\r\nworst of all there is no chance at all of getting the buttons through the button holes \r\nimpossible \r\nhas to go back this is a cute dress but the buttons are tiny and the top one cracked in half before i could even put the dress on i can t risk the buttons breaking off while i am wearing it especially since the dress seems designed for an a cup anything larger will be more than those little fragile buttons can handle i wanted to love this dress sadly the styling was wrong the stripes on the bottom half did not line up with the top and the pleats didn t help it just threw everything off and made me look distorted i ordered this blouse as a gift for my mom it is too pricey to live up to my expectations it is quite sheer and the hem of the sleeves are unfinished which you can t see in the pictures this makes a very expensive blouse look cheap it is made of viscose and dry clean only the material used is not on par with the price in my opinion if it had been real silk or another natural fiber ok but for me this and the unfinished hem along with the price is a deal breaker for me i put on this t shirt and my husband said it makes you look old he was right i m not sure if it s the cut or the pattern but i found it completely unflattering on my petite frame and it looked cheap too perhaps on someone else it would look different the pattern is overwhelming and the sleeps are a bit too look and ruched for my liking it may look better on someone taller one of the worst shirts i ve tried in a long time i don t know how they managed to give it a little shape on the model in person it is sleeveless huge short and wide i tried on this jumpsuit in black and it was absolutely beautiful i liked that it looked sort of like a tuxedo i wore it one time and received so many compliments when i was

hed it however it shrunk almost 1 size the pant legs were high water i even tried washing an
d restretching it because i loved the jumpsuit but it wouldn t budge i think because rayon is n
ot stretchable material to my disappointment i returned it i really wished it would have work
ed out i ordered this online and was surprised to see yellow in the pattern when it arrived i
can t see that in the online photo i didn t like the pattern at all when i saw it for real the
shirt is very loose fits much like the model photo i ordered a small 5 6 140lbs just looks
kind of frumpy and the pleat down the front makes the front hang heavily the fabric is a nice w
eight knit and the top generally well made unfortunately the fit was enormous i ve an athleti
c build w big boobs normally wear l in retailer tops i like the fabric and aesthetic of this
top and really wanted to like it however i wish it were longer i am a size small or med in al
l retailer clothes but even the medium felt short and clingy however that might be because i m
curvy with a long torso so i d definitely recommend trying this on rather than buying online n
an the pattern and colors are very pretty and the material is soft and silky i returned it th
ough because it is very low cut in the front it comes down to between my breasts which is not
going to work for me i am sure these pants are right for someone just not me i am wider in th
e hips and they just were really unflatering the fabric is very lightweight which i wasn t ex
pecting and so while the pleats are interesting with my hips they ended up hitting in just the
wrong place the waist was also much lower than i expected not low rise but i m used to thin
king high waist with wide legs in short these pants are probably great on some body types jus
t not mine also very long i m 5 8 and a online this top looks fabulous but in person not so
great great color nice quality for a lightweight top but when i tried it on the neck does no
t lay nicely too much sloppy wrinkled material just hanging awkwardly around the neck and i l
ove cowl neck i found for me it dipped very low showing cleavage and i have a large chest s
o didn t work for reference i m 5 4 118 and usually wear a small in retailer tops because it s
eems the majority of their clothes run large i purchased a smal i ordered this top in red gorg
eous color and detail however just wasn t flattering on my more curvy shape felt like it looke
d like a maternity top i was really excited to get this top in the mail unlike other reviewers
i didn t find that the top fit small but i thought that the tight fit across the shoulders and
chest didn t look good with the billow y torso of the top i think this top would be flattering
on really thin girls but i m very tall and broad shouldered so it didn t look as good on me i
own two poodles and love anything poodle print i was estatic to see this and i snagged it on sa
le but it is horrible the fit is like wearing a pillowcase it was about 5 inches too wide on
each side while the arms fit it looked like it was attempting to have a dolman shape but it was
way too short wide and wrong i was in love with the print however i had to return it this br
and has odd fitting of late i normally wear a m in retailer tops but i had to size up to 12 on
this shirt as it was tight across my chest i am a b cup and had a sports bra on when i tried it
brought it home and tried on with a regular non pushup bra and it pulls slightly i might retur
n it because my guess is that it will shrink when washed otherwise its a cute tunic style top
this is more of an undershirt than a shirt the material is very very thin and it shows everythi
ng it was beyond unflattering on me don t buy this unless you have a knockout thin body i fou
nd the fit of this dress to be true to size with a flattering bust and waistline however the f
abric feels cheap and doesn t drape as nicely as i d hope for the price this would be a lovely
dress in a better quality fabric for sizing reference i m 5 5 122 lbs 30dd and took my us
ual size xs though i m busty for my size the top provides nice coverage the shape is awkward
too loose not flattering my body just disappears under all the fabric and the bird print wasn
t as cute as online returning this one i saw this very shirt online thought it was so pretty
in person the shirt seems flimsy the buttons look as though they d fall off i also didn t lik
e the cut of the shirt it seemed to be tighter on top looser on the bottom had to return i
couldn t justify the cost with the quality the blazer is boxy and less dressy that it seemed on
line i could only really wear this in casual situations and i was hoping to be able to wear it
to work as well it does have an interesting hemline the shoulders are a bit too narrow for me
but i do have shoulders on the broader side i don t hate it but i don t love it either but i
t is interesting enough that i m going to keep it i ordered a small these are the cutest print
s but the cute simply doesn t work for me this is longer than the conversationalist shirt whi
ch is an improvement as far as i m concerned nevertheless both my appropriate size which i st
ill felt was too short and the size up which hit at a flattering spot were twice as wide as a
s my midsection so while the arms and shoulders seem true to size the shirt runs very wide na
n this romper was not what i expected when i originally purchased it is much more casual lookin
g in person and as soon as i got it out of the bag one of the buttons fell off it did look go
od on and fit well but i will be returning because it is too casual for the occasion i bought i
t for this top is not for a curvy figure the embroidered part is gorgeous very stunning but
the loose bottom part is awful i am curvy and usually wear l or xl this top was fitted at the

top but very loose at the bottom made me feel like i had a big tummy and was a tad short i am sending this back this would look better on a more slender frame yes you need these so comfor table and wash up perfectly workout walking or great to sleep in i was so sure i was going to love this dress when i saw it on the rack i was so disappointed by how poofy on the bottom it was not flattering at all i d love to see this pattern back with a better fit i don t know why this piece is so wide around the body the fabric is very good just the design is way boxy i get xsp still boxy this top was so pretty online unfortunately it did not work for me the front was a bit more shapeless in person though the back was gorgeous with a button gather at center the color appeared yellow online but was a bit more green in person also the armholes were very low so it would need a camisole or no bra horrible fit not true to size again aline outside of the dress and a very tight camisole underneath i usually buy xs or s in retailer clot hing and the pieces usually fit perfectly this time i purchased my first petite item because i was worried the length of the pant leg would fall at an unusual spot if i didn t i m 5 4 and i ordered a petite small i was swimming in it the elastic in the back was so loose you could see directly down my pants i wanted to love this but unfortunately the size did not work for me i was so excited to receive this dress only to come find out that it was not tweed not the same c olors as the picture spandex material the fit runs smaller than most of their dresses and the sleeves are capped i love retailer and prefer their clothes above all other brands but i was ex tremely disappointed in this dress these pajama pants are beautiful but very sheer and very del icate not ideal for a mom with kids these leggings are loose fitting and the quality is just n ot there i am returning the item this dress is beautiful the fabric is light weight but text ured and interesting and the purple is gorgeous the soft pink was a bit more orange than i exp ected but not a deal breaker the problem i had with the dress was fit around the arms i sized up and was glad that i did because it runs small up top but because the straps come in a bit ar ound the arm holes it creates armpit fat which is not a problem i usually have i could wear t he dress with a sweater but you wouldn t be able to se cute enough but i couldn t figure out w hat to do with the tie that didn t make it look like an extra set of sleeves oddly placed this dress is well made and of good quality it just looked a little too old on me the skirt was heav y and the fabric was cozy perfect for a fall outfit this dress has pretty colors the top fit well but the bottom looked like an upside down umbrella it has enough material to make 2 skirts and the big pockets on the sides make the skirt stick out sideways the photo of model is from s ide not the front very unflattering on me i returned the dress because the color was not as p ictured in the online photo i did not like the color unfortunately this sweater let me down i love retailer especially their sweaters but this one fell flat it was tight on the arms an d didn t hang well on my body it was odd in length and added about 20lb to my frame i kept it because i wanted to force it to work alas i just donated it hopefully it fits someone else be tter than me tried on the xxs petite and still felt that it looked too boxy and baggy on me c ute concept but poor execution this top was originally way overpriced so i ordered it on sale f or half price still overpriced it arrived yesterday and frankly i am disappointed the quality is not great it is like a jersey type material doesn t look like the photograph at all i like the color but frankly that s about it ordered this online in the pinkish color the material is a little thin as a busty curvy lady this one just didn t sit right ran a tad large and lo oked boxy if you have a thinner frame may be a better look for you detailing is nice i order ed this top online during the mother s day sale thinking i had found the perfect white staple t ank i wanted for summer i had this top on for barely five seconds before i knew it was going st raight back the quality of the fabric and the overall design are both very good but the proble m is that the top comes with an under layer up top this is normally a good thing extra coverag e in a sumer top generally means you ca go braless the problem is that the top layer of the shi rt is so shee purchased this should in the blue motif in size small i am usually between a smal l and medium in shirts 36c broad shoulders the fit was fine in the small however i had a few issues with the top 1 the blue motif looked actually like a faded blue as if it had been wash ed quite a few times and looked worn 2 the front mid bottom section laid strangely and gave m e a maternity look and 3 the back has alot of fabric see back of tank in white motif and was very voluminous for me it wasn pretty design and good quality but the medium was very balloony at the bottom fit my chest alright 34c but flared out way too much at the bottom i wanted to love this as i love bright colored patterns however when i received the pattern was different than the one pictured and didn t appear as bright and the material was much different than i exp ected could almost see through the shirt where it is white and is very thin \n\nalso i have a larger chest and a smaller waistline and the cut of the where the peplum began made me look larg er than i actually am i am a 36ddd and i normally where a size medium a medium fit but like i said made i bought this shirt to wear under a black skirt suit the fabric does have some stretc h to it however if you have a normal to above boob size beware i have a 36d chest and the f

ront of the shirt hit me to the point that i then looked preggers it was one of those situation
s which reminded me why i do not buy empire dresses in addition the fabric felt like something
my grandmother would have used back in the 60 s it was a thick polyester type material i think
this shirt would still work f this top did not look at all like it did on the model i thought i
t would be slightly loose through the hips but instead it was snug on top and very very very loo
se great for someone who is pregnant which i am not \r\nreturning i love the peplum tanks tha
t retailer puts out but sadly this one did not work for me the print is vibrant and the colors
are even brighter in person the the material made it look cheap the fit in the bust was off
i felt that it cut too much into the bra area and the poof part of the peplum hit me at a weird
spot on my torso really wanted it to work but maybe it would look better on someone more slend
er taller than me for reference i m 4 10 and usually wear size l in retailer i usually buy a
pair of these kind of pants every year from this brand they are lightweight sturdy and very fl
attering to my curvier body this brand can run big so i usually buy a size 2 rather than my no
rmal size 4 i was going to wait it out and let someone else try them first but then i caved an
d ordered them in two sizes 26 and 27 because they didn t label them 2 4 6 etc anymore thes
e pants still look well made and have cute little details but they are bigger than ever the 2
7 s i was so excited to get this robe in the mail but was beyond disappointed when i opened the
package the fabric is extremely stiff and thin the fabric felt like something curtains would b
e made out of and the white background was see through the robe is very short and cut small in
the shoulders therefore it looked like i was wearing a piece of children s clothing i also ord
ered the matching pj pants but didn t even take them out of the package after seeing how rough a
nd see through the mater this dress did not work well on my figure i have a small waist and bro
ad hips and the dress size m for 140 lbs 5 8 was too boxy i didn t have objections to the
fabric like other reviewers honestly even if there were a snag or two the fabric is kind of
rustic and i don t think a snag would look terrible depending on where it is i should note tha
t one of the ornamental buttons immediately fell off the dress upon arrival my friend got the s
ame dress in a size s and it worked better f i love the colors of this top it does run very lar
ge though when i received my usual small i felt like i was swimming in the top not fitted at a
ll the material is a bit funky too seems a little lower quality because of the fabric will r
eturn and try a smaller size if there is one available at the store and see if i change my mind
i ordered this dress in two sizes pxs and ps they both arrived in a timely manner but the pxs
was snagged upon arrival there were a few other reviewers that stated the dress snagged easily
but i loved the classic look of this dress so i thought i would take the chance unfortunately i
had to take both back to the store because the potential for snagging the fabric was too high ev
en considering the sale price also the dress comes with a cotton slip but the slip for the pxs
was tiny while the this dress hangs like a sack it really needs a belt to give it some shape i
tried to style it with one but then didn t look right either i did like the slip that came wit
h it i ll be returning it i thought this was more like an oversized sweatshirt not at all i
m either a m or l and i bought a large and that was too small and too tight it is more fitted
if you are looking for something more comfy don t buy however if you want more of a fitted bl
ouse feel then go for it this dress is so cute and so flattering i loved the shape but i wor
e it wonce and the fabric was pulling on everything just holding a purse while walking managed
to pull out a ton of the fabric when you spend so much money on something you think the quality
would be better i really loved the colors and style of this top unfortunately it runs a bit s
mall and was too short on me i m 5 9 some mentioned they didn t like fabric but i thought it w
as good i wanted to like this so much it s a great good girl dress church dress however it
makes no sense it s a summer dress with massively thick lining that snags i m petite and busty
and it made me look and feel very wide i was excited to try this on in the store today the zip
per details on the shoulder are really cute and the ribbing pattern is flattering i was disappo
inted when i put it on though because it fits like a baby doll pregnancy top it s snug around
the bust and then flares out pretty widely through the lower half you can t really see that on
the model i was hoping it was more of a fitted tee but sadly that wasn t the case unfortunat
ely this dress ran very large on me please no more vanity sizing and minimized what few curve
s i have my store didn t have this in petite so i tried a regular xs the neckline was low and
there were at least 4 inches of space at the waist it also flares out quite a bit you can see
this in the catalog shot while this wasn t flattering on me it may work better on curvier figu
res i did not like this cashmere sweater at all i ordered the pink which was more of a peach c
olor although the color was very pretty the material was very thin and cheap looking it was a
lso very short not worth the money even at 40 off love the warm fuzzies of this sweater did
not love the unflattering cut the sweater hung lifelessly from my bust line down plus it was
a little short in the front i have to send it back i had ordered another retailer suit awhi
le back in an xl because my usual lg was not available and lets say i was swimming in the xl m

uch to big so when this suit came up for sale i snatched it up in lg when i compare the two t
he lg is over 4inches smaller than the xl seems like quite a big jump in the sizing the suit f
its in the body quite well however it s a bit snug in the side bust area strangely the suit h
as boning on the side of the bust and also the silicone grip on the top edge the dress is grea
t for pear shapes however i do feel it runs larger than typical retailer sizing ordered a sma
ll 5 8 140 and i still think it may be a bit big the material is very comfortable not too
thick or thin however i feel the shaping on the bottom is a little bulky due to the fabric se
e the attached photo i really liked the design ordered a medium which was huge also thought i
would not be able to tolerate it because of the material a bit itchy returned it i wanted t
o love this dress i ordered it when there was a 20 percent off special and couldn t wait to get
it the colors are as depicted and the dress fit true to size i also liked that it wasn t too s
hort what i didnt like was that the dress is lined in white which you can plainly see in the p
icture but i didnt notice before ordering i just think it would have been much prettier lined
in black im disappointed and the dress is going back i loved this dress before putting it on
but it was just not the right cut or style for my body type it is very roomy and full and looke
d like a maternity dress which was not a look i was going for sadly this will be going back i
loved the print and the feel of the material just not a flattering cut for me first one i rece
ived was ripping apart already in the sleeve opening at wrist warning very tight sleeves pl
us 2 of the green shiny band detail was missed altogether by whomever sewed this particular one
just left unstitched and long threads were hanging in several places this is by no means a qua
lity piece and is severely overpriced on the positive side it is very cute and i m keeping the
replacement one but know that it is also delicate after one use there is a snag on the inside
i wanted to love this dress i went into retailer in sb to try it on and when i saw it on the ra
ck it looked beautiful both the print and the material then i tried it on and it fit like a te
nt i am just under 5 5 and it hit right below my knees not like shown in the picture here on
that note i passed on this one due to the fit i think this would make a fantastic maternity dr
ess though the fit on this shirt is bizarre it very much resembles a nursing top but wouldn t
actually work for that purpose the side visible in the picture is nicely draped but the other
side can flap open and is completely different i tried two different sizes and both were equall
y unfortunate i was so excited to receive this romper it s a great material but it s actually
a bit drab the colors are very bland and the flowers just hang it s not flattering as it is ve
ry roomy i own some pure and good cotton tanks similar to this in black that i live in teaching
dance i was hoping these would be the same i ordered the pale blue and it is completely see th
rough and fits tight in the back and loose in the front i have no desire to have a bra sports b
ra show whether out the sides or through the fabric it is tacky i m 5 8 and 130 and this made
me look huge it was a small but too billowy it is pretty nice fabric and well made but i retu
rned i saw this on sale and it looked lovely online i really wanted to love it when i receive
d it it looked great but once i tried it on it bunches up in the back it looks awkward the
lace and small details are pretty but the fit is just off returned it in the store this would
have been cute if it was more fitted i am 5 7 and 125 lbs and the small was too wide i didn t
try the xs because the small was almost too short in the sleeves and so was the length it s lik
e a work of art but sadly not flattering on me i absolutely loved the look and even consider
ed taking it to a tailor but the material overall is very stiff if you re teeny tiny and need
something to give you the illusion of hips you might love it very sad to return this these ar
e very pretty but i have had a few problems with them out of the package i found them to be t
rue to size i think i purchased the pxxs or the pxs however even though they are machine wash
able i feel that they shrunk upon washing and are now too short i am barely over 5 tall als
o the elastic waistband keeps twisting within the casing which drives me crazy i have to keep
straightening it i think there are better options for sleep pants i was so excited about this
top and so disappointed when it arrived today the lace part is lovely but the skirt part is a
crinoline type fabric that balloons out at the sides it is gathered at the sides rather than pl
eated and there is no way to get it to lay flat the back center section is pleated why couldn
t they have had the pleats all around this will be going back with much regret i want to like
this sweater the color is lovely more of a grayish blue and the design is nice the quality i
s amazingly good as it s thick without being too thick and very soft but the design is odd and
quite unflattering i got the xsmall but it s two big the sleeves have a very low shoulder so t
hey almost have a wing like look it doesn t look like it does on this model the waist area is
a lot bigger so it does sit on your hips however the sweater isn t slimming cause of the odd s
hape i waited a long time to get this top unfortunately i will be returning the sides are gath
ered and stick out a lot on the sides not as pictured the sides should have been pleated it r
uns smaller in the bust and when closed it was a little snug afraid this might shrink with dry
cleaning or washing the design is unique and wish this top would of worked it was quite a bit

shorter on me than what it shows on the model who is the same height the pull on styling is a
fail as i could barely get my head through the neck opening i was afraid it might rip a seam t
he fabric seems low quality like it would stretch out and degrade faster than others overall
not the dress or quality i expected when i unwrapped this a chemical stink hit me that amos
t knocked me over it was really unbearable and i m not overly sensitive to smells second it wa
s way too large with a boxy unflattering cut the waist sits very high at elbow height and every
below the waist the material balloons out in a rediculous manner i wonder if they had it pinned
down somehow on the picture here with a more flattering cut i might have decided to wash it a f
ew times to get the stink out i do not recommend this fo i have been looking at this top online
today i tried it on in the store in a size small and xs regular i am 5 3 120 lbs 34b and th
e xs fit better than small in the small the armholes were too low showed my bra this is the
regular cut not even petite note i am on the shorter side the length was a few inches sho
rter than i would like glad i didn t order this online in petite i love the detail the mater
ial looks wellmade with the exception of the beading in one spot was alrea very cute dress but
fabric is very flimsy and seams were very puckered which couldn t be pressed out length too lon
g and waist to high these are not sized for petites i disliked this dress it didn t fall on m
e the way it falls on the model pictured i think it would work well for tall thin women with a
smaller chest i am petite with a larger chest and it accentuated my chest in an unflattering w
ay and managed to make me look frumpy at the same time not recommended for petite women i can
t stand buying pants and i can see the pockets lining and my darker skin through the fabric i d
on t consider that high quality i think this shirt would be really cute on the right body type
just not mine i m 5 5 125 and a 34ddd a couple weeks post partum thought this could be a good
shirt while i m nursing bc it s flowy but stylish unfortunately it did nothing for me when i pu
t it on the cut drew all attention to my big chest not in a good way and distracted from my
smaller lower half made me look much bigger and heavier than i actually am probably good for s
mall chested girls very tall girls or curvy on the it is a proper fitting oversized shirt howe
ver it is very flimsy and even see through as a summer weight shirt i returned it because i do
n t want to wear a tank or cami under it during hot weather this shirt is enormous and as the
title of my review suggests it looks like a men s button down the fabric is quite sheer but t
hat s actually what i liked best about it i just looked completely shapeless in this top wish
i had realized it before i wore it out because i would definitely have returned it perhaps if i
had bought it 2 sizes smaller i might have liked it better it didn t fit anything like the mod
el photos suggest it s huge not easy slouchy i do not even know where to begin with this p
roduct i ordered a small i go between small and medium and felt that would be a good fit aft
er trying on the shirt i would have opted for the xxxxxxxxs or whatever the smallest size is t
his shirt is very boxy i know its supposed to have a flow to it but this shirt is too much
it needs to be taken in or have a belt wrapped around it i tried the belt look but it did not
look flattering i found this color to be very blah overall i am slig i can usually be counted
on to love a pretty top with lace detail and a bit of flow this one has those qualities but it
does not look great on me perhaps it is too flowy because i am 5 3 or possibly the fabric is t
oo soft a look on me i did size down as reviewers suggested maybe one size was not enough
i must return it huge normally wear a medium and this was huge and very unflattering liked th
e netting around the collar but the whole blouse was very baggy order size down i was hoping t
o love this tunic but it isn t what i was hoping for the material is cute but the piece itsel
f is a little too baggy and just doesn t do anything for my shape just made me look boxy all ar
ound it felt more like a poncho than a tailored tunic unfortunately it has to go back i m no
t sure i recommend this shirt but i did purchase the plum yesterday i m always always a m and h
ad to size down to an xs on this one that s how large it was even the xs had plenty of room i
m 5 6 145 lbs 36b for reference the material look like it will stretch out even further but i g
ot it anyway it was on sale plus 25 off and for that price i can use it for casual days on the
weekends it s comfortable on and loved the lace detail i am 6 and typically wear a size 8 10
i am a rather busty kind of gal 36h so i usually order larges in tops so that i am sure there
is no pull across my chest i ordered a large in this top in the plum color when i received the
top i could not stop laughing at how huge it was the fit in the chest area is fine but i ca
n wrap the sides around me and tie them into a bow at least half of the material needs to be re
moved despite how huge the top is it is very cute otherwise i just mail i was really excited
after finding this top online and reading the reviews the combination of peplum cap sleeves a
nd color seemed too good to be true i ordered a size medium but unfortunately this top is on t
he short side so wearing it with pants or jeans did not work out in addition the fabric was mo
re sheer than it looks in the picture and the v neck in front dipped a little lower too a cami
sole might have solved both of those problems but i didn t bother i returned it to the store t
his shirt is beautiful it is flowy and light a perfect piece for transitioning from winter to

spring however do not follow the washing instructions on the tag it says you can machine wash tumble dry low and despite going one step further and washing on my gentle cycle in cold water and drying it on extra low it came out of the wash so small that a child could barely wear it it went from being a tunic to an inappropriate crop top i will never wear again if you do order please take the this is a beautiful and well made top sadly it just didn t work for me i m 5 1 with a pretty short waist and even on me it was too short the shortness might ve worked if it w asn t as baggy as it was i don t mind baggy loose fitting tops but this was so much so that i t was just unflattering it looked a bit boxy as well ordered this online and thought it was mo re of a red than the true orange that it is beautiful in white and beautiful to look at but as the other reviewer mentioned the fabric is very sheer and see thru not a deal breaker if worn over a cami however the reason i am returning it is the fit there is too much fabric flaring right at my waist it looks like a tent on me in addition some of the beading is already comin g off and i can t imagine what it will look like after one wash that s too bad but i can t ju stify paying this much money for a sweet top that is beautiful i love this top so cute and comf y but i wore it twice washed it once on gentle and layed to dry now there are 2 small ho les in the front for as much as it cost i would have expected it to be more durable very disa ppointing especially since i don t live near an retailer and can t take it back easily i am 5 4 1 2 125 lbs and ordered a m in this i m usually between a s and m it was too big a nd didn t have any shape to it i don t think a s would fit much better also i ordered the pin k but it was really a coral if my local store had a s i would probably try it on in a different color but they don t i ll have to return this it looks so cute online i have been looking at this sweater online since it first came out and i finally ordered it when it was 40 off i orde red a size m petite sadly when it arrived and i tried it on it was very boxy stiff like and did not flow like it looked on the model online so i sent it back i was really excited to get t his top but unfortunately its going to have to go back i am 5 6 120 and usually a s fits howev er this was really tight also the material is really really thin for the 90 price tag save yourself some money and avoid this one runs very large ordered a smaller size due to other rev iews but should have ordered several sizes smaller this was exactly the item i was looking for simple black stylish unfortunately the fit is terrible and proportions completely off the upper arms chest and hips were ridiculously tight and the whole look was uncomfortable and flat tering i second that above review who states worst blouse i ve ever ordered not flattering if your have large top made well and very cute for thin no boob person my normal size 30 in the hy phen chinos fits my size 10 body very well these selvage jeans were too tight in the hips too loose in the waist and too tight in the knees and i don t have big knees also the cuff was d own to the floor instead of ankle length cuffed they seem to have a 32 inch inseam and these were regular not tall basically i think you need to have a straight up and down shape with no curves and very long legs for this jean to work i usually wear small ordered xs and it s stil l way too large quality not that great just meh returning it i think these jeans are good fo r people with long lean legs i m 5 7 155 lbs and the wide cuff made my legs look short and stu bby the weight of the jeans is a little on the heavier side i usually like soft denim i usua lly wear a 31 and thought they were true to size i ordered this sweater in the pink color in a small and xsmall in order to see which was the best fit i was really looking forward to gettin g it because it looked so great online like it had a nice flow the cute zipper and was a good match for a pink and grey skirt that i have i was really disappointed the sweater doesn t flow like it does in the picture it kind of billows out in the front and back and isn t flattering i have a small build and frankly i usually look good in sweaters after reading other reviews i ordered a small my usual size is a m it was huge all around it s a beautiful print but i th ink it would make a nice maternity top i wish i had read the other review about the color of th e pink version of this sweater before i ordered it she was absolutely right the color is comp letely different in person it is this garish pink and brown that looks like it was knit togethe r with remaindered yarn it s too bad because the cut of the sweater is cute and the zipper add s a funky touch maybe the blue is better in person there were no reviews it s an online ex clusive and thought it might look good with a nice skirt at an upcoming wedding the spandex je rsey back looks like sweat shirt material on the white version of this it is mismatched with a n oatmeal color and white that just looks awful as a busty 36d i was stunned to find myself swi mming in a medium it does not look like the photograph and the sleeve billow out i feel like t his had to have been clipped and tucked in for this photograph i m an anth i am petite 5 ev en the xsmall petite looked sloppy on me i also disliked the nude fabric under the lace it mad e it look cheap i wanted this to be the perfect lbd i just couldn t make it work on my body this sweater was a little bit of a let down i ordered the pink and it is actually a tan sweater with bright coral material woven throughout it wasn t the soft pink coral color that it app eared to be online while the material is very cozy the sweater itself is short and boxy i wou

ld ve like the width better if the length would ve been a little more proportionate i am 5 0
and ordered a petite small probably returning i purchased these on sale and am only keeping th
em because they were such a low price i ordered the 2 petite but they do not actually seem to
be made for a petite person they are still very long to my ankles and the legs are very wide
the waist fits fine though i love a cropped pant but these do not hit the mark the pant would
have been more flattering if they hit just above the ankle instead of the calf i think they mak
e the leg look stunted the material was a nice weight and good quality but the bow being attach
ed was a big design flaw it look cute tied but would have been much nicer if you could remove i
t when needed i purchased this and another eva franco dress during retailer s recent 20 off sa
le i was looking for dresses that were work appropriate but that would also transition well to
happy hour or date night they both seemed to be just what i was looking for i ordered a 4 regu
lar and a 6 regular as i am usually in between sizes the 4 was definitely too small the 6 fit
technically but was very ill fitting not only is the dress itself short but it is very short
waisted i am only 5 3 but it fe i loved the color and lines of this jumpsuit but found it to
be far too short in the torso and about 8 too long in the leg but that s a lot easier to fix
i tried sizing up but it still wasn t working for me i m only 5 7 and while i m long waisted
i can usually make jumpsuits work if you have a short torso and long legs this is a beautiful
option otherwise i can t recommend it this top is beautifully made and designed \nmaterial is
soft and comfortable however it s very boxy the details on the side stick out \ni just found it
not very flattering for me i tried wearing it however i thought i needed courage to wear this
tank \r\nunfortunately i did not purchase this tank although i liked color and design \r\nfirst
it runs small than the regular size \r\nit feels even smaller because my size is xs \r\nin addi
tion it tends to exaggerate a body line \r\ni am not quite sure why this happens but maybe it
is just the way this tank is \r\nif you are confident about your upper body posture then yes i
t would look very cool \r\nhowever if you have thin postur 40 sweaters i couldn t pass it up
unfortunately when i raise my arms my tummy shows i m 5 6 so i had to return it nan when
i saw this item online i ordered it right away loved the color and the oversized comfy look t
o it the pros very soft the color a deep cranberry as pictured the cons the low back in th
e photo the model s arms cover it up when i put it on it looked like an oversized flap that s
tuck out on the sides and was very visible from the front and because the material is unstruc
tured that made it look worse i loved it except for this one feature but because it was so de
tracting i had i am allergic to wool and have a hard time finding winter sweaters was really e
xcited when i read material content on this item only to be disappointed upon arrival to note th
at sweater is 10 wool also found it to be very tight in arm area for reference i am 5 10 13
0 lbs and would say have slender arms cute design that will work for some super cute pants bu
t pleats fan out too much when you are pear shaped i would also need to shorten pants too look
like the picture ah i wanted to love this but without anything under it as pictured the pet
ite sizing reveals way too much side boob i am 5 3 and a small b cup i ordered an xs petite
it fits but there isn t enough material under the armpits the fabric and design is great other
than this flaw sadly returning i tried this on in a store and it was beautiful except the sizi
ng was way off i m 5 11 and usually a 12 or 14 the 12 was skin tight and the 14 was so loose
it was comical and even on my super long legs the cuffs dragged on the floor plus the lacy p
anels in the cleavage area are totally see through and my bra was very visible i was totally bu
mmed also incidentally this didn t seem the best quality there were strings hanging out of th
e lacy areas and the waist tie ties way higher than i was hesitant to buy this because it is do
uble breasted which isn t my first choice that was the least of the problems with this jacket
i love sparkle and i love beautiful detail none of the elements by themselves was a problem t
he sum of the parts didn t work though the end result was an unflattering confusing mess the
silhouette plus the frayed edges plus the sequins plus the vent in back plus the huge buttons p
lus the double breast plus the zipper were just too many things to go t i really wanted to love
this dress but i couldn t it ran large and heavy rather than a sleek cocktail dress it felt
more like a heavy sack once i put it on there was one upside the drape in the back did not app
ear to drop quite as low so finding a bra to wear under the dress might be easier than if it dr
aped as low as it appears in the picture the pants are pretty and run true to size but the fab
ric is bathing suit like very thin and sheers in the butt when you squat i wouldn t recommend
for anything but waking this sweater is a pretty color and style and is really soft and comfort
able i really wanted it to work a small fit my 5 7 140 lb frame well 32dd but the ruffles
on the hips were not a wanted addition unfortunately tried it on three separate times to try
to change my mind but in the end it s going back i would not suggest it if you have an athleti
c or hourglass figure with even a little hip the image online doesn t depict this blouse well
my complaint is that the sweater portion looks crooked and shrunken where it has been cut at wai
st level and the ruffles have been attached at the hips maybe i received a flawed piece either

way i ll be sending it in for return i wanted so badly to love this dress but i couldn t get
past the thin material that you can actually see through not for this price anyhow the dress i
s shorter than i had anticipated and more fitted around the waistline flaring out at the bottom
which i feel isn t accurately portrayed in the photo on the positive though the color is beaut
iful and the neck line stunning but alas will be returning cute design runs big in neckline
falls off shoulder exposing bra straps fabric is very thin sloppy look on short petite frame
5 1 142lbs 34 36 c d purchased a medium haven t washed it yet but the fabric doesn t look li
ke it will hold up well i have kept it to wear as a sleep shirt with thin gray sleep sweats wa
s really excited for this dress and couldn t be more disappointed doesn t look anything like th
e pictures \r\n\r\nthe fabric feels cheap it came wadded up in a ball and is a wrinkled mess
\r\n\r\nlooking beyond that i tried it on and thought i had put it on incorrectly unfortunatel
y not the top half doesn t sit correctly it s so bizarre that it seems like a flaw in the desi
gn it doesn t sit on your shoulders but doesn t look right off your shoulders the neckline is
very high also front b i was really looking forward to this dress i tried it on and it does n
ot wow like the picture it came wrinkled but i think even pressed it would fall weird the sid
e swoop falls funny and you can see the seams underneath and the top front falls funny not qu
ite sure what to do with it it almost looks like a mock turtleneck until you fold it down agai
n maybe if you get it pressed that would be better the back is still beautiful though i m 5 3
115lbs ordered a 0 maybe on someone talle too pricey for the quality of this imported product
love the colors in this top it s a shame it was so big and baggy i m not that big a person but
really made me look big and frumpy i am 5 6 130 athlete size small was way too much mater
ial for my frame just received these and they fit perfectly but the panels are different shades
of gray the color is not consistent and it make them look bad they are perfect otherwise but
sadly they are not wearable i will be returning i was really hopeful that this top would work o
n me because it is so cute online however i was very disappointed when i finally received it
the sleeves look soft and snuggy in the picture but are actually a bit stiff and scratchy in per
son i could almost get over the sleeves but the white part of the shirt was horrible i am 5 1
0 and a size 6 i wear a size small at retailer and i got a small in this top the bottom of th
e shirt was a tad short on me and hit just below my belt line which i i really wanted this jum
psuit to be my holiday staple i ordered this jumpsuit in a sz 4 my typical size the jumpsui
t doesn t have a waist i suppose the ribbon created the illusion of a waist most jumpsuits are
super slimming because of having a waistband and this does not besides the bow also what i foun
d strange is the back zipper goes all the way down passed your bottom it s the longest zipper
i ve ever seen it s very body hugging so it shows your curves if you have any i will sadl it i
s a shame when a product such as this is left on the website after so many comments reveal the i
tem to be more defective in production than an opinion of size proportion i read the reviews so
had expected the item to run small so i ordered accordingly this does not run small this is no
t representative of any of the three categories one associates with women s apparel sizing i am
usually a small and the description by previous reviewers described the fit as being perfect for
me very small i was very excited to receive this dress because of the cute photo however upon
arrival i was completely disappointed the color is much more drab than the photo the smudged p
olkadots weren t attractive there were many little bumps and pulls in the linen the dress is s
uper heavy the pleats around the waist did not lay correctly \nand it adds 10 pounds to your hi
ps super sad i am sending it back the models pose and description are misleading this top ha
s absolutely no shape to it the front of the shirt is kind of like a slub shirt texture plain
black the back print is nice just more faded than shown in picture the entire design has no fo
rm it is huge also cheaply made i thought this was a sweet design but it is too boxy for me
i thought this top was so pretty and airy but it just didn t work out i typically wear an xl i
n retailer and was able to size down to a l in this top i ended up returning because the front
is pretty sheer and the black tented out in a weird way about half way down there is a seam acr
oss and without this it would have hung perfectly disappointed doesn t feel like cotton jerse
y feels like a thin version of the seamless cami it s not soft as i expected it s much thinne
r than expected too i loved this shirt flattering and pretty it s hand wash only or dry clean
i hand washed it and the blue t shirt part of the shirt shrank and now the front of the shirt i
s too short for me would not recommend due to shrinkage too bad i had such high hopes for t
his but the fit was really strange i ordered my usual size small but it is huge the sides of
the top are very wide and boxy and the back hangs far from my body very droopy even if i got
a smaller size the design fit is not for me i like the linen front of the blouse though it is
quite sheer the fabric on the back has a pretty design but it appears to be stamped on thin bl
ack cloth rather than the richly colored fabric i saw in the picture i am truly disap this dre
ss is just very unattractive it is quite short waisted almost empire and so the pockets hit in
an odd place also it is very long midi length and the skirt is very wide the effect is mat

ronly not cute at all size wise it fit true to size and it is a nice medium weight denim and t
he construction is good i was excited to receive this top and wanted to love it however the s
ide ruffles flared out more than i expected it didn t look right on me so had to return it t
his tank in black is nice quality most of the fringe hangs straight and seems to be attached
well it s just too short and too boxy for my figure curvy hips would look good on someone wh
o has straight hips and is not long waisted since that doesn t describe me it has to go back
every single time i was in a store this dress caught my eye there was never a large or xl to t
ry on however so when a free shipping offer came up i took a chance and ordered both the xl
was too large the large was much better but a little snug so if it shrunk i would have been
out of luck if i would have kept one it would have been the large however they are both goin
g back a plaid dress sounds like a good idea for the winter when you look at it on the hanger
but on a body it is like some other reviewers i too have to comment on the dress s fit the
dress doesn t fit right around the bust or the waist as a seamstress myself i know that the pr
oblem is that it doesn t have any darts in the bust and thus the bust and the waist are just ab
out the same size this dress really just needed a few of these extra hidden details to fit righ
t while a belt helps i don t think it helps enough to justify the price it s too bad i think
the concept of it is cool and i was rea i want to love this dress it s cute and fits well ex
cept that the hem has been taken out it looks like it had a hem that was removed and they left
the crease remnant and frayed edge looks very sloppy on the bottom to keep this dress i would
have to pay a seamstress to hem it and i don t want to pay extra money for something that shoul
d already be done this denim dress is best worn by someone over 5 8 i had to spend a lot to
have it taken up and it still doesn t look that great so if you don t want to pay over 200 onc
e altered do not buy this dress \r\n\r\nthe best part of the dress is the top it was true to s
ize on top this dress is beautiful as pictured on the model but on me not so much i am norma
lly a size 0 00 with a 32b bra size i ordered this dress in an xs and it was just too big and b
oxy i also thought the material was going to be thicker but it was very thin and didn t seem t
o fall right on my body beautiful design just not the right material or fit i read the other
review that said the shirt was boxy i didn t think it would be a terribly big deal unfortunate
ly it is normally i wear a size s so i sized down o an xs the shirt fits in the sleeves and
neckline but the shirt is still very box and now super short unfortunately this is going back
not a good fit adorable details but the fit is terrible i was really excited about this dress
i had only seen it online and it looked like the perfect transitional piece casual or dress up
when it arrived in the mail the feel of the fabric was great and i slipped it on and it was so
comfy i felt like i was wearing a nightdress unfortunately it hung like that too the material
sags in places it shouldn t i have a 5 8 125 lb frame and i ordered an extra small and both
my husband and sister said it was unflattering and urged me to send it back i thought this suit
would be the perfect solution of stylish but forgiving of my new mom bod this one didn t work f
or me i ordered the medium the top is very small i would recommend only for b cup or smaller
the full coverage bottoms did nothing for my shape it seemed to make me seem rounder and shorte
r sending this one back i did find success same size in a faux wrap style retailer suit this
shirt flows beautifully and the fabric is almost wrinkle free i also love that it s the perfect
weight and not too low cut and that the buttons are covered however the stitching started to
come undone the first time a wore it i didn t even wash the shirt yet sadly i don t think i c
an recommend this shirt though maybe give it a try i might have got a defective one oh this s
hirt also seems to run a bit large through the body but it still looks great i hope this helps
i was so excited to try this on after having discovered it on the retailer app and stepping into
the store and seeing it on the hanger it looked alright but once i slipped it on it s like ev
erything i ve got going for me disappeared granted i m s little bottom heavy so these types o
f dresses don t typically flatter my body type anyways this jacket is soft a beautiful color
the perfect length and incredibly versatile a fleece jacket that doubles as a blazer but i wa
s swimming in it i wouldn t have minded the larger size but the sleeves looked ridiculous i w
ish i d ordered early enough to try a petite size but i m not sure that would ve helped sad to
send this back great colors and not too voluminous lined whig will be great for fall but the d
ownsides are the huge elastic waist bc it ll require a belt or something over it looks v casual
alone and even with a perfect fit it gives a bit of muffin just bc it s a huge piece of elastic
i ve literally tried this on on two occasions trying to convince myself it it lol but it s not
worth it at the current price this jacket is cozy warm and very cute but after the 1st washi
ng according to the manufacturer s instructions it began to pill and has worsened each time t
hese pants are the perfect color and i love the detail of the zippered pockets i was so exci
ted when they came in the mail and fit pretty well they were slightly loose but i thought they
would hold their shape and the size smaller would be too small after an hour of wear i was swi
mming in these i can almost pull them down without unzipping them and the seat of the pants loo

ks particularly um saggy i am in between a 4 and 6 and since the pants are detailed as slim fit i thought it i purchased this and it ended up sitting in my closet for a couple of weeks i bought it in the green and i felt it did nothing to enhance my figure it s kind of a boring design i like the cowl neck rare on a tunic and the sleeve details the colors don t seem to go well with standard black leggings overall unimpressed the button fell off when i took it o ut of the bag and i noticed that all of the thread had unraveled will be returning i agree with a previous reviewer who said that it was very nicely cut but unfortunately the materials are so cheap the fleece material that it is made out of feels like the cheap polyester fleece blankets that you get at the discount stores it will pill easily and is noticeable even in the dark color i must have gotten one shipped straight from the store and it was already starting to do some gnarly pilling i do love the cut of it but i can t justify keeping it because this won t last i ordered a small but it was way to big it was very soft these were so perfect for the first hour or so i was convinced they were my new favorite pants but their initial forgive ness turned into a slovenly stretch and they creased and wrinkled like crazy after i d been sit ting a couple hours it looked downright embarrassing saggy and wrinkly radiating from the cr otch no less i got them in the gray and it s possible that other colors use different less awful fabric this top was a disappointment for me it was beautiful but because of the material it is made out of it will stretch out as you wear it and not regain it s shape it is also a li ttle heavy for day time during summers in the south but the weight of it was not so much of a concern as the ability to retain its shape i have a holding horses dress similar to this one from about a year ago i loved the swinging fit without it looking like a maternity dress th e fit and style of this dress is wonderful it s the color that killed it for me i ordered th e orange because i liked the photo on the model when the dress arrived in the mail i could hardly take it out of the package and try it on the color is almost neon orange too much f or this redhead hard to wear that bright neony color not sure this dress ran small in the ar ms for me when i returned it for a bigger size the dress i got had a huge rip in the decorativ e threading on the back i can t believe the product wasn t checked for flaws this huge before s hipping i asked for another one in the same size we ll see if it too is defective this was c ompletely different than i expected the xs s was so large that it looked messy unfortunately i had to return it i loved this dress and it fit perfectly i did not have any issue with the cam isole being tight and i am really curvy i did however have a problem trying to take it off it has no zipper and in order for me to get it over my head i had to stretch my shoulders to the po int where i ripped the back i went to the store and tried on the larger size and ripped that on e too i tried to take it off more delicately but i couldn t maybe it was me but this dress is too much hassle if i went any highe when i saw this blouse online i thought it looked like a gr eat combination of casual with the elegance of an intricate print i was so disappointed when it came the print is not centered in the front or the back it looks like they were trying to save on the material and just cut it out wherever with no thought to symmetry for this price the det ail of centering the design was expected especially because this is how it appeared in the pict ure loved the blouse but i will be returning it becau as the other reviewer stated the dress i s not lined and the fabric feels very cheap i tried the sp as well and felt i could have gone d own to the xsp i like the style and coloring but given the price and lack of quality this is go ing back saw this tunic on line and when it was immediately sold out i thought it had to be a w inner after several days of trolling on line the 2p was finally back in stock now comes the di sappointment yes the material is sheer but would be a nice weight for humid summer days the f ront looked exactly like the model cut with high side slits that truly made this a tunic the b ack of this tunic is some sort of origami design the fabric bunches out at the butt area it s bad when you re standing and i this shirt has beautiful coloring but the material wasn t as soft as i thought it would be i was hoping they would be the super soft material maybe washing them would help but i didn t want to chance it so i returned them the skirt is totally see through unless you wear a slip even though it has a built in slip it is still see through the problem is that the slip is made out of the same super thin polyester material as the outside skirt if it wasn t see through i would keep it this is a beautiful and warm sweater well cut and easy t o dress up or down the biggest problem is the extreme shedding which looks messy against darker clothing especially against wool or cashmere winter coats i purchased this dress yesterday and it s cute and fits great but the embroidery across the back ripped as soon as i moved my arms it s really delicate and strains anytime you lift your arms overhead or forward i m keeping it anyway because the supersoft pretty slip that come with it is worth the sale price i loved the color and the neckline was flattering however it would have fit me better in a petite size bc i am 5 3 and a 32f it fits slim so to fit in my bust it was too long also didn t think the fa bric was good quality for this price nice dress to wear while seasons are transitioning loved t his dress online but my small pettie stature made me looks like an orphan from the prairie i l

oved the colors on this dress but i don t like the way it fits it is tight around the shoulder
s but the rest of the dress is really big and has no shape horrible fit i do not understand wh
y they but a aline dress with a skin non aline camisole under the dress was excited to receive
this dress as i got it at a great price on sale the colors are great and it fits pretty good b
ut it came without a slip so disappointing to not receive the entire dress hence the 2 sta
rs may send it back for this reason tried this on in store with red ag ankle jeans and the onl
y thing i could do was chuckle it looked like a sleeveless lab coat or butchers coat take your
pick this styling was not for me the fabric is nice not flimsy you can see whatever pants your
wearing underneath but i guess that s a moot point since it does have a substantial side slit i
t does run tts i m 5 3ish 118 and the size 2 fit ok probably would have sized up to the 4 be
cause a slight pull at the chest 34d dd in the end i i really loved this in the catalog the
fabric and details are very pretty however it s a lot of fabric without much form my husband s
uggested it for maternity not realizing it has fitted slip not for curvy hourglass had to
send it back i ordered this dress is in the yellow orange the colors are pretty the pink deta
il is nice and that s about it the slip underneath is a form fitting yellow cotton no big dea
l the dress itself runs very large and in an unflattering way if i was pregnant it was perfec
t the material feels cheap to me and this along with the roomy fit is why this dress will be
returned this is a beautiful dress however it looked awful on me i ordered the medium and it
was huge also i looked 7 months pregnant not a good style for the short person luckily i bou
ght this on sale i now see the instructions online say to hand wash but i bought mine in the
store the instructions on the tag said to wash delicate in cold water and tumble dry i washed
it in cold water and it shrunk to doll size this is a beautiful suit was looking for a one pie
ce i ordered online it is definitely high quality but i ended up returning it the colors see
med much more muted than the picture shows i loved the fit just wasn t as striking as i expect
ed i was planning on wearing this at the office but it looks like a maternity blouse not flatt
ering at all i loved the concept silky loose fitting professional but they didn t succeed
its a big mess return oh such a classic retailer look for summer a vintage pattern on a crisp
cotton fabric i was immediately drawn to it but wait there is a sort of wrap around tie at th
e waist creating the look of an apron yes it looks like one is wearing a full apron or scrub
dress \r\nwhy this would have been sooo much better as a simple shift or a skirt blouse combo
the material is adorable and if it was available in a blouse with sleeves i would buy in a minu
te we have a pool and i thought it would be cute to wear while entertaining now the cons i am
long waisted and this strange tie knotted high under the bustline giving an odd lumpy look it r
uns short and i can t imagine who thought this design was a good idea there were no reviews whe
n i ordered i am learning to try it on in the store and or read the reviews before investing i
would say go up a the sweater fits a bit awkward in the front it draped more than i would have
liked also the transition from the stripes to the solid gray felt non cohesive because of the
stitching returned the item totally bummed the pretty print doesn t outweigh the very odd fit
of this dress makes you look really top heavy and even the print which looks so cute online l
ooks muddled in person sadly went right back i really liked this dress in pictures online i
wanted to wear it to work on casual fridays everything about this dress was a disappointment e
specially at this price point the fit was weird tight in some places too loose in others i m
usually xs or s i ordered this one is s it s made out of a fairly thick and warm material ye
t the neck area of the dress is more exposed than it appears in pictures especially in the back
making it awkward to have this very warm dress with neck upper b i have been looking for a basi
c ivory sweater i waited for this one to go on sale the style is cute but the sweater itself i
s very stiff and heavy unfortunately i decided to return it i really wanted to love this piece
but it was very large i m 5 2 and ordered xs s and i have return due to size remember those ca
ble knot cotton sweaters that were popular in the eighties that s exactly what this sweater is
everywhere your body bends like elbows is emphasized by the fact that cotton does not bounce bac
k like other finer fabrics like wool and cashmere i ll pass on this i tried this dress on in t
he store prepared to buy this lovely piece i feel that it should have been a few inches longer
it would look more proportionate next the tie is really difficult to place but it creates som
e great detail to the front and back it wrinkles easily i can see it would need to be ironed b
efore each wear lastly it is not lined what a bummer at least the skirt could be lined but
it does have pockets that is sweet i was thoroughly underwhelmed it did not hang well and th
e fit seemed off the tie waist just sort of hung there i could have sized down but i didn t e
ven want to bother it was pretty boring and flimsy for 138 nan the design of this sweater is
odd it made me feel very round when i put it on the sleeves were wide the other reviewers w
ere correct in saying that it s a thick sweater which i thought i d like the torso was slimmer
and longer than i expected it really was the odd design of the sleeves that made me not like th
is sweater i found this dress to run large like the other reviewers have mentioned the quali

ty is really nice and the sweater fabric is a nice touch it hit me right above the knee and i
an 5 5 it is a purplish pink as pictured if it fits you properly you will be pleased with
the quality color and unique style i loved how the skirt looked on the model but when i tried
in on it had no shape on me i usually wear a size 6 and received a size 4 which was large on me
also the material feels rough which i was not expecting as it is advertised as a silk skirt i
was really looking forward to wearing this skirt but it is just not i thought it was i expect
better quality from retailer i got my normal size and unfortunately the moment i tried it on th
e details on both shoulders ripped the dress fit fine and i basically have no boobs so i don t
think it was a case of it being too small i guess it just wasn t reinforced enough there was a
lso a miss stitch in the shoulder on the back which causes the back of the dress to bunch funnil
y lastly there s a slip on the inside which i don t think was necessary it hugs tight to the
body and makes the whole dress feel oddly clingy soft very thin material perfect for summer b
ut very difficult to wear without a bra because it is so thin it shows quite a bit the chest is
tight but you can adjust the fit by the neck tie looks exactly like on the model but the cut ma
de me feel wide had to take it back i wanted a casual but special summer dress and had high ho
pes for this one i normally like to try things on as it is difficult to tell fit online when i
t arrived i was disappointed with this dress it is very full in the skirt the top fit a bit od
d not a lot of shape and not especially flattering the fabric wasn t very exciting either un
fortunately this one went back i personally love this romper there s a lot of fabric to it so
it feels lush and substantial and the pockets they re so roomy i actually couldn t find my pho
ne for a hot second the crotch of the legs because yes this thing is actually pants is very
long and so i was very comfortable sitting \r\n\r\nthe two things i don t love about this piece
include the downfall of all rompers imo not bathroom break friendly you basically have to disr
obe and since the legs are so long you end up clingi after reading every review i was certain
i knew exactly what i was getting with this dress wrong i sized up from a small to a medium an
d the dress was still uncomfortably tight on my rib cage the top is very exposing of the bust
and i m small busted i can t stand wearing camis so there no way i d be able to wear this dres
s even if i sized up again to a large for reference i m 5 6 a straight build 134 lbs and we
ar a 6 pluses on this dress are i loved the green color and length of sk i had to return this
because the lining is super short and uneven its shorter in the back and falls weird i love th
e color even better than the picture but quality is lacking for this high price i ordered the
4 petite and it fit but the elastic waist shows any bump in your tummy too bummer the print and
fabric are great but this dress has odd construction or maybe i have an odd construction anyw
ay i m 5 5 weigh 125 130 36d i ordered the small and it fit perfect up top and in the arms
but the issue was in the hips i m somewhere between athletic and curvy the skirt looks more a
line in the photo but it s actually cut pretty straight spanx would have helped but i m not a
bout to wear spanx all day in a work casual dress i think a medium would make the top too big
so i i ordered the navy gray combo in size xl it was too heavy and uncomfortable to wear it al
so attracted so much lint the one i received must have come from a store because it already had
a lot of fuzz on it it added weight and was unflattering for my shape the colors do match the
photos online the length also matches the model s photos it just didn t work for me i tried t
his dress at the store and it made me look 10 years older the fit was tts but a bit odd around
the waist i am 5 4 and 160 lbs and tried a small the skirt is not as form fitting as i had ho
ped it is a lot of material that is flowy and billowy not straight and pencil like as shown as
in the pictures the material and design is just okay not super wowed by it i did size down bu
t feel like i might need to size down even more to get more of a fitted look so these look so g
ood online i love flare and the button detail however on me they were very long which i kn
ew but too thigh hugging for my taste and the buttons looked cheap i ordered the tan color
thus back they went for reference i am 5 5 and 125 and ordered the 6 i bought this jacket
in a regular and returned it to the store where they had a petite it is lovely i live in ca s
o it is perfect for an evening out remember not to buy this for warmth but a light cover up
it makes an outfit out of anything else you might want to wear looks great with black under it
or off white also looks great with the beautiful soft pinks that are out this season or c
ranberry you will love it this is a pretty dress but the cut is quite boxy i had though
t that the dress would cut in a bit along the body and then flare out more around the waist do
wn to the hem however the dress is baggy from the sleeves all the way down which lends to a r
ather unflattering look based on the photos i thought this dress would be very flattering on a
n hourglass shape i ordered the faded reddish pink color the color was true to the photo and v
ery pretty and soft the dress has an open neckline fitted waist and skirt length that are all
flattering but the fabric is thin and clingy making the dress overall not flattering on anyone
not as thin as the model it certainly doesn t hang i believe it runs true to size i m general
ly a xs s and i ordered a s and the fit was just a heads up this is a romper pants and not a

dress you can t tell from the pictures i ordered thinking it was a dress but it s actually
culottes i m not sure what you would call it the pull on styling was awkward and the sash was
bulky it definitely goes back the quality and fabric of this dress are lovely but unfortunate
ly i found it to be very unflattering and shapeless it fit me like a sack i ordered the m and
i suppose i should ve sized down but even in the s i m afraid this would be far too large for
reference i am 5 7 and 135 lbs i have a curvy build so this shape dress just wasn t right on m
e i imagine it will look cute on more of a boyish figure returned lightweight airy silk it
s not shown in the photos but it has a half slip which is too noticeable through the thin silk
it looks somewhat cheap the silk doesn t feel smooth to the touch it has a slight roughness to
it it would have been nicer if they had used thicker higher quality silk the waist has a tigh
t wide elastic band which after wearing for awhile feels uncomfortable the color of the skirt
is true to the photos i wanted to love this skirt but i will be returning it this dress is suc
h a beautiful color and the fabric is super soft and lovely it would be stunning on someone wit
h a slim figure but since i ve got curves an athletic build it simply did not work too bad b
ecause it is such a pretty dress i love the look of this dress had high hopes but it didn t
live up to them have no doubt that it is well made beautiful fully lined with lovely detaili
ng around the neck i am 5 6 155lbs with a postpartum belly that i d like to hide so i chose
this dress as the reviews say it s a bit loose forgiving i found it to be so loose that it lo
oks big entirely hides my figure i considered ordering a small but knew that it was simply t
he cut of the dress going down a size wouldn t chang this is a well made top and looks very pr
etty in the pictures but in person it has a little more of a gauzy look to it it is a great su
mmer shirt as it is light and airy but unfortunately it didn t work for me i wear a 34c and th
at often results in shirts look more like tents or maternity wear than anything else so perhap
s this works better for the smaller chested additionally and this wasn t so much of a con and
just something to note the fabric is pretty see through it works for the since this sold out s
o fast i ordered an xsp which is too short i m 5 5 it also is too big the empire waist has
no shape or flatter the sleeves are huge the neckline was falling off my shoulder i put it on
and instantly knew this was all wrong the print is very fun and my guess is that s what is at
tracting everyone to it it looked like a big floppy mess of cute fabric on me back it goes
i returned this dress because the material is so flimsy and thin i was expecting higher quality
especially for the price i was disappointed it is a pretty dress and fit great but i felt lik
e i was wearing tissue paper beautiful dress but it just didn t look that flattering on me th
e quality was nice and it looked just like the picture unfortunately it just looked shapeless o
n me so i had to return it the dress is probably more flattering if you have long legs to show
off i definitely don t after losing a lot of weight i thought i d try a pair of skinny jeans a
nd since pilcro is my favorite jeans brand i bought my usual pilcro size but wow these are jus
t way too tight they pull on like leggings or tights clinging to every part of your leg ther
e isn t even a bit of looseness around the calves and my lower legs have never been big i kept
thinking i d just lose more weight and they would fit better but that isn t happening either th
e fit so these are going to my daughter who was very surprised when i opened the package this
dress is very thin fabric and you need to wear a half slip as it is see through the top of the
dress is short to the draw string and does not drape bloused style at all i have a short waist
length so it should have worked the color is a little darker than pictured but over all looks
cheap so full price with tax makes it way over priced going back asap i waited and got this sw
eater at the winter sale i ordered the navy in a medium the design is pretty but as has been
said i was surprised at how short it is i do love the detail the tie back nice weight i hav
e not found it to be itchy the sweater i received was a store return and it was a little wrink
led and fuzzy but for 35 i considered my hunt for the perfect navy pullover to be over i do n
eed to wear a cami underneath as the sides are more revealing than pictures the first day i li
ke flowy tops because i have a bit of a belly and i like to camouflage it but this top was reall
y flowy the fabric is great and the embroidery is beautiful i was hoping for this to be a holi
day staple this year it has to go back though just too large i don t love it quite enough to
order a size down this is a thick sweater it is pretty but has a short length cute details b
ut not happy with the fit runs wide and short the peplum fabric on bottom is stiff wrinkles e
asily and lays funny returning this one i really didn t expect this sweater to be so short i
m 5 8 and there is no way it would fit me properly i honestly didn t even try it on i pulled
it out of the bag and put it right back in and returned it it looks like a crop top i bought t
he blue which was not as rich and nice looking in person as the picture i love most things i b
uy through retailer but this was a swing and a miss very lovely sweater lightweight with cute
detailing at the side of the waist sweet but not saccharine bow at the back of the neck i real
ly wanted to love this sweater but it had to go back because it looked um used pilling along
the arms before i even got to wear it it got returned sadly this is cut very strangely i m s

hort waisted and this barely covered my belly button the material is rough and scratchy did no
t like at all and will be returning i purchased this sweater because of the cute unique diagona
l design however i was largely disappointed by the fiber of the sweater it is rather coarse t
o the touch and a bad fit on the model it looks nice but it was large around the torso yet sh
ort at the same time creating an awkward and unflattering fit i shall be returning it i saw th
is sweater online and have been looking for a unique sleevless sweater for some time now its a
very beautiful sweater so i ordered it right away when i saw this design i recieved the sweater
in the mail and really wanted to love it but it just wasn t for me its very well made and thick
which i liked but i usually fit in small sized tops for retailer but they didn t have a small le
ft in the sizes i ordered a medium and it still ran small i was very surprised its was also d
isappointing this looks cute in the web photo unfortunately it is absolutely huge in person i
got the small and have to return it because it is not wearable for me the black band seemed to
cut across the widest part of my hips emphasizing them the pants are sheer the fabric was not
comfortable against my skin overall the pants were a miss i love pilcros and tried everything
to get these to work one size down two sizes down no matter what they just don t look right
the droopy look didn t work for me i love my very old pilcro stet jeans they are the perfect d
enim weight and the back pockets are set in a way that is very flattering for the tush not so
with the newer pilcros unfortunately the denim is thinner and may have more stretch and they ge
t worn and pill on my inner thighs and the back pockets are set far apart making my back side l
ook unnaturally wide it s a bummer for reference i am 5 5 and 145lbs with an hourglass figure
and bought a 8 petite instead of my usual 6 because i wanted it to be a bit shorter with the a l
ine design the skirt fit perfectly but the waistband is not stretchy like the rest of the skir
t the quality is great but the design and color is not the skirt is actually much darker of a
red than in the picture more like a dark red wine it is super a line which was not flattering
on me and the layers are all individual pieces of fabric these jeans were so cute on wore them
a handful of times and they d been washed twice put them on and rip ripped right at the crot
ch in the front so not fixable and on vacation no less when i had to scramble to find something
else to wear poor quality disappointing and not what i expected from retailer they also
run large even for a more relaxed fit sized down for a good fit i think you have to have stick
legs legs for days for this style to fit as pictured i thought i had found the perfect boyfrien
d jean but once these babies arrived i was really disappointed the color is slightly brighter
than the picture which is fine though i was digging the slightly greyed look \r\n\r\nanyway t
hese were loose in the waist and crotch and fit snugly everywhere else i have a fairly athletic
build so it s not uncommon for me to have issues with fit around the calves and thighs ordered
this top online as i loved the colors and design but i should have listened to the other revie
wers i ordered my usual size m and it was just very unflattering it was short and wide not a
t all like it s pictured on the model needless to say it was immediately shipped back i ordere
d my usual medium the tops length came only to my waist and was wide and unflatering the ar
mholes were right under my arms too bad as this looked so cute in the picture i returned boxy
unflattering and large \n\ni m 5 2 and a curvy 135 pounds this top size s swallowed me ha
d no shape and the material didn t feel great either i wouldn t even purchase it on sale ther
e are other graphic tees that are much nicer i ll be sticking to splendid and sundry i liked i
t online but i didn t want to pay shipping for something i wasn t sure if it is good when i sa
w one size 4 in the store i was excited to try it on however it didn t quite meet the expecta
tion the dress fits a little loose donna morgan size 2 fits me better and it is not lined at
all the separate top piece is just way too big without any shape there must be a clip on the b
ack of the top shown on the model to make it look smaller i love the blue floral print but tha
t is the o with all of the glowing reviews of this dress i so badly wanted to adore this very s
pecial cocktail dress it fit nicely the quality was great but there is a decorative line
of hook and eyes down the front which come undone with the slightest movement i wore the dress
out one time and was paranoid the entire time kept glancing down to make sure i hadn t come und
ressed i suppose i could ve gotten out the needlenose and crimped them all shut but decided to
take it back i didn t see tha when i ordered this online i should have paid more attention to
the picture the dress comes to the knees of the 5 10 model i was swimming in small petite siz
e i checked the label and wondered whether i received the wrong size nope it was ps either t
he dress was mislabeled or this is cut huge returning too bad because the shape and color are
cute i built a new wardrobe around the three lovely velvet blazers moss copper and burgundy
they are soft well fitting pretty linings and very satisfactory this new version is stiff mat
erial and ill fitting not coming in petite is a problem and it may fit others better but it i
s too full across the front with the stiff materials this is a bad fit disappointing and goin
g back this top is very cute and if you are short you will love it i am tall and the dividing
line of color block kept rising up over my bust so it looked weird it made it look like an ill

fitting maternity top had to go back this dress runs a bit small the large arm holes were unf
lattering to my small chest also this dress seemed to make my belly protrude it kind of made
me look pregnant in a way that no other dress has i could see this dress being flattering on so
meone with a very flat stomach or a large chest not me the dress was just too ill fitting and
bulky and large it was more matronly looking then anything and did not fit well if you are goi
ng to try it probably size down 2 sizes for reference i m 5 4 and 124 lbs i bought my norma
l size 4 and it was very large i would not recommend as it s just not flattering i love one sh
oulder dresses and tops so was very disappointed as i m an retailer devotee i wanted to love
this i have been looking for a poncho type sweater for our cold midwestern winters the cream c
olored one that i really wanted sold out instantly and i missed the window for the xxsp i order
ed this in the xs sp smallest size available i am 5 1 and 108 lbs with small shoulders the
neck opening is huge my collar bones and a seciton of my upper back were exposed this would no
t keep me warm due to so much exposed skin on my neck back and shoulders i suppose i could ge
t a this looks so gorgeous on the model on the site so i ordered it online it was incredibly f
rumpy when i tried it on looks like i took a floor rug cut a hole in the middle and slipped it
over my head the sweater itself is so pretty its just too bad it falls so awkwardly on me i n
ormally wear a small so i ordered the xs s and the sleeves still fall past my thumbs its kind o
f itchy too will be returning this asap i had such high hopes but they are just slightly off
they run a tad large so i suggest sizing down i usually wear a 28 or 29 and the 28 fit nicel
y through the hips and thighs \r\nunfortunately the color is off i thought they were going to
be a dark midnight blue but they are actually gray and they have a button fly closure which ca
uses the pants to protrude a bit in the area where no woman wants protrusion i will be returnin
g them i bought a 2p when i should ve bought a 0p i was swimming in the 2p however it didn t
matter because everything was itchy and i m not even allergic to wool the beautiful buttons a
re oddly placed to achieve that cool design and just like other reviewers commented you have t
o twist and contort them to get them to button which inevitably will lead to them popping of
f and i didn t see an extra one in case that happened the coat is stunning there s no argumen
t about that and i welcome i ordered this coat because like others i was taken by its feminin
e beauty unfortunately the coat showed up with the top button broken off and missing and ano
ther button hole torn open i returned that coat right away thinking that it d been damaged som
ehow in shipping however i began to question the quality of the coat when the second coat show
ed up with a broken and missing top button when i tried on the coat i found the missing button
stuffed into the pocket not the quality i expe this dress isn t as fitted as it looks on the mo
del it appear to be more of a shift dress as gorgeous as the print and quality are it doesn t
look great on me for reference i m 5 5 105lbs and bought xs for whatever reason the high nec
kline isn t flattering on me i do personally think this dress is perfect if you have broad shou
lders this coat is so lovely it is the embodiment of 1940 s classic movie star style the colo
r the style the collar add a subtle flair of drama that you definitely want in your wardrobe
if only it weren t for those pesky buttons \nlike other reviewers i am disappointed to note tha
t within a month of owning the top button popped off in the middle of a dinner date on a rainy
night in a french restaurant that same night i noticed a button was missing from one of the sl
eeves alas i am as yet it was a hard decision but i m returning these they re definitely pre
tty and well made they drape nicely ultimately they are too high waisted and too billowy for
most of my tops which are mostly long and billowy these trousers are too nice to wear with mo
st of my fitted tanks even a normal length t shirt untucked draped weirdly and came down too
far on these high waisted pants i guess they re too formal for what i had in mind pictured
them more like a maxi skirt if they were hal nan the small is huge on me and the sweater is ver
y itchy cute idea but not for me i will return it i love the design and fit and quality have
been looking for a long line top like this and was willing to pay full price i have that dreadf
ul little roll right under my bust line and this sucks everything in nicely smooths it all out
i m a 38c and everything was contained nicely and fit great in the large top \r\n\r\nhere s my
issue wore it once and the colors ran i was so excited to wear this i didn t even wash the to
p i rinsed and dried the bottom though and i m not a swimmer just let despite retailer s cl
aim that they have fixed the button issue on this coat beware they haven t i ordered this c
oat november 18th feeling safe that the issue that scores of other reviewers had noted was fixe
d because retailer indicated rest assured this issue has been fixed as noted in the item de
scription feeling confident that i d get a non defective coat at this late date in the quality
assurance cycle i was severely disappointed to open my shipment tonight nov 24th immediately
di i was so excited to see this yellow dress online but was disappointed with the color when it
arrived the yellow us much darker than pictured i felt the dress ran true to size but if you r
e short you definitely want to go with petite sizes this dress just fits weird maybe it works
for somebody there is a reason it has been put on sale it s a beautiful sweater but it i

s very wide much wider than it looks on the model even in the xs s it is also fairly itchy
just way too big for my small frame which is not really the look i was going for nan this is n
ot even a dolman style sweater because it s loose fitting everywhere around the arm the point o
f a dolman sweater is that the sleeves are fitted around the wrist forearm but this is not the
case with this sweater it s super loose around the wrist area i can fit both of my wrists int
o a sleeve i was so excited to try this sweater on when it arrived but to my disappointment it
was overly large i was pratically swimming in it really love the design and the way it looks o
n the model just didn t work out that way on me this sweater has the weirdest stitching altho
ugh the buttons on the sleeves are a nice touch and the hunter green color is to die poor fit
means poor sweater i was so excited to order this sweater i thought that the moss color woul
d make it a great basic for work or casual days ordering it on sale made it all the better how
ever when it came i was so sad to see how muted the colors were with little definition the sw
eater itself lacks definition as well just shapeless and hangy i also did not expect the angor
a like hair on the sweater which bothered by eyes as soon as i tried it on this sweater is big
and box it looks very similar on as it does on the model as other reviewers have mentioned th
e embroidery on the shoulders is a bit itchy although this has a nice design and i wanted to lo
ve it it already looked ruined in the store with pulls all over each one i found the fit is ni
ce but i wouldn t buy it due to the material being too delicate this dress has a great shape an
d fabric but the v neckline is too deep low and the arm holes are also cut too low would love
d to have been able to keep it but had to return this is a really nice quality dress it is a l
ow cut v neck but the fabric is form fitting so its not revealing when u move i love the top pa
rt of the dress but the skirt just did nothing for me it s a soft material but the skirt almost
resembles a bath towel in look and feel i am petite in size 5 0 100lbs i will be returning
due to the skirt being to loose on me in width rather than length also the center pleat of the
skirt makes it look a bit odd the skirt hit right at knee height nan so many things to love l
ove the mod kind of style the forgiving pleats and empire waist and the fabric quality but the
neckline is just way too deep if they didn t pin the one on the model i m a monkey s uncle th
at super low neckline takes what should be a nice day dress and turns it into something you can
t really wear in a church or in front of your dad i seriously considered altering it but the w
aist is already so high i felt it would ruin the line of the dress this is the widest sweater
i have ever seen i laughed out loud when i opened it and then showed it around my office and e
veryone else cracked up too it is comically wide \r\n\r\neven when i was 9 1 2 months pregnant
the m l would have been pretty roomy on me now that i m back to about a size 10 12 this looks
like jared from subway s pre weight loss pants in sweater form ridiculous the sweater could b
e really pretty but it is huge i ordered the xs s and it was swimming on me it s too bad bec
ause the stitching was beautiful but this item is going back i grabbed my typical size 8 and
found it fit snug in the bust the fabric has plenty of stretch so the snugness was fine espec
ially because it meant there was no gaping along the neckline in the front it s lowcut but i d
idn t feel particularly exposed i ended up not buying it because i don t think it fit my body r
ight the distance between the top of the shoulder and the bottom of the arm hole was too long f
or me a significant portion of my bra was exposed at the bottom of the arm hole i love the con
cept of an airy flowing sweater that has great detail this item stole my heart online however
i am fairly petite 5 3 and it looked like it was drowning me the neck line is decently wide
and my small frame couldn t hold it up it kept falling off my shoulders i ended up returning
i think it would look and feel fantastic though if i were taller and had broad shoulders this i
s a very pretty dress the previous reviewers helped a lot when it came to deciding which size t
o order typically i am a 0 or 2 sometimes a 4 in this dress i ordered a 6 that was the perfe
ct size \r\n\r\nthe coloring is cute unique and very versatile for me it wasn t a keeper bec
ause the material was soooo heavy feels like canvas almost if you re looking for a dress to la
yer under a chunky sweater on a cold day i imagine this would work but for me it was a no i sa
w this dress in the catalog and immediately ran to the store to purchase then i realized the dr
ess in the catalog is slightly different but the small differences is what makes the catalog dr
ess so much more unique and worth the money look at the top the stripe colors are different a
nd the stripes flow different on the skirt part as well and the dress was short on me and i m t
wo inches shorter than the model bummer i ll start with what i loved this dress is made with
a really beautiful quality material the material is gorgeous in person and the dress is lined
which is really nice however the fit is just so very strange i am 5 6 and curvy i tried both
a medium and a small for reference i usually take a medium or large size 8 or 10 the medium w
as so large and too roomy around the arms and chest i m 34 d the small was too tight the v ne
ck lay in a very strange way and i m not sure it would have b this dress reminds me of a fabric
used for curtains it is sturdy beautiful and strong i looked like a large picture window in it
if i was 5 10 and 120 pounds it may have worked this is a sweet top as it is shown on the mo

del it appears there is a panel behind the lace on the front of the top this is not so the enti
re front of the top is see through one would need to wear a camisole the material on the blous
e is very sheer it appears to be rather cheap actually if you are wearing a top this sheer it d
oes not make sense to have a camisole on underneath that said you are going to be able to see y
our bra and skin down to your belly button if you do not have a camisol nice quality fabric and
design but found the armhole cut weirdly and fit of upper bodice strange wanted to love it but
sadly sent it back this dress looks cute online but it is enormous i bought a small but it lo
oked more like a 3x plus size i tried it on just in case and honestly it looked like a great
dress for a clown this dress must have had two feet of fabric pinned behind the model in the ph
oto loved everything about this top except two things the price there is a lot of pretty deta
il though and the shoulders what is not depicted in the stock photos is how wide the shoulder
ruffles are i have an athletic build at 5 7 140 lbs and 32dd and this top unfortunately made
me look like a football player i ordered a small and the fit was perfect beware that this top
is on the shorter side it really is very pretty but i would steer away if you have athletic or
broad shoulders i ve been eyeing this dress for months so when it went on sale i finally purch
ased it now i see why it s on sale \nthe dress runs extremely large and has no shape looks
like a potatoe sack and i feel like moo moo in it \nthis will be going back to the store t
he dress is pretty and like retailer it is nice quality i just didn t keep it because it had no
shape on me and even with a belt didn t look right i would have gone down a size in this dress
also i had high hopes for this top based on the photos but when it arrived it is a very thin c
heap feeling top the color is a dusty rose color that has a yellowish mottle throughout it alm
ost like a tie dye or slub effect not pretty at all loved the design and legnth but the mater
ial was not a light and soft as i expected i would get this in another fabric when i saw this
top online i thought i d love it and immediately ordered it in both colors they arrived today
and i am soooo disappointed i have never seen such drab colors the blue is a muddy grayish h
ue like an overcast day and the pink is a dusty shade of peach yuck and i was hoping the r
uffle at the bottom would have a chiffon like flowy effect instead the ruffle is made of a ch
eap looking knit back these go i really wanted to like this dress i am 5 3 125 lbs and th
is dress was about 4 inches too long the hem created a puddle around my feet i ve bought other
maxis from retailer without this problem sadly it went back to the store the title says it all
while the quality was good when i put this dress on a felt like i was wearing a shapeless sack
fashioned out of wallpaper the length was longer than on the model makes sense since i am only
5 5 which was ok but the overall fit was just too big i am a size 2 and tried the xs which
was huge just not flattering or breezy or sexy in any way going back man this dress is the w
orst i don t understand how it looks the way it does on the model agree with previous reviewer
there must be a minimum of 200 pins pulling the waves and waves of extra fabric back this dress
looks so cute but is so so so disappointing in person sweater collar and cuffs stiff and
bulky dress billowy and sack like not sure how they got a belt to pull it all in save your
self the return and do not get sucked in by the sale price and extra sale discount like i was so
ready to love this dress but it runs extremely small like you should maybe purchase a size 2 s
izes bigger than what you normally wear i just received my back ordered wildberry top in blue
it s not blue but instead a dull mottled purplish hue it looks like a well worn stretched out
tee shirt with a tired ruffle along the bottom so disappointing it s going back for sure so d
isappointed i love retailer this was a huge disappointment i am 5 3 and 120 pounds when i p
ut it on all i could think was that i looked just like a clown due to the big cowl neck and how
large and round the dress made me look if i wasn t so disappointed i might have laughed this
had to have been a design mistake i ve truly never seen something so unflattering i was under
the impression that the blouse is lined however i d need to buy yet another tank to go underneat
h which may be an issue due to how short this blouse is i returned it the cowl and cuffs of th
e dress are thick and heavy sweater material but the dress itself is extremely thin the non be
lted pictures do not show how much volume there is to the dress which was enormous in my normal
size this dress has way too much material the material is really soft and beautiful but there
s too much of it it feels like you re wearing a big sack sadly i ll be returning it unlike th
e other two reviews i found this dress horrid i ordered a xs since i am between that and a s
it was just too much fabric for me i have a small frame so it was just so overwhelming the
armholes were big and i felt like i had a bag on me colors were nice and fabric was soft and li
ght the belt made no sense as others have said length was good i tried it on as soon as i go
t it and couldn t take it off fast enough i literally ran to the post office and back it goes
this is my too full of a dress for me i tried a belt and it is then too chunky if you are youn
ger tall and slim this would look great the pattern and fabric on this dress are very nice th
ere is just too much fabric it s much too baggy but could make a nice maternity dress i ll be
returning it i was so excited to get this dress i saw someone try it on in the store and waite

d all season for it to go on sale i loved it except for the seam that was right at the neckline
in the front they didn t even try to match up the fabrics it was so obvious and cheap looking
that i had to send this dress back so sad as soon as i saw this dress i ordered it i didn t
want to miss out on it i loved the look the colors were so fun and bright i thought it was
going to be my perfect dress for an upcoming trip to hawaii i am 5 4 about 118 i ordered a p
xs when it arrived i loved the feel of the fabric and the colors but was wondering what it woul
d look like on as it was a lot of fabric i know it is to be flowing but on me it was just awful
part is that the ties on the shoulder are sewn in place so i c i am a curvy size 8 i loved the
colors but found it looked maternity when unbelted and there was too much bunchy fabric at the w
aist when tied i tend to like things that emphasize my waist however but like other reviewers
said it looks nothing like the picture of the model i am 5 3 and 110 lbs i usually wear an x
s in maeve and i ordered the xs petite the straps are not adjustable so the top part of the dr
ess is up too high and then there is just so much material it looks like i m 6 months pregnant
and i usually love loose dresses like this but the way this falls really does make you look lik
e you are hiding a sack of potatoes so bummed because the material is beautiful and i lo i so
wanted to love this suit it is so unique and cute however it does not wear well on a short gir
l i am 5 4 and the torso was much too short for me so the cut down the middle looked really wid
e and odd and the suit just made me look stumpy instead of sexy also for how expensive this su
it it i also thought the material was pretty thin for how expensive this suit is i m sad to say
it is going back i really really wanted to take this home with me but decided against it from
the front this dress looks amazing when it was belted and i love the colors in it however it b
unched like crazy in the back i tried it without the belting and it just hung like a sack and w
as completely unflattering if there were some way to get rid of the bunching in the back then i
would have taken it home but with the cost of the dress i can t justify taking it to a tailor
so it stayed sigh so close this dress had so much potential looked cute when i received it
put it on couldn t wait to take it off it s shapeless top heavy just overall unflattering
the material could be cute on a totally different dress don t waste your money long time ag
jeans fan lately though i m finding the material is much too stretchy i wanted a good pair of
jeans if i wanted pajama jeans i would ve ordered them i found the same thing with the steve
capris i ordered same review there \r\nso back both pairs went \r\nit s a shame because the c
olor was as pictured and just what i wanted if only they had been made out of actual jeans mate
rial i ordered this shirt in the purple stripe and was happy when it arrived and i really liked
the color and style however like the other reviewer when i tried it on the little circles
on the front line up perfectly with your bra straps i even tried a different style bra and had
the same result sadly i returned it yesterday this jacket was cute however i am normally a
large with a bit of room to spare this has the irritating issue of not fitting under the arms
and across the chest and shoulders it is not my shape as most other brands at retailer fit me
this jacket is not sized correctly contrary to the first review there is a zipper so while it
wasn t easy to get on it did fit over my bust i found this too small and high waisted and i a
lready have a high waist so i can imagine it looking empire waisted on a normal torso what i ha
ted was the ridiculous inverted pleat in the front of the dress which is almost impossible to se
e in the online photo it made my already busty frame even wider and more unflattering the lini
ng was nice and soft and the sleeve length and hemline l these are light and airy and pretty th
ey also tore the third time i wore them and not on a seam a little above the knee while i was
lying in my bed \r\n\r\nthey also do not slim the figure and the fabric is slightly see through
as it is so thin therefore if you are looking for serious lounge pants great i would not le
ave the house in them or turn over in bed in them \r\n\r\nwhen i sit the slits fall down aro
und my thighs my son complimented my dress the other day because the slits give way bought the
dress online and it only has an eye and hook at the top the waist has no stretch and their isn
t a zipper you have to be a contortionist to get it over your head and shoulders so cute in th
e pic but not realistic going back i had high hopes for this top but it didn t work for me at
all it shows your bra straps perfectly plus it was so big and boxy that it made me look about
10 pounds heavier no thanks i was skeptical about the contrasting color details on this blazer
and it turns out i was right to be this blazer just looks like part of a prep school uniform b
oth in the colors and the fit which is very boxy maybe this is someone s style but i just don
t think it looks good this top is really beautiful but looks absolutely horrible on my 5 9 ap
ple shaped body in the words of my husband i looked like a star trek villain love the style
weight not too hot and look but it sheds all over any pants other than jeans i also wore a wh
ite tank under it and it stained it blue very disappointed i was so excited when i purchased th
is top it was going to be my go to for running around as it looked super cute with leggings an
d boots the softness alone made me feel like i was wearing my pajamas so comfy that all ch
anged after one washing it is now pilling and not nearly as soft as before makes me sad b

ut it is going back i wanted to love this dress so much so that i ignored earlier reviews and p
urchased it in two sizes to see if i could make it work the fabric is gorgeous but the fit was
very unflattering it s too large on top and hangs awkwardly in both sizes i considered tailori
ng to make it work but with this pattern i felt like that would be a compromise in the end i re
turned both sizes ast the fabric couldn t compensate for the very unflattering fit it made me l
ook extra thick in the middle could pass for maternity wear pretty colors fabric is fine it
s just too shapeless and not flattering on me i m 5 11 and it was also on the short side for m
e even if it fit better probably too short for my age 40s i was excited about this dress be
cause i love the colors and print the dress has no shape though and not in a good way it s not
flowy enough for the look of a shape dress but its not fitted enough to be flattering as soon a
s you get up close to this sweater you will notice that the bird on the front is of an interest
ing kind of material almost like carpet that has been shaved waaaaaaaay down so that the little
fibers are sticking straight up and a fraction of a millimeter high i was not excited about thi
s texture and can imagine it will be a huge magnet for collecting lint and dust throughout the d
ay the fit was way off on this one for me and was not flattering at all it wasn t for me at al
l even thou this top had so much potential i bought the striped colorway in an xs which is my
normal size i am a 32d with an athletic build so the sleeves are tighter on my arms than pictur
ed although they are adjustable the top of the shirt fits perfectly but the bottom is very wi
de and short i m only 5 2 but it s still just a tad shorter than i d like i wish it was sligh
tly more fitted and then it would be perfect unfortunately this one is going back was excited
to wear the dress for the first time but while standing in front of the mirror putting makeup o
n the seam between the body and sleeve just started to unravel strangest thing just a random
hole appeared i m 5 8 38 30 38 i bought these leggings in a size large blue motif t
o wear under a really cozy organic cotton tunic in an attempt to create a sophisticated looking
comfortable look when i first it them on they felt like compression leggings and i wondered if
they were too small i wore them for a day and now they are falling down around the waist and th
e crotch is hanging i spend so much time trying to hike them back up i m not at all comfortab
le and i doubt i m looking sophistica i was so excited to get this dress and it was such a disa
ppointment it looks so cute on the model but it was very different when i got it the color is
a lot more yellow than i thought it would be and the pattern just looked a bit strange it stoo
d out more against the yellow instead of looking neutral the dress fit really awkwardly on the
top the straps were way too long and the chest area was practically baggy when i put it on i
normally wear a 4p and i ordered down to a 2p the waist i look like i put a baggy bag over my
head also the material really seemed like fake velvet to me i wanted to love this dress but
sadly i will be returning the color looked fairly different in person than on the model i thou
ght it was a browner neutral hue but the dress is almost like a yellow seersucker ish with brow
nish moth printing was cuter than expected the sweetheart neckline is darling but that is whe
re it fit me poorly i have a 34c bust and the cups of the size 4 were gaping on me in the fron
t and all along the arm holes the straps were also way too long and falling off my very disappo
inted when i received this the colors and ombre fabric are beautiful beading and embroidery ma
ke it a even more unique top however the shape ruins all of that first it is nearly a crop top
second it is boxy and it s attempt to be a swing top only makes it bulky third need to size d
own 2 sizes had to return this i love this top and the beading is beautiful but just like eve
ryone else it was way too large i normally wear a lg but the large looks and feels like a 3xl
beautiful but large i was so excited for this dress to come i am 5 39 1 quot and 100lbs so i
ordered and xs petite it was literally falling down around my shoulders and gigantic all around
maybe on someone taller this would have looked great i was also disappointed that the blue show
n online was not accurate my dress was a much lighter blue back to the store it goes i was re
ally excited to see what this looked like in person when i unpacked this shirt i was shocked to
see what how short it looked the colors are very close to what you see online but the shirt is
super boxy i have a smaller torso and it barely came to below my waist you can t tell by the p
icture but this shirt can fit at least 2 people in the width when i tried it on it didn t look
as boxy but still a really weird cut it was disappointing because it looks so cute online i wi
ll be retu i wanted to love this dress especially because it s been given good reviews i order
ed the blue and tried it on the fit was pretty good and the color is pretty and deep i did not
like the seam that ran around the drop waist it created a weird allusion that the two pockets i
n front was actually a continuous pouch around the dress i also did not like the neckline the
re is fabric added on the shoulders that s in a different fabric and makes it look like you re w
earing a t shirt underneath th really wanted to love this top but it was too boxy for me really
pretty deep wine colors and a great plaid but overall it did not give me any shape and it was r
eturned my girlfriend and i both purchased these leggings in grey we love the color because it
goes with so many things the problem is they do not fit the same hers ran true to size and mine

ran small i am tempted to reorder another pair to see if they fit differently i usually love m
aeve and generally feel like everything they make was made for me sadly this dress is a defini
te exception which could easily have been solved by changing the construction of the dress as
other reviewers stated the dress does run small but even if you size up if you have any breas
ts at all the dress will pull at the buttons causing them to gape i m only a b cup so not on
the large side i m pretty sure this is why the model has her arms crossed in the picture i lo
ve the details on this dress are lovely the embroidery is wonderful but the fit on this dress
is just not for me it is very baggy and shapeless it doesn t have any curves at all so it just
drapes down me and looks formless really unflattering sad but it s going back i m not sure if
i only received part of this dress as a mistake but i received the chiffon shell but there was
no slip as pictured it makes it kind of difficult to wear when the entire thing is sheer i had
high hopes but sadly this is being returned the xs is out of stock now so i can t even reord
er bummer i m on the shorter 5 3 side of the spectrum and usually wear an xs in retailer
this is a lovely suit but it didn t work at all for me it might work well on a taller person or
someone who is longer waisted the ruching and fuller cut leg was not flattering on me at all i
t was very tight and pinched sadly i returned it the skirt has a great cute design and great
colors and great shape but it runs very small and short this company needs to provide a better
fit and large sizes if they run small this top would be great if it were longer and the neck w
asn t so open even for a boatneck the neck was too wide for those that don t mind showing the
ir stomachs this top will be okay the material is nice and stretchy and i like the stripes but
just way too short for me this sweater was pretty short beyond that when i raised my arms th
e thickness of the sweater caused the shoulders to rise up and stay there when i put my arms dow
n i am 5 7 135 lbs the small fit well in the bust but no shape it was just big and frumpy
it went back this skirt looks great on i didn t even think before buying it planning to wear
it all summer so the aesthetic is great quality and design not so much you get exactly one g
ood wear out of it before the folding absolutely disintegrates it is not sewn in or built to la
st \r\n\r\nthen it looks like a cheap sarong over a cheap miniskirt i thought the dry cleaner
might be able to fix it but they said they would have to resew the whole garment not exactly w
hat you want to hear with almost bran i absolutely loved these pants when i tried them on i am
5 1 and will definitely need it hemmed because they are so so long but i m fine with that becau
se these pants are so unique and gorgeous i m 130 lbs usually a size small but xs fit me just f
ine i will have to say though i am very upset because my pants shipped with a huge tear in the
waistband the only way i was able to try them on was because the last bit of the waistband was
hanging on by a thread so the quality isn t too great a these are huuuuge i m 5 8 117lbs i
ordered the small but unfortunately they were way to big i might have tried the xs however di
dn t care for the pattern as much as the picture i think these would work better on taller full
er figure girls i purchased the 0p online and it was so incredibly short on me it wouldn t even
serve as a tunic it was also so tight in the bust area that i could not pull it down because t
here is absolutely no give in the material the berry color was not as bright as it had appeared
online but in fact was a very muddled color that seemed to make the material look even more chea
p i would need to size up considerably to have good fit without give in the bust and arms and j
udging by the structure of the dres this dress is gorgeous as displayed at store color is vibra
nt but the one i ordered looked dull and wrinkles very easily i wore it to a ceremony and the
seatbelt left me wrinkled before i arrived the top is very wide and best to wear strapless thi
s shirt has a vibrant color and beautiful neck line but unfortunately i had to send it back it
is short waisted with a lot of material in the back had it been 1 2 inches longer it may flare
out but based on the length on me it ended up looking like a shrunken tent for reference i a
m 5 8 with a long torso i splurged on this pajama set for myself and now regret it even though
the design is adorable the knitted fabric contains acrylic and started pilling a lot within the
first week of wear after a month and a couple washes it looks horrible it may be the worst ca
se of pilling i ve ever seen in a fabric so so disappointed it initially fit true to size but
has stretched out a bit over time maternity like and although the back is really cool there i
s too much material in the front and it is almost like thin ribbed long underwear pajama return
ed i agree with the previous reviewer that this shirt is way to sheer at least for me if you d
on t mind wearing a cami under it or your bra and skin showing in the back especially then it m
ight be for you i did not feel like it was very good quality either the print is really cute b
ut then it did not button all the way up and i like the option because i think they drape better
when they have buttons to the top wether you choose to button up this would be a great dress if
it was sized correctly i ordered my usual xs and was shocked at how large it was sadly the gra
y black color is no longer available in xxs a size i would never typically order and is not av
ailable in petite sizes i liked the design the fabric and the color if you are lucky enough
to be larger than a size xs i recommend ordering one size smaller than your usual \n\nfor refer

ence i m 5 3 111 lbs 28dddd 30ddd and usual wear a size 0 in dresses and pants i loved how this draped and im super petite 5 1 32b bust and this was seriously one of the most ill fittin g items i have every owned i purchased the pxs and it was huge i hope this has a better fit as the other reviewers seem to have a more positive review i was just appalled as to how bad the m easurements were off unfortunately the straps are not adjustable so this went below my chest t oo sad retailer please get the fit right beautiful pattern and shape however i had to send i t back it is extremely see through and ran very small i even sized up and it still pulled in t he bust area maybe someone with a smaller bust might fit them better this dress is beautifully made but it does not flair slightly as in the photo it stick out like a tent it might be a go od maternity dress the fabric is somewhat stiff andheavy with a slight texture this shirt is t hin and shapeless the quality is h m esque unflattering not a fan i really liked the style of this top but it s way oversized i m petite and drowned in this top even though i got it in an x s the material is nice but i can t see i had a feeling for the cut because it runs so big this one is going back to the store i was extremely disappointed when this arrived it s nothing lik e the red color shown rather it s a very dull reddish color as other reviews have suggested i t is very thin and runs large i have to return i like this top but it does not fit me correct ly i am 5 1 and have a larger bust 34 c this shirt fits in the length but is tight in the bust i would have to buy this in a medium i normally wear an xs or s the quality is better th an most t shirts and i ordered the red the red is a deep and striking color and one of the be tter reds i ve seen this season the biggest problem i had was the cut of the shirt the top cut s in and doesn t provide coverage my bras are not covered by this to so comfortable and soft bu t starting pilling after one wear sending back i ordered a medium in this and it definitely fi ts more like a large i liked the color the sleeves but tying the tie at the neck looks silly on me and leaving it open shows too much cleavage overall it is just shapeless and too much fa bric on me i m sending this one back the design is gorgeous the fit is great and the fabric d rapes beautifully and is very comfortable however it s extremely see thru i tried this dress on in the store i loved the fabric and color but the fit was huge no matter how much i sized down there are full dresses and tunics that are supposed to be loose but this was shapeless in an unflattering way i was attracted to the style and color but the execution left much to be d esired i ordered the dress on line this dress looked pretty the material was soft and comfort able the length was perfect but the zipper was totally out of place it bulged out in a weird way which made it look like the dress was torn i had to return the dress i normally don t see a problem at this level in retailer clothes i automatically knocked off one star because every brand that offers size xs and many also offer xxs should also care about us size 14 16 xls as well i ordered a size large and of course it shows every bump and love handle in back but i r ecreated a look from my local retailer s window they showed a long unbuttoned cotton weave dres s over this crochet dress the closest dress pictured online to what i saw is the mabli maxi d ress but imagine it opened if it had buttons and in blue with i had high hopes for this swe ater and when i found it on sale online i jumped at the opportunity i am 5 11 slender and al ways wear a small in retailer tops i purchased this in the mint size small and as soon as i o pened the bag i had doubts the fabric is terrible thin and scratchy it is not soft and suppl e as i had imagined the mint color looks faded and the shape is awful the length of the arms h its in a bizarre spot the overall length of the sweater cuts me off at the torso and the loved how this top looked online and couldn t wait to get it i ordered the xs and it was huge and als o very short in length compared to the picture online i love the fabric and design but the fit was totally off this is going back i really wanted to like this dress the material design l ength and fit all over was perfect except for the armholes too big and the ruffles came right upto the nipple line not comfortable with that sadly had to return i like the colors materi al and style of this sweater but not a fan of the sizing the xs s was far too short for me and the m l was great in length but had a tremendous amount of extra volume i am 5 6 size 8 i b ought this dress because it was cute swinging and lightweight seemingly perfect for this hot nyc summer after on wash and dry the dress is already ripped around two buttons i ll still we ar it but i don t think it ll last until next summer kind of pitiful since it wasn t a cheap o dress also it is big but that seemed to be sort of the point after reading the other reviewers i decided to try this out unfortunately the material does not fall nicely on me and the belt h its in an unflattering spot i like the idea but it s just not a flattering cut or material goi ng back i ordered a size large however as a large my chest is large as well this nighty barl ey covered me in the chest region the rest of the body fit well this arrived this week and i was so disappointed the proportions are all wrong from the empire waist to the dolman sleeve s to the weird texture added to the material if i could sum up this jacket with one word it wo uld be weird i don t have the right body to pull this off too many awkward styling issues l ength slits tie stitch quality so this will have to go back maybe if i was taller and slimm

er this would be good alas it isn t meant to be i loved this top online and even more when
i opened it up however the quality of the stitching is poor where the seam comes together at
the hip on both sides the stitching is very loose and appears to be coming undone i was bummed
and am sending it back today this top is well made and would be cute but huge this top has no
shape and is way big back this goes j i took advantage of the summer tag sale and bought a few
tops including this one i ve been eyeing this online for quite some time so i was pretty excit
ed to get it at such a good price it came in the mail the other day it s like christmas mornin
g when you see an retailer package at your door however this time wasn t so great the top is
fine average at best the top fits true to size maybe it s the pattern or the cut but it didn
t work well on my body i recommend trying this on first i found it very thin and much more she
er than i expected not sure i could get away with wearing it without a slip sadly i ll be retur
ning it also runs a bit large would have returned it for an xs if i loved it while this is c
ozy and well made the problem lies with the unavoidable exposure of the inside of the poncho w
hich looks unfinished had the inside been lined or had the hue of the stripes continued through
the material the draped look of this piece would be gorgeous unfortunately the faded backside
of the pattern a glimpse of it under model s left hand viewable through the very large arm ho
les and impossible to hide disrupts the effortless fluid feel that a poncho should have i w
as loved the look of this wool and so well made problem was it literally would have been better

d i m 5 9 and 160 lbs so i m no shrinking violet just too heavy of fabric i loved this top wh
en i saw it online i was able to go in the store and try it on and sadly it is not the top for
me if you have a large chest then this top will gather at your cleavage and give an awful appe
arance the fabric falls in and even the sales associate agreed that it was unsightly if i were
an a or b this probably would have worked i should have known to stay away from a pleated top
i was expecting a tee shirt but the material is more of light sweater knit in the end it wasn
t the fabric that was the deal breaker it was the fit in my regular size it is too wide and b
oxy through the body i also felt like the arms are too big as well it s going back and i am no
t going to bother ordering it in a smaller size it s a shame because the embroidery really is l
ovely if the sweater looked as it does in the picture i would keep it however it was very bo
xy and short a style that does not work for me at all i m 5 ft 6 in and ordered the medium
i suspect the sweater on the model may be clipped back to make it look more form fitting unfort
unately i will have to return the sweater i m 5 4 130 lbs curvy and fit i m usually a size
6 but when i tried these shorts on they were tight i sized up to an 8 and they looked better
but overall the fit was not flattering on a petite curvy frame i think these shorts would work
on someone taller and a bit thinner in the thigh area like the previous review said i was exci
ted to receive this top i had grand visions of all the ways i could wear it to my chagrin whe
n i put it on it just fell right down and pooled around my waist i wish there were smaller siz

s like a glove but this one i guess it would have fit me like a glove but i live alone and
at the moment i don t have enough money to hire a lady s maid and so i couldn t actually tell
it buttons all the way up the back so you cannot put it on yourself unless you are a contortio

send it back i m tall 5 11 and busty and found this top to run on the short side as others
have said the material is soft and stretchy but the rouching created a bit of a bulky look i
returned it these could barely fit over my calf and did not even broach my knee i have big cal

he tube top part is completely detachable and extremely thin there is literally not much to it
and i m not sure it wou bought this early in the season probably washed and worn 8 times and
there are small holes that have formed in the front towards the bottom bummer i had high hope

l i m a pear shape and thought this style would be flattering i have a few other peplum style
sweatshirts from retailer that are my favorites but the cut on this is tighter so the bottom l

have sized up but being xl there s no option for that i m returning mine \n\nthe applique is
done well and is cute the colors look the same in person i read the reviews before i bought th

it first the good i love the color the fabric and the design it s very lightweight and loos

ble for me it s boxy i didn t like the fabric and the arm ruffles are bizarre it s going bac
k tomorrow i was excited to receive in hopes to wear more as a tunic over skinnies vs a dress f
or fall this runs sooo very large the material is thick and the pattern is just ok didn t do
anything for my hourglass shape returned loved the fabric but returning because the armholes a
re cut waaaaay too low unless you have 30 arms all you get is an unnecessary showing of your

bra i bought the s came with a tag saying sz 8 it is in fact more like a size 2 if not 0 \r\n\r\nthe bust is probably a 34 a or b or 32a or b the cups fit me relatively well but the rest was so tight that i could barely manage to put put it in i can t imagine wrestling with th is bathing suit each time i want to wear it so i will return it \r\n\r\nthe fabric design is as spectacular as it looks though very good quality 5 7 34c 28 jeans 4 dress ordered a small and a medium never tried on the medium the small was a little big in the waist but what threw me for a loop was the chest huge could work if it s meant to be blousey but the armhole s were massive if an xs is returned i might give it a shot but i can t imagine what women who are smaller than me are going to do in this jumpsuit great color transitions into fall easily cannot be belted or wear a camisole due to the opening at the stomach sh these pants are more l ike 9 not 10 i was very dissappointed the color is great and so is the fabric \r\nif you loo k more closely at the model the pants don t fit her either they are too small i haven t decid ed whether or not to take them back because i am losing weight i am a 31 so far but these pants are like a 30 i need the color because they go perfectly with a top i bought from retailer i wa nted to love the stress so much i mean who doesn t love polkadots and a good maxi unfortunately the fit was too awkward the bust is saggy and the waist seems to poof out i ordered this cardig an on sale and it was a wonderful fit and color just the light sort of cute pullover i was look ing for to keep and wear at work unfortunately it is poorly made i wore it once and it alread y started to fray and fall apart after closely inspecting the cause i realized that the thread s in the sweater are not fully sewed together so the minute you put it on one will start to un ravel leading to a domino effect it is a shame because the design and cut were truly a great f the dress fit fine with two exceptions first i am 5 1 and i ordered a petite 4 the dress w as dragging on the ground so it would need hemming if i were keeping it but the deal breaker w as that the gathering of the outer fabric over the bust stuck out an inch beyond my 34d figure which made me look like i had very oddly shaped nipples i made the assumption that the dress i received was defective so sent it back but unfortunately the replacement fit the same way th e lining fabric fit sadly i returned this one i m a 36d bra size and this shirt could not hand le that it fit around my chest so sizing up was not necessary but my chest caused the straps to shift and sit funny on my shoulders cute top and well made for those who can fit into it bet ter this dress had an odd fit very loose on top with pointy darts very tight on bottom fabri c was stiff so it didn t move well with me was super excited to try this on but had to go up 3 sizes from my normal 6 and the waist was still too tight i was swimming in the top as well ju st a very strange cut and unflattering such a bummer because it s so pretty loved the bright p attern online and had hoped it had a similar fit to the tyla ts which i love in actuality this was a lot boxier the cut was shorter in length too short for my 5 10 frame the width was rath er boxy and unflattering particularly with the wide arm holes and flat cuffed sleeves also the pattern looked a little cheap in person way less spectacular than retailers typical gorgeous vi brant patterns this is going back i m afraid fun sexy underwear but rides up in the front wi ll return designs are nice and texture feels comfortable but sleeves are odd because they are a ngled \r\ni wonder what i should do to look cool in this t shirt \r\ni tried wearing neutral mot if but i still felt odd \r\nalso width is relatively wide so it runs large \r\ni rated averag e for overall rating because of these odd sleeves and feelings \r\npersonally i do not recommen d this t shirt but who knows it may be right for you \r\nso my advice is to try wearing it in a fitting room and check whether it loo it was love at first sight when i saw this dress onli ne i have several maeve dresses which i love so i thought this would be a sure thing i was rea lly excited when it arrived because when i opened the package the dress looked just as beautiful until i put it on fit is fine from the waist down but the upper part fits very poorly especiall y in the back \nnot sure if it s the zipper that pulls the fabric or if there s just too much fa bric in the back but the back of the bodice doesn t lie flat nan gosh this is beautiful but it i s way wider and puffer than i imagined it would be in fact it almost looks like a costume or so mething you would buy handmade i would just feel silly wearing this out to dinner with a group of friends i gave it high ratings on the quality however because it really is beautiful but the design is just not what i had hoped for i ordered this dress in my usual sz 2 it seemed to be t ight on the hips then i tried the next sz 4 and it was tight because i realized that the lini ng was very sticky and would bunch up underneath making the dress look defective on me not for curvy on bottom i think if you are more slim down below this will maybe work but i had to retur n for this reason i was considering cutting out the lining because it was so cute and i really liked the look of the dress if it goes on sale i may purch relaxed fit soft and comfortable i nteresting design but material is extremely thin if i had purchased this at full price i proba bly would have returned it it seems more like a pajama top i am wearing a medium in the phot os and for reference my measurements are 38 30 40 i did not purchase this top generally i fin d sizing at retailer to be very consistent so i ordered this dress in the same size that i orde

r all of my other retailer dresses the bust was way to small so i had to go and return this an
d have the next size up shipped to me it s till way too small in addition the shipping was te
rrible the dress was just dumped into a bag with no attempt to fold this and the right strap
was defective it s so irritating that i have to return this again this vibrant colors in this
dress are beautiful but the fit is very off you would assume a fit like this would be slimming
and flattering at the waist but it somehow squished down my boobs and made my waist look wide
it also ran small the cut of the bodice is very strange and unflattering it is great quality
but designed poorly returned it i wish his dress would have worked it is beautiful however
the waist and bust runs very small the bottom of the dress does flare out a bit but the waist i
s so tight that unless you are a stick everything at your waist and hips will stick out what i
s going on with maeve sizing this season in the past two months i ve purchased two maeve dress
es that run very small particularly at the waist having many maeve items from past seasons an
d other recent retailer purchases it s impossible to ignore that maeve s sizing is quite off t
hat aside the vibrant summer colors and material quality are great the skirt is lined but bill
owy and fuller than ideal strangely it s a lot of dress yet not enough at the same time there
bodice h when you buy a dress full price and it goes on sale before you can even wear it 168 d
own to 49 uuuuggghhh i like the dress fine enough but it has a weird under wire it makes
my chest look strange like i don t fill it in i usually don t have that problem as a c cup mo
re orange red then yellow as well wouldn t recommend loved the idea of this top but it just w
on t work for me it s really big i m 5 3 and 125 lbs a small should be fine but i m swimmin
g in this the back is pretty i tried it on with a white cami but it looks very maternity on
me tried to order the xs but it s sold out too bad was a cute idea not too thin for summer
i m not much for ponchos but this one looked unique it is thin kind of a felt material that
was expected but i was surprised to find it was shorter at waist than how it appears online
and it was wide horizontally the colors were more muted and the design was slightly off center
unlike pic the turtleneck was thick and itchy it was a return i definitely like unique things
but the sleeves are way too much on this sweater it s a shame because it is so soft and comfor
table but overall i felt it looked somewhat silly on me the fit was not flattering at all but
the worst part was the colors were really dull and not bright as shown in the online photos not
sure what to think i had great plans for this dress love the top design not so much the fabric
i should ve read the top was 100 polyester returning and finding a better quality top unfortu
nately the dress is pulling apart after the first wash gentle hand wash cycle also there ar
e no bra straps holders and my bra straps did show up a lot i was so excited to get this top
and while it is soooo amazingly soft i still could not keep it i must admit that i am only 5 2
so i do think this had quite a bit to do with my dislike of this but i felt like a matador w
hich is definitely not what i was going for maybe if your tall and lean this would work bu
t for me no way i would have l loved to keep it but even the 0p was big i have pretty broad m
uscular shoulders and back and i was swimming it i wish retailer would stock more petites i wo
uld repurchase if the 00p was available they always sell out very very quickly and they never
restock i agree with the other reviewer about the great colors but when i took this off the ra
ck to try one you can see through both layers of fabric i thought insulting quality for the
price i imagine the holes would start after one wearing i waited impatiently for this item to
come in stock and when it did i had it overnighted because i was so excited to receive it it
s hit or miss with me as far as retailer s mediums and larges depending on the brand i general
ly err on the side of caution so i ordered the large it looked cute out of the package but wh
en i put it on i was terribly disappointed it flared way out at the bottom and was not as fitt
ed through the waist as on the model this could have been the large sizing but i love the patt
ern adn color combo but wow t really flatering on me too much fabric i felt like i was tryin
g to hide wight gain or pregnancy or wearing a mumu anyway not for me but others might toll w
nat to try in case it was just me too bad \n\nlength was decent in regulat size though not t
oo long just too wide this is an adorable top but it just wasn t my style i m 40 and felt si
lly wearing a big bow but if you can rock this look i d recommend it the top is a thin sweatsh
irt material not a knit sweater or a thick sweatshirt fabric it is a cotton rayon blend the s
weatshirt part is cropped but the striped shirt details come to a good length the shirt trim i
s 100 cotton the fit was true to size it is a bit loose not overly fitted but true to size
it nips in a bit at the waist and then flar this runs very small and has a beautiful design but
it feels very cheap material feels like thinnest possible t shirt material out there surprised
with retailer on this one back home to retailer it goes i was so excited to get this top i lo
ve the bow at the neck and the frill sleeves so current unfortunately it was difficult for me
to pull it over my head the neck opening is too small and there are no buttons i have a prett
y small head and very fine straight hair so i can imagine that others will have a similar issue
getting it on \r\n\r\ni am keeping it because i love the style but will need to alter the neck

myself the rest of the top fits just a bit loose \r\ni got the x small and am a 3 beautiful flo
ral print and while i like the concept of this dress it was a total failure for me where the kn
it meets the print hit me at the top of my bust truly a disastrous look for a bustier figure si
nce the fabric just drapes down and made me look much larger than i actually am same with the a
rms if the white knit had carried down to the elbow it would have elongated the arms instead of
cutting them off mid biceps to make them look like giant hams i m 5 6 and a classic size 8 and
this i wanted to love this top but had 2 major problems with it first it s not for short girl
s i m only 5 tall and it was a total mess on me proportion wise the sleeves were way too long
and the seam where the sweater and peplum meet hit right in the middle of my butt which was ter
ribly unflattering second the grey fabric was very thin and kinda cheap looking no regrets on
returning this one it s a beautiful top but not for the price very thin material not see thr
ough though i fear it may easily rip material is strange triangle top is funky this is just
not awesome in any way this is such a cute design but it s so short it barely hits at my hips
you d have to wear a layer under it to keep your tummy from being exposed i m also not thrilled
with the buttons i am a 34c bra size and the second button was gaping open on the size 4 top
i wish they d been sewn shut the neckline is so big it s not like the buttons need to functio
n i got the burgundy with pink flowers and the colors are great too bad it s so short and gape
s open at the bust going back i purchased this top in the xs and was so excited to receive it
as i love the layered look snd the back of the sweater was so cute online the sweater itself is
lovely but it was a tent on me waaaaay too big for my 5 3 frame if you re a taller gal or so
meone who likes more volume in their swing tops this is for you unfortunately i had to return
it i agree with the other reviewers the fabric is beautiful although i wish they would star
t making blouses again that didn t require you to wear a cami underneath because of sheerness i
mean for the price shouldn t it be lined or something when did our expectations on fabric quali
ty get so low but i knew going in that it would be sheer so i can t really complain too much p
lus they are so loosely sewn on that after 20 minutes and only half the buttons undone one fell
off i gave up at that this dress didn t work for me at all i m 6ft tall 160lb i usually wear
size l 8 10 but based on the reviews i ordered an m the material of this dress is very soft an
d fuzzy color is about the same as pictured also length is appropriate dress is very thick an
d warm the fabric however has no stretch at all dress is very specious and shapeless there is
allot of room everywhere except shoulders sleeves i thought that area was tight snug which
is strange because it runs large everywhe loved the pattern and colors of this dress the materi
al was extremely heavy the shoulders and across the back was very small so that i couldn t lift
my arms or put them out straight in front of me but then the rest of the dress was huge and sha
peless sadly i had to return it so ordered online tried this on boyfriend asked me if i was
buying maternity clothes \r\nback it goes super cute but huge way too big and had a granny li
ke styling was very excited but ultimately took it back this top is absolutely beautiful the
fabric is great the cut is nice etc however the buttons are too big for the button loops
which do not have any stretch it took ten minutes to open the shirt to try it on once i had it
on i left it unbuttoned i returned it if you can t live without it you could put smaller bu
ttons on it too pricey for a non functioning top too bad a serious joke i struggled with th
e buttons for a good 10 minutes and gave up after the 3rd button i m not sure what they were th
inking i am absolutely shocked that so many people love this dress maybe i should have sized u
p and reconsidered but i still don t think it would have worked the fabric is very soft but th
at s where it s qualities for me ended the knot felt huge to me and definitely added unnecess
ary size to my already curvy hips for reference i m 5 4 and 125 hourglass 32dd the cut a
t the bottom also felt very strange and restrictive to me like i would have had to take smaller
steps to walk around in it i had a few pairs of these high waisted beauties last year and love
them so i was thrilled to see them in this adorable pattern which is even cuter in person unfor
tunately the cut is different the sides covered here by the model s hands flare out a bit wh
ich is the function of the sectioning that the piping accentuates the top is not the definitive
ly high wasted height from last year i don t own anything else high wasted being an apple i m
generally a low rider owing to a small hips butt this looked nothing like the picture on me was
long and very unflattering belled out greatly at the bottom also the material was thick which
is why i give it three starts for quality but overall awkward i like my clothes loose fitting
but even for me this ran large i am 5 7 134b and medium fit in the shoulders but was too big ov
erall although i love retailer this product isn t the quality or presentation i expect from the
m the dress arrived stuffed into a small plastic bag and was a crumpled mess the fabric wasn t
soft and fluid as i expected but rather was stiff and a little scratchy i purchased the ecru v
ersion which was also slightly darker than the photo showed i returned the dress and will keep
looking i purchased the green dress in medium i usually wear a medium the fabric is pretty s
houlders fit nicely sleeves were short in an odd length but that is indeed pictured accurately

the body of the dress is very shapeless billowy and wide which made this appear far more like
a nightgown than the photo shown i considered altering the garment by sewing in the sides from
the armpit downward but i decided to return the dress this whole order was disappointing the
main piece i ordered was cancelled and the two remaining items this sweater included were poor
ly made there was a snag thread hanging out in the middle of the front of the sweater tried t
o tuck it in but it wouldn t stay so i ll be returning it this sweater is thick and does cover
the bra well i did not find it to be well made the ribbing seemed to be attached loosely in pl
aces i am a size large with a b cup and a bit thicker through the middle to my middle age disma
y putting this sweater on in coral made me feel like a giant peach for those with larger breas
ts it is likely more flattering it seems like most people love this tee so you might as well
i returned it because i didn t like how the front hung if the front was as long as the back i
would have kept it or if the front was short enough to wear with thick pants untucked i migh
t have kept it seems like this top would only look good with leggings or skirts i do like the
material though it s very thin and looks great in the shoulder and neck area and i liked how
the back of the shirt looked when i tried wearing it i ordered the ivory of this dress expectin
g it to be a nice dress i could wear into my second trimester of pregnancy instead i received
a dress that looks like a ugly vintage gone wrong curtain of fabric the ivory is the color o
f yellowed newspapers the fabric was cheap and had thread pieces sticking up all over the place
i would ve been better off sewing myself a dress out of drapes a la gone with the wind or sound
of music the fit isn t that great either big and boxy it could acco i saw this dress online
and immediately fell in love with the bow design purchased my typical size 4 but found it way t
oo tight i went to my local retailer to exchange it for the size 6 unfortunately even the siz
e 6 just did not fit right moving around in the dress was challenging the slightest shoulder a
rm movement made the dress ride up i was constantly pulling it down the fabric is also quite s
tiff and heavy overall it s a cute dress but just not for me the material is horrible it s h
eavy and cheap the skirt does not flow as it appears in the photo instead the bottom part of
the skirt just stands out like ruffles am returning i purchased the dress with the bow back sh
ift in peach because i loved it s nautical theme pattern when i recurve do the dress i found
it to be stiff and boxy being a petite short waisted person the top portion of the stress hu
ng on my body awkwardly my bra strap was showing in the back and the dress needed to be pulle
d up about 2 inches to properly sit on my frame \r\ni returned the dress the design of this dr
ess is very cute but if you have an average to large bust don t even think about it returned
unfortunately i loved this dress and after i got it on as others mentioned it is difficult to
get it on i wish that the bow snapped on and off as i took the dress off the bow came off itse
lf unfortunately going to be returning the dress as soon as i saw this dress i absolutely fel
l in love with it when i got it i noticed it was slightly small but figured i could deal with
it i was packing for my vacation and tried it on again just last night and i noticed the bow is
coming off the back i could fix it but honestly a dress shouldn t start falling apart before y
ou even wear it it s cut on the small side wish i tried the larger one but now it s sold out
and i was kind of disappointed there were no pockets as pictured i i ve rarely met a maeve item
i didnt like initially looking at this dress i thought it was suede but it s a structured cotto
n making it a little more stiff than i d like i feel that making it suede would ve been perfec
t for this dress i am 5 2 140 lbs usually a 4 6 i tried on the 6 and it was a great fit excep
t for the chest area 34d and the butt hips area making this dress a little less shift and a l
ittle baggy in the abdominal region i then tried on the 8 and it was way too big all a on a hot
summer 90 degree day the blue ink on the dress stained the dress and my new tory burch bag i wo
uld never have expected that the blue print would bleed all over me and my new dress great dres
s and such a wonderful fit too bad its unwearable now i m a consistent size 6 ordered a smal
l with a pretty athletic build wide shoulders and strong arms and this dress simply did not f
it with those proportions the sleeves and back were far too tight additionally the bow did no
t cover my bra strap likely because it isn t made for someone my height had to return not goo
d for for an hourglass shape lots and lots of pretty fabric but the waist hits just where the
hips widen very bohemian just no good for a figure 8 the sizing is generous with both elast
ic and a zipper there s room to go small if between sizes be aware the plunge at the front is
wide and dramatic i dropped the hangar in the dressing room and had to clutch fabric close to m
y reasonably modest c cup so as not to spill out would perhaps work on a very narrow person who
s completel i love the design of this dress but found it to be an odd fit the bow in back didn
t cover my bra and in fact though the overall fit seemed right the bust was tight unless i re
moved the bra which is not an option in my book i m not large chested so this seemed like a
design flaw to me cut out design no seems or hems \r\n very disappointed in retailer wore it a
couple of times it is cool and comfortable washed it and the raw edges are starting to fray i
might get one or two more wears out of it hand washed and hung dry i was so excited to order t

