have yet to wash it to see how the fabric looks after washing i bought this in the white and it
is super cute more fitted at top slightly belled at bottom and thankfully not see through i bo
ught this in the sky color and sized down from my normal medium and absolutely love it i don
t think it s boxy at all on the contrary i love the way it hangs i don t find it to be short
either though i do tend to layer with a longer cami underneath p s the ruffle detail is prec
ious i ordered size large in the denim color and tops like this are the reason i shop at retail
er this is such a sweet little floral vertical slimming goes with anything print the button
s down the front close with loops it s easy to unbutton a few and pull this over your head i m
a busty 34g and there s no gapping or pulling the shirt arrived with the sleeves rolled and i h
ad a heck of a time getting those tiny buttons into the cuff but once in the cuff is wide enoug
h to just slip your arm thr beautifully made designer sweater and it s soft and comfortable i
decided to return because it s just too much for my body the fringe which is quite long over

whelmed my shape and i looked much larger than i am the color is true white the knit itself is fuzzy it closes with a single button on the placket at the neckline although not for me i do recommend love this shirt so much i bought it in 2 different colors the reviews said it was so boxy and plain but i disagree looks great with jeans or a skirt without looking looking too ca sual love that they are not too long also so many tees are soon long and these are not thank g oodness \ndefinitely runs big i absolutely love these tees i have them in almost every color i find i can wear them with almost anything can dress them up or down \r\ni feel like they are true to size i purchased the small but i probably could have worn an xs too i wanted a lo oser fit \r\nalso they wash and dry well too \r\nfor reference 32d 27 35 this shirt has a gr eat fit and a nice change from the swing style short in front and longer in back looks great wi th the higher waisted pants and traditional skinny nice details on buttons and trim this dress did not disappoint it fits great i m 5 3 and weigh 114 and i got a petite xs length was perf ect i have a longer torso so the waist was a bit higher than mine but it didn t sit strangely and hung well i am small chested and the top fit me very well i think if you have been blesse d in that area you may want to size up \r\noverall it really is beautiful the pattern and th e unexpected transition from one pattern to the next is just what i hoped for and why i buy from retailer i i love this tee as others have noted the pink is really more of a coral orange which is what i was hoping for i wish they had another good color for a redhead because i would buy it as advertised crop sweater is a great length design is an iron on velvet texture rather than intarsia weight of sweater is great for transitional weather this is a darling little swe ater it is well made and the fit is true to size however it s just not long enough on me to b e a top which is what i was hoping for i thought it would be pretty with some high waisted tr ousers in a sort of 40 s style but it s way to short on me for that even with my highest waiste d pants and skirts it shows skin i think it can really only be worn as a shrug over a dress o r something that explains why the model looks hunched over in some photos i m still just lov ed it at first sight and waited for it to come on sale i am usually a size 0 or xsmall but th is one fits perfectly with a size 2 i am about 122 lbs and 5 ft 2 and this size fits really w ell petite is too short esp on the arms the lining is really nice as well the design an d the cut of this coat is really flattering unlike some of the boxy designs absolutely divine just loved it the best shirt to throw on with a pair of shorts and it s effortlessly adorable love tracy reese finds at retailer first day wearing this skirt and have already received a num ber of compliments not a typical material i would buy clothing wise but it s really comfortabl e and not clingy as i thought it may be i appreciate the built in slip for some extra substance as well this dress is very pretty and would be nice for a summer wedding you will need to go br aless or wear a strapless bra i am sending it back because as it runs very small i am a 34a an d the size 2 was too snug across the top i have been wanting this coat ever since i tried it on in the store a month ago it s beautiful and well made it fits tts but a snug tts so if you a re between sizes i would order up grab this asap while the price is right and it is still avai lable this skirt is true to size and very comfortable on the colors are beautiful and deep so glad i snagged this on sale it will be a great piece to dress up or down depending on where i a m going love it get it while you can this is a great shirt to wear with jeans or pants i lov e the tucks in front with brass buttons you don t have to unbutton all of them as the shirt sli des easily over your head i love the pattern and it is a great look for fall and later on winte r i think this will be my go to shirt this season this coat won t take me through a cold bost on winter but i will be willing to sacrifice a little warmth in order to take this beauty out f or a night on the town it s chic slim elongating and bold it looks fantastic paired with som e bold tall boots and solid colors underneath as for sizing i tend to disagree with most runs small reviews but this baby runs small especially if you really do live in a cold climate and intend to wear something substantial underneath my bust measurement is i picked this up during the bf promo and very happy to find my size 10 i was watching this coat i call this really a t opper because it is not heavy and finishes an outfit i went up to a size 10 because it runs sl im as noted in the description and the reviews i find this piece to be a reminder of the old re tailer pieces i have collected over the years since 2001 my chest is a 34dd and even then th e 10 is snug i can t wait to wear this bold statement piece i purchased the bailly 44 navy p t his skirt is so much better in person than in the pictures fit is true to size perfect drape lined not clingy just perfect in every way it s at such a decent price point too that i thin k it will sell out grab it now in your size while you can \r\n\r\nonly con i can think of is that it might be a bit long for petite sizes but maybe they make it in petite i bought this tee in gray and i liked it so much i got the pink as well it is not see through or sheer in ei ther of the colors that i purchased for reference i am 5 2 and the shirt hit at low hip i or dered one size up for a swing look very fresh fun take on the basic tee love it i have a co uple of these tanks so i thought i would try the tshirt and its even more flattering than the ta

nks which i also love great material doesnt stretch out like you would think it would and loo

ike the look i have to dress business casual for work and this blouse fits the bill as it s not
too casual this is an awesome t shirt and i m so glad it finally went on sale i had been eying
it for a while it s true to size can be dressed up with nice slacks or dressed down with boyfr

ound it to fit well enough i m about 100 lbs with a 5 ft frame and a 34d chest i was able to b

it i highly recommend i bought 3 of these tops in different colors the blue one had one sleev
e noticeably shorter sent it back now less than 10 days later they are on sale the style is d
arling and get many complements on the two i have fyi i m a 36d 130lbs and med fit great i pick
ed this dress up from the sales rack at retailer and immediately fell in love when i tried it on
the colors are prettier in person the cut on the top is a little snug my bust size is 32b and
i got the size 2 i can see the top being an issue for bustier women overall wonderful quality
and design i m wearing it today to combat the 90 degree weather this sweater is really beauti
ful i love this brand and this piece is one of their best yet the fringe is perfect and flowy
a sweater that you can team with jeans and boots and be the best dressed in the room tts soft
with no itch really happy i bought it and because of the color and weight this is an all year
sweater which i love because i know i will not want to pack it away it fits just like the phot

ery well i got an xs i am 5 6 and it fits just perfectly highly recommend gorgeous print on
light weight layers in a cut that s flattering feminine fun i sized up and ordered the the
12p to fit my large rounded rib cage 36dds i agree with previous reviewers that the bodice r
uns small i will add that the neckline is tight if you have a fat neck like mine stats are 5
3 140 36dd 8 10 on top 6 8 on bottom i m a size 2 in retailer pretty much across the board
size 26 27 bottom 2 top generally go for the xs and i ordered this in a 4 based on other revi
ews it s definitely not a winter coat which i understood it s not for layering over a heavy s

ist as is i can wear it over a shirt dress or light sweater and that s fine but unlike othe
r reviewers i don t think you need to size up if you want the soft and flowy and perfect for tho
se in between seasons i knew i would keep it as soon as i put it on comfortable beautiful f

id i wish there was another nonsolid color i would buy another one runs almost two sizes s
mall i plan to wear as a jacket over a sleeveless dress skirt trousers like a suit the mat
erial is sturdy i recommend for early autumn or spring weather once again a collector s item
with unique colors and design of pattern from unique shape to feminine design this cropped sum
mer sweater is the kind of item that attracted me to retailer thirteen years ago it s also fla
ttering especially for this petite who doesn t like to show her upper arms this coat is just
as nice as the russian one from a few years ago and fits the same it is stunning i swear lif
e is way too short to wear only average coats if you are a parks and recreation fan think back
to the treat yo self episode and you ll know what i mean i can t say enough wonderful thing
s about this one this is the kind of blouse you want at your reach when dressing on a humid day
cotton enhanced with beautiful detail a very classic timeless ageless piece i bought the medi
um which fits perfectly size 8 top 34f my only ding is that the neck opening should be stit
ched less deep there is a gap funny thing is that in the photo the model s blouse is pinned
exactly where i m talking about i didn t take off a star because i had a dressmaker fix the pro
blem but this was annoying i wore nan this dress is so light and twirly and the fabric is as a
iry as it is pretty sadly the fit was a bit off i am 5 7 128 i tried on my usual sz 2 and f
ound the top to be saggy at the armpits but too tight at the waist seam going up to a 4 only ma
de for a saggier top most likely a great dress for lean or long torsoed ladies which sadly i m
not i saw this shirt on a friend and had to buy it right away it has the comfort of a regular
tee but the frills at the bottom give it that retailer look true to size i bought this top in
the store where i found they had a beautiful mint color not shown here i think the length is pe
rfect so many of the tees etc are extra long so it s nice to have a variety to chose from i
m 5 5 and this little tee hits right where my legs begin it is very free flowing and cool i o

wn several similar tees and tanks from this line and they are great when the weather gets hot l
ove this it s loose and easy for summer fabric is not too sheer the asymmetrical ruffle is su

d have bought that color for her instead there may be no inner lining but it is a gorgeous bra
and so comfortable the straps and well make and sturdy and the detailing is stunning it is abs
olutely true to size 34c fit like a glove a winner i love this coat i purchased the size 6
i am a size 6 petite but they were out plus i wanted the coat to be a little longer i wasn t
a fan of how high it was on the model it fit as i expected i will have to take up the arm leng

is what i expected it s excellent with lining color is as shown this coat will go with everyt
hing i plan to dress it up and down i purchased the orange pants and the as other reviewers
said this top is rather boxy but i assumed it ran big ordered a size down i love it i end

that it s machine washable on a delicate setting i ve already worn it twice and can t wait to
wear it again for easter this is a beautiful dress and it was hard to let it go but unfortunat

ll definitely look great on someone with a smaller bottom i tried the xs and did not experience
the issues that other reviewers mentioned such as the large arm holes this is the perfect tank
for everyday but it looks like you ve dressed up a bit i love the flow and the ruffles and it l

too easy to dress down with a sweater and boots and beautiful for a more formal event like a w
edding for fit reference i am 5 8 130 lb and ordered size 6 this was the correct fit in the
store exci this dress was adorable i found it to be a little too short for my taste i m 5 9
and it hit mid thigh i think you would probably see my rear if there were the slightest breeze
but it would be perfect on some shorter embroidery was beautiful and i loved the collar also
a little sheer but with nude colored under garments it would ve been fine definitely try it o
ut this skirt and top is nothing like the picture the skirt is black not maroon top is also b

olor instead of the black i just wore this dress tonight to my holiday party and received many
compliments on it it s so comfortable and even though the fabric is thick it s not bulky or st

other reviews i thought the armholes were perfect the cutout in the back is a nice touch and
i was able to wear a regular bra with it the colors are beautiful and true to the pic i was no

itely needs it i bought this shirt in the wine color in a small i m 5 6 135lbs and usually we
ar a small in retailer clothing loved the color and fit of this shirt a little longer and loos
e with unique detailing on the sides i loved the wine color so much i bought the gray and white
stripe one as well when i bought the gray and white one i had to try on 5 6 smalls before findi
ng one that fit just right there was a significant difference in the this is one of those just
throw on and go dresses that i love it is breezy and easy comfortable but also polished and l
ovely with some really nice design features and a beautiful mixed print you can wear it with so
me cute flip flops or polish it up with some cute boots nan this is beautiful the colors are
rich though the pink is slightly more noticeable than the model image the length was just shy
of my knees at 5 7 and the fit was overall swingy i am happy with my normal size s though i
would be curious to see how the xs fits too i suspect that it would be too tight in the shoulde
rs but fit everywhere else better one major difference that slightly annoys me is that the slee
ves are not long as shown in the model shot the flared portion starts at about m adorable old
school retailer the only gripe i have is trying to get this on the slip is similar to putting
on a straight jacket once you figure it out then it s gorgeous just be careful and lay it out
carefully before you pull it over your head stunning i got about 6 compliments the day i wore
it 2 different men i barely know said you re really rocking that outfit \r\n\r\ni wish they
made this in petite as the xs is slightly big i m 5 3 106 lbs but i kept it anyway since i m
both a little underweight right now and also since i was able to roll the top so that it was an
appropriate length to wear with flats \r\n\r\ni paired with a denim shirt perfection love lo
ve love this dress the fabric is high quality the colors are rich and vibrant the fit is ver
y flattering with the open neckline and fitted waist versatile piece that can be dressed up wi
th heels and jewelry or dressed down with tights and boots my usual size fits perfectly this t
op is very cute but runs large i am a 32b and i had to take the xsmall the back of the bathing
suit only has one slot for closing it up so you can t adjust it i was hoping this top would be
a nice architectural piece to add to my wardrobe with its straight black line accents sadly in
the end it is just a t shirt a large t shirt i ordered my normal size medium and this shirt
ran more like a large i also did not like the way the neck was hemmed the fabric folds over it
self when i think a better design would have been a more simple hem i ended up returning this
item due to its size i purchased the dress on a promotion the dress i received had the sleeve
s end about the elbow i added a 4 black cotton lace to the sleeves i love the result it m
akes the design richer and brings out the lace running down the front of the dress the sleeves
are a much better length for me now dress runs tts i purchased a medium am 5 7 150 lbs r
eally am large boned straight up and down as the previous reviewer stated this skirt is a stu
nner can be worn in all four season it s long and runs on the larger side so that you compare
i m 5 9 and it goes all the way to the side of my foot i m 146lbs 28 waist 38 hips and alway
s a medium on maeve this skirt on a medium was too big for me at least a size larger take tha
t into account when ordering other than that it s a great purchase can t wait for my exchange
to arrive this skirt has a more dusty black background than the website lets on which i love
the floral pattern is delicate and subtle and the tiers give this gorgeous skirt the perfect am
ount of flounce it is so versatile the quality is excellent the skirt is fully lined it will
take me easily through three seasons the weight of it might make it a bit too warm for summer
i m so happy i bought this how can you go wrong with soft cotton top that is neither too snug n
or too loose expect will wear these as layers under when really cold and by them selves in earl
y spring and in the fall great colors and love the multiple textures i just bought this dress
in the store and i absolutely love it except for one thing why are the sleeves on the actual dr
ess so much shorter than the picture with the model i suspect the model has long arms not litt
le t rex arms so why does the sleeve hit at the top of her wrist while my lovely dress hits ju
st past my elbow it s a mystery was the pictured item not what the store took delivery of any
way still a great dress just trying to figure out if i should add lace or something to ma this
dress is absolutely beautiful and had it been just a little longer or a little shorter i would
have kept it but the hem hit me at just the wrong spot alas i had to send it back this is
a cute flattering dress however the drop waist the short length and the odd length sleeves s
horter than shown in the photos added up to me feeling like i was dressing way to young it
just didn t convey an elegant mature vibe this dress is perfect for a 20s 30s woman who wants
a versatile dress to wear on many occasions it s great because it s not too expensive and you c
ould wear it with any type of shoes \r\n\r\nmy big problem is the lack of transparency regarding
the actual slee this review will be shorter as i already wrote another one and it was never post

ed \r\n   \r\n1 these are high quality jeans the fabric weight is light enough you wil
l be able to wear them year round\r\n   \r\n2 i am 5 8   144 lbs and the size 29 felt best on
me for this brand i typically wear a 28 29 i felt like the 29 was cut too narrow in the hips f
or my body type for ref i am athletic with shoulders broader than hips if you re unfamiliar
with this brand know they do not use a lot o this dress is so fun and very comfy the slip it co
mes with pulls the whole dress together it has been great for warm fall days but i can see it
being warn with leggings and boots into the winter i love the combination of blocked deep color
s along side of pastels i m 5 5 and the length is just right not too short i loved the look
of this online and ordered the xs as maeve seems to run large and that was the smallest size off
ered the length was good for me only 5 4   the elastic top fit well 32b but then from there
it was too much fabric i thought this would be a straight fit or a slight a line but it was jus
t a huge amount of fabric on me   several inches on both sides big i think with the large ruffl
e along the top and the tremendous amount of fabric hanging down from the dress underneath the r
uf i saw this dress online and thought it might be an adorable eclectic piece to add to my close
t and was i right the simple shape mixed with the bold pattern make this dress an awesome one
to own its easy and fun and funky plus it has hidden pockets beware though this dress seems t
o run a bit small i would say if you switch in between sizes like me i can be a 6 or an 8 then
possibly go with the larger size i do have a large bust as well i wear a 34ddd so it shows some
clevage but the girls this skirt has a beautiful flattering feminine fit the floral pattern is
delicate and a little different and of course the layers are what make this piece a stunner i
highly recommend it can see wearing this all year dressed up with jewels or down with boots a
nd a casual sweater after reading all the reviews i figured at 40 off i could at least try it
i m 5 3 and typically wear a m or size 10 i ordered the m but as other reviews stated the ar
ms were tight since i m expecting it to shrink and want it to cover my booty i ordered 2 colo
rs in the l it s exactly the oversized slouchy look i wanted without the neckline being too l
ow but will still be ok if it shrinks i ll have these dry cleaned to minimize shrinkage it s
a wardrobe staple that looks great with nan i got this skirt because its elegant and can be worn
in three seasons it is stylish and can easily be dressed up or down i usually wear an xs in bo
ttoms and this runs about one size large in the waist area still i am keeping it and plan to h
ave it altered it is cute and completely worth the extra effort love the fabric fits true to s

end it i thought these were great everyday shirts for the price i got them on sale over christ
mas they fit well and i really love the striped shirt the navy is an odd color and looks stran
ge with jeans but i love the top regardless nan super soft and the trimming on the neckline and
sides adds character to the shirt runs a bit shorter than i expected i first saw this dress in
one of the stores and the rich colors caught my eye this dress is very comfortable to wear but
is also unique the fabric feels great on and gives the dress an overall stylish flair the phot

maybe a bridal shower or other brunch event i picked this up this weekend so gorgeous i usual

y this beautiful soft swingy dress is oversized on me   usually when someone reviews that a
dress runs large but their body type is opposite mine i pick tts and 90 of the time i m right
not so in this case the outer dress is very wide and the amazing super stretchy under slip is t
oo large also   debating on sizing down because of potential shrinkage after laundering   i boug

ith the previous reviews th loved this dress but ran much larger than other maeve dresses i have
ordered in the past nan wonderful fabric surprisingly great fit super flattering i m so glad
i bought it despite jumpsuits being a bit of a risk online it was the color that prompted me t
o take this dress to the fitting room as seen in the photos it is a deep burgundy or dark maro
on though the color is deep and rich the design of the dress makes it lighter and easily able
to be worn during the heat of the summer \r\n\r\nin the later months of summer and early fall
i will wear this dress without leggings for a transitional look when the temps cool down thoug

h i will wear leggings or tights throughout the winter with the dress it will easil nan these are nice dusty rose pants they have a great textured design on them they will look nice with a plain white tee or chambray shirt for brunch i will say they are not soft like sweatpants defi nitely feel like a poly blend but the look makes up for it the material is a little on the thin side and they are not lined but not see through either nan i love swing dresses and normally order l but this one turned out to be way too large and as other customers said the sleeves a re short so the whole look is out of proportion the colors are much brighter than they appear in the photo the dark patches are a bright peacock color and the hot pink is just too much for my taste the material design is not as classy looking as it comes across on line so sad because i love this dress pictured on line and this is not it \r\nthe quality of the slip i wear cardig ans pretty much every day since my office is chilly and i need something a little dressier to be able to wear that will keep me warm i love the design of this cardigan which makes it very flat tering the longer in front is a style i gravitate toward and i like that the back isn t just str aight but it has that little flair this is not something that is commonly seen in a cardigan un less it is short all the way around and it was great attention to detail by the designer i lik e the i really like this top it is form fitting and i think true to size that i would normally wear i do not think the v neck is too low so that i would feel comfortable wearing this even to work i was surprised at how thick the fabric was but i am typically cold so i like this featur e the criss cross design in the front and back of this garment is very flattering and i get a l ot of compliments whenever i wear this piece i just purchased these jeans on line in my regular size 27 5 4 27 35 116bs and they fit me just perfect so they are tts they are super soft a nd there s just enough stretch in these that i m able to bend easily yet they retain their shape nicely the pockets in the front are super cute in person and the back gives a really cute look the color is just as shown in the picture a nice shade of blue that s in the middle plus they a re really incredibly soft i m only 5 4 but found the regular cute sweater to wear over a dress or tank top looks better on than in the pictures nan i wanted to love this top unfortunately the color fit didn t work for me i m a 36ddd the fit was ok it even flattered my bust i ju st felt the stripes didn t flatter my waist this would be perfect for an athletic frame i norm ally wear a xs but i got a small so it would be a little longer great quality and adorable th ese little shorts have become my favorite they are so sweet and feminine and very comfortable the fabric washes very well i definitely agree with the other reviews however i really like thi s skirt because it will go with a variety of tops to dress it up or down as well as color opti ons the tricky thing is that it runs super small i m usually between a 6 or 8 28 29 and en ded up getting a size 10 i don t like high waisted skirts or pants so it sits just below my na vel and is very comfortable maybe best to try on in store but worth it i tried this on as it was on sale and my size was on the store i didn t end up buying it as it felt jsut meh compared to so many cute cardigans i do have a couple of grey ones and tried on grey so perhaps i jsut dind t need it pros short so would work with dresses and high waist i wasn t sure about the color but ordered based on how much my stylist loved it my usual xs petite fits perf daly no c hest problem 30dd and the length is quite nice romantic look the drawstring in the back help s making sure the dress fits properly at the waist it is a high low style with flowy skirt ove rall great i need to stop going to the store i love love love this cardigan i ordered it in plum regular small as they were out of petite small my preferred size i was very impressed with the quality of the cardigan the details like the sheer fabric around the neckline are very delicate and beautiful the waist line sits exactly where it should i was worried it would sit too low as i am short and did not get this in petite sizing so maybe i should say this cardigan runs small i think i have found the perfect cardigan it goes wi i ordered the blue in size xl it s even prettier in person the fit runs a little smaller shorter on me than shown on the mode l i m 5 ft 5 1 2 in for reference i love the detailed stitching it is delicate and can catc h my dog s claw pulled on it and i had to reweave the thread back i ve washed mine twice resh aped air dried it didn t shrink much at all it s perfect for spring summer i ve gotten a lot of compliments on the shade of blue it s really so pretty i love this top and bought it in both colors what s really fun is that i found a pair of espadrille sandals to match the sandy b eige and white colored top and i have attached a photo of me under my arbor to show you these t ops are designed to have a flattering fit i ordered size small and they are not too tight i am 36 c in the bust line and an hour glass figure on bottom i love that they are off the shoulder a bit and in a v neck which is flattering on me the material is soft and of good i was hesitan t to try this top on because i thought it might be too tight and then was delighted to find tha t it is so comfortable and flattering i am usually a m and the m fit me great i have to disagr ee with another reviewer that this top is for those of us b cup or smaller i am a d and it fit me great it s got enough give and support great fabric and wrap design to fit a wide range of bust lines it s a great blend of being attractive without being too revealing i love it got i

t in b i m about 5 9 and this sweater was too short for me the arm length was great but the ov

wonderful i have a hard time taking it off at the end of the day it s extraordinarily soft and
thick and stylish to boot the one thing is that the thread holding the pockets together was al

f the best thing ever i love the ruching on this hoodie which is why i ordered it i m typical
ly a size small 34b 130lbs but the hoodie was a bit tight in the waist and around the bottom b
and i might order it in a medium although the sleeves will likely be too long the only thing
that makes me hesitate is the color it s more of a brown gray instead of just gray as you see
on your computer screen tried it on a whim and could not leave it behind 5 4 135 size 4 6

ll not be disappointed go for it i technically measure to a medium in both regular and petite
sizing but i took a chance an ordered the regular small in red it is as depicted and i agree
that it is soft and can be clingy but the regular size fits slightly too big on me this is fin

available nonetheless the fabric is substantial enough that it doesn t show the fact i carry w

i loved this shirt but had to return it this sweater was cute and comfy and was true to size i

a number of things that work with it it fits true to size in my opinion like the last reviewer
i saw these pants in the store and decided to give them a try i m glad i did because i absolute

sweater its lightweight appropriately sized with delicate details the pockets are somewhat h

eight sweater perfect for spring runs true to size definitely will buy another color lovely
sweater it fits baggy and form fitted somehow i like the multi fabric look however the main
body of the sweater does shed like i just held it up to my body to look at it in the mirror
and the shirt i had on was covered haven t washed it yet so can t speck to that but i m guess
ing it will lose some of that in the wash i bought this in a size 0 which is my usual retailer

in my opinion they have a tie string which ended up working out but i was hoping it would fit

will pill some the sleeves are not fuzzy so they don t pill but body will does the dress is lo

not match the description the description states the dress falls 45 from shoulder i measured
it at 40 inches it is definitely shorter than i was expecting i love this turtleneck so much
got it in black looks great with skirts and under sweaters love that you can wear the collar t
wo ways drapes and clings perfectly the silver snaps along collar are such a nice detail deta
ils like this is what makes retailer pieces so unique love it i am usually an xs or small in t
ops 34b bra size i ended up with the xs this is a great sweater it s lightweight and very co
mfortable i bought a medium but really could use a small medium still worked well though the
quality of he fabric is amazing the thickness is perfect as to look form fitting while not too
tight or thin showing any wrinkles i had been searching for a versatile turtleneck i could dr
ess up or down a finding this was a definite win the style is timeless and with the high qualit
y i know this will be a staple for years to come the shirts fits well it is very soft and stre
tchy but thick enough that it s not see through the collar is the best part i wear small and i
m 5 3 purchased this fun feminine top right before vacation and wanted to wear it every single
day the peplum style isn t typically something i gravitate to but this peplum is the perfect l
ength and i love the sheer 3 4 length sleeves i chose the ivory version of this top and it was
adorable with jeans oxfords a cute hat for how beautiful this top is i feel like the price
tag is an absolute steal i saw the cream top online and loved it but it is even prettier in pe
rson i typically purchase petite sizes online but i tried on the 0 in the store and it fit nic
ely not super fitted throughout the waist as others have mentioned but the length was just ri
ght and the arms chest fit perfectly for reference i m 5 2 100 lbs 32b this will look grea
t with skinny pants or jeans i loved this but didn t realize it has mohair which agitated my co
ntacts i had to return it if you don t have that problem this goes great with leggings or jea
ns great layering top love the color grey striped matches almost anything the sizing is per
fect and the material is nice and think but not so chunky that it adds pounds to your frame int
eresting detail with the snap neck looks sporty and jeeps it from being just another basic turtl
eneck very soft cute design great over leggings i love this stylish sweater i ordered black
it is very soft and comfortable i wear it with snaps open or closed looks great either way i
am 5 4 so at the tall end of petit and this is the perfect length i haven t really done mi
di dresses before because i feel make me look stout this is not the case it hits mid calf the
fabric is very thick although for polyester i think it s kind of pricey i m going to keep it a
nyways it doesn t look or feel cheap and i think it will be good for travel because i don t th
ink it wrinkles easily the ribbon hits in a very flattering place right above the waist i have
a very athletic love the collar cut is cropped but i m wearing a tank under for hole coverage a
nyways no complaints nan i bought this blouse in both the cream and the blue both are lovely
i would say that the size runs a bit large i bought size 12 and the bodice hangs away from my b
ack arms fit well though loose fit hangs well the lace is nice and stiff the cream has some
cafe au lait shading on some of the lace so it could almost look stained i don t think that wil
l be how it reads though but fair warning love this sweater it s really flattering long and
lean though not tight just the right amount of shape and length for my size i run between and
8 and a 10 and i m about 5 8 i ordered the medium i love the contrasting knits of the sleeve
s and body of the sweater i only wish it came in more colors i d order it again so soft that
i bought in 3 colors i love wearing them it is comfortable yet tailored i highly recommend r

ants i ve been looking for a mid weight shrug on cardigan for a while now and i ve finally fou
nd the one as a petite 5 4 130 lbs lady with big boobs i hate clingy cardigans with button
s since they are just so unflattering \r\n\r\nluckily this cardigan is warm without being stifl

ing fitted in the sleeve without being impossible to wear over clothes with different length sl
eeves and perfectly cut to slim even thought it is shrug y i especially like the back details
which are even more curve fla love the softness of this sweater it s very flattering without f
eeling like i am swimming in it like the other reviewer said it sheds a lot the cream is ver
y sheer so i had to wear a tank underneath this dress is so flattering on i was astounded oft
en the waistline in the petite dress are very high even though i m only 5 1 tall but this o
ne hit at the right place and the skirt made me feel slim and tall the fabric feels silky and t
he pattern is nice but it is a pretty conservative style and perhaps a bit dark for spring wou
ld be great for work or church but unfortunately doesn t really fit my lifestyle and i persona
lly prefer a more unique style for the price i highly recommend i bought the sweater in nude a
nd it fits perfectly it is so much better than a standard cardigan it has beautiful details i
ts drapes so well across your body and it longer in the front than the back which makes it hang
beautifully i wear this to work but would definitely wear this on the weekends for more casual
outfits its very versatile i ordered this top in ivory in 2 sizes because i m in between and
it looks so great in the photos and didn t want to risk it selling out while i debated sizing i
really loved the larger size because the material is not stretchy and i didn t want the sleeves
to be tight when i move it is somewhat boxy on the seam at the waist so i m having it taken in
a little so it fits more like a peplum and flares adding a skinny belt just didn t distribute t
he excess fabric as i envisioned it really is a i got this sweater in the neutral color which
is very versatile it is truly beautifully soft and the design is very pretty i really like
the different material of the arms and v neck the length is good too if you like longer sweat
ers as i do the downside it sheds so badly sweater is just everywhere after putting it on i
don t think i could wear it out of the house for this reason another reviewer suggested taking
a tape roller to it to make it wearable but i think that would take ok so by now we know this
is a cute top that is basically true to size but a little clingy i prefer to wear it with a tan
k top or tee shirt underneath it would also do well layered under something for refernce i am
5 7 about 120 and xs was the best fit \n\nbut what i really wanted to mention is that i washed
it in the machine on cold delicate and dried it on low and it survived just fine so i love thi
s top i got it in black and red both are amazing and go with about anything they run a bit la
rge i sort of forgot to read the label and thought it was just a cotton turtleneck i threw it
in the washer on regular settings and cold water and hung it to dry i would say it shrunk 10 a
t most beyond that no difference in fact it fits better after it shrank since it was a bit b
ig obviously if you do not dry clean this you are going against manufacturer recommendations
but i i spotted this pj pants in the store tried it on and love it the material is very soft
and comfortable the fabric is on the thin side thus one star off the quality the pattern col
or varies the one i got has more pinkish flowers i am 5 2 120lbs and size s fits nice i co
uld probably go down to a size xs but i like my pj pants to fit a bit roomy therefore size s f
its better the length is more like ankle length on me since i am petite it is very cute on and
perfect for a chill summe i ordered the neutral one with the fine stripe it will layer nicely w
ith neutral colored sweaters and blazers the fabric is soft the quality is good the neck is c
ool that you can wear it two ways overall it is a good top i think it s a little clingy whic
h highlights every flaw in the back especially i wouldn t size up i still think it fits tts
i love this black turtleneck arms are a little long so should have gotten small i wore it and
love it you can play with collar and snaps up or down i love this sweater i bought the grey
and the neutral one it is very soft has great color combos and seems to have minimal pulling
even though it s lightweight it keeps me warm beautiful top i love the peplum the color is a
ctually cream with blush accents in the lace i gave it two stars for quality because the hem wa
s uncut and unfinished so it s going back just a lovely soft and easy cover piece the back is
so different and interesting this polo shirt has just the perfect amount of feminine detail to
make it a great addition to my wardrobe i love the shorter version and it looks great with bot
h jeans or skirts this is such a gorgeous and unique turtleneck from retailer my favorite colo
r is the nude and buttoned neck is really pretty i m 5 1 and 105 pounds and i got the small sin
ce i liked the longer length and did not want it too clingy it is a personal preference but you
may want to go up a size as for the dry cleaning i washed this on delicate cycle without dryer
and it came out perfect love this cool color great feel to this sweater nice with jeans ski
rts etc very cozy to wear i just want to keep grabbing it every morning i have two of these
tops the maroon and tan and white stripe the material is great and the neckline lays great it
isn t too thick so i can wear it on cooler florida days you can dress it up under a jacket or d
ress down with some jeans nice piece the fabric is very stretchy with that heavy luxe kind of
feeling the neck snap placket is genius because when it is snapped up the neck stays up without
restricting the throat nice long lenght too i got this in the red it is a muted color that is
very pretty i am 5 5 and it is neither too long nor too short it is a nice light weight th

e quality is good and on par with other purchases from this brand great spin on a basic turtlen
eck i like it unbuttoned just as must as buttoned material is super soft good length i liked
this so much that i bought it in all three colors but send berry color back the top is flatter
ing and looks good i did wash it at home it seems to shrink a bit but i ordered up for longer
length i really like the style it is perfect to wear by itself or as a layer perfect for fall
and winter i love this top i ordered it in a large thinking it would be a tight rib but it is
not so i reordered it in a small i am 5 7 145lbs 34g chest the small fits perfectly and proba
bly could have taken an xs it is stretchy but fits wonderfully i bought the black i love how
the neck snaps and adds a little pizzazz to a simple black turtle neck i m wearing it today wit
h straight leg jeans and my leopard print ballet flats i feel like audrey hepburn i will not
be dry cleaning it i will wash i absolutely adore this top it is so versatile and looks equall
y beautiful with jeans as with dressier skinny pants i bought this to wear for our holiday pho

his weekend i am normally a ps but they only had the pxs which i took a chance on fits like a
glove slightly tight in the chest area but i am chesty for a petite girl the length is perfec
t and modest the detail up front is adorable what a find this skirt is so soft and fits like
a dream perfect shape and length i ve been looking for more pieces to match a couple of fabulo
us pairs of purple shoes i have so this is just the ticket i love these jeans so much i have 4
pairs i bought pink and gray last year and then black and denim this year i am 5 4 112 lbs w
ith a slim straight athletic build these jeans look amazing on they don t have those funny c
rease rolls in the legs because the legs weren t cut right i don t have to tug on the waist to
get them to stay up and they are just very flattering on sometimes when i try on skinny jeans
they fit funny around the waistband and make my hips look weird not these i ju these jeans are
very comfortable with a higher waist than average jeans the material is soft and seems to be qu
ality the are also stretchy which makes wearing them for long amounts of time very comfortable
i ordered a size 28 and they fit great i normally wear a 6 this is the first one piece swimsui
t i ve owned since i was a toddler i m 5 3 and 120 lbs 34b bust with short torso and athletic
built legs so i wasn t sure how this would fit was i ever surprised i bought the size small
in the mint chevron pattern the material is substantial but not overly thick it is double laye
red and the cups are padded for extra coverage it was a little tight to pull on but after havin
g it on it conformed to my curves like it was cut to fit them the top offers an the pattern wh
ile beautiful is on a much more yellow ivory background than pictured the skirt is very volumi
nous and the elastic waist seemed very loose like it would not support the skirt while i did l
ike it i didn t love it so it had to go back i noticed this vest hanging in my local store an
d tried it on on a whim because it felt so soft i usually wear an xs or s in retailer s clothin
g so i tried on the xs s and felt it was true to size it s obviously large but that s because
that is the style the shoulders fell perfectly i was in love from the moment i put it on whil
e it s not my normal style it was so soft and beautiful and it flowed perfectly plus the extra
fabric allowed for a bit of cozying up in colder weather by wrappi this dress is beautiful it
is a nice heavy fabric with stretch and just fits perfectly this ia a long boiled wool vest wi
th some spandex in it it is very soft and cozy i went with the m l cause i preferred the longe
r length even though i also fit in the xs s \r\ni have worn it many times and my favorite way
to wear it is with skinny jeans tucked into cowboy boots paired with a black lace top and a cool
necklace when i am hanging out at home in yoga pants and slippers i throw it on when i get col
d its like a cozy hug i highly recommend these run a tiny bit large but i m still keeping the
m they are so soft and comfortable i love these jeans they really added something special to
my wardrobe \r\n\r\nsize \r\ni purchased my normal size in the store and was worried they would
n t stretch out the sales clerk helping me order the larger size alerted me that these will str
etch a full size as i wear them but i wanted to be sure so i ordered the larger size just in cas
e \r\n\r\ni received the larger size and when i tried them on i could feel them stretching out
right away and feeling too loose i kept my normal size and wore th totally love this shirt as a
basic with fun details super soft great quality fabric and the cutouts add the perfect bit of
interest can see this accessorizing well and looking good with jeans or skirts really happy wi
th it fits loose but tts perfect way to add warmth in transition weather nan nan really love
this bathing suit it fits very well definitely don t need to size up for this one flattering

em so much i ordered another pair i stumbled upon this vest in my local store and i m so happy
i did i was looking for a classic staple that will be on trend but pass into classic season aft
er season i wore this with a black 3 4 sleeve top dark skinny jeans and black booties perfe

ct look for most seasons in dallas so happy about this purchase beautiful dress the printed material under the tulle however hung 3 inches lower than the tulle skirt i had to take it to t he cleaners and have it hemmed to match the length of tulle skirt because it looked awkward ev en after paying full price for the dress i didn t mind spending the extra money to have it hemme d because the dress is that beautiful i love the fit of this sweater i recently had a baby and am a little self conscious of my stomach area the sweater in my usual size s hides my problem area without being big and boxy the weave seems like it will be prone to snags so i ll have to be careful fit great and cute cannot wait for summer to wear with sandals i bought a similar shirt from this same manufacturer in blue and i ve returned for another i love it because you c an layer it you can wear this over a colored shirt and the color will show through the designs in the yoke it looks great with bright colors yes it wrinkles easily but i am hoping that it will wrinkle less each time it is washed this skirt is lovely and fits perfectly the print on the front provides a great contrast to the back of the skirt and stands out the material is thi ck enough to take you from fall to winter easily and the fabric is structured enough to highlig ht all the right curves a great purchase although i loved it i feel like its too hip for me l ove the material style just doesn t look right on me this caught my eye straight away and it hasn t disappointed on either really unique and i imagine it will suit many different occasions high quality and slimming vertical stripes too these pants are very soft and comfortable grea t for lounging around the house and for sleeping i love these pants so much i have them in two colors they are super comfy light and actually really chic perfect cool girl pants i have go t so many compliments my young students 4 5 love my ninja pants i got them on sale great great buy i highly recommend them these pants fit comfortably and are really nice on they re not too bulky and can be worn in a casual way and or with a formal look i just wish black jeans didn t always have that odd rubber smell other than that these are great these jeans immediat ely caught my eye online and when i saw them in the store on display i knew i had to at least try them on they are absolutely adorable i love the uniqueness of the buttons at the bottom g reat fit and great stretch i wore them for the first time today and i had at least four peopl e i didn t know approach me and tell me that they liked my jeans ordered my regular size s earl y this week and was thrilled to receive them yesterday they fit just as expected and are quite comfortable i would definitely recommend them as a nice alternative to pajamas or even as a sli p nan love these jeans however they get a little saggy in the front while wearing which i don t like i agree with the other reviewer the snaps at the ankle are a cute idea but bad in exec ution they look and feel odd when on \n \nthese fit tts and they are soft with decent stretch but the rise is much lower on me than other 8 5 rise jeans i have as a 43 year old wo man they seemed inappropriately low hanging on me \n \nas an aside these will def col or transfer there is a whole lotta rinse on these and they have a strange chemical smell to t hem not sure if that will diss did not even know this is available in petite as someone who is at 5 exaggerated there regular size xs s fits nicely great find goes well with leggings or j eans this will be a wardrobe staple for quite a while i loved the cut out features on the shou lders of this shirt it has the palest tone as pictured and will be cute with jeans this summer and on vacation i took one star away because the body is cut rather large i tested the center back fit and that was fine i wish the body was a little more narrow i love the print and style of the skirt it is very cute and feminine and can easily be worn into autumn the downside is t hat the elastic waist is a little too loose and needs to be tighten also the is a lot of extra fabric in the skirt and makes it look so much larger than it is and it runs about 3 inches longe r for reference i m 5 5 34 24 35 and the xs is loose in the waist still i really love the s kirt and plan on keeping it and having it altered the skirt is lovely has beautiful colors a nd the touch of lace takes it to that ultra feminine level it s a lot of skirt yards of mater ial and i like that it is fully lined but this creates a problem the source of the only negati ve thing i have to say about it the only criticism i have is with the waistband it s much too flimsy to stay up on the waist because of the weight of the skirt i had my seamstress add a hea vier weight elastic band inside the one it has or the skirt would star i cannot begin to tell yo u how much i love these jeans i have been searching everywhere for the right pair of black jean s and this is it they run a little small and don t have as much give as regular pilcro jeans i am normally a 28 in pilcro and i purchased these in a 29 the fit is wonderful and they keep t heir shape beautifully absolutely wonderful they fit like a dream you could dress them up or down i ll probably live in these jeans forever i was intrigued by this vest on line but really wanted to try it on first before i purchased it stopped into my local retailer store today and was happy to see they had it in stock i am typically a 10 12 and purchased this in the m l thi s picture does not give the vest justice in terms of the way it falls which to me is what makes a vest a success or not also the colors are great i was wearing a cream sweater and black pan ts when i tried it on went great with those colors but i think it wi i love these shorts the s

ubtle floral pattern is even prettier in person the drawstring waist allows me to customize the fit for my newly pregnant belly i have to disagree with some previous reviews i think the bu ttons on these ankle jeans really set them apart they look absolutely adorable with booties fl ats wedges heels anything and they re extremely comfortable and flattering as most pilcros tend to be i got my usual size 26 and the rise and fit is great i think maybe they stretch out a bit i ve only worn them a couple times and by the end of the day the waist seems a little loo se but overall great and a good price at least co i have never tried this brand before and wa s pleasantly surprised at the fit i especially like the button detail as it makes them a little more dressy and different i plan to wear with a simple white tank and sandals i will definitel y look for this brand again these are fabulous pants they can easily be worn to work best jeans pants ever for women with no butts they stay up and they re comfortable \r\ni can t speak highly enough for these don t ever stop making them retailer i have this in another color and it is my absolute fav transform any outfit it has an over sized fit ordered my usua l size 28 in pilcro jeans but these are on the small side fit is a little small in the waist ar ea don t mean to be crude but the crotch area is on the short side for me legs fit snug i have skinny legs i ll have size up to a 29 the twisted seam look is really cute 5 3 abt 118 too much ice cream lately great fit love the mid rise my usual size 28 in these leggings hug in all the right places they look on me as in the model pic except the length falls abt 1 belo w my ankles i may have them hemmed after they re washed just wait see 5 3 117 i love th is suit the fit is incredible \r\n\r\ni m unsure that the fabric will stand the test of time but i got it on sale and i don t know about you ladies but ill do anything for a great suit i actually love these jeans i feel they run true to size i actually love the button detailing at the bottom makes them unique and different from the other jeans in my closet i can wear them d ressed up with heels or wear with sandals i love pilcro s jeans they fit adults without being mom jeans the quality is great the legging cut is simple with just the right amount of stretch they re a tiny bit short but i like to show a little skin in booties this skirt is very pretty but i think it runs very large i am a size 4 xs in retailer my waist is 28 inches 5 7 140 p ounds the skirt is touching the floor even if i wear high heels i will have to wear it up my waist the elastic band is weak not sure if it will hold the skirt it should be ok with a belt i still recommend it cause it s so pretty i really love this shirt the cutouts make it unique and the fabric is super soft for a chambray style i thought the fit was perfect i m 5 5 120 lbs and i ordered an xs still enough room to be comfortable super cute glad i bought it thes e jeans were a pleasant surprise they are comfy stretchy and fit right at the ankle i have sk inny legs and i love that these are a slim fit i am normally a 27 waist but the 26 had a better fit the dark demin and the gold buttons give it a dressy look they also give my derriere a nic e shape i am 5 2 116 lbs and i have slim hips to top it off the jeans were an additonal 30 off the sale price i absolutely fell in love with the design of this dress the colors and cut are easy to wear but unique enough to stand out i was between the medium and the small and ulti mately went with the medium the dress hits right above my knee fits nicely at my waist and is well made the top does seem a bit loose as pictured on the model but i prefer a slightly more fitted look a padded bra would probably have filled out the extra fabric but it was an easy alt eration and will allow me to wear the i was drawn to this top due to its unique detailing and so ft casual cotton feel i wear a nude bra underneath with no problem i m 5 5 120 34c and the small hits right at my hips so it s not to short or too long i often wear an xs in tops and i didn t even try on the xs in this one because i felt the small fit just right with the cutout d etailing i ll hand wash this i hope it holds up i love the look of peplum tops i think they are very forgiving and they do a fantastic job of hiding my residual baby weight while still al lowing me to look like i have an amazing figure not washed out figure i have several peplum t ops but most of them are made out of a thicker fabric and they don t have much movability i ab solutely love this one because it is a more casual design and much more comfortable than i am us ed to while still keeping the integrity of the peplum design the fabri this is a fantastic dres s for fall if you have specific proportions the dress comes in s m l rather than in particula r dress sizes so my assumption was that a large would fit a range of 10 12 the dress fits me w ell in the fitted waist which has zero give but the top fits very strangely you can even det ect it on the model in the photo with a tightness at the clavicle and a weird abundance of fa bric above the waistband \r\n\r\ni will still happily wear the dress with sweaters this season great for lounging or running errands can be dressed up or down i found them to run at least a size large though i agree with the other reviewer the picture does not do this jacket any just ice at all the material drapes beautifully and is easily cinched or opened up for slightly diff erent looks i kind of consider it more of a cardigan than a jacket and plan on wearing it over everything i tried it on over workout gear and it looked great than wore it over jeans and a ch unky sweater and it looked awesome very versatile and flattering agree with the others when i

saw this jacket in the store i really liked it and when i tried it on i had to have it it look
s great drapes beautifully and the color goes with so many things my first instinct was to siz
e up to a medium to maximize the drape but it wasn t necessary runs a tad on the large side l
ove the contrast of fabrics thick and thin comfy like a favorite sweatshirt but with style ca
n be worn both on a night out or curled up on the sofa watching a movie at home non stop compl
iments i wear this with dresses at the office and denim on the weekends super versatile thi
s is one of those pieces that you keep forever i initially ordered a small but found it looked
way more oversized then what it should look like even considering the style i was swimming in
fabric i exchanged it for a petite small and it fit perfectly it goes so well with so many l
ooks and it is going to last a long while in my rotation looks much better in person too my
only reservation is that unlike the original one i received this one had many threads loose thr
oughout which i clipped and think will be alright but i expected i love this sweater my only
worry is that i ll constantly be catching the little loops on things and getting it all messed u
p i haven t been able to wear it out yet so we ll see i ll just have to be careful this is
a really cute shirt i love the design color and everything about this shirt but the size i am
5 1 and 105 lbs i can usually wear an xs or xsp the xs was huge and they were sold out of smal
ler sizes or i would have ordered one this unfortunately had to go back these pants have a ver
y odd design but they are so soft and so comfortable i could not resist going on a trip to key
west and thought they would be great for the plane ride they fit true to size could not pass u
p as they were on sale i would have never purchased this jacket based on the photo displayed he
re it looks like something my grandma would wear in person however this jacket is so versati
le the fabric moves with your body and the ties at the bottom in the back and inside at the wai
st can be cinched to give it the look you want i purchased this to wear with the weekend widele
gs which i also adore and it s absolutely perfect color goes with everything i ll wear it w
ith boyfriend jeans in the fall too great i love love this trench i bought the grey and it
goes well with so many other pieces i can dress it up for work or wear it out for brunch on the
weekend it s a great layering piece for the san francisco weather i m adjusting to \r\n\r\nit d
oes run a little big but i don t mind because it gives enough room for layering i m short at 5
3 but still stuck with a small a small petite probably would look great as well \r\n\r\nhei he
i consistently makes great jackets trenches this top is so pretty i would say it s probably
about 1 size smaller than normal but i like the cropped fit love this top just received it to
day \r\nit is a very artistic interpretation for a casual top \r\nthe blue is gorgeous \r\nthe u
nique style of the peplm and the details on the front set this apart \r\nruns a little shorter
but i feel the length enhances it s beauty and is appropriate for the overall design \r\nlove
\r\nordered my usual size and it fits perfectly this is such a gorgeous shade of indigo i was
instantly attracted to it upon trying on i was surprised at how soft the fabric was definitel
y a cozy sweatshirt feel in disguise i love the peplum detailing and found the xs to be just ri
ght in length to my hip and everywhere else i can t wait for it to cool off here in new england
so i can wear this beautiful top i anticipate many compliments on s lovely top i absolutely
love this jacket i wear it almost everyday works as a cardigan or a jacket my favorite retail
er purchase so far wow this is a keeper love how soft and special the color feels the knit f
or back and arms makes it very comfy and easy to wear not really easy to layer it since arms pr
etty fitted love it with jeans since the back ends at waist beautiful dress for those with a l
arge chest and small waist sadly i am not one and needed to return the dress fabric is heavy a
nd the pattern is great nan this top has the thickness and comfort of a sweatshirt with artist
ic flair and a figure flattering unique cut it works very well on me as i m a petite large i
only wish it was a little roomier or that i was 10 lbs lighter but it s stretchy and i really
love wearing it the color is a rich indigo with a slightly worn look which adds texture and dim
ension i fell in love with this top when i first saw it in the store and bought it during the
25 off sale i m petite 32dd usually a size 4 i tried the xs and s and while both fit i lik
e the roominess of the s so i got that size i bought the regular size for a little extra length
but could have worn the petite it s great for layering because of all the bright colors and al
though the front is polyester the back is knit so it s nice and cool i personally love loose f
itting shorter tops so i this dress is absolutely darling it is light as a feather and floats
on the body the fabric looks almost handpainted and fits like a dream i disagree with the prev
ious poster and i think it looks very rich super comfortable and i know i ll get lots of wear o
ut of it you can dress it up or dress it down love it i love this cardigan it s quite luxuri
ous and roomy and long in the front leaving lots to wrap around yourself the back is more crop
ped\nand slim fitting to help balance this is so soft and warm i love it definitely bulky and
cozy not fitted but perfect for a casual look i m usually a medium in sweaters but got a smal
l in this and it s still a little loose which is perfect this top is very cute very flatterin
g and very unique love the high low back also very comfy would recommend to anyone cozy slo

uchy sweater very versatile fits tts just as shown on model nan soft pretty design and perf

when i saw the pattern i knew i had to have it the fit is a bit strange short which is fine
for me as i am petite and boxy i bought it on sale and think its good value for the price its
a good late summer early fall piece i could seriously sleep in this it s that soft i dressed
this with a white tee and holey jeans then i wore it to work today over a blue midi dress love
this jacket this is a very stylish and unique trench it does run a bit large as i am usually
a medium in jackets but needed a small for this one i am 5 2 120 lbs but with a large che
st i think it s very flattering i have small hips but the large pockets do not make me look b
igger it arrived very wrinkled but i just touched it up with an iron i think the color is mor
e of a taupe gray and will go with everything love it nan i tried this on at my local store an
d immediately had to buy it the picture does not do it justice it drapes wonderfully in front
and sticks out a bit at the pockets to give some added personality fabric is very soft and ligh
t weight highly recommend as other reviewers have pointed out this jacket is way prettier in
person than it is in the photos i can wear it with just about anything the fabric is soft and
lightweight and drapes really nicely my only complaint is the photos make the taupe jacket loo
k like it has just a hint of peach mauve but in person it s a pretty standard beige i would ha
ve liked that hint of color these are the cutest pants ever they are super soft and a nice lig
htweight material for spring summer sadly i have to return them because they are huge i gener
ally wear an xs in retailer and these literally fall off my waist and look like clown pants i
wish they made an xxs if you size down at least one size they are adorable absolutely love th
is jacket initially wanted to buy the melita draped jacket which looks similar to this one and
tried them both on in store the latter just didn t drape properly and looked more like a bathro
be on me but this piece is amazing it falls nicely and the pockets jut out a bit giving it a u
nique look the fabric is fluid and soft and it has a tie waist with another tie in the back of
the jacket middle bottom which is a bit of an added but subtle flair the color is a bit more
t nan i disagree with the fit description from the other reviews i find the shirt to be super f
lattering and comfy yes it it short in comparison to many styles these days but it hits right
at the waistline without being too short super vibrant colors nan the concept of this top is e
dgy for a sweatshirt fabric i think it works better on a thin frame instead of my curvy frame
although i appreciate the design it did not work for me this shirt is semi fitted i like it b
ecause it is not boxy but not overly tight it is not heavy even though it is a sweatshirt mater
ial i wish the neck was a bit higher but i will wear a tee under it the back is really cute
\r\nit is different and i like that i do not understand how a couple people gave this a bad rev
iew i loved this jacket from the minute i tried it on cute in the picture and cuter on becaus
e it is so comfortable the fabric is super soft and does not wrinkle as one reviewer stated
i took it on the plane with me just to keep warm and it was fabulous looked as good going on th
e plane as it did coming off the drape of the jacket flows nicely and i love the oversized pock
ets to stash my phone or lipstick this jacket will carry this top is made from a thick sweatsh
irt type fabric making it a nice choice for transitional weather the details are quite unusual
and lovely i just got it and i ve already worn it twice this was a nice surprise because it s
a thick sweatshirt type of fabric don t be deterred it is nothing like a sweatshirt it s comf
y like a sweatshirt though i m 5 feet tall 120 pounds i ordered my usual size petite small and
it fit perfectly what little height i have is in my torso i didn t find that the top was short
at all it s without a doubt tts order your usual size if you have a tummy or bootie this top
is the ticket the description on the fabric details that the other reviews another beautiful re
tailer top i ordered a small 5 4 112 lbs broad shoulders athletic build and it looked rea
lly large when i pulled it out of the package it s a bit large but i wouldn t want it tighter
through the bust 34c the colors are vibrant and the print is really beautiful although it
can be hand washed i will be taking this to the cleaners to preserve the color i love retailer
because their clothing is so often unique no only is this a beautiful update to a basic white
top it is incredibly soft i couldn t pass it up and wish it came in more colors love this so
cute to have t shirt with additional details usually get medium size in blouses but liked the f
it of the large better really love this blouse for several reasons it fits pretty true to s
ize depending on how fitted you want it not too much of a difference between a 6 or 8 it is a
bit sheer but i am not worried about it now my favorite part is the tie in the middle final
ly not a boxy waist it s up to you to pull it in or loosen the length is perfect not too lon
g so it works over skirts too it is soft my only concern is how long will it last will requir
e careful washing and ironing may end up pu i went into retailer looking for a specific dress a
nd had to try this on when i saw how lovely it looked displayed at the store it is a beautiful
dress not see through at all substantial weight not to heavy and so very beautiful i stayed
tts on it i would have purchased it but was buying 3 other dresses i may go back as it will

be perfect for the hot summer days i was so impressed with the quality of this top that i bough
t it in all the colors it is comfy and thin i purchased my usual size it is so adorable wit
h the lattice stripe i love this top i got the blue the colors are deep and just beautiful\r
\ni m normally a large so i feel this top runs large i got the medium and it fits perfect \r\n
it is long i m 5 6 and it hits the bottom of my butt \r\nyou won t be disappointed try this
top i bought this top during the extra 30 off sale so the price was definitely worth it and i
know i ll get a lot of wear out it i bought the grey and the lace isn t too revealing but just
enough for me to want to wear a cami underneath especially at work i m normally a small 4 in r
etailer brands but i bought a xs and it fits great so it does run a little large as a curvy
short gal finding a nice button down that isn t boxy or way too low cut is like finding a gem
this shirt is perfect for work and i love how flattering it is my only reservation is that it
is more sheer than i would like and so i need a camisole with it i wish this style came in mor
e colors i love this shirt great mix of chic comfortable and feminine can wear for many occa
sions i bought these in the navy stripe and they re soft and comfortable i m between a small a
nd a medium and the medium works here i could not have worn a small in these the narrow stri
pes make the pants flattering and the drape is lovely i wish they had pockets but i guess i can
t have everything i just bought this dress as it went on sale recently i read all the other re
views and imho the dress is ivory not yellow as another reviewer suggested i am only 5 2 a
nd weigh 115llbs there were no petite sizes available so i bought a size 2 which is a bit long
but that s ok the arm holes weren t too small and the neckline is large enough to slip over my
head the dress is very much a swing dress i wish there was just a little less dress it real
ly is too voluminous for my taste i very happy with this top love the design very different
also like that the front panel is different fabric buttons also are a fun detail great shirt t
o transition from summer to fall i usually wear xs or s ordered this in xs and perfect fit go
ing to be a favorite i am writing a review even though this is currently sold out and was just
released what i love the fit snug not too tight and xs is true to size in the sense of his
torically the wasit is cinched in ample room in the chest the fabric is substantial thick an
d sturdy and not prone to wrinkle based on me having it in the bag in the hot car and no fals
e pleats was created the sleeves are fun and different may be a bit much for some it is in mu
ltiple pieces why it flutters so nicely i have mixed feelings about htis top it is a nice sha
pe and comfortable fits triue t o size but hte fabric is thin adn sheer i decided to keep in
mind if it goes on sale the 0 fit me perfectly 115 lbs 3 dd chest this fits me more like a
tunic so i wear it with jeggings i am 5 4 and usually a 10 12 petite and the s fit well \r\nthe
arms are stretchy which i like since i have an athletic build love the butterfly pattern i ha
d to go up one size but i love this blouse dressy enough for work and you can make it casual
with jeans tight across the chest but the next size up fit perfect like others are saying th
e sleeve and bust are running small i found out that when i was trying the blue color one but
terfly however before trying the blue one i tried the neutral color one at my local store i
n the same size s it fit me perfectly no issue with the sleeve and bust i don t understand
why they re different love this tee it has a drapery cut which i love the only thing i found
was that it ran a bit smaller i love this dress it is super cute and swingy a perfect summer
dress dress it up or even for a fun summer afternoon with sandals the fit is great the armho
les on the regular 0 were a little big the 0petite is much better i love the look of this tee
casual but with some interesting details that make it more flattering and wearable than a plain
tee i tried on my regular size xs and it was large and frumpy so i was initial disappointed h
owever when it was on promo i decided to try the xxs and it made a huge difference if you siz
e down it is great and looks like it does on the model i ordered the coral and it is a beautifu
l color the dye seems to be uneven as it is darker in some parts for this reason i the shirt
is a little roomy but so flattering the design with little see through holes across the shirt a
re unusual and make it unique this is such a fun dress to pull out during the summer it is bea
utiful and i receive numerous compliments whenever i wear it also it is pretty lightweight so
it stays cool i purchased the tan ish gray colored one in xs it looks a bit mauve in the pic
tures but is still very beautiful i like the drape of the fabric and the cats on the front t
he one drawback is that the arms are very snug especially the upper arm and chest i have not w
orn it yet and am debating whether or not to exchange for the next size up just have to get to
my area retailer before they sell out of the size small i purchased this top in a size s it is
lovely but way too wide i am 5 8 and 140 lbs so it s unusual for me to have to size down to a
n xs i am going to see if sizing down helps but i am worried it will still be too wide the fa
bric seemed of high quality and i loved the faded color so i am going to give it another chance
this is longer than i thought it would be but again i m petite i ordered the grey and it s mor
e of a grey green color that is absolutely beautiful it is such a cute and easy top to wear i
saw this dress and was immediately drawn to it the pictures others posted of themselves wearing

it just made me want it more i knew the color said ivory when i ordered it but i wasn t prepar
ed for how yellow it was there is a liner slip and it was honestly a pale yellow it made the w
hole thing look dingy i was so disappointed if this dress was white i would ve kept it sadly
i had to return i am 5 1 around 135 lbs and i ordered a petite 6 i probably could ve gone a p
etite 4 very cut this shirt is so cute with the cutout stripes and it goes with everything it
s easy to wear and true to size you can dress it up or dress it down the fabric is soft but al
so light weight i am so happy to own this classic piece super cute top thin would look grea
t layered not crazy how it looked by itself i love this blouse it is perfect for a curvy figu
re i think it runs true to size maybe size up if you have a larger chest i love how it is so
feminine yet structured the fabric is lovely soft and structured all at once love the knot i
tried it with the stevie ankle jean and couldn t leave the store without it it is pricey but so
metimes its okay to pay for a perfect fit for the price of this tee the beautiful front lat
tice work should have been extended onto the back would have been a classier more finished loo
king garment if the cost is not an issue then this tee makes a nice neutral addition to a neat
but casual summer look good weight and texture to the dress but looked to tent like for me eve
n taking it out of the package my first thought was is this size mislabeled i got a 0 but coul
d probably have done better with 00 if those were in stock or if petite sizes were still availab
le returning but wish i could keep it i loved the mauve color i loved the idea of the heathere
d fabric and lace insets but the linen was rough and scratchy my regular size was boxy and a l
ittle too short \r\n\r\nsize i ordered my normal size small for retailer brands i m 5 4 tall
approx 135 lbs 35 29 36 34d long torso \r\n\r\nfit i was swimming in size small the cut w
as boxy and unflattering on me very wide through the chest it kind of hung on me the length w
as a bit short for my liking \r\n\r\nif i were to size down i would b i love this top the arm
s fit slender but the rest of the top is a nice loose fit i love the navy blue one with the pri
nt i normally don 39 t like long tunics but it 39 s so flattering even for my short frame i
39 m usually a medium on top and bought the medium which was perfect a classy t shirt can go
from work to casual \r\nthe gray and mauve were both drab in color and hard to pair with neutral
dress pants \r\ni chose the white it definitely runs large so size down i e wear m l chose
s \r\nthe fabric is linen very itch so tank is probably needed underneath \r\nflattering fit
for curvy figure comfy gauzy tee that has lovely lace detailing the white is totally see thro
ugh just fyi i don t think it s the best quality but totally worth the sale price i got the m
and it s loose and flowy in a good way this is a pretty top but the arm sleeves are scratchy i
have sensitive skin and had to return it because of this otherwise it would have been a keepe
r the detail and overall quality of the fabric is incredible i normally avoid swing dresses b
ut this is a flattering dress i typically wear between sizes 2 6 depending on designer and a
6 fit me perfectly i m extremely happy that i purchased it and received compliments as soon as
i wore it out i m also tall so i have to be concerned with length of dresses and this falls pe
rfectly right at the top of the knee the fabric is so thin i think this entire garment might a
ctually fit in a normal sized letter envelope the problem is not going to be that the garment i
s see through which it is it s the fact that the super thin fabric is not silky it s cotton
ey and i suspect it will get stuck against the back of my shirt pants while i m wearing it an
d not drape nicely i wonder if some tiny weights could be sewn to the bottom hem to keep it lay
ing properly \r\n\r\nhowever i m such a sucker for a pre the embroidery across the top is q
uite lovely the softness and light weighted fabric was ideal for the summer months making this
purchase on sale was such a bonus this is absolutely beautiful the picture online doesn t do i
t justice i slipped this on with skinny jeans in the store and was hooked instantly fit was a
little large i would have tried a petite but this shirt doesn t come in petite sizes love this
this is a very pretty blouse and i like the mix of fabrics i bought this in my usual size and i
t fit nicely except for the fact it is much too long i have a short torso and all this does it
just cling and sit on my butt perhaps this would work very nicely on someone that was athletic
or tall and slender sad to say i had to return this because of the length i m a size xl so m
y review might not apply to all people i purchase my retailer tops in size xl and sometimes the
y fit great and sometimes they don t when i put this top on it looked like i was wearing an ope
n cardigan nowhere near buttoning i have some sewing experience so i removed all 4 box pleats
which gave me an additional 8 inches of fabric after doing this i was able to easily button up
the blouse and have it lay nicely but i literally needed that extra 8 inches of fabric in the m
id i tried this top on in the store before i ordered it online i m a size 2 4 varies and i o
rdered it in a size 2 i ve been searching the perfect fitted white button down blouse for we
eks and i love this top it s figure flattering true to size and a cute classy alternative t
o your basic white button down i can t wait to wear it i ve been looking for a great white
blouse for awhile and this is it the tie waist is especially flattering for hourglass figures
but i m sure it would add some curves to any body type the fabric is soft not crisp and drape

s beautifully you definitely will be doing some ironing though it s a bit sheer but i always wear nude bras and felt no need for a cami i did buy the regular rather than petite sizing and usually wear a 0 or 2 but had to size up to a 4 regular to avoid gaping in f i ran into retaile r to actually return a dress and saw this hanging in the petite section and had to try it at al most 5 4 i can sometimes go between regular and petite sizing and thankfully i could grab the petite with this dress they didn t have the regular size it s airy and summery i love the de sign of the swing it s loose but not tent like the length came to about 3 inches above my kne e it s not see though at all i had black bottoms on and you couldn t see them another plus it tha as previous reviews have stated this blouse is see through but it is amazing very rich q uality and can be dressed up or dressed down it is well worth the price now that it is on sale this top has great lines and has a very flattering fit nan fun take on the white shirt it is f lattering and fun and yes very soft material so comfy \r\nbut as others have stated the mater ial is very thin so your full bra outline will show or you throw on a cami love the swing styl e boxy fit versatile works well over jeans or any pants and top like the coated linen or co tton look serves much the same purpose as any light weight or denim jacket good to wear ove r a top to complete an outfit or as an extra thin layer but not a substantial outdoor jacket re ally quite cute fairly tts but if between sizes size down i ve had this jacket for a few week s and it has been a terrific transition piece for the spring this is a lightweight layering pie ce without any lining it works well as a topper for cooler morning temps and you can still wear it later in the day without perspiring through it i bought it in the olive color which works w ith just about everything and the xs was tts for reference 5 4 116 lbs the fit is slightly b oxy with a nice swing and drape in the back for those concerned about the back i loved the prin t on both but first bought the blue to check out the fit and feel i went ahead and ordered the cat one today the fit is relaxed and slightly oversized so if you want a slimmer or less boxy f it size down for myself m was perfect since i m built larger and broader on top the top is a bit long covers my hips and some of my bottom it s a mixed fabric design so the linen part ma y feel scratchy to sensitive types cute and perhaps a little too innocent for my age because th e petite was too high and wide on me fits great on my shoulders chest and the flare can be con trolled with a layer and belt i already have a few ivory lace dresses that look age appropriat e first try i don t think i have the right personality for this one looks great on everyone else i ve seen wearing it the label says 100 linen but it s so silky and drapey that it feels like silk and linen it s not a scratchy linen at all it s a very very fine knit but the top i s not sheer i do not think you need a cami under it \r\n\r\ni bought the xl and the fit is jus t as shown it has a slight drape but it s not really baggy at all i bought the grey and it lo oks lighter on line that it really is it s a bit darker and has a silver essence also i liked this so much i just bought another one in mauve saw this top in store months ago but couldn t justify paying full price when i saw it on sale i had to get it it s flattering on both me and my mom and we wear xs and l good for a lot of body types since the fit is more loose the top is more sheer than pictured but it should be fine with a tank underneath i plan on wearing it when going out with friends love the lattice inserts makes it feel like you have ventilation which is nice on a hot summer day i purchased this in grey and in xs i normally wear m for a l ooser fit s for a more fitted look so i was really surprised that an xs worked for me and was fitted i haven t worn it since i washed it though decided to buy the white but in a small pre tty but very see thru will need to wear a shirt underneath a little bummed because i liked the breeze one other comment this shirt is long wh this is a fantastic top to wear with the paige high wasted flair jeans love it love the the pattern on these tops i got the grey and got a to n of compliments on it the fabric is a great weight for fall it does fit on the larger side so i would definitely size down i got the xs and wish xxs had been available as all the reviews s ay it is completely sheer it s a very cute top other than that i wasn t sure about this top on line in the picture it sort of looks like it juts out after the tie but the reviews said it w as really soft and flattering on i wasn t sure exactly how the sizing translated numbers vs le tters so i ventured into the store i am normally either an xxs or xs in most retailer tops i went with size 2 i think i would have been ok in the 0 but it might have gotten a bit snug in the shoulder area sizing down and with the front tie it can be cinched in to create i like thi s tunic it is quite long and print in blue looks good with the butterflies it feels very hot t hough maybe better for winter the sleeves are linen i usually don t like linen much it feels scratchy this top works better in colder weather due to the sleeves and length of top more lik e a tunic i recommend it but am sending it back because i need something for summer this top c aught my eye in the store due to the beautiful print and lovely fabric the photo really doesn t do it justice i happened to have on a pencil skirt when i tried it on and the top looked great with my skirt though i will probably wear it more often with jeans or pants it s a stunner the petites fit perfect these are so comfortable i will get much us out of them i bought the si

ze 27 in these i m usually a 27 or 28 measurements 27 38 and they fit perfectly i m more o
f a pear shape and they re very flattering the moss color is lovely and will go with a lot and
they can be dressed up or down nan just as beautiful as in the picture it is warm and the best
part is that it is not itchy love it and cannot wait to wear it as the weather changes i just
got a pair of these in petite 28 and really like them i am short though so even the petite len
gth is too long for me i wish it was the height of the cuff shorter than it is so i end up fold
ing the cuff up it still looks cute though the stitching details are nice and quality seems go
od hoping they hold up the fabric seems durable if not a little too thick for hot summer weath
er but great for indoor a c office temperatures i am not going to buy another pair at full pric
e but would c the craftmanship material not itchy at all to me are exquisite for this unique
sweater coat but the shape is not for me i have a slender build 5 8 130 lbs 34 b chest i o
redered my usual sm which fit and the silouette of this piece looked ridiculous on me when b
uttoned the top half was nicely fitted not snug however the lower half ballooned out to ove
remphasize the hips due to the pleating in back the thing is i have no hips and having hips i
s a very good thing though not i i m 5 5 115 lbs with a 25 waist and 35 hips i purchased
a 25 and the fit was perfect i m just a bit short waisted have a rather small waist and often
find that pants of any kind gap at the back these fit perfectly felt great on and i love the
fabric this is a very pretty sweater and the neutral color works well with everything the deta
il in the back makes it unique it runs large though so size down the sleeves by the cuffs do
tend to stretch out easily but it washes well so it s not a big issue haven t worn it yet b
ut i am loving this top it is much prettier in person i sized up to a med based on reviews and
it looks like it runs small i didn t try it on until i got home and probably could have done ok
in a small but will keep the medium so it s not tight across my chest the knit material that ma
kes up the arms and back is thin which is my only complaint if it was slightly thicker it woul
d look nicer and i m sure wear longer i m happy with my purchase the colors fabric embroi lov
ed my mustard colored ones so much i also bought the ligher green color fit is wonderful and
very flattering they can be dressed up or down they look great with heals or booties i m a 5
7 and curvy these pants fit well and are so comfortable i think everyone should own at least o
ne pair i am two months postpartum and bought this top to have something to wear for a date nig
ht it is so flattering and has a beautiful cut loose but not baggy or unflattering i bought a
small but could have probably sized down so there s a decent amount of wiggle room in the siz
ing great length for jeans or leggings i ordered in this in the kelly green and loved it so mu
ch i wore it the very next day after it came in the mail the green color is gorgeous and easily
complements so many other colors in my wardrobe the cardigan itself is super comfy and i love t
he full length long sleeves so many cardigans these days come with 3 4 length sleeves which ar
e fine but sometimes you want a long sleeve the fit almost runs on the larger side but i thin
k that a slightly looser look works well for this cardigan i tried on a returned 24p in my stor
e they were almost the right length but the fit was more snug than pictured here i have muscu
lar thighs butt and 115 lbs they were nice though kind of a skinny pant the carbon is a dar
k grey can go with anything only gripe is the waist height is low at least on the behind
i would certainly show if i bend down without a long top i like this jacket very neutral in co
lor classic cut and vintage like old retailer unfortunately i ordered xs p and not xxs p a
nd i found it wasn t right on me a little loose so not as flattering i understand that jacket
s are meant to be worn over things but i didn t love the look some may find the material itchy
fine for me but i am not as sensitive as others can do small amounts of wool i am 115 lbs 3
0 dd and 26 5 in waist for reference with sizing this one is way better in person admittedly
i put it in my basket only becasue it was on the stylists picks well it is great a little sh
eer adn super static y when i received it but oh so soft the plunge is a tiny bit low for my
liking but this doe n tt come in petites so i had to suck it up and keep the regular sie teh c
oloring is nice too neutral event htough there is rust and navy and greay ish it stil lcan be
worn with anything these days i am more like a 6 after gaining some weight when i was in my l
ocal retailer the other day i happened upon this dress only in a small petite i tried it on and
it actually fit me very well i am 5 foot 6 so i thought the petite might be too short or wouldn
t work but surprisingly it fit my body type i think i ll like wearing it best with a pair of w
edges or heels like most other reviews i m inclined to agree that the regular size has too much
fabric going on and probably is s the beautiful bold print drew me to this top and it did not di
sappoint upon receipt however the bottom ruffle belled so far out on each side that it was lau
ghable the actual fit is nothing like the picture clearly the model s arms are placed in front
of all the extra fabric to hold the ruffle back \r\nhowever the fabric is beautiful the fit wa
s perfect size 2 5 4 106 lbs the quality is great and i love the print so i decided to ta
ke it to my tailor to sew away the wings on both si nan i got the pilcro hyphen chinos in a
size 25p and they fit so i assumed i would be the same size in the pilcro stet chinos nope t

he 25p was way short and way tight i m 5 3 and about 113 lbs my mom is 5 and 98 lbs and they fit her so i gave the 25p stet chinos to her to keep disappointed i bought this cardigan in gr ey it s sturdy soft great layering sweater over a top or even under a heavier sweater the ta il in back is long and unique the shape is flattering and for a lighter cardigan it s more su bstantial than others out there the sleeves are long enough for my long arms which i love i l ove this sweatshirt new favorite it has a comfy meant to be oversized fit love the little i nspirational quote and it s the kind of sweatshirt you want to live in so stinking soft got lots of compliments at the gym and the pick up line at school this top is lovely exquisite e mbroidery in a silvery beige color compliments the deep plum the fit is close to highlight your curves while being just a touch comfy very chic for a jazzed up outfit for a night out with je ans or black pants and your best booties i wear a size 8 normally and the medium fits me perfec tly my body type is curvy and athletic this top is beautifully made but comfortable the neck line is a stretch fabric and the cut is very flattering the length is just short enough that it doesn t look like a dress beautiful design and soft warm wool warm enough to have on outside in the fall i live in pdx and also stylish enough to keep on inside buy the right size not too big because it s meant to fit on the waist and the skirt swings out from there very comfor table im 5 2 so i ordered the petite and its a perfect length no need to roll up slightly sli m fit but not overly tight typically order everything online and didn t need to return ordered charcoal color which is simply a faded black dark grey i m a little on the short side i was af raid it was going to be too long in the back the sweater is perfect all the way around i like the looseness in the front and like the way it lays in the back the color is great so glad i p urchased this tunic just lovely can see myself reaching for it constantly this summer necklac e friendly too great chinos but they run a size large i ordered my normal pants size and had to return them for one size down i actually like them so much after finding the right size i b ought a second pair in store i have the grey and mustard yellow love them just order a size d own ordered the grey colored capris they fit great i am 5 5 110lbs and the size 25 fits me c omfortably i ve recently been making a transition into more comfortable looser style pants ins tead of skin tight jeans these are great still figure flattering but comfortable and well mad e the detail on the button section is lovely also i love these pants bought them in the mus tard color my only complaint is that they are not colorfast i washed them in cold water with other colored items most of which belonged to my husband not good and pretty much ruined an entire load of laundry except for these pants retailer please color test your garments t here is really no excuse for fabrics like this to run in this day and age i have mixed feelings on these i ordered the honey which is a mustard color as shown in the picture they are true to size cute and comfortable i washed them the first time with a load of darks and the color ran onto other clothes plus the pants looked a little streaked in some areas i m not sure if this was a bad lot but back to the store they went i am 5 9 1 2 tall 150 lbs i bought the 8 in t he honey color they fit perfectly there is some stretch and they are super soft which for som e reason is totally why i buy clothes the length is good since they are capris also they did not have my size in store so they had them shipped for free to my home received them within 3 business days \r\n\r\ni would very much recommend them for a casual fun look the honey color will look great with navy grey and white for summer earlier this year i bought a pair of pilc ro hyphen s as a birthday gift for a family member and she absolutely loved them after hearing from her how comfortable and amazing the pants are i had to get some for myself i usually only wear denim pants everything else is skirts dresses or shorts so this was a big change in styl e for me so far i love them they are way more comfy than i had expected and made from great mat erial \r\ni m 5 2 and 120lbs they 27s fit perfectly i do not have slim bought the pink colo r in the store and just loved the way that they fit me i ended up ordering the light blue perf ect for a cool summer evening can be worn with sandals wedges or converse sneakers nan this is my third pair of these pants they are my everyday staple good for work or play these pants are so great they fit as expected and are a nice skinny crop but nothing too tight the fabric is very soft making these pants incredibly comfortable this was my first pair of the stet crops but will probably buy another pair in the future this coat is a beauty the embroidery is much prettier irl and the wool is not itchy at all best of all is the tailoring as i am very petite and i am so tired of all the shapeless sack like coats jackets it fits tts and has pockets it is perfect just wish retailer has more offerings like this thank you retailer for creating t his sweetly vintage and feminine sweatercoat the boiled wool is lovely and the embroidery makes me lightheaded just looking at it this is definitely a nod to retailer s past and i love it to bits \r\ni usually wear a size s or xs but bought this in the xs the fit is flattering as can be i was so happy to find a fitted and timeless piece in the sea of boxy and trendy sweaters \r \n it s true that this sweater isn t lined but to my mind it would be a crime this shirt is mo re beautiful in person it has a lovely hand feel soft and the blue is as shown but a bit more