his dress i loved that it had a normal neck nice length and there wasn t a hole in the back
but this dress is just plain awful the top fit tight across the bust it flattened me out like
i was wearing a too tight sports bra then the back zipper puckered and bumped up like there is
too much zipper for the fabric i could not get the zipper to lay flat the fabric is itchy and
very cheap feeling on top of it all the colors are much brighter than they appear in the this j
acket looks great and is well made the material is very lush however the body of the jacket run
s big while the sleeves are tight i ve been wearing this very comfortable and cute coat for 2 w
eeks it is already tearing at the seams somehow the quality of this is very poor nan these ru
n small i normally wear 28 on ag stevie s and paige jeans so i ordered these in 28 and they wer
e very tight otherwise very well made and super cute but i had to return them omg i laughed
so hard after i put these on i was so excited to get them i ordered them in my usual 4 i got
a little suspicious when i pulled them out and noticed they had an elastic waist band \n\nthey w
ere a little too small for me and even if they were not it s hard to imagine a world in which th
ey didn t make me look like an oompa loompa or a hobbit they are beautifully made and i kept lo
oking at the picture and wondering why they don t look like that on me i definitely have a curv
ier sh i wished these fit a little better unfortunately they were a little tight in the thighs
and if i didn t pull the waist of the pants up i had sagging crotch and the pockets hung out n
eedless to say i made a return material is very thin and although this is apparent in the desi
gn i just didn t like the way the cuffed sleeves felt i had a dress that felt like this in 1
993 it jiggles even if you don t no amount of spanx can cure a dress jiggling of its own acco
rd the neckline that i had thought would be classic instead veered into frumpy all in all i fe
lt like it belonged in a discount store surrounded by polyester brethren the small zipped and
laid flat measures 16 across at the bottom of the armholes 11 at the waist and 18 from shou
lder seam to bottom edge it s too small for a size 0 and not by just a little too bad becaus
e it really is very pretty it s way more distressed than it looks in the picture and that was a
no for me poor quality material looks much thinner and cheaper than pictured i loved this ski
rt on the rack but it was not lined and super scratchy when worn i could barely wear it for th
e length it took to try it on so sad such a gorgeous skirt this dress is beautiful made with
high quality fabric unique design and color etc \r\nbut it fits so weird i am hourglass shape
d so this dress seemed pretty ideal but i just couldn t make it work it was heavy and awkward
feeling when on the clasp at the breast would definitely not stay closed long and would undoub
tedly need replacing sooner than later the sleeves are too fluttery and long the dress itself
is just too bulky and has too much of that beautiful fabric maybe a really tall s adorable fal
l dress but it runs huge i m an hourglass 8 or 10 usually and the 6 fit best in the top and
full skirt 36d 30 waist but sadly each size the sleeves get like 2 inches shorter since thes
e are blouses sleeves they look off so sad bc this dress is adorable otherwise if you always f
ind sleeves too long for you snap up this gem this is for you i m 5 5 and 130lbs and i was sw
imming in the small the arms are very boxy the sleeves too long and and it just wasn t a flat
tering fit at all the color and design on the front are both nice the sweater is made in china
and very very itchy i own wool sweaters and wear them with layers but there was no way this w
as going to be comfortable very disappointed especially given the price but perhaps that s wh
y there are so many left at the end of the season and on sale this one is going bac so i was su
per excited to get this skirt unfortunately it s not what i thought it would be the color is m
uch different then what pictured it has bronze threading and the black on the picture is more g
ray in real life the material isn t so great easier i thought it would be thicker but instead
it s pretty thin and wrinkles easy the design is very cute and it is a flattering shape but the
material is just too poor for me to give this a good rating i wouldn t say it s itchy like the
other re it was huge material looked good but was too bulky will be returning it i loved this
dress when i saw it in the store the colors weight fabric love love love \r\nunfortunatel
y i have to agree with other reviewers the pockets and the positing of the draw string made my
hips look unflatteringly large i tried on a size 0 petite which is my usual size all flowed n
icely except for when you get to the pockets truly disappointed as it was beautiful in every ot
her way but in the end i had to pass i wish it were easier to get in this dress i m 5 4 with
a 36d and i couldn t get it on it s so pretty though i am 5 7 with an athletic build small
chest small waist muscular hips thighs this shirt just hangs on me and makes me look much la
rger than i am i purchased a small an extra small would be way too short i could see how it w

d to boot \r\nobviously mine is a minority opinion material was a tad rough for my liking th
e color did nothing for my olive complexion given the price of this shirt even with 20 off i
don t think it s worth it if i m spending 100 on a blouse i need to love it and i do not love

this one going back pretty tank embroidered flowers just as pictured slightly see through s
o that a cami would be a must for the price should be more of a show stopper unfortunately j
ust average the neckline is very tight and itchy the arm holes are deeply cut the length is n

use the embroidery is very pretty i m pretty tan and i always have to be careful with white top
s or pants i love the embroidery detail but this top is practically see through for me it is d
ouble lined but i could still see my bra very pretty though and i was disappointed that it did
n t work for me beautiful got several compliments when wearing it does not hold up with washe
s though threads unraveling everywhere i am thinking of returning it for this reason fits tru
e to size i am 5 4 118 lbs xs fit i am smaller on top i love the way that this suit looked
however i found that it was lacking in support i was disappointed to discover upon trying it on
that it just does not cover my butt it fit elsewhere just fine but the slim cut up the sides l
eft it a little too revealing for my liking in addition i found the top to be awkwardly fitting
around the chest area i am a 34b and ordered a small and it seemed to be too baggy at the top
when i read car coat i expect a little more weight it really is just a thin long blazer also
the colors appear different online i expected a red maroon with bue and white stripe so maybe
i mis read completely it is actually brown mustard beige combo not what i expected so it w
ill be a return i ordered my usual size however when it arrived it appeared to fit a 9 year ol
d the color and style are adorable i will need to exchange it for 2 sizes larger i am so shoc

ribe it the fabric and design are not as elegant looking in person i saw this in the store and
was glad i didn t order it earlier online i thought it would be beautifully stitched but it was
rather flat and unimpressive in person i like more unusual and flattering pieces and this just
wasn t it no compliments here i loved the look of this top online it had great lines i was
so disappointed when i received it it has zero support lining and i m not large chested to nee
d a lot it s also incredibly awkward to get on and the tie in the back is only long enough to k
not it making it even harder to get off it was returned ordered a size medium as i usually ta
ke a medium in retailer coats the wool is wonderful however the stripped bands are sewn into th
e fabric which add to the weight the coat has an odd shape not a line or straight the medium
was large on me the bottom edges of the coat did not line up when buttoned and there was no ins
ide hook or button to help even out the bottom edges sadly this coat will be returned this ope
n cardigan runs really big and has way too much fabric even going down a size i felt like i was
swimming in it i wanted to love this turtleneck i read the reviews before ordering i love the
color the weight of the knit the ribbing the small fit me perfectly i am a 34b not broad sh
ouldered and on the thin side in my upper body however this item has a strange blousy fit
the picture of the back view hints at this but it s worse in person it s like a bell shaped top
or even slightly trapezey which simply doesn t work with my shape plus i m long waisted i co
uld have made this work had it not this suit did nothing for me the top has zero support this
would work for a younger woman who does not require any support and is smaller chested also th
e top gapped in the center it just did not fit right the top is very thin showing everything
a light padding would make a big difference in this suit also i could not get a good fit as i
tightened the top the back would ride up the bottoms are ok not renatkable i loved the way it
looks on fit tts only problem for me was it was so itchy there is that small amt of wool in
it if you have any problem with wool this may not work for you i ve had my eye on this for a wh
ile went into my local retailer to try it on tried on s and xs it fit the same not much diff
erent the color is great will go with so many things however i have a larger bust 34d dd and a
m short wasted generally wearing petite in skirts because of it it sort of belled at the botto
m peplum ish which made it look like my bust drooped to my waste not flattering on me i m 5
3ish 118 and generally wear 4 in tops it felt like it would stretch out as the day the first
time i wore this tank it started pilling around the arms and down the sides it is terribly qual
ity and gets worse with every wear and wash possibly the worst wear on a new clothing item i v
e ever seen like the design and fit immediately relegated it to a weekend home shirt because i
t was unprofessionally pilly and the pills are small so can t be shaved off unforgiving to even
your smallest imperfections i was so excited for this romper but was disappointed after trying
it on the material felt cheap for the price and it runs quite small will be returning bou
ght this dress without trying it on but listened to the previous reviews saying this ran small a
nd wow does it i usually wear a 6 but ordered an eight which was hard to get on even with the u

give in that area overall beautiful dress fabric is not stretchy which killed it for me this
dress looks so cute in the pictures i love the style ordered typical size and it was huge felt
like many sizes too big the fabric and colors of this dress are beautiful but the fit is terrib

d the halter cut hurriedly i pulled the dress over my head allowing it to drape over my body
and drape it did but not in a good way rather the d this top looks beautiful online when i g
ot it it looks nothing like the pic it s wide too much fabric no shape and so unflattering
it s definitely going back really wanted to love this especially with the lacing and long lengt
h for this off the shoulder top when the top arrived the lacing was stiff and length of the st
raps were long so that the bottom of the lace didn t completely cover my black strapless bra an
d i felt it sat a bit too low down my chest thought about taking in the straps but then the ar
ea around the armpits would be uncomfortable i did love the length of the top though wish this
top was a keeper but going to have to return i was really disappointed when i tried this top o
n the design and cut of the neckline is very bulky and just off the cut of the top overall was
just off very unflattering and no shape or flair lots of extra material but no swing or shape
do not recommend i love the idea of this top but there is just way too much fabric involved in
person i m 5 2 and usually wear a small or medium to accommodate a fuller chest i ordered a sm
all and it fit fine around the chest but the huge swing hem combined with the slightly stiff fab
ric is just enormously unflattering i feel like they could have made about 3 shirts out of it
i think the picture must have it pinned a ton in the back the silhouette is nothing like shown
if there were just less fabric i wo the colors of this top are perfect for spring i love the e
mbroidery and like the sleeves with the ties at the bottom what i didn t like and primary reaso
n i may be returning is the elastic bottom it cuts off at an awkward spot on my waist and make
s my top section look short and wide i am very disappointed about this as the rest of the blou
se is gorgeous the fabric on this shirt was beautifully woven and so soft cozy but the shirt w
as so wide i m 5 2 103lbs and got an xs there was room for two of me in there it draped ver
y well but instead of looking slouchy and cool it just looked too big so back it goes then
this one is for you so disappointed upon receipt of this skirt as i had been eyeing it for a w

as just an interesting outline detail but it is actually masking this skirt s ugly secret a p
ouch yes it literally has a pouch smack dab in the middle of your abdomen which does not lay
flat the material also looks rather snag prone and already had a few pulls in spots
this one sadly going back ordered m light color option very difficult to pull over my head
not a good sign got it on and neckline looked attractive height w o being a mock turtle but
whole thing a bit small around middle could order the l but i m not liking the feeling of the
fabric it feels tight with restrictive and nonuniform stretch 33 cotton 27 poly 27 acrylic and
95 rayon 5 spandex contrast which must mean the stripes combine w fact that the two wide str
ipes are right at my middle this top doesn t at all fit like it does on the model the mid secti
on is very wide and boxy and the material is thick and almost sweatshirt like i typically wear
size small or 4 but perhaps an xs might ve fit or looked better sadly i must return this shirt
i bought this top in lilac size s since other reviewers said it has a lot of fabric the color a

nately this one is at first i was taken by the beautiful lacework and the pictures online showi
ng what appeared to be a loose but shaped silhouette the pictures must have been staged with pi

e is a surplus of about 16 inches \r\n\r\nthe material is still beautiful and because of that
i haven t decided whether i ll return this shirt or try cutting out some excess fabric to create
a cleaner more fitted shape i really wanted to love this top but there is way too much fabric
it looks nothing like the pictures it was more like a maternity top vs a swingy top i ll be r
eturning this one i keep trying to find a peplum that works for me but so far i have been unsu
ccessful i just do not think that my shape and the peplum shape play well together aside from t
he peplum issue this shirt had a massive amount of material and runs large the material alone
is thick making it a bulkier shirt then add the volume of the peplum and i looked and felt h
uge needless to say this one was returned sale or no sale did not work for me whatsoever t
he stripes were adorable but the piece just didn t fit like on the model the collar was practic

e this top is beautiful but the fabric is really stiff and itchy in addition it s rather cro
pped or short the real disaster and heart break for me was when i washed it the tag recommends
dry cleaning but allows for hand washing i should have dry cleaned it shrunk even more when
i washed it on delicate setting in cold too bad because this looks so cute the first time you
wear it if you re up for a dry cleaning bill and don t mind a little stiff scratchy material y
ou ll be fine buying t there were no reviews when i ordered this tunic so nothing to help gauge
fit it is very cute but the fit is strange very narrow in the shoulders and chest first the
good i like the basic shape of the jacket with its crisply cut lapels\r\nand rounded corners a
t the bottom the functional pockets including the\r\ncool watch pocket the size of the butt
ons the color i got the honey \r\nand it was lovely and intense now the bad \r\ni got the r

his sweater is beautiful especially in the bordeaux color the cable knit in varying directions
makes it interesting and unique and the length is great for us short waisted ladies my big issu
e with this sweater is the sleeves there really are no sleeves just arm holes at the same leve

o keep from lifting the sweater up to expose your midsection or pushing the sleeves way up whi
ch then results in the pattern is cute it s a little more subtle than in the photos the proble
ms were the skirt are 1 pretty sure it will wrinkle in two seconds and 2 it has buttons down t
he front of it with no lining behind it which means if you sit down wearing this skirt and it
doesn t lay quite right it gaps and you can see whatever is or is not underneath the buttons a
re like two inches apart so it s not a tiny little gap no thanks also this skirt fir true to
size it wasn t tight just gappy i love this outfit so much and bought the skirt pictured with
the top on the model in high hopes my quest for the perfect date night outfit would be ended no
t so for starters the top is much more of a beige in person a horrible unflattering color that
few can get away with successfully secondly there is just so much fabric it billows and bunc
hes all over the place to wear it out like that as shown would be silly and to tuck it in looks
like i ve tried to hard to make it work lastly the i sized way down and this top was still sh
apeless and tent like the sweatshirt fabric overpowered the cute feminine details true to siz
e until it met the laundry let my disappointment be a lesson 80 for a blouse that i no long
er recognize i washed this item as indicated by the care instructions and it shrunk by at least
30 dry clean this garment or spot clean at best i bought this in the blue and really wanted
to like it i had plans to check sizing and then order it again in the red as well however th
is skirt falls victim to the recent design trend of using a pattern for a structured skirt but s
ubstituting a softer fabric and horrors an elastic waistband this ended up just looking kind
of cheap and sweatshirty as a result back it went i wanted to love this dress so badly it cam
e and the material is beautiful but when i put it on it fit so awkwardly there was just no way
to make it look good maybe i needed a smaller size but oh well i love the colors in this dres
s it s very feminine however i wish it came in petite because even the xs is too overwhelming
on my frame i love the dress as shown in the photo thankfully i had a chance to see the dress
in the store it is sheer can see thru it can not wear this to work despite the delicacy of t
he fabric and femininity of the patterns the cut of this blouse is rather androgynous and not i
n a flattering or modern way ick so disappointed this is a comfortable tunic piece with ample
rear coverage it is lightweight and there is room to layer a thin tank top underneath the ivory
is a marled heather with ivory buttons it is not anything special in terms of style but it will
serve the purpose of being a casual separate for around the house or for a quick errand this dr
ess is good quality but the designers today really need to design their clothing line with the b
usty woman in mind it gets a little old to receive products over and over that do not match the

photo or description of the product retailer the photo shows a black pant with blue colored st
riping the pants that i got are black with green and brown striping i find the color combinati
on in the photo to be what i wanted and since the fit was nice albeit short and i m only 5 5 t
all i would have kept these unfortunately the pants that i got are nowhere close to the descr
iption so i will be returning them the f i received these pants but they are not as pictured
see the photo of the back pockets there is a detail there that was not on the pants that i rece
ived i m not sure about these the quality is nice but they are much baggier than shown and i
ordered 2 sizes down i wish this shirt would not have had so much material it would make a gre
at maternity top if you are really thin it might work for you too i recently bought this dres
s and wore it once i really liked it it was comfy cute and fit well but then i washed it
i followed the washing instructions exactly but now it looks more like a shirt than a dress and
it s completely unwearable i m super disappointed because i thought this dress would be a wardr
obe staple this summer this romper is extremely well made and the colors are even more beautifu
l in person however i found it to run extremely short in the torso i couldn t get my arms t
hrough the sleeves after stepping into it without ripping the garment for reference i m 5 9 wi
th a slightly longer than average torso i ordered my normal size m this was so ridiculous on
me i m 5 8 120 usually a 2 xs so i ordered the xs the inseam of the shorts are so short they
barely cover my bum and i mean barely the romper itself was so wide that two of me could have
fit in it love the colors fabric and the non elasticized waist if you are under 5 5 this m
ight work for you in non petite sizing after trying several sizes including petite and regular
i am sad to return this dress the regular sizes were too long on me i am 5 4 and although th
e petite fit me just a little short the biggest issue was how tent like it fit me i wanted it
to look like it does on the model but i just couldn t get the fit usually i have great luck wit
h cloth stone this dress is adorable in the photo however in reality it fits like a tent
the top would be okay although i would need a smaller size if i were to keep it it flares out i
n the skirt to become an a line and it s just not very flattering if i had read the reviews bef
ore ordering i would have sized down but i ordered before any reviews had been posted sadly
i must return yes i bought this dress in anticipation of wearing it right away it s not mean
for everybody it would look good on a stick figure if you have some hips they balloon out i
am 5 7 110 lbs ordered my normal xs and the bottom portion was way over sized it fit like
a parachute you could fit about 12 of me in the bottoms and very short nice quality material
but extremely awkward fit dress is nice but can t be worn without tights or you are at a risk o
f indecently exposing yourself it is around 30 in length so is more of a tunic than a dress i
m only 5 1 and it was too short can t imagine anyone taller even trying to wear this i liked
the colors and the design but it s kind of an odd fabric no give at all and no drape stiff and
kind of structured feeling for a casual cardigan the sleeves are extremely narrow and tight i
ordered a medium and it felt like a ace bandage squeezing my arms my arms are normal sized if
you have exceptionally narrow arms might work for you sending it back i didn t realize that t
here were sequins on the design they kept poking my shoulders and made the top very uncomfortab
le the white material was also not very flattering on me it went back nan i took the advise o
f a reviewer and sized down to xs i am 5 6 and 110 i could take them off without unbuttoning t
hem they were hugh even the xs they looked like a halloween costume even at the discounted s
ale price awful and kind of made me laugh but i guess that s why they are still available at t
his sale price i loved the look of this top when i saw it online however when i received it i
was kinda disappointed the color of the top was different than what i perceived initially it
s way more off white not my favorite the texture pattern of fabric on the body of the top wa
s too near hanky for me the sequin detail at neckline is wonderful but not enough for me to ke
ep unfortunately i will be returning this one not a hit for my desired as the tic but some one
else might love i typically wear a 4 6 but am a little bigger right now so i went with the med
ium was so excited to get these but was very disappointed when i tried them on they look beaut
iful but there is no lining leaving the fabric uncomfortable they were also huge definitely
make sure you size down if you d the color says red but it s more like a rust i m 5 3 so it wa
s long and would need to be tailored and the fabric is so thin i was afraid it would rip if it g
ot caught on anything \r\n\r\nfinally returned it without it making it out the door i have bl
azers in size 8 from this designer and they fit with room to spare i understand this is a more
fitted style but it is still way too small size 10 and size 12 were not much bigger great col
ors and cute design but just too small even if you do not plan on buttoning it i hope they bri
ng back this jacket but make it true to size this design looks really sharp on the image but i
n reality this jacket felt more like a jacket you would get at forever xxi the fabric had that
polyester shiny quality to it that made it look cheap since the fabric was pretty soft with a
gray jersey lining it felt more like a padded jacket than a constructed blazer \r\n\r\ni also
thought the cut was small if you have a bust larger than a b i felt like i was busting out of a

size 8 and i am a 34d i purchased this jacket in my local store size 10 and runs really small
i love the color combination and design but the fabric in my opinion is poor quality i have see
n a lot of retailer use this poly spun knit in so much of their items and the jacket after bring
ing it home and looking in the light was already showing pilling looks like it is worn in an ba
d way returned the next day this was a big disappointment and every time i see this fabric bei
ng used in retailer clothes it makes me mad i want to like and keep at this price point i cant
justify keeping if it does go to clearance i will reorder due to the thin material it seems mo
re summery and casual than what i was anticipating true to size i ordered a medium and am 5 9
and 155 pounds this is the tiniest blazer i ve ever purchased in a size 10 i usually wear an 8
but sized up based on other reviews and it was still too small it s very attractive but please
size true to size i expected this dress to be a much better fit and quality overall the size sm
all fit me fine i m about 140 and small in the chest but the zipper was incredibly cheap and t
he dress could ve draped in a more attractive way if this dress could be in cotton and given mo
re consideration to the fit and drape it d be worth it but it s going back i really wanted to
like this shirt but it doesn t seem to be of that great of quality and is much more sheer than i
ndicated in the photographs the shirt is very clingy and doesn t hang well i sent it back it s
a cute idea but it s so low cut and the material is very thin i was hoping to wear it as a coo
l flowing summer top but i ll have to layer it since my whole bra basically hangs out of it i
m only keeping it because it was such a good price also the buttons are super tiny and a little
hard to fasten i ordered the stress in an xl i usually wear a size 12 in most retailer clothes
the pattern and the flow of the dress is very beautiful but it runs extremely small also i fel
t that i was choking it is better suited for thin women as a beach cover up this would be grea
t but i m surprised retailer calls this a dress and doesn t show on the model how thin it is i
t s pretty sheer and i couldn t get away without layering it material is thin with a fleece li
ke feeling on the inside hard to describe but almost feels like a really thin north face materi
al the cut on the sides of chest area is super awkward shows way too much would never be appr
opriate to wear a regular bra underneath nan while the styling is cute the fit was poor under
the arms and there was quite a gap i returned this i normally wear a medium with these types o
f fabrics but this one was oddly proportioned on me the skirt was also not very flattering to m
y hourglass figure but it at least fit well the top was baggy and gaped at the armpits as stat
ed by others i really wanted to like this dress but it made me look 20 pounds heavier even in t
he places it looked too big on me i could have tried going with a small but the skirt would hav
e then been too short agree with other poster this shirt runs very big i m all for a flowy s
hirt that hides my belly but this is just a tent i ll be retuning it this top is very soft and
well made for my short and curvy figure it is very unflattering i considered altering it but
there is no way to do it it gapes in the front and if you have a waist at all it won t show be
cause this top is boxy and full in that area if you are tall and slim it might be perfect so
give it a try so this dress is extremely comfortable but it s just really awkward i am on th
e fence about keeping it my husband loves it and thinks i should it just draws attention to th
e belly so any issues after having kids is very noticeable not to mention the huge cutouts fo
r the arms very comfortable but not sure if i will keep it nan i wanted to love this top on
me it was weirdly boxy it was too wide and too short and it was more sheer than i expected it
the fabric is lightweight but wrinkles really easy and loses shape pretty quickly i also though
t the fabric would be heavier and have more structure than it has i love the scalloped detail a
t the arms but after about five minutes of wear this felt super crumpled and just kind of sloppy
unfortunately it will be going back i purchased the dusty rose i thought the picture represent
ed the color accurately the shirt material had a nice thickness and drape it felt very luxurio
us the opening in the front is cut a little low but workable \n\nin the end i am disappointed i
n the care information provided by the site it listed the garment as machine washable but the c
are label in the garment states it is dry clean only i would not have purchased it if i would h
ave know that i am going to have to return it for this rea this sweater is incredibly soft and
pretty but there is just no way to get it to lay the way the model does in the picture i found
myself constantly tugging at the top to get it to stay off the shoulder otherwise it just bunc
hed up top and make a weird funnel neck i really wanted it to work but it was just so impracti
cal the sweater runs large the sweater is designed in such a way that it looks very sloppy i
would never be able to wear it out of the house however the material is exceptionally soft and
delightful keeping as its a great stay at home lounge sweater but way over priced for this p
urpose if you can get the fabric to lay correctly you re a genius i loved the cut and the str
etch in the material made them comfortable however i found that the material was unflattering f
or thicker thighs because it tended to cling to the body it would have been better with some so
rt of lining as it would have prevented the flimsy material from highlighting imperfections bot
tom of pants are not hemmed so if you want a clean look you may not like the edges these were

returned immediately as it just did not work for me i wanted to like this sporty dress too i t
each at an elementary school and like to get down on my knees st my students level plus we can
get messy most days with our learning and most days are go go go being on every second t
he armholes were cut too big and weirdly squared i didn t like the middle ridge either as it
was unflattering it was returned i bought these last year and loved them however they came in
tall sizes this year they do not and the inseam is just way too short even at 33 im 5 7 and
they barely graze the floor with no break in the pant leg i prefer to wear them with boots and
they will not be long enough even with a short heal the model must have this sweater pinned at t
he back the sweater color is true and the material soft as anything but the fit is at 5 9
with a long torso and broad shoulders the large was still shlumpy didn t hang right at all bu
nches oddly and is not the least bit flattering my 5 7 uber fit daughter had the same issue a
nd she usually makes everything that doesn t work for me look amazing returned this dress had
a nice silhouette but the armholes were cut a bit wide and made it look sloppy too bad it wo
uld ve made a nice casual dress usually i really like deletta and know the sizing and shapes t
his top looked pretty in the pics and i thought it would be a nice change from a tee it was bag
gy hung low and the layers just looked boxy and shapeless while i love the design and shape of
this blouse the fabric was of very poor quality i will return it extremely cute sweater but
after having worn it twice it s already pilling up i d expect more for a 100 sweater nan this
dress is just too baggy overall i am 5 6 140 lbs and a size small was so unflattering i can t
go down in size because the waist detail will get too high on me it was already a little high o
n the small i ordered this top in red based on one of the reviews it is more like marroon i a
m very disappointed the top itself is plain cotton and not that great quality it is long and h
as the belt at the back but the fit and quality overall are very plain it looks a tad dowdy i
am still keeping it because i got it on sale and i can wear it at home with lounge leggings but
it is definitely not dressy perhaps white may not look as bad the plain design and marroon dul
l color don t help i saw this one for the first time today in store and was not impressed it i
s a lacey material with an under layer so with a different cut other than a swing dress i would
have fallen in love and it would have been absolutely gorgeous unfortunately i did not like th
e swing dress cut especially not in white i wasn t sure if the designer was going for a throw
back to the 70s or a shortened version of my grandmother s wedding gown but either way it was n
ot working for me to be fair swing dr i was hoping that this would be a nice neutral layering
staple but it simply leaves a lot to be desired it fits tts length is fine the inside is som
e but the outside darker material is stiff and cheap kinda canvas feeling the material is s
uper stiff which makes it flare out like like a tent in a super unflattering way it also is on
the thinnish side it looks in the model shot like it would be a little thicker and warm this
is definitely going back i don t normally write reviews but i purchased this dress in white in
3 different sizes and each dress had the same flaw the hems were very uneven on all three this
dress was poorly sewn it s a shame because it looked awesome online i was very disappointed
so i m not sure if its just my body type or what but this did nothing for me the bottom which
i thought would be too big was actually too small in both the small and the medium i m a size 8
bottom and then when i sized up to the medium it was still too tight and then the top was loose
i just think this one is going to take the right body type it could look really beautiful on th
e right person just not me i think this will work well on very busty hourglass figures or very
petite frames but on my athletic build this shirt did me no favors i have one of those body ty
pes where my biceps are very muscular and my shoulders are broader than my hips w a 34b chest
i typically take a m or a l in most retailer tops and had i kept this i would have gone with
the m \n \nthis shirt hit my arm at the low point of my bicep 1 above my elbow and
made my arms look huge fyi the v neck is very de i saw this dress in our store and immediately
walked over to check it out it is quite a stunning piece i purchased it without trying it on a
nd wished i would have unfortunately there is entirely too much material in the bodice it was
overwhelming on me for reference i am 5 3 and i do wear an xs but i am muscular and not thin
i think it would work well on somebody taller or leggier who could balance out the amount of mat
erial in the dress i love maeve but this shirt s quality was poor and it was not worth the pric
e i would not recommend buying this online you really need to try the blouse on in the store t
o make the decision as to if its worth purchasing or not and in my case this is being sent
back this top could ve been one of my favorites ever i ordered the rose option and was plannin
g on ordering another color the fabric is super thin but i was able to wear w o an extra tank
unfortunately after 2 wears several small holes appeared around the neck under the ruffle i wa
shed this top on hand wash cycle and hung to dry when i came to read the reviews i noticed i w
asn t the only customer with this issue i ordered the blue dress because i loved the color and
unique design the blue was much more of a dark navy not a sapphire blue as it looks in the pic
ture the picture also shows it tying on the side it did not tie on the side when i tried it on

but in the front as pictured in the red version of the dress it was not at all flattering on me
one of the few disappointing things i have ordered from retailer the design is cute but there
is way too much fabric in the lower part of the shirt also the fabric for the lower part crump
les easily unless you carry around an iron you may not want to wear it outside the house i ke
pt the shirt to wear around the house i ordered the yellow color way expecting it to be a musta
rd color it seemed to have a greenish tint to it and didn t look right on me also the pockets
didn t lay right so the flower didn t look right the green color was beautiful but the top was
too low cut and looked more maternity than boho i wanted to love this dress i saw it in the ca
talog in blue and wanted it however for some reason i took my sweet time in ordering it and
by the time i did only the orange was available but on sale i was so excited when it arrived
and as i was trying it on i thought this is a bit shorter in the skirt than i usually go but i
t s so pretty and then i couldn t get my right arm in the sleeve at all i wondered if i had
caught some of the lining as i was putting it on or something but n i love the idea of this top
but wish there wasn t so much fabric i am wearing a medium in the photos and for reference my m
easurements are 38 30 40 i love the look of this dress and the material the problem is that w
hen i tried it on the fit was a bit off it seems that the arm holes hung down way too much and
pulled the dress so it is uncomfortable to wear i don t think i could have gone down or up a si
ze to make this dress work it is a shame because i really liked the look of it bought this shi
rt on sale it was super cute in the dressing room and for the first time i wore it washed it
per the instructions wash delicate with cold water lay flat to dry and it shrunk so much i do
n t think i m going to be able to wear it anymore it was oversized and loose when i bought it
so it shrunk a lot there is also a small hole all of the sudden that i have no idea where it c
ame from wasn t there when i put it in the washer very disappointed this is the cutest sweat
er i bought it today in black i cannot wait to wear it it is a lovely distinctive knit jus
t the right weight to layer as shown with a white blouse or with a turtleneck i tried both the
xs and s and i decided to go with the s as it still emphasized that i have waist but i could l
ayer it nicely i am 5 4 130 lb you can always count on angel of the north for great style a
s much as i wanted to love this top it was too flowy and and i felt like i looked bigger than i
am i m a size 6 maybe a smaller size would have made a big difference i likded this but trie
d it in two sizes and it was still too big in the armpit my bra showed i am about a d cup sma
llish in other proportions 125 5 6 and no bra worked with this so that i wouldn t have to wo
rry about my bra showing nice fabric and drape maybe good for someone who doesn t need a bra
it s a fine dress but it definitely runs small and it s actually a lot shorter than i was expe
cting especially since i m only 5 3 this was so large on me that it looked awful huge armhol
es and a baggy mess material was nice and i loved the design not sure a smaller size would eve
n help first the product arrived in a very small bag that made for many many wrinkles almos
t impossible to determine what it might look like shame on retailer for sending their items in
this manner secondly i don t know how individuals wear this with a bra the back is cut so low
that my bra back band partially showed not my idea of a good look third the front necessitat
ed a cami and there is no way a cami can be worn due to how it is cut in the back returning no
w and i just received it nan i loved everything about this dress the fit the style and the a
bility to wear in the fall i wore it once washed it in gentle hand wash cycle in cold water a
nd laid it out flat to dry per the instructions and it shrank at least a full size it s going
back i am so sad as i said earlier i really loved this dress the fabric colors and concept
are fabulous but the pleating is overdone is it looks huge not swingy \ni am 5 9 and 135lbs a
nd even an x small was too billowy to be cute too bad it s otherwise so great when i tried it
on it was a bit shapeless but it was on a promo so i decided to get it i kind off like shapel
ess i ve worn it three times and washed it gently in the machine as recommended in a lingerie
bag always and air dried it it now has a huge rip on the sleeve seam and i cannot see how th
is happened the inner lining is soft and substantial but the outer gauze layer is thin i love
the photo of this and because the reviews were so positive i ordered it i was shocked when i op
ened the package first the fabric is not the silky rayon cotton blend i was expecting it look
s and feels more like a cheap cotton it does not have the drape or feel or look i expect in a k
imono which brings me to the second disappointment it is not a kimono at all it has no kimono
sleeve no sleeves at all in fact just a slit in the side of the body of the garment you put yo
ur arm throu review title says almost all add to that that it is age appropriate unlike other
kedia dresses for the very young just too cute for words i have all of the other tk peasant d

but was very disappointed when i finally saw it in person it reminded me of those christmas nig
htgowns from the 90s with the red and white ruffles pass these are the very stretchy almost s

pongy type fabric i ordered my usual size and they fit me like a sausage skin crazy small
loved the colors but the fit was less to be desired very wide under arms too much material l
ooks more like a maternity dress i ordered a small petite would have needed the xs but now it
is no longer available oh well returning this wanted to love this dress as it s perfect for t
ransition i m a curvy gal who usually sports an xl in dresses at retailer and unfortunately th
is one was way too big even for me to pull off my boyfriend actually guffawed when he saw me in
it i would implore the maker to try this style again as it s a good one unfortunately the sizi
ng was it s downfall i love the design that s why i m going back for a smaller size i bought
a medium and that size was made for someone 50 lbs heavier than i usually i m good at choosing
my size online but not today if you are curvy and round like me still go for a smaller size be
cause this dress has a lot if room also i wish more clothes would come into the stores to try o
n please this dress was cute in the photos but wore like a sack when i put it on great qualit
y fabric was lovely just a little sparkle at the hemline scallops were great but i put it on
i immediately took it back off and put it back in the sack to return love the look it just was
terrible on me i m petite 5 0 and weigh 110 so i m not large but the dress made me look like
an oompaloompa i bought this because it looks beautiful is well made and a high quality piec
e when i got it home and tried it on it did not achieve the look i was going for boho inst
ead it was very drapery and full and big and i felt like i was wearing a ghost costume on hallo
ween i do love retailer s kimonos and thought i d love this one but it s going back i don t n
eed any more clothes in my closet that i do not absolutely love and want to wear again and again
that is my new criteria for purchasi i had such high hopes for this dress but unfortunately it
misses the mark completely the design is flawed in that you cannot raise your arms to shoulder
length for someone who is 5 3 105lbs the dress has no shape and looks like something from zoo
lander s derelict campaign i think one must have a specific body type for this dress but regar
dless they ll have to keep their arms at their sides i couldn t wait to get this dress i boug
ht it and was instantly disappointed when i took it out of the bag while the fabric was beautif
ul the sizing was way off this dress claims to be 35 long and i could tell instantly it wasn
t it barely covered my rear i also know it s supposed to be flowy but it was really really w
ide i can see this working for someone around 5 feet tall who is wider this may be lovely on s
ome people but it didn t work on me at all i thought it would have some swing to it but the bot
tom hem was tight if i had gone up a size the top would have been huge the bib wasn t flatter
ing on me and it s also quite sheer too bad because the print is great maybe if you re athleti
c with slim hips you can manage it i think if you are busty this could look like maternity wear
on you back it went sadly pretty top online okay in person runs small especially on botto
m hemline thought it would have a swing to it it does not more sheer in person than i thought
it would be that wouldn t stop me from keeping it though it was the way it laid on my chest th
at was unflattering looked like i was wearing a bib i don t have a large chest just weird loo
k on me unfortunate because it is an adorable print top made for thinner or a petite lady na
n this top is really cute and i love the design however the first time i wore it the waste ba
nd started unraveling this is a lovely skirt that fits well but it is much more of a yellowy c
ream color than white also it felt very static y i saw this skirt online and had to have it
as another reviewer mentioned the color is more of a yellowy ivory the skirt is very pretty b
ut also has a very thick heavy satin polyester lining i don t feel like i could wear it during
the summer because the thick poly lining wouldn t breathe that was the deciding factor and sadl
y i ll have to return it this shirt is so cute in the picture but not so great in person i bou
ght the short sleeve version this summer and loved it this runs really big so maybe a smaller s
ize will help love the knit color texture but oddly a short and boxy fit and so not flat
tering the sweater material was really soft and seemed well made the back is an interesting tw
ist but the material creases easily i can see it looking messy by the end of the day the main
reason i returned it though was because it runs very large i got my usual s and i could have s
ized down 1 maybe even 2 sizes i didn t like it enough to try a smaller size this is more of
a cover up than something you would wear out i absolutely loved the idea of an elongated hoodi
e as a lounge dress or robe unfortunately this particular product left a lot to be desired fi
rstly the fit is slim not relaxed i m 5 4 at 110 lbs and tried both the size 1 equivalent
of a small and size 2 equivalent of a medium sizing up just added length and did not do much
to increase roominess they both zipped up easily but did not drape well finally the fabric wa
s really not welcoming i prefer terry over fleece however this w when ordering this product i
thought it was strange that the mediums were sold out i went with the small which is generally
what i wear however these run small and i see why the medium ran out they are pretty however
i wish they made them more true to size noticed all the 5 star reviews online for the latest pi
lcro stets so due to the past 2 years of dissapointment of what was once a great pair of jeans
i was hopeful that retailerpologist listened and went back to the original pilcro stet formula

thick denim just the right amount of give and a flattering 10 inch rise walked right in and fo
und them and i knew right when i touched them they were still the thin denim that s nowhere ne
ar the quality they once were consumers pay attention and t i know this is supposed to look ove

ered it in my usual size and it was just waaaaay too much fabric i do not think sizing down wo
uld have made a difference if you are looking for that it seemed like good qualify i ordered
this dress in coral while i like it and the dress is nice i have many other outfits that i lik

ric and design are gorgeous so i was hoping the top would work for me sadly it looked ridiculo
us on me i wouldn t recommend the top for busty girls it looked like a bell on me fyi it doe
sn t come with a camisole underneath it s such a pretty top but i felt that it looked maternity
ish so i returned it i hate to be so negative but i can t believe this shirt has so many positi
ve reviews it is stiff silver lace and hangs funny if you have a chest adding a cami undnerne
ath makes it worse looks cheap perhaps i should have gotten two sizes smaller but the knees o
n these were baggie by lunch \r\nthey are very soft and comfortable but i wouldn t buy them aga
in i loved them on when i got them but they literally frayed apart on my body as i wore them
and i had them on no more than 5 times it was not a fit issue or a seam issue they literally j
ust frayed apart in two areas while flattering and incredibly comfortable the fabric was not
at all durable they are not your typical denim they almost kind of a knit feel them i love
d these pants loved them so much that it pained me to return them but i used shout stain remo
ver on them once and it drastically faded them in the spot i used the stain remover that i had
to return them i m grateful to retailer for standing by their product and taking the pants back
for a full refund i m tempted to buy them again if i can t find similar pants elsewhere and ju
st stay away from the stain remover but i m still undecided i bought a pair of these in ston
e and after the first wash they become all splotchy i chalked it up to perhaps there was bleach
leftover in the my washer although nothing else in the load was blotchy i then because i love
d the cut of these pants bought another pair in the darker blue color the same thing happened
after the first wash again nothing else in that wash load was the least bit ruined just my
new retailer pants such a bummer definitely a dye issue i called the stores i pur i ordered
a small and i m usually always a small i could not zip it up i m am returning it for a large
and this is concerning because what if it is big in a weird way because i m usually a large nan
my husband never has anything negative to say about my clothes until i wore these pants they ar
e not flattering and kept stretching out until i could pull them off without unzipping them bag
gy in the behind and sloppy looking they are going back asap bought the gold pair and dripped
something on them so spot cleaned them with water only my white washcloth turned bright yellow
the food came out but surrounding area was super faded so i returned them took the second pair
home wore them a few times they stretched out so much washed them in cold water and they have
splotches that are really light these pants are way too much trouble i bought a pair of these
a month ago and first time i washed them they came out with light spots all down the leg i figu
red i did something wrong so i bought another pair in the same color and one in sage just washe
d both pairs according to care instructions no spills stain remover or anything but detergent
and both came out with light spots all down the leg very sad to have wasted all that money lov
ed these pants when i tried them on they looked great and felt so comfortable when i washed acc
ording to the directions on the tag the bottom of one leg lost so much color that i can t wear t
hem anymore so disappointed nan do not waste your money on this \r\nat first i bought pilcro
hyphen chinos short and i loved it so i bought this pants in store too i laundry them yesterda
y and they both came out colorless i was so shock \r\nfyi i did not use bleach or chrolox i
mean i don t use them i will return them both \r\nstill mad this is bad quality enough worth i
t i wore these pants to work and they fit and looked great however the first time i put them t
hrough the wash they became all discolored and are completely stained and now are unwearable ve
ry disappointing did not spend that much money to wear a pair of pants once bought a pair of t
he gray and loved them but after i washed them i saw the color was distorted as if bleach from
a previous wash was still in the machine \r\n\r\nso i ordered a second pair this one in green
same thing happened after i washed it looked at instructions finally and it says to wash in
cold water i washed in warm could that be the problem \r\n\r\nanyway now they both look li
ke there s discoloration and not a washed look that s on purpose \r\n\r\ni ll still wear them
but an expe do not buy these pants the first time i washed these pants i ended up with big fad
ed spots and i followed the washing instructions i bought another pair and the same thing hap
pened i m out a bunch of money i bought the yellow pair on vacation last week and loved them
i wore them home on the plane and had a pony tail holder in my pocket basic goody binder and
there is a circle stain where the binder was so strange i sprayed them with spray and wash and
washed them the stain is still there and now it is discolored in the area i treated them they

are ruined i am so disappointed and i only got one wear out of them similar to others here th
ese pants were ruined after one wash the first pair i bought simply faded after one wash which
was okay but the second pair got weird splotches on the backside i d rather not call attention
to that particular area of my body could ve been a great addition to my wardrobe if they were
better quality i loved these pants they fit perfectly and then i washed them like the other
reviewers the pants came out with spots all over them the color seems to have faded in splotchy
patterns so sad wondering if retailer will provide store credit or something to make it right
i absolutely fell in love with this dress in the store and immediately scooped it up in black w
ore it 3 4 times on hot summer days and it was perfect very comfortable easy to throw on and d
ress up or down i decided to hand wash instead of dry cleaning as i usually do and after hang
ing dry it became significantly more translucent than it had been before i can no longer wear
this dress because you can see everything through it it s as though the fabric completely chang
ed after being wet i tried on a l and found it incredibly unflattering on a large chest as the
waist hits a bit high \r\nthe color is vibrant i wanted to like i love the fit of these pants
i bought them in several colors but unfortunately when i laundered the teal blue pair the plac
es where the liquid detergent touched them not bleach detergent look like they ve touched ble
ach i washed them in cold with regular detergent but will be unable to wear them after one wear
i was confused and even checked the detergent to make sure it did not have bleach in it and it
does not very disappointing and i hope this is not true of the dye in the other co i love these
pants but be care when you do laundry the dye transferred to another pair of pilcro chinos that
was a little lighter color very frustrating label mentioned it but i only noticed after it hap
pened because the colors are both not that dark at all this top fit me great across the bust
true to size there however it was very loose other than that outside of the peplum of course
it did not seem flattering for my body shape did not give me much shape on top i was wider than
i should be am this may work on some body types but did not work for me it was a nice feeling
comfortable top however retailer please make these fantastically versatile chinos in tall size
s again i am 5 11 and i usually order a size 8 the regular fit hits in the wrong place at the
knee and results in the back of the knee fitting and feeling uncomfortable i wanted to love the
se pants since i hate super fitted skinny pants but they are really oversized i m 125lbs and 5
foot 2 so i m petite but not considered skinny and have well endowed thighs and legs but the xs
was way too big for me i love the feel and quality of these pants however they ran super big
they would not stay up around my waist unfortunately i was thrilled to find a wide legged pant
in a natural fiber and ordered two pairs l and xl the l came first and was a tad too close fo
r comfort so i returned it when the xl arrived it seemed roomy but after my first wear the fold
over jersey knit waistband stretched out and the pants were dragging on the ground they seem re
ally huge on me and i now have to wear a belt to keep them up the fabric also seems to be pilli
ng easily overall not my best retailer purchase and i am a huge fan i know we ve gotten to the
point that polyester can be acceptable but sometimes it s still that horrible texture unbreath
able mess unfortunately that s what this top is made out of so it runs big its billowy and
cute but i couldn t get it off quick enough because of the feel of the fabric adorable suit s
uper cute print and great quality but unfortunately not as flattering as other reviewers noted
i found that the white pattern accentuated the wrong areas and the ruffle feature was a bit over
the top the straps are also very thin and didn t offer too much support i have purchased a lot
from retailer but lately some of the items have been disappointing in quality verses cost this
being one the picture is nice but the actual blouse is nothing like this the size was not accu
rate so buy a size bigger because of the sleeves the picture makes the pants appear flattering
and comfortable but they are not flattering at all they seemed much bigger than they should ha
ve been and the fold over portion was not necessary this sweater is adorable and comfortable
but the poms are barely secured so they just pop off whenever they rub up against anything i ca
nnot even imagine trying to wash it unfortunately i will reluctantly be returning it because t
he construction is very poor while i thought it looked really pretty on the hanger when i trie
d it on it just felt like a mess perhaps it suits other personalities and bodies i hated that
the zipper was in the front i personally find it tacky and gawdy while the patterns are pretty
the material felt like some weird fabric wallpaper and i didn t see how the price was justified
with how the material felt cheap to me i looked like i was going to work on a farm well made
but seemed fit big i like and have owned wide leg pants capris these were cartoonishly wide \n
\nneedless to say they were returned i sized down one size and it s still too big with the dou
ble v neck style this is going back i was disappointed by this dress i listened to the review
s and ordered one size up a size 6 instead of my usual 4 and that was the correct size fit li
ke a glove unfortunately the style left much to be desired this dress is very costume y i fe
lt like a wench from the renaissance fair not a good vibe it is a beautiful dress i m not den
ying that but not as a dress you would actually wear to an event there s just too much going o

n with the tapestry look and the many types of fabric i a i m petite but even if i weren t i think this runs very large isn t form flattering at all and overall looks dull it most defini tely does not justify the price material is thin i liked the look of the tunic sweater and it was very soft i am 5 7 115 lbs and tried on the xs the arms felt a bit tight but overall it fit well and i liked the length i did not like how high the hem was split though i would ideal ly like to wear these with a pair of leggings and wish the hem was split just a little lower an d not right at my hip the material was very soft but i felt like it was a bit cheap for the pr ice i got this in the green color it s a beautiful color soft to the touch i agree with othe r reviewers that it seems very delicate i don t mind dry cleaning my sweaters so that s not th e issue the problem is that a it runs huge i got the small and it swims on me i tend to run between small and medium in tops very unusual to have a small be so big on me and b the slits go even higher than they look on the model they come up to the top of my waist even with high waisted pants the sli this tunic only barely resembles the photo in person \n\nfirst the color is much less saturated and more orangey than it appears in the photos\n\nsecond it s huge i m 5 4 and typically wear 2 or 4p in retailerpolgies shirts dresses i ordered the sp and the dre ss was at least 1 5 times wider than it needed to be it hung off me completely boxy and shapele ss and the style doesn t really lend itself to use with a belt unfortunately this is a lot mo re boxy in person than it shows on the model it hung on me like a potato sack also the color isn t the rich red it shows but more of an orangey rust i almost ordered this online to wear to a party later this week but i m glad i waited to try it on at the store i wasn t sure if i d l ike the length of the petite or regular better i was so disappointed and didn t end up getting either i have two bailey 44 dresses from several years ago that are much more flattering and in credibly soft comfortable this fabric on this dress was much rougher and it really bothered me that the stripes cut off at the side seams and then don t match up from the this is a great cut and looks good on it is a very poor quality material it balled and frayed in two wears i retu rned it to the store this is a flattering comfortable soft sweater the instant you put it on a few instants after that however i found mine had relaxed a great deal to become baggy and p illed even more to become a fuzzy wuzzy monstrosity i m not optimistic about its longevity and wouldn t recommend it except for the extravagant single use buyer i bought this mostly to wear around the house so i ll keep it because i got it on a pretty good sale \n\nthat said this run s really large the sleeves are really loose and it doesn t really hang well over my hips whic h is a shame it s very soft and cozy which is nice but i don t think i ll leave the house in it often it also arrived with a hole in the ribbing on the bottom of the front panel i was abl e to tie a knot through one of the loops that i think will prevent further unraveling bu the bl ack and white photo of this sweater makes it look absolutely beautiful the color photography lo oked to be a beautiful rich burnt red color it simply did not match it was more of an almost f aded version of the rich color the fit was ok just didn t love it this sweater tunic is ver y poor quality the seams looked like they were about to come apart as soon as i got it and w ithout a chunky statement necklace it looks like your grandmothers apron there just isn t any style to it has to go back the sweater is very comfy and looked good the first time i tried i t on however the material is thin and slightly see through \nalso after one wear it completely stretched out and made the long sleeves awkward to wear without washing in between each wear af ter the third time i wore it i discovered a large hole in the armpit most likely due to the ex cessive washing i would not recommend this sweater i agree with the first reviewer exactly be autiful fabric and idea of dress looks stunning on model but huge and shapeless in person l ike a tent not at all what i expected when ordering a 2 petite sadly has to be returned this sweater is really cute great fit and unique style unfortunately the ivory color was more yello w than i like not the right shade for my skin tone the xs was too large on me and i m not a ti ny person while the dress was beautiful on the model in person it had way too much fabric and fit rather tent like the fabric is gorgeous and the dress would have worked if it were more of a fitted style and had half the amount of fabric on the bottom not flattering at all i ordered this sweater in green and it was a lovely soft color the style of the sweater was nice real ly deep side splits made it feel trendy the sweater is a great length nice fabric and the side splits are appealing however it was just so so big that i couldn t pull it off i just swam in it i am 5 8 and 118 lbs fairly wiry even the xs didn t work for me perhaps it would look more suitable on a curvier woman i even considered having it tailored since i ve had a hard ti me find i was really disappointed in the shirt the blue embroidery is a lot darker than what is shown in the photo and barely stands out against the black the photo does not accurately depic t this shirt i will be returning i really wanted to recommend this sweater but honestly can t now i was attracted to the softness simplicity and sale price but its longevity ruined it wri nkles pills and loses shape quickly if you still want to get it consider your shoulders and h ow knits like this fit on you this sweater runs tts to large depending on your shoulders and bu

st size the styling is excellent very versatile but the yarn is too delicate and fussy this dress is so well made but it s a lot of dress i think i would have liked it if it were shorter it felt a little too 50s housewife to me and i was hoping for a flowing material it wasn t wor th the price to me so i sent it back after reading all the reviews and sizing down one size i got my top size m i usually wear m l depending on the style i m 6 ft tall 160 lb i like my c lothing loose but not as loose as this top i should have gone to xxxxxs if such exists no wond er there is such a low leap in price it is a good quality though and very nice pale peach colo r no would not recommend unless you wear 3xxxl not that i don t recommend only don t recommen d if you have muscular thighs so i tried on the small in plaid pattern or checkered and not flattering on me at all snug on the though and loose by the knee and below also that pattern m ade my legs look weird no kidding kind of crooked they are super comfortable and the small fit so perhaps they run small \r\n\r\ni would get petite if you are usually a petite the regul ar size bunched on the bottom too long \r\n\r\ni am usually a 0p or 00p or being that i am sho rt 5 2 this skirt flares out way too much resembling a 50 s style poodle skirt the model in photo has her arm strategically placed thus pushing back excess fabric toward the back making it look more streamline this skirt is not for the under 5 5 long leggy types could easily rock this i thought this top had shimmery dots that is what it looks like in the picture but when it arrived it looks much plainer in person and i could not believe it was this top the dots ar e polka dots the embroidery at the v neck doesn t stand out much in the photo but it does in pe rson the top runs true to size but the fit didn t feel as perfect for me i am sending it back i needed a more shimmery top oh how i love moth sweaters but wow was this one a disappointment the color is wonderful the shape is unique and the stitch work is lovely but that s where the c ompliments end it s an itchy cheap feeling acrylic that is too short for my torso i am truly disappointed that at this price point it was such a cheap feeling piece so bummed so so bummed this looked beautiful online but the skirt isn t 100 silk the strips of fabric have differen t fiber content levels with most of them containing some level of polyester parts of the skirt felt like plastic to touch and one strip has a very prominent gold sheen that looks cheap over all very disappointing this is not at all the beautiful silk skirt that it appears to be onlin e \n\na definite return i wouldn t even recommend this at first or second cut if you are over 25 this top probably is not for you it is absolutely see thru great style and beautiful light fabric but you can see right thru it the fabric of this looks and feels so cheap it s hard to believe this is anna sui i would say this is unwearable there is zero stretch and it is made o f itchy textured poly fabric that looks like novelty fabric at best going back asap this dress is nice but it won t do for my purpose i considered it for a mother of the groom dress but it s not long enough for me the dress is pretty but very sheer and very low cut so it would requi re opaque undergarments it s not possible to tell from the pictures how sheer this dress is bu t the problem is i cannot get the color to stay below the shoulders the large appeal of this to p is the over the shoulder look but in just trying it on it would pop off the shoulders and make a cowl neck kind of top that didn t lay right if it would have stayed it would have been a real win for me i like the quality of the fabric and the longs sleeves but i can t get the desired look to work out so this is going back the material and color of the dress were great but the fit was rather blah i don t think it was right for my shape i am disappointed though i liked design of it i was definitely wearing retailer colored glasses my term for when something look s great on you in the dressing room but leaves you wondering what was i thinking when you try it on later when i bought this once i tried this on at home i basically felt like i was swallowe d up by this thing there s so much fabric layered in front and around your shoulders that you can actually feel the weight hanging down around your neck and it naturally sticks out rather f ar in the back i wanted to love t not sure why this dress was once backordered if you have a b ig chested basically falls from your chest straight down and gives you know figure disappointin g i will be returning it not meant for big chested fit woman i wish i could wax poetic about this gorgeous cardigan i would have happily bought it in both colors except for the deal breaki ng design flaw the extremely tight sleeves even if you have stick thin arms i don t know how you would ever be able to wear anything other than a tank top under it sadly for me this was a no go this is very large i normally am a s m and i took this in an x it is a beautiful dr ess in color and fit but picks up any stain and i have had to have it dry cleaned after every us e i snapped this up under the 20 off top sale and free shipping because it looks so pretty i ordered a large because i usually take a large or xl in tops it is huge i could have taken a m edium if not for the lining which is tiny the lining does not cover the chest and bra area a nd hits the belly button area while the orange part falls down to the hips and it looks like a block and makes me look wide who needs that like i said a medium would fit better and would n ot be so wide but i fe beautiful color and softness very warm but the front is way too much m aterial it just wasn t flattering the way i wanted it to be perhaps on a taller woman this wou

ld work i am a petite size 10 and 5 39 1 quot i love the fabric and style of the dress b
ut found it to be too much dress for me the skirt is very full and with the top i feel it woul
d look better on a thin taller person based on other reviews i ordered these trousers in my r
egular size 8 dark grey and up one size10 black motif the size 8 fit perfectly and the siz
e 10 are too big returning i am not sure what the other reviewers experienced but size 8 in
this brand fits regardless of style i also prefer the solid grey but that is just a personal
choice i felt the black motif trousers looked like pajama bottoms these ran very small compare

ipes on pants look the way the stripes come together at the seams just isn t flattering i was
sooo excited to buy this top and it was such a bummer this top hangs so poorly and is so droopy
under the arms it s clearly poorly made and the sizing was way off on me i ordered my usual me
dium and it was so large and wide that i had to return it it weirdly fit perfectly in the shoul
ders and arm length as mediums do for me but was so wide and unflattering for my figure 5 8 and
athletic i really wanted to like this top and considered ordering a small to see if it would f
it better bu when i tried this top on i started laughing the two rows of ruffles are made of a
starchy thick cotton which instead of falling by the hips juts out like wings it s also huge
cute idea wrong material and placement this looks like the perfect easy sweater with the white
shirt appeal to it but sadly the fit of this number is really off it looks more like a tent i
t must have been clipped in the back or something i cannot see any scenario in which this would
look good this looks so cute but don t be fooled it is so poofy it does not look in real
life like it does on the model it poofs way out on the sides and looks ridiculous i was so dis
appointed i wanted to love this dress as the length cut and color are exactly what i ve been
looking for but i was terribly disappointed in how thin and see through the material is fits a
nd lots nothing like picture very wide like a tent dress loved the color loved the scallops
wish i loved it on me the poplin fabric is very structured which doesn t lend to a nice drape
the bottom hem was a little small for my curvy hips so the top rode up a bit on me looks lovel
y on a straighter figure but wasn t amazing for me just didn t look as cute on me as the pics
online the color blocking was kind of odd actually returning nan nice quality and feel to the
fabric but they are super lightweight and do not come down to the ankle they fall at a strange
place on the calf a better cropped summer pant perhaps i liked the idea of this t shirt dres
s for a great basic wardrobe staple however i feel that it was overpriced for the quality it
s a nice piece but i would wait for it to go on sale i wanted to love this top the pink color
is wonderful and vibrant however like many tops lately it is short waisted and ended up looki
ng a bit boxy i am 5 8 and found it about 1 2 inches too short i ordered an xxs online and it
s still massive the only thing i can use it for is a beach coverup the embroidery is pretty bu
t i will be returning i loved the criss cross part of this tank however it looked so frumpy o
n the cut was just odd and if you are petite it felt like a tent i was so bummed because that
criss cross was awesome but it just looked so weird on i returned it the material felt nice to

ook pregnant most importantly the color is not peach it s almost a burnt indian red or bric
k red orange it was a disgusting color i love the teal color of this t shirt and the macrame
design at the top is beautiful however the top is way too large i usually wear a size xs or
s in retailer tops so i ordered the size s there is so much fabric below the chest it fits lik
e a maternity top i know if i order an xs i will have the same problem below the bust the
top is not flattering and it amp 39 s a shame i initially liked the feel and quality of the to
p but once it was on it was much shorter and looser than the picture of the model it flowed out
from my chest with one central pleat in the front and my husband said it made me look pregnant
then came the tedious task of taking it off with such a snug fit in the shoulders i m regularly
a size 2 xs 32d and 120 lbs and both size 2 and 4 did not work for me i looked at this dress f
or a long time before i purchased it because of the money i wear a size 2p was entirely disapp

uld never wear it in warmer weather without burning up the dress as pictured looks very feminin
e and light weight silk but there is just too much material going on thick and heavy the ove
rall fit was too big and very unflattering received this in the mail today and was disappointed
i typically wear a 6 8 but bought this in the 8 as i had purchased another similar top from the
same company in an 8 this does not fit the same at all the top pulled in my shoulder and chest
area while had ample room in the body needless to say i will be returning this item sleeves wer
e tight was difficult to put on for the price you want to love the shirt sending it back
i tried this top in xs in store i loved the macrame detail and quality of fabric it billowe
d out too much below the chest and looked tent like my daughter laughed when she saw me in it
so did i i didn t buy it i m 5 2 115 i love the material of this shirt and i love the de
sign however there is just too much fabric it felt very boxy and gave me no shape at all for
someone who is petite this just wasn t flattering i love the design idea though lovey top in t
he photos however its fairly large and the chest area can make you look even larger i m 5 3
118lbs 36c generally wear xs or 2s in retailer tops ordered the xs but it was just too large
and unflattering the lace work is so pretty it has potential but the design doesn t work well
for some this top is tight across the bust i am a 32dd cup and more trapeze shaped than the p
icture shows if you are smaller busted it may not flare out as much \nalso the sz 10 is what
was tight and i usually wear a sz 4 or 6 or small size top blouse \nin the end this wasn t
very flattering as it looked more like a maternity top i was obsessed with this top i ordered
my normal 4 and was bummed about the fit in the shoulders the slight puff was too far in it di
dn t hit on my shoulder so i returned it to a store and ordered a 6 it came quickly but it was
still too narrow in the shoulders i took it to the store and held it against the 4 and the seam
was the same length between the neck and shoulder as the 4 both returned i had no hope for an
8 this is the first hd in paris top i haven t loved high hopes for this top since i love the b
rand and the color this was an online only item so i guessed at the size typically order a 4 p
etite ordered the 4 regular since the length was already quite short in the regular length it
was oddly constructed small in the arms but boxy and oddly bell shaped bottom the lining was t
ough to keep straightened while trying to put it\non too bad but it went back this reminded me
of big bird in person and just adds volume to your body i m thin and usually wear a size 0 so
i m not sure who this may look good on though the quality is good and the fabric is both sturdy
and soft the cut of this top made this a no go for me it s a bit short in front and also boxy
which is emphasized by the dolman sleeves i ordered the coral color and it was much brighter
almost neon y as opposed to the soft salmon color my screen shows i regretfully returned it
the fabric and color are absolutely beautiful the shape of the dress is strange fitted and ti
ght through the waist and enormous everywhere else it was not flattering this has such awful
proportions i m 5 0 and 100 lbs ordered xxs petite in the neutral color the seam at the bus
t literally hits in the middle of my bust it looks very unflattering and it s very pronounced
i m only 5 0 and already the seam hits at such a high point on me below the seam the sweater is
all scrunched up where it s sewed and it balloons outward and is very square from there down v
ery shapeless sweater and not flattering at all unless you have your arms by your sides to hi i
purchased this dress to wear to a beach wedding i loved the color the fit and the style i eve
n got a lot of compliments on it the problem was that the wedding was on the beach in florida
85 degree weather and when you are sweating the fabric changes colors and takes a really really
long time to return to normal unfortunately i had to return it would be great to wear indoors
just watch getting water or anything else on it i got this top planning to wear it with the sle
eves up rather than off the shoulder like in one of the photos my regular size medium was wa
y too large so i went down to a small however the collar was still too wide for the sleeves to
stay above my bra straps back it goes if you re looking for a strictly off the shoulder top y
ou might like it color is deep blue and the cotton is a nice weight i tried on this sweater
love the flowing top and it looked like the seam would hit right under my bustline \r\nwrong \r
\nthe seam came right across my bust on a medium sized up to a large same thing this shouldn
t happen not sure who this would actually flatter \r\nthe sweater is high quality and the colo

s have changed it s gorgeous and the fit is lovely but unless you re prepared to carry a lint r
oller with you i would pass this by it s very soft an runs small arms very short and hits in
the wrong place across your chest would not recommend hahaha this dress is hilarious it look
s nothing like the image i am usually a 0 xs and 4 was the smallest size available so i order
ed it when i opened it it felt like 10 lbs of fabric i thought maybe i ordered a size way too
big until i could barely squeeze into the top of the dress once i looked in the mirror i almo

ring on anyone i received this jumpsuit today in size medium i am normally a size 4 6 overall
the jumpsuit fit i am 5 8 5 tall and the length was fine if i wore flats the issue with this
jumpsuit is the bottom half the top jersey wrap part fit great nice and stretchy fit nicely o
n the curves the problem is that the wrap part stops at your rib cage and the pants begin somew
here way up high definitely on the rib cage the gathering of the pants gave me a pooch where i

to love this top it is beautiful with very good quality but ran small and tight also the b

ding horses and i am always be size 2 in their clothes 32dd 5 3 curvy i ran into my local
retailer to grab a shirt they had on hold and had to try this on because it s so cute i couldn
t get the 2 zipped and it seemed to be rather narrow in the torso such a bummer after reading
all the reviews i ordered up a size the problem isn t that it runs small it s that they took
the bodice of a true size and stuck it on the skirt of a small size or if you want to think of
it differently the bodice of a large size on to the skirt of a true size the 4 top with the 6
bottom would be perfect unfortunately you get a size 4 fitted bodice with a skirt that pucker
s at the back and shows all your flaws spare tire or a size 6 that is atrociously long in the
torso tried this dress on today in the store i am a size 10 sometimes a size 8 the size 12 wa
s the first size i tried that zipped all the way up however it was still very tight around my s

cks structure the a shape looks drab on this knit fabric these are very cute leggings i love
the ribbed bottoms as far as design and comfort they are a five but after only two wearings
they are pilling like crazy and look shabby i m very happy i only paid 23 for them if i paid
full price i d be more upset i ordered these along with the regular ag stevie jeans and there
is a definite difference in fabiric and cut i liked the darker fabric but it was thinner and st
retchier that the more denim version the cut was also looser in the thigh and seat area which
made for a looser less flattering fit returned it and kept the regular ag stevie these jeans
look slouchy and shorter in the pic which was exactly what i was looking for but they fit more
like regular boot cuts on me and proved to be much longer than expected i have fairly long legs
and most jeans hit me like they do on the models but these were very long i only buy citizens
of humanity and paige jeans and i can almost always buy online for them when it comes to skinny
jeans but these did not fit the same as their other styles they are good quality and would pro
bably f i finally found this dress in store today and wow i cannot believe this cheap looking d

he body of the sweater was a tent absolutely no shape they must have clipped the sweater on t

the length cowl neck and colors however i found the yellow to be bit more vibrant in person w
hich i liked i m not sure i will keep this because it seemed to be a bit too thin for my taste
i would gladly pay a bit more for a thicker ply sweater i might justify this one at a sale pr
ice this skirt is gianormous i usually take an xl or l so i ordered both the waistband on th
e xl was so huge i didn t even try it on i feared it would not stay up so i tried the large
and it was big as well i think i would have needed a medium but as it is it is not the cute a
line that appears in the picture i wonder how they even got it to look like that it is
huge hip y and bunchy yuck very small so disappointed they did not even have a size for me
to exchange a day later when they arrived i ordered this online and when i opened the package
i was impressed with the quality of the material and stitching for this top it is much nicer th
an a basic t shirt \r\n\r\nwhen i tried this on the band of stitching that was supposed to go b
eneath my chest was sitting on top of my cleavage also the overall length is listed as 27 lon

but even the xsp is too wide on me it is really maternity wear \r\n\r\nalso since the materia

ouch this suit was high quality and a cute design however it is clearly made for a lean body
type i was very excited about ordering this top as i m tall girl 6 ft and i like my back well
covered i liked both style and design of the top on photo but when the package arrived i was ve
ry disappointed with the material this top is incredibly thin and see through though fabric is
nice and soft it feels more like a pajama top all curves bumps immediately stand out and it
doesn t look flattering i ordered 2 colors grey and black size large and returned both althoug
h they were true to size the suit is lovely but it is very long in the torso and gaps at the le

ormally i wear an 8 and in garnet hill a 6 sorry but it went back i really wanted to like it
based on other customer reviews i ordered these trousers expecting a lightweight cropped pant t
hat would be appropriate for spring and especially summer however the fabric is much heavier t
han what i d usually wear in the summer the cut of the trousers were superb though i like a
low rise or hipster cut which these are \n\nthey are fitted and not oversized like many of the o
ther retailer items i buy so if you are an xs these will be xs or runs small for retailer clot
hing if you like your clo not a pretty blouse it s quite utilitarian in design and it runs
enormous it s thin knit with a unique and pretty neckline but unfortunately it s scratchy will
not last i just received it and it looks like it would fall apart after a few wears it s a nic
e shade of offwhite at least for me it s a no that will get sent back straight away i was so e
xcited to order this top it looked like it was made of more sturdy soft cotton but sadly aft
er receiving it today i found that to not be true it s incredibly sheer you d have to wear a
cami underneath which defeated the point for me the pleating in the front hides your bra but
you can see it from all other angles i tried it on with an unlined nude lace bra which can eas
ily hide under sheer clothing i was hoping to be able to wear it on its own without a cami and
for it to i bought this suit based on the great reviews i was so bummed when i tried it on the
top fit so well but the bottom kept bunching up my torso is on the longer side so maybe that s
why the bottoms keep coming up every time i pulled the shorts down the top would come down too
and vice versa i am 5 5 and 120lbs and bought a 2 which is my normal size i did like that the
top had a bit of padding but that s the extent of what i liked about it i will be returning it
when i read all these positive reviews i did not hesitated as i wanted good basics which will b
e good investment in me as looking good is always investment well i love blue color as i am bl
onde wih blue eyes and this color makes my eyes brighter and matches almost everything but the
design of the shirt is made oversize fit basically the shirt should not be dressed as fitted it
s more relaxed fit so if you wear medium go head and order medium even if the small fits unless
you want to look lik runs large very boxy white fabric on lower portion of the shirt extremely
thin it did not look as good as in in picture very disappointing i love the fabric and patter
n of this dress so much that i decided to keep it got it on mega sale but i would have never
paid full price or anything close the armholes are enormous showing bra and all i am not part
icularly large chested 34c and the buttons are stretched to gaping on me even with the huge
armholes i have a cute red sweater coat that i will wear over it all fall but i could not reco
mmend it because of the poor cut design \n\npros great pattern fabric pockets true to i am a

ka dot color and patterns on both are gorgeous the fabric is very comfortable and a nice fit o

n the bottom half size large fit perfectly in the waist however i had gapping across the bust
size xlarge fit ok in the front of the bust but was loose in the back gapping at the neck and
the waist was very loose cute and comfy but only recommended for smaller busted gals the cut o
f the top portion of the dress is off i tried on the s in store it bunched up in the breast a

ence i am a 34b i would have kept the dress and given 5 stars if it wasn t for said flaw i was
expecting an ivory white cardigan with some lace along the sides with a more slim fit i am 138
lbs 36b and normally wear a s or m so i ordered a m the sweater is at least 1 or 2 sizes too l
arge in my opinion and not at all a slim fit but more of boxy fit \r\n\r\nthe lace edges need to
be trimmed up due to raw edges and strings hanging from them also the color is difficult to det
ect online but i was surprised to see that it is ivory with gray stripes not unpleasant but not
as pictured as this is a very fetching little dress but the details of the fit as described by
other reviewers is slightly off i am 34d 5 5 and 140 lbs the top fits perfectly but has an od
d gap at the button placket the fabric is nice enough but not exactly as i expected one must h
ave a very flat stomach as the top of the dress is not forgiving at all the dress just wasn t m
e i guess so this one is going home to retailer this top is quite boxy and i was very disap
pointed with the color it looked as if i d washed it in filthy water it s a very dingy white
needless to say it went back i really love the pattern and the look on the model and i thought
i would love it i ordered online so i did not try on in store when i tried it on it has way
too much fabric around the waist and skirt it is thick fabric as well and has a lining and th
e waist has extra fabric for the design and it has pockets so it all adds up to be way too bul
ky it is not flattering at all and made me look 10 pounds heavier i am returning this dress s
ad because it looks so lovely on the model i am this tunic looks awesome in the picture howev
er it is made of an uncomfortable sweater like material not left of centers normal skin cotton
i was disappointed once i saw this in person not a great material for summer like a previous r
eviewer i love white blouses nothing better also love polka dots so i grabbed this at my r
etailer store the minute i saw it without even trying it on quality is good nice material may
be a little heavy for summer but it really didn t work on me i normally wear a small in tops
however with a 34d chest 5 5 122 lbs i do sometimes get a bit of gapping with blouses at the
chest this does not gap but it just hangs on me if it was a true peplum and fitted at the wais
t i t i got this in a l and probably i am a m however the waist pretty much fit but the bodi
ce was baggy in a really bizarre way i don t think a human could actually be shaped a way that
would fit properly in this dress this dress is well suited for a woman with a very large bust
but a small waist i really liked this top but when i tried it on it was big and too boxy i con
sidered ordering it in petite but the sales person said that the cut would be the same boxy but
shorter so i decided to pass what a beautiful dress after reading all the other reviews i orde
red a size small petite way too big the dress sagged down so the waist was at my hips there w
as a good 4 inches that i could ve taken in in addition the arm holes showed my entire side of
my bra even if i sized down to an xsp my bra would be visible such a pity because i loved the
blue motif \n\nno issues with the zipper as others have mentioned\n\nfor reference i m 5 2 107
lbs average proportions wanted to love this i did love the color and thought the style would w
ork for anyone but i tried it on and immediately took it off with a definite not keeping this
the side zipper a complaint by many really made it uncomfortable also the detail under the b
ust would not lay flat and just looked odd loved the material and definitely the green print b
ut i knew i would never wear it just looked blah this shirt was just really missing something
for me i originally liked the patter of the small dots all over the fabric especially with the
sleeves being more sheer than the rest of the blouse i also am tending to gravitate toward clot
hes that hide my residual baby fat in my midsection however the tie is very high up on the nec
k and it made me feel like i was wearing a turtleneck i rarely wear turtle necks because they m
ake me feel like i am choking in addition the bow seemed to be too t i had been eyeing this to
p for a while so i was so happy to see it go on sale i was so excited that i went to my local r
etailer to try to purchase it right away unfortunately this top did not fit me right on the mo
del it looks adorable on me it was frumpy ugly the petite is sold out so i tried a regular m
edium i m usually in between a medium a large it fit me big just didn t do anything to m
y figure i agree with the other reviewers that the bow was too thin flimsy needed to be i r
eally wanted to love this romper and couldn t wait to try it on it s super cute and love the
material but once on the top portion is way too baggy even after cinching the waist if i pull
ed the waist all the way down it looks smoother and nice but if it sits at my natural waist
the back balloons out and it s unflattering it s too bad i love the print and ease of this d
esign ahhh i should have listened to previous reviews indeed this top runs very large style
wise it is ok i would say you could do much better at retailer nan i d been wanting the blous
e for quite a while but hesitated based on reading reviews when it went on sale i thought i d t

ry but it was like a tent on me the fabric was pretty but just hung without any resemblance to photo too bad because the color was gorgeous could have been a favorite of looked like photo this blouse is a beautiful color and i love the dot design and texture however it is a much ba ggier fit than i expected based on the photo and it looks a little bit like a maternity shirt o n me i usually wear a size 8 or 10 and i bought a size medium this sweater coat is very bulky and has an odd and unflattering shape when on i m 5 7 130 lbs i ordered a medium regular th e dress fell three inches above my knees this model is taller than i am and it falls to her kn ees doesn t make sense i think retailer sends petites in place of regular although i am sma ll size xs on top 27 waist this dress is not flattering if have any fat on your body i wou ld not recommend it i m usually a petite but bought in regular xs perhaps a petite would have worked better but this was way too low cut in front and back i did not like the way it hung on me at all i m 5 2 and 105 lbs but regular xs normally fits better than this did i could bare ly keep the shoulders from slipping off sorry it s a return for me this dress looks so elegan t and perfect for transition from work to night it looks great on the model but it looked terri ble on my it s a lovely material but the middle added girth to my stomach area which i did not care for after reading the previous reviews i thought sizing down would be a great idea as soo n as i pulled it out of the bag i knew that the xs s was still wayyy too big for reference i am 5 3 and a 34ddd and usually wear an 8 but this thing was enormous it was shapeless and boxy but done so horribly it looked like i was pregnant it has an adjustable draw string at the bottom w hich helps to make you look like a balloon such a disappointment the design was lovely and it looked very high quality and this looks great on the model but when it arrived i couldn t belie ve it was the same jacket it looks a bit like a really loose garbage bag on me and no amount of adjusting drawstrings is going to fix it i really wanted to like it but even the xs s was too baggy also a bit worried based on other reviews that it isn t actually a rain jacket and wont k eep you dry i never write reviews saw this on line and decided to splurge for the holidays a rrived today and is going right back runs very small especially in the waist trim is a cheap r ibbed fabric with a zipper fabric is not elegant looking as in the picture appears cheap and v ery itchy sooooo disappointed this dress was ok i thought the fabric was soft but not my fa vorite it s a pull on dress that would be easy to dress up or down but i have bigger hips and this dress was really not flattering on my would be better on a different body type i love th e fabric however the overall fit did not work for me \r\ni think the arms are much smaller than the overall shirt i was excited about this such a lovely look online but on me it was ju st meh i m a little heavy right now so that could be playing into it but i will say i loved t he top part of the dress very flattering and subtly sexy but the bottom it just hangs like a rag it needs either more material for a swishier effect or it needs to be a different materia l or maybe knit just doesn t work on me in the form of a dress the knit is nice but i kind of also feel like it is chintzy i can t this shirt was strange the bow tie was too thin and the dots were too dominant on the shirt it looks okay in the model picture but when i tried it on the bow and the dots just clashed i love maeve tops i love the material and feel of this brand when i saw the new tops that came out i ran to my local store to try one on i m usually a large in a top once in a while an xl they only had a large to try so i tried it in the black motif \ni could barely get the top on it looked like i was missing 1 2 of the top i doubled checked the size and it was a large \nit s a shame the top is really cute if you are the least bit bro ad or busty go up a size or two if you are usually a i m worried about the quality of the shir t it looks like it may snag easily i ve decided to keep it so hopefully i will get some use o ut of it in hindsight i would have not bought it when considering the price and quality of the shirt it s a cute topper it fits nicely through the shoulders and arms and because of the a l ine through the bottom but the chest is 3 sizes too small and i don t have a big chest the fa bric is very scratchy and mine arrived unbuttoned and unzipped and i suspect it had been worn \n\ngoing back not tracy reese s best piece i don t mind loose fitting clothing but to say th at this product runs large is an understatement no amount of pulling tying pinching could hel p me get this jacket to fall the way it does on the model in the photo the arm holes are a foot in diameter for artistic purposes and the jacket itself is meant to flow far away from the body i guess if you try to taper it in with the strings then end result resembles a rounded beach b all very disappointed especially since the design on the fabr i am 5 7 115 lbs and tried on a 0 the dress red looked great and i loved how it had a slimming effect and i could wear thi s to work and the length is appropriate it fit great but it was a pain to get out of for some reason i tried to get out of it through the bottom but it kept getting stuck on my hips i eve ntually got it out through the head but it was such a pain that i just got frustrated the fabr ic is okay i expected a slightly better quality fabric for the price the jacket was nice and s oft but it was too short on my torso with a cropped fit which i m not a fan of that style i ret urned it i m returning this jacket i tried it on after it was delivered and was happy with th

e weight cut and color although it s more dusty mauve than it looks in the picture however
the stitching and the zipper are of such poor quality that i doubt it will last very long i ac
tually can t get the zipper to zip at all it s very rough and lightweight and i m afraid if i
keep trying to force it i ll just end up breaking it sorry to say yet another retailer item tur
ns out to be poor quality thi i so badly wanted this dress to work for me the material and c
olor is so beautiful this had a sack like fit and the side pockets accentuated my hips giving
me a broader look than i would like this jacket is just too small for me anyway and i am no way
big i am tall and athletic and this thing looked like it had shrunk in the wash there are so m
any better fitting other types out there this went back 1 i m 5 5 tall 140 lbs and 38 36d
32 40 i m normally a size 10 in most brands and in maeve in the past this dress was too tigh
t across my waist and hips in a size 12 so it runs very slim \n\n2 this dress is very long wai
sted so the top bunched up funny \n\n3 the horizontal bar in the back is in the wrong place a
nd will not hide your bra strap \n\n4 there are bra strap keep loops in the shoulders but this
is an off the shoulder top \n\n5 the underarms bunched funny \n\n6 the dress has h the dress i
s well made with a great material it is extremely long and unless you are tall it would overpow
er many petite women i returned it love the tegan tunic version of this dress i assumed since
it looked identical except for the length that the sizing was the same but i was wrong this run
s so big i got a s in the tegan but the s in this dress looked like an oversized potato sack on
i highly recommend ordering at least 2 sizes down unless you want to look tent y i m happy the
other reviewers made this dress work because it looked terrible on me i m 5 9 and 128 lbs and
it made me look like i had gained 25 lbs as others have said the pockets make the dress even w
orse it s very hard to get them to lay flat the material is lovely soft and i liked the gray c
olor but this dress made me feel like i was wearing something from an asylum gorgeous color an
d fit but fabric is not great i ordered this to wear with leggings and booties i returned as
i could tell it would get baggy in the elbows and rear end just not a good fabric bummer i
first have to agree with other reviewers about the quality of this sweater the stitch is pretty
but the fabric isn t nearly as soft as i expected it has the look and feel of a cheaper sweater
that said the fit is pretty flattering i didn t have any problem getting the cowl over my shou
lders as pictured by the model i ve been looking for this style of sweater so i ll probably ke
ep it however it really didn t meet my expectations for quality i love the ethnic colors th
e creative woven design of this garment that s what attracted me in the first place however s
ome of the metallic threads had snagged i thought the loose weave acrylic yarns would lead t
o more snags it would eventually stretch out of shape also it s very big too bad it doesn t
come smaller in the online picture it must have been gathered clipped behind the model becau
se it really doesn t fit close like that the long armholes are not visible online as this top
looked positively vulgar on i am a 34d and it was way too low cut my boobs were spilling
out in addition the fabric reminded me of a cheese cloth it just looked and felt cheap
unfortunately this top will be going back i ordered a large and despite wearing a large in man
y other items from antrhopologie this item was too small especailly across the bust it was ve
ry well made and the color green is beautiful but unfortunately i will not be able to wear it
so disappointed i usually love a cowl neck sweater but not this one you can t wear it off the
shoulders and it s weirdly sheer too the only pro is that it doesn t include wool or fur i rea
lly loved the look of this dress online and couldn t wait to try it on based on my measurements
i ordered a petite medium following the petite size chart the dress was the perfect length for
my 5 5 frame but it was just way too loose and not flattering on my figure i m 36c 32 37 and i
looked like a sack of potatoes in the dress the fabric and lining feel great though i just was
n t the right fit for me the sweater is nice but is very thin it is see through which does not
make it a good fall winter item for me the design structure of the sweater is nice looks sl
imming on which is a bonus i originally ordered my regular size s but had to upgrade to a lar
ge in order to get the neck to fall on my shoulder as shown in the picture this wasn t a proble
m since the sweater is form fitting so getting the larger size did not make it look too big ove
rall i did not keep the seater as i thought no but i m not a small person i m 5 8 a size 6 o
n top 8 on bottom i don t love this on the model online but i saw this on naomi s blog love
taza and thought it looked amazing i tried it on in my retailer and while they only had a m l
since i m tall i figured that d be fine oh no not fine it s huge like it could almost cov
er a twin bed it was a couple inches longer on me than on the model and doesn t arc down in a
drape nearly as well so just looks huuuge i thought i was bein ordered on line and thought th
ese are a great quality as i pulled them out of the box tried them on and found minimal elastic
for the waist within minutes of wearing the waist fell down past my hips glad i was at home
looks cute but will not stay up i ordered these pants in my usual size xl and was shocked whe
n i received them the waist was huge and there was nothing in the way of an elastic or tie to k
eep them up i couldn t keep them on so of course back they go too bad the sweater quality i

s great i wanted to love these they are cute and warm but they have absolutely no elasticity
i m so mad at myself for not reading the reviews because i ended up wasting money on shipping 2
pairs of leggings that i ultimately took right back to the store i saw the colors and texture o
f this top and wanted to love it however when i put it on it just did not work the cut was so s
trange it runs very small in the shoulders and then flairs out so much at the waist i even ord
ered up a size based on reviews i ordered an 8 when i normally where a small 6 in things the
shoulders were still too small and it was way too big every where else i expected to love this
since i usually look good in this style of jacket it s definitely comfortable and the fit was f
ine but i really don t care for the wooden buttons and the overall look was just meh it s go
ing back unfortunately love the shape of this top and often look to retailer for corset style
summer tops that are pretty this top is made from a thick stiff fabric that doesn t breathe s
o my usual size xxs was too constricting tried an xs also and it basically fit but i still wasn
t a fan of the very heavy fabric in a summer top it s almost like a neoprene the colors are an
odd choice and not my favorite either i wanted to see in person and they just don t cut it for
me would love in different colors and softer childsize not sure where this went wrong but it
s going back immediately always wear a 0 2 in retailerpologist skirts this size 0 runs at leas
t two sizes too small the material is beautiful but if i got the size i needed i would be enti
rely swallowed by fabric so disappointing i loved the look of these pants in the pictures onli
ne and i loved the way that they fit however when i got my pair the flower placement was compl
etely different the whole front was black and there were just flowers running out of the crotch
seams i ordered another pair hoping they were just cut wrong but those were even worse they l
ooked obscene i carry my weight on my lower half usually a large in bottoms this one in a lar
ge was too big throughout especially since it doesn t have a waste band returned i love the fa
bric and design of these leggings but unfortunately they ran way to big up top they literally
fall down i am 5 and 3 4 tall too tall for most petite pants and too short for regular pan
ts these ran a little big i weigh 140 lbs and have been wearing mostly 28s and 29s which is
what i ordered the 29s were a tad too big around the waist the 28 fit but were so long that th
ey looked like clown pants on me i am in the conundrum that i can never find cropped pants that
fit because i am in between petite and regular height sizing these were a perfect example they
both went back loved the qu i have quite a few pairs of retailer pants and jeans my favorites
are the cords i got last year similar to these so when i saw this fun pair i had to have them
i ordered both the 32 and the 33 to try on \r\n\r\nthey are even more beautiful in person than o
nline and they are so so small it wasn t like they were a tad snug i couldn t even get the b
utton across to meet the buttonhole on the 33 \r\n\r\ni ve never had a problem fitting into ret
ailer pants before this was an extra depressing first time a truly unwearable slip scratchy fa
bric bunchy skirt teeny bodice it feels like you are wearing wrapping paper the foil kind s
o wanted great pair of sweater leggings great for running errands and keeping the outfit simpl
e these are not that these fit very poorly i ordered the small which is more like a large o
ne in the waistline there is nothing to hold these up and i could fit two of me in them unfor
tunately i thought all would be fine and i discarded the receipt and have worn them a few times
i am so sad i have to return these leggings they re adorable so much so that my fiancã commen
ted favorably on them but as other reviewers have pointed out there s no elastic or string in
the waistband so you have to walk around holding them up with one hand or they ll fall down why
sleeping on snow whyyyyyyyyyyy they re so great otherwise this would have been a perfect jack
et for a trip i m taking light weight and very stylish however the jacket runs huge the arms
are long but it was the shoulders that were too big i wear a size 8 10 mostly 10 in retailer cl
othes i ordered the large and the shoulder seam was about 2 past my natural shoulders i won t
return for a smaller size because the fabric being wool i should have checked its unbearably i
tchy esp around the neck you could wear a long sleeve top and a scarf but then it i am 5 10 1
35 lbs normally a size 4l and ordered both a small in the navy and a medium in the beige the e
lastic waist on both is not a tight muffin top producing elastic like on some thinner banded le
ggings in fact the elastic is very loose not very stretchy on either of the sizes i think th
e s had been previously tried on given the state of the packaging and the fact that the seat of
the pant was already a bit stretched out the m is definitely too large so i would say that thes
e run nan i tried on this top and it looked fine until i tried to move you can t lift your arms
i tried on a larger size but still felt like the movement was limited in the back and arm areas
i liked the design and i didn t mind that is see through but i couldn t put it on not size 8
what is my usual size not size 10 or 12 even 14 my shoulders wouldn t go through the middle
part and it is not stretchy so disappointed i really wanted to like it love the design with
the buttons down the back but unfortunately this did not work for me the colors were brighter t
han shown on the website which was my first disappointment i prefer more muted colors the seco
nd disappointment was the material for me it was just too itchy unfortunately this one s goin

g back i felt like this shirt cut me in the strangest way the waistband is very fitted but th
ere is so much extra fabric above and below it that it poofs out like crazy and made me look lik
e a had a droopy chest and wider hips it s also see through \r\n\r\nfit is tts this shirt loo
ks nothing like the fit in the pictures it is short and very wide i had read the previous revi
ews and thought i could take it in on the sides some but it is literally the shape of a trapezoi
d i bought this shirt immediately because of the pattern when it arrived i was super confused
it s not a tee shirt like it looks like in the photos it s made with cotton fabric with a tiny
bit of stretch i ordered the xl because i have brought shoulders and 36e bras size and it fits
like a 2x or larger i would say order two sizes down also it hangs like a maternity shirt i m
ight order it once it s on sale which it definitely will be but even then am not positive i wo
uld keep it this blouse is a disappointment it runs so large it looks ridiculous the cute is
super wide and flared they must have it pinned on the model it is not flattering at all i rea
lly thought this could be cute not worth the money either it s expensive and ill fitting for
reference i am 5 3 and 123lbs and wear a 2 or 4 the top looks like an oversized shirt in the mo
del photo but as you can see it s not at all in person made with what feels like hospital scrub
s meets crisp poplin this shirt is stiff and does not lay flat against the body the cut is alm
ost triangular or bell shaped causing it to jut out think of a flared wide leg pant but as a
shirt the sleeves have a similar cut as well i too am a 34c and found it made me look much w
ider as your bust will cause the shirt to move away from you it s s this is completely see thro
ugh and i think it would look awkward with a cami underneath because of the highly structured sh
ape fairly cute fit but not as a layering piece sadly this has to go back i am 5 5 128 lb
s and this shirt is super short on me very short and it s so wide it s almost a trapeze cut t
he overall effect is 50s 60s style maternity shirt which is disappointing because the fabric is
beautiful the detail is nice in person even the sleeve cuffs are great i am not very tall and
i m fairly thin on top so i can get away with a lot of styles loose and tight the combo of sho
rt and trapeze is just unflattering it broke my heart to return this shirt the pattern is just
the kind of quirky that i crave from retailer the quality is really great but in the end this s
hirt was just way to big i don t think the xs would have made enough of a difference sad face
this is a beautiful sweater and a nice medium weight however it is an awkward length i am tal
l and have a long torso so it s just not cut right for me and was not flattering just a warning
i am always a 6 or 8 and even the 8 was so tight in the waist i could barely out this on if you
don t have a super tiny upper waist this won t fit well too bad because it s super cute if a
bit sheer i really wanted to like this dress the color is perfect the design and cut are cut
not always the case at retailer however the fabric quality was terrible a shiny acrylic wit
h cheap nylon lace it looked like something from a discount store and had to go back i thought
this was so cute online sweet and feminine but when it arrived and i tried it on in my usual 1
2p i felt like i had just stepped back into freshman year of highschool it is very early 90s
not the bohemian i was going for it is also very high waisted even for my little 5 1 frame i
truly felt like they pulled this out of someone s closet dusted it off and said ta da as much
as i love rachel and monica i have moved on from their clothing i love vintage lace so i was
very excited to try on this dress unfortunately it just didn t work for me i m a larger bust
y lady size 14 and i tried on the xl it fit fine but did absolutely nothing for my figure i
t just kind of hung on me even with the belt tie i still feel like it didn t accentuate my wais
t line i think this is better for someone with a straighter figure this top has nice quality l
ace but the layout is strange it wouldn t stay under my boobs but kept creeping up and looked s
trange not for girls with a chest what a huge disappointment i was really looking forward to
wearing this top but it is very tight and awkward around the bust if you have any semblance of
a chest this is not for you i am a 38c and this was a no go the quality of the top seems to b
e top notch but the fit was just no it felt restrictive and it was hard to even move my arms an
d i have slender arms retailer has incredible service and so they let me return this dress eve
n after having worn it however this dress cannot be cleaned i saw a stain on it after the fir
st use so i first tried hand washing it however the black part of the dress came off on the w
hite part making the stain worse i then tried dry cleaning it the care tag allows both and t
hat produced 3 or 4 new stains where the black rubbed off on the white it s a beautiful striki
ng dress that would be great maternit i bought a petite medium and the length was right but it
fit like a potato sack it was quite comfortable and didn t look completely terrible from the f
ront but from the side it was terribly unflattering when i tried it on my boyfriend saw it an
d said it looked like i was wearing a nightie i don t do form fitting clothing but this was th
e exact opposite and flared out every which way it s got to go back i have never written a rev
iew before and i love retailer and shop here often however i am so unhappy with this shirt i
wanted to share to save someone else money it is such poor quality it looks thick and flows in
the photo it is very thin and it itches so bad i could hardly even stand to try it on when it

came in the mail i will deff be taking it back and do not recommend it at all the top falls n
icely great quality the lace is beautiful however the sleeves are too wide and puffy the to
p is voluminous and i wished it had more form fitting sleeves to balance this out the top does
not look flattering on me so i will be returning it ditto to all of the reviews who state that
this top is beautiful but runs small in the bust i am a large or an xl so i ordered this in the
xl i m a little broad and busty and it was too small binding this is a beautiful well made top
for a certain body type i had to return this blouse because it ended up been too small and supe
r itchy im kind of busty but medium usually works and this one was super tight across my chest
not comfortable at all and the fabric is kind of a sheer with the sparkly lines in silver \nwoul
dn t recommend it not what i expected they ran very small and the fabric seemed cheap for the
price returned the material is so thin and so itchy like other reviewers stated it itches so
bad and feels like sandpaper i thought it would be ok to wear a tank top underneath but sleeves
are still itchy otherwise the design is great and the long peplum hem is very pretty and would
look great with skinny pants or leggings and boots i wish i could keep this dress based on the p
retty orange print and style but the fabric and details make this a return even on sale price
agree with previous reviews bodice too tight neckline too high chokes fabric is rough outer
is poorly attached to liner so it poofs in weird areas too bad so sad way too much fabric s
ticks out like jodhpurs but from the hip eek might be a great dress in rayon or a drapey fabr
ic but the extra fabric just piles up on itself the outer layer also doesn t feel like it wi
ll breath add the cotton lining and i think it will feel miserable in the heat of the texas su
mmer returning a very cute and comfy top that s lightweight and falls nicely but it does s
nag very easily so far i ve worn this top once and found small snags in multiple areas the sn
ags might blend into the fabric texture if they did not create dark spots the yarn thread is a
mixture of a celadon tone and black which concentrates the black when snagged i am of average
height but these pants are so long i considered altering them because i like the print but i
don t think it s worth the effort for workout attire so they re going back shame i bought the
se shorts last week in the cobalt blue color they are super comfy and the color is beautiful ho
wever after wearing them for only a few hours i noticed a pull in the fabric that all the way do
wn the front of the right leg i m extremely upset about this because they were relatively expen
sive for lounge shorts i love the shorts otherwise not up to retailer standards fabric quite
thin you could see nude color bra through the white one and thin fabric wide bottom hung slopp
y no way i would feel well dressed in this top i returned it i am not in love with this top
and will be returning it from the front it looks like a basic tee which i expected but the ba
ck x is too loose and slumps to the side so that it doesn t look like an x as the picture sh
ows so basically the focal point of the tee falls short the white is completely sheer i am so
tired of see through shirts even at the sale on top of sale prices i wouldn t recommend this
shirt if the fabric weren t sheer it would be a very comfy shirt with a cute back but it just
looks silly with a tank top under it the cotton just doesn t lay right i ordered this dress on
line the previous reviews were accurate that it runs small particularly in the waist i normal
ly wear a 0 or 2 but i ordered the 4 it fit my waist and hips but was slightly loose at the to
p even though i am a 34c i liked the look but it had a hole where the seams had come apart bet
ween the black stripe across the chest and the main fabric additionally the black squares were
pulled in several places with threads sticking out i returned it immediately i thought this to
p would be a little more form fitting than it is there is so much extra fabric near the bottom
it is almost like a swing style top the fabric will most definitely snag as it is not a linen
or cotton top material but rather a silky type and also very thin not very good quality i got
the smallest size possible and it was absolutely huge everywhere but the neck i loved the styl
e and shape of the dress it does run small i had to return it because some of the black dots
pulled and looked like it might be more of a problem as i wore it this suit is absolutely gorgeo
us but it really will only fit a very short waisted gal it fit perfectly in the body and in the
bust but just was not long enough for me to lift my arms up and my size c cup boobs to not pop o
ut i was very sad to return it i am a size 8 with c cup boobs and ordered it in a medium i l
oved the rich navy blue color with the accent pockets the fabric was a nice weight not too thi
n like lots of retailer tops i liked the top from the front however the back was way too long
especially with the looseness of the style it would have been much better if it were not so muc
h longer in the back and maybe a little more fitted it might work on someone taller i m 5 3 a
nd 120 lbs and i tried xs i absolutely loved these pants the first several times i wore them
the fit is flattering they are a perfect long length and the colors are stunning after severa
l wears it was time to wash them and i followed the directions provided to wash with cold water
and line dry i was initially horrified with the amount that these pants shrunk in fit and lengt
h and the colors ran together after a lengthy ironing session i was able to smooth out the mat
erial and restore much of the length and fit bu i agree with the other reviewer who stated this

sweater is very 80 s online it looks minorly fluffy with muted colors but in person it s a bad overly fuzzy christmas sweater with super bright 80 s colors if you re going for kitschy tacky retro this may work for you but if you are looking for the sweater in the photo you ll be disappointed it looked to be true to size but to be honest i hated it so much i didn t even try it on i really wanted to like this top in fact i have put it on to wear several time s then opted for something else so i m thinking it has to go back for one thing the yoke part is sewn onto the bottom so the stripes are crooked that bothers me i may get it in the white instead because i do like the style i just wish it were in a solid color but try it it might work for you these pants fit tts and are ask pictured in length on me 5 5 i can go between a 4 and a 6 and tried the 6 and they were fine that said the fabric completed turned me off it is that sort of stretch fabric with a sheen to it i did not find them to be the wonderful wa rdrobe basic i thought they d be the fabric is just too stiff and the sheen made them feel che ap unfortunately i purchased these pants while on vacation because i thought they d be the per fect addition to my comfy travel wardrobe on my second wear i happened to be on a long haul fl ight when the entire side seam split about a food long on my upper outer thigh luckily i d pac ked a back up dress the pants weren t tight at all but the seams wren t strong enough to handl e a little pressure from sitting i guess poor construction i would not recommend these within 2 washings the color faded to a not so black black like a pair of pants that has been washed ov er a year s use after 5 or so washes the hook and eye closure began to fall off the pants fit well albeit a bit short i m 5 9 and they run small i sized up to a 6 when i usually am bet ween a 2 or 4 i let the hem out sewed the hook and eye closure back on and redyed them and no w they are good to go but for nearly 90 i don t expect to have to do this much work these are not my first for some reason the cream colored cords are sheer the material is quite thin you can see the pockets through them as well as the seams i have other ag cords and it seems the m aterial they are using this go around is substandard too bad i loved these when i first got th em they fit perfectly and are the softest and most comfortable pair of cords i ve ever owned p lus ag is the only brand of jeans i buy unfortunately they stretch out horribly within one wea ring for such a pricey pair of cords i m extremely disappointed i m not sure if i should ve s ized down but now i m wishing i had although i m not sure that would make a difference i love d these pants the fit well and were flattering unfortunately after three wears they came apar t at the seam very disappointing and frustrating these ran true to size but the fabric is ver y stiff and unforgiving i m athletic and have lean legs but these seemed to cling to and roll on every dimple on my thigh and sitting down was uncomfortable at the knees because of the stif f fabric i loved how they fit at the waist but the legs just didn t work for me sadly returni ng these like previous reviewers have said these run a bit small and i m surprised no one s me ntioned that these are very high rise for reference i m 5 7 130 lbs 34 27 37 and am an ret ailer size 4 in tops and pants i really wanted to love these pants but even after ordering a s ize up and trying on a 6 i was still not in love and the other reviewers are right the back zipper is kinda hard to zip up the top of these pants are exactly the same as the essential fla res so if you re thinking of ge i was so excited to finally find a work appropriate contemporar y pant that i wore them about 3 times in the first week needless to say they needed to be washe d and i followed the care instructions by washing in cold water and laying flat to dry after j ust a single wash in cold water the pants faded to the point that they looked like they were th ree years old so sad luckily retailer took them back without a problem be warned these may n eed to be dry cleaned which is a lot of maintena i look like a stuffed sausage in these pants an d i even went up a size for some reason this fabric isn t working for me i think it s the she ed combined with the stretch or lack there of of the fabric i ll have to pass these would ha ve been the perfect black pants great cut love the wide band in the front true to size quali ty construction but a zipper in the back i had to ask my husband to help me zip them up pe rhaps they would be easier to put on if my bum were a little smaller but the pants fit perfectl y they were just too hard to put on sending them back since i don t have an assistant to zip them up whenever i need i had high hopes for this top but once again it is just a big boxy too much material top i get the style but if it adds 10lbs to your middle area its not for me it i s a thin material so it does hang nice purchased these pants that i had quickly tried on when i got home i re tried them and felt they were too snug and the material had an odd feel and did not lay right i took them back and tried them in the next size they fit much better but the ma terial did not lay well on me i think that they are a bit too stretchy and ended up not buying the larger ones either i would definitely recommend trying these in a store rather then orderin g online i m 5 ft 7 125 lbs true size 4 and these pants made me look like i had boy parts supe r disappointed i own the essential slims and love them so i figured i could order these in my normal size and they d fit great i was way off they were uncomfortably tight in the calves wh ich is understandable i m a runner so my calves are disproportionately large and uncomfortabl

e in the waist i decided to order one size bigger and pretty much had the same problem in the c
alves the high waist was also still unflattering and uncomfortable these might be great for ho
ur glass shape with skinny calves t cute fit but split in the thigh after two weeks and i m
not a big gal poor quality so sad becuase i like the design i would not recomend the lack to
anyone that does not live and work and shop in a completely immaculate environment i wore this
to work the day after purchasing and within three hours i honestly looked like i had slept in th
is sweater for three monthe straight i had to take the sweater off and work in a t shirt \r\nt
he marigold color may be better than the black abut showing lint but something intrinsic to the
fabric really attracts lint like nothing i have eve run large and leg is very wide even sizing
down they seemed too floppy ugh i hate that this didn t work the top shoulder sleeve portion
is so pretty and unique but the fabric is overall this and cheap feeling the length is too sho
rt for how flowy the shirt is the sides go way up on me the fabric feels like something that
would fall apart after one wash back it goes i believe that this sweater is by moth and not kn
itted and knotted as noted in the description for me this tunic was just ok i didn t think th
at the quality was great and it just didn t wow me especially at this price point i loved the
style of this shirt so much that i bought two of them unfortunately after washing the turquoise
one it sprang several holes the same thing happened to the second one after one wash i purcha
sed several of these shirts in the tank style over this past summer and they have washed and wo
rn great i think the fabric quality and craftsmanship has gone way downhill at retailer lately
very disappointed i ordered this top in a 14 my usual size and it fits fine but it is way to
o short waisted it looks nothing like what the model is wearing her top comes low on her waist
almost to her crotch area mine was just about 2 inches below my belly button it was almost as
if they accidentally cut off the lower half of the top at the factory very strange i wanted to
love this top i wanted to love it so badly i bought it twice the design and beading are beauti
ful but the sizing is off as another person mentioned it does run short but that was not the
issue for me i ordered my usual size in this brand and the arm holes were too tight because i
really love it i decided to exchange it for a larger size i did not try it on in the store bec
ause i never wear that size and just assumed the arm holes would be larger sadly they were not
still this top may be right for some but it did not work for me i ve been looking for a nice b
lack top and loved the flutter sleeves on this one however it didn t do much to flatter my bod
y i ordered the xl but it was huge i m not sure a l would have solved my problems if it had b
een available i found it looked boxy and and agree that the arm holes are too big \r\n\r\nthe
quality is great and style so pretty though i wish it had worked for me i really wanted to lo
ve this but it was just too voluminous to be flattering i am typically a size 10 or 12 in dres
ses and jumpsuits and the medium was billowing around me also the elastic waist hit me low and
bunched in an unflattering way it had to go back i was debating getting a large in this top bu
t went for the medium boy is it huge the jersey fabric is quite thick which makes the sleeves
bulky and uncomfortable even the small would be giant \r\nfor reference i normally wear a size
8 10 my chest is 34 e and this was just so so huge it hung so badly of my chest that it looked
frumpy and made me look bigger than i am \r\nthe colours are true and nice and vibrant defini
tely size down with this one this top is gorgeous and i exchanged it 3 times hoping it would wor
k i originally got the size a would normally wear a 6 and the arm holes and top were extremel
y tight and the top was short so i sized up and still had the same problem i then went all the
way up to a size 14 in order to get the length of the shirt log enough but now it is quite large
around my hips i love the detailing of the shirt but unfortunately if you have any chest at all
it will not fit i found both colors and jumped on this shirt then i got it home and realized th
at it was pretty much useless there is no way to put a sweater or jacket over it it is too hot
to wear in the summer putting a tee under ruins the look \r\ni am very flat chested so it hung
well but there is lots of shirt both went back in exchange for two wearable items i love cott
on fabric so i was very excited to find this shirt in gorgeous fall colors i have the dark red
burnt orange color and it is pretty but i have worn the thing once and today when i put it on
again i found 2 holes on the front of the shirt so disappointed nan absolutely beautiful top
worn once hand washed and that s all she wrote ruined the black trim bled all over the top
i tried everything you could imagine to get this back to normal do not recommend this is h
uge i thought it would be oversize but with a bit of shape there is no shape to this and is a
lot of material i ordered an xs and typically wear an xs or s in blouses sometimes medium in s
weaters \r\nit seamed like 2 sizes too big the material is very soft and the collar is nice th
ere is a ribbon tie at the waist the tie is wimpy and could be nicer when tied there is so mu
ch fabric the is gathers and looks like i have no waist i have been looking for an off white ve
st and thought this one would be perfect except it is going back i am 5 9 150 lbs medium is
my normal top size but this medium was tight even though the design looks relaxed in the pictur
e no buttons so no way to close it unlined and the design and fabric look more casual than th

e photo not worth the price love the fit of the jeans just wish there was a couple more inches at the bottom these jeans have a 23 inch inseam not 26 so they hit at a very odd place on my calf return for reference i m 5 8 nan i tried on an xs and it was boxy roomy in the torso and the pocket on the wrist forearm area made my arm look too bulky when i rolled the sleeves up lik e the model pictured i love the idea of a relaxed fit cropped leather jacket in a versatile tau pe color but when i tried this one on in person it took me back to my childhood i used to help my dad wash his cars when i was a kid and he used a leather chamois shammy for short that wa s awesome for soaking up water and that s what it felt lik this sweater is so cute and seems hi gh quality i would love to keep it but it is way too cropped for my taste going down just belo w my mid section i wish it had been cut longer i would have kept it i don t have a large head but i could barely squeeze this blouse over mine i also ordered the xs even though i m usually a small and it was still blousier than i would have liked already returned it on the plus side it s gorgeous this knit shirt is too thin as most knit shirts i find are i got this in the wh ite and was excited to try it on due to the fitted cut and cap sleeves the upper part was grea t but the waist was too large for me and was actually too long had to return especially for t he cost i purchased the xxs which normally fits me the suit is beautiful however the white it is slightly see through on the bottom front even though it is slight to me that is inapprop riate so i returned it regarding sizing i ordered a medium i usually wear a size 6 135lbs and my body is evenly proportioned throughout the medium was not tight at all but the back bott om region seemed cut just slightly less than full coverage i feel that i would be in between sizes small and medium but did not try a small due to the slightly transpa i was so excited when i saw this dress i love this color and the poplin sleeves i was so sad when i tried it on tho ugh the back poofed out in such a weird and unflattering way i think it is because there is a pleat high up in the back but then it seems like it gets narrow again around the hips strange also the material is kind of stiff and seems poor quality i do love the way the top and the sle eves look on me though so i am actually considering keeping it and just making it into a top th is shirt is cute nice cut but i don t love it best as a sleeping tank got the coral reef col or in a size medium for reference i say i am 5 4 because its easier than explaining that i a m really 5 3 and 3 4 138 140 lbs 36c bra size wise i am all over the place recently i lo st weight and have been buying smalls and mediums and anywhere from an 8 to a 12 from retailer i so wanted to love this suit and am still in love with the fabric and colors everything in the medium fit except for the bra cups i am not especially big but there was zero cup room weird f it and the tie just add to the problems i think i d like this a lot more if it were just an ope n cardigan without the tie the tie seems like an after thought it s flimsy and it just makes a nyone wearing this look like a house no matter there size i ordered a medium black and it s already in the mail this top really is lovely i had high hopes of it looking smashing with bla ck jeans i wash everything before i wear it though this garment says it needs to be dry cleane d there was nothing so delicate about the fabric that it had to be dry cleaned so i hand washe d it with delicate soap when the lighter colors came into contact with the black the black imm ediately stained the light color i tried putting some stain remover on the black stains rinsed and hung it above my bath tub it is cur nan i want to love this shirt i really do but it s hu ge the top is tent like which would be adorable with skinny jeans however the length of the b ack dips so low the top kind of reminds me of pajamas the color is beautiful more like a ligh t grey heather and the white piping is like a shimmery ribbon material overall the top is cut e but it dips too low in the back and the bow weighs down the back of the shirt so it makes it hard to adjust it in the front sadly it s a return comfortable and soft material cute design and nice longer length however i m long waisted and this looked ridiculous on my me elastic c ame up right under my bra and not at my waist would be cute for someone shorter the dress had great potential but the top sagged and made the dress look unflattering on me unfortunately i had to return it the length was great and the back and sides of the dress were nicely tailored and flattering perhaps this would fit someone else better i have a 34b 34c bust and it didn t work for me i wanted to love this skirt i love high waisted skirts and the length seemed fla ttering on the model it was not so flattering on me the fabric is so lovely truly the photos online don t do it justice it s heavy and luxurious wonderful for fall or winter and the gold gray and navy floral pattern is not too flashy or bold plus pockets however the midi length did not work for me despite the product s suggestion that it was a universally flattering lengt h just above the knee i m not i thought this dress looked so cute and comfortable and was exci ted to try it on and i was majorly disappointed it was incredibly unflattering in every way as a few of the other reviewers mentioned if you have any sort of bust the dress will not hang nicely the waist band was too high up and made me look pregnant i m 5 2 and curvy and usually take a lg in retailer but this ewww i will say the color and material are gorgeous but i m guessing this is the type of dress that would look bes lovely dress and looks great on me but wi

th just my second time wearing this dress and reaching across my desk to pick something up i fee
l the elastic waistband snap this dress is definitely my size and i have felt no tightness or d
iscomfort in the midsection i have bought cheaper clothes with better elastic waistbands and ha
d them for years now i will spend the rest of my day looking like i m wearing an orange sack i
m not pleased there are darts that are not shown in this picture that make the dress ill fitted
not sure why they are not in the picture and on the dress i wish the pictures shown were more a
ccurate i really wanted to love it but it was way too maternity on me i love flowy but the flo
w on this dress hit me in all the wrong places but i must say i have a 34ddd bust and wear a me
dium regularly well i sized down and ordered a small and it just didn t work it just flowed ri
ght off my chest to what looked like a dress concealing a baby bump overall its cute just not f
or me i was hoping these would be like some of the lace shorts i bought from retailer last year
that i loved so much sadly no first of all they run small i am between a s and xs in most br
ands bought a s in these because i like my shorts on the looser side these felt a little snug
and short but i decided to keep them the first time i washed them they were ruined i followe
d the directions exactly and even put them in a lingerie bag in the washer plus a delicate cycl
e no dryer the lace is man if you have any curves avoid it is not flattering \r\nthe striped
side panels look odd with the flow of the dress i am a size 2 and the skirt fit however it is s
o thick and voluminous it looked like a pirate sack it s unfortunately going back i liked thi
s dress so much in the store but didn t have it in my size so had it shipped and yes paid
shipping costs but it just didn t work on my body the top is sort of poofy for lack of a be
tter word it made me look kind of poofy all over and really i am not poofy \r\nit s a lovel
y color and might look terrific on a tall woman but at 5 3 not so good had to return s
adly this top is beautiful aesthetically and i liked the tunic length the bottom lace is cut
out so make sure things are adequately covered if you wear this with leggings the fit is flatt
ering \n\nhowever i had some issues with the sizing i usually wear an xs or a s in tops the b
ody of both sizes yielded a boxy fit for me which is seen on the model i tried the top with a
belt which looked nice however the thing that stopped me from keeping the top was the shoulde
r armpit sleeve area the s i ordered two of these the grey and ivory i have had great luck wi
th jackets and blazers from retailer these were the exception i just could not pull them off
the quality was great but they had little shape except being a bit boxy i do have wider hips m
aybe these would look better on someone tall and thin for reference i am 5 6 and about 138lbs
i ordered smalls and the sizing was perfect for me the style was just off i had to return both
lovely palette and and fabric but the cut did not flatter my shape the flowy cut broadened my s
ilhouette and hit at my waist making me look bigger than i actually am the overall effect was q
uite frumpy in spite of the flamboyant pattern perhaps a better choice for someone built exactl
y like the model \r\ni will be returning it i usually follow the boho look and this dress appe
aled to me immediately and it was in the color i wanted black so excited to receive this as i k
new i could wear it both as a dress and a tunic but that was not to be \nthe outfit consists of
2 elements a tight fitting slip that fits awkwardly and does not give enough room in the bust n
or waist areas and an overlay dress that is really quite pretty but it too was too tight acros
s the bust area which made the entire upper torso ill fitting \ni n dress is pretty i was disap
pointed by the slip which is too small like previous customer i am an inch taller than the mode
l and i feel more comfortable it being a tunic with leggings nice but not nice enough to keep
i am returning i really wanted to love this shirt the colors are gorgeous very vibrant and
just as shown the fit was all wrong on me i ordered the petite xxs and it was still too boxy
and it kept shifting so the front collar of the shirt would ride up into my neck it looked lik
e a sack on me for reference i am 5 2 112lbs with a small frame i couldn t wait to get th
is dress from the online order the fabric looked so interesting to me linen appliquã pocke
ts raw neckline the dress looks sort of straight up and down on the model but in my opinion it
s like a little a line tent the top runs very narrow and i could barely get it over my head i
m going to return it and try for a medium for reference i am 5 4 135 and usually wear a six o
r a small i loved this dress the details in the embroidery are gorgeous and reminds me of anot
her holding horses dress i own what didn t work out is its a swing design but the fabric is thi
ck and doesn t swing well it s white and makes one look a bit heavier because of the generous c
ut this could work on a tall person but on my short frame it didn t work these are a beautiful
color but run large i ordered my usual size and they are falling off of me they are very low
rise so i don t think i ll be trying the smaller size can t even imagine them being lower also
they are cropped that s hard to tell in the picture i tried this dress on in a 6 and a 4 a 4
is a little small for me but it looked so loose and flowy i thought sizing down would be a good
idea the 4 fit in the outer layer however as the previous poster mentioned the lining is sup
er tight i couldn t even pull the 4 lining down over my hips the 6 was far too big in the shou
lders and arms and still too tight in the lining not sure what when wrong here but it s a shame

because it s a really cute dress i m sure there s someone out there who will look good in this
but it certainly wasn t me admittedly i m a less than ideal body type at a curvy 5 tall stil
l for a taller person this shirt runs short for a curvy person this does nothing to accentuate
a waist for a short person this pattern is very busy even if the colors are beautiful for a bu
sty person the gathers around the chest make for a very frumpy look and even for a short and th
in person this shirt runs too big to get a good fit c i was so excited to get this dress and co
uld tell right away it was beautiful the fabric and detail are perfect and seem great for summe
r then i tried it on to say the bust area is tight and not proportioned correctly would be
putting it very nicely it was a total joke this dress is for very small chested only the dres
s immediately caught my eye in the store upon trying it on i discovered that the slip runs ext
remely small and unnecessarily so considering the looseness of the shift the skirt is a tad l
ong i m 5 6 and it hits mid knee it s a shame the slip was so tight i loved the dress otherw
ise super cute dress online on the model what you can t tell from the picture is the slip unde
rneath is not true to size of the dress and the outside layer of the dress is more sheer than th
e picture shows so you can tell the slip underneath is very tight it might be my body type oth
erwise it s super cute in person and i wish it would ve fit better i assumed at the price poin
t this would be a high quality t shirt sweater unfortunately it is made of cheap looking mater
ial that is 50 acrylic and see through while the fabric embroidery and sizing are dead on i
just couldn t deal with the shiny little mirrors that the designer embellished this shirt with
that detail is not apparent in the photographs and i felt lessened the versatility of this blous
e so it must go back to retailer this is a beautiful vest i love the color blocking the mod
ern and structured style and its versatility i bought it with a defective item discount becau
se there were some stains i promptly took it to the dry cleaners and was informed that the blac
k would bleed onto the white paneling if they did a full wash they spot cleaned it and it did
bleed although the tag says to dry clean this baby the black dye will bleed to the white fabri
c i ll be taking it back into the store today for a ref i normally wear a medium in about every
thing and i bet an xs would ve maybe fit me in this top it s so billowy and not fitted at all
i am 5 6 and the neckline barely covers my bra would have to wear a cami with it the fabric
is soft and the colors are very pretty but the neckline is too low for me for a casual top lo
oks like a pregnancy top a lot gathers in front and back added 10 pounds to me not flattering
on much longer than on the model and the color is not white it s white with a weird tan taup
e stripe \r\ni returned it same day i received it which was disappointing sizing is just getti
ng unreasonable and nothing fits unless it s a crew neck nowadays this v neckline would have b
een perfect if pictured as on the model but on my 5 4 115 lb frame the xxs petite neckline c
ame down so low my bra was exposed along the eyelet trim additionally the shirt looked like it
shrunk in length and wouldn t have covered a belt on my pants it also did not match the produc
t description and measured 22 from the hps to hem i m unsure of how when pattern grading an i
well i wanted to love it and it was just too much i think it is a bit wider and weirdly baggie
r than it should be i also feel it should be fully lined it was not the exterior wool and pat
tern is very nice maybe if it was lined a smaller size would have worked better but for the p
rice i needed more i also would have liked some sort of option for tightening the waist a bit
when zipped up i realize this isn t in the picture so no expectation but upon trying it on an
d seeing its boxines first i love moth clothing and own many many of their pieces this is ver
y cute and i purchased it to go with the jules tank the other reviewers are spot on with the cu
te factor and that it runs a little larger than the cropped sweaters the snails are very cute
buttons run all the way down \ncaveat it began to pill after only a having it on a few hours
and i wasn t doing anything to cause extra friction just sitting and lounging mostly i noticed
pilling on the inside of the arms when runs extremely large i got an xs and am 5 4 115lbs and
this would have fit someone who typically wears a size 10 14 and is 5 6 and above very disappo
inted with the size the quality of the fabric wasn t great either i wanted it to work so bad b
ut just didn t wow this is huge i m all for the tent look with the right style but this was a
bsurd i could have fit two of me into the width and with the peplum style extra width doesn t
flatter anyone the fabric is also so thin that it doesn t hang nicely it kind of floats around
the body if you want a wide top then this is perfect but if you wanted something that hangs n
icely look elsewhere i purchased a petite s my typical size i ordered this top online in two
colors and kept the berry color i liked it while trying it on when i wore it an entire day t
he top just didn t look that good it wasn t flattering and it focused on the bad areas despite
being loose fitting it didn t seem very flattering i wore it for one day and am not happy with
my purchase i wish i could send it back but i already wore it the fit just isn t very flatteri
ng it is loose but focuses on the curves not in a good way if you are curvy i just got this in
the mail the other day i was really excited and then crushed one buttons go all the way down
and not what is in the photo it takes it from hip whimsy to granny old lady sweater and then th

e minute i put it on it started pilling it looked old and i wore it about 6 hours i also used
the roller lint remover on it and it pulled off one of the eyes on the snail it is soft and fel
t comfy but look raggy and therefore it is going back too bad but not what i bought and then no
t this is one of the best potential dresses i ve seen from retailer but it needs a do over i m
usually a 12 in this style of dress but i sized up to a 16 the largest size and couldn t even
button the top even if i had been able to do so i would have worn it as a tunic i am 5 5 an
d the largest size would have been a racy mini skirt at best on me if worn as a dress this dres
s is fit for only the tiniest and most small breasted of people that said if the company were
to try again ne i really wanted to love this dress but i think the proportions are very weird
i m 5 7 and usually go for an eight in unstructured dresses and a 10 in more structured dresses
\nit runs small throughout and is too short for me to feel comfortable wearing to work the fro
nt is nicely detailed but the back looks weirdly forgotten and could use more detailing i trie
d on three different sizes 8 10 and 12 and they all pulled weirdly at the chest there s a lit
tle slip that goes with the dress w this dress looked really nice on the hanger but when i put
it on it was shorter than expected i am 5 9 and it hit way above the knees too short to be a w
ork dress which was what i was hoping might work better on someone shorter this was such an ad
orable print that even though it was a bit pricey i decided to splurge alas the fit just wasn
t good it didn t look good on me and bunched up in all the wrong places sadly i had to return
it i ve bought swimsuits from seafolly before and recommend the brand due to the high quality
unfortunately this particular style just didn t look that good on me the model makes this dress
look amazing but it didn t translate that way on me the print is really beautiful i loved tha
t but the waist is huge and the skirt part is a line and full not streamlined like it looks on
the model if it was more like that this dress would be a hit but sadly it s a miss this is
something your mom would love on you but few others this dress is a potato sack from the pict
ure i thought it was going to be a cute drop waist dress but the tailoring is so weird and it
s huge on me so maybe it would be better if i sized down but again based on the tailoring i thi
nk not also the fabric is strange not at all what i expected i m so sad i was really excit
ed about this dress i hated to send this dress back but my busty and curvy figure looked bigge
r and rounder in this dress sent it back it is meant for taller and more slender women i am 5
5 and 119 pounds with an athletic cury body type the dress wore bulky and ran large at size 2
this dress is nice colors and well made but it s just not the style for me it almost fits frump
y i m not sure that a belt would even make it look good also being 5 8 it is shorter than i d
wear i like at least touching top of the foot for a maxi i have never had a purchase go wrong
at retailer which is why i am was not hesitant to spend this much money on the blazer however
the quality is very poor it feels like it might fall apart after one clean also the buttons
where not sewn on properly i wear an xs and the size was a good fit but the overall quality wa
s not worth the price or even close to it these pants are so adorable and fit perfectly long
enough even on my 5 10 frame but i was forced to return because the white color is completely s
ee through even with nude panties you can still clearly see them so disappointed i ordered t
his pants in white and black i read the reviews and weren t that bad i am 5 6 and 125 lbs i g
ot them in size small they are way too big the small size seems to be xl and they are way too
long for someone who is maybe 5 8 or 5 9 i have to returned them quality is ok looking on my o
pinion loved the fit and colors but the fabric is very thin and see thru i tried a nude cami
underneath and the cami was completely visible it did not look appropriate for anything that i
wanted to wear the top to was excited to receive this dress as it had some great reviews howe
ver of the love was coming from the 5 5 set as a petite this didn t work well for me and t
he fabric flattened me out in the bust in an awkward way returned for starters the back pictu
red on the website is not true to the actual back of the shirt the small traps are not there an
d it isn t gathered in the exact same way the big bow is adjustable and overall i really loved
the fit of the top but the difference in design is not something i would expect from retailer
my shirt also got a hole in it along the seam in the back after washing once although i liked t
he look of the top the quality is not what i m used to from retailer this tee was meant to be
loose and swishy but as it runs large sizing down means the sides come up really high as they
curve a good 3 4 higher up so your waistband is exposed and it just doesn t look nice retur
ned an xs and small i ordered this top in white along with the meadow rue lace sleeve top whil
e they are the same price they aren t even close in quality this top is one of the sheerest to
ps that i have seen the trim pocket and the lace up tie are made from sheer type material that
was twisted and didn t lay right and the tag sewn inside was sewn with red thread and showed t
hrough very visible i don t think it would hold up after many washes i returned this one and
ordered another color in the lace sleev i ordered this in a l online and wasn t a fan when i re
ceived it the colors are pretty bright but they also look cheap in my opinion it also had an
awkward fit because of the material there is no give at all it was really tight on my chest 3

6d for reference and it was also pretty short and i m short it barely hit the top of my pant
s and i m 5 2 back it went the sleeve detail is cute and well done the fabric is nice quali
ty but the body of the shirt really doesn t have any shape i should have read the reviews firs
t before ordering this top buyers beware you will not get the same top delivered to you
as is shown in this picture the top i got delivered does not have the little straps at all and
while there is a bow in the back the back sides do not come together the same to form the bow
i hate to write a bad review but come on retailer i d never expect this from you it looks lik
e any other peplum white top not something special like the picture is o like the idea of this
shirt so much but the neckline was still way too low the top of my bra was visible wishing th
e under layer really covered as no way i m going to another layer to an already layered shirt m
ight just be my body type so might work for someone else but sending back i loved this t shir
t when i first tried it on a good cut not too drapey or fitted but then i washed it laid fla
t to dry and it shrunk so much that it s unwearable now so disappointing i bought this shirt
in 3 colors soft comfortable fabric as other reviewers have mentioned and nice detailed slee
ve i am gravely disappointed in the fabric quality since after wearing this one time with a nec
klace as shown in the picture it developed tiny pulls i should mention that it was a very pla
in necklace nothing sharp pointy etc i will most likely return all 3 shirts one wash wonder
i m a s to m and went with a m but could have gone with a s with ease after washing it was way
shorter it shrunk more than a whole size in cold water i assumed everything came preshrunk but
sadly disappointed great for one wear i washed and dried this in my dryer after one wear and i
t shrunk to the size of a toddler shirt i dried it on medium i can not really wear it unless i
want to show off my belly i loved the color lilac fit and style when i received it and imme
diately put it on so sad about the shrinkage for a 58 shirt i expected a bit more retailer s
hould suggest air drying the shirt so bummed and disappointed i would not recommend this sh
irt unless you can remember to air dry it every time the back of the shirt has a tag stitched i
n with red thread that goes through to the outside of the shirt it is very visible and looks te
rrible especially since the back is the focal point of the shirt do not recommend the shirt i
s very soft but it felt very large and unflattering the back felt bulky and looked awkward def
initely returning i was bummed about this top detail on back is pretty even so not worth it
i m usually an xs i m 120 lbs and it fit true to size guess i had higher expectations i m fee
l consistently let down with what the pictures convey and the actual item when it arrives in per
son i brought this shirt for a vacation it fitted well and was flattering totally a comfort
able wear however after 1 wash on delicate hang dry small holes appeared near the bottom i
am hoping i can return it not worth the money i ordered a regular size s and it was way too bo
xy for my body type and shorter than the stated length i don t know if the length stated is fro
m a size m but the small was definitely shorter in the front at least if you re petite with
curves like me it s not a flattering cut i usually love tops like this i bought this is the s
tore because if was so soft got it home and was so disappointed because it is not very flatteri
ng at all would be a great house top though because it is soft enough to sleep in i m 5 4 120
34d this dress did nothing for me the seem on the side with the knot doesn t look right it s
almost on the side but not really there s a seem down the center of the butt from the waist it
looks weird from the back because it s such a fine striped print not flattering at all the dre
ss is comfortable due to the stretchy knit and it has a stretchy knit lining hit me just a bit
lower than on the model i was so disappointed when i received this top the color is some washe
d out faded version of the picture shown and the cut is much fuller than it looks in the picture
the back is cute but not worth the awful drab actual color i loved the fit and vibrant color o
f this dress it s loose and flows but doesn t look like a potato sack i wore it once and got a
ton of compliments that said i hand washed it as the tag states then let it line dry and it
shrunk to half its size i re checked the tag and noticed that under the hand wash instructions
it then states dry clean recommended boo so disappointed that i spend over 100 for a dress
i wore once i m usually a small 5 5 116 lbs long torso but the x small fit well the blac
k does look see through in the pictures but i figured i could wear a cami with it it is see th
rough in person if you are up close mainly in the back and arms since the front has extra fabri
c in places however it is rather short possibly because it is an x small and i ll need a sho
rt cami to fit under it or will have to have a cami hanging out of the bottom which drapes nice
ly and a cami may mar that effect i wanted this sweater to work but sadly it failed first the
pink was way to sheer for my liking the sheerness caused a weird color overlap on the stomach a
rea then the band at the bottom was too tight causing a weird ballooning affect a shirt undern
eath could work but it takes away from the beauty of the knit the soft pink is gorgeous but not
good for medium to light skinned folks when i received this dress in the mail i was thrilled
i loved the color and the style although a bit too much material but comfortable when i went t
o show my husband the dress his first comment was very sexy i can see your underwear and your

skin i don t understand why no one mentioned this in any of the comments on this dress when i went into the light i saw that the dress was see through and i sadly had to return it the pri nt colors and fabric of this sweater are lovely the design is quirky to say the least i order ed a small as i usually do i am 5 2 and weigh 120lbs this sweater somewhat gathers or balloo ns out at the hip area and is so huge that it looked like i was wearing a giant table cloth or s tadium blanket it looked like i had a pillow stuffed in my backside because of how the sweater gathers up at the waist it s not flattering at all i really like the color and flow of this dr ess the dress itself fit well however the slip was extremely tight through the bust i have a l arge bust at 34d however most dresses are still wearable especially flowy dresses unfortunately i had to return this one because of the slip i ordered this in hopes of wearing as a tunic with leggings for my rehearsal dinner it is much shorter than expected and wouldn t have looked righ t with leggings it also was more gray than ivory and in the short time i had it on was shedding lint like crazy beautiful in photos but didn t work for me very cute shorts sadly after one wash they became a lint magnet so had to be returned disappointing quality i was very excited to get this dress in the mail i wasn t sure about the sizing because there weren t any reviews written yet i got the m which fit across my chest area and fit fine but there was just so much fabric below the bust i love that it s different but i think you d have to be a stick figure f or this shape to work for you it does not flatter your body at all buttons were broken off whe n i opened the package stretchy at waist not good quality for the price a pretty blouse but t he polyester fabric makes it incredibly warm and uncomfortable on after a while had to return i t it s just ok very thin and feel like it might say and stretch color is very nice but much t hinner and sheer we than what i wanted great color but frumpy fit if you have any bust it loo ks a bit like maternity i purchase this top of what i thought to be a beautiful denim tunic top in a small on the sale rack with additional promo with beautiful details but what is going on with the mid section where there is at least 6 inches of space where there is no button or way t o close the lower placket and the lower bottom of placket is sewn shut so it makes the mid sect ion bubble out but why no buttons to close what would be a button down top you can slide yo ur hand through this open space and it ope dress just did not fit will around the hips also th e string belt was defective basically about to come off looks like someone may have wore it and returned it was not flattering at all very orange the slits in the back are larger than pictured and not at the cutest part of anyone s anatomy shorter in front and i have a short t orso the fabric is nice and lightweight i actually had no problem with the neck hole of this s hirt even with the xs size however i had a huge issue with the bottom eyelet section it s so tight it stretches across my thighs and looks so funny as the top part is still loose i tried moving up to a size small and still had this problem maybe just not for girls with thighs v ery strange fit the fit was fine but the fabric the beige option was bland it washed me out granted i m fair skinned but it reminded me of sour milk it s getting returned the design of these is adorable with the lace up ties however they are a dingy looking off white color they a re also pretty see through returned i loved this shirt and attempted to buy it however the a rmhole is so small i couldn t barely get the shirt off and almost had to call someone into the d ressing room to pull it off of me i m usually a 6 and i tried on the 6 and 8 and both shirts h ad the same problem it wasn t exactly the sleeve that was too tight but the arm hole that was not big enough it pulled across the top of my chest and was not roomy enough to slip in and out of which was odd because the rest of shirt was fine i d i have a pair of mih jeans that are th e only jeans i own that i absolutely love everything about them this jumper looked versatile useful and fun so i splurged during the 25 off dress sale \n\nmy experience with mih is that t he sizing runs true or european and thus small i ordered this in a medium and it is gargantua n as well as virtually shapeless it looked horrible from every angle front back and sides i cannot imagine it having more fit even in a smaller size \n\nthe fabric is nice p despite other reviewers comments on size i really wanted this one to work so i ordered it i m typically a s ize xs and d chest and instead i ordered a small the body of the sit for well but the cups of t he suit i d said for more for a b if i lifted my arms i would literally come out of it a fina l comment on this suit it looked like there were these little sticky spots all over the suit l ike stickers had been removed it was reticketed and it didn t really feel brand new when it a rrived these were perfect in the legs nice and stretchy but problematic in the waist i m gene rally a 31 size 12 but i had to squeeze to get them to close \nthey ve already gone back if yo u have a tinier waist they d probably be fine loved the design and quality of this suit but the cups seemed huge i weight 135lbs 5 6 and wear a 34c i bought a large in this suit because oth er reviews said it ran small normally i wear a size medium i did like how it fit everywhere ex pect the chest i m wondering if the medium will still be too large in the chest and hoping the rest would still fit okay not sure i want to go through the hassle to exchange and it not fit a gain it s so cute otherwise and would be perfect if you have a la disappointed \nthis top ha

s a boxy shape and looked like a mini moo moo on me i have a similar shape as the model and it
looked nothing like that on me bummer i liked the quality and weight not too heavy nor too li
ght but shape is unflattering it s going back i chose this dress to try to flatter an hourgla
ss figure but was disappointed the fabric is a beautiful soft fine silk but unforgiving the
cut is not truly a wrap and with a fixed thin elastic waistband was too short waisted for me
while the model looks elongated the thin line under my bust created two poofy sections not f
lattering at all while i was drawn to the shape for my body type it may be better suited to an
other happy hunting i loved almost everything about this skirt thick and lined and love the b
uttons comfortable the only problem was that the two sides flared out at the bottom presumabl
y from the buttons i was torn but in the end it just looked too silly and it was sent back i
am curvy and this top while stylish and i love the pockets just didn t do it for me it made m
y shoulders look wider than they are which is a big no no it would probably look better on som
eone with smaller shoulders or slimmer the wool was also a tad itchy not too itchy just a bi
t in general i don t wear wool without cashmere i also don t wear non italian wool because it
is a bit rough and my skin reacts to it so i stick to wool cashmere blend or loro piana soft wo
ol this sweater s i took a chance on this top because i loved the color and print it is mostly
as pictured but because i have a larger chest the peplum didn t hit me in the right place it
would probably work fine for someone thinner with a smaller chest i was surprised that it was a
lso somewhat sheer which was disappointing considering the price i returned it i ordered this
online and took it back the day i got it i could not fit the neck hole over my head therefore
i couldn t even see how it truly fit i had high hopes for this dress i am petite and ordered s
ize small and it came looking like gym sweat pants the material was very nice but in terms of
the waist and length size both run incredibly large the cuff of the joggers are also not elast
ic at all and hangs loose widely will have to return this item unfortunately i really wanted
to love this dress i thought i might be able to dress it up for a wedding i m attending but it
was kind of a serious no go first off i ordered a petite size but it was still longer than on
the model i m 5 5 so not even technically petite but i thought it might be a better length f
or me that way it was not a great length and the pleats and pockets which would be great in t
heory make the skirt fully and pouffier at the waist than i would have liked i love the way
th i tried this dress on in an xs petite the dress runs slightly bigger it sort of looked like
a tent on me whereas other xs p dresses at retailer fit tts the other thing is that the dress
just doesn t look like an almost 200 dress the band that runs across the bust goes under the a
rms too it isn t sewn in though and it was folding down under the arms making it look like it
s ripping off the collar too seemed to pull down right in the center as if the material was to
o heavy to stand it s we i love jumpsuits except for this one the fabric is blah it s betwee
n plastic and the material that they make flags out of the print is adorable and the buttons up
the front are super cute the tie thing that s just hanging there it s a tie thing that just h
angs there it doesn t look good hanging and it doesn t look good tied this jumpsuit had so
much potential i m definitely disappointed for sizing reference i am 5 5 135 34c and a sm
all was perfect i ordered this tee despite the price the fabric is very thin and the quality w
as poor nice concept for a tee but failed in quality and value it was returned i thought it
was the perfect dress by the picture but it ended up looking like a grandma muumuu the color is
nice the neck is cute but the form unflattering i m trying to decide if i want to taylor it o
r take it back i was so excited that retailer finally had some bermuda shorts for those of us t
hat are 1 older and don t want to show off that much leg anymore and 2 are curvy on the bott
om and really cannot wear the shorter shorts i ordered these immediately in the navy i usuall
y wear a 31 in pilcro jeans and like the other reviewer observed as well i was floating in the
se not only in the waist but everywhere the legs are big but it s supposed to be a boyfrien
d cut so i get that but they just are i bought these for a trip to the caribbean i sweat a lot
if you have ever been humiliated by having a ring of sweat around your crotch area then i do no
t recommend these shorts in the moss color this color and fabric do not camouflage sweat i wil
l spare you the photos wanted to love this love rompers but the opening between your chest w
as oddly designed it was gapping and certainly couldn t bend over without showing lots fabric
seemed heavy for the summer all in all it was too full made me feel frumpy nan i was so exci
ted to try these it s hard to find cute bermuda shorts the legs were so wide my husband asked
if i was wearing his shorts they don t look that wide in the picture i am 5 4 and 130 lbs i b
ought my regular size 28 but the waist was huge i could have sized down one or two sizes unroll
ed they came to my knee i grabbed this dress to try on in my usual size because i needed to se
e what the hype was about this style of dress and it left me puzzled the print was pretty bu
t no amount of tailoring could save it for me it was wearing me maybe it could wear three of
me i feel like this is a way for clothing manufacturers to cut corners by making a garment wi
thout details no installing more time consuming zippers buttons or snaps and making something

that fits a wide range of sizes because it the minute i put this on i knew it was wrong firstly the neck was quite tight and i had to untie the side tie secondly as i stood looking in the mi rror the dress simply read nightgown it was frumpy and too long on me so back it went i wo uld say the skirt runs two sizes too small i usually wear a size medium and based on other revi ews i purchased a large i could barely get the skirt over my hips even if it fit in the waist it was much too short on me and i m 5 2 it s a cute skirt but it is fit for a tween yikes th ere is a whole lot of skirt here i am 5 4 weigh around 120 lb and usually wear anywhere betwe en a four and six in retailer clothing depending on the designer this skirt balloons out from the waist on the website it seems to flow more naturally from the waist i think that the flowe rs are cute but the material is cheap looking the skirt is very long hitting way below mid cal f there is also tons of material creating a parachute effect definitely returning i love lo ve love this print and had to have it when retailer had their 25 off sale i think regular pric e is way too much for this dress as the dress isn t even silk or a better material but once i g ot this i was so disappointed i ordered my usual size and it was just a balloon tent on me i f elt like i was wearing a maternity dress plus the ruffle at the top which i thought was a sweet feature felt really awkward and like it was grazing my neck and chin in an annoying way i don t even want t i thought the dress was ok but was surprised by the cut away triangles of material right under bra band on the sides of dress i will send back also a bit too high waisted for me other than that the dress is as it appears at 5 4 i guess i am just too short to pull this d ress off the colors are so pretty for summer but there is just too much fabric i felt like i was wearing a giant doily however there is not a doubt in my mind that taller girls would lo ok fabulous in this when i saw this online i wondered why this dress cost so much i have been keeping my eye on it for some time loved what i saw the design and colors and details at the n eckline and waist along with pockets but was skeptical i was waiting for a sale to take a dive and here are my thoughts when i got it \n \npros \n the colors you see online are exa ctly the same in person \n the jeweled neckline is lovely it s one thing that drew me to it t his dress had a very sophisticated appeal wh this is a very lovely looking sweater unfortunatel y it runs incredibly small i m only 5 3 and the size small hit me above my mid rise jeans it doesn t fit at all how it s shown on the model it s also a very delicate fabric seems like it would snag easily i was really hoping it would work as i used my birthday discount to purchase it but i m sending it back i loved the look of this blouse online i really wanted a cute eyel et top for summer the blouse looked great out of the package but the fit was not good i am a 0 0p and 32 b bra size this top was too tight across my chest but billowed out in the back its a s if the armholes were too far forward it is fairly short but i am short waisted i really want ed this top to work but i had to return it if i went up one size the back of the blouse would h ave been ridiculously large and the top was too e loved these when i tried them on they fit well and were so flattering i am a size 0 2 and 5 tall and have a bubble butt and thicker thighs with a narrow waist i tried on a 24 they we a little tight on my bum and thighs but the waist wa s perfect tried on a 25 and they were much more comfortable on my legs and worked on my waist a s well i thought all was good but after wearing them out for not even ten minutes they started slipping down constantly and loosed up around all areas especially my beautiful in pictures and i loved it before i tried it on as the other reviews state it is short and wide i like the to p so much i am going to try to add some gathering across the back to offer some shape otherwis e it is an unflattering shapeless box in my opinion for this amount of money the dress need s to be something really different and this one isn t it has several structural issues and it seems to have a split personality summery material dark color flirty and fun but overly con servative up top \n\ninitially the top portion is extremely sheer you re saved a bit by the extra fabric at the front but it still seemed odd that the top isn t lined particularly for a dress meant for winter \n\nthere s too much going on up top th this dress has a beautiful purpl e paisley print and reminds me of classic retailer from years ago i wanted to love the dress bu t it runs extremely large i usually wear a 00p or xxsp and got this in an xxsp but was still wa y too big while the intent is to be flowy i was overwhelmed by the bagginess and it changes th e style from flowy to bag like while the belt helps cinch the waist i had too much bunching in the waist area making it unattractive very disappointed as its such a pretty i just got this in the mail and was so excited to try this cute top but it s completely see through unlike the photo shows the lining is not included quite a disappointment top is well made though no give in the fabric i really wanted to love this coat it is well made and unique i usually buy the petite versions but they were sold out \nhowever i went ahead and purchased a regular size becau se i wanted a second winter coat \nsadly it looked more like a cocoon coat on me it stuck out at the back probably because it was not a petite it pulled across my chest like shoulders wer e too short for reference i am 5 feet 109lbs and a 32d \ni didn t mind the fluffiness of the top portion and the tie is useful for i should have paid closer attention to the other reviews

i could barely get this blouse over my head after getting it on the armholes too are very smal
l the blouse other than that is pretty and very girlie i love the pleating and dolman sleeves
but i was strangled around my neck i tried the small but think a medium wouldn t have been much
better it needs a button opening on neck and sleeves i would have to put this on before makeup
or doing my hair \r\nif you have a tiny head and pencil a i decided to take advantage of the fr
ee shipping despite seeing no reviews yet i received the dress today and it is exactly as pictu
red only about 3 inches shorter i am usually between an xs and s but chose the xs because of l
ate everything i seem to order is huge this was an exception and i could have ordered the s c
olor was as pictured a nice green fabric was a gauzy cotton the dress was just alright not
hing special to warrant the price tag it felt like a little girl s dress on me this top is very
pretty but it fits funny it s boxy and doesn t hang well i feel like you could almost wear it
as a 2nd trimester pregnancy blouse i tried the small the small petite they both fit the sam
e too big and too boxy but the petite was shorter i am 5 2 125lbs 34b i preferred the re
gular length but if you like your tops to end at your waistband then the petite would fit too
i still really like the top so i may try it in a smaller size when it goes on sale i wanted to
love this top but it looks like an ambitious 12 year old made it with rumpled fabric and lace
found in her grandmothers attic re hopeful but not good the quality is not good and it hangs
strangely on sadly it is going back i am a true size small and i ordered this dress and it was
way big it s meant to be a relaxed fit but it sagged under the arm holes because the bust was
way too big some folks are saying it ran small and they are essentially the same measurements a
s me so it makes me think there is possibly some variation in each size i got on here to reord
er in a smaller size but now am not sure what to do as i need a dress with in the next three da
ys i found the fit of this dress odd i typically wear a 6 or 8 in dresses the 6 fit across th
e chest but the armholes were large so wearing a bra would be a challenge i am a 34c so i need
some type of support i also thought the fabric was a bit flimsy for the price i am a huge reta
iler fan and usually leave glowing reviews but sadly i left this one in the store but it just
doesn t measure up first the slip lining comes unattached if pulled slightly and it is very di
fficult to actually get it on either stepping into it or pulling it over your head and once
on the top was a big snug and there was too much material at the bottom which made it look real
ly bulky unfortunately i am finding this to be the case with so many of the items i buy from r
etailer lately the material is really cute but the dress isn t worth the price effort this
top was just not flattering i m 5 8 and medium build and the m was very bulky and the fabric
didn t fall in the right places made me look very round and i m not so it s definitely going b
ack i sized down as other reviewers suggested usually an 8 went down to 6 and the dress fit
fine but it was not attractive the cut was like a tent with an empire waist really just not a
ttractive maybe it has to do with my body type but compared to the model this dress was so un
flattering in person returned i wish i had read more of the reviews but thought i would giv
e it a try the shirt doesn t seem as long as on the model but the armpits are sewn to hit mid s
hirt this would be ok if it was the length pictured but since it isn t it makes you look very
boxy i don t know if i ordered a size too big or if it is just the way the shirt was made want
ed to love for fall unfortunately i am taking back beautiful fabric and beautifully made
but the pockets ruin it and i love pockets you cannot see from the photos but they protrude
from the sides a few inches beyond the skirt and look strange and unflattering especially from
the back they are unfortunately placed right below the hips and the effect is like those frenc
h bicycle baskets panniers if they were smaller and in the front the dress would work i am
usually a size 4 and both the 2 and the 4 fit me well not too snug or to i saw this dress onli
ne and really wanted to love it unfortunately it wasn t at all as expected in person \n\nas t
he previous reviewer mentioned it is extremely itchy material which was already pilling on many
of the dresses displayed in the store the neck was extremely tight a problem i ve never encoun
tered with any retailer dress additionally it seems to have a kangaroo pocket located right und
erneath the bust line which protruded in an unflattering way the pocket is not at all not want
ed to like this type cute print something about the width and length of this top didn t work o
n me was a little boxy i m 5 4 135lbs size xs s might be cuter on different body type i m
hourglass and athletic i was so excited to get this dress i even paid expedited shipping i r
ead the reviews and thought that i ordered properly but i sadly disappointed it was just too bi
g i m a size 6 8 petite and the size 8 was overwhelming the side of the dress were down to my
stomach and i just can t wear the dress not sure what to do but buyers be careful pretty color
and design but not well designed loved the dress loved the pattern and the cut unfortunately
it did not work for me it is cut too low under the arm pits and therefore showed too much brea
st it is not made to wear a bra with either so that is not a solution sticky boobs will not wo
rk either because it is the side breast that shows i hated to have to send back but still
looking for something similar and great i ordered this dress expecting a cool lightweight summ

er dress i believe it says cotton in the description however the material is a very heavy cotto
n linen blend would have much preferred a better quality fabric the color is a nice green and is
well made it runs large except in the bust which fit well it seems this coat could have been m
anufactured under a smaller spec size because the size large looses shape and where it hits on t
he waistline is unflattering quality is high however so much right but then too short this
top is adorable in style and fit which is why it breaks my heart that i can t recommend it the
embroidery snags so easily when i wore it i ended up with several tears in the threads leavin
g the pattern a bit of a mess it snagged on my rings my watch and my purse i returned it beca
use of this it s really too bad and i wish the design were printed on instead of sewn simply
because it would last a lot longer this shirt is gorgeous at first glance the quality is there
and it has a beautiful design from the front that is but it is huge and billowy with back pl
eats i cannot imagine this being flattering on anyone it just adds so much volume to the top
i am thin and petite so maybe that was the issue but i just can t see adding so much volume th
is was a total miss for me such a shame would have been great without all the extra volume in
back i initially saw this top a few months ago and fell in love it ended up selling out in st
ores so i ordered it online where it was back ordered by a couple of months i received it thi
s past week and was sadly disappointed the design is pretty but overall the quality is sorely
lacking i wonder if maybe the first batch was good but when they realized they were so popular
and had more made the newer batches weren t as good not sure the one i got had inconsistent r
ed embroidery and ther hate i have to return it way too long almost more mid thigh almost dre
ss length the embroidery on this was beautiful but didn t hang well on my athletic small cheste
d upper body was really excited for this dress but should have paid more attention to the mater
ial it was made with for the price of the dress it felt very cheap i didn t even end up tryin
g it on after i opened the packaging the colors were not as vibrant as the picture as another
reviewer mentioned it was more similar to something you would purchase off a boardwalk very di
sappointed and will be returning sometimes i order things online that i can hardly wait to arri
ve and then once they do i wonder if i made a mistake when ordering it this is one of those t
imes and it was not my mistake the shirt i received is not like this one it is an xs but it
is quite large falling inches below where this one hits on the model everyone i have shown the
shirt to says that it is a denim blue color not grey at all it is a pretty color but not what
i thought i was ordering i hate it when this happens i wanted to love this top but when i rece
ived the picture on the website is a dark charcoal almost black and the grey that you order is
much much lighter grey in addition this shirt is super boxy thus why the model probably is
pinning her elbows to her side to bring the top in going back disappointed and the bottom look
s like a tutu first i have high tolerance for scratchy fabric but this one i could feel it eve
n through long sleeves there is no way i could wear something that makes my skin itch so badly
second the peplum part is huge and looks like an exaggerated skirt finally the color on the
green one is darker than in the picture and it does have more of a green than blue tint back i
t goes cute but too thick and rough given the price i was pretty disappointed by the quality o
f the fabric the dress falls nicely and fits well but the fabric is cheap i have another ma
xi dress that i bought for like 20 bucks at store on the boardwalk and it has the same fit and f
abric \r\n \r\ni expect a lot more from a dress with this price i d recommend only buying on s
uper sale i probably should have gone with petite this dress was just awful on the waist was
nowhere near where it was supposed to be it hits me about thigh level it s very unforgiving c
lingy and shows every bump i found the material tolerable but if worn for long periods of time
i have a suspicion that it would begin to irritate my skin and be scratchy it s going back if
you are going for a ridiculously high priced ugly sweater contest this is the one for you i no
rmally like clothing with some character and juxtaposition but this one did not do it for me i
cannot imagine the collar fitting right or flattering anyone and the mixed layers end up making
it look cheap rather than trendy i love this sweater so much and wanted it to be my new favorit
e but unfortunately it was a bit short for my longer torso when i raised my arms up it bunche
d up all wrong because it s a very thick sweater i also returned this dress after waiting weeks
to received it i had high hopes for this dress as i really loved it online but what a disappoi
ntment when i got it the fabric is made of cheap poly that s shiny thin and clingy it show
s every lump and bump you have the zipper at the back won t lay flat and keeps bunching up cre
ating an ugly bump the sewing and hemline is uneven there wasn t a lot of thought put in in
the print placement where the seams was sewn together in the midline i really wanted to like thi
s because the color is beautiful and the knit is obviously good quality but the shape is imposs
ible to work with it doesn t just run big it just hangs there really disappointing it ll hav
e to go back i love eva franco \r\nthis is a very poor version bias seams are puckery zipp
er is bubbled \r\nfelt great looked like fun but too much if a mess to be fixed i love this top
so much online i received it yesterday in the mail and unfortunately i am very disappointed t

here is nothing wrong with the quality but i do think it looks more appealing online also this top is probably not for anyone with a large chest it looks nice and drapey on the model when i put it on it just makes me look fat and the top thanks to my 38dds looks more like a swing top i m sure it s a lovely top on very thin people with a smaller chest do not buy this dress for f ull price the design looks great but after receiving the dress the material is made of extreme ly cheap slinky ish polyester that you would find at a f21 store the stitching is horrific and created an uneven hump on the back seam just absolutely poor poor quality i tried this sweat er on in the store i love the design and was hoping it would look as good on me as it does on t he model first off i should point out that the navy color in the featured photo looks much ligh ter than the sweater does in person some of the photos accurately represent how dark the blue i s it almost looks black but the featured photo shows it more like a medium navy secondly any one looking to purchase should know it is very warm if you are buying to wear mostly indoors yo u picked this up in the store today but didn t try it on first it is even more gorgeous in per son than the photo but sadly this did not work for me when i got it home to try on there is wo nderful detailing but somehow the bulky knit fit was just not flattering on i think it is the thick knit and slightly shorter length the knit was bulking up in all the wrong places and visu ally added about 10l bs to my frame such a shame really wanted to keep this beautiful sweater but it just did not l i found this as a return in the store i tried the xxs i was so excited b ecause it looked really cute on the hanger it was so huge looked like i was wearing an xl i o rdered in blue so excited at arrival it looked gorgeous then i tried it on i m 5 106 34 d and my upper arms are a little muscular i normally order 2p sometimes 0p and never a prob lem this top was sooo tight under the arms and at the upper arms if i tried any movement woul d have probably ripped out the seams maybe i just received a product that was mis sized or def ective all i can say if you have skinny arms you ll love it i m 5 5 150 lbs 32dd normal ly a 28p or 29p in pants i ordered an 8 and probably should have gone with a 10 it was super u nflattering the print was overwhelming for my pale skin it made my thin waist look larger than it really was and rode up the inside of my thighs i have a similar bathing suit from modcloth that s 1 3 of the price and 20x as flattering if you have thick legs this may not be the suit for you i returned it so fast first off this runs very large i m normally an 8 and sized do wn to the 6 but probably could have done a 4 it looked like a tent on me the top part is lovel y i just think the bottom is way to large and not flattering this one is definitely going back especially with all the white dress options they have out now i love the color and style of thi s dress and i wanted to love it too sadly the fabric is truly inferior to the retailer brand a nd definitely not worth the price of the dress checked it out in store and so glad i did as it would have been returned for sure i wanted to love this dress because the color is so amazing but the arm holes are huge i am petite and tried this on and it just sadly didn t work i love the material on these shorts unfortunately that s all i love the fit is awkward and i m an ea sy fit they re boxy in the body legs and a bit tight in the waist causing me to not be sure whether to place the elastic waist higher or lower and neither one works well sadly couldn t k eep these just for the pretty fabric i love the pilcro serif legging jeans but these were a big disappointment if you have any thigh at all don t bother this one didn t work for me ordered this and the riverdeck tee as similar vein riverdeck was cute and flattering cut this one was boxy on me and didn t work a bit too wide so sending back i was very excited to find this jump er in a store to try on the small was huge im 5 8 130lbs the xs was better but perhaps a bi t short in the upper body making it feel tight stretched against my shoulders i love the print and style and would have bought it if it was 100 less however at the current price it needs to fit perfectly which sadly it did not the skirt is comfortable and as pictured it also ran tts i m 5 5 tall and weigh 140 lbs i had the medium and didn t need to size up to a large wh en you put the skirt on a normal body it looks like you are wearing an easter egg and not in a good way like one of the previous reviewers when my jacket arrived it was not in the great dark wash pictured online it was in a basic medium denim wash i like the wash pictured online i did not like the wash the jacket came in additionally know that it is just huge i ordered m y usual size medium and understood that the jacket was meant to be roomy and swingy but there is no way that one size down would be enough to compensate for how swimmingly large it was i ne ver tried an xs but it was s i got this dress in the mail today and really thought i was going to love it the color is a beautiful rich red which was a nice surprise i was expecting more o f a dusty red from the picture love the fabric soft and appears to be good quality the lengt h is perfect hit right at my knees size small the flow of the dress is great as well the u ltimate flaw would be the arm and neck holes the neck hole was choking me but yet a little loos e at the back of the neck almost like it was on when i ordered this dress i thought to myself hmm it seems a little close to showing some side boob but maybe that s just the angle of the p hoto flash forward to me trying it on in my home yep that s some side boob it is very lo

w cut under the arms if you re super slim this might be a good look but on a curvy gal with s
ome boobs it was obscene also i m a solid 12 in most retailer brands so i ordered a l and an
xl just in case the xl wouldn t even zip up returning this dress makes me so sad the textur
ed stretchy fabric color length and overall swingy fit are spot on as another reviewer noted
though the armholes and neck totally ruin the dress the neck is tiny which i could have gotte
n over once it was on but the arm holes were just awful too big all around too tall of a cut
plus too wide of a cut basically you could see my bra plus from the front there was unflatter
ing exposure near the armholes it could have been so good but alas but t there is simply a to
n of fabric on this tee i am a size 8 on top with a fairly thin upper body but still an 8 at
retailer i often order small for swingy tees medium for more slim cut this tee in the small wa
s huge the shoulders fit well but the body was so big and was a weirdly long length just odd
especially for 78 this top is so pretty in the photos but it just did not work out for me
it is more of a pale pink color than off white like in the photo and it just hung on me weird i
felt like it was true to size but made me feel very boxy i can say it was very well made so m
aybe i m just not the right body type for it for reference i m 5 5 and 135lbs the small fit
perfectly but was a bit too wide at the bottom for my taste i was willing to spend the money i
f it would have been perfect but i ll sa nan i saw this online and went to the store to try it
on so glad i did it did not work on me at all it is so wide just did not look right it was
also not flattering at the neckline either i thought it was beautiful until i had it on too ba
d wanted to love it the dress is beautiful in pictures but all the reviews are dead on it

y a maeve fan i found this top to look cheap and fit poorly it is also very thin material and
showed everything the cut of this piece is great the quality of the fabric is terrible i used
it under another layer the first day i wore it and it pilled across the bust after hand washing
in cold water and hanging to dry it shrank in length so much that i can no longer even wear it
i always happily pay a premium for quality staple wardrobe pieces this didn t hold up to one we

alf \n\ni really think this dress would be great on a frame that had wider shoulders and smaller
hips it really is pretty i saw this dress in the store months ago and never forgot it so when
i saw it on sale i nabbed it online so sad to see how this dress fits just right up top just
right along the hem and then it s a hot potato sack frump mess in the middle it s a shame bec
ause the fabric is beautiful as other reviews stated this dress runs very large it was a big
potatoe sack on me added to the fact that the green is much brighter than the online photos it
is going back i purchased this dress in the green and while the print and material were lovely
the extra folds in the neckline made the dress look frumpy up top the billowly bottom made it l

st so ridiculous i ordered this since it looked so cute on the model when i it arrived i was
excited to try it on but when i did blah the color is murky and the top runs large not to m

to like it and debated wetting it and then putting it in the dryer to shrink it a bit in the en
d i decided that it wasn t worth it too bad as the concept was a good one it just failed in
the execution the way the back came down so much made the top look weird i do like some tops t
hat hang longer in the back but this one was just too much also the material was kind of blah i
t was thick polyester which would not be very cool during the summer and the color looked better
in the picture so to me it was just a over priced odd top i found the color to be a bit blah
and the sweater is chunky and is a tad too short for wear it lands also because of its chunki
ness it doesn t tuck in as nicely to a pair of jeans as it appears to on the model i loved th
e look of this shirt but when i put it on it was entirely too billowy under the chest it just
ended up making me look larger and pregnant i saw the photo of the young woman wearing this dre
ss in the reviews and she looked beautiful i on the other hand looked awful the fabric of the
entire dress is quite stiff so the dress didn t move with me it sort of felt as if i was weari
ng a paper cut out then to contribute to the volume the sleeve is not set in it is a raglan s

he fabric feels great and it hangs well i hoped from the picture that this would be more of
a straight down sort of fit retailer is usually really great at selling tops that flatter hip

ooks like the picture i purchased this top in the black and tan color loved the fit style and
fabric however it is a loose weave and after just one wearing a hole opened up on the front w
hich could not be repaired it was covered by the cowl neck collar but as the day wore on the ho
le got bagger and it can no longer be hidden i was very disappointed in the quality of this top
i purchased it at full price and was only able to wear it once i just didn t have the time to r
eturn it to the store this is a heavy dress it s surprising when you lift up the hanger how m
uch it weighs because it looks like a light sundress and on my frame which is pretty thin it
hits my shoulders and then my hips and just falls so the heft of it means there s no waistlin
e it s an odd fit the color is gorgeous but the lack of shape made this a no i like the co
lor blocking of this top but it was too large and billowy on the bottom it felt like a pregnan

e easy to wear but it s cut too small in the area above the bust i tried the top in small me
dium and large i usually wear s or m in retailer tops and couldn t get that area to not look t
ight or like it was pulling you can see it on the model too that space right above the bra
near the armhole i think you d need to order a size up to get that space to work but then the t
op will start to look too big on the bottom \r\ni tried the green in the sto these jeans fit we
ll and the stretch makes them comfortable i can t recommemd them though because they re see thr
ough wish white jeans were better lined so that this isn t usually a problem i thought this to
p was so cute but when i tried it on it is so big on the bottom it looks like a tent i normal
ly wear a l or xl and took it back to the store to try on a medium and that one fit better but t
he bottom was still too big sad i loved the color of the top and the faded look but unfortunat
ely had to return it because it was too boxy and just looked frumpy i read the previous reviews
and ordered down a size knowing that the shirt runs big i really wanted to love the shirt how
ever it was a tent with all of the extra material in the back it billowed out in all the wrong
places the material is comfy and it s a very cute concept just didn t work for me the good t
he sloths are cute because sloths are always cute \r\n\r\nnow the bad the material is wretched
it feels damp even when it s not it s see through and unlined it s scratchy and wrinkly
and though the cut of the dress would be fine the fabric is so limp that the high low hem looks
more like a tail \r\n\r\ni wanted to like this but charging nearly 200 dollars for a see throu
gh piece of awful fabric with a passable cut was simple not acceptable i returned it as fast as
i possibly c this top was supposed to be 23 1 4 inches long in petite it s actually 28 1 2 inch

es long it s also large in width hard to believe it s an extra small petite this dress has b
een in my inbox for a long time and when it went on sale i purchased it right away i am a size
4 petite in everything retailer and have not had a problem with fit if anything i might have to
size down i purchased a 4 petite in this dress and i couldn t zip it all the way up it was as
if i was trying to get into a 0 petite i don t even think a size 6 would fit there is somethi
ng not right with the make of this particular dress i received even if the fit was perfect i di
dn t this shirt is way too flowy and the pink color is extremely washed out will definitely be
returning nan this is a nice dress made with high quality fabric unfortunately i ll need to ma
ke a return as it was quite big i bought this dress in an xs and it was too large all around i
am about 5 3 and 112 lbs and would have taken the petite but there were none available i m no
t sure the petite would have even been small enough the dress was a bit too long for short ladi
es and definitely too large in the waist and the bust i m small on top it s too bad a this wa
s a cute and versatile dress that this dress fit me like a glove and it s very pretty on but t
he fabric looks and feels very cheap in person it didn t look like a dress i spent this much mo
ney on the lining is a very silky thick polyester that doesn t seem like it would be comfortabl
e in any sort of heat the lace overlay has this strange fusing kind of material between the pat
tern that looks so cheap i love the idea of this dress but it just isn t worth the money in m
y opinion so i returned it i purchased the sand color beige one size up from my usual xs to
allow for extra room around the hips the dress fit a little large so the extra room wasn t nece
ssary the fabric was much thinner than i expected for the price point the dress was sheer and
on my lighter skin tone looked more like a lab coat than a dress this may be stunning on someon
e a bit taller at 5 4 it just hung on my frame and didn t do much for me the pockets are a nic
e touch but overall the cut was unflattering and this blouse is so cute casual but still styli
sh the problem was that is is a little short for someone with a long torso and it is almost too
revealing the v is so plunging you would have to either pin it our wear a cami the beads on t
he ties on the sleeves are also rather heavy and they swing and roll around on your arm maybe
wouldn t bother some but it was a return for me this is more of a sleep shirt the fabric is to
o thin and see through a camisole would not look good under it \nwill be returning it the fabr
ic wrinkles so easily and any slight moisture or liquid immediately turns into a dark spot on th
e blue grey condensation drips from a glass gel deodorant etc i tried the cream but it s ve
ry sheer i had to return this dress not practical i loved this shirt when it first arrived a
nd i couldn t wait to wear it after one day of wear i went to hang the shirt back up and it wa
s ripping on both sides of the middle back seem this shirt was not tight on me at all very dis
appointed i was so in love with these when i saw them online they arrived today and while the
fit was great i was disappointed the colors are definitely more drab in person than what s pic
tured in the photo the material is very thick it s soft and they d be warm in cold weather i
m sure i liked them but they were underwhelming if they were less expensive i would probably
keep them because i liked the fit and they d be a quirky alternative to what i usually wear to w
ork but sadly back they go cute dress but akward fit sleeves are a bit sung but the rest o
f the dress is a little large for its size i thought it would be heavier than it is it s thin
and more delicate than what i would expect for a winter sweater it contains wool so not really
suitable for spring summer it s also shorter than it appears on the model and a little wider b
oxier too the front and back of this square sweater are the same and the pattern of the stitch
ing makes it look like it s on backwards the lace would be nice but it s itchy and the sweater
is cropped so i think the layered lace look is odd because the whole thing is so short on the b
ody the 3 4 sleeves make it look small and fitted but the body shape is bulky just couldn t g
et it to work 1 the wide leg crop is a cool trend but not great on me i m pretty standard in
size build 5 6 135 lbs size 4 i felt like i just looked oddly shaped with them on \r\n2 a
nd maybe this is the issue the size 27 my normal size in every citizen pant i own was about 2
whole sizes too big for me i mean i felt great about myself but wowza \r\n3 when i took th
em to the store to try on exchange they don t even carry them in the store so i just returned
and will try something else the fabric is very thin i have seen this comment on several sundry
reviews but its hard to imagine how thin the fabric is until you see it in person i could put
a cami under it but it was also rather short on me i don t usually have trouble with shirts r
unning short and can even sometimes wear petite sizes since i am only 5 4 i have a dress very
like this from retailer s fall line i love it so i decided to try this one the fabric is thi
nner than the other dress which is good for spring but it also seemed not such a great quality
i also didn t care for the texture if this doesn t bother you the pattern is very cute and the
style is flattering it is cute with a blazer great print terrible quality the material is pa
per thin not at all what i look for in a robe it s going back i was really hoping this dress
would work because it looks adorable on the model i ordered my usual size 0 but when i put it o
n the cross part in the front was way too high on my neck and was super uncomfortable i also ha

d a lot of room in the back of the dress so it wasn t as form fitting as i would have liked i e
nded up returning this dress purchased this dress to wear to new orleans in may perfect with
sandals for casual and dinner so sad that it was not as i had hoped the fabric is a bit heavy
and the sleeves are very tight i have thin arms the color is a bit off as the background c
olor is a gray which doesn t flatter the yellow design i purchased the large as this size usu
ally fits me with a bit of flow but it was very tight all around especially around the bust ar
ea going to have to return this i loved the look of this shirt but full price was a little s
teep so i waited for it to go on sale and am glad i waited because only a l was left and it was
perfect fit since i originally was thinkng of getting a small or medium which i usually do at re
tailer but this one was running really small compared to retailer other shirts the fabric is gr
eat but when i looked at it carefully the zipper construction is sewn poorly as well as the sew
ing at the buttons area also there were a lot of thread h i was able to get this on sale whe
n it arrived it was missing half of the rhinestones i am very surprised that this top would be
sent out this way it also was missing the little bag with extra stones i m reaching out and wo
ndering if anyone else has experienced this and is there a store that sells rhinestones like the
one on the blouse any help from anyone would be appreciated i hate to part with this but wher
e was quality control i ordered my usually size xs and it s just so wide and unflattering lo
oks like i m wearing a tent i don t understand why tops anymore are either huge or skin tight
why not something in between the pink color is really pretty and the details are nice but it
s just blah in terms of the fit high quality yummy soft fabric gorgeous color even with thos
e three pros this jumpsuit is not for me i am 5 2 and 150 lbs size 10 12 m l in the lines th
at retailer carries i own one of their jumpers and it is very flattering this one however has
capri pants hits awkwardly at the midsection and makes my torso look even more square on a tal
l thin woman it probably works great color and quality but very boxy even with the drawstrin
g there is no shape going on here this dress did end up working out for me however i am very n
arrow in my chest and shoulders and i can see how it would be too tight on anyone with a med lrg
chest and or broad shoulders the fabric is light weight nice for summer it will need to be ir
oned and will wrinkle easily but it still looks well made to me the slip is smaller than the dr
ess but i feel that the dress is supposed to be drapey i kept it i love the idea of this top
i had reservations when i ordered it d t the large armholes but i envisioned wearing my cute cro
pped pilcro jean jacket with it it turned out to be a disappointment the armholes are gigant
ic and the sweater itself did not fit as on the model the front was much shorter and wider and
basically stuck out from my body for reference i ordered the xxsp sizing up might have leng
thened the front but would have exacerbated the armhole problem the navy blue lines on my dress
on the very top of the interior layer can be seen through the upper layer at the very top and it
looks cheap for this price i would expect more thoughtful patterning the fit is amazing so i
am debating whether i should keep or return loved this top but had to return it the collar is
gorgeous but terrible quality this immediately caught my eye in the neutral pattern and the fab
ric is actually quite nice the fit is at least a size or two too large though with the bust be
ing way too large for me even sizing down my normal 4 was big everywhere and the 2 was still b
ig in the chest but fit everywhere else the belt is handy for cinching in some of the loose ar
eas but the top section just didn t work for me maybe better for someone better endowed i was
on the fence about this dress because even on the model it s a little bit frumpy but it was so
pretty that i tried it however on my short frame it s even frumpier the quality is very good
the fabric is soft and it s lined the pattern is really pretty and delicate and i wish it was m
ore flattering i think the only way this dress will look good is if you are quite tall and thin
i am 5 4 110 lbs with large ish hips and i ordered a 2p but even the petite was too saggy i
needed a i had hoped this blouse would be white but it is cream in color it was also more box
y than i thought it would be i am usually a 4 or a 6 and went with the 6 a size 4 would be a b
etter fit i wanted to love this dress i am not comfortable wearing dresses much above the knee
and i liked the length and the way this looks on the model however in person this dress is cut
like a sack it is not tapered at all in the waist and there is just too much fabric when you ci
nch the belt at least on me it was oddly shapeless even with the belt it seemed a size too l
arge i ordered the xxsp for reference i am 5 1 and 107 lbs i ordered the neutral dress and i
really like the fabric and c this dress i ordered the ivory is stunning it is fully lined th
e belt adds a needed accent and the print on the fabric is gorgeous the fit though is anothe
r issue i typically wear a 2 4 depending on the cut and fabric of dresses and am pretty propor
tionate with my hips bust i ordered a 2 in this dress it was enormous on the top and painfully
tight on my hips and thighs the fabric has absolutely no give it needs to drape perfect or it
looks awful if you have any type of hip thigh ordered this in white thought would be really c
ute but didn t like and returned it i am big busted and it was unflattering teh way it draped
i tried this blouse on in the store i m generally an 8 or 10 in this brand i got down to a siz

e 4 and gave up this blouse is huge all the way around the detail on the blouse is pretty but the tent like cut made it impossible for me to buy it i know retailers blouses can be swingy an d flows but this went way beyond perhaps on a tall person the swing would work but on a short p erson like myself i looked ridiculous this top is too boxy and has too much going on it shou ld have no buttons or different ones the material is soft and the pattern is pretty but it fit s like a sack it s too bad that this wasn t more form fitting with some stretch and a zipper because its fit is just not beautiful for tall very slender ladies this will be pretty as it is in the photo it fit me just fine with a little extra room on top but it went right back i nto the bag without a thought my personal opinion is that i am not a fan of this top the mater ial of the fabric doesn t seem as nice as delettas other tops and it had a really boxy fit on me i wanted to love this top but i did not not as cute as photos and too small in chest i am 5 5 125 lbs and the small was too tight in the chest and i am not large here at all shoulders and sleeve length fit well will return not comfortable and will need to be able to button it on r ainy days i ordered not one but two sizes of this dress to try on and was hoping to ultimately wear to an event one 00 petite one 00 the style color and cut are all perfect one not so m inor downfall however the zippers on both dresses were faulty they both broke in the same sp ot both during the first time just trying them on i can t get either of them to even budge now will either need to take back or get fixed very sad about this i ve been wearing these shorts for years i work outside and it was great to have comfortable jean shorts that were just the pe rfect length the fabric quality on these shorts and many many other retailer items has gone d own sure they re great when you try them on in the store soft comfortable flattering but w hen these are worn for a day they get so stretched out that i feel like i need a belt to keep th em on i wore these several times sat down on a relatively smooth concrete wall and a this ski rt is beautiful fabric is gorgeous with perfect amount of shine and luxury to it there is a l ife in this skirt it is well made and follows the body lines in a perfect way or i better say it did fit me perfectly first ten minutes of wearing it unfortunately it stretched more than a full size and generally lost its shape now the skirt is two sizes too large and not really we arable anymore too much of a good thing is still too much there s too much flounce on this j acket for me the waist sits slightly high and the incredible amount of fabric beneath it when you twill around it s basically a full circle makes my hips look huge if there were about 1 3 rd not 1 2 but 1 3 the amount of fabric to the skirt i d be totally in love \r\nas it is i ll be returning it i had been eyeing this coat for a few weeks after it appeared in the email and i finally decided to purchase it to treat myself i was very excited to get it as it is a b eautiful coat online however once i received it i was very disappointed the material is much thinner than i would expect for something that cost 168 and when i went to button it the butto n slipped right off the thread it was sewn onto the coat with i checked the other buttons and a ll of them were loose as well \r\n\r\nperso love the way this dress looks online sadly it doe sn t look great on me i m 5 4 athletic build the small fit perfectly but the extra fabric i n the hip pocket area just seemed to drag me down i really wished this worked for me but i thi nk you ve gotta be a little bit taller to pull this one off i purchased this in store in a vivi d red color but didn t try it on until i got home big mistake literally the first time i trie d to zip the dress the cheap horrible zipper noted in previous reviews just broke midway up right under the waist tie i was trapped in the dress for a good 15 minutes and was scared i d h ave to rip or cut the fabric to get out of it eventually i pulled the zipper apart to escape c an t wait to return this asap pilcro stet roll ups are my fave i have about 5 or 6 pairs and i needed a replacement for my light wash so i went in the store and tried these on wow has the qu ality changed the denim is a lot lighter in material now the wash isn t as real almost like i m wearing jegging shorts these were my favorite but now i ll have to look for light wash deni m shorts elsewhere because these new ones just wont cut it anymore why pilcro the sizing is about the same they run a little large due to the i fell in love with this trench when i first saw it online but ended up returning it once i tried it on i m 5 9 140 lbs and the m fit true to size but the belt hit above my natural waistline and the skirt of the coat was much fuller t han i expected making me look heavier the material also wrinkles easily and the stitching was poor quality with lots of loose threads disappointed as the color and concept were great this trench is beautiful with a lovely swinging skirt that adds a romantic sense of drama and movem ent you ll feel as though you are starring in your very own film noir movie i wish i could ha ve kept it but i couldn t justify paying full price on a coat that had to be hand washed the l abel specifies no dry cleaning there is a lot of fabric on this trench and i imagine that all those little pleats will have to be ironed too i don t have the time for that and for this muc h money i wou i just loved this when i saw it in store beautiful fabric lovely color i order ed a small petite because petite xs was sold out i imagine it might be a little better if it we re a size smaller but there is sooo much fabric in the pleated bottom unless you are blessed w

i was told by my daughter the cut and color of the dress is awesome however the biggest flaw
is the zipper i only got to wear this dress once until the zipper broke sad day especially at
the price there also were a number of loose threads i recommend waiting until it goes on sale
you ll want the extra money for a tailor to fix that zipper i m usually a 12 or size l in reta
iler and when i tried this on buttoning it up from the bottom i was so excited until i reach
ed the chest it was way too tight in the bust and i am not that big in that area it was painf
ully tight on my 38d chest it s also unlined which makes it not very useful for anything other
than the warmest times of year it s a shame because the skirt is swishy and a good length ma
ny trenches are too short or not wide enough on the bottom for a fuller figure i nice material
hits high waisted mine was a return that was not repacked and was just balled in the bag and wa
s so wrinkled that even if it looked good you couldn t tell very disappointed to have it arriv
e in that condition so not typical of retailer i agree with other reviewers it is beautiful bu

ught the small and it was still uncomfortable sadly i had to return it i am 5 4 134 lbs and
a 34c by no means i am considered big chested so this is highly unusual this shirt is adorable
love the lace detail on the sides but way too boxy for me it s a great lighter weight for spri
ng but it doesn t feel flimsy sadly there isn t any shape to help make this flattering it wi
ll be returned shorts don t fit me like they did the first time and i ve only worn them twice
the material isn t what is use to be it stretches out to fast i don t think i will be buying t
hese again wish i could take them back i love maeve dresses and have always gotten a lot of we
ar out of them while still looking great this dress does not meet those standards on the 2nd w
ear of this dress the zipper completely broke i had to take it to a dry cleaner to get replaced
at a pricey cost for a pricey dress i m dissapointed i love maeve dresses but there are severa
l issues with this one for my taste 1 the fabric and color closely resembles my medical scru
bs 2 the zipper is cheap and barely goes up or down even when it s just on the hanger 3 the
bow is really cute but doesn t make up for the other shortcomings wow this runs small i m thi
nking the accidentally sent me an xxs this product has a terrible zipper that ultimately caus
ed me to return the dress it s pretty bad when it won t even zip up on the hanger such a beaut
iful dress it broke my heart it s a perfectly cute simple summer dress but the only reason i
m even considering keeping it is because it was a gift the material is fine but for this price
i expect something more exciting than what is really just a modified t shirt dress at least m
ore exciting colors or a print or something the top piece is 2 full layers which could get warm
in the summer and the ribbing is tight enough that you have to wear a bra even if you re small
chested i m a 32b and super thin and still neede i knew i needed to buy this trench from the mo
ment i saw it on my computer screen but something prompted me to stop by my local retailer and
try it on first thank goodness for that \r\n\r\nat first glance i knew i wouldn t be buying th
is the construction leaves much to be desired from the flimsy single layer of unlined unstru
ctured fabric to the thin strip of fabric serving as a belt i could easily see this being sold
at a cheap store for teenage girls where throwaway clothes are a dim darling jacket coat simila
r styling as the beige with big flowers and lace up back that i bought a few years ago and still
love i was considering this one but the description says to hand wash seriously a coat that
s simply not practical not sure if i will buy this one i really wanted to love this sweater af
ter reading the reviews but when i received it i was sadly disappointed it is pretty boxy and n
ot much shape could be cute for casual outfits but i was looking for some dressier sweaters th
is is a beautiful top but the xs was literally 4 6 inches too wide very disappointing i am thi
n and tall but this was a maternity top on me i don t usually wear xxs it is much more volumin
ous than it appears in the picture and it is definitely gray and blue not white i wanted to lov
e this coat so bad the material is lovely and it s beautiful on the hanger but being tall and s
kinny is a must to pull it off if you have any hips forget it my hips are 38 you end up loo
king incredibly bottom heavy the jacket also ran funny across the shoulders like the underar
m was sewn low down the arm so arm movement was restricted it was weird but it buttoned nicely
without any pulling so it wasn t a size thing i bought a size medium at 5 5 and 140 pounds t
he color is as pictured good quality it s lined the zipper in the back makes it look updated
i ordered my usual size small petite size 6 it fit perfectly i m 5 feet and 120 lbs hourglas
s figure i had high hopes i have hips and short heavy legs the skirt only emphasized my flaw
s if you ve got great legs you will do well with this i do own other short skirts but the fac
t that is less tailored in look makes it better suited for a younger gal if you re on the fence
give it a try it i ordered this dress online in order to get a petite size and am very disappoi
nted as other reviewers have mentioned the fabric overlay is very different in person than it
appears in the online pictures the dress is much more casual and looks cheaply made in person
\r\nas for sizing i ordered the 2p based on other reviewers comments about it running small t

he 2p fit me fine although it was very fitted in the chest and i am very small chested 32b i can definitely see that being an issue the dress is pretty i ordered a 4 and 6 not knowing how it ran i took both back the neck is too tight the length of this dress is bizarre i can t de cide if it s supposed to lay on the floor or not touch it at all i m not sure if i like it eit her way also at this price point i would have hoped to have the included under layer to not be so transparent if you buy this dress be prepared to invest in a slip and then have the sli p tailored to match the high low hem line so that people cannot see your underwear the netting and details in this dress are beautiful but delicate the one i pur top opens in the middle righ t in front should have some sort of closure inside to prevent this top from flying open will re turn the dress at first glance is pretty feminine and a timeless shape sadly the quality just isn t there i ordered online and was excited trying it on dress fit true to size for me all be it a little snug in the chest the zipper is super cheap hard to get up or down on or off the hanger the appliquã s are sewn onto a super flimsy netting already coming detached withou t even having worn it i could see this dress catching on everything and tearing easily giv en the quality i m return i wanted to love this dress but it has too many flaws first the wa istband falls right under the bust and the skirt flares out from there not a flattering silhou ette second the fabric is a sickly yellow beige netting that looks like burlap third i can t imagine what kind of bra you can wear under it on the plus side the fabric isn t scratchy t his dress is so short i double checked to make sure i didn t get a petite by mistake i m 5 10 and ordered an extra small because of the deep v neck it fit well on top but you could see my underwear in the front seriously i dont even think miley cirus would wear it that short the l ace was really beautiful so i was disappointed that it didn t work out i wanted to love this to p looks so comfy and cute but hangs like a bag going back looks great on the model but if you re curvy it looks very frumpy this shirt is not awful but not anything pretty there s a re ason the main photo has the model with her arms crossed over the waist it runs good on top and then you get to the body of the garment and it runs straight down yet the pleats even make it ma nage to expand a little but then you get to the lovely detailed hem which reins them in so now you are left with a bit of a poof effect making you rounder in all the wrong ways it s one of t hose i m too lazy to send it back it s not that awful this looked like a simple chic blouse but the fabric felt cheap to me like thin lining fabric the neckline is too deep and wide as w ell and so not flattering this blouse is quite stiff i wouldn t mind the boxiness if this blou se weren t so long even if you size down because of the eyelet and the cute hem it would be d ifficult to shorten this blouse to fit i get that it s a swing style top and supposed to be loo se but it looked so much bigger on me than on the model and just not flattering at all this top is crazy in the front and just way off when it comes to a cross over drape the top did not lay flat and the drape over has one snap which seemed to bloop open constantly the bottom in the front is a strange combination of layers that i couldn t get to look good \n\ni m busty but thi s isn t the reason this blouse is just a disaster of a fit on me the blouse fits tts and everyt hing was covered so it s not like it was too small and tugged that s not the case this blouse just didn t normally wear a medium in most retailer tops 5 9 150lbs would probably need an xl to fit more like a tunic right now in the medium fits more like a tiny shirt but more fo r fitting arms are also tighter than i expected will be returning if you re pregnant congr atulations this shirt is for you if you ve ever dreamed of being an xxs this shirt is also fo r you i m a 34d normally a small or medium but often size down to xs in swing tops the xs is ginormous on me although it fits through the shoulders i can hold onto the bottom and stretch my arms straight out at the sides it s that wide think flying squirrel what doesn t show in t he pictures is that it also has a slight dolman sleeve which makes it look wide at the to didn t like the dress look pregnant in it this dress is going back maybe i just have the wrong bod y type for these jeans but even though they technically fit i felt like they looked like mom jeans on me i was fine with the high waist which actually made them very comfortable but the ankles were loose and long on me where most ag ankle jeans are a perfect length the quality is good though the fabric is substantial and a bit stiffer than most of my other ag s and the col or is a nice saturated black i tried on a size 27 and i m 5 4 120 lbs i was stoked to get t his dress and it is truly beautiful but the fit is so awful it was like being swallowed up by a bag i ordered my usual size 6 i m 5 7 140 lbs and a bra size 34dd but the dress just fell on me like a sack i was so disappointed had to return the fit of this top on me was much mor e boxy than on the model maybe the fault of my fuller bust my usual small definitely didn t re ach my hips as it does hers and appears wider i m not even sure the v is as deep again could be me but i m keeping the top because it is just so darn comfortable as for not looking too to p heavy ill just have to make it work i have been continually disappointed in retailer s cloth ing for the past year i feel like their prices have soared and the quality has remained so so but dresses like these somehow make the cut it does not make sense since when did retailer exc

lusively market to older women no retailer s market has always been young adults this dress i
s extremely matronly although the bottom print is nice the hot pink belt is completely misma
tched and gaudy i really hope retailer starts curating better dress this dress was a disappoint

y on its way back looks so beautiful on a hanger does not really do anything on a perso

ty and i m sad it didn t work out for me i m 5 9 145 lbs and i found it to be short and boxy i
n the torso tried on a s m and l also material in the front is super staticky i hate that
feeling i love the look and fabric of this skirt it also falls at a very nice flattering leng
th around the knee what did not work for me was the waist the stretchy waist looked cheap and
i do not have a flat stomach so it made me look like i have a muffin top i bet it would look g
reat if you have a flat stomach this shirt ran small and was more sheer than i expected had to
send it back like the idea of this longer tee tunic to wear with leggings but i found it not fl
owly enough in my regular retailer size small fit on top but not really on the bottom with t
he side slits unflattering how the slits hit me maybe for some one taller i am 5 3 i can
t believe how small this thing runs beyond small it s almost insulting because the dress is ju
st so gorgeous you really want it to work but there s no way it s going to when the l is actual
ly a s so sad to return this beauty was excited to try this interesting skirt as a mega baile
y 44 fan however this skirt didn t fit well the waist was fine but it then was boxy and shape
less on me in an xs size 0 my piece also had a wrinkle from folding and i m not sure how it wou
ld easily come out but the main thing is that the lines weren t flattering to the body the veg
an quilting isn t luxurious i thought the diagonal zipper style was cool but it doesn t lay to
advantage when worn and i m an easy fit length is so so this skirt fits in a strange way ther
e is one pleated area but it is on the side so it is not flattering and i kept feeling as if i w
anted to straighten the skirt the elastic looks frumpy unflattering i m a pretty solid 10 th
ese days and had no trouble fitting into other size 10 dresses at the store the large was so
tight around my hips i barely got it on they didn t have an xl to try on but i can t imagine
i would have fit in it so if you have wide hips this is not the dress for you it fit fine on
top in the l it was just so tight in the hips that it did not lay nicely this dress is sort of
a mixed media dress the top colored portion is a slinky knit that dolan uses all the time i li
ke it a lot the bottom is a tight silky twill like weave the silhouette is straight which is
what attracted me to it but when i put it on i realized that the waist wasn t going to work fo
r me the split came at a point too high for me to belt and the sleeves made my wide shoulders l
ook dowdy i am not a person that wants to put on a dress and have to style the heck out of i th
is dress runs waaaay small i would have too size up at least 2 sizes while it is a beautiful c
olor it is an extremely stiff dress returning i ordered this skirt because it looked cute and
versatile when it arrived the pleat in front shown in the center was far to the right so the
overall look was crooked not sure if it was a quality control issue or if that s the true desig
n but it will have to go back too bad because i had high hopes i was really excited about this
skirt because i love the color however when i tried it on it was too much of a high low i am
not very tall but this would look a lot better on a tall person i really wanted to like this to
p in person though the fit was too large and boxy i did order a smaller size based on other r
eviews but it was still too sacklike i got the grey motif pattern which i thought was quite pre
tty and interesting the material was nice and lightweight perhaps it would look better on some
one with a straight figure and small bust pretty disappointed in this sweater should have size
d down because it s quite wide i also didn t like the stair step the back clung to my rear no
t attractive the colors seemed to be striking online but in reality are not returning mine th
is dress looks nothing like the photo the sequins are dull no sheen at all the faux leather p
anels and straps look and feel like cheap shiny plastic i didn t even try it on because it wa
s so hideous when i pulled it out of the box not remotely worth the price and wouldn t buy it
on sale for 20 either skip gals if you absolutely must have this top wait for it to go on sa
le don t worry it will between the poor fit and the polyester i have no good things to repo
rt about it this is very much below retailer s usual quality and style cute sweater i really
like the grey color unfortunately it was boxy and a little short on me almost worth keeping
but even with a t shirt underneath i wanted to scratch my skin off it s very itchy mine is go
ing back loved it online for its modern cut and print however when i received the item i was
disappointed i ordered my usual size 4 and i was swimming in it i like oversized things and un
derstand that this dress is made that way however this was not flattering i would say i would
have needed to size down to a 0 and perhaps it would work but i didn t want to take another chan
ce the material seemed almost crepey which i wasn t neccissarily expecting either bummer that
it didn t work out i ordered a size 16 in the orange it ran a size smaller than normal size 16
maeve tops the quality of the material was terrible it wrinkled and was also so thin that you

need to wear a tank underneath that messes with the look of the lace on the top the color of t
he orange was gorgeous lovely fabric color and embellishment but this shirt was so long i can
t even imagine wearing it over leggings i felt like i was wearing a dress there are too many
cute tops on the market to bother having this one tailored i don t buy sewing or ironing \r
\ndisappointed i just got this and couldn t wait to wear it to work today it is such a pretty
designed top unfortunately it is falling apart as i write this review one sleeve is unravelin
g there are strings hanging off all over the lacy arms am so disappointed in the quality i ll
be sending it back when i get home love the look of this and the fabric but runs way small i
usually wear a 0 ordered the 0 then 2 just got the 4 and it s still too small will be return
ing all 3 i was really disappointed when this arrived and i discovered that it s basically see
through it s well constructed it s just a really thin material i just got this dress in the
mail and tried it on i loved it the fit was perfect tts and it is very soft and comfortable h
owever it appears that the black striped area has bled onto the off white portion and there are
stripes of gray across the chest and blotches on the sides of the dress i am sending it back an
d ordering another and hoping for the best i am very concerned that when it is cleaned it will
bleed again i love the dress so much i am willing to risk it but i am doubtful so b i wanted
to love this kimono it is such a beautiful color and would work well with so many things in my
wardrobe but alas it went back due to the strange feel of the fabric not a soft touch and bec
ause it runs small i bought the m l and usually wear a 12 14 but i couldn t bring the kimono to
gether in the front for a belting option as other reviews have mentioned this top has seriou
s craftsman ship flaws strings hanging off embellishments on sleeves and they begin unravelling
as you try the top on i wanted to love but sadly returned asap i wanted to like this but it j
ust didn t have much of a shape not flattering at all maybe if i was taller i tried this dres
s on in the store today and the armholes were so wide it showed my bra under the arm almost to
the bottom and it showed part of the side cup of my bra at the front while the dress seems lik
e it will be really comfy the arm cuts are so unnatural i had to pass i did try going down in
size and petite and neither of those options worked to fix the situation the print was what a
ttracted me to this dress and the material is soft and comfortable however the fit was all wr
ong for me it had a great belt in the back but hung very loosely in the front it reminded me
a little of some of my maternity dresses maybe sizing down would have helped but then i feared
it wouldn t fit my hips right this dress may look better on someone who isn t as curvy it real
ly looks great on the model but not on me the fabric is super soft and comfortable and the loo
k is cute however the drape on the front crossover is not great and doesn t flatter well the s
horts will probably run a little on the short side for some i m very short 5 and the length
is great for me but i m guessing not for the average height this product was very disappointing
fabric was thin it has no shape and hangs like a pajama top so it s not flattering at all at
78 it s really overpriced for what it is it might look good on someone who has the perfect bod
y shape what wouldn t but they would probably still look like they went out in their pjs i
m 5 9 and not well endowed a b so it did nothing for me \n\nalso the online picture of the
moss version looks like it s a grey black combo it s not it is really green these fit around
the waist but there is so much fabric and it poofs out and looks awful and bulky no way i trie
d this shirt at my local retailer and absolutely loved it until i read dry clean only \r\nr
eally retailer i know you can do better than that i loved these on the hanger when i saw the
m in the store i liked the fabric but found the full cut of the pant added a ton of bulk to my
hips and i don t have big hips i also thought the waist was a bit snug while the rest of the
pant ran tts they went back looked really cute on the hanger so i took it with me into the dr
essing room the fabric is super soft and the top is very flattering however the bottom is way
too short you can t tell from the picture but the sides are rounded and go up higher on your le
g the model has the waist band pulled lower than i think you d most likely be wearing it making
the outfit appear longer i wish i could pull this off maybe i m just too old for it i though
t the photo of these pants was so cute when i got them in the mail i opened the package and jus
t began to laugh over how long they were i held the waist up to my chest just below my shoulde
rs and the pants still hit the ground i am not a short woman i ordered a 14 i am 5 6 i als
o found the waistband a little small in relation to the size this dress is beautiful very vibr
ant and rich looking however after wearing it to work the back of the dress was completely st
retched out from sitting in my office chair when i stood up a little bubble remained around my
butt not attractive i wanted to love it but it s going back the armholes on this dress are to
tally bizarre i can t believe no one else has commented on them yet i am a size s on top and m
on the bottom so i usually try on both in dresses i tend to be a small size 6 in retailer the
armholes are so long that the dress doesn t lay right on top i showed it to on of the clerks in
the store and she agreed with me we looked at all the others and they were the same going up a
size made it way worse this dress might work for someone with really broad shoul this dress loo

ked gorgeous light and lacy in the picture but when it arrived the lace that appeared gold
and black in the photo was more a solid brown pattern against the black which was not attractive
the inner sheath was made of a heavy sequined material it was uncomfortable scratchy and felt
like i was searing chain mail it also added bulk to the dress so that i looked ten pounds heav
ier i can t imagine why they would design this delicate dress with such a heavy inner slip the
si like other reviewers have said this item runs extremely long and large i could have fit my
body in one pant leg they were so wide much wider than any standard wide leg pant i ve owned s
adly had to return i coveted this dress for so long but this was a case of the photo giving me
a different visual impression than seeing it in real life the gold patterns on top aren t shi
ny and delicate in person as i had imagined and they actually make a very strong impression up
close and are painted on it seems the mesh they lay on is also more coarse than i had hoped
the coolest part about this dress though is the shiny sequined black underlay the photo does
n t do that component justice i was s i think this blouse would work for petites it is super s
hort and boxy looked nothing like the fit on the model sad to return it love the print i wan
ted to love this warm dress because the colors and the material are beautiful unfortunately i
couldn t make the fit work for reference i am 5 3 110 pounds and usually wear an xs in retail
er clothing like other reviewers i found the xs to be a bit tight around the arms and i don t
have particularly large arms so i ordered the sp hoping it would be roomier and shorter the r
egular length came down to mid knee unfortunately the sp was enormous it was in no way a pet
ite it was as l the dress arrived with two large buttons missing from the front complete with u
nraveling threads the rest of the buttons are sewn on loosely and in general it s poor qualit
y ridiculous considering the price very disappointed so i bought 2 of these first in xsp i
t was actually the regular length not the petite one it did have the problem mentioned by other
s regarding the arms armpit thighness issue i thought maybe the dress was mislabeled and i go
t a regular xs by mistake so i returned and order another xsp hoping i would get one with the r
ight length but no the one i got has same issues as the first one why 2 petite dresses with r
egular length i think the dresses are defective the print is gorgeous and there s something m
ajorly wrong with the way the armholes are cut i can t move my arms in this dress otherwise th
e fit was fine the a line cut of the dress is great if ur trying to hide a few pounds other th
an that the does nothing for your figure i found this dress to be true to size in an xsp im 107
lbs and 5 1 \ndon t buy it i know it s tempting with the sale price if you look closely at th
e pattern it is a giant triangle running across the front of your body this doesn t do great th
ings really if you have more of an hourglass shape or small waist it completely removed the ide
a that you have a small waist and draws attention to the area of the triangle that is the larges
t also i agree with another reviewer about being cautious about buttons as several were off s
ome of the dresses i loved the look of this dress online so i was excited to order it but whe
n it arrived i found it was not at all how i expected it to be i thought the material would be
more lacy but it seemed pretty cheap there was also some boning at the waist which is nice in
theory but it made the material poof out just under the waist making me look like i had a bell
y no matter what i did i could not get it to lay flat returned to the store and bought the emb
roidered perennial dress instead which this dress is so pretty and the fabric is tightly woven
so that it won t stretch as much as other sweater dresses i am disappointed in the sleeves thou
gh the cut is way below the armpit so that when you raise your arms it pulls tight and is unco
mfortable for the price and the amount of time i wanted to wear it it s not worth keeping an
other thing is that the fabric is tightly woven so if you are cold natured and ok with the sleev
e issue this is the dress for you however if you are hot this dress has so much potential lo
ved the pattern and the neckline however only one side of the waist was gathered with a fake s
ash leaving the other side plain the gathered side was super flattering while the other side sh
owed any little lump or bump needless to say i m returning it i so wanted this skirt to work
love the design but it s way way too long i am 5 5 116lb and the small is 1 inch on the
floor i step on the skirt as i walk i like the quality of material of this top but it s too lo
ng and wide for my frame the high neck feels odd for my broad shoulders too bad as i really wa
nted to love this i saw this shirt online first and immediately knew i wanted to purchase at le
ast two colors i went to my local store for the mother s day sale and tried it on in the black
white and the coral navy i purchased both colors i actually wanted to get all three but had so
me other items i prioritized over the teal white it fits great and is super comfortable i have
been wearing the black and white all day today and sadly it is already pilling and doesn t seem
to be holding up very well photo giv i had been waiting for this skirt to go on sale as i fell
in love with the style and print on the website however after receiving it in the mail i was d
isappointed to find that the cut was all wrong for my body type i am 5 6 size 4 hourglass at
hletic the xs was too big and made me look like i had no shape would be cute on a girl with no
hips booty but unflattering on hourglass figure i waited for this dress to go on sale and when

it did i bought it right away i am disappointed the lace fabric is very stiff i should have listened to the previous reviewer i feel like it is poking out on my arms and neck although i appreciate the careful placements of flowers on the dress had the fabric been different i thin k it would be a great dress why does the lining stop at mid thigh when the skirt is long makes product look cheap while wearing love the color the fabric and the fit but cant get past thi s less than quality feature will be returning i really wanted to like this but like other re views say the knit fabric pills easily and i don t think the tank feels or looks as good as it would were it cotton a good deal on sale but i don t think it will hold up very long i got th e teal white as black white and coral navy were sold out while you can t count on the photo on your monitor to portray the exact color of an item these photos are way off instead of the wa rm charcoal i see online the pants are more of a dusty blue the material has very little stre tch and i couldn t get into the size 24s the 25s were tight in the entire leg but huge in the waist for reference i usually wear a size 24 in brands like 7 for all mankind and citizens of humanity i m returning this cardigan it doesn t fit me at all it s shapeless and loose i was very excited about this dress having seen someone where it on the street months ago i got my us ual size 6 and could not button it up for the life of me i get it i m busty and sometimes butt on downs are a tricky however the arms were impossibly tight my boyfriend starting cracking u p when he saw my arms busting out of the sleeves this blouse is a disappointment fabric is ch eap looking and the cut is very off just odd sleeves awkward the back of the white shirt on the on line model is not the same as the white shirt i received mine was plain in the back like the blue shirt on line even though my shirt was white no ruffle returned gorgeous color salm on not pink though lovely soft drape fabric but the itty bity thread and hook in the center is awful i am a size 2 4 d cup and ordered a small and the closure is not adequate at all it look s terrible closed and is too revealing without a cami underneath does not fit like the model i am 5 8 140lbs pear shaped i ordered the s and it fit perfectly just skimming the floor the material is a beautiful gauzy metallic material that is lightweight with a beautiful drape and w onderful sorbet inspired colors the waistband is elasticized but not elastic and there is no u nflattering poofing which can happen with skirts like this the flaw however is in the decisi on to only half line this skirt with an off white jersey material the half lining isn t horribl e but i found it i ordered the white and the light blue in size xl both are cut much smaller th an is typical for my other retailer xl blouses everything the first reviewer wrote is true the photos of the white top show a detailed back when it is plain like the blue the back is just a solid kind of slippery material it s strange because it s not see through in the back but yo u need to wear a tank cami for the front so it makes the shirt that much tighter since you nee d to have the extra layer \r\n\r\ni would this top would be perfect if not for the large gap in the front where it wraps the hook and loop just do not work to keep the top closed love the pi nk color and the fit otherwise i am almost always a medium but the small was perfect for me fo r reference 5 6 145 lbs 34dd purchased this in white specifically because i loved the back detail i don t know why most designers overlook the back huge disappointment the back i s totally plain not at all like the picture of the white top on here and the fabric in the back isn t even the same material as the front it s almost as if the back is made out of leftover li ning from another garment it was a very sad return i usually love this brand this was just a quality control oversight i guess i really wanted to love this but it had so much fabric aroun d the waist i looked like i was about to deliver twins for ref i m 5 3 105 lbs the top area fit fine had a little extra room on either side under armpit area but not so much it would ve deterred me from keeping it i adore peplum and flouncy tops it wasn t that i didn t realize t hat was the intended style here it was very cute from the front and back but when i turned sid eways it was just omg huge like tent huge i kept look very very boxy design cut try on first or buy knowing you are 90 likely to return beautiful skirt but if you don t have the right bod y type measurements will not flatter you at all ag jeans have been a main stay for me they ar e the most comfortable and best looking jeans on my body however this pair was too tight and sh orter then i liked the fabric and color is beautiful i wear the same size for ag no matter the design but this one ran too small i have to return it i will try the next size up if they sti ll have them i m not sure if the top i received was damaged or if the design didn t consider gr avity but this is not what i expected i really want to like this top but i don t see how i can wear it not sure who this is for but its not for me skirt was long stiff and puffy on my hips i could not get it to lie correctly maybe you have to be 6 to pull this off i can t often t urn down a white blouse so this caught my eye online and then in person i love the concept but found the top to be rather large despite it being an xs i would have to size down to an xxs wh ich i m not certain would be long enough on my 5 7 frame there was extra space in the armholes and space around the waist even factoring in its flowy style it s not worth it to me to order an xxs online since my store doesn t carry it i bought this shirt with the intentions of using

it as a nursing top to that effect i m happy with the purchase and will get a lot of use out
of it i bought two on blush and one blue at the same time however i was surprised that the sh
irt was so open and loose i thought it was just a deep v neck but the design actually really o
pens up once the hook and eye is undone at the top you are then very exposed there is nothing
but an opened front shirt this is convenient for a nursing mother very disappointed the back o
f this blouse is plain not as displayed i am a pilcro hyphen fan and have bought nearly every
embellished jean they ve made in the last few years these however are just not for me i love
the faded wash and i thought the embellishment would be fun for the fall and holidays however
there s just so much of it it s beautifully done but the jeans actually feel bulky and stiff i
n the pocket and upper thigh area i ve had other beaded jeans but they didn t feel quite so
crunchy when i wore them one other note these seem to ru gorgeous design but it was just so
heavy i felt overwhelmed by the amount of fabric although this is my fault for thinking i coul
d get by in regular sizing as petite was sold out will be returning the fit on this is so stran
ge the middle string is definitely too long and the thin halter top offers hardly any lift the
print is lovely and the quality nice for the price the cups are padded which is nice i suppose
but would barely cover anything bigger than a c cup i m guessing i m a 32dd size 8 in pants a
nd size 4 6 in dresses and i ordered a medium i also have a long torso which probably didn t h
elp i 39 m taller 5 39 8 so it 39 s not uncommon for things to be too short on me but th
is was really short for the style it was very wide and loose all over in my usual size both
up top and in the wavy part below the style really just did not work with the length it look
ed very odd i was very disappointed by the fit of this top it is quite short especially in th
e back and very wide i did not find it flattering on a positive note the fabric is nice and
thick very warm layering piece for fall for sizing reference i m 5 5 122 lbs and took my
usual size xs i m not sure if it was my undergarments or not but the top clung to me in a stra
nge way the colors are rich but in addition to the odd fabric the sleeves did not flatter my u
pper arms the fit is slightly loose but figure flattering the fabric is semi sheer and the li
ght coral color is very pretty however after one short wear i discovered fabric torn from bo
th sides of the back seam unfortunately i need to return this blouse asap i ve noticed this s
ports bra several times in my store along with a whole line of products that share this fabric a
nd didn t feel necessarily compelled to try it on but i finally did this last time at retailer
i pretty much predicted what i was going to think of it i like the back with the extra strappy
open section but that is where it ends the fabric is not particularly flattering and i didn t
think the bra accentuated my chest i do have a small bust size but i have a lot of sports love
d the design but jacket looked like 20 years old because of a lot of piling even brand new jacke
t at store i wish they use better quality fabric so i would have purchased it got this in the
sky color returned it because the top is way too sheer for me if you know what i mean i wante
d a pretty gown i can wear without a robe in front of my kids no can do also for the price m
aterial just felt flimsy cheap it does run small the medium was good on me and i m 5 2 11
4 34b i didn t realize that the grey sleeves are attached i assumed that was just an undershi
rt on the model needless to say it looks cheap and poorly made will be returning i was search
ing for the perfect large comfy sweater for the cold winter weather ahead and i thought this wou
ld be it it looks so cute in the pictures but when i received in by mail it wasn t what i was s
earching for this sweater like on the model is quite large although i wanted a large sweater
the fit of this one didn t fit well on me it has more of a boxy feel to it i usually wear a me
dium but went with a small because i expected this to fit a little large and it still engulfed
me i i ordered this item when it was first advertised fell in love with the unique pattern in
the top and could hardly wait for it to get here however when i received the top i was very dis
appointed the fabric is cheap the sleeves are tight and the overall product is of poor quality
and poorly constructed needless to say i returned it i absolutely loved the patterns and color
s of this skirt if only the cut wasn t so odd the sides of the skirt wing out for a very dis
tracting and unflattering look the stiff felt like quality of the material only makes matters
worse in that respect the model photos are not at all accurate it also runs large i had to g
o down one full size i am a true size xl in my 20s i wore a small and then medium so i know w
hereof i am speaking here i tried this dress on in my local retailer store this designer as a
handful of retailer designers seem to do simply enlarges the fabric measurement outward as they
add another size the problem is a funny thing happens to women s breasts as they gain weight
is this so difficult to understand as a size small i was an a cup as a medium i was a b cup n
ow years later as a size 16 i am a d cup i bought this online in the grey and blue and had hig
h hopes it runs big so size down at least 1 2 sizes i didn t realize that the sweater looking
part on the forearms was part of the coat that part of the coat is really nice and comfy unfor
tunately the rest of the coat the wool part is very itchy it would ve been awesome if it was
lined on the inside but it s not so i m taking them back very disappointed runs small in ch

est and too long the fabric is cheap but the print is pretty with the bead and flower detail i don t think this dress is worth the price it is not even silk and the underlay feels like chea p gauze i have been in the fashion industry for over 30 years and this is a miss mark in my opi nion put it back on the rack and save your for something better at sweet retailer i had fal len in love with the coral dress that was somewhat like this one and came out a few months ago but the problem i m having with this one is the same problem i had with the coral one they are all flawed in their construction i had eventually tried 3 size 16s in the coral because each on e was flawed on one one side hung longer than the other and on all 3 the top design did not line up with the bottom design this blue one is the same way the top design does not line up w ith the bot i tried this blouse on and loved the style comfort and color of the peach so much t hat i was preparing to buy it when i pulled the sleeve the fabric came away from the cuff i te sted another spot pulling only gently and the same thing happened too bad since the color would have been a great addition for me \r\n\r\nbut i also tried the blue and it gets 4 stars as th e fabric is much better it too is adorable soft and did not tear on gentle testing the two bl ouse colors are made from different this skirt has no closure along the slit i can t begin to u nderstand how it could be worn as shown in the photo you would be completely exposed it complet ely baffled me has i read the reviews would have realized the t shirt looking sleeves in the pic are attached to the sweater based on the pic and site description i didnt realize they were att ached i thought it was part of the styling of the undershirt i think this very much limits the versatility of the sweater i ordered the white which is a beautiful color and very soft i am r eturning it cause i do not like the t shirt sleeve would rather have the flexibility to layer w hatever shirt i wanted lovely colors and print my problem with this dress was that the bust was on the smaller side it will fit those with a smaller chest nicely and worse the beading on the bodice was attached with black thread which showed through the sheer netting layer on top \r\n\r\nfor the price this particular detail should have been addressed it didn t work with my frame at all but is very nice as another reviewer wrote this is not the same jean featured o n the website same cut and style but it s a light denim wash with wiskering and worn look at th e knees i called customer service to see if this was a mistake and they said there was not real ly a way to check it unless i exchanged them i didnt want the same wrong jeans again so i opted out too bad they are cure i was so excited to wear this shirt even after reading the revie w that it curls up i decided to give this shirt a shot and i found that the same thing happened to me it also clings tightly to the body i would not recommend this shirt for anyone with broa d shoulders i have somewhat sensitive skin and this fabric is awful in addition to it having n o give feeling like it will stretch out and being slightly see through it is super scratchy it has little bits of what look to be tree material in the fabric awful i am very into the la ce tops purchased this but it s a very exaggerated swing top and on someone who is 5 3 it feel s almost like a tunic lots of extra material in the back love the look and if you re tall enou gh it should work for you i ordered these twice just to be sure there wasn t a glitch the col or is so off the picture shows a dark blue denim but they are not they are a light blue with whiskering retailer you need to have a better image of the color because this is so misleading with a rather large chest i am always having to size up in tops like this the l fit well all o ver but the arm holes were just too low even if i wore a navy bra i got the navy version it w ould still be cut too low it s too bad because it is a beautiful and unique piece love the deta il of the white with yellow underneath but agree with the other reviewer that the material is ve ry thin in the back also it is a flowly top so you will need to size down however because of the shape it will fit snuggly around the chest arms this didn t work for me as it accentuated m y normal body type as in not the model type i am not overweight but it definitely didn t flat ter my chest area seems like the top worked for others so i suggest trying on first i love off the shoulder looks and had high hopes for this top unfortunately the folded top portion doesn t stay down at all i found myself pulling at it all day and eventually gave up the material is a lso not the best fight a bit snug over the bust then widens like a bell not as cute as it look s in the photo returned i really wanted to like this top but unfortunately it is not as prett y or flattering in person the yellow looks dirty in real life not pretty like the picture it is also a strange fit shape when it is on i tried it on in the store and did not like it at all i fell in love with these online i thought they would be such a nice piece of statement denim unfortunately they did not work for me i am 5 2 and the waist of these paints was four inches away from my breasts it didn t look bad from the back but from the front it was comical the de nim itself is nice and heavy but like the previous reviewer stated not a dark wash the pair i received was a medium whiskered wash if i was taller these would have been a yes despite the w ash discrepancy not in love with this one the fabric is thin and seems cheap it seems overp riced even on sale and it runs a bit small along the bust i could maybe get away with it witho ut a bra but after 3 kids braless isn t my best look and i don t think the print is a pretty

in person as it is online can t quite put my finger on why maybe a little darker in person
that said the fit is flattering the cinched waist is lovely and the skirt is nice and flowy
even so this one is going back i ordered a med petite usually this fits but this shirt was lo
ng and the sleeves wouldnt stay down as a regular shirt it was not cute the image does not sho
w but the front of the dress has a heavy 24 utility zipper hidden with 5 snaps the zipper pull
when closed sat right on my collarbone which was he height of discomfort it felt heavy and aw
kward the dress was very high waisted for me i m 5 6 and it was 3 inches above the navel a
lso to the point of discomfort \n\nan invisible side zipper would have made the difference for m
e if the proportions were better suited for a non petite sizing \n\nthe fabric is quite beautifu
this is such a beautiful top with pretty vivid colors and soft fabric but the execution is wron
g the front is fine the smocked upper portion is very flattering but then you turn around and
the back fits like a cape there is a ton of fabric especially in the upper portion of the shoul
ders and upper back with pleats that begin under the ruffled neck and billow out i got an xxsp
5 103 lbs so couldn t size down please retailer no more billowy tops \r\nso sad to have to
return this one i was so excited about this top as the picture of the model it looks beautiful
and drapey in just the right way unfortunately this top feels like an old grandma s polyester
suit the sides are much shorter than the front back and the combo of the inner lining and the
outer fabric feels awkward with the inner piece being significantly shorter the the outer it al
so puffed out a bit at the top of the shoulders in a strange way due to the layered fabric \r
\n\r\nsadly going back this dress was really odd i loved the quirky mixture of the blue strip
e and the floral but that s about it the shape was unflattering but honestly that could be beca
use this dress ran large i was just very underwhelmed with this dress also the hidden button z
ipper at the front was an amazing idea but not the best execution overall its okay just hated i
t on me pros soft quality top true to size and would look great a little tucked in and of
f the shoulder\r\n\r\nreality it will be hard to keep the shoulders from sliding up and on me
at least it looked really meh kind of dumpy \r\n\r\ni m 5 6 normally a medium 8 and i boug
ht the medium here fit was good it s billowy and accurately displayed in the pictures so as
an hour glass shaped gal i d need to tuck in the front or all or accessorize to give it a lit
tle shape i really liked the feel a i loved the actual design on the fabric the flowers are go
rgeous and i was really looking forward to wearing them but the fabric was much too thin for me
i was surprised because another review said they were thick to me it felt like tights material
almost however they were not see through which is great overall they just didn t look great
on my body 5 9 size 6 8 curves medium was a bit too loose this top was very cute but super s
hort and i am a short waisted petitie person the waistline hits above your belly button looks
very silly i tried this on in my regular size and was able to get it on fine but the cup porti
on of the suit was just crazy with the straps tied tightly around my neck it was like the cups
just flipped out and open i am a regular b cup and i don t think it was sizing though i did n
ot have the opportunity to try multiple sizes the cup did not right and for this reason woul
d make this absolutely impossible to wear unfortunate because the design is so pretty on me
thsi was ginormous looked like a mu mu it is pretty but there was just too much fabric even
in the smallest size the quality seems nice and it looks pretty but overwhelming i will say
i think it would work on tail lean people i have pretty muscular shoulders so the off shoulder
look with that much fabric made me look 30 pounds heavier no joke fabric is soft though give
it a try just not for me \r\n\r\nref 115 lbs 30dd 26 5 in waist i am usually a size o and
ordered and xs due to the band in the center not much give it was a little difficult to shi
mmy over my hips but the body fit perfectly when i got passed that part that being said the cup
design is a hot mess i am a b c cup size and the top on this could not handle it i felt fully
exposed i thought maybe if i went a size up i could get a little more coverage the body felt o
k on the small but the cups were still just too small i still felt to exposed they are am typi
cally a size 0 and could barely get the extra small on which is a first was very cute in theor
y but i d suggest sizing up maybe 2x the cups on this suit are ridiculous unless you are
going to a nudist beach i do not recommend the construction of the suit itself was also vey po
or seams were messed up a big pull right on the front i brought it back sad because the des
ign was adorable just poor execution the skirt in person is not like the picture baggy and ru
ns large i wear jean size 25 and the xs is two size too loose there s no pocket which is surpr
ising on a denim the slit in front makes the skirt look even loose no shape near what s in t
he picture and there s no petite sizes i am going to return it i also wanted to love this top
but sadly had to return it because it is very short and the peplum piece is very wide it was no
t flattering at all i was wondering whether to purchase this top and decided last weekend durin
g the 20 off event i would splurge i got the m as i m tall 5 10 and it does look a littl
e strange on the arms atleast on my body the sleeve is cut too high for me i wish it was longe
r or even a long sleeved item the peach apricot nude colored fabric is a little uncomfortable

and the fabric close to the neck is a different grey from the other sweatshirt pieces the sweat
shirt pieces aren t particularly soft eit i wanted to love this top to go with a pair of red fla
ts i also bought at retailer but it s almost like a peplum crop top because the cut is short t
he peplum piece also flares out rather dramatically had to return it even though i love other t
ops from maeve this product looks great on the model but for anyone with a normal body type t
he band in the center is way too tight i m a 34a and wear a 27 pants and it was huge in the bus
t and too small in the waist and hips the violet one looks much more blue in the photograph it
is truly lavender and purple i really wanted to love this swimsuit but instead i had to return
it pay for return shipping and i am out about 20 now very disappointed i bought this becaus
e i loved it online but in person there is another level to the shirt that i did notice in anoth
er picture i didn t like the second level on me since i am a shorter person just didn t fit my
body quite right i loved the lines in this jacket but ended up returning it because they didn
t show up how i expected the jacket had a surprisingly baggy fit s on my usual s 4 6 and wasn
t quite what i was looking for i really was looking forward to this piece but unfortunately it
was too small to even pass through my head nevertheless i couldn t even get both arms in i got
a size small and probably needed a large but as far as the quality and color it s really prett
y just go up a size or two if anything and try it out this dress has very pretty colors on the
embroidery there is nothing wrong with the dress other than the fact that there is nothing spe
cial about it very blah fit the fabric feels very polyester no real shape to it the embroide
ry on the dress i tried was lined up like the photo so no problems there just nothing about th
e dress made me want to wear it perhaps at a much lower price point but at this price point i
ts disappointing size 2 fit perfectly and i am 5 2 112 in general just i was very disappoin
ted to receive this and to note that the blouse has no ruffle down the front as pictured there
is no ruffle anywhere on the blouse i am likely still going to keep it because i like the patte
rn but the ruffle was what interested me for a cute work blouse and i want other shoppers to kn
ow that the blouse actually includes no ruffle when you order it i wish there were be fewer asy
mmetrical tops in the store i see many tops i like until i discover they have an asymmetrical h
em and are longer in the back which i do not prefer even in my usual petite small size this l
ooked bulky and made me look stumpy disappointing because the style looks so good in the pictur
e and the material looks to be good quality i don t even know if going down a size would have h
elped as others have mentioned it looks like a frumpy house robe there s just nothing special
about it it runs small and the fabric is itchy the design with button caught my eye but i did
n t like it well enough to keep it i ordered first the green then the grey in case the green
was mismarked \r\nso short \r\nis this to be in keeping with the ankle pant trend \r\nanyone
who wants a shorter pant could easily hem them but there is no way to lengthen them \r\ni held
the new pants up to an older pair from previous years they are a full 2 1 2 inches shorter wow
\r\nnote how in the photo of the golden color pants they barely skim the model s ankle that s h
ow they are in real life \r\ni wear these pants in a tall and live big pockets make it look mor
e like a bathrobe than a coat there are no internal pockets and the loops for the belt are pret

olmarm the white bib collar takes this dress into costume territory i love one september and h
ave many items from the brand that i wear regularly so i m bummed that this wasn t what i expec
ted i knew it would have flow but it s more billowy than i wanted stay away unless you want t
o look like a little girl on the first day of school the color of this top is lovely however
i felt the quality was lacking for the price the fabric is thin and the top i tried on in the s
tore had some loose threads already fit was tts for me the arm holes are just weird a littl
e too big for me was just off back it goes i have purchased many dresses from retailer for
weddings and events this is the first time i have been disappointed with the quality however
the sleeve on this dress ripped after lifting up my toddler son in the middle of a wedding the
size 4 seemed to fit perfectly but the fabric had no give it was not overly tight in the bust
as i am bra size 34aa for the price i expected better the color and style of the dress is g
orgeous so perhaps ordering one size up is the answer usually wear s and xs tried this in
s at store but the sides were still lumpy after zipping the size zipper up if i tried xs it wou
ld have looked better but may be bit too tight the sides of the arm holes were also cut very lo
w it also has a dusty grey sheen to it that makes it look like old velvet in a bad way two lay
ers green on outside and a polyester beige layer underneath \n\nbut definitely a showpiece tha
t can be paired with a short jacket a beautiful silk dress light and cute but not worth the p
rice this dress is extremely thin and no lined at all it s very light and i m afraid would be

completely see through dress was a disappoint very thin and cheaply made not worth the money at all pictures make it look much better than in real life top area is also made small so if y ou are busty this is not the dress for you i don t have a lot of pink or lavender in my wardro be but any time i do try a shade like this on i always think it compliments my skin tone and ha ir color i generally wear a mauve ish or coppery eye shadow and the color of this shirt looks b eautiful against that makeup too unfortunately i just don t find the shape of the top to be fl attering it s really long so the way the model has it partially tucked looks best but i m not really thin like her and i have a larger chest it just doesn t i purchased this to wear on th e same day it did have a strong smell i tried airing but didn t help much so didn t wear tag s are cut so will probably give a try after washing by hand my fault for not checking this par t it is a bit over my price range for a casual top so hoping i ll end up loving it the shirt is beautiful but fits much too small the stitching limits the space in your shoulders and the hem too short a petite frame would be able to pull this off but i am a 5 10 medium and the s hirt didn t work in every direction this top is very pretty on the hanger however i have a cu rvy bust and it was incredibly unflattering on my body boxy too high of a neckline unattract ive the plus sides to it are that crochet detailing is lovely and the color is nice as well m aybe if you have a 1920 s frame it would work i love the wide straps but it runs small and is s hort still great for layering great soft material i hate that it is so tight and short but i f i size up them the arm holes would be way too big i bought this in size xl and it ran small a long the waist bottom hemline i m pear shaped so it s an awkward fit i ll wear it tucked in or belted they used a lot of material in the sleeves through the top portion i wish they had n t made it such a narrow cut along the bottom \n\nthe sleeves are very pretty the embroidery t hey used for the cutouts is a little rough scratchy since i got it on sale like the color i m keeping it i recommend trying this on if you can i d been waiting to snatch up this jumpsu it as it looks so cute online so when it went on sale i ordered it right away well i was thoro ughly disappointed i agree with some of the other reviewers the fit is odd huge on top and to o snug on the bottom being made of flimsy silk it has no give and didn t hang well on my curvy body being too loose in some areas and too snug in others also the top is embroidered while th e bottom isn t the material is thin and and it definitely isn t high enoug this item is pretty the print on the fabric is nice and reminiscent of embroidery but only the top portion has a fe w embroidered accents my issue with it is it s very impractical the fabric is extremely thin and you wouldn t want to wear it in any weather below 75 degrees it s ridiculous to advertise t his product for a fall winter season the tube top underneath doesn t work very hard to stay up and isn t a very practical way to hold up the jumpsuit why wouldnt they just stitch a lining ve ry sheer inexpensive material even on sale i m returning it this shirt smelled so bad when i re ceived it and i am not at all sensitive to smells is it from the dye \r\ni tried it on anywa y it is shapeless and nothing special at almost 80 bucks it is so over priced this top is for someone flat chested and skinny i really like the styling color fabric and everything except that it s not for my body type i am a 36dd and have a little bit of a stomach so it makes me look fat from the sides \r\nthe pictures taken on the model are from the front and back but i will bet she would still look good in it from the sides will be returning it the turqoise colo r is pretty however it did smell bad out of the package i wore it once and it transferred the dye to my skin and white pants bra and cami hope it all comes out in the wash i tried to hand wash the shirt and now have blue hands and a blue tub this is a rare review for me i usually l ove my retailer purchases even at times when other reviewers aren t fans but this top is terri ble 5 4 103 32 b for reference small frame athletic bought the xs in black the length cou ld have been longer but i could have lived with the length the arm hole area however a diffe rent story because it s boxy and the fabric is stiffer bc of the large flowers the top sticks out on the sides under the arm holes leaving a gape it did not fit snuggly this shirt had an ov erpowering vinegar odor when i took it out of the packaging \r\n\r\nthe mint green color was app ealing but the styling did not look good and the smell was too much lovely color and sweet top but the fabric was so itchy i couldn t wear it i bought 3 shirts in gold black and red they a rrived larger than expected after the first wash and air dry they shrunk i would have been thr illed but they shrunk to be shorter while staying too wide also my black shirt faded a lot with one wash fits large wrinkles easily and not what i expected for the price this is a cute top but i wore it for around 5 hours and lo and behold i had smurf skin i did not sweat in it but t he color transferred to my underarm area and bra and it did not come off in the shower i guess it s going to have to wear off thank goodness it was not a hot day i hope that i can return i t i like this top but unfortunately i will be returning it s way too long the color is pretty as is the design minus the length it makes it look frumpy maybe if they offered it in petite o r if you re taller it would work for you i have to return this top the armholes are huge the material is on the thin side and not what i expected i can t size down i got an xxs maybe if

i had been able to order a petite it would have fit better i ordered the red and i liked the c
olor i too will be returning this sweater love the style shape and fabric but after one wear
ing it has pilled terribly and now looks old and cheap unfortunately this dress is shaped like
a sack and has no shape to speak of i have sent it back for a refund too big too shapeless
love the silhouette and coziness of the fabric for the first few wearings i was in love then
it began to pill horribly would not recommend my mother said that s going to pill up
and i ignored her and she was right the fabric is soooo thick the pattern is very spring summ
er but the heavy thick and lined fabric says otherwise the pockets are great and the fit was tr
ue to size but that fabric killed it for me looks beautiful in the photo and the color in person
is beautiful but it runs so so large that i think even an extra small would be too large for me
just for comparison and i wish all reviewers would include this i am 5 5 and weigh 120 pounds
i ordered a medium which a small to medium is my usual size but i ordered the medium because i w
anted to have room to wear something under it i could have worn two sweatshirts under this swea
ter unfortunately i have returned it soft cozy and cute but pilled badly after 1st wearing
and now will be relegated to wearing at home only \nfor this reason i cannot recommend felt lik
e i wasted my money \ni purchased the xs petite i m 5 1 95 lbs and i could have gone down t
o xxs but i was ok with it being looser wanted to love this dress bit it wasn t to be strang
e fit and doesn t drape nicely as in the photo also the blue color was much darker in person
wouldn t recommend so the dress is interesting has an asymmetrical wrap look short sexy leng
th i m 5 3 and the petite barely covers my assets and a neckline that implies sexy without a
ctually displaying the girls it crosses over and stays closed but looks sexy and plunging but
the shoulders are what make it look matronly they re wide from neck out to the outer edge of m
y shoulder upper arm they show no shoulder at all which is really an odd design when the rest
of the dress is sexy ish i looked back i was looking for a casual dress for quick errands that
was trendy but comfy this dress had a lot of potential i was drawn to the print but the mat
erial is awful so thin and scratchy immediately went back i really really wanted to love thi
s dress the v neck plunge is way too deep i needed to pin it to keep it closed the blue color
was pretty and the front was flattering but the back was not it was super clingy in the back
and didn t hang in a flattering way sadly i sent it back just a ginormous shapeless shirt r
uns extremely large i am normally a medium to large in shirts and the medium was huge i can on

bout this romper and when it arrived it looks just like the picture the torso was abnormally lo