vibrant i bought it for my 13 year old niece she loved it she may have to return for a small
but i do feel the size ran true to size it depends on how you want to wear it this top is so g
orgeous the color the embroidery the neckline are all perfect this can be worn casually wit
h jeans or dressed up for a special occasion i wore this to a thanksgiving part but also to ta
ke final exams in because it is comfy too this piece definitely runs small i ordered a larg
e despite being a medium in almost everything else at retailer and the fit is perfect gorgeous
embroidering and feel very soft for wool this is a lot lighter than more jackets but with go
od layering can be worn in the winter i m 5ft tall and 150 lbs curvy and hourglass this hugs
my curves beautifully in a size small and gives me a feminine shape it runs up to my knees and
the sleeves are a bit long which will be hemmed soon i wanted the petite but it was sold out h
onestly this is perfect minus the arms the quality is gorgeous so soft and inviting to wear
it runs la these are the same in sizing as the hyphen chinos but these are far more versatile
i love the boyfriend look of the hyphens but the stet chino can be dressed up or down they are
so comfortable and the fit is wonderful i m 5 8 138 lbs and i took my usual size 28 in these
i have full thighs and i didn t find these to be too tight in the legs at all but i only tried
on the black charcoal absolutely adore this jacket i m typically a true medium at retailer and
the medium fit perfect the small actually fit really well to and had a little room for sweaters
under it but i decided to stick with the medium just so i could bundle up if need be so perfect
and beautiful the embroidery is gorgeous i feel so feminine in this coat i got the honey color
ed and love the color they are very comfy and soft i look forward to wearing them all summer i
am a huge fan of cloth and stone tops as they are very versatile \nthis particular one didn t di
sappoint the combination of plaid and tie dye is so fun and fresh yet the blue makes this piec
e an easy one to match with many bottoms \n\nnow for the fit \nthe cotton is very soft and light
weight \ni bought my normal size medium and it fits perfectly \n\ni look forward to wearing this
piece often i bought 2 pair of these in the store and ordered another color at the same time t
hese chinos are great for my figure i like to think of myself as a diamond shape large che
st moderate waist large hips and small legs these pants fit so great i bought my regular
size and don t have to take in the legs the fabric is nice with the additional stretch so we wo
men who aren t 20 or 30 something any longer can still feel great and look good without being du
mpy i m not a teeny woman either 1 i m 5 5 tall 145 lbs and 38 32 40 and the size 30s fit m
e perfectly \n\n2 i love the hyphen chinos and these fit almost the same just a bit trimmer
they are not tight and just skim my body perfectly \n\n3 i love all the colors the red is dar
ker than the two hyphen pinks \n\n4 the pants are comfy enough to be really casual and dressy e
nough to wear to work i bought the moss which is more of a pretty pastel green they are very
nice in that they aren t tight yet stylish and i can dress them up the only drawback is that t
hey stretch a lot i can get two wears out of them maybe a 3rd if not worn for hours and hours
or all day each wear i m getting the light yellow pilcro hyphen chinos now all the colors of
both styles in the store are very nice i d like to have each color for reference i m 5 2 an
d size 27 i would say that they are tts b i absolutely love these capris after reading the rev
iews i thought that they may fit a bit snug through the thigh but they fit perfectly i am rou
ghly a size six depending on the design i can sometimes squeeze into a 4 i bought the size 2
7 in these and its perfect also i thought that the green would be more of a mint but its defi
nitely a more of a mossy color i love that they are so versatile and literally go with everythi
ng will be getting more colors in the future great buy this is classic retailer at it s best
quality style a little something extra makes this piece something that will likely live in m
y fall winter wardrobe for decades to come first the quality is superb soft gray wool with
a delicate floral embroidery motif on the front military buttons down the front with a fit and
flare waist on a 3 4 length coat versatile enough to wear as a sweater or light coat for early
fall fit is generous enough to easily fit a bulky sweater underneath and lay cute comfy and w
ould highly recommend them to others i plan on getting one more color because i feel like i wil
l wear them all the time love the design it s screams retailer and is form fitting flatterin
g and super cute however the material has the itch factor for me it s not lined and therefor
e quite scratchy along the collar as well what a shame love the fabric on this so many retail
er tops sit unworn in my closet because they are sheer and i have to wear a layer underneath th
is will not be one of those the fabric is beautifully embroidered and thick enough that it does
n t feel too delicate the back is a super soft jersey feel wonderful will go nicely with je
ans flats for me as a super bonus i bought it with my birthday discount and now have in in t
ime for a downton abby party i ll be so pretty the perfect summer pants i will be ordering
more colors and possibly a smaller size i think the slim fit would look just as good in a less
slouchy size i bought a size 31 petite in the dark blue not navy and they fit perfect and the
color is amazing very high quality feel very soft and comfy for reference i m curvy 5 2 1
46 lbs usual size is a 31 10 12 but i ve recently been losing weight so my sizing may be off

the pants do stretch out like most pilcro chinos very cute and great fit i removed the belt i
t s removable for a different look i fell in love with this top when i first saw it on the ret
ailer website and was pleasantly surprised when it was every bit as beautiful in person as it wa
s online even more so the bronze colored threads are to die for and the fit is perfect on my
5 4 129 lb 34c frame if your on the fence on this one get it it s worth the purchase i lo
ve these bottoms great colors i also love the feel of the bottoms very soft high quality i
m 5 months pregnant and wanted some beautiful tunics to mix it up between the usual maternity we
ar this top is lovely i love the cut length and embroidered details however i am not a fan of
the side slits this will work much better post partum so i plan to keep it but my belly current
ly pulls the slits a bit awkward these chinos are really soft and comfortable but they run rea
lly large i have the 27 petite 5 4 115 lbs and they are too big i originally bought the 28
petite and exchanged them for the 27 and after wearing the 27s all day i have realized they are
significantly too big they stretch as you wear them so they ended up completely saggy in the bu
tt and hanging around my hip bones i was in the store today and tried on a pair in 26 regular a
nd those were also too big i didn t have time to try beautifully constructed and designed this
lovely sweater coat from rosie neira makes me anticipate fall weather more than i should the fi
t is perfect for light layering and has a feminine silhouette the wool feels like all my other
boiled wool pieces it s soft slightly itchy but tolerable i wear a layer anyway so i hardly
notice just be aware for those that are extra sensitive i purchased size mp and my stats are 5
3 135 38 28 35 nan i m not much of a chino girl but these fit like a favorite pair of jeans a
nd with heels still look really polished love them soft fitted without being tight flatterin
g neckline nice embroidery i wanted to love these but the zipper is extremely short and they
were not flattering on my thicker thighs and large behind the fabric is so soft however and th
e color is great would work on a less curvy woman i m so pleased with this cropped chino with
all its lovely colors i have bought 3 colors so far and i love the fit and comfort of these i
m 5 1 104 pounds and took the 24p since this runs a size large my favorite is the lovely moss
color which really a brighter mint green and i also love the honey color for spring and summer
these fit slightly slim yet still feel relaxed love them and highly recommend these i took a c
hance and ordered extra one for my daughter without ever running it by her first i d first seen
the sweater in the store when another customer was tracking it down it looked so nice and uniqu
e i couldn t forget about it even though i didn t try it on at the time very happy i got it on
sale and so i got two luckily we go to our different workplaces in different towns super soft
cozy cardigan i have a long torso and this is just the right length to cover my behind i wish
retailer would carry more sweaters with this shape the sweater is soft and light perfect for
every day and you could wear it year round although with its lighter weight it might not be as
perfect for winter i purchased this in the kelly green color and it s gorgeous i have it on ri
ght now these are so soft and cute and i could see myself wearing them a lot however my norma
l 25 was just too baggy and the few times i tried to wear them around the house they just bagge
d out and all i did was pull them up every 2 seconds i ordered the black mostly because i wasn
t crazy about any of the other colors if there were any colors left in a 24 that i could see my
self wearing i would re order them in a smaller size and see if they were any better for me i
think if they fit you well a i love tiny tops they fit great i buy a small i wish this was a
henly style like some of their past versions of this embroidered style top but i still ike it an
d will get a lot of wear out of it at first i thought it was too much detal but it grew on me a
fter pulling an outfit together won t dissapoint just got these mara hoffman classic bikini bo
ttoms in flight azure print today and love them high quality fully lined and reversible the p
attern placement is perfectly symmetrical and the colors are just like the online photos \r\n \r
\ni think the size chart on the mara hoffman site is correct for where the bottoms sit on my bod
y above the widest part i have a a shape with smaller waist and hips full behind and thighs
currently 33 25 37ish 38 at the widest which is at my thighs in these t i loved this on the
mannequin and assumed it would look terrible on me i tried it on anyway and was delightfully su
rprised i tried a small and it was too roomy in the top so i opted for the extra small i m 5 6
and 130 lbs 27 in jeans 34a my booty definitely fills it out but the rest of the fit is sim
ilar to the model it is hard to get on and off but if you tie a looser bow before slipping it o
ver your head it s much easier to get back on and you can tighten it up again fairly easily f l
ove the blue color different than many blue tops i own i thought it was going to be a thicker
knit and perhaps more stiff but it is soft and a lighter knit and it makes the shape once on mu
ch more flattering i ove the interesting details on this pullover it is super cozy on and i lo
ve the arched hem and extra long cuffs the crew neck is wide and comfortable but not so wide th
at you need another shirt underneath great easy pullover with jeans or leggings i loved this t
op so much i bought it in both colors i have not seen anyone complain about this but on me th
e mock neck collapses in and looks messy unfortunately i returned both i sew and i do not und

erstand why this happened perfect fit for my size it elongate my petite frame great top that
can be worn so many ways i bought the top in gray because it is way more interesting in person
it has just a touch of sparkle in it and lots of texture i have seen this top on several people
and it seems to flatter lots of different body types well first off i knew a jumpsuit was going
to be a gamble for me i have a long torso at 6 feet but i just loved the print and the style
and typically all things sactuary so i was willing to risk it \nsadly the torso length was an is
sue and it seemed to run small to me i ordered a small which usually would fit fine but ended u
p pulling across my hips and with the patten being what it is well on me it just wasn t flatt
ering or comfortable i tried this on in a m it fit tts aside from the fact that there were su
per long very form fitted and flattering this sweater is pretty the cut is very flattering b
oth colors are nice i ordered both but i decided to reutn both only because i have enough swe
aters and live in southern california otherwise say go for it it is well made and woud defi
nitely keep me warm i also like the mock neck the long sleeve hem and contrasting colors
i tried on petite xs which was perfect for me 5 1 5 115 lbs i bought this jumpsuit in a si
ze medium 32d 31 waist 38 hips butt i have a jumpsuit in this style but it s silk so i was
looking for one i could wear anytime that said even i need a heel with this jumpsuit the prob
lems were these first it was very hard to get on very hard to tie the back get all four pane
ls even tied hiding my bra etc lots of fussing your may need a partner to help if i hadn t
been doing a lot of yoga i may not have managed once on the style looked great as this top c
aught my eye in store because of the fabric texture and light gray color i wasn t too sure i d
like the cut on the bottom but the neckline was so lovely i thought i d try it out i went with
a small which is my usual if not extra small and loved it as soon as i put it on the shape is
very flattering even with my post baby figure i definitely think that it s better in person th
an in the photos online and the price seems very good for a lovely sweater that s both classic
and mode high quality and worth full price but way too small also a bit short in the torso
this is by far one of my favorite dresses i have tried on in a long time i am a 2 4 the small
was tts and so flattering i think this would be better for someone taller with a lean frame th
ough its not super tight and the material has a great weight to it it isn t lined and could def
initely show figure flaws for me it skims my body elegantly and was very comfortable through th
e bust waist and hip 34c 26 36 it fits me like the model in the image the one down side is
that it is pullover it s a beautiful top but not for bigger busts ordered an xl and the top par
t would not button i recommend for those with smaller busts i purchased this top i thought of
it as a sweater to wear for a chilly holiday in mn it s super flattering and i think it would
be on anyone my 28 year old daughter saw it on me and claimed at a christmas present so i just
ordered another we have very different body types but the neckline made us both look very elega
nt and it is super comfortable i haven t seen how it cleans yet we both got the lighter color
ed one love immediately loved this when i saw it online and even more in person i m only 5 1
so i tried the petite sizing first but ended up buying the regular in an xs for the slightly lon
ger length the regular fit me like the model in length and i probably could have taken the xxs
except the sleeves were too narrow in that size i like that the cuffs are long so if you have t
o turn it up like i do it doesn t look weird also i found the fit flattering at the hips fo
llowing my hourglass shape withou i love this top it looks exactly like the picture except the
sleeves are not full length they are closer to 3 4 length the color is vibrant and the materia
l is light and comfortable my retailer location only had the blue option which i found to be v
ery appealing and better in person for the following reasons \n \npros \n lighter knit
like others mentioned \n the blue is a deep blue with threads of shimmery black that give it a
more elegant touch while still being casual i didn t see the grey so i cannot compare the two
differences but i found the blue color lovely \n this looks much better in person \n it sat w
ell on my tall frame of 5 9 36 c wide hips and hour i was thinking this would be a straight
up terry cloth athleisure top but the subtle metallic thread woven into the cloud gray fabric e
levates the style really loved the top because of the cut and interesting hemline but i adore
it for the bit of sparkle one of the sales women was wearing this today she looked amazing th
en i tried on i looked really great the gray pattern is much more distinctive in person it is
comfy 97 cotton the unique hem adds punch able to dress up or down i m a true size 6 smal
l fits perfectly medium was very loose and oversized well constructed feels more like a 98
78 retail pullover highly recommend my sister gave me this top for christmas and it s perfect
i find myself grabbing for it constantly i m usually an xsp and the xxs fits me perfectly i we
ar it with leggings and jeans beautiful choice beautiful fit for my daughter s slim body trie
d on the blue in xsp and xs tried the grey in xxs i m 5 2 currently 33 25 37 with narrow sho
ulders and a long torso \r\n \r\nthe blue version runs very wide in the hips compareed to the gr
ey but is very fitted at the top giving it a trapeze shape not a good look on my pear shape
the sleeves on the petite size were a better fit but it was shorter than on the model the grey

is more slender with very snug arms that do stretch out \r\n \r\na pass for me even though i lo
ve the mostly cotton fa i love this color blue when this item went on sale i had to grab it and
i m glad i did it feels medium weight to me so i could throw this on on a cool summer night an
d also in the fall there is some sparkle to the fabric which i think is really a nice added tou
ch feels comfortable on and looks adorable i didn t thoroughly read the description of this pr
oduct so when it arrived i was surprised to see the thread was sparkly i tried it on and the n
eckline is absolutely beautiful and feminine it looks like a masculine cut on the model but it
s actually a really beautiful neckline with flared flowing bottom to it \n\nmy only complaint is
that it looks a tad longer on the model then it is is real life i m 5 9 and it shows most of m
y behind unlike the length of the model where it seems more like purchased this sweater as a gi
ft for my daughter and when i saw it wanted one for myself it is a light to medium weight and w
orks well with jeans or for work the sweater is shaped smaller at bottom and is flattering the
one problem was that when you raise your arms the sweater also rises to expose your torso it w
as returned i absolutely love this dress the fit is great and the elastic waist helps to show
off your shape it s great for the warmer fall weather we have in the south but i can put tight
s with it when it gets colder the dress is thin but not sheer so there s no need for a liner
i m 5 8 weigh 144lbs and ordered this dress in a size 10 i think i might have been able to wea
r an 8 but the 10 fit so well that i kept it this top is the best summer top ever looks great
washes great packs great i get compliments whenever i wear it fit is true to size goes with
everything i think this top looks lovely however it does not fit my body shape i am an hourg
lass shape the shirt clung tightly to my chest and didn t drape nicely around my waist hips lik
e on the model i think top could look great on someone who has a lean square or athletic buil
d \r\n\r\nalso this top definitely runs large according to the retailer size chart i should b
e between a small and a medium for my waist and hip measurements but this top was much too larg
e overall in a small and still so much about this dress is wonderful the fabric is a nice weig
ht the color is gorgeous i got this in the blue the length on the petite hits right above th
e knee unfortunately i got a 12p my usual size in antho dresses and the elastic waistband
was on my boobs rather than under them i ve got a sizable bust 36g so this happens from time
to time i m exchanging for a regular which hopefully will have a little more room but busty g
als beware at least it s not too low cut it fits perfectly slim but not clingy and it has a
beautiful pattern texture to it its surprisingly warm for how thin it is and its a great layeri
ng piece this is a beautiful top it fits like a glove very flattering got lots of complimen
ts \r\ni am 5 4 and 125 lbs i bought size medium love it worth the money just bought this
in navy and love the easy versatility of it the other colors in the print including some black
can be worn as is with a cardi denim jacket leggings tights and boots etc i found the fit t
o be somewhat loose in my usual size 4 particularly in the chest i m 34a and length was long
enough to not need leggings in spring summer at 5 7 the neckline is cut somewhat low but re
tains modesty in my opinion because of how narrow of a v it is don t feel need for cami very
comfortable and flattering for all body types good for both day and evening beautiful did
not look like much on the hanger but this is a beauty give it a try \r\ni am 5 10 normally a
size 6 and the small fits perfectly it should be loose fitting with a dropped not so obvious
flounce the colors are subtle and it will go nicely with many lightweight summer pants and shor
ts i love this dress purchased it in pink and then in the blue color it s perfect for any occ
asion and is very comfortable i feel like it fits true to size and was not to revealing in the
front however if i was to wear this to work it would need a cami underneath it is not lined as
well love this dress buy it in every color i m writing this to warn others that these run sma
ll i ordered my usual small and then because of the elastic waist i also ordered the medium ne
ither size fit me even the medium was not only too tight in the elastic to be worn at the hip a
s shown but too short waisted to be worn at the waist they are generally smaller everywhere w
hich just seems wrong in this style pant also take note these are slit up the side which i c
ould not see in the photo it s not a high slit but still does c this is a great throw on and
go dress it would work great with a sweater and tights or by itself in the hottest of weather
it looks a lot less awkward on than the picture online indicates i saw this dress in the new ar
rivals in red and it caught my attention but not enough to order it the pictures online for o
ther colors didn t look that great well i saw the black in the store and decided to try it on
as it looked like hte cut would be cute it fit like a glove and i actually love the pattern i
ordred the peite to compare and also the red to see in person we shall see which is the winn
rer i love the idea but it is more of a over sweater than to wear by itself like model too b
ig baggy really liked this dress but it ran too big for me dress is cute and comfortable to we
ar i bought the black motif in regular size 0 it fits perfectly and falls just above my knees
i have washed it in the washing machine placed in a large zippered mesh bag and hung it to dry
as mentioned in previous reviews with the exception of it being unlined it s a wonderful dress

and am so happy to have it beautiful lightweight cardigan the sheerness is really pretty orde
red one for my sister too i love this dress i am wearing it for thanksgiving i bought the bla
ck because the red was sold out but would definitely buy more colors true to size i m 5 6 13
5 and bought the 6 only issue is i have to wear a slip underneath because it s not lined and a
tiny bit low cut for me beautiful thick sturdy denim probably the best denim i own in terms of
the material the cut can be awkward as it can be tight across the thighs and hips and kinda mak
es my butt flat however i love the wash and quality of the material and at a sales price total
ly worth it i am going to review this pretty much the way the person ahead of me reviewed it f
irst the colors are way more vibrant in person than in the photo there is even a lavender whi
ch you can sort of see under the yellow stripe it really makes it look different second it i
s monstrously huge i am 5 3 110 pounds and i ordered the xs and it completely swallowed me up
because of the vibrancy of the colors it didn t blend well with my fair complexion and also it
is like a heavy sweater not a i bought this dress in black with the polka dot pattern and the
style is adorable i love the empire waist and the fit is very flattering the v does come down
a bit low but a cami can be work underneath for more coverage my main complaint is the fabric
it is very thin and wrinkles extremely easily luckily the dark color hides this but it s a bit
disappointing how easily it wrinkles \n\ngreat style with leggings or tights really an all sea
son dress though ran very large for me i purcha i m glad that i went with the other reviewer
s and sized down on this one i bought this in a medium usually wear a 10 12 and it fit perfec
tly the colors and pattern are beautiful and will definitely look great with dark jeans pants s
horts the lace detail is just gorgeous the bottom flows more loosely but just enough to cover
any midsection flaws and pairs nicely with dark skinny jeans well made garment i love the colo
rs fabric and flounce at the bottom the top is a little large on top with large armholes but
at least it will be cool on a hot summer day i bought these shorts in my usual size small 4 6
38 around hips butt they are a little loose in the butt and hips but i like them that way esp
ecially given the drapey fabric they re made out of the print is gorgeous especially at the wa
istband you need a cropped top or you need to tuck in your shirt to show it off the red is a t
rue bright red but beautiful the waistband has a functional drawstring i suspect they will nee
d careful washing and line drying i would not put these in a dry i purchased this dress for my
31st birthday and i am so glad that i did i saw it in my local retailer store and immediately h
ad to try it on it is very flattering because i am 5 0 usually a size 8 or 10 in dresses and i
t fit perfect the material is light definitely suggest delicate cycle and hang drying but it
is nice because you can layer this dress with a vest or coat highly recommend this dress i jus
t picked this up today in the store and i have to say i really love it on the site i thought it
was just meh but in person the space dye is interesting and the seam detail make the sweater b
etter than i expected it definitely runs large i sized down to an xs usually a s size 4 6 a
nd it s still slouchy and comfortable without looking sloppy the dolman sleeve gives you plenty
of room in the chest and the neck isn t at all tight it s soft and just an overall cute sweater
flowing top that looks great with skinny slacks makes a great and comfortable work outfit th
is is a beautiful dress i bought the red color in petite and love it i know i will wear it a l
ot and the style is really easy to wear i feel amazing in it even tho my post baby body isn t w
hat it was lovely top well made and feels wonderful on attention petites i highly suggest y
ou go for petite sizing because the standard xs is ginormous and looked nothing like it does on
the model pictured i am 5 9 135lbs small chest and narrow shoulders the 6 fits me perfectly
i love the fact that there is a hem if i decide to let it down just a little being over 60 and
tall it is so disappointing to find a dress you love but is just a little too short the fabric
is not too heavy for our moderate summers and i think i will wear this often when i opened the
package i knew i was in love the colors are vibrant true to the photo the fabric is delicious
soft and silky the perfect weight for a warm summer day these can be dressed up or down i am
5 9 140lbs i bought the medium and they fit with plenty of room \r\n\r\ni would highly reccome
nd these shorts just gorgeous come on summer i love this coat it does run a bit large i am 5
2 125 pounds and usually wear a petite in most retailer clothes i ordered a small but wish t
hat i would have ordered the xs the length of the jacket is fine but the arms are very long i
think that i might have the arm length hemmed but it looks ok rolled up too really love it s
oft and nice quality only complaint is the straps are too long for a normal sized torso the f
ront drapes below my breasts at the tightest smallest setting this shirt is wonderful i total
ly recommend it for everyone i liked this dress but had some issues i am 5 3 and a 34 d wi
th small shoulders the dress was way too big in the shoulders in the 6 i usually wear so just
hung on me funny otherwise i really liked it if it weren t for the way it fit me on top not a
n unusual problem if you are large busted but have small shoulders meant i had to return it fo
r reference i am wearing a medium in the photos and my measurements are 38 30 40 as other revie
wers have noted this is a pretty top i really love the design alas however it is too big fo

r my frame for reference i am barely 5 1 and about 105 lbs i ordered my usual xxsp and the fi
t is just not flattering on me it is looser than on the model and the flounce does not hit me i
n the proper place the top is also too wide so that it has these odd gaps near the armpits i h
ighly recommend this top unless you are an xxsp i am going to have to part with it sadly love
this dress but don t wash it it shrinks about 2 inches making it way too short for me it shou
ld be dry clean only grabbed this off the sales rack not expecting much but it is a great sweat
er like other reviewers mentioned roomy but still form fitting i wear it to work with black pa
nts and boots and it looks great cozy warm very cute i usually wear a small but got an xs in
this a much better sweater than how it appears in the online pics beautiful dress not lined
but the fabric is sturdy enough i do prefer a slip under but that is my preference for most thi
ngs great for dressing up or down so comfortable once this caught my eye i couldn t let it g
o i kept revisiting it thinking it was too expensive probably itchy \r\ntoo bulky a problem
if you wanted to eat something \r\nbut the color looked yummy so i finally ordered it \r\nand
i m so pleased i did \r\nthe shape is actually easy to wear it s not chopped it drapes nicel
y over my hips and it isn t itchy \r\ni would not wash the dishes with this sweater on but you
could dress it up with velvet pants for a party or \r\nmore casually with jeans love love lov
e this dress i needed a fun but not over the top dress for family pictures and this was perfect
great pop of color and looked amazing with over the knee boots i see myself wearing this thru t

e 4 fits me well buy this dress you won t regret it this fits like a dream the almost three
quarter length sleeves are perfection worth every penny i actually like the fit but i guess
it depends on your overall body type i too ordered a small and medium i actually could fit the
small but preferred the room in the medium the movement on these are spectacular and the mater
ial is light and cool i didn t look close enough when i ordered and failed to see that this was
a peplum top it did not do my post pregnancy body any favors but the collar area detail is q
uite nice and this would look great on the right body although seemingly simple this hooded sw
eater top is actually versatile wear with jeans or leggings even a skirt wear over a cami ta
nk or even sleeved top i do like the delicate nature of this piece and it does appear to be mad
e well enough to be durable would recommend comfortable fabric and beautiful print light enou

t the color was off i thought they were pretty dead on i absolutely love this jacket but do
agree that it s more of a sweater coat than a heavy coat you d wear in the winter but i live i
n california so this will be just perfect for our winter i was afraid it might be too classic
and uptight looking but it s so fun the bell sleeves add some extra flair the overall coat
has some stretch to it as well making it i love this dress i have it in black and am about to
buy it in the blue i m usually a 4 but i bought a size 2 it is light and flattering with the g
athering above the waist does tend to crease a bit but it s not too bad love the way it can
be dressed up or down think boots or vans or sandles i will dress it up to go out but also t
hrow it on to pick the kids up from school i do not know where to begin this sweater exceeds
my expectation i ordered this along with the mes demoiselles fringed sweater and i thought that
was the game stopper as beautiful as that one is this one made my mouth fall open it is un
like anything i have it is an oversized substantial chic piece that is all over the runways no
t to mention the color that i can not stop staring at and it will go with everything order your
regular size as it is suppose to be big i love everything about this dress cute comfortable
easy to wear it does wrinkle a little and it s not lined but otherwise i love it every once i
n a while i randomly pick something from the sales floor that really knocks it out of the park
print is subtle and pretty crochet neck really lightens up the look of a long top with a lot of

stated there is no linin very flattering to a woman s figure can dress up or down i can t say
enough about this top absolutely adorable the pics don t do it justice it is made of a soft
medium weight jersey material the lace makes the top more dressey and unique the drop waiste e

bodice detail i m large busted and it s very flattering also in my size 12 the hem hit just
at the top of the knee which i prefer great with tights and booties or boots cute with a swe

the blue also pretty in a 8 and 10 as i m all over the place in retailer sizing i could ve t

be too short for church i ve never been so bummed a dress didn t work for me this is so cute
i love that it s got a bit of a sleeve it s one of those easy pop it on and go pieces i d love

was worried about ordering this top after the first review but i was very pleasantly surprised
the sweater is a nice weight on the front panel and a lighter weight knit on the back panel wh

in back the transition between the front and back panels is well done which doesn t really sho

ought me to retailer in the first place as the first reviewer said this is a well made strikin
g skirt it is tts i usually wear a size 2 and the size 2 fit perfectly i am 36 17 36 and 1

ally nice quality looks great with ankle lenght jeaens and booties or a shorter skirt as shown
on the model quality is really nice it s fairly heavy i love the slits on the slide i do fi

t and two strangers complimented me on the great dress was pleasantly surprised at house nice
this too was the colors are beautiful the top is flowy and drapes nicely true to size i m
a 4 6 and ordered a small i love this shirt it is very soft and the lace on the sleeves adds a
n extra element i liked this shirt so much that i ordered a second one the design of this top
and colors are amazing the only complaint i have is that it is quite large i should have sized
down needless to say i kept it as a summer to fall transition piece this dress looked ok in th
e hanger but oh my on was so much better quality is great i love the fabric and that it has p
ockets \r\ni m 5 8 and normally a ddd usually a large too so i worried about the size the me
dium fits great everywhere this tank is very loose fitting which i can understand would make so
me think it runs large taking into account the fabric and the twisted straps i personally thin
k it would look ridiculous if it was more fitted i love the draped styling which i also think
makes sense with the pattern it s an easy top too just throw on and go and the loose fit is
perfect for the disgustingly hot and humid summer months here in the midwest love the floral pa
ttern top is loose and flowy as expected i like to tick it into my jeans or shorts so it d
oesn t look quite so shapeless on me i ordered this dress in both a petite xs and regular xs an
d the petite fit the best for the first time in my life i did not have to shorten a maxi dress
and i am 4ft 10 \r\nthe color is a beautiful dark blue not sure why the color online says cha
rcoal and the opening at the chest area is a little low but nothing that double sided tape can
not fix another bonus as other reviewers have stated is that you can wear a regular bra la
stly it does not wrinkle so you can bring this on vacation i loved the design and light weight
quality reference i m 5 4 125 i ordered a small it s a tad big but i can handle it because

of the neck line you must wear a strapless bra this top does run quite large i am normally an xs or s in tops i m 5 7 130lbs 34a and i was debating between the xs and xsp the xxs was out of stock so i wasn t able to try it on for size the xs is noticeably longer and fits more like it does on the model but it was also a little too low cut for me on top the straps are tw isted and not adjustable so i went with the xsp which is what i m wearing in the photo it doe s come up a little shorter but it fits me better in the bust the f very nice and the sleeve ha ve a great design and the length is finally long enough this dress fits so well it is extremely well cut and flattering the length is perfect i am 5 5 i passed on it though because i did n t love the color almost like a navy blue that has been washed one too many times if this dre ss had more color options or made in a cute print i would not hesitate to buy it if blue is you r color go for it my imagination went wilt with all of the possible combinations for this vest dressy and casual with jeans or slacks long or short pencil leather too \nbest gift to date this just arrived and it looks exactly like the photo very well made crisp and lovely not see thru at all which is a plus a bit overpriced but going to keep it this is a great sweater gre at color and style i love that it s a little retro can be worn with jeans and tights highly r ecommend it does run a little big but not by a lot i tried on the white top at the store the quality was very good and i loved the overall concept of the design the dark stripes on the bac k are slightly raised giving it a nice texture the fabric was soft and comfortable however t he shape just didn t drape as well on me as i had hoped so ultimately i didn t buy it perhaps a petite length would have fit me better love everything about this top comfortable yet classy dress it up or down depending on occasion beautiful design this blouse is very unique due to t he pretty piped design on the back looks great with jeans the front is shorter and more tailor ed than the back i love this blouse this tank is pretty it looks nice and is not cut too low the bottom is flowy and not extremely fitted i always get a lot of compliments when i wear it i just had to try it on because it was so soft and i have never felt so comfortable and so sexy at the same time in a dress i am 5 4 170lbs and 36ddd and the large fit well i only with the s lit came up higher that might be an issue just because of my height though loved it waiting f or a good sale this dress is so soft the dress hangs really well across the front and hides y our stomach area a bit you can wear a regular bra with this dress as well \r\nthe downside to this dress is that is shows the slightest liquid and stains very easily wore this on a hot day and the slightest sweat showed in addition the front drape across the chest can gape open and show your bra \r\noverall i really love the fit of this dress the fit on this jean is amazing they just run large and then they also stretch quite a bit after 1 2 wears i am usually a soli d size 30 and have other pairs of dl1961s but i am buying in a 28 so i would say one or two sizes down from your usual size the flower print really caught my eye i like the unique twiste d neckline there is a lot of material here but it hangs nicely without billowing out like some other unfortunate tops this dress is amazing based upon its rack appearance i never would have tried this dress on but the fabric was irresistibly soft so i gave it a try i was amazed to see it fit so well i m very curvy 125lbs 5 4 32dd so normally a dress without structure doesn t work on me but this one somehow does the elastic waist hits right at the smallest part of my waist i m very short waisted if that helps and flows from there beautifully i think the v cut at the chest area help reduce the appear nan this shirt is so cute it s so soft love the lace element on the arm definitely thinking of ordering the white the back for me is a lot longer t hen the pic shows but i think it looks good i have worn this dress twice and it is amazing the material feels heavy and drapey but i still feel nice and cool in it i always have several peop le asking me where i bought it when i wear it i am 5 1 130 lbs and 34 d i bought a small petit e and it fit perfectly i love this dress and would highly recommend it to anyone definitely on e of the best things i ve ever bought from retailer i saw this jacket on the sale rack at my lo cal store but the size was extra small and needed a medium the store was able to order since i t showed back order i do miss the charge send option but still love retailer normally i wear a medium in this brand i received my order today and it s a beautiful jacket however there s a few things that could have been done in the manufacture that would ve improved it one the jack et is not lined and it would be beneficial if the jacket was lined or even i wasn t sure about t his top when i saw it on line but it is actually nicer than the picture it is very flattering a nd the color is perfect for the summer i got this dress in pxxs in the gray color i am 5 4 1 00lbs petite frame and it fits like a dream true to size the fabric is super soft and thick drapes well not too tight and u can wear a regular bra length is also perfect no shorteni ng required which is rare for me this could be an issue for tall girls but i wouldnt know abo ut that it looks great with dressy flip flops for any summer occasion can be casual or dressy depending on accessories great purchase 100 recommend i was looking for long vest to go with skinny jeans this is exactly what i was looking for the color is better than the pic to me th e style is flattering the size is just right can t wait to wear it i strongly recommend it

i purchased this in gray and it is proving to be quite versatile it is softer than i expected a
nd not heavy or bulky i also like that the side slits are a bit higher than i expected i have
paired it with knit pants and with a maxi dress i think it will work pretty much any time i nee
d an extra layer just agreeing with all the good reviews love the color feel fit and versat

ng this in my rotation in the years to come i bought regular hem instead of petite my husband
bought it for me and i was a bit skeptical at first tried it on and absolutely loved it beside
s the really soft fabric it has pockets which makes it even more comfortable for me i m 5 8
123lbs and flat chested he got me a medium which fits a bit tight but my husband likes it so
it s a keeper i bought this recently and it is already a go to piece in my wardrobe i love it
to dress things up for work it is extremely comfortable and easy to wear i m not one for writi
ng reviews but i thought i would for this absolutely beautiful skirt i saw it in store before i
t became available on line and knew i had to have it i don t like exposed zippers but in this c
ase the gold zipper is a nice detail on the skirt i m curvy with a very small waist so the fit
was fine i would definitely recommend this product this is the best ever t shirt i ve ever wor
n feels so soft looks gorgeous very comfortable and yet has that bit of sparkle that makes it
perfect for a special evening with friends etc just love the fit it makes me look slimmer gr
eat length if over 5 5 ran at least 1 2 sizes smaller great wash i was pleased with the fabri
c and lace and the arms fit me nicely the only problem was that the bottom of the sweater was
very boxy and not flattering i am having the sides taken in to fix i was happy to receive this
sweater in no time at all when i opened the package it seemed too thin however after trying i
t on it s the perfect fit and style can be worn with jeans or skirts and even dress slacks gr
eat buy i really like the look of the jacket and that it is stretching sizing a bit odd the x

iew this t i got it on black friday loved the fit and look immediately i wear w skinny jeans

er and have worn it a lot you can dress it up or down and since it s comfortable you will want
to wear it a lot i can wear it for everything from walking the dog to going out to dinner i b
ought 2 jumpsuits this summer and this is by far my favorite the fit is flattering fitted but
not tight and the self tie belt gives your waist definition so the overall look is hourglass i
am tall and i normally take an xs or s i went with the s to ensure that it was long this little
number is really cute i got it on sale after i looked at it went home slept and decided i ha
d to go ack for it 0\ni will wear it with trouser jeans and a blazer for work or jsut jeans an
d boots for casual wear such an amazing shirt to dress down for a long day at school i m 5 10
and have athletic legs these jeans are so comfy long enough and look good on the booty the p
hoto is deceiving as they are much longer i wish they carried more colors it s hard to find a
jean i really like and i really like these love the tee but it is very thin best for layering
this shirt fits great normally wear an xs or a small and a small fits in this comfortable and
cute on i wish i had ordered the other color as well this skirt is absolutely beautiful and in
my opinion totally worth the price it s very very well made and fits perfectly i usually wea
r a size 4 but with skirts that are supposed to sit right at my waist i size down to 2 so they
fit properly i did that with this one and i have to wiggle a bit to get it past my hips but onc
e on it fits like a glove i m 5 11 and the skirt comes to mid calf on me which is exactly what
i was looking for love love love this skirt i totally recommend it the first reviewer was rig
ht about this dress checked her review before buying it it s a beautiful creation and perfectl
y designed and it s also slimming i was worried that the fit might be too tight in the skirt
but it is fine highly recommended i bought the blazer in the grey motif color it is definitel
y a taupe color versus grey but it does look as pictured i bought a small after trying it on in
store i think it runs a bit small as i mostly wear xs at retailer the arms are very fitted in
my opinion so if you have bigger arms it might feel too snug you don t really see this detail
in the picture but the lapel folds differently on each side meaning one folds back higher than
the other so it isn t a symmetrical look i actually lik it s really a casual tee but with the
cute pattern that gives a pop of color it can have a little more dressed to go out look i thou
ght it might be a bit wide by the picture but has a nice flattering flow a bit expensive at fu
ll price but an amazing score on sale fits great not too tight baggy pattern on shirt is pret
ty and should work for layering or wearing on its own i thought i d add a review because a lot
of this landscape print tee was still available at my local durham nc store the week after xma
s anyway it s a little different in person than how it appeared online when it was still avai
lable the white cotton is definitely a cream or off white and the silkscreen is darker colors

go with your usual size this is the perfect throw on little blazer like jacket that feels like

since i tend to buy some that have some strappiness i love that this top has it all it is light
weight and it has some character so it is more attractive than an everyday kind of workout top
it is comfortable even for classes like body pump where you are constantly moving your arms i
love that the colors are not bold i am sick of neon this is a beautiful dress the lace top

iling in the future this is an absolutely gorgeous dress i have the arcata patchwork dress whi

beneath it the sleeves are quite large but it s kind of a fun look and feel it s got a very

super comfortable but also cute i am 5 4 and 125 pounds and the size 0 fits perfectly a be

ecided to get the taupe imagine my surprise when i got them and they were grey if you hold up
the pant that i received to the taupe shown online you can see how different the colors truly ar
e the grey color is nice but i don t need another grey jean i am disappointed that the taupe
is so off as that s the color i really need i would buy the ivory as it s true to color not su

t agree more this top is very well made lined i m 5 5 32 dd and got the 6 i ll have to tak
e up the shoulders a bit since the v falls a little low on me what can i say i m modest i
wish they made more colors this top is awesome quality is great fit is great and the message
keeps me in a good mood and motivated throughout the day \n\ni got it in a size 2 i am usuall
y a s m in retailer tops and it fits great for reference 5 4 140lbs 37 29 39 \n\ni usually
don t wear grey but the bright colored font led me to make an exception \n\nvery happy with the
purchase very comfy versatile skirt the fabric is soft and stretchy that feels really nice on
i live in hawai i so i like having skirts to wear that work well with the climate but not typica
l of the fashion out here the pleating is very flattering and the skirt layer underneath makes
it wearable to work this dress is so much better in person i got the petite size i am 5 2 a
nd it seems to run a bit smaller than the regular size i have a fairly large bust so i went up
a size and it seems to fit perfectly love the colors and vintage design i can t wait to wear i
t for a wedding i will be attending i was tempted to get this online but just wasn t sure i wan

ere are long skinny black tassels in the front that you can t really see in the online pics that
i love it looks great with my skinny jeans with tears or black leggings and boots i even have
some cute leggings just past the knee that this looks aw i received this as a gift and have seld
om been so pleased with anything as another reviewer noted some retailer clothing looks darlin
g and then falls apart not something acceptable at this price point \n\nunlike her this was no
t one of those times i ve worn this daily for weeks and feel like the buttons trim and weave
could not be any better not only that but it looks terrific with everything the sweater has a
flattering line that tapers at the waist even unbuttoned it is soft warm and cl this is a grea
t skirt to add to your closet i love it it is comfortable soft and has detail to it i enjoy
wearing it for work or a night out dress just arrived and i was a bit nervous of the fit based
on the other six reviewers stating it runs small i actually found it to run exactly true to siz
e i m 5 6 38 26 38 slender and on average i wear a size 6 which is what i ordered 6 regula
r and it fits as though it was custom made for me this dress is made very well looks tailored
and hits me right above the knee similar to the model i feel i scored big by purchasing it at t
he sale price the picture of this dress does not do the colors justice they are a very rich gr
een and pink which were a popular color combination in the 70 s i was there it adds an auth

dern flair i am 5 6 130 pounds and usually wear a size six in a dress the small fit perfect
while the dress is billowy the square on the back pulls it in so it doesn t fit like a tent p
erfect for boots now sandals lat nan the mara hoffman cross front one piece is worth every sin
gle penny the colors are vibrant a perfect compliment for my fair complexion the cut of the
suit is immensely flattering particularly the definition created at the natural waist the qual

uys it s reversible inside is a gorgeous royal blue this skirt is flattering and so soft i
ve worn it once and while it did keep feeling like a scandalous slit i just had to keep remind
ing myself of the awesome inner skirt i gave a 4 instead of 5 because my elastic seems to roll
ever so slightly in front so that the pleats don t hang flat and also a little bit of stitching
on the outside was loose since it s nothing that will unravel the whole thing i m not too worr
ied about it beautiful dress the pics online do not do any justice i got compliments all day

the second this dress arrived in my store i knew it was a must have i am all things bohemian an
d this dress encompasses everything wonderful about a free fitting feminine bohemian dress fir
st off the sleeves are not fitted they have quite a bit of fabric to them big armed ladies rej
oice but have an elastic cuff so you can wear them high or low the only fitted part to this
dress is the lace panel which still fits true to size and the slip underneath which appears
to have a bit of str i just got this dress and i love it it is classic and beautiful the zippe
r is tricky right at the band but otherwise no issue there i cannot wait to wear it it broke m
y heart to have to return this dress the fabric is simply gorgeous very high quality and i
love the contrast between the yoke and the rest of the dress but it was simply not flattering o

ay be tha just received my dress today and i am pleased with the quality of the dress i am smal

ered this dress in a size 8 and it was a perfect fit the material is soft and so comfortable
the zipper was not a issue as mentioned in the other comments i can t wait to wear this my n
ew favorite dress usually red tops which are a true red are hard to find this is more red in
person that in the photo great feel to material and the drape is wonderful sometimes peplum to
ps can make me look bigger than i am 5 6 and 138 lbs but this one has a nice slimming effect a
nd the v neck is complimentary to a smaller bust 36b love it nan i saw this online and
liked it but then tried it on in a store a few weeks later and the pictures truly do not do thi
s gem of a dress justice the fit is flowy but tts as the cotton lining underneath fits closer t
o the body it s an incredibly comfortable and easy piece to wear the first day i wore this i r
eceived so many compliments the colors are vibrant and it s really just a unique piece with bea
utiful detailing from the embroidery on the top of the dress to the beads on the ties on the i l
ove this dress and have already worn it a couple times since purchasing it is great because it
has sleeves and i don t have to wear a sweater with it my only complaint is the lining on the i
nside is pretty form fitting i would have liked it to be more flowy like the dress i normally
wear 0 in retailer dresses the bottom is roomy but top from band up runs small i bought a 2 an
d love it i plan to wear it to a wedding great as a beach coverup i paired it with a slip und
erneath and a belt and it looks amazing can t wait to wear it on the beaches of the bahamas soo
n this was all wrong on me the puffy sleeves made me look a foot wider i m thinking this will
look good on tall slim ladies it is extremely comfortable and the material is very pretty thoug
h tts good quality shirt cute design and not sheer not quite as loose and stretchy as most of
retailer s shirt but good fit i love this dress this is perfect for ladies with curves it
does run a little large and i felt i could have worn both the small and the medium i bought med
ium because it accentuated my curves without being too revealing i bought the dark green which
is a beautiful color and not see through at all although i can guess the white might show a li
ttle but the white was not available in my store this will be so perfect for the cold weather
bought this for my brother s wedding and i just received it i ordered my usual size xs it s a
tightly woven knit with little to no stretch in it i could barely get it over my head and my a
rms could barely fit in the sleeves and i don t have big arms at all for reference i m pushin
g 5 7 around 125 lbs i m glad it s so structured because i was worried that it would lose it
s shape with this material make up but no it s really fitted alas i need to try again with
the next size up ma i love the button details on this top i was expecting the material to be t
hicker but it s quite thin it isn t sheer but i will layer it for the winter months overall
the fit is true to size i am 5 0 110 lbs and the xxs fit me well the arms were more snug than
shown on the model and the shirt was loose without being too flowy or boxy fabric is soft and c
omfy color is true to photo the arms are a little tight now and i haven t washed it yet so i a
m a bit worried but still a keeper as others have said this dress does run large i ordered th
e xxs petite and ti isalmsot big on me hips are wide so at least it is comfortable in width
material is a bit scratchier than i am used to s well \n\ncolor is great and it looks nice when
i see it on my stylist who convinced me to hold on to it for a little thinking about it \n\n
my zipepr was also a little hard to work \n\nshorter than some other dresses i loved this pur

am between 6 and 8 and my size m dress fits well had to spend time shopping for a belt as the d
ress definitely needs one gorgeous dress i love this top in fact if it came in more colors
i d buy a few more it s just so soft and comfortable wear it now in cooler weather with layers
or later in spring and even cooler summer nights the neckline is perfect love the subtle detai
ls it fits perfect in my usual size medium and is a good length to wear either with jeans or lo
ng enough for leggings with a cami peaking out beneath yes i love it just wish there were mor

e colors this is a gorgeous dress that while it runs quite small i normally take a s or xs
i had to exchange it for a medium i am 5 4 and it falls below the knee which is how i like my
dresses it is a gorgeous pattern of color which could be worn for 3 seasons i look forward to
wearing it for many special occasions nan these jeans are amazing i just got them from retaile
r the other day and i have worn them almost every day since i have washed them once the tag sa
ys to turn inside out wash in cold and hang dry i was a little skeptical that they d still be
soft without the dryer dryer sheets but they are wonderful and do not stretch out i will get l
ots of use out of them and i just wish they made them in more colors they re very comfortable
i totally love the high rise they re a little long but i these are my new favorite jeans the g
ray wash is nice and the distressing is subtle enough that i can wear these to work the rise i
s high enough that i don t need to worry about bending over but not so high that they get near m
y belly button and the description is true they don t stretch i m a loyal ag stevie shopper
and the fit on these is similar just a little skinnier in the ankles maybe true to size a
little long so i ll probably hem them a couple of inches these are the second pair of paige je
ans i have purchased and i have not been disappointed jeans are great for casual dress or a ni
ght out on the town fit stays true even after first wash wish i had a pair of these in every c
olor wore this dress last weekend in nyc wore it from lunch until late night drinks after dinn
er walked for hours in the dress comfortable but dressy the shirt brings back the 60s look o
f appliquã d patches on shirts it is a quality piece with a bit of humor the length is shorter
than usual for chambray shirts but also very comfortable it could be left open as a light jack
et over tees and tanks fabric feels good on skin this dress is lovely the colors seem a bit m
ore muted than as reflected on model otherwise looks very similar to photo it has a slimline
style and is very flattering the dress has a more casual appearance than as is reflected in the
photo its really more of a day dress than a special occasion dress notwithstanding another rev
iewer s opinion to the contrary \n\ni ordered up a size due to reading other reviews i found it
to be a bit larger than i wanted so i washed and tumble dried it on low i purchased this beauty
in the sophisticated dark green on black friday and it has been in constant rotation it looks c
hic and classy feels comfortable and warm i only wish it was about 2 inches longer i m 5 5 an
d it hits at low thigh i prefer just above the knee for a winter dress very practical for walk
ing around city all day and then being ready for a dinner or drinks in style love it recently
i have been so wanting to get a lightwash denim jacket and i found the piece right here i love
that its cropped and so easy to wear its not stiff at all and sized right i got an xs my norma
l size and its so comfy and surprisingly soft \r\ngreat find but just a bit pricey but probab
ly bc its paige too bad pilcrow couldn t have made something like this i got this dress in the
green in an xs and was a little leary of the fit in light of the previous review however when
i tried it on i was impressed how it felt in the upper torso it fit great in the neck arms a
nd shoulders and i didn t find the rest of the dress to be too roomy although it wasn t a snug
fit either it came below the knee on me but it didn t bother me that it was slightly longer th
an in the modeling pics it is a little on the itchy side so it may be best to wear a cami dres
s is comfortable feels great and the fit exceeds flattery the length hits just above my knees
and the small side triangle cutouts add a unique cute fun but still classic detail that i didn
t notice in the picture online i love this dress and get so many compliments nan love the easy
fit of this dress great for work or family events love the ribbed sleeves and pockets are a pl
us so i now own three sparrow wool sweater dresses shyle bressay this one they all have th
e same problem hips cut large wide past the waist everything from the waist up fits great i
m not sure who they are using as a fit model but she must be curvy in that j lo way which is n
ice but not my shape i love the green color the warmth the neckline and the easy fit i wil
l wear a coat to hide the body of the skirt and do more squats super cute version of your stand
ard chambray shirt i ll be adding more of my own patches to this one i am 5 4 124lbs and 3
6 c usually take a small or sometimes a medium in t la tops this top seems to run particularl
y large as i ended up with an xs this was a really nice soft lightweight sweater perfect for
transitioning into fall i found it to be a tad boxy and while i love a high lo hem it was a li
ttle short in the front for my liking i m still debating if i m keeping it since i bought it fu
ll price but the color was really pretty and on sale i would def go for it for reference i
got a large since i normally like my clothes more loose i bought this as a swimsuit cover and i
t was exactly like the picture so soft very good quality fit perfectly definitely worth it f
or this price i ordered this top in my normal size medium and it was very large i am 160 lb
s 36b size 8 top and 12 bottom it was so pretty that i took a chance and reordered it in a s
mall the small on me fits just like the model in the picture it s pretty lightweight but is n
ot see through it is a very wide v neck but i am small on top so it does not bother me it s
such a comfy yet sexy top this dress has really great features the style is adorable and i lo
ve the color the contrasting color straps are a nice feature the only thing i don t like about

it is that it s a rather thin material not quite sure yet if i should wear it as a dress or sim
ply as a swim cover up loved this sweater but too boxy i bought this for a swim suit cover up a
nd i m very happy with it the fabric is thin and rather sheer i wouldn t buy it to wear it out
side as a regular dress i m 5 6 and the front of the dress hits me above the knees the fabric
is soft and comfy the blue with white piping is pretty and the fit is flattering i m really ha
ppy with this dress i love this sweater the pale pink color is gorgeous i ordered a large bec
ause i have broad shoulders and it fits perfectly it s a great sweater for any season love th
e slits on the sides and the longer back i would order more if it came in white or black love
it i agree with other reviewers that the material is pretty thin and it would make a far bette
r swimsuit cover up or pajamas than an actual dress unless you don t mind that it is semi see
thru however that said i do love it it is soft the cut on top is nice and the strappy back
is pretty and it is flattering as long as your tummy is fairly flat because it does hug your
body as you move so no bread and pasta i have worn it a couple of times already and i have r
eceived compliments on wow this is the perfect sweater beautiful soft color lightweight enou
gh to wear now and into the coming seasons it drapes beautifully the knit is tight no see thr
ough or snags very soft and comfy the casual easy pulled together look is hard to do and thi

it is super soft and i would 100 recommend this to someone would have loved this skirt but th
e xl is closer to a size 12 than a 14 or 16 larger ladies beware just bought these today and t
hey are super soft and beautiful also 100 cotton yay i hate poly thought i should mention
though that they do shrink in the dryer so unless you re skinny you might want to buy a size u
p or hang them to dry and then put in the dryer on low to fluff i added this to my cart on a wh
im and what a nice surprise the color is gorgeous this dark plum color is a great alternative
to grey black or brown i m planning to wear it first with a cream sweater a mustard colored
scarf and a brown leather jacket i am a pear shape and this skirt works very well to structur
e and minimize my bottom half it also isn t as short as i thought it might be although i l
ike the previous reviewer plan to wear this with tights and boots the only negativ this top is
so cute i don t usually like crochet tops but when i saw this i just had to order it so glad
i did my only complaint is that one of the button hooks broke but that can be fixed love this
top it is a beautiful shade of blue and the buttons at the bottom add a nice touch it is ligh
t weight and not too long or wide i have other t la tops in small but the xsm worked better fo
r me with this top purchased this top at my local store and it is very flattering not to boxy
hits at the hip and drapes nice great for work or with jeans i purchase the navy faux fur scar
f to wear around the neck and wow this top is gorgeous beautiful lace substantial fabric gre
at color but it looked so weird on me i have broader shoulders and the sleeves did not drape
on me like they do on the model they just stuck straight out as another reviewer mentioned th
e fabric is stiff i didn t want to size up because the body and length both fit well perhaps i
f you have smaller rounded shoulders this top will hang better for reference i m 5 4 120 lbs
and tried a size s just got this skirt in the mail today and overall i m happy with it and will
keep it i was disappointed that the color is not really plum in person as it looks in the pictu
res it s more of an ambiguous color somewhere between brown gray plum the fit is good the qua
lity is good although the skirt is a little longer than i would like and i ordered the petite
size it s not really a mini skirt just an above the knee skirt on me i ll take it to my tail
or and have him take it up an inch and the material is soft it looks perfect with ankle jeans o
r flare jeans very nice casual corduroy skirt for the fall it sits nicely at the waist and the
asymmetrical cut gives it some visual interest it has a slightly a line shape and the side seam
s round up a couple of inches i took a point off for it not being lined and the closure relies
on the zipper alone instead of having a hook along with the zipper i took my usual small and li
ke how it fits my only concern is that it is a little on the short side for me but since it s a
fall skirt and will always be wo every spring summer i look forward to t la s tanks tees and s
tock up on them sometimes it is difficult to determine the color online but this top i bought
it in green is without a doubt the same color in person as it is online the color is a gorgeou
s sea green and the softest cotton tee just keeps getting softer wash after wash and the silve
r buttons on the side what a unique twist to an everyday tee now all i need is the blue one
i absolutely love these shorts they are the perfect length too i have been looking for shorts
this length and rise height for years it s hard to find shorts that aren t super short yet aren
t bermuda and are still flattering i especially recommend these for those that miss wearing sho
rts because of insecurities with their thighs mid section \r\n\r\nrolls are not sewn on both end
s so you ll have to re roll each wash \r\n\r\nwish you carried these basics at all times the c

ght this time love the fabric the color is perfect for summer and the color is a great shade o
f green exactly as pictured the left side has a slight cut with silver buttons exactly as it
looks on line i certainly recommend this top love it my new favorite socks has a grip and do
esn t slip off like some of my other liner socks have because this one covers more of your feet
perfect for my low boots love the color and length of these shorts i have been searching for a
pair of dark denim shorts that were not cut offs and these pilcro shorts are winning fit great
like all pilcro denim and i m sure i will be getting a lot of wear i e every day out of these
shorts this is a nice looking skirt the corduroy has a little sheen to it looks cute with a s
weater tights and boots length is slightly longer on me than the model in the photo there are
small slits at the side seams and the hem is curved at the slits cute denim shorts that roll up
or down perfect with everything i have 7 pair of pilcro denim shorts from retailer and for som
e reason the colored ones white yellow pink hold their shape but the denim blue completely s
tretch out i went down a size in these and they still stretch to the point of sagging i really
want the black ones hoping they don t do it too i love the cut and swing of this tee the r
oyal blue is very saturated and pretty i had been eyeballing this for a very long time because
i loved the look of the skirt and this top of which i snagged the skirt when it went on sale
i was delighted to finally take a chance and buy this when it went on sale too thoughts below
\r\n \r\npros \r\n it is well made and on the thicker side \r\n for a peplum it is actu

making me look wider in all the wrong places so i was skeptical abo i love everything about thi

ng it s warm water repellent easily layered and well made the little pop of color contrast a

g that would improve the coat is better finishing of the hems i m 5 9 and 155lb i have been w
earing small a but this was reallllllly small especially at my arms it made me look like i was t

ould love to find something else in this color that suits me you need to be a super skinny waif
to look good in this i was looking for a good navy top for the spring summer to wear with white

hen i saw this one online i worried that it might be too long for my short waist but i decided

ack 36c i carry my weight in the middle since i virtually do not have a waistline so a long
er boxy tee will emphasize the parts of i really like this skirt it is soft and the length is
just right i hate skirts that go below the knee the only thing i don t care for is that there
seems to be extra fabric in the back maybe i should had ordered a size down and the skirt do
es wrinkle easily still not enough reasons to send back i have had many compliments at work
the colors on this are beautiful i have wider hips and thighs and this blouse just looks too bo
xy on me i ordered a size down and from that aspect it fit however it is too flowy and boxy f
or my body type i considered keeping it for layering but even on sale it is too expensive for
this purpose i m so bummed because the colors are so pretty i loved this dress as pictured onl
ine and when i received it i fell in love with the look as well as the fit it is such a perfect
dress for the day or night i am so happy i ordered it i m torn on how to review this dress \r
\n\r\ni bought it in a lovely slate grey which doesn t appear to be available now it drapes c

ody changes i bought a small and am 5 9 and am typically 130 lbs with a very long waist i w
ore it through early pregnancy and now love it because i can nurse my newborn comfortably and it
still nicely fits my 150 lb frame \r\n\r\nthe problem is that my husband hates th i got this t
unic in the bright red and it is a great fun color that leans just slightly to the orange side
of red my computer screen makes it look more orange than it does in person i m happier with t
he actual color the fabric is soft comfortable and hangs beautifully wrinkles fall out when
you hang it up i also have the tegan tunic in 2 colors and find the fit to be the same however
the hi low hem on this dress is a little more exaggerated than on the tegan the tegan travels v
ery w i really love the color of this item it is very generous in cut i would suggest sizing d

which looked great i just think the sp was slightly neater though the shoulders length it hi

ts me above the knee as shown in the photo of the light colored dress with the long vest nan thi
s seems to be designed to fit a bit loose but not in a bad way for me the floral pattern on
the collar with the polka dots on the rest of the dress are very cute and i think this can look
good with or without a belt light for summer but still covers a lot which is nice for the offi
ce the sleeves are a little short but it doesn t look bad glad i snatched it i tried this cu
te black dress on in the store and even in the xs it was a little too big i m 5 3 so if they
had petites available in the store maybe they would have fit better just found too much materia
l around the middle even though it is meant to be a loose fitting dress the material is heavy w
eight very stretchy but not a thick fabric could be great in the summer nan i bought this it
em in green and then ordered it in red very comfortable fabric and flattering by itself or over
leggings these tunics will be staple in my closet i normally wear a medium in retailer dresses
but i ordered a small to have it a bit more fitted instead of baggy good decision lovely foxy
sweater i dressed it down for work but would look fantastic with a pretty skirt too really hap
py with this tunic at 5 2 i am able to wear this as a dress or a top with a belt it s comfy
light material and can be dressed up or down i am 26 weeks pregnant and bought this in an xs t
o wear to my shower this weekend i am delighted with how it looks on but it really might be to
o big for someone who isn t pregnant i am in love with this dress it s super soft flattering
and comfy i want to wear it everyday it was recommended to me by a friend who is taller and sli
mmer than i am so i was skeptical of the fit sometimes you see things that are only meant for m
odels to wear so not true here i am 5 3 140 pounds with slightly broad shoulders and i bought
an xs i m considering getting a second one i ordered a xxs petite based on previous reviews bu
t it was too short and snug in the shoulders i then tried on the regular xs and it fit nice y
loose but it is the style shoulders fit i usually need xs petite so kind of true to size to m
e i am 5 1 5 and 115 lbs color is nice i liked the blue polka dot with flowery tie neck the
tie neck is a nice on trend feature can be tired at different heights for different looks
i think i will keep the xs regular material is a little think and they run a bit long like m
any other retailer pants otherwise a great deal if you get them on sale i ordered the ivory i
n size xl it is such a cute comfortable top all of the details are well done the quality of
the material is great too it s a flowy fit after washing air drying it does shrink a bit g
reat tee for summer in that i m on the busty side i thought surely an xl will not be too lar
ge ah contraire wanted it in crimson anyway so will try it in a large the fabric in the whi
te is nice in that it is substantial enough not to see through will look most interesting under
a sweater or jacket i have had this dress for a few months now and find it is super comfortable
for the hot weather and can go dressy or casual with the right accessories it does run large in
xxs the xxs petite fit a little better by was way too short for me even better is that you can
wash on the super gentle cycle and lay flat to dry yes it says dry clean only but its is made
of cupro and you should be able to wash that material i have washed mine several times and it h
as never shrunk or lost shape the she this is such a fun version of a v neck tshirt the lines
and seams are very flattering the neckline is perfect i m 5 10 a size 10 12 depending and i
ordered the medium in the navy which fit perfectly the length was slightly shorter on me than t
he model overall a great shirt highly recommended got this top in white and the rust color o
ther reviewers mentioned it being much too large so i went with the xs instead of my usual smal
l it s slightly oversized but i love that look and it s still flattering on me i also didn t
find there to be too much fabric i am very tall and am happy with the length of this 34b 126
lbs 5 10 purchased in the blue polka dot and love it am 5 6 1 2 155lbs long arms dress i
s meant to be full i don t see the that is runs large the shoulders fit the sleeves are not
too long it is a very cute dress after receiving the dress ordered it in the black motif and
hope to like it just as much as the blue this is gorgeous i absolutely love it but i need to r
eturn it this is the second time i ve ordered this dress tunic the fit is amazing the fabric
is so soft and it looks so fabulous on the issue that i ve had twice is that the back of the dr
ess was not cut in the same direction this means the sheen is different on one side of the midd
le seam in the back than the other side unfortunately it looks like 2 different colors i retu
rned the first one and i reordered but i have the same thing a this one is a must buy i have 3

wedding after reading the other reviews i took a chance and ordered the peach one and the blue

today and i was a bit sur love this piece i hope to see more cute fun dresses like this from
retailer the greatest feature is it is super comfortable it could be worn to a great number of

t i m a 36c hourglass 170 lbs and normally can wear a size 10 in tops this fits so perfect i

t is light fabric not clingy very flattering i am 5 4 120lbs with athletic build this dress fits so perfectly just the right amount of skin not too bare not too short not too long c an t wait to wear it great quality i wasn t sure how this was going to look on me but it was so darned cute i had to give it a try and i love it i m 5 4 around 130lbs and i bought both a small and a medium to try the medium fit best the length is perfect hits just a little bit longer than the model but almost the same the material is light but nothing see thru about it it is slimming and looks so cute on so glad i gave it a try this romper checks off all the box es it s beautiful and the fit is perfect this is m frist pair of flares and i love them make my legs look miles long and they re also my most comfortable jeans i m 5 4 and around 108 lbs w ith narrow hips the 25 fits perfectly i ve worn them with 3 inch heels and the jeans dust the floor longer than on the model but i like that look if i wanted to wear them with flats they d need to be hemmed but i prefer heels anyway ii ve avoided high rise jeans out of fear they d l ook matronly but combined with the flare the high waist is i was really lucky to pick up these shorts during the tag sale and they are great lightweight roomy in the legs way more my spee d i prefer shorts that don t cling and really soft they also weren t too short i am usually between two sizes at retailer depending on the brand and ended up going with the smaller size they re not really a size too big but would ve been a little too roomy baggy in the waist had i not purchased the smaller i purchased this romper over a month ago and love it i ordered a s and would say that it is true to size it falls well and i love the blousy look on top it is ex pensive at full price but i purchased it with a promotional discount luckily before i washed this as the tag says handwash only i read the reviews in which some reviewers had said that t hey followed the directions and it still shrunk i let it sit in my hamper until today after i r ead online about using dryel and rayon dryel in this romper is adorable i love the long slee ves i loved this dress immediately i got the blue and orange and love the combination of the top fabric and the flowy skirt only one complaint it s a bit short on one side so i ll have to wait for cooler weather to wear it with tights if i want to wear it to work i really like the style of this top the open sleeves are subtle i think it is even work appropriate in a bus iness casual environment it is slightly short waisted in my opinion and runs a little small bu t my usual medium worked for me i am a solid 8 nan i just received these pants and they are re ally cute they are casual but i think with a cute top jacket and heels they can be appropriate for a fun night out or casual date they are really comfortable but they do stretch so size down for sure i am 5 5 and weigh 130 lbs and wear a 4 6 in antho pants that aren t chino fabric bu t wear a 28 in designer jeans i ordered a 26 and can probably wear a 25 when these stretch out i will keep the 26 but they will be baggy i ordered the kakhi and the casual dinner out dress l ove the color mine is navy this caught my eye and i tried it on the in the store today the gr een i found it to run a little bit large i expected the small to fit but the xs fit me bett er better fit in armholes and also less billowy i really like the way it looks but ulitimate ly did not purchase it today i might reconsider on sale the flaws in my opinion are that it is dry clean only the skirt is not lined and should be and it s a bit overpriced for the qua lity but on the other hand it s very cute and f amazingly soft jacket tried this on and three sales girls all said they wanted it the other reviewer said there wasn t any pockets but yes th ere are they are sewn so you have to undo the stitching but they are there perfect jacket at a great price first time i wore it i received several compliments nan i want to address that with lightweight but not too skimpy for the summertime and the stress works perfectly i got th e red in a small and although one reviewer said that she did not like that the top and bottom a re two different materials i actually think it s super cute not sure if i would pay the full pr ice but the 20 off sale made it worth it sooooo soft not a ton of shape but very versitile a nd warm i love these pilcro cropped chinos i ordered them in the sand and will be ordering the m in the grey they are very soft and comfortable i received this for christmas this year and ha ve already worn it several days in a row it is warm enough to wear while walking the dog in the snow and can also be worn to lounge around the house \n\nthe only reason i didn t rate it a 5 is due to the design fact that it doesn t have pockets i don t love to carry a purse around all of the time so i use my coat pockets a lot regardless though i would definitely recommend this esp ecially for the price i was expecting to come here and see this pric nan this is my favorite we ekend jacket it is so cute soft and comfortable the interior is an extra soft cotton that fee ls like my most favorite soft tee shirt it is true to size the best features are the versatil ity of the neck pockets and a little longer in the back great over leggings yoga pants i or dered 2 sizes just in case the sizing was off an xxs and xxs i am a 2 petite and the xs is ro omy enough for a sweater or sweatshirt under it the xxs looked and felt great too and had a m l ove this dress i like that it is somewhat form fitting but also has a nice swing to it green color is nice for summer \r\nbought a similar maeve dress last year and it was all cotton like a nd soft this one has a soft top but a different material on the bottom a little scratchy and

crinkly wish the entire thing was as soft as the top i am tall and this sweater is a great length very flattering slightly loose across the tummy i have the red mauve color and may order the gray too super soft medium weight sweater very versatile love this dress has a really lovely design and is very very comfortable it is not quite as flattering as i had hoped and doesn t have quite as defined a shape as i expected still it s cute and i m happy to have it bought this dress in the blue and absolutely love it it looked big in person but when i tried it on it fit perfectly i m 5 foot 120 lbs and got the petite small the colors are vibrant and will really stand out cant wait to wear it this is such a great casual fall sweater it s so comfortable has a bit of design too it and it goes with everything i bought it in the grey and love it fits a bit big this is now one of my favorite retailer button downs it s super soft and super flattering it s everything you d want this cute shirt to be ordered this as a gift she said it is great nice fabric great fit i ordered these in eptites tey were a ltitle long still also a tiny bit on the loose side i am not sure i think they are worth as much as they cost so wil lwait for hte sale color combination was nice though a dn the cut relatively flattering i jsut ahve seen better out there for hte price nice business casual pant i decided to order this on a whim during the promotion on tops why because it looked decent and i like the other tops from the same brand i am so glad i did it is even better in person \r\n\r\ncolor nice ivory with subtle speckle in it very neutral in color but also on the warmer side the fabric is a little sheer you could definitely see my bright colored bra but a nude one will do the trick \r\n\r\nthe length was a little longer and the sleeves were a bit long too doesn t come in peite0 bu very nicely made sweater which fits well i bought the black with white accent and am very pleased with my purchase the small fit me perfectly 34d can t wait to wear it this fall gorgeous dress ordered the orange in an xs i m usually a small in retailer but the reviews accurately assessed this dress to run large i m 5 7 about 140lbs and this dress is just above my knee very flattering and feminine only issue is that the bottom is a thin material that can be see through in the right light i ordered these in teal and once they arrived i bought another pair in gray great for casual office wear or weekend errands a bit of a stretch in the material and a true to size fit this sweater is adorable i got it in the grey pattern it s got a great forgiving fit lots of stretch with a hi low waist in a thick soft knit and 3 quarter sleeves the contrasting collar and cuffs add interest it s great with jeans or dressed up with a pair of slacks i can t wait for the weather to cool down so i can wear it i might get it in more colors too it s a great basic this dress has a beautiful fit 5 4 150 lbs 34ddd and the medium regular fit great the only issue is that the bottom part of the dress wrinkles terribly when i bought it the woman folded it nicely and i stashed it in my car for the rest of my shopping trip when i arrived home and pulled it out the bottom of the dress was horribly wrinkled plus it s dry clean only going back i was so excited for this top it looks exactly as pictured material is soft albeit slightly see through but if you wear a nude bra it s fine i love the ruffle details and it s very comfortable i m 5 7 140 with an athletic hourglass shape 32dd chest i bought the small and it s perfect the medium would have been a little looser fitting with more drape but i enjoy the fitted look don t pass this up great price point and sure to be a staple this is a beautiful and super soft cashmere sweater i found it to run large so thankfully i ordered one size down which was perfect i m normally xs but the xxs was very flattering still loose and casual but fitted in the waist and arms it is longer in length and hit mid to lower hip on my petite frame the regular was fine but a petite would probably be great the sleeves are nice and long and have a pretty lace stitch detail the cowl is nice not too overwhelming this is so soft and these are a great casual pants with a lot of style my major disappointment comes from the inconsistent sizing within the size runs i purchased a 29 in store which fit i then ordered another 29 online which did not fit there is at least an inch difference please see photos i then ordered a 30 online to see if that would be better and there s over 2 inches of difference within the same size run of the 30s \r\n\r\nwho is making these pants can t they get the pants to be the same size within the sa these fit much better than expected they are made of a very comfortable lightweight fabric not very substantial but they will be great for the summer i was worried that they would be too roomy in the hip area but the cut is rather flattering such a great deal at the sale price i saw this in the store it is definitely something i had passed over on line it is so flattering on i bought in ivory then immediately ordered the grey online this bikini is so gorgeous and fit me like a glove i m a true xs bra size 34a i ordered the small this was more than worth full price i seriously love this top and at the sale price it s a steal i ordered the ivory color and it s just as beautiful in person as in the product photos i thankfully read the reviews and knew that the sleeves would be slit i think the slit sleeves add more interest to an otherwise basic blouse it can be dressed up or down and is great for work at least in my very casual office the fit is perfect i ordered my normal size medium and it s definitely true to size fits perfectly super soft and well

mmer i see it paired with bright red joggers and a white t with chambray or white linen pants
even as a chic beach cover up i un tacked the cuffs to give the sleeves a simpler look but it
s decidedly day and casual as opposed to evening or work wear fu i don t usually have the best
luck with pants from retailer but something made me try these on i am so glad i did i love the
fit and the fabric they are so soft and comfortable i loved them so much that i bought an add
itional pair of the grey wanted the turquoise but they were sold out of my size so i settled on
the sand i will definitely try other styles of the pilcro this dress is so versatile the kn
it top is nicely structured and the flowy skirt is forgiving and flattering i bought the white
gray and poppy colored one and i think it s smashing i love this dress i got the coral and i
t s clean and simple but with visually interesting lines the top is a slightly heavier stretc
hy fabric no zippers or closures while the skirt is made of a lighter fabric that gives it a
bit of flirty swing the hem is also slightly a symmetrical which i didn t notice from the onli
ne pictures it s a very comfortable dress that i could see being very versatile dressed up fo
r work dressed down for daytime weekend wear or even for date night i a the regular length i
tried on in store definitely didn t work for me for reference in the photos i have a medium on
and my measurements are 38 30 40 i had been eyeing the maroon one and i snatched it as soon as
it went on sale when i pulled it out of the package i could not believe how soft it was liter
ally as a cloud think of the softest fluffiest baby blanket also the cut is extremely flatt
ering i am 5 7 135 lb and the medium fit me perfectly flowing but not boxy love it nan i
love this dress design fabric colors\r\ncurrently wear it as maternity and it s super cute b
ut it is my size and can t wait to wear it next spring summer as a regular dress when i can show
off a more slender waist get compliments all the time dress up w a pair of heels for a date ni
ght or dress down w flip flops \r\nthe fabric on the bottom wrinkles easily when gilded so not
ideal for travel but that s a minor thing i love this despite the split sleeves the day it arr
ived i paired it with a black boucle midi skirt from retailer jewelry and mid high black sling