5 9 32c and i wear 28 size pants usually i struggle with too short of a torso in romper jumps
uits but not this one i ordered a medium and felt like it was way too big i probably could hav
e gone down a size but i wasn t loving it enough to try the fabric is nice but the tiny clasp i
absolutely fell in love with this dress when i saw it online but unfortunately it just didn t
fit right the bust and bodice not designed for curves and the dress just didn t fit correctly
i think it would work better on very slim figures agree with previous reviewer i am usually an
xs p in this brand 5 3 115 lbs but i could not get the internal slip over my head the chest
area was fitted i am a 32b but then the skirt was very full and loose i could have cut out th
e slip but worried it would be see through and just not worth it at full price i purchased the
se in january and today i am going back to retailer to request a refund the fabric on the inner
thighs are absolutely thread bare i am 5 6 and wear a size 28 they fit comfortably with great
stretch but apparently the fabric is so cheap that if your thighs should happen to touch you w
ill wear holes through the thighs in very short order \r\n\r\nfirst they started piling which i
had never a pair of pilcro pants do before and within 2 washes i could actually see through the
f quality piece except the fit is way off i have a 32 c bust and long narrow torso larger on t
he bottom i ordered the small i frequently wear a small extra small on top and i was busting o
ut of this in the chest area however the fit then flares way out from the torso and it just lo
oked dumpy and overpowered my 6 foot frame i marked it as running small which it does on top
but then it runs very large on bottom wanted it to work but didn t i ve been looking for the
perfect white eyelet maxi feels like a perfect summer staple but sadly this was not it quali
ty isn t great which is surprise on a 168 price tag top of dress is lined but cheaply so it s
somewhat see through the dress was returned i really wanted to love these i bought them in a
rush because i needed to replace my skinny jeans asap they were a little long and didn t quite
hug my calves but i figured with hemming they would be fine i was told they wouldn t stretch ou
t much well they fit great at the waist but the legs are now huge on me and i can t get them t
o shrink wish i spent a little more on a different skinny jean too late to return so my hopin
g to be going out jeans are now lazy day jeans ordered this vest on line and returned it due to

o poor quality cute top in theory ended up looking a little sloppy the sleeves are a bit to
o blousey for my taste and i really wanted the lace up to be cuter somehow still a cute top
received several compliments but not for me i ordered this in green when it was on sale and wa
s so excited to get it i thought the color would compliment my complexion perfectly i read the
other reviews who mentioned this item fit closer to the body than what is shown on the model i
wish i would have listened while it is a very comfortable piece and stretches it is a lot tigh
ter than i wanted and because of that it is a bit see through i didn t want to have to wear a c
ami underneath and i am pretty curvy this top does show many of i would not recommend these pan
ts if you have a curvy or athletic figure these pants seem to be cut straight up and down the
fabric is not soft the color is slightly more muted in person and they are not as relaxed as t
hey appear to be on the model it just isn t that flattering on me it looks kind of old and din
gy even though it s brand new it fits fine but doesn t do much to highlight my curves it jus
t kind of hangs there the length is somewhat awkward i bought the petite version maybe it wo
uld look good on someone tall and skinny like the model it s gathered around the stomach area
and longer in the front which reminded me of maternity wear it does appear to be pretty well m
ade top part is lined overall it s not terrible this top was much more fitted than expected a
nd was not flattering i would not recommend this is really a cute top nice fabric the print
the version i bought is lovely though the colors are different than pictured the problem for m
e is that i am 5 8 36b with a longer torso and the proportions were just wrong on my body the
blouse does not have much shape at all and fell a bit too short for my liking especially in the
front it hit at hip level as in photo but would look so much better if it had been a couple i
nches longer looking at the other reviews i see that most of t the material was thin showed ev
ery lump you d rather hide and clung to the body even the sleeves were tight looked inexpensiv
e 1 this looks so cute on the model doesn t it i have no idea where you wear a suit with hot
pants but it looks cute \n\n2 that said keep in mind the model is probably 6 feet 10 inches t
all i m 5 feet 6 inches tall and this jacket came down to my knees i m not kidding the 3 4 l
ength sleeves were at my wrist so more like 7 8 sleeves \n\n3 i m normally a size 12 in carton
nier jackets but this only comes s m or l the medium is really a size 10 which was too tight
across the shoulders and i ordered an xxs and it is extremely short in length another customer
had a similar review but i still took a chance that it would fit well the sides of the shirt h
ave slits and because the shirt is too short it shows the skin on my hips the rest of the shi
rt fit fairly well but i ll still need to return this top i was really looking forward to thes
e tees working after reading the reviews unfortunately they had slits on the sides that came
up higher than i was comfortable showing my sides just above my jeans trying to keep it age app
ropriate i so wanted to love this jumpsuit but unfortunately the fit is so off it runs small a
nd the crotch is to high the color is beautiful and the design is great it s really sad i wait
ed two months for this and it was definitely not worth the wait i am 5 2 and i typically wear
a 2 or a 2p lately i ve been finding that petite is just a little too short to wear with wedges
so i often order a 2 as i did in this dress it fits well and it s flattering my two complaints
are that it gets wrinkly fast and looks sloppy yes linen is a wrinkly look and that s normal f
or linen but somehow this dress just looks sloppy to me more importantly while wearing for the
first time i realized that the seams on the side were very lightly sewn and there i have to agr
ee that the fit is unfortunate i am using a size 2 in retailer and most dresses i knew to size
up based on reviews here i tried the size 4 and i could barely button the top the waist fit fi
ne and the underarms was fitted nicely to the body i sized up to a size 6 and the dress was ove
rsized in the top with gaping armholes too bad because the color is beautiful and the style is
adorable runs small i m usually a size sm for retailer clothing for reference i m 5 4 129lb
s 36b the tie around the waist of this dress is not a functional tie that you can relax a bit
to give yourself more room around the waist i could not fasten the buttons to close the dress o
n the size 8 the size 10 fit enough to fasten the buttons but there was a lot of extra fabric a
nd the arm holes were very large pretty vibrant colors but size up and be warned of the large
armholes i bought this sweater the minute i saw it and waited for over six weeks for it to com
e off of back order it was further delayed from even what i was told when i first ordered it
\r\ni was beyond excited when it finally arrived and wore the sweater the day after i received i
t i had a long flight and thought it was the perfect option for keeping comfy on a plane \r
\ni was so disappointed that by the time i got off my flight four hours later the sweater had n
ot one not two but three differen i wanted to love this dress because the fit is so flattering
and the color is so great however i could not get the button along my bust to lay flat normally
this can happen if the fit is too tight around the bust but i promise there was still plenty of
room the fabric just bent in a way that left a gaping hole at my bust unfortunately it s going
to have to go back this top is beautiful in the model shot but average in person it ran reall
y small i usually take a medium in retailer tops and ordered this in a medium it barely fit ov

er my chest and was pretty short i am 5 7 also the material is very thin not so much that you can see your undergarment but if you get cold everyone will know it also for the price i expected a sturdier fabric i would recommend holding out for sale if you are interested in thi s top normally hd in paris brand is spot on for their dresses this dress is a big thumbs down as most of these reviewer s and myself point out the large arm holes do not allow you to wear a regular bra because you don t just get a peak of your bra you get to see the whole side of it secondly the bust of the dress would work only for an a cup bra too small for the average woma n the only bright spot with this dress is the brilliant colors available and the quality of the fabric itself excelle this dress is lovely fabric generaly nicely tailored but weirdly large around armholes which gap i m sending it back also this red is more like a fuschia \r\n dre ss was generally a a bit too big on top oddly both too long in the torso and the shoulders cut too far in they didn t cover bra straps as well as unattractively large armholes you can even see it on the model i i m a size 10 to 12 fairly busty but not extremely and with a slightly short torso which is party the problem th i agree with others that this top runs small i am u sually a 2 4 in retailer tops and the small was very tight around the chest area however it lo oked so cute on i wanted to buy it so badly but it just didn t work for me the design is abso lutely adorable but i could not lift my arms without the whole top riding up they did not have a medium in the store so i couldn t see if a larger size would work overall such a cute top j ust not appropriate for someone my age or practical for someone ch i pretty much am in agreement with the first original reviewer on here big disappointment especially if you have hips and a re busty \r\n \r\npros \r\n great breathable fabric \r\n cute look overall \r\n s ash in front brings it all together \r\n buttons are hidden under a panel of fabric which is a nice touch \r\n \r\ncons \r\n runs very small in the bust normally i can wear a 10 or 12 with most of retailer s stuff i tried on a 12 and it fit everywhere with entirely too muc h room i i really loved this dress in the store when i tried it on the color and fabric were per fect for summer but once i got this home i noticed the placket wouldn t lay flat across the bust like shown in pictures when i went up a size it was too large under the arms so this one will s adly have to go back to the store on a positive note the dress was very well made great qualit y as usual from retailer however this dress looked like a sack i believe it may have been the combination of the drab color and the sack like shape very plain and unflattering for referenc e i am 5 5 140lbs 34c so i do have a shape it just did nothing for me it had to go back i r eceived this dress in the mail yesterday right away i noticed the coloring wasn t quite the sa me as it appears in the images online in person the hints of brown appear more bronzy and shin y as opposed to more muted i was willing to look past that but then i tried it on i ordered a small which is my typical size in retailer dresses it ran quite large and was way to long fo r me i am 5 4 overall between the coloring and sizing this dress wasn t a hit for me it s a beautiful lace designed tank top in a vibrant navy blue however the lace on the hemlines w ere snagged the top was much shorter than i had anticipated i m returning it to the store u nfortunately as the other reviewer said this top is pretty short nice design but i wish it wa s a little longer and i am short i tried on xxs regular xs petite and xs regular \r\n\r\nxx s was closest to flattering around the top part shoulders cehst but stil la bit short the p etite was jsut too short and xs regular a bit longer but a little loose os hte fit jsut ddi nd t work i may wait for sale on this but probably something beter wil lcome along \r\n\r\ngre at for those who want to show their assets i saw this dress worn on the street and thought it wa s lovely the perfect work dress i then found it in the store and my size was already sold out so i visited another retailer and another to find it unfortunately the color blocking on the c hest was not very flattering for me it seemed to overly accentuate it i am 5 9 a 36 dd size 1 2 \nthe colors the fabric are all wonderful but this dress is not for me my title perfectly d escribes my attitude toward this sweater the print is super cute and the price point is great but this sweater was so itchy that i couldn t even keep it on for longer than a minute it may b e okay with a long sleeve underneath but don t even think about wearing it by itself unless yo u have the body of the model tall and very thin and wear a really small size don t even thin k about getting this dress it s literally a heavy sack it hit right above my knee in the front and basically mid calf in the back the material is nice but it s an awful shape nan given that i am petite with thighs take a size 6p or 28p these were not for me the run small are really tight from the thigh up run longer that a petite should and are fairly thin on top of that the zipper and hook in the back are really inconvenient i was looking for something i could wear to work and these were not the right style for that plus they seemed cheaply made like they woul dn t stand the test of time i imagine if you are tall and skinny like the model they would loo k good there were no reviews when i purchased this dress from the picture with the model the d ress looks to be a straight shift dress i received mine yesterday and the dress flairs out and isn t straight it is also pretty large i ordered a medium as the smalls were sold out and i m

not sure i will keep it still on the fence dress is shorter than pictured as well sleeves are shorter than shown now after having seen the dress and looking at the online picture i think the model is holding her a i was excited to order this sweater when it arrived the green didn t stand out as much as the picture here it also felt too itchy i usually wear either very soft wool or wool with cashmere because i can t stand plain thick heavy wool this one was just too i tchy for me it is going back i ordered a six 6 petite the pant leg was still very long and i f i have it tailored it will not preserve the whole point of these pants having a flare this is a slim fit i have heavy thighs and this was not for me i m 5 120 lbs also the tag warns that the fabric may leave color on lighter clothing which i don t get because it s spandex blend a lso wasn t too hip in the zipper on the back okay so this top has its redeeming qualities i p romise which is why i gave it 3 stars when i really wanted to give it two but it s just not wo rth 2 because i m sure it works for some people and the quality is just impeccable for people w ho purchase this it will last forever it s sturdy cotton not thin like many retailer tee mate rials the lace detail and texture is on point and the neckline is very nice it s a great looki ng top my issue though wasn t with the bust as other reviewers hav first it s huge i m not b ig busted but it s so roomy that i looked like i was pregnant not exactly what i was going for nice color and soft fabric but would only work if you plan to tuck it in and i m short waisted so no tucking for me back it went this top is on the boxy side but the design is cute and i lo ve the pink color the problem i had with this shirt is the huge arm holes one side you could s ee the top of my bra the other side was below the side of my bra you could also see the inside back of the shirt through this arm hole it was that big this went back will not re order i u sually order xs or xsp this was an xsp this blouse was so cute i really wanted to love it as others mentioned there is something wrong with the fit i m not a large person but the top was tight even though i ordered a medium and a small received this product with a gaping hole in it very disappointed in the quality and the quality control at the warehouse i liked this top in b lack but it didn t fit me well had to return so unflattering really disappointed made me l ook 6 month pregnant and i m a petite size 2 i really loved this top however i couldn t get i t on i tried on a medium my usual size it s not that it was too small something else is wro ng with it the large was way too big too bad i really wanted this look this shirt looked cut e until i tried it on worst fit ever im thin and this style of top is usually quite flatter ing but this one missed the mark big time this top was too big for me 5 4 135lbs and ordered xxs fit was fine and wanted it too work but too overwhelming on me as well will be going back i thought this would look great with skirts but all my skirts are too dressy for this t shirt that s really all it is a nothing special t shirt and it runs so big i m usually a large or xl in tops but for this one i bought a medium and it s still too big i think a small would ha ve been fine but as i mentioned it doesn t go with any of my skirts so it s not worth lookin g for a small i didn t know what to put for runs small true to size or runs large but it r equired me to put something i first ordered the xl and it was ridiculously gianormous the ne xt time i ordered a large i thought the large would either be a perfect fit or still too large based on how the xl had fit the large was too tight i could not believe it it is too bad for i love the design and color of this top i ordered it in the muted red color if you can find a size that works for you go for i ordered the black white 00 petite i m 5 2 96 lbs and i order petite sizes all the time the length for the size i ordered is about 23 on the back fr om neckline which is great for me however the length on the sides is way too short the dista nce between the armpit on the blouse and the side hem is only 9 25 so my skin shows on the sid es all the time when wearing regular jeans not at all the way it shows on the model i would or der 00 regular length but then the sleeves will b i wanted to love this sweater but the fit is just awkward it is very short and box and ends up being very short in the back i am going to r eturn this item quality jumpsuit but poor design the green made me look a bit like gumby the cartoon character the quality of the garment is high a nice substantial yarn and a pretty croc het pattern but the cut was totally off for me i m usually an xs s and was swimming in the xs the arms in particular were huge and drapey and the whole thing just hung on me for reference i m 5 4 120 lbs bummer i fell in absolute love with these gems until i realized how weak th e stretch is by the end of the day i purchased them on the 13th of feb and can t bare to wear t hem anymore the fit of the top is true to size but i really don t like the taupe terrycloth li ke sweatshirt under the white lace the white lace is bright white and seems very sturdy but it makes the sweatshirt underneath look very dirty and very noticeably taupe it is terrible paired together i also didn t like the feel of the terrycloth like fabric against my skin even though this is a good quality piece with a lot of interesting detail i m absolutely sending it back t he straight leg silhouette is ruined for me by the immediate bulge beneath the elastic waistband mostly caused by the pockets their openings protrude out right below the waistband it s not fl attering and while the trousers are not too tight for my hips they give the impression of extra

hips if not for that silhouette issue i would keep the trousers as they are comfortable and p
retty and unlike my other trouser options not see through as i feared i saw this at the stor
e today very excited about it but i had no idea how to get it on there is a side zipper so i a
ttempted to step into the jumper through the collar but could never get my arms through from wh
at i could see on my body it would have been too short in the crotch i decided not to fight wi
th it to put on entirely i gave up cute shade of green though while this top is pretty it s
very unflattering it just looks so boxy on me that it makes me look heavier too bad because i
really wanted to like it oh dear the elastic waistband just ruined this skirt for me it made
it look so cheap i assumed from the photograph that the skirt was a knit over a structured lini
ng with a real waistband with a zip instead it s a sweatshirt knit with no lining and elastic
it looked cheap and hung a bit baggy from the elastic waist making it a no go for me i wanted
to love this shirt the fit was a little off and i wish it had come in a little at the waist to
be more figure flattering before it flared out the fabric is nice but wrinkles easily and in th
e white is see through sadly i will be returning they look nice on the page but they didn t
work on my body made me look big and boxy maybe if you re super skinny they ll be fine the f
it on these is frustrating with l space you almost have to try everything on first because the
sizing is different from one cut to the other i wear a 25 26 jean and a medium in this bottom s
till felt and looked too small i loved these pants super soft and cozy and perfect for winter
i ve worn them a handful of times and have washed them maybe twice max and they already have 2 h
oles they don t say handwash and my washer dryer is brand new and pretty gentle on my clothes
maybe i just ended up with a bad pair but i found the quality to be disappointing this was a
bout to be my first retailer splurge item but i think i m not there yet for the rich price tag
these pants weren t going to be versatile enough for me they re very light weight and even tran
slucent in sunlight perfect for a small subset of my days but not going to make the cut for cas
ual friday that light patch near the r knee is also a pocket tended to flap open and look abou
t as nonsensical as it is if you re already on this level good for you i had to send these bac
k ordered the biggest size available the large the arms are so tight i couldn t get it on l
ooked like it may have fit in the body so i don t understand why so constricting in the arms i
don t have big arms either fabric is thin but the color is pretty can t recommend i d pass o
n this one this jacket is high quality leather and will bring you years of wear i made sure to
add a little room to accommodate thick sweaters so i bought this even after seeing the other r
eviews because i love the designer and their things are normally cute and different this fits
just as others describe it was not flattering to me at all 5 2 had to go back i purchased th
e blue s 140lbs 5 8 34b and this was very large and boxy on me not altogether unflattering
but not so flattering that it justifies the price the blue color is very pretty in person dark
er and slightly marled however although this sweater is certainly cashmere and very soft beca
use of it it is very thin to the point that i consider this a top rather than a sweater
the silk panel in back is pretty but again thin and unlined i think that even on sale this
is ov pretty shirt on the hanger but there s a goof in the design when i tried it on my 3d sel
f there became this weird ruffle right beside below the bust that you can barely see in the rig
ht of the photo now that i know it s there the tulip nature of the shirt is pretty in concept
but where the top layer starts makes the fabric stick out right by your bust and it s not flatte
ring and i m just a 34 b i ordered a small from the online shop knowing it would be drapey bu
t it s much more than drapey and the front draping looks like halloween costume material not
chic or sophisticated sadly i will be returning this top dress is much different in person t
hin ribbed cotton a little tight for xl it looks like a throw back dress from contempos
returned and would not recommend this tunic is a perfect length for leggings the mauve color go
t rave reviews on my first wearing and the mixed media and asymmetrical styling gave the garmen
t a unique appeal and made it quite flattering however when i wore it a second time i noticed
two micro holes in the sleeve one near my wrist and the other at the shoulder since i take ext
reme care when laundering my clothes it seems this will have to be a return as the jersey knit
is not strong enough to hold up in the delicate cycl i tried this top on today because i was rea
lly hoping i could get the shorts and robe set the shirt was softer than i was expecting but w
hen i tried it on it was an uncomfortable fit there was some tightness in the armpit area whic
h is not where i would have expected it to be tight the rest of it was comfortable and reasonab
le looseness so i don t think a size up would have been a good option for me i like the design
a lot so i was really disappointed it didn t fit it is between a lightwe tried this on in the
onsie area of retailer store i usually am between a medium and a large the medium fit fine t
he material in this top is substantial very thick and soft but it is very thick as a warning
more for a pretty cool spring evening vs the heat of the summer in chicago not sure how much th
e material would stretch out either as it seems like it could be the type also it is dry clea
n only and on such a casual top that is a real deal killer for me \r\n\r\nregarding the style

of this jacket was too wide and the length in the arms too short i wear a medium in almost any
article of clothing and felt like i was swimming in a short little jacket the ratio of how wide
it is to the length is not for me but might work well with other body types the arms were defin
itely too short i wanted this jacket to fit on me like in the photo but i guess my frame was s
till to petite the fabric was also on the cheap end i almost bought this skirt yesterday in sto
re but decided against it because the fabric was subpar the skirt i tried on was snagged and u
nraveled i selected another skirt which i purchased as the sales associate was folding the sk
irt i noticed that this one was also snagged and unraveling despite loving the style and fit
i had to be realistic with my lifestyle and decided to return it then and there if there were t
wo severe snags on two skirts before even leaving the store how would th it just didn t work fo
r me i don t know if it is my fair complexion and untanned legs but this dress was a strike ou
t the orange floral design and beading is beautiful and the fitting i would say is pretty tts
for reference i am 5 7 and 145lbs with 36 30 40 measurements and i purchased a medium the
chest and arms were not too tight like other reviews stated the length is about the length in t
he picture and a lot of fabric to make it very flowy overall very good quality and beautiful i
f you like to wear lampshades this is the shirt for you beyond unflattering boxy and seriously
looks like lace was stitched to the bottom of a lampshade i was very excited to receive these pa
nts and wished they had worked out as the fabric is structured and yet comfortable however whi
le stretchy they looked very tight on the thigh and yet were too big in the waist i will acknow
ledge i m a runner with somewhat muscular legs but was hopeful these pants wouldn t cling to th
em for reference i m 125 lbs and usually wear a size 25 26 in pants perhaps i have gotten too
used to flowy shirts or the cut of this was not right for me but it felt too fitted around the
rear end and the shoulders didn t lay right on me sizing up would have only made it too big in
the shoulders so i returned i am 5 5 135lbs 34c curvy muscular frame and ordered a size sma
ll i ordered this in size xl the ivory was as pictured the lace details were well done but
the length was much shorter than on the model i m 5 ft 5 1 2 in for reference even the sleev
es were on the short side above my wrists the main problem is how much it shed just in trying
it on there was fuzz everywhere so i returned it i love when retailer mixes lace into the knit
of sweaters this one just didn t work out i was so excited when i ordered this i love comfy c
lothing this looked perfect when i received it there was a weird smell with the top convinced
that this could be from storage or something i washed it the smell did not go away i have was
hed it 3 times now and the smell will not disappear i have not yet worn but as i have washed it
not able to return it the top looks and feels great just the weird smell now i am stuck
it is a beautiful sweater but it is cropped and boxy loved the look of this sweater online wa
s disappointed when i took it out of the package i was surprised at how stiff and itchy it was
i ordered my usual medium and though at first they shipped the wrong size it was small all over
it felt cheep definelty not worth the high price knew it was definitely going back the top is g
orgeous and bohemian like with a loose fit the top arrived with a small black stain and some of
the lace already ripped it might be too delicate for me to even exchange for another and wear
i am going to have to return it after seeing the picture online i was coveting this top for a
while and then retailer days happened i immediately ordered it but i m still not sure if i m g
oing to keep it i ordered a 2p 0p was sold out and i was assuming it was going to be a little
big but i like flowy the sleeves and chest are perfect but the top is cut so generously in the
back and it s a bit longer in the back as well i feel like it looks like i m wearing a wedding
dress i love it from the front i m going to try to thought i d love this top i m a sucker for
lace anything from retailer but i found the lace while pretty to be quite rough which to me
indicates a lower quality and i guess i should ve known that it would be very swingy photos sh
ow that but it really overwhelmed me for reference 5 5 125 lbs 34d sad but this went ba
ck while i love the design this sweater even in the small is too over sized for me and was unf
lattering it was returned super large and a very weird cut the sides were much shorter than
the front and back and this just looked awful on me 3 tags one quite huge about 2 by 3
very itchy so i cut out the tags and they are sewn with some kind of hard poky plasticy thread
now even more itchy i will have to wear these inside out i tried this on in the store and i co
uldn t keep it on my body for more then 30 seconds it s extremely itchy which is a pity becau
se i do appreciate the design i really loved the pattern on this shirt and the colors were n
ice too something a little different than a plain white shirt however it was a little boxy on
me and the material was kind of stiff i am realizing that i am a sucker for soft material if
this goes on sale i may purchase it again but i did end up returning the shirt i bought the o
range color i had a hard time styling it as it is so long since it is a turtleneck and short s
leeve you ll need a jacket or sweater on top nothing looked right it has a relatively high an
d tight neck so sweaters looked weird short jackets didn t work either i m 5 4 and bought th
e small returned it for the charente cowl neck which worked much better i wanted to like this t

op as the fabric was nice and thick but found that it dipped too low beneath the armpits whic
h would be ok if your lats are in perfect shape but i ve always found that cut made mine look a
bit saggy and i m not heavy not great enough to keep in my opinion i got this shirt in store
s because it went on sale i was excited to wear it but it felt a little long on me i decided
that after a regular wash it would help it after washing it shrunk way more than my other ret
ailer clothes now the arm straps feel really tight and the fabric lost its flowy ness it s a c
lassic shirt but it may not be worth the price for the quality of the fabric be careful when w
ashing i bought the red and white both tank tops were a nice thick material definitely high
quality i was hoping there would just be a little bit of swing at the bottom just enough to be
loose and flattering but there is a ton of extra fabric at the end which with a larger bust wo
und up edging into looking a little maternity but i think it d be great on you if you tend to d
o well with very drapey or swingy tops it runs a touch big im normally between a small and an
xs and the xs was not even so disappointed in the abundance of polyester fabrics that retailer
carries these days especially at this price point the pattern and style of this dress is beaut
iful but i will never spend two hundred dollars or even half that on a poly dress please add
more linen cotton and silk for me this had too much material and was a little too tent like
a beautiful dress but not my style i prefer more a line with not so much material if you are lo
oking for something roomy this is a good choice it feels soft and like a good quality however
it really does run large and long i was looking for a loose tank but this one was almost a tuni
c on my short height and even with a cardigan to give it a shape didn t work out i also thought
it would shrink in the dryer but it didn t also wrinkles easily nan love at first sight via t
he internet upon arrival i was on the fence \n \nthe fabric is slinky and loose so much so t
hat i should have ordered a medium instead of a large\n perhaps then the dress would have then b

after reading the glowing reviews i was excited to buy this on sale i m tall and lean but foun
d the dress looked slightly awkward and off on me compared to the model pictures firstly the t
op has a strange transition to the skirt with extra fabric you have to either blouse over the s
kirt or bunch together if you blouse it and lay flat it invariably gets bunched as you wear it
this bunching changes the aesthetics of the color blocks creating less clean lines i also foun
d the blue black nan this dress is really attractive in terms of the pattern and the neckline
but the dealbreaker for me was the lack of darts in the back hip area so that the stretch fabri
c really hugs the full curve of your booty a size larger gave me bagginess in the top and a sti
ll snug fit in back that i just didn t feel comfortable about some darts could have made a nice
r fit here but this is a a great dress if you don t mind a super body con fit i love the color
s of the teal dress but i wish that the top only had one color the design is cute but the cons
truction is a little off the transition from the top to the skirt seems to lay wrong or have a
bit of extra fabric sizing up or down didn t help the top is lined but the bottom is very thin
the bottom should be lined too not the best i so wanted to love this dress despite the review
s when i opened the package i fell in love with the fabric the print is absolutely beautiful a
nd the fabric feels luxurious the dress fit perfectly but there was just too much fabric even
though i absolutely loved the fabric the flowing overlay was just too much i am returning it
nice cut but 6 inches too long and no petite sizes available i love this maxi dress it is fitt
ed up top and very maxi like on the bottom it was to much fabric for me the dress made me look
heavier than i am i am 5 9 and 160 i fit in the medium the dress just didn t do anything for
my body type curvy i think you need to be fairly lean to look nice in this dress sadly i ha
d to return maeve makes great maxi s unfortunately they don t fit me correctly after reading
the reviews i had high hopes for this dress but was disappointed that it wasn t flattering on m
e \r\ni m 5 4 126 pounds and generally wear a size small but the small of this dress looked
more like a maternity outfit on me it squeezed the bust a bit too much and left open some of t
he areas just under the arms that could probably have used a teensy bit more coverage to be trul
y flattering i was disappointed with the style and quality of this dress it poofs out funny in
the waste and it just looks very unflattering i m sending it back this dress pattern and mater
ial are great it s just way too big i even tried an xs and it looked like a huge sack on me
too bad it had some real potential i had high hopes for this tunic for an upcoming ny trip t
o look stylish and beat the heat it is huge the tunic swallowed my whole it came down nearly
to my knees i m 5 6 and it was gigantic shapeless and did not look stylish at all on the m
odel it looks like it hits mid thigh i am a size 10 and the l was like a giant trash bag on m
e if i had time i would try the medium this was a nice dress but it wasn t quite was i wa
s looking for the cut made me look too hippy maybe for someone that has no hips at all frum
py is the word i would use to describe this top i look good in empire waist shirts and seek the

m out but this one made me look pregnant and frumpy and it has an attached camisole but the s
heerness of the top still showed my nude colored bra strap so i don t even know what to wear un
der it it s going back even with the sale price i love the design and aesthetic of this dress
but when i tried it on it was less than flattering on me and looked almost night gown ish rea
lly sad because the material is gorgeous i bought it for my sister instead because i know it wi
ll flatter her body type more than mine i m rather full on bottom and top and it seems to look
better on slender women the only complaint is have is that the straps seem delicate the actu
al material and fabric is crazy beautiful though beautiful dress but has an unflattering fit
i purchased an xs and it s past my knees and the bottom of the dress is so heavy would be a per
fect maternity dress though beautiful shape and colors but the fabric felt heavier than i imagi
ned sort of like heavy drapes also the length as others mentioned was too long i am not no
rmally a petite but the regular was too long unfortunately it has to go back i loved this whe
n i got it it has such a flattering fit slightly loose in the body but not flowy nice weight
of fabric comfortable fabric perfect scoop neck that doesn t show too much cleavage but i was
hed it once on delicate and line dried which i do with most of my shirts and it came out riddl
ed in holes this is such a great dress i hate to return it it s pretty a nice material and
an interesting cut but like other reviewers have said it is just enormous if there were a siz
e smaller than xs or if it came in petite i would exchange it in a second but since there s n
ot it has to go back alas i so wanted to love this the photos of the models wearing it look
gorgeous flowy drapey ultimate grecian goddess but it just doesn t work unless you re supe
r skinny too much material almost bulky strange looking the print is so beautiful i love
the pink floral and i love the whole idea of the dress but it just doesn t work have to send
it back \r\n\r\n i m 5 6 135 pounds 38 30 38 and i ordered a 10 bought this on a whim i
had been wanting a new maxi dress and the bodice looked really cool online ordered it in black
it fits true to size however the material is a bit on the thin side and where the fabric crosses
over on the lower waist line it leaves a love handle lump without the bulk it would be great
as overall look is kind of cool however i am on the fence on this one for the money there are
better maxis out there on me this was not good at all couldn t get it off fast enough the thi
ck stretchy fabric instantly added bulk to my frame and the leaf pattern over my mid section em
phasized my belly and i m a size 2 also the color is a dark brick red and i think if it had
been a true red it would have been much more attractive this ran a bit small i m normally a 2
this was a 4 and just fit the pattern was very digi the length was shorter than i hoped i
m 5 1 and the fabric while structured was just cheap and acrylic feeling pass this could
seriously fit a large and it s an xs so frustrating this is the fourth retailer dress that is
ordered that is just enormous i get the whole loose fit style but seriously you ve taken
it to a whole new level retailer another trip to the store to return another item a complet
e waste of my time ugh this didn t work for me the piece looked cheap rode very high need
ed to be longer the piece looks incomplete for some reason to my eyes it also does not seem
quality for an retailer piece this went back i really loved the way this shirt looked on me
it s forgiving and flattering and really lightweight the fabric however couldn t even withst
and half a day s wear without snagging 3 times and developing a hole right in the center i have
no idea how this happened as i wasn t wearing or near anything that could have pulled at it \r
\n\r\nsuch a shame this could have been a staple wardrobe piece for me beautiful blouse in the
ory however on my 5 9 frame it came off like a costume i truly had a nice chuckle as i looke
d at myself in the mirror had to sadly return it i got this shirt and loved it so much the firs
t time i wore it it swings well and is an easy basic that looks great however after i washed
it the first time it became clingy and stuck to me and doesn t lie right it s such a shame bec
ause i was thrilled with this as an addition to my wardrobe definitely agree with the other rev
iewers this top looks great on the model but pretty bad in real life super boxy and has no gi
ve so everything just hangs if you plan on ordering i d recommend sizing down i received this
top in the mail today not what i expected at all it is a great fabric just way too much of it
it is proportionally incorrect width wise unfortunately this one will be going back i love tin
y button down tops this one didn t work at all for me i was excited about the mix prints but o
n it looked like i was wearing a vest over a striped shirt also the arm was frayed on the shirt
i tried on i agree with the previous review that this skirt definitely runs small i am normall
y a size 4 with rooms but this size 4 was very tight i decided not to go through the trouble of
exchanging and to keep it my boyfriend seems to like the style more than i do so that s a good
thing the fit of this top is nothing like in the photo the blouse on the model must be pinne
d back to achieve that fitted silhouette in reality this top is baggy and boxy and runs at leas
t one size large the embroidery details and soft material are great but the fit is off entir
ely this item is going back the color is completely off i loved the way this vest looks in th
e picture i was excited to have that vest but unfortunately what i received in the mail was a h

uge disappointment it came wrinkled and the brown is not as rich as it is in the picture very pale horrible tried this on and loved it except for one thing the sleeves are split so any movement reveals most of your arm shoulders which also makes it fairly impractical for winter the office yes i could wear a sweater or blazer with it but that defeats the purpose of havin g an all purpose cute top why retailer this is a perfectly cute top and looks great with jea ns etc but the split sleeves make it a no go i read the online reviews and thought this dress would be a winner it is tight in the chest i am not busty and i would have exchanged it for a larger size but i just didn t like the style the material is beautiful but between the neutral colors and the style i felt it was too little house on the prairie pretty but not the look i was going for i normally wear a medium in retailer dresses but ordered a small due to the revi ews that stated how large this dress is they weren t exaggerating the small was way too big for me and the xxs and xs are already sold out beware that you will have to size down at least 2 sizes to make the dress fit similar to the model pictured it is going back for me this dress really was huge and not at all flattering i don t know how they got it to look good on the mod el in the picture material was nice and soft but i really don t see how anyone could look good in this no matter what your body shape is even on my 5 1 short waisted 100 lb body this wa s super short it was also super boxy not flattering at all the blue was a good color but this is going back i am ever in search of a light white summer top this is not quite it there ar e two distinct layers and each of them is the scratchy starchy type of gauze it would just ro ast me in the summer sun but i run fairly hot in general i really wanted to love this sweater however it fell much shorter on my 5 10 frame than it falls on the model between my belly butt on and hip and the sleeves ended just below my elbow and were much more voluminous than they ap pear in the product shot i do have long monkey arms though so on someone more petite it would probably fit more like the model shot \r\nthe quality of the knit seems nice however the zipper used is very slim and light weight and got stuck twice just while i was trying i i wanted to lov e this dress but it was too large and once i washed it which is recommended it shrank so i had to return it i love these leggings the material is a bit thicker than your typical legging s material so it hugs without being too clingy like spandex the fit i s somewhere between leggi ngs and skinny pants the suede fabric feels soft and looks to be of good quality the petite fi t works perfectly for me as well no bunching at the ankles i can see these being a staple in t he upcoming months this is one of those dresses that looks so cute on the model but doesn t loo k anything like that in reality it has no shape and it fits weirdly all over i am normally a m and i ordered the s and it is massive it s not as form fitting hour glass shaped in real life as on the model i think they must have clipped it in the small of her back so it does not look so boxy otherwise it s nice when i wore this the two times i did i got a ton of compliments it runs small and is a bit tight when sized correctly but its really stunning after the second wear the fabric under the arms frayed and its now unwearable i have to return it and am so dis appointed sadly i would not recommend buying it for that reason i ordered 2 dressed in 2 diff erent sizes neither fit both were very tight runs very small pretty fabric nice style took it back dress looks beautiful but the fitting is very off i ordered a size 2 which is th e dress size i usually wear i m 5 4 and 115lbs the chest area fits perfectly but the hip ar ea is extremely tight and the lower back area was lose i exchanged it for a 4 the hip area was a bit tight and the shoulders were too lose if i ordered the 4p i have a feeling it would be t oo tight it feels like it s meant for someone with very small hips and a large abdomen also this dress is very stiff can t d overall construction craftmanship of skirt is poor the dots w ere sewn in on the seam some dots didn t lay flat on side by seam looked like some dots were m issing around the top part of skirt in back very disappointed in the quality from retailer m y last 3 or so orders have been similar complaints with their items sad what a huge dissipp ointment when this arrived home \n\nthe sleeves are very long and very boxy \ni have no id ea the condition of this on store but came with damages on sleeves also we can tell that was s omething wrong and i was surprise that retailer sent me something like that i m a customer here for a very long time \n\ndissipointed the purple cobalt is a beautiful color i feel t he t shirt material is entirely too thin for the price kinda a boxy looking sweater it definit ely made me look really large and just couldn t see myself wearing it very often ended up retur ning it ordered this in xl i usually am between l and xl i m 5 9 and thought it was cropped boxy and billowy around the midsection that was not flattering the fabric is light and is less like a blazer more like a cardigan i was expecting a tunic with a bit of structure and weight to layer over leggings with boots etc \n\nthis is just an oversized turtleneck there s nothi ng special about it it s thin material nothing to justify the price \n\nthe sizing seems odd i m normally a 2 on the top and 4 on the bottom the xs was huge up top i was swimming in it much larger than it appears in pictures on the model and spanned across my hips more than the model \n\neven if i could find a size that worked there was n so this is a great tee problem

is the white you can see through i an not looking for a layering tee so not what i was looking for i loved the way this shirt looked when i tried it on in the store buto when i got home i re alized it s extremely sheer you can t wear a white bra with it for example because it will sho w through taking it back got this in the moss color i throw on a hoodie almost every day to w alk my dog so i justified the high price returned it because it was not cute on the waffle fab ric didn t stand out and the bottom just hung straight i thought it would be more ruffle like even on sale i won t buy it it s just that blah i see all the amazing reviews and on one hand i agree with them but these pants do run huge and they don t fit tailored like on the model on me they fit loose around the legs and thighs and they re super wrinkly you ll have to iron the se after every wear and every wash i m surprised to see the comment saying they re wrinkle resi stant they aren t also the kahki is more grey which i don t love i got these on sale but ev en at 50 i just can t justify keeping them they re super comfy but i ordered this skirt in a s ize small and when i received it not only was it too long but there was also a hole in it so i returned it when a small petite became available i ordered it thinking it would fit better i just received it and there is a hole in this skirt as well both skirts also looked as if they had been worn there was fuzz and lint all over the skirts i like the skirt but i either have e xtremely bad luck or it s really bad quality i am not particularly large but i have thighs thi s pair of pants was totally unflattering my butt looked fine but everything else looked bigger and my legs looked like stumps i now understand why it s on sale you may like these pants if y ou are tall and thin legged but otherwise skip them plus the material seems like it would disc olor or stain easily i had a pair from retailer in the same material last year that developed a n odd discoloration the first time i wore them i loved this skirt so flattering and such a bea utiful fabric unfortunately after only 2 wears the waistband stretched out so much that it was falling off me literally i bought the right size and it was not too tight the waist band mat erial simply lost its stretch very quickly very disappointing the fabric is really itchy i fe lt like i was wearing a carpet and it reminded me of the 70 s fabric crimplene this will not b e comfy in humid weather the top also had a strange synthetic odor it was returned i ordered a small and the top part was huge yet the bottom a little snug you need a big chest and small leg s and bottom too bad it s very cute i was really excited to receive this caftan but it looke d very strange on my body i have small shoulders and the xs was still very big on me there s a lso a seam along the sides that made me look boxy the quality is really great but i thought th at the color seemed a tad bit darker muted than pictured i was so excited to receive this top the material and design is gorgeous but it is way way way too short i m 5 7 with an hourglas s shape average build and it barely hit the top of my pants it otherwise fit true to size so d isappointed and for the price it really should be cut better the tops looks fitted on the model because she pressed her arms against the clothes to my surprise \r\nthe tops actually is very very very r o o m y below the chest area \r\nthe appliques laces on the front are made of l ow quality materials i love this dress it s an unusual material and really adorable in person the problem was that it runs so large that i couldn t make it work i m usually an xs regular t he xs swallowed me so then i ordered it in a pxs and pxxs because i really wanted it to work o nly the pxxs fit but it was so short that there was no way i could make it work and i m only 5 1 i am 51 years old so i am not comfortable wearing ultra short dresses maybe a person who do esn t mind really short would be able to material is gorgeous and soft but the fit is another st ory i am a size 12 14 but very small busted this suit is definitely meant for someone with a l arger chest the padding was so overwhelming i also have a long torso so it just didn t really line up were the peplum should be too bad it s very pretty but looked horrible i received th is top and loved the pattern however i ordered both and s and m and the bust sizing on this t op is very odd i am a 34c and the bust area was way too big on both but if i had sized down t o the xs the rest of the suit would be too small maybe it s just made for busty people also th e supportive material in the bust area goes straight across kind of like a bandeau so that adde d to the odd look of the bust it s still a beautiful pattern so if you re going to give it a t ry orde i love the designs of tiny blouses but i wish they could make them more durable i have owned several blouses in the past where i have to use a little pin to secure the button line fro m pulling at the breast area or that after a few delicate washings have come apart at a seam a nd ironing or steaming them is a must this blouse was no exception it went back because of pul ling at the bust i m willing to take some extra care of my clothing out of my busy schedule bu t i shouldn t have to 5 7 this blouse is very pretty but it does gap at the top button darn such a hassle to have to return it or exchange it but i love it and otherwise it seems to fit i love the idea of this shirt but the execution is absolutely horrible i ordered online and wh at i received is just a mess the stitching at the bottom has big globs of black thread not jus t a few hanging off but literally big clumps a large portion of the stitching on the whole shi rt looks like it should be on the underside of the shirt as the where the thread is tied off is

on the outside the fit is just as big a mess i always have to buy a large in fitted shirts be
cause i have very br i have other stevies and these are nothing like them the quality is very
synthetic to a point that the material is shiny the pants themselves run very small in the wais
t approx two sizes too small compared with other stevies additionally the cuff is sewn like
that in place and hits at an odd spot if you are taller or have strong calves see how it gapes
in the cuff on the model like a rounded bottom that is way more emphasized in real life buye
r beware 1st this jacket fits true to size 2nd the shoulders are too tight design not sizi
ng as other reviewers have noted it s such a beautiful design and material so it s unfortuna
te that the shoulders are so tight the jacket is a little impractical \r\n\r\ni purchased this j
acket with 40 off sale price i m not sure it s worth it for such oversight on shoulder mobilit
y i have been struggling to find a nice flowy summer dress that isn t too short i am petite bu
t do not like to wear my dresses too far above the knee so i ordered this in the 00 regular th
is dress was not what i expected it is not flowy but rather a heavy and stiff fabric it is al
so way too wide it looks like it can t decide whether to be a box or a bag it is also shorter
than advertised last thing to disappoint was the color darker and more muted than the photo o
n the website i can t i totally agree with the last reviewer i m 5 2 115 pounds with somewhat
wide shoulders the x small fit my torso but was so tight in my shoulders i couldn t move my arm
s the small was better but was too big in the torso the material itself was really nice too b
ad the fit was so awkward and unflattering but i didn t like the fit maybe because i ordered p
etite and the length threw me off but they weren t flattering in any way the color and materia
l were unique and pleasing had to send them back though i have a collection of this artist s p
aintings throughout my home she is a favorite i was so excited to see the first clothing item
offered at retailer i ordered it at full price it looks the same in person as in the photos t
he fit was true to size it fits me as shown on the models the knit was comfortable the proble
m was the printed fabric it was so flimsy and kept attracting static no matter what i tried i
couldn t get the static problem solved it was unwearable because of how messy i love the colors
in this top but sadly i m going to have to return it the first thing my husband did when he sa
w this on me was just stare and not in a good way then he said it looked like a maternity top
i was so disappointed and sadly will be returning this for reference i am 135 pounds 5 ft 4
in tall and do not want to look pregnant in a top i normally wear size medium tops but this on
e is huge now i know why the model in the picture had her arms nestled in at her sides this to
way too long the sizing is incredibly off on this product order a size or two down love the
cut and the way they drape size 26 and 5 6 135lbs fit great until you wear them for an hour a
ll of a sudden my 26s became 28s they were practically falling off i plan to wash them to see
if they shrink i wish they held their shape since they are so cute the top looks better on the
model than in person it fits loose and looks boxy and matronly i don t like the sleeve length
or the top style it just didn t look flattering or good i am sending it back looks very boxy
i bought a size small in this dress even though i am usually a large at retailer it just hung s
trangely and clung to the unflattering parts of my body but seemed very large i loved the feel
color grey and style of the dress but i ended up returning it because of the fit it also req
uires something under it since it is fairly see through got this in the blue and was so excited
while it looks cute someone had clearly bought this worn it and returned it it had human and
dog hair all over it not to mention some kind of red strings it was pilling all over so much
for quality control i don t mind buying used things but at least clean it up and give me a di
scount i was really excited to receive this dress but was disappointed that it really wasn t th
at special i m 134 lbs 5 5 and i ordered a regular size s and it did fit i prefer my dresses

d too flowy almost maternity like to hide a belly and the top area feels like my chest is bein

dn t work me i have been looking for a quality pair of black skinny jeans for a while after re
ading the reviews i had such high hopes for these jeans i bought it in my usual size 28 and wh
ile the top part fit perfectly i found that the bottom was too tapered in and ultra skinny maki
ng it not look right sadly i had to return the lace on this top is pretty and i liked the wa
y it was styled in the product photos but did nothing for me on between the loose sleeves and
the boxy cut of the front it just sort of hung shapelessly on me i also found the back to be m
uch shorter than 30 5 it came to a few inches below my hips and was not tunic length like i ex
pected the shoulders fit me well and because the top was boxy already i didn t want to size u
p for length for reference i tried on xs i m 5 4 120 lbs there isn t much shape to this dr
ess it s fairly straight from top to bottom i m smaller on top with a small waist but slightly

pear shaped the top half was somewhat loose but the bottom half just clung too much i m 5 2 a
nd 107 lbs and bought a pxs for reference also i wore a tee shirt underneath and the dress she
d all over it i love sweater dresses and was excited to find a dress that would be long enough
for me to feel comfortable in i am petite but at my age i am not comfortable in things that fa
ll more than an inch or two above my knee this dress is much shorter than stated and much shor
ter than it looks on the model i measured the petite xxs my normal size and it is 31 from th
e shoulder seam to the hem not 36 as stated five inches is a big discrepancy the color and s
tyle were lovely but i just can t this dress is super bulky and unflattering the knit is loose
and see through looks like it was knitted by a five year old if you need a dress that adds twe
nty pounds then this is for you back to the store it goes i love the lacey design of this top
however it is very wide and doesn t fit well on someone with a small frame i tried ordering a
petit size the width was better but this size was too short in addition the lace didn t lay
very flat and there were lose threads all over overall not worth the price i purchased this
dress online and it just didn t fit my body very well it also arrived with a pretty sizeable ho
le so i can t say that i m impressed with the quality there were other areas too where was a lo
ose thread which i m sure will develop into another hole eventually returned i love love love
the soft fabric and the cozy cowl however mine not only had a giant hole it seemed like the ya
rn started pilling as soon as i touched it love the idea but not practical even without a hol
e maeve is one of my favorite retailer designers usually fall in love with a blouse only to
look at the tag and discover it s by maeve go figure \r\nthis top is just atrocious though do
es nothing for girls with a larger chest very boxy and unflattering gorgeous colors though an
d the sleeve concept is cute however where the sleeve meets the shirt looks cheap and thrown o
n not impressed this sweater dress color is great and texture is nice however ran huge read t
he other reviews before ordering and ordered down to a medium and was just to boxy and could not
get it to hang well unfortunately it went back i really thought from the picture that the dres
s would be more fit for a curvy figure it is unfortunately more well suited to those women wi
th straighter lines the color was more flat than the picture as well but i bet it is lovely in
navy i really wanted to love this suit but it honestly looked really matronly in person an aw
ful dress retailer why didn t you post my last review i would not even give it a quarter of a
star recently started loving rockets i own a pair in black and a pair that are distressed i v
e found that the 27s fit me best i am 5 7 34c 28 waist this particular pair seems to run tr
ue to size meaning i could get the 28s on which is typically what i wear in other brands but
the 27s were embarassingly too small while the 28s fit and are made of a great weighty denim
with very little stretch the wash was really not appealing due to the distressing of the wash
all the lines butterfly my favorite colors are purple and green so when i was in the store and
saw the beautiful purple flowers on the top of this blouse and all up and down the sleeves i wa
s was blown away i was disappointed by the bottom of it just huge flowy green fabric with no
design on it whatsoever i went with my first impression and bought it but now that i m trying
it on in the house i m still bothered by the throw away bottom of this blouse i m thinking thi
s is just another retailer maternity t i was so smitten by this shirt when i saw it online i lo
ve embroidery and purple is my favorite color i am a size 10 and decided to order an l the sho
ulders fit well but the rest of it was huge like another reviewer said like a maternity top
i would also concur with the reviewer who said what takes away from the lovely purple flower
s is the blotchy moss dye finish on the fabric this is so true the embroidery does not stand
out is not highlighted like in the photograph they hav i love this suit the pattern is just
lovely unfortunately i have to return the suit because i can t wear it there are no cups or pa
ds or underwire for the chest you have to look like the model wearing the suit to wear this if
you need any support than give up who can wear an xl and not have some breasts at all the neck
line is also very low and ended up revealing the top half of my breasts \r\n\r\nthe birds of par
adise are just lovely not exactly the same on every suit but still nice i just i am about 5 6
135 lbs and usually wear between a small or a medium i ordered a small as another reviewer did
right when i took it out of the packaging i could see that it was going to be much shorter than
you can tell from the online photo i knew the sweater was going to be cropped but it falls rig
ht at the top of my hip bones when i raise my arms up my whole midriff shows did not flatter
my athletic build at all the fit around the shoulders and chest is fine skimming but not tight
very nice fabric and quality but runs very large i had to return my pair of a size 0 stinks to
pay for shipping on a product that looks so different in the picture i like the look of this te
e and the fit is fine but it s described as a cotton rayon jersey and in fact it s 50 polyest
er i would not have ordered if i had known and now have to take it back i wear an 8 10 and the
se are a little big on me which is surprising they also don t lay really flat in the back the
pockets are inside in the back in side two layers and don t lay very flat the crotch is low a
nd rides up when i walk \r\ni ll probably wear them again but i m not totally thrilled by them

i purchased this in the yellow for my daughter and she has not seen it yet the style is very cu
te but the fabric is quite thin she will have to make that call but if i had bought it for my
self it would be going back i m not willing to wear a camisole under a t shirt it also feels
like the kind of knit fabric that shrinks and skews when it s washed so that remains to be seen
i found this dress to be beautiful only down side you d need to size up two sizes if you have
any breasts or butt i m usually size s m in maeve i bought this in l and looked like a stuffed
sausage i m 5 1 140lbs 36d 39 hips i d need an xl the fit on these is good for my hourgl
ass shape and the fabric quality and comfort is good too i think the rinse is just not as nice
in person the orange stitching is pretty bright too i bought a pair from br a couple months a
go that are almost identical in quality fit and color that i got for less than half the price o
f these i am going to return these and see if they have something better but will only buy in
store from now on i really really wanted to love this jacket unfortunately i have a long tor
so and it was a weird length on me it hit touching my waist and i wanted something a little lon
ger i am 5 6 but long waisted this probably fits beautifully on someone more short waisted o
r petite in stature it was beautiful although the buttons were cheap i bought the stained
glass top bottoms the print is very pretty however the tankini top itself is not well made t
he front of it chest area turns out so that you can see part of the inside of the suit which
is white it doesn t lay flat around the top and so it shows more of your chest on one side f
or the price i don t think it is worth it i don t like to wear it because it makes me feel unc
omfortable this top is beautiful and i have received so many compliments on it the fit is very
complimenting and i would continue to wear it often except that the fabric is unraveling the b
ottom of the lace has raw edges so i would expect some fraying there but my top is shedding long
streaks of material with each wear throughout the entire top 1 5 strands of the lace unravelin
g isn t exactly a great look i love the pattern of this shirt but there is definitely a design
flaw in the arm armpits this simple lace top is beautiful and easy to wear but do not wash it
the hem completely fell apart for me i love everything by cloth stone so was excited to see t
hat they made a dress hooray i ordered it in the xl which is my usual size in their shirts w
hen i tried it on i was so sad to see that it barely fit around my tummy and hips i am a true s
ize 12 14 and the xl just barely gave me enough room to move my chest also caused the dreaded
button gape it is clear that they cut the dress for people with a stick straight figure so di
sappointing tried this dress in a small i am 5 6 135lbs 34c the small was huge the sash
helped some but looked like a potato sack on me also i noticed the fabric was piling slighly
in the store i had high hopes for this dress but left this one in the store i have these shirt
s in the blue and green and they were great i m 5 4 c chest and athletic build the small shi
rts fit pretty good and i love the fabric so i kept them i really wanted these dresses to work
but the cut was different even between the gray and burgundy there was tons of room in the ches
t but it was tight in the shoulders i really wanted to love this but there s just too many cu
t issues it is a good length for work though this dress would have been gorgeous and consisten
t with retailer s aesthetic if the designs had been embroidered onto a thick silk jacquard fabri
c to give it texture which is how it looks from the photo obviously it would have been more ex
pensive but in any case this was just a really expensive polyester dress which it says in the
product description but i gave retailer the benefit of the doubt thinking if anyone can make e
ven polyester look like a quality product it ll be retailer but now i i ordered this dress in
small my usual size for reference 5 7 125 lb it is too wide it looks more fitted in the
pictures and hangs loose on me the belt does not help much it still looks like a sack and i fe
el like a girl wearing her mom s dress \r\n\r\nalso i found that the material crumples easily
i ordered this on line in a size 8 the fit is ample and fine fine and the fabric is acceptabl
e but as much as i wanted to like it and keep it i ultimately returned it it is just too to
o conservative for me i loved the deep olive khaki colour and even experimented wearing it ope
n as a duster over a top and slip pants leggings or skinny jeans but the collar and the front
pocket styling are just too man tailored and cargo like in their styling for me i tried it with
different belts w while i love the fabric and the pattern this skirt leaves too much to be des
ired the full price is absurd considering what you get \r\nthere is no mention online that ther
e is no built in slip and as the material is extremely thin a slip is an absolute must see at
tached photo even in dim lighting you can see straight through \r\nalso for this price point
it is strange that the skirt is pull on styling i would say that it is true to size and i am
usually a medium retailer but i have a sm i was hoping to wear this dress on my wedding day b
efore the ceremony i m 5 5 130 pounds usually wear a 6 i ordered this dress in medium and i
t hangs off of me it is not straight as it looks on the model but bells out from the waist th
e sleeves are so long that they covered my fingers i loved how soft this dress was as well as
versatile however i only got to wear it one time because after the first wash a giant fabric
tear happened on one of the seams unfortunately the fabric is so soft but rather thin and it

didn t hold the care instructions say machine washable but i wouldn t put it in the washing mac
hine again especially since i often have to wash clothes twice in the washer i use because it s
so old and barely agitates would love this if it was made a little be i wanted to love this pro
duct so badly i ordered it in the mail and it looked beautiful coming out of the box i normal
ly look really nice in grey but this color really washed me out and was not nice on the fabric
is very sheer so you would have to wear it over a camisole tank top this is one of those piece
s that looks better on the hanger than in person large in arms small on body odd fit saying
that these pants are comfortable would be redundant they are over above in comfort i wear a
size 8 and they are right on in sizing i want to comment on the color print to see the green
i had to take the pants by a window with natural light and look closely that being said i thin
k the pants take on the color of top one chooses i walked through my closet with the pants in h
and they match with light grey periwinkle blue light sky blue navy white your choice i do
prefer a so i am sorry to say this blouse is way below all retailer standards this top should h
ave been placed on sale a long time ago poor quality in cut fabric design this is a top one
would grab at a local box store for 19 99 the colors are not as vibrant the shoulders ill fitt
ed and the fabric and threads are very cheap i was expecting so much more sorry retailer m
y favorite store to shop i bought these a great alternative to black jeans but they are headed
back the texture is nice but let s call them what they are thin leggings not worth the pri
ce in my opinion honestly i can t seem to find a pair of pilcros that i like so i d spent the
extra money on a better pair of black jeans i ordered these on sale despite a previous reviewer
s comment that they were unflattering on the back side they really do hug your bum but that is
not what bothers me what bothers me is that the back side is totally see through so unless you
plan on wearing them with a long top they are not wearable in public or around other people i
have gotten some of my favorite pieces from retailer but also some of the most poorly designed
unfortunately these fall in the latter category like other reviewers have said this is very s
heer look at the sleeve in the picture and you ll get an idea of how sheer the body is as well
the material posed challenges for it s creater because one top i tried on in the store had a sle
eve that was smaller than the other tight enough that it would have ripped if i weren t careful
tried on another identical top and the sleeves were a normal somewhat loose fit bodice portion
is much more intense pink in real life loose billowy and perhaps pretty tee but not worth th
e price lace is beautiful but fit is blah this is a beautiful top however it looks better o
n the 80 pound model the shirt sits awkward on your chest if you have any cleavage and there is
way too much fabric around the body if you are any size beyond a 2 then it just makes you look
bigger than you are this is as pretty in person as it is online good quality except one item
i ll get to and fits true to size i m 5 6 normally a medium 8 and the medium fit great in
this top \r\ni almost kept this shirt so close i had it on a hanger but i kept trying it on
the shirt is well displayed in the pics online but unless you get close it s hard to see that t
he top button is set a little wide every time i put it on my eyes went to the top button i di
d get a second opinion and they agreed i have a love hate relationship with this product it
is comfortable and cozy yet unshapely after the initial wear the product begins to stretch ou
t and if you sit for a while your knees are demarcated in the fabric once you stand the sherpa
front is soft but the waffle material in the back is in no way flattering i purchased for slee
ping so it does that job nicely but i would never leave the house with this on i am hoping tha
t after the first wash it shrinks a bit too i am typically a i didn t think top was very flatte
ring and while in the picture the mismatched hem lines in the collar looked cute in person it j
ust looks odd this is especially true of the back of the sort where the mismatched hem repeats
at the bottom just looks mis sewn instead of purposeful sadly this one is going back to the s
tore i really wanted to love this dress but it just wasn t flattering on me i have curves and
i was hoping this would hug them in a joan on mad men way sometimes these dresses that just han
g on super thin models can look beautiful in a different way on a more voluptuous woman but it
was pretty shapeless on me it also dips so low in the back that i would have to get a special b
ra to wear it might be right for a more slender shape or someone who can go braless but it did
n t work for this short received this and love the style but it falls just a little below my w
aist and i like my tops to be longer it ll definitely fit a shorter torso i loved this top wh
en i saw it online and i still love the idea of it unfortunately the execution of the design
fell short i m 5 4 w a long lean torso i ordered my usual small and the arms on the shirt we
re so long b c of the way the sides of the top cut up and my 34 d chest i don t think a petite
would work for me such a cute top but it just won t work for me the fabric is great quality b
ut it stretches too much around the waist making it look a little awkward other than that the q
uality is good love the design of the t shirt but the quality is poor in my opinion i got the
white t shirt and the material is so fragile i can see it tearing or being prone to rips after o
nly a few wears for the price i thought the quality is not up to par the white t shirt is see

through but with a nude camisole underneath it is fine i love anything orange when i saw this coat online i ordered it as i loved all the features the features of the coat are fun however the coat came all bunched up in the package i let it hang for a couple of days but the wrinkles were awful and even steaming and an iron would not take the creases away i tried the coat on the buckles were poorly made i ended up returning this jacket i want to love this top it is so pretty but i find the fit very odd i think it runs big but the arm holes seem to be cut re ally low i would love to size down but then i think the sleeves would be off unfortunately i will have to return it there was nothing i liked about this coat it was definitely not designe d with a chest in mind the pins on the straps were already coming off the first time i tried it on i usually like oranges too but even this color turned me off super soft super cute but to o short for a dress too long and too overwhelming for a shirt and didn t like the look with le ggings at all so sadly i m returning love the colors feel and style but no way will sizing up or down fit in a way that was functional having said that fits tts i guess i wore this for t he first time today and after just about an hour it gently nicked something and got a hole in the pack its so disappointing as i love they style and its so comfortable very poor quality f or the price i wish i had read the reviews before purchasing online i love how this top look s online but when i tried on the small that i ordered it was comical so so boxy literally sh aped like a square it must be pinned back on this model maybe if i ordered an xxxxs it would h ave worked or perhaps for a larger person it may look super cute \njust didn t work on my sli m build this is an absolutely gorgeous sweater the colors are just as they appear online b ut the length stated for the petite version is way off i suspected as much from the picture bu t decided to try it anyway the petite small went down to my ankles too bad i would have loved this sweater if it were an above the knee or even at knee length the dress ran big but is tight at the bust material is sooo sheer and the shape of the dress is off you can t see the ruffle flounce that runs the bottom of the dress i love cloth and stone and the softness and prettines s of this fabric did not disappoint this is not a dress however it is a long shirt the sides were so short the you could see where my bum and hamstrings came together leggings would ruin t he look and as a shirt it would be totally impractical for reference i am 5 8 and 130 lbs the small was the correct size save for the length i tried this on in my usual xs 5 5 128lbs a nd it fit like a dream i was instantly in love until i looked from the side and realized it wa s cut up way too short i have a longer torso and shorter legs and this came up past my finger t ips if i stood with my arms down no way could i wear this as a dress as a tunic definitely tho ugh but i was really hoping to find a nice versatile fall dress it was a let down but i still may consider purchasing it because the material was so soft and it f this tunic could be great b ut there is some weird construction going on at the armhole first of all the armhole is way to o low second there is a totally unnecessary side seam zipper under the arm since this is a tu nic it slips over the head no problem no need for the side zipper it adds bulk and distorts th e way the fabric should hang at the side loved the design and print of this blouse however e very time i put it on or took it off i could hear the seams ripping definitely wasn t because it was too small either if you re tall this dress sits up too high waisted and this makes your waist look big it s also kind of thin material on top and stretchy so even though i m small ch ested it made my shoulders and chest look large but not on a good way in other words this dre ss made me look fat the length is not bad for taller gals all in all not worth it i rarely w rite a really negative review and retailer is my favorite store ever but this dress is awful i ordered the black and white the fabric is very poor quality the colors are washed out i almos t didn t try it on but i did and found that for me the fit was terrible though some of the r eviewer pictures are cute i ordered this to wear for a holiday party hoping to have something unique and dressy it was too bulky at the shoulders and looked like something a football player would wear the little ruffled flower pieces were random at the top and stuck out in all the wro ng directions it wasn t as elegant as the model pic is it ever and for this price should fit like a glove went back within seconds also it s pretty short and bulky short isn t flatterin g on too many people long time ag jeans fan lately though i m finding the material is much to o stretchy i wanted a good pair of jeans if i wanted pajama jeans i would ve ordered them i found the same thing with the prima jeans i ordered same review there \r\nso back both pairs w ent \r\nit s a shame because the color was as pictured and just what i wanted if only they had been made out of actual jeans material the shirt is amazing in the photo but when it arrived i n the package to my house it is sooooo dark that you can t see the patchwork not happy going to return it it was a holiday gift this spandex top in my opinion is workout wear it is not the tank i expected to receive but my bad it is super stretchy tank like most folks use with l eggings or workout shorts it does seem small but perhaps due to the kind of tank it is it shou ld fit like this 5 5 142 lbs medium is skin tight color is nice but as i wanted a tank to w ear with skirts or jeans and this is not what i had envisioned it has to go back to retailer qu

ality seems fair the fabric felt beautiful and it felt great on but once i looked in the mirr
or it just looked too housedress like maybe because it runs large the price seemed high as wel
l i wanted to love it but i had to return the shirt looks a lot less fitted on the model in th
e picture than how it fit in real life size was not wrong the material was just very clingy
i was not impressed and subsequently returned it i ve worn citizens for almost 12 years now i
keep going back because i have an athletic figure my thighs and butt are bigger than my waist
and usually citizens fit and hug all the right places and are made with a certain quality expect
ation these did not meet any of those standards the ripped as soon as i put them on the mate
rial seemed cheap great material and i like the idea of a scoop v neck combination but the
hem rolls up making it impossible to wear not tucked in to pants or a skirt and even there it
s a little bulky it s possible that ordering a size up would fix the problem i saw this dress
in the catalog and on line and it looked so lovely on the models i took a chance and ordered it
in my normal size small when it arrived i was a little disappointed with the weight of the fabr
ic it was a bit light in my opinion it did have an interesting texture suede like so i coul
d overlook the weight of the fabric if the dress fit well unfortunately it did not it rather j
ust hung there and was not flattering on me it looked wonderful on the model but i keep forgett
in i usually wear a s the reviews were helpful looking at the pic this shirt does look a littl
e on the fitted side i ordered a size m it fits perfectly the sleeve length is fine too the
colors are dark not as in the photo i do like the frayed edge look too i have some skinnys li
ke that i had been looking at this shirt for months but thought it was a bit pricey at the sal
e price plus the promo discount it makes it very much worth it no regrets hope this isn t tmi
of note the dark bl loved the look of this shirt on the hanger however when on i found that i
t puffed out in the back it s fitted through the shoulders and mid back but the bottom rounds o
ut and creates a lower hump maybe it wouldn t on someone taller also although this wasn t a c
on for me the shirt is darker than appears online it is polyester but seems good quality look
s like a girls nightgown with the pattern combined with the baby doll dress silhouette and the o
verall width of the dress i usually wear a small but to look like it does on the model 6 8 in
ches would have to go in the width this is a beautiful spring summer dress and the quality of
the materials is great i wanted to love it but the sizing is ridiculous i m 5 3 and 115 and
i think you could fit three of me comfortably in the xs while the pictures of the model in the
dress don t suggest it has a shapeless cut it definitely looked like a sack on me a sack with
a lovely print but still an ill fitting sack definitely cute and good fit but the distressing
at knee is open and will probably get worse worth it if price lower maybe i m so upset that
this didn t work out i m petite at 5 2 and ordered this skirt in petite however i felt like i
t swallowed me up the fabric is thick and warm so this is definitely only cold weather attire
i m the picture it looks like there is a little leg showing but on me i feel like a schoolmarm
sadly this is going back ugh i am not sure how anyone is giving this good reviews i tried sm
all medium and large on and huge huge huge boxy fabric bunched at the shoulders and did i men
tion it s way too boxy the fabric and pattern are so pretty but the fit is just awful i would
try this one on before purchasing i so wanted to like this dress i ordered it for summer gradua
tion and weddings i usually wear a 4 s and even the xs is was too pig it drapes like a smock
the material is heavy the only thing pretty about this dress is the pattern and color \r\n\r\ns
till looking for the perfect dress i was so excited to receive this topped then i tried it on
i am a petite and i normally wear an xs so i ordered it in both a size 0 and a size 2 it was hu
ge it looked like i was wearing a potato sack i really wanted it to work because the fabric
is absolutely beautiful i am so disappointed this top is huge i m typically a size 2 or 4 i
bought the 2 and its huge it s wider than it is long even if i sized down to a 0 it would stil
l be too much fabric i m so disappointed beautiful color and fabric but there s so much fabric
i love a flowy top but this one is way too much i will be returning this top while i had hi
gh hopes for this dress to be my go to unfortunately o couldn t get passed how cheap the mate
rial felt the cut and pattern both worked on my petite frame however the cut out pieces in fr
ont are not lines and exposed the top portion of my bra retailer consistently provides unique
sophisticated and quality made clothing with the exception of an occasional purchase at their s
ister companies i shop with them exclusively i suppose that i can t expect 100 perfection fro
m retailer but 99 of the time that s what i get this is that 1 this sweater is truly awful
i cannot or find it very difficult at least begin to describe what this sweater is like but it
is so unlike retailer that had it not been for the distinct pattern on the front so much extra
fabric not something i would recommend buying online nan the top ran too large and it made me
look more bustier than i am and rounder in my midsection by how it fell on me maybe would ve be
en better for someone with a smaller bust the quality of the fabric was just okay what a beaut
iful comfortable material and the colors are stunning i m so disappointed at the unflattering
cut it fits like a shapeless tent even the arm holes have big gaps that aren t snug i am 5 2

105lbs and ordered the xxs petite i wanted to love this top so badly between the beautiful ph
otos and the good reviews i didn t think i could go wrong with it unfortunately it just didn
t look great on the bust area sagged on my smaller chest and then the top flared way out from
the waist down it doesn t lay even remotely flat like the photos would have you believe maybe
this would look better on hourglass or slim types the quality does appear to be good the mat
erial is weighty and soft after reading the reviews i sized down to a 6 once i received it i
loved the fabric and color however it was so ill fitting it s like the designer didn t even us
e female measurements and used a box to make this top too wide i liked it so much that i sized
way down to a 0 and it still fit horribly it is too wide and not long enough both are going ba
ck beautiful fabric but the fit was off the picture makes the dress appear fitted than it act
ually is the belt is definitely needed but would leave a lot of fabric in the back of the dres
s giving it a less than tailored look \r\n\r\nalso the arms and the top portion are a tad smal
l so if you have a larger bust arms this dress may be tricky i am a 34b and the button in the
xxsp was puckering a bit i was really looking forward to this one for fall but was no way for m
e to make it work whatever happened to sizing pretty print and color but has enough fabric for
2 tops it is also unlined which is not a huge issue i wore it with a cami the arms weren t to
o gaping for me thankfully i tried to make it work with a wide belt but i will have to get it
tucked on the sides i am 140 lbs and got the small should have gone 1 or even 2 sizes smaller
this dress is absolutely lovely i couldn t leave the store without it even though it was full
price and i have a million dresses it s just that great i am 5 8 130 lbs and bought the smal
l was very disappointed with this dress it s very baggy no shape felt like an oversized sack
purchased in med bust area was only semi good fit all else flopped i bought this t shirt in
pink blue red grey and black over the past year every one of them except the grey has gotte
n little pin holes in the front of the shirt below your waistline i ve returned them all the f
abric is thin and the quality of the t shirt is terrible i had really high hopes for this shirt
after reading the reviews first off it runs really small i usually wear a small or medium 4
or 6 i couldn t even get the 6 on i probably could have even done a 10 the fabric was extreme
ly flimsy i was almost afraid i was going to rip it taking it off other than the sizing and th
e fabric it just wasn t flattering on me loved this online but the xs was too big and the mat
erial was too bulky does not say ribbed did not want ribbed would not have bought ribbed this
skirt looks and feels cheap and the color is much more green than pictured additionally i com
fortably wore a size 4 and then lost a few pounds and this is still way too tight to be flatter
ing super itchy had to return the material deep color and design are gorgeous however the
dress is just too bulky for my 5 2 and 110lb frame i ordered a 0p and it just wasn t flatteri
ng on me it s somewhat tent shaped so the fact that it s not at all fitted and has a thick lini
ng made me look larger than i actually am i m so disappointed because the dress really is beaut
iful otherwise i really wanted to love this shirt it looked so nice and cool for summer and i
don t own anything purple the color was really nice very subtly feminine i am a little too sh
ort for this style though i am 5 ft 1 inch 105 lbs ordered an xxs and it was still too wide
the side slits came up a little too high for my liking but i easily could ve stitched those up
a bit and they d have been fine i think this would look great on taller women but on me it loo
ked like a dumpy sack this is a beautiful skirt but runs very small i usually wear a size 8 a
nd could not get the side zipper closed at all i usually wear a 6 and ordered two other skir
ts at the same time the other skirts fit perfectly and this one was more like a size 2 very di
sappointed for i really liked the idea of it i had high hopes for this top as it looked great
online unfortunately it was much more ruffly in person and not my style at all it was a lot of
fabric and poofed out too much reminded me of a child s top sad to return it i m a size 28
jeans 5 9 with a bubble bottom these were falling off of me around the hips these are warm i
was expecting them to not be sheer since they are fleece lined but when i sat down i was shocked
to notice it it doesn t matter functionality wise because i never felt a draft they look goo
d and are well made but i will be returning due to the lack of fit maybe it s just me but this
skirt had a little more volume than i was expecting i m 5 7 around 125lbs and the small fit me
well i like that the waist is elastic in back providing some give but allowing the front to lo
ok smooth pockets are always great i got a striped henley from retailer which is awesome to
tuck into it was excited for the 70s vibe \nthe problem is that it fell an inch or two longer
on me than the model and i already worry about midi skirts appearing frumpy without the i stumb
led upon this item at my local retailer and immediately had to true it on the colors are so lo
vely in person after trying it on i was disappointed the material has a foamy air feel to i
t and the skirt seems to run small needless to say i didn t purchase this item this top is b
eautiful in design but sadly i will be returning it is hand wash and even after doing so i
had 2 unraveled threads resulting in large holes unfortunate since it was so flattering before
washing i bought the black and gray fleece lined leggings i thought the price was great too g

ood to be true you get what you pay for once i opened the box they smelled awful it was a che
mical smell i washed the black pair twice and it was a little better i have washed the gray 5
times and it still smells i m 140 at 5 8 pear shape the pockets really opened up when i put
them on and didn t lay flat loose on leg opening which i liked but the pockets sticking out
around the hip area made my pear shape even wider i got a medium i couldn t even figure out how
to wear this sweater the fit was so odd the arms cut off short and the seams don t hit your sho
ulders where they should all the extra fabric around the collar is just confusing and unflatter
ing moving around in it was not easy i will return this one love tiny i am 5 7 125 128 lbs
depending on the day and a 34a i also have a very long torso and tiny shirts are one of the f
ew brands that are usually long enough for me this one however was a huge miss i ordered onl
ine in my usual tiny xs it was much too big around and felt shorter in the front than stated s
o it looked boxy on me however the worst part was the placket the description doesn t note th
at it s held together with a tiny snap that snap takes nothing to undo and then loved the look
of the sweater and the the fit was as shown however this is a thin cashmere for the price re
turned it looks adorable in the picture but just not flattering in real life too much fabri
c in the skirt that flares from the waist in a bunchy unflattering way makes a slender but cur
vy figure look boxy rather than enhancing curves it s a pass love the blue print though i h
ave had this shirt for a little over a month i ve wore it maybe 3 5 times and there is a small
hole in the middle of the sleeve on my shoulder it s not even on a seam so i can t fix it i e
xpect much better quality from retailer don t buy this the quality is very disappointing whic
h is really unfortunate because this is a very nice fitting shirt and goes well with pencil skir
ts i ordered this turtleneck in white and was very surprised to find that the material is so th
in and gauzy it s sheer i will definitely have to wear a white camisole under this every time i
wear it even when using it as a layering piece it seems to run true to size if not a little sm
all the neck is interesting because it is so light and floppy you can adjust several ways it
doesn t hold form well though i will most likely keep it but will never wear it without someth
ing both under and ove oh boy i didn t get this one and it runs small too bad i took a risk
on this dress despite the multiple reviews about the pouffy skirt and revealing neckline becaus
e i loved the look of the blue motif print alas the adorable print the handy bra strap holder
s and super soft fabric were the only things that worked for me i m 5 3 and 120 lb small up
top not especially curvy but not straight either and i ordered my usual 2p yup the pleated s
kirt was much too full i felt as though i was wearing a cheerleader s skirt and the neckline w
as way it is indeed cut to the shape of a trench however i think retailer should rename it as
it s more like wearing a cardigan it s soft and pretty which i like however i wasn t convince
d to buy it since i have a gazillion long black cardigans already made out of the same jersey st
retch material i love the colors and style of this poncho however the fabric is a total miss
it is so scratchy i developed a serious rash within the first 1 2 hour of wering it also unfo
rtunately the fabric is not woven tightly so the poncho does not keep you warm the wind whips
right through it it is disappointing that while the styles of retailer have remained top the q
uality of their clothing has steadly gone down the hill i hope retailer will put more effort in
bringing the quality back this blouse is stunning on the website however it is totally sheer
which you cannot tell from the photo i was very disappointed and will be returning this was ve
ry tight in the bust in my typical size it fit more or less everywhere else but the material h
as no give so unless you are the precise measurements of the dress this will be a hard dress t
o wear \r\nthe color is really lovely though nan i loved this dress when i saw it online perfe
ct for a summer wedding but when i tried it on i was very disappointed the fabric and styling
are gorgeous and very high quality but the sheer amount of fabric on this dress is just not as p
ictured there is layer after layer of silk and ruffle and while lovely it made me look very la
rge i tried tying the belt many ways to no avail sadly it will have to go back it may look g
ood on a very thin frame but didn t complement my average one first off this shirt is a hd in
paris brand not floreat i love floreat clothing so that is why i initially bought this blouse
i like the idea and the coloring of the shirt the biggest drawback for me was that it is comple
tely see through i just bring myself to get a strapless cami just to wear this one top please
change brand name i had such high hopes for this blouse as it looks totally stunning online h
owever it s not as pictured described in that it is totally sheer and the brand is not floreat
but rather hd in paris for the price the quality is just not there i ve seen comparable shir

ress s description it s 100 polyester and not wool as it claims to be looks cheap returned it
i wanted to love this dress and i don t it is soft it is flattering on the model and sits co
mfortably on the shoulders until you move the heaviness of the shoulders pulls the fabric ba
ck causing the drape along the bottom to look odd and unflattering so sad i wore it to lunch
with my husband but felt like i was constantly pulling the shoulders sleeves back into place

i won t pull it from my closet to wear again very often i m 5 2 5 3 which is supposed to be th
e max height for pieties in retailer former employee and while the bodice hit right the skirt
was insanely long not even with heels is this gonna be right and no discount towards hemming
i ll wait until this hits the sale rack which it will because concensus is it s way too long
gorgeous but the trim detail on both in store coats was already trashed and falling apart for
218 and it can t even make it out of the store intact i love the look but didn t want it to fal
l apart they should ve done an extra reinforcing stitch on the trim such a shame it s the in
verted invert not so obvious at first but then it shrunk and was harder to ingnore thought
this would be great for a laid back wedding in new mexico but didn t fit i am a 12 14 and the
14 barely fit my chest and arms not flattering material did not seem very breakthable had to
return better luck next time the skirt part of the dress falls straight and accentuated my sto
mach you can t really tell from the pic but if you have even the slightest bump of a stomach t
he dress might make it look worse instead of better because of the way that it is cut i m prett

rned it i was excited to get this romper but it just didn t work i m petite with a large bust
and the blousy design of the top portion just hung like a bag on me returned after washing thi
s top pilled terribly it is beautiful but only for one use i am so sad that this romper didn
t work out it s just way too billowy and huge i am usually between a small and medium so i ord
ered this small i m petite and somewhat curvy and i was absolutely swimming in this romper mig
ht look best on taller girls i am 5 2 and about 125 130 lbs and this was like wearing a tent
do not recommend such a bummer because i was a believer after treading all of the great reviews
i followed the other reviews and sized down normally i m a small medium in retailer 5 8 135
for clarification and i expected the garment to be a bit roomy i ordered the small and when it
arrived i almost called the corporate office to ensure i didn t have to pay rent on the romper
given that you could comfortably fit a small family of five in it oddly the arm holes were nor
mal sized i returned this mess this is an adorable dress that just didn t work for me so sad
i wanted to love it because the pattern is super cute i gave it 4 stars because it is very pret
ty and i can see it working on others this dress was very boxy and unflattering i really wante
d to like it because the blue and white details were so pretty but it had to go back this dress
did not work for me it was shapeless and boxy i tried to belt it but the white front looked od
d if you are tall and thin maybe but not for the short girls i agree with the other review th
e fabric and pattern are adorable and well made the fabric is not sheer at all and great qualit
y however the shirt is very wide i am a 34 26 36 and the small is way too big the arm holes a
re perfect but the bottom is uncomfortably large and awkward in appearance did not notice small
hole and stain on the bottoms until i had the tags removed the return label shredded i liked th
e product shots of this cardigan but when i opened it up out of the package i was kind of un
impressed the green wasn t quite the color i was expecting the fabric was rougher the lace
was scratchy the fit was boxy and the sleeves are very dolman none of which translated thro
ugh the pictures online i still think it s cute but it has a much more casual look to it tha
n i was expecting i might reconsider if it hits sale but for now it goes back i agree that
this shirt is boxy and has no shape it doesn t look at all like it does on the model i returne
d it i tried this on in store yesterday and didn t buy it due to the dolman style sleeves and t
he scratchy lace dolman sleeves look terrible on me so this was a no go beware the scratchy
lace i had this on for about 2 minutes and was itching otherwise this will wok for plenty o
f people the color can be a nice neutral it does run large i usually wear a large and size
d down to a medium it didn t work for me but i m sure some will find it a nice part of their
wardrobe i couldn t tell on line this top has gold metallic thread running throughout i find m
etallic thread to be itchy when i first put it on i thought it might be o k i can tolerate a f
air amount of itch in fabric after about 5 minutes i suddently couldn t wait to get it off see
med like the longer it was next to my skin the more irritating it became it is also a bit thinn
er fabric than i expected i was hoping to use it as a layering piece it would work well for la
yering if it was comfortable i was excited to see this top on sale as i had been watching it fo
r a few weeks unfortunately i was very disappointed when i received it it is as a previous p
erson said very much like a pajama top it is very loose and boxy and in my opinion did not f
latter my shape at all sadly i will be returning it i would not recommend this top to a perso
n who is athletic or straight and slender as you suggest this top is has an awkward neckline
doesn t lay like the photo as mentioned by another reviewer see threw and of poor quality t
he fit is very baggy and unflattering and material is very thin it also runs very large the
color is pretty but that is it hi when i received this top i tried it on looked in the mir
ror and packed it up for a return the quality is excellent but it just too boxy fits nothing l

ike it appears on the model i really wanted to love this but the cut was very wide short and
crooked after it was washed once it was completely unwearable because it hung all wrong i wan
ted to love this shirt but was very disappointed i had read other reviews and still ordered b
ut wish i would have listened the shirt looks nothing like photos online and is extremely boxy
and unflattering had to send it back when i saw this online i immediately put it on my must b
uy list i hate paying the exorbitant shipping fees retailer charges so i was waiting until i c
ould get to my local store in the meantime it looks like it has sold out online but i am sure i
t will be back in stock soon luckily my b m store had it and i am so glad i didn t waste my mo
ney or time ordering it online this could have been great but once again antho missed the mark
what the product shot online doesn t show is that it has dol i love every other byron lars dress
i ve bought and this was a no brainer for me when it arrived i was really disappointed the fab
ric is very stretchy which makes it super forgiving and very thick with all the buttons planted
on this dress i was expecting it to open easily from the front as one of my other dresses by his
does nope only the back buttons open thick stretchy fabric and back buttons not an easy thi
ng to navigate i was also very sad to see that the length was all wrong for m i love baseball s
tyle tees and when i saw the homebase tee in two colors no less i was very thrilled especiall
y since it was during the 20 mother s day promotion on all items based on the model s photos
the top looks flattering with a swing type style i usually wear a medium and bought a small siz
e in this top when the package was delivered i excitedly opened it and found two tees looking
like maternity tops which would be lovely if i was pregnant the tops are so wide not like the w
ebs i have never taken the time to write a review but i was so disappointed by this dress the d
esign is cute and i got the medium instead of a small i m normally a 4 6 and i wanted to make
sure it was a bit looser and below the knee that was a good call because the fit is comfy and c
ute belted however it is so very thin and see through i was looking forward to a cool cotton
dress for summer but this will definitely require a full slip if i decide to keep it it came wi
th no slip at all so th i love the design of this top however it s quality is lackluster the
shirt is pretty short and would be more flattering at least on me if it had a few more inches
also it s pretty sheer so figuring out under garments is a dilemma i will still wear it becaus
e i love it looks great with a denim vest over it i bought this shirt after reading so many po
sitive reviews it looks much thinner and cheaper than the photo depicts like many reviewers h
ave said it does hit just above midriff but the fringe covers your belly it didn 39 t hang r
ight on me and i felt like i was wearing a rug i have more of an athletic figure and the sleev

e shirt is really cute otherwise i am usually a size 4 small and this was a little short and s
nug i love baseball tees and this looked like a more refined version but it was huge and shape
less nice material and fabric but this one is going back so thin and see thru it s not even w
earable in public extremely cheap and ill fitting for any price let alone this price i feel li
ke they will rip the moment i wear them out going back hi i would have to agree with all of t
he reviewers i unfortunately had to find out for myself mistake it s huge i love the quality
and design but even if you sized down two sizes it wouldn t help i ordered this top online and
was hoping to love it however it didn t fit me properly the arm holes were much too large i
m typically an xs or small i ordered the small and based on this fit i don t think the extra sm
all would ve fit either also i thought the material seemed very delicate and somewhat thin
and with 3 kids always hanging on me i don t think this top would last very long i love the l
ook of this sweater but just bought and put on at home and noticed 2 pea sized holes in fabric
near arm holes but not on seams not sure if i bought this way and did not notice or if fabric
is just incredibly delicate will try to repair but scated this will not hold up look it over
carefully before you buy they kind of look like moth holes what a let down this is not what
i would call a coat but a sweater it is unlined and very lightweight the fit was cute and woul
d have been so great if it was actually a coat i bought this in size xl it is so much bigger t
han i expected there are panels of material it really is huge not flattering at all still i
kept it the material is so soft flowy i ve gotten good use wearing it around the house doin
g chores resting etc i wouldn t wear it out doing errands but around home it s perfect for
feeling cozy such a strange cut i don t know who would look good in it since it can look slopp
y i think many would enjoy wearing it at home i wanted to like this coat so bad i loved the b
right red color and design but when i received it it seemed very cheap and just too large i r
eturned it i have been looking for a fall spring coat to wear when the weather is between 30 an
d 55 degrees this coat looks great in the pictures but so disappointing in reality the best
thing i can say is that the fabric is soft it is unlined so i m not sure why you d even wear i
t if the weather s warm enough to wear a thin unlined jacket why not just wear a sweater t
he weight is not what i would expect at this price point even worse the design is terrible my
husband who has a great eye visions of sartorial splendor danced in my head as i planned my in

stagram posts centered around this coat and then it showed up on my door and my dreams were cru
shed i d already read the reviews and knew the coat was unlined and would be oversized i did n
ot expect it to be soooo sloppy especially around the collar there is nothing crisp about it
i ve had boiled wool outer ware before that held its shape much better than this if i wanted fl
eece i wouldn t have picked retailer as the s i loved this shirt when i purchased it but it shra
nk badly and the front seam on mine was crooked no longer have my receipt so not sure i can r
eturn it sigh i do love the pilcro chinos i bought to go with it however i had my eye on this
one for awhile and decided to buy it when it popped back on my wishlist i can see why someone r
eturned it the sweater top hits at the worst possible spot and made me look ridiculous like a
mushroom top from the side i saw the potential but not enough to save it probably one of the
worst things i have ever purchased from retailer i ordered these in m 5 8 140 lbs and they
are tts they fit well and are neither tight nor loose the issue that i have with them and the
reason that i sent them back is that the material although comfortable is completely transpar
ent if i were to try to run out to get the mail in these the whole neighborhood would essentia
lly see me bottomless furthermore these are not white but off white and quite a yellowy off w
hite at that so these loungers don t look as cute with the feature super soft fabric however
very short in the stride i ordered an xl normally wear 12 14 i had to return it nan the pho
to misrepresents how large this sweater is it is giant petite ladies stay away from this sweat
er i ordered an xs and usually can manage to fit in a regular xs but this just floored me the
neckline wouldn t even stay up on my upper body it was that loose also the width of the sweate
r does not at all hug the body as shows on the model it is like a tent i m so bummed the colo
r blue is nice and the sweater is really soft it s too bad it doesn t fit smaller women i saw
this dress online and loved the colors and whimsical embroidery i thought it would be the perf
ect dress to wear on the weekend with cute sandals i was excited when the dress arrived in the
mail as the colors were vibrant and the material was soft and cozy unfortunately this dress is
huge it is a rectangle with pockets i bought the xxsp my usual size and this dress was so big
my sister was able to fit in it with me this dress was beyond alterations too bad it was a grea
t idea but no this top is a good concept but the structure of it is not for all body types i am
5 6 and 135 and wear an xs to a s in retailer tops and i ordered this is a small and it was huge
in the chest and tight at my hips will be returning so disappointed bought these in a 29 and
should ve gone with a 28 they re super cute i got the green the fit is off like the other r
eviews they stretch out way too much i would return these but have already washed them they w
ash terribly too there are weird fading marks all over even when washed in cold water like th
e tag states so disappointed that i spent my gift card from christmas on these i ve been a loy
al retailer customer for years and this is the first time i ve been severely the design of these
ankles pants is very cool and the rise is perfect however the fabric despite 2 spandex has
absolutely no give from the knee down the extensive stitching probably contributes to the lack
of stretch while i was able to pull them on size 27 for 110 lb 5 4 i could not bend my legs
at the knee comfortably with longer wear i think they would cut off the circulation \n\nplease
post if these stretch for you enough with wear and become softer i was expecting elbow to full
length sleeves and like a previous review noted they were short very weird look for a wrap re
turned love the fabric and it seemed warmed but as other reviewers mentioned the neckline was
awkward i on the other hand wore these once and boy did they stretch during the day i really h
ope they shrink back up i was very disappointed when it arrived and had elbow length sleeves
from the photo it looked like full length sleeves it went back really disappointing quality
these jeans are of a very poor quality material and developed holes in the inseams after only a
month i love pilcros and am totally shocked at the poor quality retailer i hope this is jus
t a fluke not worth the money this dress is beautiful i usually wear a 6 or 8 and i ordered a
4 it is huge i will be returning this dress either runs large or just has too much fabric or
dered my usual size but it is too long and too baggy to do a thing for me embroidery pretty b
ut background is more of a muddy gray then denim as shown if the smaller size in petite was av
ailable i d have exchanged it but it is going back if you like looking like a giant square an
d hide things this is the way to go for me it completely irradiates my shape including my nec
k this will be returned i tried this on in the store and it was huge i couldn t try on a smal
ler size because they only had a 2 and 4 i tried on my usual size 12 i don t think the embroid
ery is as pretty in person either definitely not worth the price this is the oddest fitting pu
llover there is too much fabric around the chest it is fitted everywhere else but then balloon
s out in the front i liked it at first but really started to dislike all the bunchiness is tha
t a word i gave it away i liked the colors of this dress and the material was fine but i c
ould not tell from the pictures that the seams at the waist are atypical and frankly unflatterin
g they are scalloped at the hips so it looks horrible if you have any hips at all i bought an
xl and they looked like they would have been a small can t review anything else because i could

n t even get them on ridiculous i am 5 4 120lbs got xs it was huge on me had to return i
t very trendy great quality unfortunate design not worth the money these are very flatterin
g thick leggings that would keep you warm in the fall and winter but when i pulled them up i go
t a big hole in the seam at the waistband at my first trip to the bathroom obviously you might
expect a rip if they were too tight but these fit perfectly even on the looser side and rippe
d effortlessly pretty embarrassing given the price bringing these back \r\n\r\nfor reference
if you decide to try your luck i am 5 7 128 and my normal size s was perfect this coat is
beautiful in color and design we could have been great friends but it was waaay too big so i ha
d to return it i bought the smallest size possible yet i could have been 9 months pregnant and
still would have had room to spare i also was disappointed that the sleeves were not lined like
other coats in this price range i ordered this in both an extra small and a small i found th
at there was a very big difference in the two sizes the extra small was true to size and had a
great width but was shorter in length than i would ve liked if it shrunk at all it would ve b
een unwearable the small was quite a jump in size and was a little wider than i liked but i d
ecided to keep that one \r\n\r\nthe top was very cute and comfortable when i wore it however i
just washed it once on delicate in cold water and when i this tank seemed like it should have be
en a maternity top way too much fabric not flattering for those of us with a larger bust i am
wearing a medium in the photos and for reference my measurements are 38 30 40 ordered med petit
e love the print design but it runs really big more like a large and length of top is not fla
ttering returning i couldn t get this to work for me tried a variety of sizes and just couldn
t get it to flow right didn t purchase a beautiful shawl but not practical i was impressed wi
th how elegant romantic it first felt looked however after 5 minutes of wear it would not st
ay on my shoulders the design is very awkward and despite several attempts with different tops
tanks underneath i kept running into the same problem lovely for the first 5 minutes of wear a
nd then awkwardly annoyingly wouldn t stay on my shoulders the neckline is undefined and it jus
t fell off not a great design disappointedly returned it in a sea of dresses this is the one
that caught my eye in the whole store i am a pear shape and ended up trying both the medium an
d the large taking the medium home it was super flattering on and was an appropriate length t
o pair with tights \n\nhere s where the problem happened i wanted to wear this dress for thanks
giving i put it on and as i tightened the drawstring to cinch in the waist riiiiiiiiiip the
drawstring ripped through the fabric at the waistband so disappointed like the other reviewers
i was disappointed to receive the gray dotted sweatshirt with a zipper down the center when it w
as not in the model picture looks like this item has since been removed from this listing wou
ld have been nice to have the correct item pictured in the first place i was so excited to try
this on in the store because i ve had my eye on it online unfortunately it is not like the pi
cture the material is very thin almost translucent i also could not figure out how it get it
on the cape has short sleeves not long as it appears in the picture and the folds of fabric
would not drape quite right in the front love the look of black design on white hopefully reta
iler can redo this in a thicker cape for the fall but for now i ll skip this one i m upset i
ordered the grey sweatshirt and while the description says the sweatshirt has a zipper the pict
ure of the grey does not have a zipper i prefer no zipper so when it arrived in the mail with
a zipper i was disappointed it s going back why have a model where an item that you re not of
fering i loved the style so i ordered on line it runs small and the arm inserts are so low i
ts awkward to wear i wish the cut was better cause i love the look but not the fit i am return
ing this item i wanted to love this dress and did from the picture online when it arrived
the black already looked faded and old also the embroidery looks like a grandma but not in a
cute vintage way the fabric is stiff which causes a boxy unflattering look had to return it
i also expected this sweater to have more bulk to it per the images it is very thin as others h
ave said the design is awkward with the sleeve placement and that makes it more flowy vs struc
tured it is more similar to a cape or shawl design if you re looking for a warm cozy blanket
sweater design this is not it i will keep it though as a layering piece and because of the sal
e price and classic color design the pattern and fabric are lovely but the sleeves are short
unlike the photo so it drapes very strangely i personally could not figure out how to wear it
so that it looked anything remotely like the photo had to return this one i found this dress t
o run very large the fabric was substantial but rather coarse also the lighter color in the p
attern is lavender and not white or cream i love this shirt in fact i love all bordeaux tops
from retailer i followed the instructions to hand wash only and after it was wet and then lay f
lat to dry it may fit a child it is a belly top i want to love this but it shrunk so bad eve
n with the hand wash only instructions i always have to try on tops of retailer i know this a
nd yet i ordered a top through the website anyway i don t think i ll do it again the drape of
the top seen in the pictures did not translate in real life because the top scratched up pretty
quickly ironically when i washed it according to directions it also shrunk quite a bit this

top is very strange i agree with the other reviewer in that i think it s not cotton it clung a
nd got bunched up around my chest like in a static cling way there s just something about the
way it hangs that is not flattering too bad as i was really looking forward to wearing this but
alas it s going back i wanted to love this so much i am 5 8 and normally do a size large in r
etailer but based on the previous review i sized down the top fit fine but the bottom just so
rt of poofed out not flattering it does have pockets which are amazing but overall just wasn
t a good fit the top is t shirt material not denim i ordered this top because 1 the online p
roduct page states the fabric is cotton 2 i liked the style with the scarf insets 3 the colo
rful embroiderey would be a welcome companion for my many pairs of pilcro chinos \r\n\r\nwhen i
opened the package several tiny round beads rolled out after examining the detailing i found w
here the beads were missing \r\n\r\nsize i normally wear a small for most retailer brands but
i know nothing about slone rouge i went with a small since it appears oversized on i love the c
olor blocking but dress hangs a little strange on me love the pockets thought about sending it
back and decided it is very comfortable i will wear it but not quite what i was hoping for to
be clear i am not built like your models but the biggest problem was the way in which it tented
out from the bustline down i ordered the blue version of this dress thinking the accent stripes
were black they were not they were wine colored i liked the color but not in combination wi
th the other colors in the dress black would have been a better look i had to take it back sa
d tried this on in the store i love the colors but the cut was just not flattering the lin
er was fine but the dress flared out excessively and looked like a tent tried it with a belt f
or some definition but the fabric was too thick i ordered this after reading through the review
s i realize the reviews were mixed but thought i d take a chance unfortunately there were mor
e things wrong than right with this dress right i loved the various colors yes it shows blac
k but is actually brown i also loved that it was lined and the lining was semi attached to the
dress with the same hi to low hemline wrong as said by others the sleeves were very tight t
he dress is roomy and does swing but unlike the model it isn t real after readying the reviews
of this dress i thought for sure i was purchasing a winner boy was i wrong first this dress
feels like a potato sack and looked like one on i felt that it was very boxy and more of a o o
ne size fits all sizing it did not embrace my curves at all the material was not as chic as i
would have thought overall the entire dress was not flattering honestly i do not understand
what the rave reviews were talking about it too much material everywhere i am 122lbs 5 4 and
i ordered an xs as usual i was overwhelmed in a blanket of knitted material of muted colors ni
ce green slip though i will return it asap this is super ugly okay i m short so this tent d
ress is seriously huge on me and not flattering the fabric is so pretty but this dress must be
for a tall girl no shape at all this dress hangs horribly unlike the photo the waist does no
t cinch too bad the colors are great and the quality of the material is nice because i bought
it on sale i may try to tailor it to work but unless you are willing to do that its a no go
this was pretty to look at nice weight lining colors i tried it on and whoa ridiculously ba
d i have broad shoulders and a small waist and this accentuated the broadness of my shoulders a
nd eliminated any hint of shape below that the model photo looks great so i imagine this will
look great on anyone with slim shoulders and narrow hips definitely not for me though i am
returning the dress it has too much volume and is not flattering at all this is a beautiful loo
king dress but definitely runs wide and long i m 5 4 112llbs and my normal xs swallowed me up
if it had been available in xs petite then that probably would have worked even though i normal
ly never go with petites it is a gorgeous dress and would probably work on those ladies who ar
e taller i saw online great quality sweater dress reviews about seemingly extra fabric easy
fix with a seamstress i have very sensitive skin and wear long sleeves under sweaters wool an
gora mohair 5 1 xsp tts length arms but lots of extra fabric for width just trying it on
was too itchy for me this runs super big and it just wasn t flattering way too much fabric i
wanted to love this dress this colors and fabric of this dress are beautiful and i really wante
d to love it but from the chest to the hips there is too much fabric and it give you no shape at
all it had to go back i bought this dress online and was hoping it would be a great comfortabl
e staple it may be the most unflattering piece of clothing i have ever tried on ever i let my
sisters try it on too to see if they wanted it or liked it better but it was awful on them as
well i ordered the xs in blue it was beyond enormous and was just plain and unflattering i am
5 7 and 115 i love swing dresses i just don t think is cut well this looked fabulous on the m
odel of course and i love sweater dresses but even in an xs i was drowning in fabric and loo
ked ludicrous concept is good but execution went terribly wrong somewhere a definite return
for the model to look like this \npros nice quality the colors of the blue version at least
are rich and beautiful note that the dark color pictured is really brown not black the colors
are also much brighter than they appear in the picture it is a medium to heavy weight sweater k
nit which is well suited for fall winter it is layered over a bright navy poly slip \ncons i a

m 5 8 135 i looked like i was wearing a circus tent in med the sleeves were more dolman than fitted i imagin i wish this dress was more fitted the dress looks more fitted and more vibran t in the picture i bought this dress in an xs but i am not sure that going smaller would take care of the amount of material in this dress it was shapeless and did not fall as nicely as it appears i think someone with a fuller figure would look very nice in this dress sad to say tha t it is going back really wanted to love the top was very flattering and loved the material v ery swingy and forgiving but way to much material i was drowning in it sized down to x small but no go i m 5 4 115 and the xs swallowed me like a snuggie i suppose the tons of fabric mig ht drape nicely if you re 5 8 and above it drooped and hung comically large from every angle un der arm body and skirt a belt was no match for that much fabric the colors are gorgeous and i t appeared well made but the design was awful i disagree with other reviewers on this it look s a lot better in picture on the model i found it to run large and not fit in the most flatteri ng way fabric feels great i want to love it but it is going back i love this tank it is so c omfortable but it does have its flaws it rolls up every time i walk or do anything it becomes very bothersome yummy soft material but very faded looking so much so that i am sending it b ack if a faded look is something you like then this is for you terrible fit for a longer tors o runs small in hip and lining huge in the waist not good for an hourglass figure i really liked the color and style of this dress but the proportions were off the top was too small and the waist was too large if you are more uniform in size shape and less of an hourglass this dre ss may be perfect for you this is a well made blouse with a pretty neckline the print with the sleeves makes me look really wide it s an odd look the material is awesome and it s a super pr etty dress it just didn t work on my body couldn t make it work even belted ivory color is da rker irl dingy light tan like dirty vintage drop waist is not dropped at all just a matern ity ish cut that starts boxy loose high up below bust then abruptly flares out at bellybutton level not low hip into the skirt i usually find a line cuts good at giving illusion of a will owy curvy waist but this does not adds ten pounds poly fabric heavy hot rayon lining awkwar d and doesn t flow drape 5 3 127lb 34a tried xs i m 5 3 about 130lbs and ordered a size 6 the print on the fabric is as expected but the shape of the dress and fit were not good at all i probably would wear a 4 instead of the 6 but could tell that even if i had the 4 the cut of it still wouldn t be flattering on me at all it was baggy in odd places and had no shape the o uter fabric is very sheer and see through and the lining is nice with a fitted slip design i s aw that there was metallic detail when i ordered it but i wasn t prepared for the entire thing to be metallic it fit tts but wasn t what i was looking for this has a cute aesthetic on the hanger but not so great on at least for my body type i am 5 10 with broad shoulders and slim and both the arms and dress length were too short in addition the size 8 was boxy and unflatte ring sizing down to a 6 would have exacerbated the length issues had to return ordered an xs which usually fits perfect 34b chest and it was falling off shoulders and chest it was like a sleeping bag huge fan of retailer but there is a design flaw in this sweater i bought this s weater online as soon as i saw it but like the other reviewers i agree it is shapeless and stic ks out too much at and below the waist if it were a softer fabric maybe the flair would work bu t not for this one i am 5 2 115lbs 32d and got the xs maybe if you aren t chesty it won t flare out as much sadly i had to return it i was so excited for it o well as previously ment ioned this dress runs very large i ordered accordingly and the small was the right size for m y frame but it was just not flattering i m pear shaped and i found the shoulders to be large the neck a bit too high and the overall cut to hug my figure in a very unflattering way i m 5 4 140 ish and maybe if i were a few pounds lighter and a few inches taller it could ve worke d i so wanted to love this because it s soft and comfortable and cute but back it goes the m odel looks like she s 14 years old this sweater of course would fit a younger teen it definit ely won t work for a grown woman please make some longer sweaters this sweater was unflatterin g me very boxy and did not fall on me like the model soft fabric and looks nice off however t his one went back this sweater did not flatter a sz 12 with 36d chest it s very well made but not for the curvy girl this is my very first review and felt compelled to share my thoughts sin ce i heavily rely on others reviews before i purchase these pants look nice and are comfortabl e but the quality of the fabric is terrible i should not be surprised because i bought another pair of pants by this same label at antro earlier this year and they did not hold up at all eith er but i thought i d give it another shot never again i m on my 5th wear and the crotch and i nner thighs have worn away completely i mean huge holes in the fabric where it s just disinteg rated even at extra off the sale price it s not worth it the full price bummer i loved the lacy bell arms and everything about the look of this sweater but it is huge in the abdomen seri ously looks maternity to me the neck is also too wide the quality of the material is very nice and the weight is nice and heavy but the cut just didn t work on me i returned this one good r eason to read reviews i concur with others in that it fins large and looks boxy heavy fabric m

akes matters worse while i loved the sleeves on this sweater the lace detailing was beautiful
the core area was really big i agree with another reviewer who said it looked like a maternity
top i was hopeful but i sent it back i am 5 7 128lb and ordered the small while i loved the
material color and concept of the dress it was much too large and sack like i m 5 2 and 108
lbs pear shaped i purchased the regular xs given stated length in the description while the l
ength was just right it was just much too large throughout i m not sure that even an xxs will
help so sadly this will be going back i agree with the other reviewers this sweater was stran
gly shaped in the waist in an unflattering way the rest of it was beautiful though looks too
much like maternity even in a petite xs so it s going back this is a beautiful skirt the col
ors are fresh and summery yet subtle and it s a nice sturdy cotton not flimsy and cheap looki
ng however i agree with the reviewer who said that this runs small i take a 4 in most skirts
but i had to try on a 6 and still felt that it didn t fit quite right if you re extremely thin
this might be great for you this is another item i ve been stalking that i thought miraculously
made it to sale with my size still available i ordered online but when it arrived i have to be
honest i didn t even try it on because i knew it would be going back the beautiful print online
looks really cheap irl on the flimsy fabric the beaded detail on neck is basically a low grade
sequin trim so much potential just executed poorly the sleeves on this top always caught my ey
e every single time i was in a store they never had my size to try on so when a free shipping
offer came up i ordered the ivory top in a size large well the sleeves are indeed stunning b
ut that is all that is attractive about this top the rest was a plain blank white canvas in
fact that s what it felt like to wear it like i was wearing a tent or an artist s canvas on
my chest yuck how can this designer put so much thought and care into t i went with my usual s
ize but it is too tight it fits but i would feel uncomfortable in it i ordered the pink one
which looks nice in the picture but in person it looks cheap the beading at the neckline imme
diately looked to me like cocktail dresses my grandma used to wear in the 1970s that beaded nec
kline added to the cheap look this one is not for me i just bought this and i really disagree
with previous review that it runs big i wear an 8 in skirts and bought another retailer skirt
last week that fits just fine this one does not even zip up i might exchange for bigger size
as label is just a number to me and sizes are really inconsistent or it may just go back this
sweater is much more cropped than shown the sweater i received was only 24 inches long the col
or of the trim is black not the navy or plum that i expected quality does seem good i can not
imagine the cut in the waist being flattering on anyone i ordered an xs and an xxs still would
have flared too much in the waste i ignored the previous review and that was a huge mistake i
bought the red motiff in my usual size of xxs petite and it was huge at first i thought they ha
d mistakenly sent the wrong size but this was sadly not the case the fit is definitely sack li
ke as other reviewers mentioned i had to return dress appears to be slim fit but that s far
from the case usually wear an xs regular because i have a long torso for my 5 3 but it just h
ung on me like a heavy sack i have a hard time finding dresses now that i m not working and lik
e to have a couple on hand for all purpose occasions weddings memorials special occasions i
hoped this one would meet my needs disappointed i ordered this sweater in xxsp and the sweater
is still very large on me it is definitely a sweater that is supposed to hang off of your shoul
ders however i m finding that it wants to fall all the way off of me the quality is nice it
is medium in weight it has a cottony feeling but it not super soft it looks way better on the
model shown than in person to me i wanted to love it but i only just like it i think others w
ill like this if you are looking for a fun loose look in a sweater i ordered an xxs petite and
this hangs like a bag on me i m usually fine with the petite sizing but this didn t work and i
m so bummed the dress is soft the blue color is gorgeous but it fits like a bag i wanted to
love this but sadly will have to return i think someone with curves will love this dress it i
s really beautiful quality just does not fit a petite frame i loved these pants and purchased
them in three colors like another reviewer within a few weeks having worn them no more than a
couple of times the fabric in the crotch area started to wear thin and two pairs developed hole
s i was not hard on the pants just wore them to the office and line dried them so disappoi
nting as i really did love the pants total waste of money i had high hopes ordering this top
unfortunately the top has a metallic fiber to the material and that detail was not noted in the
product description it also felt rather cheap scratchy poor quality for the price let me st
art off by saying that i really really wanted this jumpsuit to work as it looked good on me and
was tts got a 6p unfortunately it didn t work out due to the two buttons at the top which br
eak way too easily i had to return it and exchange for another jumpsuit but it did me no good a
s the second one did the very same thing so i didn t even bother trying it on the buttons broke
through before i even got the chance as the material is far too thin and the back of the buttons
just pop after reading the other reviews i still took a chance on ordering this dress becasue it
looks so cute on the model the dress they sent me is not this dress it is the same material al

though the one i received had only one stripe down the canter like a cross there was no v back as stated by the other reviewer it was scoop and if you pulled it down the neck went up the d ress i received is branded as holding horses while the brand listed on here is rava the length measured at 39 not the st i really wanted to like this jump suit i rarely have problem with r etailer clothing i m 5 6 hourglass shape usually wear size 2 this jumpsuit runs small but that s not the only problem top part shirt piece of the jumpsuit is too short so it s diggi ng into my lady part the color does not look anything like the picture so overall this piece is failure i hope that i find something similar but fits better i ve been buying from retaile r for the last 15 years and this is the first time i ve ever posted a bad review first of all t he fabric is scratchy thin and looks very cheap second of all there is no v back it s more o f a slight scoop and lastly i m 5 3 so i ordered the petite small and it s still comes 4 inche s below my knee i am very disappointed in the quality and am definitely sending back the only thing i think this could possible good for is a swim coverup i liked this top i really did i also liked the subtle shimmer the fabric didn t seem as soft but i could not get over the big difference in length between the front and the back you can see it on the model here but when i tried it on it was even more obvious and just didn t look right asymmetrical tops look better when the length difference is not so large but here it is the print at the top also made my sh oulders look a little broader i am sending it back oh what a disappointment i was looking for ward to wearing this as a layering piece with the shawl cardigan the material lacks serious qua lity and it was ripped on the seam so back it goes and i am flabbergasted at the price retai ler is charging almost 60 for this top i was really excited to get this dress and to my dismay when i pulled it out of the package i could tell i would be disappointed i tried it on and i wa s correct it looked like i was wearing a huge tent i returned it this skirt is definitely n ot what i was expecting the material is stiff and rough the skirt is also loud you can hear i t swishing when you move and not in a classy way it feels like you re wearing a very long tutu also the pattern isn t quite as pretty in person they must have used magic in order to make th is skirt look flowy in the photos it does not flow i wanted to love this jumpsuit it looks a dorable in the product photo i am 5 5 about 120lbs and thus was overwhelming on me i tried ev erything pulling up the tie at the waist to create a higher line wearing a variety of heel h eights i couldn t seem to make it work there was just so much fabric on me it felt like i w as wearing pajamas and not in a cute wear your pajamas out way i love the idea and the phot o appears to have an adorable line and cut on me this jumpsuit was just i was expecting a nice golden yellow color but what i received was very dull in color with greenish undertones very di sappointed will be returning love the print length and cut but the tie waist hangs in a wei rd way and seemed like it would stretch out and sag after a while sad to return it this dress has a beautiful fabric i really hated to send it back it was just so unflattering absolutely no shape to it i bought a 0p i m 5 5 and 117lbs and it looked like a maternity dress on me i had such high hopes for this shirt i got it in both the black and moss which is a beautiful co lor however the ruffle was just too big i put it on and immediately felt like a circus clown it would probably be beautiful on a woman with a more straight figure with fewer curves but on me it was not flattering at all the print and style we re great unfortunately my bust unbutt ons the top there s no way i can wear this even if i sized up this style is right up my alley and i was excited to receive it however it is seriously overpriced i ordered the white and th e material is thin and see through the small was even a bit roomy 5 7 140lbs 32dd going b ack unfortunately this top looked so cute in the picture but unfortunately doesn t live up to it the one i received actually has the print shown in the photo on the inside of the shirt it makes it much darker and boring the shirt itself is on the short side and would ve looked bet ter if it hit lower on the hips there s just too much fabric for it to land higher than that c up size is really small for a medium no way to adjust the back strap ended up giving it to my daughter cute but so poorly executed i didn t really notice the collar when i ordered it on li ne and i m not really liking it it s the rough unstitched thing they like to do sometimes and it just makes it look slightly more casual and well rough around the edges it s a nicely cut great fitting sweater though so i ll be looking for some scarves the top of this suit was not p roportioned well i am normally a 34c so with swimsuits i vary between a small or a medium the cup size on this was very small for a medium the band to hook in the back was almost too big t here was no way to adjust the band in the back and the cups were clearly too small for a c cup the print was darling but unfortunately this will have to go back as much as i loved the fabric and lace on this top the cut of this blouse was not flattering for my body shape also i though t it was shorter than it looked online i had to return this piece this sweater i bought to go with a navy dress it is not ivory it is sortof a blush color not at all what i had in mind the sweater itself is pretty the back is shorter as someone else described which looks slightly awkward when wearing it definite return this didn t work for me it looks better unzipped

the piece made me look extremely top heavy and i am by no means overweight but i do have a lar
ger chest on a small frame 36c 5 feet 115 honestly it just made me look fat the design is
cute but this is going back i love the colors however 200 is a lot to pay for a small piec
e of fabric no lining what so ever the fabric is very thin you will need a slip looks just
like a cover up going back skirt was too big in the wiast and too much fabric was not flatter
ing and generally not cute enough to warrent spending 50 to get it tailored usual size oop f
elt atleast 2 sizes too large the pattern on the skirt and the nuetral color is very nice if
you can find one that fits would be a nice 3 season skirt this dress is everything i hoped it
would be bright colorful quality jacquard classic silhouette unfortunately it runs small up
top on the bust and i couldn t even zip it up all the way returning i was planning to order
it online but someone returned it to my local store and i tried it on my regular s
ize is 6 i have another byron lars dress size 6 that fits me like a glove this dress fits beau
tifully from the waist down the top part is very loose and at least a size too big very disapp
ointing i am not sure if it is just me or this particular dress but it was not flattering
i was very shocked to receive this dress with a rusty zipper looks like crusty white rust see
attached pictures the dress fabric is very nice and i did try it on and it is a very nice fit
lined with a little stretch but my gosh what a cheap poor quality zipper that looks like it was
old and exposed to moisture because the metal parts have a white crusty substance retailer you
really need to check your merchandise before sending to your loyal customers lately the quality
has been declining a nan there isn t a whole lot that i did like about this dress the shoulders
have large poufs the fabric isn t very soft and it s not flattering maybe with a belt i could
be tempted but i wasn t too fond of the dress this is such beautiful material but the sleeves
at the shoulders are terrible the gathered material makes it look like i m wearing shoulder p
ads that structured element compared to the rest of the dress relatively unstructured just lo
oks ridiculous i was so looking forward to this dress and now it s going back i m so disappoi
nted this dress didn t work out i ordered the size medium post baby i m a solid dress size 6 o
r 8 depending on the designer \r\nthe cashier was laughing with me how ridiculously huge this ga
rment was when i held it up \r\n\r\nalso the length was super long description says 35 which
would be mid thigh for me but this thing hit me mid knee also like the previous review the sh
oulders are tented and poofy so bizarre and the cut reminds me of a maternity dress but the sh
oulders def gorgeous dress but so low in front and in back i couldn t figure out how to pull
it off without a cardigan sweater beautiful fabric and color i know rompers typically aren amp
39 t the easiest and while i loved this fabric this was a pain to put on no zipper etc and the
buttons are tiny and since the fabric doesnt stretch it is difficult to even try on the length
of the shorts was great and the fit was just ok all in all i don amp 39 t think it is worth the
price this was exactly what i was looking for a spring dress i could wear while it was still c
ool out loved the colors pattern and the fact that it could hide a belly bulge but i got it
in a petite small and i was swimming in it i got it in an xs and the body of it was just righ
t but the bust was so tight i nearly ripped it trying to climb out and i m a barely an a cup
i don t normally have this problem with dresses but in this case the top and bottom half of the
dress felt like they were this dress felt small in torso and waist and suffocating in sleeves
i do have average athletic arms but the shoulders were cut so wide that one side was falling o
ff as i fix one shoulder another will slide down \nthe material is nice but since it is not l
ined it feels inexpensive disposable i have several pairs of coh and love them all when i sa
w these go on sale in my size i quickly purchased them however when i tried them on at home an
d looked in the mirror i was pretty shocked that the back pockets were extremely long meaning
they go well below your butt cheeks like 3 which means they look like they are sitting too lo
w on your body and they aren t they are actually i little higher waisted than most coh \r\n\r\n
i thought perhaps it was my perception that day so i waited an i was very excited when this dre
ss arrived in the mail the fabric is so comfortable but the print was overwhelming it is also
very tight on the top and i got lost in the fabric at the bottom i had to return it i was so s
o excited to get this sweater in the mail unfortunately the sweater is lined with the same mat
erial very soft and warm btw as the polka dots which sheds like crazy i wore a white tshirt
under this for the first time and my shirt was covered in black fuzz by the end of the day so
much so that i was gathering balls of it to be thrown away very disappointed a lint roller can
t even clean up the tshirt \n\nin terms of sizing this fits tts i normally wear a l or xl got
this in an well made dress but too much fabric for my taste it lays a little heavy on the body
does not give a slimming affect the colors are vibrant pretty but the dress is too long as
well as other reviewers have said the front is too low cut but turn it around and it looks
feels better didn t work for me sadly i ll be returning it i adored this suit the style t
he colors the thick quality of the fabric but unfortunately the bottom seams cut into my groi
n and backside so much it was practically painful i m 5 7 128 lbs and usually wear a size s

mall but was advised to size up even with the medium i tried on everything fit well but the l
ength though i ve never thought i had a long torso sizing up to a large would make the bust wa
y to large for my small b chest was so sad to return this suit i love simple pull on jersey dr
esses and so i had to try this one unfortunately it did not work out fit is tts i liked the
fabric which is soft silky yet with some weight to it and i appreciated the thoughtful constru
ction with multiple well placed darts in the chest the skirt is lovely swingy but not too full
hangs well what stopped me from purchasing it is the fit in the shoulders it was too broad for
me and gave the dress an overall awkward shape the neckline was also a little too the dress is
too big i got size 4 after checking the measurements chart for reference 5 7   125 lb   it i
s too wide not as fitted as in the picture the cut is too deep might work better for a bustie
r lady but looks pathetic on me   \r\n\r\nthe pattern is too bright much brighter that in the
picture i got red pattern   it s not that the photos represent the colors inaccurately it s ju
st   the colors are much more vibrant in real life \r\n\r\nthe material is heavier than i expec
ted i was attracted to the feminine design of the dress the silhouette the flouncy skirt how
ever i ordered the red motif pattern and hated the splotchy dark colors i tried this in my no
rmal sp i found it to run a little snug but the neckline was way too low for every day wear i
loved how this looked on the model however once i tried on in store i was greatly disappointe
d i usually wear a meduim and the small and extra small were huge on me there was so much extr
a material that i was swimming in this i had such high hopes for this there were no petite siz
es to try on in the store but i am not sure it would have helped this dress has been one that i
just adored online and in the store so i was happy when i bought it on sale i have worn this dr
ess one time thinking that i would love it the problem is that as i wore it the dress continu
ed to stretch out of shape and just did nothing for my curvy bottom half the dress just looked
pulled and stretched out of shape i would say that it may be the yarn and that it has too much
give or at least more give than i want i was so excited for this kimono i thought the colors w
ould be lovely i was looking for a unique wrap vest kimono i ordered this online expecting to
be dazzled sadly i was not this arrived and fell short on all measures the colors were flat
the fabric felt cheap and the construction did not scream 108 it felt like something i would f
ind in a college import head shop back it went i ended up buying the silves wrap which i love
i bought this online in my usual size petite xxs for in store pickup when i tried it on the
kindest word to describe it would be voluminous   it was at least 2 sizes too big on me i look
ed like i had taken grandma s tablecloth and constructed a homemade blouse the blouse comes wit
h an attached cami which was also way too big for me the color is not white as described   bu
t rather an ivory cream color definitely not the best shade for my light olive skin i do think
that it looks lovel i wanted to love this dress however it has no shape to it it is also somew
hat see through so something needs to be worn under it i feel like i received a dress that has
been stretched out and returned i m extremely disappointed i do not recommend this dress had
so much potential but the horizontal knit ruined it i tried on size xxs in grey since my usual
petite xxs size was not available the fabric was a good weight and dress was well constructed
however the wide horizontal knit made the dress bulge out at places especially in the lower bod
y thus made me look wide and bulky i wish they had used a cable knit pattern which will make th
e dress drape much more nicely and more flattering i thought this dress looked gorgeous on the
model so floaty and light when it came i found it to be the exact opposite the hem is so hea
vy and laid on me like a potato sack it had way too much material at the bottom and weighed me
down unfortunately i really wanted to love this sweater the quality is good and it looks beaut
iful   until you need to lift your arms i did end up keeping it but it is limited to when and w
here i can wear it due to the arm restrictions i can see it in the picture but didn t notice un
til purchasing   the arm holes and right next to the bottom of the sweater slight design flaw
the quality and color is great on this top   the neckline just seemed a be pulled a little too t
ight on the one side of my neck to be a true off the shoulder look   and to wear it as a cowl n
eck or actually looks like a boat neck just makes it too ordinary since i love the off the sh
oulder look   it fit me everywhere else and the slim waistline of this top is super flattering
so i think my size was right   the cut of the neckline just needed to be more more definitive on
e way or the other i wanted to love this skirt it was good quality but the front is a loose fl
ap that is exposing so i had to return it pants are overpriced and very uncomfortable to my utt
er dismay i wore them during a business trip for the first time and ended up with bruises caused
by the side zipper i have been a long time retailer shopper and usually my go to store however
ending up with a pair of pants that caused me pain was a very big disappointment so small i wa
s a solid size 12 in skirts but recently lost some weight i was still nervous to buy a size 10
so i bought the 12 thinking i can always take it in if i have to the 12   which should have bee
n big on me was tiny this skirt is built for someone with non existent hips returning i m 5 7
155lbs and ordered a large it fit but the arms were awkwardly short the finish details on the