s and we to out to dinner with friends several people complimented me so it must have looked as
i d hoped i have worn it one other time with straight legged pants and a cashmere cardigan and
felt comfortable and a bit more dressed up than usual slacks jeans and shirts it is soft femi
nine and comfortable the ubiquitous dress it up or dress it i usually wear a 27 in ag and oth
er designer jeans i ordered a 29 based on the other reviewers they fit like the model and look
great i might have been able to go with 28 if these end up stretching out so i m hoping they d
on t they are nice and thick for white jeans yet soft and comfy just received these pants tod
ay and i absolutely love them the material is super soft and the fit is true to size i ordered
the tan color i really like the wide leg and the frayed bottom i may order the gray too so t
he other review complained that there are slits on the sleeves of this blouse yes that is true
however i love that about this blouse i tried this blouse on in the store so the slits were no
t a surprise to me but i can understand how they may upset a customer who wasn t expecting them
i think the slits are elegant and are in no way obtrusive or revealing you could totally still
wear this blouse to work or a nice dinner i love it because its unique enough to be worn alone
and simple i bought this in navy needed something comfortable but able to dress up denim this
was perfect wore it already and immediately got 2 complements the only drawback was that the e
lastic in cuffs was a little too tight and my forearms are not large bought in medium i m 5 8
and 145 lbs just washed it for first time noticed that it dried a little wrinkly in front may
have to steam to get wrinkles out but still worth it i love this dress i bought the blue one
and i love the designs i recently had a baby so my body is still recovering so finding clothes
is a bit difficult but this dress looks awesome and it makes me feel like how i was before i wa
s pregnant it flows nicely and is super comfortable i went to my local retailer store in kansa
s city mo at country club plaza and let me tell you when i saw this sweater i mediately fell in
love with it i bought mine in the red color in a size medium and it fit me perfectly i would d
efinitely recommend getting this sweater because it s so soft and very flattering on my body typ
e i also love the pattern and definitely worth the money okay i am not that tall and don t h
ave legs for miles but i loving wearing a wide legged cropped pant with heels for a change from
the everyday these pants are great because they are 99 cotton the cotton is a nice weight no
t too light and the barely there fringe bottom is a nice detail i usually wear a 28 in pilcro
and that s what i bought i would describe the color as leaning more toward khaki than green th
ough it did look little green under the lights in the store due to the prior review this top c
ame without any surprises i had read about the open sleeves and actually have a dress with a s
imilar design this top can be dressed up or down and is perfect with skinny pants this dress
is so flattering and comfortable i bought it in xs and it fits perfectly i m 5 7 and weigh 13
5 i usually wear a small but the small would have been too roomy on top i got so many complim
ents on the dress in blue that i ordered it in green as well perfect combination of comfort
style and flattering fit i got this dress in green and it looks better in person than it even d
oes in the online picture the fabric is soft and flattering i am pear shaped so a lot of thing
s don t look good around my waist but this worked beautifully the only thing is that i can t g
et the slight wrinkles out of the bottom i washed it and lined dried it and some still show th
e care says not to iron a steamer would probably work well on this the slight wrinkles are not
an issue for me though well worth it and a g i love these pants they are soft versatile and st
ylish great choice i liked these as soon as i saw them the are very comfortable and the fit i
s great well constructed and the material is soft but thicker easily worn into the cooler day
s i am so happy i made this purchase this dress is such a lovely thing to have in my closet i
t s so easy to pull on but adding a nice pair of shoes a piece of jewelry and leaving my hair
down reveals a gorgeous outfit that takes next to no time i must admit my local store didn t s
tock this dress so i wasn t quite expecting the texture of the fabric i was expecting it to be
smooth but it s almost ribbed it s soft and comfortable though so that s certainly not a dea
l breaker i only wish they d had it in petite as i feel t love the nautical vibe perfect for s
ummer wear the knit top with cap sleeves is easy to wear and not clingy for those with limps an
d bumps the asymmetrical skirt has a flare which again makes this dress easy and comfortable to
wear i m usually a size 8 36 29 40 and the medium fit my hourglass shape perfectly pilcro ha
s become my go to brand for pants as they always seem to fit with consistent sizing i m an 8 1
0 and size 30 never fails to fit perfectly i ve got hips and a booty so it s great to have a b
rand that works with my curves these chinos are super soft and feel like pants i ve had for ye
ars broken in but still look polished i bought the green which is really teal and feel in
love with them i ve since bought the gray and sand khaki color i m 5 6 and the length hits j
ust below soft lightweight comfortable i wore this as soon as i got it and have received many
compliments on the style and color super soft love the angled zipper and sleeve length is long
enough to be comfortable great cool weather jacket very soft cozy and exactly what is needed
on tbose in between days the collar is a bit dramatic if you are petite but there is an extra

button that makes it more manageable stylish cute i purchased the red color in august after se
eing it in the store it is cozy and stylish love the coordinating pattern in the cowl neck i a
m 5 7 and 135 lbs and the s fit great noticed that it is now on special promotion and would ad
vise you purchase now it is completely worth full price but if you can save and buy say a coord
inating pilcro pant all the better right i bought this dress in green and i really like it
the bodice is a substantial knit light enough for summer but thicker and sturdier than the typ
ical jersey tee and the skirt is a lightweight woven fabric with good drape true to size and
extremely comfortable it s a great work dress the striped colorblocking is not very flattering
on my frame broad shoulders larger chest but it s not bad you ll probably want to try it on
in person i love these pants i actually bought them twice the special dye in them did not agr
ee with my detergent so i bought another pair on sale some woolite and will wash them inside
out hang to dry will take better care of my second pair i like the grey pattern and black and
white contrast versions the best very soft and falls nicely on my bust the biggest differences
wit the sizes are on length so i ordered up for it would be a bit longer it s a great piece i
t s hard for me to find dresses that look good on me since i have more of a straight build and t
end to carry a little extra weight in my middle however this dress was super flattering givin
g me some curves and hiding my tummy i got the one with the red skirt it s definitely an orang
e red since that looked a little more polished and less casual than the green one i tried on in
the store the full fluttery skirt is feminine and fun and the knit top is very soft and comfo
rtable every sing based on the other reviews i ordered a l and xl even though i would normally
order a m the l fits like a slightly fitted m without being too tight the xl of course is a
little larger but not like a typical xl certainly not sloppy looking or oversized the materia
l is soft and the dark blue is lovely i will be keeping both sizes i would most likely not hav
e been happy with a m i ordered a medium in these and they were just too small for me i m a
12 so i was pushing it there is no room for thighs but the material is great and the styl
ing is fun the length seemed ok for me too i m 5 9 hoping when i return them they have a l
arge for me to exchange for nan this is a great shirt the ruffles are strategically placed and
hide any stomach flaws i get that others are surprised by the arm slits but a couple of well pl
aced stitches will make it very work appropriate or if you re worried about arm waggle the colo
r borders on black navy nan nan i bought this in the reddish color i was a little skeptical tha
t the fit or style would really work on a petite person but it looks great on the fabric is ver
y soft but with enough body that the cowl keeps it s shape i predict that people will get tired
of seeing me in this as i m going to wear it a lot these pants are a great fit perfect for the
in between seasons casual comfortable but look very nice and polished when worn a practical st
eal at retailer s sale prices love this top although it ran very small in bust and arms i m
normally a medium will have to return for a large first of all the colors are really pretty f
abrics feel really nice but the fit was no bueno i think if you are tall and small chested
this dress would look great but i m short and large chested and it was very unflattering when
the fabric transitions from the stripes to solid it doesn t hang nicely due to my chest sadly
this is a return for me great looking casual dress but i m not sure about the fit on me the s
kirt drape may be a tad overwhelming on my short legs if i want to emulate the styling of the gr
een model bodice fabric is a nice clingy but lined stretch material of medium thickness the s
kirt is a thin crepe viscose rayon without a lining and i think it really needs one i was hopin
g the skirt was the same material mix like the elysian maxi i picked the medium petite and sizi
ng down would be appropriate for ladies with this gorgeous amp amp amp beautiful dress is hamp
ered by a see through unlined bodice and all viscose polyester fabrication by the way did you
see the price tag at least the skirt is lined if you have deep pockets and don t mind the sl
ightly rough fabric go for it and wear a nice bra size up if you re busty this dress is gr
eat for work and play i bought a l and a xl both fit well but the sleeves in the large were q
uite tight so i kept the xl although it is a bit loose this dress looks great on i wish the m
aterial was a little higher quality but i loved the design and plan to wear it with boots the
top is cotton and i liked the lace up feature at the neckline love these wide leg chinos they
are super comfy and the fabric is incredibly soft the size fit true for me i would buy these a
gain love everything about this dress i ordered the red which is more of a red orange
with cream and beige as pictured colors are beautiful the dress has a nice drape great f
eel love it i saw this online and said to myself next time you are in the retailer store loo
k for this dress i am glad i did i bought the neutral dress off white tan black because i kn
ew it would go with everything and most occasions i am 5 6 136 pounds the small fit me perfe
ct in retailer dresses i am between a small med the top of the dress is lined and form fitting
which is a plus the off white coored section does go across the chest so one must wear a neutra
l colored lined bra even though the to hi \n\nlike the other reviewers i expected the price to
be much higher it is so warm yet so flattering and cute this will sell out so buy now if you

want it this is a well made sweater i sometimes have a problem with wool but this is as soft a
s cashmere and does not itch at all the color is beautiful and will work with gray black tan an
d navy i found this to run a little bit on the large side i am between a size large and extra
large and ordered the extra large there is too much fabric on the sides and the peplum starts a
t an awkward spot mid hip instead of waistline i think that sizing down to a large will solve
these problems it is really saw the grey one on the table at my local retailer first thing i d
id was touch it to feel if it s soft and it felt like butta surprisingly it s a very snuggly a
nd warm sweater despite it not being very thick i think the grey is conservative enough for the
office and it goes with pretty much everything yet the geometric shapes make it modern and inte
resting looking i hate turtleneck choke and big cowl neck reminds me of the 80 s but this
is a compromise of both which is a bonus since i tried this on in the store very soft and hang
s well better on than the hanger needless to say i bought it loved the look of this top sad
ly it runs quite small and was very tight where other non swing tops in a large do not the item
ran out of stock far too quickly i normally wear a large but feared that the large would be sma
ll and wanted to order up but it was already put of stock the quality and style are great espec
ially for a larger chest length is great for taller women the teal color is beautiful the fit
is wide leg with a low waist i have been wearing so many high waist pieces lately they felt rea
lly low the material is really soft they fit tts love these the raw hem is on trend length
is great i m 5 6 material is the classic pilcro washed chinos perfect as with all pilcro p
ants they stretch a bit purchased this sweater in an xs grey pattern for reference 5 4
small frame and was worried it would be too overwhelming this is not the case the pattern is
the perfect scale and the sweater hit just right it seems to be true to size i especially love
the bracelet length turned back sleeves it s a little pricey but i think it will be worth it b
ecause it is so different i got this dress in a petite xs i m 5 4 and 110lbs it fit just rig
ht i usually wear a regularl xs in most brands but with retailer i noticed i always have to g
o to the petittes anyway the dress is super cute love the diagonal striping and the draping i
s not too poofy which is great the material is very lightweight on the bottom which is good f
or spring summer this sweater is gorgeous ordered in the grey motif was as described and wond
erfully soft i tried it on with just a tank top underneath and did not find the material scratc
hy at all i ordered the small size and felt it ran a tad on the large side however not enough t
o feel like i needed to return for an xs looking forward to the colder months this sweatshirt
is very comfortable and the length of the sleeves is very generous the bodice is short so you m
ay have to wear a camisole or tank top to avoid exposing your tummy i usually purchase medium s
ized tops but had to return for an xl this runs very small this is my kind of clothing item i
love linen stripes pockets and a loose look in an over piece it has the lining to give a good
hang to the coat linen may not be for all but i do like the look of the fabric i feel this is
true to size giving you the loose look and not a slim fit the sleeve length is just perfect for
this look and finishes the overall style it does not have any neck closure which may bother som
e i have never purchased from this maker so took a chance in quality but am p i absolutely love
this jacket it is the softest jacket i own the collar takes this to the next level i wasn t s
ure i would like the collar but after trying it on i love it i m so confused as to why the poc
kets are partially sewn together it s weird but according to the other reviews i am hoping to
open the pockets up completely i really should have gotten a medium in this coat i am usually
between a small and medium and this is a little on the smaller side i bought this one on sale s
o nan beautiful dress perfect for work the museum a summer picnic so chic yet extremely co
mfortable i purchased the blue orange combo and the colors definitely pop for reference i am 5
2 115 and i went with the xs petite especially reoommend for anyone with her hourglass being
more full on bottom super flattering i am a solid 14 and the size l fit nicely it s easy to w
ear the diagonal print is quite flattering my husband liked it i am 5 9 and it was a bit sho
rt but not too short i ve not washed it yet so can t say how that will go the fabric is knit
but does not look like it will pill i was immediately drawn to this dress when i saw it in the
store i m normally a size 2 but i feel like the size two was too constricting in the chest and
arms so found a size 4 to be just right it s longer and a bit wider than the size 2 everywhere
else but given the design i thought it was fine the main thing to note is that the top is snu
g and has no give whatsoever if you have a larger bust or broader shoulders sizing up is a mus
t lengthwise it fit me like it does on the model i t the shirt is a heavier weight than how
it looks on the product page which was a nice surprise it has a boxy shape and was shorter than
expected i m 5 7 and the front of the shirt above the hips the design and color is great ver
y happy overall i absolutely love these shorts i ordered a medium i was nervous they would be
too small my legs aren t the skinniest but because of the slit on the side they were fine
i do have a pretty tiny waist and they were slightly snug but not too much to send them back i
am almost 5 7 and weight 145 i have a solid black one piece suit and they look great with it

i love the material as well they are extremely comfortable a little pricey but i will definit
ely make use of them i love the pr this is a really cute top yes it is dry clean only but i p
lan on hand washing it one negative is that it is extremely short in length i m 5 feet tall an
d this top barely goes past my bellybutton it s extremely soft though and definitely different
cute dress runs small especially in the sleeves and chest i usually wear a 0 and purchased a
2 the outer layer is very sheer and while the print and shape are cute the quality could be b
etter especially for the price this dress is perfect for me i m very bohemian rocker vs prim
flowy vs structured it will be in regular rotation for years it s slim through the shoulders
and arms and flowing everywhere else love the pockets the fabric is light but i love in so c
al so it s great i m wearing it right now with gray skinnies heeled clogs and a scarf i ll
also wear it all summer as a dress so perfect i m 5 4 140lb 34b and the 8 fits perfectly f
or the price you can t beat this dress i love the thicker stretchy fabric used for it if you

ppy with the value this is awesome multi season dress the first thing i noticed upon receiving
this dress is how soft it is and the fact that it wasn t wrinkled coming out of the packaging ba
g an excellent quality my next surprise was to find that it is fully lined with a very nice so
ft knit and felt awesome on i ordered a size small and it fit perfectly it was fitted through
my waist and hips 37 chest 28 5 waist 37 hips and dropped straight from my hips just like i
like i was afraid it would be too sheath like for my figure but it is perf it is easily paired
with a nice tip for work and feels great to wear all day i just bought the grey and now i m com
ing back for the black and cream i lovethis staple item so soft fits great very unique shirt

so i turned it into a jumper by pairing it with a silk blouse it is flattering and comfortable
great for work and other semi formal events this tank is super soft and very well fitted it fi
ts true to size the lace is so pretty in front but what makes this unique is the lace on the ba
ck of the top it is a unique design and good quality i think this dress is adorable it fits
great wear it with heels or cowboy boots you will not be disappointed tried this dress on in t
he store and could barely button at my chest but the waist and length were perfect ordered a si
ze up and two sizes up online went with the two sizes up because it did not pull as bad across
the chest though now it s a bit blousey around the waste fabric is a little thin similar to
other reviews the slip is a little weird wonky i m keeping it because i like the idea of the dr
ess but i m not sure about the lifespan with how gauzy the material is this is a great sweater
to wear out over a top or instead of a jacket the yarn used is super soft and warm i typically
wear a size medium in sweaters and tops and ordered a size medium it fits perfectly i agree wi

y didn t work for me i agree with the reviews that stated the fabric is very heavy the lace det

for the most part it fits true to size it s not as fitted as i hope it would be at 5 1 115lb
s i got my usual xsp my biggest gripe is the very deep v neck its shows my bra eek it s lik

how negative the comments were i m the type of lady who gets stuck on something and won t get o

ned with an off white poplin in the body of the jacket the off white lining is an adorable swi

t is shown on the model the sleeves are a little on the long heavier fabric than it looks but c
ute and versatile flattering as well dress runs a little small in the arms but flows nicely on
the body see through and comes with slip but slip is stiff and doesn t give was hard to get on
so i wore my own slip other that that dress is feminine and looks great on i love this duster
i got my usual size and it fits exactly as pictured the color of the fabric is a perfect neutra
l and will look good with anything the knit is open and fairly see through this avoids the bat
hrobe look that a long length sweater can have bought at full price and i m not sorry because i
bet it will be gone before long this dress is perfection great quality fabric bright vibrant
color the design and texture allow it to be dressed up or dressed down i sized up a size becau
se my normal wasn t available and it fits perfectly these are my favorite tights i love how th
ey are opaque i love that they are thick but not so thick as to be only appropriate for winter
they are slimming without feeling too tight \r\n\r\nwhy don t you sell these any more please
bring them back i initially worried about these because i am curvy on the bottom and short 5 3
but they balance me out perfectly they are light and airy and perfect for summer i have paired
them with form fitting tops which work best considering the bottom volume and my latigo clogs
which give me some height these are my new favorite go to pants i am not sure why this is list
ed on the website at hd in paris because i purchased this shirt in carmel ca and it is actuall
y maeve which is a brand i buy often and always fits me well this piece did not disappoint th
is is a fun and versatile black top but has a little edge with its design and i know that i wil

hich i just think adds to the interest of this piece i am a 34d and did not find my c i bought
this dress to attend a couple of summer weddings it seemed like it would be a nice light summe
r dress that i could wear all day i do think it fits that qualification however it wasn t as
flattering as i hoped i m generally pear shaped small waist larger hips this dress does fit
well over my hips but does very little to show off my waist overall it is just ok i ve been
looking for the right red dress for a while and this one is a winner flattering fit comfy qual

ck this beauty these are fab as always with pure good printed leggings bright beautiful print
great quality fabric and flattering goes with lots of color tops too took my usual size s 4
27 in bottoms and found them perfect i love these tights i stock up every year they are a gr
eat quality not too thick to be hot but not too thin that they are sheer when you put them on
they also don t squeeze you at the waistline favorite tights this dress is a lovely fit the k
nit top accentuates the bust and the loose skirt below the empire waist just skims the figure i
t s pretty casual and the skirt is a tiny bit sheer so better for weekends than for office wear
love this dress it is so comfortable it fits great and can be dressed up or down hides the tu
mmy too i should preface this by saying that i m in between sizes i chose the smaller size an
d found that this top is not super forgiving i m keeping it bc it is good quality and i like th
e style but i wouldn t be comfortable wearing it right now maybe after i lose a few pounds i
bought this tunic today because it paired well with patterned slim pants at 5 2 the tunic felt
like it added height and even though i m a 34f the top fit well across the bust i tried on the
large first and it felt very comfortable but a bit big the medium fit a little more snugly bu
t was more proportional in the arms so i purchased it instead \r\nthe neckline is not too low a
nd does not require a camisole under and the buttons add a nice weight so that the top drapes to
wards my chest inst i saw this today and decided to try it on it fit perfectly i have a genero
us bosom 36e and a large fit without gaping or the button issues a previous reviewer noted the
fabric is comfortable no itching too bad it s 90 degrees i m ready to wear this the raspberr
y color is really stunning i have been looking for colored tights for a while and had difficult

comfortable and seem like they will last love the bright red color such a comfortable fit but
still feminine and pretty could be dressed up or down will definitely be a summer favorite tr

ll need a slip this is the jacket i ve been looking for i love the collar lapels they can la
y flat or be worn up a bit the material is really soft so the jacket is comfy and soft the sle
eves are of a ribbed material that makes the jacket even softer and more comfy i got the black
but it s really more of a charcoal black vs jet black the color dye is saturated and dense so
there is no sheen to the material ensures that it will be colorfast when zipped it s form fitti
ng but not tight tts i m 120 lbs i really like the skirt it s very comfortable and i can we
ar it with so many colors i originally bought these jeans in my true size after wearing them
a few times i realized they stretched out quickly making it hard to wear them again retailer re
commended i go down a size and now they are my favorite jean they are a little tight for the f
irst 5 mins and then they are perfect fit wear after wear and so soft i have had a problem fi
nding jeans that fit properly that i don t have to pull up every single time i walk up the stai
rs or stand up but these are perfect they are made with a bit of a stretchy material yet keep
their shape well i am 5 7 130 pounds athletic body type and got a size 25 the only thing i a

a great comfortable shirt ordered this in my typical size xs and it fits perfectly the weath

ate i love natural colors and nature themes but this top was a disappointment i ordered both t
he small and the xs because retailer can run very large the small was too big and the xs did no
t hang correctly the arms hit at a weird spot and the neckline wouldn t sit right overall the
fit was boxy and unflattering the fabric is pretty but the style is well boring there was j
ust no wow factor for me i think the fabric deserved a much better design imho i think this to
p might be better suited fo cute casual skirt i love that it is longer in the back than the fro

o not have stretch because i m my athletic frame love these pants i have several pairs of the
pilcro scrip and formerly super script these do not have quite as much elastic as some cuts
but they still fit well and look great i have the marrakech vest from the summer and really lik
ed the quality and fit of that so i ordered this one fit is very similar this one is made of
a lightweight cotton and has a similar cut will be a great fall transitional jacket and looks
great with lots of things maxi skirts skinny jeans long tops with the hems peaking out etc
i found it tts i got an xs and am 5 4 120 lbs i don t plan to wear more than a thin top unde

o wear with a cute pair of gold charlie cropped pants i bought from retailer last fall the only
thing i don t like is the odd length of the sleeves they are somewhere between elbow and 3 4 i
am a true xxsp in most tops but the sleeves end right at my elbow making it difficult to wear t
hem unrolled for reference i am 5 1 and 107 lbs a larger size would have been too wide and ro

or working out i bought these in the store yesterday and am thrilled with them \r\n\r\nsizing
they run large i am glad i bought them in store because i was planning to buy the 28s and the 2
6s fit instead for reference i am 5 4 athletic postpartum 135 pounds \r\n\r\nfit inseam
is very long waist is a flattering v shape versus straight across the midline i find these a
little lower rise than i d ideally choose they hit around 2 inches below my navel the back poc
kets are small and high i find the butt are this is a throw it on and you re cute so easy and
comfy requires barely any styling to look cute in this and it has pockets i really wanted to
like these they re soft long enough for 5 8 1 2 and a nice color cut the rise is quite low and
the hips puffed out in a weird way have to return it s comfortable and easy to wear with lot
s of styles this is a pretty blouse that is also very comfortable i am always an xl in retaile
r tops but i needed to go down to a large on this one this blouse is cut generously everywhere
but going down one size was perfect for me the fabric in the back falls from the shoulder blade
area so it has a very nice drape in the back the sleeve cuffs and placket are some sort of cot
ton so the cuff made a nice base to fold the sleeve around and up to the elbow i wore a nude b
ra underneath and i can t see m was excited to receive this top in the mail and wasn t disappo
inted when i tried it on beautiful colors true to image and pattern the blue back does exten
d into the front but does not look unflattering in the least or leave for an awkward fit imho
very happy with this top it looks so cute from the back too nan this shirt is a simple but ve
rsatile top it goes anywhere with anything so it s a great travel piece i m curvy on top but s
hort waisted and this shirt does a good job of disguising that figure flaw i got loads of compl
iments from men who liked the femininity that stops short of sugary as one guy put it it s qu
ite comfortable and doesn t bunch up when one sits down i wore it with copper jewelry and that
really made it pop a great piece for one s wardrobe i bought these in the store today they
re a great jean none of the pairs i saw had as much distressing as the picture there were no h
oles which i m actually grateful for i don t like holes in jeans anyway these had a great fit
for me they fit more like a slim straight jean on my curvier figure and really flatter my backs
ide they aren t baggy as pictured on the model they re a great casual jean which i know will
be my new staple even better my husband gave them a big thumbs up i ordered this online bu
t i own the vest and i love it so i took a chance this is a super comfy great quality jacket
the sleeves are some kind of knit material and that makes it really cozy and not constrictive t
he color i ordered the green is perfect i ultimately returned the jacket because i thought th
e lapels were just too wide for my liking they look exactly like the picture so if you don t mi
nd that you will probably be very happy with this jacket it just wasn t for me i ended i ve b
een looking for a more polished edgy alternative to my jean jacket and this is perfect it s sup
er soft and comfortable will look awesome over a dress or with jeans love it this top is even
better than pictured the colors are brighter though still natural this allows lots of possibi
lities with pairing bottoms to it i ordered a large my usual size and would say it s pretty l

oose but doesn t look ridiculous it just hangs well and fits the way it should the fabric is a little thin so you ll need a shade shirt or tank under it if you don t want your bra to show t hrough nan this is a great casual skirt for summer color pairs well with many tops this top i s simple but beautiful i am either a large or xl but purchased this in the xl it is a swing to p but has a beautiful flow to it which is not overbearing i am around 5 6 and slightly on the broad side and do not feel overpowered by this shirt at all \r\ni love a top that can be worn ev eryday with a pair of jeans or dressed up with a pair of slacks the plus to this top is that it can born worn almost year round which i like \r\na great staple for your closet this skirt is f abulous i ordered it in both grey and green only flaw was the grey one was 2 inches shorter all the way around made it too short so i kept the green great for summer and maybe fall with flats and a jacket the neutral color was at my local retailer which is a rich brown mocha much nicer looking in person like others this is quite sheer and thin however it is so stret chy breathable and comfortable that i would use this for layering instead for my 5 9 36c h ourglass frame i found the medium to be rather body hugging it was not at all loose like on th e model for me this is fine because i will layer eliminating issues of sheerness this skirt is soft and comfortable breathes and moves really nicely great quality and fabric just be car eful in the first wear i snagged a spot with my rings i ordered my usual medium but probably c ould have sized down to a small i plan to wear this all the time this is a great jacket for fa ll layering love the color and cut it wasn t appearing to me in the photo that the sleeves wer e knit but it actually works i wear the sleeves pushed up as i have really long arms and they are a smidge short now my go too for casual work days and weekend wear nan this jacket is surp risingly soft and comfy i d been debating getting a leather jacket in this style but when i saw this it seemed a great option seems to be very versatile i ve been searching for a brown top d ress tunic forever and i finally found the perfect one i stumbled across this adorable tunic w hile browsing the clearance room at my local retailer and you can imagine my excitement when it was my size small i tried it on and almost asked to wear it out of the store it s sooo soft and has a beautiful rib like pattern texture to it you could wear it as a top with pants or a d ress with tights leggings this poor boy mock t neck high crew neck top looks a tiny bit more olive to me than the online photos the fit runs on the smaller size and the sleeves will be br acelet length or 3 4 length for taller women \n \ni tried a size xs that was in the store and it fit with the sleeves just above my wrists but a size s would have been fine too i m 5 2 curr ently 33 25 37 narrow shoulders and torso for reference even the size m of the short sleeve v ersion fit fine so there is a lot of give \n \nno these make your rear look ah maz ing i mea n seriously good every time i wear these my husband cannot keep his hands off usually i m 2 7 28 in these i took a 29 perfection i also got them in the black and blue washes i may not be wearing any of my other jeans at this point so good awesome price point too it is beautifu l but not practical for me the student who carries a backpack i didn t notice it doesn t ha ve sleeves it is regular poncho soft and stylish recommended for poncho lovers i am amazed this is still on sale it s so comfortable and fabulous i so wanted these to work i am 5 1 a nd 120 ordered an xs they were just way too long i love the look of a cropped jogger but they looked nothing like the model i rolled the waistband and it brought the hem up to my foot ankle but they were still way too long to be flattering otherwise they were super cute and cozy love this denim and particular wash button fly will last forever looks so cute rolled a little on t he cuff although not the highest quality of clothing i ve ever received from retailer they are still comfy love this dress really comfortable and flattering the arm holes are a little big but not too much for me to return the dress or not wear it love it a great little dress that c an be dressed up or down i can t think of many things more comfortable than cloth stone s fab ric so when i saw this jumpsuit i had to try it it is a nice mid weight perfect for fall weath er or a mild winter like we are currently having in the northeast looks very cute with a duster cardigan over it fits true to size meant to fit a little loosely length is great everywhere on my 5 7 frame feels like wearing pajamas with the benefit of looking put together i know t hat some folks said it runs small but i am usually a size small or medium in dresses and the me dium feels big to me that being said it definitely works and i think it ll be great excited to dress it up with accessories feels professional enough for me to teach in dress fits perfec tly and is extremely comfortable great for day or evening love it i got this because it was on sale and it looked like a fun design i like it so much more than i expected to the materi al drapes beautifully so the lower parts skims my body while the upper part moves nicely but doe sn amp amp amp amp 39 t stick out too much i love the green color too i tie the ties on the back of the dress at the level of my shoulder blades rather than on top as in the photo i th ink it looks cuter that way so glad i took a chance on it gave this sweater to my mom this ch ristmas and she has hardly taken it off so cozy and cute i have seen this dress for a while a nd was holding off but then i decided to try it on the regualar size in store to keep in mind

for my next binge \n\nthe cut is flattering length is jsut above my knee so i would not get the petite on this one i would as others have mentioend wear it with a belt overall it fits like a nice comfy t shirt with comfy skirt but as a dress very nice this dress is so cute and so comfortable i will be wearing this to a lot of different kind of events i am so happy with this purchase for reference 5 3 130 athletic muscular body type broad shoulders slim hips \r\ni m a bit confused on the sizing for this especially based on other reviews mentioning they needed to size up i ordered the xs and i was swimming in it i usually am quite comfortable in size small so i m not sure why the xs was still too big perhaps you need hips for this dress t o work because it was really just hanging on me and not figure flattering at all i m not sure if ordering the xxs would make thi i only gave this three stars due more to personal preference than to any real flaws with the product it is very comfortable and for a jersey style shirt qui te warm but that is one of my issues with the shirt i wanted to wear it well into spring and i think it ll be just too warm i live in the northeast i also felt that while it fit tts it had a more generous fit than what i expected which was another negative for me i wanted it to be m ore fitted to my body however i did keep it because this is the most comfortable dress ever i t s so soft i typically wear a size small and this fits true to size it is long enough to wear to work which i love it looks great w flats in the summer and it s going to look great w boots very cute and comfortable can be wear with tights and boots or into spring with flags very fla ttering fit for someone with smaller upper body them bottom half like these pants and they wer e on sale does not get better i meant to order this online and forgot i was very happy when i was able to get it in one of the stores yesterday it s everything a summer dress should be flo wy lightweight and a great print i can t believe there s no reviews and that it still availabl e in every size for reference i got a small i am 5 4 135 this dress i thought would make me look wide because it s all straight across but in fact it really has a great flow and is cut wel l grab it while you can this was way better than i expected it to be tts and flattering the material on the top section is on the thinner side but is very soft and comfortable the skirt section is a little on the shorter side for me but with tights i think i could still make it we arable for work cute and comfy looks like i will be able to dress up a bit too fabric and fit are great i can t decide on these pants after trying them on in the store they are very soft and a beautiful blue color however i found them a bit small i usually take a l in retailer pa nts and these are very tight probably could pull them off with a tunic top however in spite of the fabric the fit was just not comfortable for me a good alternative for denim if you are slender rather than curvy this dress is so cute but it definitely is highly as other reviewers have stated what a great find this is so easy to dress up or down and a very comfortable fit a nd fabric the skirt fabric is pretty form fitting so not something i can comfortably wear to wo rk but it s a versatile piece otherwise the buttons on the sleeve are a nice touch i really li ke the look of this dress but i ended up returning it because it was too short the shoulder ar ea was also too big on me at 5 3 and 155 pounds with a short waist it s hard to find attracti ve jeans hit the jackpot with these they re comfortable very slimming with a perfect rise and length i ordered size 32 so i did go up a size love the button closure instead of a zipper th ese are much better than my citizen boyfriends that cost twice as much try these you won t be disappointed took another reviewer s advice and sized up to an xl unfortunately it grabbed aro und my midsection and wasn t attractive love the color and it s dreamy soft the sleeves are a ttractive on less than toned arms my problem was with the side view which emphasized my tummy it clings and you could see a lot of my bra because in the larger size the armholes are large sadly returned don t think the photo does this skirt justice it s a very flattering fit the k ind of skirt you ll wear all summer these are great for lounging around or even wearing to work as they can be dressed up or down if any of you have read the book or watched the movie sister hood of the traveling pants then you will understand this analogy i am convinced that this dre ss hugs everyone in the right places it looks kind of boring on a hanger but has an incredible fit that complimented my waist so much i instantly felt tinier in every trouble area of my body although the design of this dress is casual i feel that it can easily be dressed up for a nice brunch or meeting i love basic clothing designs tha easy to wear and very cute especially for curvy ladies but i think it looks best worn with a best or a blazer on top something to emph asize the waist a bit more very comfortable dress for fall and early winter love the material and great to throw on to run errands in over the weekend or could dress up with flats and sweat er for work these pants are perfect for any closet they can be casual weekend or paired with a light top and heels very comfortable love the detailing around the pockets it s definitely no t a 100 blouse but i took advantage of the sale on sale and gotta say i love it it s slightl y sheer but with a plain nude bra it s fine beautiful details very retro light and breezy w earing it to work and with jeans this cardigan is defined by comfort it is of a lovely knitted like material and is very warm the pockets are great for holding your phone and the billowy sle

eves make you feel like you are wrapped in a blanket when i saw this online it looked like a r

as bat wings or something not sure what it is called there isn t one picture included with an

love how comfortable this dress is i ordered an xs and it fit perfectly i m 5 4 and it falls

t of country beach wedding in late fall so i bought it a size smaller than normal but it fits
so i could say it runs a little big very cute though and i thought even more flattering than i
thought it would be from the picture i m more top heavy and it kind of camouflaged that which
is always great this little dress is extremely cute and very comfortable i didn t pay enough
attention to the picture and totally missed the faux wrap skirt but that only adds to the appea

or a red cardi it will get lots of use and really is a 3 quarters of the year piece this dress

le piece dress down with a denim jacket or dress up with heels and it has pockets tried this dress on at my local retailer and just fell in love with it it is a sleek almost 90 s style d esign that is so comfortable and flattering at the same time and it has pockets i will be wear ing it all summer with flats or sneakers i bought the multi color stripe and it is adorable i am 5 9 135 lbs and purchased a size small it is a perfect length and drapes well not too ti ght at all i received a ton of compliments the first time i wore it highly recommend i took a chance buying online i m thrilled this dress clings at the top and releases where it should be low the bust without looking like a tent a very classy dress for work or play just hope it ho lds up after a wash as the material is thin but opaque love this dress i always wear dresses because fl is hot this one is easy breezy and fun it s trendy without trying too hard nice li nes the fabric is nice and soft and washes well the pattern is pretty i got both colors i al ways get compliments when i wear this dress love this dress i layer spanx and a seamless tank underneath as the fabric would show everything if worn on it s own in general if you were a f an of the turtleneck swing dress you ll love the overall fit tts and fabric of this the patt erns colors are also great my issue was the armholes they are a bit too large and the opening comes a little too far forward which makes it a little unflattering in the underarm area i may reconsider when it goes on sale but it s a pass for now the price is amazing for this easy and flattering dress looks great as is or with a scarf sweater jacket you name it i just couldn t resist getting carried away with this one i love this dress so much it is more comfortable than any of my pajamas and the best part is it is very work appropriate especially paired with chambray shirt buttoned and then tied at the waist outstanding dress looks like a class that i will wear for many events to come i couldn t decide which color way i liked in this dress th e red white or the green so i purchased both i can see myself wearing the red into early fall and the green is a very springtime summer dress yes the cut runs small but i don t think it is as small as some of the other reviews i typically wear i size 6 and this one the 8 fit perfect ly so maybe one size up great dress the hardest part was picking which color the dress is a slim swing silhouette and very flattering the fabric skims the body without highlighting my pro blem areas lower abdomen and hips the dress is modest enough for work it ends a few inches a bove the knee in the middle comes to my knee on the sides i am always a xs or s in maeve i went with the small on this dress the sleeves aren t as long as the picture shows they ended where they should i went with the navy and w i fell in love with this as soon as i tried it on it doesn t look nearly as good on the hanger so definitely worth trying on the fabric is high quality and super comfy the fit is very flattering i am curvy 5 7 and got the navy stripe pr int in size small it s very forgiving fitted without clinging to any problem areas i also l ove how versatile it is you can wear it as a dress as shown on the models or as a tunic over t ight jeans or jeggings leggings love it i saw this online and wasnt sure and actually walked r ight past it in the store but my usual stylist walked around the store with me and insisted it was a goodone she usually knows what she is talking about super soft nd comfortable love th e long sleeves it has hidden buttons cut is flattering on everyone i ended up ordering petit e size turtleneck is not too tight and the dress can pretty mjuch be dressed up or down my fr iend also bought it huhm twinsies my favorite design was t great stylish swinging dress s oftly draped fabric so comfy to wear very slimming and figure flattering nan i love this dr ess i bought the navy with white stripes it is comfortable flattering and versatile best o f all i received a complement from my husband who never comments on my clothing the drapey kn it fabric fits closely but not tightly in the shoulders and bust and then skims over the lower body the fabric is soft and stretchy not too thick but still substantial enough that i did no t need to wear support garments underneath i am 5 4 123 lbs i wore this to a christmas part y and i bought this dress at the sale and love it very retro inspired and pretty however beca use of the placement of the zipper with the ribbons it s hard to zip up i had to size up to a 12 for this problem alone love this dress swingy is definitely the right descriptor as som eone with a large chest i was worried it would be boxy and make me look larger but the cut is f lattering even if it is on the loose size it runs slightly large so if you re between sizes i w ould size down i wanted to love this dress the reviews were great the price was right and i needed a simple black dress the fabric jersey is lovely and drapes nicely and the print was pretty unfortunately the armholes were way too long and low for me and even with a black bra i was sharing more of my lingerie than i wanted perhaps someone with a slightly smaller chest c ould size down and avoid oversharing \r\nfor reference i am 5 5 145 and wear a 30gg bra i or dered the m this dress is a great casual outfit tha fabric is substantial and very soft the o nly negative would be it is a little large through the chest arms i ordered a large as i am cur vy but would like to exchange for a medium sadly the medium is sold out but i love the dress so much i am keeping it love that this is comfy with a subtle yet sexy vibe had so many complime nts when i wore this to work with everyone asking where i got it fits true to size 110lb 5 4

and xs fit perfect took off a star because it may look like it could get that fuzzy pilling o

y flattering the material is flowy not clingy it is a piece of easy no hassle garment that i
would love to wear everyday and make it my uniform seriously it doesn t get better than that
if they make more of this style with different colors and patterns i will just buy them blindly
\r\n\r\na word of caution the dress does have slightly bigger armholes so some pe this dress is
adorable i got it in red and it is very flattering i love the shape it has a slight flare wi
thout being too full the fabric is firm so it holds a nice shape and there is a stretchy mater
ial lining on the inside that make it very comfortable my only complaint and why i didn t give
it a 5 star rating is that the zipper sticks at the ribbon junctions a bit frustrating but no
t enough that i won t keep the dress just a heads up because i didn t notice the pink in the bl
ue motif print until it had arrived almost sent it back changes the overall aesthetic makes
it harder to layer in winter black shoes stand out more etc but i don t really like the oran
ge print and i m a red head so i m keeping it but it would have been amazing if it were cream
and blue i also bought the emerson swing dress this dress runs tts emerson runs a touch large
r i m 5 5 and the dress came to just barely above my k this is a super cute dress which is qu
ite flattering it is made with a higher waist and a bit of a fit and flare the only complaint
is the side zipper which seems to get caught and not move easily i originally bought this dress
in navy and i absolutely loved it so i bought a second one in the neutral color they both fit
perfectly and are very flattering i love how i can dress them up or down i wear them out to ru

wo times your typical size this dress is absolutely flattering and will make you feel beautiful
fabric is thin but can easily be transitioned from fall to winter to spring hugs all the right
places true to size i am 5 2 and 120lbs curvy and the small fit well i am so happy with this
purchase great price point as well since several reviews said that this dress ran small online
i decided to go to my local retailer store to try this on in person i am 5 6 120 lbs and nor
mally a 0 or 2 the 2 worked perfectly i loved the red version online but thought the green was
better for me in person the red is a tomato red and was more overpowering on my fair skin the
green also has light blue in the detail print so maybe good if you have blue eyes no problems w
ith the zippers on the ones i tried at the store first i absolutely love this dress and i was
super excited when it arrived today i sized up as other reviewers recommended and the dress fi
ts perfectly however when i zipped the dress up the zipper came apart in the center going up
another size would make the dress fit improperly so i am hoping to exchange it for a new one an
d have better luck with the zipper just got this dress in the orange print and i can t begin to
say how much i love it looks even better in person than online and it s super flattering love
the neckline armholes are perfect and show off toned arms and shoulders this is the kind of d
ress that makes time spent at the gym worthwhile the fabric is light and stretchy and the poc
kets are an extra bonus \r\ni would say fit is tts but keep in mind that it s very loose at the
bottom so i would go down in size if you want a less loo love this dress purchased it online t
he xl sizes can be difficult to find in the store dress is very cute on and you don t need to b
e reed thin like the model it flatters the figure and yes i wore spank with it the length is
good the design black and neutral is flattering i chose this to wear to my husband s christm
as office party his new job you know first impressions i did not want to be over dressed i
wore my antho black boots which lace in back and go over the knee slouch a this dress is super
comfortable and flattering i went with the stripes and the p to shorten the length it loo
ks amazing with otk boots however the material isn t very thick it s more of a fall spring d
ress than a winter i m a xs s p in retailer dresses i went with the small xs would ve fit
but less flatteringly the sleeves are fitted which i love works with a belt or without i read
the rave reviews but tried this on with low expectations i am curvier on top so i thought the
dress would make my chest look huge and show my tummy budges the dress was the exact opposite
so flattering and a piece i could truly dress up or down i am 5 6 135lbs and a small fit perf
ectly i rarely purchase anything at full price but plan to circle back to my local retailer to
pick this up today this dress is comfortable hugs and skims at all the right places and sport
s a perfect length for a shortie like me wish the other patterns weren t sold out love everyth

ing about this dress cut color material and price this dress has style and a delicate balan
ce between design and the beauty of the material a cute dress though waist a little too high
more of an empire waist hitting at widest part of rib cage this looks like it should be a s
tretchy knit dress but the detailing has no give whatsoever and the dress runs quite small i u
sually wear a 00 but though i could get it zipped it wasn t comfortable and if i want to keep
it i ll need to size up to a 0 i m 5 6 32b 24 35 the fabric feels and hangs nicely it s ve

ss during the weekend sale the dress is terrific i am a busty 36dd size 8 10 and the m fits
perfectly based on the reviews i had planned to take this to the tailor to take in the armhole
s but it is not necessary at all no bra showing in front or back i am 5 6 and the shortest
part of the hem is about 2 above my knee there is no lining so i might add a short pull on sl
ip depending on where i wear it but otherwise this is an easy dress to be w this dress is so be
autiful on purchased in black motif and it can definitely be dressed up or down material is li
ghtweight perfect for summer and the dress washed up beautifully in the washing machine i alw
ays wear an xs in maeve and the dress fits true to size i had to order this dress in three diff
erent sizes to get it right i m 5 6 and 125 but have a petite frame with curves so i ordered
the small petite the sleeves and length were too short then i tried the small regular and i s
wam in that one way too much fabric the i tried the xs and it fit perfectly it does stretch a
round the bust line so wearing a red bra would look tacky as you can see through the lighter fa
bric but black or nude is fine or even a slip or a tank would cure that is i so wanted to love
this little dress but it just didn t fit my body well as suggested by others i ordered a size
up and it did fit the fabric is stretchy so there is some give there but the size zip was a
little sticky because the trim causes a lot of fabric to be bunched along the zipper the real
problem was that the dress was too short waisted for me the waist band came right under my ches
t maybe this would fit someone with a small or mid sized bust better than it did me i also th
i bought this dress for an all white event i had many compliments but it was the most fun danci
ng dress because the top layer spins out it is loose and flowy but the arm holes are rather lar
ge and sizing down might have been better i am 5 8 and athletic and ordered a m and if i had t
ime might have exchanged for a s you must steam out creases before wearing this is the softest
most comfortable dress ever i bought a large because it was the only one in stock at the store
i m 5 9 135 and it s a little loose but still flattering and comfortable due to my height if y
ou are tall you will not be disappointed w this dress this is a really cute dress just did not
look flattering on me at all i suppose i could have gone down a size however i just did not lo
ve it i am 5 3 130 athletic build 36dd i read the other reviews and everyone loves this dr
ess here is what i did not like there are pockets which i cannot figure out the purpose that
lay oddly all bunched up right at the hips due to the shape of the dress it bunches out on my
short frame it made me look shorter and wider the fabric is a lightwei i loveeeeeeee this dres
s i saw it online and immediately loved the blue orange large floral print but so did everyone
else and it sold out quick but i thought the shape could be flattering so i ordered in the blac
k polka dot and loved the shape so flattering i ended up going in store and buying the other t
wo colors the patterns are vibrant and lovely shape my only concern was seeing it in store i n
oticed it stretching while just hanging on the hanger i wish the fabric was of better quali fin
ally a dress that is not too short i m 5 11 and ordered two sizes the small was too short and
a little snug for my liking but the medium was a perfect fit i got so many compliments from fr
iends i bought another one in different print packs and travels well i m 5 6 and a heathy 16
0 lbs carry my weight in the middle this dress is very flattering and fabric feels like pj s
also east to wear with regular undies and racer back bra living in a warm humid climate it s m
y new go to dress the fabric is so stretchy that i found the medium a better fit instead of my
usual large this will be a great go to piece with leggings and boots for winter and to transiti
on into spring with wedges i purchased the blue stripe and the multi stripe with the intention
of returning one but i liked them enough to keep both the quality of material is great and supe
r soft and i love the little snap detail on the sleeves i am 5 7 and most always wear a size
medium and it fit perfect the dress hit right above the knee but not too high so i can wear the
dresses with or without tights i got this in black with white dots fits great flattering and
helps hide middle section tried and bought this in the store loved it my normal size 4 worked
great little word to the wise be careful zipping it up which is a little tricky the first on
e i grabbed had a broken zipper just takes a little work getting it up bc the fabric is thicker
love this dress i bought the blue motif which barely has any blue at all it is the softest co
tton dress i own i wore it with my red hunter boots today and it made for the best rainy day en
semble love love and i got it on sale which just sweetens the deal if you want it buy it

now this dress is everything and then some love it i bought two the neutral black and the turquoise the turquoise one is a very retro print i am getting many compliments they are so c omfortable and flattering i m all about this price point retailer more please absolutely love this dress so cute with booties and a jean jacket will be a great staple for spring and fall a s usual this dress does not disappoint looks great with boots and is the perfect day to date dr ess gorgeous color fabric and cut i ordered the blue in a 14 i always wear a 14p or large petite in retailer i purchased a regular 14 it s a full size too small in the ribcage cannot zip it up i ll be exchanging mine for next size up even though i m 4 11 the length is fine if you re tall it might be pretty short for you very comfortable and stylish can wear with ti ghts as a dress or over jeans cute any way the material is not super thick but not too thin this dress is really lovely i purchased in the blue green color and think the pattern and ribbo n detailing is gorgeous it runs very small i am normally a 00p in maeve and in this dress d ue to the length ended up with a 2 regular i like my dresses to fit and could have gone with t he 0 it fit well at the waist but was tighter than i prefer across the chest and wanted a more comfortable fit as other reviewers have noted it has a higher waist which i think contributes to the sizing issue i bought the dress in navy stripe in december and it became a favorite so i jumped at the opportunity to buy the blue pink purple blue black stripes when it went on sal e this dress is very flattering and feminine i love the fitted top fitted sleeves with a cute button detail and the asymmetrical hemline i use the navy for work whereas the colorful strip ey one is fun on the weekends it washes well and holds shape i hang it to dry i like it best with boots but it would work with fl i have never purchased this brand before at retailer and t here were no reviews on it when i purchased it i bought my usual size medium and it fit perfec tly i am 5 2 120 with broad shoulders loved the fringe on the top and i think it will be very versatile jeans boots skirts heels definitely a keeper as a petite gal this was not overly long if you have larger hips this will not hang well i really liked this dress u ltimately the turtleneck isn t as flattering on me but it was a tough choice the fabric is ni ce the style is nice and it would be easy to wear this dress is super cute and has the most s triking color i got the blue i just love it it s comfortable and flattering and hits me in a ll the right places i am a petite girl and normally wear a 0 or 2 in retailer dresses and as the other reviewers mentioned this runs small so a 4 was what i needed and even the 4 does no t leave any wiggle room that said i like my dresses to fit sort of snugly so it works for me i highly recommend it overall the quality cut color and comfort all ma i just received this dress in the blue and its very small in the ribcage bust area i m 120 lbs 5 1 34d bust and i m always a 2 4 regular or a 4 6 petite in this brand i couldn t even zip up the 4 regular all t he way i will probably reorder it in a 6 and an 8 great material beautiful color great style love this dress i can t say enough about it comfortable stylish packable doesn t wrinkle at all i love it i bought the neutral and the turquoise only planned on keeping one but i love i t so much i m keeping both good dress for fall winter to wear with flats or tights and boots c an easily be dressed up or worn casual i am 5 1 115 lbs and bought the xs petite perfect fit a great price point especially with the 25 off dresses nan nan nan read other reviews was wor ried about neckline being tight went with size of last dress i bought from retailer s p erfect can t wait to wear this dress got it in the black white polka dot plan to layer with capri legging i absolutely love this dress it s great quality and fits perfectly once again retailer delivers a beautiful quality dress i love it it is comfortable and flattering the m aterial is light weight enough that i will be able to wear into spring i have been eyeing these jeans for a while but was hesitant because of the price and also because i m short waisted so do n t normally like high rise pants i finally pulled the plug when i had a 15 off code still ex pensive imo i am so glad i finally bought them they are well worth the price i am 5 6 with longer legs and i agree with the other reviewers that these run a little longer than one might a nticipate they hit about 2 inches above my ankle bone which suits me just fine they are i bou ght the orange color and the pattern is absolutely beautiful the fabric and style is very flatt ering and comfortable well worth it runs true to size i am usually an xsmall 134 lbs 34 c and the xsmall fit perfect perfect summer dress soft fabric and light totally agree with the oth er reviewer just got this in the mail today and it is a beautiful dress but it does run one si ze too small i am always a size 8 in maeve but couldn t zip this one up and at 5 7 it is a tad short but i m exchanging it for the 10 in the hope that in the next size it will be a bit lo nger and that it will fit but it is a super flattering fit and the blue color pops a stun ning dress and love that it s machine washable love this dress in the orange print i do agree with one reviewer who said the high neck is bothersome it is but i m willing to overlook that because it is the style of this dress and it is adorable easy and comfortable to wear and i j ust love the orange pattern print took my usual size i ordered this dress in the black motif a nd a petite size the color is slightly more washed out than depicted probably because of the st

retchy fabric used but it is still nice the dress does run large the length is a bit too long and the pockets which i was surprised were even there are several inches too low for my 5 2 fra me overall though this will be a good dress for hot summer days and should travel well i wish the blue floral one was available when i ordered this dress as it looks i love this dress the quality of the material is very nice good weight and softness the dress hides my baby belly a nd feels really comfortable on i got tons of compliments when i wore it i am 5 1 32 26 36 an d 115 lbs and got the xsp in the neutral motif at a great price shipping was quick as well 2 b usiness days the dotted swirly lines are more beige than they appear on the model great shape and easy jersey silhouette that will be flattering on all body shapes will look great with a lo ng statement necklace lovely dress in bright teal color the zipper was a bit sticky as the oth er reviewers had mentioned unfortunately i sized up 6 based on past reviews and had to exchan ge for a smaller size 4 the fabric does have a bit of stretch so i m really not sure why so ma ny people had sizing issues this is really a great buy with the current sale tempted to pick u p the red version too i absolutely love this dress i have received so many compliments the qu ality is incredible the great thing about a swing dress is that it doesn t cling to the curves this one is the same way i got the geometric print the colors are fun i would have gone down to the small just to loose some of the material on this dress if it had not fit across so tight across the back if you have no bust i would say size down two sizes or try a petite the dress has a breathable fabric so great for summer wear the only cons are the large armpits and extra fabric but sizing down should help order a size down i got this in the floral print before it s old out and i have never received so many compliments on a dress it hangs so nicely and is so flattering the neckline doesn t bother me at all i know some reviewers mentioned that but i am a very small busted woman so maybe it has something to do with that i find it super comforta ble like wearing a nightgown i am so in love with this dress i just ordered it again in black it will be a summer staple i found it runs true to size i m 5 3 115 p this is a great dress i purchased the red and gold motif i like that it is versatile and very comfortable plus it h as pockets love that i am fuller in the bottom so i was concerned with the pockets adding b ulk so far so good this dress does fit small i am generally a size 10 12 in maeve but purch ased this in a 14 i have a large chest 34g which contributed to my need to size up the green color is beautiful and the dress looks darling on i have a little trouble with the zipper but n othing that required me to return the dress my biggest complaint is that the straps are a tiny bit too long and don t lie flat on my shoulders other than that i receive a ton of compliments every time i wear it i am 5 4 145 pounds 34dd and ended up with the size small for reference it fit well but definitely roomy in case you re not into that style never tried the extra sma ll but i would prefer this dress not to hug onto me so i stayed with the small \r\n\r\nthis dr ess was really nice and comfy soft material the pockets are low and my phone stayed in while i walked but i wouldn t recommend anything heavier than a phone to go in the pockets \r\n\r\ni wo re this to a family and friends function and re first off i love these jeans they are the e xact look i have been searching for and the bands around the hem are what really sold me on thi s specific pair the only problem which i found with a previous purchase is that they hit me at the ankle rather than what is pictured since i liked everything about these jeans i decide d to so with plan b and had them altered to be about an inch shorter this involved cutting the hem at the top of the bands and reattaching the stitching blends i bought this dress for my d aughter for her birthday and she loved it she tells me she has worn it many times and gets comp liments each time on both the style and the color ordered the orange it s a lovely lightweigh t knit and is easy to dress up or down plus it is so comfortable and flattering it first reall y run small exactly rather if you size up one the zipper works a lot better it s beautiful in person i normally wear a 2 or 4 but i tried a 4 and 6 i bought the size 6 for reference in 5 10 130 lbs i watched this dress for quite awhile and when it went on sale ordered it i m very h appy with the purchase it s swingy and fun looks great with tall boots too i said it runs tru e to size but i bet the size smaller would have been great too just because it is a bit of a loo ser fit there s a stretch and a swing to the dress that makes you feel light and free really s exy as pictured with boots and scarf soft and flowy fit is great quality is great i love this dress and i purchased in the turquoise color as well i haven t worn a dress in 10 years so i h ad a lot of reservation that this would be my first highly recommend \ni paired this with 4 sh ort black suede boots and black tights many compliments even from my husband and he doesn t us ually pay much attention i ran into retailer today and was very excited to see this dress sinc e i had liked it online but wanted to be able to try it on based on reviews it does run small f or maeve typically with maeve a 2 fits better on me but i can always wear a 4 in this dress t he 4 just fit it is darling i got the red and i love the fabric detail and stitched detail ho wever the zipper is awful no way around it terrible when i went to try this on at the store the zipper split just opening it to try th the blue version of this dress originally caught my e

ye on line but wasn t available in the store so i tried the green one mainly for size since e
veryone said it runs a bit small i did have to size up one or two sizes i fell in love with th
e green dress and bought it it is so comfortable great quality fabric not too thin or too hea
vy looks great on i have received several compliments i love this dress so much i ve consid
ered getting it in the other prints it s fitted in all the right places and has pockets i love
that it s stretchy i m a 36d and it s hard to fit dresses over the chest this dress is a dream
love this swing dress i purchased it for work it is light and comfy i wear it with tights and
boots i even purchased it in another color ordered this in the orange black white and turquo
ise print in both a small and medium the style is cute and i like the high neckline that shows
off the shoulders and swing skirt that falls beautifully and hides a multitude of figure problem
s i also previously bought the emerson swing dress which is the same style by maeve the em
erson style ran a bit larger and as the reviews there state the armholes were a bit long so i
ended up with a small in that one this lilt swing dress howev i purchased a medium i am 5 6
140 lbs and it fit perfectly the navy is pretty dark almost black the fabric is very soft th
e cut is more form fitting in the top and then comes out to an a line it is not as bulky as som
e swing dresses in the photo it almost looks like a handkerchief hem but in real life it is le
ss pronounced i have no negatives i would consider getting a second pattern if it goes on sale
the most important thing is that my husband said he really liked the dress when i put it on i p
urchased this dress in the navy and white stripe i did purchase the petite since i m 5 2 and i
t worked out great very nice style comfy and flattering looks great with a pair of boots one
of my go to dresses for sure this dress is so comfortable and versatile you can dress it up or
down and it s perfect for almost any summer occasion i have it in the black color and it goes w
ith almost everything the only complaint i have is the arm holes drop a little too low you can
see part of my bra because of this but it s not too drastic i m 5 4 with an athletic build and
i feel like the petite would have fit me better regardless it s a great dress i bought this d
ress in the navy stripe version and love it the material is so soft it s like wearing pajamas
and the actual swing skirt is flattering which surprised me when i tried it on i wore it to w
ork with burgundy heels and got a lot of compliments from my co workers i m 5 9 130 lbs and t
he xs worked best for me this dress is great i purchased the navy colorway it is really soft
and the fabric flows nicely i was lucky enough to snag this on sale so i couldn t beat the pric
e i like the buttons on the sleeves it adds just a cute special touch i m 5 3 and this hits m
e right at the knee this dress was perfect for the fall winter i wish i would have bought more
colors the fabric is soft and clings just enough i lived in it this winter i got the blue i
t is so cute i m a very consistent 2 4 i ordered a size 6 that fit well the a line does st
ick out farther than it shows in the photos so i m having that taken in some looked like a tri
angle it s definitely worth the price super flattering this dress is very comfy and soft i
am returning because i didn t like it being a turtle neck just a personal dislike putting my t
wo cents in regarding how fantastic this dress is i bought the medium petite in navy stripe it
fits great it s not too clingy and it s flattering to my disproportionate figure makes me look
more hourglass i was really looking forward to getting this dress in the orange print but whe
n i finally received i was a little disappointed the print placement is not the same as shown
on the model so it doesn t look as a vibrant and colorful my version of the dress has more of
that muddy dark print and hardly any orange or turquoise also the backside of the print is whit
e and the dress is not lined i do like the way it drapes on my body and the overall styling th
e dress fits nicely in size medium on great dress needs a tank top underneath but has a great
shop i love this dress it s very comfortable slim swing and very ingratiating the fabric is
light i like the details of the buttons on the sleeves overall i m pleased and happy for the
purchase of this dress i will definitely recommend it nan i like the way the skirt of the dres
s swings when you move in order to get the arm holes to not be too low i ended up with the sma
ller of the two sizes i usually buy i also appreciate the dress has pockets and the soft fabric
the tag says you can machine wash cold gentle which is also a plus this is such an amazing take
on a white blouse it s fun and still polished the fabric is so soft and so easy to dress up or
down \r\n\r\nthe arm holes run a little small but the cut of everything else is amazing this is
a great dress both in design and comfort the material is very soft and warm yet it is also ve
ry stylish and can be dressed up with big necklaces a belt and boots the stylist in the stor
e mentioned wearing it with a vest it is a great piece that has so many possibilities i bought
it in navy thank you retailer i almost ordered this dress yesterday online but did not i wen

milar to pictured it is very soft and comfortable cute easy fitting dress i got it in orange

which is a summery pretty print i ordered it in petite because i am 5 1 but the dress is ver

love this dress it s flattering and a nice a line cut that is comfortable to wear however ther
e are 2 issues with this dress as mentioned by others the dress is cut at least 1 size too smal
l and the zipper is very difficult typically i m a 0 in mauve and i went up to a 2 as the 0 doe
sn t fit my petite rib cage the zipper is annoying but i can deal with it for the half off s
ale price i got with an additional 30 off i wouldn t have purchased this dress if it were ful
l price however this is a gorgeous dress i got the red version it s stunning the zipper is
trash however i m scared of getting stuck in it like another reviewer this swing dress is very
cute and easy to wear i ordered the orange print and the black because i couldn t decide the o
range looked washed out against my skin color but the black was a keeper i am usually a small b
ut ordered one in the small and one in the extra small since it is a swing dress and they usuall
y run large the top is mostly the same fit so i think i may keep the extra small even still th
ere is a lot of extra fabric the rayon is a little on the cheap side but it is so comforta nan
love the multi textured look of this top to me it s like a modern take on a classic sweatshirt
i m 5 4 and loved the length to me it is tts but bigger busted girls may want to size up i m
a 34b for reference it s a phenomenal wardrobe peice quality comfort versatile dress it up
or down belt it or not boots or shoes i m 5 3 115ish lbs small fit my 34d chest beautifull
y a great buy have fun with it i love the fabric texture mix and length of this top i gave
it a four stars because my usual size is a medium but had to go with a large a medium felt a bi
t too snug through the shoulders very happy with this top and look forward to wearing it a lot
i m not sure why this dress has such bad online reviews because i absolutely love it it fit tts
for me but i have a large bust so will run big if you are smaller on top i don t like paying f
ull price usually but the quality and beauty of this dress justified it if you are into prints
and colors you will definitely be able to pull it off i tried on the regular size at my stor
e wish stores close to me carried petites and it was jsut too overwhelming aka big i wante
d to purcahse the petite however as i really like it striked out as they are sold out in my s
ize bummer \n\nthe cut is otherwise flattering and the sweater is really comfortable i like
all the contrasting colors and patterns too i bought this nightgown to wear as a winter mat
ernity dress it really fit the bill the knit fabric stretched nicely as i grew but was still
flattering before i got larger as well there is no way i would actually sleep in this dress it
would be way too hot it is cute with calf length boots and i look forward to rocking it without
the belly next winter i would normally wear a petite length and bought the medium and though it
was longer the length was not awkward and kept it from being to was really excited to get this
but got it on and i was swimming in it i m not a tiny girl thicker athletic build and the large
was massive sadly had to return don t know if i ll try a size down this is cute i ve been so
looking forward to it but it s big i m usually a small in retailer size medium most of the t
ime otherwise i ordered the medium but it s way too big doesn t fit at all like the pictures
sadly it s going back hopefully for a much smaller size but other than this it s lovely i no
rmally wear a large but this had no give through the bust beware big chested girls many comp
lements today at work comfortable even on days you don t want to wear something form fitting th
is is a nice light weight cotton i purchased for work i usually take a size 4 or 6 i bought i
t online and opted for a size 6 i will be exchanging this for the smaller size as it is a bit
boxy and the sleeve length is ample once the exchange is done i look forward to having this blo
use that i can wear untucked and still not be wearing yet another tunic my go to style to my
surprise this sweater is heavy chic and stylish its well made and fits tts i m looking forwar
d to wearing it i would recommend this tunic to everyone it looks better on me than the model
event though it doesn t look bad you need curves to enhance the look of this tunic sweater i r
eally like all the different textures in this sweater it is hard to believe that this is called
a chemise it is a fabulous dress this dress caught my eye in the store and i had to try it on
i went with the navy which is beautiful and has a great pattern i had to order a petite xs bec
ause the regular xs was loose in my shoulder area i am petite and narrow and 5 1 the petite x
s was perfect for me it is quite form fitting and does show curves lumps and bumps so i wore m
y dress with spanx tights it was such an easy dress to wear looked styl i m an xl in retailer
tops and the xl fits nicely in this blouse if you are athletic or slender or have a petite bus
t you can probably size down \r\n \r\nthis is a nice lightweight sweater i would not say that
it is too thin or anything like that its just lightweight for being categorized as a sweater i
absolutely love the pattern placement of this sweater it makes the sweater so unique and figure

flattering honestly i m not crazy about kimono bell sleeves because i feel they are at best im
pr i don t usually pay full price for retailer clothes but i had a 20 off coupon and i decided
to give this dress a try as it irradiated a happy vibe and reminded me of books and dress up cl
othes from my childhood i don t regret it one bit the colors and the print are absolutely beau
tiful and i love how they mix up and contrast in a subtle way i really like the long sleeves wi
th the elastic at the wrist the cord at the waist hangs with a fun mix of tiny beads faux mini
crab claws and faux mi this dress was returned to my store and i was immediately drawn to it i
love absolutely anything with a full shape and this dress has it its cut like a circle so la
dies this dress has a lot of fabric i m 5 8 and wouldn t be able to wear it as a dress but it
made for an adorable tunic with leggings the arms are a tad more fitted though i have larger a
rms which helped make the dress feel super cool and feminine if you love a cool quirky piece
this one is a winner the blue looks a lot more grey in person and i ve gotten several complimen
ts wearing it with black leggings and grey booties the texture print is really unique i m 5 1
1 135 pounds and a small fits perfect highly recommend this is such a fun dress to wear i w
anted something comfortable and flirty and this checked off both boxes im typically a small siz
e 6 but went w x small on this one to hug the shoulders more the sweater is comfortable and a g
ood weight the zipper is very difficult but i do not have to unzip the sweater to pull it on
bought this dress as a winter dress it looks amazing and even more so with some boots love it
also its more gray than blue although i like that i ordered a small and medium because i was
worried about the chest being too tight i am 5 6 140 lbs 34d but i was swimming in a size m
edium it was huge the small really fits me just fine my only issue is that the very bottom of
the sleeves is tight i would like to push them up a little since they are 3 4 length but they
are tight i am still keeping the small though maybe i ll do surgery on the cuffs i had no i
dea this was considered sleepwear until after i bought it i saw it in the store and promptly tr
ied it on it is really flattering i wear it as a sweater dress on a regular basis it is reall
y comfortable and is something you could dress up with booties or be more casual with cute tenn
is shoes like keds i get compliments on it all the time i also like the slit a lot this fabri
c of this top is gorgeous however i m 5 5 and it hits in a really weird spot right no the p
oint of the hip that you don t want to accentuate you could wear it with leggings to a casual t
hing but i work in an office so its too short to wear with leggings and too long to wear with j
eans sad i love the top 90 of it this dress is lovely i am 5 1 athletic and busty 38 d
dd but not super slim so not easy to petite items that fit in the chest arms i ordered pm wh
ich usually works and it was actually too big in the chest im waiting on the ps but think it wi
ll work since the cut is generous material item is so lovely and comfortable i never have ext
ra chest room so this was such a great surprise hope the ps is great but think it will be unl
ess they went crazy on making it to small i think the model photo doesn t do this dress justice
it s comfortable and perfect for a summery day i wear it to work with a light grey cardigan an
d of course it works well causally i m busty d on a small frame but there s not gapping t
he colors are pretty with blues and pinks without being childish the embroidery is actually nav
y blue not black like it shows in the photos which was even better for me these are so soft a
nd feminine looking love love love please make more decorated and embroidered hyphens like you
have in the past retailer i purchased these jeans in my regular size they are a slouchy sli
m leg that looks adorable with flats or heels i could have sized down but wanted the slouchy l
ook they are very stretchy and soft have worn a few times and they retained thier shape i h
ave been eyeing these jeans the last few times i have been in retailer shopping but did not real
ly need another expensive pair of jeans today i finally gave in and tried them on i fell in lo

y i imagine myself living in this dress this summer soft fabric easy breezy fit pockets mac
hine washable what s not to love go buy it i wasn t expecting much out of this when i was in
the store but liked the colors and thought i d try it out grabbed a s and xs i m usually a s
in everything but maeve is weird sometimes the s fit perfectly tts and the xs felt tight i
n the shoulder seam as well as in the armpit it does have a detachable slip liner that may be t
oo fitted for some of you are prone to that issue in the model shot i think the horizontal seam
at the swing portion looks higher than it was on me falling low nan love this comfy breezy dr
ess so easy cool to wear around the hood or casual dinner out i gave 4 stars for quality bec
ause of a small gap in seam near one of the pockets which i ll fix next time the sewing basket
is out i think the double layers of gauze like material makes the dress a little delicate if yo
u have animals so be a careful around claws paws the back side is straight which isn t as in
teresting as the front but for my use the dress is darling love the colors for fall feels goo

d and perfect for work size seems to run a little large but overall works really well and can g

his was true in both sizes great holiday nye party dress i disagree fabric feels cheap but he
m off pattern not even worth it on sale but not full price this dress runs large \r\ni tried o
n a large then a medium and then a small couldn t believe i fit a small this is a cool breez
y summer ensemble that you can wear anywhere dress it up or down it s comfy and makes you feel
like you can breathe under its baggy motif love it the moment i saw this dress i knew i had
to have it the plaid is beautiful with tones of red blue and periwinkle the photos on the web
site are very true the unexpected pockets make it even cuter i also got the sandals as picture
d because i love the whole look i an 5 5 and usually wear a 4 or 6 i got the small and then w
ondered if it were too big i ended up going back and trying on the extra small but it turns ou
t the small was correct it should hang and drape and it not meant to be f i love this sweater
it s heavy with a rich texture that feels like very cool grandma the cut is straight and the
collar feels natural a small wraps closed across my chest usually a s 4 6 without being baggy
falls to my mid calf at 5 6 this dress was exactly what i wanted great material cute pale bl
ue slip lining the dress i ordered a medium and it was perfect i am about 5 6 and about 145 i
received compliments all day on how cute it was there were only 2 pairs left in my store and the
y had my size they are super comfortable and easy to wear with anything on top because of the n
avy embroidery being such a classic color i would definitely recommend i may buy the floral em
broidery ones too love just know the embroidery is navy blue wearing them today size down i or
dered a size down as the reviews suggested and i love them they are so cute and snug enough in
the calf that i can wear boots with them in winter great buy this dress looks way better than
pictured online it is lyocel i think so it has a little bit of weight not heavy and bulky like
denim but not as thin as some chambray items i ve purchased before and lays great i purchased
a size small i am 5 8 128lbs and thought it was true to size i can t wait to wear this warm
weather sandals and a tote for running errands i really loved the fabric of this dress howeve
r it had a weird fit and the pockets made the front hang funny i am so pleased with my purchas
e the two different levels of the dress is just simply fun and unique the attached matching a
djustable baby blue slip is a nice add neither the dress or slip fit too tight or too loose aro
und my torso i ordered a small which fits me perfect and in case it is helpful i am 5 7 133
and a 36a \r\nif you have been considering this dress don t delay especially at the wonderful
sale price this dress is beautiful on is thin enough to be extremely comfortable being curvy
it feels a little more narrow than i would prefer but i kept it anyway because it is so beautif
ul as well as functional i like these jeans when i wore them i received compliments they do
run large i sized down one size but probably could have sized down two sizes they feel tight
when you first put them on but as you wear them they loosen up and i find myself pulling them
up to meet my waist my other complaint is a small one the embroidered flower on the knee rubs
against your knee as you move after awhile my right knee felt like it had a carpet burn on it
that is why i gave this only 4 stars for desi man do i love this dress love the fit and the qua
lity of the fabric lays really nicely i gave it only four stars because it is super short tru
e i am 5 11 but there is no way i could wear this without pants or leggings i am super bummed
because i really love it but must send it back i love these jeans when i saw them in my retail
er store i instantly fell in love they fit like a dream and they look so much better in person
than online they re definitely a boyfriend fit so if you re between sizes go down a size i v
e already gotten tons of compliments these jeans are beautiful as the other reviewers have not
ed they run very large like 2 sizes even then they are very stretchy the embroidery is dar
k blue looks black on screen lovely pair of jeans if they had other colors i would by them
i love the look and feel of this easy dress i loved that it comes with a baby blue slip howev
er i was in between sizes the medium a bit too small and the large just too big this dress
is probably best in a tall thin body type especially in a madras plaid i m 5 7 and 137 pounds
and i tried on this dress in the store i got the small as it has a little more material in the
medium and the small fits like a glove this dress is great quality and feels good looks good a
nd can be dressed up or down like the model in the picture i like the flats with this dress hi
gh quality fashion and total comfort on a hot summer day go anywhere with this dress and you lo
ok like a million dollars one more little hidden detail it has a detachable slip underneath the
se jeans are very unique thanks to the embroiding would have perferred colorful embroiding thou
gh they are boyfriend cut but not slouchy just a bit loose even around athletic legs they ru
n true to size but have a lot of give after wearing them for a a little bit i catch myself pul
ling them up a bit if you want a snug fit and are between sized i would go down a size i order
ed this dress on a whim because of the lush colors and the sale price to my amazement it has b
ecome one of my go to dresses it is far more handsome and flattering in person i ordered a m f

or my 5 9 and 36c frame and the fit is perfect contrary to how the back of the dress is shown on the model the back is not straight but flows whimsically thereby adding to its famine appea l at this price it s a no brainier purchase if they still have your size grab it fits a bit snug in chest but material is light and airy got so many compliments on it great style love t his dress the material has a softness to it just love it can t wait to wear it this summer fits true to size i actually ended up buying two of these dresses i took the first one to the dry cleaner and they chewed up the slip and put a hole in the dress i was so sad that i went an d bought a second one before they could sell out the good news is that it was on sale this is an awesome light and airy dress that is great for those hot summer days i pretty much wear it e very opportunity i get for reference i purchased the small it s loose but the shoulders armho les and slip all fit perfectly i weigh i wasn t going to even try to see it this dress would fi t it just seemed like such an unflattering silhouette since my body is nothing like the model i m so glad i gave it a try because this dress is cute and comfy and looks great on me when i be lt it my outfit is a floppy straw hat skinny leather belt and flat sandals there s a lot of fabric but it gathers well without poofing out i ordered the medium petite and i am 5 3 36dd 140 this is my go to cool summer dress it s very light and airy and extremely comfortable great for 90 degree days \r\nhighly recommend love it perfect casual look with a jacket and bo oties i fell in love with this dress immediately gorgeous print and colors light and breezy c lassic and comfortable the petite length is perfect for my height and hits a few inches above t he knee i have a small bust 34a but a wider rib cage so the petite small was a perfect fit c ouldn t be more pleased with this purchase love this dress so much it s super comfortable and i always get a ton of compliments every time i wear it the fabric is the perfect weight not too heavy i ll be wearing this all summer long i love this dress i don t have many pink things bu t saw someone in this on instagram and had to have it it is as comfy as a nightgown it has poc kets i tried it with brown sandals as well as with a dark jean jacket and taggart grey booties and looks cute both ways also looks great with a blingy necklace tts got my normal med and it s roomy but not too big i love the length of this no danger of explosing my muffin top the fabric is super cute good weight pretty color i got a medium which is a bit blousy i think i could have gone with a small gorgeous dress it was designed to accentuate a woman s figure lovely material holds everything in place without being too revealing the dress does not lose its shape definitely a head turner this is one of the best purchases f\r\ni have made at retail er recently i got this in ivory in my usual xs the pictures do not do it justice it has such a nice drape and i love the detail on the back looks great with black cropped trousers as wel l as skinny jeans i bought this shirt along with a matching vest and duster love it thi s top fits well as expected for the size i love the ease of the top and wear it both casually a nd a bit more dressed up great styling on the back i bought this at the retailer store the oth er day and i wore it to work and i received so many complements it has the perfect amount of sw ing and hides your middle without looking frumpy i got the blue color and wore it with skinny j eans and ankle boots the red is really more of a bight pink color not a rich red as pictured i wish it came in more colors and patterns maybe green or purple it does run big i usually t ake a large but a medium was perfect nan lovely top very rich looking i always get complimen ts it s loose fitting but not baggy and the embroidery is well done great fit and quality i m 5 3 and 130 lbs size 4 fit perfectly bought both the blue and black could definitely dress u p or down i am normally a 4 but they only had the white in size 2 so i tried it i was please d to see that it worked out just fine because it is meant to flow therefore has plenty of fabri c it is very graceful and very pleasant to wear i don t know how to explain it but i had to t ake a second look when i saw it on the photograph because i was not sure it was the same blouse much better in reality than on the picture love this top it s everything all the previous view ers said except that the white isn t white but a creamy white it has a yellow under tone th is restricts my over all plans but i still like it nice lines just a bit tight if you have lar ger more muscley shoulders i have so many compliments on this blouse i love the style and de sign i wear it with my long cotton skirt because it runs a little short since i have a long tor so and i am 5 8 tall i would love to wear it with my skinny pants but then it won t look right in the back kinda hang out otherwise really nice quality blouse i would definitely buy another just to have a back up nan the one i tried on had something wrong with the pockets one was r egular height t eh other was so low i could barely put my hand in it however the jumpsuit its elf is really pretty and soft color is nice but hard ot pull off on pale skin like me i trie d on the xs but that was big i would need xxs p if it was made in that size so i let it go looked nice with pinched fabric in the back \r\n\r\nfor reference i am 115 lbs 30 dd 26 5 in w aist i was a little hesitant about this dress at first because it looks a bit baggy on top on t he model but decided to order it online anyway based on reviews well i must say i m so glad i did i really love the shape of this dress i m heavy on top but it somehow minimizes that and i