end of each sleeve almost would have to be pushed back to the elbow for it to look right which would be okay however the interior seam of the neckline is cut jaggedly and isn t even finishe d with any stitching it s just tucked haphazardly inside the neckline and isn t sewn it would unravel with washing \r\n\r\nit s soft and snuggly and cute if you get it on super sale and don t mind it com this is a gorgeous print but i found it too fussy for my taste it is quite shap eless so i tried doing a half tuck it looked cute for about 2 seconds but then i had to worry about keeping the shoulders down i am so bummed these jeans are the perfect weight totally di stressed and torn in a way that looks like you ve owned them for years they flare out at the bottom of the legs just the right amount but there is one huge or i should write small pro blem your thighs have to be incredibly small to get these pulled all the way on \r\n \r\ni am a 27 in level 99 and ag brand jeans and a 28 in my other pairs of coh jeans and in mih jeans as well i do not have an hourglass figure my shou i wanted to love this sweater but the fit is off slightly i ordered my regular size xs and the chest shoulder area fits nice but the waist comes very tight and not flattering to wear unless style similar to the model with a tucke d in look nice color and decent quality fabric but not my favorite fit going back to the store i found this skirt on the sale rack and apparently miss marked and i did not try it on when i g ot home i tried it on to find it has this open flap in the front with a very short slip the col or is a dark navy i love the brand because they claim on the label to be made in the usa which is something i prefer i am still on the fence about this skirt thinking maybe i would bring it to the tailor to see if the panel can be stitched to the faux leather material half way down to eliminate this full this dress is only suitable for a beach cover up it is completely sheer ex pensive even on sale for something with such a limited wearability i returned it this looks great on the model and is probably beat suited for someone that is tall and thin with small hips i was excited to receive this top because i love the design but was very disappointed when it a rrived i thought the embroidery would be striking but it s not the material is a t shirt knit which also added to the disappointment it was not flattering at all so much odd stuff going on here with the cut fit the top is sort of tight in the bust even with a small chest the sleeve s are dolman style and are billowy at the top but then tight on even my skinny arms the slip p lus the dress itself took me a good 5 minutes to figure out how to put on just too much effort it is otherwise a beautiful pattern color and length just a miss for me personally in the fit department bummer i i hesitate to say that i don t recommend this dress it really is so pretty but a different fabric might have worked better more importantly the cut is not right for me an yway the neckline is a little high and the dress starts to flare out from the lower end of your boobs and continues all the way down giving a very wide lower half way too much fabric at the bo ttom looks like a triangle if they done a scoop neck and a shift style it would have been perfection i ve been looking for a nice summer maxi dress and after reading some positive review s i decided to get the dress the fabric is soft and has a nice flow to it however i had to r eturn the dress because the cuff of the sleeve was too tight on my forearm which make it imposs ible for me to raise my arms \r\n\r\ni ordered size petite xxs i loved the print and fabric of t his dress when i first saw it but trying it on was a very different story the photo seems to s how a wider more well defined waist with just a small amount of blousing on top but this wa s not the case yes the waist fit but it is a narrow band that was covered completely by the h anging over of the ill fitting top turning the entire look into a shapeless and very unattracti ve fit sadly this is going right back the dress is not like pictured it is above the knee an d sleeves are neither 3 4 nor full length somewhere in between i am 5 4 112 lbs bought xs reg ular had higher expectations for the price going back to the store everything about this dres s is beautiful except for the hemline the color is beautiful the old fashioned wispy feminini ty is beautiful the dress probably could use something better at the waistline besides elastic maybe ribbons to tie but the hemline is what kills it it is half a normal length dress in the front and half maxi dress in the back the designer should have chosen one or the other not both and it would have been much better for the category of aesthetic design i would i so wan ted to love this top i ordered the blue which is blue and orange i thought the orange would be brighter it is not it is a dull color also i m usually a medium this top fits fine on my shoulders bust 34c but it was huge around the waist making me look a lot larger if this top w ere a bit smaller around the waist i would keep it but it is going back unfortunately this d ress did not work for me like the other reviews i am 5 8 130lbs and the dress looked like a t ent on me size s there was just way too much material at the bottom also while the dress is lined both layers are quite thin not see through but i would not call them substantial either for the cost of the dress and the material it wasn t worth paying more to have it tailored to f it better the model looks awesome in this cute top but on me it looked boxy but was too tight around the chest and was too short for reference i m 5 7 140 lbs and 34c the front is no n stretchy eyelet lace cotton fabric yet the back is stretchy in theory it s pretty but in r

```
ality it doesn t work   at least for me  i think it might work for someone petite with a smalle
r chest  i m petite  and i knew buying this that it would be a big sweater   that is the look th
at is portrayed on the model  the sweater is scratchy  the neck was so big and bulky i had troub
le making it lay right  it looks great on the model here  but not on me  going back  so bummed
the color gray is true to what is shown and it has little  holes  or openings across the shoulde
rs  so there is a tiny bit of detail  overall  not a great sweater  i was very excited to find a
fun and lightweight white dress for spring summer  for the past two years i have found two of my
favorite white dresses  the material that this dress is made out of did not look high quality at
all  the fit looked more like that of an old nightgown  this dress has no shape to it  although
probably comfortable  not flattering  i had high hopes for this dress and wish that it looked li
ke it does in the picture  in person  this skirt runs small because of the stitching around the
hips  the waist fit fine but the hips were very snug  and i m relatively slim in the hips  befor
e i ordered this i noted the other reviews that said it was sheer but thought i would just wear
a layer underneath  unfortunately it was one of the sheerest fabrics i ve ever seen  would love
it if it could have been a more substantial fabric  to me it wasn t worth the money even on sale
what drew me to this shirt was the beautiful silver and gold embroidery on the front  the shirt
was folded at the store  which makes sense because if it were hung it up  fewer people would try
it on  this shirt is sheer from the front and more sheer in the back  this is what bugs me about
so many  clothes  that are made these days  they are so cheaply made  so thin with cloth  that y
ou are forced to layer with a camisole or something else in order to wear it in public  i can t
wear sheer clothes i m 5 6  and it hits me at mid thigh  the top  black camel version  is sheer
enough to need a cami  the waist is quite high  not flattering for me  the empire waist makes me
look a bit pregnant  plus i don t want to deal with having to wear a cami  this dress is so cute
in the photo and fit true to size  but the material is slinky and felt cheap  the stitching was
also poor quality  i am so thankful that retailer will let us order a batch  try on and return i
n store   this went back  i really wanted to like this dress and was encouraged by the positive
reviews  the dress itself was very comfortable but was very unflattering  the top fabric hit my
ribs funny and made me look really wide  i tried these on because the color is really pretty and
fun  and who donse t want a pair of comfy cute pants    but they looked awful on my muscular thi
ghs    i don t think the cut will be falttering on 99  of the population  also  not as comfortab
le as they looked  the crotch seemed a little  low  on me  though the pants were in the correct
size  i wanted to love this jacket  so soft and great color  unfortunately it is just too light
weight  it is almost like shirt fabric  nice heft to the fabric though  nice length   accept the
sleeves were short on me  i am 5 10 and 135lbs  the small was the right size  i was looking for
something slightly warmer to layer  i purchased this for a very good price and i typically love
maeve    should have been a win win  the fabric is thin and slinky in the most unfortunate way
it made finding appropriate undergarments very difficult  i had to add a slip  that helped  and
figured that since i m losing weight  it would look better when i m down a few more pounds  that
being said  i didn t find it to be figure flattering  i have a tummy and there was at least one
photo from the bridal shower i wore this to  where i lo i was surprised at the positive reviews
for this product  its terrible  it cuts you in a weird place to make you look wide  the skirt is
also not like the picture  its darker and heavier  the material isnt great  i had to return  thi
s fit well  but the top was very see through  this never would have worked for me  i m glad i wa
s able to try it on in the store and didn t order it online  with different fabric  it would hav
e been great '

'absolutely wonderful silky and sexy and comfortable love this dress it s sooo pretty i happened to find it in a store and i m glad i did bc i never would have ordered it online bc it s petite i bought a petite and am 5 8 i love the length on me hits just a little below the knee would definitely be a true midi on someone who is truly petite i love love love this jumpsuit it s fun flirty and fabulous every time i wear it i get nothing but great compliments this shirt is very flattering to all due to the adjustable front tie it is the perfect length to wear with leggings and it is sleeveless so it pairs well with any cardigan love this shirt i aded this in my basket at hte last mintue to see what it would look like in person store pick up i went with teh darkler color only because i am so pale hte color is really gorgeous and turns out it mathced everythiing i was trying on with it prefectly it is a little baggy on me and hte xs is hte msallet size bummer no petite i decided to jkeep it though because as i said it matvehd everything my ejans pants and the 3 skirts i waas trying on of which i kept all oops i ordered this in carbon for store pick up and had a ton of stuff as always to try on and used this top to pair skirts and pants everything went with it the color is really nice charcoal with shimmer and went well with pencil skirts flare pants etc my only complaint is it is a bit big sleeves are long and it doesn t go in petite also a bit loose for me but no xxs so i kept it and wil ldecide later since the light color is already sold out in the smallest size i love this dress i usually get an xs but it runs a little snug in bust so i ordered up a size very flattering and feminine with the usual retailer flair for style i m 5 5 and 125 lbs i ordered the s petite to make sure the length wasn t too long i typically wear an xs regular in retailer dresses if you re less busty 34b cup or smaller a s petite will fit you perfectly snug but not tight i love that i could dress it up for a party or down for work i love that the tulle is longer then the fabric underneath this dress is perfection so pretty and flattering more and more i find myself reliant on the reviews written by savvy shoppers before me and for the most past they are right on in their estimation of the product in the case of this dress if it had not been for the reveiws i doubt i would have even tried this the dress is beautifully made lined and reminiscent of the old retailer quality it is lined in the solid periwinkle colored fabric that matches the outer fabric print tts and very form fitting falls just above the knee and does not rid bought the black xs to go under the larkspur midi dress because they didn t bother lining the skirt portion grrrrrrrrrrr \r\nmy stats are 34a 28 29 36 and the xs fit very smoothly around the chest and was flowy around my lower half so i would say it s running big \r\nthe straps are very pretty and it could easily be nightwear too \r\ni m 5 6 and it came to just below my knees this is a nice choice for holiday gatherings i like that the length grazes the knee so it is conservative enough for office related gatherings the size small fit me well i am usually a size 2 4 with a small bust in my opinion it runs small and those with larger busts will definitely have to size up but then perhaps the waist will be too big the problem with this dress is the quality the fabrics are terrible the delicate netting type fabric on the top layer of skirt got stuck in the zip i took these out of the package and wanted them to fit so badly but i could tell before i put them on that they wouldn t these are for an hour glass figure i am more straight up and down the waist was way too small for my body shape and even if i sized up i could tell they would still be tight in the waist and too roomy in the hips for me that said they are really nice sturdy linen like fabric pretty color well made i hope they make someone very happy material and color is nice the leg opening is very large i am 5 1 100 and the length hits me right above my ankle with a leg opening the size of my waist and hem line above my ankle and front pleats to make me fluffy i think you can imagine that it is not a flattering look if you are at least average height or taller this may look good on you took a chance on this blouse and so glad i did i wasn t crazy about how the blouse is photographed on the model i paired it whit white pants and it worked perfectly crisp and clean is how i would describe it launders well fits great drape is perfect wear tucked in or out can t go wrong a flattering super cozy coat will work well for cold dry days and will look good with jeans or a dressier outfit i am 5 5 about 135 and the small fits great i love the look and feel of this tulle dress i was looking for something different but not over the top for new year s eve i m small chested and the top of this dress is form fitting for a flattering look once i steamed the tulle it was perfect i ordered an xsp length was perfect too if this product was in petite i would get the petite the regular is a little long on me but a tailor can do a simple fix on that \r\n\r\nfits nicely i m 5 4 130lb and pregnant so i bough t medium to grow into \r\n\r\nthe tie can be front or back so provides for some nice flexibility on form fitting i m upset because for the price of the dress i thought it was embroidered no that is a print on the fabric i think i cried a little when i opened the box it is still ver pretty i would say it is true to size it is a tad bit big on me but i am very tiny but i can still get away with it the color is vibrant the style is unique skirt portion is pretty poofy i keep going back and forth on it mainly because of the price although the qua

lity is definitely there except i wish it were emb cute little dress fits tts it is a little h
igh waisted good length for my 5 9 height i like the dress i m just not in love with it i do
nt think it looks or feels cheap it appears just as pictured i love this shirt because when i
first saw it i wasn t sure if it was a shirt or dress since it is see through if you wear it l
ike a dress you will need a slip or wear it with leggings i bought a slip wore the tie in the
back and rocked it with white wedges you could also wear it as a vest be careful with the but
tons i haven t had any fall off yet but i feel like they will overall it s great for any occa
sion and it s fun to wear the colors weren t what i expected either the dark blue is much more
vibrant and i just couldn t find anything to really go with it fabric is thick and good quality
has nice weight and movement to it the skirt just wasn t for me in the end i have several of
goodhyouman shirts and i get so many compliments on them especially the one that says forehead
kisses are underrated don t hesitate buy this shirt you won t be sorry this sweater is s
o comfy and classic it balances a quirky hand knit look with a beautiful color and practical f
it it is a bit cropped and boxy as part of the style and as others mentioned there are gaps i
n the knit that make it see through in my opinion this makes it perfect for layering i like ha
ving a longer camisole showing underneath or wearing it over a little dress it s warm but stil
l thin enough to fit under a jacket or coat beautifully made pants and on trend with the flared
crop so much cuter in person love these i never would have given these pants a second look on
line in person they are much cuter the stripes are brighter and the fit more flattering the c
rop has a cute flare which is right on trend this brand has always run small for me i am 5 8 a
bout 140lbs and carry some chubbiness in the belly i paired it with a collarless loose navy bla
zer these pants are even better in person the only downside is that they need to be dry cleaned
this is such a neat dress the color is great and the fabric is super soft i am tall so the lon
g length was an added bonus it definitely needs something underneath since the front gaps i am
going to pair it with a funky tank top necklaces and boots super cute wouldn t have given th
em a second look but tried them on in store of a whim love love this is a comfortable skirt
that can span seasons easily while not the most exciting design it is a good work skirt that c

ut it is really sheer light fabric i like it but be prepared for considering who you might ru
n into if you walk around the house in it second it is large i ordered the size 0 and it s a
nice oversized fit for my 5 3 125 pounds i wouldn t want to go larger along with being sheer
the fabric is easily stretched which i don t mind in this case finally the color it looks wh
ite on my monitor and shows a colorful blue dot tried this on today at my local retailer and had
to have it it is so comfortable and flattering it s too bad the picture online has the model t
ucking it into the skirt because you can t see the ruching across the front a little dressier a
lternative to a plain tee and reasonably priced for retailer 5 8 and i generally wear a 6 th
e small fit well will probably be back for the black i bought this item from online the fit
on the model looked a little loose but when i got mine it seemed a bit tight so i took it back
to the store ordered a larger size for the sale price this is a great top i love this top i
wear it all the time the problem is that you can tell i wear it all the time as the fabric has
started to fade i d still recommend it as it is so comfortable very comfortable material is
good cut out on sleeves flattering this sweater is perfect for fall it s roomy warm super c
omfy and the color really pops really cute top the embroidery on the collar bib of this top
is beautiful and unique received lots of compliments questions about where i got it i m rath
er busty up top and the medium fit well a small probably would ve fit better but it s still sup
er adorable this is a cute top that can transition easily from summer to fall it fits well ni
ce print and it s comfortable i tried this on in the store but did not purchase it because the
color washed me out this is not the best color for a blonde would look much better on a brunet
te if this was in a different color i most likely would have purchased it i absolutely love th

is bib tee it s probably my favorite retailer purchase of all time i m 5 7 140 pounds and th
e small was a perfect fit for me i typically wear either a s or m tops love the color and styl
e but material snags easily very soft and comfortable the shirt has an unusual asymmetrical s
eam that appears along the front right hand side of the garment the model is positioned so th
at you can t see this detail from the picture i attached a picture that includes the front seam
i actually like the seam it creates more visual interest and adds a little bit of ruching tha
t helps hide my belly the cowl neck is very well done there are two layers that form the cowl
and i ve found that it means wardrobe malfun nice top armholes are a bit oversized but as an ol
der woman i m picky about that the print is pretty and unusual it just didn t look great on m
e there s a slight peplum in the back that hangs nicely it s a lightweight tee fabric that s o
paque i tried it on with a black bra which was barely visible great for warmer climates but th
ere are so many gorgeous tops out now that i decided to return since summer is winding down i
do recommend this is an adorable top that i find to be extremely comfortable i don t usually b
uy prints but this one is so feminine and looks great with dark wash jeans i am a 36d and the m
edium was a perfect fit i got this in the petite length size o and it fit just right i like
that i didn t have to have it altered in the length can wear with flats with plenty of clearanc
e to the floor from the bottom hem my only beef with the design is the height of the waist i p
ersonally think that the elastic waistband looks cheap and really needs to be concealed with a
belt yet because it sits so high literally right under the bustline it s a tricky one to pull
off i have a wide belt that sort of does th i ve been looking for bralettes that provide some s
upport but not binding tight for night time and casual wear this is a light weight bra could b
e a little more supportive pretty color with nice lines only downside is the retailer tag on
the back itchy i need to remove it this dress is simply beautiful and stunning it is so fi
gure flattering and i can t wait to wear it size small worked for me and since i m tall it fel
l right to my ankle which is perfect for me i could not be happier with the purchase and the ke
yhole in the back is a beautiful detail i recently got this on sale after looking at it forever
on my wish list i m so happy with it its very comfortable and just long enough for my torso 5
3 the pattern on the front is very flattering very comfortable shirt light weight top with l
ovely floral colors great for spring summer with white jeans love everything one september mak
es loved this top and was really happy to find it on sale beautiful top but delicate i wore
it to school and the straps on my backpack caused some pilling other than that it is beautiful
and vibrant just make sure you aren t doing wearing anything that will rub it continuously sinc
e the fabric is delicate just received this in the mail tried it on and am smitten i m usually
a l but sometimes i m a xl if no stretch in retailer tops i bought this one in l and i m su
re glad i did very flowy stretchy and comfortable i also bought the meda lace top from one se
ptember and they are very similar expect this is more of a t shirt and the other is more of a bl
ouse i almost think i could ve gotten a m in this because there is a lot of extra fabric at the
chest which is usually never the issue for me love this top i kept eyeing it online and waverin
g on size since my post baby body is a little wonky i went with the xsp and miraculously it
works perfectly so i would say it does run just a little large i love the length and usu
ally do not go with petite sizes at retailer because i like the longer lengths of the regular b
ut this is perfect on me and there is give up top so it looks lovely and it is very soft and
comfortable this will be a go to top this season this top is so cute but it is massively baby
doll shaped a line which is not apparent from the pictures i measured the xs i have and the
chest is about 42 and sweep is over 70 i would definitely keep this top if it hung straighter
the craftsmanship is lovely and fabric is so natural and handwoven looking i m thinking about a
sking my tailor if she can take the sides in but that might ruin it as the fabric layout is cut
and proportioned to this swing style i have a short torso and this works well for me 34c boug
ht the 0 there s not much stretch to the fabric so it is fitted to my chest but not in an unco
mfortable way definitely doesn t hang and have extra fabric like on the model \r\n\r\nzipper g
oes almost all the way down to the bottom so it s easier to get on and off which makes up for th
e lack of stretch n the fabric \r\n\r\nunlike another reviewer i found it went really well with
navy pants and i wore it to a business meeting under a blazer wi i love this top it is loose a
nd comfortable it is not sheer so you don t need a cami it runs a little large so size down if
you want a more tailored fit 1 criticism it catches on sharp jewelry or belts and can pull if
you are not careful i passed up this dress so many times in the store and finally tried it on t
oday because i wanted a casual dress while traveling in the cape i was surprised how much cuter
it is on than on hanger i sized down to get a more fitting look and really made a difference fo
r me in style i was not a fan of the way it looked so loose on model it looks really cute fitt
ed and a bit sexy even it is lined and very comfy and can be dressed up a but for work with a c
ardi i believe i will get a lot of wear i am so drawn to baby doll and boxy shirts so i immedia
tely tried this on in the store i am petite and only 5 2 so usually shirts with a lot of fabr

ic swallow me whole but this one was still cute there is a lot more fabric than the picture let
s on but i think it is still super cute and flattering i would definitely check the size chart
and read comments to see if someone with your same size description has recommended a specific s
ize for your body type i am petite and weigh about 110 lbs i would have loved this dress if the
bust and waist were just a little more fitted i am 32c and the top was too big fit perfectly o
n hips the lace material means it cannot be easily altered so i chose to return the dress i w
ould have definitely kept it if it were a better fit i usually size up with this brand small w
as perfect for me at 135lbs this top has a luxurious but casual feel and beautiful i am obsess
ed and want to wear it everyday it wears a little long and drapey but a little tight where it r
olls up in the arms this dress is adorable it s a perfect casual look for summer and the qual
ity is nice with the lining though still overpriced in my opinion the tie detail is somewhat
adjustable and i found my normal size s to fit fine 5 7 128 where this gets me is the fact
that it s dry clean totally doesn t make sense for a dress that is essentially a fancy tshirt
for summer i might bring it back for that alone since i originally planned to wear it a lot
i am usually a petite 6 but since this dress did not come in petites i tried on 4 and it fit i
m 5 1 112lbs so dress hit rt below knee will have it hemmed up a bit do not so overwhelming
\n\nthis dress looks stunning on great vibrant color i have dark hair makes this classic ele

his spring for my daughte loved this top great design comfortable and unique soft material th
e rest of the reviewers are right about the color being in accurately pictured i ordered the da
rk orange color and i recieved more of a dark cedar brown colored jacket the print is great i
love it it s so different than any other jackets ive seen while the jacket is ã¼ber cute it i
s a bit bulky though the waist tie helps with that and its not heavy winter appropriate it s
not waterproof or heavily insulated for your average winter day though it will be a fun optio
n the removable v i purchased this top in an antro store last week the quality is wonderful an
d the greenish blue color is very unique the blouse has a beautiful stretchy camsiole that is a
ttached at the shoulders but can be removed by snaps i tooks great when worn two different way
s i wore it with the campole out and it peeks through the blouse at the bottom it also looks
great when the camisole is worn in my only wish is that it would come in a petite size as it s
a touch big at the shoulders and neckli i received this shirt in my typical xs and it fits perfe
ctly i m not crazy in love with it but i also don t dislike the shirt is on the thin side do
i need to wear a cami underneath it no my concern is holes it does remind me of a material th
at could develop some holes after some wear and washes with that being said i ll wash this shir
t in cold water and hang dry and hopefully that will prevent holes from developing the length i
s fine and i do like the slits in front it adds a little dim i tried this on from the sale secti
on and they only had a 2 i usually do 0 and surprisingly that size was the right fit it is
fitted with just enough room to eat \r\nte blue is a light blue almost neutral with the w
hite embroidery i think it looked stylish and decided to keep it the peplum part hit just in
the right spot i am short petite but my torso is normal size i debated n that as i think i
t looks loose on the model but if i was to tighten it it looks a lot more flattering i trie
d on the xs in the store i usually do that to decide if i need petite and it looked huge whe
n we pinched the back to see if xxs would work it was a lot of fabric and looser didn t look a
s good on me but i like the dress overall so still recommend and for those who like the loo
ser look this is great i would however order eptite for 5 1 5 115 lbs 03 dd che i bought
this top online in the burnt orange color and was so excited to get it when i tried it on the
fit was fine but it just lacked something the back was a little bit too long the front was a
little bit too short and it lacked the overall tailored look that i was after gorgeous fabric a
nd top but not for me i wanted something more for 150 bought the velvet tunic instead i l
ove cute summer dresses and this one especially because it is made out of linen is unique it
is very well made with a design that is quite flattering i am 5 foot 6 and a little curvy with
a 38 c bust and i got a size 10 it fits well although it is difficult to zip up because the mat
erial has no give the perfect dress to wear to italy or france now i just have to book my tick
ets this top is so much prettier in real life than it is on the model the pattern and texture
are both lovely and the peplum is surprisingly flattering it is definitely on the short side
but i think that gives it a modern look the fabric does not stretch at all but i still think i
t fits tts if you have a very large chest you may want to go up a size but otherwise i would o
rder your normal size nan nan this shirt caught my eye because of how beautiful it was i love
the shape design and and the color it s perfect for spring and summer with some white pants
unfortunately i don t see any possibilities for this shirt to be worn any other way so far it
doesn t work with any of my jeans skirts or shorts i usually prefer items with more versatili
ty for outfits so i m still on the fence if i m going to keep it or not with that aside it se

riously is a great quality shirt with a beautiful purchased this top online and when i received it was very pleased \r\nit has and elegant cut and yet is a casual fabric \r\nlove that the slee ves run longer ads to the overall look \r\nalso loved the v neckline enhances the f eel of the overall style \r\nwith various necklaces this top has limitless options \r\nthe color states moss which i usually think of as greenish brown i found it to be more of a taupe \r\nwould have liked it to have a green tones however it is still a fantastic f nan at first i wasn t sure about it the neckline is much lower and wavy than i thought but after wearing it it really is comfortable it stretches a lot so i wear a cami underneath so when i lean forward i m not showing the world my torso i find that this brand can be a little bit all over the plac e with sizes had i tried this on in person i may have bought it in a small instead of a m desp ite being a bit big it still looks great and hides my flaws well i bought a m in another shirt from them the seamed scoop neck and that shirt was a full 2 inches smaller in the bust than th is just something to keep in mind still a great shirt love the neutral color this top is abs olutely stunning i purchased the white one just received and it fits nicely a little on the bi g side but i believe it looks better that way this will look great with everything it is well constructed and looks very unique love it i bought this lovely silk velvet shirt in the quot sky quot color but it is more on the teal blue side than sky blue which disappointed me it is definitely darker than appears in photo still a luxurious well made beauty with sassy appeal i t drapes like a snake slithering down your body it comes with attitude was so excited to order this beautiful shirt and the color sky is gorgeous but as another reviewer said it runs sma ll it was also way too short so sadly i will be returning this i gave it 5 stars because i t is beautiful and great quality it just didn t fit me i ordered ivory in xl because this bran d tends to run tight if you re well endowed it s a beautiful color and i love the contrasting p laid lining the inside of the collar and cuffs haven t decided about keeping it because it look s oversized but cozy and it s really long it almost touches the top of my knees in back sooo oo pretty though the shirt is exactly as it is pictured i have the burnt orange color and love it i received numerous compliments both paired with jeans and tucked into a fun skirt it fits true to size as i normally wear a small in all retailer however it is the slightest bit tight i n the shoulders i would give this top a 5 5 perfect dress for hot humid sticky weather i di dn t end up keeping this dress it just wasn t right for me it is very cute and fit well but t he fabric was very thin partially lined which is a plus and the hem line coming up on the side s made it just too short for me i ordered the petite xs and liked the length in front and back well but the side slit vent was just too high for my liking the tie part hit at the perfect spo t for me at only 5 4 118 i guess i just didn t love it and would rather save my funds fo r something i ca i read the first review on this and ordered both a small and a medium as i thou ght this would run small i have to totally disagree with the reviewer i find that this top run s true to size or even generous the sky color is so pretty and this top can be dressed up with some nice heels and a necklace or it can be comfy casual i usually wear a small in hh brand and this one was true to fit 5 2 broad shoulders 120 lb this dress is comfortable and stylish a t the same time it runs true to size i m 5 1 113 lbs and got the xs petite wore it once so f ar for a few hours and got a few compliments on it this one totally worked for me love the col or length and style prior reviewer nailed it with the summary of this dress it definitely ne eds heels i m 5 4 120 34d and this is a size 36 i usually wear a size s or 4 with most ret ailer stuff this is the perfect summer dress it can be dressed up or down the quality of the linen fabric is very nice i m 5 1 and it hit right below my knees i found it to run true to s ize those with a smaller bust might want to go down a size but the tie in the front can be adj usted it s lovely the color is perfect for fall and into winter only the inside collar on the photo shows the subtle plaid lining the lining was an unexpected bonus and adds even more dime nsion to the shirt if the sleeves are turned up \r\nthe fit is true to size and the stressed v elvet fabric is current for this season \r\ni m going to enjoy wearing this shirt the perfect s triped t shirt and the cute little buttons down the front are a wonderful accent with each one being different i love it great look and you can wear this vest with almost everything i nor mally wear a small but they only had mediums and it fit fine i like it tied this will stay in my closet all year round it does look like it will wrinkle easily but that doesn t bother me a must buy this is a great pull over dress that can easily be dressed to wear to work to a bb q or to happy hour i have a large chest which sometimes makes this fit look like a tent but th is fabric drapes nicely the only thing i would note is the neckline was slightly higher on me t han for the model after reading the previous reviews i ordered a size larger i am so glad i d id it it fits perfectly i am 5 4 115 32dd and went with the s regular so beautiful i can t wait to wear it like others reviewers mentioned on here this dress is extremely well made but there were too many cons for me as well this would most certainly work on a petite shorter fra me but for tall busty and curvier girls it just sits wrong on all places unfortunately the

color is lovely along with the nice collar that ties in the back really made this dress stand ou
t \n\nhowever i m a 36c and found that the arm shoulder part so large and bulky that is made me
look bigger on top there was entirel i read the previous reviews and had hoped that the exclama
tions about the color being inaccurate were exaggerated however they are sadly very true let m
e be clear that this is a beautiful comfortable piece of clothing when you put it on it feels
thick and of very good quality and while the pattern is interesting and pretty the dark orang
e color i was expecting is actually a mud brown i think it s unfortunate that retailer misrepr
esented such a key element of the jacket but i digress the this coat is beautiful i love the
color and the design it definitely runs a little large i usually wear a small or a zero and i
can wear a small wth a large sweater underneath no problem i might have wanted an extra small b
ut i just stuck with the small because i needed the coat already the vest keeps it warm but th
e sleeves aren t lined so it s cold unless you have a nice sweater underneath it if you re going
to be in cold weather nice vest pretty olive color hangs nice but its just kinda funny jus

reen that goes great with jeans or black pants a great piece for polished but casual style and

ue natural waist it would get that fifth star but sometimes i wear petite sizes so that might
be the issue here still looks good tied i received the sky color in m online am definetly k
eeping it as it is beautiful however i wish they had made it a little less wide and more long
i am 5 3 and could totally size down to a s but even at my height it would be too short i like
crop tops and waist hitting tops a lot but the shortness on this one just looks like it shrunk
in the dryer i am obsessed with peplum down coats because the ones you usually see have no shape
and are extremely unflattering i was excited for this to arrive this is quite nice and it look
s more feminine than the other down coats out there the coat itself runs just true to my shirt
size but not what i want for a coat i will be returning this for a size up because i will want
to wear a sweater or at least maybe a thicker shirt under this especially for winter or fall th

f my favorite pieces in my closet can be styled 20 different ways pair with a higher end tee
tank denim jacket or body hugging sweater i sized down perfect for work or going out i layer
ed this with the reversible tank in medium pink so it would be work appropriate it did not feel
scratchy to me maybe because i layered it great buy especially with the discounts feel like i
lucked out it s a pretty top but it runs very short the back is also pretty see through so i
m not sure i will keep it it s called off the shoulder but it is so tight when you try and actu
ally wear it off the shoulder great design just not sure i will keep it due to length nan ii m
not usually big on lace but this is so unique and versatile that i went for it looks good dress

ed up w a nice top or casual w a tee can be worn practically all year love it the stylist had me try this top on off the shoulders but that was kind of snug perhaps why it didn t fit right it is not off the shoulders on this picture the cut is loose so it looked big on me but going smaller would not have worked the way i had it on may give it another try on xs was big so would need to try the xxs next time but off the shoulders looked nice on the lady who was small er built next to me \r\n\r\ncolors are nice light but appropriate for fall or summer light fabri some reviewers found this skirt to be on the smaller side but for me it was big too b ad the smaller size is sold out well all peittes are sold out the length is also pretty long below the knee but in the narrow part still so able to keep it the colors are great i broug ht it in the store to try on in front fo the stylists adn they all loved it and told me to keep it winner for sure i purchased this skirt at retailer store in texas i fell in love since i saw it the fabric is nice and the colors are pretty and cheerful for this spring summer and it has pockets on the sides don t we love pockets very practical and lightweight this is a ver y pretty skirt and the colors are better in real life sizing was mostly true to size for me sl ightly tight in the waist but i have a thicker waist compared to my hips i m 5 7 and 138 and o rdered a size 4 i usually size up to a 6 with retailer pencil skirts a 6 probably would have fit as well especially in the waist but didn t want it too big in the hips length was perfect to my knees this skirt is wonderful the price point seems a bit high for the average office ga l but the quality is impeccable i really enjoy looking at myself in the mirror when wearing th is skirt it can be dressed up dressed down worn during all seasons the design pattern is art sy and whimsical without being too out there unless you want it to be of course the fit i s true to size and the delicate details are just lovely like other reviewers noted the pics d on t do this skirt justice it is truly beautiful with an intricate lace pattern and rich colors can t wait to wear this to work love this skirt the detail is amazing runs small i ordered a 12 i m usually a 10 but still a little snug the top as with most of ap s tops is well stitched material is very uncomfortable if you have large bust it is a little divulging this may prompt you to wear something underneath to look modest and change the shape of the top i love the meta llic colors of this top and figured i could wear it under a ruched jacket and circle skirt for w ork welp that s out the window this design is poor for one this is not a piece for a petite woman with no torso and i don t know how anyone with a longer torso wears t his this hits above my belly botton on and i got apetite 2 i have no torso so without a jacket i would never wea r this it s very low cut the back is very low it s a little loose but i run between a 2 and a 4 this top is so much better in person i do not agree with some of the other reviews about the fabric being scratchy it is not and i have sensitive skin i love this top and have got lots of compliments this is a lovely pencil skirt that is well made and really brightens a work day li ke a lot skirts with multiple colors a lot of tops feel like they should match but you have to try a few that really work with the skirt and your look to get the right impact i saw this top online and read the reviews so i passed when i went into the store when i went in again i thoug ht i would give it a try so glad i did it fits great and is way way prettier in person i en ded up buying it and so glad i did this is a very pretty top with vibrant metallic colors i w ould be perfect for a holiday party or going out to dinner it wasn t as scratchy as i thought i t would be based on the reviews however it ran a little big i m 5 3 and about 130 pounds and i almost always wear a size 6 but the six was too big i d recommend sizing down it was also l ower cut than i thought it would be showed a lot of cleavage i m a 34d so it s not work app ropriate love everything about this beautiful coat except the way it fits on me it is just perfect in the shoulders but once it flares out at the bottom i look like a clown costume if i size down it will not fit in my shoulders perhaps a tailor can install buckles that match th e neckline buckle to the sides of the coat to fold in the flare on another note the buckle at the neckline feels very hard and fake not sure if it s real leather my usual size 6 fits perfe ctly yes the metallic fibers on the inside are scratchy a cami solves that problem when ord ering i realized i cld not go strapless wld have to wear a one of my wider strap cami s in na vy or black to cover the bra strap area it was obvious some sort of cover up swtr or jacket w b needed wld cover the strap area anyway so i also ordered the faux fur cardi in the ivory t o wear over this top it s a shrug like cardi w 3 4 slvs comes in the plum also if you the onl ine picture does not do this skirt justice it s very pretty and unique in design i think it sh ould be worn with a tighter shirt that is tucked in unlike the picture this is truly a pretty p encil skirt i bought this and like other reviews agree that the quality probably could be bett er but i still love it enough to keep the buckle fell apart but i was able to fix it and the zipper seems a little weak it has pilled but the fabric is textured so i didn t even notice u ntil i read the other reviews and then looked back at my jacket it is a perfect medium coat fo r 40 s 50 s before i am ready to bust out my ugly down north face for winter i get complimen ts every time i wear it love i bought a petite size 2 i am 5 3 111 lb it fit perfect w

was expecting but that ll be fine with our hot summers got the navy striped one very pretty an
d extremely soft washes well i do wear an tank underneath though bc the armholes are slightly

d this is a perfect top for accentuating the good and masking the negative i purchased the pink
color and it is a gorgeous peachy pink a much deeper color than what is portrayed in the pictu
re i found it true to size typically i wear a medium or large depending on the structure and
the medium fit well a little more fitted on top and looser around the waist i came back to buy
another in the ivory but alas it is loved the green color the cut is super flattering but ala

good i love the fabric and color i bought the green one my only complaint is that the base i

it was a bit longer than anticipated but fit well dress ran very large in every way beautiful

wing style it still shows my waist and doesn t overpower me it is also a lovely fabric esp
ecially in the soft pink which i got i m thinking of going back for more colors i bought this
shirt in the neutral and white and love it so many people compliment it i usually pair it with
white pants and cute wedges to dress it up obviously with a statement necklace too but the gr
eatest thing about this shirt is the fact that you can also dress it down the material is fabul

that the unlike the other reviewers i did not have any problem with the sizing fit or length o

t just the other reviewers it runs small in the waist throwing off the dimension of the skirt
i ended up getting the 0 despite the fact that it was tighter in the waist because the 2 at this
length with my height and amount of material became overwhelming on me it would have looked b

already worn this several times it is very flattering lightweight and easy to wear dressy bu
t also very soft and comfortable very pretty fabric and beautiful color but i agree with the o
ther reviewer here the fit is a bit strange the waist is very small need to size up at least
one size for that to fit while the rest fits nicely it s also a little longer than i had expe
cted sort of looks like it should be a couple inches shorter and i m 5 11 i was so excite
d about the arrival of my maza dress much to my surprise the material was not has structured as
i thought it would be from the photos the fit was very tight and did not fall as nicely as i an
ticipated because i loved the classic design i decided to give it another chance so i returned
it for the next size up and fell in love the open sleeve was a nice surprise with a touch if el

its me perfectly looks pretty much on me as in the pic love plaid cotton blend tops anyways
ruffles adorable i m not too big on that but do love this look when i first removed this t
op from the packaging it had an odd smoky like odor but it s the dye i think after hanging i
t for a few days the smell disappeared i have in mind to wear w the pilcr this dress makes you
feel like a bohemian goddess falls in the right area and absolutely adorable the dress is ve
ry fragile handle with care this is my new favorite top looks and fits as described last min
ute i needed a family friendly top for a chilly night so i tried on a couple of flowy sweaters
at retailer and this was the keeper while i found other styles a bit too boxy or bulky for my s
hort torso this has a nice a line shape that gave me a slim profile while still being forgiving

plus the detail up top is feminine and i liked not having fabric piled up around my neck i am u
sually a small but wanted this to fit like the model so i sized up to a medium and voila i am a
model just love all the colors in this skirt and that i can wear it with a tee and flat sandals
or a black jacket and heels easy piece to wear many ways great quality too this tunic trumped
any other i have seen this season the style with the delicate open stitchwork around the upper
chest gave it quite a feminine appeal i especially love the weight of the fabric being on the l
ight side won t have to worry about hot flashes like when wearing a thicker fabric it s warm w
ithout being bulky and to top it off it was on sale and i was able to grab two colors this tu
nic is also age appropriate and flattering for most anyone extraordinary to say the least i ne

flattering light weight and unique i ve received a handful of compliments while wearing this d
ress i am 5 6 150 lbs hourglass figure and typically purchase a small or medium 8 10 and c
hose a small for this dress i d say it s still loose on me which is what i prefer the scoop n
eck and cut out allows you wear a normal bra however i ve noticed i m more comfortable wearing
a camisole or s the inseam is advertised as 28 but they are more like 38 i was hoping they w
ere for short people but they are for someone with very long legs event in my tallest heels i
d have to get them hemmed just a warning to my short friends out there the quality fit look
was great but way way way too long i love paige brand pants they are soft comfortable and fo
rgiving i love these and want them badly the are still tight all the way to the knee and then
go out into a flattering flare it is difficult to find the perfect fit on something like this an
d paige has done a wonderful job for my body \n\nmy store does not carry petite so i tried these
on in regular length they were significantly too long for me 5 3 probably 3 4 inches to long
i am hoping for a sale so i can buy them in petite for this top is really pretty and nice qualit
y runs big i went down a size and its perfect coloring is more subtle in person than in the
photo so i love pilcro i wear them all the time and usually size down because they grow afte
r wearing them i tried on my usual size in these and felt like they are too tight not sure if
they will get any looser the material feels really good lightweight and the stripes are subtle
but cute not sure if i ll keep them or maybe size up this is a cute top with jeans for spring
and summer or warmer climates very fresh and airy the fabric hangs nicely and although it is
lightweight it is not too thin or see through ii does not get overly wrinkled either the styl
e is flattering for most body types and it can be dressed up or down the v neck is just right
not too deep that you feel like you are showing too much cleavage but deep enough to be feminin
e and slimming i normally wear a size s in retailer tops and blouses petite pants hsould be abl
e to fit short peple but a 32 inch inseam on pants with buttons at the nottom can t even gegt
them hemmed what a bummer my inseam is 27 inchess so i would need a 5 inch heel otherwise g
orgeous and waiat fits true to size thighs a bit snug for musclea but stretchy enough to fit
thinking about keeping them but have to find big plaform heeks i tried on the petite size in
my usual xs adn i actually have to go down to xxs i looked overtaken by the shirt i m 5 2 an
d 115lbs \n\ncut is flowy and not close to the body sleeves are narrower but still ok with ath
letic built \n\ncolor light one is great for gals with darker complexion and hair but for my p
ale self the darker one was better but can t go wrong i ordered both colors and liked both
of them \n\nruffle is a great addition too i tried these on on a whim because i liked the shi
rt that they were displayed with in the store and was surprised how much i liked them they are
a great lighter weight alternative to the pilcro hyphen chino great for hot days of summer \r\n
the subtle vertical stripes go with everything and help elongate the leg overall a really flatt
ering cut the waist is not too low and does not create muffin top these jeans i tried these o
n in addition to the high rise paige denim and these won out hands down classic flattering fi
t from mother with an element of edginess with the frayed hem these are long enough on me i m
5 5 to cuff at the ankle if i don t want a distressed look on a particular day they are sligh

ves and thighs but someone who does not could likely size down and be happy with the a i ordere
d this top in my usual size and am exchanging it for one size smaller \r\nit runs very generous
and so the sizing is a little off \r\nthe style and quality are beautiful so i am anxious to re
ceive the smaller size the blush stripes are subtle but they definitely give elongating effect
to your legs \r\n\r\nvery comfortable pair of crop pants but my calves are definitely feeling ti

nd lace arms are a little longer while the body of the sweatshirt is a little shorter than expe

s at the store said that if i ordered the size up it might be a little longer in the body but
that the arms and shoulders would have been the biggest change the material isn t too thick so
it s a nice lighter layer for fall spring really love it ordered these online and they fit per

fectly i was looking for lightweight pants for hot and humid summer days and this pair is exact
ly what i needed the striped pattern is cute and adds some color i went ahead and ordered a si
ze up based on previous reviews but i should have ordered my own size as they re a bit loose a
round the waist the pants are adorable and the pinstripes very flattering so i definitely reco
mmend them i really want to love this shirt but the small is just way too big on me for refer
ence i m a 32d which is why i didn t want to size down much more than a small 5 6 and 125 a
nd i m drowning in this i m going to try it with different bottoms and ultimately will keep it
because i do love the quality just size down a couple of sizes love pilcro love the stripes
and the length but this particular pair of capris crops are super tight fitting i went up a s
ize from my usual and still felt tight i guess its just the cut fabric combo i wanted it to be
a slightly less form fitting feel may work for you however this is exactly what i was e
xpecting cute comfortable and casual there are some gold sequins in the scroll work that i di
dn t see online they are super pretty in person i tried these on in the store and they are su
per cute but run small i typically wear a size 25 i m 5 5 and 108 lbs and they were too ti
ght for me i like the fabric and the cut i think they d be great one size up my store didn t
have them really nice substantial fully lined sweater coat i love the structured look and t
he faux leather piping around the zipper and the pockets quality seems to be very good it runs
true to size maybe slightly on the small side especially for larger hips busts so if you are
in between sizes go up i chose small and it s just right i wouldn t be able to zip around my
hips with xsmall besides the price which is why i dropped one star i cannot really find any f
ault in this sweater coat nan really pretty but runs at least a full size small i love these
pants i have worn them a number of times already this season i am 5 so i did have to have the
m hemmed i lost the bottom button in the process but there are still 3 or 4 on the pants so i d
on t think they look odd i also wear very high boots with these pants so that helps a crisp wh
ite blouse and black leather jacket and i felt like a million bucks i love this tunic the natur
al color is just that this is a tunic so the fit is a little large i kept it and had it altere
d because i really do love this top these cropped pants are very light weight and super cute th
ey seem to run just a bit small i sized up one size from my usual and don t seem to stretch so
a size larger than you generally take may be necessary the thin pin stripe design is very light
in color so they are quite versatile i have this dress on today in white and i am coming back t
o buy the second color even though pink is not my favorite great comfy casual dress that pairs
well with a variety of shoes and jewelry to dress it up highly recommend for summer size down
i love this item it goes perfect with leggings but if you are typically a small you would need
to order an extra small and so forth hopefully once i wash this it will shrink some cute swin
g top that would be flattering on most i love the print on the white color and it s so soft do
esn t wrinkle easy but it does run big i m usually a s in retailer but i was drowning in it s
o size down i purchased this top in a regular small and surprisingly it fits me very well i
m 5 2 34b 26 waist 36 hips the hem falls about two inches longer than shown on the model
i like the v neck the most because the ruffles are not too much and it s not too low cut i pur
chased the white color because i think the pattern is unique and it s brighter for spring summer
i think skinny jeans and ankle boots or wedges would make the look very stylish by the way the
fabric is super soft but not w this skirt is really beautiful but i agree with the other review
ers it runs very small i m typically an 8 or 10 if i get a 10 there is usually a bit of room
in the item i decided to get a 10 in this skirt just in case i got it zipped but would have t
rouble breathing as the evening wore on the pockets are wonderful and the fabric is weighty and
really lovely from the picture i wasn t sure how it would fit got in the mail and i love it f
its snug when you first put it on and get looser as you wear it definitely should of gotten a l
arge i was hesitant to purchase this coat because of the price and when i received it i have t
o admit i was a little disappointed with the quality of the coat the sleeves are made out of a
soft felted material but i can see this pilling easily other than that the silhouette of the c
oat is perfect not too boxy it s also not too heavy so that you can wear it through fall and
into the first months of winter i love it this top is very cute got it in the lighter color
the fit is great and it will go with many things if size medium were not out of stock in the bl
ue color i would have purchased that one also this is a perfect jacket over any shirt tee or
dress jacket is well made and goes with anything i ordered this dress in both colors the peac
h color is so beautiful in person i m planning to wear this dress for our rehearsal dinner at t
he end of the summer if i can hold off until then definitely worth the price nan this dress i
s incredible i saw a sales girl wearing it in my local retailer and loved it i bought it in th
e navy color it s gorgeous in person very bright vibrant colors i am 5 9 34 c bra 27 inch wa
ist and the s was quite big on my waist i kept it anyway because the xs has been sold out and
got it taken in a bit i wore it while vacationing in mexico and it definitely turned heads if
you re thinking about buying this dress do it you won t regret it love the look and quality o

f this jacket i amp 39 d say it fits true to size but it is way too short for me i amp 39 m just under 6 amp 39 tall wish these came in tall sizes i really love the front of this shir t however the back of the shirt is more of a jersey material so it doesn t seem to match the f ront of the shirt i still wear it and it looks cute but it threw me off a bit at first absolu tely love this dress fits true to size and makes anyone look fabulous i liked the color of this top but i didn t really like the ruffled stitching around the middle it looks like someone just tacked on the bottom half i bought this for my daughter and she likes it i think it is comfort able and a good top to knock around in per other reviewers i sized up from a small to a medium and the jacket fits me just right with room for layers it is short cropped but i like where it hits me and is versatile for jeans and dresses i have alst year s version a dn they are esse ntially the smae minus some leather parts removed this jacket is great the back si a little shorter so it goes so well with peplum tops an ddresses with higher waists without looking big ger from the back when the hem is longer and hits where the skirt aprts bulge out i love hte d arker color i wish it came is super dark rinse \n\ni usually buy petites but i never tired o n the eptite in this jacket i am holding myself back to order this on bought both colors in x s and soooooo glad i did this dress is absolutely gorgeous in either color will have do to the nice quality and wear very stylish for a looooooong time \r\n\r\na must have for the summe r comfy sweatshirt with fun polka dot details soft and not baggy a little on the shorter side so i think i will layer a lace cami underneath and it will look even prettier i m 5 7 14 0 pounds with an athletic hourglass shape 32dd i bought the 2 which equates to a medium sin ce i wanted it a little looser being a sweatshirt i m normally an retailer small but i don t th ink that would have worked in this case as it would have been too fitted great comfy weekend p iece i could wear this every day it is stylish and comfortable pretty top love the color and the large ruffle makes it great for layering or with a pretty necklace love this top \nit is a full swing top but the slightly shorter length balances out the fullness perfectly \ni have be en wearing it with a contrasting fitted cami and get tons of compliments \nlove both colors and having fun wearing them \nand after one washing the fullness is softer and looks like the pic \n runs true to size and in the arms slightly tight so i went with my usual med and fits perfect \nif you have issues with sleeve size would recommend going up a size otherwise very true to si ze the styling of this top is really cute it fits perfectly on the shoulders and gets bigger at the hem for the baby doll look my biggest complaint is the quality it s really cheap and feels like the quality i would expect to see at a cheap retailer it catches lint like crazy and becau se the hem is just a pearl edge it curls really badly i buy quite a bit from here and this is the worst quality item i have seen in a long time not worth the if paying full price love love love this dress it is very slimming it hugs you without really touching you leaving the tie and a few buttons open gives it more of a casual feel i m 5 3 130 with a 32dd bust i usua lly wear small in retailer cloth and stone running horses the small fit me fine but with no room for layers underneath the small was very snug would be perfect for california evenings b ut i live in the north east the medium still has a great shape on me still fitted at the wais t 27inches but enough room to wear a light sweater or flannel under the medium still also lo oks great over my maxi dress this dress is gorgeous i love it i bought it to wear to a july wedding i got the navy and it is so fresh and crisp in color the sizing is on spot i slipped it on and it was comfortable easy and stylish i am 5 7 and typically xs it falls exactly as portrayed in the online photos it is lined in the skirt and the top is stretch jersey in the be st weight i am in love this shirt is one of my favorite retailer purchases ever it is well ma de and is perfect for work or the weekend the first time i wore it i received so many complime nts i want to live in this sweatshirt it s so comfy but also well cut and lays nicely not bo xy at all i m typically a 10 12 or l in tops and the 3 is roomy without looking sloppy i liked this top even though it was a definite swing style i ended up altering it to remove some of t he fullness \r\nlooks great with jeans as well as black pants for a dressier look very soft and comfortable fabric wish it was just a little bit longer after missing out on last year s simil ar dress i am so glad i finally purchased this one it is beautiful in person i bought to wear to a wedding but i am curious if others think it might be too white i bought the peach color i will keep this dress no matter what hope they come out with more next season i read the revi ews and because this jacket is pilcro i took a chance i was thrilled when i rceived this jacket darker color of denim with weathered edges i absolutely love it don t let it get away great j ean jackets are hard to come by love this denim jacket also have it in white the reason i did n t give it 5 stars all around is the distressing is just a bit too much none on the back which is kind of strange i d love it even more if it wasn t distressed at all then it could be dres sed up much more for work but overall it s my favorite great fit and a bit of stretch so very comfy please make this in some other denim colors the cut is brilliant the wash is subtle the weight of the denim is sturdy but not stuff and the stretch is just right love it the perfect

staple a scarf in the fall and rolled sleeves in the spring love it the bit of stretch in the denim makes it less stiff than traditional denim i love these i m between a 29 and 30 and as t he 30s were sold out i had to go with the 29s they fit well as expected very nice fabric goo d design have to wear a short shirt or one tucked in fabric has a bit of stretch which is also nice i ve been looking at this jacket on line and finally went to the store to try it on i rea lly liked the styling but the denim was quite stiff i d prefer a softer kind of fabric i wonde r if it would soften if it was washed also it ran surprisingly small i usually take an xsmall or small but the small didn t leave me enough room to comfortably bend my arms the medium worke d better i wonder how others feel about the fabric and and the sizing i think i ll wait and se e if this one goes on sal i lost my favorite denim jacket on a trip a few years ago and haven t found one i really liked again until now great quality just heavy enough but not too heavy just stretchy enough but not too stretchy great color design no complaints i read the other r eviews and was happy to have ordered one size larger than my normal i typically take a small bu t the medium in this is perfect it is possible i actually like this jacket better than the one i lost several years ago which is a big endo beautiful colors and silhouette i got the navy the skirt is lined and flows wonderfully when you walk i ve gotten a ton of compliments on it i m 5 9 and the high hem falls a few inches below my knee and the low hem falls to my ankles i love these culottes and i think they will be everywhere this coming spring summer the high waist is perfect and looks great with shorter shirts or tucked in the denim is high quality and a nice medium dark color i m glad i listened to the other reviewers i ordered a large instead of my usual medium it s roomy enough for a sweater underneath i love the denim it s very soft and has some stretch my other denim jackets are stiff even after years of washing i also love the darker denim nan i m 5 4 125 lbs ordered small fits perfect super soft denim love the c olor love the worn in feel this dress is stunning vibrant colors and flirty feel to it i got t he small and i am a 34b 27 pants 132 lbs great fit i only question two things am i tall enou gh to pull off the extra fabric in the back and what the heck do you where for a bra those two considerations are why i didn t give it 5 stars i have been searching for the perfect denim jac ket and this it i love the darker color more modern day less 80s it runs a little small i am always either a s or xs at retailer lately their clothes seem to be running a little bigger s o i have been an xs in most tops when i order online i never know which size to get i ordered an xs however it was very tight in the arms and across the shoulders i wanted to be able to ro ll the sleeves up so i returned it for a s and it fits great i was i have received so many com pliments it s my favorite i wore this dress for the first time yesterday i have never receiv ed so many compliments on a dress before several people even stopped me in the streets of nyc t o tell me how beautiful this dress was \r\nit is an absolute must have i love the pattern on th is jacket and enjoy the bell shape a fun jacket to through on and add quick style to a skinny p ants i love this little jean jacket i am petite and usually get a xxsp but went for a size u p i m glad i did it fits a little snug the color is true to the photo and the material is a m edium to heavy denim the arm length in the petite size is perfect for me i love this over ma xi dresses tanks etc adorable jacket great buy this dress first caught my eye online d ue to the price i resisted then i saw in store and tried on i decided to hold off for a sale but my will was getting thin once i saw it start to sell out online i had to take the plunge i knew this dress was a must have it is super flattering and comfy the best of both worlds i m small chested so both the s and m fit but the seam on the s fit a bit higher which was more flattering on me so s is what i got it can be dressed up or slightly down i love this blouse i just bought it recently and have yet to wear it out other than trying it on this blouse looke d very nice on me which can be challenging i don t live near an retailer so i have to order onl ine exclusively i have larger hips 135lbs 5 6 and finding flattering tops can be tough some times they look amazing online and then once i try them on they just don t look right some shi rts have a tendency to accentuate my hips too much making me look shorter this top looked great a first i ordered a m i m normally a 8 10 the m was too small so i returned and ordered a lg the lg fits great but there is a huge area of distressing on the shoulder that will turn into a hole i love this jacket but cannot keep it in its condition hopefully i will make it to the st ore soon there are none w in an hour of me and look before i buy i purchased the navy color o f this dress not only did it look good but felt good as well since it is for a wedding i als o purchased a white crochet cropped sweater to wear over as well making the perfect dress for the mother of the groom could not have been happier this top looks pretty much like it does no t the model the sleeves are a nice length and are not too tight the fabric is light weight bu t not see through it does not wrinkle a lot i ve gotten several compliments on it and it goes with lots of different bottoms and will work under jackets too the v neck is pretty deep but d oesn t show so much cleavage that you couldn t wear it to work i purchased the floral patterned version and get complimented every time i wear it i found it to be pretty true to size even af

s really beautiful and the cutout details are really pretty so many of retailer s sweaters are
enormous but this one fits tts \r\n\r\nmy one complaint is that the bottom white part wrinkles
really easily my daughter and i both purchased this vest at an retailer store this vest is so
flattering on and is so much cuter in person than in the online picture it is chic and stylish
and will definitely be a staple for fall and winter this is a great piece to help ease on in to
the chillier days of fall and winter it s versatile i can see myself wearing it with plain sho

are slightly unfinished and have a frayed effect to them this may not even be noticeable if you
re not looking right up close for me this adds to the unique quality i just got this dress in
the mail today and it is even better in person the description didn t give as much information
as i wanted so i m going to be very detailed in this review i did take off one star for quality

d basic design that will pair with many pieces but i decided to wait because of the price i m
sure i would get a lot of use out of this top but ultimately it didn t thrill me enough to make
it my top priority purchase i bought a sweater that was on sale instead still a very nice top
i may buy it eventually especially if it goes on sale nan i bought this in a petite size s aft
er trying on the regular size in the store it was a good move because the proportions in length
and width are more flattering the pattern is busy but works well with patterns in the same colo
r group it has no finished seams on any edge but that makes it drape nicely it is a soft soft
fabric almost fleece like but not plush i love how soft the sweater materials is and that the
built in layer piece falls so nicely i purchased a small in black and have already worn it with
jeans and heels for a dinner and with cropped work pants for the office the bottom piece does w

everything about it i ve been looking for the perfect work appropriate lace dress for a casual
creative work environment for a while and this was just the ticket the pointed collar and dem

just to tone done the cutesy factor a tiny bit more although the sleeves worn long are absolu

t pretty nonetheless i m 5 5 125 and th comfy cozy and a bit on the big size even for an over
sized piece order a size down even if you want a boxier look unsure how the fabric will hold

ve received lots of compliments on this sweater i love this top it s design is very pretty and
like nothing that i have i think this top runs true to size i m usually an xs s in tops and i
went with the s for this one and it fits great i will say that the top layer of material will s

e and beautiful the knit itself is of mid to thicker weight so definitely appropriate for wint
er fall and cooler spring days i bought my normal size small and felt like it had more of a s
lub fit than pictured in the model shot it was wider down the torso and a little shorter not

tunic length like picture i m 5 7 with a longer torso and this hit maybe mid bum and i really like the appearance of this item and it looks pleasing with many different styles of leggings it does run a little large i am a true to size small and this hangs on me a little but i lo ve the design of the back it is so soft and comfortable ordered this dress online and i love it i was looking for an understated but fun new years dress and this was exactly what i was loo king for the only minor qualm i had about the dress was that the velvet dots that hit where the seams met made the dress look puffier than it should some parts around the waist but for the mo st part the dress fit very well and was very flattering may just need a little bit of ironing i am 5 9 and usually am more conscious of how things fit around my hips and i saw this online b ut it never struck me as something i would wear however after seeing it in the store it really caught my eye with its detailing so i tried it on what a great decision because it is so much more beautiful in person and very soft and warm it s a perfect winter sweater to start the new year i am 5 7 138 lbs and the medium fit perfectly though it s a little shorter on me than shown in the photos if your hips are bigger than a size 6 us you can t fully close this robe t he model must be wearing the larger of the two sizes to have such a nice oversized fit the fabr ic is soft and lux and amazing but the weird dart in the back and the closure is right over my sadly size 8 hips and butt if i was taller and thinner i would have kept this and worn it every day like the reviewers before me this dress runs small in the rib cage i normally take a 12 a nd am a 32b the max size that this dress comes in is a 12 so i could only order a 12 it just f it but that is because i am a smaller 12 on the top there is no wiggle room in the dress \r\n \r\nthat being said it is a really cute style and shape rather like a 50 s style dress if you will with a sexy back i am curvy on the bottom and this dress hides the flaws there for sure h owever because it is a fulle i should have exchanged it for a smaller size but i wanted to wea r it so my mistake i tend to wear size 12 14 and the large is entirely too big it also had p iling right out of the bag but it is just so soft that i tore the tag off and wore it anyway i f you get this size down for sure great fit no bagging and sagging and they fit true to size very cute for reference i 39 m 5 39 2 115 lbs and take a 26p they look just like they do o n the model i highly recommend just tried layered sadie top and it felt so nice on good han d feel for both materials but note that the knit on top is a little too delicate for machine was h but can be hand washed this item is definitely vanity sized i m 5 1 113lbs and the xs loo ked nothing like how it does on the model it was flowy as depicted but it came down much lower on me and looked a little maternity esque highly recommend because it s gorgeous and well made but i would definitely come in and try it out for you the length is perfect the cut of the heml ine makes it off the charts cute i love it w ghillie type flats or booties pair w a big warm s weater or a sleek turtleneck and watch heads turn as you enter the room i promise love this skirt nan this dress is beautifully constructed it is very fitted and does run on the small si de it will be a perfect derby dress the lace is lovely and the pearl buttons are great touch age appropriate for anyone a very \r\npretty dress simple classic and gorgeous i got this to p to wear with shorts as the color goes with a lot of different prints the quality is excellent this top runs very large as in three 3 sizes too large for the record i am a 34 25 35 and or dered my regular size the xs and this top makes me like i m pregnant with twins also the layer ing looks nothing like it does on the model it looks sloppy unkept and a general i think this would still be great for ladies who are bigger in the chest and waist otherwise it just doesn t wor the color is a very soft peach and the knit top over the gauze is a very light summer weig ht knit i can see this being worn casual or dressed up with a statement necklace and nice skir t pants i bought the dress that has the cream skirt with large flowers i wore it for a weddi ng and was not only very comfortable with the pockets and the cotton top i looked good i got a lot of compliments on the outfit people thought it was a shirt and blouse rather than a dress i loved the high low skirt the sizing was accurate and the dress is easy to clean soft comfor table stylish i eagerly awaited the arrival of this beautiful sweater and was not disappointed the sizing was accurate for a perfect fit and i love the feminine detailing and shape of the nec klne the ribbons add an extra touch of style to a sweater that is both casual and elegant at th e same time very versatile this is my first pair of mcguire jeans and i like the fabric and f it thank goodness for petite sizing these 32p fit just right on my hips with no gap between the waistband and my body fits through thigh and hips and pretty slim all the way down nice stretch of course the proof will be after wearing a few times and washing i will update my review if i do not like them so much after that adorable sweater with a loose knit that helps s lim down my man back appearance cut is tapered to the body but with a soft flare at the bottom hem not clingy very soft fabric doesn t accentuate bulges so i am happy about it s forgiving s ilhouette i walked into retailer with low hopes of finding a dress for a friend s spring weddin g as a lot of this season s dresses are more casual but was drawn to this pretty number for mu ltiple reasons it can certainly be dressed up or down depending upon accessories the fabric fe

immediately went to the store to try on it took three sales asscoaites to help me zip the dress
but once it was on it was beautiful the bodice fits really nicely true to size there was extr
a fabric around the waist bust nothing that made the fit look weird love love love wearing f
or christmas eve i got he green color with gray accent stitching looks awesome with gray tone
leggings super soft definitely runs a little big 5 6 140 lbs i ordered the small but not in
an unflattering way love this tunic it s super comfy cute i have in cream and love so much
i ordered in mint looks great with jeans and boots i thought this dress was worth reviewing sin
ce my opinion differs from many others \ni agree that the fabric is quite thin compared to what
you may be used to with byron lars dresses but the flattering fit and quality has a nice built
in slip i found to be what you may expect from the brand if you go in thinking it s more of a
spring summer dress you will not be disappointed \nhowever i find the sizing to be slightly of
f i usually wear a 2p i m 5 2 or a 0 regular \ni ordered several size i really love this la
ce up shirt but i only liked it in black on me i like it open like the model is wearing it bu
t i had to have it a little more closed because the lace part does go down a ways and i felt lik
e i was revealing a little too much i would likely wear it open but then have to pair it with
a cami underneath to feel comfortable i absolutely love the whole outfit as pictured and also
reviewed the polka dot pants i wish the laces were a little longer than they are if you have i
love this blouse it s super comfy looks awesome with jeans this blouse runs true to size i pu
rchased in my normal size small i fell in love with this dress when i saw it online and due to
the slim fit i ordered a size up a 2 petite up from my normal 0 petite when i received it
i was surprised about two things 1 the material was kind of puffy not bad just weird and 2
it was too big on top rare for a petite size even though it fit everywhere else i wanted to
love it but had to return would be gorgeous for someone else i was hesitant based on the revi
ews but i m glad i ordered this dress in blue the material is like a french dot texture that
is soft but still a bit structured i had no issues with the fit it s appropriately just a litt
le oversized the styling is very mod great feature perfect lacing do not need to worry tha
t it is too low since there is material behind the bottom of the lacing like 3 4 length sleeve
gives top the right proportion i purchased this jacket in green x small a while back and wasn
t 100 sure about it due to the size i m 5 3 117 lbs and a 33a and thought it was a little sn
ug so i tried on the small and that was way too big so i kept the xs i have worn it a few times
and it does look great however i can only wear thin tops with it recently i purchased the black
x small and this i love it s looser then the green so i can get away with thicker tops \r\ni d
o recommend both jackets they are pricey for what i love this dress i mean it si really pretty
in person however the breast area is just too small i can t wear a bra with it and my old
er breasts just droop not flattering they are barely covered i am a bit disappointed at th
at but if you are smaller up there i say give it a try i am 115 lbs 26 5 ion waist 30dd a
nd xs petite was great everywhere but chest \r\n\r\ncolors and fabric are great i love that the
different colors are different types of fabric too bad i love the lace up design and bought
the red xsp fabric is a bit thin and mediocre quality but over all happy with purchase wish t
his top came in navy and white as well even a navy white stripe would be a fun option too than
ks you for offering this top in a petite size nan i got this shirt in the mail today and was
really excited to try it on other reviewers said that it ran large so i ordered a size down and
it fit perfect i looked in the mirror and noticed the ruffles were misaligned and obviously so
i want to exchange it in the store but seeing that the size is not longer available online i m
not really sure i ll find another one in my size i love this jacket over a dress it s snug fit
ting so can t wear anything bulky under it but super stylish and comfy stretchy material it s
a bit pricey but i get a lot of wear out of it so worth it to me i m 5 1 and 110 lbs i ordere
d this in a xsp and i could barely zip it up and when i did i couldn t breathe i tried again
and ordered a sp and it s perfect now i just need somewhere to wear it beautiful shirt hits m
e a little higher i m not sure i m going to keep it just because i have something similar but i
ts a beautiful top i m 5 6 and carrying a little extra baby weight right now so i m an 8 10 in
stead of my usual 6 8 i ordered an 8 and it fit well i love this blouse because it s great for
work with cardigan over it and great for going out with skirt pants or jeans it is tts and ve
ry flattering light weight and comfortable i happened upon this in my local store despite the
fact that it is an online exclusive i love finding returns so i can see them in person i loved

the soft colors right away my hesitation was the standup collar but it actually folds down just fine and gives the vest lapels too it also looks nice belted left slightly open i usually wea r small or xs in tops and the small fits nicely it doesn t need to close since there are no bui lt in fasteners i will wear it with a long button down shirt o i found this to fit tts i somet imes wear petite but found the petite sizing to be a little off i have a pretty short torso b ut found the petite to be too short i opted for the regular sizing and got a 6 it fits great this top is great for work styled with a cardigan or blazer or for play i can see it dressing up or down very easily i ordered the mustard yellow in 10 and found the shirt to fit true to si ze it works great with a skirt and with jeans but i did need to wear it with high rise jeans ot herwise it came right to the top of my normal jeans and i didn t want to risk showing any skin a t work \r\n\r\nthe color is amazing and looks good with just about any color bottom so there is a lot of room to have fun with the top \r\n\r\nbeing larger on top the ruffles did not bother m e at all but rather act like an accessory i find i just tried this top in red in xs and i thi nk it s cute it s fairly fitted in my opinion the sleeves are pretty snug but there s stretch to them i was fine with the fabric and the size xs i m 105 lbs 34aa even though sometimes i fit better in xspetite the only downside is that the washing instructions say to remove the tie before machine washing and i guess that put me off a little the idea of re lacing it every tim e so i haven t yet bought it the red is vibrant tomato red and the the cut of this shirt is lovely and well thought out the opening for the arm are not too big like some other shirts i l iked the material and the melon salmon color which i ordered was more vibrant in person this d oes run large so i wished i had ordered one size down 5 6 113lbs purchased size small in rich navy so soft and comfy and i like that the cuffs help the pants not ride even during sleep i like that the fit is slim but not constricting on legs as all my yoga pants tested this at my l ocal vinyasa class and it held up without making me too hot and i sweat a lot \n\nmy biggest c omplaint is that the fabric pills right out of the packaging actually their tag says the fabric does this and over time will continue to do this more and more because of i great looking jacket with attitude the color is more like a faded black or deep charcoal grey i m usually a large p etite but this is snug in the chest luckily it s a knit so i can make it work by zipping it par tway and leaving the top half open these jeans are so cute they are perfect for petites too i am fit look way younger than my age and get so many compliments when i wear these jeans i m i m 5 2 115 libs and they definitely fit tight in a good way just like the photo pretty much t hey are not small like the white mother ankle fray jeans for sale on the site now those definit ely run smaller so these are true to size with a tight fit i live in los angeles and this is th e perfect beginning of fall jacket i ve worn it with dresses and with jeans definitely has eno ugh extra room to slip a hoodie or small seater on underneath when it gets colder it s soft and stylish the only downside is that the pockets aren t really deep enough to put anything in i r eally like this top it s super cute perfect for a football game or fairly casual event the m aterial is ribbed and is thick enough that you can t see through i purchased this top in red an d initially in petite but ended up returning it for the regular size i love this top nice tee true red 3 4 sleeves lacing is a nice touch good quality and great sale price feminine and lo vely flutters indeed i am on the fence i ordered in a petite had to size down and somethin g about bust and arm holes not completely right given the light and airiness of this tank it do es not seem right to have to wear a camisole underneath which is what it would need for work wea r very nice casual inexpensive shirt and the laced neckline is great not too revealing and easily worn tied \r\nwithout looking prudish and of course open as well when i ordered this li ttle jacket i knew i would like it upon arrival i fell in love it is a little edgy with leathe r detailing and with stretch in all the right places the crop is super flattering appeared onl ine to be a bit more of a sweatshirt material but it has so much structure and holds its shape i m usually an xs for most retailer dresses and shirts i ordered up per other reviews and got a small the small fits comfortably around my waist the chest area is not made for large chests my 34ds were barely contained sad to say i won t be keeping the dress the layers fabric and colors are truly pretty but the design fit is disappointing i got this shirt in red and black both colors vibrant and material of shirt is nice cotton blend will get lots of use from both s hirts this is the most flattering shirt love the fit and color this vest is very warm and sof t it is actually a fleece that almost appears as wool the plaid is beautiful a pretty soft pin k with the black and charcoal colors i ordered a size large and the fit is okay an xl would ha ve been too big under the arms and in the bust area however i would have liked it a little loos er in the bottom half i kept the large as there is no closure to the vest it just hangs open i love this shirt so much that i ve now bought it in 2 colors the olive green and the red pr obably would have bought it in black too if i didn t already have enough black shirts it s both a plain and simple tee but with the fun lace up detail at the neckline that keeps it from being boring \n\nit runs true to size but is very fitted however due to the thickness of the materia

l i didn t feel like any unflattering bumps or lumps were being highlighted despite how close
the shirt fit to my don t try this on if you don t plan to buy it it feels amazing i bought
the black and it is a lovely charcoal color and matches so much i like the lace up trend but m
ost designs are too revealing this shirt is super sexy but not immodest i bought it in black
and am now buying another color to me the fabric feels soft and thick very nice nan i have t
hese pants in navy and they re amazing i cuff the hem in half and they look like joggers they
re ridiculously comfortable and tts but are not very thick so i m pretty sure ivory would be see
through especially if you wear them during practice i got this top in navy and i love it it s
loose and flowy and comfortable yet dressy enough to wear for work or dress down with jeans
i m 5 4 125lbs and the 6 was a bit large on me i could ve sized down a little but i actually
liked the loose fit and the length was long enough to tuck in if i wanted to definitely recomm
end i purchased the navy in this top and i really like the design and the style for the price
i believe the navy is on sale my issue is that i do have to wear either a camisole or a little
bralette or bandeau or something under it because it is too low cut in the front on me and the a
rm holes are ridiculously large i might have been better off sizing down but i bought it onlin
e so i just decided to live with it pretty top though i do think it runs large great shirt
the neckline is super flattering the fabric has some weight to it right now i am in a fat sta
ge and it still looked good it will look even better without the midriff bulge i bought the
shirt in black i m thinking of ordering it in red it s that good this is a great shirt that
goes with everything it s super sexy and i have to say the girls look great in it i bought
the black first and went back for the green the quality of the shirt is great not cheap and n
o smell at least not in my experience like was mentioned by another reviewer i can t say eno
ugh about how cute this shirt is i purchased this blouse because i love a 70 s vibe in my tops
it is a beautiful colorful top but the colors weren t flattering on me having said that the
cut is nice the fabric is lightweight and flows nicely and the fit was fine on me i am a curv

e i think the picture is an accurate depiction ordered this in white it is really nice and se
xy but very body hugging and unforgiving perhaps it is my large stomach but it hugs a bit too
much for my liking yet i think overall the design is very nice so i am keeping it and hoping i
can lose some weight in my tum this is one of those you have to try it on to appreciate the lov
ely unique design it is a very unique flowing romantic piece it is sheer and i would wear a
nude camisole underneath i am normally a size small and bought a size 2 i tried on a 6 in the
store just to see what it looked like fell in love with the look and the retailer associate rec
ommended i buy a size 2 love it i got to try this on today and i really like it the fabric i
s a normal t shirt kind of fabric i was hoping it would have been kind of special and the v ne
ck in the front does go down a ways so that some cleavage is showing i would feel comfortable w
earing it as is outside of work but would have to pair it with a cami if i would going to wear
it to work normally i am not a huge fan of v neck in the back and it drives me crazy thanks ca

e with this top is soo pretty with a cool edge \r\nit looks and feels like really good quality
this dress is flattering in all the right places it has a gorgeous skirt with a comfortable fo
rm fitting top it provides just the right amount of coverage i love it so much i bought it in
two colors i simply love this jacket it s comfortable soft and has a relaxed fit that is easy
to wear i wish i had bought mine while it was on sale i love this top it s easily both day an
d night worthy with a splash of sexiness in a front peek a boo design lovely embossed design al
l over this bra is extremely comfortable and surprisingly supportive considering the lack of pa
dding or firm material it also runs large i love this sweater dress and get compliments every
time i wear it i bought the navy in size xs the pattern and colors are just fun and youthful
although you don t have to be young to look good in this dress the dress is fitted but the ski
rt flares making it flattering if you have hips like me the material is not too heavy so you c
an wear this 3 seasons fall winter spring as other reviews have mentioned the dress is short
i am 5 9 so it does hit well above my knees this isn t an is extremely flattering an easy dre
ss to wear good choice for both day and evening i took a chance and tried on this jacket today
at the store at first i was worried that it might look boxy on me but as soon as i put it on i
t was love at first sight it s so cute and very comfy the sleeves are slightly long on me but
that s been a recurrent issue regarding all my jackets i m only 5 3 about 124 lbs and it fit
me very well because it s a bit cropped it makes me look taller glad the weather is starting
to warm up so i can find more excuses to wear it i didn t need anoth bought this in an xs and i

liked the style of the skirt it was long enough to wear to work \r\nhowever the waist was too
large and would not stay up on my waist returned i ordered this top in the solid navy the qua
lity seemed very good and my overall impression was favorable what i liked was that the top st
ayed off the shoulders even when i was moving so many of the on trend cold shoulder tops simp
ly do not stay put with even the slightest movement unfortunately this top ran quite a bit lar
ge if you are in between sizes i definitely recommend sizing down i ve not seen the printed
floral option but the dark navy is lovely and looks chic with white bo i tried on the usual xs
in the patterned style and it fit really nicely the colors are very nice in person vibrant t
eh cut is flatering and gives a nice definition at the waist i also love the lace up neck detail
ing the sleeves flutter out and will give a bit more volume if i would change something that
would be it i would make the sleeves more fitter or perhaps shirter with the flutter i am 115
lbs for reference i had it on my wish list for a long time not sure whether i should purchas
e i even hesitated when it went on sale but boy am i glad i did order it it is crazy comfo
rtable flattering and love that it looks black but is blue i ordered both xs and xs p and d
ecided to go with the petite as it will look super cute in the fall with boots not too short i
am 5 foot 1 5 the fake leather part concerned me at first but i like it now nothing bad
ot say about it i tried this on in store and since my usual size 6 wasn t available i tried on
a 4 it was a little snug in the upper sleeves and shoulders but was lovely otherwise i passed
on it and waited for it to go on sale to order it online i got it in my usual size 6 but it see
med to me like it was 2 sizes bigger than the 4 i have decided to keep it but i just wasn t thr
illed with the fit i agree that this blouse is boxy but because it s not too long in length it
evens it out any longer or shorter would make it look too boxy it s great for work to dinner d
uring the week goes great with jeans too soft cotton in very stylish yet simple style regret
tably i listened to reviews that said it ran tts and ended up w a baggy long one that won t wor
k even if i shrink it that will teach me always order multiple sizes i ordered this dress in
size xl in the grey red yellow combination i love everything about this dress it s comfortable
the colors are cheerful the proportions of where the stripes are placed works but i have to r
eturn this dress it s too short for what i m comfortable wearing i saw from the photos that th
is comes mid thigh on the taller models i hoped that would mean it would be more knee length fo
r me unfortunately it s just too short and i d feel self conscious i don t want to deal i had
to order this blouse since it is named after the town i live in it does not disappoint the flo
wers are so pretty and it has great style there is a little piece in the neckline so it is not
too revealing the sleeves are loose and cover the bra strap underneath the back has a little b
it of elastic so it does not look like a maternity shirt and it gives you some shape i can t wa
it for it to warm up and to wear this perfect trans top skinnies or boyfriend and booties l
ove the mixed prints this top reminds me of the special tops i got once upon a time when ret
ailer adopted a more curatorial approach to their store this is a beautifully made top quite
dramatic but comfortable i ve received many compliments each time i ve worn it it has wonderfu
l drapery and movement this blouse is so pretty and well made it will be a new favorite with d
ark jeans and boots it is very boho and a lovely blouse to feel dressed up a bit on a jeans day
loose in a flattering way it does not look like a maternity top very happy i love the layere
d look of this jacket i got it in navy which matches everything i think it s a little on the l
arge side for me i ordered a small i m 5 2 130 lbs super comfortable the inner layer is ver
y soft once you wash it the outside is soft too i ve already worn mine several times happy
i really wanted to love this dress but it was so short i m only 5 6 so i don t consider mysel
f really tall but the dress only came a couple of inches lower than my butt way too short for
me my husband asked if it was a shirt or dress haha but i think this would look adorable on so
meone a few inches shorter or someone younger who can pull of a short shirt nan i ordered si
ze small and medium because i can go either way depending on brands and both look great there
is no significant difference except medium fell about 1 inch longer i am 5 4 and size small he
m fell about 1 above knee size medium felt tab bit more loose but i thought fabric may stretch
a bit after wear so i m keeping size small what a beautiful dress although the body of dress i
s jersey material it is lined so there is good coverage i tend to not like faux leather sinc
e they there s enough room for a small family to live under the chest and trunk area of the b
louse sorry had to say that all kidding aside since it s been thirty plus years ago since we w
ere wearing these many of us have forgotten what peasant blouses truly fit like this is no exc
eption it is very billowy flouncy and roomy more so even than today s peasant styles i think
it is lovely and quite fitted across the chest so that s how i ordered my size and it worked i
think if one sizes down this top is so pretty and feminine the different floral patterns work v
ery well together and add an interesting flare to this unique blouse the fit is very comfortabl
e yet still very flattering due to the empire waist and flared sleeves the fit is true to size
i usually wear a size medium or 10 in retailer tops and the size 10 fit quite nicely this top i

s a great addition to any spring wardrobe and should transition nicely into summer as well very cute very comfortable for me aesthetics and comfort must go hand in hand this dress fits the bill i really like the style of this top and it s delicate but well made but i wish it were l onger and less boxy it s nice that it comes with a separate cami to layer but the cami is very cropped when i raise my arms you can see a lot of midriff and the top is see through so a laye r underneath is necessary a longer cami probably wouldn t work because the top is also very sh ort i m 5 0 with an average torso length and ordered the xxs petite also you would have to cut the tag off if you d this is a pretty top that is conservative enough for the office with a modest neckline there is a little hidden snap or button under the bow at the neck so you don t have to keep fussing with the tie the fit is loose in the waist and high at the neck so the she er parts are the only thing to give it a little flirtiness there is a matching camisole underne ath that snaps in at the shoulders overall i thought it was nice when i tried it at the store but it didn t have enough extra wow to ge very comfortable and versatile got lots of complime nts is not a place i want to be even if the style of a sweater is great yes this sweater is very cropped but i think it amp 39 s definitely intended to be worn off the shoulder to drop t he waist a bit it amp 39 s the itchiness that makes it an immediate amp quot no amp quot a nd that amp 39 s coming from someone who has serious fiber itch tolerance the combination of v intage and bohemian styles seems as if it would be flattering on all figure types and i love th e combination of smaller and larger prints the only thing i didn t like is that on the blouse i received placement of the larger print on the bodice is asymmetrical unlike the photo it mig ht not bother some customers but it wasn t what i was expecting so i ordered a new one i may keep it even if the second one is off because other than that small thing i think the top wou love the fabric lace on this top like other reviews said the arm area is tight where the lace meets the fabric which makes the fit uncomfortable sadly this top is going back if you have ve ry skinny upper arms this top will fit fine this dress is really cute in person however it di d not fit me like it does the model in the pic at all first of all i m 5 feet 1 and it was wayy y too short on me i didn t have the petit on either i had the regular xs it just hits a coup le of inches too short for me i am 50 it would be adorable if i were more comfortable in short er dresses i wear short things a lot but this was just too high on me it was probably a good 8 inches above my knee also it flared too dramatically at the wa saw this online and had to try it on when i found it in the store i usually wear an 8 or a 10 depending on how things run i m a 34 dd so i tried on both sizes i really could not see much of a difference between the tw o and was torn as to which size to get the 10 was just a tad looser so i went with that one bu t seriously i could not find or feel much of a difference it is a very figure flattering top a nd a plus that you can machine wash it simply awesome this knit dress is very comfortable i l iked the various colors used in the stripes my only issue with it is that the skirt of the dre ss flares out oddly and is quite short in my opinion this dress with its sturdy fabric and lo ng sleeves would appear more proportional with a longer skirt skirt length along with horizon tal stripes just did not work for me regrettably i sent it back love love this dress fits so great i normally wouldn t have picked this dress more preppy than my normal style fits amazin g my hubby has complimented me more on this dress than anything else i ve ever owned the fit flare style is super flattering i felt it fit tts this is one of my absolute favorites the des ign is perfect and the fabric is so beautiful i don t love the coral color but the mixed patt ern is amazing it runs a little large i sized down one size and it fit perfectly it s very fl owy and comfortable it s these unique special designs that end of being my favorite retailer p urchases i ve gotten so many compliments very highly recommend beautiful colors especially t he pink i am 5 3 and about 124 lb i got the small petite but am thinking of exchanging it for the regular xs not only is it short hem wise which i don t really mind but it is short in the waist very pretty and good fabric i love the style of this top i just wish there were a slimm er version of it unfortunately this top doesn t suit my long slim midsection it is so wide it completely hides the waist i think it would look adorable on a different body type this dre ss caught my eye because i don t have anything like it i wear between a m l and preferred the large in this dress because i have a large bust i usually wear a 10 in slacks and 12 in tops i love the lace on this dress because it looks very delicate in the picture but it is very heavy a nd well sewn onto the fabric it is durable while still looking elegant i also like that it is in navy and not black it is also nicely lined i plan on wearing a colorful scarf with this dre ss a beautiful combination of eyelet with a soft fabric which lays beautifully this does not m ake you look bigger then you are and i kept tts so the eyelet did not pull mine fits perfectly i personally will wear a cami under it as it is a bit sheer for me it has an almost peacock pri nt to it in colors of brown and tan the black buttons down the back adds interest and charm ju st adore it this dress looks great on me it gives a slender appearance which hides a lot and i t s easy and comfortable to wear overall gorgeous blouse very flattering i love the sleeves

very unique and also flattering i love how the blouse is a fit and flare from the bust it s fi
tted at the bust but not tight and drapes with an a line style the fit of this blouse is trul
y flattering to the figure no issues with inappropriate amounts of cleavage showing or anything
the ties are weighted on the end with metal tubes which i really like because it makes the stri
ngs drape nicely the back drapes beautifully i fe nan i first saw this jacket hanging at the s
tore and it didn t look very cute i saw it again on sale so i decided to try it on i m so glad
i did the inside gray material is so soft i have broad shoulders and this jacket did not hinde
r my arms at all it is very comfortable i bought the x small and was very surprised at how roo
my it was the sleeves are a tad bit long but the gray inner lining has an elastic cuff so it ca
n be pushed up not sure if the xx small would ve been too small or if the good quality material
i got size 10 which is a little too big size 8 would probably be better very pretty feminine
top a little too full in the waist skirt area for me the tag sale is an opportunity to take a
second look at items that i may have overlooked earlier to pick up something fun at a good pric
e i found this dress in two colors in my size in the store i took my usual xxsp at 32 24 5 32
length is perfect just above the knee and the top is flattering with not too much fabric in th
e skirt overall this is a really cute staple dress looking forward to wearing it in the sprin
g larger busted ladies size up it is meant to be fitted in the t i absolutely love everything
about this dress it can be dressed up or down no complaints the horizontal lines on the skirt
and top gives the wearer and very nice dress i am short so i got the 6 petite and it fits perfe
ctly the fabric is thick and stretchy this is a great top to pair with jeans to step a casual
night up a notch nan slouchy relaxed fit well sewn together and hangs well on the body bottom
hem hits upper thigh good length and soft easy fabric light layering option as well good spr
ing jacket can be kept on indoors without getting too hot the colors are more vibrant than the
photo indicates indeed though the dress is very short and does pair well with leggings and bo
ots \n\ni like that the dress highlights my hour glass figure but with a generous nod to my cur
ves with the accommodating skater skirt \n\nlove it will be easy to wear casually and work appr
opriate too the sale price was a huge bonus top of the line very well made and on sale to bo
ot i love the style and received a compliment from my sister when i wore it i love the layered
look perfect little summer tunic that is very flattering paired with a skirt jeans or cropped
black pants this top is perfect the cut in the front is not overly deep so a cami is not nece
ssary i am usually a l or xl or 12 in retailer tops and i have a 10 in this top so it is sized
slightly larger than usual this shirt is really pretty but the sleeves are so small i normally
wear between a 4 to a 6 or a size medium and i could not get this shirt on i wish it fit but a
size large would have been way to long and loose i love this dress because its very playful and
bouncy it puts me in a light hearted mood when i wear it i originally wanted to buy the grey c
olor but my store only had the navy so i tried it on the navy is brighter and more colorful th
an it looks on line and the stripes are more varied in color than in the picture so its quite
appealing and vibrant the lines of the dress are also quite flattering all in all its a fun d
ress this blouse fit better than i expected looks great with jeans and is an easy go to top t
his dress is so comfortable and i love the unique faux leather skirt and lace design it really
adds a special touch to the dress i only gave it four stars because the top half is pretty bori
ng i wish the neckline wasn t so matronly i ll definitely need a bib necklace or scarf to dre
ss it up i m 5 5 and 115 and ordered the xs i wish the dress cut in a little more at the side
s to accentuate an hourglass figure also my husband loved it nan i love this top not sure if
i would picked it up in the store i received it as a gift from my husband kudos to him as it w
as a great choice i love that the sheerness and lace make me feel a little sexy but the long sl
eeves and camisole offer the modesty i tend to crave really beautiful and can be worn either wi
th jeans or a dressier skinny pant for a night out hd in paris never fails to please with their
aesthetic and quality this top is great for spring it s super light and can be dressed up or d
own depending on what you re wearing it for fits true to size and is great quality i ve admire
d the various iterations of this dress and finally found one in the sale room much to my deligh
t i m generally a sale shopper so this doesn t mean i didn t think it was priced well i have
the oatmeal top with yellow gold orange pattern on the skirt in xs the small fits comfortably u
p top but on my petite frame the top just looked too big so i went with xs i suppose the str
aps are a bit confusing but their easy to figure out if you just look at them for a moment befo
re puttin this dress is comfortable as well as flattering which does not happen very often \nlo
oks good with navy tights too love love love this jacket great spring and fall weather very
stylish nan based on some reviews i decided to get the regular xs even tho i am an xs petite
5 2 107 lb 32c i found the fit to be flattering fitted enough but not too loose or tight
the length is perfect and work appropriate and the material has some weight to it the grey one
is colorful and cute the only problem is the bagginess of the arms very unflattering if i p
ush the sleeves up it hides the bagginess a little but i would like to have the option to wear

the dress with long sleeves s i purchased this dress because i have a similar one with a linen skirt from the spring the skirt on this dress is a heavier fabric and it lays very nicely the top provides good coverage for my larger chest and i took my typical xs size i would definitely recommend this purchase this jacket looked so good and felt so comfortable on i almost didn t send back the first one that arrived with a little bit of damage at the bottom of the inner zipp ered sweatshirt but i did exchange it and am just as happy with the fit and feel of the second one it hangs well no matter how you fasten the front or leave it open great looking casual b ut stylish and neat a good grey and a good blue i went to my local store and they only had th e blue dress in stock i had seen it online and i didn t expect to like the blue one i tried it on anyway and it was adorable i struggled to choose but i ordered the gray one at the store a nd they shipped it directly to me it arrived quickly and i love it this jacket has a nautical look which is a refreshing change for this year it is double breasted a stretchy cotton whic h i love i am a big fan of cotton it appealed to me so much that i ordered both the white th e navy in the regular size small i am of small build at 5 3 117 expected that the sleeves c b a little long i avoid ordering petite size jackets b c sometimes they are snug in the shoul ders ok so the regular s was a good length at the bottom of my hips but arms were bagg this t op is gorgeous and versatile i wear it with jeans and dress it up with a skirt so happy to hav e this in my wardrobe i loved this dress when i saw it however the fit was way off i am 5 7 120 lbs and the small was way too big from the waist down when the xs arrived i was sure it wou ld be perfect unfortunately the waist hit way too high above my rib cage and the dress was too short it was as if it was a petite size i was very disappointed as this is such a pretty easy dress to just throw on for school unfortunately neither size looked right on me and i had to re turn both the material is also not the s the jacket is great the quality is very good and the fit too the best part is how it looks so pretty but does run large i am an 8 10 got the 8 and big through the chest had to return for this reason if you are on the busty side it will l ook fab on you nan i was looking for a stylish spring fall jacket and this one seemed to fit th e bill i was shocked by the quality and softness of the material and construction of this jacke t i could honestly not believe how comfortable and cute this felt and looked on me i can t wea r it enough i am a short 5 2 but 36d and have 31 waist so i ordered a size m and l to see whi ch would work best as it turned out the m fit with plenty of room i am normally a 12 14 so i w as surprised by this if you are on the love the detail and the way it hangs i sometimes strugg le with blousy tops because i have a larger chest but this one didn t make me look pregnant i purchased this with the 30 off i wouldn t have paid full price for it i really wanted this to work for me the arm cutout was too wide a cap or lace flutter sleeve would ve worked also expected a little more length felt like the petite length i just received these pants and i am very pleased they are a little longer than i expected them to be but that actually works out well because now i can wear them to the office cute and pretty runs a little wide and short j ust slightly i feel like i have that issue with all retailer clothes though love the back i w as hoping this would go on sale and now it finally has i loved this dress just as much in perso n as i have online the fabric is interesting it looks almost plastic in the online pictures but don t be fooled it is still a comfortable fabric it is almost like lots of diamond pieces were actually sewn together to make this dress and i love it there is a sipper down the side to make it easier to get into but also in the back there is bunched up fabric which is made to be ore b endable for th i tried this dress on and felt amazing in it i got home and showed my husband m y purchases i told him i wasn t sure if i should have bought this one and told him to be hones t with me he said it looked great and he was glad i bought it so great for a spring wedding fits true to size i am 125 5 4 c cup and i bought my normal size 0 this made my waist look really small nan wow the mixed reviews on this dress would make someone not get it at all \nit is true to size i m a 6 and the six fit as a glove on me \nthe material is not at all stiff i actually wished it was a bit more structured but that didn t bother me \ni was able to close th e zipper by myself \ni m 5 7 144lb 36a \nthe top feels confortable to me as well i don t consi dered myself curve like jlo but i have hips the dress does not make me feel bigger at all \nthe only down side is that it looks more expens this is a very nice jumpsuit reviewers were correct stating that torso is long fit better a taller person as soon as i read the reviews i went on and placed an order for size 8 i m 6ft tall 160lb and it has been very difficult to find a jump suit to fit my long torso this one however turned out to be perfect true to size and fit not only that the fabric is very soft and good quality very interesting style of the jumpsuit loo ks much better in person i particularly liked cropped wide l a nice alternative to jeans good fit i like the casual but edgy rocker look they have will look good with booties and full leng th boots i took the same size that i do in all pilcro pants i love love this top it looks just like the picture on model the front is a soft t shirt and the back is so cute and flatteri ng super unique and comfortable style i am 5 4 105 and xs fits perfect this is a very cut

e and unique top i absolutely love the back which makes up for my indifference of the front i m a little heavier in the middle so it hides it a bit but the light blue from the back that shows on the sides makes me feel a little wider it s not perfect but i like it enough to keep it i got lots of compliments on it when i wore it it s very comfortable too i just wish the f ront had a little more to it or was a tad longer overall very happy this top is so lovely i w as worried of the color on my pale skin but it is complementary nice warm tones yes it is a tank but i can see this as a transition piece into fall with a nice blazer jeans boots the xs regular is perfect for me length is adequate if i were to go with petite i might think it is too short it is flowy but still has shape more than a swing top so very flattering the b ack is really cute too definitely need a strapless for me due to the thin straps great pant s like the edginess of the design in the material kinda rocker like soft material that s stre tchy and hopefully will hold its shape during the day the color is listed as black but it s mor e of a dark gray with a slight blue hint nan i love these they are a perfect addition to my fa ll wardrobe and just like all other pilcro jeans they are a great fit and true to size i ofte n have a hard time finding items that fit true to size but this top fits perfectly it is cut r eally well and very flattering i m surprised i m the first to review this dress it is a must f or the holidays and any special occasion it is absolutely gorgeous it is so feminine and seduc tive it s one of those dresses that would be stunning on anyone it is a quality dress beautif ully made looks just like the photo i m 5 9 the hemline falls at the top of my knees the n eckline is exquisite really makes the dress i purchased the black version but if i was youn ger i d get it in red as it would garner quite a bit this shirt is very nice quality and looks s tunning it does run tight in the shoulder area and is a bit of a challenge getting off but as long as i don t rip it one of these times all will be well it looks so nice on that i overlook that design flaw the material is very soft and it looks just like it does on the model with the exception that it gets a little wrinkly at the hem and turns up at the corners i like it and ha ve already worn it a few times i love the color and the style however it doesn t look as well as the model as i don t have a small waist like the model does still overall i love this dress and it is well made and comfortable love this blouse its so darn cute the fabric is soft flow s nicely and is just absolutely stunning without being over the top it falls at the lower part of my hip the softness of the fabric would make this easy to tuck in the body of the shirt sl eeves cuffs and placket are contrasting florals in black and creamy white the top part is a br ownish burgundy color and the flowers butterflies are embroidered in goldenrod yellow peach cr eamy white two mauve tones turquoise and brown the li i am 5 3 130 and curvy and this dress fit me perfectly it s great for parties and weddings depending on how formal the only reason i gave it four stars is because the fabric is a little strange the ribbing for the squares is a lmost like a pillowy fabric and it feels a little bit on the cheaper side but luckily it doesn t look cheap nonetheless i love this dress and would definitely recommend love this dress ju st wore it last night to an early valentine s dinner very classy simple but gorgeous i m a s ize 2 in just about everything but i always buy a size 4 in retailer dresses because i m tall 5 9 and have broad shoulders and a long torso and sizing up in dresses works better all around i am also not busty 32b i did get this in a 4 this dress was a little awkward at first tryin g to hook and then zip but once i got that down it worked the hook is right up under your this is a beautiful top it extended longer than i had hoped and a petite size was not available so i ended up returning it but it is beautiful and the tassels on the sides make it truly unique love this blouse i took a chance on ordering it and wasn t sure what i would think this blouse is fabulous it has a boho chic flair to it in a sophisticated way it s one of those special pieces from retailer elegant quirky sophisticated \r\nthe details are great too of course t he embroidery is beautiful but there are a couple more fun details the cuffs on the sleeve hav e multiple buttons so that you can button them tight or just enough to roll the cuff once when the cuff is r this is a timeless top i loved the overall look of the top and after eyeing it fo r several days decided to purchase it warning the shoulder area is cut small due to the fabric at the top i am usually a size 12 because of ddd chest but i bumped up to a 14 and it was per fect love this top it is super flattering with a long floaty body i usually wear a 4 but size d up to a 6 due to the reviews and am happy with it but think a 4 would have fit as well love t anks and this one is sweet and flowy great with jeans shorts or slacks with a jacket for the of fice beautiful yellow floral with fun straps in the back that you can wear with a bra front ne ckline is cut narrow so bra straps show but with nude or plastic straps it s not that big a deal this is truly unique top the detail around the neck is a nice change i am 5 2 125 pounds a nd i bought the 4p the fabric is high quality and does not cling at all but instead drapes and in a very flattering way add that to the cut of this jumpsuit and you have elongating very fla ttering lines i could not be more pleased and regret not having bought this item earlier since i would have enjoyed wearing it during the holidays as other reviewers said it is adorable and

a winner very nice fabric but disappointed in the stitching on the knees it looks nice but mak
es the pants very uncomfortable and tight around the knees too bad because i love the style and
hoped they would work very cute flowy fit i am generally a size small 32 d chest because the
material has no give it fits perfectly just barely if it was any smaller or i was any larger i
t would be too small very cute design i saw this online and thought hmm no then saw it in t
he store touched it and the fabric felt so soft i am normally an 8 petite in cartonnier but
the only sizes available were 4 and 2 regulars in store the 4 just looked promising i thought
i d try it on for laughs but it is soooo cute i ended up taking it home the 4 regular fits per
fectly on my curvy on the bottom 5 2 145 lb figure my measurements are 34 b 29 38 and i was
shocked how well this fits in a 4 regular perfect length a great little transitional piece i b
ought the blk blk floral one it s not your usual top sort of quirky one of a kind looking
i think it s crazy comfortable i just love it even its a bit chilly outdoors toss on a scarf
round one s neck head on out not the kind of top you d wear with a jacket this top has a wes
tern look with lots of black and some burgundy shades it is very cute and the fabric is soft
i was lucky enough to get a hold of this intarsia sweater dress after the sale and i wish i had
purchased this the first time round it is absolutely stunning flattering comfortable and uniq
ue i am 5 3 and the regular hem fit me just fine at the ankles i think this dress runs both t
ts to a bit large so i would size down if your small framed and stay your usual if your busty or
broad shouldered perfectly complements my taupe booties that i already owned and a my taupe max
i sweater that has i purchased this top in a great sale fits great true to size i am xsmall sma
ll for reference purchased small i ended up putting a bandeau bra on with it to feel more comf
ortable it would be great in the fall with a cardigan sweater or a blazer super cute to wear
alone in summer with jeans i am returning the dress because it smells heavily of the last purc
haser s deodorant and perfume it was actually nauseating to put on i am disappointed with reta
iler that i was sold this dress full price in this condition otherwise the dress is lovely
it is true to size i am 5 5 110 lbs and the size 0 was perfect first my husband had to help
me zip up in this interesting but awkward design the materials is nice but stiff so the skirt
is quite full the shoulder idea is interesting but i would not want to spend an evening in it
to me not up to the usual ms standard this is as beautiful in person as online but the length
is shorter than the description and the arms are tight although i am 5 1 i normally wear reg
ular sizes in retailer just fine however the 28 length scared me off so i ordered a 2p it s
ays it s 26 25 long but it s actually just about 24 and my normal sized arms struggled to fi
t into the sleeves yikes but it s gorgeous and was purchased with a gift card so i will keep
these pants are so soft and so comfortable i was absolutely in love at first sight however i
got the petite because i am 5 3 and they were still a little longer than i like my pants to be
i wanted them to hit right above the ankle just like the photo however they are a tad longer
i still love them and they are still as comfy as ever so i am gonna deal with the length nan
i ordered a petite medium in black and it fit great great some of the other reviews said it wa
s tight but i found it pretty loose and flowy also felt it was plenty of coverage wore it to
work casual workplace and transitioned to happy hour beautifully i had been on the hunt for a
plaid bomber to rock this fall and this retailer edition bomber surpassed all of my expectations
it literally pairs great with everything fall chokers boots dresses you name it it also fi
ts very true to size not too fit to your body and a little loose but not too loose just lik
e a bomber jacket should i highly recommend this product i am pear shaped and often have a har
d time finding pants that fit just right these did the trick they are slim in the waist but
have plenty of room for bigger hips the overall fit is body skimming hugging but they are not
tight or uncomfortable in any way and i have no gapping at the waist the fabric has a slight s
heen to it and a little stretch but they will be a perfect pant for the office for reference
i am 5 4 34 26 38 and i got a 6 regular this jacket is well made and smart looking it gave
me just the boost i needed today at a difficult meeting thank you retailer perfect fit did no
t lose its shape thicker material great quality for a great price definitely a wardrobe sta
ple can be dressed up or down work business appropriate fits tts for reference i am 5 0
109lbs and the 00 petite fits perfect falls right above ankle like pictured if they had more
colours i would get them too this is a great lounging dress or a great beach cover up i ord
ered up a size after reading other reviews although i feel like my normal size would have been
fine probably i ordered the black and it is not see through it s very light weight and comfort
able i may even order in another color just because it s so great to wear around the house the
fit on these pants is just right for me i have curvy hips and a slender waste and legs these p
ants don t gap in the back as fitted pants often can easy to dress up or down the color hasn
t held up as well as i hoped so take care when laundering ordered the navy and aqua in medium
the aqua fit a lot tighter than the navy seemed to be a different fabric and less stretchy love
d the color on both but returning the the aqua normally wear size 6 very comfortable fabric and

fits nicely i am 5 10 like it states the model is and it falls shorter on me that viewed but still looks nice it will be an easy dress to use for different looks when i tried on this bath ing suit i decided to not try on any others it was just right i usually find bathing suit sho pping difficult and no fun as i can never find a suitable bathing suit this suit looks nice fl attering and i can also move around in it and it stays in place i purchased it in the navy and i m going to order it in another pattern as well it looks modern and classic it s a chic style i m a size 6 in dresses and i purchased a size 10 in this bathing suit i have bought other leg gings at retailer and they were fine these run small i have to return love love love these le ggings and what an amazing price point this is a great beach pool or lounge piece i debated keeping but couldn t pass up how comfortable it was hugging without being tight i will probabl y only wear it with some sort of layer like a jean jack or tied shirt rather than undone unless on on the beach but it s so comfortable straps are a bit long the colors and fit of this suit are even better than described it is the most comfortable and flattering one piece i have ever tried on \r\n\r\nas noted by other reviewers there is limited support in the chest this suit will keep you covered but does not provide lift i had been looking for a one piece that is fash ionable yet practical fabric is beautiful fit is impeccable no complaints on lack of support i find if you tie it tight up top it s very practical this was the perfect choice for me i am 5 3 120 lbs and ordered the small this is a very comfortable and sexy sleep dress the way it drapes i can see that the type of fabric is not suitable for out and about activities and can c atch on snags etc very easily once i relegated it to the nightgown category it became my favo rite item to wear and lounge in these sold out in my size 16 before i even knew they existed probably a great indication that your in between and plus size customers are hungry for more opt ions from you please restock so i can get in on this apparently perfect pant i love this top i gave it a four star because i wish it were a tad longer i am short 5 1 and it does work f or me but i do tend to like my tops longer very cute and airy in the back this suit fits like a glove i ve had five kids and am currently nursing my last baby so i was looking for a suit to wear to the beach this summer when i m just not feeling a bikini this is it it s comfortable a nd not binding easy to nursing and swim in overall worth the extra splurge i m tall too so it was plenty long on my torso cute top the bright red crochet shoulders and back add the perfect pop of color to the light blue pinstriped front it s a little loose and boxy around the bust ar ea but overall i think it s a flattering shape i got the regular s and don t find it too short for reference i m 5 2 134 lb 34b i often wear petite sizes but due to other reviews mentioni ng that the top is short i ordered the regular size and am happy with the length and fit comfy easy dress i bought the black version fabric is so soft i wear this around house but don t h esitate to run out in it if needed i bought medium so it was roomier and for length since i m t all small also fit but was shorter than i wanted i love this dress for day and night time th e back detail is cute and works well with a racerback bra it runs big though i m normally a sm all in dresses and the arm holes are too big in the size small on me it was also generally too big all over i like the length and the weight of the fabric i purchased in the off black color i had my reservations given that i m petite 5 2 108lbs and it s midi style i m glad that i took a chance i bought the red motif and it s beautiful it s wrinkle free right out of the pac kage the color is vibrant and the style is classic and effortless fits true to size great for work with a black tee as shown in the picture cute comfortable top fits well and will look gre at with skinny jeans i got the shorts and the blue motif they re really comfortable and will lo ok cute with a tank top for the weekend they true to size them usually a size 4 to 6 and i go t a small and that works i purchased this dress in black and love it its hot where i live so i am always looking for a lightweight dress that i can throw on either after the pool or out and a bout i wore it to an outside concert with sandals and a simple braid it was perfect consideri ng ordering it in another color perfect fit can be dressed up or down more colors please thi s is a great pant to wear to business and when you just need something more than a jean not so skinny a 50 woman can wear comfortably these are great pants i love the fit and the taper of the leg these will be my go to black pants for the fall season i got this to wear as a beach cover up over bathing suits if you purchased a darker color and were small chested i e you c ould go braless since a bra won t work well with the low back and armholes you might be able to pull this off as a very casual dress i bought this in a xs in the coral peach i m 5 7 129 lbs 32dd and it s not super see through but i d never be comfortable wearing it as a dress o n its own as a beach cover up it s cute and comfortable but as a dress it would be this is a g reat casual summer dress cute as a cover up but in the black you can definitely wear it for day time if you re feeling bare throw on a white button down or chambray this is a great silhouett e and the red black plaid will be perfect for fall it will look great with black bottoms or wit h jeans the only reason i gave it 4 instead of 5 stars is that the outer shell fabric the plai d is a rayon twill that is a little bit lightweight for the silhouette so it is bagging out a

little around the zipper and the pockets i m hoping the quality will hold up i bought this sam
e jacket in a heavier weight camoflage printed tencel this spring from the same brand and this
swimsuit fits exactly as i had hoped i purchased it in the teal dot and it is a little brighter
than in the photos but i ended up liking that better it is well made with thick but not too t
hick lined material also i was initially worried that the deep v neck may be too deep for my
liking but once i had it on it looked classic and not showy i love the suit i love these pant
s i bought as basic pants to dress up or down and they look good with flats or heels also i li
ke you can wash instead of dry clean these pants are awesome please make them in other colors
besides black and navy this is an amazing swimsuit i had been on the hunt for the perfect one
piece i wanted something a bit on the modest side but still sexy and i hoped for a unique pri
nt that would make it stand out the icing on the cake would be a suit that is functional enough
to either lay poolside or scuba dive enter this swimsuit from retailer i fell in love with the
teal dot print as it s unlike anything else i ve seen it s absolutely spectacular in person i
love the vibrant blue and the chic d i really love these pants just the right fabric not too t
hick so comfy i do feel they run a bit big they stretch out quickly so if you are in between
sized choose the smaller one i had been searching for a swimsuit that flattered my baby bump a
nd this is it i m in love for reference i am 5 6 170 180 10 12 or m l depending on the ite
m however i m currently 19 weeks pregnant so im about 185 and growing so i went with the xl
swimsuit i have a 36c 38d bust and although there is no true support in the top of this suit i
t holds the girls in and the deep plunge is just the right amount of sexy the bottom has modest
coverage showing just a little bit of cheek i go i bought the first skirt at the store loved
it so much i went online and found this one and bought it too i put this runs small but it s a
little more tts except the arms are very slim if you like to push your sleeves up like this mo
del you will have to wait for a while to see if the sweater loosens up length wise it fit me a
bit longer than this model and i m a petite the color is also darker and not as red as in this
sweaters which i actually prefer the sweater is much thicker than my other cashmere sweaters
some of the stitching seems stick out as if the sweater is worn inside out but th love the fabr
ic fit and cut of this skirt it hits at just the perfect spot but runs a little large and is mo
re flattering when sizing down atleast on me this is by far the cutest most glamorous one p
iece i have ever tried on it fits perfectly and is flattering in the right places it doesn t s
how too much cleavage and is modest enough for family events absolutely love this suit in navy
wasn t in love with the rest of the patterns hoping they come out in more solid colors someday
soon i don t normally try on tops like this but i liked the product shot so much that i wanted
to repeat the outfit i grabbed a large because it wasa shorter blouse it was huge i sized dow
n to the medium and it was still loose but if i were to purchase it would be that size the red
against the blue was very pretty but i didn t know if felt like a little kid in a uniform the b
ack did not lie flat not sure if it was because of my 36d chest or because of the shirt design
it is well made and i th i love this ankle length pant it is so comfortable wear it with a tuni
c or tee i can wear this for 3 seasons i think this is the first time i ve successfully purcha
sed pants online i normally have to try a bunch of styles and sizes on before i find the right
ones i gave it a shot with these and bingo they are great they are a bit longer on me than o
n the model because i am 5 3 and did not order a petite i still like how they look hitting j
ust above my ankle just the right blend of conservative and cool for lecturing in front of coll
ege undergrads such cute soft and comfortable shorts can be worn as night wear or out and abo
ut i saw these in an email and immediately went to the web to look at them they fit well and h
ave nice slim look the bottom of the legs seems to fit a little slimmer on me than in the pictu
re but they aren t too tight received many compliments the first day i wore them amazing fit
disagree with the other post the\nquality is amazing i wish they had other colors bought xs t
his is one of the most comfortable swimsuits i own i purchased it in the turquoise dots print a
nd found that it was colorful and perfect for a beach getaway the adjustable halter style makes
it really comfortable yet cute i highly recommend this suit to those looking for a unique yet
whimsical swimsuit style great swimsuit love the fabric and pattern the top lacks support th
is dress is the best casual find goes with everything flips flops tennys jean jacket feels
little sporty and the orange was a cool addition to my closet these are really cute nice fabri
c i love the rise not to low not too high but they are going back i m a size 4 i got thes
e in a 4 they fit fine in the waist and bum but they are tight around my calves also they wer
e more like high waters on me than cropped so a petite in the length probably would have worke
d better for me had these fit this top is gorgeous this is why i love retailer the quality is
amazing i just love how unique this top is it s a light jean blue and white pin striped shirt
with these beautiful red crochet sleeves i m a 34ddd i ordered the large and it s perfect it i
s a bit shorter probably because of my chest but i was going to wear it with high waisted shorts
anyways it s a must buy sale price is a great price for a cute cover up so this is not a po

lite company dress this is a i want to show off my cute underwear bikini cross fit bod while
i go get a cold pressed juice in venice kind of dress or you can just wear it at home like i
do runs small btw so size up these fit me really well i tend to have a problem finding trou
sers that fit my more muscular legs and my waist usually if it fits my legs the waist is too b
ig the trousers have some stretch for a better fit the only downside is that i had go them hem
med bought regular size i often find wearing anything described as slim difficult but thes
e pants are absolutely wonderful i bought in a size 12 regular length they are perfect both i
n fit and quality this midi skirt has a really nice drape with great seasonal colors can t wai
t to pair it with my wine color booties i ordered these in a size small on sale thinking that
because of the material they might not fit they are actually very cute and fit in the waist l
egs but in the crotch area as another reviewer mentioned they could fit a little better they
look fine with a longer top so i decided to keep them unique design love the collar and broad
cuffs the xs regular fits me better than the s petite which is a bit short i bought this dres
s in the cream color it was sold out online in most sizes but i stumbled upon it in person and
immediately had to have it i m usually xs or small and bought the small they did not have an
xs available so i can t compare but the small was flattering and comfortable i m 5 5 120 34c
and it falls perfectly at my ankles no dragging and looks great with simple neutral sandals
as some reviewers have mentioned it has some weight to it so it s probably not great for hot da
this is a fabulous style top highly recommend this top comfortable material retailer is consi
stently tried and true to a classy style this dress is gorgeous but i should warn all the tall
ladies out there that it fits quite awkwardly i m 5 10 and tried both the petite thinking it
would fall more like a midi and the regular hoping it would fit like a maxi should both hit
at a very awkward spot on my mid shin as much as i loved and wanted it it looked too weird t
o justify buying love the coral color so pretty in person it is slightly lower cut on the ch
est than i expected \r\nthis is a great top for the weekends these are the perfect leggings t
hey re so soft and they don t stretch and droop throughout a day of wearing them i ordered the
grey and moss and they have different textures which is fun nan i never buy anything at retai
ler full price but had to get this when i tried it at my local store especially since it s bac
k ordered for so long it s very flattering and super comfortable fully lined not see throug

cs i was concerned the arm pit holes came too low but on me that is not the case the t this s

it it is so fun i just saw this in the store and loved it it is shorter than pictured on the
model but it s not short with a long shirt underneath i ll wear it with leggings the color i
s beautiful the size does run large i normally wear a large at retailer and i got this in a
medium i can t wait to wear it all fall and winter long very fun and comfortable pants that wi
ll bring you many compliments they do fall open when you sit down though they have liner short
s inside for coverage they are not appropriate for work but will become a wardrobe favorite th
ese pants great casual pants i ve received so many compliments mainly because they are flowy
and the open panels make them different with the weather so hot they are perfect for keeping y
ou cool very pleased with this purchase after reviewing the comments for this dress i was real
ly hesitant about buying it online so i finally went to the store and all of the reviews are 10
0 true this dress is amazing in terms of quality but the sizing makes zero sense i m normall
y a size 12 but based on the reviews i initially tried on a medium even that was huge arm hol
es so long you could see my entire bra so i tried on the small and that fit perfectly unfortun
ately unless you re normally an 8 maybe or above in sizing nice basic top i will get plenty
of use out of this love the neckline i d been eyeing this dress since i first saw it in the dr
ess catalog when it came out when i saw it in person it was just as beautiful as i remembered
i m about 140 lbs and usually wear a size s or m but i tried the s on and decided to size down
to an xs because the linen flowy fabric lays a bit wide when on the body however the s would
have worked too i d say size down if you prefer your clothes a tiny bit more fitted the fabri
c is beautiful and lightweight even though there is more i have been searching for a pale pink
sweater for fall the color and fit is much prettier than the way it is photographed here i thi
nk it will look great over denim grey or olive green dresses and shirts i got this in blue an

y the blue color fits quite a bit smaller than the white but it does so consider this when you
order depending upon how you want it to fit i m keeping both but will wear the blue in a diffe

drobe i normally wear a size 2 so i ordered a small and an small petite i will be keeping the
small because the small petite looks like a shirt on me my height is 5 4 it runs very big und
erneath the arms as well the design is so unique i will be keeping it this dress is still supe
r cute despite its shortcomings i agree with other reviewers that it definitely runs large and
very small petite thinner ladies might feel it s overwhelming it worked for me in my usual size
l though for reference i m 5 3 and this hit just above the knee and while the dress is roomy
a smaller size would likely have been tighter or pulled on my fuller 36d chest as there s not
much give in that area i agree that the armpit holes are ridiculous but a thin camisol so comf
y and stylish love the color i purchased the indigo blue nice fit relaxed fit not fitted
might have to get another color it s fun to have a tee with a different design detail neckline
i m 5 7 145 150 lbs and ordered the medium a smaill probably would have worked too since my sh
oulders are a bit narrow but mediumd is fine i love this sweater it is true to size and not
itchy at all i am 5 5 and i bought the small other reviews said it wasn t as long as it looks
pictures but it is the same length on me as it shows on the model you can wear this with so man
y things i can t wait for fall so i can wear it the coral is stunning the shirt has a slight
flare at the bottom that you can t see in the picture it isn t a straight cut the sewn edges a
re rough style making the shirt right for casual wear with jeans or dressing down something fan
cier i received this sweater in last week when i opened the package i thought for sure that th
is sweater was going to be itchy it is not the styling is great and very flattering for the
price this is a great value i m a 110 lb shorty with a short torso and long arms so the standa
rd xs was huge i had the opportunity to try on both the xxs petite and xs petite the xxs petit
e was almost perfect but i wanted it more flowy probably best for those that are even shorter
and more lightweight than me othewise it looks a little too boxy the petite xs fit me the bes
t and draped nicely similar to the model in the pink i had a sweater with this exact silhouett
e 5 years ago and wore it to death even though i i bought it in the cream color and loved it so
much that i bought it in black too super cute with jeans can dress it up too the only slight
negative if i had to find one is that i feel like i have to pull it forward at the neckline e
very once in a while it doesn t choke me but just feels like it s heavier in the back so pulls
a bit worth it though this sweater is like a giant hug i wore it today and received so man

it s very comfortable fits well and looks expensive highly recommend it this is absolutely a

ope this helps i love this dress i m 5 8 and it fits me exactly like the model in the picture
i have slim hips and waist so that helps i don t think this would be as flattering on someone
curvy i wish it came in another color i like i would absolutely buy in another color i got a
medium and it fits like a glove i bought this a little ago in the denim color it has become a
favorite so much that i bought another in white this is a cool relaxed style with the benefit o
f an open neckline to add a bit of femininity i tried on the faded blue and striped colors in t
he store the faded blue goes well with the style but the stripe is cute too the sleeves are q
uite long and too tight to roll up so if you are petite like me you will definitely want to ord
er the petite size and probably even those you who are in between petites and regular sizes th
e sleeves may also be too narrow for some people this is a very pretty dress and looks just as
it s pictured however there is a lot of fabric the lower half is very full and runs very la

th a grey top white skinnys and brown leather sandals love it nan this runs small i got the
size 3 which fits like a medium not a large its a bit of an aline shaped knit in a beautiful s
aturated navy i loved the elbow length sleeves i have a large 34g bust and although this fit
it came to the top of my waist and i m short waisted it s a great basic for someone less busty
or who likes a shorter length this dress is everything i m 5 4 athletic build 36d and the me
dium fit me perfectly the colors are really understated and beautiful and can easily be dressed
up or down i wish the elastic around the waist fell a little lower but that s one of those thin
gs only i notice and definitely didn t keep me from falling in love and buying it can t wait to
wear it on vacation next week i love this cardigan i ordered the pink and it s a really pretty
color i wish it didn t run so big but xs will be cozy all winter i purchased in store to avoid
shipping costs my local stores don t carry xxs so they are mailing it to me i usually wear an
xs but it was roomier than i cared for and made it look a bit sloppy on me this tee is more di
stressed looking in person than online as well i wish it were more refined because the necklin
e is very feminine interesting i would have liked the ability to dress it up more also the
solid blue and coral are lighter in color than they appear on my monitor the blue st very soft
and comfy tee like the interesting neckline wish the petite neckline was slightly higher but
sleeves are right length and have great cuffs ordered the xsp 5 4 about 118 120 athletic bu
ild this was huge all over big in the armholes too much fabric hanging in the skirt cream
fabric front and back not flattering at all from the sides and as long on me as it shows on th
e model i love the idea of this and for the right body type of course this will be beautiful
it also would not be a very versatile piece for me the top sweater part is quite thick lovely
and heavy in oklahoma this would not work for very many weeks i love the way this t shirt fit
s the horseshoe opening in front is deep enough to add interest but not too revealing will lo
ok great with layered dainty necklaces the sleeves are nice and long and i have long arms t
he length of the shirt itself could be an inch or two longer but overall the design is nice no
t too tight not too loose i m 5 5 and 125 lbs 34c and the small fits me well fabric is me
dium weight could be a little thicker the brick color is nice and works great with this sweat
er tee is made from a fine but substantial knit which hangs beautifully and flows over imperfect
ions in your figure the cut is very 1950 s through the sleeves and neckline it s a little crop
ped and boxy just so that it hides your belly and accentuates your hips it looks phenomenal wi
th a crinolined a line skirt the blue is a very flattering color the fit is not it does not l
ay in the back like in the photo on the model instead there is a lot of fabric that falls in h

han the mid section i think i m going to return it the neckline is very nice and faltering th

g flattering i especially like the generous neckline adds a uniqueness to it great shirt for dressing down but still feeling feminine i bought two my husband always compliments me when i wear it i love this sweater it has quickly become a staple in my wardrobe i live in minnesota so a fashionable throw on and go sweater is essential this sweater fits the bill i love how so ft and warm it is the cocoon styling adds a fashionable element while the acrylic nylon wool ma terial keep it functional warm and cozy i love anything with pockets which this has i somew hat disagree with the other reviewers who say this runs small or short i did not find that to b e true for me and i ordere can be a bit itchy sometimes i guess depending on your skin haven t had a problem with the sweater up to now this dress is perfect i m literally wearing it righ t now it s crazy comfortable while still being flattering it looks and feels high quality and just barely doesn t hit the floor it makes me feel like a goddess plenty of room in the bust a rea even for me 36dd and doesn t show bra straps or underwear highly recommended nan i lov e this shirt it would be a fairly basic tee but the neckline makes it fun it s very soft and c omfortable i bought the white with blue pattern and will probably purchase additional colors i love this shirt the neckline is flattering and the overall feel is very comfy nan i wasn t goi ng to purchase this dress because it was given 1 star however i ordered it and i was so glad i did i m 5 1 105lbs this dress fit me perfectly it really compliment my petite body i get s o much compliments it is not easy to order anything for a petite frame but this dress really sh ow off my body without showing too much i tried this on in the store and had to have it this i s the kind of sweater that you just want to cozy up with on a nice fall or winter day with a cup of coffee in hand i love the neutral pink color as it will go with everything i m a dress and skirt girl and this will go well with those items it will cover your bum and i love the dolman sleeves i highly recommend it bought this today cant speak to wear but overall design is so incredibly cute and flattering i am usually a small or medium but went with a medium so di fferent and wearable white is sheer so opted for a denimy blue color that i dont see listed ava ilable online i am on the fence about this dress as you ll see the reasons below but it is re ally breathable fabric and extremely comfortable \r\n \r\npros \r\n tons of stretch to the top part i m a 36c so a lot of retailer tops are too snug for women with some bust howeve r i fit into a medium here without it being too snug you could actually go down or up dependin g on how loose or tight you d like it to be on you \r\n the bottom half the skirt feels so ni ce on the skin very breezy it is layered an i love these tights so much i almost want to buy a nother few pair and save them for when these wear out the lining is like clouds on your calves they re thick enough that you don t need to be totally covered by a tunic but slim enough that t hey don t add bulk love love them i am a curvy woman and leggings are new to my world i am s orry that i did not discover these leggings sooner because they are lovely they are comfortable and cozy with a great fit i am 150 lbs and 5 7 and the m l fit perfectly i have the black and plum colors great purchase the detail on this dress is lovely it s unusual and well made fr om soft fabric it is big though i would usually wear a medium and ordered a petite small to give you a sense of how large it is i am currently 33 weeks pregnant and bought this to wear a fter the pregnancy i can actually get it on now over the considerable baby bump it doesn t lo ok good but i can in fact get it on hoping it won t be way too large post pregnancy but it se ems to fit fine in the shoulders now definitely i saw the cream color in size regular small in the only one left section at my local store i had my heart set on this dress all summer but i t was sold out so i was super excited to see it the color is true cream like linen color i w as surprised that the dress is very heavy as heavy as a medium sized coat i can t understand w hy it s so heavy because the top is sleeveless and the dress part is pretty sheer the dress is about 2 pass my feet which i wouldn t mind having it hemmed but the there s are just what i wa s looking for these are perfect in texture and thickness not too thick but not too thin supe r soft fleece on the inside i both both the black and green i will most likely but the grey s oon enough adorable comfortable dress the denim is super soft with a bit of stretch please b e advised this dress runs very large especially through the hips i normally wear a size 12 and the large was swimming on me i will definitely be exchanging it for a smaller size i am long w aisted and 5 120 lbs 34c that being said i purchased a size s regular and it fit perfectly a petite would have been far too short so i would recommend a regular size if you re a petite also i have a big chest and this was very flattering because of my chest size i usually do best with a v neck but this classic peter pan collar looks great i purchased the black i agree wit h one of the reviewers who said that the nude color looked like a mess of a weave the black and white o this is a bit pricey but it s the most beautiful sweater that i own it fits beautifull y and the material is soft not itchy which is important for a sweater with a cowl neck the c owl sits beautifully no matter how you fold it and the pattern both at the neck and the bot tom is vibrant and bright and is just lovely i ordered a small and it covers my butt which is perfect for leggings or even with tights and boots it s not shapeless but seems to graze your

thighs and has a mild tur this product i better than the pic nice fit and a nice throw on with boots nap glad i took a chance one it i bought this a month ago and returned it but kept thinki ng about it so ordered it it arrived on wed and i wore it on thursday as a dress with tights i got so many compliments on it it was perfect for the cool weather and was not too warm \n\nthis knitter thinks the quality of the jacquard knit is excellent yarn used is top notch i am six f eet tall so this will definitely be a tunic with jeans or leggings but if you are shorter it cou ld easily be a dress lovely pattern with soft cozy fabric nice weight and hangs well definite ly a keeper i loved this in the store but had to order my size it is true to size a great l ength but the material is very thin and very sheer i don t think it will carry over into fall it is more of a summer weight fabric it is also a little pricey for that same reason still its a great basic and i will keep my eye out for it to go on sale i absolutely love this sweate r first of all it s extremely comfortable i have been wearing it around the house all day and have no desire to take it off it s cute as a casual around the house top but also adorable dre ssed up with jeans and boots it drapes beautifully for an effortless chic look the color is pr etty close to the photo and very nice in person the possibilities are endless for colors to acc essorize and match with this sweater is definitely cropped in length which i normall haha the unifying theme in these reviews seems to be don t trust the picture i was misled by the necklin e i thought i saw a structured kind of asian inspired mockneck funnel thing and instead the top has a foldover cowl which with my full bust underneath it refuses to pose as a mockneck for me overall there isn t much structure here at all but the print is beautiful and the sweater cozy without being itchy has quickly become one of my go to tops comfortable cute looks just li ke the picture it is the perfect top to wear in the summer it is nice and you can be somewhat dressy or super casual i don t like anything too tight around my stomach and this has a nice fl ow with just the right amount of material this is a beautiful tunic i wanted it to work so muc h but i couldn t get past the itch factor also the sleeves were shorter than i expected when i wore a light tee underneath it didn t move well and looked bulky so sadly it went back to the store if the material doesn t bother you buy this would look great w tights leggings and boo ts i saw this dress in the window at the portland store and had to try it on i was a bit horr ified at how huge it was once i got it on sort of like wearing a tent no shape at all one of the awesome dressing room attendants brought me a belt and suddenly it was the most beautiful d ress i ve ever had on it s romantic elegant feminine the fabric is so lovely and the flowy sleeves with the lower scooped back just look fantastic i can t say enough about how amazing it makes me feel i wore i ordered size large and find it too boxy and long love the hem although the top is too long in this size so it s a bit hard to judge how it ll look in the right size t he sleeves are cute and different a bit wide and flowing be warned it s sheer which is more a pparent from the side view i could clearly see the garment cleaning instruction tag through the bottom side hem has potential but not enough for me to reorder in a smaller size love this blo use the top is true to size i m generally a m and decided to try a pl which fit great the pm was just a bit snug looked fine but i felt a little constricted in the bust area and thought t he pl was better for me i m 5 1 for reference and curvier on top than on bottom i wore a nude bra when trying on and it totally worked with this blouse the lace detail is a bit sheer in som e parts near the bust line but nothing too inappropriate i can t wait to wear it down to dinner for this is a beautiful and fashionable blouse it feels good on as it is made of viscose it is pretty and feminine color is great of course it needs to be your color i love it and recommen d it nan i fell in love with this top when i tried it on at the store it s a great fall piece it is see through around the bust so a nude bra or any color camisole would have to be worn my only thing is that it seems a little dressy so i m wondering how much i ll wear it i work from home so everything has to be somewhat casual so i do recommend it but i m undecided as to if i m going to keep it for reference i m a 34d with a thin upper body and took a size medium th is dress is light airy easy and comfortable to wear i love the colors and pattern it looks wo nderful with or without a belt i sized down from a 6 to a 4 i position the front of the dress material closer to the neck so it flows longer at the back although i am a size 6 the under sli p fits perfectly in a size 4 i prefer the dress without a belt but it also looks good with a be lt or a jacket or long cardigan \r\nthis dress is a keeper very attractive and easy to wear i wore it the night it arrived and wore it again the next night i love the colors the pattern an d design this is a stylish tunic sweater the sleeves are not full length which i prefer the sweater is dense the weave is tight making the sweater quite warm but not too warm great ta nk to wear to work or a night out fits true to size stylist at my local retailer recommended i try on this top as soon as i put it on i was amazed at how pretty it is i m 5 3 and curvy si ze medium and the fit is true to size i would say if you are between sizes you may want to siz e down i didn t have any issues with the lace and the slight v neck falls perfectly on me no n eed to wear any cami \r\nmy only concern was how wrinkled the top was i requested to have the

blouse steamed before i left the store so that i could see if all of the wrin not only a beautif
ul knit but can be worn as both tunic and dress on my short frame it does not look like a sack
tent when worn very soft and flattering collar is styled well and can be shaped different ways
pattern and color combo is the similar to the exquisite eira dress i am 5 3 and i chose the re
gular over petite i only wish the sleeves were longer as others have said this is even pretti
er in person beautifully made colors are really pretty it s unique and special in sweaters i
go between sizes small and medium depending on the cut i went with the small here because the
medium had a bit too much fabric around the hips where i don t need it it doesn t run large it
s just that i wanted it to be closer fit as i ll wear it with skinny jeans or leggings nan i bo
ught this in black it s a great long length i have long arms so the sleeve length is great it
s really soft only issue is seems to sag a little in the middle instead of being flowy overall
a good tunic i love this top the sizing was great and i have already worn it so many times a
nd received so many compliments it is great to dress up or down such a great purchase purchas
ed in the blue the color is a little darker than it shows more of a slate blue loved the fit
i am tall so it covered perfectly very slimming lovely dress \r\na nice addition to your fall
winter wardrobe \r\nthe embroidery is lovely fabric soft and comfortable sized perfectly \r\n
so happy with this beautiful black dress new fav lbd i am 5 months postpartum and this dress
makes me feel like my old self again it fits right above the waist with a bow to cinch the wai
st love the fit and flare the top is warm great for a cold evening out and the taffeta reall
y dresses it up love i was on the fence about this jumpsuit at first i feel the pockets in th
e back are a little high on my bum kind of an unnatural placement i sized up so it wasn t so
tight fitting at the waist and hips so it made the placement of the back pockets a little better
great for layering and staying warm in the winter definitely stay on the larger size the fabri
c has very little give but is comfortable way to v necked other than that would be a nice go t
o top needs a cami after reading the reviews i was hesitant to purchase but glad i did i m
usually an xs or s depending on the brand but i got this in a xxs it fits perfectly and is so
cute does not look like a bathrobe at all i love it because it s almost like a cardigan blazer
looks like a blazer but feels like a cardigan i tried this tunic on in my local retailer store
they do not carry petites so i tried on a regular small i m 5 2 130lb the proportions were
a bit off the v neck fell way too low and there was extra material puckering across the bodice
i definitely think a petite would work better for my height alas no petites in store or online
in the color s i would purchase i didn t find the shirt too thin as some have commented it s
essentially a midweight t shirt material but rayon so beware o comfortable t eh fabric is very
soft the embroidery adds a little to the otherwise plain black tunic lace up neck on trend too
\r\n\r\ni ordered the xxs p as it is likely loose that was just fine for me xs p would have
been not as flattering theo nly problem with that is the sleeves then became a little more snug
workout arms not too snug that i can t wear the dress but decided not to keep it only because
there are way too many things i like at retailer and have to pick in my wish lis i do think
the fabric could be a little more substantial for the price and was disappoitned that even peti
tes were again too long the color is nice enough neutral and they definitely look like w
ork pants they are true to sice but i could do the low end of my size range i bought this in
black and it did require me to wear a shirt underneath as it was a little sheer see through i u
sually wear an xs and i wore the same in this top the black is very pretty and goes well with s
ome skinny jeans i ordered the green black and ivory because i thought they were so cute the
sweater is short but still cute the ivory one i will return though it has sparkle that s not n
oticeable in the online picture plus when it arrived it had a huge snag in the fabric i m actua
lly quite surprised they sent it to me in such poor condition i ordered the in the emerald gree
n and it was sent to me with a dime size hole in the sleeve i am very disappointed because i l
ove the sweater by the time it arrived it was sold out in my size now i cannot exchange it f
or one that is not damaged if the sweater was not damaged i would recommend this product i wa
s obsessed with this dress from the moment i saw it online and was so excited to buy it for my c
ompany christmas party i m 5 4 36c 145lbs and i ordered a 6 the size was great but the whol
e cut of the dress was completely off for me i have a fairly short torso but the top portion of
the dress which is a sweater like material hit me far too low on my waist to be flattering th
e petite may have fixed it but then the skirt would ve been too short the pleats were cute but
flared out too this tunic is very pretty in black it is lighter weight than the picture appears
and drapes nicely i m 5 2 so i ordered the petite but would have been ok with the extra length
of the regular for when worn with leggings with jeans the petite length will work well i recom
mend using the size chart provided i general wear an xs but ordered the s based on the size c
hart it s a perfect fit great special cardigan fits like a shrug and a little short but is p
erfect over a tight fitting sheath great for broad shoulders cute cute simple tank with a lit
tle something to add interest it is so simple but elegant and beautiful i am 5 3 and 120 lb an

d extra small fits me perfectly i love this shirtdress the lace and collar design pops off the
black super comfortable and love that it has pockets a keeper this one not going back ever i
am 5 9 and 140 lbs and the 6 fits perfect the length comes above my knee so most likely i will
be wearing tights or skinny s underneath this cardigan is nice and the lace at the back is pret
ty just be aware that it s definitely a cropped length which is good for wearing over a dress
that you don t want to cover up too much size up if you want room to layer the one i tried on
at the store had the top button almost falling off so i didn t buy it i love the soft slouchy
feel of this draped yet constructed jacket don t expect a crisp fit i m not a fan of the mensw
ear look so this jacket is the boho answer to a classic blazer the one button closure is easy t
o wear the hem curves for a more feminine look i hesitated before ordering hoping it would tu
rn up at my local retailer by the time i was ready to order the green version had sold out a
s it turns out the copper is even better it was 86 degrees today but i wore it anyway love t
his shirt with leggings if you are in between sizes size down unusual color expensive even on
sale i am 5 4 140 pounds and ordered the 8 petite it fits perfectly and is very flattering t
he embroidery and lace up neckline thing is really awesome it gives the dress some character
i am also a fan of the roll up sleeves i wish it came in other colors because i would certainly
order more than one the one and only potentially negative aspect and i say potential because i
m not sure if its an issue or not as i haven t worn washed it yet is it appears to be something
that i may have to iron i can understand the concerns of another reviewer about shrinkage i hav
e a few retailer tops made of similar fabric and they have shrunk a bit this too fits very well
but once i wash it it will likely get a bit smaller i ordered a small but plan to size up to
a medium for ref 32ddd bust and the small fit perfectly with a camo underneath the shoulder
s seem to be cut small so if you are busty like me size up the lokka tunic is a perfect go to
top for casual days or nights pair it with skinny jeans or leggings and you are set the long s
leeves are fitted and long so they can be bunched at the wrist i ordered it in both the black a
nd the the pale grey blue shade it is a winner i got two of these when they went on sale becau
se i hate paying 68 for a basic top like this but for the sale price they are great comforta
ble lightweight and flattering the black is a little sheer but nothing a tank underneath can
t solve a good buy i bought this in my usual medium and it fits great fitted at the shoulder
loose below it looks great with skinny jeans and can be worn casually or dressed up with acces
sories ordered this dress online and wasn t sure about the criss cross neckline feature but i l
ove it it s absolutely adorable and unbelievably comfortable the fabric is very soft and lays
nicely without feeling too baggy or frumpy the embroidery is beautiful i m wearing it to a f
all event in october and pairing it with my favorite cowboy boots but it would also look great
with flats heels or booties totally in love with this dress i was not shopping for a dress an
d somehow came home with this in person the material and embroidery are just so stunning that i
found myself picking it up i was sold after trying it on the material is very soft both feels
and looks extremely high quality and for a basic shirtdress it is amazingly flattering follow
s curves without clinging to them i m 5 4 123 lbs usually wear a small in tops dresses pur
chased the size 4 which fit perfectly i m slightly chesty 34d so sometimes ha love this dres
s it is super flattering and the embroidery is beautiful i am going to disagree with reviewer
s who say this runs small i found it very short and wide that being said it is meant to be cr

it thinner than i was expecting but it hangs nicely and the sleeves are nice and long absolute
ly gorgeous skirt so feminine and curve hugging wish i hadn t found this so late want it in e
very imaginable color but i will settle for the off white \r\n\r\nplease bring this style back
great style this top is great lightweight and flattering \r\ni can wear it to work with skinn
y white pants or to the grocery store with jeans \r\ni purchased another color because i love t
he first i got so much can be dressed up or down the top part is tight while the bottom has a
beautiful skirt i m slightly busty and about 5 6 and the size 6 is perfect for me the fabric
is beautiful even the lining is lovely i ordered the green color in a large as i m curvy and
have long arms but it just doesn t lay correctly at all the collar has no structure even tho
ugh it s a lapel and the side vents just pop out the jacket added about 10lbs and just looke
d frumpy it looks much more tailored on the model too bad as i have been looking for a velvet
blazer in the color for a long time love this shirt i bought the light blue color and its amaz
ing fits well i love that its long in the back very comfortable and loose thinking of buying
it in both pinks great material a bit loose in the middle lower half doesn t belt well it
could be 3 shorter considering alterations i m 5 7 the model is 5 10 so yeah 3 shorter wo
uld be cute love this cardigan fits just as i expected very structured in the front with a bi
t of flair in the back this is a pretty sweater i ordered the red and it is a plum color not
close to red but it will work well with black gray and denim i found the sweater looks boxy f

rom the front but the back is spectacular it is very well made no raw edges or seams that are threatening to unravel this will be nice for casual holiday dressing i found a longer tank in white works well under this this is silly but the moss is not brown as pictured but olive gree n with that said i am going more casual and i love the flex of this coat the shape is be autiful and the lining is fun i waited two months to get this in close to my size 00 for my st yle it is a keeper but this back order situation is not acceptable don t know whose fault that is i bought this tunic in black and am seriously considering buying it in more colors it is so comfortable and very flattering i am 5 11 so many tunics are more like shirts on me but this one is the perfect length to wear with leggings or pants the v neck is a nice feminine touch a nd i love the change in material around the edges i am 5 feet and 120 i ordered a petite small in moss i have posted a photo below it s a pretty green the lining is pretty the reason i de ducted a star is because the lining is very thin and slips a little when putting the jacket on but it doesn t effect the way the jacket falls and i wear it comfortably it s floppy but not s loppy i was surprised that each side the fabric is like a tulip it was a nice surprise i m cu rvy and busty i have zero problem with it being unflattering the s i ordered this shirt to wea r with a pair of pants that i had to return which is one reason the top went back as well it really is cute and i like the exaggerated key hole in the back i certainly could have found oth er things to pair with this top but it came down to the price i just didn t think it said 118 hopefully its still around when it goes on sale its very cute fits true to size these legging s are soft comfortable and go with everything love the way they feel this dress is most defin itely not a maxi barely goes below the knees also you do not get the cute detail shown on bodi ce there are no folds which were an added plus on picture waist is higher not at natural wais t very pretty silk though and still cute just not as pictured i just adore this top it is so comfy and stylish i wear it with a little purple cardigan and feel like an iris in bloom like other reviewers have mentioned though the straps are way too long i had to cut them down and r e sew to make it wearable before that it just slouched in front and looked sloppy and awful i tried layering under it which looked absurd i read the reviews prior to purchasing but loved t he pattern so much i had to have it i was not disappointed however had i not read the reviews i would have been it is true the top of the dress is flat and does not have the detail as shown on the model it also appears to be disproportionate i am 5 1 and curvy the bottom fits well bu t the top is large however rectified by wearing a padded bra since i ordered the petite i was s urprised the dress was above the ankle usually their items are l this is more beautiful in pers on i love the detail and color i usually don t like ponchos but this one s shape with the squa re front definitely sets this apart i rarely write reviews but had to comment on these pants t hese pilcro pants are my favorite for the fall and winter they fit beautifully and are a great alternative to jeans the pants are so comfortable and flattering love the print and they are s o versatile as they can be worn as very casual pants and can be dressed up i am in my 60 s and am always looking for clothes that are stylish without being too young looking for a woman my ag e retailer is my favorite store i ordered these in both the grey and moss and i love both th ey are very soft very easy loose fitting casual shorts i wear them a bit lower on my waist th an pictured so they hit lower on my leg than on the model which i prefer in these i am 5 3 1 05 lbs ordered xs the dark grey ones feel more versatile like you could throw on anything wit h them and go the moss look cute with white cream summery tops they washed well machine cold laid flat to dry touched up with light steam from these culottes are adorable on if you ord er up two whole sizes they run extremely small fabric is thick high quality and a beautiful c olor love these pants corduroy leggings that fit like a skinny pant comfortable not too stre tchy maintains shape even with multiple wears between cleaning pairs nicely with black neutr al or buttery yellow tops fun print received compliments first time i wore them sizing is ju st right also i m 5 3 usually wear 26 in denim but have to go up a size for super skinny so i ordered a 27p which fits me just fine skirt in med fit fine cute lightweight swingy flirty fun almost knee length\ni am typically a 10 12\nbut the pattern which swings up across and do wn made me look wide in the hips as opposed to other clothes i own already\nmore petite less cu rvy girls enjoy \nits going back sorry these cords are seriously fantastic worth the price ind eed they are very comfy have a lot of stretch but do not loose shape the fun yet muted color design allows an average outfit to have a fun pop they do run big i got a 26 and i m usually a 27 they are also very long nothing a little trip to tailors can t fix overall highly recomme nded beautiful pajama bottoms i purchased these as a special treat for myself luckily i foun d a review on another site stating that these run small before pirchasing no one wants tight pjs order a size up also i m 5 8 tall and the length is just right if you are taller you m ay find this style too short i haven t ordered the top because i m not sure of the fit but i m guessing it also runs small based on the photo i bought this top in my usual size in a small i m a 34 d 26 waist i absolutely love it i pair it with a red cardigan very cute nan nan i l

ove this sweater combo as a larger woman i am always looking for flattering tops the draping in front covers all the right areas i wish they made them in more colors i did not realize tha t this knitted vest had an attached gauzy under layer i can see it now in the photo but i just thought it wasn t part of the actual vest when the vest arrived i realized sadly that this flow ing under layer was part of the design i don t know why because the yarn and vest are lovely wi thout it in my opinion the under layer takes away from the beautiful vest i guess i could hav e spent some time and removed it but at that price i just sent it back too bad because the m t his is a perfect fit i was worried that it would be too short and or boxy i usually wear an x s i have a slightly longer waist though and often xs tops run short or they are overwhelming t his was perfect it is roomy and long enough without swallowing my frame it looks nice enough t o dress up and wear out and about great value at the sale price as well it is well made and d oesn t just look like a run of the mill pullover i like the skirt that said it is going to the tailor to have some of the fullness taken out just a lot of material going on and heavier than you might have imagined i will wear it fall winter with white navy cardigans i think this may almost make it back to the more classic pieces retailer used to have i tried on the xs in s tore so i ordered the xxs and xs petite i felt the usual xs was a little big again i think retailer is making things bigger my verdict is iliked the length on the regular size better and the xxs fit well but not much difference the xs petite was a similar size be the arm hole was higher \r\ncolors are very neutral and warm i like the addition of the inner layer to make this more wh when i saw this online i thought it was going to be a thin summery kind of skirt with a fall pattern to it it is not thin and wispy but lined with a nicely weighted navy mater ial and the fabric of the skirt is kind of a thick cotton with a nice swing to it definitely wo uld work for the fall and cool days or evenings the zipper pockets look cool too would definit ely recommend these lightweight wide leg pilcro summer jeans are really cute but did not look good on me i love the fabric a slightly nubby no stretch chambray that is perfect for hot wea ther the waist was a bit large and there was fabric to spare in the hip area the legs are very wide adding to the comfort factor of these the details are really cute contrasting fabric at t he slash front and rear pockets i got a size ten in these and they were big i can imagine they will stretch out with wear so it this is a great skirt that could be worn to a wedding or worn m ore casually with a cool tshirt it is not too puffy and the inner skirt is stretchy and more fi tted i had to size 1 size down really nice wow i can t believe there were some sizes left at my local store it was on sale and i maxed out with additional discount for black friday week en d the size 6 fit perfect and i can t wait to wear this is a gorgeous skirt and will sell out f or sure i love the fabric since it s fall wasn t expecting it to be light but its not heavy e ither just the right balance \r\nthis is one of those classics i love the collage like pattern of the fabric \r\nthe fit is true to size and looks great with bootie boots dressed up or down this is one of those i need one in every color kind of shirts need not simply want it is v ery well constructed the fabric is the perfect weight and is soooooo comfortable the raspberr y is a little more dusty rose than pictured online but it works i ve only had the shirt a coup le of day in addition to wanting to wear it every day the fabric has not pilled i m short wai sted and i have not had any issue with the high low hem or cropped length i really like this s kirt so colorful the interesting pattern and multiple colors will make this a great fall skir t i can wear it with pink burgundy gray white black and probably many more can t wait for the temps to drop this was on display when walked into my local retailer it s just a beautiful in person my mistake was trying it on instant love i tried on my usual size small it fit pe rfectly i would usually wait for something in this price range to go on sale but i just had to have this worth the splurge these are the best fitting jeans i ve ever owned no puckering nea r the crotch and i don t need to have the waistband taken in they probably run small this dre ss is so beautiful the color is even more vibrant in person a stunning emerald green it is we ll made and doesn t go too low under your arm which sometimes happens with halters the halter material is a thicker band that gives nice support the skirt does a little poof near your hips at the top look at the back view photo online you can see it there at first i was surprised b y it because i didn t see that on the front view but then i decided it was fun and flirty i re ceived numer these pants are perfect they are exactly what i was looking for and worth every penny the fabric is more lightweight than any other sort of denim but still i think i could we ar these any season they look so cute with simple heels and a classic blouse but they can be d ressed down with nice sneakers and a plain white t so excited to have these in my closet love a good pair of fun pants this top will be perfect for autumn and even winter down in the southe ast i purchased the red and hoped that it was more of a rust color lucked in the material is very soft and more on the thinner side for layering which is alway a plus i have spare tires in my belly area and this does not grab aholed of them in fact the stripes do the work and disguise and the lace up nautical feel brings the attention to my money maker you won t be disappointed

i ordered this on a whim during retailer days sale and i m glad i did it s now one of those shi
rts that calls my name every morning i ve worn it with denim skinnies and a knee length black k
nit pencil skirt so soft and flattering i got it in the red but am tempted by the blue these
pants are 100 true to size whatever that means anymore i m a 26 in paige and ag i m 5 6
weigh around 115 have long legs and i ordered the 0p the zero petite are still a little long
with a slight heel they re perfect they don t have stretch in them but do to the fit and fabr
ic the material does expand because they re thin and breezy i absolutely love them can t
wait to order other colors of the same style these are my new favorite pants i ordered this s
kirt online in a size 8 but returned for a 10 so it could sit a bit lower \r\n\r\nthe fabric is
so beautiful and a bit heavier so it can be worn all year long \r\nso glad i made this purchase
the wide leg was fun not too wide but the long pocket seem to shorten leg so i returned great

her hair done and look right out of an retailer catalog well made true to size beautiful dress
layered this with a chunky sweater and a pair of kicks it can be low key or dressed up with a p
air of heels multi functionality not just occasional it 39 s feminine funky and fabulous
i bought the last one in the store the colors are richer than shown very vibrant this piece i
s very unique and everthing that i love about retailer i usually wear a medium in jackets and v
est i tried the small and there was very little difference from the small or the medium fit so
i went a size up just for a looser look it is very flattering and will be a great addition to
my fall wardrobe an interesting design in a high quality garment fits true to size on me and
is great for layering very soft knit with the drapey attachment and a collar you can adjust to
look the way you want i feel lucky that i got this on sale but i would ve gladly paid full pric

robe i m very short and thus not usually into maxi skirts since most of them make me look frump

usual moulinette knows how to put things together when worn everything comes together the pl
eats and the length flow beautifully and the gold shimmers in a subtle way the skirt runs large

version and the color is wonderful and vibrant it fit my daughter beautifully and she is 5 10
i think she will be wearing this coat often she loves it she is 23 years old and has a profe

ssional job so she will look the part i m in love i m in love \n\nthis dress was gifted to me because i was gawking at it so often i love it i am petite 5 3 118 pounds and i could do either the small or extra small the small was a little more comfortable because the extra small was a bit tight in the arms but i went with the extra small anyway in both cases the neckline showed a small amount of tasteful cleavage and i felt like a model with how many people complimented me on it many people even took the extra step in compl very comfortable dress with a gorgeous pattern it comes with a self liner in navy that is very smoothing i was worried a figure hugging sweater knit would be unflattering cut is perfect i m a size 10 12 on top and 12 14 on bottom and the m was the best fit the neckline is a deep scoop so if you are not busty it may come down too far for comfort this top is stunning the colors are vivid and it is extremely cozy and soft however it seems delicate and would need to only be worn once in a while it is not an everyday top the material has a cotton candy like appearance it really is unique and one of a kind i love this skirt i was happy with the quality of the fabric and style i originally ordered a small but returned and exchanged for a medium which fits great i typically wear a size 6 8 in pants i look forward to wearing this skirt to work this fall was looking for a replacement coat and saw this lovely tried on large but was more roomy than needed even for a coat tried petite version but found it too short for my taste decided on medium in green and cannot complain comfy stylish more car coat than main winter coat have been wearing it daily over light layers so far in our mildish nw winter another great dress by retailer i ve worn it with tall boots with heels riding boots and booties all look really good i ve also added a cream beige cardigan and even a fuzzy furry vest very versatile the only few things that i would have liked even more is that design of the dress be actual stitching and not just a flat print and also the material does shrink a tat when you wash it it s a staple and keeper these are both adorable and practical they re versatile enough to dress up or down and they are just warm enough for fall temperatures these will definitely be my go to tights this season luv these jeans they felt so comfy the first time i put them on it s like butter i m a 26 but went down a size and wear a belt they said they r high rise but i can t see how but no complaints as i can breathe in them love this easy to dress up and down has a great length on the torso but the sleeves are about 2 3 inches from my wrist bone i see why the model has them pushed rolled up which is how i wear the shirt now too but then it s hard to layer under a coat this is an absolutely gorgeous dress that stands out everywhere i go it runs true to size and has a slimming effect because of the detail running down the sides first i ve been in love with this dress for months when it went on sale i absolutely had to have it i m 5 4 and 150 pounds and typically wear large stuff from retailer but after reading other reviews i decided to get the medium it s more generous than i expected and wonder if i could ve even gone with a small i might try a belt either way i m very very happy with the dress the sleeves are not too long and i didn t get the petite because i wanted the length in the skirt the lining makes the sweater coat is a must try on it s a great fall to winter coat that you can leave on all day if you need i bought the dark green which is very dark yet gorgeous and have the beautiful coral saved in my cart as well i am 5 5 135lbs 34c ordered the size small and have plenty of room did not want it tight and wanted to be able to wear over thick layers just purchased this coral coat today the color is beautiful the quality is excellent and the coat itself is lightweight great for travel great purchase and would recommend buying going to new york and can t wait to wear it love love this coat i guess this is a true to size i am usually a 30dd and ordered 32d fits great the back is really pretty so even though it is a tiny bit looser i decided to keep it i tried these on as a return at my store and sadly they fit great everywhere ecept at the waist i had almost 2 inches gaping at the waist my usual size the rest of the pant was absolutely awesome though for reference i tried n a 25 and am 115 lbs and short bummer htey don t come in petite or 24 saw this in store in coral color and new i had to try love it s the perfect cozy cute sweater color is beautiful and fit is great i am 5 5 135 lbs and i tried both the small and extra small i went with the xs for a more flattering fit i love it i love the feel and design of this pullover it is extremely soft and comfy to wear however i did find that it runs slightly large is a bit boxy and the sleeves are a bit lengthy probably not the best for a petite frame i am trying to decide if i should keep it though simply for the softness and ease of wearing that it provides i love this as a lounge at home top the colors and pattern are really pretty it s soft and warm very comfy and cozy but it s also boxy and thick so not a flattering cut i really did not need another coat at all but i couldn t resist got it in green it s dark and woodsy something robin hood and his merry men could wear in the forest to look and feel their most stylish the structure is just right this coat is soft cozy and fluid but also tailored enough to wear in a business casual environment equally well suited to wear on winter eve dog walks to a football game or at the coffee shop for a latte at an outside table works with most of my wardrobe it pills a little under the arms and picks up lint but it s tot

ught that too and that big smile sold me many thanks to retailer personal stylists carolyn
and blair always so helpfu i love sweater knit dresses and this the first one i ve owned with a
flare style that works pattern placement is gorgeously done and is very slimming in a non obvio
us way i think the fabric is soft and warm i wish the scoop neckline was a tad bit higher from
a modesty standpoint you may want to size down if you re not busty i am 5 3 and m petite was

ll be my go to holiday dress i coveted this item since i first saw it on instagram i finally b
ought it in coral it s a beautiful coat the color is lovely and i like the way the hood makes
a cute collar when worn down the only problem is it looks like a bathrobe on me i am 5 5 and
wear a size 8 i bought a medium worried a small would not button the sleeves are far too long
i do not want to go through the trouble of returning so gave it to my daughter who is four inch
es taller it looks cute in her love this as a lightweight coat for cool to cold days i love t
he squishy soft feel of the material it works well with sweaters love the deep pockets which w

orks with my iphone plus and wallet i love how simple and practical this coat is the hood when not used as a hood makes a nice collar for the neck and head i have broader shoulders and thick arms this dress does an amazing job slimming my arms and not making me appear top heavy \r\ni m 5 4 125 lbs the xs fit perfectly i ll start with saying that it s a beautiful coat i get tons of compliments and love the color it runs a little big but it s meant to have to a slouchy ove rsized quality to it my only complaint is that i ve had it for about 3 weeks and already one bu tton has completely fallen off and the two inside fasteners already feel loose and very delicate there s no extra buttons to replace the old one with and i m worried more of the coat is going t o fall apart super bummed about the construction qu this bra is so well made and fits beautiful ly snapped this sweet puppy up at my local retailer in the sale room it is beyond fabulous and the coral color is divine brightens up the drearriest of days i did size down i am shor t and the small sleeves were way too long on my 5ft3in frame it runs a bit large but if you wer e to wear a heavier something under it i could see getting your normal size the quality is gr eat and the style is just lovely great jacket love love love love this coat great fall piece i bought the green color and it looks as shown in the picture great retailer purchase i bought it to mainly wear as a coat but i think it d be great with some leggings and boots as well if y ou want a more structured look go a size smaller i plan on wearing this more as outer wear so i went with large the coral is beautiful this tunic is very nice flattering good design worn i n winter and spring and fits well i have a curvy figure and this fits well i wish it came in more colors it does show flaws slightly but fits well and is stretchy at first i thought this sweater might be too boxy but fastened at the waist it s very flattering and the collar is fac e framing and the coral in particular really more of a mango sorbet shade is unexpected but c heery for winter \n\nbut the big selling point is the warmth and the giant pockets brought a ne w puppy home just after christmas and this sweater is perfect for layering for late night trip s out with an easy place to stash my phone and treats bought it in coral and pink i love this sweater pros great shape it s supposed to be a little oversized looking great color i have the ivory and it s beautiful and fits well the sweater looks boxy until you put it on and it flows in all the right places the sweater is not soft that is my only con it looks so soft i n the photos but the sweater i received is not at all soft and cozy it is warm it will be gre at for the winter great pair with leggings skirts or just jeans i love this dress will be w earing it for the first time tomorrow it fits well the neck line is a bit low on me i think i t would look best on someone with more of a chest than i have i will be wearing a winter white infinity scarf with it as shown on model i am 5 6 5 and 120 lbs and the small is just right love this sweater jacket super comfortable and warm i am 5 2 and i got a xs petite it fit per fectly both in length and in the sleeve the green color is super rich and is perfect for the se ason it s easy to wear it up and wear it down i appreciate that it s not super bulky which wa s what i was afraid of my favorite jacket of the season so far i am 5 6 130 lbs with an athl etic body type and i ordered a size small these were really baggy in the thigh quadricep area a nd made my thighs look bulky the fabric quality is very nice and i like the idea of them for cu rvier body types my son commented that they looked like pajama pants and i agreed this is a be autiful dress but if you have any hips at all you may find it difficult to find the right size i usually wear a 0 2 p and found that that the op was too snug on the bottom while the 2p was to o loose on top for reference 32 26 35 so if you are perfectly proportioned it could work fo r you \r\nalso note that this is a pencil dress very slim fitting probably best suited f or a cocktail party purchased this sweater in the blue color which is a gray blue it runs larg e as the xs is still quite roomy on me in the body although the arms are more snug great quali ty nan i bought this as a birthday gift for my daughter and i am so glad i did the colors are beautiful and the material is so soft i m sure she s going to love it so when i saw a sweater with a big llama face on the front of it i knew it must be mine i ordered it and eagerly await ed its arrival while the llama print and color of the sweater are ah mazing the fit of the swe ater leaves something to be desired i m a 36 dd and mostly a size l so that s what i ordered it wasn t snug but it didn t have the cut to pull off the oversized drapey look so the areas w here it was loose looked strange the sleeves were really long too but i could have rolle i f ell in love with this top sweater before it could even be ordered was on model for pants tha t were available to order in any case i later ordered the blue motif online and the colors are even more beautiful in person the blue also contains fibers of wine so very pretty the gray is a soft shade the quality is lovely too the only cons are that the seater is rather heavy b ut should be great for colder winter months and the zipper on the back is quite conspicuous how ever that said love the feminine styling of a classic tunic tee i ll wear it with black leggi ngs this fall super cute to wear casually or dress up a bit with some jewelry and or a scarf t his top is full of amazing details the photos really don t do it justice it is very flowy and does run large but is so pretty and soft and in beautiful shades of blue i bought a small and i

t is fairly long in back on my 5 5 frame but because of the detailing it just works unlike t
he first three reviews i loved this sweater the colors were beautiful and i paired it with gre
en cords i did not find the sweater to be itchy but very comfortable fits trus to size great
fit even for busty women ordered an 8 because i usually need the room in the chest area on dres
ses 36d dd fit nicely without being tight might have been able to size down but i didn t want
to risk being too tight flattering especially on curves nice for contemporary office or specia
l occasion if you like his designs you won t be disappointed love this top purchased it in t
he coral color now i m definitely wanting it in the blue since it is such a great blouse for tra
nsitioning into fall the weight of the top it good since i live in south texas so definitely ne
eding lightweight long sleeves for our weather i m sure when the time comes adding a long cardi
gan or blazer over it as needed for the cooler weather it will look great fit true to size abs
olutely love this suit the bottoms are very comfortable and covers everything id like it to it
does not ride up at all which almost never happens with swim suits i m going to order this in
a different color next season i paired the bottoms with the peplum top and received many compli
ments i just love this dress took me ordering a number of sizes petite and regular to find t
he best fit i might still have the top altered i received a lot of compliements work it wi
th some black leather wedges for daytime work i got the purple color and absolutely love it i
am 5 2 but decided against the petite size and i wanted it to be a bit longer i also went with
the xxs as the xs was a bit too loose on the arm it was definitely a splurge to buy the sweater
but it looked so lovely love the color very soft unique look can t wait to wear it this fall
i got the rooster version and the colors are simply gorgeous i m not so much into wearing a fa
rm animal image but the colors are just too striking to pass this up the sweater is tts but w
ith a slightly baggy fit i did not find it scratchy really cute and very comfortable material
is thin and sheer i wear tanks under things anyway but especially in pink you would need to
but love the style i love this sweater i am 5 1 and tried on the petite in the store but en
ded up going with the regular size as i preferred the length the overall fit was the same i
bought the blue which to me is the colour shown here more a grey and purplish colour beautiful
for fall and much nicer than a straight blue i have worn it to work several times and always g
et a compliment this sweater is nice for all ages it is soft comfortable and versatile it
might just be my go to fall sweater i have the blue color of this top and i love the color vari
ation throughout it looks very unique and it is going to be a great piece for late summer early
fall the pleated look on the upper chest is very flattering and adds texture to the top i am p
leased with my purchase this sweater is perfect for transitioning into fall as it is not too he
avy it s flattering and looks great with jeans i m an xl but ended up buying this in a size la
rge i am very pleased with the interesting cable pattern that runs down the front i also reall
y like that this is cotton and even though it is heavy and substantial the thread gauge is a f
ine weight while this says i can hand wash the sweater i m reluctant to because i m worried th
at hand washing will end up stretching the sweater out of shape i don t care for the heavy gold
zipper running down from the neck but my hair hides that overall bought this is the blue whi
ch is actually a very grey blue i love cotton sweaters and they are not easy to find this on
e has lovely colors and unusual design but is a bit too full that said i am keeping it for t
he cotton linen factor alone i love mixed media clothing and this is no exception i fell in
love with this right away and after being torn between the two colors opted for the rose it s
very gorgeous in person midweight and very soft however as soon as i put it on i noticed th
e knit sides truly flare out they don t lay nicely like on the model it could be because of my
large chest 36dddd but everything below the chest seems to widen me it might work better on
someone with a straighter build or smaller chest i ve been looking for some new casual tops an
d ordered this one for the sky blue color i m a size 6 and the small fits great i don t find t
he blowzy style overwhelming i am small boned but i m 5 8 not a petite i like it with leggin
gs and skinny jeans a nice proportion however i can see how this cut may be too much on som
eone with a smaller frame i really like it however i see two drawbacks the material is a bit
thin for fall and it wrinkles very easily not good for travel this i got the pink version to
layer with spring clothes i always wear a medium but sized down to a small based on the other
review the seams are very flattering the material is very soft on sale the price is reasonab
le i love this tee but there is a lot of swing fabric so it can tend to make you look wide al
so i have a short torso to begin with but this tee is on the short side i m still undecided on
whether i m going to keep it b c it s rayon poly and it s hand wash only and i m worried that
one wash will make it shrink in length and it s already short rayon knits have a tendency to sh
rink in length when washed so beware i love this shirt so much i am ordering the coral too the
weight of the material makes it hang nicely there is a lot of material but it lends itself to t
he flowy style i got many compliments of this top this sweater is perfect finally a sweater t
hat doesn t make me look like a huge box \r\n\r\ni bought the blue it has other colors running

through it so i ll be able to wear it with chinos jeans very pretty flattering i think i m
going to be wearing this a lot i love byron lars very taken with his fabrics and design concep
ts and i have ordered several of his dresses but i believe i need to surrender to the fact that
they do not work for my body type the dress is gorgeous in person all the fabrics are great t
he dress is fully lined and lots of nice finishing touches it is a unique and very striking dre
ss this one i really wanted however it is designed for a woman who is proportionally longer
leaner with a larger bust size than i have i ordere true to size for petite person bought in b
lue subtle shading looks great paired with your blue straight leg blue jeans perfect outf
it for almost all occasions this is a beautiful sweater with deep rich colors i purchased the
blue motif the problem is that the model s are small busted which allows the side panels and
front panel to lay nicely and swing in a flattering manner i am 5 6 135 pounds and a 36d i
usually wear a small in antro tops i purchased this online and was excited upon it s arrival
when i tried it on i was horrified it looked like a babydoll maternity sweater on me the fron
t did not lay well flat at all from the chest d spotted this beauty in my local store hangin
g grrr which made it stretch out note that it s made of linen cotton and acrylic so it s n
ot heavy it s weighty anyways it seemed to run large just due to gravity so i ended up order
ing it so it wasn t all stretched out it s got a beautiful a line cut perfect for us bottom h
eavy gals love the colored thread woven throughout worth the extra okay this shirt is soooo
comf it is super fun and flowy but it runs large get one size smaller than you would usually
get so worth the sale price cute and comfy shirt tts got my usual m i m a 10 and it has
a generous fit but i think it s supposed to it s actually a silver grey color i would highly r
ecommend this top i usually wear a small petite but returned the top for an xs petite which fi
t perfectly there is a lot of fabric but if you size down it wasn t an issue for me i weigh 1
20lbs and am 5 feet tall also i m busty 34 d which worried me with this type of top not a p
roblem i will wear a blazer or leather short jacket with this i am very picky and i was happy
with the quality the fabric is not heavy it s a fantastic purchase i loved this but hesitated
to order since i m petite and busty and assumed it would be an awful mess in the chest area too
tight gaping etc but it is great it fits perfectly there is plenty of room in the chest an
d the dress is not too long i ordered a pm and its wonderful the dress is not see through at a
ll love it runs a little big fabric is very soft and comfortable this top is really cute
and i think will be a great transition piece i m glad i tried it on in the store as it runs ver
y small i typically wear a 00 or 0 and bought this in a 2 they didn t have it in stock so i or
dered it and hope it fits i just saw this vintage style blouse at my local store and tried it a
nd think this blouse is amazingly beautiful it s actually very well made and a tad heftier than
i imagined from the picture there s different strips of gorgeous lace all over including that a
mazing lace at the collar and bib the arm holes are just perfect in my regular size small 34d
27 35 so it runs tts and i didn t find this overly blousy myself though that s just part of its
charm you ll need an undershirt or something i love this top the quality is excellent the blo
use is lined and falls nicely i like to wear it with a pair of dark gray jeans the color is d
escribed as orange but it really has more of a bronze tone looks very rich and exotic it s
perfect top when you want to wear jeans but want to dress it up a bit this swimsuit completely
exceeded my expectations \r\ni m 5 2 140 lbs with an athletic build and the cut of this swim
suit is ultra slimming with the way the top wraps it makes my torso look much longer and leaner
than it actually is i bought the top in a small and the matching bottoms in medium \r\n\r\nt
he material is thick high quality and the colors are exactly the way they appear online \r\nt
he top is reversible and the alternate side is teal and nude i feel like i got 4 tops in one si
nc i m 5 2 around 125 lbs muscular and petite so i ordered a petite small and it fits great t
he length is perfect i can wear with heels or dress down with flops it s lined which i think
most dresses and skirts should be so i was happy about that i was pleasantly surprised with th
e slits up both sides to show a little leg sexy it s not too low cut that you have to wear
a cami and ruin the neckline so that s plus my only issue was the fabric didn t line up on me
the same as the model as soon as i saw this dress i knew i had to have it i just tried it on
and it is beautiful i feel gorgeous and glamorous i can t wait to wear this to a special event
as it truly deserves that attention \n\nthe silk is soft and the slip underneath is perfect the
tie in the back perfectly cinches the dress and the pleating is a wonderful detail to the look
\n\ni am 5 0 110 and i purchased the small petite it s slightly big around the armholes and
it kind of poofs puckers out so i m going to this top was quite voluminous when i purchased it
and i sized down to an xs however after hand washing it once in cold water it has shrunk signif
icantly it still fits but something to be aware of i love how soft and cozy this sweater is
the addition of some cashmere in the yarn makes all the difference the red color is beautiful a
lso perfect for the holidays flattering cut in the back it dips down to cover your bum and t
he pointelle details are very pretty fit was tts this top is such a great investment piece loo

ks classy and is comfortable all at the same time it is pricey but you will not regret buying t
his goes great with light trouser denim or i have the green pilcro khakis it will he something
you will keep in your closet for a long time i always end up walking out of an retailer store w
ith something very different than what i thought and this was one it drapes beautifully and the
red color is rich and vibrant cool tone not orangey i fell in love with this one in person it
jumped at me in the store but online i think the outfit that the model is wearing is not my sty
le at all and does not do the item justice if you like to cover your assets you will love it
this is a very comfortable good looking skirt fits as shown the zipper however is rather shor
t and it takes a bit of squirming to get it over the hips once on it s great it is not made
in the usa as stated it is clearly marked made in mexico from globally sourced materials
i e not from the us i live in south florida so i m always looking for sundresses that will be
flattering but not too clingy or hot and that i can take from day to evening with accessories
when i pulled this out of the box and walked around in it it met all my criteria and as an add
ed bonus my husband said wow you look great where d you get that dress i m shocked becaus
e as an earlier reviewer said this dress doesn t seem like much it s not even lined but it s
comfy flattering in all the right pla i agree this dress runs long but since i love high hee
ls it falls just right for me it does seem quite roomy for a medium which is a pleasant surpr
ise the fabric drape and quality are contemporary but i know i ll be wearing this beyond this
year for sure pretty pink top is great for layering iand alone in the summer and spring this sh
irt fits very true to size with very soft and comfortable material that hangs just right wears
well and is versatile for many occasions please come out with more colors so i can purchase the
m as well i bought this in both the taupe and ivory the beading on the neck line the tie at t
he neck and the pleats make this a fun shirt i bought a size 2 which is normally what i wear at
retailer so i would say it is true to size i really like the length of the top it hits mid hi
p on me it is a tad shorter on the sides than i would like but it is still long enough to cover
my waistline i also think the arms are too long so there is kind of a balloon look at my wrists
because of it i bought it to i saw this dress on line and knew i wanted it for the spring summe
r season i ordered it almost immediately and i am so glad i did the photo on the website doesn
t do it justice there are a lot of pretty pastel colors in the paisley pattern that you just ca
n t see on the computer screen the wrap styling is a very flattering cut for most figures espec
ially hourglass figures like mine and the dress fit s tts for reference i am 5 9 and a 36ddd
the silk material is very light and flowy and wi a little shorter than expected very billowy s
o watch out for wind \r\nit fits well on the arms and shoulders not too see through great that
it s hand washable because i hate the smell of dry cleaned garmets top is very wide and flowy
i am petite with large chest so it hung from widest point and was not flattering would be very
cute with the right body shape i want to the store to try this skirt on that had only one size
m in stock my size and it was huge i ordered an xs and it fits nicely it s just what i neede
d for the warm days ahead after the reviews about sizing i ordered the size 16 am normally si
ze large interestingly the tag on the blouse says it s a 14 with all that said the blouse i
s cute enough and sizing up gave me enough length in spite of the higher sides that i m consid
ering keeping it although it s a bit big it flows nicely and isn t oversized in that wide cra
zy way the sleeves are a bit too big but they re cuffed with a button and can be rolled the fa
bric is somewhat crinkled in texture i got the i love the style and quality of this blouse it
can easily be dressed up or down the blouse is completely see through and delicate still it i
s so romantic feminine distinctive and timeless comfortable and great fit and color high qua
lity i haven t worn a halter dress in ages and saw this one and wanted to get it hoping that i
t ll fit me \r\n\r\ni love the swing skirt and the halter this dress can be easily dressed up
or down depending on your mood there is a side zipper \r\n\r\ni got s p and it hits me exactly
like the dress on the model it is unlined but with the color of the dress i don t mind it i a
gree with the other review that the dress runs big and long but i love it it s very flattering
and i have super high wedges that work great with it i don t think it runs super big but it s
slightly big definitely size down if small busted i wore it out and got a ton of compliments
it s classy different and hot bought this blouse to wear with high wasted jeans and pants it
lays beautifully and can be dressed up or down it s somewhat sheer but i don t plan on wearing
a cami under it perfect for work or going out i definitely recommend this shirt it s lights a
nd airy something you can wear everyday love the way this top layers under my jackets and swea
ters so romantic and pretty i am not experiencing the over pouf at the waist that a previous r
eviewer complained about the fabric is slightly itchy and the top shipped to my house has missh
apen shoulder bumps from the store hanger all the beautiful styling pics done by retailer emplo
yees on ig is what made me want this blouse whatever is going on with the model shot really rea
lly really does not represent how cute this top looks in fact this top is really cute and true
to size i like the color and the nice details i m 5 0 and 120 pounds this top is beautiful

it s high neck is so flattering a nice switch it up for us gals that are older and like neck co
verage sometimes i purchased a small and it is a little longer but since it has elastic at the
waist it s no problem i will tuck it in my jeans and skirts the arm holes are perfect the as
far as it being a lot of blouse i didn t find that at all but i am busty 34c or d depending o
n brand of bra the color is ivory omits completely sheer no lin tried this blouse on in the s
tore and fell in love with this top i went down one size since i am a true petite they were so
ld out of the petite small but the regular x small fit perfect it is a little short so it s pe
rfect for shorter people oh yes another sequin top to add to my collection it is sparkly with
out being glittery if you know what i mean can definitely dress down as it is tee shirt like
lots of options for this one tts much better in person than the online pics these joggers ar
e soo cute they fit great \r\ni seriously love them i have worn them so often\r\ni may have
to ban myself from them for a week \r\ni am 5 4 and the length was perfect for a jogger pant \r
\ni got an xs because the small looked too baggy \r\nthe xs loosened up a little after wearing
them and are perfect i bought these in the olive green in the store and will be ordering the g
ray pair online i am 5 9 and 145 lbs long legs and these are beyond adorable some people me
ntioned that they stretched out i did not find this to be true what i do know is they can be d
ressed up or dressed down they are flattering and perfect for the spring summer i would highly
recommend and would will purchase in every color well done retailer one of my most favorite p
urchases so far this spring i love the flower patterns they add feminine touch this legging i
s well made with good quality spandex the only cons is the color is not as deep as the picture
when you wearing it and the fabric stretched the color looks much lighter other than that it
s a good buy i ordered these as i was curious of hte fit on my body type shorter thighs w
ell it was ok but in the end i dind t keep them as i would be better off wearing jeans on cas
ual day or real joggers as in jogging material \n\ncut was ok not super flattering but ta
pered pants only suit stright legs in my opinion \n\nmaterial was nice enough din dt notice wri
kling but i didn t wwear them jsut tried them on \ngrey color was nice got the black but the
orange it very pretty too the black fabric has a sheen to it almost like snakeskin as other re
viewers have mentioned it does run small and the armholes are cut in a bit overall it is a mor
e interesting than a basic lbd i was so impressed with the style boning on the sides for the
perfect fit it s truly a classic staple in your closet for that lbd i was surprised how soft
and comfy the fabric is on this top when i tried it on i didn t want to take it off it s a li
ttle bigger than i would like i got a small and am usually between xs and s may have sized d
own if the top were available but the fit and cut are flattering i usually wear a size 8 10 and
i needed a large in this skirt it flows so beautifully i love this little number the quality
is terrific the weight is perfect and the cut is superb i love the way it fits and looks in t
he arms i ordered my usual xxsp and it is perfect i like that it is cool and flowy without lo
oking like maternity attire i have the bright turquoise and i am going to order another i was
about to order what looks like a yellow one but i noticed the color is labeled chartreuse ca
n anyone tell me if this is more yellow or green in real life one of 3 pair of leggings order
ed and the only pair to fit properly size l was perfect for me they stretched nicely going on
and the beautiful floral design on the legs didn t get distorted or faded looking from the stret
ch wearing these makes me happy these leggings are beautiful so unusual and colorful comfo
rtable and flattering they fit true to size with enough stretch to move with you yet retain th
eir shape the fabric is a bit lighter weight than ponte but heavy enough to be completely opaqu
e i would definitely recommend these beautiful leggings to anyone who doesn t mind attracting a
little envious attention i totally love this tank the yoke detailing is so pretty i read t
he other reviews i feel it fits pretty tts it s what i expected i have already worn it sever
al times since it arrived in the mail i love it so much i m ordering it in the turquoise color
as well every time i have worn it i have received compliments i ve worn it alone with shorts
and or jeans as well as with a cardigan and dress pants for work it s soft comfortable and to
echo what another review stated the material s gorgeous cobalt blue color usually s m boug
ht the small because of larger armholes so glad i snatched this one up on sale the detail
on the top is amazing i like the idea of the pullover the quality of is nice the material is
very soft and feels pleasant to the touch \r\n\r\ni expected this sweater to be more flattering
though it is true to size but the length is strange it seems a bit too long yet is too short
to look like a longer tunic or maybe the waistline is a little low whatever it is it makes
me look like i have short legs \r\n\r\nalso the collar won t stay down the way it is shown in
the picture but it may work better for someone wi this dress is attractive but it runs a little
small i m a small curvy girl who usually wears a 2 this was small in the top and short waisted
i wanted to wear it to a recent event and didn t have time to return it for another size a love
ly skirt and i m so glad i found it before the medium sold out having said that i expected the
medium to run small and that i d have to squeeze into it but having tried it on this evening it

s not the case at all i nice fit i might even have fitted into a small which i think is the o
nly size remaining the skirt is very spain inspired very flamenco i love it i will say that
you d need a bit of height to wear this skirt due to the length at the back i m 5 6 which is t
all enough fo i adore these little joggers i was immediately drawn to the color army green an
d the little details i carry all my weight on bottom so i don t often wear many retailer botto
ms i m usually a 16 i tried the xl on just to see how they would work and i was pleasantly su
rprised they are absolutely perfect they fit a little baggy as joggers do and go with just a
bout everything mine did loosen a tad but not like the previous reviewer i highly recommend t
hese can t wait to wear these throu love this tank it has an easy fit that hides my post baby
belly with out looking to wide i love this blouse the lace panels are slightly sheer but noth
ing inappropriate the solid fabric is a lovely sort of heavy crepe stunning bright cobalt blue
color i m an xl in retailer and this top fit well in xl ever so slightly snug at one part on t
he sleeve but nothing noticeable or uncomfortable be aware this did bleed blue when it was soa
king and it did drip blue water while it was air drying on the hanger while this blouse is stil
l wet i would stretch out the sides and sleeves to ge i wanted a casual denim colored skirt for
warmer weather without the denim weight and this skirt fit my needs perfectly i m 5 4 117lbs
and the xs fits me true to size hitting about 1 1 2 inches above the knee it s a more modest l
ength for daytime but it definitely needs a slip underneath the raw edge is subtle no hanging
threads and unique i can t speak to the lack of colorfastness but i washed it separately and w
ill be mindful of the possibility i love this top the detail on front top of the top is so c
ute the length is just right i hesitated because of the unusual armhole shape but they are rea
lly not an issue also thanks for finding the top as it wasn t available at distribution center

the top i wore them with fitted skinny pants and the top looks amazing perfect for summer the
armholes also look flattering not too big i like turquoise i didn t find yellow in the store
so bought green and white it does need some ironing this pants look pretty much exactly like t

\noverall cute especially for the price if not on sale i would not have bought them but the sa

these for a while but as they didn t seem very popular i figured i d wait for a sale i finall

and very flattering i d say they run true to size but maybe on the smaller end of the size for
the waist the blue pants are more greenish in color than the picture shows but still beautiful
i m looking forward to wearing these now and into the spring i loooove this my favorite retail

and a bit busty and the medium fit perfect its very flattering and so comfortable perfect for
a hot summer day or as the cute clerk in the store had it styled with a cropped jean jacket and
a fun necklace the styling idea s are endless i m waiting by the mailbox for it to arrive thi
s runs really large i love it sold out of xs p and xxs p go figure size down if you are

m attending i am 5 1 119 32dd and usually a sp i tried on a regular s and xs in the store
and the s was huge i ended up ordering the regular xs instead of the petite xs when the 20 off
sale hit because i liked the extra length great bra coverage it is not too long at the armhol

es or too low in the back i will take it up a bit in the top seams just so it doesn t have qui

und this for me at my local retailer i probably would have never thought to try it on i am 5 1
and normally a size 8 or a medium the size small was still too large so i ordered a size small
petite it fits perfectly looks adorable on and is so comfortable i can t wait for the warm w

t the bottom hem for the shape of the dress just purchased this love how light and airy it is
perfect for throwing on on a warm summer day it is soft and comfy but it does run pretty large
i am normally a m and in this the m was swimming on me i purchased the s and still loose and

it will do you right whenever you need it to this jumpsuit is the epitome of what i love about
retailer unique and absolutely beautiful i love how it flows and on my petite frame when paire
d with heels makes me look taller hopefully the designs for spring summer are just as beautiful
and comfortable as this piece i plan to rock this with a cute belt and a bolo jacket i loved t
his dress from the moment i saw it i ordered it immediately after reading the reviews and fel
t confident in my dress size choice but when it arrived it was big i am 5 7 140lbs with an a
thletic build and i usually wear a 6 or 8 in dresses so usually a small but sometimes a medium
because if this in between that i am i ordered a small and it was really too big so sad
incalled a bunch of stores to try and find an xs but they are sold out everywhere \r\nstyle is f
un and flir this dress is great it appears just as it does online its soft flowy and a thin c
hambray material the straps are adjustable which makes it a good fit for all women i am fuller
in my hips and toosh and this dress fell beautifully over them i tried a large i normally do l
or xl in retailer dresses and there was plenty of room i would have probably liked the xl more
just because i prefer things oversized the dress is a midi length very breezy and airy its ex
tremely comfortable and very fl nan i was worried at first that the metal leaves would come off
easily i was pleasantly surprised after a day at disneyland i don t think i lost even one of t

it hangs rather like a sack so i think it needs a belt for waist definition with a belt it lo
oks great my measurements are 38 30 38 and i wear a medium oh and contrary to what other revi

l and the black i tried this on in the store last night and decided to order it today it is a
really beautifully made and flattering dress with very interestingly cut seams the fabric is a
distinctive flower pattern that has been overlaid to appear almost abstract gorgeous and high q
uality \r\n\r\nfit i am 5 6 and curvy usually a size 14 16 and the xl fits quite roomy on me
that s the size i ordered because i like flowy things so it definitely runs large usually i h
ave better luck with a line dress shap i bought this dress for its green color and flowy design
to wear at an irish fest held in the hot summer it s perfect being of irish descent with red h
air and fair skin i love all shades of green and this green dress is no exception the color i
s lovely and eye catching and cool as to the sizing i usually wear a size 8 but to make sure
due to the design i ordered an 8 and a 6 there wasn t a great difference between the two dress
es but the size 6 top was a bit more fitted and looked bet i just bought this at the store i s

t wait to rock it in terms of sizing i am 5 5 150 with 36dd bust and some hips and booty usua

lly i am a size 6 8 m in dresses and pants but in true retailer style i ended up great jumpsuit even better in person elegant and stylish i am 5 7 and 165lb m fits perfectly material is not see throug that was my biggest concern sooo happy that i got it i purchased this in the mauve color beautiful color with tan skin for the summer but also perfect for fall the material is very thin but not sheer at all has quite a bit of drape swing to it so i sized up to make sure it was long enough it fits me like it fits the model shown here i am about 5 4 115lbs and 32b and am keeping the small i originally ordered this in green and unlike another reviewer i thought the color was perfect for spring it is trendy flattering and fun in green but perhaps not a color i would wear long term so i decided to return it and order it in red and black i also noted the boxy cut and if that is what you want it runs true to size however if like me you want something a little more form fitting consider ordering down a size or two depending on your chest size and just carefully shimmy beautiful dress good quality tts i m 5 feet 120 lbs ordered my small petite no issues however the green is very bright the deal killer for me was when my hub said it looked like a starbucks barista s apron it s going back i marked yes if you plan on purchasing a black dress it s a yes i tried this on in the store i tried regular medium which was way too big except in the chest where it was really tight the material was a little itchy on me but maybe its because the chest was tight the color is lovely pink im sure someone will love it but if you are petite i would order the petite and maybe size up if you are busty i tried these on at my local retailer and was like no way am i spending almost 300 on a pair of jeans alas i could not stop thinking about them the pictures really don t do them justice they are a more substantial jean have a distressed look without being fragile and yet they are so soft so comfortable you really just don t want to take them off they do have a bit of stretch but hold their shape all day long the length and taper are perfect in that you can wear them with boots san i love this dress i disagree with the review saying it was too sheer this is a thicker material and doesnt need a slip it is beautiful and is so comfy it looks good with heels or sandals i definately recommend this dress it would look good on any body type this top is cute and could be worn to work or casually being tall i love how long this shirt is definitely recommend i purchased the gorgeous green color i love that i can wear this with leggings and sandals in warm weather or boots and scarves when it s cooler outside the best thing is that it has pockets to slip my phone in the color is very flattering and i get lots of compliments when i wear it i bought the blue pattern and really have found this print to be very fun and flattering and the tunic style great for work and play highly recommend like a baby doll top with almost an empire waist going on feels comfortable and super flowy i got a size m and i swing between m and l in most brands the button stitching are a bit loose and will fray after some wears i can tell but i m borderline on taking it back still because there are hidden side pockets crazy like it was a fluke or something would fit a piece of paper or tissues not keys or phones though this is a beautiful sweater soft lovely color and easy to wear the current photo is more true to the length i am 5 2 and 128 pounds and ordered the regular sm and it fits just below my hips like other reviewers i was hesitant to spend this much on a pair of jeans however i purchased them at 20 off on retailer day and honestly they look so good i probably would have paid full price these jeans are fresh after reading the reviews i ordered this dress in an xs and sp i m 5 3 and 120 lbs the xs was too long and too big on the bottom while being too tight in the chest the sp fits perfectly i m wearing this to a wedding and know that i will get lots of use out of it for many different occasions i always look for things to hide parts without making my parts look even more pronounced this top is much cuter in person than online it has floral edging around the neck and lace up area i didn t notice the length is perfect the sleeve length is perfect and it makes me feel thin even though it has stripes perfect spring summer top fit is true to size but keep in mind this dress has a box like fit i am debating whether to have mine taken in a little under the arms \r\nthe material isn t what i expected but i still love it the dress has a more textured thick fabric instead of the light somewhat silky fabric that the photo portrays \r\ni am very happy with the color this shirt is easy breezy comfy and stylish everything i want as a busy mom all the patterns are beautiful it i went with the blue motif as well as the floral print because they felt fun and easy to wear with jeans or white pants this definitely fit a full size large for me i tried my usual s plus xs thinking the shoulders might be too tight but the xs was perfect happy to have this beauty in the rotation this is my first pair of realllly expensive jeans and they were worth every penny i love the fit the distressing everything about them they make me feel like i look amazing which is what good jeans should do i wear a 31 in pilcro jeans but based on some reviews went up to a 32 in these and they are perfect also i m 5 6 but the crop length hits at my ankle which is perfect shortened it to knee length and it was perfect material is soft comfortable to wear can be paired with wedges or pumps or flats fits true to size super cute and flattering shirt the long tunic style makes it so you can dress it up

or down so cute and comfy this shirt is just so easy breezy i got the blue motif and love the pattern the top is loose but it s supposed to fit that way i have a feeling this will be my go to for the spring summer i m about 136lbs and ordered a small if there ever was the perfect fe minine dress this would be it i m small 4 11 98 pounds and 34a so the regular xs looks lik e a baby doll dress on me i just wear the tunic with a tank top underneath or i can wear the tunic by itself and leggings plus a pair of boots the top part is slightly baggy so if you wa nt tight fitting is size down to xxs i got the yellow flower and white grey one and plan to get the navy one soon the quality is good and you can machine wash it with cold water i plan to use a tide sweater garment bag to wash it i put i ordered the black and it was a soft black which i loved i felt like the shirt was a little boxy i was hoping the top would have been a b it more fitted the arm holes are loose and the bottom a little longer but i like it enough th at i am keeping it works well to wear to work i initially purchased this shirt in the grey mot if color size l my usual size i m 5 8 size 14 unfortunately i found the shirt very roomy but loved the pattern and style so i ordered a medium and much to my surprise it fit much bette r i m very happy with my purchase i bought the dress in black it is very elegant with a fun f lare suits my taste it does run a size too small like other reviewer mentioned the material h as no give at all i couldn t breathe in my regular size one size up fits like a glove it is a perfect party dress to show your free and fun spirit i agree with the previous comments the ve st runs a little large so you can easily size down for a more form fitting fit it is so soft a nd the colors are lovely will be a welcome addition when the weather turns a little cooler i am so glad i purchased this vest fit great maybe a bit large i bought a l typically i g o between a large and extra large and there is room to put a thick sweater on underneath it t his goes with just about everything i am a solid size 6 in most brands top and bottom 5 3 ta ll 125 i have long legs short torso and fairly broad shoulders i almost never wear petite sizes however this top in the regular small size could be a maternity dress on me i am literal ly swimming in it and it is quite long however i can still make it work with a cami undernea th and leggings or skinny jeans i like it did not return and will buy another color but wi ll go with petite x small in the future this top is such a great color and style i did have to go a size down as i typically wear a medium the style is very forgiving it looks great with s horts and jeans it s staple i just bought this top yesterday in the yellow i can t wait until it warms up a little more to wear it it s very comfortable and very cute i did have to size do wn i may get one of the other prints as well i ordered the yellow floral version in size xl i t fits me just as shown with the model so it s true to size it s very comfortable and made well the floral looks the same in person as in the photos too i love this dress it has a beautiful european flair and more beautiful in person i don t agree with the other reviewers that its se e through the fabric is a good quality and thicker than you would think the variable length is the best part of the dress the color looks beautiful with a tan summer glow got the flower pri nt and it is really a nice top covers the butt i normally need a xl but in this top i got a large i love the idea and color very flattrering and easy to trhrow on however i need the p etite in this one and they sold out in the neutral color it looks too big in eregular sizing and since it combines xs s it is made slightly bigger material is soft enough i received this in the mail a few days ago and was so pleased with it except that it was huge i am normally a 10 12 in most things so i ordered a large i was swimming in it in all areas shoulders and bus t bothered me most because i need a waist on shirts so i don t look larger than i am i liked it enough to o ahead and order a size down i ordered a medium and medium petite because the top is quite long and i think i could get away with wearing it with leggings or tights if i were lookin g i have received so many compliments on this top it really looks exactly like it does on the m odel and i m not as thin as she is i am 5 5 and 134 lbs small on top and bought the small in this top the v neck is very flattering and is hangs so nicely that it does not make me look hippy looks great from all views i paired it with white pencil pants and wedge heels also th e black lace detail down the sides looked great when i paired it with black yoga pants and flip flops the colors are everyone has said it so i ll just add my two cents this is a great sof t flattering top i bought two one in white and one in black and i have never worn them witho ut getting compliments i sometimes wear them buttoned up and sometimes completely unbuttoned t o expose tanks or bathing suits i live in florida and these tops make great beach cover ups i am 5 7 and over 160 but not busty and the medium was swimming on me but i think this partic ular shirt is supposed to be that way su perfect party dress well constructed bra hidden at arms and on top what more can you ask for i felt like betty draper the moment i put it on i m normally a 6 but the 4 while fitted looked amazing and didn t pull i love this shirt it hid es my tummy perfectly without being too baggy super cute the fabric is wonderful flows nicel y and soft i am 5 7 145lbs and usually wear between a s and m i ordered a s in this due to t he majority of reviews and found it to fit my shoulders well and length was fine after reading

the reviews i was so excited to get it but for me it actually made me look larger there was too much material for me on the bottom and it actually made me look like i had a pooch never a go od thing i thought of returning for a m as i thought maybe it would have hung i bought the tang erine version of this dress for my brother s summer wedding in the south and i can t wait to we ar it cotton material has a touch almost like linen but not rough nice and hearty fabric tan gerine color is beautiful more salmon than coral wearing it with a little shoulder shrug and t he laika inca shoes the shoes aren t on the retailer site anymore but i found them at my local store just perfect i purchased this top in white it is see through so i wear a tank or cami u nderneath i usually wear xs or s in retailer tops and in this one i purchased the xs but wish i had bought a s the problem is the top is just small enough to pull slightly between the top t wo buttons for reference i am 5 6 weigh 128 lbs 34b bra size 28 jean size and small boned i currently carry most of my weight in my hips and waist my normal weight is 110 112 lbs and i add this to point out that i am out of sh picture definitely does not do this vest justice i s aw it on a rack and had to try on and instantly loved the look and feel i am 5 9 135 lbs size 6 and the small works for me the vest will work with ivory black grey and red undernea th i love the little bits of fur sticking out of the seams the back has fitted seams to give it a trim look there are small pockets in the front as well definitely worth the 108 asking price this dress is great it fits true to size and the pockets are very unnoticable \r\nmy onl y note is that the first picture of the dress show the dress to be a bit darker than the actual dress the dress colour more closely resembles that of the other two photos i m very pale and on me the rose color looked really washed out the catalog photo is not an accurate representati on look at the product shot for a truer representation it s slightly see through and was too c lose to the color of my skin i think it would look delicious on someone who has darker skin th ough i purchased this in 2 colors the black which is really actually a dark grey no complaint s and the cream with black print version i have worn both at least once a week and receive com pliments everytime looks great with skinny pants or jeans great alone or layered with a jacket or cardigan does run on the looser side fyi this is my favorite dress i have ever purchased as a 6 tall woman it s hard to find flattering dresses that are long enough for my legs this dre ss is classic comfortable and truly flattering i love the blush color and did not have the is sues that other people listed for the color being see through i can t get enough of this style i ll be buying it in black too ooopss bought this top in white and blue motif it fits me g reat and looks adorable the only comment is that the holes for the buttons are a little too big but it s an easy fix \r\nthis top looks great dressed up or down would definitely recommend ju st purchased this yesterday in the store and i can t wait to wear it it is a perfect spring sum mer top when you just want to wear something pretty and comfortable i agree that it is big but that is the style of this shirt so if you re ok with this look you will love this shirt i too k my usual medium and the prints are adorable a great addition to my wardrobe love this shirt tried it on in 2 of the colors and both were very flattering the quality of the shirt is great worth the price for sure love this top i receive so many compliments wearing it even from my teenage boys runs large but that s the style of it very flowy very flattering the rose colo r is lighter than the photo of the model in front of the pink building but on the other photos it does look lighter so i wasn t surprised my dress fits very nicely i love the drop waist t he loose fit at the hips and the flare of the ruffles the back is just like the model too i thought it may be boxy but it comes in at the waist and goes a line perfect i ordered the xl b ecause it wanted it to be loose like on the model i was afraid because of my large dd chest it would i am so happy i purchased this top in 2 colors while it was on sale i have the navy white pattern and the green both are vibrant and fun i m 8 months pregnant and these fit me currentl y i can see them being a great top for post baby and on as well i ll probably layer this in th e fall and winter with a chambray jacket or a loose knit sweater my only complaint which is wh y i gave 4 stars the top button comes undone very easily it also pulls a bit at the top 2 butt ons but i may be able to i m so short that this could be a dress runs a little big but very f orgiving the green color is so vibrant love love love this light blouse is beautiful and true to size i ordered the black one and love it \r\ni would recommend this product stopped in to my local retailer today specifically for this top i was pleasantly surprised the green is even m ore vibrant in person just gorgeous typically a size small but based on reviews tried on the e xtra small still a tad roomy but portland doesn t carry petite sizing aaaaandidon twanttopayfor shipping remedy that retailer portland this sweater poncho is a nice versatile piece to wea r in the fall wear a blouse or tee under for extra warmth for the maine winters love the side buttons and the uniqueness of this poncho true to size great color lot s of compliments love this top bought it in both color ways just adorable and washes well great option for larger l adies \r\nretailer needs to provide more xls to be available in the stores i shop at the pasad ena store and see so many women my size shopping right next to me and there is nothing for us

it is so sad that we want to spend our money with you but you don t want it like the extra det
ails on the neck and back and it s versatile to wear everywhere agree with other contributer
this is a great piece to snag on sale i bought this 2 months post partum with the intention of
hiding the post baby belly which is does well i think it fits true to size i m typically l a
nd this l fit well i can see how certain body types it would look maternity but i m short and
curvy and the blouse is flattering it s lightweight so i plan to add a cardigan in the fall wi
nter this dress is a bit scratchy but overall i liked the fabric well enough on someone blond

t me great i have broad shoulders small chest and and slim this beauty arrived in my store to
day and despite all my gals telling me that i own too many vests i just had to have this one
i ve always wanted a cozy fur or sherpa vest but i m curvy and always feel like those add bulk
this one only has sherpa on one side the softest most cozy sherpa ever and its not too bulky
the print is even better than it appears online in fact the vest almost appears pink online
and its not in person there is much more variation in color in person i adore i love swing top
s the more swingy the better this top is so fun its a little hard to tell online but its ma
de of two fabrics most of the fabric is a thin t shirt material and then theres a panel on one
side thats more of a silky fabric its so so cool the colors are just as they appear online an
d the print is fun and edgy i have larger arms so i love the length of the sleeves the other
reviewer said it was cropped but i did not have that experience in fact i was able to wear min
e w i really wanted to love this dress two lovely associates paired it with the desideria bib n
ecklace and the black dakota cardigan which gives the outfit definition and elegance but the d
ress by itself would have needed altering to fit my 34 b top i chose size m because of the leng
th the small was 1 1 2 shorter in front i am 5 8 in the end i realized i would probably
choose my other favorites from my closet but it will be stunning on the right person i m still
on the fence with this shirt i have the grey it almost looks like a cheetah design up close
i m 5 3 i love this dress originally ordered the medium which is my normal size especially
because i am tall the arm holes were gaping and so i returned for the small the small is perf
ect it fits exactly as on the model and i didn t have a problem with the color being see throu
gh it really is so unique but so simple the color is perfect \r\n\r\ni took a single star off
because it is not lined for the price this would have been nice this is a cute top especial
ly the material design i like tops that go over my bottom and this does if i had a problem it
is with the sizing the fact that it was only online so i could not try it on made it difficult
to know really what size to get some reviews said it was true to size and others said go down a
size i did go down a size but it still hangs a little big but i still love the overall look i
am also petite which is what i ordered cute white t shirt different style but didn t work on my
body type so i returned it \r\n good price point \r\n basic fabric nice flowy comfy top with s
oft fabric there s a lot of fabric below the waist it could probably work as a maternity top
but it drapes nicely rather than looking overwhelming i do find that the buttons gap a little a
t the chest despite the top fitting loosely on me so i have to wear a layer under it i ve bee
n on the hunt for the perfect dress to wear for my daughter s first birthday party since we are
throwing a traditional korean first birthday i was looking for a dress you might wear to a dayt
ime wedding or a fancy brunch i just purchased this dress today in the store and it fits my nee
ds perfectly \r\n\r\ni disagree with the first reviewer who mentioned that this dress was too s
heer this dress is a thicker fabric so i do not think i will need a slip when wearing it it do
es drape nicely i absolutely love this shirt even though it has a large flowy design it looks w
onderful the print is so unique and will transition to autumn beautifully i loved it so much i
got both colors i would describe the color as more blush the fabric does not have a sheen as i
n the model picture the fit is much cuter on than hanging i m a 36c and the extra small is jus
t a bit tight in the bust otherwise i like the fit everywhere else i m going to order a small
and see how it fits at 5 3 it s also longer on me than on the model but not a deal breaker l
ooks kind of 1920 s vintage on my fabric is not see through it s more of a twill fabric but not
quite as heavy as that i agree with the other reviewer that the color isn t as pink in person a
nd more subtle my thoughts below on some other things \r\n \r\npros \r\n pockets mak
es it so fun and chic with the overall style \r\n the material is lovely and breathable i didn
t find it sheer at all of course i didn t wear it outside the dressing room the material is t
hicker but it hangs on the body well \r\n runs mostly tts i only tried on the medium and it
fit everywhere being slightly tighter in the chest i nan this shirt is so very pretty in person
the detail on the neckline and the lace up on the back are so cute and give the shirt just a bit
of whimsy making it more unique than your usual flowy t shirt it lays perfectly and the materi
al is very soft and comfy you can wear it casual or dress it up i may get another one because
this is the kind of shirt i will wear constantly i usually wear a size 28 the fit was perfect

highly recommend many compliments i fell in love with this dress from the moment i saw it in s
tore i tried it on immediately and knew i had to have it it fits a little big definitely si
ze down but other than that i have never felt more beautiful than when i wear this the color
is a perfect blush pink and the drop waist tiered skirt make you feel downright bridal when wear
ing it despite it being the perfect fabric for day i find that this dress is perfect for those
days at work when i have an event later it can be dre this is a such a cute top can be dresse
d up for work or worn more casually very flattering i m 5 6 and 125lb i was borderline betwe
en the xs and s but ended up with the s because it was a tad longer and more tunic y bought t
wo colors i loved this top so much i bought it in both colors size down because it run very la
rge but it is nice and flowy i m 5 11 and slim and the top hung nicely on me this is a very
flattering soft sweater the pockets make it so much cuter do not make me look thick high
ly recommend i fell in love with this dress when i saw it in the catalog and ordered it immedia
tely i was a bit disappointed that the dress is a little lighter than the pink showed in the ca
talog but it didn t deter my liking it because it s still a lovely shade of pink the fabric tak
es a bit getting used to though i thought it would be silkier but it s really a thicker fabric
i ordered a size small and i usually wear size 4 the dress drowned me so i returned it for an
xs which fit me beautifully so this is such an adorable tee the stripes and lace up details a
re super cute and on trend i usually take a xxs and that is what i took in this tee i tried th
e xs and at 5 1 and 104 pounds it looked a bit loose and long on me love this tee and highly re
commend this one this shirt runs large so order down a size it is comfortable cute and great
for transitioning from summer into fall adding jewelry really dresses this top up can t wait t
o layer it with kimono vest pashminas or wraps great with sandals or boots glad i bought bot
h colors it looks much better on than in the photo on hanger great purchase and can t wait to
wear i purchased this poncho online in the cream color when it arrived i tried it on to decide
whether or not to keep it i immediately went on line and purchased the taupe color as well t
hank goodness it didn t come in 5 more colors this sweater is so versatile and beautifully deta
iled plus it is very soft you take one look at it and you know the quality i think you could
wear this dressed up or down and it would be perfect either way i do agree it is not quite as
long as pictured but pe the green is a deep beautiful shade the fabric and fir is very flatt
ering love this white shirt it fits great and gives you a little breathing room around the wai
st this goes with shorts skirts and jeans i will be wearing it all summer i loved this dress
on the material was quite different than expected almost a canvas y feel to it ran a little l
arge but so cute nan i really like the look of the top when it is photographed on other people
but it just isn t for me the fabric is stiffer than i would have expected and not very moveable
the fit is not quite right on me the longer sleeves detract from the look of the shirt i also
generally prefer things a little more form fitting of which this is not it was not very comfort
able for me either so this was clearly not a win for me this top is absolutely adorable fits
small on top and then flares out a bit as shown i bought it months ago and haven t worn it yet
though might try it with white jeans as shown bought this top at my local store and tried it o
n as soon as i got home yikes it was way too billowy i looked like i was pregnant will be tr
ying the next size down on in the store to see if it is billowy gorgeous baby blue lace is a mu
st see i received many compliments my only gripe is that i don t love when shirts have those c
onnecting camisoles which make it harder to put on as i would much rather just have a sewn in
lining but it didn t deter me i am 5 5 135lbs 34c muscular curvy frame and a size 4 fit pe
rfectly super cute poncho to add to my wardrobe love the grey color and the material is super
soft glad i snagged this up for less than 30 great top love the fit it pairs great with d
ark denim and pearls i ordered a 00 and am a 32c cup and 24 25 waist this top jacket is less r
ed than it appears in the pictures more of a wine color as it is labeled but it is pretty an
d the gold details are nice this sweater is a perfect transition piece the material is really
soft while it has the shape of a poncho it is cut nicely and doesn t make you look like a big b
lob i am obsessed with this top it is even more gorgeous in person a real showstopper bea
utiful color and a great lightweight piece for fall layering the petite sizing was perfect for
me more like a belted kimono very happy with this purchase it s really cute but seems expensiv
e for the type of fabric i thought it would be more substantial got lots of compliments this
a lovely piece you have to see it close up to appreciate the subtle details i typically wear x
xsp or xsp so i did not expect this to fit but decided to try it because i liked the style as
a petite many poncho styles overwhelm me and look like tents not this one the xxs fit nicely
just the right length and width i am 5 1 and 108 lbs i think one of the reasons this has not
been popular is because it only shows up when searching on ponchos and not when you search for
sweaters it in the midst of the end of winter doldrums i tried this cute top on springy powd
ery happy the lace is soft not too stiff or scratchy and lightweight enough to transition ni
cely into summer because the cami is a separate piece i also envision wearing this as a top ov

er a slip dress with some retro mary janes the sleeve length makes it fair game for late winter too yay absolutely love this top it is beautiful well made and so unique this top is really pretty and i received a lot of compliments on it i said it ran true to size but really the tor so part runs a little big if i had sized down i think it would have been too tight in the arms the cami that came with it kept falling out which is no big deal but be aware that the strings might not hold the cami with the shirt overall it s a really pretty blue and the details make it worth it i knew i wanted this top the moment i saw it so onto my wishlist it went until it went on sale it fits beautifully in my normal size and i love that it already has a coordinatin g tank top i get compliments whenever i wear it think hd in paris might be my new go to this is probably a blouse for curvy women with that i mean large breasted i am a 40d and the xl fit s well and the cleavage is in the limit of ok for the office the bottom is a little too large b ut not too long however the fabric feels extremely comfortable and it stretches but it doesn t lose the shape i am tempted to buy 2 more if you are thin you probably need to size down thi s tee is super soft and thin perfect for hot humid days i went with the neutral version and it is adorable with chino shorts or jean shorts i found it ran big i purchased in xs and still p retty baggy beautiful dress excellent detail loved everything about this dress except for the weight this dress is very heavy which limits my wearing options in fl given the fabric this i s a great special occasion dress yep this is snug so maybe you might consider upping your nor mal size but here s the annoying thing for me the buttons fell off not kidding the first i wore this blouse and two buttons came off when i looked at the other ones i saw that they all n eeded to be resewn to keep them attached what a bother but i m doing it because the cotton pop lin is nice and the little ruffle is a nice touch that i really like where am i going to find another so i ll fix it up the way it should have been these leggings are wonderful they are in credibly soft and stay in place when working out nan i initially tried this on in store and fe ll in love with the beautiful cut out details and fit the star design is really cute and unique and the blue color is not see through at all i eventually had to buy the blouse online because i could not stop thinking about it also machine washable is a major plus another shirt i reall y wanted to love i adore green but so few tops are made in this color please make more how ever this shirt didn t work for me i think it s a matter of where your curves live the shirt was true to size but my boobs meant i was showing more cleavage than the model and the top par t felt more like a bib than embroidery sad coz it is lovely and feels lovely on probably a gre at shirt for different body types would love to see more green clothing this dress has spec ial written all over it the poms at the hem and bodice as well as the rows of black seed beads push are the kind of details that stand out i like all the varying textures it looks great wit h sandals or short boots fits true to size a nice sassy length i found this dress at my local retailer must be a web order return i feel in love with it once i put it on its better in person that online but it does run a little tight in the chest area it was fine for me as i m not big busted i tried these on in store not intending to buy them was trying on shirts and needed to s ee how they would look with jeans and loved them great medium blue color and they fit me so nicely i am 5 2 with actual hips and thighs the price is a bit high for me though hopin g to find a pair at some point when they are on sale it is such a cute design and very soft and comfortable but the picture for this product is very deceiving it looks like the sweater is fa irly long in the pictured product page but it is considerably short i am nearly six foot tall but thought by this picture it would be lengthy not at all \nit is a beautiful sweater might w ork better for a shorter stature i like this top yes it is very cropped and fitted but that s the style as shown on the model in the picture but its true this style may not fits everyone i t probably flatters those of athletic or petite figure more than a full figure i am 5 6 110 my usual size is xs the top looks small to me at first so i tried both size xs and s i took th e xs cause i like it look fitted than loose i wear this top with high waist fitted skirts or pa nts and it looks great if this top can be an inch lo love this soft sweatshirt the peplum make s it a little different and the quality is great go to piece for spring loose fitting but true to size in shoulders beautiful and very feminine look but run big i m 5ft 105 lbs curvy size 00 fit me well i really like this jacket very comfortable nice material i like the weight of this jacket i wore it alone but it will be cute with a t shirt under it too ordered this dress for a summer wedding it is so cute true to size well made with a hint of tulle super comfort able for moving and dancing winner nan very nice top fits true to size a little short buy lo oks nice with jeans or work pants love this t shirt the weight is great for the impending heat and humidity of summer it looks positively fabulous for casual occasions with pilcro chinos in moss and fuchsia suede pumps i purchased the yellow and i am quite happy it matches a lot of t hings that i already own nice summer tee i bought the here comes the sun version of this shi rt i had to have it i m a cervical cancer survivor who is still dealing with some health issue s i recently attended a cancer survivor event where a women talked about her life with cancer

she said that you no longer counts the years of her life instead she counts her sunny days i w
as inspired to do the same so i love this shirt i got it on sale but it still could ve been
cheaper love this tee lightweight airy and comfy i think it fits true to size so soft and s
ummery can t wait to wear it this summer this is much more a blouse than a tee the detailin
g is beautiful and the fabric on the back is a more stuff starched cotton not stretchy jersey
because of that i felt like this top ran small i had to size up i tried this on today and i wi
sh i had taken it home for me it was true to size and the star print was perfect flowy but no
t in maternity way at all i m gonna have to go back for this one this runs way big i would r
ecommend sizing down at least one size possibly 2 \r\n\r\ni got the design with divers it s
fun and light for summer soft material and very comfy wished this had worked for me however
i prefer smaller armholes so my bra and skin not so young anymore don t show the beige lining
shows at the armholes as well on the upside it s very slimming even with the stiff petticoat
so cute perfect length for me another caveat if your back is not completely symmetrical as
mine isn t the decorative back straps sit in a wonky position i m 98 lbs 4 10 and the oop
was perfect but for the above objections the retailer store by me only carried these in the pet
ites but i ve learned to always snag a petite just to see because sometimes the petites fit jus
t as well if not better depending on the length of the outfit \r\n \r\npros \r\n
looks exactly the same in person as online color runs true \r\n well made good stitching sol
id dress \r\n great length in the sleeves \r\n fits tts i m normally a size 10 or 12 and grab
bed the 12p to see how it d fit other than being too short in length on my love the diving beau
ty version it is charming without being too cutsie which i stay away from the epitome of sum
mer and that grab and go easy little statement i find it runs true to size you could safely s
ize down if need be love it thinking of getting the here comes the sun too tuck it in tie it
in the back or side or great just draping love the little touch on the sleeve too nice surpr
ise this is great on the model it looks largish but on me it doesn t if you re curvier like
me 5 10 155 32e it may be more fitted long arms with great wrists design is just as shown
not a sturdy piece but not cheap looking in any way i plan to hand wash and not drop coffee do

e colors would be great thanks retailer this is a really flattering tee for my curves pretty
lace details i purchased the gray and ordered the wine the pink looked more peach to me in the
store only reason for 4 stars is that the back material wrinkles easily true to size large f

cted this dress for a fall wedding and its a keeper i stumbled across this dress at the store a
nd fell in love it s so bright and cheery but still sophisticated enough for most events i lov
e that the tulle that gives the skirt a slight flare and body is completely concealed the dress
is well lined and darling i am small chested so i didn t have an issue with it feeling revealin
g nor did the lining hang out i purchased this for my rehearsal and rehearsal dinner for my sum
mer wedding i look forward to wearing the dress many times after i m not crazy about maxi dres
ses so when i found this fun print with fringe it spoke my language love this dress feel this
dress will work with many seasons dress falls nicely and feels comfortable i was worried it wo
uld be too long but with a 2 inch heel its perfect have paired it with some red dangled earring
s that spice it just right fantastic signature retailer styling with this unique statement swea

d i ve been using the super soft removable fur collar as a scarf and stole for my other outfits
as well the length is almost tunic on me so it looks great with leggings and skinny jeans whil
e buttoned up if you choose to remove the fur collar the v neck is very open so i keep it unbu
ttoned when i style it that way knit fabric is s i purchased this dress for my bridal shower an
d it was perfect the details on it are amazing delicate and lovely i am 5 11 and it hit just
above my ankles which i loved because i could show off my shoes i love the style of this dress
and the color is beautiful and very much like the photo like previous reviewers mentioned the
top is a little loose in comparison to the bottom i originally bought a size 4 but then exchang
ed it for a 2 i tend to be between those sizes the 2 fits great on bottom but the straps are a
bit loose it might be better for bigger busted ladies i bought the design which has now sold o
ut of the sailboats and waves along the top the t shirt is super soft and thin but it s not
sheer or see through very light and cool for hot humid summer days has some nice stretch as we
ll a really gentle cotton knit \r\n\r\nthis top does run large maybe that s so it will be cool
and not stick to you thus i didn t size down because i don t like clothes too form fitting on
super hot days overall i really like this dress the color is vibrant unique the top of the
dress especially the shoulder straps seem loose so i m getting it tailored bought this in green
at my local store and fell in love with it i also tried one in pink and it was a bit sheer whic
h is why i opted for the green color instead very nice and feminine very cute dress but the sk
irt flares out more than it looks in the picture this made my midsection look unflattering from

the side also for some who is on the flat chested side you need a good bra or alteration at
least for me despite what i listed above i kept the dress since it s a versatile dress for ma
ny occasions i just couldn t resist this dress it s blue it s fun it s feminine the color i
s so vivid and beautiful in person i was worried that the length would be an issue i bought a
regular size instead of my normal petite but i feel that it is perfect it fits great and i k
now i will wear it a lot this summer great fit perfect length so happy with these jeans the
fabric is pretty stretchy but definitely still has a denim feel very soft love these jeans i
bought this top at my local retailer in a burgundy color it is so beautiful and feminine i wan
t to get it in the other color they had in the store and also this black one available on line
i bought it in a size 6 and i am 5 2 34d i sometimes get tops in petite but i felt the reg
size fit just fine i purchased this item as a gift for my wife and she loves it the quality fo
r the price is great soft and comfortable needs to be washed with care but is worth it gorgeou
s fun dress but the cut in the armholes 6 petite is really low so low even a strapless bra p
eeks above it there are also lining issues could have been with just my one choice where the
lining is not stitched well around the armholes so it shows too much back is stunning i would
say that if you can go bra less this could be so awesome it didn t work for my body because i h
ave to wear a bra but i think its a winner for someone i kept the size 8 of the dress and had
to return the 10 as it was too roomy at the arms and chest which is great material is nice
and not too much material hangs nice its a swing another win many compliments great color
and so comfy most of my dresses from retailer are maeve brand and i have never been disappoint
ed tts and very very sleek and flattering just love for summer nice light weight feel great
on and not saggy nice color addition since my other favorite are lighter shade of blue i reall
y love this this dress but i agree with the previous reviewer about the belt around the waist i
t is a draped piece of fabric that is very figure flattering where it wraps but one side of the
dress has no belt and it shows muffin tops bulges i would have loved this if the belt went all t
he way around one other point i would like to make is that bra straps are hard to conceal i bo
ught this dress because of the gorgeous color but ended up returning it because of the belt and
bra strap i this is by far the most comfortable bra i ve ever owned i love the convertible stra
p feature it s great for shirts with a back cutout love this dress the fabric is super soft a
nd flowy be aware that the model is a tall gal i m usually a size 8 10 in dresses and purch
ased a large returned it for a large petite as it went way past my knees looks funny if it is
below the knee the petite is perfect i bought this tank in the blue popsicle print and i thin
k it s cuter in person than it is online the beautiful pastel colors on the popsicles really st
and out and make it special i am normally a size 4 6 and the small fits me perfectly also i
appreciate that it s lined i wore it with skinnies and received lots of compliments it s the
perfect tank for summer very pretty but also very roomy i m using it as a swimsuit cover up s
o it s perfect i ordered these in my typical size 26 and they fit everywhere perfectly except
the butt for me i found them to be too tight in that area i went to the store and tried on th
e 27 and they were too big in the waist i do recommend them though they are well made i loved
the wash and the length was perfect being 5 3 they came to the lower ankle and that was fine w
ith me give them a try hopefully they work better for you i tried on the xs in the store 115
lbs 30dd chest short fit i think it is a little big i would tend to go for a xxs petite in
this for me the length was ok but would look more flattering in petite also the waist was on
the looser side the green color is amazing though very flattering and springy summery the flo
w of the dress is also very nice the weird thing is the belt at the waist it starts a little o
ff from the seam and doesn t go all the way around not sure if i love it or this well made che
mise is figure flattering and just the right length for me 5 2 i would wear it as a slip or
a nightie looking forward to wearing it this is just a fantastic dress i bought it in my usua
l m in the blue and it fits like a glove i love the varying lengths and the adorable sleeves an
d the substantial knit which feels amazing on the body without revealing any bumps and lumps
i took the regular length and found it perfect the front hits about two inches above my knee an
d the rest hits a bit lower i m only 5 1 but i prefer dresses that hit closer to my knee than
mini so the regular was perfect for me\r\ndefinitely a keeper this dress is perfection it is ex
tremely comfortable and versatile great for dressing up or down i am large busted 36g so was
delighted that it stretches as this is a problem for me finding clothing to fit allover i am pe
tite 5 1 with a curvy figure and a regular medium fit great this is a great summer maxi dress
i am 5 4 120lbs about a size 4 in dresses 32dd i got this in an extra small i was really ha
ppy that on someone my height it s just a few inches above my ankle so did not shorten me at a
ll the straps were a good length and the waist hit at the right spot i don t think the waist
detail not going all the way around is a big deal there are the little snaps in the straps for
your bra and skirt is lined the turquoise color is really pretty and the fabric this dress had
so much promise from the picture i loved the midi length color and fascinating waist detail

i ordered online so there was no way to try on before purchasing the fit was disappointing it fell in an unflattering manner at every point a tad too low at the waist a tad too long at the shin just kind of saggy all around bummed but this is not to say it wouldn t fit someone with a different body shape better the quality of fabric is nice and the color is lovely this dres s is super comfortable and the material is so soft the fit is very flattering and will cover an y imperfections if you are heavier and want to hide anything its more fitted in the top and dra pes on the body very nicely the hem is asymmetrical and the highest part of the hem hits about 2 inches above my knee and i am 5 3 i will wear this with tights for work color is very nice also dress is very pretty but very short almost tunic length i love this dress it s comfo rtable flattering and stylish looks great with flats or boots awesome with a chunky scarf an d tights nan i loved this dress on way more than i expected to the pictures don t do it justi ce the fabric is soft and is a really nice weight heavier than i expected which makes the dr ess hang in a really flattering way the belt doesn t go all the way around as other reviewers said but i actually kind of like it that way i almost didn t try it on based on some of the ot her reviews but i m sooooo glad i did it s a really cute dress will look great as is or wit h a light cardigan if it s a littl i like the style but i ordered an extra small i am5 4 120 and it was still too loose fitting on me had to return hopefully exchange for xxs i ordered a regular size xs and the length is still fine for me at 5 2 i love the color and the fabric is super soft and comfortable i ll get a lot of use out of it this summer and the sale price is a great bargain i m a big fan of paige jeans these are perfect for my petite frame at 5 3 they were ankle length i tried my normal paige size and ultimately sized up for a better fit at the waist this top is oversized i normally wear large but thought an xl would be best for sleeping it s huge so stick with your normal size or a size down pretty print fabric is a bit coarse undecided about trying a size down because i m particular and they didn t wow me also ordered t hese in the lighter color and they fit the same this is like many reviewers stated a very fla ttering and nice dress the sleeves were particularly great because they are slightly longer th an most of this type and went past the meaty for lack of a better word part of my arm only e xposing the slimmer bits it looked great on me and i imagine it would on most people i just d id not like the handkerchief hem too young too trendy i don t know when you re in your 40s you start to feel ridiculous in certain styles i just didn t feel i am so glad i tried this dre ss on it is so chic and beautiful perfect for an evening out or during the day i can t believ e the price i tried this on in store and was very close to purchasing but ultimately decided a gainst it because it was too in between causal and dressy to me i couldn t imagine where i woul d wear the dress it was great quality and the green color was very pretty on you could find a way to wear a bra with the dress i love this i will sport it in the spring with white capris leggings and awesome for a beach cover up the fit is comfy the embroidery gives it a feminine t ouch i purchased the large but could ve gotten away with a slender fit in medium i am 5 4 170 lbs i loved this dress and purchased it in my usual m however i agree with another reviewer t hat it is too long for me at least so i returned this and will buy it in petite instead if you are shorter i m 5 2 the regular length doesn t fall right the shorter front section falling right at the knee and the longer section falling halfway on my calf but great style looking f orward to seeing it on me in the petite love highly recommend usually i wait for sale price but this was worth the extra splurge so flattering this is a great dress for all body types t he fabric is substantial and soft i sized down for a closer fit but i could have also bought my usual medium and had the extra space to belt it and wear a looser fit i busted out the boots a little early and the outfit was done super easy to wear dressed up or dressed down total ly worth the price i m glad i didn t wait until it went on sale for fear of selling out this i s a solid well made transistional dress going from late summer to fall i m 5 7 and got the med ium and it falls a little above my knee i could see it being very flattering on many body types i do think you need to accessorize the dress as it is on the bland side i bought the plum brown color and am very happy with it perfection i am 5 3 108 and the size 25 fit me like a glove beautiful color too highly recommend thrilled that this not only fits great on me but i got it at a deep sale price all the problems that the negative reviewers had did not apply to me a t all i m so glad i gave this a try my body is large on top with a square waist a bit of a tummy no hips or bum and the medium petite skimmed over all my flaws and made me look more prop ortionate not sure why this is called halter though i am 5 3 36dd wide torso size 28 jean s 140 love the style of this dress length hem waist details material i think it looks b est on curvy women due to the waist detail only going part way around it doesn t give the entir e waist definition which is why it would look best on someone who has a naturally defined waist this is a pretty unique dress which is one of the reasons i liked it i agree with one of the p revious reviewers about it being hard to conceal your bra straps unfortunately for me that is a deal breaker because i rea so i got this on sale and the only size they had was a xs petite i d

idn t have my hopes very high but i thought i would give it a shot the dress came today and it fit great i am 5 6 so the petite came just above my knees but the dress is still adorable the material and cut is great this is not what i was looking for but it is a welcome addition this dress is beautiful it is longer than it looks on the model i m 5 5 but drapes beautifully it is perfect for a wedding or a special event i love it this dress is super soft and really flat tering i m 5 2 and i tried a regular size m in the store and hated it on me but decided to or der a petite m and give it a try and i love it it s one i ve been wearing a lot with ankle boot s and all sorts of jackets it s great for these fall days that are still warm ish would be rea lly cute with tights this cover up has great potential i love the embroidery the colors and d esign are great however it has a number of loose strings it makes me wonder what might happen when i wash it the fabric is on the thinner side but it is not see through the fabric would b e nice for a hot day by the pool i caught it on sale so i am keeping it the design of this dr ess is darling and so unique and it s very well made but i agree it s very boxy and overwhelmi ng for a petite frame i m 5 3 and ordered the 2 and it was like wearing a hospital gown if a petite were available i d have tried that but this one s going back shame too because it s a dorable the gap in the neckline could easily be stitched or sewn shut but that s an inconvenie nce when this dress is already priced so high i love the cut and aesthetic of this shirt but t he fabric unfortunately shows even the slightest hint of sweat which makes it difficult to wear without being self conscious love the sweater the knit has a rich look and the fit is perfect i paired it with a printed pencil skirt for an eclectic look strongly recommend to your wardrob e nan i m a 32 a and i bought a small i found that the tube portion is pretty tight but prob ably needed to keep things up because there is not a clasp in the front or back it is really h ard to get in and out of i d probably be ok with it but the cups were too big for me i think i would need to be a c to fill it \r\nthe quality is really nice and the molded cups are a good shape i wish i could have made it work because it was really comfortable i returned it in the end hi ladies \r\ndoes this bra take a contortionist to put it on the first time yes did my b oyfriend laugh at me hysterically while i tried to get it over the girls yes however i am a l arge chested girl 34d i bought the large and this is honestly the absolute best most comfortab le amazing non hurting poking best strapless bra i have ever owned i just bought three more just in case the first two wear out i love this i love how far it comes down on the sides i l ove that it doesn t slip do i just got this in the mail had to immediately write a review i l ove it i took a risk ordered the xxs which i assume is a 00 it fits me perfectly so i woul d say it runs large i m a true dress size 2 but usually wear a 0 or xs in us sizing the should er length from seam to seam is about 14 inches i m 32c 24 34 hope this helps this shirt feels so nice it s heavier weight and so soft i think it s lyocel such a great drape to the shir t that is so flattering i am 5 8 128lbs and 34c d and purchased a size 4 found this item to be true to size if not slightly loose but i love the flow of it highly recommend the green i s classic and timeless very versatile love it the light blue is a gorgeous color i thought t his might be more chambray but i m happy it s not it s also stitched at the top so no awkward accidental peep show or need for annoying tape love this top i bought it last month in the oli ve green color and love it great quality fabric comfortable and can be dressed up or down i w as so excited to receive this top but was immediately disappointed it is much thinner than it s eems it almost feels like a cheap top it s also see through but i m not bothered by that it has a very boxy cut which i like with slimmer bottoms but overall i didn t care for this top expected it to be more structured stiff rather than flimsy thin it s going back i love t his top i dress it up when i need to be more professional and i dress it down with a pair of cu toffs when it s warm it is delicate however so i try not to wash it too frequently the front is a bit boxy which the model demonstrates the model really encompasses the crisp whiteness of the shirt the flow of it and the length great fit and design but the wool is too itchy and rou gh will need a layer underneath while there us no clasp and this bra does require you to pull i t over your head i did not find it to be too difficult i love that the bra stays in place and that i do not have to constantly pull it up throughout the day it s quite comfortable too i wi sh i had ordered the same bra with the straps too before they sold out of my size slighty fitte d flattering very soft and not itchy the orange is a very nice color i got tons of complimen ts when i wore this top out a couple weeks ago it is a little bit shorter than i thought and a little bit loose not baggy but just kind of hangs if you have a larger chest this may not be super flattering the color is really pretty and looked great with dark skinnies i bought my normal size after trying on a size down which was just too short and i m 5 2 i loved the co lor and the style of the sleeves it was a bit too short on me and i thought it made me look bo xy so i didn t end up keeping it this product is comfortable and stylish i love the design and the color print i can dresss it up and dress it down it goes with everything and also fits gre at i got these on sale a few months ago they are the most comfortable jeans i ve ever owned i

m 5 4 and they are the perfect length for me but i like my jeans a little long i had this dress in my basket for a long tiem waiting for free shipping i liekd how it looked on the model read the reviews and wasn t sure so waited then my usual size sold out so i decided ot try the smaller size in petites otherwsie i would have gotten it in the store i needed pettie and the smaller size is perfect the color says black but it looks more mifnight aka blue my fri end even said when i tried it on you know i laways love anything blue so don t expect dark love this top for the fall looks great with dark skinny jean and booties love this design it p uts a twist on a turtle neck sweater the only problem i had is that the tie kept coming undone but if you do a double knot the problem is solved wish i would have bought all the other colors i tried these in store didn t have much hope as flare usually looks terrible on me small waist and athletic fuller legs but surprisingly these work great they seem to very good quality an d the flare is super cute and on trend i do think they run a little small i am almost always a 2 26 but i took these in a 4 they didn t have a 2 in store for me to compare but i think they would have been too tight highly recommend nan the sweater coat would be wonderful for cooler weather this fall i ordered it in medium because the small sizes were sold out sometimes a med ium is the right size depending on the brand i was disappointed that the coat was so large i d on t think it will work for me even with layers underneath it s a great design but i may have t o return it love these pants retailer please sell more colors and patterns of these i hav e a hard time finding work pants that fit right don t have to be hemmed i m 5 3 and aren t b oring this is just enough pattern to be interesting but still neutral enough to pair with othe r things i bought them full price and would happily do so again for another pattern i agree wi th the other reviews that these jeans run big for my body straight up and down i ordered 2 si zes down but would have ordered one size down had i been able to try them on in the store the jeans i received were lighter not blue and more grey with very noticeable white whiskering i need a new pair of jearns and i love the cut of these so i am keeping this pair but for me be cause of the color they are just ok compared to the wow i was expecting from the picture this i s a very well made top i love everything about this top bought it in both colors i think it s fancy enough to wear out at night or in the daytime with shorts and flip flops i got it on sale but would have totally paid regular price for it i wish i hadn t waited so long to buy this th e smalls were sold out in grey by the time i finially did but the medium ended up being totally fine perfect for a warmer winter it is pretty thin so i wouldn t trust it on it s own to keep you warm in cold weather but easily could be layered i love the fun aspect of the tie front fo r this sweater as the front tuck is becoming a little tired in my eyes i love that you can make it shorter or longer or even tuck it in because the ties aren t sewn love this sweater i have i t in cream and ordering navy it is comfortable and looks great with pants or a skirt i do not like my sweaters tight so i have a large and love the fit i am 5 4 and weigh 135 and usually buy medium to large i love this seriously would buy again i wish it was warmer out so i could wear it i love this top it is very short and hits at a potentially unflattering area if one has wider hips the fabric and swing to the skirt is adorable i have a small collection of retail er pants for work and this pair fit neatly into a hole i don t have a fun patterned pair i am short 5 2 and definitely needed a petite to get the crop to land in the right spot my usu al 0p fit perfectly up above the flare seems a bit more pronounced on me than in the picture t he fabric is nice quality smooth and medium weight with a bit of stretch and i like the fact t hat these are machine washable this gal has other things to do with her life besid this jacket runs very large i usually wear an xl but probably could fit into a medium i have long arms an d the sleeves were way past my hands i love the jacket but it s just too sloppy i love these pants so much i even paid full price for them i m going to order them in navy too super cute fit cute with flats or heels i stumbled upon this by accident and i thought the turquoise col or looks unique so i tried it on and it was a great fit first time around i dislike open shoul der blouses because most of them are too open but this one is very sutble which gives it a girl next door sexy look the material is very soft the pattern is subtle plaid and the liner is a plus size 2 regular fits me very comfortably i m 5 2 34b 26 waist 36 hips i could size d own more but i like the relaxed look like on the mod gorgeous colors on lovely silk skirt longe r on me than in photo but i m only 5 4 i usually wear a size 12 or 32 waist jeans but i cou ld not zip up the large by several inches i m not sure if i can possibly cover the waist and s till wear it that way sad because i ve had my eye on this for months absolutely beautiful \r\nusually don t leave reviews here but this top material beading style is so gorgeous i w ould be remiss if i didn t i have a short torso so the peplum hit me above the belly button i t s very voluminous but with the right pants and heels it is a perfect outfit as a full time student i m apt to find retailer expensive but this purchase was so very much worth it in te rms of sizing i initially got the s to accommodate my bust 30f but preferred the xs very cut e waist is a little big for me but overall a pretty good fit tried this on and loved it chic

lightweight warm cute left as is and cuter belted ended up letting a friend buy it since it w
as the last one but will be adding to my iso list for sure i love this shirt i was surprised b
y the other reviews it s boxy but not unflattering i get so many compliments on this a steal

ly made the length more flattering for my shorter legs the colors are vibrant and versatile ag
reed with the previous reviewer this is the same dress as the evanthe dress that came out this
summer but in a rich beautiful red wine color the color differences in the pattern are howev
er more subtle than the summer version remaining in one palette yo u can t tell from the pict
ure but the back is longer than the front the neckline is very flattering i found this one a
little more snug than the evanthe around the rib cage tried on 00p size for evanthe might b
e better as 0p in ordered this top online color is a little more gray than green but it is gorg
eous comfortable and flattering so much so i am ordering the navy too great quality fabulo
us with jeans i love this blouse the colors of the little sunglasses are vibrant against the
black background the buttons on the front are also a coral peach color and beautifully made it
s thin enough to be worn in the summer or fall without making you sweat or freeze i ordered a m
edium which i usually wear in most retailer tops and it fits perfectly i m a 36b and can run f
rom an 8 to a 10 in tops i do recommend trying it on before purchasing if you can especially f
or women with a larger bust th girls this dress is gorgeous but if you are an a b cup there
is just too much fabric in the bust the entire dress is pleated from the shoulders down so a