t also accentuates my waist the dress is very well made if you order the right size for you t
he slip dress will stay in place i m going to style it with high black platform heels but i al
so like it with boots as there isn t anything i don t love about this dress get it before it s
gone i get compliments every time i wear this dress for once the dress looks better on me tha
n on the model mine is tight above the bow and black grey my bow isn t this big not pulled so
much and maybe it s not knotted in the photo it s heavy canvas and doesn t show my flaws i m s
aving it for summer can t imagine wearing it as a jumper as in the photo \n\nfor me 5 3 32e
125 lbs the bust is slightly tight in a 6 but the shoulders are a bit wide in an 8 but both lo
ok good mine is not petite and hits me above the knee 6 \n\nthe dress is co i tried this in s
tore and fell in love i m usually between a 0 and a 2 in tops and took this in a 0 because of h
ow flow and lose this is the fabric is light and not bulky so it can also be tucked in this to
p is really cute and can be worn off shoulder or not the embroidery is really pretty my only
comment would be the top is shorter than i expected if you wear it off shoulder its of course l
onger but still shorter than i would have preferred keeping it anyways as it will be a fun goi
ng out casual top this is the perfect peplum it floats a bit but doesn t stick out and is supe
r flattering that s why i kept mine even though the front seams were like an inch off and the
peplum pleat is crooked geeze retailer this is why i can t justify buying much of anything unl
ess it s on sale quality in recent years has gone wayyyy downhill super soft and comfortable w
ith a flattering fit love the tiny buttons and the 3 4 sleeves since many times the sleeves are
too long for me already my favorite fall top i was a little hesitant to order this thinking i
t would be too large and unflattering but thankfully i was wrong this shirt is super cute and c
omfy it is a bit of an oversized fit but the fabric drapes nicely and is quite flattering my n
ew go to outfit this fall will be this shirt with the sleeves rolled up ankle jeans and my fave
oxfords i m 5 3 115lbs and went with the size 4 regular such pretty pattern and colors pleas
ed with dress this shirt is very soft and fits nicely as with a lot of maeve tops the arms are
a little snug so if you have muscular arms you ll definitely want to size up it won t make the
shirt too blousey because it will still look really cute tucked in in the front with ankle jea
ns and a trendy belt i wish i had gotten this in the blue before it sold out because it is love
ly i bought this in both the black motif and the ivory i got a size 2 and i would say it is tr
ue to size the fabric is very comfortable and doesn t wrinkle easily it does have a flowy lo
ok to it but i didn t find that it had too much fabric i wouldn t tuck it in though i find it
looks really good with skinny jeans pants and i love throwing a cardigan over it for cooler days
the details in the double buttons and on the back are really cute and make it more unique i rec
ommend the shirt my expectations were blown away in the best way when i tried on this top i t
ypically have issues with button downs in the chest area buttons never lay flat and this top l
ays perfectly the material is super soft looks great buttoned all the way up or with a few b
uttons left open i can t wait to wear with a pair of black high waisted jeans this fall beaut
iful blouse that can be dressed up or dressed down online shows as purple but the black mortif
is be true black background with pretty floral colors i rarely wear floral design but this blo
use make it work the material is such a soft rayon material love love love the first time i
saw this in the store i passed it by because the fabric didn t appeal to me but the second
time i tried it on and fell in love had to have it in the beautiful blue i m busty 32h bu
t wear a small and the gathers do wonders to camouflage which was a nice surprise because i us
ually avoid anything with fullness will look great with white or black jeans but i will also p
air with a very subtle pattern legging as the length is perfect i m short 5 3 neckline is
fem love this dress it s exactly as pictured and the fabric design is so pretty will look grea
t with a cardigan for fall but also will look nice for summer with the cutout in the back nice
too that it has a detachable slip i looked at this on the hanger and almost passed it up i m s
o glad i didn t because it ended up looking so much better on i wear a s or xs in retailer tops
and went with the xs i m 5 6 and it still had plenty of room and enough length to cover my bac
kside i usually gravitate to reds but the red in this top while pretty had too much pink in i
t for me this shirt has an incredible softness to it and the purple print is so lovely i did e
nd up returning it simply because the flowiness was a bit too much for me i had tried the 2 and
4 and went with the 4 due to arm restrictions in the smaller size too bad because it really is
a lovely top definitely worth a try in store these are soft and skim the body the way well fit
ted undergarments should they do not pinch bind or ride up they coordinate perfectly with th
e matching bra i am very pleased with this purchase this blouse drapes and floats lightly like
a dream the dark black patterned top is not see through which means you can easily wear it with
out having to layer the length covers past your hips and the pattern is flattering \r\n\r\nthe
doubled up buttons makes the blouse unique and it s comfortable enough to wear to work or with j
eans from late summer into fall this shirt is wonderful i love the styling and the print sure
to be a favorite i got the dark blue print which is a really pretty pattern the fabric has a n

ice crinkly feel and the cut is very forgiving i thought from the pictures it would be more of
a traditional button down with straight lines it actually is a looser fit but without the trape
ze shape of some swing tops which i have found to be less flattering for those of us who are c
urvier on the bottom half it s comfortable and flattering could be tucked in or worn out and l
ikewise dressed up or worn casually wi this is a super comfy and adorable shirt got the black m
otif it could def be passed off as a dark inkish navy color too so it s very versatile it
runs typical tts for maeve if you re unfamiliar with the brand order up one or two sizes if yo
u have broad shoulders and or large arms this is super lightweight feels slinky for lack of
a better word essentially it s rayon gauze but it is double layered so it is not sheer at al
l no need for a cami although in the lighter version i c i really wish i could keep this top
the material is okay and i have noticed with this brand shirts made from this material do not w
ash well or look that nice after a wash if you have the time to dry clean then i would 100 rec
ommend this top another tip if you buy this since i didn t read the description the top has b
uttons all down the front i am not a fan of button tops because i have a larger chest so i woul
dn t recommend this top to someone who is busty a cute top the peplum seam hits me at the righ
t spot on my waist for my curvy figure this isn t always the case i also am drawn to tanks th
at i can actually wear a bra underneath without showing bra straps \r\ni usually vary between a
medium and a large in deletta but definitely needed a large \r\ni ordered the lavender color
which is disappointing a dull gray i ve decided to return and order the coral instead i bough
t the black motif the design lends to a nice pop of color the venting detail on the back is b
eautiful but probably not as obvious on the black maeve is one of my favorite retailer design
ers i m usually between a s m or 6 8 in blouses i followed advice from other reviewers and g
ot the 8 for room in the arms the blouse is very billowy much more than in the photos but i
m wearing it with skinny jeans and i love it i got this shirt as a gift it s cute and very com
fortable it is however a little thin so you may need to wear something underneath this item s
tates you should wash in cold water and tumble dry low heat it shrunk after first wash in cold
water and i didn 39 t even use the dryer do not wash real bummer i purchased this in blue
it has a soft fabric and seems well made i have worn it several times and think it is quite com
fortable i bought one size up due to comments on the site but my daughter thinks i should have
stuck to the size chart easy breezy top that goes with so many outfits i am petite 5 0 115
lb but like the longer look of a top so went with 4r thought that the arm holes would be too
small if went with 2r there is a lot of excess material around the sides and back i was temp
ted to return but the armhole issue prevented me and it was so cute i kept it i think it will
go through the a few seasons seattle is unpredictable weather wise and can be easily layere
d i like the blouse but don t love i think this jumpsuit is different the xs fit well and t
he material is a pretty color but very soft the store had it styled with a metallic scarf that
really accessorized it well i thought it would be great for my date night but stopped short of
buying because i just can t picture this worn to other outings it is very unique though so i j
ust might be back to purchase i got the navy blue pattern and i absolutely love it it s soft a
nd cozy and just dressy enough to pull an outfit together i initially sized up to a 10 based o
n other reviews but exchanged it for an 8 my normal size it s flowy so the bigger size was way
too much fabric in the 8 it s just right for the style i bought this shirt in a size 10 i am
a 32 4d and it fit perfect but wanted it to fit flowy as it does on the model so sizing up to
a 12 very nice quality fabric not sure how it will be after it s washed looks just like the
picture i bought the ivory color i love maeve designs in general and find that their sizing an
d quality is consistent this top is so soft and a bit billowy the darker pattern in the black
motif combined with the lightweight nature of the material make it perfect for fall i love the
little details staggered paired buttons down the front and interesting seaming that isn t as a
pparent in the photos considering another color as well i love this blouse it is soft and h
as nice drape even though it is very voluminous on the bottom the true to size cut of the arms
and shoulders as well as the seaming in back keep it crisply tailored and not overwhelming thin
king about buying more prints swingy and just the right weight for the office the cream is eve
r so slightly sheer but looks really good with a darker bra even for the office because you can
t really see through it i m wearing this all the time this fall and winter with skirts black p
ants and skinny jeans great spring time dress that looks good with a thin top a cardigan or by
itself the fit is a bit loose but not oversized in my usual size so if you want a slimmer silh
ouette or you are not busty i would size down love the fabric as it has some give despite its
thickness i would have paid full price but i m lucky to have purchased on sale i love this top
the length is just right and i love the flow of it finally a pretty maeve shirt that actually f
it my apparently giant hulk arms but it s so flowy swingy i had to return it this might jus
t be a problem with being a larger lady but the excess fabric made me feel like i was wearing a
tent and made me look 10x bigger than i was around my waist hips even when balanced out with le

ggings i thought about trying to size down but wasn t sure if that would even solve the excess fabric problem and still leave room in the arms of course i can t try i usually wear a 2 4 in r etailer dresses and i was surprised the xs fit better than the s very pretty really perfect co lor for fall i like that it s not tight or constricting so you can wear it for every day and no t feel like it s difficult to move around the longer length is nice too for bonus that it s no t dry clean only my only problem with this dress is it s all polyester which is just cheap fab ric if it wasn t for that i d give it 5 stars nan i love this shirt i bought the ivory color it s incredibly comfortable and an easy style nan cute shorts with great fabric and lined so t hey lay smooth over your body i really love that the material has a dressier feel but they ra n a bit large and looked sort of frumpy on me curvy body 5 7 150 i m returning them and t rying a small elastic waist is great for me after having a baby but would look just fine under a belt or covered by a shirt the sales girl added this to my room it s so darling and it came home with me i really like how this shirt flows and feels the details are super cute double b uttons in front pleats in back great shirt to transition to fall nan i purchased this stripe d racer tank to wear during the day on july 4th it was perfect the back is really special and dresses it up i wanted this so much that i purchased it at full price i purchased the light de nim in a petite small \r\nthis dress would be flattering on any figure i am an hourglass and it is so flattering on me i am also busty and this dress fits quite nicely as well the material i s thicker and somewhat stiff in a positive way it has substance and the detail zipper on the ba ck is different this brand has never let me down the tie doesn t have to look like the one in the picture i made a lose double kn this dress has a beautiful pattern and is perfect for work i wore it with tights recently but could see wearing it in the summer too the print is versati le enough that it translates the top layer is sort of a crepe like fabric and there were a lot of strings that needed to be cut that were hanging off i got many compliments the first time i wore this i m very curvy and i got the medium and it fits great and is very flattering i ve wo rn this shirt approx 3 times to work each time someone comments on how much they like it i m a ttempting to add more color to my workwear this shirt tends to swing so much i feel exposed th at is the biggest drawback i was so happy to find this in extra small it is such a cute loose fitting top very soft and flowy tank the orange color is so pretty i went down a size in thi s top this is a swingy shape which means a lot of fabric on the bottom half so many retailer to ps could be maternity wear for this reason i m ready for the trend to die out that said this print is very pretty and the fabric is great not sheer for a nice change i m returning it bec ause the arm holes are large and my bra shows at the sides this is a pet peeve of mine i don t want to wear a cami under a tank almost a home run i m tempted to try one size down but i woul dn t like it shorter so i p this skirt arrived today and i love it the fabric is substantial an d can be worn in the fall and maybe even on a mild california winter day i plan on wearing it w ith tights and or boots the fabric will go with a variety of colored tops and sweaters it s no t pull on styling it has a side zipper fits true to size but is longer on me than the model but then i am pretty short got this on sale this jumpsuit is a classic i read the review s where some were complaining about the buttons i did not have these issues maybe because i hav e short fingernails i like this jumpsuit because the style of it will be around for a long tim e you can dress the jumpsuit up or down i rarely pay full price but this jumpsuit is so great fantastic that i did not mind doing so i strongly recommend this jumpsuit nan the print is un ique and fun however the longer length and heavier weight of the fabric was not the piece i ne eded in my closet rompers are my fav so i m biased writing this review although they are a lit tle tricky with the fit i definitely can say that this beauty makes my body look amazing the cu t of the fabric makes for a great shape yes the first couple of buttons are tough to get on b ut i m guessing that after a couple of wears it will get easier i got my usual size 4 and it fi t like it was made specifically for me i m very happy with this purchase these pants have grea t style and movement as others mentioned you have to unbutton all tiny buttons to put on and o ff i do hope this gets easier with use but gorgeous and flattering as all get out i love the design in the back and the little annoying buttons are sooo cute the cut is super fla ttering and classy i can wear this to work or out just don t drink too much water ladies i am 115 lbs and 30dd chest and the 0 petite was perfect seriously beautiful so torn keep ing it for now this top is cute my kind of style but it is really sheer i would need to wea r a white tank top underneath this top makes you feel like you should be in the tropics sipping a frosty cocktail fabric is soft not too sheer i m usually an xs and that s what i kept in th is top armholes not too low as in some for reference 5 4 123 lbs this is a gorgeous top it is a very soft fabric that drapes beautifully i purchased the red print i tried both on in th e store the red really pops i ve only\r\nowed this top for a week and i ve received many compl iments on it i am usually between a 8 and a 10 and was an 8 in this skirt it is very nice beca use it has so many soft colors in it and will go with anything i live in florida so for me this

is a fall skirt i like the look of a wrap and it is not a wrap it fits great nan just picked t
his up in my retailer store and i love it i bought the orange print and the colors are vibrant
and perfect for summer i am 5 5 and 140 lbs i took a small which is my usual size at retaile
r could be worn unbuttoned as a sleeveless cardi over a tank i will wear a cami underneath as
it is sheer but that doesn t bother me another shopper was trying this on in the fitting room
and it looked great on both of us i will wear this all summer long looks great with denim hap
py find i absolutely love this dress the fabric is very light and airy while not being reveali
ng the color being nude as indicated is a nice change from plain white or off white and the e
mbroidery is just beautiful and makes this dress quite unique i love the fact that it is a tuni
c dress which lends to less of a structured look and more of an easy casual style i recently wo
re this dress to an out door bbq and was both cool and comfortable all day i also received many
compliments from friends and this top can be dressed up or down i got it in the blue motif it
is so cute and that wearable washable fabric i am a medical student so it is important for me
to be able to wash my clothing and not wear things too low cut i e professionalism this top
fits the bill while still being fabulous of course it is loose fitting on the bottom as the im
age indicates it is a swing top i recommend with skinny pants i just received this and wore i
t immediately it is cute even under a cardigan because the pattern peeks out giving some de
pth to an otherwise plain white shirt the material is soft and sort of on the thin side but not
see through it is a fine knit and has a satin like thread to it which makes it soft and cool
perfect for a summer day it is not as slim on me as the model but i am very petite 51 100 lb
and i think this would run closer to tts i ordered this in the blue motif and the print is real
ly fun the orange is even brighter in person at 5 8 130 lbs the small has more than enough ro
om and is a bit longer than some of the other offerings lately although this is an online only
i was lucky enough to stumble along a return in the store this is the same quality and soft fab
ric that i expect from tyhlo it doesn t show as much in the model photos but this top has a su
btle high low effect which adds a bit of elegance to the top \r\n\r\ni took my usual size xs in
the tyhlo brand however note that i am small busted 34b c and this was already starting to
pull some across the chest my biggest critique it that this pulling caused a small ga i love th
e bright floral print flanking the solid white middle in this top with its swing style and larg
e arm holes i think i could have sized down and been ok but i usually wear a cami with my tanks
so the arm holes are not an issue also it has a touch of spandex in it which make it extra com
fy overall a darling top i ordered this and didn t even try it on when it came the color was
not as i expected it had pinkish undertones and it just wasn t what i was looking for as far a
s color also the fabric is very thin not like the other two tunic dresses i have ordered recen
tly from retailer toscana tunic sandscape swing dress it was also easy to see that this run
s large oh well thought i might have one more fresh summer tunic dress to throw on in a flash
but i m happy with the other two i was finally a i bought this recently after trying on both th
e small and xs for reference i m small framed 5 3 120 pounds size 4 in most clothes but c
an t wear petite sizes usually a small or medium in retailer tops i liked the fit and length o
f the small but the armholes were so big you could see the whole side of my bra no one wants to
see anyone s bra not even their bra straps i d worn a white cami in under my tee that day so
i put it on and it improved the side view but i didn t like the white if you haven t yet joined
the jumpsuit bandwagon now is the time this jumpsuit is absolutely stunning classy elegant a
nd a stand out piece i purchased at full price i have a hard time with jumpsuits as i am quite
tall and they usually look like an adult onsie on me this jumpsuit made me feel beautiful put
together and graceful i cannot recommend it enough fit is true to size i am a 4 and purchased
the 4 not too short in the crotch and i am almost 5 10 form fitting but still a bit f this is
quite large for akemi kin i typically wear a medium but will be returning for a smaller size p
rint and flow of top are stunning i purchased the orange version definitely orange not red
before heading out on vacation and it was perfect for hot summer weather the swingy shape keeps
you cool and the print is much better in person the fabric is very soft and hangs well look fo
rward to wearing to work also with a cardigan i own a few akemi akin tops and always get a s
this one seemed a bit large even in s but i liked the length so kept the s this tank is super a
mazing very versatile wore to work with dress pants and flats and wore out to dinner with je
ans and heels a bit out of my comfort zone since it is a swing tank but love the color and c
ut perfect for professional life and going out on the town i did choose a petite in this due t
o the long armholes even though i have a long torso for my body size these pants are so comfo
rtable it s ridiculous they are lightweight and perfect for spring summer at the office or an
evening out i am 5 9 and the pants fit as pictured i paired with a sweater and kitten heels
they do run a little large so consider going down a size this kimono is beautiful pictures def
initely do not do it justice i love the details of the beading and sequins throughout the only
downfall is that they can snag and get fall off quite easily delicate but still my fav kimono e

ver i have about 3 or 4 akemi kin tops i usually take a small i think this one runs a bit b
igger the armholes are too deep and there is just too much fabric for me 5 6 125lbs i am go
ing to try to size down because i really like everything else about the top orange is not my co
lor but this has enough white to compensate the pattern button detail and fabric are all very
nice i cannot keep my hands off this gorgeous kimono i want to wear it every day it goes wit
h so much of my wardrobe it s thin and cool both meanings of cool apply i like to keep my a
rms covered i think my upper arms are too fat and this kimono does just that while keeping me
cool as a cucumber i wear a sleeveless white or gray cami under it and it is soooo comfortable
i could sleep in it it would also look great with lime green cami and white pants so far i we
ar it with blue jeans an i really love this shirt i ordered the orange and am considering getti
ng the other color too it s very comfortable and cute i got a lot of compliments when i wore i
t this shirt definitely runs large and i had to exchange the medium for a small the looser cut
makes it very easy for this to look like a maternity shirt so i d advise everyone to size down
this is a soft comfortable and flattering alternative to a regular t shirt not dressy but a
little more put together looking it also doesn t wrinkle so it s my go to travel shirt for war
mer months i love this top i ve already worn it 3 times since getting it about 2 weeks ago it
is beautiful and has a lovely subtle pattern to the fabric that i didn t initially see in the p
hoto but then did and still wanted it it has a nice drape and is comfortable and flattering m
y only critique is that it comes up a little shorter on my torso than i expected i am a medium
size 8 with 34d bust and the top comes to maybe 2 inches below my belly button i think it s sti
ll flattering and comfortable i just sent this back it is very cute the fabric is great so
soft comfy but it doesn t work with my shape it is extremely swingy in shape and the buttons
up the front only work if you don t have a large chest on me it looks like maternity and it ga
ps when i button it am a 34dd it s not the fault of the top but a bigger size would have swal
lowed me i think if you are thin and also not top heavy like the model this will be adorable o
n you i am just too busty i bought this to wear in the warm climates when you go indoors it i
s always freezing i also travel a lot and wanted something light weight to wear on the plane an
d airport wore it the first day all day with jeans and top lots of compliments i was worried
that driving in the car it would get torn or snagged didn t loved it so much going to by ano
ther one similar and have on again i really love this top it looks great under a black tahari
suit that i wear to work the neckline looks really nice the only negatives are that it s a bit
sheer so i have to wear a tank under it and it s a little wide it looks fine tucked in or hang
ing out with jeans for a more casual look i d recommend this top especially if you can get it
on sale pretty true to size i m 5 4 120 pounds and a 32 c and the size 4 top fit me nicely
fit great hang nice extra loop to hold belt perfect design really liked the styling on this
jumpsuit it looks great on the lattice back is unusual i had been looking for a little black
jumpsuit for the longest time and this fits the bill just wish the fabric wasn t polyester on
the down side the top buttons are really hard to put on and take off if you take care of your n
ails it could do a number on them the bottom buttons are easier can only imagine a struggle w
hen trying to take this off in an emergency bathroom break love this dress the embroidery is s
tunning and adds to each detail of the dress i love the pink undertone it is subtle it makes
it more unique this is why i love online exclusives they have that one of a kind look to the
m the quality is great and the style is that there really is no shape to it it has a nice ever
yday feel but along with its elegance can easily be dressed up as well priced a little high i
s my only complaint all the reviews have said the truth this shirt is absolutely adorable in t
erms of the top but you will definitely need this tailored at the waist give it a little more
taper at the seams to suit a woman s curves it seems almost funny they didn t do it to start wi
th given the really feminine details on this shirt with the lace and the sleeves absolutely a
dorable i must object to previous reviewers who have stated that the top fits nothing like t
hat of the model in the photo i have found that it fits exactly like that look i usually we
ar xl but bought this one in large as the price was too good to pass up this top affords the sl
ightly slouchy look on top thanks to the dolman sleeves but with a bit more fit or i should sa
y with a bit better fit through the midriff than that of the model one reviewer stated this
top make the shirt is beautiful but slightly long it is see thru and you do need to wear a cami
underneath the colors on this top are very bright cheery i love wearing this top i get a lo
t of complements on the combination of the pastel colors it reminds me of a warm summer day i
wear a pink tank under neath and it really brings out the pink colors of the top i love this ta
nk top it is perfect for work and dressing up a more casual outfit the fact that it has small
cutouts is cute and doesn t make it so you absolutely have to wear a tank under it in more casua
l situations i love the colors and the boxy fit great purchase the blue has three colors of s
tripes blue white and black 9between white and blue the black stripe made it too busy for me
the material is soft and clingy i followed the advice of previous reviewer and sized up to a m

normally wear s the shirt fit as pictured on the model not tight but form fitting i love thi
s jumpsuit i m usually a size small however i was a lot more comfortable in an xs the fit was
comfortable and sexy i received a lot of compliments and a couple of i need to borrow that fro
m you i m only 5 tall so it went down all the way to my ankles but i paired it with 4 open t
oed heels and it worked the neck line is pretty high but you can adjust it to your comfort i h
ighly recommend this jumpsuit even to the petite ladies nan this is a beautiful shirt like
many other reviewers stated this shirt does not have a lining but any white camisole works jus
t fine love it i ve already gotten tons of compliments nan i have a love and hate with fit an
d fashion i love super beautiful clothes that are comfortable to wear normally i am the one ev
eryone keeps asking where did you buy that and i inwardly roll my eyes because my rule of thumb
is dress with the most comfortable thing i can now i m also a full figured mama these outfit m
ade me look chic parisian and made my derriere look like it was very attractive i have a long t
orso and a long neck and long legs and it hid my flaws so if you want to look lik this dress di
d not show well on the hanger but thankfully it intrigued me i love it it s very flattering an
d easily dressed up for work with a heel or dressed down for the weekend great buy i think i v
e made a hobby out of trying on jumpsuits rompers this season i now own three including this
one in my usual size small 32d 31 38 i passed right by this on line but it drew my attention
in the store i didn t realize it was chocolate brown and ivory i m a sucker for brown i trie
d it on on a whim and it looked great i am tall almost 5 9 and it looked great i will say i
t shows off my bottom for better or worse more than other jumpsuits it doesn t give me a wedg
ie but a nan first of all this is so much prettier in person if i were looking online i would
have scrolled right by this beauty i am usually a medium or small in retailer tops and dresses
in jeans i am a size 8 or 10 but i always have to get the waist taken in little waist big thi
gh problem this piece was tricky for me but i ended up with a medium because the legs are so r
oomy also there are little ties on the sides to pull in the waist more if necessary the scarf
can also be tied behind the neck this top is even more beautiful and vibrant in person but you
definitely need a racerback cami underneath it as the laser cuts are big the first time i wore
it today i got a number of compliments a definite keeper cute top fits short but roomy will
get a lot of use in my wardrobe the colors on the tank were beautiful i didn t keep it because
i have a few similar tops but i liked it fits true to size with an a line shape this shirt is
super soft and comfortable luckily it s a good length and not at all short i am so happy i dec
ided to try this on in store it is absolutely stunning unfortunately they only had a m and it
was a little too flowy so have the s ordered and anxious to try it on the top is really where i
am concerned it is too large i am 5 3 36dd and 130 athletic build since you really cannot
wear a bra with it which is okay btw the armholes were a little too open and afraid things may
show the bottom fit okay a little on the large side but this should fit loose and flowy c
i ordered bought a medium for a comfortable fit the material is stretchy so size down for a bo
dy hugging fit i ve been wanting to buy a romper that was easy to wear and take off and i lik
e this one for many reasons the elastic waist holds the romper in place when you take the top
off the top comes off easily bc it s a halter and the design is very chic and sophisticated th
e only down side is the tie is really heavy if you tie it in the back it s better to tie it in
the front like the model in this picture it is a bit long comes down to my ankles but looks g
ood with heels love the colors and design of this lace printed top but didn t realize it s not
lined the description says its polyester lace with polyester lining so i assumed it was lined a
nd when you look at the photos there is a lining under the top the arm holes are slightly cut
in both front and back so it will be rather difficult to find a camisole with thin straps with a
similar cut so they don t show other than that it s a beautiful unique summer top i ve been
on the lookout for a great quality basic black and white stripe shirt it s easy to find the sup
er cheap ones that last you maybe four wears this one is great quality extremely soft and com
fortable i m usually a small in tops but got this in a medium so that it would fit like the mo
del slightly loose i didn t want it body hugging so if you re looking for that fit go up a
size it doesn t stretch out much great quality and beautiful color i wear size 6 and ordered
s got lots of compliments fyi the model is wearing the top with a cami tank under on it s o
wn it s lace and has holes throughout i prefer it that way so you can layer to make it more c
onservative but also wear with a nude bra for an edgier look material washed well and has a pr
etty raw lace edge seam on the bottom this top is so beautiful whenever i wear it i get lots o
f compliments i have washed it a few times on delicate and it still looks great i do have to w
ear a cami under it but the way the straps of the top are made you cannot see see my bra or ca
mi strap nice quality definitely need to wear a tank top or camisole cause this doesn t come w
ith it color is great not too bright true to size if you want short length zed a petite size
i couldn t decide whether to get it in the black and white stripe or the blue so i bought both
these t shirts are incredible soft comfortable fit well i m 5 2 usually a size 2 in retailer

clothing xs fit true to size for this shirt the blue is vibrant and as another reviewer note
d there s a tiny black stripe in between the blue and white the black and white is actually mo
re of a cream offwhite but still pleasing and versatile sleeves roll up easily which is a pref
erence of mine they the colors of this top are my favorite part i want to hold onto summer for
as long as possible and this time lets me do that loving the ombrã color combination the smoo
th lining the fuzzy felty warmth and the slimming effect when viewed from the front if you are
busty or hourglass stay tts or size up if you are straight and or small busted size down if
you have a round bottom but slender on top i m not sure this dress will fit the way you want d
o try it on in person i m another borderline petite at 5 4 and i loved this the pants are li
ke palazzos on me and i think with a heel it will look great i plan on wearing my hair up and
tying the tie in the back in a big bow in fact i don t see the button back spoken of in the de
scription so i think one would have to do so this was a perfectly nice dress but embroidery w
as less elegant than i had expected be sure to look closely at the neckline where the material
is thick and somewhat informal it s pretty but doesn t work for me otherwise it is a well ma
de comfortable easy to wear summer dress i sent it back but thought about it for a while fi
rst this top is really pretty it s a very strong embroidered lace all over front and back w
ith small holes but the description states there is a polyester lining and this is unlined s
o there are holes but i do not think this is immodest and needs a cami just wear a nude bra u
nder it the holes are not revealing at all \r\n\r\nthe sizing is tts and is as shown in the ph
oto i bought an xl because if a top isn t stretchy i need to wear a 16 or 18 this fits me onl
y it s not as loose in the bac i am on the fence on this one it s quite beautiful as colo
r goes the pic online seems rather faded i just felt it was a bit wider on the bottom than mig
ht be flattering otherwise beautifully made and the fabric is of great quality \r\ni just i wi
sh some of these tops were in better proportion from top to bottom and less bulky \r\nother tha
n that i still may purchase as the print is beautiful this is one of those stunning re
tailer pieces that keep us coming back for more it reminds me of the lithe dresses from the ear
lier retailer days it fits tts well made with side zipper that zips both the inner sheath and
outer tulle overlay as opposed to those obnoxious linings that you wrestle with the inner sh
eath has a fabulous lattice work pattern while the overlay has beading and embroidered detail
sure to sell out the quality of the fabric these are made from is wonderful they are soft yet
structured and i was so bummed they didn t fit me i usually wear a size 28 in premium denim so
i ordered a 28 and i could barely pull these up over my hips once i pulled them on i was about
1 2 inches from being able to zip them closed the pants fit in the legs but they were very clos
e fitting which is not the look i m going for i am 5 5 and was worried they would look too lo
ng since usually pants are for me but first off the other reviews are spot on regarding the qu
ality of this top the material is thick and pleasant feeling the print is beautiful and the co
nstruction is nicely done however i just couldn t get past the fit issue which was also menti
oned by the other reviewers i ordered a 14 for my 38 dd chest and it was loose in all the wron
g places i d be interested to see what a 12 looks like on me but i m afraid it would be too sn
ug this may look awesome on someone else but i had to ret this top really pays attention to de
tail it is very refreshing to buy a top that is lined so i don t need to struggle to find the r
ight cami to go underneath also there is a lovely snap fixture to hold your bra strap in place
very thoughtful the top seems to run true to size and fits well neither the arm holes or the
v neck are too low i agree with the first reviewer that the main need for sizing up or down is
due to breast size i m a 36dd and the 10 fit perfectly also the colors in t this piece is stu
nning you can dress up or down with it my husband said wow that s very elegant it is very s
oft thin but warm however it came to me with numerous holes along one strip of fabric i retu
rned it for another it is a very delicate fabric the zig zag stitching may snag easily i m a
fraid it will not wash well definitely a hand wash item i m not sure i will keep it in the end
the design i thought should be a 5 star because of the look and versitality of the item quality
i absolutely love this top i often shop the sale items first but when i saw this top in the st
ore i didn t hesitate to pay full price the material reminds me of vintage clothing it is a
dry clean only item but is so special that it s worth it the colors and construction beautifu
lly lined bias trim are impressive and this top looks better on me than on the model this
dress is so comfortable and so sexy hugs your curves probably would not look great on an athle
tic frame i bought on sale and was a good price i usually wear a 2 or 4 in retailer and the x
s fit fine the small was much too baggy i took a risk and bought this blouse and got a wonderf
ul surprise i bought my usual size small 34c 31 waist and it was perfect the details of th
is blouse are amazing you cannot see the flecks of copper gold leaves all over the fabric or th
e gold threads running down the seam in the front it is really really beautiful the fabric ov
erall is soft and flowy and the sleeves do not stand out off my shoulders in a weird way there
is a soft flow of ruffle down both sides of the shirt the fro i m a little on the fence about t

his dress it doesn t do much for my fairly straight petite body type i e it s not fitted at t
he waist which i think would help even though i don t have much of a waist to begin with but th
e low v neck is flattering and the flared skirt is too it s just that it probably looks better
on an hourglass shape i was fine with the fabric type i d describe it as a mid weight ribbed
knit blend i d say it s true to size i got my usual xspetite and i m 34aa 26 tried this lit
tle gem on in the store but they were out of my size the ladies were so helpful ordered it sh
ipped to me directly and i received it amazingly fast not an easy task when you live off grid
in north idaho \r\ni wore it last night to a st patrick s day party in california and received a
ton of compliments paired it with black leggings and strap or black heels \r\ni m still smilin
g today can t wait to wear it again the fit is flattering and the quality superb \r\nthanks re
tailer this top is gorgeous the print is lovely and the material and cut are well constructed

i really wanted to love this top but the fit was just off on me the design and material is so
pretty however i expected the fit to be more peplum but there was not any structure i thin
k this would be better on more slender women love the way this top fits got many compliments o
n it wish the arm holes were a little closer fit can see the bra peeking out a teensy bit i
bought this top because i loved the floral print i had no idea i was getting a top notch qualit

y me actually had this and i had to try it on my thoughts below \n \npros \n well co

soever \n the fabric is great quality and looks nicely sewn no fraying or strays seen on the 2

o low or reve the most beautiful top in my closet and i have a huge closet of beautiful clothes
hope retailer carries more peasant top by this brand stunning sadly this shirt was too short
for me i m 5 11 and have had a hard time with some of retailer s shirts lately but it is abso
lutely beautiful and the fabric feels expensive and it s well made it is a pretty tank the fab
ric feels nice and substantial nice fit and color and i love the tall cuff but you will need to
size up at least two sizes as the previous reviewer stated these jeans do run extremely small
i usually wear a 27 ag in jeans sometimes a 28 for the ag legging jeans but the 28 in these wer
e still very tight all over and uncomfortable i don t like my jeans skin tight so i had to go
up to a size 29 but they fit and look great sizing definitely off on these i am 5 3 115 fo
r reference bought this on sale in my reg size 10 im 5 9 and about 36c the fabric is heavy
and pretty this is a more formal top in my opinion it is lined it is much wider around the wa
ist than appears on model zips up the back but i can pull on and off without unzipping i love
how different this dress is in terms of the design it catches light beautifully the short bia
sed hem makes the dress fun and flirty but this dress is completely sheer there is no lining
which is very disappointing i do have a short nude slip that makes this dress work for me you
will need a slip for sure unless you are rhianna the sizing runs a little large i probably c
ould size down given the loose cut but overall the proportions are flattering showing off my leg
s i will re i bought this dress in a medium petite i m 5 2 and 140 it fit great and made my
waist look really tiny i cannot wait the dress with heels or else you would see the entire shoe
it works perfect with flat sandals i ve received tons of compliments you can also wear a norma
l bra with the dress love it this is a beautiful swim suit the overall look is lovely the ru
ffle is sweet and the low cut front keeps it just the right amount of sexy for a one piece i di
dn t keep it only because i would have preferred the leg opening to be cut a little higher othe
rwise it fit very well i m 5 10 and 150 with broad shoulders and a substantial rack nursing
a baby right now and i didn t have any problems with support great buy a must have 1 piece e
very time i wear this i get compliments it s very flattering amazing quality soft material g
ood support and vibrant colors i wish this came in more colors and patterns worth the money no
questions asked i like this dress very nice easy to wear everyday dress the top is lined but

the bottom is a bit thin and unlined i don t think it was too sheer though it seems much of th
e quality of retailer is going down a bit disappointed overall in the quality of their dresses
this year i ordered this in the china pattern color and the colors are vibrant and beautiful
the suit is well made and slimming there are no bra cups just a shelf bra but the tie halter
adds some extra support i have trouble buying bathing suits but i am very happy with this one
i adore this maxi the fit style pattern black motif machine washability everything fits
tts got my usual size s for 5 7 125lbs i would say that the length is appropriate some ar

o problem with this dress i think it s perfect piece for spring summer fall and dressing up or
down my one slight i agree with another reviewer the neckline is just right not too low cut a
nd a normal bra should work fine also it would be nice if this dress were lined the top part h
as more than one layer so that s not an issue but the skirt doesn t so i ll likely wear spanks
other than that it s a great maxi and perfect for spring or summer light weight i ordered t
his after reading the stellar reviews and i was not disappointed i ordered the black and purple
floral motif and both are excellent i have a rather big chest 36dd and the shelf bra and halt
er support are just enough for me look forward to wearing this on my upcoming vacation this sk
irt is great the fabric is so soft and light i was hoping that the lower portion of the skirt
wouldn t be too transparent and it wasn t the slip lining on the upper portion of the skirt is
nice the color is exactly as shown i followed the advice of the only reviewer and sized up
i shouldn t have the skirt was too big in the waist and too long so i exchanged and the fit wa
s right on i think the skirt is meant to sit a little higher on the waist so keep that in mind
the only t love this black and white dress the bottom art print is so nice i am a sucker for f
lowers i also love the cut of it teh tiered hem is very flatering not too much amterial the
upper part covers a normal bra and the whole dress is super flowey substantial amterial and s

egular xs fit me but i would ahve t this is such a simple dress to throw on that will give you i

my suitcase for my upcoming trip can dress up or down i was on the fence about getting this m
axi because it s a tad pricey but ended up scoring an retailer coupon that took a bit of the sti
ng out of the price i m so glad i went ahead and ordered it it s absolutely lovely i m 5 3
117 and got an xs petite it fits like a glove and is the perfect length to wear with either fl
ats or a higher heel love love love very comfortable and easy to dress up or down i get ton
s of complaints on this dress it s a definite win i ordered this dress online and i love it i
m only 5 2 so it s always a challenge for me with maxis but this one fit the bill not too much
fabric to be overwhelming on a shorter frame and the length was perfect the fabric is very comf
ortable and moves with you also the quality is great i ordered a small petite but i probably c
ould have gone xs petite this would dress would be flattering on most people need same dress
more colors the material is nice and has a lot of stretch i ordered the small as i m a 6 in mo
st dresses it fits comfortably i could probably get away with xs but have a large chest so was
afraid it wouldn t cover me i m 5 2 so a petite might be a bit better but it was sold out i l
l have to wear tall wedges with this one this dress is beautiful and fit exactly as pictured i
m 5 9 140 lbs and a size 4 fit perfectly nan this dress is very forgiving on my post baby bod
y i m glad i purchased the petite it hits my ankle perfectly i m 5 5 very versatile i can
see wearing this at work with a blazer or on a weekend this is my new favorite dress i can t
tell you how flattering it is i just had a baby a few months ago and it s the only piece of cl
othing i actually feel like i look like my old pre baby self in i m on the shorter side 5 3
very busty because i m nursing and about 118 lbs i got a mp and it fits great i could have g
otten the small but i feel that would have been too low cut honestly love the cut the patter
n everything about it would buy again i love my new maxi dress as soon as i put it on i kne
w this dress would be my go to dress of the summer i love the styling with the thicker shoulder
straps and higher cleavage you will definitely be able to wear a regular bra with this dress t
he material is soft light and flows well i particularly love the ruffle on the bottom of the
dress it adds that extra little feminine touch i can t wait to wear it i think it s a cute d
ress but nothing spectacular that being said i get a lot of compliments it s a very flatteri

ng cut but i wish it was more colorful not just black and white i m 5 10 145 lbs and got the s i could have probably gotten the xs too but i m happy with how the s fits great length too since i often have a hard time finding dresses that are long enough for me i love this dress m y goal is to have a closet full of clothes that are really cute and stylish but are also very c omfortable this dress fit the bill the mixture of the fabrics is even more cute in person th an it looks online and the fabric is so soft it almost feel like wearing pajamas the weight o f the fabric also makes it hang really nicely and so it s flattering overall a great addition to my spring summer wardrobe this is a great dress for summer and very flattering i am 5 4 an d could have pulled off the regular length but chose to go with the petite so that i could wear flats this dress is beautiful the neckline is not too low and the straps are wide enough so yo u can wear a normal bra the waist is very flattering and the ruffle at the bottom is not too mu ch i am short so i ordered the petite and it is a perfect fit now i just need some warmer weat her one of the best maxi dresses i have ever found i needed a dress that could accommodate a large bust 36g and camouflage my postpartum belly the dress did it all i ordered the large 5 7 and 155 lbs and it is so flattering it has just the right amount of coverage up top to pre vent looking too busty and the band around the midsection makes me look much slimmer like i sa id best maxi dress ever price is pretty high but it was worth it i love this dress i live i n maxi dresses versus shorts in the summer and this is the perfect cut weight and quality i di d have to order it in petite or else i was stepping on the bottom unless really high heels i am 5 5 so i would say that it runs long offer this cut in more colors this dress is extreme ly comfortable and looks great on i m 5 3 and 34dd and the m petite fit like a dream with even a bit of room at the bust the length is perfect with sandals or even up to 2 inch heels perfec t for travel and summer entertaining beautifully made beautiful drape deep blue so long tho i have to role it up at the waist so nix on tucking a white blouse in why is it so long in 5 6 and got a large with 2 inch heels i still trip and not about to wear really high herls \r \nill keep it tho because its a nuce dressy skirt may take it to be hemmed but the last item i got hemmed ended up an uneven mess i was on the fence about purchasing this dress for a while an d finally took the plunge glad i did because this dress is stunning and very comfortable i ord ered an xsp and it was the perfect length originally i had also considered xxsp while it fit well above the waist it was slightly too short for reference i m 5 ft 3 5 inches 105 pounds this dress is wonderful wide enough straps for a bra to be concealed lovely pattern that draws the eye down instead of across and a waistband that hits at the narrowest part of your midsecti on making it look super tiny the design is simple but very clever it s feminine flattering and slimming my only quibble is that it s quite long and i m almost 5 7 in my stocking feet i will have to wear heels or have it hemmed highly recommend these are so comfy mom of two bo ys on the go great for running around and then can be dressed up for a night out on the town n ot mom jeans took the plunge and ordered this in the romantic floral pattern i almost got the black because i thought it would be timeless but the print is so fun i m glad i went with it ordered a size m for reference i am 5 6 135lbs 34c 28 39 and the fit is comfortable i don t need a lot of support and i find the coverage adequate up top and on the bottom i think it ll still fit perfectly even if i lose a few pounds before my beach trip this is the first one p iece i ve had since i was a gi another perfect maxi from retailer the print is feminine and can be easily dressed up or dressed down i ordered my normal size in maxis medium and the top fit s nice and snug but not too tight i am busty and the neckline is high enough that i don t feel like i am showing too much cleavage it is a little long on me when i have flip flops on but wit h a little platform sandal it will be perfect love this skirt i love that it is pleated and sh eer on the bottom i m so happy i found it online love anything maeve you can count on the qua lity and simple elegance gorgeous dress with a slimming pattern and flattering waistband i wou ld say the bust cups are a little floppy on the medium petite and i have 36dds like others i w ish the skirt was lined but it s not a deal breaker tracy reese did a great job creating moveme nt in the skirt and flounce without the bulk i can wear a little heel but wearing flats makes t he hem drag the cut is wonderful and the fabric is soft and flowy it is pretty sheer so a slip is recommended i wish this dress had a lining like some other dresses i ve gotten at retailer bought this for my girlfriend and she couldn t be happier she s a size 4 34c and the small fits perfectly and is so flattering and comfortable highly recommend i ve been looking for a versat ile maxi skirt all season the pleats and layered look were a great effect to a really basic nav y maxi skirt the waist is elastic great for after baby and will look good with a shirt tucked in and belt the only drawback is that it s a little too long and will drag on the ground if i w ear flats i m 5 7 soft material with some flowy movement when you walk as other reviewers have said this is the perfect summer maxi dress i m tall just under 6 feet and while the dre ss could be just a bit longer it still works for my height i do wish the skirt was lined but o ther than that the dress is excellent worth buying at full price if you re worried about it sel

ling out i can t get enough of this dress this dress is everything from the flattering fit t
o the colors and pattern to the design and to the quality this dress really has it all this
is worth every penny and in my opinion a great price for a versatile high quality dress the m
aterial is that super comfy stretchy material which is perfect for everyday it is a no brainer
and easy to throw on also the neckline is flattering and sexy without showing anything defi
nitely can wear a normal bra this dress is so easy to wear the neck line is not too low can we
ar a regular bra it flows beautifully i love it this dress is so much prettier in person
the pattern is unique adorable and not over powering i m an xxs petite and i can wear the dres
s with flats 5ft i think this is versatile enough to wear to work party or a casual wedding
the fit is perfect hugs at the correct spots the fabric feels really soft and silky and feels
a bit heavy which allows it to drape nicely overall i love it i m on the smaller end of the
bust spectrum even nursing i m a 32c d at my fullest i adore this suit there is zero support s
o if you need that move on don t buy this i love it hides the post partum baby puff pattern d
etracts from flaws deep plunge is modest yet still sexy and it s super stretchy and easily be p
ulled aside to feed a baby underneath there s a fabric bra insert so if you bend over nothing c
an be seen which i like haven t worn in water or waves yet but fabric feels awesome this is th
e perfect dress to take traveling dress it up with heels or down with sandals warm up and wear
it with a short black sweater a nice easy elegant dress size small fit nicely medium probably
would have been fine too this is a really nice suit it fits well and is slimming with the cros
s waist it s also supportive in the bust even and maybe especially because it doesn t have mo
ulded cups or underwire which allows for flexible sizing the back rises high enough that it su
pports around the chest as well as from the halter straps the straps are wide too so they don t
dig in and are comfortable the look is subtle and feminine in the black and the quality is good
it is true to size but might run a tad lar beautiful in every way you can never go wrong with
black and white very lightweight since it s not a lined dress so it s perfect for our florida h
eat the movement in these culottes when i walk makes me feel like i should have some yeah
i can wear these attitude not only is the quality exceptional but the fabric is thick enough
to hide flaws i am 5 120 lbs and i ordered the 4petite i am usually a 6petite the size 4p fi
ts perfectly i ordered the apricot color great neutral i m so happy i was able to get a pair
there s a reason most sizes are sold out i have short legs and my legs are medium in size i w
orried about the thigh this maxi is perfect the neckline is sexy but not too sexy yay for norm
al bra and the waistline is flattering the skirt isn t very full but the ruffle effect at t
he bottom gives it nice movement it could easily be dressed up or dressed down i can t imagine
that this wouldn t be flattering on anyone it fit totally true to size for me this is a fantas
tic maxi it is very flattering you can wear a normal bra with it for me very necessary an
d the added ruffle makes it perfect its a casual fabric but because of the contrast in fabric c
an be dressed up easily \r\n\r\ni am 5 foot 1 123 and curvy on top and ordered a small petite
in many antrho maxis i go down to an xs but in this one the small felt the best more comfort
able around the waist \r\n\r\nwill get tons of wear out of this have already taken it on a t
rip and wo nan i really love everything about this cardigan the detailing at the bottom part of
the arms adds a lot the color is highly versatile it is a thicker fabric so it keeps you warm
and my favorite part is that it is long i like longer cardigans that you can easily pair with s
kinny jeans the only drawback is there is no way to close this cardigan likely if i end up pur
chasing this i will also purchase some sort of broach to pin it with or pair it with one of the
belts i have from retailer to these are just as cute as pictured they are generously sized made
from soft denim the denim has quite a bit of stretch i ordered a size down from my normal size
i was surprised by all the extra threads in the pockets they were still attached to the inside
of the pockets it just made them feel a little unfinished these didn t impact the overall wear
or appearance of the garment the straps are adjustable with two buttons on the overalls and thr
ee strap length adjustments on the straps the love this shirt got it in the blue but i will
say the print is a very dark navy almost black i m 130 lbs 34d and the size 6 fit me fine so
i would disagree with other reviews that says it runs large this is perfect to hide muffin tops
with the slight swing style that has a little flair as other reviewers have said this shirt ru
ns a little short and wide i usually wear petite so the length didn t bother me the sleeves f
it me perfectly which is rare in regular sizing so others may find that they are too short an
d tight to fix the boxiness issue i just stitched 2 of the seams in the back together to give
it more shape since i bought the black pattern my diy fix isn t too obvious but this may not w
ork for the other colors it needed a little work but it was worth it fo let me just say the sk
i pattern is the cutest thing i ve ever seen i literally bought it as soon as a saw it i got
a size 2 i m usually a 0 or 00 in most blouses and shirts but i wanted this to be a litter loo
ser so i sized up it s definitely not oversized even though i sized up the fit is a little box
y and a little shorter in the front really flattering in my opinion the material is really ni

ce and it can definitely be dressed up for work or dressed down with jeans and a chunky scarf f
irst off the prints are gorgeous i ordered three i wanted to love them but unfortunately i fo
und them short and wide so back they go absolutely beautiful quality is worth it i agree
with other review and also sized down from large to medium for a more fitted look the color
is gorgeous lighter shade of brown so thrilled material does not contain dreaded wool lol na
n beautiful stitching on the sweater very soft and a nice length as well like the soft brown c
olor will match many things in my wardrobe i am partial to maeve tops i love the prints i l
oved the ski print as soon as i spotted it i think its such a darling shirt for winter the mat
erial is light weight which is perfect for layering i m planning on wearing it with my fur vest
as well as a knit vest i got at retailer last summer i got a 4 i go between 2 and 4 because i
prefer some room in button down shirts and it fits as planned i wanted to wait for it to go on
sale but i was worried about selling out so i picked up on black f as another reviewer mentioned
maeve really needs to get their sizing under control and more consistent i ordered a 4 and whi
le it fits i think a 6 would be more comfortable in the arms and shoulders and i m a thin buil
d the length on this was also a little weird to me a little swingy flared but also short m
aking me feel like i d always be playing with it while wearing the orange print is absolutely a

ar in the store the fit is small i sized up from my normal 8 to a 10 but could have even gone
to a 12 as there wasn t much difference between the 10 and the 12 except in length bought with
the 25 off retailer was running usually a little skeptical of maeve regarding size but the m
aterial of these shirts is excellent bought the ski print and the red penguin print perfect fo
r low key and where i work i am submitting this review because there were size issues mentioned
in some reviews i generally wear a size 4 but often size up to a 6 because i m a d cup i purch
ased an 8 in this because of reviews saying it was small trying it on the 8 is fine but it do
es tent out a lot at the bottom i think i may have been fine with the 6 because of that it see
ms a little big from the back view i usually wear a 4 in maeve and purchased this is a 6 in th
e orange i m just over 5 7 34c size 26 27 jeans through the bust and arms the 6 fits great
i still found the front to be just a tad shorter than i am comfortable it hangs well though i
f not a bit loose definitely more billowy and boxy feeling in person i think if it were slight
ly fitted through the waist the length wouldn t be an issue and it isn t even that much of an
issue but i did knock off a star for that reason i bo high quality soft thick fabric that dr
apes well keeps you warm and figure flattering i m 5 4 and the length is perfect the color i
s a great neutral that goes well with everything love the design detail throughout this cardig

have been so pleased with every piece of maeve clothing i have purchased once again thinking
slightly outside my comfort z love the cute cat pattern and quality of the blouse unfortunately
the front was too short and the back didn t fall properly also i found the arms to be tight i
m usually an xs and a size 2 in maeve blouses i would ve ordered the the 4 but it s sold out d
efinitely size up if possible a bit wide in the torso but the detail at the bottom of shirt ma
kes up for it tried this on in the store in a small i m a size 6 in most retailer dresses and
it was enormous i m short 5 2 so i knew i d need a petite size ordered a petite small and t
he length is better still a lot of fabric but i think a petite xs would be too small if you a
re curvier up top i m a full 34d and the petite small is just slightly tight in the bust defi
nitely size down in this or you ll be swimming in it i loved this top so much i ended up gettin
g it in three colors it s comfortable and so easy to wear it does run large though in my opini
on i normally wear a 6 in tops and i bought this is a 2 i love this shirt i got the one with
the skiiers for reference i got a size 2 and i m 5 6 135 pounds it s a bit tight around my
shoulders but not enough to make me want a size 4 if you have broader shoulders a 4 would pro
bably be good the bottom flares out a little and is cut shorter than other button downs it s t

oo short to really tuck in comfortably the print is absolutely perfect the shirt is soft and v
ery flattering it s pricey but super cute i purchased this online and absolutely love this
it can be dressed up or down i received many compliments its also so soft and very comfortable
a must have my kids gave me this blouse for christmas in my usual size 6 it was so tight thro
ugh the chest shoulders and arms i ended up having to exchange it for at size 10 there was ba
rely any difference in the size 8 unfortunately i now need to have the sleeves shortened but
as this blouse is so cute it s worth the effort i had been looking for something like this to
add to my summer wardrobe fortunately for me i saw these in the retailer catalog and thought h
ow perfect exactly what i ve been searching for they are a bit pricey and crotch hangs a bit
lower on me because i m only 5 3 but it s not enough to make me send them back i will have the
m altered if need be they are to cute \r\n\r\ni m a size 4 in pants and ordered the 29 i want
ed some wiggle room i didn t realize the denim has stretch i will keep the must have i splur
ged on the white style and red style couldn t choose between the two shape of shirt worked for
me the white style isn t too thin that you have to wear something underneath costly for the qu

myself the material is soft and it s a perfect flowy blouse for day to night tiny collar and s
hort bodice length lovely fabric soft and silky i think this romper is super stylish kind of
dvf ish and it s as pictured except it s more colorful in person the vines are pink and pale aq
ua and the flowers are deeper yellows with white beige parts and pink dots in them i see wha
t other reviewers mean that the fabric is thin it is but i wouldn t say sheer it s a lightwei
ght woven fabric the problem is there s no stretch so when you reach up the whole romper hike
s up i think it s true to size i got my usual xspetite and it fits g i am writing this because
my experience with this blouse differs from that of the other reviewers compared to all my othe
r maeve blouses this top fits true to size slightly larger than usual it s wider boxier than i
t appears online and the arms are totally normal in fact quite roomy on me all the other rev
iewers thus far have complained of very tight arms bust and had to size up i am having the oppo
site dilemma given the extra width due to the cut of the blouse and the fact that the great
shirt i bought the red penguins and its adorable i am returning it however b c the size i bou
ght was too big with that said it was my error not the brand i think it runs true to size i s
aw this and was hoping to try it so i went to the closest retailer the design of this dress is
fantastic but if you have curvy hips this is going to cause you problems i am 32c 24 35 i ha
ve a definite curve between my waist and hips and it totally interfered with the line of the dre

lovely dress is for you the waist line was simply too long i needed the dress to flare out hig
her the to i tried the black cat pattern in the store and it was cute but the sleeves tend to
run quite slim while the bodice is loose so be aware you may want to size up if you ever have i
ssues with tight sleeves i purchased the blue stripes and the black cat prints on sale and i m
very pleased they each fit me a little differently as the black cats fit tighter through the ar
ms the stripes remain a bit looser throughout no complaints here i like the variation i orde
red a size small as i m normally a size small 36c 135 lbs 5 2 love this top my summer

to have a perfect shirt i did not find this blouse to be tight in the arms or chest i m a 34a
though so maybe that is why i also don t have a problem with it being too short in front i to
ok my usual size 0 i like the feel of the fabric and the prints are great the only thing i sli
ghtly dislike is the flowy bottom of the shirt i wish it was more fitted and that is why i took
one star off i got the cat print the cat faces are white and on random faces there are pink ea

ture thought it was going to be longer bought to wear with leggings but can t i will wear it w
ith jeans skirts and dresses i am 5 feet 7 i knew going in that it may not fit a d cup but the
fabric is beautiful so i thought i d give it a try i wear a 36d and bought a large it s got a
clasp in the back so there s no adjustment on how it fits around which for me was too big the t
riangles did not provide enough coverage left too much side boob the fabric was very pretty in
person but thinner than i expected which also made it seem less sturdy sadly have to return an
d cancel the back ordered bottoms i would recommend to someone my new favorite sweater for laye
ring perfect color length and fit i am 5 4 125 and purchased my usual small if you re on t
he fence about this one i say try it on it s totally worth it so i m really surprised that rev
iewers said the fit was too small and too tight in the arms i m 5 7 and 183lbs and my husband

god bless his soul bought me an 8 for my birthday i tried it on just to see and was pretty imp
ressed i could button it across my chest and get it over my arms as those are common problem are
as for me regardless i need to exchange the shirt for a larger size because even though i got i
t on its not how is supposed to look the shirt is loose around the midsection whi i love this b
rand they produced a number of incredibly cute blouses in 2006 2010 and i ve missed their quirk
y designs this shirt does not run small i am usually a 6 and have a little extra room in the c
hest area even though i m a 34dd the arms are the perfect length as well which is nice as i ha
ve long arms the only reason i did not give it five stars is that i wish it was a bit more fitt
ed through the stomach area its very billowy i may take it to the tailor so cute though on
a side it s okay for a coverup or beach dress and lounging around the house it s comfy and i li
ke the detail of the back the front is very plain but okay it s not too baggy and it s a strai
ght cut the detail in the back makes it a keeper for me but only as a casual dress too chill at
home or quick errands to grocery store beautiful angel of the north sweater tts lovely color
and a staple classic when i saw this shirt it bought back wonderful memories of ice skating on
wheatley s pond as a child where i primarily grew up in the northeast just loved it i tried m
y normal size 4 on but it fell off my shoulders and the cuffs fell mid hand so i tried the size
2 and it fit perfectly i see where many say it runs small and for full busted ladies it may but
i am only 34b and 116 lbs and the size 2 worked fine it is slightly blousey in the mid section
but not overly so the fabric and stitch i read the other reviews that said the shirt ran small
but i found that it fit fine and i chose my regular size in maeve the only issue is that it s b
aggy around the middle which is a little off and i found that it was a little too short i gave
it four stars because of the print i chose the cat print and it s just so adorable i might try
to have the shirt taken in at the waist and then it would be perfect great blouse for curvy wom
en i m always an xl in retailer tops and even then sometimes the xls can be too tight to keep
however i was so happily surprised with this blouse the arms are usually an issue for me but
the arms in the blouse are perfect and loose in the bicep area this blouse fits beautifully and
is really high quality the blouse lays nicely everywhere i plan to wear it with a pair of gray
pants so the lace cut out at the bottom shows up more the lace is heavy duty and doesn t soft
stretch denim 70 s fun vibe i so wanted to keep this but for me the sizing was off i order
ed a size 27 my usual denim jeans size the waist down fit perfectly but i couldn t zip the to
p portion i fear that even if i order one size up which i believe would still be ok for the bot
tom half i still won t have enough room from my rib cage to the top of the bib section i had
a 3 inch gap in that area\r\n for full disclosure i am a size 36b with broad shoulders and
a broad back great sweater beautiful detail warm and cozy i will wear this well into spring b
ecause it s a nice weight for cool spring evenings the knit pattern is beautiful and will be gr

king i bought this shirt in the black cat print the material is very soft and it has a nice dr

its perfectly i am 5 feet tall with a petite frame the front of the shirt falls a few inches b
elow my waistline and the back of the shirt is longer and provides plenty of coverage so it can
be worn with skinny jeans i can also wear this to work with a pair of slacks and it looks nice
i would actually love to i am totally on the fence with this shirt like the other reviewers i
sized up because my normal 14 was too tight in the chest a common problem for me the arms are
strangely tight and i didn t get much more room in the bust with the 16 but then the bottom of
the shirt tents away and hangs funny this is obviously meant for those with a very small bust w

t size to buy since all the reviews said different things so i bought a size 0 and size 2 i m
usually a size 0 or xs is most clothes and after trying both on i kept the size 0 it s ever s
o slightly snug in the chest area but the sleeves and shoulder areas fit perfectly the size 2
was a little too wide and drapey and the sleeves were a little long super comfortable great la
yering piece or by itself got lots of compliments at work i love this shirt very comfortable
and has a nice drape i originally bought the size i normally wear but found it to be a little t
ight across my chest so i returned for the next size up \n\nvery well made and not sheer so did
not have to wear a tank underneath i m so glad i tried this dress on to see how lovely it is d
efinitely a keeper i really like this shirt the design and colors are very good i ordered the
black one with cats it was cool however in general i don t like high low tops because they do
n t look flattering and you can see that it is asymmetrical from the front makes it awkward th
e shirt s design doesn t make the high low aspect stand out much which is great but it is a tad
shorter than i would like in the front it is also loose fitting it is perfect for a slimmer fr

because i m not short i am busty i love tunics this item can be dressed up or played down w

t i am usually to busy to write a review but i felt obligated on this item five stars i wasn

e i paired it with jeans and brown boots and got so many compliments the shirt is light and fl
owy it very flattering for any body shape the dress runs big you should size down i find the
weight to be great for mild winter weather the length was longer than i expected based on previ
ous reviews the picture online does not do this picture justice it is actually very pretty and
delicate i love the sequins other reviewers were correct it is a little big but a great tunic
to dress up or down i love it the top itself is beautiful and colors are like pictured my onl
y issue was the size i went for medium i m usually m or l and i m 5 4 so i can get away wit
h regular and pettite this top was way too long looked like dress on me i m sending it back f

e wore it to work today on casual friday and received many compliments highly recommend i lov

o big it s perfect and looks good with jeans this shirt runs big it s very long material is
very pretty and it is lined i am keeping it for that spontaneous need to wear something sparkly
dinner party maybe this top is so much prettier on you can dress it up or down it does run a
tad large i m 5 7 and 145 lbs i am usually in between a small and medium but usually a medium
i went for the small on this and i loved the fit of it still pretty flowy and the medium would
have been just too big it is a tunic so it runs kind of long a tiny bit too long for me but i

will still wear it a lot this is a pretty tunic dress that looks and fits exactly as shown i i
magine that it would be quite long on anyone under 5 5 or so since it falls maybe 2 inches abo
ve the knee on me at 5 7 it s cute and an easy throw on and go piece the quality is even goo
d i decided to return it though because it felt a little plain for the price maybe if it were
more exciting colors or patterns a slightly more fitted cut i couldn t place my finger on the
exact thing that wasn t clicking for me but comfortable cool perfect summer tank ordered one
for my daughter small had to get myself one too medium both tts great for errand runs aroun
d house lounging sleeping seems better made than more expensive tops ordered as of late good
job retailer i love these pants and wear them all the time i wish they hadn t been discontinued
i don t usually spend this much on a top but despite the high price i really love the style i
like that it s made out of cotton and it can be worn down on the shoulders or left up looks cut
e both ways i ordered the xs which is usually my size it fits perfectly i imagine the s would
have fit also it hits just at the hips i have a long torso so i would have liked it a bit long
er but it s not a deal breaker my one splurge this summer for reference 123 lbs 5 5 32 d l
ove the aqua print which looks vaguely japanese to me the quality is good but unlike the othe
r reviewer i had to size up my usual size x small was too tight wish there were more colors
love this white jean jacket love the stretchy fit i usually wear an xs and in this i wore a sm
all because on the bottom of the sleeve it was tight it s a great piece and i get a lot of com
pliments i ordered the purple in size xl the fit on me matches the model so i think it s true

f light brown peach white red and different shades of blue there will be variations because
of pattern placement i love this style it s very comfortable this top is simply amazing it s
a statement top everyone should own the green is so rich and full of life and the floral patte

t and trendy love love looovvveee this top got the green one i love wearing this blouse with j

ave one cute fabric covered buttons that match the button front closure i am 5ft 1 inch pear s
haped and my bust line is 36 c i ordered an xs and small regular i ended up with the small re
gular and it fits nicely and i get loads of compliments when i wear it it s made very well and
the plaid pattern is random i wear a cute boxy sweater over it when its chilly a i stumbled up
on this as a return to our store at first i was a little put off by the change in stitching to
add support and shape but once you put it on it s perfect it s very flattering and very comfo
rtable there are snaps in the crotch but i wore it for a full day 8 hours and had no discom
fort if there were more colors i d buy them all lol a lovely soft material with a subtle aqu
a pattern i m very fussy about seams that fit my waist and this one fit perfectly nan classic
tank with the perfect fit \r\nsoft aqua perfect for summer \r\nfit is very true to size really
like the loose flowiness runs big went from med to small with better results style is forgivin
g loved this pilcro denim jacket slight stretch well constructed white denim with yellow gold
stitching it is short and very nice fitting versatile runs tts i am 5 5 142 lbs 34d and smal
l fit perfectly i really like it and am not put off at all with thread color actually gives it
some character mine did have a pen mark on the back but as usual retailer s great customer serv
ice provided a solution nice color and great work but runs little large this is a really beaut
iful top the colors are lovely a subtle it is larger than i expected i ordered a small which
is my usual size and it is more of a baggy tunic it still works because the material is so shee
r but does not fit me like the photo size down i got the purple motif and loved the colors and
the feel of the fabric i am 5 6 and 107lbs 32d the small was too big and there were no xs o
r xxs i love the asymmetrical style of this dress so unique also the cotton blend is appreci
ated in a sea of polyester the body of the dress hangs nicely and is flattering to the figure
but it didn t quite work for me due to the sleeves they are narrow and not stretchy enough to b
e comfortable sizing up may have helped but because i am also short 5 1 the sleeves were a
lso too long for me i wish it came in petite length if so i could probably just go up a size
to make the sleeves more co i am 5 7 and 36a cup i tried on the small and it fits perfectly i
can see how if i was bustier it could be a problem it looks better in person dressy enough for
the office but comfortable fabric and nicely shaped i love this with jeans and can t wait to we
ar it to work fun flowy top maybe be a little snug across the top for larger chested girls bu
t this flares out into a light and airy dream to wear i love this shirt it was a great price a
nd very high quality it has different material stitched in the inside first of all i am only 5
1 so this adorable tunic does fit me like a dress i am also pear shaped and this dress is fl
attering to my shape but my biggest issue it that the dress came in very wrinkled especially
the ruffles \ni took the dress to my retailer store and they were able to steam some of the wri
nkles out but not all of them it seems that the fabric used for the ruffles is suppose to be a

little crinkly but it will most likely look worse after you sit therefore i am uncertain this sweater is a nice addition to a fall or spring wardrobe it must be layered as it is sheer i re ad a review about snagging but i have not had this issue as of yet this bodysuit will be a stap le for me this winter i wear it own its own and under just about everything i just ordered ano ther one this dress is extremely comfortable and flattering it has a forgiving a line shape to it for women like me who are pear shaped the top of the dress is made of a heavy type of cotton material and the bottom tiers are made of a silky material that hangs beautifully even the tie closure in the back of the dress adds a lovely touch to the dress i would recommend wearing it with leggings as shown with the model or black tights the fit is true to size i am 5 6 and the length is a liittle low i purchased my normal size small i loved the colors in the purple w hich are more blue and vibrant red to me this top is a nice soft fabric it will pair nice with denim jeans this shirt looked plain online but when i see it in store i thought it s so prett y it is the over sized style when i tried it on it s so flattering even though it is over si zed but it doesn t make you look chunky at all i got it while it was on sale with extra 25 off i range from 2 to 6 xs s for retailer sizes i got a xs for this top nan love this dress so m uch i bought the checkered and then had to go back for the black it is so worth the price i wear it with sandals in the warm weather and a blazer with boots in the cooler weather it is b eautiful and so flattering this top looks even better in person the green is a little brighter than the photo this beautiful blouse is silk with a sold underlining it is very full and has g reat flow and movement super trendy with the open shoulders and a nice long sleeve for fall it s really beautiful and perfect for any festive occasion quality of this dress is excellent i ordered it in blue and the color looks exactly as it does online and the fit is exactly as it lo oks on the model i am 5 4 120 lbs with an athletic build and ordered a small so beautiful i got the xs and it fits tts it goes with everything perfect weekend addition this is beautif ul tunic for the spring and summer great paired with jeans or white denim runs large and is a true tunic length very pretty fabric and built in camisole too only downside is that it proba bly needs to be hand washed line dried to keep it looking like new nan i loved the look and fee l of this tunic the fabric is soft it has pockets i felt like it ran a little small in the bust i m a 34d and rather than my usual size medium i took a large in this i took off one star because when it was shipped to me the shoulder was coming apart i will have a tailor fix it bec ause i do plan to keep it this top turned out to be better than expected i m a large girl and the length is enough to cover my hips and the shirt it not tight at all the embroidery details are lovely too i bought this for a trip to italy this summer because it is cotton and because i consider it to be a classic piece being that it is black and white one nice feature is this top does not have to be worn off shoulder it looks just great with the sleeves up i love the patte rn and flowy design i also like the peach liner but i will use that on other outfits i own and replace it with a slip that has a designed hem this top is too long for me to wear as a top s o i will wear as a dress with the a longer slip i m hoping that the sequins will remain intact for the most part as the construction of everything is too delicate bought the size s and i am 6 3 140 39 28 35 good job retailer for getting the color representation spot on the blue is so vibrant and the cashmere knit is so soft and comfortable the dress is oversized but a little too much so i recommend sizing down to get that ideal slouchy drape otherwise you may overwhel m your frame with too much fabric this is my third pair of ag primas i love them the higher rise is nice to keep smooth lines they re made of such soft material that moves with you rather than restricts you and the cut of the legs is skinny without being skin tight absolutely my fa vorites jeans retailer sell more washes and i ll buy em beautiful pale colors there is too much room under the arms and at the sides but it will be an easy alteration plan on wearing with skinny jeans i bought this in black and the checkered pattern love both very floaty and feminine fits true to size this top is really cute but it runs very large i am 5 2 100 lbs a nd the xs petite looked like it was 3 sizes too big on the design is really cute but recommend ordering down at least one size these are my first pilcro love the tuxedo seam and notch at th e side and the noni green is a verstaile yet unusual green thicker soft cotton with just 3 s pandex \n \nordered sizes 25 26 and 27 regular which are a perfect full length for me i m 5 2 currently 33 25 37 longwaisted and pear shape i wear a 26 in ag stevie cords which are snug fi rst then stretch to a perfect size and often a size 27 in their less stretchy stevie jeans \n \nin these the 27 were so big at the waist that they sli i ordered this blouse after it went on sale i m not typically the blouse y type but i thought i d try it for me and i m a pretty c onsistent small across brands it was quite flowing and a little long but that may be what some one wants it was a little light in color to look good on me but i think this would be really c ute with dark skinny jeans easy to dress up or down when i saw this online i knew i d have to order it fast it s just gorgeous i got it in the mail today and couldn t be happier i m us ually xs in angel of the north sweaters and this was no exception it fit great colors are as p

would have been too tight in the bust 38d i normally wear a medium and the medium was perfect
in the chest the color is absolutely gorgeous and i love the length i don t like dresses that
show my knees my only complaint is that a dress that is this expensive even on sale should have
better quality control mine made it to me without a button at the the back not a huge deal bu
t it won t be easy there s no doubt that this tee is sheer i found that a nude bra is sufficien

ater because of the pretty fur collar and the color which is a gray black that seems to go with
everything the cut is a line so it drapes over what you are wearing underneath since the fabri
c is soft it doesn t add a lot of bulk and keeps the fit flattering even though it is not fitted
i have worn it many times since purchasing because the color and fit make it easy to throw on ov

collar when the collar is removed the neckline s shape is really nice the collar seems cheap
i thought the sweater ran true to size i m 5 7 115 lbs a small was a good fit although higher

ve a loose flowier fit throughout the dress the only confusing part to me is the model is list
ed as being 5 9 and i m under 5 6 yet the length is the same it fits me at knee length too
i thought it would hit a little longer based on the model s info for the photos and getting the
regular sizing the one thing i wish was different is to have it i get a lot of compliments on t
his dress it s bright and cheerful for sure it runs maybe a bit large but is a great summer dr
ess i ordered the petite in my size since i m well petite but curvy i recommend this dress i
f you don t have a lot of boobage unfortunately for me the waist line came up high an inch bel
ow my bra line and made the dress poof out at my hips in an unflattering way its so pretty and
i was really excited about ordering it it fits but just is not flattering because of my boobs
this is always my problem though with dresses this skirt is absolutely beautiful the design an
d organza are so feminine and i love the length it flows beautifully and it isn t stiff or any
thing but it does hold its shape well i ordered it through the store and the wrinkles came ou
t easily after it hung for several days i think it would be easy to snag the material so i wil
l be really careful when i m wearing it the zipper is a little hard to pull all the way to the
top of the skirt and i worry a little about the hook and eye closu love this dress the vibran
t color and lace details are just beautiful can be dressed up or down the only concern i have
is that the straps are thin and delicate but i ll just have to be careful when hanging it up t
his yellow mango color is so beautiful in person i actually don t have the best skin tone for s
hades of yellow but i couldn t resist trying this one on it turned out to be perfect the sil
houette is very feminine especially around the neckline shoulders there is a lot of fabric
but i actually appreciate that the dress is substantive finally the nicest thing is that the d

or a skirt the collar is adorable have already worn it and received compliments i love retail
er i found this to fit really well and i ve got a chest and the hourglass to go with it t
he stretch really helps it to be comfortable too i reckon it s pretty versatile too this sweat