curvier figure would be shown to great advantage in this beautiful number alas i had to send
it back and was very sad to do so really wanted this to worked for me ordered the s in ivory
the color i really wanted but xs was sold out and the xs in cedar loved the knit and look and
quality but the sweater was boxy and huge even in xs not flattering on my petite frame 5 2
115 so disappointed as i ve been looking for a non wool sweater like this this skirt is ple
asantly more dynamic in person the print and colors are really nice and more vibrant than the p
hotos the cut was spot on and the fabric seems heavy enough to hide imperfections but not too
heavy length as shown on model this top can be dressed up or down very good quality fabric
and colors shown as the photo blue i usually wear petite sizes but chose the regular version
because i wanted to be able to tuck it in i think it might be too short otherwise love the col
or cedar love the style sleeves are long and wide but that is the style biggest surprise is
that this sweater is not cropped the length given in the product info is very short but when i
received my normal size l the sweater comes to my hips just right the fibers are man made a
crylic so that makes this sweater not too warm and not itchy the weave is close enough that i
do not need to wear a cami underneath when the weather gets colder i will add a nice cami under
the s love everything about it chunky comfortable lazy day or dress up with a cool necklace
i saw this online and loved it plus after reading the reviews i thought why not but if you hav
e a big chest beware i am a 34ddd and a pretty solid medium the volumous front of the vest add
ed way to much to me and i sized down to a small had to return love love this clever eyeglass
print i bought the black background with bright sunglass print perfect for pairing with jeans
shorts or a slender skirt exactly as pictured great fit love it absolutely love everything a
bout this sweater i was hesitant to buy because it s so oversized and i was worried it would ov
erwhelm my small frame but the xs fits great i love the large knit look and the bell sleeves
pairing with dark denim skinny jeans helped balance out the sweaters oversized shape wore it wo
rk and then to a party and received compliments on it all day i wear this vest two ways over
a long sleeve shirt when it s warmer and layered over a shirt and cardigan when it s cooler it
s the perfect amount of warmth when i m running errands and don t want to wear a heavy coat lov
e it and plan to wear it a lot the quality of this vest is outstanding and the warmth is excep
tional i have worn it as a jacket on milder days in work as a warmth layer and brought on vaca
tion to act as both plus a bathrobe it is a very stylist piece that can be worn open or belted
it runs large by style but i am 5 1 100 lbs and i can carry it off i love this skirt it s a
denim material so it s structured but not too heavy for warm weather the colors are bright i
t may run a bit big but i didn t have trouble with my usual size the pockets are actually usab
le great for casual and easy to dress up love the print of this fabric the length the buckl
es at the waist add a unique look so no belt necessary i fell for the charcoal one and bought s
tandard size m l on first wearing with slim jeans booties and a long sleeved t the body of th
e vest was fine but with wavy shoulder length hair i found the large wide collar overwhelming

at the top i tried folding the collar under as in the photo of the gray one but still too muc
h i altered it by paring it down by 7 inches at the back neck and tapering down to meet the la
pel at mid chest the fabric looks like boiled wool but is actually a tigh this jacket is my fa
vorite purchase in a while i used my last month 50th birthday discount on it \r\nit is of excep
tional materials and quality construction the juxtaposition of the stripes against the beautifu
lly vibrant embroidery on back is stunning it does run true to size as it is an oversized piece
which adds to its classy dramatic flare my size medium came in the european size 38 for refere
nce i am an american size 8 10 \r\nit is comfortable to wear and can easily accomodate large f
ul i loved the colors and the feel of the fabric it was a lovely dress but it fit weird on my 3
4 dd chest so back it goes the zipper had one spot where it was tight right at the widest part
of my rib cage it was fine every where else too bad nan i bought this blouse on sale in a med
ium because it was the last one left in the store i usually wear a large but surprisingly it f
it i m a woman of color and the off white and lace looks great with my complexion i got many
compliments on the blouse as i made my way to the register to check out i can t wait to wear it
this spring i ll have to be careful when wearing this blouse because one good snag with a finge
rnail or necklace and the lace will be torn other than that i m very happy these shorts are j
ust beautiful with that said they were expensive but made reasonable when i snagged them in t
he online sale they do also run large and they seem to be made for short waisted bodies i wil
l be bringing them back to my local store to hopefully exchange for a smaller size fingers cr
ossed that they still have them in stock i strongly disagree with the previous reviewer the sh
irt in our store was featured in all colors i chose the burnt orange color to try on and it is
was incredibly soft i felt like i was wearing a t shirt with an easy on and easy off feel the
flow of the shirt allows you to wear out or tuck in i paired with teal velvet crops and tucked
the shirt in for more structure to the outfit love love this sweater fun for fall soft fab
ric and runs true to size will look great with jeans or dress pants the weave is very loose an
d chunky which i like but isn t so apparent in the picture also the sleeves bell more than it l
ooks like on the model the color is a great caramel and it fit tts i think it will be great on
cooler days love this sweater do wish i sized up for a little longer length but works great w
ith high rise pants comfy and great color i felt inspired to write a review as soon as i put t

it the draping in the front also falls really nicely great bu with my 5 9 hourglass frame w

es however with this i was able to fit into an 8 it just sat higher up and was too form fitt

el \n very slimming \n you could probably go down a size if you are slender with not wide hi t
his is a favulous cape in fact i would buy another if there were other colors it is oversized
playful chic dramatic and simply put a true statement piece it will not be flattering to your
figure it is not suppose to but it will show your true sense of style wish it had pockets
i may add them for more play i saw this sweater online and had to try it i went to my local re
tailer to try it on and i m glad i did i am usually a xs s in tops and i thought this fit bes

ith dark denim skinnies booties and simple jewlery these two blouses are probably my best purc

his summer and into the fall unique from the all other tops i have seen lately this skirt is r
eally cute and versatile it can be dressed up or down i paired it with a black chiffon top for
a dressed up look and a denim button down for a casual look the length is good and the buckles
allow it to be tightened which is a plus if you have an athletic body i adore this sweater it
is so soft and cozy i ordered two because i really need some good winter sweaters that are forg
iving on the pooch but not wool darn allergies so i ordered this in the white and black came
l is a bad color for me \r\n\r\ntried on the first sweater when they arrived and it was so comf
y i didn t want to take it off then i looked in the mirror i m a tall gal 5 11 with broad s

saw the skirt on a display today at my local store i was attracted by the colors and the displa
y itself my thoughts give it a chance i bought the size 10 without even trying it on with
the idea that the colors and style had so much potential i am so pleased with this skirt the f
it is true although if you like a higher ride on the waist i would size down the fabric has j

ust the right amount of stretch to make it super comfortable i had so many staple items in my w
ardrobe that i wi this shirt is exactly what i expected it is just as cute as on the website an
d the fit was great it s the perfect shirt for summer loose fitting but in a flattering way t
he design makes it very versatile since it can be matched with so many colors \r\n\r\ni highly r
ecommend it the colors of this dress are beautiful and i really wanted to love it but it wasn t
cut for my body shape i think you either need to be curvy to fill out the chest or straight up
down to have it lay flat as in the model ordered size 6 34b 150 5 9 tall slim build i a
lso think the hi lo hem of the dress isn t well indicated in the pictures i m not a fan of the
style and was hoping it would be minimal however the hem is definitely asymmetric this is reall
y cute it has a boxy look and bell like sleeves the knit is chunky and so very soft i didn t
want to take it off i purchased an xs in black it s gorgeous my beige bra shows through so i
will need to wear black or a camp underneath it feels really heavy in a good way and it fee
ls like it will be really warm the black has a velvety look to it i m smitten i should also m
ention that it did feel cropped to me i know i read other reviews that said it wasn t cropped
i fee i saw the black in store and had to try on it is very very cute i would say it fits a b
it small i tried my usual medium and while it fit it was a little short id take you could tak

ping it sticks around til sale time let it be known that i hate shopping for jeans i recently
had my go to skinny jeans rip by my back pocket and new i needed to get something new better s
tat i have a pair of black ag sateens that i got a few years ago and i decided to try out this
pair i got them in the mail yesterday and i never want to part with them they are perfection
they hit perfectly on my waist they re incredibly comfortable and basically make you feel like
you re wearing the jean equivalent to yoga pants they was scared at first to order this product
when i tried it on i was amazed on how good it looks fits just like the model picture and the
material is awesome great dress wish it came it more colors would like to buy another one i
am 5 5 125 size small is perfect unlike one of the previous reviewers i do not think it is t
oo clingy maybe she needed to size up very versital cute with a jean jacket or long lightweig
ht scarf booties or sandals this dress is perfect for spring and early summer it has some
weight to it and so it drapes beautifully it is very well made and the fabric is good quality
the color is a medium color gray much prettier than in the picture i wear a small in most reta
iler dresses and this fit perfectly in a small it hugs in all the right places and skims from t
he hips just like in the picture the length was just as it looked on the model i am 5 5 th
is is such a unique and fun dress i m so glad i found it and it fits perfectly i ve passed thi
s dress by a number of times online but ordered it on a whim on the mothers day promo based on
the reviews i ordered my regular size medium it fit perfectly i do think the cut is on the t
rim side but it isn t tight or fitted i probably couldn t eat a big meal in this though as it
would probably show in this dress the fabric is buttery soft the button placket down the front
is very clean and lays flat there are two side pleats that are a different fabric and are ever
so what a unique twist on the traditional cargo jacket the swing styling on this jacket is so c
ute not too full you still get a nice silhouette from the front with the swing in the back
this is a fresh take on this staple it will be a go to piece in my closet the quality of th
e material and tailoring on the jacket is wonderful as other reviewers have commented it doe
s run large i am exchanging it for a size down i can t wait to get it in and wear it nan you
make classy stuff this skirt is a nice take on a tweed skirt \r\ncolors can t tell from the pi
cture but there is red and pink thread as part of the tweed very fun and happy yet appropriat
e colors for fall and winter the cut is very flattering the scallop part is interesting though
it is sown at one part of the skirt in the middle not sure why i ordered the 0p and that fit
me like a glove 26 5 in waist 35 36 in hips 115 lbs \r\n\r\nlength on the petite was above
the knee like show this would be great on someone with a slim build it s very true to size it
hits above the hips and runs pretty straight through the body for a boxy look i loved the color
and pointelle detail but on my thicker build it just sort of hung in a too casual way note that
it is the kind of cotton that is likely to stretch with wear and spring back with cleaning th
is is a steal at the sale price medium is large on me and i m generally a large at retailer so
soft i tried these on at the store and thought the color texture and style was very nice but
i needed the petite length so i came online but was disappointed to see that the style is sold
out in petite darn the regular length hits me just above the ankle so i suppose it is still d
o able but i hate to pay full price for something that doesn t fit quite right maybe if it goe
s on sale i will consider it love the blue color is a bit short but fine with a tank undernea
th i purchased the small that s what i usually wear this jacket is perfect the crop length i
s just right not to short and the way it is cut longer in the back it really paints a beautiful
silhouette on my larger frame i m a a 12 typically but broad in the shoulders and larger in the
bust 36dd this jacket is loose fitting and roomy i could probably have gone with a large but

i m really happy with the xl as i can layer underneath and it s just super roomy and comfy the quality of this jacket is great it will be a staple for years to come i i love this top i got a medium in black on sale i am 5 8 and 135lbs the medium fits great the medium is slightly loose on me through the tummy which is nice in my experience it is not too constraining con trary to other reviews however i think it depends on your body shape i am a coke bottle this will be a wardrobe staple for day to day and going out note it is too low cut for work wear v ery happy with my purchase these are some of my favorite new pants i am never disappointed by the quality from this brand and they are super comfortable and adorable a definite must have n an i m surprised by the negative reviews and i m here to come to its defense i love this dress i m solidly a 0 petite in tracy reese and this fit perfectly the top isn t snug but it s not ro omy enough to say it runs large just perfectly comfortable the belt was a little tricky becaus e it has to thread through several loops but it stays put nicely and fit perfectly without bein g too snug or uncomfortable the fitted top with the belt offsets the fit and flare style of the skirt lace is beauti i have been on the hunt for a replacement cargo jacket for about a year no w i thought this one was going to be it ordered it right away i got it in an xl as retailer coats always seem to run small on me i am very busty so sometimes the more fitted styles won t even close without a big gap this is not the case with this jacket it runs really big it lo oks like it could be an xxxl but the design is great with a zipper and button closures pocket s and cute back cut the color is slightly received december 23 and 83 degrees in louisiana but weather can change from hot to cold in an hour this sweater is so soft so cozy i m ready to r un the air conditioning beautiful styling well made and has a generous fit that you may or ma y not prefer this will be one of my very favorite garments luxurious and i deserve it i ord ered a large have long arms and the sleeves do come over hand as shown in photo it is very lo ose and flows over my jeans i am an extremely difficult to ple absolutely love love this dress it is so comfortable and falls perfectly the material is great and you can dress it up or wear it casually if it had more colors i would get it it in any color it came in this dress is ve ry small in the bust and maxi length on short people 5 3 36dd i can t wear a normal bra i h ave to use adhesive pasties the fabric is very smooth thick and satin like but fuzzes easily mine came with minor thread pulls and one strap was sewn on twisted the pattern in real life is very pink as opposed to the model sample which has more blue landscape i d like to hem the dres s but i would sacrifice pattern still very pretty dress be sure to size up one or two dependin g i bought this dress with my birthday gift and i do not regret it it s so soft and feels like pure comfort but the details little metal buttons down the front the vent pleats on the side make it feel special i received many compliments and i would urge you to get this one if you ar e seeking comfort it was pretty true to size and because i m an average height i wore a small b lock heel with it after reading the reviews about this top being really clingy i decided to or der up a size and purchased a medium when i took it out of the box today and held it up it look ed huge and i thought i had made a mistake however when i tried it on it actually fit really we ll i could see if i had ordered my usual small how it would have clinged to my body in a unflat tering way very happy with the top and thankful for the reviews nan i m 5 8 130 and the small fit very nice i ordered on line and on one of the legs the elastic closure at the bottom snappe d got a new pair at the store you can dress these up or down they are fun ive been on the hu nt for big bulky sweaters because winter is coming and i live in the north i saw this sweater a nd needed to give it a try i got it i the mail and its truly gorgeous and extremely well made this is the type of sweater to wear on a cold snowy day it runs a little big but thats okay wit h me because its perfect to snuggle up in i love this sweater but be aware it is thick and bulk y so its not made to make you look like a twig i like big sweaters and this design flows from s ma great pair of pants to wear to work and interview or out to lunch i got so many compliments the first time i wore these i m 5 2 i ordered the burgundy color in a size 0 regular which is what i normally wear and they fit fine however they were just a tad big in the waist and a tad tight around my calves but other that they re a great pattern pant to have you wont be disappoin ted i ordered these pants in black and brick the pattern is great but the sizing and fit are way off i usually wear an 8 or a medium in retailer i ordered these pants in a 10 12 and 12 petite the 10 actually fit but there is no stretch in these fitted pants they were very uncom fortable to walk or sit in however if you re standing up all day and not doing much moving aro und these pants are perfect the print is great in both black and brick i couldn t decide whic h one i liked best wish th this dress did not impress me when i was browsing the website online when i went to a store though the colors struck me as really vibrant and earthy and i wanted to give it a chance i tried it on and it fit like a glow i am a 5 1 100 pounds and got an xxs p which was a perfect fit the length was great for me petite size and did not need alteri ng the online photo may not do justice to the little details on this dress definitely a very h igh quality dress that i would categorize as a love this top very easy to wear to lunch or site

seeing the fabric is soft and drapes nicely i just received this in the mail and really enjoy it it s a nice color and very gauzy airy the only think i didn t love is that it s a little b it in the chest area which is rare considering i m usually a m in that area i wanted this top ever since i saw it online it is so me it s a nice mix of feminine and masculine you can pair it with a nice pair of jeans or even business pants to dress it up this will make the perfect s ummer shirt and it hangs so nicely i highly recommend this shirt i would get it before its gon e the fabric is very soft and the fit is formed to the body low cut so may want to pair with a cami great basic for work i love sundry clothing this lightweight fleece is the perfect wei ght it keeps you warm enough when it s cold but not hot when it is milder it s super soft wit h nice embroidery size 1 is a great fit for my 5 1 frame wear it to hang at home or to go out this is a beautiful dress considering it is made from polyester that being said the material has a nice finish and looks like it could be silk it s a flattering cut other than being a tad short waisted and hangs well it was also a bit tight through the bust unfortunately if you a re on the taller side it tends to be high waisted and short in length my daughter is 5 11 and a size 10 the medium fit best although because of the length she is reluctantly returning it sad because it ha this sweater is great for cold weather it is very comfortable and soft only down side is it is a little boxy i loved the brown color on the model and i love the wrap st yle in general however i m not sure if the color looks as goon on me i first ordered my stand ard size small 5 7 137 lbs 32 b which fit but exchanged it for the looser fit medium sho wn in the pictures i really like that the material is a thin but not see through cotton it ha s an extra cotton layer lining in front which is nice the v isn t too low on me so i don t ha ve to wear a cami under not really crazy about the s love these pants the design is totally d ifferent and that is what i love i paired these with the velvet red shoes from this site also on sale for me these ran true to size someone returned my size so i got to try it on in store the cut is very flattering the material is stretchy the lace part is nicely made too overall great piece the petite waist did hit me a little higher than on model i have a regular torso a nd short legs and overall usually need petite if you care that it s sheer be forewarned i pr obably won t wear a cami under it as it s not terrible but worth noting that said its lightw eight fabric will be perfect for summer and its design is gorgeous boho at its best it s cut qu ite generously and i do wish i d gone down a size i really love the look of this jumpsuit casu al but classy shapely but comfortable i m 5 4 and similar to another reviewer proportional t orso to leg ratio the legs were longer on me than the model in the picture but no problem ther e because they re cuffed however the arm holes are too big my bra shows and the particular one i got came damaged with some of the embroidery coming unraveled on the back it s also supposed to be dry cleaned and that s annoying for casual wear returning it i m so glad the other revie wer also found these small literally the largest size i have ever bought but the style is rea lly cute sort of dapper british boy so comfortable great fit dress it up with wedges down with flats \r\nextremely soft and flattering i normally wear a xs s and the small fit perfectly i m 5 6 and the length is just slightly cropped i just purchased these pants in red on sale i am 5 5 143 pounds and the 10 fit perfectly i am either an 8 or a 10 in pants depending upon brand it is really hard for me to find pants that are cute unique work appropriate and flat tering these pants fit the bill in all aspects i thought i would prefer the black but am real ly glad i got the red great dress fit perfectly warm for the winter i live in florida it will be great if we get a winter next year very comfortable and easy to wear tried this romper on i n store and wanted to love it but it just didn t fit me right it a great romper cute design s uper soft light fabric and overall a great feel but it doesn t work to well for short girls with any types of hips i have a very small waist and larger bottom and this romper just was very unf lattering i couldn t get the tie waist to sit anywhere that felt like my natural waist instead it kept giving me a kangaroo pouch and hung on my upper thighs sizing up didn t help becaus bei ng somewhat on the fluffy side the style is very flattering and forgiving and will be ideal f or summer i am between a size 14 and a 16 and the 14 fits perfectly light and airy a very nice simple embroidery in contrasting color very chic in an effortless way the armholes are just ri ght not too big the color is definitely a creamy ivory worth the cost because i don t think i t will be available for too long i loved the jumpsuit but unfortunately had to return it due to running a little on the small size i love these pants beautiful quality material soft on the skin fits well definitely a tailored fit true to size unique design and really fun \ni am 5 foot 5 and weigh 132 lbs i am apple shaped so i was worried these would be too tight around t he hips but they aren t i really liked this jumpsuit but it just wasn t perfect the design a t the top is a bit stiff compared to the rest of the jumpsuit i felt the whole thing ran just s lightly too large it was nice but not amazing nan i love this romper i am 5 2 and the medi um fit great and wasn t long i m short so i thought i would have to hem this it s comfortabl e and although i m not a huge fan of gauze the fit was perfect i had to\r\nsnatch it i 39

ve been looking for comfortable pants that i could wear to work and at home these fit the bill
i bought these in the holly color for the fall and winter they are super soft and very comfort
able i was worried that they would like dumpy especially around the seat area but they fit f
ine however i unfortunately followed others advice saying these run small i had to return ex
change to a 00p in turn had to give up the sassy red and settle for black although they are be
autiful trousers in black as well received this shirt yesterday and loved it doesn t look th
at great online in pics but it is a unique and beautiful top the material is a substantial wov
en cotton so it lays nicely and keeps its shape i am 5 5 and 128lbs and a small bust size 34a
i usually wear small in shirts but since it is a longer length i didn t want it to tight around
my butt i am curvy in that area size 6 pants i ordered the medium and i am so glad i did
it lifts just like on the model the only downfall unique print but not great execution the pa
nt legs are very tight i have average sized calves and i sized up one size the hook closure wa
s oddly tight and difficult to clasp when i first saw the color it looked like burnt sienna or
a dried blood color too bad this didn t work out this dress is absolutely amazing i am an ret
ailer addict a good portion of my wardrobe is from retailer that being said this is one of my
all time favorite purchases this dress is a beautiful statement i am tall and curvy and this d
ress fits like a glove but is very comfortable the quality of the beading and the fabric is ver
y good i wore it on my hawaii vacation and got numerous compliments don t pass this one up f
ive stars this dress is comfortable and versatile one could wear it to the office or to a soc
ial event day to night i didn t find the sizing to run as large as some of the other reviewers
did i felt it was true to size it is not lined so you would need a slip under it if you wear i
t with tights or nylons otherwise the skirt will cling such a beautiful print i sized up to a
14 because it looked like it has a high waist and it does the waist comes almost to my bra line
unfortunately there s a huge amount of fabric and it swallowed me not slimming at all i felt
like i was wearing a curtain i loved the slits in the photo but due to the amount of fabric th
ey weren t visible i m short and this literally pooled on the ground a few inches if you re ta
ll and thin this is a beauty i am usually a size 2 in tops i am very very rarely a size 0 s
o upon reading other reviews of this top i decided to order the 2 and assumed it would fit the w
ay a 2 usually does obviously this is designed to be a loose flowing top that s why i wanted
to order it however the 2 is simply too loose in every direction my primary gripe is that the
arm holes are gaping and falling at the side in a way i don t think it intended \r\n\r\ni do rea
lly like the styling and quality so i am planning on these pants are fantastic the pattern alo
ne is to die for but they also have just the right amount of stretch for the perfect fit i rec
eived so many compliments when i wore them i felt like a rock star bought these in 2p and i m n
ormally 0p in most pants for reference i m 5 1 and 107 lbs and the 2 fit perfect got many com
pliments on these pants unlike other reviewers i found these pants to run true to size in my c
ase my usual 6 or even a tad roomy the red pattern is just festive enough for informal holida
y parties i appreciate the belt loops decent quality i am 5 4 130 pounds m is too big runs
slightly large very comfy and flattering cool on a hot day slightly difficult to use the rest
room though these pants are so fun i love the pattern and color can be dressed up or down v
ery flattering \nhighly recommend trying them on they were better than i expected them to be i
bought these on a whim patterned bottoms aren t normally my thing i was pleasantly surprised
they fit well look great and i had lots of compliments this jumpsuit is great i recently had
a baby and am still trying to get the last 10 lbs of baby weight off and this jumpsuit is very f
orgiving and super comfortable i m usually a medium i wasn t sure if i should size up i orde
red the medium and it was the right choice great light material for summer and nice neckline i
bought this today in a size 2 fits perfect i am normally a 0 or 2 or xs the top looks and fit
s exactly like the picture if you are small chested because it is not long in the front i thin
k if you are larger chested the top will stick out too much and be too short in front it is not
super voluminous in front which is a good thing it does have the volume in the back which gives
it a cute shape it is on the shorter side very nice material and design as well as details ov
erall good pick this dress is absolutely beautiful it fits like a glove and the material is su
per soft so in love with this i m 5 2 m and normally a xs s the xspwas a better fit in the wa
ist and chest the arm holes were a bit tighter on me the sp was way too large beautiful patte
rns and colors but it sits very high and runs small i m normally a size 4 and got the small z
ipped all the way but on the snug side the skirt sits so high that the fabric coming down was
a bit awkward such a shame because it really is beautiful and looks great on the model probably
because she s wearing a belt to hide how high it rides and flares out i tried on this dress in
the store and absolutely fell in love i m a bigger gal who is busty and have wider hips this d
ress made me look and feel slimmer and is light to wear the dress is a perfect length too i m
5 11 and this dress hits me right at the ankles if your looking for a long dress to wear that c
an be either formal or casual this one is perfect i decided to try this on just for fun becaus

e the colors and design are absolutely gorgeous here are my thoughts \n \npros \n the jeweled neckline is lovely it really helps set the dress apart \n pockets such an e legant dress to have pockets is a huge plus in my book \n the length is ideal for taller fol k \n it swings beautifully on the body and flares out quite a bit on the bottom if you re tall as i am this won t be an issue \n nicely conservative at the top \n\ncons \n i love sundry g reat quality if you want a looser more comfy fit size up beautiful colors this is one of my fa vorite tops i ve ordered flowing and relaxed with great details at the neck i get compliments every time i wear it this jumpsuit is lovely and comfortable with gorgeous embroidered detaili ng but it really needs to come in petite sizes at 5 4 with a pretty proportional torso to leg ratio i found the hem length okay but the top portion way too long for the waistband to be any where near my natural waist the shoulders would have had to be taken up several inches and the armholes shortened this dress is stunning my sister in law was hoping to use it as a bridesmai d dress for her wedding and i ordered it for fitting purposes it fit beautifully on my 5 10 fr ame unfortunately she decided against it due to availability and because of the length on the s horter bridesmaids while it fell to a couple inches above my ankles it made the shorter girls look shorter i ended up returning it but am regretting not keeping it now i was a little conce rned ordering these online without seeing them in person but they do not disappoint the fabric has a little texture to it that makes them look and feel like a high quality pant the design is unique and provides visual appeal and i still feel like i can wear them in my office without lo oking out of place i love the high waist on these nan this skirt is a nice medium weight and i s lined my normal size 4 fit perfect i only wish it was available in petites if you are petit e the skirt is ankle length but this is a good skirt to wear to work these trousers are wonde rful the fabric is comfortable and does have a little give to it i really wanted to not like t he top for that price but ti looks really good the beading makes the shirt stunning i order ed the 0p not sure what size to get and it is just fine the length is almost too short but i sn t the rest of the shirt fits nicely the shoulder are wide like poofing out a bit perhaps that is hwy some people thought it looked large the beading work is beautiful also a little she er but not crazy debating whether to keep it but right now i love it also teh colla very pre tty top comfortable and soft but looks nice enough for work normally i am a size 10 or 12 but i sized down to a small still very swingy and beautiful i bought the pink and the taupe as wel l the colors are beautiful and have great texture to hide stains i was a little surprised when i received this dress as it is little more than an a line tube with elastic casing at the top a nd a cute knotted detail at the bust i guess i expected the bust to be lined at least it is un lined and a relatively thin jersey knit it wasn t see through for it is black but i expected a heavier fabric i would never have paid full price for this but at the sale price it is very cute and comfortable it is also flattering and the fit is true to size the a line t this shirt is so great it s beautiful and functional i received countless compliments the first time i wo re it i m looking forward to wearing it again worth the steep price though it was hard to jus tify very pretty blouse it does run quite large i am usually an xs s or 0 4 and purchased the 0 i could probably have gone to a 00 for reference i am 5 4 118 lbs 34b c it says that it is dry clean only however i washed in in delicate cycle with cold water and threw in the dryer for a little bit it came out perfect i was hoping to shrink it and it only shrunk a tiny bit i wa s hoping for it to shrink more but it is fine no need to even iron it i was lucky enough to ge t it on sale i don t t this runs really big i usually wear s or m so i got a small but i need the xs in this top and it is sold out i don t have a store close by about an hour away and i hate paying shipping for returns i will either have to plan a trip to the store or try to excha nge for size over the phone i debated keeping the small but it is really too big i love th e style though i am always looking for a nice denim skirt and this one is great the pale pink i s perfect and the stretch is awesome i wore wedges with it and a nice romantic top and it looke d great i originally got a 8 and a 10 and kept the 8 because of the stretch it fit perfectly n ice length and great quality i purchased this top in the taupe color and it is much prettier in person than it photographs online it runs about a half size too large and sits slightly off th e shoulders fun casual top for the fall i got this top in an xs and the fit is great the top is a little darker than pictured it looks great with white kaki and denim nan this is a beaut iful beaded shirt the quality seems good i just didn t like the shoulders they are pleated an d puffy the picture doesn t really show them very well also the collar is a little floppy i w as hoping it would have an option to stand up but that is not the case the beading is well done and looks to be stable i just thought it ran a little large and the shoulders looked puffy i r eturned it i was pleasantly surprised with the fit of this top at 5 6 i m rather busty sho rt waisted and full figured i ordered my usual size 16 and the fit is a flattering almost empire silhouette i was worried about the back being too long for my body shape but it works g reat the embroidery and construction make this a really special piece this skirt is a rare fin

d slimming flowing and best of all it finally sits on my waist and not on my hips while hug

e nice skirt for a picnic i tried these on in the store and didn t buy them with the other item
s in my yes pile i couldn t stop thinking about them and ended up ordering them they are so
cute the fabric is a nice weight they have little stretch i was glad that i was able to get t
his shirt which is really more of a spring summer item but i found it wide in the body and the
shoulders it s hard to go wrong with the charlie s especially in this fabric keep them coming
i wrote a review on the brush strokes as well they fit pretty true to size i d say try both yo
ur usual size and one size down as well they stretch out a little so if they feel a little tig

he xs was perfect for my 5 6 medium frame it is comfortable and the fabric has an interesting

g i get tons of compliments every time i wear it i ordered this shirt last week it s beautifu
l it s even prettier than the photo i m 5 3 120lbs i ordered the petite 6 and it fit perf
ectly i wish it came in more colors i d order another one in a minute so i actually loved
this skirt the tea rose color and coppery gold buttons were perfect together and it s rare to
find something that s simultaneously so form fitting and comfortable but i hold a lot of my
weight in my butt and thighs and i just felt like it was a little too sexy for work especially
with that long slit i might feel differently if it didn t have that slit because then i could
at least pair it with a cute oversized cardigan to tone things down a bit for the office if i
love this vest get compliments every time i wear it it s stretchy too unfortunately i got
ranch dressing on it and spot treated it with shout and now the spot is gone but the color faded
there so little tip don t spill on it lol my fault though so still 5 stars this top is everyt
hing i wanted it to be the fabric is beautiful and the fit is flowy and comfortable i would l
ove to own a u neckline version great t great lightweight almost linen like fabric a bit on
the sheer side but love the fit and the neckline i bought this for my mother and she really lo
ves it it is a bit on the large side for her but have decided to keep it the quality seems ver
y good and great styling for a washable item i actually like it so much i may order one for mys
elf i order this sweater in black size small and i just love it i m a slender 5 9 130 lb
s and the small is perfect in for me while it has the classic cardigan look and a slightly over
sized boyfriend feel to it the rounded front hem hip pockets and buttons that end slightly
above the bottom hem where the rounded hem begins are unique touches i appreciate and love in
retailer s clothing the weight was slightly heavier than i expected and better quality but it
is perfect for my minneapol flattering fit and neckline too thin to wear without a cami or tank
underneath for me but i was expecting that great go to tee i ve been looking at these for s
ome time and i finally pulled the trigger i m glad i did because these tights are such a fun ac
cessory to add to my wardrobe they add just enough whimsy to classic dresses and skirts these
are not your everyday thin stretchy tights they remind me of the tights i would wear in the win
ter as a little girl they are really sweater tights i think this aspect is great but they do
not have as much give as other tights i am petite about 5 3 112 lbs and the small i love this
top i am always looking for tops that are comfortable and work as basics the material is super
soft and not too clingy it feels like pajamas but looks very polished i am a little wide in t

he stomach and bust but this didn t look boxy i got these in all 3 colors this was what i was looking for the little stripes black and white color the shape of the jacket and skirt togeth er well perfect kind of i purchased this entire ensemble the skirt was going to be shorten ed because well i m short no problem this is a common occurrence for me but the jacket would not work for me the sleeves were way too tight for my muscular arms there was no way the adora ble shirt would fit in there the shirt is adorable by the way all of these pieces are made ver this top is just as beautiful in person as online however it has two issues for me 1 it is t oo short this might work if you have a short torso but it would forever show my stomach 2 th e fabric has way too much static cling no matter what i tried it just clung to my stomach and flared out at the sides not attractive in short if you have a short torso and don t mind batt ling the static this truly is a beautiful top these tights are so cute and can add some fun to any outfit i paired with a mustard mini denim shirt and desert boots they do run small i am a size 4 and had to get the m l i love retailer sweaters in fact i believe all my sweaters are from retailer this cardigan is really nice and i m so glad i bought it it will work well with skirts dresses pants it s well made and soft and comfy highly recommended order a size do wn i ordered a small from catalog and returned it to the store for an xs \r\nrun large in the c hest and down the fit is more flowing than form fitting nice material not itchy at all this is a really nice top especially for the price i am 5 6 34dd 140 lbs and normally wear a med ium in dolan tops in this top i purchased size small since the gathered front provides ample ro om for my bust some reviewers have found this top to be on the boxy side i can see that if y ou don t size down as i did i found the medium to have too much fabric and look very baggy wher eas the small was perfect i do wish this top was a tad bit longer and less sheer though white tops should be this cardigan runs slightly large as it is boxy which i love the color is exact ly as pictured and it is soooo soft can t wait to wear it with a t shirt and jeans i bought th is shirt in the rust color along with the blue black sweater skirt after seeing it on display in the store not sure i would have ever put those 2 together but i love the outfit i m not much o f a shirt tucker either but this shirt works either way tucked in a skirt or more casual with jeans my only criticism is the static cling in the front as mentioned by another reviewer i h ad thought of getting it in white but if it s shear then maybe not haven t been wearing a tan k under the bright poppy red is gorgeous and the cut flattering and interesting i m usually bet ween a m and l in tops but went with a s in this one because it looked too sloppy in my usual si ze i m a 32 34 d with arms that aren t tiny and it s a bit tight across the shoulders when i r each forward but not enough to be a problem in the smaller size it skims my hips nicely but isn t as long as pictured on the model i would suggest pear shaped girls size down if in between i t is sheer but not so much i tried this top because i loved the not so simple simpleness of it however it was a miss for me loved the fit and style which i d say is pretty true to size i just didn t love the color on me i went for the orange one and the color was a bit too bright f or my liking cute top though for reference i m a usually small i m 5 4 and a small fit perfe ctly nan ordered the white tee but when it arrived today i was surprised by how cream it lo oked the cut is nice and as other reviewers mentioned it is on the sheer side still on the fen ce of whether or not i ll keep it i am short on the heavy side 5 1 156 lbs i always wear la rge petite this beautiful blouse swallows me lots of fabric on the front side of the shirt ca using a boxy look i could totally do a mp if not sp i am going to try and exchange \nbeautifu l blouse great quality breathable fabric colors are deep and rich so comfy highly recommen d good structure and quality a bit large and wish i had ordered something a bit brighter i o rdered the white tee adore the rust color in this top very pretty rust color would go with a lot of stuff my only small pet peeve with the shirt is the opening under the hook and eye i ha ve been wearing a seamless tank underneath but everything else about the blouse fits so perfect drapes nicely that i think the opening is a minor thing that a tank top can fix beautiful on f elt that it fit tts i m usually a 34b got an xs in this top i like to have a capsule wardrobe for all seasons so that when i travel or just for everyday i have a multitude of options with a few good quality pieces i am not a fan of dry clean only items so anything that i can find that i can at least hand wash with good results and is within my color palette and sense of styl e is always a great find this light weight cardi can work for multiple seasons easily it is a tad boxy but it actually works for me 5 4 34c 125 lbs i can wear it with a c this sweater i s far more slouchy and relaxed in fit than in it seems in the photograph definitely size down honestly i kinda love it anyways the inside is so very soft and it s perfect for a sleek erra nd running or hiking kind of day this is a cute work jacket as well as paired with jeans fla ttering very soft only con is this is thick with a soft cotton lining so not great for summe r in az but will get plenty of use this fall typically 6 8 on the top i went with medium no t tight in the arms as other reviewer noted i have this top in orange and white it is a great top to throw on with jeans don t put it in the dryer will shrink this vest is perfect it is

a great layering piece to be worn with jeans slacks or a skirt it has a substantial weight wit
hout being restrictive i made the purchase based on the other positive reviews and it was love
at first sight the material is more like a great tee for the sleeves and the back so it is so
comfortable i agree with the previous review i am not thrilled about the hook and eye but it
still looks cute with a tank under it i bought it in black and i am ordering it as well in whit
e it looks great with skinny jeans or pants such cute tights i saw them and had to have them
they are a thick knit very good quality the color is a dark navy and the little foxes and a n
ice pop of color i get lots of compliments on them this is a very cute casual sweater i orig
inally ordered a size medium but i had to send it back because it was way too large all over i
recently received the size small and i m going to keep it it is still a roomy fit but the overa
ll design of the sweater is a relaxed fit the color combination and texture of this sweater is
lovely nan i love layering this over basic tees or graphic ones like the wild west tee it a

oft and comfy i typically wear s and s was perfect i love this sweater nan these tights are s

d tigh this bra is just as cute in person as it is in the pic i can tell it s pretty well made
and i love that it has a lot of little details like on the straps and the cute front closure and
lacy racerback it also fits pretty true to size which is a must for me because i often get bra
s that leave my boobs spilling out however this bra isn t the comfiest even though it looks li
ke it would be pretty comfy in the picture the style doesn t look too stiff or anything and the
size i got isn t too tight i love this top i just had a baby and it is difficult to balance c

ut for the most part it is true to size great for busty girls 36dd the color of this top is

me i had to have this when i saw it in a store i was drawn to the shape and the neutral colors

too these go great under dresses or tunics and i always get compliments when wearing them they
are a real attention getter i really like this vest personally i think it is difficult to fin
d vests that fit properly this is a good one fabric and color good the photo is very represen
tative of the color no surprises there arm holes are not too big which is often a problem the
detail on the back gives it some added interest the only thing i would mention that could be a
negative is that it is short especially in the back again the picture is representative but do
pay attention to the length and be certain that i didn t pay much attn to this online i m not m

e s m i am usually a s in tops but the m was only a bit more roomy longer than the s so i
went with the size m i thought the styling of it paired well w the pilcro cord skinnys i had o
n looked much better than the pics online i have other pilcro skinny cords jeans in vs color
s so i think this top will work out well for me love the 3 4 sleev i m glad this was on sale be
cause i would not have purchased it at full price due to the strange fit in the sleeve the shir
t has a slight raglan sleeve but the sleeves do not fit loosely they kind of twist under the a
rmpit area i do not have large arms so i am ok with straightening out the knit sleeves but th
ey do not fit right i also was surprised at the unfinished edge along the neckline it is messy
and tacky looking but i think that is how it was meant to be my recommendation to buy fell in
love with this a soon as i saw it in store it is soft and can eaisly be dressed up or down wor
e it to work already and got so many compliments \r\nunfortunately when i saw it in store they
didn t have it in stock the very helpful gentlemen at the irvine ca location checked online bu
t it was sold out in my size so he checked the stores that carried it i called one and the mai
led it to me customer service in store is great lovely embroidery with a classic look great a
ddition to your wardrobe at first i thought this top was going to be stiff i am pleasantly su
rprised by how soft and flowy this blouse is it s lovely cream color with beautiful lace detail
s i appreciate the lining inside the bodice which means i can potentially go bra less when it s
hot i m 5 2 135lb and retailer size s usually gives me plenty of room because i have a small

upper body but i feel this top is slight short on me that might be because i didn t wear it of
f the shoulder but had it hang from the top of i honestly never even tried this on i ordered i
t and when it arrived it was not the kelly green color pictured it was more of a dark bland gre
en color love the brand and very soft but had to return perfect jean these jeans are comforta
ble the length is great and the rise at least for me is spot on my torso is fairly straight
not a lot of the hourglass thing going on and somehow these jeans feel like they were made for
me thank you pilcro this is going to be my go to all season looks great with a sweater dress
and boots also looks great with cords i love this and instantly felt sexier when i put it on y
et with the longer sleeves and looseness felt i could wear it casually \r\n\r\ni will say that
i have to often keep adjusting pulling the top neckline down it seems to want to revert to abov
e the shoulders position \r\n\r\nthe fabric and quality feels nice and it was a great purchase
for me i just received my duster i love it the coat is as pictured the fabric is medium wei
ght denim with some stretch it feels like a denim coat that you have worn for years i m 5 8 a
nd the duster hits mid calf i m a curvy size 14 16 and the xl fits perfectly the only issue th
at might arise is that the sleeves are long they fit me perfectly but i have long arms this wi
ll be my new go to coat for fall the design is graceful and both my kids said it was a keeper
pretty even the boy child \r\n\r\nsomehow i feel it makes my tummy look bigger than it is may
be with the belt on my jeans these jeans are an even dark color that can be dressed up the mat
erial is soft and they fit perfect they are mid rise which is a little different for me as i mo
stly where low rise the only problem is that they are really long i am 5 9 and they are too l
ong for me which never happens so i need to get them hemmed and wont be wearing them for a few
more weeks i look forward to rocking them with a pair of booties or heels the problem with off
the shoulder tops is that the neckline is totally elastisized therefore upon any movement of y
our arms the top pops above your shoulders making it go from stylish to matronly the only elas
tic should be right at the shoulders the rest of the neckline should be a simple finished hem
a cute top slightly tight in the upper area debated returning but decided to keep as the top i
s unique and i know that i will wear it frequently aleardy thinking of way to wear all year aro
und runs small unlike the other reviews i love this skirt the lining is a nice stretchy mater
ial as is the eyelet overlay making it a really easy to wear and comfortable skirt while stil
l looking polished and professional \r\ni bought it so that its slim fitting more like a pen
cil skirt \r\ni ve only worn it to work dressed up with boots but suspect i ll get a lot of u
se in the summer with flip flops and a tee shirt \r\ni highly recommend it and think it s a gr
eat price \r\nit is longer than on the mode i love panties i love the prettiest softest most
adore worthy panties i can find these are my favorite boy shorts i can always put them on and
feel pretty no weird tight spots and the lace has a perfect amount of stretch im a mom and my
body isn t perfect anymore but these panties give me confidence with perfect coverage i choos
e them more often than any other in my lingerie drawer my only warning wash these pretties as
delicates or the lovely lace colors will fade i can t figure out if this skirt is supposed to
be high waisted if so it s too big but the length works or if it s supposed to sit on my hip
s fits well but too long but the material is really comfortable and the design is different
in a good way i m glad i got this skirt because it s prettier in person than in the picture fi
ance loves it so that s a bonus it s tts although it s longer than shown on the picture very h
igh quality and looks expensive i m very happy with this purchase this is a very nice dress t
he jersey is soft and high quality the construction appears solid the color is very pretty an
d looks in real life just like it does on my computer the cut and draping just don t work for m
e there s just too much draping too much fabric it overwhelmed me and made me look bigger tha
n i am i have a feeling this would be much more flattering on a curvier figure than my own thi
s dress seemed to be trying to accentuate curves i don t really have especially in the i tried
this on in store and would have purchased if it have been a better price it wasn t something i
could justify spending 100 bucks on it s cute and was surprisingly comfortable but again not
worth the asking price i will buy when it goes on sale i was out of town when my coat arrived
and was so excited to get home and try it on i haven t worn it yet but we ve now got the wea
ther for it and i can t wait i m 5 7 and heavier than i d like but the xl fit perfectly r
etailer sizes are all over the place i fell in love with this top and tried it a couple of tim
es to see if it would work unfortunately i have to send it back the design and colors are very
good the side slits are very high right up to the waist but the top still looks good unfortu
nately it is very small it still fits because of the long side slits and is not that tight at
the top due to sleeveless but the fit just wasn t as flattering it does seem to run 1 2 sizes
small so i a fits beautifully perfect for spring and summer the cut of this skirt gives your
figure a wonderful shape the quality of the material is excellent this item is perfect for to
dress up for a date night or wear slightly more casually for a brunch i love this dress so much
the fabric on top is not something i would have chosen it is thick and almost an elastic kind of

feel but i have grown to appreciate that since this dress is not amenable to most bras i think the fabric would be thick enough on top to actually just do without one otherwise you would hav e to go with a strapless and the right kind of strapless with this dress \r\n\r\nwhen they say it flares it really does and much more than i was expecting the bottom part of the skirt f time less skirt just don t like the placement of the slit so maybe i ll sew it up nice color and c ut but runs very big so size down will need to send back due to on line only i am hoping one s ize smaller does the trick when i first tried this top on i didn t like it because the chest j ust spilled open i saw it on someone else and it was so flattering i gave it another try i bou ght it in both the red and the black and plan to put a stitch or safety pin through the top to keep it closed it is very slimming and hides tummy muffin top issues i plan to wear it with th e stretchy knee length maeve pencil skirts all summer along with shorts and pants give this on e a try this skirt is great to wear to work nice medium weight being cotton it doesn t get t o hot skirt is lined nice flattering shape my normal size 4 fit perfect love the godets com fortable doesn t get all wrinkled from sitting nice royal blue color i get so many compliment s with this skirt i love almost everything about it i gave it 4 stars instead of 5 because i f ind the slit a little annoying i think it s maybe a little too long or short i can t figure i t out but i couldn t pass up this skirt because the pattern is so pretty \n\nfits true to size soft fabric very cute the dress was great the zipper was just a little tough but over all a v ery classic feminine piece my friend and i both tried on this shirt just to see how it fit an d because it was blue we were surprised how pretty it si on a little see through though but h te cut hits in the right places i guess we are not too endowed she ended up buying it so i pa ssed but very feminie work piece love this button down but i couldn t make it work i m 5 4 32b and usually buy tops in a regular xs or s i bought this top in a small and it was loose fi tting which i liked but too long for me causing the pleats to flare out more than i liked the shirt is also pretty sheer wear a skin colored bra unless you want it noticed the material was soft and looked like good quality i ordered one of the xl in the red version the fit is true t o size it matches the model s photos the color is much prettier in person it looks washed out on my computer but in person it s a nice light red the quality of the material is okay not as good as with the floral version of this style florascura tank the layers are flattering fo r my pear shape it definitely needs a tank underneath though not worth full price in my opinio n but worth getting on sale adorable dress could hardly get the zipper up in my very typical s ize 4 i will order a 6 and am hoping it will work out this dress is very cute and fits quite w ell you don t have to wear a bra with it which is awesome and it has delightful pockets the downside is that the fabric on the top half is a little weird it is very heavy and stiff also the inside has some fraying and the quality does not seem to be the best i m keeping it though i love the unique design of this dress it also has a nice thick material the top part runs s mall i m normally between size 6 and 8 i bought this dress in size 10 and the top part is st ill snug whilst size 12 is too loose the bottom part has a nice flowy material with pockets since the top part is snug it will best not to wear a bra plus the thick material will provide a nice support the down side of this dress is that the straps are running long i have a shor t torso so there s this top isn t so much on the hanger but very cute once you try it the neck line is really cut low so a pin or stitch is necessary the length on the regular is perfect for my shorter body if you have a long torso it might not work for you love how the layers conceal but do not overwhelm your body i purchased my regular size medium in black for reference 5 6 145 lbs 34dd love love love this skirt i walked into retailer in august not looking to buy th is skirt even though i saw it in the catalog and thought it was cute once i tried it on i fell in love i purchased both black and blue super flattering and true to size its a must have for sure the design on this dress is so cute it runs really small i had to go up from my normal s ize 4 to a 6 i am not well endowed so the top was great on me it s looks great on once k got a size that works this skirt is everything i love about retailer the fit style and quality are amazing i feel like a am wearing a piece of art it is so unique and fits perfectly way to go retailer gorgeous skirt runs a bit big well made perfect for the office and super comfy i wish that it had fit me better as the feel of the fabric and the color were great regrettably i am sending it back as the v opening is too low for my tastes and the fabric on the left of the first layer drapes weird on me i am usually a s or m and in this top the s was plenty of length and room would be swimming in a m the fabric was soft and felt great against your skin and not thin as some fabrics can be the color was just as shown and beautiful hope it works for some o f you out there this is one of the best date night tops i ve seen in a while i m 5 6 120 lbs a nd the xs is perfect the fit is spot on and the fabric feels nice i will need a teeny tiny saf ety pin to keep the front closed but i do that often so i don t see it as a design flaw despit e being a knit this skirt holds its shape and is absolutely perfect it goes with everything an d is extremely comfortable i tried this dress on in my local retailer and was pleasantly surpri

sed it fit and looked cute as other reviewers have mentioned it runs small but it is su
per stretchy especially in the top portion with that said it accommodated my bust i have a 3
2g bust and it possess a problem for me when i try to buy dresses the top of this dress is pur
e elastic so it works the dress stretches on top but comes back inward on the body so i can s
how off my curves i have no idea what bra i can w unexpected delight great top that can be dre
ssed up or down the only con is a little small through the bust love this shirt very flatteri
ng fit on my pear shape also accommodates my larger 32dd bust without straining on the buttons
ever so slightly sheer fabric but no cami needed if wearing a nude bra i bought this yesterday
and love it it drapes beautifully it s a little fancy but versatile enough that you could wear
it for semi casual occasions the first tier hits at the natural waist while the second tier hi
ts at about hip height this is very flattering for the waist while still being drape y and a b
it loose i thought this fit a little bigger than to size i am currently postpartum boobed so i
am 5 4 135 lbs and 34dd and the s fit great i am currently a s in other retailer tops i ha
ve been wanting to incorporate button down blouses into my wardrobe for months but hadn t found
any that caught my eye leave it to retailer to supply the best alternative to a classic look i
love everything from the bottom flare to the way it cinches my waist i would say this is perfec
tly appropriate for a business setting while still giving you individual style so so cute tot
ally flattering but the seams don t lie flat and there are loose threads all over the place i
ve had issues with quality from retailer for a while random holes in things and was disappoint
ed this fit that bill i m keeping it anyway because it s so cute super flattering my mom and
i both bought this and we have very different body types we both had to size up a bit as i h
ave a large chest and she has a large ribcage i got a size 10 i m normally a size 8 and sh
e got a 12 it was much easier to zip up without bras on and it seems to have been designed to
not need a bra my mom is pretty short 5 2 so she s going to get her straps shortened for r
eference i m about 5 9 hope this helps i bought the grey and white plaid shirt in a large i
m 165 36d and the top closes without gaping even when i push my shoulders back it s kind of
sheer so will wear a cami underneath the waist nips in right where it should giving a trim s
ilhouette adorable and fun top without being cutesy love tylho tops super cute and flatterin
g first i love this top overall it is simple and classic and has a flattering forgiving cut
i agree there is a major design flaw as other reviewers have mentioned the v neck is so deep an
d falls so low you need to wear a camisole underneath instead i chose to take a stitch at the n
eckline to keep it together where i wanted it and that worked beautifully i think the top shou
ld have included either a small button or snap to hold the neckline up properly or should have b
een stitched together based on previous reviews i ordered this shirt in both a small and medium
i have fairly broad shoulders and thought i might not fit my usual small if it helps for refer
ence i am 5 6 123 lbs and wear a 32c bra i first tried on the small and didn t even bother
opening the medium i have a hard time finding blouses that fit in the torso without pulling at
the bust i think this is more related to my wide shoulders as opposed to actual bra size with
this blouse the buttons don t pull at a this top is adorable especially the grey check timeles
s staple with a modern cute update i agree with 2nd reviewer i don t think this blouse pull
s or is tight in the chest i m also a 34d i got a small it fits perfectly i wear it all the
time i think it s great for every season very flattering the peplum hits at just the right s
pot and defines the waist i get compliments all the time i pair it with cropped sweaters when
it s cold the grey does seem a bit higher quality the blu buy this skit it s everything that
retailer used to be great pice work appopriate and it fits great wow im really glad i didn t
listen to the negative reviews in ordered this top in the black and red and i have to say this
is one of my favorite tops the neck line i agree does need to be secured i wish they would hav
e added a snap it s fine though as i don t mind sewing it closed this top is worth it i m 5 2
108 lbs and small chested so for slim girls i think this is perfect i really like this shirt
the material was a little heavier cotton than i expected in looking at the picture which is good
otherwise it could look like you slept in the shirt it is something that is going to wrinkle wh
en you wear it so if that is bothersome then pass on this shirt it s a bit longer which i also
like because it will work by itself or under a jacket or sweater i found this skirt to run tts
i am a size 16 and the bought the xl it is so soft and comfortable and the colors are so much p
rettier in person i paired it with a black turtle neck and black dolce vita booties that i snag
ged on sale at my local retailer happy girl this sweater is comfortable yet still work appropr
iate the ruffled shoulders adds a feminine touch i have a shorter torso and so i usually love
dresses that hit right at my waist so this dress seemed perfect \r\ni ordered a size 2 petite
which fit very well the regular two in picture was not as well made the straps didn t fit as
well they were less of an x and way more fabric petite fit great i think this dress is real
ly fun but not very mature i returned it because it didn t feel adult enough for the event jus
t picked this up in black in the store on the hanger it looks like just another v neck tank bu

t it is quite flattering on however the v neck is quite exaggerated and loose i will be pinni
ng it so it doesn t sag open i love jeans especially this pair perfect fit hugs in all
the right places perfect length worn it 3x already and it gets better every time you wear it
goes great with a cute too this dress is made of a very thick material both on the top and bott
om making it very flattering lots of compliments this is a nice lightweight summer top to wea
r with a pair of shorts it is low cut though lower than i expected so i wear a tank underneat
h it the layers are flattering this blouse is pretty sheer but perfect for a summer day good
coverage in the front and under arms on the sides for limited bra exposure and a very cute open
ing in on the lower back i love this dress perfect for both work and play and can be worn in a
ll seasons thanks to the sleeves this skirt caught my eye immediately i love the beautiful pat
terns and colors i m currently pairing it with a charcoal grey top which works well the only
slight concern is the material is a little poofy i still love it and definitely recommend this
standout piece i was surprised and impressed by how well made this top is it looks and feels e
xpensive and of good quality it is a very flattering fit for someone like me who is small on to
p and wider at the hips area i look forward to wearing this top all through the fall winter hol
iday seasons so cute and so adorable but too short for my body in size small i m going to try
a size medium \r\nfabric is a nice weight cotton lining is good sleeves are a not too tight i
t really is such a cute romper took it on s trip to italy and it was airy and comfortable that
is in till i washed it i m in europe so there aren t dryers washed it in cold water line dr
ied it and it shrunk significantly it still fits but the top doesn t blouse over like it previ
ously did and the shorts feel really short so disappointed my advice would be to hand wash it
in very cold water beautiful flattering dress love that you can where a bra without having to
be concerned about straps showing very happy with purchase highly recommend i m so excited ab
out this dress it s perfect for the summer the material is so soft and lightweight with a gre
at lining i ordered a small petite and it fits great the ruching in the front isn t overdone
so you don t have to worry about adding bulk in the midsection no problem with my bra 32dd sh

ght away unfortunately being larger chested i thought i would size up to a medium bad choice
now i have a beautiful romper that is too big for me i will be getting this one tailored super
long even at 5 7 and a little too voluminous for my taste incredibly comfortable and beautiful
pattern though i m having a hard time imagining there getting much use for me so even at the s
ale price they re going back these are the most comfortable pants i own i bought them in the g
old green and gray which really does look more like a grayish purple the gold is my favorit
e it goes with so many things i was just checking to see if there were any other colors wou
ld love them in black and a burgundy i m about 125 lbs 5 foot 7 and the 28 is a perfect fit
the saleswoman warned that they would stretch out but i haven t found that to be a real problem
glad i got this on sale it is more yellow than the photo short it is also heavy with a suede
d interior would have given more stars if it was less boxy longer love these pants super co
mfortable but feel high quality i am usually a size 2 and the xs fits perfectly 130 lb 5 5
32dd ordered xs this dress is a bit outside my normal retailer style but i love tracy reese d
esigns and it had good reviews so i decided to give it a try i could not be more pleased with t
his decision as some of the other reviewers have said the dress is very well made the lining
in particular is excellent it is a soft mesh that prevents the dress from clinging without add
ing bulk in the hot summer weather i typically wear more structured dresses but the lining on
this dres as most other reviewers stated the skirt does run a bit large and long however it i
s nothing a tailor can t fix i plan on getting it taken in to fit higher up on my waist to make
it both smaller and hit closer to below my knees rather than mid calf the elegance of the skirt
can be dressed up or down depending on what top shoes you pair it with it feels well made and t
he coloring is much better in person than in the picture the first reviewer summed up many of m
y thoughts exactly i don t like to go without a bra and this dress with its slightly wider alm
ost cap sleeve straps solves my problem perfectly i love this neckline and wish i d see it in m
ore maxi dresses the crossover and cutouts in the back mimic the lines of a traditional indian
sari blouse and skirt again without sacrificing bra coverage just a beautiful and inspired des

stick with regular size my family loved it the quality and detail in the dress is just gorgeou
s you can easily dress this up or down this dress is extremely comfortable and easy to wear wi
th a bra the back is great and the length is perfect for me it s flattering but the pattern
being light in color across the middle isn t particularly flattering on your waist that being
said though the gathering in front is great for hiding bumps and whatnot after 3 kids that s i

love this top fits true to size tunic length thin comfy fabric adorable subtle print the pe

originally caught my eye in the beginning of the summer with the sweet back bow detail i had or

g dress that looks great on the back cut out shows some skin while still covering up a bra the
petite size fits true to size i ve been wanting to add some cords to my wardrobe and had to give
these a try i ordered the blue color on line in size 31 i m somewhat in between size 30 and 31
in jeans right now so i thought i d be on the safe side and go up i ended up keeping these and
i m happy with my purchase although i do feel like the cut of the leggings is a bit off for me
i am a proportional hour glass shape and i found these leggings to be quite snug in the thigh w
hile being oversized in the waist \nin the end i really wanted the dark grey but it has been s
old out in my size for many months i finally ended up with the navy i think they are much cute
r in person the color nicer also i think the cuffs have been folded under in some of the pictu
res of the models making the shape look just a tad odd i got my usual size and the fit was per
fect they stretch just enough i would get the second pair in a heartbeat loved this dress and
ordered it based on glowing reviews ordered size large because i weigh 155 pounds and have a la
rge 34g bust the dress skimmed nicely over my body but the baby doll style fit loosely and made
me look really wide from the side i probably could have sized down for a better fit but it mig
ht have just emphasized my bust the fabric has a substantial weight and it s lined best as a f
all winter dress the embroidery is beautiful i disliked the intense black color around my f i
ordered a petite small i m 5 3 135 lbs and 34b and the length was perfect and the fit was grea

have been searching for great bra friendly maxis and the design and colors of this one are exact

e will want to size up for extra coverage the fabric is a silky jersey made of mostly rayon 9

jeans and a sweater or alone the arms are snug but not uncomfortable and i think it adds to the

s perfectly and its short but not too short it is a great work dress or change your accessories
and its perfect for out to dinner these are really great legging style cords you can wear the
m without worrying about covering your bum in my opinion they are not too bulky at all which yo
u might expect in a corduroy pant they are a tad loose in the waist area unfortunately but fit
me well in the thighs so i don t think sizing down would work for me i bought the bronze and
it s a very versatile color darker than the picture but still a good color i feel it will be
perfect for fall and spring especially i ll wear it all these cords are soft comfy and my norm
al size 32 for tts the length was fine for my 5 9 height i really like the bronze color it is
almost a yellow i really like this pullover the design is beautiful and i love the asymmetric

all the flow and feel of the material is really nice however i think it runs large i ordered
a small and i have exchanged it for an xs which i am hoping fits a bit better i wanted the pa

t love this gorgeous free spirited dress i bought the regular medium for my 5 1 34f size 8
figure it works very well i will want to wear a black cami as i m not comfortable with some c

u might not mind showing more skin though and not need a cami the top is not very see through
and the skirt is lined the re this dress is great and looks even prettier in person the color

maxi s are too long on me but i ordered a ps and it fit perfect my only complaint is that it i

olor it was now red even more prettier no body could tell got so many compliments i was pleasantly surprised when this arrived it hangs in a flattering way and the red has a nice soft hue i couldn t believe what a great deal i got while on sale these crops are very well proportioned and fun the graphic pattern is spot on trend and the unusual silhouette can spice up your pants options \n\ni am a fan of cartonnier and these particular pants were surprisingly generously cut in comparison to most of the styles i have i usually need to order cropped pants in tall but these worked with the regular inseam the linen cotton blend breathes so well for a hot summer day the design on the waistline is super cute and yes they are a little long in the leg but that can be a plus for vertically challenged girls like me wedges and platforms are perfect to show off the soft drape of the pant legs now that they re on sale i m snatching up other colors like white and light khaki already have the seersucker blue pair i wore this dress to a party once and haven t been able to find an outfit that can top it i love these pants comfortable light and can be dressed up for work and down for the weekend the color is a little more saturated in person but can t really complain about that too much i loved this top however had to return as it does run small by the time it arrived they were sold out in the larger size like the quality of cloth and stone however their products do run a size small as a lazy one i have to confess i barely leave any reviews even though i rely on the reviews from others to make my online order decision yes i owe a big thank you to anyone who wrote a helpful and honest reviews here and thank you now it is my time to pay back to the community this pair of jeans are just perfect perfect design perfect fit and perfect material soft cozy and hip with a good spirit i don t want to take it off once i put on i am 108 pounds and 5 3 ordered size adorable and amazing quality true to size i ordered a 6 and fit perfect love these pants super light and great color they are a bit long though very nice top flattering and goes with everything i bought the medium in the green but would have needed the large in the white as the white was a little see through and showed more of my flaws i agree with the other reviewer in that this top has good button placement this shirt has such a fun twist on an otherwise basic jean shirt i bought this shirt on a whim despite having a closet full of denim shirts and i m glad i did the fabric is the same cloth i first bought the red green at the store when they went on sale bought the blue ivory love love love these shirts they go great with a skirt or jeans so happy i got them the fabric is stretchy but still fits very nicely what a great buy hope to see more of this style again these jeans are well made the cut is decently flattering but on more muscular thighs it would look nicer if the cuff was a bit higher the petite on me was just below the ankle so it just looks like i folded my jeans because they were too long if you are taller or have longer legs mine are short on my short height then i think these would be great i dind t find them particularly small but htey were snug muscular thighs overall ok but returning them 25 p ordered 115 lbs 26 5 in iordered hte petite after trying the rregular size in the store and i will have to wear heels with the pants or get them hemmed the color choices are all great i wanted navy but i have a pair of grey ones that look similar so i deciced on the netural if my size is stil lavaialble in yellow at sale time i will be grabbing those as well \r\n\r\ni went with 25 my typical size lately 115 lbs i ordered these in my usual size and could barely get them on they fit ike tight leggings they have spandex that is comfortable and they will probably stretch as you wear them i exchanged for the next size up because the style is great for year round and the quality excellent i live 2 hours from a store i would either order up at least one size or try them on in store i love love love the fit in the corduroy so thought about grabbing these jeans as well they fit much pretty well just the color wasn t quite right i m really picky about the blueness of my jeans and these don t quite match the coloring in the photo still debating whether to keep them love the cuff styling and straight leg fit i love this shirt it s easy to belt i just wish it was tighter finding pants off the rack that fit me is always a challenge i m petite 5 1 a bit curvy and short waisted so many of today s low rise styles just do not work for me however these pants are a better cut and come pretty close to a perfect fit comfortable and flattering too i ve actually had pretty good luck with pilcro pants i always have some gapping in the waist but it s not much of an issue with these more than likely whatever top i wear will hide that part i was advised by th i absolutely love these pants i have been searching for a pair of linen pants for quite a few years but have never really found a pair that looked good on me until now i have usually found linen pants to lack shape and end up making me look frumpy but i really love the fabric well these pants actually have some structure to them and are still super comfy and soft i bought the neutral color which is acutually a very fine tan and white pinstripe which makes the pants a bit more classy i love these are the most comfortable happening pants i have ever owned they are extremely flattering and slimming at the waist i am a size 4 and bought the 4 and they fit perfectly they are a bit long but after washing and drying on low mine shrunk enough that i can wear them with flats or flip flops and not just so flowy and comfortable it s quite long on me i m 5 5 and have to wear heels so that it doesn

compliments kicky looking pants that i got at a bargain basement steal i d be kicking myself
if i didn t buy them can t wait to wear them once it warms up they ll look great with a lightw
eight boxy sweater and flats i tried on the 4 and the 2 and the 2 is perfect the fabric has a
nice fluid feel to it i always swore to my husband i d never wear plaids but i guess i lied
i m keeping this blouse anyway i purchased the olive and it s such a great color i live in a w
arm climate and really don t need long sleeves but since the color is so great and pairs well w
ith a lot i will keep it i absolutely love these pants i got the yellow and it is a beautiful
soft color the fabric is soft and flowing i am 5 1 102 lb and the 0 petite fit perfectly so
me stated they are too long even in petite but i disagree the patch pockets are darling don t
hesitate to try these pants out i was excited to try something by this designer and decided to
order size large unfortunately this top just looked very odd cute from the front but it wings
out in the back where the sleeves meet the arms the fabric makes an odd poof in that area i do
have a large bust and it didn t pull anywhere in the front i expected it to be soft and drapey
but the cotton feels very coarse and doesn t drape well it covered my behind in back unfortuna
tely it made me look wide from the side view i hav i am powerless to resist hot air balloons an
d had to get these the moment they popped up the pjs are charming and comfortable the material
feels very satiny it s hard to tell but there are small white dots in the midst of the champag

ast season they are well made and versatile however given the amount they stretch and the sum
mer season for sandals 30 5 is a tad long for petite i ll have them hemmed an inch to keep the
m from dragging on the floor also i wish the coral and green came in petite love all pilcro
this is no exception very flattering slim fit but not skin tight comfy i am so glad i waited
for this to go on sale this shirt is incredibly soft with great detail on the fading i ordere
d a medium 5 10 160 lbs and it fits perfectly nice length in tall order up one size cut
slim in body fabric lightweight bordering on flimsy the retailer store had mostly white left
of these pilcro linen pants so i tried them on the main reason i did not leave the store with t
hem is because i could see the washing tag inside the pants as clear as day the white pants wer
e just too see through and i was really looking for some casual items to wear to the office if
it was at least lined these pants would have come home with me otherwise i think the fit was
tts i had been looking for a chambray shirt but am not a fan of the typical button down style

this shirt is very versatile but is far more interesting with the lace up neckline i received multiple compliments the first time i wore it the material is incredibly soft but i haven t la undered it yet so i am not sure how it will holdup these pants are flattering and comfortable plus they are cute cute cute i m a little too conservative to wear them with a striped top b ut with a solid black or ivory off white top they are perfect can be work appropriate with a bl azer or twin set or girlfriends lunch appropriate with a tee or turtleneck highly recommend i never write reviews but this dress is so fantastic i felt compelled to write one it has unbel ievably gorgeous detailing from delicate beading and sequins on the bodice to the three layers of the skirt slip floral pattern pleats i literally feel like a princess greek muse in this dress can t recommend it enough true to size i m 5 7 and 133 lb and got a size 4 these are great quality and hang very nice tts i m 5 6 and about 130lbs and the 2 fit and hit just abov e the ankle nan i ordered the neutral in a 2p i had to hem them i 5 about 110lbs i wore the m to wore they wore beautifully with some wrinkling to be expected with linen but they didn t look like i slept in them i ordered another pair same size right after the first pair came and tried them on to find the fit tighter than the first pair a bit disappointed debating if they ll stay or get returned i see the notes about stretching overall a nice pant for the money i own this shirt in dark green \nnavy and white \nit is perfect it drapes in such a flattering w ay nice weight \nit shows curves in all the right ways but does not fit too snug emphasizing e very flaw \nand finally the buttons are placed perfectly so that you don t have to choose bet ween extremely conservative or way too provocative bra showing \nwell done i like the feel an d color of this blouse however i was very disappointed with the sizing i usually wear medium so i ordered medium for this blouse it fits way too big it is a bummer because the curve is not even visible when i wear it i love these jeans and have been wearing them a lot now that th e weather is turning a bit cooler in my area i like that the cuff is not sewn in so you can we ar them with a cuff like pictured or fully unrolled down they are a bit higher waisted than i prefer kind of an awkward waist height in my opinion and they are very stretchy i was torn b etween two sizes so i went with the larger i wasn t sure of how to mark how they fit because th ey are somewhat fitted slim in the thigh area but th very cute i received many compliments whe n i wore it fits true to size petite 2 with some good stretch in it i am 5 3 and it was slig htly longer than that on the model it is a little odd that the buttons are all not the same bu t perhaps that is part of its charm and it is not noticeable it is very comfortable and the pic tures are representative of what it looks like i ordered this in a size s my usual size and it fits great i love the color style and fit of the dress the only criticism i can think of is t he braided trim on the skirt hits right at my hip and kind of ever so slightly poofs out a bit and i wish it had pockets other than that it s pretty darn cute and i got it at a great price o f under 40 so i will wear it as much as i can until it gets cooler because of the rich color i can probably wear with cute sweater and booties into the fall this is a great basic t that wo rks with shorts pants or a skirt so glad i ordered this dress it fits true to size and is ex tra soft i was unsure about the color but it looks nicer in person the fabric is a mid weight that hangs nicely this will go great with leggings or tights and wear into spring i like many of you had the same issues i tried my normal size of xs and s and couldn t get it on the sales associate looked at it and went and got several size small and they all fit differently some fi t normal and others did not so i would try on first i love it when it fits correctly i ve had my eye on this for awhile glad it was still in stock really great deep wine color soft mor e texture and detail than i had appreciated in the picture love you will love this cardigan very well made with beautiful details the sleeves have the same detail as the collar and the ba ck has darker flecks that will go well with dark pants or cords or jeans you will love this ca rdi wish it came in more springy colors i only gave it a lower rating for quality because the first one i tried on had a sleeve that was much tighter than the other sleeve the replacement w as fine really cute skirt but difficult to get on i had to shimmy it over my hips due to the lack of a much needed zipper i am not very curvy so if you got them forget it i sent back th e xs hope the small is a little roomier because it will make a pretty summer skirt this is a beautiful sweater it is not too heavy and the variation in knit from front to back makes not th e same old boring sweater the color is gorgeous i just love this dress the color the quality the design all great sizing can be tricky however i sized down due to reading the other revi ews and i m glad i did it fits perfectly this dress does not have a zipper on top so if you have broad shoulders it might be a little harder to squeeze into i purchased this sweet little cami in all three colors the black for some reason only available to order in store the fabri c is luxurious and smooth to the touch i ve purchased other silk shells by eloise and would say this one runs small i m 5 2 125lbs 34c and and typically wear an xs at retailer this tank was too tight in the chest and i sized up to a small which fixed the problem i can t wait to make m y jeans and bomber jackets for fall just a little more special with these babies i originally b

a decen this shirt is perfect for me i have very small shoulders but i am pear shaped so the

model i don t typically buy this style of dress because many times they are unflattering on me
i m 5 6 and 130 lbs in very good shape the small was perfect for me a size up would ve resul

i don t look frumpy the dress drapes beautifully and i can wear it with tights and boots now
and capri tights and wedge sandals in ugh this skirt is beautiful and so well made but i sized
up to a 0 from my usual 00 based on reviews and it s too large and now my size is all sold out
if it were the right size it would fit beautifully i m pretty much a stick 5 5 105lbs and i

ween xs and s i decided on small because it fit better in my arms didn t feel as tight the xs
fit well in the torso area and didn t have as much fabric as the small the small also had a lon
ger shirt tail \r\n\r\nif you don t have as much mass in the arms get the xs if you have some
muscle or extra mass in the arms it s better to go with the small i bought this skirt a month
or so ago and only wore it for the first time yesterday i thought the design was fluid summer
appropriate and easy like sunday morning i enjoyed wearing it so much that i went on to the re
tailer site today to order it in another color and lo and behold i saw all the reviews on the s
izing fit i totally respect other reviewers so i questioned why that had not been my experienc
e when i wore it yesterday so much so that i went and put it on again sans issues i am n cute
design with interesting details i felt it ran a bit large i m 5 8 135 lbs an 8 was too big
and baggy my biggest complaint with this skirt is the color it s just not flattering okay i
get the idea of the loose swing dresses but i have a couple that do it well without looking like
a moo moo i ordered my typical pxs the length was good and the color beautiful i like the d
etails of the dress but it was huge and not in a flattering swingy drapey way i was undecided i
f i should try the pxxs as the pxs was so large that i don t know if the pxxs would fix this pro

ld say this skirt runs tts however the front pleats will create a pouch y stomach if you have
a small waist and a lucious anything below your waist size up one size to avoid this the waist
size will be loose but it will allow the pleats to lay flat absolutely lovely with a mock neck
sleeveless top also great with solid white black or printed blouses not a true pen this skir

ty fabric has some stretch big pockets with cute lining buttons are adorable perfect knee le
ngth sits higher on the waist because it s not lined and the pockets are big the pocket line
is visible on my thigh area so i am going up a size just so i don t see that if you have less
curves your regular size should be perfect it has so much character but it 1 i m 5 5 tall
145 lbs and 38 32 40 i m normally a size 10 but i took a 12 in this skirt \n\n2 it s comfort

eautiful color i had not even noticed it until it was on sale and then read all the favorable
reviews it can be dressy or casual as seen in this photo so glad i got it this is a great bas
ic tee purchased in navy but fits much larger than it appears on the model the arms chest are

a fit fine but it really billows out below the front is shorter and the back is longer than i w
ould ve expected i thought this would be great for summer but it s really too long in the back
to wear with shorts it does however look great with skinny jeans i absolutely love this gorg

hough it fit it was too short for my liking and made my hips look wide b c of the way it billow
ed out the size m looked much better hit me right below the knee in the front i m 5 2 my s
kirt is much more high low than the picture also it sits much lower on my waist which i like
i bought the blue and with the color variations it is gorgeous reminds me of a chambray or de
nim coloring i rolled it up to take on vacation and it traveled rea i love this skirt it is a
lovely and soft gauze layer with lining underneath i live where the summer s are hot and humid
and this skirt keeps me cool when everything else just sticks to me it is for sure very limit
ed because it does not have a zipper if you cannot get this over your hips or over your shou

highlights your waist but yes i am petite and i struggle to get it on once it is on i adore

wearing it right now with cream pants to work with a cardigan i also purchased from retailer and it looks amazing the fit is true to size i am large chested but it fit comfortable i did go up a size so it is a little longer than i like but i think if i had picked my normal size it wou ld have been a little too snug at the chest still looks amazing i feel very feminine in this b louse good quality material so stunning i had to have it for my spring wardrobe fits true to size and fits well in the bust and is looser on the bottom the model weara it just as it fits o n me if you have a large bust you may need to size up as the fabric isn t stretchy besides bei ng my favorite color to wear this dress oozes vintage glamour while not looking like a costume the fabric is super silky and will need a professional steaming to get out any wrinkles the fit is not what i m used to because it fits in a 1940s type of way and when i took it to my tailor she ensured me that it is the perfect fit the bodice is a bit looser than contemporary pieces but is perfect for a night out cute dress that is perfect for a casual summer wedding or brunch with friends i love the material and that the dress is lined it is very comfortable and it has pockets this is definitely more of a golden yellow vs a soft yellow my only complaint is th at i wish it were cinched more right below the bust it would give the dress and me more shape i would say this dress is true to size but if you have a larger chest you will likely want to s ize up if you have a small chest i would proba very soft fabric does begin to ball up due to boucle material very common these jeans hug in all the right places the high waist accentuates my body and makes my legs look a mile long the jeans will need a trip to the tailor to be hemme d pooling even with my highest heels loved the way these felt but like the previous reviewer s aid it did run slightly large i am usually a size 6 or m and the legs were a little baggy w the medium since the m is sold out i m going to try and see if they shrink in the dryer the color and design of the ankle is different from other leggings which is a plus i m 5 7 and they are the perfect length beautiful dress perfect mid length dress for the colder months i tried a s ize 2 regular first my normal dress size but it was a little baggy so the 0 fit perfectly i absolutely love this dress i feel it s the perfect year round piece looks super cute with boot s or booties even with a cute baggy sweater over it i am usually a small or medium depending on brand i m a small with this one and i actually like it worn without the button fastened in the back it just worked better that way it is not see thru though is a light material i live in fl so i can wear year round but up north with tights and boots you can too so worth the p rice other reviews are correct but this has potential to look as good as on the model struct ure and quality of the cotton are very flattering makes legs look miles long however this fits very tight allows no room for extra tummy hips booty or thighs i ordered a s i m usually a 4 was able to get it on step into it from the top but felt a little self conscious about h ow tight the fit was if there was an m would have definitely sized up as i really liked the l ook i have been hunting for a pair of high rise flares that have significant width at the botto m and these are perfect i love the vintage silhouette and how they make your legs look a mile l ong and i adore how they open wide enough to cover my shoes not to mention being long enough fo r me to wear a 3 5 heel and still skim the ground for reference i m 5 8 140lbs with super lon g legs and straight athletic build i sized up to a 30 which is usually for me in ag jeans so fo r the brand they run tts beautiful unique colors perfect for winter i received so many compl iments at two holiday parties and on sale this is a no brainer the picture online doesn t do t his pretty dress justice i m curvy and always searching for dresses that don t make me look li ke a sack of potatoes its pin tucks at the bust give it a little shape and the print is much m ore vibrant in person will look great with tights and a black blazer for dinners out received this dress yesterday love it \r\nmy initial hesitation in ordering this dress even though it i s my fav color was rather bright for sept \r\nbut loved it and decided to order and wear it next spring \r\ndelighted to open the package and see that the dress is much darker than in the pics more of a jade green \r\nit is still a summer fabric style however the darker color will be perfect for the warmer fall days ahead \r\nthis dress is beautifully made superior workmansh ip and the fabric i this is a beautiful dress with unfortunate design flaws at the bodice of th e dress the fit at hips and length is perfect falling just to my knee i m 5 5 142 lbs and grazing my hips in that regard the fit is spectacular but the bodice seems cut very oddly whi ch would require tayloring to correct the armholes are large and flared at the bottom which lea ves wings just under the arms that stick out since this dress has a side zip to correct that would seem a major undertaking the stra this dress is sure to become one of my favorites i ord ered it online and the colors are even prettier in person very vivid it is a little light for the climate where i live right now but i m sure that as soon as it gets a little warmer i will be wearing it often i can t wait nice but i thought these ran big me 28 29 waist 36 hips athletic thighs usually a medium in leggings but these size mediums were a bit baggy to my surp rise hoping to exchange for a size down as they are pretty the ankle detail is fun and decentl y made i absolutely love this dress i wore it with taupe tights and suede boots and got so man

y compliments i have also worn it over leggings and can see myself wearing it in the warmer mo
nths with sandals even though the material is somewhat thin i did not have to wear a cami with
it the fabric pattern is really cute i bought the pink which is a vibrant but not neon shade
of deep reddish pink love it i love how the flutter of the sleeves is balanced with a slimmer
fitting body which keeps it from looking frumpy i did order a size down to achieve this look
i prefer a more tailored look so this suits me while satisfying my desire for a little whimsy no
w and then my only issue is that it s too low cut trying to decide if i just need to wear it w
ith a lower cut bra or if this requires a cami i hate laye i got the pink color which is reall
y vibrant and beautiful in person this top is low cut so if you don t like to show much cleava
ge plan to wear it over a cami \n\ni m 5 5 145lbs 37 29 39 got a size medium it fits okay in
the bust area but is much looser than i would prefer below the bust i will either return or ex
change for a small to see if the fit is better i love sanctuary clothing this parka is on the

surprised by this top it s looser but in a flowy not baggy way i ordered the m the\r\nvee is

oucle this sweater is incredibly soft warm and cozy without being heavy i fell in love with i
t when i first saw it and got it in white color it s beautiful goes with casual and work cloth
ing belt helps with the latter styling and it didn t leave lint on the dark skirt i wore with
it to work i usually wear xs or s and found this sweater to be still roomy in xs with sleeves
being a bit long i hope it won t stretch with wear as boucles sometimes do that s my o gorgeo
us dress fits true to size with high quality material the colors are stunning these jeans are
awesome i usually wear a 26 in ag jeans as they tend to stretch but i ordered a 27p because i
am only 5 1 and these are a flare style i have a small waist but a larger booty and these jean
s hug me in all the right places they also have a great dark color and are super classy so you
can dress them up if need be the only thing i didn t like was the length even with the petite
size i have to wear wedges so they don t drag on the ground but this is an issue i have with m
ost i purchased this dress online after two reviews and i am so glad i did this is a work of ar
t and beauty and will be my go to dress for spring and summer weddings special occasions and ot
her events i am so glad the arms are covered with lace and flowers this is spectacular i m ei
ther a medium or large in retailer tops i was able to wear a medium in this top the color is v
ibrant and the material is soft and light it will be a great spring and summer top can t wait
to wear it this dress runs large so i sized down when it arrived i looked at it and thought th
e fabric was ugly and boring for a dress it sat there for about two weeks till i tried it on i
love it it is so comfortable and is so cute how the pockets hang all it need is some long neck
laces or a scarf to complete the look i get complements on it everytime i wear it my only comp
laint is that it peels under the arms a little bit this dress is amazing the colors in person
are so vibrant and yet organic somehow at the same time perhaps this is because the fabric has
a really nice depth and texture to it i got this dress for a summer wedding and it s casual yet
dressy at the same time \r\n\r\nre fit the best thing about this dress is a fit it s so
incredibly flattering on it fits like a glove it just hugs your figure in the most flattering
way especially if you have an hourglass figure the fit is true to size love the pockets fit
s loose but lies nicely comfy but able to be dressed up or down great versatile dress this t
shirt does a great job of elevating the basic t shirt in to one with a touch of flair i typical
ly wear a medium but luckily read earlier reviews and went with the small i m so happy to add t
his lovely and unusual dress to my fall wardrobe i absolutely fell in love with it the moment i
tried it on i wear a two or four depending on the designer and the two fit me perfectly anot

th that said it s a wonderful go to dress for the holiday season i ordered a 6p in this dress
so it wld fall above my knees be slightly smaller than a regular 6 sometimes a regular size 4
works sometimes a 6 typically a regular size 6 is big on me i am 5 3 118 36c just recd t
he 6p in the mail the first thing i noticed is that it s s a knit fabric that looks feels lik

is dress tried it on at the store they only had medium while i m usually always a medium it
fit perfectly but pulled at the bust i m a 38 i ordered a large online the next day i have i
t now and i am extremely pleased the pattern is unique the length falls just above the knee an

d has s sexy flirtiness to it the back button is key as it gives some contour to the dress the side pockets are an awesome touch you can wear this dress any season i m wearing it with ankle boots and this dress is adorable and well made this brand runs on the large side i ordered an xs and the tag says p on it it s not petite it ran large through the hips and will need alte ration i m keeping it because it is really cute and is well made the material is knit and soft very comfortable i m surprised nobody has reviewed this item i probably will not buy this bran d again only because it runs large this dress is so cute i love that it has pockets it looks great with sandels and also ballet flats it is airy and run true to size i wear a small and it fit perfect i even bought the other navy and cream dress you will wear this dress over an d over just roll up the sleeves and throw it on and your ready just love it i purchased the green print which has so many patterns and colors which makes this dress have a very interes ting look i love that it has a drop waist because it is so flattering to most body types the ot her thing i liked was that this dress came in petite sizes perfect for me i thought the qualit y of the fabric was good and liked the idea of wearing it either with opening in front or back it was a little larger then i was expecting and i wish it had a closure hook and eye or snap at the top it has three places in the back to tie together and when i tied them in a bow they c ame loose easily overall glad i bought it went to the store in search of a butter dish tried this dress on a was shocked at how comfortable versatile and all over appealing this dress is i m 5 10 and the medium hits at my knees as always i think the quality could be better it s not something that will last for years this is my second dress from this designer it is very c omfortable stylish and looks great with sandals wedges i would have given it 5 stars but the neckline was a little lower than i expected and the length was a little longer i am still keepi ng it though and expect to wear it spring summer and fall i m 5 4 125 lbs have a 36 c d b ust the xs fits great \r\ni wash everything in cold line dry this was no exception when i took it out of the washer i knew immediately i ve pulled it back into shape hung it up but we ll see \r\n dry clean if you want to keep it i will preface this review by stating that this item was available only in one size at my local retailer they have a section of dresses mostly offered online that are in store for you to touch see try on and order through the store whic h is much appreciated i am normally a size 0 2 xs in retailer clothes and i will typically ord er a petite when available the option my store had to try on was a regular medium which is what i have pictured here \r\n\r\ni mostly wanted to try it on just to get a fee i love this top wis h they had it in more colors i would buy more i purchased this with some hesitation having re ad that some people thought it was unflattering but i couldn t resist the sale price and i lov e a low maintenance work top and doesn t require ironing this fits the bill perfectly it s mad e of high quality fabric there s a soft inner lining with a side zip closure and it has a pret ty narrow profile so initially i found it a little snug to wiggle into i got a small but once on it fit perfectly and is so flattering i can t imagine why other i wanted to love these the fabric was soft and they were good quality but they fit differently than the hyphen chinos and w ere too small sadly i had to return them should ve ordered a larger size it runs a bit tight around the top and the zipper isn t that helpful this was my first tiny shirtdress purchase aft er seeing the past few patterns seasons for me the last few were a little too busy but somethi ng about both patterns this season felt right for summer i m 5 7 128 and found my usual s to be too long in length and in sleeve length the sleeves being a problem that i never have goin g to try to exchange for an xs because it really is a lovely piece in both colors though i slig htly prefer the green because it feels more tropical exotic for summe i m 5 6 and between 100 10 5lbs buying clothes from retailer is always a stuggle because i have a petite frame but i don t fall into the petite height range i usually order a petite size and just deal with the shorter length which is hard when you re all limbs i purchased a 0r and i m in love with the fit the top of the dress fits under my arms perfectly the waist of the dress also hits nicely usually the waist of regular sized dresses falls below my natural waistline due to my short i love the e ase of this dress the style can be dressed up or down the straps are inset a little which does n t work for every body type the thin material can get caught and snag easily but otherwise thi s dress is a simple chic addition to my closet the length is just right not too long like some other maxi dresses the lining underneath ends at the perfect length as well the top part is li ned well so it can be worn with or without a bra i am normally a 4 or 6 in dresses the waistba nd hits dig this top but a little different from what i was expecting the outside is indeed a b it stiff and scratchy but it is lined but definitely would ve appreciated a softer fabric h owever the cut is cute and flattering and the pattern is adorable so it s staying in my closet perhaps not the thing to wear to snuggle up with someone though i usually don t even consider t his style of shirt but i was intrigued by its soft fabric and texture honestly i love this sh irt it is so flattering and a perfect staple for any closet i can wait to wear it out and abou t i am between a xs and s but figured i would order down based on the reviews well it s still

huge i have about 5 inches that i can take in from the side i have ordered the xxs and am hopi
ng it will look more flattering i love the colors and design but as it is it does not do anyth
ing for me for reference i am 124 lbs 32d 5 5 the first reviewer said it was small in the b
ust but the 0p i ordered fit everywhere rib cage and all but was gaping at the bust in the b
ack i would say overall it was true to size but if i sized down it would be too snug in the r
ib cage i am 30dd for reference there and waist is 26 5 inches \r\n\r\notherwise the make is v

this is a great dress for those days where you just want to throw something on but still look pu

f bohemian and part sophisticated the colors are muted but they work so well i wear it with f
lat strap sandals and have also paired it with wedges i receive tons of compliments and have to
make sure my daughter doesn t try to borrow it would highly recommend love this layering piece
a little low cut for my personal comfort but a tank underneath works great i originally purcha
sed a small after reading some of the reviews although it did fit i felt it was just slightly
snug across the chest and upper arms i returned for a medium my usual size and it was perfect
it had the same look and flow as what you see in the model pics i love love love that it is lon
g sleeved and has pockets i went ahead and ordered the other print as well i wore the firs
t one to work with some knee high boots and got many compliments highly recommend love love lo

ess and know i ll have it for years this jacket is gorgeous the design is visually very int
eresting the fabric is light enough that i can wear it to work and keep it on all day love thi
s sweater the abstract floral design adds an understated romantic touch the red is a beautiful
rich red and the cotton is super soft and comfy i ve tried it on with pencil skirts and jeans
and it looks great with both i m considering buying it in the off white too but it does have s
ome cons one is the waist band hits me where it does on the model and if you look closely you c
an see where the sweater poof out over the band a bit it does that on me too unless i turn the
band up t i am totally in love with this sweater it is lightweight comfortable and very vers
atile throw on a pair of jeans and it is casual throw on dark slacks or a skirt and it is dres
sy the design does not become the focus of the sweater but rather takes it up a notch making it
a fun piece to wear the color is not a light red but rather a rich cabernet wine color this s
weater is well on its way to becoming one of my all time favorites i was very nervous to buy t
his top but because it was on such an excellent sale i went for it tops like this usually end
in me showing a ridiculous amount of cleavage or not being able to zip i am a 32ddd it past my
waist i ordered a small based on the other reviews and it fits perfectly the wrap top is perfe
ct and shows off my curves without showing too much the fabric is very unique and the whole top
is lined with a nice nylon cotton blend so it is very soft and comfortable to wear def i really
loved the colors in this dress and was looking for a long sleeve dress this style may just be b
ig fitting but the sleeves were way too long and the dress was just shapeless on me i usually w

en we retu i love everything about this blouse except for one thing the peplum just hits way to
o high up on the body and i am only 5 4 106 and ordered a regular size 2 not petite which f
its perfectly except for this it is made of a beautiful textured fabric and is very nice qualit
y i adore peplums and own many and like the peplum to begin near the waist however others may
not mind the higher waist and in that case it may work for them i really hated to send it back
it was so pretty but it just w i tried this on at the store in the regular size it came in and t
hought maybe it has some potential is i ordered it for me in a petite since that s what i am i
ignored the package when i first got it thinking it wouldn t really look right but omg it s 100

rt i m u i honestly bought this shirt on a whim the other day in my local retailer i was drawn to the color and the swing first of all this shirt is incredibly soft and lightweight i love the flow of the loose peplum the straps are nicely placed because they re wider and accentuate my arms and cover my bra straps i love the little v neck detail it shows a little cleavage w hen bent or hunched over but the top stays conservative when truly upright i wore this shirt 3 days in a row last week and comfortable relaxed fit i am very top heavy and the generous cut of this dress worked well this top is comfortable and flattering i really like the simplicity a wearable basic summer top with a cute twist just enough to make it contemporary but not ove rstated i fell in love with this dress online and went to try on in the store i m 5 6 128 lbs with some boobs usually a s or size 4 i tried on the s and xs and ended up buying the xs an d i ve never worn an xs in my life it is long and loose hanging right at my knees the body is roomy and i am thinking of having it taken in a couple of inches at the waist there is pleatin g in the front that begins just below my natural waist and extends out to the hips plus pockets the sleeves are lon this dress is comfortable and the pattern is really nice with some good atte ntion to detail on the lace trim and pockets i ordered this in my usual pxs i am 5 2 but th is definitely runs very large it is a shirt style dress so i didn t expect it to be fitted but off the hanger it was just too shapeless and sack like for me i really wanted it to work so i took it to my tailor and she added a beautiful navy rope like tie attached to both sides in the back of the dress it looks amazing an this will be a favorite sweater this winter it has a lo ose but flattering fit i purchased the red a deep rusty red and it fits me exactly as it doe s the model pictured slightly loose but flattering mid hip open neckline you can t tell in the picture but the neckline is rolled i am 5 2 140 lbs just a bit fluffy the small fits me perfectly i think that you could size down from your regular size if you prefer a closer fit the sleeves are at the top of my hands just below the wri i bought this dress in the green it runs big i usually take a s and had to return for xs i am 5 5 and 125 it flows beautifully and can be dressed up with heels or worn completely casual with flip flops worth every penny for a brand called tiny this dress was really big i ordered my usual m and it was like a sac k virtually no shape to it at all i haven t been a small in many decades so i m really hesita nt to order it again i m afraid i ll be like goldilocks too big too small but i m prob ably going to give it a whirl because the green print is so pretty and i l like that it has sle eves to protect from sun and pockets lots of good qualities just putting them together in a w earable size seems t this tank runs very true to size i ordered my usual size 8 which fits lik e a glove couldn t go any smaller very pretty fabric which is lined above the peplum i person ally like the higher peplum but it s a personal choice great purchase nan i love the black an d grey version of the vest but decided too try it in plum the plum color is used only on the la pels and inside of the garment it has no finished seams but it is like a soft boiled wool so it wouldn t ravel the seam in the waistline area breaks up the design and adds more interest this was a christmas gift to my sister she liked it so much she wore it the day after opening it ve ry cute design lovely deep red color only thing to look out for is the potential of fabric to snag looks like it may do so easily if wearing long jewelry may run a bit large but the medi um for her well slightly loose fitting garment she is 5 7 and would probably wear a large in a typical shirt i absolutely adore this shirt the pinkish rosey color is beautiful and ended up being better than i had imagined i will say that the shirt is a bit more casual than i thoug ht it was going to be the way it hangs or something not really sure nonetheless it is perfec t can be dressed up or down which is the best quality to have in any piece of clothing i can tell i m going to get a lot of wear out of it very versatile top i feel like i could dress it up or down fits very nice and the material is soft i feel fabulous in this plum and charcoal v est i am 5 9 and the m l is the perfect length and size i was initially attracted by the exte rnal seams and color and was delighted with the silhouette and soft structure of the wool blen d fabric it is versatile and yet a kind of signature piece that i will wear with joy this wi ll be a great summer staple good fit and very comfortable may go back and buy another color this dress is a vintage 20s drop hem style not meant to be tight to form that said the botto m is loose so may want to size down 5 2 145 lbs s i bought the neutral navy pattern and i t is absolutely gorgeus hints of peach and beautiful lace detail i literally got compliments all day long from friends and strangers i paired it with a dark denim jacket absolute must have for sale price this dress is very flattering i am writing a review to share my experience regarding sizing i am 5 7 and wear 34a i tried on a size 0 that was at the store as a return and there was about a 3 inch gap to get the side zip closed although i normally wear a size 2 i ordered size 4 because of my experience with the dress at the store the size 4 is slightly b ig across the bust but looks ok i think the size 2 would ve been too tight love this sweater great for work very soft and comfortable color is gorgeous super thick material and it s line d with cotton so as not to be scratchy on the skin it looks cute on hopefully it will soften o

ver time almost thick like upholstery fabric i love tiny s aesthetic sweet feminine yet alw
ays with a slightly sexy edge this dress doesn t disappoint during 90 of the year i m always
cold finding cute dresses with long sleeves is almost as challenging as finding a unicorn this
dress is near casual perfection i plan to wear it on breezy summer nights on a cruise to greece
i have coming up it would also be a perfect spring fall dress before the seasons change or coul
d be worn in winder with tights and a cardigan see near perfec love peplums and love this top
the quality and fabric is beautiful i did have to size up because it ran a little too short on
me but otherwise great top really cute to pair with a statement necklace as well i ve already
worn this dress 4 times and i bought 3 weeks ago easy to wear comfortable and flattering i lo
ve and wish it was available it more patterns i was really drawn to this burgundy color on this
sweater but wasn t all that impressed with the style as soon i tried it on wow it is very fla
ttering the color is gorgeous i can see myself using it with jeans pencil skirts pants for
reference it does run large i am usually a x large but i got a large and fits beautifully love
this dress it s even prettier in person i found the sizing a little bit on the large side but
i read that many others had the opposite problem particularly in the bust where i m small avera
ge for my size even though it s a little big on me it looks and feels great this dress is bea
utiful in person i am 5 1 and was afraid it would be too long but it was perfect i only need 2
inch heel and it will be fine details on the flowers are really nice one more plus it machine
washable nan i m not usually a fan of simple crewneck sweaters but this one has some nice added
details that make it a keeper the dark red oxblood color is really nice it manages to be a red
sweater without feeling overly holiday the detailing at shoulder chest is interesting yet subt
le enough to not be distracting and doesn t feel bulky at all the dropped shoulder seams are do
ne correctly and without the body becoming boxy it does feel like it might run a tad bit large
but only very slightly not eno great coat love the length but it definitely runs big i got a
m even though i would normally be a l and it s roomy fabric has pulles under the arms after 1 w
ear but overall quality is good very warm great look for work w black pants i got this coat
to throw over slacks at work with the ac and it s perfect the picture online is less flatterin
g than in person found that the medium was too large in shoulders and arm length small was rig
ht for 140lb 5 8 typical size 6 this dress is adorable i found it to be true to size but i
do have a small bust so perhaps that helped with the sizing issue the other reviewer encountered
i love the embroidery throughout it beautifully constructed and feels lush i m 5 9 and the dr
ess falls to my ankles but that s ok because it will look beautiful with heels or flats i love
the dress and cant wait to wear but gave it a 4 star rating because of the side zipper it is ex
tremely hard to zip up past your waist because of th love the fabric so soft and comfortable i
t gives a very flattering silhouette love those pants but if that works for you it is a cute p
attern this is a lighter weight sweater but good for fall this vest is soft flattering and v
ersatile but both pockets were sewn incorrectly with broken seams on the bottoms so if you use
d them things would fall out i m keeping it but had to pay a seamstress to fix it for the pri
ce i d expect better quality recommended conditionally this dress is gorgeous it s one of t
hose retailer dresses that i find worth the price because of how unique and beautiful it is i f
ound it to fit tts although the zipper does take a good tug to get over the fabric seam it fit
s perfectly if you have a bigger chest d i would foresee this dress being too snug however
i am a c and it fits just right i wore it to a backyard wedding with flat sandals and simple go
ld hoops but i love the idea of styling it with a jacket and some wedges or bo i am normally a
size 4 6p in all things retailer but read the reviews and opted to go petite on the maxi and siz
e up i went with the 8p and even with a 32d bust had no trouble zipping and it fit beautifully
the band is a tad loose but any tighter wouldn t have fit in the bust this dress hangs beautif
ully and is incredibly flattering especially for those of us with an athletic build i ve recei
ved so many complements when i wear this tunic it s so comfortable and fits great the fabric i
s light and feels good against my skin this is by far my most favorite purchase from retailer
and i wear it all the time with my leggings love love love this tunic dress i wanted to lov
e this top the color is wonderful in the pink and the material is silky soft it is huge though
i am a 34 dd and bought my usual small i am going to exchange for an xs and am hoping it fits
i tried this top on at store and didn t want to buy at full price even though it made my heart s
kip a beat with how adorable it was it is even cuter on so when i saw it finally went on sale
and i got an additional 20 off i immediately ordered it is flowy comfortable and fun wore
it today layered with a black turtleneck and long black vest i have to agree with another revie

ally a 6 in tops at retailer since the top looks a little short on the model i sized up to an
8 since i d rather have it be flowy and a little longer i m very glad i did because it hits at
my low hip and if it were any smaller it d be too tight in my chest since it doesn t stretch
you need some space for your arms to move if i could do it again i d actually si i ordered the

gray plum colorway and while i m disappointed in the large percent acrylic fabrication the vest is very soft and warm the unfinished raw seams add visual interest and i m tempted to remove al l the care tags and wear this inside out for a different look i am worried that excess pilling will be an issue so i will update my review if the quality deteriorates beyond a simple lint sha ve tiny are experts at making busy bohemian shirtdresses that look casual but retain a feminine drape it skims over my trouble spots without adding bulk this is my fourth dress from this l abel and it does not disappoint for my frame and style i chose tts but those of slender peti te builds may want to size down for reference i am 5 3 140 36dd love it super cute can we ar it to work with blazer or out at night i m 5 3 and got a size small a little shorter in th e front but that seems to be style fits great this is the perfect dress for summer fall wint er or spring it is flattering and looks cute with booties flip flops brogues or barefoot run s a teeny bit large i wear a small to medium and the small is perfect i might just buy the ot her color it comes in for me to buy a tank top it better be special and this is flattering without being skintight it camouflages that little back bacon you sometimes get from a bra the v neck is low and is the same in the back great length super soft and the best part is you can wear a bra i haven t washed this yet but based on other reviews i ll probably hand wash and ai r dry the only issue is the tag flops out every now and then this top looks just as it does on the model and it fit just as they said it would i needed a nice shirt to wear with jeans and ca mouflage my new mommy tummy and this was perfect it s really comfortable and fun too i love e verything about this top the fabric the color the fit great top for spring and summer i usu ally wear petite which this was not so a little big for me but nice color and good quality but pricey for what it is it s more like a 45 sweater not 100 another reviewer said it best i love the way this dress makes me feel i couldn t agree more the lines are perfect and effortl ess \r\nwith all the different reviews on size i went into the store to try it on i am usuall y always a s or m at retailer and a s fit perfectly i think sizing down any more takes away fro m the casual look of the dress i am 5 5 130 and have a small bust i got this in the wine which is a beautiful color the design is nice and looks expensive but i m not sure how it will hold up the fabric is very nice medium weight and drapes well it is a little boxy but would be nice to layer over a button down love this can be a jacket or blazer syle fits well the c olors style and fit were great this dress you could wear on many different occasions all arou nd great piece to own this top is super cute and is very flattering however i have trouble ge tting in and out of it there is one zipper on the side but it almost seems like it needs to go higher up in order to help you put it on and take it off this dress is very striking especiall y in the green color way i purchased flow and loose very feminine but not cute well made an d very much in style this season i returned it because it wasn t quite suitable for me 1 size u p would have been a better fit overall i ordered my usual size small and it was very large on my 5 5 112 frame my daughter loved it so she scored i ordered another one in xs perfect though the sleeves run long i have long arms can be dressy or casual i got the dark purple c olor of this top and it is perfect i wear it all the time it s comfortable and it s cute plus if it gets cold i can throw a warm sweater on top of it this dress looks beautiful on it s ver y flattering and comfortable to wear it runs true to maeve s dress sizing which for me means in these dresses i always get one size larger than what i normally wear on my 5 3 height the regu lar was just above the knee great for giving you the illusion of the figure you want even if yo u don t have it naturally i absolutely love this tee i normally don t buy two of the same thi ng but i bought it in both black and mauve during a december sale i ordered a size small and it fits tts it can be worn with leggings or skinny jeans cords i love pairing it with skinny j eans and boots best it s very slimming and so soft this tee is amazing it is so soft and comf ortable and is great for those of us who are tall it has great length i went with a medium be cause i didn t want it too tight i really hope that retailer restocks soon because i want to bu y one in every color super comfortable i am 34 weeks pregnant and i works great for me now an d i think it will be perfect post baby also like the other reviewers this is my new favorite t ee it s so freaking soft and the ribbon down the back just gives a little added flare pure go od has been one of my staple brands for basics for a while and i will definitely be buying more colors in this the length is perfect for leggings and it would be cute with jeans too cute to p and flattering to wear fits nicely and i d say true to size can t wait to wear it well fitt ing bra comfortable not itchy lace doesn t show through tops purchased in the light grey an d was so excited i wore it the very next day the back detailing and pocket make it more unique than a regular tee and the fabric is slightly heavy in a good way so it hangs beautifully eas ily can be dressed up or down new favorite tee ordered this on a whim while taking advantage o f a promotion and now need one in every color the weight and cut is perfect for fall winter su mmer not too heavy but not sheer tissue thin fitted enough to look super cute with leggings or skinny jeans fabric has a nice quality feel to it i have similar shirts from the past that

have held up well in the wash i m anticipating the same with this oh my i love this tee it i
s super soft i love how it doesn t look like a sack with no shape i can t wait to get more col
ors i am tall plus have a long torso and it still is long enough for me so this is definitely a
win i love these joggers they are stylish comfortable and high quality my one complaint is t
hat the sizing appears different for different colors \r\n\r\ni got them in the green moss colo
r i immediately wore them casually with flats a t a long silver necklace that night i li
terally just changed into a long flowy silk cami and high suede black shoes with the joggers an
d wore them out feeling comfy and pulled together favorite combination \r\n\r\ni loved them
so much i decided to try the othe i ordered this as it was either in stylist pick or top rated
cant remember which but i must say ti was very nice on a little loose but the petite sizes
are sold out so i ordered the xs petite might have been too short the cut is feminine not
figure hugging but still flattering i can see wearing this in the fall with boots and a cardig
an not just summer with sandals so i decided to keep it \r\n\r\n 115 lbs 30dd 26 5 in waist
nan love this shirt i am 5 8 and have a slender torso and the small fits perfectly i love that
it s long so you can wear it as a single shirt or use it as an extra layer i also have a grey d
ruzy necklace to dress this puppy up purchased it in black and this will be a new staple this
top is much nicer than expected the fabric and style are great i am a size small or medium
and got the small from the front it was great not so much from the back for me i m larger on
top than bottom and the 5 spandex made it too clingy around the dreaded bra fat area i don t w
ear spanx i wish retailer would be more specific with the fabric content if i d known it was 5
spandex i would have ordered a size medium i am thinking about doing this because the top is r
eally this jacket was a gift for my daughter it fit like a glove and she loved it this top is
so soft and comfortable i bought it on sale so would i have paid 60 for it not sure
fits true to size what can i say its a simple top well made and so soft i love simplicity in
clothing and this tee fits the bill i put it on and instantly feel basic elegance i am 5 10
130 pounds a medium is a perfect fit for me i love it not so sheer that i feel that i need to
wear a cami underneath sleeves are long and it is so so so soft the scoop neck shows just t
he right amount without being too revealing i am buying one in every color fits great love so
ft material love with skinny jeans brown boots i really like this dress i m 5 8 and about 135
so i bought a small i am small chested so i plan on wearing a bandeau bra underneath it becaus
e the arm holes are a little low the material is very nice though perfect for dressing up with
cute jewelry i bought this dress in a sm for a cruise i m taking soon i don t have much of a w
aist kind of straight like a board and this dress is very flattering on my figure the skirt f
its snug and the top drapes nicely over my waist very pretty and flowy i bought the multi colo
r stripe dress and the vertical stripes enhance the beauty of the dress i was pleasantly surpri
sed when i tried this on i tried it because of the detail but didn t hold out much hope because
it looked frumpy on the hanger i was very wrong it fits beautifully it drapes nicely hugs th
e shoulders perfectly and doesn t droop open due to the embellishments there is a tiny closure
where the fabric crosses in the front so you are not exposed i liked that feature very much th
e sleeves are 3 4 on me but i like it nice change of pace this is a very different style thi
s top feels great on it just drapes well and isn t clingy i refused to buy maternity tops bec
ause i wanted to wear the tops after pregnancy though i bought this top post pregnancy it would
have worked great because of the length comfortable casual hip i have the black white color
which is a bit thicker than the other colors which i prefer as i recently had a baby and need a
little extra fabric i wish the fabric was a bit softer but the cut is so flattering there was n
o way i was sending it back i wish the other colors were in the same thicker fabric and i would
have ordered more my new go to top the black ribbon on the back is my favorite part nan this
dress is gorgeous in the photograph and very pretty when it arrived however it is very dark i
n color you would only notice the blue in bright light or perhaps outside in the sun the fit w
as small i could not get the tie around the waist to look right and feel comfortable so sadly
i had to return it \r\n\r\ni applaud retailer for the excellent and attractive packaging that
was almost enough to sell the dress it came in a very nice white box inside a larger box tissu
e paper and fol this is one of the cutest tops i ve ever gotten from retailer the material is v
ery soft and flowing it fits true to size and hange beautifully love it i should have gotten
he turquoise one too love this shirt it fits great and can be easily layered agree with the o
ther reviewers this top is excellent great length weight bounce to it flattering without b
eing clingy i m 5 10 with a long torso so i m always in the market for tops with longer hemli
nes and decent material without being too tight or clingy this one i love i bought it in black
then went back for the turquoise then two more if that doesn t tell you what a great shirt t
his is i don t know what will i need one in every color so super soft very pretty blouse wit
h nice detail needs to be worn with a camisole however got this shirt on sale and i hope they
restock so i can buy more super comfy and flattering at the same time i have some extra baby w

eight and it camouflages that well i m normally a 6 8 but i m an 8 10 right now and the medium
was perfect i m 5 6 and its plenty long enough to wear with leggings a great shirt and i ll b
e sure to watch out for this one to come back please restock easy to wear the fabric is supe
r soft and the shape is very flattering i really like the shirt hem at the bottom love these
pajama bottoms they are so comfortable and the print is fun and unique i highly recommend the
y run true to size and have a great length they look short on the model but mine are perfect i
almost never take the time to write reviews but this shirt is amazing it s a super soft stre
tchy substantial fabric that is incredibly flattering it falls perfectly and is insanely comfo
rtable i am 5 5 120 lbs and usually wear an xs or s in retailer tops i went with the xs and
it is a perfect fit love it so much i bought it in 4 colors i am now completely broke but th
ese shirts will be in constant rotation this is a beautiful top however my top did not match
the one in the picture it s so odd the stripes are completely different it s ok because it s
very pretty but i do like the one pictured better it s too short on me for leggings and boots
but it s great with skinny jeans very pretty and soft material i am so glad i had read the oth
er reviews of this jacket which prompted me to order great fit and cut with a hint of stretch
nice styling details great vintage color i wasn t in love with the price but after receiving t
he jacket i would gladly pay the price again will definitely be in my wardrobe rotation for yea
rs to come this shirt is amazingly soft and has such a great cut especially for me being curvy
i love to pair this with cute leggings or tight ankle jeans with my boots recently wore on a ca
sual date with the hubby and he loved it paired with my dark brown leather jacket and dark jeans
\r\n\r\nonly reason i gave it 4 stars was that the shirt tends to stretch out a little at the bo
ttom is seems as you wear it throughout the day it is still a great shirt and if possible i wo
uld buy more \r\n\r\nneed to bring this shirt is pretty but wasn t worth the price in my opinio
n the shirt does a pretty decent job of staying closed at least and the embroidering is pretty
but i could tell the material wouldn t last very long \n\nalso i like my shirts loose fitting b
ut this one looks more boxy than flowy i d probably still buy it if it were cheaper this shirt
looks and feels fabulous i got black and white and received a ton of compliments wore with boo
ts and leggings and fun jewelry this is the perfect casual top to wear alone or layered with a
cardigan love it i love joggers best style to come along in awhile i think these are well ma
de and i like the fabric i just wish the leg were cut a bit slimmer but that s just a matter of
preference i definitely like them and will keep and wear gorgeous detail on the sleeve adorab
le pattern unfortunately it is a little too cropped it s not actually sleeves it s a cape s
tyle wasn t expecting but still really cute beautiful colors lightweight flannel so a great
pair of sleep pants that can be worn year round i ordered a s my typical size which turned ou
t to be quite large on me hopefully the xs will fit better although i wish this was not so dar
k blue for summer it is the most fabulous cut super sexy with the tie neckline and love the si
de pockets and did i mention the fabric is ridiculously soft i just wish it was more of a bl
ue denim blue but nonetheless i could not walk away from the store without this i am 5 9 142
lbs and medium fit me perfect for length in the leg i ve been looking for a staple long sleeve
tee for a while now and i think i ve found it i bought this tee in my usual retailer size of m
edium and the fit is perfect the material is soft the cut highlights an hourglass figure witho
ut clinging in the wrong places the sleeves are long enough which can sometimes be a problem f
or me the length is perfect to wear with leggings without being too long i ll be back for more
colors i gave this 4 stars instead of five because the picture really does give you the impress
ion that this cardigan has sleeves but actually it s a cape with a few stitches above the wris
t it s also quite short i m only 5 5 and it hits me above my waist this picture was clearly
shot with the front pulled down i bet if we saw the back it would be high above her waist also
one of the buttons fell off the first time i wore it i heard it fall thankfully so it was easy
enough to sew back on but i love this top it s long enough to to wear with leggings and the rib
bon in the back really dresses it up the only negative is that the material pulls easy and only
on the space dye color not the solids but i still love it for reference i ordered xs and it fi
ts perfectly i am 5 2 125lbs i purchased this shell in black the embellishments and constructio
n of the top are of a good quality like as shown i am 5 4 120 and typically purchase an xs
this ran a bit bigger than i was expecting from the reviews but i am overall happy with the top
the center slit may be too revealing for those with a smaller bust just received this and absol
utely love it i tried the vienne cardigan in the store and i assumed this one would fit the sam
e since online exclusive which it does this one though has the whimsical left grey sleeve wi
th trees a fence and sheep on the sleeve very cute it s a traditional knit design with a twi
st of modern design being the cape style it is a bit cropped but fits well and the hood lays ni
cely there were a few too many stray threads when i received that i needed to cut off if you h
ave any cleavage this dress will look awful the ties drop pretty low look trashy over cleavag
e recommend otherwise good fabric cool look what i liked \r\n1 midweight fabric it s not li

ned and when i read polyester in the description i was worried that it might be thin but this is a stretchy midweight fabric \r\n2 pretty pretty print\r\n\r\nwhat i did not like \r\n1 i do n t know what dress the model is wearing but this was an empire waist dress on me i m 5 7 be cause it was empire waist the long hem makes this look like a maternity dress on me \r\n2 the sleeves are cut oddly they look too wide for the dress even on this model \r\n3 this shirt is amazing it s an excellent heavier weight quality t shirt but so comfortable if you are lookin g for the perfect shirt to pair with your leggings and boots this fall winter spring this is it i am 5 8 136 lbs and this perfectly covers my rump and the small fit perfectly the band around the wrist is a nice touch making this a higher quality tee i am buying more colors so soft t his is the best basic tee i ve bought in a long time and it fits so nicely on my frame i m 5 8 ans 130 lb medium bust and got an xs this is the most perfect tunic out there it is comfy fl attering and fits perfect it can be dressed up or dressed down definitely worth it to buy in e very color these jammie pants are quite beautiful and comfortable the material used is great very light and thin i found these to run really big though definitely order a size down thes e pants are so comfortable and cute you can dress them up or down i d been eyeing this dress since it first appeared online but when i went to order there was no petite sizing then when shopping i noticed the carbon color in the petite section of my local retailer i grabbed my us ual ps and although it was okay i decided to try the xs for comparison the slightly closer fi t made all the difference suggesting that i had a figure underneath but not tight anywhere ni ce weight to the fabric it drapes beautifully and the lacing detail is very popular now a exac tly what i was looking for cozy not too warm fits comfortably and roomy without looking baggy the print is beautiful will definitely be buying more sleepwear from retailer i agree with oth er reviews soft cozy and love the embroidery and beading it is a bit wrinkly even after i iro ned it but overall happy with this blouse i have the blue and holly joggers i absolutely love the fit feel and color of the joggers the oddity is that the elastic at the waist bunches in the blue pair but not the holly it drives me crazy i could only wear the blue for a couple of hours before i had to change into something else unfortunately the holly joggers were in the wa sh i m going to take the blue joggers to the seamstress maybe she can fix them 65 135 sm all was perfect i saw this top in the store and wanted to try it on but my 18 month old son was getting cranky so i had to leave i kept thinking about it and was planning to go back and get i t and then i checked online and it was on sale i purchased the pink and i m ordering the blue a s well it s very comfortable and i received several compliments when i wore it i haven t washe d it yet but the fabric seems to be sturdy i tend to peruse the sale section when i am avoiding my work quite often i came across this top but had never seen it before it was put on sale i was intrigued by the sleeves but concerned that the pattern might be too ornate i was happil y surprised when i tried it on the fabric was thick which i find highlights curves and hides r olls the detail was enough that i could dress it up but not so much that i felt awkward wearin g jeans extremely comfortable t fits tts bought in black teal can be dressed up with a sca rf or worn with just jewelry fairly lightweight so probably not a good choice for cold winter m onths great price too these are long easily wear with skinny jeans they do not cling and are not see through the colors are great love this t shirt i live in miami and have a 5 month old so i practically live in shorts and t shirts and this shirt fits beautifully and adds a little extra pop to your everyday t love the material too excellent tunic tee will be great with leg gings or jeans which is just what i was hoping i tried this shirt and really loved the feel a nd the scalloped sleeves i have a couple shirts by this brand that also have beautiful embroide ry and i always find myself drawn to their clothing the fit wasn t too boxy on me but i m bet ween m l and sized down so that might have helped if i didn t have so much of this color in m y wardrobe already i probably would have snatched this up so super soft and comfortable great to throw on to run errands with ease while still looking stylish the lace up front makes it mo re special that just a standard tee shirt dress i love this tee really comfortable and super cu te too the fit and feel of this top is lovely great shirt to layer fits great i get complime nts every time i wear it i really love this dress but am deciding whether to keep it because w hile it fits well in the skirt and around my torso it is tight in the arms i can t really lift my arms above should height the plus is that it would keep me from bidding too much at my kid s school auction the negative is that it would be hard to dance in i read the previous comments and was skeptical i love the dress it s fitted on the top and flowy on the bottom i didn t fi nd it too big or maternity on the bottom half the print is really pretty with flecks of blue th at brightened up the dress i purchased my wife this shirt for christmas and she loved it the q uality of the shirt is amazing and now she wants them in every color even though she says she s kidding i really know that she isn t \n\nthe information i fill out below is about my wif e not me this is such an incredible jacket total show stopper and well worth the investment i tried this on at the store and had to buy this dress it s adorable on and the fabric is reall

y soft very flattering too cute top a little less fitted than i was expecting great dress i am always looking for knee length dresses that are comfortable and easy to wear i am really act ive with my kids and this dress can be worn on a casual day with sandals or dressed up the fit was flattering for me although i am not very curvy and could see that it might not flatter all shapes i am 5 5 and 120 pounds and the size four fit great i love these shirts ordered in 2 colors and they are great with leggings and skinny jeans and scarves so comfortable and on me a little long but not too long the fabric is fabulous and a great weight one of my favorites fo r sure after reading the reviews i decided to order this top i was so pleased and when i wor e it for the first time i had someone ask me where i got it it is perfect with leggings becaus e it is long enough to cover my leggings in the front as well as in the back i want to order it again in different colors i very rarely pay full price for anything let alone this much for a t shirt but i actually paid full price for this in two colors that s how much i love this shir t the pink and the turquoise are beautiful and i m thinking of asking for the mauve for christ mas i love how heavy the weight is the length of the torso is long enough the length of the s leeves is actually long enough i love the ribbon down the back it s flattering and comfy and p erfect i m 5 8 140lbs 34b and the small fit this dress is very clever fabric is on thicker side so it eliminates any worries about dimples or imperfections the tie at neck line is effort lessly sexy and not at all trashy as another reviewer felt you could tie it if you didn t want any cleave or leave it looser for more casual look i got the small bc i felt comfortable with a little cling given how forgiving the fabric was it still showed shape when i walked i was su rprised to like it as much as i did husband insisted i get it becau nan this dress is one of th e most beautiful dresses i have seen purchased for my daughter it was as if you made this dress for her had to return it because the woven fabric was fraying around the back v neckline and zipper was able to replace it the replacement looks good have a concern about two areas but we will see just love the lines and fit of this dress truly hope the fabric holds up like the previous reviewer stated it s more like a cape i d to call it a cape digan style super c omfy loose fit for comfort fabric high quality just right thickness not too thick not too thin snuggly soft doesn t pill with wear design totally retailer cute and quirkiness top o f the back has the same gray as the sleeve for continuity and the sleeve has sheep and a fence how cute is that this is a very versatile sweater goes with everything and so comfortable t hat i reach for currently own this in 5 colors after originally buying one i m 5 10 normally w ear a medium bought a small in this best material and fit overall perfect length for long tor so i definitely would recommend this top when i put it on i felt it was true to size and fit m e very well sometimes my retailer tops tend to be a little roomy but not in this case the fit was very nice and its embroidery details make it a special look that i can throw on with my jean s and still look put together i know this will be a top i wear often this is my first demin ja cket ever as all the ones i ever tried were too stiff and far too boxy and long on me i need t o thank all the reviewers who helped me take the plunge \n \ngot the size xs regular which is on ly slightly snug at bust when buttoned and a tiny bit long in the arm for me 5 2 currently 33 25 37 with narrow shoulders and torso very flattering look if this jacket comes out in a new darker wash version i will definitely also try a petite size s \n \nthe one i got in the mail i ordered these joggers in holly size m for reference i am 5 5 138 lbs i have a small waist wi th thicker thighs and bum i was worried that these would make all my flaws stand out as so many joggers in the past have but these are not that way at all they are so comfy and just rig ht they could easily be dressed up or down these joggers could quickly replace your everyday j eans or black leggings habit to add a new more stylish twist this skirt is perfect it can be d ressed up or down depending on what you wear with it it is a thick fabric so it keeps you warm being a freeze baby i really like that while the fabric is thick it is soft and it is moveab le rather than being super stuff it is not at all itchy it is a little longer than i would pre fer in a pencil skirt but i ended up keeping it anyway this was somewhat compounded with the fa ct that i did end up sizing up on this dress my normal size tending to stay at my i tried on 4 different dresses and every one of them had a slightly different awkward hem line they were as ymmetrical but only a tad bit so it just looked crooked finally found one that wasn t so bad bu t decided not to purchase because the perfect fit for my arms was too big in the boobs i am a c urvy athletic build with broad shoulders and small waist for your reference love this top \r\ngreat colors and fits great\r\nreasonably priced this sweater is so soft and warm and i love it with the matching leggings i say it is true to size however i ordered it a size up so that it covers the bottom crotch area when i am wearing the leggings normally wear an xs ordered a small and it works well it is very well made i absolutely love it so comfortable and warm so nice to lounge in a cold day and be cute ordered online and love it exchanging however from s t o m cos the fit is so perfect and i want to allow for extra room at the festive season i foun d this top to run very large i wear a medium in most retailer tops but often a large in other b

rands i had to return this for a small it was worth the effort however extremely cute top tha
t i can see wearing on its own or under a blazer for a night out this dress caught my eye in th
e store it s lovely i don t think i would ve ordered it it s hard to see the charm in the pho
to but i tried it on because the colors are so pretty and the fabric has vintage look feel an
d i couldn t pass it up on sale i usually wear a 6 but i bought an 8 because the saleswoman sa
id the sleeves run small and there isn t any stretch in the fabric both are true i tried on bo
th dresses in that size because of color placement and to check on the sleeve size b i saw the
two star review and wanted to share my opinion i saw this item that had been returned to a stor
e and i love it the fabric is a bit sheer and i think will require a nude tank underneath but
i think it s adorable don t be scared away by the review below this sweater is actually so cut
e on i had no idea nut decided to try it on since it was on sale what a msitake i had to ac
tually buy it \n\nthe grey part is very soft and warm the design part is nice and\nflattering
nothing wrong with this sweeater \n\nnote i a m petite 5 foot 1 5 inches and decided to buy t
he regular size for longer length love this sweater bought this with the matching leggings
couldn t be more comfortable cozy fabric cute details loving them both please bring more of
the same in different colors patterns i like having lightweight summer pajamas and these are
perfect the print is so much cuter in person and the fabric is wonderfully silky the pants the
mselves seemed to run a little bit small i ordered them in xs and s and ended up keeping the sm
all overall a great purchase so cozy and warm great for the cold nights i tried these on in
the store because the pattern of dots caught my eye and it looked like a nice easy style to wear
the waist hits a bit low i wasn t crazy about the rayon fabric and would prefer it in cotton i
decided to pass on it for now as i don t really need sleep pants but i might be tempted if they
go on sale i love the versatility of this top i feel like i can wear it with anything to dress
it up or down i am usually a 32a i ended up with a 34 b based on sales assoc input and what wa
s available the 32 gave me back fat i do not have back fat so she said the 34 would be bette
r it ran small etc the 34 also fit had to be ordered and mailed but it still gave me flab
over the back band comparing it to my other regular bras i can see that the band has too thin
fabric and rolls and has harder edges compared to wider thicker band on my other bras very
pretty but i will be returning sa not my typical sleepwear but glad that i took a chance as i
t is super cozy for lounging i was worried about covering my bottom as i purchased the matchin
g leggings and ordered s based on prior reviews ended up exchanging for xs as it was too over
sized could have purchased the petite probably as xs is still a bit long 5 2 though fits li
ke in photos i found this blouse to be just a lovely spring and summer top the netting in back
adds interest and the dusky peach floral print is extremely pretty the tiered layers add a slim
ming effect and it can be worn casual or for dress it could even be worn in the fall with the r
ight sweater i just love it and feel so feminine when i wear it i had to write a review on thi
s one because i am obsessed with it it is the softest and yummiest sweater ever and i plan on w
earing it constantly this pullover is great for lounging so warm and cozy i love this dress
i would definitely accessorize with a belt my body type fits best in this style of dress becaus
e i don t have a big bust size if you do i would try it on first for being shorter 5 3 i lo
ve the length got this in the mail today and while the design is cute it s not as soft and com
fortable as i would like the front clasp takes a bit of practice to get on and off the straps
are a bit thin and hurts a bit this multi season dress fits beautifully the colors are vibrant
and the skirt has a nice weight drape and swing to it the skirt is slightly asymmetrical as so
me reviewers noted but it s probably not noticeable to anyone but the wearer i bought this dres
s to wear to a wedding and it is a stunner really one of the most gorgeous dresses i ve ever ow
ned it is very very fancy and really i d say most appropriate for a black tie event an evening
wedding or a mother of the bride or groom superb quality just amazing i have a few bryon la
rs dresses and this one seems to run about true to size the others i own seem to run a little l
arge i ordered the purple color and the first time i wore it i received multiple compliments o
n it i noticed in the prior reviews that it runs big so i ordered an extra small instead of my
usual small it fits well other than the two buttons at the top of the neck are very small and
difficult to button i m tempted to order the red color the dress looks great both in winter a
nd summer either paired with tights and a light jacket or on its own it runs true to size was
able to buy it online the fabric is great for all day wear doesn t wrinkle too much \n\nthe on
ly con is that the darts over the breasts are a little pointy for my taste but i still love the
dress i got some nice things for christmas but this along with the matching leggings was hand
s down my absolute favorite gift so stylish so cozy the perfect length to cover your bottom
the perfect fit 38dd and ordered an xl love the pockets i could go on and on the perfect se
t to lounge around the house in sleeves are a bit long so i had to fold them when i say it is
the perfect fit it is oversized not huge but it is roomy and that s how i like it as loungewe
ar i love this dress although the darting is terrible the colors are much richer in person i

t s a beautiful dress for events and has a nice weight so it doesn t feel too flimsy since it i
s not lined i really love the length of the sleeves and the swish of the skirt however the d
arting makes your bust have two little triangles i really wish i could reseam the darting as it
s a bit strange looking looks great with skinny jeans leggings trouser wide leg good length
for a flattering look longer in front on me than on model so soft doesn t cling not overw
helming because the sleeves are skinny and drape is narrow this dress caught my eye online and
i had to have it when it arrived it was still just as pretty as i remembered beautiful vibran
t colors and a unique oversized floral on a flirty swishy fabric unfortunately the cut was rea
lly strange after reading several reviews i went with an xs but i m not sure a s would have so
lved all the fit problems i was having while everything from the waist down fit perfectly the
arms were cut too tight the chest was huge and yet i struggled to zip it up an this is a beaut
iful top i purchased this in the green moss color it s reminds me of a vintage looking blue gr
een it fits generously has more of a swing style to it i love it i think it is romantic and
feminine glad i made the purchase simply beautiful very comfortable and flattering top but r
uns a bit large i am usually a medium and fit comfortably into the small the blue stripes are
not see through however i saw the black motif in stores and it s definitely see through very
pretty design hugs the body correctly it s a little tight in the chest for me i m a 34c lar
ge c and i have some back chub so i m using this fact to motivate me to get in shape for the sp

ily this is the case here too the dress has a professionally sexy look which i love nice fabri
c good quality happy i bought it i purchased this dress off the reviews unfortunately i have
to return it i expected it to fit as they said i am 5 1 120 lbs 35 b c i got the s petite
i could not even get this dress on over my chest the waist was on top of my chest \r\ni really
was disappointed the material is so soft i would have had to purchase a m in a regular to fit
me and it would have looked terrible on me so i would say for a tall thin girl yes a sho
rt girl a no and i am very petite this dress has become a favorite in my rotation the cut and
print flatter my body and accentuate my waist the print is subtle enough to pair with bold acce
ssories perfect fit great material torn in just the right places can t wait to see the stevi
e jeans for the fall esp in corduroy i am 5 3 130lb and i bought this dress in a petite small
which fit perfectly the dress hugs my figure nicely \r\nunfortunately i found that the neckli
ne is cut a bit too low to wear to work at least for my own comfort level but i just wear a ca
misole underneath it for work and without for a date i was really pleased with the purchase of
the dress adorable well made skirt lined and very slimming i had to size up b c it runs a bi
t snug around the waist however it s worth it b c this will match many long and short sleeve t
ops loved the fit of these jeans and the fading but the ripping was too much for me at my age
i normally wear petite but since these are mid rise ankle just ordered in 27 regular so the rip
ping was right at my knee and did not like that love the asymmetrical hem waist fit snugly as
in perfectly it ties in two spots with a hidden zipper as well a little stiff in the fabric c
lassic colors but decided not to keep only because i didn t feel like we could wear it all year
round can t petite or 0p was great 115 lbs i ordered my usual xs petite and it fit like a g
love 115lbs 5 1 5 the v cut a little low making this dress almost too sexy for work cut i
s extremely flattering and the coloring being so neutral is a step away from basic lbd the len
gth was pefect material is stretchy amking this slim fit comfortable great pants i love the
style and fit would highly recommend i love this top yes it is quite transparent but just n
eeds a light colored cami i like the reversible scoop and v neck tanks at retailer it s incre
dibly soft and light for summer time the black motif is more like a slate gray contemporary pat
tern i also really like the sewn in v neck line it gives the shirt a more professional touch
i ll be wearing it for work with a dark blue blazer i m so sick of all workout tops being baggy
they look sloppy on my frame this top is ultra soft and fits great the black white one looks m
ore heathered grey in person i ordered an xs as all tops lately are just huge on me i should b
e a small and i will be returning for that proper size this is a great sweater poncho is a lit
tle short so i wear a t shirt underneath great color and looks good with black pants or skinny
jeans i love this dress it fits me so well and is extremely comfortable i can t wait until it
gets a little warmer so i can wear it with a trench and cute flats or heeled sandals i am 34dd
bought sz med and have plenty of room up top the black motif is really a dark purple blue sli
ghtly sheer the length on the med is 251 4 from bottom of collar the collar adds 1 1 4 the l
ength does not cover my bum like the model covers 2 3rds nor does it appear as long in front
surprisingly versatile and figure flattering without being too clingy and revealing like so many
bandage dresses the navy color softens the stripes great piece for travel as it is light and

does not wrinkle i am 5 7 and 125 lbs with a smaller chest and curvy hips the small fits per
fectly nan beautiful fit and true to size highly recommend they are long and you will need to
have them hemmed but they are soft and feel amazing on tried the xs on in store from an online
return loved the tailoring but the shoulder seams were a bit tight and i m usually a s in most
tops ordered the s and while it was flowy like some mentioned it was still tailored on top f
lattering also versatile wore it with wide leg denim wedges as well as cut off shorts boo
ts my only complaint is as the others mentioned the almost immediate pilling even before the w
ash sad about it because i love it will keep and give a little extra tlc love this skirt bea
utiful fabric and lined looks great with a tailored jean jacket by pilcro or the window pain pa
tterned retailer cartonnier jacket i chose the size 8 though a little snug in the waist it fit
better than the size 10 i am 150 lbs and 5 4 inches and curvy with small waist but curvy hips w
ith a tush so this cut is perfect for my shape i love the asymmetrical design with how the skir
t will partial zip and the fabric attachment underneath with hidden button love the edgy look
so i am usually drawn to more color but the vertical and horizontal lines of this dress made me
curious the fit is absolutely incredible i like the fact that it is very easy to put on withou
t any zippers or buttons as well it hugs your body in all the right places i had no issue with
the dress riding up and the way the designer placed the lines makes this one even more flatterin
g gorgeous dress i love the fabric of this dress and the way it fits but it is too low for m
e i thought about putting a cami under it but that would ruin the look of the dress just an in

urning this dress i love this top the design quality and look are all insanely gorgeous
i got this top during the 20 off tops promo which helped so much with the cost and i was tryi
ng to use up a store credit i had on something of high quality after going through a whirlwind
of exchanges that resulted in much disappointment i couldn t be more thrilled with this choice
it is so flattering on beautiful color and cut the only complaint i have is slightly minor an
d it s in relation to the hidden bac nan i bought the color black motif although the markings l
ook more dark purple and are similar to tie dyed coloring which is one of the things i love abou
t this top the fabric is so soft and i love the way the neckline falls it is slightly sheer so
may want to wear camisole underneath personally i m fine without it looks great with jeans i
also tried it on in the blue motif which is the stripe version but found nothing special about
that one i tried this on in the store as soon as i saw it because of it s ease modern look an
d my obsession with stripes and wrap skirts i am between an 8 and 10 in retailer most of the ti
me although sizing has been quite erratic in the last couple of years but picked up a 10 to e
nsure an easy fit was so surprised to find you have to not only buckle cute detail but button
and zip this easy skirt and with all that there were also straps that buttoned that i believe
are there to keep it from flyi if you have an hourglass figure this dress accentuates your curve
s i do need to wear a tank underneath as dress is low cut i liked the understated colors of th
is dress so i decided to try it on i did not expect it to fit so well i m 5 3 with a large b
ust and large hips the dress was super slimming and flattering it skimmed my figure as if it w
as made for me the only thing i d have to fix is the shoulder straps being just a smidge too lo
ng but i m used to that with my height the straps are positioned perfectly my bra straps didn
t even show the material is very thin and light first off i love the dress i love anything t
hat you can throw on for a monday and be ready in 20 minutes the material is good but the compa
rtments for the bust do not hold a d cup i ordered the 6 and it fit perfectly except in the bus
t easy fix a white cami the sale price makes that necessity acceptable it s a keeper love t
hese i m a big fan of ag stevie jeans and these are no exception the mid rise is terrific and
the distressing is cute without being crazy i like how the holes are not at the knees which ca

so in a cropped length fit is perfect on these fun and flattering keep the stevies coming re
tailer i fell in love with this vest the minute i saw it on the hanger it runs true to size
and the material is excellent quality it looks great with jeans and a tee and also something
dressier i wore it over a navy blue wide leg jumpsuit and it looked truly amazing i receive
d so many compliments i also purchased the lace tie up top that it is featured with and can t
wait for that to come in this is a beautiful color top it can be dressy or casual but the desi
gn is spectacular \r\ni paired it with one of the new retailer pencil skirts and everyone in the
store looked it \r\ni wish they had other colors love this vest it s so chic and pairs wi
th so much i have it in the army green and it s prefect to wear over a romper or white jeans a
nd top it s great i am about 5 2 and an typically a small top the small was much to big
but the xs was perfect i would consider trying to size down if you are uncertain i am very hap
py with my purchase these pants fit great i ordered my normal medium and they fit perfectly
i was worried that they may look too much like pajamas and lot look right with my stomach but no
issues there i think i will get a lot of use out of these i saw this in my local retailer styl

ed with a tank top underneath and i fell in love and bought the combo right away it is a vest
so it s not meant to be fitted so i think sizing down is fine i m usually an xs s in tops i w
ent with the xs in this and j still get that relaxed look which is nice this vest is great ve
ry versatile simple yet adds great style it was a bit of a splurge for me but i m happy i adde
d it to my closet i love this vest bought it in green and want to order white its very flatte

s i would like to mention the care i dripped something on the lapel so i tried cleaning it of
f with a wet towel it made a lighter mark so i washed as recommended in cold water on gentle i
n the machine i hung it to dry and it dried stiff and a little wrinkled so i threw it in the d
ryer to soften it up it lightened up a i tried this on in my usual size and it was tight throug
h the chest because of the lining i would have preferred to wear a cami beneath and then it may
have worked the color and pattern are gorgeous the fabric feels a bit weird kind of dry and r
ough would have liked to see this in a longer length and more tapered it is an absolute pregn

nd artsy highly recommend i fell in love with this in the store i am petite at 5 3 and 110 l
bs and i went with the regular size 0 i agree with another reviewer that the petite sizing woul
d have been too short the color is rich the quality is fabulous and i love the style it is no
t fitted but i also found that it wasn t too wide either if you re looking for a fitted top t
his wouldn t be the one but if you love a well styled top with a bit of volume that you can roc
k with a pair of skinnies to balance it out the i ordered both colors in size xl and they re ea
ch now favorite purchases the fit is true to size it matches the photos the orange white brow
n red combo works great with the orange version of the indra tassel necklace \n\nthe tops are sh
eer so i wear a tank underneath the green floral version will have some variations because of p
attern placement both are so unique charming i ve been pairing them with different retailer
cardigans necklaces they ve washed well too in a mesh bag on gentle love everything about
it but had to get a size bigger to be long an off to short for a mom if i was 20 would be fine
but the back of it by the waist bunches just a tiny bit if i get bigger it will be too long
but i love the skirt it is flattering and cute not itchy for me even if the title says wool i
ordered the 00p and the length is pretty much as pictured just below the knee in front the wai
st is snug bigger it would fall more on my hips hence the too long comment earlier 115 lbs
26 27 in waist short legs i saw a stylist wearing a similar piece from a few seasons ago an
d commented that i liked it on her i was told they had a different version a few actually and
i decided to try it on it actually is pretty flattering i had flared jeans on but also could s
ee it with a dress i left it open as pictured tied one button and also played with the neck
and tried a cowl all very nice \r\n\r\ni debated getting my usual xs petite but hey they do
n t make it in petite and the stylist thought the loo these are a great casual workday pant th
e loose fit and light weight material makes it a great summer option i went out on a limb order
ing this romper it s not really in my wheelhouse the whole romper thing but it was a home ru
n i was afraid it might look too young and that i couldn t pull it off but the long sleeves
and overall style was perfect and my twenty something nieces were obsessed with it as well as
far as fit i m 5 7 134lbs and ordered a size 4 i have a long torso and was concerned because
some people said it ran short there but i didn t have any trouble with that i just took i saw
both of these blouses several months earlier and anxiously waited for them to go on sale defini
tely worth the wait the quality and designs are superb true to size i have the white lemon lace
shirt and love it so i was excited to see it in a color well suited for fall the peacock patter
n on the blouse i received is perfect and the pattern is well placed i do love this one as much
as the lemon blouse however the color is not the same as it appears online it is more of a ja
de green color and although it s pretty i would have preferred it to look more of a blue color
i m keeping it as it is still an unusual and elegant blouse that s cute with dark sk i love thi
s so so much i m 5 1 with a short torso and post baby 34d boobs the 6 petite is perfect it s
the first romper i found that fits me in the crotch height and leg area so excited to wear th

s really unique and love the back button detail i dont think the white buttons look cheap at al
l as another person pointed out they add a lot to an already beautiful top can t wait to wear
it love i got the green and it goes with so much love these pants bought both the navy an
d the white they are comfortable and a perfect fit the xs is just right i m normally a 26 in
denim and i was fearful these would either be to small in an xs or too big in a small but the sm
aller size is just right soft and silky they fall in a lovely way i bought these in the blue
i sized down as other reviewers mentioned going for an xs i m 5 5 and about 130lbs and would
usually buy a small at 5 5 the length was too long for me hitting me below my ankles rather
than how shown on the model strike 1 then i felt the material was pretty thin strike 2 and
lastly they hung a little funny on me rather than being a bit loose like jogging pants should
be strike 3 despite the great sale price these went back this is a gorgeous high quality bl
ouse the color is stunning in person i don t have anything like this color in my wardrobe i m
an xl in retailer tops and purchased this blouse in a 16 i am busty but the top still fit well
i have large upper arms but the sleeves fit fine i wish they were a bit looser but that is my p
ersonal preference and probably doesn t apply to most people if you re very thin and not busty
you might be able to size down but i m honestly just not sure i m happy to say nan hi i bough
t these in both colors the material is very nice for me the only part of the pants that stretc
hed was the waistband sadly i had to return them purchased these in both colors today great
sale price \r\nhei hei is my favorite brand of pants especially their pull on prints \r\ni am
always a medium these ran slightly large in the waist and stomach i tried on a few mediums and
luckily found the smallest in each \r\nthe beige motif is beautiful and can really be dressed up
the material is soft the color scheme is gorgeous they have a lovely silky feel to them i alwa
ys wear an over top so the little bit largeness won t bother me being on this is my second pair
of joggers from retailer and since this purchase i have bought another pair it seems that they
are just a great fit for my body long and lean but not extreme someone said they run large b
ut my experience is true to size these pants can be very casual around the house out for erran
ds or dressed up and worn for casual evenings out i love that the elastic waist isn t bunchee
they hang very straight and pretty just like in this picture the fabric has some text i love t
he shirt and it runs true to size everywhere but the arm holes i bought a size small and the le

was bummed because i loved it otherwise got these in 28 and they fit like a dream the best me

se i always love the arielle jeans every color seems to be slightly different in the fit but
they are always slim enough in the leg and thigh to be stylish without being too restricting to
echo the other reviews the pockets are a little low on these compared to other arielle cut jean
s that i already own i have a fairly straight athletic shaped body and went with my larger s
ize to wear them as more of a boyfriend fit the fabric is a very soft and forgiving denim and t
he dark color can be dr bought these today at the denver store nice peeps at cc anyway i fe
el in love the style is simple free and easy for summer and the neutral color is lovely in per
son so glad i bought these now i have something to wear to work tomorrow maybe it s just
that it s a bath robe but i m not crazy about how this falls it is very soft cozy and cute
though this dress is really fun and easy to wear all winter the colors are really easy to pair
and like the last reviewer mentioned i love the sheer sleeves i was very worried about the com
fort of the fabric because most sweater dresses always fail this dress is extremely comfortable
to wear it is not scratchy at all it is soft and comfortable for winter even indoors with the
building s heat blasting away the dress will fit the size you normally wear however it may sho
w lumps and bumps i would i m a 32dd so i wouldn t normally wear a bralette out of the house
not enough support this bralette is actually very supportive and comfortable i m probably goi
ng to get at least one more for reference i m a 32dd small back big boobs and a small fit m
e extremely well when this piece arrived i was surprised at how weightless it was there are 2
layers to it an underlayer and then a very fine silk toplayer together the ensemble is incredi
bly light and it is almost as though i feel like i am not wearing anything at all to take it ho
me i did have to kind of stuff it in my bag and this caused some considerable wrinkles which a
re very difficult to get out super stubborn but i am pleased with the look of the garment usu
ally i like the look of a dress that this sweater dress is beautifully unique in that it has lo
vely sheer sleeves to dress it up but it s made of a soft sweater material that feels comfortab

le warm and wintry at the same time it does run true to size i ordered a small 5 5 and 118 lbs knitted and knotted has come up with some killer sweater dresses this season i have to say being a silk lover decision was hard to make the quality is phenomenal i do agree to a re viewer that said it s pj like i tried it with belt didn t help much with the look somehow it just felt empty my daughter who i usually turn for opinions said ewww grandma i know tru th hurts \r\n\r\ni can t exchange for a smaller size either because the fabric is not stretchy a nd i m afraid the extra small would confine my arm movement on top of that the background is m ore peachy tha this ia very pretty dress however it is a unique design i like the design of t he dress but i can see where some may not i can t see a younger person wearing this it is mor e for an older woman the dress is so soft does wrinkle easily but just a beautiful pattern an d comfortable i can see some of my friends thinking this is too much like a nightgown but i re ally love this dress i do think this blazer is comfortable and looks decently cute but wasn t sure about the fabric hte coloring is fun too i decided to pass on it only because of the prev ious review regarding shedding this robe is warm soft and i like how long it is it s perfect length my favorite thing to wear around the house this jacket isn t as structures as i thought but it is very comfortable runs true to size and feels nice i am looking forward to wearing th is in the fall nan this is such a soft comfortable and well fitting blazer i love the structur ed cut of a material that is usually used in more casual designs i look forward to wearing it v ery often in the fall so glad i purchased this one i absolutely love this jacket i bought it and wore it to work to next day and received tons of compliments it is easy to move in as i ha ve ark that required stretching and bending alot i am 5 5 119 pounds and xs fit a well cute c ool dress for hot summer days very roomy has pockets i bought this for the office and receive d many compliments about it it puts the outfit together just right and the material is very com fortable it fits my need for comfortable clothing that still looks good enough for a business s etting this jacket is more comfortable almost slouchy than it is structured a wardrobe addit ion to dress up or dress down \nthe sheer sleeves are a nice detail \n\n i m 5 6 and the le ngth hits me at the knee i have not had any sort of shedding problem with this jacket i have worn it open with black jeans and a long necklace and buttoned with a scarf and jeans it is re ally cute i am 5 4 and 115 lbs and i got the small i wouldn t hesitate especially since it is now on sale i wore this dress for christmas and agree that it is beautiful i received many compliments while i agree that this sweater dress is beautiful i m a little worried about the quality after just a day of wearing it it seemed to have lost it s shape the bottom hem of th e dress looked stretched out and it sagged slightly all over i m 5 7 135lbs and my typical si ze is a m 4 and the dress fit perfectly initially but not so much by christmas dinner i m not giving up on it because i was still i m 5 10 and felt that it was just too short otherwise l ove it this is pretty and provides coverage with a bit of support for wearing around the house i m a 34b so i ordered the small it still had room in it so i tightened the straps and used the tightest hooks on the back and that makes it fit ok i bought it just to wear at home since i w as not expecting a great deal of support or shaping and while it feels ok it is not super comfy it s a bit scratchy around the edges i was going to buy another color if i loved this but as i t is i will keep the one this dress is absolutely beautiful the grey is more vibrant in real li fe than the picture suggests and the maroon red is perfect for fall and winter seriously this is not your typical sweater dress the sheer sleeves elevate it to a whole other level it comes to just above the knee on my 5 7 frame it is a bit looser on top i m 32c and more form fitti ng around the hips but not tight or clingy and so comfortable i am 122 lbs and took my usual s mall so i think it runs true to size the sl love the lines of this tweed look jacket pockets a re a definite plus as is the soft pleat in the back this is a good piece to transition from wi nter to spring it updates your jeans and soft t shirt look the peachy color read as pretty g old on me which i think was good for my pale skin and sandy hair the lavender accent color is also very nice forgiving fit elegant fabric pretty print respectable hemline super flatteri ng neckline love the pockets all in all i think this dress is a nice choice for day events this dress is even better in person the base color of the fabric is a very light peach and ver y lovely as you can see from the photos the green floral pattern running up the front of the d ress varies slightly from dress to dress but i found the front on mine was very similar to the 1st photo the bright green flowers are a light mint green which plays beautifully with the lig ht peach there are more details in the print to discover in person which is a nice bonus the silk is not stiff li nice quality soft fabric sleeves definitely make a unique statement the fit worked for me although it could have more room in hips for my hourglass figure got m si ze l was way too big i am 34d but the dress can definitely accomodate bigger chest the color are my favorites in this season \nwear it to stand out it really is a beautiful sweater the m aterial is super soft and feels luxurious unfortunately it just looked too bulky on me and ac centuated my width maybe if i were taller i could pull it off i love this piece it fits wel

l and is comfortable you can dress it up or be more casual i have received many compliments al
ready and it goes with many of my outfits i wore this dress to nyc on a date it was perfect
light flowy and lovely the peach and green combination is really pretty and i love the hemli
ne which is longer in the back than in the front i can only say one thing as i was walking do
wn the street with my boyfriend a total stranger and not a crazy person came up to us and tol
d us we looked beautiful enough said i waited patiently for this dress to arrive in my local r
etailer store and loved the design immediately the green motif as others noted it is on the

s is one of those retailer pieces that you will have for years i want to say that i love this fa

ow he nan i wanted to buy my usual mp but was sold out and so was normal m i got the regular l
and it fits like a shift dress and does not enhance my curves it looks like a luxurious knitted

ow my knees i do worry about the stretch factor as other reviewers have noted but since i just
received it we will see i do not like the sheer sleeves i wish i could take them off i do not
like the button loop at the great casual jacket it s a nice spring weight can be worn in diffe
rent ways by turning the cuffs folding the collar wrapping or unwrapping etc i love the way
they styled it in the model shots i am going to have to disagree with the other reviewers about
this being tts i have to say the medium was so oversized it looked like i was wearing a fabric
box i have a broad back and 36ddd bust and am comfortably wearing the size xs i was expecting
not to fit into this because i m womanly and generally wear a size 16 in things but the pictur
e was so gorgeous i had to try i m so happy i did it slipped right on and is flowy yet not ove
rly so it still has shape the colors are exactly as it is portrayed on the site i love having
this in my closet super comfy and longer than last year s version minus the hood love it only

etter because it looks better on my olive skin tone plus i like the purple flowers against the
orange background thank goodness for the liner because this dress is very thin it wrinkles eas
ily but i think it comes with the territory due to the thin silk fabric for short gals like me
a belt is a must for a structured look if worn with heels otherw i ordered size small i am 5
6 32 b the fabric is super soft and the fit is great there s an adorable little quote on the
pantie s lining and the bra has a beautiful print on its inner lining the feel of the lace and

the only negative i wanted to fall in love with this jacket i m an xs or s in retailer brands
so i ordered this online in both sizes when i received it i felt the fabric and immediately lov

e same as on the model which is what i wanted because being 5 2 113 many jackets swallow me i
have narrow shoulders and unfortunately this jacket was too broad and puffy for my frame and i
looked like a marshmallow the xs was the got these shorts in both colors the blue gray and the
red pink super lightweight in hot humd weather and keeps a crisp shape doesn t get wrinkly an
d saggy like other linen shorts do really nice quality interior finish and both front and back

essy i get lots of compliments i bought this dress in red for a wedding i love the laser cut

design and the fit overall is good except as another reviewer wrote the psuedo empire waste is likely not awesome for anyone with an average to longer torso i have a super long torso and the dress still works but a lower waist would have taken it from good to wow love the innovative take on a classic silhouette design though and the red is gorgeous light and flows so nicely a great length not to short or long great with shorts material is lovely this top is so cute love the stripes in the red print and the detailing of the buttons however it does run slightl y big i m 5 8 145 and got the medium it s so low in the front that i do have to wear a cami underneath i see why they designed it a little larger since it comes up on the sides and it s s upposed to be more of a relaxed fit i typically love when shirts are long since i m a little ta ller and this one hits perfectly in the front it does dip down in the back and covers my bum this dress is definitely light weight and it requires a slip or you could wear a black tank and tights with boots there wasn t a security tag in mine so no holes when i bought in store i eve n accidentally caught it on a costume bracelet and it did not rip or damage although you proba bly wouldn t want to sit on concrete or rub against something rough i would recommend this dres s its gorgeous on for the price i think it should come with a slip fyi the back half of the waist has elastic i wanted to wait until i could give this dress a thorough wearing before i re viewed it it exceeded my expectations i wore it at an outdoor wedding the red and received so many compliments on it it is well constructed and the cutouts are gorgeous no danger so f ar of them ripping or tearing the zipper in the back is a little bulky for the dress but not a major deterrent \r\n\r\ni m 5 6 and about 145lbs and the size 6 my usual retailer size was perfect great top for the older woman who wants to be stylish but needs a little extra room th e subtle color goes with anything i love it i really wanted to love this dress the cut out d esign is beautiful and it is very feminine however it does not really cut in at the waist and it left me feeling a bit boxy i think if it cinched at the waist it would be perfect it didn t work out for me but i think on the right girl it would be very cute this dress is perfect i just bought it yesterday in store for a wedding i m going to next spring i got it in red whi ch is normally not a great color for me but it s a darker red so it works i love anything with cutouts so i was drawn to it immediately i normally wear a 10 in a dress to accommodate my rat her wide shoulders and the 10 fit well i can see it working for a variety of occasions one b ig plus is the quality this isn t even remotely flimsy beautiful summer top and so versatile it s definitely worth it i ll be wearing this to holiday parties this year pretty fashionable not fussy i ordered this dress along with several others for an upcoming wedding this was my favorite of all of them as far as style unfortunately it just didn t fit i m 5 2 116lbs and m y regular size 2 was slightly too long the waist a bit too low the shoulders a tad too wide a s a result it hung on me like on a hanger i guess i would need a petite but alas does not appea r to come petite i ordered this on a whim not sure what to expect i m petite 5 1 110 and ordered a small petite i usually wear xs s in anthto tops but wanted a little extra room for la yering in the cooler months ahead do i opted for the small petite instead of xs it fits beautif ully and is very cozy too the collar is gorgeous and very soft i think this is a beautiful and unique piece for any fall wardrobe got this dress for a party it was a last minute purchase a nd i was nervous if it would fit it not only fit it looks great and is very comfortable hav e to love an a line skirt and a top with short sleeves it covers everything while looking sexy and i didn t have to spend a second worrying if something was showing that shouldn t be got co mpliments all night i got it in red and black but went with the red based on feedback from hus band and bff buy it now its perfect for holiday p this is a beautiful top but it runs large \r\ni am exchanging for one size smaller \r\nit is worth the effort of exchanging \r\nwell made beautiful lace this is my new favorite dress while elegant it isn t too fancy for a nice offic e environment very comfortable and a perfect size fit i would like it if it was in petite only to make it hit above my knee not below since i am 5 3 but not a big deal everyone has compli mented this dress this dress fits perfectly the cut is so flattering i am tall but the length is great not too short the shirt was better than it actually looked online the only downfall was that there was a pulled thread on the shirt when i received it it s something i can probabl y fix just a little disappointed receiving in that shape \n\ni would recommend this top very f lattering and dressy if you want it to be i love this tee it is comfortable and soft with the nice detail of buttons at the shoulders a good v neck and subtle stripes however it runs quit e long i thought i ordered the petite but i received a regular length tee and it was down to my thighs so order a petite unless you are quite tall or like a tee to fall that low over your hip area i ordered this top in white and i was really excited for it to come in once it once deliv ered and i tried it on it took me a second to decide if i liked it or not i think i ordered it a size too big i ordered a large i m usually a medium it was somewhat boxy but i think pair ed with the right pants and shoes it would be just what i wanted this is a fun sparkly top that was great over the holidays with a sparkly long sleeved top underneath and will be fun in the s

ummer too i got a size small since my regular size extra small was sold out and it was still r
eally cute great cut and design as others have mentioned the quality could be slightly better
but it s a good deal if you get it on sale what a lovely top the embroidery makes this simple
top very special it s too light weight for january but will be a staple of my wardrobe come spr
ing i love this dress i d get it in both colors if i could the cut and fit is beautiful i d
suggest sizing down if you feel like it s too boxy or lacks shape the bottom skirt is round eno
ugh to where you can twirl 1 thing to look for in a dress and it s just overall a classi
c pretty dress my only complaint is that the overlay cut out seems a little bit delicate and i
m afraid it will be ruined after a few wears but it seems to be holding up fine so far and isn t
incredibly delicate like i bought the red motif for my summer wardrobe i ll be on the road for
most of the month of august and wanted to create a super comfortable capsule wardrobe that would
launder without ironing this top is well made super soft and works well with jeans capris s
kirts and leggings due to its longer length over my posterior i should have read the other rev
iews first though this is a tad large and i needed to us invisible tape to keep everything from
hanging out the front i ordered a medium a i originally ordered the peach stripe tee in my norm
al size medium after going to the store and trying another color on in a small i realized i sh
ould have sized down i have since purchased the blue stripe in the smaller size i love the fit
and the colorful stripes of both great light weight casual tee i love the button details on t
he shoulder i cannot give this dress enough praise i say it runs a little large because i m n
ormally an 8 but the 6 was just more flattering i wore it for a wedding and i was showered wit
h compliment after compliment about the dress i ve never felt more beautiful and wish i could
have one in every color and quality absolutely amazing i got the green motif color which is r
eally multi color blue orange purple yellow green and brown the fabric is gauzy and sheer
nice and breezy for summer there is a subtle stitching detail at the shoulders i ordered my us
ual size medium and it fits well in the shoulders and arm holes but it is extremely billowy i
n the body i had to take it in a couple inches on each side to make it a little less full it s
still has some swing but not quite as much as before love the unique look of this coat living
in the northeast during cold weather i wanted something warm that wasn t your run of the mill w
ool coat i agree with the other reviews about the somewhat bulky nature of the coat but i m
not wearing a coat of this nature to look thin i m fairly thin 5 4 102 i know i m not bulky
so i didn t care if the coat made me look heavier than i am it s a winter coat get over your
self no one really cares how much you weigh so if you can get past tha more of a blouse than
a tee because of the fabric which has a linen feel to it on the front the back of the top is m
ore of a tee shirt material not a travel top as it would wrinkle the pattern and colors are th
e same as pictured the sizing is large i ordered an xs my size is usually a small it is a g
enerous fit and boxy not shaped at all the back has a horizontal stitch band about half way do
wn which provides a loose blouson effect the back which is all black and is tee shirt fabric o
n the hanger this dress looks a bit boxy however once on it has a beautiful flow and elegance
to it it s super feminine and cinches in at the waist perfectly my one major complaint that
prevented me from purchasing the dress there s no give to the dress i wasn t able to lift my a
rms up past 90 degrees and that s sort of a problem it s a shame though because the outside she
ll is gorgeous and so structured and it would have been a nice contrast to the shape of the dre
ss on a body gorgeous laser cut top layer in a true vermillion red oh la la style is feminine
elegant and appropriate for all ages i plan on wearing this for the upcoming holiday season a
s well as valentine s day 2017 quality is top notch and fit is true to size all be it a little
snug in the sleeves for reference i m 34e 30 40 and the size 8 worked i would have like to ha
ve tried the 10 but the store only had an 8 the arms are a little snug nothing uncomfortable
just snug length is below kne nan nan i got this top in the beige size small it is flattering
and though i hadn t noticed the lace details in the back before i purchased it they are a nice
touch this is a versatile piece i can dress it up or down this will definitely be a favorite
of mine this season very pretty shimmery suitable for slightly dressier occasions comfortab

s not what is shown at all the photo shows a bright vibrant blue and white stripe top i got a

f blue \r\n\r\nand the fabric is nice and cool for hot summer days the fit is tts i bought a

16 and if you wear an 18 this will fit also i didn t find this too box i love the sparkled fabr
ic and intricate design on the back i had trouble with the front because the cowl exposed a bit
too much so i wore a tank top underneath ordering a petite may have helped with the cowl the
blouse is beautiful the quality and design are spot on but it runs quite large i normally wea
r a small or an extra small depending on the cut i ordered this in a small based on the way it
seemed to fit the model it s huge i m going to have to reorder in a smaller size but i m not
sure if the xs or xxs will fit better i ll probably drive to my retailer store and try it on in
person for comparison i am 116 pounds 36 26 36 love these pants love the fit i can t wait
to wear them but i have to find the time to hem them first i am kinda tall at 5 9 and i wear
a lot of heels even tall heels but these pants are even too long for my 3 4 heels and i don
t wear taller than that to work every day only on very rare occasions so they do need to be he
mmed they are a great cream white color so can carry on through the winter and will also get a
lot of use in the spring and summer good fabric and a nice fit i knew i had to have this shirt
when i saw it online the embroidery is almost like english smocking i was not disappointed whe
n i opened my package the only flaw i ve noticed is that it does pucker slightly around the s
houlders and chest area due to the tight embroidery not allowing it to stretch it is not terrib
ly noticeable though lovely shirt all around looking forward to wearing this blouse for the su
mmer easy to wear no special bra needed thin cotton material will be perfect for vacationing
in japan i wear a 4p but because the smocking in the shoulder area leaves the lower part of the
shirt a bit blousy i bought the 2p i prefer the straight hems instead of the dresses and tunic
s with the longer back hem which gives my petite frame the illusion of looking shorter i liked
this blouse so much that i bought it in the green and white strip this hoodie is just what i had
hoped it would be it is super soft comfortably loose but with the tie bottom hugging the hip
s and low v neck it s just the right amount of sexy it will be my go to this fall and winter
there are a lot of boiled wool sweaters and jackets available right now this is not one of my fa

oo tight full disclosure i m six months pregnant as such this dress is perfect for me it s
soft and flown and i look like i have a cute bump instead of like i m wearing a sack i ordered
my usual medium based on other reviews and t fits perfectly so it would have been too big norm
ally i have a narrow face and most coats with the big collars overwhelm me this proportion is
perfect follows my shape without constricting but flows so well for a good line color isn t qu

to give a heads up about the sizing by usual retailer sizing this runs small and short waisted
i am generally an retailer x small and i need to exchange this one for a small or maybe even a m
edium if i want to wear much underneath it as it is it fits too well like a dress not a coa
t and looks short waisted in fact when i tr i bought both colors the navy is beautiful but th
e grey is closer to a drab beige and the color really disappointed me i ll be returning that on
e i love love the fit and feel of the sweater it drapes wonderfully whether open or closed and
it s so soft however the fabric pilled significantly big pills not even little ones where my
arms touch my sides after just four wears i get that rayon is finicky but that is ridiculou
s the navy is now out of stock in my size so i guess i ll try t i bought the light grey color
the dress in the photo does not look a thing like the dress in person it does not look grey at
all but more of a light teal light blue it is absolutely gorgeous and has a slight swing shape
i took my normal size xs the end of the sleeves where the buttons are are very tight but sti
ll fit you just have to be careful taking off or else undo the buttons also online inventory
says no one has this in store but i did end up finding it rockefeller love the color cut a

ms had split \n\nthis coat is lovely but shoddily made worth it with a discount and if you know

rder one size up this line runs small i read the reviews and ordered a medium i am normally x

hey sold out trust me you ll want another pair after trying these on this dress is cute i or
dered my regular xs which was too large but liked it enough to exchange for an xs petite and hop
efully the fit will be better the xs was much too wide and came past my knee i m 5 2 and 123
for reference the grey is very pretty and is blueish gray very misty and unique the pocke

ts are awesome and i like that it s lined in a fine poly that shouldn t cling to tights etc in the winter if you can find a size that fits you buy it i always search each summer for a maxi dress and this is the winner this summed i love the way it wraps fits perfectly i got a size medium and i am 5 5 34dd the dress is long enough to wear with flats or heels i recommend this it was lighter weight than i expected but that s perfect for me considering florida winters are mild it s more like a wool sweater than coat the design is gorgeous however ran bigger than anticipated i m hoping an exchange to the xs will work otherwise i m not sure i can get the fit i expect from this sweater coat the buttons are plastic and would have made a much bigger impac t if they were wooden but they re still nice overall i love it and am hoping for the right fit so i can flaunt thi i was really hoping this dress would work out as it looks like it could be a staple outfit for work the material is very nice but unfortunately the dress was way too big there is a band right under the chest that i would think should be somewhat fitted to give the d ress some shape to your figure but it was wayyy to big on me especially considering i am large chested i will be returning this i found this dress delightful i have worn it numerous times and though quite long for some girls fits me well my only complaint is that if the wind blows it tends to fly open as there is only on clasp at the breast the fabric is light and comfortabl e i wore it in costa rica and it felt refreshing i am 5 9 155 lbs and a 34a cup i would sug gest a larger size for girls as the small fit me very well this dress is too short for me to we ar as a dress at 5 7 and over 40 however is is great with leggings and boots \nit drapes nice ly not over sized like many dresses this style the color is more earthy than pictured it s act ually nicer in person than online and it has a wonderful texture to it i was drawn to it when i walked in the store they had it on display under s short cropped jacket and boots this is a r eally cute and flattering dress on me i am 5 4 120 lbs and the 4 is a perfect fit i am a litt le busty but the empire seam brings the dress back in slightly below my chest so it does not ten t out the asymmetrical hem makes it really flowy when you walk the under dress is a lightweight fabric in a sheath cut that is shorter than the over dress which is a fun detail the over dress material is somewhat gauzy and it moves as you move the pockets are positioned in the front whi ch is a i m not sure why this skirt is described online as having a blue motif the background i s black and the blue in the pattern could pass as grey the material is a strong polyester which should be nice and easy to clean but it almost feels like silk i love the aline and even with t he ruffles it looks very slimming on this pear shaped gal i can see wearing it with strappy san dals and a light blouse in the next few weeks but pairing it with a sweater and boots well into the fall and winter i thin very comfortable to wear you can wear it any season it runs true to size nice fabric it amp 39 s a simple black dress love it this dress fits great i lo ve that it s fitted at the top but drapery and swingy at the bottom it has a thicker t shirt t ype fabric i will definitely style this with a variety of necklaces or a scarf and cardigan fo r cooler weather it s much cuter in person for reference i m 5 4 105 and got xs i found the material a little stiff im asummig linen is stiff at first i got an xxs and fit tts in my case 34 b 5 7 120 lb love the colors and pattern i am normally a m l i ordered a large as that s all they had in stock and it fits fine though the medium would probably have fit a little bett er for me it is very long even for me and i m 5 9 this dress just feels and looks amazing i love how it isn t too short like a lot of new styles i think it will be wonderful with leggings or tights in the winter i also love the plaid cuff detail the only drawback is the buttons nee d to be reinforced i got home and realized one button was missing i went to the store to swap for a new one and when i went to cuff the arms 2 buttons popped off it is such a pretty dress the pics don t do this dress any justice the cut and style is so flattering the colors are gor geous you can wear it on a cool evening in summer and well into fall i absolutely love this dr ess even if the material appears a bit rough there is a slip underneath this dress is so soft and cozy and pretty love the shine and interesting sheen whenever you move very comfortable and looks great with a variety of layers i want to buy more colors but right now i just have th e mauve ordered size m and i m 38 27 35 135 the colour is gorgeous but it s basically a baby doll dress it looks like the waist is much lower on the model but for my height and large ches t it fell like a baby doll or a maternity dress not flattering pockets are a nice touch thoug h i ordered this online with out trying it on the store it does hang a teeny bit loser than in the photo of the model but in my opinion doesn t look bad plus i m not a model what i did was put a thick belt on and it just brought the dress to a new level love it with a belt i am an art teacher and it was perfect for work and then going out after with friends the school is not secular so the skirt must be long enough it hit right above my knees in the front as well as the sleeves i ag nan nan this dress is gorgeous yet sturdy it is all about the lace size r egular 4 fit my chest area well and i like the midi look i am 5ft2in 34b 26 waist 36 hips whether regular or petite size when i walked or turned the pleats added too much volume and lo oked overwhelming and no shape i tried it with a belt and it looked better but looked odd beca

use the pleats poofed at the belt area i tried with a sweater jacket then finally gave up i
t would look gorgeous on a tall thin gal this dress is modern yet timeless cute yet rock and r
oll if worn with boots i am 36b 26 waist 36 hips and size regular s fits well i like regula
r size because it is longer in the torso lengthens waist for a belt and the length is right ab
ove the knees appropriate for work the bust area fits me perfectly so well endowed ladies may
want up a size i am into grey now but all colors are gorgeous love the sheen colors are true
like shown 1 star off for hi price for a simple dress i tried this dress on in the store i
wear either a s or xs in retailer clothes its loose fitting so i went with the xs the arm h
oles were tight but have very cute buttons if you look closely at the picture you can also ro
ll the sleeves up and there is a coordinating plaid underneath which adds a nice touch great
length not too short or too long the grey color is much prettier in person i felt it had a
little more of a blue tint for reference i am 5 6 124 lbs and 32b i originally bought the w
hite lace version of this dress but it felt too bridey then i snagged all three of the velve
t blazers and spotted this black version i like that it is not all lace with the pleated chiff
on center the under slip is straight and fits with the outer layer sheer enough to give the a
ppearance of there being a shape under the flow it is so versatile as i can do it with the velv
et blazers and booties or classic lbd with black pumps well worth the price as this will f i go
t this sweater in navy and it is much cuter than online it is a great transition sweater and al

k as well as with a tee and jeans i love it this dress arrived today and it is both flatterin
g and comfortable i am just a smidge under 5 4 and i ordered a regular xs in the front it h
it me about 3 above the knee it is office appropriate for a business casual environment the r
ed was deeper in color than i expected it seemed a little brighter on my monitor but this i
s no problem for me it is still a great color i tried it with clogs knee boots and ankle boot
s all really cute and as and added bonus it looks good with b love the dolman sleeves and i
ts the perfect length throw on a cute necklace and go this skirt is gorgeous sturdy well con
structed i was afraid the midi length would look frumpy but it was beautiful it has a nice li
ning flares into a pretty a line and has a pull tab belt around the waist to cinch it a bit i
am normally a 2 4 and i bought the 4 it was a bit big but the belt helped with that i wore i
t for my bridal shower and got many compliments beautifully fitting simple and flattering i a

a perfect summer dress after reading the previous review i ordered a size up and it s perfect

justice reminds me of retailer of 10 years ago when just about everything in the store was tru

this already beautiful sweater something extra i did not purchase this top then because i felt
full price was too much and on the hanger it looked like it could be short and boxy when retail

t fail to disappoint i usually wait for items to go on sale but knew i had to have this one in

my collection due to the fact that it can easily be worn with a pair of pants the actual shirt is a bit shimmery which you can t tell by looking at the photo i didn t mind it and thought it was actually a plus i just think it is a bit too expensive because although it is nice quality i don t feel it is worth the price tag pretty classic and beautiful style structured material that will always fall just right looks beautiful and will take you to any occasion heels or f lats office or dinner party definitely shows off your shoulders i had the priviledge of tryin g this on during the 20 off tops sale too bad but the store only had regualr sizes and xs was the smallest i am not super tiny read have muscles but this looked huge on me love the colr os and textures though the line in the back is pretty and adds charm when you turn around and the combo of all the colros is awesome but i would need a xxs or perhaps a petite though it is short so not sure about petite soft but try a smaller size absolutely gorgeous i bough t my regular size m and while it s a little wide in the shoulders it drapes beautifully becaus e i m so short i found the sleeves too long so i took it to my dressmaker and she shortened the sleeves about two inches so it s still elbow length and while i was there she put in two small darts in the back so make it less boxy for my frame can t wait to wear it it s a beautiful ma terial and i love the combo of the metallic sheen and velvet so elegant very gatsby these are absolutely fabulous love them comfortable great fabric best buy of the year so far when i saw this in store i was so attracted to the colors on the v neck and actually thought it was a d ress until i tried it on i was confused about the very high side slits then i figured it wa s a tunic i ve always hated avoided tunics because i thought they would widen my thighs and giv e me a bad shape they actually made me look straighter slimmer which looked amazing the more i had it on the more i fell in love with it and didn t want to take it off i can wear it in the winter and f i saw a review from another petite person who said this runs small but i m my case it ran true to size it s a very flattering dress and easy to wear for any occasion i am a coll ector of clothes and textiles that is a passion this blouse meets all the criteria of somethin g treasured from times past the roses are almost charles rennie macintosh i am so happy to own this blouse it fits perfectly and makes me feel beautiful stylish in my own style first let me start out by giving a reference i am 5 1 138lbs 34dd 30 38 i usually take a size 8 in maeve esp if there is no give i bought a regular size 6 \r\n\r\nfirst the good the design i t is classy it will keep boobies the ones of the larger side in place this is amazing as the re isnt really a way to wear a bra with with dress it is slimming and i have hips \r\n\r\nthe bad surprisingly the fabric gets dirty super easy i have no idea why everything clings to it i got my dress f i picked this dress up off the rack on a whim and did not expect to love it i was so delightfully surprised this dress is made of a lovely thick starchy cotton i found i didn t require a bra which is great because the back is a gorgeous feature of the dress the wh ite band across the midsection makes the waist appear small the dress has sort of a retro feel with the tea length and looks best with heels i did note a little bit of gaping under my arms b ut not enough to keep me from buying the design pattern balances broader shoulders narrower hips and gives my straighter waist definition \n\nat 5 1 size 2 ended mid knee but overall felt a little too long torso length i normally take 0p or 00p in retailer dresses \n\ni like the fee l of the fabric and the overall playful yet chic look the quality of the fabric is soft and thi ck and well made loved everything about it but if you are ample in the chest it is snug and do es not hang and drape as well like on the model so you may want to size up i am sending it bac k as the fit is not flattering on me for the price someone with a boyish no curve figure would look dynamite in it very chic version of a turtleneck tunic material more substantial than i e xpected ultimately it wasn t really flattering on my body type but otherwise i would absolutely recommend this top is beautiful and special the burnout velvet so nice and soft the flowers the pretty metallic threads and even the back closures make it wonderful i took my usual size 0 it is a bit more fitted on the bottom of the top hip area than i was expecting but not snug i will wear this during the holidays and beyond happy with my purchase and looking forward to wea ring it i have never written a review on retailer before but after seeing this top in the stor e and then seeing how it is depicted online i felt i had a duty to review it it is gorgeous i saw it in the store and tried it on with my mom and we both had a fit over it the fabric is lig ht pink with a shimmer the flower detailing is so feminine and soft the back s closure is just another piece of the beautiful detailing i left the store and thought i would think about it on ly because i was trying to be nan this dress fits true to sizing for this dress designer i e a little on the large side as compared to other dressmakers it is very flattering on and is ma de of cotton sailcloth so it is not flowy this is a very cute tunic but it is slit so high on the sides i really like the fit but i think i m going to return it because it is slit so hi gh this picture does not do this blouse justice the material is velour where the flowers are a nd there s a bit of sparkle i m generally a pl in other stores and bought a m and was pleased it s true to size i m 5 1 and the regular length was perfect and not too long at all i won t

have to shorten it the blouse will look great with skinny jeans and boots or the right long flo
wy skirt it can easily be worn to a dressy occasion it s gorgeous i absolutely adore this dr
ess i took my time buying it and when i was ready to purchase they were sold out of my normal s
ize 6 but the 8 was still available so i snagged it i m glad because the dress runs small and
the size 6 would have been snug around the waist the style is perfect and the dress is well mad
e the material is a heavier cotton and the white banding accents it perfectly i don t think it
s too white like some reviewers have stated you can t wear a bra with this dress but t i abso
lutely love these pants i was really hesitant to try these on for fear they would look like a d
iaper i ve always liked the look of these pants but didn t think i had the body type to pull th
em off being 5 5 with some curves i tried them in my local retailer in the solid grey in both
a medium and small i could have gone either way but the medium fit better in the he hips the d
raping isn t as exaggerated or bulky as it looks in the pic either so it didn t add weight to my
frame the mate loved the dress but the white of the dress was neon white way too bright and m
ade it look terrible against my skin i can imagine this looking good on someone with darker ski
n but i m my pale skin it looked bad otherwise the fit was great besides missing out on the p
etite sizes which are sold out first off the pictures online hardly do these justice these pa
nts are way cool they are soft have the perfect little pattern they have a great tie detail o
n the cuff they are higher waist which is always more comfy and they are super stylish just
like the other reviewer i am occasionally hesitant on drop crotch pants but i was so drawn to
these i m glad i have them a shot because they are way better than i expected these are worth
the buy this is a very chic tunic sweater i absolutely love it fabric is super soft and is a
good weight not too thick or heavy which for me is a huge plus as i tend to run hot and usuall
y can t wear sweaters being hot natured the turtleneck was a problem for me so i had my tailor
alter it it is still beautiful without the high neck \r\nthe fabric is quite stretchy and i fo
und it to be tts however it is not as loose on me through the chest as it is on the model i a
m just over 5 4 and wear an i bought this in blue and can t wait to wear it feels so soft ex
actly like the picture this tunic was a surprise the navy color and the knit material and the
colorful designs on the front just accentuates the tunic however i agree with the previous rev
iewer about the high slits and it s pretty wide better if it was a 1 4 or 1 2 inch less fits t
ight on the arms and shoulders but a bit loose below the bodice \n\ni cut the tags to wear it an
d found out that part of the embroidery on one of the designs had unraveled \nsadly returning i
got this for a special event and while i had to special order due to it not being in my local st
ore yet the minute i tried it on was very happy with the fit feel and overall look at the eve
nt i got so many compliments and love the way it fits attractive sturdy and very comfortable
to wear even with kicking up my heels on the dance floor am so happy i got this and plan to we
ar it to other events coming up weddings parties etc i was drawn to these pants because i l
oved the color and pattern but i was sure they would be difficult to pull off i tried them on
and loved them they will be perfect summer pants because they re so light and not clingy at all
the material is great these will also be really fun to wear at the beach i could stand for the
m to be about an inch longer but the wide waistband is super flattering and versatile so i just
wear them closer to the hip for the extra length definitely worth trying o oh my i just receiv
ed my dress and it is gorgeous i was a little skeptical with the reviews but i am on the slend
er side so perhaps that is the body type it works for i am 34b with a 25 waist i got a size 0
and it fits well i am 5 5 and the length is good too not too long i could wear reasonable he
el wedges it is a great class sophisticated look the material is great quality i can t wait
for an occasion to wear it to i just received this dress and i love it after reading the revie
ws i was worried that it would be too tight so i ordered both a 6 and an 8 i am 5 8 hourglass
135 lbs and the 6 is just perfect i love how it falls just below the knee but the front slit
gives it that little flirt factor this is the go to summer dress i had been looking for yay i
found it my go to dress for this summer it s perfect for casual day to day stuff as well as s
ummer festivals nights out travel etc i love the design length and fit it s a bit snug in
the chest area but i went with the smaller size as the shoulder straps sagged a bit in the large
r size the lace up front gives it a sexy corset type bodice but in a very casual appropriate
way i think this dress will work well with many body types and ages it s flattering for us cur
vier ladies i love this dress i got it in the blue and i feel like everything about it is so m
odern and class and summery it runs a bit on the small side i m between a 6 and an 8 i went
with the six but it s definitely tight i have a larger chest and it s pretty low and sexy th
ough you could knot the laces at the top for a more modest neckline i ve also put shirts under
it and it s a super cute jumper i m 5 1 and the dress regular not petite hits right below my
knee i ve been looking at this dress online for some time now but i ve been put off by the pho
to of the woman wearing it on the boat it just did not seem right but then i saw it in the sto
re and i was sold on it it is a wonderfully soft linen dress it is a bit tight in the midriff

so i had to size up a bit i usually wear a size 2 but went with size 4 this time size 4 fit p
erfectly it is comfortable easy to wear just the right amount of sexy it will be a nice ever
y day dress for summer i love this dress i have it in white just washed it in cold water in th
e machine and it still looks like new very cute and comfortable i stitched up the slit a bit
i am older but otherwise perfect i absolutely adore this dress the beautiful details and sha
pe make it so much more unique and special than your typical linen dress it s effortless yet s
till a showstopper i am a size 4 with hourglass shape and my normal size 4 it fits me like it w
as made for me it s not too tight in the ribcage yet it is slimming and flattering not matron
ly at all the laces can be worn tied up for a more modest look or worn untied for a breezy ca
sual a bit more sexy look i will be wearing this dress yes yes yes \r\ni buy a lot of dress
es from retailer and about once a year i hit the jackpot with a dress that hits all the marks
this dress is it \r\n\r\ni bought the white linen version on a whim i never buy white dress bec
ause 1 i don t want to look bigger than my pear shape already is and 2 i like red wine and i
that s risky in a white dress \r\n\r\ni don t know how this designer did it but this dress is
amazing it s slimming and flattering and summery and current and i am two sizes bigger this ja
cket fits just a tad big but it s quite comfortable it s the perfect touch to dress up jeans
i ve gotten lots of compliments i saw this dress online and loved it i ordered the blue denim
one in my usual sizes an 8 and 10 but i think the 10 was sized wrong anyhow both were too sma
ll so when i returned them they were in the store i ended up with a size 12 which fits great
with a little bit of room it is light weight simple but fun and very comfortable to wear i ha
ve received many compliments on it on my first day wearing it i also ordered it in white think
ing that i might prefer that color but when it arri the double seams down the front of this elo
ngate the material is light and would work spring through summer kind shape even though the d
ress hits below the knee the buttons end mid thigh and make it cute rather than matronly here
s the but \r\nthe rib cage area is very fitted i m a 6 8 in pretty good shape and that is not
a problem area for me however in this dress it was there was no way for my figure to pull
it off from behind in both 6 and 8 every bundle of skin seemed ample i i am on the fence abo
ut this top i like the color but i m not sure what to make of the style the top part of it ar
ound the chest and straps is lovely and flattering but the bottom flairs out way more than i li
ke the back is longer than the front and it s almost a pregnancy top in how much it flairs it
s also quite thin and flimsy material given how expensive it is even with the tag sale the col
or pattern and the chest part of the top is nice enough that i may keep this one but as i sa
i love this dress it is more of a thick cotton linen than actual denim it fits true to size in
the sense that i am usually a size 6 but i would say it is smaller on top than normal size 6 dr
esses i am 5 8 small busted and a pear shape so i like the more fitted style of the top
with the a line skirt i love the length hitting just below the knee it is flattering for my bo
dy type seems well made and at a good price point its a beautiful print and design the shirt
overall is a little short but untucked it can work i dont know why everybody is making these sh
ort square little tops overall i am intrigued with the whimsical print and i like that enough
to overlook the length this is a stunning blouse you can t tell from the photo but it looks v
ery 1930 1940 s i am so happy with this blouse it is gorgeous i m an xl and purchased this b
louse in xl and it fits wonderfully it fits nice and flowy and i feel i don t need a cam undern

ail with the print on print with the sequined patches i love this retailer in house brand elev
enses i take a medium in this brand 8 10 and the medium fits full with room like a bomber sty
le would offer i had tried a small in my local store and it was not a small small so if you wa
nt a tighter fit then go for a small but i like thinks to have a more fluid feel i have a 34 d
d chest as reference i plan to wear this in spring this dress is cute and the a line style is q
uite flattering a few minor issues fabric is linen not denim as the name states petite sizing
is still a little large and back zipper doesn t zip down far enough to step into so has to be pu
lled over head not that big of a deal for reference i m 5 4 120 32d and i ordered a petite
size 4 and it was a bit large and fell bellow my knees will be returning for a size 2 fingers
crossed this jacket is so pretty and fits amazing i ordered the size small and it fits as expe
cted i normally wear a size small and a size 4 a couple of months ago i bought the white in th
is top in my usual size small it s cute flowy like to wear it with ankle or capri leggings
have worn with shorts as well casual cute plus i love cotton anyways 5 3 117 think i ll
go ahead with the other colors since the heat will be arriving soon this top is beautiful i
would say the pink stands out more in the print in person than in the picture and it s gorgeous
the adjustable strap is nice there is just enough padding in this swimsuit to feel protected wi
thout being bulky or worrying about it moving around in the top this is seriously my new favori
te could not recommend enough \r\n\r\nfor reference i am a 34a and purchased a small i did n
ot experience the issues the other reviewers mentioned wore this to a wedding last month and re

ceived many compliments beautiful comfortable dress the bust fit well slightly large on me
i am just a b in the size i needed but not horribly so love this dress this dress is very
feminine and flattering on especially for hourglass figure gals i usually wear size 4 regular
in this brand but i sized up to 6 regular i m 34b 26 waist 36 hips when it s very fitted on
top i like my dress to be a bit longer the bottom hem falls about 2 inches longer on me than s
hown on the model i m 5 2 it feels tight when first zipped because the dress is cut to fit t
he curves of a woman but it loosens up after a few minutes of wear the design of this dress is
this dress makes me looks curvy thin and sexy i tried on almost every dress in the store in eve
ry style this one was a winner i bought 2 others but this one was my favorite i m 5 5 130 3
2dd sz4 fit perfect the picture on line does not do it justice you must give it a chance and
try it on for yourself it looks like an average dress on the model if you have curves you ll
love this dress i actually love the fit of this t the photo of the model does make it look mor
e of a straight fit but i love that it has more of a flared shape the armholes are high enoug
h that it covers that bit of arm chub i hate it swings out enough that it looks a little dressy
and a little more special than your basic t and it drapes nicely even over my curvy shape i m
really excited that retailer is selling basics i love the flow of this fabric and it does not c
ling i haven t worn them yet but they ll be perfect for work i look forward to trying on the o
ther essential styles this shirt is the perfect go to classic white button down with a twist
the fit is flattering i would have to say runs a little large i am 5 4 124 lbs broad shoulde
rs with a 36d bust and bought the 2 outside of retailer a 36d usually needs about an 8 i wa
s worried what may happen when i wash it because it fits perfectly but i washed it in cold hun
g it up to dry it was fine this dress is tricky the fabric is very thin and the under slip i
t comes with runs small i wear it with my yoga shorts underneath the fabric is a very thin lin
en my husband loves me in this dress so that a huge pro its very light and cool perfect for th
e summer time this top is a must have for summer it is light and accentuates the figure i m 5
3 and many tops overwhelm me but this is shorter in the front and a touch longer in the back t
he cotton is very nice and it has a somewhat wider hem if you have hips this somehow makes them
look narrower \r\nif they had additional colors i would have bought them all i m a 36c and the
size 8 was perfect just buy these i bought the olive green color and loved them so i bought t
he navy blue they fit true to size i m a size 4 and bought the 27 they are comfortable and ma
ke your bum look good i prefer skirts dresses and shorter pants like these gauchos instead of
shorty shorts during the summer and these will be something i wear all the time in warm weather
you can wear them casually or dress them up nice quality not too thin like most white tops and
the arms are cut just right perfect length too this dress is amazing it is comfortable with g
reat fabric and very high quality if you have a lot of curves it may not be the best dress as i
t has no give and flows straight down from the shoulder this dress is gorgeous amazing colors
drape and bra friendly if ur not too big chested i can wear this w a strapless bra and the tie
in back does work i purchased this gaucho as a gift for my mother \r\nat first i was about to
try it for myself because gaucho is a little trend nowadays \r\nbut later it turned out that it
was a perfect fit for my mother \r\nit went well with her perhaps because she saved a lot of her
fashion from 1980s \r\nit also fit well with contemporary fashion as well \r\nhowever i think i
t matches better with vintage fashion than to contemporary fashion \r\nso if you happen to save
those good old fashion take them out and try awesome pants they look a lot better in person
than in these pictures i got it in dark blue they are very comfortable and can be used day to
night if you like cropped pants and wide legs this one is a good option it s a bit more dressy
than other models still look casual and fun i may end up getting a couple more for myself m
ore flattering than it looks on the model comes in at the waist on me i ordered it in blue an
d it s very pretty will go nice with a business suit but requires a cami underneath for work oc
casions with the pleats probably need to tuck in shirt these were too big for me so need to
return impecable workmanship overseas i usually wear a petite 2 but ordered this in a regula
r size 0 and glad that i did since it curves up on this side it barely overs the waistband on
my jeans ordered this in pink but it s more of pale coral pink the style is more of a semi hal
ter sleeve but it have snaps on the inside shoulders to keep the bra straps from showing or you
can wear a halter bra it s a very light weight cotton and flowing and it will be great for the
hot weather when this dress first showed up online i liked it but didn t buy it because i was
n t in love retailer weekend popped up so i decided to take advantage of the 15 off and order
ed this dress it shipped to me in no time the dress is beautiful the fabric is soft and airy
this is the first off the shoulder dress that actually stays off the shoulder no riding up n
o fussing i suggest sizing down because this dress is slightly flowy this is such a cute top
i ve learned to size down in swing tops or else they look way too big in a sloppy way i order
ed the xxs 5 3 and 110lbs and it fits well it ll look cute with my black skinny dress pants
or jeans i definitely recommend i m curvy and i often have trouble finding pants that don t

have weird creasing and fit both my waist and thighs these fit awesome especially when i use t
he buttons at the waist to make it a little smaller they do emphasize my hips so if you re try
ing to hide hips these aren t for you i love them though they drape beautifully and feel gre
at fits well true to size very stylish and comfortable i m going to have to buy these in mo
re colors this tank is so classic and summery and i never want to take it off it s very soft
and the fabric is decently thick it hangs away from the body and has a nice swing to it it wor
ks well for my very straight figure and small chest but finding the right fit might be problema
tic for someone more blessed in the chest area than me i feel slim and comfortable in these cut
e trousers got compliments at work they are definitely more of a work pant due to the mate
rial i think i could wear them outside of work look wise but maybe wouldn t feel as comfort
able in them after the hours of nine to five due to the material totally pretty but not crazy
flattering a bit wide in the hip area if you are not tall good on sale but i wouldn t pay full
price this dress is so versatile great summer wear delighted with these made in the usa was
a big selling factor great quality and fit will look out for more active wear from this brand
i bought these pants in yellow for an event where i had to wear yellow i was weary about the co
lor but it is so great in person it s a very bright lemon y yellow they re high waisted and ve
ry flattering i m 5 11 and normally wear a 30 and they were a little too large but nothing a t
ight belt couldn t fix they also hit a little bit above the ankle which initially i was worried
about with the flare but it actually was a really cool look i received so many compliments that
day and am glad to another cloth and stone success love the back denim goes with most anything
love the bright colors made really well super soft and vibrant this top fits exactly like th
e last photo which was my hope it is not as slim as the other images it s a swing top and the
arm holes are perfect size and the mock turtleneck is not too high the fabric is thick so wil
l be perfect transitioning from summer to fall i m so glad i tried these on at one of my local
retailer stores i didn t really think much of it online but they have a much nicer look and cut
in person i got the navy blue in size 27 which fit tts i got a regular size vs the petite siz
e which i usually like to go with because i m short but i actually found that they fell very sim
ilar to the model s length shown online they seem so versatile i m looking forward to wearing
these love these pants they are so easy to wear and look really polished and put together i b
ought all 3 colors but i had to go a size up so that they draped correctly on me i am usually a
4 but bought a 6 \r\n\r\ni also love that they hit above the belly button so they work with long
er crop tops \r\n\r\ni do wish they came in more colors love this sweater it feels so soft and
it slides right on over the head and neck easy to wear this is my favorite sweater i wear it
all the time the lilac is a really nice subtle color as well meant to be roomy i normally avo
id white tops because they usually don t have that pop but when i saw the 50 s styling on it i j
ust had to try it i came in to buy another top from their catalog but it was such a wow i walke
d out with it instead i found these at my local retailer on the sale rack in a moss green colo
r the material cut and overall quality of these gauchos is excellent they will be a nice tra
nsition into autumn with a light top and a jacket i got them in size 26 and they fit perfectly
highly recommended with the 40 off of sale items they cost 42 tax i got these in kelly g
reen because i am tired of all of the black and navy in my wardrobe and i was not disappointed
the pants are well designed and drape well unlike a previous reviewer i did not find the fabri
c to be cheap but it is light and a little blousy not bad for a warm region like mine this po

rfectly very comfortable love your pilcro brand but will remember this brand for the future
i fell in love with this dress when i saw it i am usually a petite so i knew it would hit me j
ust above the ankle but it works what is lacking from the description is the under slip that c
omes with the dress it is a knee length cotton jersey slip that is bulky and uncomfortable t
hus the 4 star rating instead of 5 star i won t use the slip so this makes the dress fairly sh
eer when backlit otherwise the dress is well made and the addition of the piping at the seams
makes it special i tried them on in store they were actually kind of sexy on i have an hourgl
ass figure and the way that these fit felt sort of like a 50 s 60 s fit accentuating and flatt
ering my shape \r\non my to get list i love a good gaucho culotte these are very comfortable
and fit is tts i m 5 9 145 and wear a 29 they are ironed with a line down the front which i
don t like as it s always hard for me to keep the ironing straight the pants have a little bit
of stretch to them which is nice since they re linen they will require frequent ironing which
i hate to do in the summer i m keeping these shorts because they are cute i sized down as the
previous reviews suggested and they fit great but they are snug around the legs i think i woul
d have preferred a more baggy look but then they would have been too big around the waist had
i ordered my typical size they are soft and comfortable the navy color is really pretty i lo
ve these shorts i know reviews say to size down and yes you very well could but i like my shor

ts a little bigger so they hang on the waist and can wear a belt they are so comfortable and th
e length is perfect i love that they are loose around the thigh so they don t ride up while wal
king i think they might look silly rolled down because they are so wide i wish they had black
army green and a dark wine i would be in heaven i got the dark grey and the navy and am very
happy very happy with the fit sizing and look of these shorts i purchased these in taupe mi
nt and coral they are extremely comfortable and soft they can be rolled up to 3 different len
gths i stayed in my regular size and the fit is great i can see why they sell out so quickly
a must for summer season i live in these shorts all summer long they are so comfortable soft
and practical i have purchased a couple of these every summer but this year they were so many p
retty colors i ended up with 6 new pair they go with just about everything and are soft and pe
rfect for texas heat i stayed true to size on them the photo does not do this top justice if
you pull the tie a bit it shapes the blouse a bit i have a few work tops from retailer that i
treasure they look good wear well wash easily and drip dry perfectly this top fits the bil
l too and it goes with navy black or even wine colored pants grab one i bought one pair last
year and two more this year i love them they fit tts and the red ones look exactly like the
picture more of a pink color super cute color buy these shorts i absolutely love these
shorts everything about them is perfect i have them in almost every color they wash beauti
fully i don t dry my shorts in the dryer they fit the same as last years i m thin pretty s
traight with little hips i wear them in a size 28 i tried the 27 they felt a little snug i
don t like my shorts tight i like when they can hang down a little with a belt or not like th
e model in the picture i don t find that they stretch out much after wearing but that coul the
se shorts are perfect not too short but can be cuffed so not too long either the fabric is so
ft and gets even softer after washing bought two colors in the late spring and then recently ad
ded to my hyphen shorts collection you can dress them up or pair with a casual t and flip flo
ps note if you like your shorts loose order true to size they do stretch at the waist so i
f you want them to fit true to size order one two sizes down this dress set my heart a flutter
but i had quite a time figuring out the sizing i literally ordered six different sizes and whe
n i put them on they all seemed to look like a very beautifully embroidered and elegant tent i
f only i could just nip it in a tiny bit at the waist then it would look like the model does
i actually think they probably pinned the back of the dress to get it to fit on the model \n\ns
o i played around with it and ended up putting in 2 small darts in the front and v i wear a typ
ical 25 in coh jeans and i ordered these in a 25 they fit but they feel more like jeggings than
skinny jeans the wash isn t as faded out as in the picture and at 5 2 the rip is right at my
kneecap i bought these for the distressed wash and will probably return this pair as it looks
darker and less faded in person i look nothing like the model does in this pair of jeans i lov
ed this top but the cut was too short in the waist for my 5 8 frame wish it came in a tall siz
e i tried these shorts on in 5 colors and found a wide variety of sizing in the dark grey and
taupe i needed to size down one from my usual 28 to a size 27 in the sapphire lavender and red
my regular size 28 fit perfectly i ended up purchasing the dark grey and lavender with a discou
nt i gave 4 stars for the variation in sizing but once i got the correct fit the shorts have no
t stretched out on me throughout the day in either color the length is perfect short enough to
not look frumpy but i never buy shorter shorts my legs are so muscular that most are unflatter
ing but these were actually ok they didn t look loose like the model but hit a nice spot on t
he leg and they have enough stretch to fit me nicely i even bought the white color unheard
of i weigh 115 lbs all legs perfect top i love the mix of materials silky in the front an
d comfy knit in the back the tie on the side is adorable and adds a little something special to
the shirt happy i love these shorts would buy them in every color the colors are all fabulou
s and the fit is great too not too short not too tight very soft comfy feel these shorts are
age appropriate for all they re loose fitting and cal me rolled up or left down where they end
above the knee the fabric is soft and colors are fun bought these shorts in the store in navy
and loved them so much that i ordered them in the taupe for some reason the taupe pair is shor
ter but they still fit beautifully the fabric is ligher weight than denim so i wear them a lot
love pilcro this coat is super cute and flattering i am 5 amp amp amp amp 39 8 amp amp amp

se of how comfortable and versatile they are love these shorts they do run large i wear a 29
in pilcro and the 28 in these shorts fit comfortably with a bit of room to spare the turquoise
is definitely green and not as bright as what i see in the online photo but still a nice color
they have a funny smell but i m sure that will wash out these are some of the softest most comf

ortable shorts i own and wish i had them in more colors i like that i an adjust the length of t

with so much i listened to the other reviewers and ordered down silly of me all plcro seem t
o run a bit large and do stretch out i got the 25 in the lovely light grey fit me but too ti
ght to be comfy i usually wear a 25 26 or 27 in jeans depending on the style unfortunately t
here are now no more in the grey too bad this shouldn t happen at the beginning of the season
please please please bring them back in this great neutral color or a stone i ordered these
in white and sized down from my normal 28 to 27 based on reviews and they are too small i ve se
en with other pants shorts that sizing can be off with different colors so i m guessing it s th
e same case here i ll try ordering again in my usual 28 and hope that they will be a good fit
otherwise nice shorts for the price great shorts i ve been buying these for the past few year
s each year i add to my collection with new colors i have 8 pairs now perfect length and can
be rolled if needed to show some more leg so glad i gave these a try last summer in the peachy
pink color this year i got the darker grey color is great goes with so much and they are so
soft and comfortable also love that these can work rolled up or down at the bottom i bought the
se in a few different colors because they are so comfortable and perfect for summer they fit tr
ue to size if you want a more relaxed fit i sized down for one pair for a more fitted look i a
bsolutely love these shorts i wear a 28 in all pilcro and these are no exception i would not h
ave grabbed these to try on but the person who put my clothes in a fitting room added them for
me first they are definitely short when rolled twice and i do not have skinny legs in fact
i never wear anything that exposes my thighs because i really dislike them for some reason the
se shorts make my legs look great i thought for sure it was the mirrors at retailer but i stil
l like them at home i am 5 1 and most normal size retailer tops are too big on the armpits and
neckline for me \r\ni don t usually go for peplum but i was drawn to this top bc it was very so
ft when i tried it on everything fit just perfect and length was also right for me i like sli
ght stretch of this fabric which hugs body nicely i would say you should get a size that fits n
icely on chest area i really like the hyphen pilcro chino pants so i figured i would try the sh
orts and voila i love the shorts too colors are great and you don t have to cuff them if the
y seem too short they re versatile and who doesn t love options i have been eyeing this t
op online and initially thought it was very fitted and structured as it appears on the model up
on trying it on at the store i agree with other reviewers it is a tad boxy i ended up sizing d
own to a small and it fits nicely 5 8 145 usually i take a medium or 6 8 in retailer tops
i can see where this might not work for everyone but i found it to be a fun take on a classic
tweedy look i plan to add a pop of color with jewelry or even pair it with the pin this dress
is lovely and the fabric is sensational \r\n\r\nthe slits on the two sides of center front are r
eally cool too \r\n\r\ni am 5 7 and it was way too long and i would not have it hemmed at it wou
ld remove the gorgeous\r\nlotus pattern near the base of the skirt i only wear flats at 70 but
hope this fabric appears somewhere else\r\nsometime it is truly a gorgeous dress for a taller p
erson i have had a hard time finding shorts as i have a smaller waist and bigger thighs i am 5
ft 4 and weigh 125 lbs and i wear a size 25 26 in jeans i bought a size 26 in these and they fit
great i wouldn t size down if you have thighs as i like some room in mine first let me say tha
t i ve recently fallen in love with the pilcro brand i love the pilcro hyphen chinos and needed
some new shorts for the summer i have extremely muscular legs and have a hard time finding shor
ts that look good i was hesitant to try these on because they said the inseam is 4 but one oth
er reviewer pointed out that they are a good mid length if you unroll them so i just went to tr
y them on at the store and what do you know they are exactly that unrolled they come about t
he quality of this top is quite high it feels like silk the print is lovely showy without bei
ng too over the top i love it and would highly recommend it this top is totally adorable it s
one of my favorite retailer tops this season i wear it with jeans or even red skinny pants and
i get tons of compliments on it it fits true to size and the material is washable and durable
i was looking for a lightweight top to wear with black linen trousers to a party i was not sure
of this top seeing it on a slender model i am a more typical 50 year old mom body and i have n
ever worn a peplum style i put it on for my husband and approved so i wore it i received many
compliments a few from good friends who congratulated me for going out of my comfort zone wi
th the style i purchased two pair navy and sky for a trip to the caribbean and i m so glad i
tried them on in the store these are the nicest fitting and most comfortable shorts i own by fa
r would highly recommend well made too falls nicely pretty peachy pink color darker than pi
ctured bought sz l 5 8 175lbs am busty very nice fabric prone to wrinkles these are great
wear anywhere shorts they are not too long and not too short they are very soft and comfy i
ordered a size 6 and after wearing them a couple of hours i found that i should have gone with a
size smaller perhaps i will still keep the 6 s for wearing around the house i really love thi
s coat it is beautiful and very comfortable while the attached scarf does cover the cute butto

ns i m glad it is there it comes in handy when the temperature drops quicker than anticipated
the only thing missing on this coat is a lining as soft as the exterior i absolutely love these
shorts and have them in 3 colors they are a great price point and comfortable fit be careful w
ith washing as the darker colors seem to bleed wonderful flattering fit mostly cotton so very
cool and huge color selection i bought 3 pair thrilled with pilcro \r\nonly thing that could
make these better would be if made in the usa cuffs roll down if you want less sun i absolute
ly adore these shorts and pick a few colors every year like last year these do run big so do s
ize down the length is perfect to roll them as much as you like they look great after washing
and wish they came in more brighter colors love these and highly recommend these this shirt is
amazing the pictures on the model do not do the shirt justice the shirt is a bit longer in per
son than shown on the model the colors are also more vibrant the material is so soft and has g
reat flow i am excited to dress it up for work with a pencil skirt and have the option to wear
with skinnies and a cute sandal on my off days if i could get these in every color i would the
se shorts fit so well and the quality is really nice i wear them with t shirts or dress them up
with a blouse i m a mom in my mid 40 s and its hard to find a decent pair of shorts that fit me
without being too long or too short these fit the bill i was running low on good summer short
s and thought i d try these based on having a pair of the pilcro cropped pants i got a couple mo
nths ago i tried these shorts on in store to make sure they fit right and that i liked how they
looked but then bought them online more colors were available in my size than what they had in
store i bought these in 3 different colors and i absolutely love them all they are my go to s
horts now they look good with the legs rolled up or down and i will be wear these have an amaz
ing fit i have them in three colors they are not too low rise they are not too high they are
the perfect length the only thing i do not like is the rolled cuff is not stitched and comes do
wn easily if you do not iron down a romantic find light and airy the color is slightly darker
than shown the soft subtle ruffles give it just the right touch another excellent maxi dress
by ranna gill usually this brand of dresses tends to run small in the bodice requiring me to go
up a size but i found that this dress ran true to size i got a petite as well cause the standar
d size was a touch too long for me very happy with the color quality and uniqueness of the dre
ss i m 5 5 and 132 lbs 34d and the size m is perfect i will probably wear a thin long ca
mi under it as it is slightly see through it doesn t gape under the arms like some sleeveless i
tems it fits smoothly as the other review mentioned it would be a perfect swim suit cover up
but i m going to wear it more as a casual very versatile perfect for a hot day summer dress t
his is my second pair of these jeans i ruined the first pair and immediately ordered a replacem
ent wear them all the time i did go up one size to get a better fit i don t exactly have sli
m thighs ha but other than that they are pretty perfect i liked the cut and color seemed
like good quality i m 5 5 and theses were so long i had to fold them up like 6 inches not to s
tep in them this top is amazing so soft and the off the shoulder part stays where it belongs i
m usually a large but got this in a med fits perfectly been searching for a denim trucker ja
cket since last fall and was happy to see that retailer had this in stock purchased it online w
ithout thinking twice typically due to my small upper frame i m 5 4 130lbs 34 a for referan
ce i m between a size small and an xs bought both and opted for the size small when it arrived
\r\ni love the fit slightly cropped in the back and i also like how it s lined inside great qu
ality and perfect for fall really like this top colors are great for summer into fall and beyo
nd can be worn on or off shoulder it is longer but not tunic length covers your bum i haven
t loved a couple of other off shoulder tops i got at retailer but this one i do the fabric isn
t puffy so i don t balloon out under the bust i am 5 6 123lbs and 32d got the small because
i wanted length would have even got the medium but the neckline was too wide i ve received so
many compliments it s comfy and cute looking the sleeves are a little short which i wasn t ex
pecting but i love it nonetheless just putting that out there in case you couldn t tell from t
he picture i ordered an xs this is the perfect dress to transition into fall either dressing i
t up with wedges or down with a leather jacket i have never purchased this brand ranna gill b
ut needed to size up which is rare for me when i shop at retailer it is comfortable and lightwe
ight i marked it down one star on quality because for the price i have already noticed some of
the black lace stitching coming undone i ordered this with another sweater to compare the two
hoping that one would be what i was looking for the stitching on this sweater is beautiful so i
honestly expected to keep this one i was looking for a cardigan that was on the longer side as
i wear leggings often this cardigan was not as long as it seems in the picture hit at my hips
5 10 tall the material seems stiff and a bit rough the sizing is a bit boxy because it is wi
de big cardigan but also short the stitching was just as yes this is a beautiful print and fit
s perfectly but it s unlined thin polyester full price is pretty ludicrous on this one tts
but might need to size up if you have a larger chest no stretch hoping to grab on sale lovin
g this top the material is lovely and high quality plus the design is very flattering on body

perfect for cooler evenings out did i mention super flattering i purchased this jacket and the levis sherpa denim jacket for comparison i chose this one over the levi s jacket as this one had more shape curve to the bodice which i wanted i am usually a small but needed a medium in this jacket i have wider shoulders 34c chest 28 waist 38 hip 5 4 120lbs love the way this feels epic and flowy and flattering and features my shoulders and de emphasizes shape and size from waist down waited for it to go on sale and it paid off i m wearing it to a wedding this weekend i can t wait to show it off highly recommended just like the afterward lace cardigan i love this so much i ve had the black and white for about 2 years now and they are still intact only the buttons fall off once in a while but that s when i m being aggressive and on the go buttoning the cardigans from this year just add to my knitted and knotted collection bought this dress for my boho bridal shower and loved it it was perfect for the season and fit like a charm i normally wear a 4 6 and needed the 2 so heads up that they run a little big i haven t owned a denim jacket since college but i felt inspired this season this pilcro jacket is perfect a little distressed along the edges tailored fit and i love the cozy collar looks expensive fits really well this dress fits perfectly and is travels wonderfully through the seasons the color and cut is really flattering and flows nicely i bought this in late august and have been wearing it ever since i love that you can wear it either on or off the shoulder the second option adds sexiness even though the top is flowy comfortable and easy to wear on the shoulder i ve even worn it to work on casual friday the print is versatile and i like that the fabric has a little heft while still being soft and drapey i definitely recommend especially since i notice it is now on sale it is generously sized so i d recommend erring i really love this dress and want to buy it but i won t buy it in white it is just too easy to get dirty i would love a pretty blue or even a darker yellow this top caught my eye right away and i had to have it i am obsessed with everything off the shoulder and this is a great transition piece to wear that off the shoulder look well into fall i was expecting the fabric to be a little lighter and i did t realize there would be a ribbed texture to the fabric the shirt is also very long and i feel as though it runs large that being said it looks super cute on and i intend to style it just as shown in these pictures with zipper accented skinny jean cute off the shoulder top with a dark floral motif totally on trend for fall as previous reviews mentioned material is ribbed which makes it look a bit like corduroy but it is not thick so it just makes it seem more appropriate for colder weather i think it will be great with skinny jeans and a choker love this cardigan the quality is beautiful and and comfortable i think the cable stitching and pockets add such a unique touch nan i didn t plan to wear this off shoulder sadly the neck is too loose and big if worn on shoulder the fabric is nice i liked the vintage looking design that s black with purple flowers the body has a lot of fabric and although i ordered size large i would size down to a medium if i were to reorder don t think i will though i absolutely love the color cut and style of this maxi the high neck and drop waist are both so flattering the color and design is gorgeous as you d expect from rana gill i got my normal size 8 and it was perfect i would have expected the fabric to be a little heavier but it works as a late summer early fall dress i got this jacket after being inspired by the looks from stranger things and love that the fuzzy collar style is coming back i tend to wear medium shirts and large jackets coats to fit my long arms and the sleeves are a great length for me the lining has a gorgeous pattern on the inside too the buttons were difficult to button at first but became easier over time as the fabric softened i also bought a pilcro skirt and it s comfortable too so overall i 39 m very happy with this brand i was really suprised when i received this top it was a knit more like a t shirt material which i really like this way you can wear casual as well as dressing it up it is not see thru at all and it stay off the shoulder the one thing i dont like is the elastic band at top is too wide but overall ita s keeper i love these jeans the are so soft so comfortable nice fabric weight not too heavy or stiff at all very flattering best of all they move with you but do not completely stretch out by the end of the day i am on retailer site now to purchase another color i love cloth stone clothes and have this version in a long sleeved shirt it is a little boxy but the weight of the fabric helps with hang of it i love the feel of the fabric and the weight of it for a summer dress yet it is too sheer for a summer dress it needs a liner or little cami dress to wear under it to keep it from being see through however for a texas summer that defeats the point of a loose easy dress to throw on i sadly sent mine back unique pattern got lots of compliments great fall accessory love this top i just purchased this shirt from my local retailer store i noticed it when i walked in and saw it on display it s stylish comfortable and subtle it runs large so size down normally i wear a medium in retailer tops but needed a small the flower print is small and the colors are muted against the black pairs well with several colors black like model dark denim olive green and mauve the display had it tucked into a soft khaki colored pair of pants that worked as well i usually have to order a size up in ranna gill dresses because of tight bodices i did this time

and it s too big so i would stay tts or size down depending on your bust size color is more mo
ss olive green with a gray undertone than shown online no liner and the fabric is a smooth po
lyester that feels more summer weight than autumn gorgeous embroidery on the chest teeny tiny
neck button closure and fussy side zip i am 5 3 and purchased petite but it is still too long
unless i wear my f saw this in the store and immediately liked it when i tried it on i loved i
t colors are muted and the style is very flattering the fabric drapes nicely but is not too h
eavy which is perfect for me to wear all through winter in the south length is perfect for me
5 8 it does look great off the shoulders but i also think it can be worn up on the shoulders
for a more work appropriate look it does run slightly large i wear a large but went with a me
dium in this one so it wouldn t be to this dress was almost perfect but the white was just a bi
t too sheer to be worn without a slip i wear a lot of cloth and stone pieces and i generally l
ike the fabrication which is a bit thicker than some in a top the white of cloth and stone is
sheer without being vulgar however translated to a dress it becomes a bit too sheer in certain
areas even with a nude bra and underwear i could see everything it might make a good bathing
suit coverup though \r\nthe fit is tts 36c broad should i bought this dress to wear for our u
pcoming family pictures i don 39 t think the image does the dress justice the fit is so flat
tering and slimming i feel like it can easily be dressed down too with a cute jacket in either
denim or leather the material is thinner and it does wrinkle a bit the price tag is a tad hig
h also for a thin maxi dress but i just had to have it this vest is a stunner the dark bro
wn suede is so beautiful the bronze grommets on the front are a perfect enhancement to the vest
it s hard to see in the picture but the stitching is also top notch yes it is a little pricey
but it s an investment piece that you will wear and not only get a ton of compliments but feel s
pecial when wearing it too it s a keeper i bought this top to wear this fall and it does no
t disappoint it s a heavier light knit and the pattern is subtle but really pretty i ordered a
size smaller than i usually wear so that i can wear it on or off the shoulder making this great
for work i couldn t resist the toucan print when i saw this online and ordered in my normal si
ze s 27 4 in pants 34b bust 5 7 the fit is perfect arm holes are an appropriate size no
t huge like some dresses semi fitted and flattering nice length for work and the tie front i
s a nice detail to help define the waist length is about the same as the model shot i knocked
off a star for quality since the fabric is not particularly breathable for summer and the zipper
is a little tough in the wais this is baggy on me in my regular size this happens to be a good
thing because it s also very thin tissue thin material the reason that s a good thing is i
can wear another t shirt under it with all that extra room and it hangs nicely i m hoping it s
hrinks a bit when i wash it in hot water the design on the front is the only real reason i m kee
ping it love this shirt it s perfect it s so perfect that i bought two it is boxy but it has
a lovely drape please note the heart is navy blue and not so black as shown it s a thin shirt
and i know it won t last a super long time hence the back up this is a wow dress as far as fit
if you are a voluptuous or hourglass figure woman i have \r\na 38inch bust and the medium fit
perfectly the whole dress fit perfectly i m so glad i took a risk and ordered it i wish it w
as made from a better material\r\n like cotton versus polyester but it has such a nice fit that
i ll forgive the material choice nan i was nervous about this dress due to the reviews saying i
t was odd and the colors being different but these weren t issues for me the color is navy it
has the loops at the sides of the dress to hold the belt on but it also has a loop in the front
center of the dress which i think is nice no one likes a limp bow the belt is nothing to wr
ite home about but it ties the dress together nicely \nthe front pocket is different but i rea
lly like it i had a hard time conceptualizing it before what an adorable print yes it may be
a bit juvenile for someone my age but i don t care the toucans are rendered in soft primary co
lors the skirt is swingy but not poufy whole dress is lined so thankfully it s not a see thr
ough white fabric the bodice in medium petite fits me just perfectly 36dd so if you are slen
der on top size down agree with the previous reviewer about the zipper which i find to be ch
eap and irritating especially when zipping over the waistband worried abo i really love this
tee but the fit can be boxy so i ordered it online in a size 0 and am very happy with how it f
its me i ve worn it with skinny jeans and have gotten complimented repeatedly this top is so s
oft simple and such a closet staple if you get the right size for reference i am 5 3 128 l
bs and i ordered the petite medium it s perfect the black is a great color hard to describe
kind of soft with some warm blush tones i also ordered the white and the peach great at the sa
le price i bought this shirt for my 16 year old daughter it looked adorable on her she loved
it and can t wait to wear it the fabric felt like a great quality and the color was quite uniqu
e this top runs large i had no problem sizing down one size and could have gone down two size
s if not for the bust area i ordered this tee in the distressed black color in real life it s
more like distressed charcoal gray and really like the fit the asymmetric peplum is unusual
and cut at a flattering angle i also really like that this top is not short i often have troub

le with length at retailer being long in the torso even going down a size the length is great
overall i like that t this top runs larger so size down i love it besides that it s adorable
love love love this dress quality and fabric are terrific design is a little 50s throwback fi
ts well and flatters the body this top looks great with a long straight skirt the grey with a
black skirt and skinny jeans i can understand why the style might not work for everyone bu
t for me it s a perfect blend of elegant and funky i m sometimes a medium sometimes a large and
the medium work well for me so if in doubt size down i tried this black motif on yesterday in
my local retailer store and fell in love after sizing down i do have to agree with previous r
eviewers that this top runs large i am typically a s but sized down to xs and the fit was not
even slightly snug the material is soft and comfortable and i love the asymmetrical draped ski
rted bottom very funky and arty looking i am 5 5 and the regular length was great on me as
much as i will enjoy wearing it all summer i also can t wait to layer it nan just got the small
peach in the mail love it also got the black small petite works great as this shirt is pretty
long great boho tee i found this today on the one and only rack i absolutely fell in love wit
h it i bought my normal size medium and it fit perfectly other customers were asking where the
y could find it in the store i highly recommend it can be dressed up or down i love the way t
his top fits and the way it flows i have it in two colors this blouse is pretty and drapes won
derfully i don t think it s too wide at all it s soft and comfortable it s stretchy yet with
quality fabric that should keep its shape definitely a classic piece the sale price makes the
cost more appropriate the white is a little transparent but with a tank it s not a problem t
he black is beautiful i m having a hard time choosing between them i love the cut and sleeve d
etails it wouldn t have looked right with less fabric it s needed for the sty this is a modern
version of the peplum top and very flattering if you don t mind flowy cuts the material has a n
ice heaviness to it and i love the black pebbled effect 34 d 130 lbs fit small perfectly thi
s is my new favorite shirt you can dress it up or down so comfy and totally flattering thi
s is a super cute style and i love it with white skinnies i purchased the gray colorway i am n
ormally a small in tops but purchased the xs based on other reviews the xs is still pretty loos
e on me but i don t mind too much because i like flowy tops anyway the color is so pretty and
the design is edgy it will transition to fall well i now have this tee in 3 colors partly be
cause my daughter loves and shares them with me i typically get a size medium because i like th
ings to fit a little loose but needed a small in this shirt goes great with all styles of jean
s knakis this dress is crazy flattering and extremely versatile i wish it came in other colors
i would scoop them all up great price plus used by birthday 15 off coupon the fabric is lig
ht weight but not flimsy plus it s lined with a satin fabric so the dress won t stick to you
i m 5 113 and i ordered the petite x small and it is perfect i can see it with fun sneakers l
ike the picture or with some fun jewelry and high wedges for going out thinking of buying a 2n
d one as back up it s th this is a beautiful piece that looks even better in person a nice m
ix of modern and artistic with just enough color and a flattering fit my only concern is that
it may get itchy throughout the day especially at the neckline if you can handle a little wool
blend next to your skin i would recommend it for style and fit this is great lightweight top
layer that s just right for the little evening chill in the summer when the sun goes down or on
a breezy day it s sheer so it requires a bottom layer the medium fits a little tighter across
the shoulders and arms for me than it shows on the model which i like i ordered this in the pe
ach color way it is a nice thicker cotton and while i have only worn washed once i air drie
d it feels like a fabric that will hold up well fit is good i stuck with my usual medium at
first i thought it was a little big but i didn t want to risk the arms being too tight or short
by going down to a small in the body a small would have worked i am sure so if you have slende
r arms going down a size may work well i liked it so much though i ordered a second one in this
top looks exactly as pictured it is a little more billowy but i liked that about it i found th
at it ran true to size and i am 5 8 128lbs and ordered a small i am going to order the white
because the cut is super cute this is a beautiful skirt it is exactly as pictured the colors
are bright and vibrant and the skirt is very full as expected i feel like it does run a bit sma
ll i m usually an 8 in skirts and dresses and bought a 10 it was a bit snug at the waist but n
ot too tight so i decided to keep it for now my one complaint is the horrible noise that the sk
irt makes with my every movement anyone and everyone can hear you coming from a mile away the
skirt is beautiful but a little stiff as well i do this is a beautiful dress great and flatter
ing fit comfortable adorable print the blue is stunning and nice movement one can t really
see it in the photos but the skirt is actually pleated imo this adds interest and originality
to the dress i ve been getting lots of compliments get it while you can love this shirt can
dress up or more casual wish i would of purchased all colors i really wanted to love this top
i got it in xs in peach the color is beautiful i wish they had this exact same color in the bo
ardwalk stroll top the v neck was way too low and i don t want to have to wear a tank underneat

h i would be willing to try an xxs but it s been sold out for awhile now and looks like it s no
t coming back if the size were smaller v neck higher up and the top portion of the dress more
fitted it would be the perfect tee if you are looking for the perfect t shirt to add a little
flare to your basics this is the one for you it is so comfy and baggy yet still looking like yo
u pulled yourself together i am just waiting for more colors to come out i basically live in t
he green and white versions of this shirt one of the best retailer pieces i have ever purchased
high quality and fits true to size i have a large chest and this minimizes and creates a real
ly nice silhouette i highly recommend got so many compliments i bought both colors nan such
a cute top does run slightly big depending on how loose you want it to be for such a simple d
esign the quality is great a perfect little simple style summer dress just throw it on with so
me trendy sandals and off you go runs true to size just wished they would of made it in other
colors and prints i am all for a cute flowy tee but this one felt like i was swimming a bit if
you re a true xs i d skip this one however if you are able to size down i think it would look
really great love this tee it s stylish and comfy i ordered the white and it s a thicker fabr
ic so i don t have to wear a camisole underneath i want to order more colors it does slight
ly big love this crinkle cotton top for spring the print is great and i can t wait to wear it
i bought the top in an x large because i normally wear a 12 14 and i was swimming in it i unfor
tunately returned it but did eventually buy the large it is a cute fit and a fun tee to have t
he fabric is soft but a little excessive on the bottom i purchased this in the green color and
in person it does have a little bit of blue in it so it s a very flattering color the blouse ha
s a simple shape but the details are what makes this an interesting piece it looks as good unde
r a suit as it does with jeans and a leather jacket fits tts i love this t shirt i feel class
y stylish and comfortable wearing it as other reviewers have noted it is bellowy in the peplu
m but that is the design and i love it it looks great with skinny jeans and can be dressed up
or casual another terrific purchase from retailer this is my 6th pair of rockets they ve beco
me my hands down favorite cut from citizens for curvy girls these are the perfect skinny jean
s they come up high enough to tuck everything in no muffins top they shape and lift my butt
which i need because i ve got a generous one they hold their shape amazingly well and don t req
uire a wash with every wear in order to regain their shape they truly have been the holy grail
of jeans for me with all that said these are not a 5 star version of i really like the dress
the material the print and the pleated skirt are totally fun however the neckline is a bit to
low and a cami is necessary at least for me the material is very sheer which will be noted o
n the sleeves and the lower skirt where the liner falls short about 4 inches above the knee t
he main draw back i personally have with this dress is taking it off there are no zippers or bu
ttons getting it on is easy not so when taking it off i used my birthday month discount to tr
eat myself to this gorgeous chemise and matching robe in the mauve the color is prettier in per
son than on my computer i bought it in size m and size m clothes are normally a little big on
me this chemise fits but there is no extra room or looseness i am disappointed in the quality
of the pieces i have several beautiful 100 silk undergarments that i bought for myself in the
80s and 90s and i am comparing this chemise robe to those this silk us since there was onl
y one review on this i thought i would chime in i had been eyeing this for months and was able
to get it on sale which was a plus since this had a pretty hefty price tag to start that being
said the tailoring and detail work on it is just beautiful i am a little worried about how the
knit will wear but not worried enough to return it as far as sizing goes i ordered a 4 in the
last byron lars dress and i am a 4 in this too it fits snugly but a 6 would have looked lumpy
i m a m l size in most things depending on the maker and design i tried this vest on with th
e paired top in the photo and couldn t believe how big and boxy it was very boxy it looked dum
py on my 5 3 frame i thought it might work because i have broad shoulders to hang the vest off
but noooo i have breast and that ruined it well there you go a size 36c wasn t going to help
with this one but i m going to try sizing down to a small to give it a chance in fitting better
it runs at least this dress is not only beautiful it s so comfortable to wear it s also very f
lattering i love that i can wear the dress with sandals or boots great buy love this easy caf

eeve shirt that i have and it looks great i am looking forward to wearing this when the weather
becomes cooler highly recommend i am a 36b and usually wear a nan had my doubts and ordered on
sale just to try am amazed how often i have worn this jacket goes with a lot of pants and ski
rts great buy on sale am 5 6 1 2 150lbs and medium is perfect this is a very pretty jacket
light weight and perfect for spring fall i had ordered it online as it was not in my retailer s
tore i did end up returning it though it does run large i am usually a l xl and based on prev

ious reviews i did size down and get the l the pockets for me were a little big an pushed out h
aving an unflattering look i was sad to have to send this one back i was hoping to love it so
meone smaller might love it i was not impressed upon first taking it out of the package it wa
s a wrinkled mess lighter weight than i imagined and i felt like it hung like a potato sack how
ever after i gave it a good ironing and used the inside back tie to sinch in the waist i was in
love it draped beautiful the blue has beautiful embroidered detail and i love the full length
sleeves that can be rolled i feel iike i will use for many seasons when i saw that these were
on sale i was actually going to order another pair as i have really been enjoying them and wear
them quite a bit unfortunately the large that i take is sold out otherwise i would own two pai
rs although these are called lounge pants i put them together with white or black accessories
and have worn them everywhere since my legs are not long i did have to shorten and they are st
ill a bit longer on me than the model however it was well worth it these are really cute and
done in a substantial knit type fabric that drapes well and doesn t cling i ordered my normal s
ize large so i d say they re true to size the leg isn t too wide and bells out nicely toward t
he bottom the color variations are striking but on me they made me look wider than i am i m sh
ort and the hem hit at the top of my ankle instead of the cropped look shown think they d look
best with shorter tops i decided to return but still highly recommend i love vests and this is
a great one warm and cute because it is sweater material some of the threads look like than c
an pull but i still think its stylish and different and still a classic to have love everythin
g about this jacket its super soft thin and looks great it s versatile and a great layering p
iece for someone that lives in a very warm climate prefer the sleeves to be worn rolled up and
the inside belt definitely helps give the piece more shape and dimension i love this thing i b
ought it yesterday and already am wearing it today and i have been known to leave things sittin
g around in my closet for awhile before i wear them especially if they aren t a sure thing for
reference i am a curvy busty size 14 i bought an xl but a l would have worked too it has a d
rawstring on the inside back and on the bottom center back hem so it can be adjusted for more s
hape through the waist it has a beautiful drape is very soft and the embroidery makes it s i
was able to try this one on at the store and it was so loose on me i assumed it was a large b
ut no it was a small i usually wear size 6 8 in dress size s m in tops admittedly it does
pull over the head with no zippers or elastic to give shape but it feels like water on the ski
n and has just the right amount of show it plus coverage for wearing around the house i m ke
eping it love the fabric and the casual way this jacket drapes the color is nice i bought the
blue usually wear petite sizes but they were sold out so bought the misses in medium and it wor
ks perfect like i can layer it for summer fall since its very light weight fabric this vest is
well made and a very flattering cropped silhouette i typically wear a 0p and ordered an xxs it
fits perfectly it looks awesome with the shirt pictured underneath this skirt is gorgeous dr
apes beautifully the color is vibrant get it you ll be so pleased i sure am runs shorte
r than i expected i purchased on line but will be returning it for a larger size i purchased
an xl and am 5 8 tall the pants fall near the ankle just like the pic i plan to wash on my gen

ose these lounge pants are great for everyday wear especially for errands in town so much bett
er a choice than yoga pants which to me look ridiculous when wore in public so ladies please l
eave your yoga pants for the gym and treat yourself to these casual comfortable pants i have t
wo pairs my husband bought this for my birthday i love that it can be dressed up or worn for a
more fun occasion \n\ni m a tad small up top so it fits a little too loose up there but other
than that it fits great i m considering getting it altered just because i love it so much if i
could tell you how many compliments i got on with this coat i would end up writing a book this
coat is beautiful fits like a glove i got the size 4 went into the store to try it on to make
sure it fit right and tried on both the 4 and 6 i m typically a 2 so i guess i went a size up
this coat is striking and the colors are beautiful this is a super cute t shirt it runs a lit
tle big and not as long as some t shirts which is good it hits mid hip on me and i m 5 7
i got the gray at my retailer store and liked it so much i ordered the black one too warning
the black one is actually a brownish black which i didn t like so back it goes i was so stoked
about this swim suit i bought it for mine and and my husband s anniversary trip it didn t di
sappoint it was gorgeous amazing quality fabulous on unfortunately in my case though th
e bottom is incredibly low cut and showed my c section scar so it had to go back love this c
oat the colour is vibrant and it is well made it does however run small for me it was two siz
es i am usually a 00p and ended up purchasing the 2p glad i tried it on in a store it is a go
od spring fall coat as it is lightweight if i had purchased the 4p i could layer it a bit more
good but though just be sure to size up got this in medium 5 6 36c 120 lbs many of reta
iler tops i m a small but this was a good fit for the m got the white not really see through b
ut need to cut the side tag out as it shows through i m not sure about the other reviews this

was totally not boxy on me falls very nicely and drapes slightly a really sweet but simple te
e shirt to wear in the summer you can wear this dressed up with heels stacked sandals or just
with flats ballet or strappy sandals looks great with rolled i really wanted to love this top
but the other reviewers are spot on when they say it is too short and boxy so fresh out of the
package the ruffle hit me right at the widest part of my hips and when i raised my arms the shi
rt exposed my midriff not cute i really liked the quality though so i washed it on delicate an
d then tugged gently to stretch the length out and hung to dry now it s still a wee boxy of c
ourse but significantly longer and much cuter on me so i m keeping even thinki i bought this
skirt in the blue motif in my usual size large it is very comfortable light and it is lined i
wore it with a navy cotton lace meadow rue top from last year gold gladiator sandals and a long
gold retailer necklace just the perfect weight for summer wear falls gently over tummy without
being too long and the ruffled edge and quirky uneven length make it just interesting enough to
make it feel like more than just a tee shirt i got it in black and re ordered in pale blue and
am hoping the lighter color is not see through this is a nice buy on sale and can be dressed
up or casual it feels and wears great but i have not washed it so gave it a good on quality if
it washes well then an excellent would be my daughter loved this tee the first time she tried it
on since then i have purchased the white yellow lemon and rose pink colors for her the materi
al is soft it washes well and it looks great she says these tees are some of the most comforta
ble she owns and it looks good with shorts jeans and leggings the ruffle is a sweet detail on
what might be an otherwise basic rather boxy shirt it is a nice weight and drape but please k
now it is a bit short and square i love the asymmetrical ruffle however and think it makes th
is tee worth it runs really large i am 5 4 120lbs 32c and had to exchange xs for xxs for w
idth but then the sleeves were a little tight decided to keep the xxs in white love this dres
s paid full price and completely worth it fit tts for me i m 5 8 135 lbs with a slim upper
body so i had no issues with the neck being tight definitely would be braless or need a straple
ss bra gorgeous material light and breezy dress best retailer purchase in a long time great
color fit was very true to size i really like this blouse you could wear it tucked but the ple
ats would disappear my only complaint is that it s a bit too full round the waist it would be
a good choice for thanksgiving dinner a little boxy but will be a go to basic the off set ruff
le gives interest i love this tee shirt i love the higher neckline and the feminine and subtle
ruffle at the bottom it is my favorite tee by far i am buying my second round of it now i hav
e one in coral light blue and i am ordering more the only down side is that both of my current
shirts developed holes veyr quickly one on the shoulder and the other in the usual belly area
that comes from the granite counter and jeans top button there is no excuse for the shoulder ho
les in my mind but i love the look this top is easy with nice hem detail i tried on a size 8
in the store just for fun i am a 0 petite and then decided to take a chance and order my us
ual size i was a little worried as many reviews said the dress was small but it was on back or
der and decided to wait before ordering a size up the 0p was actually fine yes it is a little
hard to zip up but once on it is totally fine not even too snug but i didn t sit and eat
we shall see i don t plan on ordering the size up i think the zipper needed some wiggling brin
g back the old retailer timeless pieces this cardigan is very flattering the flutter sleeves a
dd a romantic touch to the cardigan the colors are neutral and the vine part black is like v
elvety the fit is super flattering i originally bought hte xs in the store but decided to als
o order the xs petite to compare i am 4115 lbs 5 1 5 and 30 dd with 26 27 waist both fit
but the petite was better fitted on my waist also the length would work better on top of dress
es i also tried i like the cut and look of this shirt and tried on the xs fits 115 lbs 30ss
chest but i find that the t shirts lately are kind of thin and see through the shirt is fun
and the color is adorable but had to pass as i could see my bra too clearly for my liking as o
thers mentioned love the little buttons and the cut is flattering i ordered the denim one
multicolor i didn t end up keeping it but will order again if goes to sale likes colors are
fun material is soft buttons are beautiful cut is decently flattering what i didn t love is
it looks wrinkled \r\n\r\ni ordered the xxs and xsp only tried on xxs as i didn t think i woul
d keep it anyway but thinking of it is should have still tried the xsp arms were almost snug
on me i lift weight love this top got it in the blue and it looks great with jeans shorts cr
ops some say it s a little short and boxy while the style is cut larger i wouldn t call it b
oxy and i definitely didn t find it to run short a great staple wish it came in other colors b
esides white and black gray the sweater is beautiful and lightweight it is very short i am sh
ort waisted but felt that it was too cropped for me the deign is lovely and the fabric is soft
feminine but not too fussy tee is a nice linen like material i got the white one which will go
with a lot of my skirts pants and shorts unlike other reviewers i didn t find it too short fo
r me at all but i am high waisted casual but with extras very cute top i went down a size be
cause for me it was a little large in the back but that was just my taste i purchased the deni

m print nan this cardigan is oh so pretty it does have a cropped length it fall exactly at m
y waist this is an interesting skirt the fabric is comfortable breathable and flowy it is ey
e catching but the pattern is not one i would say i love although i do like it the lighter co
lor in the pattern is more pink than off white which is fine but that did surprise me a little
overall i kept it for comfort and because i liked it enough for the sale price i paid for it s
uper cute will be buying another color of this tee nice top that can be worn alone or underne
ath a sweater can be dressed up or down and worn in all seasons i debated between the xs and t
he small and ended up with the small because it s 100 cotton i probably couldn t probably gott
en the xs one we will see if it shrinks i hope it does a little i do wish the retailer sizing
was a little more consistent because sometimes the xs is fine i bought this for my mom s birthd
ay and she loves it fits true to size and flattering for all busts mom went up a size to be ab
le to put a sweater underneath but she received lots of compliments at a recent function she wor
e this to great lines i love this top i was thinking that i was going to need a x large becau
se i m very busty i tried it on at the store and the large was perfect it s comfortable and
flattering not boxy at all i bought it in plum and white the plum is more a wine color than a
purple which i prefer \r\n\r\nthe buttons are beautiful but i couldn t see myself buttoning a
nd unbuttoning all of them since they don t slide out of the buttonholes easily but i had no t
rouble slipping it over my head with just a fe this shirt is awesome i absolutely love the styl
e of this shirt it s super flowy and is a really breathable fabric i ve been wearing this shi
rt a lot lately with printed pants the only downside is the quality of material it kind of fee
ls like this shirt could have been made myself with a plain t shirt and some basic sewing skills
it also feels like it s going to start falling apart at the arm seams nonetheless i adore the
shirt and will be getting a lot of use out of it this season no i first ordered this in the pa
tterned denim the online photo looks washed out in comparison the blouse has very pretty detai
l all along the body and cute brass buttons the pattern unfortunately looks more vivid in perso
n and as result i did not like i brought it to the store and tried on white but it was very sh
eer all though the pleating in front helps i ended up exchanging it with plum which is also b
eautiful not as much sheen as shown on the photo but still beautiful love the design and col
ors\r\nruns a but large through the middle i liked this top a lot when i saw it at the store t
he cotton is soft and comfortable the colors are good i tried on the white charcoal and ligh
t aqua blue and the asymmetrical edge really makes it the subtle ruffle detail at the edge co
mbined with the pieced asymmetrical hem takes it from a classic tee to a contemporary style how
ever my store doesn t have petite sizes and the regular size hit me at a point in the hip that
wasn t super flattering on me at 5 1 it imay be an excelle i was looking for cute comfy styl
ish tees and was ecstatic when i came across this one i purchased the coral and i love it it s
adorable on i m going to purchase another color so happy i think this top works best for a pe
tite person i am 5 1 and 106 lbs the xs is perfect for me i love it so much i purchased it
in more colors i machine washed and line dried it washed beautifully i read the mixed reviews
on this tee but i think the fit is flattering and comfortable i sized down as i do in many reta

th hits me at the hip i have worn it layered with a longer tank underneath this is a great t s

be a problem for women who are bustier and fuller in the chest and arm area this cardigan is be