er is much more beautiful in person the quality is very good and the fur is nice too i am 5 8 inches and 155 lbs and the medium fit me perfect this sweater is very nicely made i got a lot of compliments the first time i wore it it s a light sweater and looks great with jeans love i t this sweater is lovely i have worn it every other day since i got it it is soft and warm and elevates everything that you wear it with i have gotten compliments every time i ve worn it my daughter who rarely likes the style of clothes i wear said i looked like a winter princess in this it is so flattering and comfortable a winning combination comfortable but if you put in the dryer even on low it will shrink a little so beware this is a unique color and a lovely dr ess i have the yellow and i didn t find that it ran large it definitely has a loose flowing fit and you can wear with or without a belt for different looks the pleated fabric near the wa ist does fit differently than the other fabrics but i don t think it looks odd you have severa l pictures of people wearing them and you can see that it looks amazing on everyone i just rec eived this in the mail today and haven t taken it off since i feel like i should be in a romant ic movie with a cute black dress under it can definitely see myself getting a lot of use out of it can not wait to wear it for the holidays great dress that can be dressed up for work day or even dressed down for a nice weekend day \r\ni have it in black but thinking of buying in the ye llow orange color too i received the vest and it was pretty much as pictured however the color isn t quite yellow it has a little green to it kind of chartreuse \r\n\r\ni returned the item because it didn t look as good on me as it did on the pictured model this would probably look b etter on someone taller than me beautiful and classy i love this i m 5 8 125lbs 34b and my u sual xs works great could probably also have worn a s i was a little worried it d be scratchy and or too structured but it s soft and flattering photos are accurate would definitely recom mend this dress is really beautiful cheerful the color lovely the fabric soft and beautiful i wish it had worked with my body because i really liked the style fabric and color i am 5 5 with long legs and a shorter upper body so i needed to buy this dress in a petite size but the y were sold out of petite smalls and mediums so i tried the small in a regular size the armscy e depth of arm hole is so low that my breast was completely revealed i thought about shorteni ng the straps entirely i ll admit that i often believe you pay for the design aesthetics at reta iler but not necessarily the quality however this dress happily has both the fabrication and lacework on this dress are beautifully made and the price tag fits i do think the sizing is off i m 5 5 137 34b and the medium my usual size was huge small was still gaping under the arm s and xs fit perfectly i haven t worn an xs in anything since middle school ha the banding a t the bust does make it tight so i can we i recently purchased this dress in the yellow which is not advertised online but glad i saw at the store because the color is vibrant but not too l oud and really compliments my olive skin the dress ran a little on the larger side so i had to size down also you will have to either wear a strapless bra or go without because you cant hid e bra straps as this is more of a halter look i m 5 9 and the length was perfect for me will be able to wear with heels or flats like another reviewer i was in the store looking for the v est with the faux fur collar and tie waist it turned out to be too long bulky for my small fram e or there wasn t an xs can t recall but i saw this and it s just the thing i didn t even kn ow i needed i m fairly thin and petite at 5 4 and drown in most cardigans this is just long en ough it was a subtle a line shape fabric is not thick but is substantial enough that it s stil l warm i also like that it s hand washable nice to have this is a go with everything throw on sweater coat that is very soft and flattering on the fit is true to size for a swing coat bein g a heather black helps with the no show of lint i will wear this no doubt for years to come t hanks retailer i wanted this dress in yellow from the moment i first saw it on instagram i waited for it to be available online and once it was i ordered it i am usually a size medium bu t sized down to a small petitie 5 5 and the fit is off i am a 34b so its too roomy in the chest because i love everything else about this dress i am going to re order in an xs petite bu t that will be two sizes down for me not sure if it will fit length was good looks great with a dark denim jacket the dress is li this skirt is a must have it is very classy and the poc kets are perfect for holding lipstick for a little refresher throughout the night it is high qu ality and definitely worth the price i paired this skirt with a more casual black top and some pearls for a fancy banquet dinner and got a lot of compliments comfortable and classy this is such a pretty dress it will look beautiful in the summer with a tan and lace up sandals for a v ery effortless look fits very fitted in the top and loose throughout yet still slimming i am p etite 5 2 about 105 pounds and for reference i went with the xxsp it looks expensive and well m ade and the yellow color is stunning and cheery the yellow will look beautiful on darker skin t ones as well as lighter skin tones who have a warm undertone if you are on the fence order it a nd you won t i m 5 4 with an hourglass shape i love this dress it drapes nicely the material won t be hot for summer and the color is perfect for my olive complexion this is so soft and ha s wonderful drape i want to love it it is not gold not in my opinion anyway the gold parts

look like muted lime green to me it s true to size and looks similar to the picture otherwise
i just don t know about that color especially on me i love this shirt the quality is great a
nd very soft the length seems a bit short i will only wear it tucked in to a higher waisted sk
irt the arm holes are tight don t detach the collar unless you like getting frustrated i made

ance it s stylish flattering soft versatile etc etc i took everyone s advice and purcha
sed a size small instead if medium i wish i had gotten my usual size as the neckline and bodic
e is very tight i m top heavy with a wide rib cage and 36dd s other than that the skirt of
this mango hued beauty is large loose and flowing which i can see why people suggest sizing down
i think my fit problem would be solved if petite was available love the dress a little cheaply
made but overall it fits nice and will be great next fall it will show tummy shape so if you d
o not have a flat tummy this may not be the dress for you i have a gala to go to wear i am a b
oard member i had been eyeing this dress online and tried it in store lurve i got the black o
ne which is a black lace over a sheer cotton nude i also got the regular when i am petite as it
hit longer for a black tie event i have a large bust at 5 2 size d but small and short torso
and the large just hugged the girls just right i love the it can be worn fancy with block heels
to a gala or wit ha jean jacket or espradilles for a casual summer night this this sweater coat
is so cute i agree with the other reviews it does run a little big i always wear s tops from
retailer was a little hesitant to order this in a s since i would be wearing it over things
so glad i did the small is perfect so i would say it runs a little large i do think it is is a
little over priced but i did get it at 20 off and it was a treat for myself this dress is gorg
eous on the hanger and even more gorgeous on definitely runs big though so sizing down is prob
ably best this dress is really cute but it runs quite large order a size smaller i got a lot
of compliments on it at the party i wore it to it can be dressed up or can be casual with a pai
r of sandles as stated in my review title they re amazing they re incredibly well made have
just the right amount of stretch and are so flattering i think the boot cut makes them look li
ke pants rather than leggings they can definitively be worn to work or at least where i work
where the dress code is business casual my only issue is the length which being at 5 3 isn t s
urprising they re about 3 inches too long i m a size 8 10 and got the large i couldn t recomm

n honestly say i don t think i ll ever part with it this is a sweater you hang onto forever i
will say it runs a bit large i ordered the xs sm and if i didn t know better i would think its
m l either way if you can you get your hands on one in store or a return online do it it is w
orth every penny especially for the s ignore the nutty negative review because this sweater is
beautiful and really looks like a hand knit sweater the quality is excellent with two side poc

t a steal at the sale price retailer has great designs but sometimes they use cheap fabrics and
are not quality made this top is quality made and super soft its a little thicker than a norma

and this was tts i got the blue and its a little bit darker in person one big plus imo is that
you can put it in washer and dryer no need to line dry i am going to buy the natural colored s
tripes one too also i bought the normal size this skirt is very stretchy and a nice soft thic
kish fabric the pattern is also very cute i ordered the xs p and it fit just right length was
pretty much as pictured just at or slightly below the knee the opening in front was also as sh

ave a couple of pair of hei hei pants from last summer that i love and was so happy to see these
i am curvy 5 8 size 8 and got these in a 30 and they fit perfectly in the hips and no gap at

better is if they had a bit of stretch i would have liked it but it was too small for me nan i
went to the store to buy the transcend verdugo ankle in blue however i left with it in blue and
black the black is perfect absolutely amazing fabric that shapes your behind and no ones is m

ore imperfect than mine i cant say enough about these except paige rocks i m a fan this is a simplistic beauty the colors are lovely and as pictured i believe it is tts but if your small busted you could probably go down a size i personally stayed with my small and i lke the flow o f it the flannel has a nice weight to it so you can wear this fall winter and early spring if you live in a cooler climate this blouse is basically a rectangular piece of fabric that is fol ded over and sewn up the sides the side seams are about 2 3 inches in from the edge of the fabr ic the neck opening is finished nicely the fabric has a nice drape to it but the design on th e front isn t as crisp and clear as i thought it would be the design is a bit fuzzy so i wish the picture on the front were clearer i always wear an xl in retailer tops but the size l in t his fit nicely in the bust except is too snug at the this is a top flight notch an attractive d esign nicely made for me the fabric is rather heavy for summer wear but that won t prevent m e from keeping it for cooler days my one complaint is the sizing i weigh a bottom heavy 146 lb s and hoped i d get away with a medium but it swims on me not a bit too large but way to o large i m returning it and hoping that a small will be small enough this top is great and p erfect for fall winter i ve gotten a lot of wear out of this so far great with jeans and snea kers for a casual look or dress it up with black jeans and boots great layering piece as well the fabric is soft and comfortable the fit is nice and relaxed but tailored on the sides to gi ve you some shape the colors are beautiful great buy i highly recommend i was not going to pu rchase this jacket thinking it was too pricely but i am glad that i did true to size and made w ith great craftsmanship it looks very delicate but made strong very pretty true too pictu re it works out perfect for after yoga love these pants they do run small in the hip area and are not stretchy at all so beware if you are curvy you might want to size up great quality a nd style overall this is a beautiful and versatile skirt i love the layered detail length an d flattering cut \r\n\r\nthe fabric is a 80 cotton 20 linen blend it s a thick weave with ti ny nubs here and there the skirt was made in turkey \r\n\r\ni usually wear a size 4 in retailer skirts but i sized down to a 2 in this skirt the size 2 fit at my natural waist and looked as pictured on the model whereas the 4 looked bulkier on me beautiful dress it looks fresh femi nine and the quality of the fabric is very nice i bought this in my usual size small i m a 4 6 27 waist 32b and it fits perfectly it s a little loose and boxy but still structured and cu te it fits me like the model i don t find it itchy at all and the embroidery is just gorgeou s this is perfect for transitioning from summer to fall picked this up end of season sale but i go to florida a lot so i will still be able to use it it runs a bit large i m usually betwee n a s and m at retailer and i m a bit heavy right now but the small fit loose and comfortably i would recommend sizing down if you are between sizes not itchy but i would wear a cami undernea th because it is white and could start to itch after a while i suppose it s definitely not a so ft flowy t mix of t shirt material and linen the main part of the t is cotto wanted to buy thi s dress but the bust area was way too small as i went up sizes the torso began to be too long and i would have to have it altered i guess what a shame \r\nbut if you are small chested th en this is your dress i love the color and design of this suit however the rise is too high o n my derriã re and was not appealing on myself i am 5 7 110 lbs with a very small bust and a short waist i think the suit runs very small as i am a size xs s in most of retailers clothing i would recommend it to young lady with a very small derriere and is more petite this cropped t rouser is very high quality and perfect for summer i ordered my usual size petite 4 i am 5 2 115 lb and i felt a little tight but since other previous reviews said they do stretch after we aring it i decided to keep it i hope they stretch out a little bit more overall i am very ha ppy with my purchase this jacket is a flattering although somewhat boxy it does run large i wear a medium and ordered a small fits perfect looks great with jeans and a t shirt i love th e oversized look of this jacket my building is kept freezing cold so while at work i am constan tly fiddling with cardigans and scarves and a space heater to try to keep from freezing while wo rking and i thought this jacket would be a great jacket that basically functions as a blanket wh ile still looking professional my boyfriend doesn t quite get the 3 4 length sleeves but that definitely keeps the look of this jacket polished if they were longer i think it would be too m uch just li echoing others remarks this top runs large wide wise to size down the embroider y is beautiful and for the volume of work this arrived with minimal to no loose threads howeve r i was bit disappointed by the mixed cotton textures most of the top is a knit tshirt like textures while the bottom hem with the horizontal stripe embroidery is a stiffer thinner wov en cotton that i had thought would be the material for the whole shirt the mixtures of textures and predominant knit textile ma the cut is on the boxy side and i m not sold on the tiered effec t but i love the silk fabric and the print so much that i just don t care the silk is deliciou sly light and breathable and the print is neutral enough that i can pair it with several differ ent cardigans and necklaces to mix it up and the quality of construction is excellent all of t he seams were expertly sewn and pressed and the print was lined up like in the online picture

given the material and construction quality it s de well made dress cute pleats though a few
didn t lie perfectly flat it was a little too long for me i m 5 1 especially in the torso str

in warm weather and found these pants to be a great addition to my wardrobe flattering and comf

sually wear an 8 or 10 in retailer but took the 10 i prefer my pants a little less fitted this
shirt totally exceeded my expectations the detail and colors are wonderful and the shirt its
elf is quite comfortable the shirt is a bit boxy but there is enough structure and detail so t
hat it looks quite flattering on plus it looks great with jeans or with a skirt it is very
easy to style i was looking for a basic black one piece suit that sucked in the tummy but with
style and a little flair this is it the ruching is perfect the material is great and the sepa
ration of the straps at the top give it more style i am usually a size 6 but ordered an 8 beca
use i have a 34d chest i was right on the 8 covers the top with a small amount of cleavage and
the bottom still fits because the ruching is a little tighter in the waist i plan to wear this
to the local pools this summer an i have had this dress in the shopping basket on my retailer ap
p and was dying to try it on in the store luckily newbury street in boston had it so i stopped
by yesterday the dress is everything i hoped and even better the cut could not be more flatter
ing to get the nice classic fit in the front i stayed true to my usual size 4 but worried t
he buttons would be straining like another reviewer said as soon as the bow in the front is tie
d it keeps everything together and is very comf i love this dress it is super cute and comfy
i am 5 7 and a size small 4 and 36c and i got this dress in a 4 and it fits great a 2 might be
a little more fitted on my waist but the 4 is comfortable and looks great the length is perfect
not too short at all i really love this shirt for its versatility it looks casual with jeans a
nd dressy with a skirt or even jeans and heels the shirt itself is super soft it s boxier tha
n it looks in the picture but not to the point of crop top the shirt still hits at my hips i
love the idea of this shirt the embroidered pattern is fun and summery the fit of the shirt i
s a little strange i saw that in other reviews but i had to see for myself it is rather boxy
i think i may keep it though i will look cute with super fitted skinny jeans to balance out th
e boxiness of the top this shirt is super cute and stylish but too wide for my liking this to

last year got a size 4 i vary between size 2 and 4 in the front zip trousers and they stretc

were tighter initially and stretched out but are still snug with this particular p i have this
shirt in more than one color i totally disagree with the first review i find this shirt to be s

red rib cage area gape slightly the tie covers it and holds it in place unless i sit then it
gapes freely i am a 32 a so not big chested at all and yet this fit snug in the chest area i
would worry about i have this top with the red stitching and it is one of my most favorite items
from retailer ever i wear it with a tank top underneath so i haven t noticed any itchiness like
the other reviewer mentioned \r\ni wear it with slightly cropped slim boyfriend jeans and i get
so many compliments every time i wear it \r\ni wish i had it in the blue color too i really wan

i started stalking this dress when i saw it on a store s instagram feed and i was so thrilled t

just bought this at the store just to be safe i thought i would try it on before ordering just

is not cotton it is 100 silk it also not a pullover dress it has a side zipper and does not
have an elastic waist like the description says lastly it is not by moulinette souers i ve re

cooler weather very pretty and comfortable it was not obvious at my store that this was to go
with swim suits it was located next to regular pants but once i tried it on i realized it wa

now i ll use it over bathing suits honestly i may use it with nude underwear or long shirts any
way since its so different and pretty i bought a large as i m a 10 12 and its still pretty loo
se i love this designer and decided to give this one a try i ordered size large in black it s
a nice weight knit but not too heavy good for fall and winter the color is an intense satura

r i carry weight in my midsection and this flows a bit away from the body but not in a giant
oversized way i like t super cute cotton is substantial enough not to show bra lines but ligh
t enough to be summery breezy i misread xs and tried it on thinking it was a medium odd
ly there s barely any difference among the xs s and m sizes the buttons didn t even buckle ou
t across my bust on the smaller sizes so this top could be a nice ego boost if you want to siz

e down i got the m anyway armholes not too big ruffle hides any tummy flaws great with jean
s shorts and skirts like a perfect white this dress is gorgeous it is somewhat fitted but i
didn t find it to run small i am top heavy 36d and usually wear a size 10 but i bought this in
an 8 and it fits me great i will say the zipper is a bit tricky at first i thought the dress w
as too tight but it turned out the zipper was stuck after fiddling with it i realized the dres
s fit but the zipper was a bit tricky i wore it to work and got so many compliments also the p
icture makes the background look burgundy but it is mostly blac this top is really cute but shor
ter in length than expected plus it shrunk considerably i got this dress today i was super
excited and hoped to use it it runs so so small i m returning and ordering up this vest is s
o cute and a perfect transition piece for fall it runs a little big i normally wear an xs but
i had to exchange for an xxs i absolutely love this top i bought the ivory color and i am def

use i like my tops to fit a little generous and flowy i can t wait to wear this top all season
long finally a white top that does not show every nook and cranny this is a great fabric man
y times white shirts are see thru and i won t buy them this top is lightweight but has enough s
ubstance to cover everything the online picture does not do it justice \r\nit can be worn with
anything and is made very well this one s a keeper for your closet and will be worn over and ov
er all summer long what a dress the print the feel of the fabric and the overall fit of this
dress it definitely has the wow factor i plan on wearing this dress to the kentucky oaks this
year i typically wear a 6 and sometimes a 4 in retailer dresses i m 5 6 130 lbs 32dd and too
k a 6 in this i could probably even try the 8 it fit a bit tight in the bodice for me but i m
not sure if it warranted a size up it is pricey but i see this being a closet staple and one of
my favorite maxi s yet i love the print on these pants they are beautifully flowy and flatteri
ng the only downside is that they are see through so i m going to take them to tailor to have a
lining put in up to the knee so i can wear them to places other than the beach i bought them on
sale today in the store and bought a size small bought these for my honeymoon to hawaii they w
ill be perfect for lounging very comfy but a little see through so likely not to wear on their
own another beautiful mave piece that is too big waiting for the size down to come in the m
ail fingers crossed this works the large was too overwhelming on my 5 6 frame the tank that c
omes with it is soft and comfy and the gold accents really make this an outstanding number too
bad no petite is offered i ordered the black but it was hard to choose because the white also l
ooks amazing i predict lots of cooing over this lovely this fits great it looks great with j

ody i bought the white love this dress fits true to size can be dressed up or down very fl
attering1 prettier in person the jeans are flatering and stylish they are slightly distressed b
ut will go with anything the fit is like other pilcro stet pants i ve purchased and loved have
not worn them yet but they are so soft and pretty seems like a good item to travel with very
flattering tee nice details quality \r\nmy first time purchasing this brand but will look fo
r similar items from them this is a really pretty top the beading rivet detail is really cool

abric looks rich and lovely great top i realllly love this sweater i could wear it every day
if i could the sweater is comfortable lightweight but not see through and versatile i loved
the way this top fit and i am a total sucker for floral prints i took my normal medium 5 5 15
0lb unfortunately the material was very thin scratchy and had a horrible chemical smell back
it went i can t rate this with enough stars or numbers great fit can t see up the sleeve per
fect length just right amount of fabric for draping i am 5 3 and 130lbs fits like a dream an
d when i got it home from the store it goes with all things in the closet my one reservati
on is it only comes in one color let s get on it designers we need a lipstick red for summer a
nd coral and navy and black and white i don t need any other top this one has great cool fabri
c and you don t need to wear this top is really beautiful the color is rich and the texture on
the back is a unique touch and i think it might have worked for me except that i could only fin
d a m l and it was just too big i love drapey styles and think this top would have been just th
e right amount of drapey if i d been able to snag a smaller size but the m l looked like a teal
sack so it s going back i m wearing this shirt right now i m usually a large in tops i bough
t a medium and i m kinda wishing i got a small instead it s very swingy its super cute but siz
e down at least one size maybe two this is a perfect top for warm weather and depending on the
accessories you pair it with it can be great to wear while running errands or for a casual date
the woven texture at the back is unique and gives it the retailer vibe we all know and love def
initely runs big but that s part of the charm of the top this was my absolute favorite top befo
re it transferred dye onto the driver s seat in my car there is nothing in the language of
the care tag which advises to wash before wearing because of the possibility of dye transfer to

other surfaces the care instructions say that is is washable with like colors and in fact rec
ommends dry cleaning really and dry cleaning will remove all of that excess dye don t think s
o after i discovered the dye transfer on my car seat i washed the top in a i picked this top h
oping that it would go with the dipped horizon skirt and the color was a perfect match i love t
he irregularities in the dye and the woven back the cut is boxy but the fabric is soft and dr
apes well so very flattering looks great with white jeans i generally wear a small or medium in
tops and decided to get the medium large it s over sized but it lays very nicely and doesn t
look frumpy the back of the shirt is exactly as it looks in the picture the front of the shi
rt is more of a solid blue than is shown but still lovely nan i just got this in xs s at my st
ore and i love it i have a petite frame 5 3 105 lbs so it s much longer on me than on t
he models and the one i got is much more saturated with dye on the front than what s shown in r
etailer s pics so that may vary a bit however the back of mine looks exactly like what s show
n above i love the drape and the way it falls on me super casual chic in my opinion i d say t
he color is deep teal wish it wasn t hand wash but sometimes that s worth it this is the idea
l easy breezy sweater to throw over leggings when you just feel like being comfy cozy but stil
l stylish i love it comfy casual and stylish i received many compliments on this shirt it
drapes across your body very nicely and does not cling it has a great asymmetrical cut that is
very flattering the material is comfortable and the color is warm and summer like i love this
top it comes with its own camisole the embroidery is lovely and the fit is perfect love love
love this shirt great quality washes dries wonderfully it is loose and flowy it s su
pposed to be that way but it lays nicely it s longer than pictured which i love i m sure i
m shorter than the model but it s truly a perfect shirt goes great with my jean skirt jeans
shorts and dressier skirts if you get a chance to order don t hesitate grabbed this to
p because i loved the color and to my surprise i loved the style too it is longer on me than th
e model and i m 5 10 and it looks great with a long pendant necklace and white skinny jeans
i also wear a white tank underneath just in case otherwise i think i d be showing some skin i
like that the front and back are two different materials this tank is perfect for summer since
it pairs so nicely with shorts jeans work well too and during cooler seasons i can wear a ca
rdigan over it to stay warm \r\n\r\nthe fit of this top is not true to size for it runs large
but is flattering on the body nonetheless the stripes and miniature circular openings i notice
d add beautiful detail for formal or informal events \r\n\r\nas a whole this shirt is perfect
the one aspect of this top that may need to be carefully attended to is the material wasn t sure
about this but got the xs s on sale the style is very wide and is longer on me than pictured s
omehow it works because it drapes nicely from my shoulders should be comfy to wear in the summe
r the two i received are a deep turquoise and will pair nicely with some of my favorite jewelry
i bought the m l 5 4 130lb and love the way it hangs and the length and the fact that it can
be worn over a lightweight top the color and feel of the fabric are very nice love this the s
tripes are cute and simple but even better is the texture of the fabric do a close up on the p
hoto if you can it s a swing tank so there is a lot of fabric but styled the right way and t
his is dreamy i passed on it only because i like my tops much longer than usual and this one
wasn t quite long enough for me i tried true to size and had it been longer i would have went w
ith it but smaller ladies might want to down size a size or two oh how i love this bra it
s so comfortable and very flattering i find that many bralettes totally flatten me out but this
one does not and the floral lace here is just beautiful the daisy type flowers look so cute an
d feminine i ve got it in so many colors now for sizing i m 34b and the s m fits great i rec
eived this top over the weekend and i absolutely love it it does not smell nor does it itch a
s the other reviewer stated at least not for me i was worried about the green color but it
s quite lovely this is a keeper for me i am 5 1 but ordered the regular xs and i am happy w
ith the length what a great shirt however none of the ones i saw in store are colored like th
e picture the front of them are all a deep blue color no tie dyed effect or whatever you re se
eing on the online pics the shirt runs large i am an 8 10 38c and the smaller size was plenty
big i can t imagine how the larger size would have looked i think this top will go with many t
hings including as a cover up over dresses i took a leap and ordered this top in both colors
my style is bohemian and flowy so i knew this fit the bill i purposely bought these blouses bec
ause i read the reviews and being a 16 36h i knew i needed then to run on the larger side i lo
ve both colorways equally but that said the blue and yellow pattern runs a whole size smaller
than the brown patterned blouse the fit and fabric even feel different the blue and yellow is
thicker and less flowy and fits exactly to my body instead of bei the design and colors on this
sweater arguably make it a statement sweater it has a modified raglan type sleeve i found th
e sleeves to fit just fine for reference i am 5 9 150 lbs 34dddd and the medium fit perfe
ctly it is not a long sweater and with my height i wear a long tank top or cami underneath i
love the way it looks i have loved ag stevie ankle denim for awhile now and have never been dis

appointed with the fit or quality this pair is no exception to that i am 5 5 and about 113 s
lender with athletic thighs and the 26 fit great buying them on line i wasn t able to check ho
w distressed the denim was the pair i received in the mail was indeed slightly different in the
distressed locations from the on line image mine had no distressing on the upper thigh and one
medium and one small spot on each leg onl i love this top the color and the embroidery are bea
utiful and unique i love the soft cotton arms and back wish there were more colors very attra
ctive and well fitting absolutely recommend it i didn t expect the fit to be as cute i am not
sure i like how the model is wearing this top but untucked or more tucked both look more faltt
ering on the color is more vibrant in person still light turquoise but richer i don t think
i nbeed petite in this as it is blousy but not oversized or boxy this is a cute sweater that c
an be very versatile i love to wear it to work with a dress pant as well as with jeans on the w
eekends it is soft and looks great on would recommend i got this in an xs as the s sold out b
efore i could purchase i can still zip it at 27 5 28 but would be more comfortable at say 26
i m almost 5 5 and with 3 heels it skims the floor perfectly i m so obsessed with the weight
and texture it is full and fabulous i ll just need to slim down a tad so i can be comfortable
at my sister in laws wedding next month \r\ni wore a very fitted tank and it works perfectly p
hotographs well and feels very red carpet worthy i immediately loved the rich royal blue color
of this sweater with its pretty flower nice fabric and medium weight nice warm sweater i have
an retailer skirt just like the photo great outfit i am happy i ordered it but hope it shrink
s after washing the small is very big and boxy sleeves long i am 5 6 medium build small usual
ly fits me well \ni recommend downsizing or you will probably take this back this is a great ca
rdigan to wear buttoned or open the fit is perfect it is fitted and looks great with jeans sk
irts or over a sleeveless dress love the little detail of lace to show skin fabric has lycra s
o it hugs your bodice just enough love it this is a cross between a sweater and a sweatshirt
not a heavy weight but very warm the color is vibrant many compliments i bought this sweater
online and was surprised by how thick and fluffy it is this is a warm and cozy sweater more bu
lky than oversized pattern has a comic book style art look it has raglan sleeves and a boxy cu
t and narrows a bit at the waist cute warm sweater for winter wore with an undershirt this s
weater has a fun big bold flower and a nice blue color and is quite roomy the fit is larger aro
und the arms and chest which might work well for people who are very curvy on top it seems to
taper a bit to the waist the roomy fit to the arms gives it almost a bat wing shape it was too
overwhelming on my petite frame what with the bold flower and the fit so i passed but if you
like the big flower and color and want a roomy sweater this could work well for you bought thi
s top for date night something a little special it s that and also very comfortable i have
broad shoulders and this style accommodates easy to dress up or down perfect i love this dr
ess so much what an excellent purchase i wear this with white leggins and love the look this
dress has a sheath underneath the flower pattern that is form fitting which i think is way sexy
from the back the front part of the dress is very flowy and moves nicely i love the high neck
on this piece and the beautiful colors a wonderful pick up from retailer the reason i purchase
d these pants is because i don t have anything like it they are fun but nice enough to wear in
the work place well constructed too the only thing is they are very long i am 5 4 and these
are probably 3 4 inches below what the picture shows i had purchased a pair of platform shoes f
rom retailer awhile back that will go perfect with these pants however i my still have to have
them hemmed other than that they run pretty true to size i usually wear a size 10 and the pa
this is a great pair of trousers for work but can also be dressed down they are very flattering
and runs true to size they re also a bit highwaisted which i love my only complaint is that th
ey are unlined i m not sure why a nice pair of wool trousers would be unlined however i m stil
l giving them 5 stars because the fit and quality outweigh the one con i love this top i origi
nally bought the brown purple pattern and wore it all the time so when i saw the blue and yellow
on sale i had to get it the fabric is really soft and breezy perfect for the spring to summer
weather the sleeves are a little long on me but doesn t bother me it runs a little large but w
orks with my style i would have sized down but it wouldn t have fit in the bust i m a 36d i
definitely recommend this top this shirt is more stunning in person the color is a brighter tu
rquoise than shown the details are beautiful fits true to size is very flattering slimming
love it the dress i received has a blue lining under the patterned chiffon unlike the white li
ning that is pictured the back of the dress is more open than it appears in the pictures so the
blue lining and the large exposed zipper is a significant portion of the dress design also the
arm holes are cut short which makes the dress feel awkward on the quality of the dress is very
high this swimsuit is so beautiful and fits wonderfully and is very flattering comfortable fit
as well love it love the colors and design however the sweather is much boxier than what the
photo shows and it is itchy i am still deciding as it might be fine with a shirt worn undernea
th it i have quite a few of these tiny henleys because they are unique and comfortable the col

or and details of this one are beautiful if you are a fan of these too you won t be disappoint
ed with this one this too is easy to wear skins the body nicely the color is very pretty so
me of the retailer tops have issues for me because i find the necklines too low not this one t
he placket lays flat doesn t expose excessive cleavage the details on the blouse are pretty
subtle the top washed well in the delicate cute just hang it to dry and it looks great bought
this for my daughter in law s birthday it s just a beautiful feminine design well made nice
fabric she can wear this for work or for lunch or an evening out very versatile this is a pr
etty blouse but everything else you wear with it needs to be sharp because it can be dowdy other
wise i bought this dress in black and i think it will be a great piece to transition with but d
efinitely great during summer doesn t come down too low on me which is sometimes an issue the
arm holes seem to be on the larger side i m 5 3 so it is not this short on me i m really happy
with this purchase plus it has pockets love this blouse and stunning color the ruffles make i
t special and different these are such a great fall staple the silver color is the perfect gre
y olive and the texture is perfect doesn t feel like there is extra material like most cords
and they hold their shape throughout the day the fit is just perfect i can finally order pants
online that i know will fit just perfectly these corodorys are considered mid waist but i inter
pret them as the perfect height for the low waist or regular rise other than that they are bea
utiful so comfortable not stretchey yet not constricting i m 5 6 107lb got a size 25 and i nee
d a belt in the waist but the butt and legs are perfect and the waist isn t too big just not con
stricting i always get urban outfitter corodorys but this year their quality is bad and these m
ade of up it 100 plus the length is perfect these jeans are great however they are very long
i am 5 4 and i should have ordered a petite size even though i never have to buy petite size pa
nts wish they made these a bit shorter this is a lovely dress looks very expensive nice fabri
c and detail i m 6ft tall 160lb i normally order a l 10 but got an m color black because other
sizes were sold out length wise the dress is a little shorter than it looks on the model but t
hen again i m pretty tall you can t really tell on the online photo but this dress has a white
undergarment which makes it great because of the see through detail on the fabric size wise i
felt like even with an m the dress is oversized it sits we i ordered the dusty pink color and l
ove it works well with many colors and tops i am 5 6 and 121 lbs with an athletic lean body
i do have a butt however and a small waist i vary between a 26 and 27 ordered both because i c
ould see this was a very slim pant i could barely get the 26 up over my hips the 27 fits like
a glove with just the right amount of stretch i can t see these pants bagging after wear whic
h is something we all hate love these pants and i know i will wear them often tts bought my u
sual pilcro size enjoy the fit of these better than the serif style this is probably the softe
st most flattering hoodie that i have ever worn i can dress it up or down and it has drapes re
ally beautifully great for spring summer love it as a coverall at the beach my partner rare
ly compliments my clothes and actually told me how much he liked the way it looked on me highly
recommend these are flattering and the colors are really nice they re a bit tighter than other
pilcro pants i ve tried but the material is stretchy i love this dress high quality dress in
a classic style the cotton eyelet detailing is my favorite part and really elevates this from j
ust another black dress it is a swing silhouette as described in the product description so t
here is a little more volume than a regular dress but that s what makes it fun and breezy grea
t dress can t wait to wear it when it gets a little warmer love these i bought the grey whic
h is a grey taupe light olive chameleon totally depends upon what i wear with them the rolle
d up cuff is adorable and the material is perfect the fit is true to size tight but not rest
rictive comfy all day long and best of all they don t stretch out over the day i m 5 10
a size 6 normally and a size 28 fit me perfectly i just received the pink in the mail i am 5
5 and around 140 i ordered the size 29 they fit perfectly they are a very straight leg with
a snug fit you can adjust the cuff to whatever length you need or unroll them completely the f
abric is of beautiful quality i basically never wear corduroy because it can add pounds not so
with this pair of pants i am thinking about another color just picked this up at the store 40
off sale price well worth it the petite hits perfect on my 5 3 frame right about where it hi
ts the model in the pic very well made good quality piece i can see myself wearing quite often
i bought these cords in navy the color is beautiful and the fit is great it is a very slimming
fit i am usually between a 27 and 28 i ordered the 28 and they fit perfectly i love these cor
ds soft and great fit bought three colors this dress is a zillion times cuter in real life i
t s very retro swingy and girlish it reminds me of something mia farrow would ve worn in her ro
semary s baby era i have the black version and i ve paired mine with tall black gladiator sanda
ls for a more sultry nighttime look and also flip flops for beachy summer days i think it s a t
otal steal at the sale price i really love this rose pink color the pants fit like a glove th
e cuff is not sewn up so you can lower the cuff to where you like it these pants are a really
pretty color and feel nice on the fit was great and did not really shrink with washing i recei

ved a lot of compliments the first time i wore them i got this top in green and i m overall hap
py with it i agree with the other reviewers that the material is thin and the quality not top n
otch and it certainly is overpriced for what it is especially with the shipping fee however t
he style is really cute love the lace up in the back and if flows nicely without billowing as i
s the case with so many retailer swing tops lately \r\ni didn t find it to be so see through tha
t it would need a cami at least not the green color and a nude strapless br i love this tank
i didn t find it to be see through at all it runs true to size it s super comfy and the lace u
p detail makes it more fun than a plain old tank top it s a great basic and i love the lilac co
lor i ordered this in the mauve and it s a really pretty lilac color unfortunately the fabric
is very thin and you can see your bra right through it my usual size fit great in the shoulders
and bust area but goes downhill from there the top is cut wide under the armpits and just hang
s funny in front based on the model picture i thought this would be a little more form fitting
in the front it s also very long completely covers my butt in the back and then some could of
been a beautiful tank this is a cute top but not worth the price in my opinion i love the colo
rs pattern and soft material used however the fabric is quite thin and just not worth paying
58 out of stock so quickly in my size please restock just got the silver ones in the mail yes
terday really great fall pants they are quite a bit more grey than how they look on my compu
ter so i was a bit surprised but not unpleasantly \r\n i m one of those people who always has
trouble with pants because my thighs are bigger and my waist smaller than usual i m 5 6 120 w
ith a 26 inch waist and 38 inch hips i ordered the 28 so my legs could fit inside the pants bu
t there is quite a bit of gaping at the waist meaning that i cannot go without nan i bought two
pair in one week crazy right i am 5 11 and 150lbs i bought the pink color soft faded pink
which drew me to them right away kinda soft and romantic pink then two days later went back
one hour drive and bought the silver which is really a worn in green color i feel these are tr
ue to size i wouldn t size down because these are t super stretchy feels like it also won t
bag out during the day i really love these cords and the rolled up cuff is adorable these f
lares are so soft and comfy they just may become my favorite go to jeans \r\ni loved the higher
rise because they don t feel like they re will fall off like many low cut jeans do \r\nthe mater
ial might be the softest jean fabric i have ever owned \r\nlove the braided styling around the p
ockets \r\nthe bell bottom may be a bit too wide for my liking but the other aspects make that o
ne thing ok love pilcro jeans and really hoped these would work for me lovely soft material 9
8 cotton 2 which you don t see often anymore great length nice medium rise but for me the
deal breaker was the lack of belt loops the braided detail at the waist is a fun design touch
but as someone with a small waist and wider hips i almost always have to wear a belt with jeans
and that s just not possible with these if you don t usually wear a belt or have a straighter f
igure these might work better thank goodness they had a special discount because i love this sw
eater it is not normal for me to splurge but there was something about this sweater and it didn
t disappoint too cute a great top to wear to a concert or a relaxed party i love it i love t
his dress it is loose fitting so be prepared for that i ordered an xs i believe the dress was
intended to fit this way though and i do not think it looks too big on me i typically wear a 0
or 00 in dresses this would be a great dress to wear if you were planning on eating a big meal
ha i can t wait to wear this dress in the summer and believe i will wear it often it has more
of a boho look to it i do think it could be worn with heels though i will probably wear it wit
h flat gol when i tried these on in the store in my size but thought they felt tight but the p
erson helping me pointed out that they hug you but are not uncomfortable i uncuff the bottom a
nd wear them full length ended up buying one of each color i got the green one as the other r
eviewers commented yes the fabric is thin however i wear it with a nude bra and a nude cami
and i ve had nothing but compliments i really like this shirt i almost didn t order it based o
n the other reviews but its cute and comfortable i didn t get the white color so that may be
why mine is not see through i just wear it with a bra and its good to go i loved this shirt on
line but when it came to my house i loved it even more super comfy and really flattering i lov
e it runs true to size i love this dress and on sale it s a total steal it s true to size
and beyond comfortable i live in az so i can easily wear this year round i got the black color
and love it i m 5 4 and it hits a little above my knees love the loose feminine swing i fee
l like skipping wearing this dress i ordered an xxs and it fit perfectly i love the simple
yet girly look of this top the bottom material is delicate and adds a feminine touch it looks
even better in person than in the pictures the material is very soft and comfortable looks gre
at with jeans and flats or boots i loved this top i paired it with he ag stevie short and jasp
er and jeera beaded sandals look was super cute and casual i love the fact you can adjust the
fit in the back with the lace up detailing flowly tank without the maternity look i went with
the lavender color and it looks great with my olive skin i had no problem with sheerness when w
earing a nude bra for reference i am 5 6 132 lbs and went with the small nan this pair of fl

are is just what i have been searching for the color is a nice vintage blue i love the fit of
the flare however please keep in mind these do run long and larger that size i ve been on the h
unt for flattering cords for a long time and these fit the bill bought the silver on friday an
d am going to order the pink the silver is really more taupe as pictured so if you re looking
for true grey this is not the pair for you but the fit is fantastic i m 5 3 athletic build a
bout 130 lbs and the 27 fits perfectly finally cords that don t make my muscular thighs look gi
ant i tried on this top in store was a bit wishy washy on it at first however i am so glad i
bought it and have worn it 3x in a week shh it is incredibly lightweight breathable which
is great for hot texas summers i also love that it has interesting back detail the other revie
wers mentioned it was see through but i don t agree i wear a nude bra with it and have no issu
es it can be worn casually with shorts or dressed up with white denim fancier accessories ei
ther way it looks best w these cords are so soft and snug on like a hug for your lower half i
appreciate their lack of stretch they don t seem to bag out like other cords can i like that
the fabric is soft but the shape is more stiff the grey is slightly lighter more silvery in rea
l life than the picture depicts for ref i m 5 2 and 103lbs and i bought the 24p nan very com
fortable but ran small great quality and great look the color on these are amazing i am 5 2
and these are really meant for that long lean profile note they have very little stretch top f
eels like pajamas but looks very classy the sweater material is so soft i wear it with a blaze
r over the top and i get so many compliments on it wish they had it in more colors must have
these are awesome i have the pink which is a very light faded sort of color they are beautiful
and very nice quality they are slimmer and stretchier then i imagined but very flattering i ju
st received these jeans love them i usually wear a 29 i ordered a 30 and they fit great they
are too long will need to be hemmed but the fit is great the material is soft lovely great
buy this top is comfortable and yet with some stylish detail the fabric is soft and the lilac
color looks great it hangs loose but with a nice drape at the sale price it is not to be misse
d yes it is big but it is also amazing so soft the colors are great and the hood well th
e hood makes it great colors for fall it s a poncho it s not supposed to be fitted i ll be w
earing this all fall through winter love it holy cow i just got a new bathing suit so i canno
t splurge again but this is flattering i like the more tame colors which doesn t scream lo
ok at me let s be honest there are certain times of the month where we d rather crawl in a ba
ll and hide the design along the sides is absolutely flattering and slimming on anyone i also
like the skin tone coral detailing around the top of the breast that extends all the way around
the back retailer is really winning with their swimwear thi i like how styling and comfortable
it is i bought it in both colors definitely a nice piece for fall winter in this houston weath
er wore this poncho and received 5 compliments before the school day even began love the pocke
ts and hood bought three at the sale price one for me a friend and my niece different age
s and sizes but everyone of us love this poncho this dress is beautiful fabric is thin but the
details are perfect the photos do not do this gorgeous dress justice the iridescent material m
akes it perfect for a fancy date night and i received complements from complete strangers would
also be great as a wedding guest or bridesmaid dress i have loved this dress from the first tim
e i saw it but the price scared me away until a sale came to be that meant i could justify buyi
ng it honestly it s worth it s original price i m just too much of a scrooge to pay it the de
tails are adorable the length makes it very versatile it seems well made and pretty weighty f
its nicely due to the elastic in the back i got an 8 i weigh 170 5 8 with a small chest mo
st of the dresses i buy are just as much art as they are fashion and this i thought this dress w
as beautiful but i felt it was a little young for me i am 55 and was looking for something to
wear to my niece s wedding if i had been the mother of the bride i would have kept it but
this poncho is lovely i found it fits perfectly im 5 4 125 and got the xs s just long enoug
h loke jacket length and the hood doesnt add extra weight doesnt drag it down the back arm
holes are approriate size very cool piece for any weather layering the appliquã on this dress
is well done i would recommend it to anyone the design is super flattering and feminine cute
suit over all cups are lightly padded which is nice if you re concerned about modesty it runs
really small in my opinion i am 5 7 and 125 lbs i almost always wear a size small but i orde
red a medium in this suit and although it fits and i m sticking with the medium i m wondering
if a large might fit even better it s also too tight on the leg openings in my opinion i like
that the straps are adjustable the pattern is flattering and i like the suit well enough to ke
ep it but i this is great just to have and throw on it is a everyday piece uncomfortable in th
e leg area but otherwise very flattering i love this poncho because it s the perfect weight an
d it is softer than i thought it would be i will get a lot of use out of it getting it on sale
made it even better i ordered the lavender version in xl it fit me as shown on the model so i
think it runs true to size it is a little shorter than shown it hits my waist i m 5 ft 5 1
2 in for reference it fits close through the arms body but with a comfortable stretchy mate

rial a tank underneath is needed i love the draping it s very flattering the color is more o
f a gray than purple i took the chance on it when it was on sale and it s now a favorite great
neckline for wearing necklaces too this is going to be my go to winter sweater for work this p
iece is super comfy yet a bit more dressy than just a regular sweatshirt it will be an especia
lly great layer for the ups and downs of the office thermostat this pants are very comfortable
and add a little flare to my typical mom pajama look i found them true to size size small fi
t my 5 7 135lbs frame comfortable to sleep and lounge in this a great skirt for someone with
a straight or boyish figure this skirt does not accommodate a curvy figure small waist femin
ine hips i ve been wanting a higher waisted button front skirt this one was perfect because o
f the texture on the denim it makes it dressy enough to wear to work if you are in a business
casual setting i think it has a ton of versatility for multiple seasons i m normally a 0 or 2
in dresses 5 6 118 lbs and i ordered a 0 in the skirt as the natural waist is a little on th
e large side i love it the design is loose and forgiving and it is very comfortable the fabr
ic is soft and light weight and i love how the sleeves are full cut so even those without stick
arms can fit in them it drapes beautifully and is quite lovely on you can easily dress it up w
ith jewelry or wear it over jeans for a great go to top on the weekend i also bought the purple
version it says it s mauve in the description but it s really more of a pale lavender color
still very pretty but i wish it was mauve tried this on in store and it runs very small i am
a size 4 but have curvy hips so i sized up to a size 6 and i couldn t even button it i was ho
ping it was more of an a line but it s fit more like a pencil skirt not very flattering on my
body type overall cute design but not for me bought this top in black and i love it fits tr
ue to size with arms a little snug but because of the stretch in the fabric it is fine the top
is very flattering and looked like the model the front is shorter but very flattering love it
for real reinforce all the buttons before you wear it out i ve had three different ones pop ri

it in your wardrobe my seamstress needed to adjust it just a tiny bit but it s truly fits to s

love it i bought the green motif and the colors are beautiful and look just like the picture a

d look bulky i just put a couple of small hooks to keep it together i normally would wear a me
dium or large but based on other reviews i ordered down to the small and it was perfect since
i live in the south where it can stay quite warm through fall it will be a great transitional p

color can be difficult with my pale complexion but i didn t have trouble with this i got a ton
of compliments it looks a bit flat on top on the model i m not very curvy and it accentuates
my curves nicely it doesn t hang down quite so much as it looks in the picture but has a more
classic fit and flare shape very flattering wasn t expecting this to look good on when i grabb

i m going to exchange for a 0p for anyone who normally wears a 0 you might want to pass on thi

this poncho it s perfect for chilling saturday mornings at the soccer field it s a nice warm

m being a wow moment i m usually 10 12 the 12 was way too big the 10 more fitted but still i
t wasn t quite right the sheer part dips quite low and sizing down helped but it could still
be a lil dangerous i kept feeling like it wasn t defining my waist enough and wanted a tighter
waist and more full skirt maybe i would have fel nan the only critique i have of this is that t
he zipper gets stuck at the waistband every time i try to zip it up even when it s not on me
just trying to hang it up the fabric is strange but really cool and the fit is nice although
a little tiny bit big on me i am 5 5 with a 27 waist and i got a size 2 the pockets are awes

the top of the slit under the fabric and bring thru the front belting only the front leaving the
back full stunning and chic because of the colors this will be incredible in the fall i pla

ish look i love all my retailer clothes it s my favorite store i even love the displays love
the clean lines the texture and the slight sheen on this skirt which does run a bit large in t

fit if i didn t plan to sit i went a size up and it was still gorgeous but now i could breathe
it is incredibly sexy yet sophisticated my husband is always asking why i need another dress an
d when he saw me in he fitting room his eyes lit up and he said you definitely need to get this

dress needless to say i ll wear it on our next date i am five foot tall about 103lb and got the petite zero it fits perfectly and i love the flower pattern great for weddings parties o r work great little summer jacket that takes the place of a jean jacket i am not usually fond of olive green but this is a bit deeper than a drab olive without being too green it is sooo so ft and comfortable that i find i am pairing it with all sorts of outfits fits tts if you are go ing for the look on the model not too fitted \r\ni highly recommend this timeless piece i am 5 3 and 120 lbs for reference and pear shaped and this dress in a 4 petite fit like a glove gra nted not a dress i would want to gain weight in but fit perfectly usually i am a 2 in retaile r dresses but read other reviews and definitely made the right choice it hits at a very flatter ing length even for someone as short as i am i love this shirt it is so different from most th ings i get but such a fun change the colors are bright and fun you totally do not have to be w estern to enjoy this shirt and it s fun for a good country dancing party concert too my roommat e has already asked to borrow it as in she s wearing it at a concert as i type this it is in credibly comfortable i got the xs and was kind of surprised it still felt a little big but i k ept the size to wear it half tucked or even kind of oversized i w i bought this top to have so that i can pair it with a lot of my other wardrobe pieces the top is amazing it is soft great fabric a cute cut and can be styled in so many ways definitely worth the buy i ordered this dress and loved loved it beautiful great fabric the length was even perfect for me and i m 5 4 i am usually a size 8 but ordered up to a 10 because i am a little woman with the excepti on of my chest i have ordered dresses before from retailer where i had to order certain dresses a size larger and they worked unfortunately this time it wasn t to be tried the dress on and it fit nicely until the side zipper got to my chest area i would have ordered another size lar this dress is made well the construction sewing details give the dress a beautiful shape it ha s a nice zipper at the back and fabric feels light pockets are a good size skirt flows but d oesn t feel heavy fit is comfortable i typically wear somewhere between a size 4 6 i ordered a 4 and it fits just right i m 5 6 and it falls below my knee length is nice armholes are a b it lower than i thought but not too low it s a classic modern look it was sold out when i fir st wanted to buy it i absolutely loved this dress when i first saw it the fit was not quite wh at i expected i usually sport a 0 or 2 but this dress wouldn t zip up all the way in a 2 so i return exchanged it for a 4 i have a booty and these pants love it they fit my curves size 1 0 with flat abs but as i said a booty all while looking professional at m y husband s insiste nce i m buying they grey too maeve really keeps me guessing on sizing usually too big but th is one is too small in my normal 4 so i went with the 6 for comfortable movement while still ma intaining the intentional fitted look fabric is of beautiful quality colors are true to the pi cture just a gorgeous timeless dress that i imagine wearing to many special events or with a denim jacket over it for work i was excited to buy this sweater based on the online pictures although the ombre coloring is beautiful in person i did not like the metallic trim at waist cuffs the pictures don t really show the extreme brightness of the trim it looks literally l ike xmas ribbons were sewn into the sweater to me it looked like something a child would wear i ordered the 1 which was the smallest size offered it is oversized without much shape and i felt it added bulk around the middle this jacket is so great i ve gone through a few seasons n ow trying to find that one perfect little olive green jacket this one wins the color is nice a nd saturated the fabric is soft and drapey so it s still flattering to my shape it s slightly relaxed and i think it creates an easy look i ve already worn this with a dress and it will finish off many other looks in my closet yea i m 5 6 138 lbs and took a medium gorgeous top and generous to fuller figures i meant to order an xl but somehow ended up with the l was posi tive i d have to return it but it was perfect went back and bought the white it s one of thos e wonderful pieces that feels classy and fun at the same time very flattering fit love the pri nt so much it is a bit boxy but for the length i needed to size up to a s from my usual xs wi th my long torso at 5 7 111lbs i m thinking that sizing up will also save me from any potenti al dryer accidents but it doesn t really matter what size you get just get it for the cute prin t scene this is a great dress that i wear to work but would also wear to a cocktail party or wedding it rides up a tiny but but is long enough that i feel completely comfortable it is ti ny up top so i d recommend ordering up if you have any chest i m 5 4 100lbs bra size 32b an d it was a two person job to get the bodice zipped i have a hard time finding slacks that are a step up from jeans and that is why these are such a great find they feel great fit well the p rice was good even before i got them on sale i love the color and they seem like they will be e asy to take care of wish they came in more colors i absolutely love this dress i purchased i t in my usual size 2 petite and it looks as though it was made for me the combination of the pl acement of the pattern and the cut of the dress was quite figure flattering the only tiny issue s i had were that the dress fell to the middle of my kneecaps and may need a hem in addition t he dress takes a bit of maneuvering to get into due to the side zipper and the close fit despit

e these issues i feel that it is definitely worth buying and i will be k i really like this shi
rt i fell for it after seeing it paired with grey jeans but when i searched the entire website
i couldn t find it then a couple of days later it appeared i was super excited and i m glad i
ordered it i was not disappointed the shirt is soft and long enough to cover my waist area wit
hout riding up if i bent at the waist the colors are very vibrant and its quite stylish i orde
red a medium and it fit perfectly this dress is really beautiful i was looking for something t
o wear to a summer 6 o clock wedding and this dress will work perfectly the fabric is smooth a
nd has a tiny bit of sheen to it which makes it look a little nicer and more formal however yo
u can easily dress it down my only issue was the length i m 5 4 and this dress was way too lon
g definitely need to take off about 5 or 6 inches i also had to size up i could have tried th
e petite but it fit so well everywhere except length nan i bought both the small and the mediu
m and seem to be right in between the small is a tad tight through the shoulders and arms but
the medium feels a bit baggy it is soft and hangs nicely i just need to figure out if i will
wear it enough to justify the price i ve been moving toward a simple tee and jean wardrobe and
this is the perfect addition it s so fun and different and so comfortable i ve been loving ret
ailer s new tee s it runs a little large but in a cute way i m 6 ft tall and usually wear a si
ze 10 12 but had to size up to a 14 because this dress runs a bit small around the waist it s
a beautiful dress it hit me right below the knee so might be long on shorter gals i received
many compliments on this dress the colors are beautiful the main color of the dress is a dark
navy it looked black online definitely buy this dress it s a great work dress and you won t b
e sorry that you did love this dress can be dressed down or up for dresser occasions i did or
der a petite which i usually don t do but due to the length being so long but the petite is just
right hitting a couple inches below the knee i m 5 4 love this shirt and the print i would we
ar it all the time if socially acceptable i ve only worn it once but have already gotten so man
y compliments there are hints of neon in the coloring that can t really be seen in the pictures
i saw it in store and fell in love and then decided to splurge when i saw it online and couldn t
think of life without it i thought it would have been heavier surprised it was so thin but it
works i live in the deep south so it doesn t get that cold i wore it to dinner with a black to

today i wasn t sure of my size so i ordered a s m i tried on the small first and it fit per

keeper \r\nit is so soft comfortable on i love olive as it goes with everything it can be su
per casual or dressier depending upon what you re wearing i also like that it is collarless as
that better allows for a wrapped scarf i will use this jacket a lot i bought both of these tee
s and they are perfect under my new fringe denim cloth stone shirt and dress had to have b

ute paired with the denim shirts and is a great fall transition i dressed up the cowboy tee wit
h a chunky green stone necklace i bought the small and for reference am 5 3 and 32h bra size a

sweater with a touch of glam w the print is even better in person true to size flattering fit
this is the dress that i have been waiting for all season perfect color the material is also

rt overall a complete win now go and make it in gray and navy blue please i am wearing a lar

with jeans and jacket or sweater i absolutely love this dress very well made fits like a glov
e and very flattering the fabric is stretchy which makes the fit perfect and comfortable i wi
ll be wearing this to a graduation and i m sure i ll find many other occasions to wear this dres
s should have ordered the xl instead of the large didn t even come close to being able to butt
on the front but i m a 34 g i find sanctuary to run small beautiful soft green color fabric i
s soft too it is cropped to the waist decided to return instead of reorder i just couldn t re
sist the western scene and it doesn t disappoint i ordered size large and although it s a bit l
ong for me it flows nicely over my hips i had to try it on with several different bottoms and

find it looks great with shorts and skinny or boyfriend jeans just darling under a jean jacket and cardigan too the fabric isn t thin or heavy wasn t it goldilicks who said it s just right i love the uniqueness of the print that is just edgy and different enough to translate to great this little jacket is so soft and perfectly lightweight the color goes with everything more mo ney than i wanted to spend but i am so glad i took a chance and ordered online it is exactly w hat i was looking for i love pairing this skirt with edgy tops it plays so well with the detai ling i m usually a size 8 but sized up to a 10 so that it didn t pull other than that absolu tely love it beautiful all over i have had good luck with cloth and stone and this did not disa ppoint i knew i would like it because i have this same top in a long sleeve and sleeveless it is cute not too sheer and easy to iron i love this top the fabric is so soft and it s perfect with white pants yes it does run wide and is short but if you get the correct size it looks ju st like it does on the model this blouse is stunning i have been wanting it for some time i f inally broke down and purchased it i am 5 8 and about 160lbs i generally wear size l size 1 0 i bought this in a large i need a medium for sure i could get away with the large but it s very flowy i think the med will be more flattering i am planning to exchange for a smaller siz e i would recommend this blouse for sure if you want it buy it it s often times sold out i have a countless number of maeve dresses all size 6 bought an 8 after reading reviews and glad i did fits perfectly for me one size up only other issue is the cutout in the back my bra sho ws unless i m very careful love this shirt great shape and lightweight material for hot housto n weather washes up nice but does need some ironing nan the lines on the dress are lovely the material is a nice thick jersey which can be body hugging but mostly on top it falls beautifu lly and looks good with heels and flats and boots i am xs or s depending on the dress and i go t the xs in this one just purchased this for a midsummer formal wedding i am 5 6 125 lbs en ded up going with the size 2 for extra room the 0 felt very snug thru the chest what a great l ittle find it is so soft and the color blends with everything a great way to get a few more w eeks out of your summer sleeveless dresses and ease into fall great with t shirts and pants as well the collar is flattering over any neckline it also looks great as a shirt it really can b e worn all year round i usually wear a size six on top as my girls are large the medium was a perfect fit and there was no billowing in the back worth the price as it will become a go t o ja not sure i m keeping this i love it but it s short in the waist i m 5 7 and very tight in the top i m on the small side of a size 8 normally a 6 sometimes but the 8 in this is very tight i do have broad shoulders but am thin at 126 pounds so not sure if it s just me or if th e dress is truly smallish it is lovely and i want to keep it will try it on again tomorrow and decide if you are on the large end of any size do size up this dress is of great quality and design the lines and the way the dress shapes your body are perfect throughout the entire dress i am short and it is a little long on me it is between my calf and my ankle but the way it fla tters in the bust and waist more than makes up for it with the right shoes it is a real winner i think this dress would be flattering on every body type highly recommend i find that every y ear or two at the most i have to find a new favorite black dress or two fading etc and t his is definitely one of those dresses for this year almost one to buy another so i have one t hat looks good in a year or two the dress is all around flattering and comfortable looks wo nderful with high heels and flats looks good at work and while out having fun probably won t b e able to count how many times i wear it this year i love this shirt the colors are more muted in the photos so i was a little surprised to see how bright some of the colors were still supe r cute also has a looser fit i m a small across brands 5 7 130 straight slender build so if you prefer a more true or tighter fit size down either way get this this jacket fits g reat i got a medium and am 5 6 140 lbs very nice light weight jacket this is an eye catch ing top and cute design the xs fit but was extra billowy for my taste if you notice on the mo del it also shows that the back is not fitted and flows behind wider than is normal a great an d breezy style but for me sadly it overwhelmed my short frame the bottom of the ruffle hit me just at the hips which made the top also a tad too short for my taste i am sure on others it wi ll work and look amazing so i fell in love with the print without even noticing that it had hor ses on it until after it arrived i was sooo excited but really the length and fit are the best part about this shirt with my long torso things are generally too short on me i m a sucker for spending money on clothes but still i wish retailer could make cute tees for under 40 bucks i say that yet i m not sending it back i just got this top today the print is just as beautifu l in person as it is on the web it is so incredibly soft and comfortable i tried it on and it fits just like the photo i am 5 8 so i can get away with the blousy effect but i think that i s part of why it is so charming i think you could dress it up or down really well i am really pleased this dress is so flattering not the usual type of dress i go for but decided on a whi m to try and am glad so glad i did the material has enough heft to give you a beautiful silhoue tte without being too clingy you can dress up or down if you don t like showing too much cleav

age you may want to put a tank underneath to give you a little coverage this is a great lightwe
ight jacket i really like the olive color as it goes with so many things it can be worn with d
resses or skirts which is what i mainly wear i m an anti pant person the only downside is the
price it s a nice stylish jacket but not sure it warrants the high price tag it also doesn t
look to great buttoned up has to be worn open i do recommend it though bought this in store y
esterday light fit and extremely comfortable i m 5 4 135 and have a long torso so i ended up
going with a large in this one because i like my shirts to hang loose print is more vivid in pe
rson but nonetheless a great but i bought a similar top by same manufacturer in fall in xs thi
s time it ran huge and had to order xxs which fit fine it s very cute on first let me say i r
eally like these pants before i get into what s wrong with them the fabric is a nice weight and
drapes really pretty they are very long for you leggy girls out there or ladies who like to wea
r platform shoes and that s a plus for me \n\nnow for the issues the waist runs small but not
so much that i can t wear them they are roomy and comfy otherwise just snug there the hem cam
e out of mine so that s the big bummer here i have to hem them which is a chore and i wish th
i honestly liked this little cardigan it is a misnomer as a jacket it really is more of a ligh
t sweater cardigan but i didn t have any negative issues like others on here \r\n \r\npr
os \r\n great feel on the skin and fabric this really caught my attention hard to find a swea
ter that s breathable for cool summer evenings or mornings \r\n color scheme will go with anyth
ing elegant touch \r\n unlined making it breathable \r\n runs large forgiving it stretchy
i m normally a size 10 12 m l nice dress you can wash it i got black in med i am 8 10 in to
ps and it is perfect \r\nbrand new is beautiful not sure how it will look after wash great des
ign i wish it would be lighter material \r\nmaterial is very thick and heavy for a short sleev
e dress probably will stretch when you sit in car driving \r\ni will be returning it for that
reason too heavy for summer these are really great fitting pants they are perfect for work
i noticed a little stretch throughout the day but just the perfect amount the only draw back is
that after wearing them once i noticed a 6 inch opening at the seam of the back leg i had to g
et the tailor to fix them they need to work on the seams in the future confused and a little d
isappointed because the s is too tight in my shoulders and the m is too big all around weird b
ecause i m a 39 chest breasts so m shouldn t look that baggy on me please sanctuary make a p
etite version maybe that will solve my issue otherwise this jacket is soft and relaxed and h
as no distracting collar price point is bit over indulgent for what it is combined with my iss
ues who knows maybe i ll try again ok you had me at the western scene soft and comfortabl
e true to size you can dress it up or down just a great t shirt recommend it get it cute
sweatshirt with fun print i bought it using retailer discount and probably would not have paid
full price for it embroidery is a nice touch i ordered an xs which fits fine but the overall
design of the shirt is a little short and boxy i did not realize until it arrived that the back
of the shirt is a v neck it s not a deep v but it feels a little odd at first love this top
the material is light soft and comfortable one thing to note it runs very large this feature
is perfect for me as i was worried it would be too tight around the middle this style would not
look good if it didn t fit loose so i was pleasantly surprised to see that it fit me with plen
ty of room something i need for my full figure if you are trim around the middle i recommend g
oing down a size or two maybe i m hanging out with my grandson too much because this appealed t
o the kid in me looks great under a jean jacket and under a leather jacket oh and cool unde
r a silk bomber jacket as well light weight jacket perfect layering piece short enough to be
the right accessory over a dress or skirt without getting a sloppy look versatile also great
over a long tee with skinny jeans well made fold cuffs back for the classic look i saw this a
nd the giddy up tees at the store and it was so difficult to decide because they have their o
wn uniqueness unlike the giddy up tee this tee has no embroidery but saying it has just patte
rns is underestimating it the pattern is a work of art it has cowboys ranch scenery cacti a
nd the earthly colors are gorgeous for all seasons especially for those who still have a leftov
er summer tan the hem of the tee is a bit round which i thought is unique and versatile for tu
cking in this is just as cute in person i wear it with black jean shorts boyfriend jeans wash
ed out jeans like the model or khakis the colors are great and so is the fit love it i m sur
prised this worked for so many people for me this dress fit terribly however the fabric was
very thick and the dress felt very well made i am 5 3 and about 117 with a really short torso
and this dress just showed every bump and lump i have i think the bodice was just too long for
me the neckline was also too low on someone taller or maybe with a longer torso i could see
this dress being really lovely i purchased this blouse over the summer and it s very pretty i
love the cap sleeves with the lace and the detail in the front it can be dressed up or dressed
down my only complaint is that it wrinkles very easily this top fit nicely and was tts but th
e pattern was different than i expected i thought it would be more of a desert scene and it tur

ould have kept it loved it as soon as i opened the box it s a light to medium weight sweatshir
t with the wonderfully vibrant flower front i wasn t sure about the flowers online but like e
m the cuffs and hem are nicely made and the v neck back is an unexpected addition this will be
great with a scarf or alone this fall can t wait for the weather to cool down this jacket is a
dorable it is very flattering and different can easily be dressed up for work or dressed down
as shown note it is unlined and very light weight these are huge selling points for me as it
makes the jacket seasonless love it i have featured a picture below i m 5 feet 120 lbs i o
rdered an xs petite i m pretty busty so i don t like a loose fitting top so ordering a size do
wn did the trick it s super soft one of a kind and the edging of the neckline is delicate look
ing and soft and therefore adds a feminine element i m enjoying wearing the top this shirt run
s boxy but the print is as cute as it looks online cozy soft comfortable a perfect transitio
nal top that bubbles over with personality it s a unique fabric design that makes you feel like
you re on vacation love it this blouse if very pretty and feminine i agree with the other re
views that said it emphasizes the size of your hips i don t have any so it was great for me na
n this top is very interesting has delicate knitting pattern feels very soft but also very thi
n i ordered a purple size large and it was true to size but a little shorter in the body than
looks sleeves are long just as other reviewers have mentioned i am 6ft tall 160lb and i have
long torso curvy body so this sweater turned out to be shorter than i hoped but with all that
underneath layering it could be manageable overall look of the sweater is about the same as the
photo the only mat perfect awesome i have a few of these now and love them they do stretch a
little so i wouldn t size up i m about 138 pounds and 5 8 and normally m i wear the 27 in th
ese this pullover is a great purchase the color is simply stunning and is very comfortable i
bought this jacket in green and it is beautiful the green is a true\nforest green sizing is ac

d color i paired the dress with a plum colored blazer and i really was pleased at how well it a
ll went together i m about 5 8 and 170 i m normally an 8 or 10 at retailer my 8 fits great an
d is not tight at all so i m thinking it may run a tad bit big i love this sweater the green
is soft the fabric is light enough for year round in my area i thought it might be too young b
ut it works nicely for me i bought it in two other colors when the package arrived today i am
a 34dd so i purchased the small in green hoping for a more fitted silhouette i got what i want
ed and it looked great overall except for the chest it just sort of mashed my chest down in a
very unflattering way but despite all that i almost kept the coat because it was so soft and wa
rm and beautiful and sturdy i could have sized up for a better fit in the chest but then it wo
uld have been boxy and we hourglass shaped ladies know how poorly that works out wish this woul
d have worked b i love this top it was everything i hoped it would be it is lined so it is not
see through in the chest back sleeves are sheer soft gorgeous color love the layers runs la
rge so definitely size down i am usually a m and ordered the s i m 5 8 curvy 32dd i thought t
he sweater was pricey until i saw it on me this sweater is really flattering i chose the grey
colored one i m smaller on top and this sweater is perfect with the v neck cut out the fabric i
s also really soft i loved how this jacket looked online and decided to order it however sizi
ng can sometimes be tricky for me so i ordered both a petite xs and petite xxs i m 5 1 113 lb
and a bra size 32 c i tired on the xxs first and was swimming in it so naturally i thought th
e xs would be even bigger but to my surprise the xs fit way more snug in the end i still didn
t like how loose the xs fit so i returned them both the material is great quality and it s a cu
te design i would recommend trying t this sweater is very lightweight with the loose knit but
is much warmer than i was expecting the periwinkle color is gorgeous the chiffon hem provides
a cute detail and it is true to size for a loose fit yay for the return of shirts that show your
form but don t reveal the flaws i bought this in cream which only seems to be in stores right n
ow the stripes on the cream version are vibrant and beautiful the weight of the top is very ni
ce and really hugs your shape i did think it ran a tad small i bought the large but also could
have worn the medium it s hard to find a sweater that is warm and cozy but doesn t look bulky
this sweater does it all it is delicate looking and soft and flattering it is also surprisingl
y warm i wear it with jeans for everyday but it looks good enough to wear out to dinner or suc
h i bought the periwinkle which was the most flattering on me blond and fair i am hoping to
get the green too when they go on sale i said it runs a little small because i took a small ins
tead of my usual extra small in sweaters i loved this jacket it s exactly what i was looking f
or i set out to find a lightweight sweater or jacket that would keep me warm and also versatile
enough to wear with different outfits this definitely fit the bill in addition it s really so
ft and not at all itchy which was a concern i had since it was wool and i ordered it online i
have received a bunch of compliments i definitely recommend it this top comes in 4 lovely colo
rs too bad only one of htem looks decent on my skin tone purple though i might have gotten a

the waist so if you ahve a problem area nice coverage \nfeel super soft nuff said \nvers

e dare i say this is my favorite pair of pilcro legging cords yet the pattern is beautiful w
ith green black and grey the fit is as usual stellar and comfortable the best yet this swea
ter is very pretty the pictures online do not show the intricate knitting and the lovely detail
s or how delicate the yarn is i bought the light orange color and i think it will transition ni
cely into spring the shape is very figure flattering as well overall i am very happy with my
purchase i was on the lookout for a denim jacket when i found this beauty on line i fell in lo
ve immediately and didn t think twice about paying full price i wear it with moss green chinos
and it looks really good the little dots in the jacket are actually a pale green which gives i
t extra character very well made i was a bit skeptical about the hook and eye fastenings but
they are very secure \r\n\r\ni ordered my usual xl and found it roomy enough in the bust and ar
ms i would definitely call it tru i was on a mission at retailer to find a versatile and comfor
table jacket cardigan this is perfection the detail and pattern in the wool make it unique and
the zipper and snaps are great quality i bought it in the green and is great for the office and
out in jeans as well i love this pretty sweater i am petite and thin and ordered the regular x
s the length was perfect just below the hips the sleeves are a bit long but you can pull them
up a bit this is a perfect winter dressy sweater to wear with black jeans or leather pants the
knit is very delicate and light but warm and the layered chiffon bottom makes it special this i
s a great fitting jacket the style etc \ni got this in the grey i would have exchanged it fo
r the green but have a similar color that i bought last year from retailer \nso i ended up retu
rning it only because i didn t like the color on me i adore these pants comfortable as jammi
es and i wear with both sandals and booties every time i wear them i am complimented on them s
o sure from the online shop images that i ordered two pairs the package arrived in less than
2 days and immediately i could see how the cords were everything i expected them to be so incre
dibly soft and body forming and has a classic cord texture only softer i love them this look
works both daytime as well as evening it s geared to work with any casual to couture look my
22 year old niece wanted to buy the second pair sz 28 from me so i gave them to her she s a n
ice niece i m on the fence about this one it is pretty i really love the way this sweater f
its the only negative is that it fits rather tight on the shoulders i have broad shoulders and
the sweater fits fine when my arms are down but a little tight when i raise them but the size s
mall fit well everywhere else so i m keeping it the orange color is pretty but kind of glows a
bit but wish i d also gotten it in the blue green very pretty and feminine great with pants o
r skirts i m usually a small or medium often just for shoulders but got this i am really into
this jacket the fit is nice although it does very slightly large however not enough to go dow
n a size for me all of the different textures are really cool and the details do seem to be pre
tty slimming which is always a bonus i am a bit worried that the wool will pill like crazy tho
ugh let s hope i m wrong and that it lasts omg so comfortable and feels like wearing nothing
at all i wish the blue print was still available in my size tried them on at the store and fel
l in love they say the length is 31 5 however i am on the tall side usually wear 34 in jeans
but these are perfect i see from other reviews that these pants have been around for a while p
lease don t change them and i will be getting another pair or two next year i tried on a dre
ssing room full of items before christmas and this was the clear winner i got it in the green
xs which fit perfectly i am 5 6 and of medium build the s was slightly too big through the c
hest and arms skewed a little too military looking for me i like the versatility of leaving i
t open or zipping it up but like another reviewer i wish the top lapel would snap back onto th
e shoulder because it can flop back and that gets a little annoying overall i really like the
fitt it sits a little short but works great for a jacket when you don t want to have a big winte
r coat when going out i absolutely love this sweater it s soft and delicate i bought a green
one which flatters my skin tone i feel that i can wear it for three seasons except summer l
ol\n\nit runs a bit large i normally wear size medium for tops from retailer but the size s of
this sweater fits better than size m the sleeves are bit long than other sweaters but i think
that s the style as shown on the model \n\nif you like feminine and romantic tops sweaters you
will like this piece i love this pullover i felt it was a little wide at the bottom but i r
eceived lots of compliments on it i ordered a large because i did not want it tight around the
bust i wear a 36j bra and biceps but i think i would have been fine in a medium i purchased t
his in both the green color and the grey color and am in love with both they are much longer th

an last years design and it has a pretty weave to the sweater with multiple layers that sit perf
ectly past the hips the fit is true to size although the fabric is quite thin and i worry about
pulls also the sleeves are a bit long but this doesn t bother me too much at this point very
versatile for years i ve eyed these printed pilcro cord leggings every single year in every si
ngle incredibly cool print i ve always wanted them finally i decided to try them on after we
got this green and navy print and i m so glad i did these are dreamy they are so stretchy and
so comfortable they hold snug against your leg for a very streamlined fit but plenty of stretc
h so movement is no issue the print is my favorite part the colors are extremely fun but stil
l classy enough to not feel to green color is fantastic dark forest green material wool is
substantial and of good quality however on my 5 1 120lb athletic frame i felt both the peti
te xs and petite s were too small for me when worn over a v v v thin ls t shirt i also thought
it was a bit too short in the back the petite medium would have been a great fit for me but al
l gone love that it is light and very comfortable i got both colors the only thing is it s dr
y clean only love that i got it on sale beautifully cut and styled its versatile and can be pa
ired with trousers or a skirt i ordered this top in the purple color and was pleasantly surprise
d that it was more of a soft periwinkle the weave is quite open and sheer which is what i had h
oped for the fit is great and the bottom flows quite flatteringly overall the sweater is soft
and very feminine but careful it snags easily flattering even for a 50 year old body the la
vender is subtle and pretty it s a blue ish color and the sweater skims the body nicely i hav
e a broad back and some delicate sweaters make me look unwieldy this one is minimizing sleeves
are long but not too much so i usually wear an 8 and the m fits well nan this is simply the m
ost lovely interesting flattering sweater ever i got the green which is a lovely minty color
couldn t be happier this top is comfortable and pretty plus i like the extra length in the sle
eves it is very lightweight and i m cold natured so i wear a bra top tankini underneath for wa
rmth i saw the orange tangerine colored version of this sweater and loved it it looked beautif
ul on top the chiffon material at the bottom of the sweater is a lovely detail sadly the bott
om portion of the sweater made my hips look huge and i felt i looked pregnant i weigh 111lbs i
am petite and small boned i think it was because i am short waisted that this style did not sui
t me i wish i could look good in this it is absolutely exquisite in color and texture this is
a beautiful piece but not if you need a hardy sweater the material is lovely as are the two c
olors i saw but it is lightweight and delicate i tried an xxxs petite which is my norm and it
fit perfectly i did not buy it as for the price and relative usefulness i had to say no i wil
l watch for sale i was in my local retailer to scope out a different piece when i spotted this
very attractive well designed jacket sparrow s jacket looks dynamite on the scale is perfect
for me the high level of detail is ideal i chose this over getting an oversized sweater coat
it felt like these proportions were most flattering on my body it will be appropriate for work
or nice casual events i bought the medium true to size i am an 8 top 5 1 130 34f although
i largely buy online sometimes you ju i am obsessed with the off the shoulder trend this season
i were mind on the shoulders so its work appropriate and you can still tuck it in the length i
s perfect the colors are awesome t paired it with a pair of pilco cords it easily work with a
skirt or dress pants \r\ni would highly recommend i didn t end up keeping this and i feel li
ke i might regret it i have a similar sweater this jacket is super streamlined with a sleek
fit the bummer for me was that it didn t have snaps to hold the collar down to the jacket when
it was unzipped so the flaps seemed to flop around the s was perfect not too tight i m 5 8
140 lbs 34c this caftan is very light and well made i love the colors and designs on this fab
ric i was worried that it might make me look boxy but it accentuates my figure surprisingly we
ll the fabric is so soft i m amazed at the price because this is a really beautiful cover up
i needed a pink dress for a local breast cancer awareness luncheon this is a perfect fit for th
e occasion this dress is as flattering as wrap dresses usually are the x small fits well dres
s probably runs a tiny bit large as i go between a small and extra small though i did move the
tiny snap at the neckline down as it fastened too high for me the dress did snag slightly in on
e spot but overall it is really very flowing and lovely on with unusual colors that look nice
with late summer tan and gold earrings great easy to wear wrap dress rich colors are fabulous
for fall the contrasting knit back adds just the right touch to make the dress more interesting
as compared to your typical paisley print dress i ended up with a petite as the length seemed m
ore flattering and the bust line fit better than the regular i ordered the white in 0p i wante
d red but was sold out and don t have a white one so thought why not i really liked the fit
flirty flattering very nice love the crossed straps in the back as someone mentioned the f
abric is a bit heavy for summer but since i spend a lot of time indoors in a cold environment
no biggie i probably will have a seater on top of it too the cut is flattering chest area not
too snug and i can wear a strapless more comfortable for me 115 lbs 26 5 in i found this in
store when looking for a dressy slightly boho dress for an upcoming wedding i m really happy w

ith it the a line cut disguises some recently gained extra pounds but it doesn t feel like i
m hiding in a muumuu because the shoulders and chest are relatively fitted the flowy hemline of
fsets the short length maybe 4 5 above the knee for me the pink color is very light light
er than in the photos i think but it will work nicely for the wedding as the first reviewer
sai this is a lovely light coverup with a beautiful pattern however in the catalogue it appea
rs blush pink when in reality it is white the model must be wearing a pinkish swimsuit undernea
th the caftan giving it the allusion of being a color which it is not i still like it enough to
keep it but am disappointed that the item description did not mention this optical illusion lov
e this dress it is so comfortable and can be worn as casual or dress up received this dress t
he sleeves are very pretty the drape was just what i was looking for but the overall dress was
not very flattering on me i am a little busty on top so it pulled in a unflattering way i woul
d say that if you are tall and not on the busty side this could be an amazing dress on this one
had to go back perfect can t believe how inexpensive this is for the look it looks just like i
t does on the model i can t wait to wear it on my vacation i first spotted this on an retailer
employee she paired it with a peasant top wore it open w jeans boots so darn cute love ho
w this peice transitions from summer to fall i m 5 4 so i had to order the small petite which
is perfect note that this dress is very long it s just a must have garment the colors print
are just beautiful saw this in the store in pink very cool dress but i want black so i m ord
ering it the fabric was almost lace like it comes w a slip it was sort of swingy and design
ed to be a line loved it the bell sleeves totally make it this is a fun dress to have in your
closet i ordered the 4p and it was just a little to short for my taste had the regular 4 sent
and it was perfect i wore it the very next night to a party feels great and lots of fun with
the bel sleeves i am simply mad about this dress i am smaller on top with larger hips my bust
is a mellow b but i could see this working on a or c cups also this dress is extremely flatteri
ng for my body type and the bodice fits like it was made for me it fits fine without a bra and
just perfectly with a semi padded strapless i got this dress to wear to a summer wedding the t
exture and color are beautiful and i will pair with simple jewelry and nude heels it s a great
find and excellent quality definite this dress is lovely feels like a dream so comfortable a
nd the lining is silky soft i feel it runs a little large as maeve has been this spring summer
as i ordered a p0 and p2 the p0 fit i am 5 4 about 118 i ordered the white hoping to take
it on a beach vacation it was just a little too delicate for my needs i have two younger chil
dren it seemed to be easy to snag or to make a hole in the more delicate woven areas of the dre
ss otherwise i really liked this dress a lot too bad i ordered a large and it was skin tight
if that s the look you re going for this is a great maxi dress for people that want a classic
fit but nothing tight it is figure flattering yet modest enough to wear to work i am 5 3 and
a half and many maxis are so long that i must wear heels this one is perfect length for me an
d can be worn with flats or heels when this dressed first debuted i pretty much ignored it bec
ause i was not looking for a sleeveless maxi dress for fall then i went on instagram and saw al
l the marvelous ways retailer employees were styling this this can be worn as a long vest over
jeans or a long sleeve maxi and the rich autumn colors go well with boots and sweaters add a w
ide leather belt when it s opened or closed works great either way when i bought my dara vegan
leather moto in plum i knew this would be an ideal pair color is beautiful fits perfectly lac
e is lovely and cut is feminine and flattering hoping to top with a sweater so i can wear it lo
nger in the season this is a wonderful dress i love the fit and feel of the fabric i have bee
n looking for a while for a fall maxi to wear with a pair of free people boots i purchased th
is dress is perfect with them the colors are fall and fresh can i say that about fall i alrea
dy knew that it s not the lightest summer dress by reading previous reviews \r\nyes it is fully
lined with stretchy fabric which is kind of thick and heavy for skinny straps i still love this
dress it s very beautiful and versatile it s perfect for san francisco summer it never gets too
hot anyway \r\nthe color is also beautiful but it s little pink side of red \r\ni am 5 4 size 0
it fits perfect just like the picture i was a little skeptical about this one at first i have
a hard time with the over all styling of many maxi dresses i liked the print and figured i woul
d give this a whirl it is beautiful looks great on and i love the fabric so happy i picked t
his one up this dress is breathtaking it is super lightweight and will be the perfect addition
to my suitcase for summer travels can be dressed up or down with jewelry heels i feel the sa
me way about this shirt as i do about the sungarden tee it s a lovely pattern and i like the fi
t it s not clingy but it s a bit see though it s not as bad as the other tee but no contras
ting or patterned bras can be worn with this shirt unless that s your thing that said i m ha
ppy with it because it s a soft and pretty shirt that will get a lot of wear in warm weather i
am very glad i got it on sale though i wouldn t have paid full price for it nan i knew this ja
cket would be mine as soon as i saw it online but i also have a hard time trusting retailer s o
nline photos by their color and angle etc \r\n\r\ni took a gamble and for the most part it pa

id off i do like the jacket s unique bohemian gone chic uptown styling and the gorgeous patten
with a spattering of embroidery on the chest and back what i don t like is the mix of black lea
ther trim and big brass studs i feel like there might be one too many ideas or they could have
been toned nan i did size up on this one it came in and it was too snug for a loose shirt i si
zed up and i love it now i went to the store and bought it in white and black i sized up in th
e white but not the black you may want to try them on before purchasing them i want more i de
bated whether or not to order this dress i love the cut and style but i was afraid the color w
ould not work for me with dark hair and pale skin yellow tends to wash me out i was correct
but the dress was adorable definitely size down i usually wear a medium or 8 in retailer dress
es but based on other reviews i ordered this in a small might could have used an extra small
this dress certainly won t show off those 10 pounds you lost but it is very comfortable and not
overly boxy als i wish i would have read the other reviews before ordering it s cute but very
casual and very thin material not like other retailer tops also runs super small i ordered a
small i wear a small or xsmall at retailer and will likely jump to a large given feedback in o
ther reviews i really liked this tshirt but unfortunately the v neck is just too low for my tas
te it fits really loose and even buying the xxs i just felt it would stretch out and be even bi
gger really cute style just not sure it s worth the price great colors though wow i saw this
dress in the store and had to try it on it is simply stunning the bright colors and design are
a true tracy reese dress and i looked like a fairy queen in it lol i can t wait to wear it i
love the fit and the color i would buy this t shirt again in other patterns and colors the fab
ric is thin and lightweight but i knew that when i bought it apparently nothing this is a p
roblem for some others i do choose to wear a camisole or a tank top underneath it to preserve
the fabric i hang dry after laundering the colors have not faded and the fabric is holding up
well i am 5 4 weigh 134 lbs and do typically wear size medium i bought this tee in purple
went back the next day and purchased the peach this is a classic tee with a girly twist cute w
ith jeans and a jean jacket i love this duster it s really different and interesting i wear i
t with the dress in the picture but i have the green dress i now own this shirt in 4 different
styles although i don t expect it to last forever thus far they wash really well given how th
in they are and light weight i love the simple cut and how good they look dressed up or down
it is so hard to find comfy tees and this one fits the bill my only wish is that they sold it
in solid print colors like white and black then i would own 6 i saw this tee and was unsure
about the print but decided to give it a try i m glad i did as it has become a weekend staple
runs a little small but is very chic you can wear it with jeans and a white t shirt and you
are going to look awesome nan i saw this piece and fell in love with it the print is beautif
ul and is well placed on every piece it is a little boxy and is a bit warm for indoors but it
is unusual enough to overlook the flaws i am 5 10 usually a small but sized up to a medium w
ith this one the blouse is as shown in the picture it falls nicely and is flattering to wear
the detail on the yoke and hemline is of good quality i ve received a lot of compliments on thi
s top i bought this shirt in a size small it fits the same as it does on the model it s a com
fortable cute shirt wish the other colors were available because i d order another one got a t
on of compliments great tee with beautiful print this product is amazing i love that it s co
mfortable and stylish at the same time i love the unique color pattern and the length of this p
roduct i also love that i can wear to any occasion and can dress it up or dress it down it s v
ery versatile and i love it i tried the pink color on in the fall and liked it but wasn t sure
how much i d wear it for the price i ordered down a size in the maize for the holidays when it
went on sale i think i prefered the subtlety of the pink blush color the maize is a goldenrod
yellow not as light a shade as it looks in the online picture i ll still keep it because it is
super comfy though the sequins don t show as well as on the blush it will look cute with leggi
ngs and boots or high heels i didn t find it to and lovely color just not on my pale skin hue
unfortunately i tried on the xs in store and that was a little long on me so i would need pet
ite the cut was very flattering and super feminine i love the color and pattern on the dr4ess
too sadly not for me i looked sick in it 115 lbs 30 dd and xs petite would fit nan this t
op was very pretty when i got it but i was hoping it would be a bit longer the v neck design w
as nice and the fabric very soft i liked that a simple t shirt was so feminine ordered this i
n the white gray likely one of the softest tops i own and drapes beautifully density of fabri
c enough that i won t need a tee underneath design of the pointed front will look great with a
shorter jacket i m busty and there is a ton of fabric in the front due to shipping i won t ret
urn but could have gone a size down and i m a 42dd nan fit is okay the style of the shirt and
the purple flowers are beautiful ordered this with my bday discount the small felt a bit room
y so i took it to the store so i could possibly exchange for an xs i literally could not even g
et my arm in the xs tried a different small which was more fitted than the small i had received
so i would say the sizing can be inconsistent loved this as soon as i saw it definitely darker

than the photo not as muted since it was a jacket and i d be wearing something under it i cho
se a medium rather than the small i generally wear the shoulders just fit and the rest was big
making me look large not a flattering fit and a major disappointment nice that it works for th
e other reviewers but not for me sadly going back the sweater shown underneath also runs loos
e and large so i m exchanging that one for a small just beautiful the details and the colors a
re combined in such an usual and chic way the fit is really comfortable too i found that the j
acket runs tts maybe even a bit large but i purchased my regular size so that i could wear lay
ers keep in mind i have a rather large bust so someone with a smaller one could probably size
down please note there are no closures in the front of the jacket but it looks almost closed
when you re wearing it great shirt love the detail in back feminine and different than the
average t wish i d noticed that the sleeve cuff and hem were cut to look hippie casual i m ta
king this back with great regret it s soft and the prettiest pale lime sherbet color made for
a cool summer look i don t like tattered though so back it goes sigh it s soft true fit
and beautiful i d buy it in many colors and in the lovely lavender print if it wasn t for the
cuts nicer twist on the casual tshirt soft comfy love the purple this t shirt is very casu
al so it is perfect for everyday use \r\ntouch of textile is comfortable so i feel relaxed wh
enever wearing this t shirt \r\nalthough stripe is a simple design it does not limit your choi
se of fashion so it can go with almost anything \r\njust be aware that this t shirt runs a lit
tle larger than the true size i love florals and this top can be worn with jeans and also i hav
e worn it for work it s very comfortable and light this dress is happy it is easy to wear and
it is lined it came in the mail super wrinkled tho i went for the color more than the style an
d while the style is lovely i fell in love with another retailer dress in the same color so i m
ay return this nan this dress was overall cute but you have to have an olive darker complexion
or a nice tan to really pull it off because it is such a pale pink i m very fare but normally
can do light punks but this one just clashed it does run pretty true to size if you re on the
edge between a smaller or bigger size i recommend the smaller size however hope this helps y a
ll nan this is the perfect holiday dress my best purchase of the season i found this in store
last weekend and thought it was it perfect i got the size small which had plenty of space for m
e usually a 4 6 or small 34a 28 26 \r\nit s long i found it to be just below knee length 5
6 \r\nif you zoom in you can see some detail work along the front edges which complements the
pretty openwork in back \r\nit has pockets too btw \r\nthis will be worn over everything this
summer let s hope the poly rayon spandex blend washes ok i ve been looking for a cozy sweater
dress for a while because everything always seems to be so form fitting i m between an xs and a
small and i got the small for this and it s just a little roomy so it s perfect fabric is prett
y thin so it drapes well and it won t be too warm i love this dress because it is amazingly fem
inine and easy to wear i put this dress on and immediately felt elegant sophisticated and fli
rty all at the same time a few tailoring uniquenesses i want to mention stretchy form fitting
sexy sheer upper and front back panel you can wear a bra and not see it thru the sheer front an
d back portions of the dress the waist is exactly tailored to show off back side it is true to
size i love this tee i bought it in white and the bright salmon pink and wished i could have b
ought it in all the colors the v neck is low enough to show just a hint of cleavage without bei
ng too revealing the rough edge of the hem is a nice touch i like the double v neck in the bac
k as well as front it adds a little interest to the back and is not too low the label is sewn
on with red thread which shows up on the white color in back but in a nice way overall the leng
th and cut are just ideal i like this shirt and think its very feminine i am wearing a medium
in the photos my measurements are 38 30 40 for reference this top is true to size although i
am a little nervous about washing it hopefully it won t shrink it is super think so great fo
r hot days but because it s so thin i ll be careful i have white and am def going to get more
colors i am 5 8 128lbs and purchased a small i think medium might cut to low in the v but h
aven t tried it yet let s just say if it shrinks after washing i will get a medium i knew th
ere was a problem when my dress arrived and the small fit perfectly when i was 9 months pregnant
i even bought a small even though i normally wear medium\ni bought it for family pictures once m
y daughter was born but it made me look like i was still pregnant even though i had already lost
all the baby weight in 3 weeks \nit is a beautiful dress though and may try to get it altered to
see if that works very soft and lovely t shirt beautiful flowered print and cute detail on neck
i am 140 lbs and 5 4 and got a large i love this t shirt because it has the combination of el
egance and relazation to a t \r\nit s soft pretty and covers my wide bottom well i bought th
is top in 2 colors white and light green i really like them both the shirt is a nice weight
and texture and the soft green color is really nice the fit is true to size i am 5 6 and 145
lbs and the medium was perfect i like how the back dips in a slight v as well absolutely gorg
eous i never have been a yellow person but today i am converted all the colors are vibrant a
nd true to the photo i m 5 6 and the length is perfect for flat sandals and my wedges so i can

dress it up or be stunningly casual i range from 14 16 l xl in retailer dresses the size is dictated by my broad shoulders since this one is sleeveless i went with the large and it s perf ect the nude slip has clasps to keep the straps in place and its adjustable the slip is als i bought this top about 3 weeks ago love it i like it because it s better than a plain t shirt s o it s perfect for running around doing errands or shopping i like the material and the length i m 5 8 and sometimes i feel like shirts are to short i wash it and hang it to dry no shrinki ng or pilling so far i am ordering this in at least two more colors i think 56 reviews says it all basic tee with a little tailoring on upper back in a variety of colors i purchased the pur ple floral tee in my local store and it is prettier in person than on the website much more vib rant in color it is tts will be cute in the summer months and with a pair of sweater tights wi ll work for holiday parties doesn t seem to come in a petite which is a bummer so i sized down \n ordered this top in navy with white irregular dots since it was not available in smaller siz es in the store i took a chance and ordered an xs and the size and fit are perfect love the sc alloped edge small side slits and the crocheted detail on the top great addition to my florida wardrobe tts and comfortable this t shirt brings flair to everyday wear and i purchased on sal e for a steal i usually wear a small or a medium in tee shirts and i had to get a medium so th at it fit comfortable throughout the shoulder area gorgeous with that retailer uniqueness \r\n \r\nunfortunately this shade of yellow just wasn t right for me \r\n\r\nbut it is a beautiful dr ess i purchased this dress in pink it is absolutely beautiful the shimmery detail around the n eck is gorgeous it is so flattering and looks amazing with boots or sandals this dress will no t disappoint beautiful dress the color in person in a rich golden sun not too flashy a very warm hue it will compliment every skin tone it is more fitted than most peasant dresses not a s much flowing material very flattering the slight beading on the yoke makes it a standout ve ry well made with a nice cotton lining i am usually a size six in a dress and the small fit b eautifully even with my large top it is a stunner that can be worn with boots or sandals you will receive a lot of compliments i got this in light green and it s a gorgeous color first tri ed a small but it was a little too wide and long exchanged for xs looks great now i just hop e it doesn t shrink too much i love this dress would like to see one september make it in sky like their meda lace top runs a little big i normally wear a l but the m fit perfectly cute b ut classy top because of the embroidery at the bottom i m dying for this skirt in the picture where is it i bought one of these tees and i washed it a few times and luckily no holes yet li ke other reviews have stated i just got a 2nd tee as they are quite comfy i bought these both in store but the petite size might have been better for my frame i wish retailer would look int o having petite sizes available in store and not just online sometimes i do get lucky on findin g petite sizes in store but it s usually from a return nan this duster is a nice light weight dark navy that you can throw on to add a little something to a your outfit without adding bulk o r warmth looks nice over dress jeans crops just a fun little item to have in you closet that you can grab to put a little twist to an outfit best part of the duster it has pockets i l ove being able to slide my iphone into a pocket while on the go i love the look and design of t his piece but the fit is awkward the m gapes open and is much boxier than it looks on the model but the s is too tight in the elbows i think i might have to return it i got this shirt in b lack and it s perfect for the office i ordered a medium which i thought was a little on the l arger side well made the details make it an interesting top this dress is beautiful and flowy but flattering the colors are vibrant the slip is tighter than the dress but i don t mind it is a half slip and the bottom is sheer i m normally a 10 12 in dress and the 12 fit well the l ength was good for my 5 9 height when i walked into the store this tee instantly caught my eye it s light weight not too low cut and longer in the back great with jeans skirts or shorts t his jacket is well made and the fit is perfect it is quilted and will work well three seasons o f the year it goes with jeans cords and flannel and would work with skirts and dresses color s are a bit more muted and darker than my display shows but only slightly studs and black trim really punch up the look of this jacket i am very pleased with it was looking for the perfect birthday dress and i found it gorgeous i generally wear a size 0 or 2 but opted for a size 4 to give some wiggle room and it still fit me like a glove got the mustard and grey very cute looking forward to wearing it i purchased this for a late summer wedding that i was invited to l ast minute and i can t wait to wear it i got it on sale with an additional percentage off and f or the price it is a steal like all of tracy reese designs it is so cute and feminine it runs just a tad bit on the larger side so the medium fit my size 10 figure perfectly i tried on the large and it was too big and too long for me the medium length was perfect for my height 5 6 just received this dress in the mail and i m in love it s beautiful and fits so well i was a little hesitant ordering a yellow dress but i m so happy that i did i tried both the xs and s in the store i am usually an xs but ended up buying the s because the xs was really short a nd i didn t want it to be any shorter after washing the s fit more like a normal t shirt altho

ugh the back is longer love the color blue and the fabric is super soft also happy that it s
not too thin nor see through i have bought several tees by t la and this one is really cute i
bought it in the blue stripe size xs it runs slightly larger than most in that size but it wil
l probably shrink a little it s not overly baggy just comfy fit i like the colors in this top
and will wear it often with shorts or jeans the fabric is thin so i m not sure how long it will
last but until then it will be a keeper in my closet this jacket is extremely good quality ha
s gorgeous detailing and is warm quilting makes it thicker than expected but plan to wear as b
oth a blazer and fall jacket highly recommend i tend to like grey black simple clothes with a
splash here and there for everyday this will be perfect in the fall winter it is wool so be p
repared for the felted wool feel but it is casual comfortable i am 5 4 and boxy the medium
is still roomie on me but that is how i like it the shirt was soft and very flattering on got
multiple compliments i noticed a xxs p at the store i thought they would never fit me since i
am an xs but i decided to try for fun and to my surprise they fit perfectly i love it very st
ylish and flattering great basic but with a little something special to it great t all around
the jacket is cute it runs small but looks good i like it even though it feels tight on my arm
s these tights are exactly what i was looking for they are a great weight for the winter month
s and can be worn out dressed up or for lounging around at the house they are a nice weight and
durable construction i plan to pair them with skirts tunics and dresses they are super cute w
ith ankle boots this romper is absolutely gorgeous the embroidery is detailed and lovely and t
he fit is feminine and flattering it s super versatile and easy to dress up or dress down depen
ding where you want to wear it i m in love \r\nit is a little on the sheer side though and i
chose to wear a tank top underneath for more coverage but this was an easy fix it was a reason
able trade off to wear a camisole under in exchange for the lightweight and flowy material tota
lly obsessed these are perfect with a long tunic for the weekend to run errands they are not t
ights like in the sense that there s full coverage across your bum no accidental flashing of
anyone they re not itchy either i bought these in brown and want to buy the rest of the color
s available beautiful dress however the top was small for my chest and the rest ran large i
had seen this online a few times and while it caught my eye because of the color i never really
bothered to check out the details due to the stock photo it looks quite bland as it doesn t rea
lly flatter the model however once i saw this dress in store i was drawn to it immediately t
he dress is well made the embroidery is delicate and beautiful with interesting design features
i love the combination of the summer dress with a collar it makes this dress so work appropriat
e as well as it ordered these to wear around the house more as leggings and they did the trick
love the color and the fact that they are warm without being too thick given that tunics and th
igh length dresses are the hot new thing this season i kept finding that my black only tights c
ollection wasn t going to fly with my cute new tops and boots so i searched far and wide for di
fferent colored tights that didn t look cheap or inauthentic in color and found these i bought
them in blue gray and brown and i have worn them with so many different pieces they look more
rustic than the average tight almost like they are leggings not tights they are a lit i was
a little hesitant to order this dress due to the cotton polyester blend not generally a fan of
poly for summer it is high quality though very soft lightweight and lays beautifully it s no
t see through either which seems like a rare find in clothing lately the embroidery is very we
ll done too and i think it adds just the right touch of feminine while not being overly preci
ous it does run small by a whole size which i ve found to be typical of eva franco dresses i
am usually a i wear tights all winter it s difficult to find cute fashionable tights that aren
t heavy and have quality fabrics that will last through an entire season these fit great don
t roll or bunch don t shrink have great feeling fabric and aren t super thick but not see t
hru love these and plan on purchasing in all of the colors this romper was cute and short but
not too short the fabric is soft and elegant i have the blue and gray and love the look and fe
el however the gray within days ripped at the seam and other areas just received first pair i
n brown love them and ordered two more these tights actually stay up and you don t have to ke
ep pulling on them throughout the day super comfortable and perfect weight not too thick and n
ot too thin they will run so be careful when washing or putting them on these tights are awes
ome i bought three pairs they give a nice casual look to some of my multi season dresses thes
e tights are comfortable and the material is great i bought the gray and holly color and the co
lors are as shown online similar to most nylon tights they snag easily definitely not a leggin
g and similar to other reviewers these won t keep you warm in the winter i love this sweater i
t s warm comfortable and soft nice quality too this dress looked so cute on the model but u
nfortunately not so much on me it appeared so much more fitted in the picture than it actually
is i ordered the xs and it is huge on me definitely a tunic swing style rather than streamlin
ed my husband said it looked frumpy on me it is also longer than it appears on the modei for
reference i am 5 4 \r\ni wish this would have worked but i need something more fitted for my b

ody type if you are looking for an unfitted tunic style this could be s perfect substitute for leggings to wear with a long shirt skirts or shorts and are thick enough to keep you warm and a ren t as thin as some tights normally are this romper is so dang cute i normally wear a m l or 10 12 i took a medium in this though either size would probably have worked depending how loose you like it it s not too sheer and the shorts aren t too short i m 5 9 my only complaint is the front toe came off on one side as i was trying it on an easy fix but still it should come o ff that easy love this romper very impressed that even though the material is ivory colour it s not sheer and undergarments won t show through a forgiving fit for everyone these tights are light but at the same time super cozy definitely cut and sewn as tights and not meant to be wor n as leggings they re really sheer around your rump i ve worn them around the house with ove rsized t shirts and long sweaters would only wear out of the house with a dress or serious cove rage despite what i thought when i bought them i wish they were available in a few more colors worth the sale price got them in the light blue i m 5 0 so they re a little long i like the texture and they are really comfortable the only thing is the awkward seams around the crotch a rea so you really can t wear them alone with a cropped tee or shorter top i am so happy with th is chemise the pink is the most breathtaking blush and the fabric is super soft i like that th e straps are adjustable allowing me to make the bodice a perfect fit while adjusting the gown t o the perfect length for me it s definitely my new favorite i was very excited to receive this dress i ordered my normal size small which i should have realized was a mistake you could fit two of me in that size small i realize the dress is supposed to be flowy but it would have be en baggy on me at nine months pregnant the fabric is soft and comfy and the pattern is cute bu t order at least one size down i m going to exchange for the xs in hopes of it not resembling a short muumuu this dress has a great design for any frame it looks great with a belt to accentu ate the waist but the dress stands great alone and doesn t require a lot of styling such a pret ty little sweater gorgeous detail i wish it were a bit longer it was too boxy for my large ch est otherwise it fits tts i wanted to lie inside of it and take a nap so comfortable please make more sweaters in this knit and flattering i love the feel of the dress it is flowy loos e but still flattering i can t wait to wear it with boots i could go with flats for summer to o if i wanted to i have had this dress in my wish list then i deleted it but it was in the s tore as a return in xxs p so i thought why not i shouldn t have really coz now i have to get it and i did \r\n\r\ncolors are actually great i don t know why people have issues matching black or navy are equally neutral in my books \r\n\r\nf this dress is perfect for wearing in a utumn and beyond it will look great with casual flats or sneakers while it s still warm outsi de and it will be very stylish and cozy with a denim jacket and boots when it s cooler outside it runs large in the skirted portion of the dress like last season s similar floral dresses by this brand the dress is a medium weight rayon and is not lined some people might want to wear a slip or half slip or wear leggings with this dress for modesty as for the c this dress is cut e and comfortable big but not too big skimming i usually wear a 12 pant and bought a medium a nd it is great i am on the taller side and the length was great too i love this dress it s su per comfortable soft fabric and doesn t bind anywhere yet somehow it s still feminine and sexy i get compliments on it wherever i go also it works all year round in winter it can be easily paired with boots tights a long sleeved black t shirt etc well made lined great find fo r the fall i am short 5 3 and have a short torso so the empire waist line was really flatte ring i got the petite size small and it fell just above my knee loose skirt portion led to an easy look to the dress overall super cute this is such a unique design and i love the colors i could be a small or x small and chose the x small fits perfectly really cute really comfy great color love the oversize buttons all around just a great skirt nice shade that goes righ t into fall i have several of this style skirt and love them all comfortable stretchy fabric i ordered the xs and will probably take the sides in at least a couple of inches for a snugger f it the fit is looser than it looks on the model this really is a lovely shirt i like the lo ng length of the sleeves as sleeves are often too short on me to wear cuffed at the wrist i now have the option of long or rolled up sleeves the fabric is the perfect weight for indoors it i s definitely a keeper this is a basic that i ve been looking for for ages i ve never found suc h a flattering plain white button down shirt before everything is either not basic enough un flattering shape too masculine too boring too wrinkly or too hard to take care of this shir t is perfect it is shaped to flatter but doesn t have any finicky details this is just a ward robe staple plain and simple it is going to work hard for me year round i have other cloth stone tops and have loved them all their bought this for a vacation to mexico with my boyfrien d super flattering and soft big thumbs up i m normally a size small but the store only had a large i tried it on and it still fits great as an oversized button down for a threw on my boyfr iends shirt kind of look i wear it tied in a knot with leggings \n\nthe shirt is so so so soft and high in quality this is a cute dress but it runs very large through if i had decided to k

eep it i would have taken it to my seamstress to remove some of the volume when i ordered i a
ssumed it was red and black checked but it is navy my black cropped leather jacket and boots w
on t work with those colors so it is going back nan i thought this would be a great dress for
late summer early fall and i was right it s light and flowy but the colors are darker it s ver
y cute and i can t wait to wear it with nice boots like in the picture wore for the 4th with wh
ite jeans super cute love the ruffle really love this top even more than i expected based on the
picture i have already worn it 6 times in a short period of time it s been a great fall top th
is is a fantastic dress it s very flowy comfortable stylish and it has pockets whoop who
op i have a larger bust 34d and even though it s button down the openings in between don t p
eak open to show your bra it is navy and red but i think you could wear black boots with it n
o problem this is my new favorite dress and i m very happy with my purchase buy it i actuall
y found this blouse to be quite nice i m not sure that i d wear it as a tunic though it looks
great tucked in and the print is fun but nothing exhilarating for the price i expected more i
disagree with a previous review saying that this top is unflattering and boxy i bought this top
and it actually looks just like the image in the photo online i received a lot of compliments w
hen i wore it i wore it with black skinny jeans black tall boots and a short sleeve cardigan w
hich i used as a jacket and did not keep on the entire night i think the shirt even looks good
without being tucked in i really love it maybe just wish i could button the top from time t
o time to change this shirt can look very elegant thanks to the nice duffs and hidden button lin
e the material is pleasantly substancial and very soft the only thing i did not like is that t
he bottom button broke it two pieces the tirst tme i buttoned it no spare buttons included but
as the buttons are not visible i think i can find a similar one to replace it not big enough of
an issue to return absolutely perfect staple top to have in your wardrobe fits very nicely no
t see through at all highly recommend this top i love this gown so much i have two of them t
he gray and pink they are really soft and comfortable i sleep in them all of the time i m 5 3
and 120 lbs i ordered a m and it was far too boxy and long in the arms as well as the back the
collar is small and lays flat the material is good quality and soft but heavier than i had hope
d first i m an 8 10 and tried the s and m i could ve worn either but the m looked too large i
n my opinion i kept the small the color i think you could wear black or navy as the navy is v
ery very dark the only con the sleeves they stick right out to the sides and don t lay down a
s much as the online photo it definitely looks best with a cardigan or jacket over it material
is super light i got the black in size small i love this easy breezy and comfy t i love that
it s different and can wear with anything the shirt is more flowy vs fitted which i like i wis
h they had more colors i could see myself wearing this shirt a lot this summer \r\n\r\ni m a s
ize 2 and bought a small this top is a great neutral layering piece with some nice visual inter
est the black and white pattern and tie neck style will add a little something to a cardigan or
blazer the neck can also be tied multiple ways it s definitely appropriate for work and i foun
d it tts i normally wear a 10 m and took an m in this top i just got this top in the mail and
love love love it i thought it was on the pricey side for a shirt but couldn t help but purcha
se it full price because i love anything pineapple print the metallic print is cute and chic fr
om day to night i also love the open shoulders making this design different and perfect for su
mmer i m only sorry that i didn t see this top online until i already returned from my vacation
in maui very comfortable and easy worth the price nan this skirt has a unique fun pattern an
d a fit that is absolutely perfect just figure flattering without being too tight or revealing
can t wait to wear it for a holiday dinner i m in love with this skirt i already have so many
outfits planned out i do feel it runs slight large maybe half a size i m 5 6 135 lbs and
usually wear a 6 i ordered a small and it s fairly loose but i like that personally if you w
ant a tighter pencil look then size down i love this skirt it is stylish and very comfortable
ladies don t be afraid of wearing a pattern on the bottom it is flattering and slimming i wea
r it with a black wrap sweater or black cotton casual jacket i ordered both colors and my usual
size in eptites and one size smaller definitely true to size as in not smaller size \r\n\r
\ni am 5 1 5 and the best size was xs petite \r\n\r\ni ordered both colors and msut say they a
re both gorgeous so can t go wrng there as long as it goes with your skin tone for me the red
was better but i did love hte neutral color as well \r\n\r\ncomes with a lining bude color \r
\nwasit is elasticized and comfortable love the sleeves this is light enough for spring and w
ish i had snagged both styles of this shirt before they sold out this is a very cute work appr
opriate top good weight and quality to the shirt i wear a lot of black and white at work so
sick of gray why are all business clothes gray and this top will be added into my regular rot
ation i debated for awhile about getting this dress being tall i was worried that it would be
really short on me so i ended up ordering it in a large i m 5 10 a size 10 12 it definitely
has a blousey look to it which i like i kind of wish i had ordered it in a medium as well but
i think the large will work just fine the length is good hits right above my knee the elasti

c waistband is nice because i can pull it up around my natural waist or pull it down for more of
a drop waist effect as o i am 5 9 and 138 pounds slender but with a tummy the small fit grea
t and i agree with the other reviewer that the elastic waist band is complimentary the dress f
lounces out a little but in a cute way and it s not too short compared to so many other baby d
oll dresses out there now i didn t think it looked that great on the hanger but when i tried i
t on it looked so much better than i expected got the brown thank you to the other reviewers f
or the bootie boot moto jacket transition to very cute but true it s very sheer good with a s
imple nude tube underneath to avoid bra straps showing i got in both colors great with slim pa
nts or jeans may need to order up a size if long torso like me the small was a bit short reta
iler has the greatest pencil skirts i usually get 1 every year the pattern on this one makes i
t very eye catching with blue birds on green or tan background and black and white flowers in a
tree pattern so it is versatile to wear with many colored tops \ni bought a large because they
didn t have medium in the store it is a bit loose in the waist but comfortable the rest fits
nice and slim i am usually an 8 10 in jeans nan if you love denim skirts as much or more than
you love the perfect pair of jeans then you ll love this one the waist fits perfectly with jus
t enough give from the spandex to make this skirt comfortable all day without stretching so much
that you ll wonder if you should ve bought a smaller size it s also a great length for fall win
ter and looks fabulous with boots i just wish i could find the perfect buttondown shirt so i ca
n tuck it in and show off the cute detail buckle in back it is very hard to find a great midi d
enim skirt pomona s is very stylish well made and looks great on i had to exchange my size 1
0 for a size 12 and am awaiting its arrival remaining hopeful it will provide a better fit fir
st time in my life i have purchased a 12 so can t say for sure whether the skirt runs small or i
am now running larger i recommend this skirt easy to wear dress that looks polished and profes
sional for work love this tshirt casual but can be dressed up with wedges and a scarf the mod
el in this photo should be standing tall because this dress looks absolutely fabulous right out
of the tissue paper i ordered a small and am 130pounds 5 5 the dress fits like a glove and
is a pull over style the nude slip lining connected to the outer shell works wonders and allow
s for a full coverage feel yet nice breezy sexy appeal this dress can be worn to work on a h
ot date and even a nice weekend look when i say slimming i mean it the center detail grabs t
he most perf i feel really cool wearing this skirt a nice alternative to the jeans that are
my standard uniform loooks great with short boots i m wearing it as i write this review and w
as wearing it all day awesome skirt i love the cold shoulder trend and this top seemed to sat
isfy i bought it in the blue which is really more like a very light mint green however i thi
nk the material is pretty thin though soft and the keyhole sleeve area right by the twist i
s not substantial so it looks a little cheap i ordered the small but i think i could have defi
nitely sized down to the xs 110 pounds 32dd it s very loose fitting but i wouldn t say it lo
oks bad it s just a very relaxed fit for the price thou i am 5 6 and run between a size 9 10
pant i ordered the size 10 skirt and the waist fit perfectly and so did the back of the skirt
which i was afraid might be loose i don t really have a butt but it fits nicely looks like th
e picture so the skirt goes straight down it does not taper to smaller width like some regular
pencil skirts might so the bottom part will not be fitted for your reference the denim actuall
y has quite a lot of stretch so it s very comfortable as well as the waistband nan i bought this
in the neutral motif and my expectations before trying it on weren t high but i was sold once i
was in the dress sometimes dresses that have the elastic band in the waist can be tricky if you
don t have a perfectly flat tummy and can accentuate the tiniest bump however this dress sits
perfectly on the waist and is actually super slimming i wasn t 100 sold on the pattern or colo
r i wish it was more off white than brown but the fit was so great that i had to buy it the d
ress ordered this in the neutral motif size large and it s a great little dress comfortable an
d cute but modest enough that i m not worried about my bust 38d hanging out too much the v n
eck hits at the perfect spot the sleeves are the perfect 3 4 length not too tight and it s not
too short on me 5 9 i m a light blonde and i don t feel washed out in this it hides a littl
e belly well without being a tent also the lining is super soft and flexible the only problem
is the upper back falls i must be one of the rare people that this dress did not work for i ad
ored it online and even on the hanger putting it on it just looked frumpy on me i tried my u
sual small first decided i must need a smaller size so i sized down to an xs this one look
ed much better on but was nearly impossible to get in and out of the built in slip got twisted
and i had to start over twice i decided i wasn t willing to work up a sweat getting dressed a
nd undressed when i wore it i passed i love this shirt but have 1 issue that darn pocket it
s so awkward it even looks awkward on the model then i bought another t shirt by the same com
pany from elsewhere and guess what same awkward weird floppy pocket it s so odd i can t even
explain it great dress that can be casual or dressy well made and comes with a built in slip
the linen makes it a big wrinkly mess i tried it on and just the act of trying it on made it s

o wrinkly i would have bought it in a second had it not been for that love the mango color i
am in between a 2 4 and went with the 2 i m 5 3 and the length was a few inches above my knee
there is also a separate slip attached \r\nbummer maybe this won t bug some people but it woul
d drive me mad nan i just received this dress and it so adorable with the pineapple print
really flattering on and very well made the shoulder styling and cut out in the back makes it r
eally stand out for style the con for this cute styling is it is not bra friendly no matter wha
t bra you wear even strapless will show in the back cut out as it is open where most bras go i
t has handy side pockets and fits very true to size i m a 12 in most dresses and the 12 fit per
fectly everywhere but i am sending it back love this top i love the colors flow and that you
can wear with a regular bra and straps are covered i was torn between the xs and s but went wit
h the s due to length have already worn several times with a casual white jean summer skirt and
crops love love love perfect for day at the beach i m 5 6 and the length is just right above
knee not too short fresh and cool cotton comfortable feel absolutely gorgeous \r\nwords can t
describe the beauty of this dress \r\ni hope they will restock it cause i would order size s di
dn t know how it runs really cute dress the lace up detail is distinctive and i think this
dress will be versatile great for hot weather but i tried it on with retailer skinny pants an
d that looked cool too the included slip not a lining is soft and not clingy i m on the peti
te size and often find that relaxed fit dresses like this make me look like i m wearing a sack
but this one is not too billowy or shapeless i tried the mango color on in the store and reall
y wanted to buy it but the color just is not this top is gorgeous and better than the web photo
i love that it goes with the off the shoulder trend while allowing for a normal bra in fact i
t even has the little snaps at the shoulders to hold your straps in place awesome detail the
ruffled portion looks good over or under your arms length hit at about my hip 5 7 with long t
orso 125lbs 32b and and it has an overall flowy but not sacklike fit i found this to fit tt
s bought my usual s beautiful vivid print looks great with wh i found this to be a comfortabl
e stylish no fuss look bought my normal size 4 5 7 128 in the orange and it fits like t
he model it s a nice lightweight linen and is machine washable which is always a plus you can
t tell from the photo but the lace up portion actually has a bit of fabric in it so you aren t
revealed if it isn t tightly laced i agree with the other reviewers about sizing down in this
tee the colors are beautiful and design lovely i love how the sleeves are finished and the nec
kline i purchased at my local retailer store along with the flower days tee that i purchased i
n a larger size because of the differences in the design of the two shirts highly recommend bo
th pretty top quality material it is not thin and see through size down because this runs l
arge although it is meant to be flowy if you don t size down the arm holes will show your bra
and the rest of the body will have too much fabric looking too boxy and unflattering this top w
as really cute on someone else but not on me on me ti was too big and the color washed me o
ut the fabric is nice and the pattern and colors are nice too just not on porcelain skin li
ke many tops this season it is a bit boxy but looks nice with jeans white shorts or half tuck
ed into a skirt i would probably size down a bot when i first saw this i thought it was a bi
t boxy but i was drawn to the colors the arm holes are a little large and i got an xs normally
wear a size 2 so i will probably wear a tank underneath but overall the fit is relaxed and co
mfortable i love the colors it has a little longer length i m 5 5 i see this being cute wi
th white jeans blue jeans love it i am normally a size m sometimes a small i ordered a smal
l based on the reviews and it was so huge i could have been six months pregnant and it would sti
ll fit i would need to size down to an xxs but at this point i m returning it gorgeous colo
rs i wish it fit i ordered this dress in 0p since i am 5ft it fits great its not too short
just above the knee i ordered the red in xl and the fit on me matches the photos on the model
it s true to size the quality of the material is fantastic the stitched upper portion is well
done the color is much prettier in person it s such a bright cheerful well made top i washe
d mine and air dried it fits looks great after washing this is a bargain especially on sale
the red combo is such a unique mix of colors i like using blue jewelry with it but also mint
green jewelry too i love this shirt for a throw on and go hangs nicely and fits great color
s are more vibrant in person i love mauve i think they do a great job with their designs the
fabric is very soft love the purple floral color the top is very flattering with the ease and
comfort of a t shirt when this appeared on line i thought t would be a sure thing color blue
cut and style this dress appeared to have been made for me but i ultimately i ended up returni
ng it for several reasons fit i was worried about the length on my 5 5 frame but it was actua
lly long enough i have narrow shoulders and average arms but i found the shoulders or maybe it
was the upper arms to run slightly small in my regular size which caused some strange poofing at
the shoulders not sure if going up a great dress for a full figure \nforget about the horizonta
l stripes you can wear this with great style and get away with wearing those dreaded stripes t
he possibilities have been great because i wear this dress with sweater vests athletic vests s

weaters jackets and wool scarves i have worn this dress with cowboy boots dress boots and pum
ps and it looks great with all options the material is thick enough that panty lines don t show
women of different ages stop me and tell me they want thi great shirt more of a stretch to it t
han i thought it would very flowy looks great with jeans leggings nan this is a nice top bu
t it runs very large the small was still too large for me hoping they have this in xs this dr
ess is chick but funky the material is knit but not the usual itchy knit it s comfortable and
cool the colors of the stripes are cool they re earthy and go well with black brown blue an
d gray this is going to be a favorite for years nan loved this blouse the moment i tried it on
it is one of those items for me it does run large so size down if you are concerned about th
e arms don t be i usually go between a medium and large and the medium was perfectly roomy with
out being to large love this shirt the print is a little loud but cute i always upsize shirt
s due to my bust size and not liking them to be too clingy however that was a mistake with thi
s shirt there was too much fabric around the midsection with the larger size i did like it eno
ugh to order again in the correct size l i am a size 14 and busty if that helps the red is
short sleeved by the way if ordered online cute and flattering i have four kids and a post ba
by bump that wants to live on forever so i m a huge fan of flowy tops this one looked cute onl
ine but i wasn t sold on it and passed then i went to the store the next day and saw it and t
he colors were more vibrant so i thought why not try it on though i wasn t that excited about
it i tried it on and it was like the shirt was having her cinderalla moment totally transforme
d how it looked on me and in person i love it it was one of those instant i m buyi love this
shirt it s easy to throw on and makes a cute outfit with about any kind of bottoms i ve wore i
t with leggings and jeans this top is soft comfortable and drapes nicely the print makes it f
resh and different i sized down to a small perfect fit shirt super cute and very comfortable
i purchased a size xl at first but it was too large l fit perfect i m normally a size 14 on to
p but this runs large i am short 5 3 and very curvy i usually get petite in dresses somet
hing about this fit was strange it was definitely a little shorter than most petites the lace
detail on the front of this dress is really cute and it is a color you don t see often so i kept
it a great white blouse i expected this top to be sheer and yet it s quite opaque i bought th
e white in a size small i find it true to size and the silhouette is very flattering relaxed y
et super polished look absolutely love this top followed reviewer advice to size down and got
the medium good choice and probably could have gotten a small love the fabric and pattern it
s so light and pretty love the marriage of bare shoulders with sleeves this dress is amazing
bought in orange and fits wonderfully great quality and could transition in between seasons thi
s is a beautiful piece for the price very well made and flattering i m a 34c and usually wear
a size 2 4 on top and solid size 4 on bottom a size small in this fit great it does not provid
e any support up top though so be aware of that i love shift dresses and i love t linen so this
one was a must for me i had it in my inbox as soon as it came out on the website and then i fou
nd it in the store and had to try it on i took the six and the eight to the fitting room becaus
e i run in between and the six fit better so i guess it runs a little bit large really it just
depends on how you want it to fit the length is great too about 3 inches above my knee i m 5
foot 5 which is exactly where i like my dresses to hit i got the i purchased this in store and
the red motif is short sleeved as pictured the pattern is fun vibrant and great for summer mon
ths it s a more substantial weight fabric not sheer or clingy the fit is tts and it is a slig
htly longer length which i loved this is why i shop at retailer i was in one of my local store
s recently mainly to check out the sale my boyfriend was with me we hadn t been in the store
5 minutes when we passed a table with piles of folded tees this one caught my eye the color o
mg and then flowers and butterflies try it on he said as i held one up no i shouldn t
we wandered around checked out the sale and all the new and i was back at that table looking a
t that tee so i took a small and an xs to the fitting i received this dress yesterday and it e
xceeded expectations i was not expecting the fabric to have a slight stretch and felt that the
fabrication aided to the overall comfort of the dress without losing any of the quirky elegance
due to the stretch however i immediately ordered a size down for comparison i m a pretty soli
d 2 with eva franco dresses but with this cut i had about an inch of fabric in the waist regard
less i m keeping the dress jury is just still out on which side measur i love the way the d
ress fit definitely a flip flop by the poolside bar dress i ordered the mango colored one and w
as disappointed that the color resembled a dark squash orange and not as bright as it looked in
picture i think it will look nice with a tan so i will keep it wouldn t plan to dress it up to
o much because it will definitely wrinkle i am a petite 5 4 and got the regular and it fits ju
st above my knees which is good for my taste this is an attractive shirt but runs big i ordere
d the black and white purchased this in the burnt orange color very nice \r\nwill be lightwei
ght for our hot humid summers but has a bit of pizazz with the lace up front \r\nthe slip is ni
cely made with strap attachments in the shoulders so they do not slip \r\ni wear a ton of dresse

s in the summer so this will definitely be a go to item for all the horse races we attend \r\nl
ooking forward to snagging a nice derby style hat to match i love this piece i purchased it
on sale months ago and when i wear it i just love it it looks great with every outfit the ne
utral colors perfect it s very light very hip looking one of my very favorite pieces of clothing
i m very petite and i believe only the small was available but fits fine would love more of the
se genuine leather pieces at purchasable prices thx retailer have had many compliments on thi
s tee feels dressed up without feeling too fancy i have the purple and the white i purchased t
he purple first in m it wasn t too big to return but it was a little roomier than necessary bu
t when i saw the white on sale i purchased it in s which fit just fine still plenty roomy as t
he style allows both these are cute alone and also with a little sweater or denim jacket i hav
en t washed them yet but i imagine washing on delicate with a good gentle detergent will keep th
em looking nice for a long time this product is made of good quality cotton material it does r
un a little large but it still fits nicely i like the fact that the design is both on the fron
t and face of the garment i saw an outfit post of a gorgeous lady in this dress so i had to try
it it s so flattering and well constructed if a little longer than i usually prefer i ll just
have to wear pumps with it i don t have the right bra so i just pinned the straps to a bit of r
ibbon in front to pull them underneath the dress it does have pockets also i ordered the 12 a
nd it fits beautifully for reference i have a 40 bust and 33 waist i just want you guys to b
e aware that the red print is not short sleeved we have this in store and both are 3 4 length s
leeves great material and fit i didn t realize the patterned material was tee shirt material
i got lots of compliments on it though i ts blowsey from the bust down i got the short sleeved
red one but it s comfortable without looking sloppy if you can pull off the tucked in look it
s super cute i ordered the orange motif in short sleeves and i got what i ordered and love it
it is a little big but i wanted a looser top i was looking for something bright and fun for th
e spring time that i could wear to work with nice slacks or dress down with jeans this top meet
s my needs for sure i really like the detailing on the top collar bone area my husband loved t
hat it was bright and cheerful so i take this as a win nan this was just what i wanted a simp
le design so many of retailer s suits have way too much going on and this one fit the bill se
xy strappy and clean i can t wait to live in this top this summer so happy to say this dress
was built for my body type i m heavier wider in my upper body so the cut of the bodice halte
r fits perfectly and comfortably going in at the waist and flaring out to a soft a line the s
kirt pleating lays just right since i have no hips or booty yes the fabric is heavier weight
so i wouldn t recommend wearing in hot humid weather i love the unique print colors i do
not own anything in this color combination the retro vibe is strong in this one so i i got the
red which was short sleeved the shirt itself was so cute but the fit is very boxy i got a sm
all and it was way too wide far wider and shorter in the waist than the picture shows i am sad
to return but it makes me look like a square shape that is i bought this shirt in white i h
ave worn it 2 ways so far and love it i wore it under a pull over and had the tail ends stick o
ut and it was great that way and i wore it with a long cardigan i received a lot of compliment
s on it i will be buying it in red the print and fit of this dress is perfect it s very flat
tering and slimming nan this top runs very large and is loose fitting in the middle it looks v
ery flattering and is very comfortable i bought the one in red and it looks quite good i would
go down one size maybe two i tried this dress on in the store in the mango color but opted to
order the blue the dress is beautifully made and the fit is fantastic beautiful dress appears
well made but unfortunately i wasn t able to get it on about 6 inch gap in the zipper over che
st area first time i ve ever sent something back to retailer for not fitting i purchased the m
ango it is flattering with my olive skin and golden brown hair i am keeping it i m used to li
nen so no surprises there i agree with a reviewer that said it will work in summer and fall i
could wear this walking on the beach to a summer casual dinner party i plan on wearing gold sa
ndals and gold jewelry this will make the feel more summertime then i will wear boots with it
in the fall i m very happy with the choice my store didn t have the blue the fit is tts i m
5 f really pretty blue top great for wearing around the house if you want to be comfy and casua
l yet look good in case your neighbor shows up at your door of if you have to run a quick erran
d if your wear it with distressed jeans it will add to the casual vibe the blue is vivid and p
erfect for any hair color don t get me wrong the top is casual and cute it is not sloppy and
has an international worldly vibe i recommend it i bought the dress in mango i love the colo
r it is very vibrant the fit is great and i imagine getting a lot of use out of this dress dur
ing the summer months my only complaint is that i expected the fabric to be a little bit heavie
r i find it to be kind of thin i love the sweater online and even more in person i paired it
with a long sleeve top with a bell sleeve and it looked great very bohemian look i saw this d
ress on someone and knew immediately i had to have it it is stunning in person this jumper is
so much more flattering than it appears in the product photo i am not sure why it was paired in

a way that made it look so wintery and did not play up on the capri length and interesting arts
y top \r\n\r\ni am a curvy 4 or a 6 smaller on top with hips i love this fit it it pulls in
at a high waist with a stretch in the pants it s just adorable i would say that the top port
ion is quite fitted it s not a stretchy material more of a textured thick fabric so that is s
omethin the smallest size xs was big on me i was overwhelmed by the sweater it is a bit of s
wing shape doesn t hug the body sleeves are interesting though but not flattering on a petite
frame color is a pretty green made me think of wintergreens fabric may be itchy to some just
ok for me \r\n\r\nfor reference xs bog on 115 lbs 30dd 26 5 in waist i have worn this with sk
inny jeans and espadrilles untucked and with black linen shorts i also wore tucked in with high
waisted slim fit black pants \r\n\r\ni got compliments on all the looks i think it s a fun and
cheerful feminine summer top \r\n\r\ni got mine on sale so i thought was a fair price for what
it is wouldn t have paid full retail \r\n\r\nrequires ironing \r\n\r\ni am a size 4 and 5 3 and
have a small would recommend but with the caveat that i had to return due to the pants being w
ay too big all over even the length was more than i expected from the photos online i am 5 5
120lbs narrow hips usually a 25 in pants including other level 99 pants i own i ordered a 25
and i could have pulled them off completely buttoned plus they went nearly to my ankles anyhow
the material is really nice soft and comfy color was good i ordered the dark and i could im
agine they would be super cute this worked for me very elegant cozy and comfortable extreme c
omfort for travel and out door activities i ordered top and pants online as seen pants are of
good quality and hang beautiful i love the color and quality of the fabric nice and vibrant
nice fit at the top into a flowy drape the top runs big and glad i ordered down one size love
the outfit for my upcoming island trip this jacket is beautiful and easily dresses an outfit up
and can just as easily be dressed down and worn casually i consistently wear a size 8 10 m and
have this piece in xs the reviews do not lie size down maybe i would ve kept this top i
love the print colors and design however i feel like i had too much of a bosom to wear it s
ince my bust and torso seemed too large for it the peplum ruffle bottom lining and top straps d
id not look good nan this is a pretty adorable jumper the size 8 would fit someone really well
who s about a typical size 6 and maybe 5 6 i m 5 9 and it was too short it s fun and definit
ely different i d otherwise wear it a gorgeous and vibrant print love the ruffles on the bott
om and the detailing of the straps in the back perfect for a beach day great alternative to yo
ga pants these pants are stylish and on trend but also easy going dress them up or throw on a
hoodie and your look is instantly transformed with very little effort this is going to be perfe
ct for my daughter s graduation she is in love with it and it looks amazing on her subtly chic
raincoat with a lovely drape except see below and wonderful details like the large diagonal o
pening pockets snaps and decorative cord the striped lining throughout is a cozy but light je
rsey layer the coat would be ample cover for temps in the high fifties or low sixties \r\n\r\np
roblems the double zipper was hard to use but in my experience with other jackets you get the
hang of a wonky zipper eventually \r\n\r\nthere seemed to be a problem with a seam by the left p
ocket so that m this jumper is adorable and very well made it is a bit tight in the ankles and
it kind of gives me a hungry bum look but then i realized i ordered a 4p so it is actually tts
going to preview this number at my bachelorette party this is a lovely dress with great fabric
ation nice detail on the zipper placket good material however it runs small in the waist if
you had a nymph waist this is for you i couldn t get it zipped those pants sit pretty snug on
top and get very wide very fast this looks odd in my opinion if you do not wear a tunic style t
op like on the picture also the material is quite thin which makes the snug part look unflatte
ring they were not for me unfortunately i so wanted to keep this but the xs was even too big
i usually take an xs s petite and thought i could get away with the xs of this it is just too b
ig so sad to be returning it wish it came in an xxs or petite i sized up to my higher size ch
oice and it was snug not for athletic builds top was fitted and thighs tight which caused the
belly area to pouf out good for very thin gals also good if you are long waisted the previous
review was right this jacket coat feels and looks expensive nice weight very soft pattern is
better in person i normally always wear a l and in this i can t decide between the s or m i r
eally really like this tunic it is gorgeous but it runs small i tried in l usually wear l xl
i may need to try the xl but i sent it back because it just too expensive the fabric itself is
thick and heavy i didn t like the fabric much i wish it were softer especially for such a gor
geous tunic it was hard to send it back but i may try the larger size in the store i think i
need 2 sizes up it runs too small i loved fabric print and back detail design however was
a little too boxy to be flattering on me even at great price i sent it back these jeans are am
azing they are so comfortable they have a great amount of stretch but do not sag even after w
earing them all day i am 5 4 and 135 lbs and purchased my usual size 27 i did have to have t
hem shortened \r\nbut only b c i bought in store and did not have the petite online option i ha
ve worn them on several occasions great purchase i love these pants they are comfortable and

dressy enough for work the wide leg is the perfect size and the higher waist is professional t
hese are also nice and long for wearing heels i ordered a size 27 and they fit great i normall
y wear a size 6 in us sizing these fit beautifully and are very flattering they are true to si
ze but may be a little long i am 5 5 and wear these with 2 in heels i have already had numer

ve always been partial to palazzo pants these fit like a dream and are very comfortable softes
t denim they feel like they ve been through the wash a hundred times already i m pleased tha
t the belt is removable as it adds just a bit too much bulk for me i m 5 4 and bought the peti
te for a perfect fit these will become a go to pair i love these bottoms they are super cute
comfy and very flatering finally a bikini botom i feel comfotable in after having my babies it
s just high enough to cover my stretch marks on top and the ruffles cover the one down low an
d fits loosly enough to avoid a muffin top i am normally between a size 8 and ten 145 lbs and
i ordered size large i m really glad i read the previous reviews on this i m normally between
a 27 or 28 thought a 28 would work best for me seeing that it s high waisted but i recommend si
zing down on these guys the 27 fits very comfortably \r\n\r\ni m 5 7 and i can wear them with
flats i have a hard time with skinny pants due to my muscular thighs but these worked the l
ength on the petite was a tad long but i see on the model hers do a similar thing so perhaps it
is meant to be that way would look better with heels for me below 5 2 i love it but i don
t at the same time \r\n\r\nsheer so sheer you can probably get away with a nude bra but not s
ure i tried on both colors and love them both love the shimmer i ordered btoh xxs p and
xxs regular i think i would go with regular the petite seemed cropped on me so if i lift my
arms hello belly \r\n\r\nso overall i would probably get this if it goes on sale color is e
ither way but since i don t have an immediate need i passed nice turtleneck though \r\n\r\nr
eference 11 i have been waiting for these to go on sale for some time now and so happy to day
they still had my size in both colors i don t usually buy 2 things the same in different colo
rs but in this case i did \r\n\r\nfit true to size for me almost had a hard mite buttoning
but they are stretchy so don t buy a bigger size they will stretch could not decide which col
or to keep so kept both i ordered the 25p 0p i am 5 1 5 and 115 lbs i think these ar
e vanity sized but my usual vanit i bought these to wear to a christmas party with a lacy blous
e but found they were what s been missing in my life after wearing them nearly every other day
i decided i needed another pair \n\nfeel like yoga pants but look polished make your butt look
perky and your legs slim maybe i need another pair saw these at my local retailer store a
nd almost didn t try them on so glad i did they made my legs look long and lean they run a li
ttle big and i decided to go down a size because i think they may stretch out after wearing for
awhile the material is fairly thick but i think that helped in making them appear to slim my hi
ps butt and thighs the material is really pretty stretchy and that made them so comfortable i
love how i look in these this dress is gorgeous the colors are deep and rich and the fabric
is super soft the top part is lined but still avoids feeling like it would be too hot when the
temperatures warm up bonus a regular bra works perfectly underneath without anything showing
even with the deep v neckline while the waist does sit a bit high it works perfectly on my bod
y emphasizes the smallest part of my waist and then flows away it drapes nicely not too full
and not too clingy i am 5 7 and a true size 6 great fit and style the color is perfect for spr

t find it itchy the yarn is soft and airy but i guess it depends on how sensitive your skin is
the length was low hip on me and i m 5 9 tall overall i m very pleased and looking forward to
wearing it can t speak to the quality of the garment beca i did not try this on alone but rathe
r with a long sleeve white tee and white button down shirt i really liked both looks if i find
it to be itchy like the other review i will have to return this is an effortless fashion statem
ent yet it could easily be a weekender cozy staple my only complaint is why two neutral colors
this would have been great if offered in a richer darker yarn the two offered colors are so sim
ilar and both looked drab against my skin tone i am 5 1 and 113lbs i ordered the petite size 2
6 and it fits like a glove i gave 4 starts as i wish i had less stretch in it but other than th
at they are perfect length and sooo soft super happy with the cut and waist height me 5 6 1
30 waist 28 39 hips 36 37 tried the size 27 the usual for me in pilcro they fit like a glov
e and i loved them i clearly needed a 2 3 heel to do them justice and now i see the photos of
my rear i m a bit doubtful but pilcros always stretch a little and these are super soft and funk
y \r\na win i bought this dress for my wedding rehearsal dinner it s beautiful the material i
s thicker than i imagined not a bad thing at all i ironed it with lots of steam and it came ou
t great the tie in back is nice because it can be cinched tight or worn more loosely i bought t
his in black last year and i love it i also like the two prints offered here but unfortunately

the matching tops aren t really my style and these prints wouldn t be so easy to mix and match
please offer in other solid colors i would buy all of them this skirt is really that fabulous
\r\n\r\nnot only does it fit well and run true to size it also comes up a bit further than othe
r swim skirts i have tried on and gives a little more tummy coverage but not too much somehow
it hits me a i love these pants so comfortable and the material is so soft great fit comforta

said won t stretch out and i ve already returned one pair to size down when they stretched ou
t by the end of the first wear ive been wearing the smaller size for a week and it s stretchin

p in public after just a week of owning them i love paige jeans and the cut and color of thes
e are amazing i m going to have to size down one last time just to get them to stay up i hope
i love these jeans they are flattering and don t sag after wearing them for a hour or two they
look great with flats or booties this darling dress has a fun boho vibe to it and the color pat
tern would flatter a variety of skin tones a long necklace is a must with this dress it has a
flowy drape below the waist so it s a generous fit i purchased the medium i ordered this in xs
and s they both fit very well and i couldn t tell much difference between the two i kept the s
as it seemed to have a little more length on it i am 5 4 about 120 i wish this were offered
in lots of different solids and more patterns the taupe and white stripe hint hint hint too
it s just perfect i am in my mid 40s and have young kids so it s great for my life right now c
omfortable too i ordered the petite size 27 and the fit is just like on the model not tight a
t all and very flattering even the petite length is long on me and i will need to wear wedges o
r something with a heel but honestly that makes them even more flattering makes my legs look l
ong i am 5 4 and about 118 the material is so soft and substantial the color is very accur

d to size up to a 28 in these the legs felt fine in the size 27 but the waistband was a bit ti
ght so i went with the 28s i am 5 2 115lbs i ll also be hemming or possibly just cutting the
se off they are about 4 inches longer on me compared to the model pictured i adore these jeans
i bought them in a size 31 but probably could have gone with a 30 i decided to keep them anyway
and have been very pleased the fit is flattering the color is perfect i prefer these gray jea
ns to any other color for most outfits the waist is a little higher than i m used to but that
makes the fit even more flattering and helps prevent the sagging out issue that my older paige
skinny jeans have \n\ni love these jeans and definitely recommend them for hourglass shapes mo
this dress is gorgeous i ordered it because i was getting other things and there was free shipp
ing i am 5 3 5 and abt 123 lbs usually between an xs and s and also between reg petite so
metimes i have to order multiple sizes to get a decent fit i ordered a sz small petite and it s
perfect super soft great colors perfect length love it these give an amazing slimming effe
ct and i love the dark wash and fit on the waist only negative is that being 5 4 and a size 30
the length of the pants is a few inches too long for me i still love them but will have to wear
heels with them always these pants are flattering yet comfortable i am thrilled that they are
available in tall sizes because i am 6 feet tall the 36 inch inseam is perfect and for me preve

le the dress is very stretchy but doesn t look like it it is absolutely one of my summer stap

uld these are the perfect dressy jeans they are super soft but have the right amount of stru

n is the flared long leg very long in fact i m 5 5 130 lbs and ordered a size 28 they fit
me perfectly but i do have to wear them with my tall heels which makes them perfect for work
with pumps as well as for casual outfits with tall wedges if my size wasn t sold out i d order
another pair they are trousers fit tts with nice thick fabric and great fit the length was pe
rfect for my 5 9 height they are flattering very nice quality they fit perfectly and the stret
ch makes them very comfortable these wide cut stretchy demon trousers are so flattering i m 6
and 160 which translates into curvy territory i didn t need extra length and the size 32 was
bigger than i need but not too big these are very classy looking and go with sandals to booti
es for every type of look summer to winter with a breezy top or a cozy sweater \r\nthe revi
sitation of bell bottoms and culottes had me slightly down those cuts are not the most flatteri
ng for most people these jeans are smart but trendy this is like wearing an afghan but i get
cold really easy so for me that s a good thing and it s super soft and not itchy i could easil
y never take this off runs a little large but that should be fine when it gets layered onl

y thing i didn t like was the one long stitch that holds the wrap in place i worry it will snap and the whole thing will unravel nan sits slightly below waist i bought size 30p length is go od no alteration required for petite height 5 4 and 136lb material is good and i recommend them these are super comfortable and with heels can be very flattering i like the fact that you can wear them with or without the belt \r\nhowever i wish that the color was the same darkness as s hown online they are lighter and a bit duller i look at a few pairs and they are all the same still love them but i m sure they would have been even more fantastic if they looked like the pi cture i have a tough time shopping for jeans because almost everything that fits my butt is too big in the waist also i have thick thighs so that s an issue and i hate shopping for jeans th ese are so much cuter on than on the hanger try them you won t regret it so flattering i ord ered these in the blue size 28p i am 5 120 lbs a size 6p and curvy the jeans fit very nicely in thigh and hip area and i don t have skinny thighs the jean is not a low rise which is what i was looking for i was looking for a jean that was a little dressier yo wear out to grab a dri nk or catch a movie these jeans fit the bill because they give off a polished vibe especially when paired with a dressier top blazer skinny belt and heels also i like that the jeans don t have the to i am a huge fan of all things mother brand now they fit great and are true to s ize they have just the right amount of stretch but maintain their fit all day these jeans d efinitely look more like pants and are very snug but stretchy i m 5 10 and ordered the tall a nd mine are a little longer than shown on the model they look nice on but are a tad tighter th an i anticipated runs big so size down i love this top for many reasons but armholes are big s o went to xs and i am usually a small or medium xs was perfect and still long enough for me go rgeous fabric and color and flow got tons of compliments very feminine and comfy looks great with jeans and white crops perfect in every way easy to wear very feminine comfy and goes wit h everything only problem is color is not like picture it is a mauve not a light pink i still love this top and the color it camre in brighten up with lipstick necklace earrings whatever your pick highly recommend a winner this top was different than what i normally wear but ba sed on good reviews i purchased i really love it it is different than i thought it would be i thought it was longer sleeves but it is just above the elbow definitely need a tank or somethin g underneath as it is see through and the sleeve holes are quite large \r\ndefinitely recommend the cut and design of this dress is lovely the fabric is heavy enough for fall winter but the sleeveless style makes it a great transition piece for when the weather warms up again it does run slightly larger than most other retailer dresses i sized down to a 2 from a 4 the bust str etches a bit for the ladies who might be heavier on top i m a 34 dd however i noticed the wh ite shows through in dark places around my bust also the boning in the front pushed against th e fabric a bit really beautiful top i agree with the others a bit on the short side it is cut a little wide but has a nice flow the color is not pink it is a blush type color that can be h ard to wear for some skin tones but i m going to make it work because the top is too pretty to pass up not for the long waisted i immediately ordered this top when i saw it online th e embroidery is beuatiful although it will require extra care the soft lavendar color was a b reathe of fresh air however i felt like i was wearing a maternity top as it hung oddly on my s lim 5 9 frame i am long waisted so perhaps petites will find this top works for them i agree with the other reviewer that indicated the arm openings are a bit large and deep sadly this on e went back this blouse does have a flowy boxy shape to it but the details make up for that when i wear it tucked into a skirt it looks wonderfully flattering i tried on an xs and conside red looking for a xxs but i feel that size would probably end up being too short instead of more fitted i desperately wanted this to work it s a beautiful color and overall quality it is j ust so short and wide almost a perfect square if you lay it out flat i can see it looking bet ter on someone on the shorter side but on my 5 7 frame and long torso it just didn t look righ t few extra inches and this could have been awesome tried in store today and found to fit tts images are accurate in terms of color and showing that there is a tiny bit of sheerness to this as you can see near the bottom in each photo i really loved everything about it except that it flared out a bit on the bottom in a way that i d probably fuss with too much id probably buy it on sale but not before that i didn t look at this dress twice online but when i tried it on in the store i was floored it was beautiful flattering and so much fun this top is gorgeous in person i got the small because at 5 5 127 pounds and a 30f chest you never know how a top wi ll fit however this one is big i definitely needed the xs which is now sold out i ll be taki ng in the sides because the arm holes show too much bra and there s a ton of extra fabric that m akes it way too blouse love this shirt though and am not willing to part with it nan i am an r etailer employee and this top just screamed my name when it arrived in our store i love the col ors and the feminine flair of this top i am short and this top is a little longer on me than pi ctured on the model i like the fact that it is a bit longer it helps cover up some of my extra assets the top is to big at the arm holes which is the story i have heard from my customers who

did not purchase the top even though they loved it i should have purchased the xxs online it w
ould i got this top in the brown color although it is really more of a burnt rose or light s
ienna shade and it is just lovely i love the color the fit is just right comfortable and a go
od length it feels very well made and has beautiful details from the pleated collar neckline to
the slightly sheer upper back panel i have only one tiny issue with this top in the very front
where it buttons there is no lining or fabric behind the crocheted lace panels in retrospect
i can see this slightly i tried on a small but usually am xs \r\n\r\nthis shirt dind t seem lik
e it had too much fabric or too bulky to me as it did to others adn i tried on a larger size te
h material is soft and feminine and love the embroidered detail one thing to note is i found t
hat even with the layer of fabric it was still a bit sheer and i could see through in some of t
he dressing room lighting didn t purchase only based on the skin tone v s shirt color color of
shirt is gorgeous but i am pale and it wasn t i just ordered this top and so far really like it
it is pretty and feminine and comfortable the one thing i would note is that the lace running d
own the center has holes which you can see through unlike the lace to each side it s not extre
mely noticeable but i am planning on wearing a cami under it i ordered a small and it fits pre
tty well but is definitely on the looser side i wonder if possibly the extra small would work f
or me but i m fairly tall so i went with the small i liked the details on the front a d back o
f this top while i was pregnant i purchased the white color in the small everything fit supri
singly the top even covered up my pregnant belly i returned it since i didn t want a top with
so much room in the waist area post pregnancy i recently got this top in the xs thinking that i
t will be a great stylish breasting top while everything fit in the hips and waist the chest
area was too tight this top did not work for me as i am in between sizes super flattering dress
love it makes my waist look tiny great fit and flare style without making me look pregnant i
love the fabric will be great as a travel dress packs easy doesn t need to be ironed really
substantial fabric love it i think it runs large since i m rarely a 2 at retailer but i find
that maeve runs all over the place i m usually a 4 at retailer and i got a 2 in this i just go
t these and had to return them as they were not becoming on my physique for reference i m\r\n5
5 122 lbs 26 waist 38 hips and i have a long torso and short legs i ordered a 29 petite t
he fit\r\nwas tight but they are supposed to fit tight if i wasn t so hippy i would have kep
t them the model is\r\nslender with long legs and she looks fantastic in them not me i do rec
ommend these as they are cute but perhaps geared for a more slender body type i love this blou
se it reminds me of something out of europe with the swiss dot and crochet delicate sleeves i
ordered the xsp and it fits perfect i m 4 11 so the shortness of the top isn t a factor the
material drapes nicely and doesn t make me look wide or boxy i was afraid that the sleeves were
going to be overly puffy put luckily they are not the only thing to note is that the color is m
ore on the tan beige side rather than pink i find with a lot of retailer tops that the colors
are i purchased in the raspberry love this color and the asymmetrical design is super cool and
the color is unique however i am on the fence this knit top is very thin and for the price an
d to wear in the cold fall and going into winter i think i need it to be more of a light sweater
or at least a thicker fabric i am 5 9 and 140 lbs and the small fits perfect the sleeves are
long which you tall gals will love while i love this top beautiful color and pattern i found
it to be a bit short if it were a few inches longer i would be thrilled i m 5 8 curvy an
d have a long torso so that may be the problem i will say that within 2 hours of wearing this
i had 5 strangers stop me and comment re how pretty it is i am keeping it i tried this on i
n the ivory color because it was on sale and i thought it might be sort of cute a comfy flow
y warmer to cooler weather transition top little did i know how much i would fall in love with
it i tried it on over like 3 things in the fitting room including a black strapless maxi dress
i wore into the store and it still looked great it is comfortable loose and goes with pretty
much anything i ve tried and still haven t found anything it looks bad over it s not super dr
i really lived the detail fabric and quality of this tank however the sizing seemed disprop
ortionate it was tight through the bust and loose the waist i really loved all the colors i pu
rchased online but had to return them because of the sizing i tried on this dress in store and
was amazed by the quality and simple structure of the dress bought it with no hesitation absol
utely beautiful dress i m 5 11 and this dress works for tall girls no need to be on the fenc
e about this top it s lovely what you see pictured here is exactly what you get even the col
or of the top is 100 accurate for reference i m usually an xl 16 apple shape 40 c bust and
this xl does not cling at all to me so you may even be able to size down the drape of the clip
dot fabric is flattering and thick enough not to need a cami all of the fabrics used are nice
and soft and the details it s going to be a beautiful spring ordered navy in a medium and i
t is wide sometimes that s a good thing but not this time am short waisted and hoped this wou
ld be more fitted at the waist on me but it isn t it just looked frumpy with lots of see throug
h parts obviously it needs a cami but wasn t attractive on me at all seemed well made and prob

ably better on someone taller i ordered my normal size large and it fit well although a bit on the long side the fabric has a waffle texture that s lightweight but warm and cozy i got the b lue and the color was a bit intense in combination with the tie dye affect and waffled texture my favorite part are the lighter striations on the neck that opening is really small it just d idn t suit me so i returned but recommend giving it a try if it s calling your name i saw this dress a few weeks ago in the store tried it on but didn t have anywhere in mind to wear it so i passed noticed it on sale online and had to order it is so comfortable and flattering the mat erial is thicker therefore it keeps a nice shape not slinky at all this top is my favorite spr ing item the color is a soft petal but it doesn t wash me out i m a sandy paleface and the details make it special the cut is a little wide i sized down but it s also forgiving and pe rfect with slim pants or a pencil skirt it s really a find the idea of this dress is lovely t he fabric is pleasing to the touch the print manages to be eye catching but understated i don t know my exact measurements but i typically wear an extra small and i rarely have fit issues wi th off the rack clothing i read the other reviews about the odd fit but decided to take a chanc e i ordered an extra small in this dress and the bottom half fits perfectly the top fits poorl y i have a fairly athletic build but it is a bit too large for my shoulders how wish someone w arned of the navy one being not as pictured i ordered the navy because the crocheted part appe ared to be more intricate than the ivory in reality the navy knit is just like the ivory it se ems well made but very delicate i m not a fan of tops especially pricey ones that require a c amisole but this top is a very retailer piece so most likely i will keep it just a bit disapp ointed this is a very pretty feminine top with nice detailing i ordered this on a whim and am so glad that i did it s a great color shirt and the embroidery is perfect i like the length of the shirt expected them to fit somewhat loose but actually tight for a boyfriend fit like a sl ightly relaxed skinny with a really low crotch stretches everywhere when sitting and walking ex cept the waistband the distressing and fraying holes in good placement wish there was some on the back of the leg but i have yet to find a pair that does that good color and quality but no t quite worth full price will probably look for them on sale later i always prefer skinny jean s over boyfriend do it might bi the blouse is gorgeous the detail to the blouse is outstanding and it is very feminine from the pictures front and back there appears to be flow to it and r oom however my general size m was absolutely gigantic it was like a tent i was speechless wh en i looked in the mirror i debated tapering it and then thought that s just too much effort i m going to return and see if i can order in 2 sizes smaller i m 5 1 and a 36c if this helps t his dress is made of a wonderful thick material that is flattering i think the photo doesn t r eally bring it to life it s a great dress that can dressed up and is at least a 3 season dress thanks to the colors the v neck is a little deep if you are bustier but not inappropriate for a slightly more casual office it runs a bit large and the fabric has some give so i would potenti ally size down i also think if you are more narrow shouldered it might not be the best fit with out a nip and tuck i love floreat and was excited to find this top on sale i received multiple compliments the first day i wore it it is true that it might be better with a bit less fabric b ut it wasn t a deal breaker for me the flowy shape it ideal for summer i love this tank to wea r alone because it is soft and more lovely than a basic plain tank it is especially great to la yer with a sweater cardigan the colors are always fabulous and the design is wonderfully femin ine i own several and love them all it s a great value especially on sale i normally wear a s ize 6 and the small fits perfectly like others i think this is just lovely on so many levels however \r\n \r\npros \r\n great color will match with many things \r\n great de sign at the sleeves and overall \r\n the v neck part isn t too low \r\n fabric is pretty com fortable and breathable for the most part \r\n \r\ncons \r\n it is boxy wide for m y height and weight the medium fit well but i noticed it made my torso look shorter plus i m a 36c not huge but to retailer s standards i ve had issues with things b the details on this blouse are so pretty it is a bit wide but it flows nicely it is also a little shorter than a lot of tops but i think it will work nicely with higher waisted flares this spring the sleeve is very flattering i got medium my normal size nan i love this top it is sheer so wear a ca mi but it so pretty i will wear it a lot a winner for sure i have the jeans version of these pants and these run smaller and they re a little thinner than jeans i like the style and i lo oove the jeans but i ll have to exchange these for one size bigger and see if they work beauti ful and delicate this dress is beautiful and extremely flattering i have an hourglass shape and this dress highlighted that perfectly the pictures online do not do it justice i love the tie dye look i ordered the blue color in my usual size small fit is tts love it just a fyi 1 on mine one arm is a darker blue tie dye the other is very light color variation 2 the white band on the mock neck doesn t give much so be careful when putting on taking off i thin k it s pricey but ordered during the promo so that made it better it came yesterday put it on w my washed blue skinny jeans out to dinner we went the top is gorge it may look somewhat sl

ouchy but it falls perfect and looks great especially the navy color with white jeans i liked it so much i ordered the ivory color too beware the quality of this top is extremely delicate a nd if you don t want it to snag do not wear a bracelet that can snag it this top is awesome it is feminine and flattering at the same time the color also makes it a little romantic i wil l wear it with jeans or very a little dressier night out black pants buy this and you will not be disappointed for myself it brings out the playful side of me it is flows and just looks lov ely i wore it with a white denim skirt and booties i know white and it looked great the fab ric is beautiful and in the sun it is breathtaking love this dress accents your curves and sli ms you waist these tights are wonderful exactly as pictured but the shimmer is more apparent in person definitely true to size and super comfy the only tricky part is finding the right shoes to pair with i am giving this dress 3 stars bc it s pretty and i bought it but i m going to need to get it altered big time i got the 00 and it s too big on top but this is the type o f dress that should be fitted on top i am a small person but this fit more like a 4 or 6 prin t is beautiful though wayyy prettier than the pic i suggest getting 2 sizes down i could see it being extremely gorgeous if it fits correctly i love this tunic it s wool but the same kind of thin high quality wool you might find in a nicer scarf colors are much nicer than they show up online this is one you really need to see in person the only drawback is that the material seems to snag easily i returned the top at full price as it is just too much to spend for somet hing i ll only wear a few times before no doubt ruining it if you are not hard on your clothes like i am this is a great find i may repurchase it when if it gets i almost never buy full pri ce but i did with this skirt it is adorable saw it in the store it is too short to wear to work but is fine for casual wear i am a size 14 but the largest one they had was a 12 and it f it perfectly i 39 d size down the fabric is stiff and the a line stands out colors are sou thwesternish can be worn with any color top i bought a cream colored top to wear with it th at was on the sale rack but i m sure there are plenty things in the closet that will go i m 5 1 115 and bought the small i buy most retailer tops in xs but the small fit well not too tig ht and is flattering the colors are as seen and are a soft muted color the material is thin wh ich is fine for hot weather and i haven t washed so can t say how colors will hold and how well material will hold but have high expectations for retailer apparel this will work well to wear with shorts or a navy maxi skirt adds a nice touch of color for spring and summer i usually we ar a medium in tops from deletta so i would say this top is true to size i personally loved the fit in the front the seam goes up slightly to follow the bust line there are some gathers in that area as well so that any little bulges in the tummy area are hidden the fabric falls nicel y there the seam at the waist on the side and back hit exactly at my waist i love both of the prints the tops seem to be well made time will tell very lovely dress perfect in all ways although i do find it to run big i ordered the small and i usually wear a 4 to 6 in a dress t here is a lot of fabric but it lays nicely it s mostly just the arm hole it s rather large sh owing the strapless bra so deciding if i should size down if there isn t a huge change in siz ing or keep and have altered \nif anyone has tried in both the xs and sm i will watch for comme nts overall size differences i have the black and white and wish now i wo the photo does not d o this top justice the design of this peplum is very slimming and the colors are complimentary to any skin tone i usually wear a m 10 but purchased the l based on other reviews it fits pe rfectly \r\nwould highly recommend even though i had to return this top because it did not fit me properly it s a very nicely made and attractive piece with a lot of versatility i love the feel and drape of silk this dress has lovely drape and fantastic color i think if paired with the right sweater and leggings this will work well into the fall and also transition into othe r seasons if you are savvy the only awkward point about this dress is that you must wear a belt with it if you have an hourglass shape otherwise it s a beautiful swing fit i bought this top in pink today and it is a beautiful bright pink spring color i did have to size down from my no rmal size six all the way down to a 2 due to armholes being being too big i tend to have a chro nic problems with armholes being big so not sure others may find the same problem however i typi cally size down to a 4 when armholes too big plenty of room in body still but i lost some lengt h i do have a short torso so can get a way with this aside from my armhole problem it is a gor ge love this top bought it in the relish color loved it so much bought the green too usually wear a small but the medium was perfect i love this top fit is perfect for me shows just the right amount of cleavage wore it to dinner on my birthday and got a ton of compliments i purch ased the mustard colored item and it is very good for spring nice fit nice quality have worn t his top multiple times with jeans neckline makes even those of us who are small busted look gre at up top this top is all around great for summer i ve worn it to festivals for casual work wear etc love the colors they re vibrant this top could even be worn on the warmer days of f all with a light jacket over it this is a very flattering and comfortable top that can easily t ransition into fall i can t wait to wear it i have the black and white one under my new leath

er jacket the store was out of my size so i had to order the top which came with a small snag i trimmed the thread and wore it anyway it is also long enough to wear with leggings just boug ht the patterned and gray the small fit perfect i do have a short torso though chest size 32d d i tried the medium but then the underarm portion was too wide i might have gotten a medium p etite but small petite would have been too small i think i hope the quality holds up which was the only thing i wasn t sure of great summer tank to throw on with jeans or shorts this flared skirt caught my attention the first time it came up in the website i am more a florals and lac e kind of girl but the flattering shape and stripes kept me going back to it agin and again i finally saw it in person at my store and needed to try it on perfect the colors are matte and not metallic as i thought based on the website photo you can definitely dress it down with a c hambray too or t shirt i wore it to a work meeting and can t wait to wear it again it s a bi t on th the design on the blue sweater is actually a dark navy not black as i thought it was but it still looks beautiful with black underneath rather than jeans like it s shown the v nec k is a nice change from other cardigans i have looks great with a cami or another v neck under neath it soft nice medium weight and not at all itchy happy with this as an easy everyday swe ater top is blouse and long enough to stay tucked in if you want like the laser cut detail fr ont and back sleeveless is great for summer months here can wear to work or dress down with jeans fit is true to size i am 5 5 slim and small busted so anything fits me i would thi nk it you re busty it would be fine as it s a blousy fit \r\nthe color is more of a salmon pink which works for me however if your looking for a true pink it may not work i ordered this in an 8p yellow the yellow is more of a rich golden yellow than the easter yellow i see on my moni tor that i was hoping it d be but i m keeping it because it fits me perfectly i am chesty for my size 32ddd and somehow i don t look bigger than i am in this top i also have broad should ers and this doesn t feel tight when i move my arms bonus that it has loops to keep your bra st raps in place i have to dock a star though because there are quite a few fabric threads to trim f i have been eyeing this dress for months and finally a sale the pattern is beautiful and is a great quality the fit \nit is a swing dress so if you are a bigger girl this may not be fla ttering try a belt though the high neck could be a bother for some it does fit close to the ne ck but not tight \nalso size down two sizes i do usually a medium and i went with a petite small \nfinally this dress can be worn in summer and winter i do a belt and a blazer for offic e and a light sweater for this is a great top and worth the money nice flow to it soft materia l and light weight for hot summer days many light weight tops are sheer and require a cami th is one does not which is key for those of us that live in hot climates don t miss out i love t his dress and would have bought it on the spot without hesitation if i just had an event to wear it to i am plus sized 18 pants 16 dress 5 7 36 38 ddd and i never size down but i was ab le to with this dress because it is so flowy the dress hit just below my knee and the only fit difference i saw when i tried on the petite is that it was slightly shorter still no thigh show ing this would be flattering on absolutely anyone if you are worried about bulges this dress will give y this skirt is beautiful i even have the perfect shirt to wear with it sadly thoug h i have to decide between too many nice things what to do i tried on the 0 and it fits me perfectly above the knee waist just right 26 5 in colors are fun and great for fall but co uld also summer ize the skirt fabric is thick however and well made i highly recommen but le ave a 0 for me i purchased the purple motif in petite size small it hits just the right length for me but i can see that if i were any larger chested it might be an issue for reference i m a 32d 5 4 112lb it s very forgiving on the tummy area without looking bulky other moms k now what i m talking about and understand my appreciation for this the shirt is also a nice qu ality really comfortable and it s easy to wear with jeans shorts skirts etc making it a w elcome versatile piece this was really cute and fit true to size the only thing i didn t love was the dip on the top left side of the tank near the cleavage i probably shouldn t have been s urprised since it actually shows up in the picture on the model but it doesn t lay flat correct ly there like the right side either way it s still very flattering and cute i purchased the c oral color i m usually between an xs and small in this brand and i felt the top runs a tad sma ll so the small fit much better simple and flattering top i got this skirt earlier this week and wore it for the first time today i love the color and the shape everyone else loved it on me it looked great with a buttondown but i will say that it s short i m usually a petite in bottoms and i wore tights so i wouldn t flash anyone when i bent down i can only imagine how i t would be on a taller girl it also fits at the natural waist instead of the hip i m usually a size 6 in bottoms but i bought the size 4 because it sits higher up i really love this top gr eat colors comfortable long enough always a problem for me light but feels quality fabric a nd nice details this top is amazing i thought it looked really cute in the photos but it s ev en cuter online the material is great and you can t go wrong with the fit i love tops that are loose and flowy so when i m feeling a bit bloated i can still look cute in tops this one is de

finitely a must i was hesitant to try this on because honestly it looked so short however i just bought this at my retailer store and it is very flattering on 1st of all it runs big my normal size 12 was way too big and i had to go down a size i could have gone down 2 sizes but the length became problematic in my regular size that was too big the skirt hit me a few inc hes above my knee perfect in the size smaller it was a tad higher wish it was the same longe r length as the 12 but still acceptabl the only negative thing i have to say is that the color i n person is different than the picture it is much more of a coral pink than a rosy pink which is fine just a tad unexpected i ordered a size 8 and it fits perfectly 32ddd chest the laser cut outs in the yoke add a very nice feminine unique touch to an otherwise basic top i can t w ait to wear it this shirt is so cute very casual looks and fits exactly like the model and a basic retailer fit around the waist the fabric was more southwestern looking when i got it th an it looked in the pics it fit a bit larger around the bottom than i like very true to size i m a sm med or 6 8 my sizing varies widely at retailer and this was a perfect medium fit \r\na dorable with jeans or shorts or dress up with suit or pencil skirt \r\ni have the blue green g reat shirt i couldn t picture the material but it s washable and great for hot days when you wa nt to look styling i usually try to avoid paying full price for items but saw this in the store and couldn t pass it up tried it on in my usual size 2p and had to have it i bought the whit e black one and it looks great with black capris fabric is lightweight and airy perfect for h ot summer days if you re looking for pretty and flowy this is it i frequently wear xs in reta iler sizing but in this top i went with a s 5 4 123lbs 34a love the top but debating on ke eping it because i m not sure the yellow color looks great on my slightly olive skin great wi th legging capris for summer this dress is gorgeous but the cut of the neck and arms is designe d for girls with a slim frame only i wish it worked the fabric and pattern are beautiful sad to send it back this is a great top i love the color of the pink it is the perfect color of pink not too bright or too light but a pretty pink coral spring color i am fair skinned and t his color looks great on \r\ni got the 0 regular and it fits perfect i am 5 2 and 110lbs i us ually get petite but i can t imagine this shirt being shorter it s a great length i can wear it slightly tucked in or out without it looking sloppy it also hides any belly issues for those mamas out there love it perfect fo this is a perfect casual too to pair with jns and shorts fo r spring i bought this at my local retailer store i bought the last one and when i walked out of the dressing room a lady asked if i was buying it uh yeah this is so cute with jeans or pan ts and booties i bought the yellow its lightweight and perfect for work or weekend ive receiv ed many compliments the arm holes were small for me i bought a size 6 normally i m a small or xs in most tops i am 5 2 130 lbs petite and fit the 6 regular was perfect for me i was ok w ith it a little longer nice to have colors rather than a solid top i actually bought the pink also because i like the fit so much i m 5 8 140 and wear a size 6 tts i like the cut and it s long enough which can sometimes be a problem for me this top is beautiful and fits true to s ize 4ft 11inches and 114 lbs and i purchased the xs i was at the montclair location today and they had this top in white lavendar the pattern which is displayed online and gray the white was see through so you will definitely have to wear an under garment with it this top will be p erfect for the spring with a cardigan or by itself in the summer i still have a little stomach left over from my second pregnancy and this top hides it well i decided to i love this tank t he colors are great and the fit is flattering the fabric is lightweight but not cheap or so thi n that you need to wear something under it i am 5 7 and the length was fine for me i received tons of compliments on this dress the print is fun and works well with the modest shape i love the high neckline and the long hem it s different and cool \nmy only complaint the arm holes f all super low i didn t realize until i looked at photos but my bra was very visible i was look ing for a navy top to replace an overused navy silk cowlneck that i have been wearing for years this is perfect light versatile and classic i purchased this top on sale and it s almost perf ect the pleats under the rib cage make the bottom bell out a little bit not enough to make me want to return it but i m glad i didn t pay full price nan super cute with skinny jeans true to size i m size 4 138 pounds and 34c got a small nan i love this sweater because it is so ver satile it looks casual with jeans but i plan to wear it to the opera with dressy black slacks the beautiful black embroidery is unusual and asymmetrical in back love this top such a fun pa ttern and style soft too easily paired with a sweater or light weight denim cargo jackets for fall i generally wear an xs in retailer tops and purchased this in a 2 which is a perfect fit it could be a tad more roomy in the chest however the 4 would be too big overall i purchased t he teal blue version and the colors are slightly muted but very pretty i wish it were a tad bi t longer but if you re looking for a shirt that does not look like a tunic this is ideal it s cotton so it feels like a t shirt but with a much more elevated design and cut a cute and eas y top i was impressed with the textured knit of this piece which looked nicer in person than o nline and the open neckline with a contrasting stripe i really liked that the whole bodice was

lined with a sewn in lining from neck to hem minus the sleeves i would have loved the dress o
verall but my usual size small was snug at the hips and it would have just made me too self cons
cious for that reason sadly i have to return mine but i would certainly recommend the style f
or someone with slim hips this was the best purchase of the summer it s cute and comfortable w
ithout being too baggy loose i get compliments every time i wear it fits true to size i bough
t the floral orange one couldn t be happier love the style and cut of this top but fabric i
s quite thin tts if not a tad on the small side i m small busted so my usual medium was fine
undecided if i m keeping this top or not i bought 2 in the store i usually order large petite
but i was in the store which doesn t have petites so i tried a large and it was tight in the b
ust but i loved the shape i ended up buying xl s and taking them up at the shoulders to make
it a petite fit gives me a small looking waistline i didn t love it enough to buy it but did
think it was cute i am wearing a medium in the photos and for reference my measurements are 38
30 40 i did not purchase because it was too low cut for my liking but otherwise really liked t
his top i am wearing a medium in the photos and my measurements are 38 30 40 for reference grea
t fit for reference i am 5 7 160 lbs and bought a size medium there is a piece of fabric th
at acts as a cami underneath to prevent any unwanted reveal with the lace up soft fabric and fa
lls beautifully i bought this in blue and love it i usually wear an xs to small in retailer sh
irts and a small to medium in dresses i ended up with an extra small petite in this it is real
ly flattering and hides the stomach enough i highly recommend the dress if you size way down i
absolutely love this top i thought it was going to be to big but it fits perfectly fitted and
flattering nan this is my favorite kind of neckline it is very flattering cool for summer m
y only complaint is the armpit scoops down a little too low but i will just wear a bandeau unde
rneath it its super cute will be great for vacationing next summer i love how it fits very
flattering the quality of the cotton part of this top is a little less in quality of that fabri
c than i expected but i love this top and i foresee wearing it all year round the sizing and l
ength are great had it not been for my chest area i sized up from my usual medium but the pleat
s create a maternity look for me unfortunately it truly is a great tank top this is really a n
ice piece briefs have nice coverage and more of a hipster but you can also easily pair the top
with just black briefs i only sent it back because the tankini style pushed up my love handles
and didn t look quite right but for many others it would work nicely this top is adorable i fi
nally broke down and bought it so happy i did fits good not too long sits at hip were it should
very flattering i went with the reviews and sized up i am a petite sx normally in retailer but
went with what the reviews said and got a reg small glad i did it is a bit snug not tight in th
e chest but has stretch to it i am 5 1 108 33d if you are bigger in the chest i would recomme
nd a medium i got the purple motif print no see thru issues the material is a comfortab the
top is adorable but probably better to wait for a sale as the full price is a little high for a
simple top like this i got the print one and it s very true to size i love the fit of the pepl
um top it s flattering without being too full on the bottom the print is lovely and great for
summer and spring normally i would never try on anything with horizontal stripes but for so
me reason i saw it in my store and gave the dress a try fit is perfect and dress is lined s
ide note my store had the navy dress and the stripes are horizontal and not diagonal as picture
d on the model dress looks like the ivory dress can be dressed up or down so ill be a great
summer go to dress i am a curvy girl and because of the different widths of the stripes the dre
ss works and is very flattering i m ve i ordered my usual size small in this top 34c and it j
ust fits across the chest very cute top my normal size m fit well but i wouldn t want it to sh
rink any hangs well nan i absolutely love this top i bought it in white and ended up buying i
t in the lavender as well the top is very flattering and works with any occasion the fabric is
a little thin but its fine with a nude bra i have worn the top to work and out at night and i a
lways get lots of compliments i am really happy with these jeans fun fit high waisted great
detail and have just the right amount of stretch i have worn them 4 times and haven t washed t
hem yet i find this helps shape my new jeans and they still fit like a comfortable glove a di
fferent twist on the ripped up jeans because of the color love them i normally fit a 29 order
ed 28 in these and they are perfect absolutely fantastic top the cut is very flattering and th
e colors are gorgeous in the pattern i also bought the white nan went to the chicago michigan
ave location and found this gem in the take a peek section i think that s what it s called
anyway been looking for a plane white top to wear with a red lace pencil skirt and this fit t
he bill wore it today with a grey midi skirt and sneakers and looks adorable it does flare a
little and makes me feel like i m wearing a maternity top but i don t care i love it went back
to another retailer location and purchased the lilac one can t wait to wear that one i adore th
is blouse but the cut is a bit weird the shoulders fit snugly and the body is blousy boxy the
colors are super cute and the cutouts are unique but i don t think this top is for everyone i o
rdered a size 4 my usual size in tops is s or xs for looser fitted tops i prefer a more fitted

look for reference i am 5 4 120 lbs 32d i ordered in pink and the color matches the online image the pink is shear and i do have to wear a camisole underneath which does not bother me a t all the top is adorable with jeans or slacks for work my hips are very narrow and i don t ha ve much of a waistline in a line skirts and anything that sits below the waist i wear a size 6 skirts like this with a defined waist almost never work for me because of the waistline if this is typically your style of skirt i think it will run large because the waistline is more genero us than usual \r\n\r\n i tried it on in the store today and bought it in a size 8 it s very co mfortable and cute and will be easy to pair with different things i really liked this top when i saw it in yellow but i was on the fence about ordering it for a while when i did order it i c hose the pink at the last second i love it i ve worn it several times with a pair of jeans and cardigan it travels nicely in the suitcase no need to pull the iron out i wear a cami underne ath but it s really not that sheer so you don t need to it s a lovely piece the print is beauti ful the fabric has a nice weight i actually bought this because i m early in pregnancy and wan ted a dress i can wear during the transition period because of its swing shape this is one of those rare dresses that looks good on me now and will still look good on me in 6 months when i v e got a huge belly \r\n\r\nfit wise i am 5 9 155 lbs 34d and ordered a large but i am excha nging it for a medium the arm holes are also a bit large very nice quality awesome style th e fabrics is so soft but very durable this top will be great with jeans or a denim skirt i g ave this in her brighter rose colored print and love it i get many compliments on this top i d id size up from my usual small to a medium to accommodate the girls made of casual materials perfect for drinks or to be used as a vacation top has a very flattering cut and pretty design with chiffon trim on top i thought this shirt was really feminine and elegant only downsides i s some of the punched out holes had fabric still attached which you have cut off with scissors otherwise the shirt will snag and the second issue of bigger importance are the low armholes l ots of bra showing not really sure how to get around that so i always wear it with a cardigan but it would be nice not to have to \r\nother than that it looks nice and pairs nicely with alm ost anything this shirt is very flattering which is not the case for all peplum tops v neck i s appropriate for work looks great with jeans or khakis highly recommend only con is that the material is quite thin 5 3 115 lbs and xs fit perfectly purchased this top at my local store usually don t pay full price for clothing but had to have this top so cute and lightweight lov e that you do not need to wear a cami underneath and has material that covers your bra usually wear a petite size due to tops being cut so low but a regular medium was perfect suggest purcha sing this top full price or if still around when it goes on sale definitely purchase i bought t he floral design i tried this on in store it is super cute i am waiting for it to go on sale because i wasn t sure it was completely worth the price if you are in between sizes take the l arger size i bought my usual size medium and it s huge on me if i sized down my chubneck woul dn t be comfortable the buttons are frustrating the color the pattten the style are 100 gor geous i think i will belt mine great material pattern and cut perfect summer top i love this top i ordered the print and it will go perfectly with blue or white jeans and even coral shor ts very flattering i did go up a size from xs to s based on other reviews and i m glad i di d the larger size fits perfectly at the bust and falls just below the hip fun pattern which go es with just about anything cool for summer very comfortable fitted style but true to size adorable very pleased with the quality of the fabric and the very comfortable fit i m sure i l l wear this with jeans as pictured but can also see it with a breezy summer skirt but saldly no i tried the multicolored version in a size m and l the fabric is almost good though a to uch sheer and perhaps problematic for washing the real issue though is the fit \nfyi 36c br oad shoulders back high waist\ni typically wear a m in a knit top but the waistband was tight and not forgiving i think that the problem was that this is a top with a long waist when i tri ed to put the waistband where it wanted to be longer it made the peplum stand out in an odd wa y from my i was nervous about buying this without trying it on but i followed the size chart an d wasn t disappointed it s flattering thanks to the fitted upper half and the forgiving peplum bottom half overall it s thin light and airy i ordered my usual size 6 in tops at retailer in both the orange blue print the pink color fit is tts looks pretty much on me as in the p ic lightweight cool for these hot days the pink really is not pink it s a true orange so i returned this one i didn t really need an orange top if it had been as in the pic which is a pink coral like color i wld have kept it the orange blue print is really appealing so that is a keeper this top is a little flowy but not tent like which is perfect just note the pink is diff erent than in the photos much hotter more saturated apart from that surprise overall i d reco mmend nice design this cardigan is so pretty on the hanger and it s a lovely color and the pa ttern on it is just beautiful \n\nbut somehow it just doesn t suit me i bought it twice the se cond time on sale hoping it would look better on the second time around \n\nnope the deep v ne ckline and the cut of the body just makes me look really flat chested and meh \n\nback it goes

again i ordered this lovely blouse the moment i saw it and i am very pleased that it is the qu
ality and fit i d hoped for i bought the medium in pink i am 130 34f size 8 or medium on mo
st tops the medium fits me perfectly i love the gathering at top back so that there is no pull
ing at all across the back or bust i am mystified that all blouses aren t designed with a nice
level of gathering to accommodate a bust and to give a flattering flow i am busty so awkward t
ightness can be a problem o love the fabric print and cut it s a smidge low in the neckline
but that s probably because i m busty nice and breezy for our blazing hot and humid florida sum
mers i love the teal aqua version the colors are very pretty and look great with jeans i got
a medium it runs a tiny bit small but a lot of fitted tops at retailer run smaller on me i lik
e the style a lot and the peplum is great this dress references that it is off the shoulder in
the description but i did not find it to be so it fits me as pictured on the model sort of a
ballet neck or wide scoop neck in any case the fabric is as pictured and it s lined yay
not see through the varying sizes of stripes give it interest despite the neutral colors it is
cute with a denim jacket and is really comfortable i was looking for a flowier top to wear unde
r cardigans and this is pretty perfect it is more sheer than i would like but because i am we
aring it as a bottom layer i ll overlook that the fit is great and the peplum is a cute detail
to make this layering piece a little different love this top on sale i bought two of this co
lor a grey and the green i never buy more than one of anything unless i absolutely love it c
omplimentary to the body and the colors are beautiful i m 5 2 there were no pxs so i opted fo
r xs perfect thanks retailer i kept this one because it was different enough and good to
wear casually and to work i m not sure how this material will hold up with washing since it s
basically a thin cotton material it fits perfectly so i m worried that it will shrink i give
it a thumbs up for the design but sale cost and material is like something you would find at fo
rever 21 love the design i got the blue and green one it was more see through than i thought
but the pattern covers it so it doesn t matter what color bra you wear it s a very pretty top
a little tight in front at the bust i m giving it 3 stars because the fabric is very flimsy and
looks cheap this dress is amazing the photos do not do it justice runs a tad large definite
ly can size down unique sophisticated and versatile summer dress that you will fall in love wi
th dress it up with heels for a night at the gallery or dress is down with a denim jacket for a
n easy day look it needs no accessories this silk dress is soft and it lays beautifully you w
ill want to wear it all summer long fits tts love it i ordered the copper in a medium which i
felt was tts 5 4 145 the color is beautiful and i love the buttons on the shoulders which i
really didn t notice in the picture the material is also very soft but i have some complaints
first i felt that the material while soft was not very substantial for the price i purchased
another vest from that store that has everything which was 100 less and seems to be the same qu
ality i also was expecting there to be some way to close the vest beside this is my favorite pu
rchase so far i am in love with this jumpsuit it it fitted on top and has a flowy dress feel o
n the bottom i got this on sale recently and if you can grab it do it you won t be disappointe
d when i saw the dress online i thought the print was beautiful and fun and was not disappoint
ed when the dress came in the material is very soft breathable and easy to wear i dress it d

most anything the drawstrings work great some days i cinch them a little tighter for a more fi
tted look honestly i wear it at least once a week out with friends or even to my job as a na
nny i was a little worried about the length of it because i m tall but it works perfectly with
my build this is a lovely dress however there is a weird flap of fabric under the bow that d
oesn t sit right it feels a little like a bib if i could get it to sit right i would keep it
every angle of the dress is lovely except for head on which is a small problem the poncho sty
le sweater has is a light airy cotton fabric ideal for a extra layer but certainly not warm the
hook and eye attaching the arm to the sweater is not ideal i had to have a seamstress sew it an
d remove the hook its just not practical that way happy with purchase super soft flannel mate
rial the colors are beautiful and perfect for fall it s doesn t ride up the shoulders but stay
s in place off the shoulder style i love it love this top i get compliments every time i wea
r it got the medium fits perfect 5 4 138 even at my age it looks great the perfect dre
ss for dinner date or summer weddings or traveling love this dress not sure on washing yet si
nce it is a silk dress extremely comfortably and beautiful i can t recall the last time i boug
ht a new dress if you are looking for a nice vest this vest is nice enough comfortable and s
oft the cut is also flattering but i just didn t think it was as special as i wanted it looks
like many other options out there so i decided to pass \r\n\r\nxs fit me at 115 lbs i liked th
is dress but wasn t sure about the color on me i tried it on anyway originally i tried on the
0 but it seemed big so i ordered the 00 also usually i order petite but this dress is already
short and i am not getting younger so i went with regular size this time color was not bad o

n my pale skin i think the hue was ok surprisingly one thing that might bug the perfectionis
t in me the zig zag isn t always aligned the waist for instance was crooked but if it is lik

midi length which can be tricky for 5 5 lil ole me but it s perfect it has slits up the side f

i m a solid 4 have bought heaps of dresses from retailer and i can t stop won t stop i am in
love with this top flannel shirts are a fall staple but i don t own any any flannel shirt tha
t i have come across has been a button down which simply does not work for me given my chest s
ize i hate button downs that gap or that i have to leave unbuttoned and wear a tank underneath
it s not flattering this top is flannel no buttons and off the shoulder which is such a uniq
ue and fresh style the off the shoulder feature stays in place thanks to tiny straps sewn in th
at you put comfortable great fit and beautiful colors the interesting thing is that in this pi
cture it shows the dress just below the knee i am 5 5 so totally average height but the dres
s falls just above my ankles which i personally think is way more attractive not sure if ther
e are two versions of this dress but be careful if you buy online i got mine in the glendale s
tore what a great soft piece for fall the top is flattering and comfy at the same time it l
ooks really romantic with the bare shoulder look i live in hawaii and always looking for a comf
ortable light and breezy dresses this was perfect the colors are gorgeous the fit is true to
size and it is extremely comfortable dress it up or dress it down with a denim jacket and you w
ill be definitely love it i am thrilled i made the purchase i absolutely love this sweater
it is perfect for fall i loved the styling of this dress the first time i saw it i ordered it a
nd i slipped it on and wow it is super comfortable the darts at the waist add shape and intere
st the shape highlights the waist the fabric is cozy without being weighty i did find it ran
large and wish there was an xxs available my husband loved it and he doesn t like anything it
is likely that the reviewers who think that t looked like a nightgown may have needed a smaller
size i think this one is a diamond in the great shirt very soft and comfortable the elastic o
n top to keep it off shoulders is not too tight just tight enough the colors are pretty it s
give a rustic city vibe love love received so many compliments it can be dressed up or down
and is so comfortable i did order a l based on the reviews but found it to be big i would
ve returned for a m but it was sold out and i didn t want to risk not having it at all so i kep
t hadn t really looked at this dress till i saw it in person in the store so i tried it on i
m only 5 1 and 140 lb busty on top so i tried the 8 it was a smidge snug decided since the dr
ess has no give to go with a 10 would have liked this in a petite for the shorter length but i
t s back ordered till august and i really wanted to take it with me on vacation its just above
my ankles in regular length which will work and i can up the score with some wedges this dress
fits like a dream and nan i do not have a waist that goes in i either have to wear shift dres
ses that are cut slim or find fit and flare pieces that create a waist for me this is the la
tter it s really cute different and flattering it has a nice mix of graphic sophistication wi
th a somewhat romantic silhouette it is gauzy with ruffles and tiers the off white slip undern
eath is great for a couple reasons it provides a nice underlayer that is just visible underneat
h the turtleneck top cutting the school mar i purchased this vest in the store the colors va
ry depending on where it is sewn i purchased one with black around the middle and more black
around the collar it was more flattering the fit and design are lovely it s fuzzy but since
i don t have any fur in my wardrobe this is a nice ease into that part of fashion for me i h
ighly recommend it even for the price the burgundy plaid colors are what caught my eye so per
fect for the fall season i usually do not like off the shoulder tops as most do not stay down b
ut this one does and as others have stated there are arm stays inside to help with that i staye
d with my usual small to keep the length and it was fine got compliments the first time i wore
it so glad they restocked in my size as they had been sold out i love how this sweater fits
i was reluctant to get it because i thought it would be boxy but it s a perfect length especia
lly for a higher waisted pants or jeans the fabric is super soft i only gave it four stars bec
ause i thought it was going to be grey but it s more like a marled black white 80s style color
i like the way this vest looks it s flattering and the color is nice just like in the pictures
i got the orange one i am 5 7 125 lb got size s and i am very happy about the fit \r\n\r\n
just keep in mind that the material is very soft and thin it is good for summer but i expected
the material to be more firm something to be worn on cooler windier days also the vest d
oes not close i would prefer the vest to have a zipper or buttons \r\n\r\nbut if you need a fu
n and cute summer accesso i have another sanctuary vest similar to this one and decided i needed
to snag this one in the moss green it s so pretty and it s extremely versatile i m 8 months pr
egnant and it s been a fun vest to wear over a tank with a necklace i can see this piece workin
g for all seasons if the other color would have been available i would have grabbed it especi
ally at the sale price you can t beat it the only downside to this vest is that compared to my

other medium sanctuary vest this one is a b i wear ddd so i do wear a strapless with this and i
t looks great the plan looks fantastic with any color wash of jeans i\r\nlove it love this top
i m athletic it s a little tight around the arms but it s a really nice looking blouse off and
on off the shoulder is everywhere and this is a great shirt for the fall i normally get a smal
l in this style shirt but it didn t fit at all so i had to send it back too bad i saw this vest
at my local retailer store over the weekend and decided to try it on i am typically an xs at re
tailer and the xs fit perfectly i can t wait to wear this during the spring and summer it s re
ally lightweight and soft which i love i purchased the copper color and would consider the col
or in the photo to be very true this was definitely a splurge but i am overall very happy with
my purchase i highly recommend it this jumpsuit is great dressed up or down the only issue i
had with it is that the straps are very long but that was an easy fix bought this dress onlin
e and it came in missing a button the dress is really pretty and comes with a tan linen slip
i bought a size down because the dress runs a little large also the sleeves are kind of puffy b
ut overall the dress is elegant and pretty these jeans have the good classic 501 jean construc
tion with medium weight fabric tight french seams and grommets at the ends of seams through th
e torso however the construction was not an ideal boyfriend slouchy style from my small hipp
ed perspective on me these jeans were very large through the hips \n\nanother odd fitting ass
uming we are talking about boyfriend jeans issue is tapered lower leg i can imagine the jean
s would fit a woman with average to slightly padded hips but that the shoulder bearing aspect m
akes this top sexy yet it doesn t look like you re trying too hard sleeves can be worn up or do
wn and everything stayed in place either way i get tons of compliments each time i wear this i
m currently on the prowl for the other colors of this fantastic sweater dress tunic i own the l
avender in size m and it fits perfectly on me 5 3 36dd without enhancing what i want to hide
great for winter the simple shape of this silky comfortable shift is transported by the fun ps
ychedelic pattern the fabric is lightweight and drapes very nicely because of the lining i pur
chased the size 10 petite to accommodate my 36dd bust wide rib cage and it fits perfectly the h
igh neck is fastened with a single hook versatile and comfortable and a clear winner for spring
and summer for sizing reference my other stats are 5 3 tall 140 m l on top s m on bottom
i decided to try this dress on based on the other reviewer s positive words and i wasn t disapp
ointed it s so cute and stylish i plan to wear with black boots i m 5 6 120 lbs 34c wear
a 2 or 4 and i got a 4 one thing at the waist the pattern breaks a bit and doesn t match pe
rfectly i tried on a second dress and liked its pattern more than i did that of the first i tri
ed this is a super cute jumpsuit that is also super comfortable the only thing i wish was diff
erent on this jumpsuit is that the pants would go all the way to the ground but it is still sup
er cute and a keeper got this today and am really pleased beautiful detail and i love how the
cowl neck hangs it s not itchy at all overall a great find for the colder months ahead i got
a small and probably should have ordered xs instead runs a little big on my petite frame this
top is really pretty the fabric is soft and flowy not too boxy and the elastic at the top is
comfortable it does not ride up or fall off the shoulders which i ve found with tops of simila
r design in my regular size s 5 6 125lb i didn t find the sleeves tight like others have m
entioned one thing i did notice was that the hidden straps that many other tops and dresses hav
e the ones for hanging on a hanger are sewn right on the edge of the upper elastic making them
pop up a bit i had a really really difficult time reviewing this dress the instant i touched
it i wanted to love it in theory it should have worked for me fit and flare is usually a rea
lly great option for my pear shape the silhouette shows off my thinner upper body and camouflag
es my thicker lower body best of both worlds however as you can see for yourself in the photo
this dress makes me look pretty big i m a solid size 8 and i feel this dress makes me look like
a 12 it really makes my middle this dress is everything i hoped it would be flattering cute
cozy great buy i bought the cream jumpsuit i m small on bottom and larger on top this was pe
rfect shouldn t fit tight should flow has lots of room it is linen adjustable buttons on fr
ont and adjustable on the back of jumpsuit legs are wide and flowy casual but classy both sid
es have about 3 buttons at hips great addition to any closet unique in its own right when i f
irst saw this dress i was in love i adore mexican print clothing and i couldn t wait to try thi
s on unfortunately it is not as described and it looks better in the photo than in person th
e dress looks like it is embroidered and it is not the design is printed second it is descri
bed as a stretch fabric lycra spandex there was no stretch at all except for the back waist whic
h was elastic and the fabric was very stiff it pulls on over your head and there is no zipper
i couldn t e this dress fits beautifully it is warm and comfortable winter s gem i bought thi
s top in a small and it was true to size loved that it wasn t too fitted across the back but w
as still able to show a bit of body with the drawstring by the waist it will become a wardrobe
staple during the hot months in dallas this dress is by no means a statement piece but if you
re in need of a good basic to get you through winter this is a great option i m normally a m o

r l busty and hippy hourglass shape and found it to fit tts in a l if you fall in between tw
o sizes but don t have larger hips or a larger bust like i do you could probably size down to t
he smaller of your two sizes it goes great with black tights tall black boots and a scarf i
didn t realize at the time i ordered it that the material is nan i ve been looking for a new win
ter dress and this one fit the order it s warm yet flattering and i love the color i m in love
with this top looks just like it does in the photos except the colors are maybe a little more
vibrant it s definitely boxy so you may not like it if boxy isn t your thing but i think the
pattern placement really works with the boxy shape i usually wear a small in tops and the xs s
fits great it s also machine wash and tumble dry which is a plus although i haven t washed it
yet unique chic and effortless order before it s gone so sad that this cardigan did not f
it me i listened to the review i read and tried a small didn t come close to fitting i tried
a medium and it also did not fit i think this item is designed for someone who has a small fram
e i seem to be too tall for the item and too big in the chest i usually always fit into a size
medium that being said the cardigan is very pretty and feminine has an interesting design and i
s well made so sad this item didn t work for me i love this vest good denim quality i boug
ht this dress in store and it s fantastic i m between a medium and a large and i bought a lar
ge because it was the one available and it s fantastic some of the polyester is fraying betwee
n the seams which is obviously not ideal but i m willing to overlook that for generally how gr
eat this dress is this top is true to size and fits perfectly color is very natural cute sty
le cute color cute cut and i got it on sale i wanted so badly to keep this dress the pri
nt is beautiful in person and the fabric feels pretty nice for a polyester the waist silhouett
e is incredibly flattering the way the waistline and pleats fall made me a look a lot slimmer
it d be a great dress for dancing since it flares wonderfully when you twirl but the puffed sl
eeves looked a lot more poofy on me than they did on the model and i wound up looking exactly l
ike a picture of my mother from 1982 which isn t necessarily a bad t bought on a whim on sale
i am a small in 95 retailer but got these in m for comfy casual looseness perfect i am 5 8
and these hit the top of my feet perfect fabric is substantial but not heavy perfect for coo
l so cal evenings color is rich denimy blue beautiful buttons are pretty i have nothing
negative to say about these aside from their price even on sale oh and the knot as i sit
on my squishy leather sofa i feel the knot in my back hmmm oh well still love them i real
ly wanted to like this dress on me but it was not to be the color is one of my favorites but
the dress accented all my problem areas sadly i returned it i m sure that someone with less s
ubstantial hips will look great in it my friend and i both bought this in the white color in
our usual sizes the fabric is soft the neckline is flattering and the drawstring is cute hide
s a tummy beautifully the store had the white and the green the green color looks very differe
nt in person than it does online in person it is darker and more of a soft emerald green not
the pale green gray pictured online i bought this to give room for an expanding tummy i m 6 m
onths pregnant and this completely conceals the bulge i suspect i will appreciate that in the
spring when i m actually trying to hide my leftover belly it s incredibly soft and the top is
wide enough to cover a bra strap the arm holes are small enough to cover my parts but large en
ough to be comfy i m 5 5 medium build and normally wear a medium but got a large given my ci
rcumstances a medium would have probably worked normal i was very excited when i saw this in a
perk email and immediately went to order it unfortunately the stock image of this pullover is
misleading it s boxy image makes it seem like it s form fitting and the weave mesh is much th
icker and open in person as shown you do need a cami underneath i ordered this in a small and
medium since it s an online exclusive and there were no other products by on the road to see rev
iews of to know how their tops fit i wanted to love this i didn t think i i tried this on in t
he store in size xs regular in green and i was happy to see it covered my bra everywhere but it
was a little too long i usually wear xspetite so i ordered it in the bright red hoping it wou
ld be less orange than shown which it was but it was more pink and kind of hard to describe m
aybe more salmon or coral i went up from my usual size to spetite for fear that the armholes
would ve been too tight on xsp but they probably would ve been fine and the spetite is a little
love this vest fits very similar to the pilcro denim jacket the fabric is softer and not too
heavy the wash on mine is pretty close to the one in the picture maybe half a shade darker ca
n see myself wearing this with summer maxi dresses skirts and pants a very versatile piece th
at will go into fall i usually take a 0 2 and the xs fit perfectly i love his cardigan i knew
the small would be a little big since i am normally an xs or xxs i decided to give it a try any
way it s definitely a little big i would have liked an xs to be an option 5 3 and 110lbs f
or reference i m keeping it because it still looks cute just a little loose through the body
first this sweater drapes beautifully and has a unique look \r\nhowever there are several ite
ms to note primarily this sweater is very expensive the wool has an itchy feel the quot dra
pe quot is a second layer under the cardigan so it creates a liner but it is not sewn in at the

bottom so it is annoying when you first put it on it is at least sewn in on the inside of the cardigan at the top i also notice that the seams are sewn white or are falling apart already on the sleeves i love this blouse the color is so pretty i might even wear this to a holiday par ty the tie looks great so many ways love the versatility i think i will get a lot of wear out of this blouse with a pencil skirt jeans or under a blazer i received this top in white last fri and have already worn it twice it is the perfect top for hot weather because it doesn t c ling to the body the top layer is flowy and breathable i plan on buying the blue one next to g et me through the warm weather months i got the m l and it s huge usually wear a large so siz e down it s a striking top but i decided not to reorder because i don t really need another sh ort sleeve top i tried it under a cardigan and of course it looses its appeal because you can t see the floral design had to return so this is actually a holding horses dress its mislabeled on the website tts a stunning vintage inspired piece very 40 s but timeless the keyhole isn t too low cut this is appropriate for work beautiful drape and great lining this dress can t wirl i am usually a xsmall small and went with the small fits perfectly though a bit loose in the waist but still very flattering the xsmall would have been too tight in the shoulders lov ely dress this is such a flattering top i bought it in green the green is a cooler version of kelly green not the muted green i see on my computer screen i m fair complected and that color looks great on me i love the elastic at the waistband which helps camouflage my mom belly i w ish they made more tops with blousy elastic waists i bought several new tops this summer and t his is probably my favorite after wearing it for a couple of weeks i decided to remove the tie string which hangs low it i didn t think much of this tank while perusing sale items on the we bsite but after reading the reviews i decided to order it and it did not disappoint i ordered the green which is more vibrant in person than on the website and i wore it the next day whic h is always a good sign i loved it so much i quickly ordered the white too it is flattering s tylish and comfortable an excellent combination i highly recommend this tank as a summer stap le it goes with everything bought this dress on sale in the orange as i feel like everything i have is black it is a pretty orange not too bright more of a rust color it is very soft as st ated in other reviews and has a nice built in slip that is very comfortable i worry about pilli ng down the road but will have to wait and see i am not crazy about the seams down the chest ar ea i think they could be more flattering but overall the dress is comfortable cute and easy to wear a perfect dress for the fall winter with grabbed this tank on sale today in the green colo r great tank it is not thin like some other retailer tops it actually is a double knit fabric which hides those imperfections we don t want anyone to see or worry about \r\nthe top runs a b it on the full side so if you are in between sizes i would go down one this top is great to w ear under any open sweater for the entire fall season the green color is a jewel green so the t op does not look summary at all \r\nit is extremely comfortable a i felt like i was taking a ris k by ordering these without trying them on but i am so happy i did they are soft and solid wit hout being thick or stiff incredibly comfortable i have a larger hip and booty and these fit g reat no grabbing at all and without making the top too big or loose this dress style and colo r is very flattering i think i will wear it in the spring and fall as well as the winter the m fits me and i m 5 8 and 140 pounds i love this top it s perfect for casual outings like a pic nic or a movie in summer it s material is thick enough to feel sturdy but still is very lightwe ight for summer it s a little baggy in the front so if that bothers you then i d size down one size from your normal i bought my usual size of xs and it seems to fit perfectly i m tempted t o buy this in more colors i love this top i have all 4 colors in size large i m 5 9 170 lbs w ith a large bust it s a loose fit that is very flattering do not dry i wash in cold water and hang dry first one i bought i dried and it shrunk quick a bit if you are tall size up love t hese always get compliments i m 5 7 bought size small washed in warm line dried they are a bit shorter lengthen the straps drops the waist but at least gets them to my feet this top is flowy fluid and comfortable the material is like a stretchy crepe it s thin but not sheer well i bought the bright red maybe white is sheer oh speaking of bright red well it is i mean it is the most vibrant red the photo on line at least on my screen doesn t really do th e red justice at all \r\n\r\nthe fit is true to size the nice thing about this top is that it h as movement and yet it isn t full of fabric and look like a maternity top and the armholes are not big th i ordered this dress before it became available in my local retailer store i love t he style of this dress but the fabric was not as expected it is a heavy fuzzy knit and i had en visioned something lighter and cleaner i would love to see it in a different fabric sadly retu rned it i have been shopping at retailer for years and this is my first review that is how much i love this dress \r\nit is so incredibly comfortable it is like wearing a cozy blanket y ou guys it twirls i never received as many compliments on an outfit as i do when i wear thi s dress i bought the orange one i am plus size and i don t wear a whole lot of knee length d resses dresses in general are hard to find because they don t fit right so i was thrilled to fi

nd this i am also thrilled that it it s just as cute in person as it was in the picture the ma
terial is very very soft and sweater like i ordered my usual size and it fit fine but i usu

cozy can dress down up and is perfect for traveling a great staple as other people noted th
e dress if you buy your regular size is a little more fitted than it looks on the model size

ly one of my atlanta stores carries petites the materials is wonderful feels like cashmere i
got the rust which will be an anytime anywhere piece recommend highly a great sweater to thro
w over just about anything i love it but the only reason i couldn t give it 5 stars is because
you must be very carful with it as it can snag on anything the fabric is similar to intertwine
d ribbons the first time i put it on i got a snag right away but it was easily pulled trough t
o the inside now i am just super cautious i do love it though very comfortable and super casu
al not heavy at all but just enough to be happy to have to throw on when the cool spring s i l
ove wearing a dress at thanksgiving but don t want to be too dressy this was perfect casual w
ith a bit of sass and comfortable it s also arm enough and super cute with booties i m 5 4 an
d small boned the xs fit perfect this tank top is comfortable and very cute it hides my tummy
as well which is a bonus ordered in another color i love it so much i purchased a size small
i usually always buy a petite but this fit me just fine since it is a vest the length in the b
ack didn t fall too long it runs true to size it s soft and i wear it with long dresses rompe
rs short dresses skirts it s a nice tapered vest i m 34d and it s fine i have been on the f

bric is not sheer yeah the shoulders are cut in so you may need a halter bra i typically
go between a 4 or 6 but found the cut at a a line so there is a nice flow but not overly so s
o purchased the 4 the colors will go with anything for many seasons love the quality i took
this in a large im a 36d 140lbs this top in a large fit me perfectly without a bra slightly s

ne i had the pleasure of trying this on today and looooooove it i love all things bows but us
ually they are off centered over the left shoulder i have a bit of an ocd thing and i prefer t
hings to be over my right shoulder so usually while i love them i can t wear them i love that
this bow is in the middle and i like that it is higher than the neckline of the shirt so you kno

e pleasing look i feel i love this jacket it is stylish yet has the softness of you favorite
lounge wear the faux fur gives it a touch of holiday fun and the fitted cut flatters your sha
pe i bought this top as it is perfect for work under a blazer the patten is pretty and eye cat
ching i love that it s 100 silk and has the tie in front so it s not too low for work so chic
and sophisticated this material of this shirt is soft and appealing great for fall the side s
lits are longer than they appear in the picture so wearing it both tucked and untucked requires
a layering shirt underneath i love the color and textures of this jacket \nthe shawl color adds
interest while being cozy and fun wish it ran a tad longer otherwise a great mix and match pie
ce i am very petite and ordered the xs it is too big which is often the case i gauge how much
i like something by my willingness to spend even more money on alterations i love this jacket s
o much that i am willing to go through that extra step i love winter and this is a perfect wint
er top the faux fur is very soft and cozy and has a rich look to it i have yet to have it alte

be great boho chic top a bit over sized but soft and love the colors i coveted this blouse
for weeks and finally pressed go during the recent sale it is truly lovely the textured silk
and its lining combine to give this blouse the weight it needs to flow perfectly when untucked
it is a shaped and fuller at the hem when tucked it is neat as a pin the colors are almost me
tallic and it looks as if the flowers have been painted on this is an elegant casual look with
white jeans and heels or i ve dressed it up with a black pencil as well as a skirt almost ide g
orgeous colors great neckline can be worn off one shoulder the slits on the side allow for w

is it perfect transition from the office to happy hour i tried this on a whim last week even th
ough it was a bit above my budget and i couldn t resist taking it home the photo doesn t do th
e textured sheen of the silk justice the metallic tones of the flowers are really vibrant but
still subtle my husband who usually hates anything with a bow loves this though i have been

tying the bow a bit lower than shown on the model go one size down i usually wear a 14 in blou
ses but took a 12 in this adorable soft top for the fall i wanted to love it because of the co
lors and the fact that it is so retro it was just way too big for me i m always a medium but i
n this i probably should have sized down i still gave it 5 stars because it is so cute just di
dn t fit me sadly i will be returning this i was eyeing this sweatshirt but didn t want to pay
full price i got it on sale and am so happy i did it is super soft and comfy it also fits per
fectly not too baggy but also not form fitting as a moz fan i couldn t pass it up awesome swe
atshirt i tried this jacket on and found it extremely flattering the knit is soft and feels mo
re like a sweater than a jacket in that it isn t constricting i am usually between a small and
medium and the small was plenty big the fur collar is a special touch the one i tried on had s
everal loose threads hanging from the seams and the seams puckered a bit here and there i loved
the jacket but did not feel that the quality in construction i would expect was there however
the fit is so flattering i m this is the cutest romper ever very high quality \r\nit has al
ways been a challenge for me to find and love rompers but this fit beautifully \r\ni cant wait
to wear it this summer i was surprised at how soft this sweater is i thought for a brief momen
t it was cashmere i m a little worried it might pill we shall see \n\nit is a pretty and class
y sweater will look great with jeans and heels or boots \n\nit looks somewhat long on the model
it wasn t quite as long on me which was a bit disappointing i m 5 7 with long torso not abnor
mally long it s still a great sweater and will be great for upcoming holidays parties this s
weater was far better than expected very soft and flattering it s light to wear but keeps me
cozy in my freezing office looks super cute with jeans and boots i tried this top in both colo
rs for the black the lining looks much more peach in person the main issue though is the diag
onal line that runs through the middle of the top you can see it in the picture but is much mo
re pronounced in person it appears to be where 2 pieces of lace are sewed together and it just
looks sloppy \n\nthe line is much less obvious in the navy and looks much more seamless perhap
s because there is a transition between two colors of lace the black lining is completel i just
received this top it is stunningly beautiful however i will be returning it as it is very la
rge i am tall at 5 8 and typically wear a size 4 i purchased this in the size s but it was ve
ry large i should have read the reviews about sizing before ordering although i think both the
xxs and xs were already sold out perfect semi dressy summer top that could definitely go year
round love the buttons up the back it s flows but the slight peplum keeps it from looking tent
like love this so much i ordered another in black i love this top i found it to be true to si
ze i usually wear a size large or extra large and the size large fit well i really appreciate
that the armholes are not gigantic and don t show underthings i bought the navy black and find
that a navy cami works well under it i like this with casual pants and jeans under an open fron
t sweater for now and think it will be nice with a linen skirt or shorts in warmer weather this
is not a style i would usually wear but i found the two tone lace very the picture doesn t do th

ove retailer anything i m obsessed with this store and every single thing in it even the smell
just makes me happy when i enter the doors i love this top the seam does go across the bustlin
g but if you are small chested like me it is perfect very bohemian and an almost classic look
with a very contemporary twist there are splits up the side that show off a great pair of leggi
ngs i wore this today with some lysee black and grey patterned leggings a long grey camisole
and some cute short free people booties i may have gotten 20 compliments love it i purchased
a small in this dress 5 6 34d i could have gone with a medium if i wanted to wear a bra this
dress is not meant to be worn with one it fit much better without i liked the regular length a
s the dress is supposed to be a midi this dress screams summer to me i really like this shir
t but it s a bit maternity i don t mind some extra fabric around the stomach area but there is
a lot here i m 5 7 about 125 and i think it makes me look like i might be hiding a little sec
ret since i m done having kids it has to go back \r\nit s also somewhat see through and had i
kept it i would have worn a tank top underneath \r\nas long as these things don t bother you i
t really is cute love this big top will be great for hot summer days the fabric is so soft
and completely lined the straps are adjustable \r\nthis is the best summer dress ever so com
fortable and easy to just throw on goes with a multitude of colors for your sandals and bags i

love this dress \r\ni m 5 7 137 lbs and ordered a size medium with plenty of room around t
he bust no worry about arm holes being too big because you adjust the straps to suit your body
i love the below the knee length i like comfy but you could easily size down \r\nnice embroider
y i ve been looking for a great long loose versatile vest for some time and this is just abou
t perfect it s slightly heavier than i would have preferred i m in a warm climate but it exc
els in every other way it looks so much better on than it does on the hanger and can be dresse
d up or down definitely a steal on sale the colors are amazing so vibrant and plentiful the
arm holes are fairly generous but not bad i think it just adds to the loose fitting nature of t
he dress i got a medium i m 170 with a small chest medium is my norm for maeve the buttons
in the back are difficult you need help getting on but getting off you can do solo this dress
makes your shoulders look really good it sits in a very flattering way so comfy great qualit
y not see thru at all has a liner that you cant even tell is there wish it was a little small
er got an xxsp but going to keep it anyway dont need a bra wow i just love this dress it ha
ngs beautifully and is such a great length shoulder straps adjustable simple button closures i
n back i wore it dressed up a bit with a sweater and then again more causal without i got it o
n sale so it fit even better the material of the dress is gorgeous but the armholes droop
much too low under the arms in addition i am fairly broad shouldered and the cut across the ch
est is too narrow exposing your chicken wings in an unflattering way this is gorgeous on the
model so i would say narrow shouldered girls should order a size down and give it a shot this
vest is so cute and flattering these pictures don t do it justice you must see it in person an
d try it on it only has a small percentage of wool in it so it could easily be worn in the spr
ing summer with a tank this vest is awesome the photo does not do it justice you can dress i
t up or dress it down great materials used does run big so select one size down love the loo
k of the pant would have given more stars if it had arrived wearable the pockets all had a cor
ner stuck folded up requiring washing or ironing before i can even wear them worried that they
will constantly have that issue this dress is very well made the fabric is thick enough for wi
nter weather and is great for work or a nice party i do not think the arm openings are too larg
e at all the fabric on this dress is gorgeous i wish it was tailored a bit more because as it
is it looks like a muumuu i wish it would have fit better but i returned it love the movemen
t of the blouse and how it falls great quality material this is a pretty dress but it runs at
least one size too large the silk is of good quality it would be good for somebody who is slim
and tall this is a great light free flowing top for the summer i agree with the other reviewe
rs that the top section hits in a weird area but if you are small busted you won t be affected
it can be dressed up or down with jewelry and offers a whimsical option to a plain white blouse
for the summer bought this shirt on a whim and it surpassed my expectations just enough busin
ess just enough pleasure i wore it with high waisted skinnies and wedges and stopped counting
the compliments excited to try it in other ways it s summery in print but fall ish in color
so i think i can get even more use out of it in the next few months this blouse is a beauty i
love the hemline across the bust and all the flowy fabric that drapes in front and in back i lo
ve the long length and the side slits the wide hemline at the bottom is lovely the cotton is s
oft and light and as amazing to wear as it is to look at it makes me feel beautiful just having
it on be aware the fabric is sheer and requires a tank but i don t mind as it is both pretty a
nd comfortable i sized up which fits how i like i never tried it on in my normal size i have
several pilcro jeans in a size 26 that fit great but these ended up being just a little bit too
tight in the thigh area to make the style of the jeans looks right going to return for a larger
size nice material though i had been eyeing this top online decided to hit my local retailer
to try it on it is an adorable spring tunic \ni think it runs a size larger then your usual siz
e for reference i am 5 7 and 139 pds small busted and i bought a size 6 fits perfect i wi
ll machine wash and hang to dry happy with my purchase not sure why some people did not like t
he fit i am a d and yes the seam sits along bust but not in a weird way love this shirt it
s adorable i love this top it is cute with shorts capris and jeans it s really comfortable bu
t looks put together and stylish great for running errands to drinks with the girls a good tr
ansition piece into fall with a light cardigan my favorite white blouse ever \ni was hesitant
but really love it it makes me think of summer flowers paris it s so soft and comfortable
yes the cut is different and took a moment to get used to but i like that and it looks bett
er on imo i can see this getting worn a lot on hot summer southern days i ve been on a hunt f
or a great white blouse for a long time tres chic this is a must have way cuter in person lo
ve the look and feel it runs large so size down it s more cream than white saw this in the sto
re and had to have it after i tried it on it s shape is unique it s very floaty and looks aw
esome with skinny cropped jeans chunky sandals \r\nthe empire does hit across the breast li
ne not below i thought it added to the different shape didn t look odd on me i am 5 6 so
it might overwhelm a petite frame hey hei hei where did your side buttons go on this design o

n all of the other hei hei s i own there are two or three very cute side buttons at the hips in
belt area with a matching also cute cloth strip attached so that when the pant becomes too lose
at the waist you can tighten it up a notch \r\n\r\ni bought the sky yellow in these pants in
a size 10 i am 158 lbs and 5 6 when i first put these on they fit just like i want them too
a bit of a boyfriend pant feel not too slouchy but witho i wanted to add my two cents because
i was worried when ordering the pants from previous reviews that they would be to tight as it ha
d been suggested they run small i didn t find that to be the case and think they run true to si
ze love these pants the perfect cuffed crop pant for the summer lightweight cool and comfort
able fun pocket details i typically wear a 26 and bought a 2 in these within a short time th
ey were slipping a bit low on the waist that s my only frustration they are a loose fitting pa
nt but they shouldn t slip off the waist perhaps a 0 would fit better these weren t in my loca
l store an hour away so i ordered online perhaps i ll try ordering another color in both the
0 and 2 i would sugge love this top tried it on in the store loved it more it s a great tra
nsitional piece with rich colors the top is sheer so will need to layer with a camisole haven
t worn yet so can t speak to how well it will wash probably not for everyone but boy do i love
it and i ve gotten loads of compliments on it looks best with skinny jeans would be good with
leggings also \n\ni am 5 7 155 and bought a size 10 fits perfectly i saw this dress in stor
e at first i was not impressed because it was shapeless on but i added a belt and it was so muc
h better i styled it with my leather wrap around ada belt looks great with a jean jacket or a
leather jacket to make it look more chic i didn t notice this dress online but it jumped out at
me at the store i sized down to a small as the bust and arm area seemed very loose in medium
36b it s very comfy and beautiful i tried it with a belt but quite honestly it doesn t n
eed one and it looks so much nicer without one not sure about what bra to wear likely strap
less or as one person said none the fabric of the pants is a great thickness so the pants h
ave a very nice look the fabric is smooth not jean material for me this is nice because thoug
h they have weight to them the pants are not hot and can be used to dress up or down much more
versatile than jeans these pants are very fitted through the hips but then fall very nicely i
am not a big fan of capri length yet i really love these i have already enjoyed wearing these o
ut and they look fabulous with any type of wedge or heel this may be one of the cutest items tha
t i have every owned runs big i am a 4 and the 0 fits perfectly these photos do not do the ve
st any justice i randomly saw this in the sale section at my local retailer tried it on and it
was super cute but i did the whole walk away maybe you ll forget about it thing that did no
t happen i ran back to retailer on my lunch break the next day and thank goodness there was s
till one left in my size it actually drapes in a flattering way and it looks polished it s so
versatile i would not have looked for this vest based on these photos but i m telling y so i t
hought this sweater would be snowy white but it s actually a beige kind of dingy color i do no
t mean that it s unattractive i do like it just because it is not snowy white like i thought
it makes it more of a casual sweater in my opinion and i was hoping for a dressy sweater it is
very super soft and is as long as it is pictured it fits like a dolman sweater which i did not
expect either it s a bit fitted around the very bottom and sleeves are billowy at the top the p
icture does no love the cotton knit for the comfort but from a distance this blouse looks dres
sier the embroidery adds a nice flare personally i was happy that this is long enough to cove
r my bottom as it gives it a nice lean look with skinny jeans and pants i found that it ran a
little bit but choose to keep the size i ordered anyway i had 3 shirts from clearance in my ha
nd but put them back to get this shirt it s perfect great with skinnies sandals for the spring
or boots leggings for the fall great for layering and so versatile i will get more wear out o
f this than my 3 clearance shirts combined i like the slit in the side it makes flowy while al
so preventing it from looking like a maternity shirt the only thing i would like is if the shir
t was a little less see through it s not bad but i will definitely have to order a whole size
down and this may work i m normally a 6 8 or a medium but this was huge ordered the small beca
use i loved the color design hopeful i adore a good vest so when i saw this one at my retaile
r i had to try it on immediately i don t wear cream often but the design and weight of this ve
st is dreamy i tried it on at the store and i was on the fence so i bought it took it home an
d tried it on with everything i am a curvy girl and i wasn t thrilled with how this fit now i
ts part of the retailer athleisure line and i could definitely see this being worn post workout
with cute workout gear girls who are tall and thin or even w love these no bulging substanti
ve fabric very flattering cut i m 5 7 170 lbs wearing a size 12 these were perfectly cut f
or me no pulling bulging or weird gathering in awkward areas we all know what that means
these will be a true staple for me with a variety of high heeled sandals kitten heels and glad
iators i can t wait to wear them \r\n\r\nmy only concern is the fabric and it s ability to rep

u just want to wear your comfiest bra and not worry about a dress that doesn t cover the straps
they were out of the petite small so i went with the small i am 5 125 lbs and it fits perfect
ly just more of a midi length no problemo fit is boxy yet flattering and material is sheer bu
t not overly delicate took my usual size four i am moderately short waisted i saw this dress
and had to have it it is very cute and comfortable i have fuller hips so i m not sure about t
he stripe across the widest section of my body the arm holes are a little gaping as well as oth
er reviewers have mentioned i bought the medium which fits well everywhere but the arm holes
i think the small would fit me everywhere but the hips so i m on the fence of whether to keep
it i do like the dress and it is of good quality it just may not be the right fit for me i m
a beautiful dress i like the length and cut nice material runs a bit big i think it ll look
nice with a belt great colors i saw this blouse referenced online a few times and have a weakn
ess for white blouses so off i went to my local retailer this blouse turned out to be delightf
ul my thoughts i would say it fits true to size as a 0 fits me perfectly in the shoulders it
is a flowy tunic blouse that has a high skit so it s not possible to wear this as a dress it i
s very sheer too i do think this blouse is designed for the line to hit below the bust so my
incredibly flat chest works in this if you have even i got lots of compliments on this dress as
expected the arm holes are a little large meaning low but other than that i love it i normal
ly am a xl or size 18 in fabric tops if they re not knit and do not stretch but this looked
to be a bit boxy and so i bought the 16 and it fit fine it fit like on the model tailored b

eat to dress up jeans or with a dressy pencil skirt for a night out i bought this top in hopes
of getting a lot of wears out of it as we transition from summer to fall the color is a pretty

buttons on the sides really take the top to the next level i love wearing this top with my high

you can dress it up or down be aware that the chest hem is at a non traditional height not qui

they are flattering and comfy they go with nearly everything can t get enough very unique

initely this vest is great i m wearing with my red striped turtleneck dress i got on sale here
i can see this going with so many outfits mainly those dresses that might feel a little tight a
round butt and hip area this will cover it all worth full price imo tts i m a 10 and this in
m is perfect i ordered this online in a sz 4 perfect fit and very comfortable the side slits
make it even more interesting since jeans or leggings will show this dress pops gorgeous color
s and simple classic flowy design i thought it ran a little big i ended up with xs for best o
verall fit in chest and a more streamline flow 34b for reference this top is so soft and with
a henley neck opening and longer ribbed shirttail hems it not only feels heavenly against the s
kin but it gives off a casual chic vibe it is also great for layering under shorter sweaters an
d sweatshirts to give my staples a little oomph it is a bit sheer so cami is a must i am also

not sure how well it will hold up after washings especially since it s priced quite high i lov
e it so much that i will most probably end up keeping it it is true to size i ordered i bought
this as a reward i have wanted a leather jacket forever and i truly love this goes with so m
any things tons of compliments soft comfortable material i really liked this top the minute
i saw it online long enough and elegant at the same time i m 6 ft tall and i like to wear my s
tuff loose have my back well covered i usually get m l depending on the fabric and style got
this top in l this top however turned out to be larger than expected there is plenty of room o
n the sides and that bottom part is made of a thinner cotton material the fabric of the top is
not as soft as it may look but the pullover is still very cute maybe after fe i was on the fen
ce about keeping but the more i tried it on the more i liked it i feel like it will be a great
winter casual top the reason i was on the fence was because its pretty big i m 5 4 and 108 and
the xs is pretty voluminous on me it s just so darn different and feminine though that i m goin
g to live with the fact that there is so much material i think it is still cute the fabric is
also really soft on the inside so it will be cozy too i agree that the color in the picture onl
ine is lighter but i bought it from the store and really like that it isn t just another off whi
te sweater it fits true to size and i love the quality it is really beautiful i bought this t
o go with the pants they had online i love them together the sweater seems thin for the price
but i still love it i absolutely love this dress the color is beautiful and saturated the fit
is spot on and so flattering i ordered my usual size 10 for reference i am 5 9 170 34f bra
and 40 41 hips i love this brand this top is really cute a light sweater with a feminine la
ce detail i would recommend it if you re looking for a flowy feminine top to wear before it ge
ts really cold out the only reason i didn t give it 5 stars is because the material is a little
prone to pulls and snags i wore it once and got a pull from my cross body bag thankfully i wa
s able to manipulate the threading and the pull is almost unnoticeable but just know that it s
a pretty delicate sweater and you ll have to be careful i ordered this in size xl and it is now
a favorite of mine the sleeves are tighter on me than pictured i ve had great luck with this b
rand and was a little surprised that the sleeves were cut tighter than typical the material has
a little give so i was able to stretch that out a bit everything else was true to size the sle
eves are a little long but i don t need to cuff them \n\nthe lace detail the peplum are so pre
tty it s a perfect option for cold weather it did shrink a little even wit i bought this card
igan online and loved it as soon as it arrived i bought it on my usual small but it fit very bi
g this is a nice unusual looking cardi and has a very sporty style so i wouldn t use it in th
e office the material is very soft and slightly on the thin side i am 5 4 and 160lbs i had t
o return it because the small was too big and couldn t find a xs at the store or online size d
own this is a cute casual dress i ve received many compliments and wear it a lot i deducted o
ne star because the dress is pilling in some places mostly expected friction areas but others
as well also the back of the dress started to rip at the stress points for the button up area
i mended it but it should have been reinforced to begin with for a dress at the original price
point failed to read website description that vest is polyester shearling lined that s on me \n
\nbeware pockets decorative only \n\nruns a size small due to fact vest is polyester shearling
lined i love this dress my husband loves this dress on me \ni ordered on line it did not co
me in my usual 4 and it was only in petite i ordered the 0petite it fits fine a little short
er than expected but i am 5 2 so it is fine \nvery well made and lined saw this online when i
t first came up and thought it looked lovely i purchased a different pleated dress and decided
i didn t need a second pleated dress was at my local retailer and they had one pink dress in a
size 4 and a blue in a 0 decided to try them both on the zero actually fit perfectly and at th
e sale price i had to have it the material is beautiful little details like the ruffled hem ar
e lovely one i will wear for years thinking about getting the link but the blue is lovely i m
this dress is beautiful it is not meant to be super form fitting so in my opinion it was true t
o size altho i could see how others may want it to be more so in which case size down it came
wrinkled but they make it in petite so they are forgiven and the material is such that i m not s
ure how it could be prevented nan i was very hesitant about this i read the previous reviews a
nd thought oh no the first time i saw it in person i was mildly disappointed because the materi
al wasn t how i thought it would be then i saw it up close and i realized it was better than i
thought however i didn t have time to try it on \r\n\r\nit wasn t until later when i saw it on
someone else that i realized i was looking at a must have i am so happy i purchased this its b
eautiful and flattering and the colors are bright yet und i absolutely loved this dress and when
i received it it was exactly the way it looked fit online the material is so pretty and the fi
t was amazing it was a bit wrinkled but i m used to ironing things so that didn t bother me
unfortunately i had to return it though because of the color i m filipino and this yellow jus
t isn t flattering on someone with dark tan skin yellow is a tricky color for me to begin with
but this was more of a mustard yellow and just totally wrong for my coloring this is a wonderful

vest i love the lining keeps you nice and warm i love the muted green color the pockets are sewn closed but can be cut open at the stitching without ruining the vest i love this shirt bu t it was huge i ordered a small and i was drowning in it unfortunately i had to return it thi s dress is not form fitting and some might consider it a little shapeless however the color is stunning the quality is great and its a great dress for a wedding where you want to stand o ut but not have to worry about anything too constricting great for dancing the night away the under layer and frill at the bottom are perfect i am very pleased with this purchase this dres s is a good casual summer dress the material is thin and feels nice on the dress was very wrin kled when it arrived but that came out very easily and the fabric doesn t really wrinkle easily after initial wash and steam the color is very vibrant and the fit is loose however if you ha ve a larger chest i m a 34c the hook and eye closure dones come undone overall a good purcha se it looks good with a belt as well i loved this dressy ruffle sweatshirt i am long waisted and these often look too short on me but this one fit perfect and actually accentuated my curves in a good way as opposed to making me look puffy this is a real cute vest that is also soft a nd comfy to wear love it very pretty top however you absolutely need to try it on before orde ring fit well in the chest area but way too big in the sides i looked pregnant had to return i found this skirt beautiful for year round wearing it s lined and tts i usually wear a size 4 and this fit well some might say it runs big but i like skirts to sit a bit lower on my wais t and this gave me a good 2 inches in length i m 5 3 and 119 and it hit me just above the kn ee i paired it with the back tie embroidered top by akemi kin because the blue of the embroi dery in the shirt was beautiful with the blue in the skirt it will also go with a cropped crem e turtleneck i have i love this dress the length is great and the dress just feels great the m aterial is raw silk which i love and the sizing does run a tad large but with the make of the dress i can lose weight and still wear the dress well made and the buttons in back are super c ute nan love trying things outside my usual style thought this might look like a sack but fell in love looks effortless easy to accessorize dress up or down comfortable keeper want to try it with platform sneaks for casual look nan i ordered a size 4 my usual size is a 4 or 6 the tunic fit well through the torso but the arm length was too short and hit just below the el bow the sleeve interfered with arm bending and moving i have petite proportions so the arm len gth of regular size garments is usually too long i don t want to go up in size because the body of the tunic might be too roomy bought this in pink for a wedding this summer the dress detail is noted as a swing silhouette should be perfect for twirling on the dance floor the bit of orange under layer peaking out from underneath is just the right amount of contrast to the brigh t pink a pair of heels will make this dress look perfect nan this vest is super cute i m 5 5 120 and usually wear an xs at retailer i have this in a small and it fits perfectly fits snug when zipped my usual xs would have definitely been too tight would definitely recommend this vest is super cute on it definitely has kept me warm this winter this dress has a beautiful co lor and design however it runs too big i m usually between size 2 or 4 on antropologie s cloth s i had to size down to size 0 to get a more fitted look like the model i purchased this jacke t in a pxs as i am 5 2 and 110lbs the sleeve length is perfect the fabric is soft and lightw eight which is perfect for living in southern california i don t feel any itchiness either th e rest of the jacket fits me perfectly and hits right at the top of my hips \r\n\r\n\r\nthere a re two cute grommets on each side at the bottom by the hem which add nicely to the look i like how the sleeves are ribbed giving it a comfy sweater feel there s also two zippered pockets w hic great cardigan love the tie on the back of the collar excited i was able to get the blue o n sale definitely runs big but the small fits me well this skirt is so gorgeous the picture doesn t do it justice several layers of mesh i am 5 10 and this skirt is very long which i l ove so glad i found this in my size for such a great price highly recommended i ordered this shirt and was happy to see that it looks just like it does online i love the rusty orange and pale blue contrast with the navy the navy blue underlayer is so flattering and the sheer sleev es are feminine and lovely the shape and pattern are forgiving this brand is really hitting it out of the park these days this blouse runs a bit smaller than some meadow rue if you re betwe en sizes especially arm wise i d order up otherwise just get your regular size the body is flo love this sweater so much that i got it in both colors got the size small fits well and ke eps me warm the cream color is very functional the blue color is beautiful and unique gorgeou s sweater very unique given as a gift so not sure how well it will wear i am usually a size sm all and had to size down to an xsmall as mentioned in another review it runs large in the armh oles and across the bust which is why i m counting off one star the armholes are also cut in q uite a bit so i will wear either a strapless or racerback bra i am fairly small busted and the gathers falling from the yoke lay nicely however i can see that it might not work for someone who is more amply endowed and that it might have a maternity look that said the detailing i ga ve this to a friend as a gift soft lovely she loves it i wanted to roder hte petite versio

n as it runs long but they are out of the ivory i put hte green ish color in my basket and m
ay order it but for now i am hlding off as i have other nice seaters so many choices \n\nlo

retailer small i m normally a medium outside of this store i ordered the blue version in size
xl it looked just like the photos online it fit true to size the problem for me was the weigh
t of the sweater it was too bulky uncomfortable to wear the color of blue was nice the knit
wasn t very soft but wasn t scratchy either i found a better choice from retailer so i returned
this i ordered a size xl in ivory it s prettier in person there are great details it shrunk
a bit after washing and air drying i cut off the layer of chiffon around the neckline to make i
t more comfortable a cute summer tank super soft comfy underwear i sized up and they fit perf
ectly normally wear xs and bought m for most comfortable fit they don t ride up i ended up or
dering 5 more pairs super comfy without being too mom like love these pants the print is ve
ry different a little quirky but black and light golden brown mixed together so very versatile
i have very thin legs and these are actually tight on me so maybe too slim for some good length
they actually hit right at the ankle this is a great sweater soft and beautiful it s my new g

snipped it off the thread it might unravel the yarn had to return it i tried on this top in t
he store in a large and the arm holes were too big i am busty and usually wear a size 10 so i
usually need a m to l i ordered a m which was shipped to my home and it fit perfectly really
cute with skinny jeans i m 5 1 100 lbs xs fits surprisingly well the sleeves were rolled u

al \r\n\r\nthe big drawback is that the interior seams poke and scratch my skin when i wore it
over a halter top even over a tee it was irritating in one spot despite that love it enough t
o keep i d been eyeing this skirt on the website and was pleasantly surprised to find one hang

lovely flowinng weight of the tulle layers make this a beautiful skirt i m just over 5 4 and
it skims the floor on me with a 2 heel can t wait to wear it nan i love this vest and could n

a 8 10 and a m in this was perfect the color is so beautiful and its so easy to dress up and do
wn i am big on the bottom the tie in the back adds a nice shape to your whole profile and make
s it a less boxy vest love love saw this online and ran over to the store to try it on so l

can be worn either on its own or layered with a cardigan shrug loose fit means i can wear it to
work too am usually between a small and xs but the xs fit me well also wanted to mention this
hits me right under the waist and i m 5ft4 so there is a chance it could be a little too short f
or someon i m wearing lots of these long cardigans right now this one is comfortable but holds

heavyweight long cardi i purchased the blue which is a lovely shade of gray blue not quite a

all and medium took a medium in this one and glad i did perfect fit falls exactly like on the
model love the distressed look and linen like texture the back ties cinch in for a custom fit
the knit hood is a nice touch the length is great fits tts exactly as depicted if not slight
ly roomy which i like absolutely fabulous gorgeous top but runs large especially in the arm
holes i knew i had to have these when i saw them on one of the retailer store instagrams i bou
ght them in the blue color combo and they are very comfortable and can be dressed up for work or
paired with more casual clothing because of the material they run a little large and have a lot
of stretch so i would size down these pants are amazing and great quality thank you to the rev
iewers who suggested sizing up one size the trousers don t have a lot of stretch and are very c
ute and well made and the size up is perfect i am normally a 2r in most pants and skirts and i
sized up to a 4r they are perfect gorgeous pattern and i too am not a pattern type will g

ey run small my normal size was a tad tight in the waist and there is very little stretch but
the next size up was perfect let me talk about the fit i am a size 6 petite i weigh 120 and a
m 5 tall i am curvy and have short legs what little height i have is in my torso that being
said i ordered the 6p and the 6 no doubt about it the 6p fits like a 4p the 6p was tight in
the hips and thighs the size 6 regular was a perfect fit if you want the pant to have s croppe
d look like in the picture then order up a size and stay in petite so i would have ordered a 8p
i d i wanted the cropped look like in the pic bu i love this blouse it s very unique and gorge

ave finally found the one i should note i am 5 9 and this dress goes all the way to my knees
it may swallow someone on the shorter side i liked the look of this dress online so i called m
y local store and had them hold it in a small and medium because of the reviews i am a 34dd an
d had no issues with the bust on the small dress it s a pretty feminine dress and i m glad the
y had the 20 off sale when i decided to buy it the reason i m writing a review is because the
dress here is not the same as the dress in the store the dress in the store is pictured in the

tiful and the quality is amazing i love love love this top i ve bought several over the years
and they wash great and are very flattering and comfortable i always pick up the newest color
this lovely skirt absolutely hits the mark for quality it is a substantial weight for fall a d
eep vivid blue color and just the right length to wear with boots it was a trifle snug in the
waist i would have kept it anyway but the oversized pockets stuck out on either side in an awk
ward way at this price it just wasn t right for me this is one of my favorite it is timeless
for sure i tried on a regular size at the store and definitely need petite 5 1 5 115 lbs
the dress is comfrotbale and the ivory color gives it a victorian feel the sleeves are nice a
cover the shoulder in a flattrering spot where hte muscles meet there is alining so not see t
hrough length was too long why i need petie also loose fitting i would like it more a little
more fitted jsut a bit i stared at this dress for a long time online and finally went into the
store and tried it on it is a beautiful quality and material note that it is ivory not pure w
hite which is exactly what i was looking for the fit is more of an a line and it is slightly l
ong which is part of the style of the dress i am taking it with me to a beach vacation in mexic
o but i plan to wear to many more occasions because this could easily be dressed up or down jus
t don t wear it to a wedding since it is a w loved this blouse when i received it after ordering
online the cut and style of the blouse is so cute and looks great with jeans it is well made b
ut it is see through so i had to wear something under it otherwise really flattering unique d
esign cute skort but seems to run big it s also sort of long for shorts the model must have m
uch longer legs than me i may try a size smaller since i love the print but i m not optimistic
super comfy skirt can t wait to wear it to football games this season this dress is gorgeous
more ivory in person the crochet is amazing i sized up from my normal s to a m only bc i want
ed a loose fit and after reading reviews that it fit a little bit like a shift i wanted a bigg
er size but a small would have prob worked as well depends on how you want this to fit i love
it i wear mine now w a cropped jean jacket and leggings soon w just sandals great transition
piece bc it s a slightly heavy dress but not enough to be overwhelming or hot for the summe i ab
solutely love this dress i m always leery about buying lace and white but i love this off whit
e color and style i was able to stretch the sleeves a tad to make them more fluttery but they
aren t as fluttery as the photo looks definitely more of a cap sleeve got so many compliments
this skirt is really adorable but only if you re going to tuck in your tops the pockets flare
out at the top so shirts don t lay correctly on them instead the bottom of the shirt floofs ou
t and looks really dumpy tucked in though super cute \r\n\r\nthe waist is really tiny and the
fabric has no stretch to speak of i usually take a 0 2 pant or 25 26 jean i ordered the xsmall
and could only get the top fastened by really sucking it in and struggling i ll be exchanging f
or a small hopefully t i love this dress the fit is great for tall girls i m 5 9 and the leng
th is perfect can be dressed down with cute sneakers or up with heels every time i wear this d
ress i get a ton of compliments and it is so comfortable i like the jeans a lot they re defini
tely skinny fit and more like leggings very stretchy i feel like they would fit all shapes a
nd sizes because of that give so the claim that they re flattering on everyone is probably va
lid i also appreciate that there is no stonewashing as grey jeans often seem to have they a
re all one hue from top to bottom with a little bit of linear line texture to the fabric the o
nly flaw at least i don t think it s intentional is that the front pockets l this is a great e
veryday dress i bought it in black and it looks cute with wedges it s a little boxy but that a
lso makes it super comfy so i don t mind that too much definitely order one size down if you re
between sizes you may want to consider petite if it s available becuase i found it to be a bi
t long for my taste i m 5 5 and it hits at the knee i ve already worn it a few times and ha
ve had received several compliments love love love this little lbd \r\nlots of rich detail an
d still very easy and laid back dress up or dress down \r\ni will be wearing this into the fall
season i purchased the l still roomy tried the m but a little snug in the shoulders and chest
i am usually a size 12 d cup very flattering style boho chic purchased this dress in black an
d love it there is so much detail in the crochet and can be dressed up or down i am contempla
ting buying the same dress in white these jeans look amazing on i m 5 5 and an hourglass figu
re and these fit perfectly if you like high waisted jeans these are for you a small heal does
need to be worn but i wouldn t say they are excessively long i love this dress for it s unique
design with the crochet features it is super comfortable great for being layered without see t
hrough i ordered a small though and it is still too large for me i have been trying to decide
on returning it since i love it so much i d recommend sizing down for this dress i m 5 6 13
5lbs and still needed an xs which seems a bit off i guess i m used to retailer running a bit b
ig but i miss judge this one and hate to deal with the mailing and worrying these looked so cut
e and colorful very sad to receive them yesterday and having to return them today cute overall
but run large depending on cut style i range from 2 4 in bottoms i ordered a 2 in these and
they were just way too big i would exchange for a zero but i bought them for a trip this weeke

nd oh well consequence of online shopping love love love this dress have received so many compliments on it i m 5 4 118 and xs fit perfectly love the cap sleeves and details super c omfortable too i can see wearing this year round and dressing it up down i am 5 4 about 120 with an athletic build i was so excited for this dress to arrive when i removed it from the pa ckage i loved the way it felt and the weight of it the color was as pictured on my computer i ordered the xsp and was concerned it would be too small in the shoulders or too short it was hu ge on me too long too wide too frumpy too loose all over i checked to make certain it was a petite that was sent and it was boo i do like the cap sleeve better than the flutter i m really looking forward to wearing this skort on vacation in hawaii it s a great color soft flowy fun practical this is stunning even more stunning in person the crochet is divine ev ery inch of it is beautifully detailed it s got a bit of weight to it and the crochet is very h igh quality i am normally a l or xl and i have curves this is why this unfortunately did not work for me it fits more like a shift with a little more aline room on the right shape it wil l be perfect if you re curvy size up if you re lean or narrow you might want to size down t he length is heavenly for tall gals but wi this is a beautiful high quality little black dress it actually has a little weight to it but nothing bothersome i usually take a medium across th e board but i had to size up to a large this is dress has more of a straight line versus a lin e and i have wider hips so the large fit really good it s beautiful and versatile i just wore it to my high school reunion and got compliments great purchase i would highly recommend g reat summer skort these are exactly what i have been looking for to wear to the carribean the material is substantial but not enough to be hot nor too little to be called thin the skort is constructed well with nice flow between the skirt and short portion which is sometimes a miss wi th other skorts i have tried on it does run slightly large i also sized down after initially t rying on the one in the photo i am so glad i found this tee as usual i love bordeaux rayon spa ndex shirts the fabric is soft and comfortable it s heavy enough to drape nicely contouring yo ur natural curves it does not cling to the body is just loose enough to let you breathe during the hot summer days i was afraid it would look like a swing tee and make me look like i am preg nant but it doesn t it runs true to size the only complaint i have is that the back runs too l ong for anyone who loves lace it fits pretty true to size the size m length hits just to the top of the knee i 5 4 tall to lighten up the dress just a little so that it does not look a s some have said frumpy i hemmed the liner so that the liner hem is half way up on the ruffle this makes the dress look less heavy more fun and repeats the openness of the lace on top lov e this dress will be wore a lot for summer evenings out a scandalous mini skirt that isn t a s kirt beautiful pattern does run a little big the look is frest crisp with a touch of romance very retailer the xxs petite fit great except in bust and shoulder area i m a 32a and it was r eally tight ordered a few things for a last minute decision on what to wear to a wedding i sl ipped this on right out of the box and decision was made tunic style is great for all body type s and hides any bulges crochet neckline and sleeves are cute and a little sexy dress is very c omfortable and not too short wore this with pearls and ankle strap pumps for a dressier look v ery happy with this one i just tried these on today in the store i m 5 5 and found that they w ere definitely the right length for heels the 33 inseam is correct however i had them ordere d in a petite so i could wear them with flats these are super cute jeans wow i had been loo king at these shorts online then found only one pair left at my store in a size four a size i can sometimes squeeze into luckily these really do run a full size larger without being snug too tight 19 95 with 40 off yes please cannot wait to wear them next summer and p s per above reviewer you do need need to cut the cross strings at the pleats they are just me ant to keep the shorts nicely pressed flat in the store then you are on your own great green c olor drapes well nice gray detailing adds dimension to an already pretty sweater fits just li ke on the model even though im 5 4 really happy with this casual summer find when i saw thi s sweater it made me think of the 70 s chic trend thats very now but due to the colors my favo rite tones it would be something i would be reaching for for years to come i love it combined with jeans but i also worse it over a dress see photo i am wearing it over corey lynn calter floral dress paeonia dress and i paired it with the rosebud layered necklace i got two of this sweater as i want to have one for when i wear the first one out i am 5 6 127 and even thoug i thought this dress would make me look washed out but absolutely doesn t beautiful pop of color and unique design i ve received many complements this one is a keeper this is a fla ttering skirt for work or play a few things to be aware of \r\n it is a lightweight knit with out a lining would travel great and never need ironing \r\n the waist is quite high \r\n the waist is quite slim people with tummy self consciousness might feel funny in it \r\n the hang is flattering for people with butts and hips such as myself \r\n true to size for me\r\n\r\ni decided not to keep it because i couldn t come up with enough tops to love it with and because f or the money i would this dress is super cute and sexy i bought the taupe in a size medium for

reference i m tall 5 11 and weigh about 152 i don t know how tall the last reviewer is but th
is was not too short in the front for me i really like it i was really excited that they decid
ed to make these i am a big fan of the tanks and wanted a long sleeve or even short sleeve h
int version of them to wear under suits to work in the winter etc these do the job nicely b
ought ivory and black other reviewer is right however something strange in the shoulders as th
ey are quite narrow and the fabric tends to bunch a bit and the arm length is a little strange
i am 5 8 and 150 lbs and order a medium in most retailer stuff and i tend to buy a i loved the t
exture and look of this skirt very classy but it fits tight i usually take a 4 or 6 on skirt
s depending on where the waistband hits and i could barely squeeze into the 4 and could not get
it zipped i d need to go a size bigger in this one but now it s unavailable i tried on the p
etite in the store and loved it it s just the color kind of washes me out a bit nut i did lov
e hte fit and style this sweater has a retro feel to it i like how it hits right at the hips
and it s not too long or not too short it keeps you warm and it s a nice alternative to all the
drab sweaters that you would usually wear in the fall or winter i love the unique style of this
dress the bell sleeves and the rather fitted body that poofs out at the end put the focus on th
ese details as for fit i m a standard xs petite and the xsp fits to a tee i ordered the pi
nk and it is the slightest hint of pink mixed with ivory it fits true to size the detailing of
the crochet is outstanding it reminds me of seashells that my daughter i collected last year
when we visited san diego i wish the teal green one would be in stock in xl i would grab it up
it s not the softest knit but it s very comfortable to wear all day very pretty version of a c
ardigan i love this dress i bought this dress in both a m and a s i was worried about how lo
ose the dress would fit and also how short it would be the information about the model wearing
the dress only said that she was 5 10 but not what size dress she was wearing i am 5 11 and a
m in between a dress size 2 or 4 the medium was way too wide but the small was still long enou
gh with the perfect amount of flow i purchased the green slate color which is more green and h
as very faint stripes very i disagree with the other reviewer i thought the fabric of this sk
irt was high quality and while it wasn t lined i don t think lining is typical in a sweater mat
erial i also really liked the patter and the swingy bell shape i usually wear a 6 or 8 but my
store only had a 4 available it fit but was a little tight in the hips the skirt was also lon
ger on me then on the model but i m on the short side great fit a little stiff i typically w
ear a 4 and was able to take a 2 in this skirt though a 4 would probably have been fine it s
just a fun skirt with a little shimmer to dress up an outfit this is a sweater i love to look
at and wear for any occasion it looks on me almost exactly like the model picture in the online
photo i m 5 6 i bought a small and it fits very loose and comfortable i would suggest 1 size
smaller than usual would fit well i usually wear small for tops and medium dresses it is great
to layer with a brown or rusty copper large cardigan it has a somewhat southwest blanket look w
ith its colors of soft apricot and soft brown plus 1 turquoise stripe it dresse this product wa
s offered in a pink color which compliments many color palettes perfect for layering i bought
the gray and it is so much prettier than it appears online i agree with a previous post that it
feels lighter but that works for me because i find wool terribly itchy and this sweater is not
i love it i nearly always wear a size small and sometimes even a small is too large not in th
is case this top is extremely snug i would not be able to wear this and i would ve returned f
or a larger size but the ivory color was a little too yellow for me in the online photo the co
lor is more of an off white than ivory yellow i m guessing also that this fabric may not stand
the test of time and easily snag but that s just conjecture fits true to size and rides the li
ne between contemporary and retro exceptionally well love this dress it s so soft not to sho
rt like some retailer dresses great transition piece i m a fan of bell sleeves can t wait to
wear this with boots tights this fall the malabar moto vest is made of a beautifully soft fabr
ic and is lined on the inside the added details pockets and epaulets are a plus the vest h
as snaps and a zipper the length is just right and the vest has a flattering shape i usually w
ear a small sometimes and extra small so when i ordered this skirt in a small i wasn t worrie
d when it arrived there is no stretch whatsoever and i d have to wear it really it high in ord
er to zip it not necessarily a bad look but it is a little uncomfortable no give stiff materi

nd may purchase the green if it goes on sale unless they can show this sweater off better i am
certain it will i am usually right between a small and a medium and needed the medium in this
sweater the small was bit tight i love these leggings so much i bought them in every color desi
gn they are amazing \nsuper stretchy and great for an active lifestyle be it pilates yoga p
laying with kids at the park or coffe with the girls i ordered my usual size small it is perfe

ct because it has enough room to fit a thin shirt or turtleneck underneath when the weather is c
ooler the material is very soft looking forward to a lot of wear out of this vest i ordered m
y usual size 6 from retailer and it fit perfect for reference i am 5 8 and 137 pounds unlike
the other reviewer i did not have trouble getting into or out of dress it buttons down the midd
le so you just need to make sure you undo them enough to get past your chest i really like thi
s dress i think it s beautifully made is it my favorite dress i ve purchased from retailer no
but still a nice dress i tried this dress in an xs my usual size and it is tts i love the f
abric and pattern and the tiers of the dress are pretty however the color kind of washed me ou
t and the neckline made the dress look matronly on me i didn 39 t get the dress and wished it
worked out i just received this in the wine color and it s gorgeous it fits well and is very p
retty it can be dressed up or down i can t wait until the weather warms up and i get to wear t
his i have already ordered the other color great purchase this sweater drapes beautifully bu
t beware it is pretty light weight and feels more poly or nylon than wool i dont know if you co
uld wear a top with sleeves underneath either it will probably work best with just a cami that
said i love the style note the sweater is pretty long i am 5 2 and normally 12 14p and the
regular size came down to my knees the lp was perfect just covers my tush and has adequate roo
m for curves this adorable dress has surpassed my expectations i ordered an xs and s and am ke
eping the xs for reference i m 5 6 120 lbs 34c and the xs fits like a dream it s not sack
like at all the top is fitted and the bottom flairs very flatteringly the bell sleeves aren t
too long like some i ve seen the color and print are the epitome of fall the length is perfect
it s long enough for work but short and flirty enough for evenings out i can imagine wearing wi
th heels or booties i bought the xs and love it it looks better on than in the picture it tra
vels well no wrinkles after being in the suitcase and it is generous on the sides so you can a
ctually eat a full lunch and not feel boxed in afterwards this is so retailer pretty in pink
unique design and print i love origami and i love pink and this blouse is a perfect combo i o
rdered size petite s i m 34b 26 waist 36 hips and it fits perfectly the hem falls on the up
per hips just like shown on the model the top has structure not too soft and not too stiff
i think the sleeves are very unique and great for those gals who are conscious about their big a
rms like me this top has everything flair bright color unique print but al the fit and des
ign are interesting in the 00p the fit was good though the dress was not easy to get into or o
ut of strategy required the quality is fine but the color was very blah with too little o
f the bright stripes in an otherwise rather dull color scheme that made the dress overall feel
too busy and rather confused with the lining and material weight it would be more a cold weath
er item only not an all seasonal dress \n\ngenerally it was interesting but not a most come h
ome wit such a pretty pink feminine blouse love the sleeves great quality and true to size i
love this skirt it is sooooo cute fits true to size and the color is beautiful the cut out i
n the front gives the skirt a sexy touch the fabric is very nice i am in love this was one of
my best purchases from retailer purchased this in green and love the color it drapes well no
t too long on me and hung just past my hips it has very thin sleeves as other review mentioned
to cannot wear anything bulky underneath overall very happy with this purchase i caught this o
n sale and bought the light pink version it is very lightweight and delicate i must admit on t
aking it out of the box i was a little concerned at the shape design but once i tried it on i
found it draped beautifully and was really a good buy it is very unique and i think i could wea
r it with nice slacks for work or keep it more casual with jeans and a t shirt on the weekend t
he only drawback is that the material is not what you would expect from a sweater it does feel
more i absolutely love this top cute and feminine without being over the top i basically love
everything meadow rue puts out there and this was no exception wow this sure is close fittin
g as in suction cups to your body yikes definitely not forgiving for those of us with curves
to me it seems like the material will wear well i bought this for a great sales price so i may
keep it not sure it would work fine as a layering piece but if i gain even 5 lbs it won t wor
k i ordered the medium and am usually a small the large might have worked best but probably st
ill pretty clingy i do recommend this if you are thin with no problem areas after surviving th
e winter months in various combo s of flannel and wool i was craving something feminine to wear
for lounging and sleeping while traveling the mediterranean with a friend this little gown look
ed ideal the lace is very feminine and smoother than i feared i reserved a single star over c
oncern that the jersey knit of the body won t hold up to the test of time it is not sheer rath
er just opaque enough so i won t be self conscious the curved high waist is flattering \nregar
di this chemise is so comfortable and beautiful can be dressed up or down and is a staple of a
bohemian wardrobe gave 4 stars for the fact that it is completely see through and requires a n
ot included slip underneath also because the super thin cotton will wear easily this sweater
is really pretty it is a little itchy but seems really well made i also like that you have th
e option of wearing it open with the tie tied in the back for some shape a nice alternative to

the basic cardigan love this tee purchased the blue and white i usually wear xs in many retai
ler items but opted for a medium in this tee so it would fit loose works good not fitting too t
ight i like it because it s a tee shirt but it s a little dressy great for going out to dinner
etc i love the color of this top it is a dark olive green and elegant i mostly wear it unde
r a blazer with my jeans it fits true to size and the smocking detail is casual and elegant at
the same time this top is comfortable and vas easily be dressed up or down love it nan this sw
eater is quite lovely the yarn is light and delicate and the sweater is over all very feminine
and figure flattering i bought the light red color which is quite attractive and i m not usuall

length was too long for me so i passed on it love this one i usually wear a medium got this i
n medium and fits perfectly i agree with the prior reviewer regarding the arms they are a litt
le snug but i like the fit just as is the pattern and medium thinkness were just what i was lo
oking for beautiful jacket for a light day fits a little large so if you want it to fit a li
ttle more tailored look order down a size the color of this t is beautiful and the shimmer is
understated very thin fabric but should be fine after reading the reviews i ordered an xs an
d a s in this though i usually wear an xs in bordeaux i kept the xs to me the sleeves and sh
oulders run small while the rest of the shirt is flowy through the torso i prefer more fitted
shirts but decided this one looked ok at 5 6 the hem hit at my hip i did not find it scratc
hy at all in the pink with a nude bra it is not terribly see through but with a black bra i
t is i washed it in a lingerie bag and laid it flat to dry maybe it s i like this shirt it s
quite lovely i ordered it in mint it s nice to have a dressy t shirt i think this jacket is m
eant to be large on for a particular look with an xs i had no problem it s large but slouchy
and cute i adore it it is a great sweater that is soft but also warm i love the pretty design
shimmery lightweight t shirts i got the aqua brown t s good for layering i bought the blu
e and the white the white is very sheer the fabric is more scratchy on the outside than the i
nside i wore it the whole day and it was not an issue for me this jacket is very cozy but i h
ad to send it back i think it will be great on a taller person love this jacket it s soft and
a beautiful shade of ivory perfect for casual wear with a pair of black jeans while still main
taining an elegant look first of all the one that looks white is actually a powder blue color
this isn t necessarily bad but i would have really liked a white one and i was disappointed whe

tyle it looks very much like a dress but is very flattering as a jumpsuit because of the wide l
egs the pattern is striking and bold but not garish it has a low plunging neckline so you may
need a camisole underneath i did even though it has padding for those who want to go braless
i purchased a 2p and it fit my 5 3 115 lbs frame perfectly i would highly recommend my new go

nd yes oh so soft i knew from previous pilcro purchases to size down went down 2 sizes and
they fit perfect this dark wash doesn t have as much stretch as some do which i prefer because
they stay up all day i love this little topper it is very comfortable it looks elegant i can
t get over how fabulous this looks on how well it fits and how flattering it is i m 5 8 and
size 8 10 on a good day seriously i m so happy about it i plan to get a lot of wear out of
it works for a wedding evening out or the office i bought this jumpsuit in both fabrics i
adored the fit and feel of both but sadly the graphic fabric was not handled well in the const
ruction three examples a thin white piece along one leg seam made it look like a hole mismatc
hed large pieces of white in the crotch area looked sloppy and wrong worst of all a diagonal w

as placed on both breast pieces but they were different angles which again looked sloppy and w
rong in a place where you really want it to look neat and right too bad b i tried this topper s
weater on at the store but wanted to wait for it to go on sale so i just purchased it with my ex
tra thirty percent off and think it s such a nice deal i really like how this one is soft well
made has nice long sleeves and how adorable the inside lining is the lining matches the print
inside the pockets that peak out a bit i didn t find this one too boxy for me as it s a topper
after all there are no closure buttons or clasps but i think it s a great piece to throw on w g
reat skirt fits as expected very cute can be dressed up or down i love the pockets i ve se
riously been on the hunt for a olive green military ish style skirt for a couple years now and i
think i ve found it the color is great the finishings are cool rose gold buttons i actually
like the a line it give me room to sit down without riding up the waist is pretty fitted verg

love this jumpsuit normally i stay away from jumpsuits because i hate to have to completely und

my athletic build super comfy it sort of looks like a maxi dress due to the wide legs length
was perfect i am 5 3 and did not have to hem it i bought this in navy it is absolutely stun

s was absolutely adorable on it does look a bit like a dress but at 5 3 and 118 lbs i am normal
ly a size 4 and needed the 2 in this it fit so perfectly i didn t consider the petite i can g

dressed up or down only draw back is dry clean only super cute and i definitely recommend thi

made comfortable the patterned lining makes it extra cute and extra soft to wear it s washed
well too i like the shorter length it it fun to play with proportions when using it i ordered
the navy in xl since i ve gotten such great use out of the yellow one it hasn t shed pilled eit

i ordered the medium which gave me a lot of extra room to where i could have sized down to a sm

outfit i was wearing this jumpsuit in the navy with white polka dots motif there s also a red
black and white geometric print if you re not into polka dots half way through our time toge
ther she realized that i was wearing a jumpsuit not a dress she said that the legs are so wi

ut smaller waist these are a bit big in the waist with the butt and legs fitted all in all th

a little afraid to rock a jumpsuit this one s for you the palazzo leg makes it look a lot like
a dress a light shelf bra was very supportive even for my d dd cup it does run large i m typi
cally a 14 16 and was easily able to fit in the 12 although the look it a bit racier on me due
to cleavage hides any tummy you might have very well due to the flowing cut the fabric is ligh

t these jeans fit very well and of good quality i think they need to be broken into a bit like
most new jeans overall i am happy with my purchase this skirt is really cute and very comforta
ble i can dress it up for work or dress it down for casual fun color too this shirt is beauti
ful however i thought that it was made of a softer lighter material it is instead made of a
thick heavy material that was unflattering for my shape short torso ann s large bust it mad
e me look boxy and chunky in the middle sadly i ll be returning it i saw this on line this mo
rning and was hesitant to order one size smaller so decided to visit local anthopology store wit
h fingers crossed they would have it in a size 4 i m 5 5 130 and a size 6 usually in retailer c
lothing not only was the size 4 perfect the fabric and quality are excellent nice flowy pant l
egs and the top has a one button adjustment on the shoulder if you don t want it too low either
way worked for myself dress up or down this is a must i saw these sweaters in the store this
fall and took a pass they didn t look cute and i thought they wouldn t be cute on because the
little pockets looked droopy but i was so wrong once they went on sale i took a chance b c
i needed a black lightweight cardigan for a trip ordered a size small and it fits perfect so
cute i just love it glad i bought it at the sale price because now i m even happier love this
skirt perfect length and cut pilcro make more of these i ordered up so that it hug more
on my hips than waist just prefer that better but i think if you can pull of the waist look g
o for it would buy more in different colors precious tee washes well runs large i was disapp
ointed in the blue color of this skirt i was looking for white also felt it ran a little big
just got this skirt in the mail and i am so happy i took a chance and ordered it my waist is a
lot smaller than my hips so skirts can be a challenge but this one fit me perfectly it is casu
al but i can also see myself wearing this to work in the summer months it is super flattering a
nd very comfortable the fabric is soft and it does have some give i am usually a size 30 in pi
lcro chinos and the size 10 in this skirt fit me perfectly so i would say it runs true to size
a great addition to i was obsessed with this dress jumpsuit after i read all the great reviews
even tho i had never seen it in person it was already on sale and sold out online so i called
a bunch of stores and finally was able to track one down in the navy colorway in my size it s t
ts so glad i made the effort it s as great as everyone says it is i love how it s party in
the back i m 5 3 so it was pretty much floor length on me i wanted to love this dress but th
ere were too many factors that ultimately had me sending it back \r\n\r\nit is a very unique pie
ce and high quality however i have sensitive skin c o irish genes and something about the sil
k linen sequin combo had be itching like crazy and really irritated my skin i also did not love
the way the top part of the dress layed on me it was like there was a bit too much fabric up to
p meanwhile fitting perfectly around my hips so i wouldn t want to size down i m in love wi
th these jeans they come very long but it s easy to cut them down where you want them since th
ey are not hemmed i have a short torso so for me they were high waisted but still flattering
which surprised me for reference i am 5 2 105 and i got the size 24 i got the blue with po
lka dots it fits more like a midi dress it is a bit large i m usually a size 10 and got a siz
e 8 it s gorgeous on i don t think i ll be needing a bra underneath this it s got a supportiv
e band and the ribbon also helps i might order the other bold print too it just looks so good
on i am not particularly fond of this skirt it is good quality and nice color but i expected
material to be little bit more substantial it is too limp for my taste but if you prefer ver
y soft and worn in feeling it might work great for you also i prefer wearing my ts over the
skirt not inside and since waistband is very elaborate and is followed with thick buttons righ
t below it just looks funny under thin summer t shirts overall just not working for me b

ut skirt is cute and tr 1 i m 5 5 tall 145 lbs and 38 32 40 i wear a size 30 in hyphen chin
os and they are loose i could get in a size 10 but i felt the stretchiness made it look like i
t was pulling slightly i decided to get the size 12 even though it was a hair loose \r\n\r\n2
the skirt hem is right above my knees it s not as short as it appears on the model \r\n\r\n3 t
he back pockets are sewn shut so they won t sag \r\n\r\n4 my only complaint is that the hook a
nd eye at the waist pulls away funny but i m going to t i just tried the blue polka dot one on
at my local retailer i m 5 3ish 117 34d dd and usually wear a size 4 or xs in most retailer
brands i tried this in size 2 and had a better fit hence the runs large rating this is a very
plunging neckline not work appropriate and i m fairly notorious for being out there the band i
n the back didn t hit right at my bra in the back so not sure what to tell you there the should
er straps are adjustable there are 2 buttons so you can tighten it up a bit so y i tried it on
and it fit like a glove i m only 5 2 and i can wear with heals or flats great built in bra i
m a c cup and i ve got a bubble butt very flattering on my figure quality worth every penny m
any compliments work appropriate or a luncheon my fav retailer purchase by far i bought the s
kirt in green in size 6 i am 5 4 and 143 lbs it fit very well and was very flattering and th
e length was perfect i can see myself wearing it a lot this spring and in summer blue jeans th
at fit like a dream they were on sale gorgeous dress worth every penny one of a kind twist o
n a kimono i love this jumper it is absolutely gorgeous and also quite possibly the most comf
ortable piece of clothing i ve ever owned i am so happy i splurged and bought these jeans base
d on the other reviewer i ordered one size up and they fit perfectly i m 5 8 and appreciate t
he longer inseam i can t wear a wedge heel or anything with them but with a flat on they skim
the floor perfectly you ll love the raw hemline and the subtle wear throughout the fabric it
s not overdone just like in the picture they really seem to narrow the hip think page boy sty
le very very flattering flattering i love how it looks like a maxi dress fits me perfectly
this is a skirt i will wear every day in the summer great green khaki color casual fit me li
ke all the retailer size\r\n8 s do perfect only one thing it is not as short as it looks
on this model i am going to have to have it shortened but that is not biggy the skirt is eve

t ordered the green color great flattering fit i love hd paris styles this jumpsuit appea
led to me online so i ordered a 6p i am usually a 4 or 6 in regular sizes at retailer i decide
d the regular size may be too long too much fabric for me i am 5 3 118 36c it was easy t
o slip into it zip up the back tie the black ribbon in the back it doesn t say in the detai
ls that it has a built in bra which is a good feature the bra cups are a little small on me bu
t not a deal breaker the length is fine falling just above my ankles i j i like the detail in
this cardigan the shape is true to the fit on the model of the main picture the sleeves are a
bit long however i am 5 2 5 and 107 lbs i ordered and kept the xxsp great staple item the is
such a cute a line skirt and perfect for the summer with a white tee i bought the moss color an
d the rose gold buttons on it look really pretty i m 5 1 103 pounds and bought the 00 regular
since i did not want to go too short with the petite size it does run slightly big so order a s
ize down if you have a smaller waist love this and the price these jeans are fantastic the d
enim is very high quality and the fit is true to size the dark rinse is very flattering and pai
rs well with almost anything my only small gripe is that the length is a bit awkward i m 5 4
and it fits more like a regular pair of jeans not ankle length just something to keep in mind
if you re not super tall like the model in the picture i just bought this in the yellow and am
very pleased the sleeves are super long but i m happy about that usually they are much too
short this is much cozier this will look cute over dresses and with jeans and a longer tunic s
tyle top nice quality too i really loved this skirt on the model i ordered it in my typical 0
and it fit well the green was adorable and the buttons are rose gold which is quite pretty i
did exchange this skirt for a 2 only because the 0 was just too short for me if the 2 is a bit
longer but not terribly huge in the waist i will probably keep it i was surprised by how large
the a line felt but i think i can get used to it it really is very fun and very easy to dress
up or down i m really hoping the bigger si i received the moss skirt today the material felt v
ery soft and like good quality i m 5 4 125 lbs and had ordered size 4 regular unfortunately
the skirt was huge and also very long below the knees the cut was not flattering for me as the
material stuck out very wide on the sides possibly a smaller size and petite would help but are
sold out already in moss plus i m not sure the sticking out would be fixed that might be the c
ut of the skirt it didn t work for me and i will be returning i absolutely love this skirt i f
eel like the color works well for most seasons you can pair it with a light tee or tank top and
some sandals during warmer months or layer it with a sweater thick tights and boots in autumn
really nice staple piece for your wardrobe i do think it runs a bit large i generally wear a 6
depending on the brand and style but this 6 was way too large around my waist by at least a co
uple inches i returned it and got a 4 which fit me perfectly it s nice that this skirt makes

me look at least a size smaller i love it the sa was wearing it in the store and it liked grea
t on her as well with just a plain white top tts got my usual 10 in green thank you pilcro fo
r making a skirt that is a great alternative to shorts or capris i bought the green skirt and w

lue it s tempting to get the red as well the fit is great i am 5 7 and the length is perfect
the skirt has weight i am sure i will wear both of my skirts time and time again i love the fe
el of the fabric and design of this dress i look forward to changing the look with cowboy boot

t to size down these leggings are very comfortable with a bit of control i ordered the m and t
hey fit perfectly as usual i do have to tuck the hem up just a bit but i have to do that with a

th a few nice details embroidery and tasseled tie in back a little pricey in my view for what
you get nice loose cut true to size cotton is very sheer i m well stocked on white see thro

ason nan super cute soft and fuzzy just like the woodland animals in the pattern these lou
ngers do run just slightly tight in the seat so if you have a more developed bottom you should
definitely get a size up 5 1 43 31 43\ni bought a petite medium in the orange red color and i
t s a wonderful cardigan with an oversize fit it goes to about an inch below my knees and the
slits go up to mid thigh the sleeves start at about an inch past the shoulder cap but the slee
ves are so generous that you still have full range of motion the sleeves hit mid hand and i wis
h they were an inch or two longer but that s personal preference because of the color and the
long side slits looks really stunning with a mi runs a bit small but this top is super soft lik
e all the cloth and stone tops great for all seasons i m not a western girl but this dress is

er the pilcro denim jacket it looks so cute and open over jeans with a white tank like a jacket
i already have one pair of sleep pants by retailer and was looking for a second pair i wanted s
omething warm and comfortable for the fall and upcoming winter weather i live in the rockies
as soon as i saw the woodland animal print on these pants i had to try them i mean seriously h
ow cute are the raccoons and other critters here when they arrived at first i thought they migh
t be too thin for winter wear but when i put them on i was pleasantly surprised by the soft co
mfy fabric i i am not sure who in the world could really wear this as a dress without belting i
t definitely a super weird cut extreme a frame the fabric is just absolutely gorgeous and it
is so well made otherwise i thought about trying to size down but it would be too small in the
shoulders for sure i am going to keep anyway i ve already worn it with jeans and a t shirt and
as a topper with a denim shirt dress it actually looked fantastic with both i ll get a lot of
wear out of it just not the way this dress is super cute good quality from the front it is ve
ry flattering and hangs well from the side and back it looks huge i ordered a size 4 and i am
a normal 6 or 8 i have re ordered the 0 and size 2 to see if there is less material others hav
e mentioned that the arms are smaller in the smaller size my trouble area is my hips so i don t
think this will be an issue as i am quite small on top if not i will have it altered because i
t is so cute and can be worn many different ways agree 100 with other reviews this dress flar
es a lot so it does resemble a tent to size down causes a problem in the shoulders i had to ke
ep the 8 which is what i usually wear to accommodate my broad shoulders but i love it so much
i am having it altered to taper and adding the pockets you would expect a dress like this to hav
e at this price i am hoping it s worth it i bought this dress in store today in a size 4 i us
ually wear an 8 so i was thrilled the print and details are gorgeous but it s a very wide swin
g dress there is a lot of fabric and it has no waist i m going to wear this with a belt so it
s fine but the images online are a little misleading this is a very cute fall dress that can be
worn in a myriad of styles from styling it with a pair of wedges and dark tights to donning a
bolo and ankle boots heads will turn when you walk into the room i bought these pants for my g
irlfriend for christmas she really loved them the material the pants are made of is very comfo
rtable the animals are super cute too i cant say enough about these pants they are such good
quality i bought the xs they are tight enough and don t create crease in my legs length is pe
rfect for my 5 1 statue i m a 36ddd and have a bust about 42 so when i tried this on in a siz
e 12 i honestly didn t expect to be able to squeeze it on and yet i had inches upon inches t
o spare in the bust this really is built more like a tent than a dress on the bright side thou
gh if you belt it and gather the extra material at the sides it ll define your waist and the s
kirt has lots of swing and flounce to it i do love a line styles \r\n\r\ni found i had to rol
l up the sleeves otherwise the dress looked too s nan super cozy now that the colder weather is
coming i will likely be wearing these every night relaxing at home was so glad i gave this dre

ss a chance it s adorable it does run large i am 5 6 125lb and the 2 fits perfectly it is super comfortable i am taking away a star only because it doesn t have pockets with all of th e fabric how were pockets left out i am a frequent retailer shopper who has found many items to be hit or miss this one s a definite hit i absolutely love the vibe of this sweater wrap unique bohemian feminine cozy the fabric beautiful intricate weave high quality knit wea rable virtually year round thanks to air conditioning how stylish it is fringe very in kim ono cocoon cardigan how much of my wardrobe it goes with neutral ivory color that can be dres sed up or down elegant or casual and the fact that it has great dress in terms of material q uality print something about the weight with the lining made it not work for me i ordered on e size down as recommended by other reviewers but that didn t work there was too much fabric f or the length and the lining made it look heavier i ordered a medium and i m 5 5 on the curvy side oh well i ve had so much luck with other retailer orders so i m not too disappointed i s aw this shirt and new that i had to have it i love the tassel on the back at the tie the fabri c is not too sheer the fit is loose and will be cool this summer i saw this dress in my local retailer store and had to try it on i cannot say enough good things about this dress i love it \r\n like other reviewers said it runs very big i am 5 8 138 pounds and usually wear a size 6 but got this in a 2 fits like a shirt dress should once i sized down love this top it is j ust gorgeous and fits great larger than life in both size and personality this one runs pretty big however the detailing in the fabric itself and embroidered collar balance that out it s eve n more gorgeous in person \r\nfor reference i m 5 7 125lb straight up and down and i usuall y go for a 4 or 6 small i got a 4 but could have easily fit into the 2 or even the 0 nan th ese are very cool leggings the cut out design really puts them several classes above a simple b lack legging they can be worn with dressier tops and could be a sophisticated looking outfit i wore them for the first time today and really loved them i didn t feel like i was out in leggi ngs but more like i was wearing a nice pair of pants the fabric is soft and the cut is very fl attering all over including the rear they are definitely sculpting and firming they fit the same size wise as based on others reviews i knew i needed to try this beauty on to be sure of my size as others mentioned it runs 1 2 sizes large but unlike others i don t feel i need a belt at the waist i am 5 2 140 34d and with my body style super short and not super slim in the waist but also busty this is the perfect boho fit and the perfect drape and the design and quality are superb to boot as the other reviewers stated it does run large i sized down 1 size and it s perfect great dress to wear so many ways i agree with the other reviews grea t dress i got a ton of compliments on it but i had to take it to a tailor to get it taken in not a fan of belts with dresses but definitely wanted it so had quite a bit taken in not sure why this seems to be a reoccurring issue with retailer i was bummed i had to spend money to get the dress to look even somewhat like the photo this cardigan can be dressed up with leggings an d booties or dressed down with jeans and chucks i love the fit of the small 5 3 and small me dium build would highly recommend for a dinner out or lounging around at home this dress is l oose unique and super cute you ll get noticed in this dress i ordered down a size totally o ut of my style range but am totally enamored by this tent dress shirt coat thing ok so yes it s very very tenty but fits on my shoulders size down 1x or 2x if you re narrow shouldered and i use one of my leather belts to gather the material and make myself a nice western fit flare like the model shots this looks great with a tee and skinnies if you have tried the marvelous silk santee swing dress the escalante has the same amount of fabric that reviewer either love o r hate i i love this top i ordered it online thinking that it would be a comfy top for the wee kends and i was right the front is a heavier fabric than the whisper thin tops and yet the back is a wonderfully lightweight cotton handkerchief feel i am petite and it fits great this is a great item well made and heavier than it looks size runs 2 sizes too small it is great as a d ress or open as a long shirt with jeans i had my dressmaker put a dart right down the front und er my breast to give a little more fit and less flare this helps if you are curvy i had this o n my birthday list and was really hopeful that it d work out based on all of the good reviews w hen i got it i was happy with the fit and fabric but i was stumped as to what i d wear it with it hung in the closet for a couple of weeks because i just didn t know if i could pull off the l ength i took the plunge today and find it pairs nicely with a flared leg pant and simple shirt underneath it s so stretchy warm and cozy the sweater does shed as another reviewer mentione d so k i love the design of these the laser cut outs are solid and hold up in the wash they ar e great for work outs and cute enough to wear as leggings out i wore them to my bar method clas s came home and just changed my top and continued wearing them the rest of the day as a cute ou tfit they have a great snug fit and the fabric is thick and durable these are great overalls cute design but wish they came in petite the big straps were a little too big for me so i had to return but i probably could have had them tailored i cant say enough about this top the ma terial is soft and comfy very well made the length and size is spot on looks great tucked i

n or out very versatile highly recommend nan i liked this blouse very much the minute i firs
t seen it it looks exactly as pictured but sits much better in person i m 6ft tall 160lb order
ed a 10 which was true to size with a little more room to the bottom i was able to see my belly
button through the sheer part of the bottom fabric but as soon as i sucked my belly in it was
fine the quality of the fabric is so so i had some threads hanging out here and there but this
top looks very good in person and the design is unique you can hav i m glad i red the reviews b
efore ordering and sized down for reference i am 5 7 and generally a size 8 or m in dresses
the small in this piece fits loosely in a flattering way but a medium would have swallowed me
otherwise it s a great casual piece the material is light and soft and it s cute over leggin
gs i just purchased this cute dress on sale and made sure to size down one size so instead of m
y regular small i ordered an extra small which fits me perfectly i m a petite yet busty 34d 27
35 and 5 4 and think the dress looks adorable on especially since i m a huge fan of all things
plaid it s a lighter weight dress so it s perfect for spring or summer but can be worn in fall
winter with this color scheme by adding tights boots and a sweater or jacket i also love that
it has pockets i don t this shirt is perfect hangs nicely and i love the little longer sleeve
s \r\n\r\nbeautiful color too i was so surprised by this jacket i grabbed it as a last minute
thought and then when i tried it on i was in love i have a pink dress i m going to wear it over
but i also love it over a frilly off white tank or even just over a basic t i am so excited for
cooler weather be warned its not lined or warm its more of a shirt than a true jacket but it s
perfect for fall in california i wear a small or m and went with a medium on this one love thi

ordered the gold in size xl it fits true to size matching the online photos the color detai
ls are prettier in person such a comfortable tee it s washed dried well too i hope they make
more colors for this fall it s been a great basic i ordered online and wear xs m i ordered a
small but it seems big i have to drive 1 hour to a store so i do a lot of online ordering i m
thinking of returning for smaller size may make a road trip have several items to return i ha
te paying shipping to buy and shipping to return if it doesn t work this jacket is perfect for
fall lightweight and easily worn over other tops or layers looks great with jeans didn t noti
ce the zipper in the back when i ordered this so it was a nice surprise these pants fit great a
re soft comfy and flattering i m 5 7 and the length is perfect in a medium they wash well
i initially bought this dress to wear to an interview that required something casual yet could
be dressed up with interesting jewelry although i ended up wearing another black dress i kept
this paired with interesting black booties and a great necklace this dress is easy to wear
and stylish most importantly comfortable i could see myself wearing this on days that i feel
inspired to dress up but want to wear something that is not fussy and the pockets this top i
s great to wear under a blazer when cool or alone on a warm day i rated it as runs small only b
ecause if you are a little busty as i am it is a little snug across the chest otherwise fits g
reat these sleep pants are very pretty soft and comfortable unfortunately after washing them
once i noticed some small holes in the fabric which is very disappointing considering the price
i don t mind paying a little more for clothing if i feel like the quality is there but in this c
ase i m not so sure i guess if you don t really sleep in them or wash them then they would prob
ably be ok but then what s the point of buying them this top is another winner from left of cen
ter i love swing tops and this is just adorable fitted through the sleeves and top portion it
drapes nicely in a very flattering way without looking maternity i love the rayon on the uppe
r back which adds interest and a slight contrast i purchased it in the gold color which is beau
tiful and the fabric is light and very comfortable in my opinion it runs large i m usually a s
p but ordered an xsp for a more fitted look but it still looked big for this is a great top and
got compliments already it does have a longer sleeve like the picture but\r\nreally not bad
it s so comfortable and color is fabulous great with any scarf too snap this one up but make s
ure you order a size larger than your normal size it runs a full size too small it sold out be
fore and i was told it wasn t coming back in i had purchased one previously in my regular size
but it was too small to my delight it s back and i ve purchased one in the next size up it s
well made can go from business to sport to casual i am obsessed with this shirt it s sooooo c

very happy with this purchase can t wait to wear with black or white capris this summer at 46
years old i still like fun hip fashionable items but i don t want to look like i raided my 2

the size 12 fit me perfectly with just a bra on underneath when zipped up i plan on wearing ta

it it s a really good length and good quality happy i purchased it especially during the tag
sale sleepwear is always hit or miss with me i am 5 8 and curvy and typically sleep pants h
it right above my foot and aren t long enough or they stretch out after a few wearings and look
baggy or unflattering however this pair exceeded all my expectations first they are just pla

so like how the waist is this shirt is amazing it s soft comfortable i can t speak yet as to
how well it will hold up but i plan on wearing it a lot the cut is great the shirt flutters aw
ay from under the empire waist line and the nylon patch in the back creating a flattering shape
without clinging anywhere the sleeves are nice long and fitted \n\nthis shirt will work great
as a winter fall basic piece but the texture color and contrast detail in the back make it int
eresting on its own very versatile \n\nthe col i tried it on in the store loved it but didn t
purchase then the retailer sale happened so i had to order it it s lightweight and perfect for

ps drop so i can wear it love these bottoms cheekier than i thought but like them even more super comfortable and on trend with the embroidery and beading wore it day after i received to the airport over tee shirt jeans and got compliments left and right love it i ordered this sweater online in a size 12 i am 5 7 170 i normally wear a 10 12 i was swimming in this one i could have ordered an 8 and been fine the fabric feels luxurious but the twist in the shoulder is not sewn into place you will have to steam press it each time you wear it or you could have it sewed into place i found this at my local retailer it is a beautiful unique sweater it fit s nicely a bit longer in the back and a tad loose on the bottom i ve gotten loads of compliment s as it s truly special i m not sure why it s not sold out yet purchased this top in medium i am 5 9 so normally wear medium however could probably have ordered a small sleeves are very long and it s very full around bottom love the gold color the length of these pants is not qui te long enough i m 5 8 and the only way i can make these work is if they re pulled low on the hips it d be nice if more brands offered long and short sizes in lounge this cut and fit is so good i sized up because my body just needs that with pullovers generally and i was glad i did it fits just right this jacket is far more attractive than on the website i would have passed this up had i not seen it in the store the embroidered sleeve detail is intricate with raised c ream colored stitching surrounded by small brass beads on a rich olive green background blue d etail sets this off as a unique statement piece that will surely draw compliments i am 5 1 110 lbs and the extra small regular fit fine i considered a petite but the salesperson thought the longer length would look better so i w pros this dress is so super soft and warm i feel like i m just wearing a winter throw when i have it on \n\ncons way way too big i returned the sma ll which easily should have been a large with room to spare and got the extra small it s st ill way too big they definitely have this dress clipped behind her back so it doesn t look so h uge and there s a reason there isn t a video showing how this dress looks when it moves becaus e it is ginormous and they know it \n\nbut i still kept the xs like the other reviewers i agree that this sweater is waaaay shorter than it looks on the model i think she s wearing a large si ze and it s probably cinched in the back still cute though i m 5 9 145 and a medium fits wel l looks cute with high waisted jeans which i wear anyway i couldn t believe how fast this dress sold out when they were having the fall promotion they had just put it on the website and it sold out in my size in a matter of hours i just received the dress today and really like th e practicality of it you can easily dress it up or down and it still looks sheek either way what i didn t like about the dress was that the material is a little flimsy compared to how it l ooks in the picture i am on the fence regarding if i will keep it a fabulous light weight jac ket love the detail and fit is perfect and comfortable the jacket was not so interesting on th e display table but once tried on it became mine and i suspect this is going to sell out i real ly love the light color denim trim on the lapels a keeper i purchased a medium and that is my standard size in retailer jackets for reference 34 dd and 145 pounds and 5 4 height i want to hate these jeans because they are so expensive but every time i try these on they just look s o cool \r\nthey seem to be handmade so the flowers are not in the same spot on each pair true to size and fits great the sleeves are the perfect size and it s so versatile i work from home so i m always in search of tops that are comfortable and cute but don t make me look like i m w aiting for company to arrive this is a great addition to the wardrobe super comfortable it ha s shrunk slightly with a few launderings but it s still wearable true to form this retailer s weater hits the mark it s light weight stylish great for a shorter person like myself and ha s cute detailing the sleeves are little long but i push them up anyway and the cream color i b ought goes with everything the xs size is more comfortable and flattering than the s if you are short i would have bought the bluish gray color of this sweater too but already own a similar ly shaded and textured sweater from retailer from last year love that one just purchased toni ght and love i this little jacket the embroidery and beading down the sleeves is such an inter esting touch yet neutral enough to wear with just about everything this fall runs tts bought this in dark grey which has a lovely bluish hue the fabric is soft comfy and it has great li nes for a knit fabric very flattering the sleeves are nice and long i was leary about orderin g this but absolutely loved it when it arrived i found out the front could be the back and the back could be the front reversible right and the styling of the shirt was very complimentar y to my body i love these jeans i am usually a size 27 or 28 in boyfriend jeans and i kept the size 28 i chose the baggier fit the size 27 did fit but it was a more fitted look so i guess i would say you could definitely go with your regular boyfriend size and pick the fit that you p refer i really feel like this is a jean that you should try on before purchasing but the avail ability of these makes it almost impossible i literally stalked the site so i could purchase bo th sizes and choose the ones tha although the weather is getting warm in ca the gold color and cut of this shirt made me want to buy just one more long sleeved item and it didn t disappoint i m actually looking forward to next winter so i can wear it again love this brand and i keep c

oming back i don t have the most tone tush but maaji always gives a cute little lift i order a size up usually a small so i order a medium yes this is a bit expensive however it is made in the usa so that is a very good thing i appreciate having the opportunity to buy high quality well designed basic pieces that are simultaneously supporting my community and country when you are considering this pretty top please click on the gold so that you can see the detail it is very well made and flattering i love how it has a slight shape at the back very flattering and feminine the feel and weight of the cotton is remarkably com nan this top fits like shown in the pictures however i bought the rose color and thought it was a little off would have loved to find the ivory in my size i love these pants only wish they i was a little taller i m 5 4 and the small is a little long for me colors are very vibrant lays very nicely on the body this is one of my favorite retailer dresses it s flowy and makes me feel beautiful i loved it so much that i bought it in two colors it does run big so i would size down but when you find your size you ll love it i really liked the dress on line but i didn t appreciate how lovely it was until i received it it fit perfectly and has a lovely flare at the hemline for a flirty feel i wear it with taupe colored booties and it is perfect for work and afterwork i m in love with this dress i have seen the chevron pattern of this dress on many women and i can honestly say that i haven t seen a body that it doesn t look good on i am a busty girl and was afraid the shape of this dress would make me look as if i was expecting and much to my surprise it didn t at all this is such a great transitional piece to have in your closet i highly recommend it i m in love with this dress and first tried on the petite size in the store if you don t have enormous shoulders which i do i think the petite would fit someone in the 5 6 range what i m trying to say is the dress is pretty long the cut is beautiful and patterns perfectly complementary i ve been reading marie kondo s book and this one sparks joy i really love this top normally i would not go for a lot of narrow stripes like this because i would think it is too busy but this one is certainly the exception both colors are fantastic and i think the design is alluring not busy i like that it buttons down which offers a lot of flexibility to display necklaces or have completely up to complete change the look one of the things i absolutely love about this is that it has long sleeves i think it is rare these days to find something that i i had this in my cart for ages waiting for a sale and debating the dress in general i am delighted as it did finally go on sale i bought it and it is fabulous my measurements are 36 28 39 i wear a 34d bra and the small fit perfectly the only problem i have had with it is that the lining in the front shows about 3 8 at the bottom of the dress once i have worn the dress what seems to happen is that the dress creeps up due to its wrinkling but the lining does not hence the showing i this dress is fun to wear i wear the purple one flowy and get lots of compliments i haven t worn the navy yet but when i do it will be belted my only complaint is the material that is used at the shoulders shows bra slip straps luckily it isn t too noticeable but a design flaw worth mentioning nonetheless i was so happy to see this dress at one of my local retailer stores since i ve had this in my basket since i first saw it i tried it on in my usual size and it runs true to size in all areas the length is as shown int he picture i am 5 4 and it hit me right above the knee i am short waisted and the dress fit perfect sat right above my waist and then lay just as shown not too much material to make you look fuller in the hips and also not too young looking i am planning to wear it to this is a great summer dress i bought this dress in both l and xl because this brand varies i kept the l because the fit was better the xl was wider and had larger armholes the fabric and colors are beautiful lots of compliments it is lined highly recommend may look better on someone tall thin and straight these pants are really pretty and comfrotable and i took a cahnce ordering them with a 31 inch insea m i thought perhaps they would work with a 4 inch heel howeverm it is not the case tey much be much longer than 31 inches due to the cut out i will not be able to have htem hemmed so hte y must go back if you are taller i recommend they are truly flattering i got 2 of these dresses one in the navy with small flowers and the gray yellow print i am 51 and the navy looked a little old fashioned on me i think if you are younger it would be super cute the gray yellow diagonal stripe is super cute it s a more modern design in the fabric and i love it it will be my favorite go to dress for the summer i also think it will pack nicely for trips i am 5 7 and wear a small or medium with retailer clothes and i got a small in this dress and it s p i was so excited about this dress but when i got it there were several issues i had with it the neck is just too high for me and the skirt is too pleated and makes my hips look wide i was hoping for more of an a line cut gorgeous though wish it worked this dress is beautiful it is just as pretty as it looks in the picture if not prettier it is a great material the colors are beautiful and it is perfect to throw on in the summer i highly recommend it this dress is made well and fit nice i am 64 and 135 lbs i really wanted it keep it but it is going back the colors in person are much more muted and with my pale blonde hair and fair skin the color was all wrong perfect summer dress this is a must buy it can be dressed up or down super cute dre

ss the material is not what i expected it s stretchy and the slip is tight fitting too the lo
ok is super cute though i am pretty obsessed with these and wish i could get them in many more
patterns the fit is ultra comfortable and true to size the style allows you to put on a t shir
t sweater cardigan t whatever and look completely put together i got loads of compliments
on them on the first day i wore them i wasn t sure about this top but i had a feeling i needed
to at least try it on it drapes so beautifully and the keyhole neck is a lovely little touch i
love the asymmetric hemline and the fabric is incredibly soft as far as the fit goes i found th
at it did run slightly small i took the advice of the other reviewer and ordered a medium in th
is 32d 31 waist 38 5 hips instead of my usual small it fits perfectly a tiny bit loose l
ike on the model i bought the beige you need a camisole underneath but the layered effect is v
ery pretty it is a delicate material which is why i gave it 4 stars i can t speak to the quali
ty of it but will definitely use a hand wash cycle and line dry it very pleased love this top
tried on a small in the store as it was the only size the had the sales person ordered me a med
ium on line i am wearing it tomorrow for my birthday the stretch fabric is very flattering i
was skeptical when i saw it online i was not sure about the white background but it had good r
eviews and the cut seemed to be what i looked for so i gave it a try and ordered online i order
ed s and xs i was really surprised how well this dress fits i am 5 4 and about 126 lbs pear s
hape the fabric is thicker and lined but not too heavy the cut is slimming flattering and str
uctured i decided to keep the xs size i hope i can find more dresses like this one in retailer
i feel for the reviewer who didn t like this top i tried on my normal size medium and it was no

re it sells out absolutely love everything about this dress unlike many other dresses i ve ord
ered from retailer it fits me in the chest 34c it s very flattering love the lace up front a
nd the fabric is like a soft lined linen can t wait to wear it i got the s regular if i was a
ny bigger in the chest or through the ribs tho it would be too small i almost ordered the mediu
m and was certain i would end up needing a bigger size but the small turned out just right like
it was made for me my review isn t really about the jeans i want the top soft silky lined in
silky natural fabric hangs great without being weighty extremely flattering on my xl short bod
y i m petite but for tunic dresses always order regular sizes so they go just a hint over my
knees exactly what i need lovely details sequins and weighted tassels highly recommend this
is my very shirt i have ever bought at retailer it s very comfortable and fashionable i get so
many compliments every time i wear this dress friends strangers younger older and even the p
harmacist at my drugstore wanted to know where i bought the dress it has a 70 s vibe to it fun
and swingy perfect for fall in florida with sandals or when it gets cooler i think it will loo
k great with leggings and boots i purchased the orange and dark gray in a medium petite i m 5
4 and 135 and it hit just above my knee my favorite dress right now this dress is just what
i was looking for i ordered it in late summer it was back ordered and i ended up wearing it on
thanksgiving day it s so comfortable and just the right length i wore it with leggings and bo
ots but it will be just as great with sandals in the spring i love this tank top the fringe
on the bottom is fun and i ve gotten many compliments on it already i think it runs true to s
ize this is a beautiful dress it has great detail and is well made the tassles are very he
avy which is kind of funny because the dress is light and airy it is pretty cute and sexy all
in one dress great tunic i get compliments every time i wear it i absolutely love this dr
ess it s flattering and feminine you will love it it runs large so size down loved the dress
on line ordered a petite small fits perfectly i am barely 5 5 and carry my weight in hips an
d thighs this fits perfectly without being too snug on the butt so if you are a pear shape
get this dress beautifully embroidered dress it s loose fitting not meant to be tailor fitt
ed so it would run large to you if that s what you were expecting the colors are gorgeous and
the skirt has a really beautiful flow if you are hoping for a fitted look size down one size
there is plenty of stretch to this dress and plenty of room in the bust and waist i generally
go between 00p and 0p and got this in a 0p though either would work it comes to just above
my knees at 5 2 110 32 24 5 32 i saw this in the store and decided to try it on it is so pr
etty the fit is perfect i didn t think that i would like it due to the sequins on the front w
hen i put it on i didn t mind them at all it really is a beautiful dress with beautiful colors
dry clean only is the only drawback to this one such a beautiful flattering dress i bought th
is to wear for our anniversary dinner and received so many compliments i love clothing with ele

ments that elevate them from basic to extraordinary this tops does that for me the black is a
rich dark charcoal grey the modal fabric blend has a nice feel and drapes well however the cu
t is very body conscious and i found both the medium and large tight in the midriff my problem
area since i love it so much i will keep the medium since the sleeves are looser on the large
it looks exactly as pictured and would fit well on someone with a waistline good quality jeans
but had to return as they did not fit my curvy hips this dress is gorgeous flattering oood q
uality and in my opinion better than the erin fetherston dress because of the black rather th
an nude liner which really brought our the beautiful embroidery come on practically everythin
g in rtw is a knockoff of something i do have to comment that the slip is quite snug though b
ut at least it s stretchy that being said it still had a bit of a tendency to creep up i was
glad i had a black half slip on as well the fit is tts but a bit short wa i m stunned by the ba
d reviews by others i love this dress it is an amazing feminine detailed exceptional work o
f art and lucky for me who usually takes 14s and 16s that it runs big there is stretch t
o it and it fits great lucky lucky me great quality and cut they are so versatile which i
love highly recommend these i am tall 5 11 and 3 4 and mostly leg with a shorter torso so i
am always looking for longer shirts to balance my leg to torso ratio i ordered this in the tan
and blue colors in a large and so far have loved both of them i am typically a medium in tops b
ut tend to get the large for the extra length and have the top altered to fit if need be howeve
r there was no need to alter these tops making me think the tops typically run small \r\n\r\n
both tops are sheer requiring a tank of some sort to b this dress is beautiful swingy and fun
and the floral pattern is just stunning for fall and winter i am planning on wearing it with bl

me perfectly love saw this in the store and just had to have it beautiful design fits perfec
tly looks nice with a belt as well if you have muscular thighs like me these won t fit well
i m usually a size 8 fitted 10 relaxed i bought these in a large and the shins were the most re
laxed part had to return for not fitting well but the quality of the product was nice nan the
se literally are more comfortable than sweatpants they are definitely relaxed and look a litt
le baggier on than in the photo but still cute and flattering this dress is a great dress for
spring and summer and early fall events it s surprisingly light weight and comfortable you c
an pair different shoes with the dress due to the various colors which makes it easy to dress up
and down i definitely recommend if you re looking for a fun floral feminine dress count me i
n as a five star lover of this dress the details are so rich and interesting so be prepared to
get noticed when wearing i m happy to say that getting the size medium regular instead of peti
te was a good choice for my top heavy frame the chest is fitted but not tight the length is a
not too short above knee the tiered layers swing so nicely and the beads sequins add a touch i
s whimsy to the design my one negative is the tassels at the neck tie soo heavy cumbersome to
style o this dress is lovely it flows nicely and is extremely flattering also true to size
unfortunately i do not care for a lot of glitter sparkle which this dress has going down the ve
ry front so it is going back wish i could pull off the glitter but can t i absolutely love t
his dress otherwise and very much recommend it these looked super cute online and i was excited
about getting them i wanted that slightly baggy look to be able to carry them off similar to th
e model so i referred to the size chart and ordered the size that said it would allow this bas
ed on the size chart for this item it is wrong i should have had extra room instead they wer
e tight around the hips i measured my hips before ordering and i am a seamstress so i know w
here and what to measure this is a nice quality product though j nan love this tunic and so
do others so many compliments already i ve worn it with skinny jeans as well as flowy black p
ants it needs a cami underneath since it s sheer i also like to wear it with my long retailer
necklaces if it s a knock off its of the poise dress and a pretty good one at that this is
a beautiful dress that took my breath away the moment i saw it when i saw such a poor rating i
just had to see why the erin fetherston dress is over 100 more and they look just about the sa
me i d rather have the and the look i love this style and was pleasantly surprised that it f
it my curvy shape well despite it being a fairly straight shift style it does wrinkel easily b
ecause of the linen fabric but otherwise is really perfect it is dressy enough for bridal show
ers or brunches but could also be worn casually very comfortable looks great on like the col
or fabric something you can throw on go love this top i m 5 118 lbs purchased in a mediu
m and plan on wearing it as a dress it is so cute this dress is navy and neutral stripes not
black and white it fits true to the size width wise but is 2 3 inches shorter than the picture
to gain the length you might want to size up but it will be wider the knot at the hip is beauti
ful and very flattering i m so glad to own this one i just tried it today and fully satisfied
as always with pilcro true to size perfect color \nhigh waisted and flare just right can be p
aired with cropped top or peasant top looking taller on this outfit \nbest of all i got it on s
ale the most disappointing thing about buying flare jeans when you re 5 4 is taking them to th

e tailor to have a chunk of what makes them flares hacked off not so with the petite 31 inseam on these love the perfect amount of stretch the rise is high but not too high and the flare is perfect definitely recommend i had this in my cart for a while online and ended up finding it in store the medium fit good and looked great i can t wait to wear it with a great pair of leggings i did have to buy some static spray as it was sticking to my leggings i had on that da y buying it love the pilcro brand they are one of my favorites even compared to other more ex pensive denim brands i ordered my usual two sizes smaller and found they did not fit this time i probably should have ordered one size smaller than my usual in this cut sadly i have to send these beauties back and hope for a pop back i ordered a pair online they came today and i am i n love the fit is great i love the high rise waist i will have to hem the bottom i am a tad short 5 3 and it is rare that i don t have to hem my jeans they make my legs look longer and are a very flattering fit i am very pleased with my purchase this coat is gorgeous the minute i saw it online i ordered as fast as i can type \r\nwhen it arrived it exceeded my expectations in every way \r\nthe lace detail is exquisite and the fit is so flattering \r\ni have the beatri ce coat of last year and i so love it and this is equally beautiful \r\na must for retailer shop pers \r\ni ordered my usual size and it fits to perfection nice jeans fit true to size and lo ok as pictured i recommended those to a friend and she bought and liked them as well i love th ese jeans the wash is nice enough for work they fit well around the waist and have just the ri ght mid rise height to make them stylish not mom jeans at all i am a pilcro convert very com fortable too i rarely even try on denim at retailer because i m quite curvy and the styles whi le cute on the models rarely have fit me not so with these jeans they re my first pair of pil cros and a steal at the sale price i m 5 3 150lbs 32d for reference and i purchased a regula r 28 even though i m often a 27 in my favorite long and lean jeans they hug my butt and hips i n a very sexy way but not to the point of not being able to wear them at my office i will need to get them hemmed but not i was hesitant to order high rise pants seems they only ever look g ood on a tall person but these worked out perfect i m barely 5 6 and the pants are just as l ong on me as the model in the picture just barely brushing the floor when i m in heels though if i m honest they do touch down a bit which will scuff them most likely but to tailor 1 4 inch seems ridic love them super sexy slimming and elegant the color is rich and the material is not too thick or thin very comfortable stretc i love the length of this top and i love tops tha t don t cling in the tummy area it fits well and the crochet detailing is nice for reference i m 5 4 5 150 lbs 34dd and the m fit me well since i ll be wearing this with leggings mostl y during colder months this top is a little bright and the material is not meant for cold days since i live in texas i can get away wearing it even in colder months this top definitely look s better in person i thought it looked pretty online but when i tried it on it looked even be tter this top is on the longer side and fits like it looks on the model the fabric is perfect in my opinion because i don t have to 1 dry clean it 2 iron it or 3 worry about it itching or bothering my skin i am 5 8 140 lbs and 34 a b i purchased a size xs and it drapes wonder fully i love the crochet around the neckline the 3 4 length sleeves and the colors of the saw this top online and immediately had to purchase it the first time i wore it i received many com pliments even my husband commented how cute it is as shown in the photo the back is longer than the front i am 5 6 and my top fell as the model s does love this top and so happy with m y purchase i bought a size small i normally wear medium or small tops fit runs a little large but small fit perfect love these jeans i ordered one pair and liked them so much i ordered an other right away i ordered the 26 regular \nyes they are too long i m 5 4 1 2 for flats bu t look fantastic with heels i need 2 1 2 3 to wear with these \nthe fit is comfortable th ey stretch just enough to look nice and still move with you they are not binding at all \n\nthe first time i wore them i got so many compliments i even had a friend tell me she did not unders tand why flares were coming back because she t these are absolutely fantastic i love them \ni s topped wearing pants about 4 years ago i could never find any that would fit over my thighs hip s that weren t too loose on my waist took a chance with these after looking at the measurements and they fit perfect higher waist than i m used sits just above my natural waistline to with any of my skirts but i ll get used to it they re also too long to wear with any flats being t hat i bought them for winter i ll be perfectly fine with heeled bo these are a wonderful trouse r style pant i love fitted than flared denim so this fit isn t my top pick but it s a cute styl e thick quality denim fabric with a medium rise cut i loved this skirt the material is so fun and a love the pattern unfortunately they didn t have the size i needed so it had to go back to the store i don t know why i had the opposite problem most reviewers had with these i tried on the regular length in the store and found that they were just a bit too short with heels i m 5 5 i had them ordered in a petite and when they came they were too short with flats mayb e it s the way i like to wear them i like my flare jeans to barely skim the ground i just exch anged them for regular length and will wear them with a small wedge shoe aside from the length

issues these are super cute these were as great in person as i had hoped great color for fall
super comfy and flattering fit happy with my purchase i ordered this in a regular medium even
though i am short i never order petite pants as the crotch is always too short but this crotch
is very long i have exchanged for a medium petite and hopefully that will work i have last
years short denim romper by the same brand and did not run into this issue i am so happy i orde
red this jumpsuit it is exactly as pictured and has a very flattering fit the fabric is light
and it s very well made great length for dressing up with heals or dressing down with flats i
love it just got this dress in the mail yesterday and i love the style and fabric soooo much
the fabric looks kind of shiny in the photos so i wasn t quite sure however in person it s a pe
rfect blend that can easily be dressed up or down sadly i cannot fully see how it looks on me b
ecause the bust of it is way too small i normally wear a 0 or 2 in a dress and am a 32c but the
inside panel that you cannot see in any of the photos is very fitted to the chest and i cannot e
ven zip the size 2 over my this top is very flattering and the silver line details give it a gre
at pop of color i haven t worn jeans in a year because i felt uncomfortable and constrained th
ese are as soft as my leggings they have so much stretch you could do yoga in them if you wan
t the jean look w o the stiffness structure get these flattering to the booty too i kept goin
g back to this sweater as this goes with so many different bottoms thank you retailer i ordere
d the petite version since i am not as tall as the model so the length is perfect the speckles
of gray are beautiful and would frame any complexion the fit if flattering with straight pants
or short skirts i ordered the xxs p and it is almost big so between true to size and big it i
s both flattering and stretchy the waist comes in nicely the sleeves are not annoying and the
sparkle add to the lbd in my opinion length was right above the knee just i am 115 lbs 30dd
26 5 in waist for reference i received this jacket in the mail today i wasn t sure of my siz
e so i ordered the s m i opened the medium first and found that to fit me well i never tried
the small on fyi i am 5 5 125 lbs 34a in the chest it allowed some give room for layer
ing like the picture of the model this is a very cute jacket no doubt about it i like the co
mbo of the linen with the leather the outside of the jacket is well constructed the reason i p
ut 4 stars and said but is because of the unfini i am 5 8 size 4 6 us i could barely zip the
inside bra on the 8 i wear 34 b i think it is uk sizing i kept the 8 had to return the 6
it s a beautiful dress but it is a lot of dress maybe too much for someone more petite it look
s ridiculous until you put the belt on for reference i m 113 lbs with a short torso so i was
thrilled when i saw this jacket on line i was expecting a soft comfortable and polished piece
i tried on a standard size xs and the color of the khaki is muted on line it s a little darker
in person and the finishings like zipper plackets are much lighter in contrast also it is a m
ixed media material type for example it s linen with soft leather accents which also have va
rying tones on the inside of the collar on the wrist area i m 5 2 and 110 lbs i ordered thi
s in xsp but it was a lot shorter in the front than led to believe from the photo it was also a
little baggy on top otherwise i love the material shimmer and overall look i will be exchang

ong for my 15 year old daughter purchased this tunic in a regular xs and she loves it she wore
today with suede booties very soft cute and longer than many dresses sold for teens she initia

at transitional piece for spring and fall i am on an retailer diet but i can t stop thinking ab
out this top tried it on with my sister when shopping and if only they d had my size in stock i
d have been a goner for sure it is super comfy the fabric is somehow both lightweight and st
ructured while i m kind of sick of high low this one manages to execute in a really subtle way
that just manages to hide the bum without being in your face love the sparkle you could wear
this to work then out on a date or all weekend long so versat this tunic is a lighter weight kn
it that isn t bulky to wear under coats etc it has grey shades running through the natural col
or which gives the knit more depth it has a flattering fit i bought it in the petite size and
the length is perfect i like the way the knit pattern runs two different directions in the fron

e the lines on it are sparkly and colorful now that i look closely at the shirt online i see t
hat but i did not expect it cause it wasn t as obvious in the online photos it is much more p
rominent in person \r\ni ordered it in my usual size and it fits perfectly just like the model
definitely oversized but appropriately so the length was also great i m 5 8 which made me ve
ry happy i just purchased this top in the store it is definitely not tunic length as shown her
e but rather hip length also it runs a little small in the bust and had to go up a size but i
t is adorable i just received these denim joggers this is my first pair of denim joggers and t
hey are absolutely stunning i like the decorative band i do feel as these will be a staple in
my wardrobe the possibilities with these joggers are endless i wish these fit more like jogger
s but they are slightly poofier with the big buttons i felt a bit too clownish however it s

a great statement piece if you re up for it the quality is good and the fabric has a nice textu
re i think the problem was that since linen doesn t drape and scrunch like less structured fabr
ics so it holds more volume instead of loose semi flowy menswear look i this is one of the cu
test jackets i have ever owned nice soft material i have a steamer so won t have to iron this
depends on how picky you d be about that great cut ordered my normal size sending another jac

dn t find the sleeves too long which was good as no petite option seriously so excited to wear
this love everything about these they are super fostering and comfy i am a busy mom and ne

they fit me great are super comfortable they are casual yet also stylish thanks to details li

ime i bought this in a medium regular and it fits like my regular high low tees or tops i thin
k it s so cute on it s light weight enough for warmer weather i m going to love it this spring
summer and into fall with a jacket or cardigan another plus is it doesn t gape at the armpit wh
ich i get sometimes with regular cuts it s not so low cut on me either but i have a 32f 37 38
ish inches bust so that may be why it i am normally a pretty big fan of the moth brand but i
took a chance on this dress tunic and i am so glad i did i love love love this piece it s soft
light weight material make t perfectly versatile so spring winter and fall it s so easy to thr
ow on with a pair of leggings or skinny jeans and dress up or down with a scarf or necklace i v
e already worn it several times and wearing it right now actually it fits very true to size i
am 36d 31 waist and 5 2 so i ordered a large and it fi i agree with the previous review that
this dress runs large otherwise it is a lovely dress though i added a belt since the tie wasn
t defining enough for me brown leather looks great with it and i get tons of complements this
hoodie has a great fit it is slightly tapered in at the waist so it is not boxy in fact it is
quite flattering it has pockets and a cute rubber zipper pull the hood is a nice size not ove
rwhelming to the back profile i purchased the matching pants a few months ago but had not idea
when i ordered this now i have a super cute lounge at the lake ensemble i was immediately dr

lowy ones like these i can size down to a l which i did the nice thing about the cut is it min

this dress is great it s perfect for a casual look with a denim jacket comfortable for traveli
ng and can even be dressed up for a more formal occasion i wore it on a cross country flight
toronto british columbia and was so comfortable with a sweater and scarf to wrap around me if i
got cold the only con i found of this dress is the back is a bit low leaving your bra showing a
nd being a 32 d i don t feel comfortable going without a bra i purchased a few of the bralettes
to go with it to m i love the embroidery detailing on the top i think this shirt looks better i
n person than online \r\n\r\ni m an hourglass shape and this loose style for shirts often tents
out away from my chest but this top drapes down nicely however loose shirts like this aren t
my style so i belt this at my waist and it looks even better the top flatters my broad should
ers meaning that it doesn t make them look wider and it hits below my hips i m 5 10 i als
o appreciate that the armholes are small this top is just amazing it does run large so size do
wn but fit and feel is wonderful especially if you would like to hide some lumps and bumps this
is the perfect top these leggings are very comfortable and cute only reason they are not 5 sta
rs is because the pattern is not quite as vibrant as i was expecting ok this shirt is like my
dream it s large comfy but sexy with the back dip as a larger chested lady 32g i really
appreciate having a tee that i can easily throw on and look put together clearly this is a la
rger styled swing tee but it s one of my favorites paired with a cute pair of boots and easi
ly worn with a jacket it can tend to fall off the shoulders so i d size down i ll probably p
ick up the grey too i love this top the material is soft but good quality and not flimsy the
cut is fitted and flattering the color of the fabric is ivory not bright white the embroidery
is a good quality and doesn t easily fray the fit is true to size i highly recommend this top
i wear it with jeans and it looks really cute always get compliments it s very comfortable too
this top is so lovely the fabric is thick and soft and the drape is phenomenal i did size dow

n based on reviews i typically wear a large and the medium is perfect nice and flowy and very flattering this blouse is sumptuous the fabric is soooo soft embroidery beautiful fit flatte ring sadly i returned it due to the color i mostly shop on line due to time restriction and t he picture looks to be a winter white to me it is a light yellow color most pleasing with the cobalt embroidery alas any shade of yellow makes my skin look jaundice so back it had to go the embroidery details on this top are beautiful the material is soft and a really good quality my first time wearing out and i received so many compliments i love it i tried on the pink in xs in store it was so big on me i wanted to love it the stylist did but i felt meh so did another costumer didn 39 t like it on me the colors are really nice and the blue seems reall y nice too but the cut was a little wide fabric is very soft for reference i am 115 lbs 0d d 26 5 in waist love this dress the colors are stunning the make is beautiful i don t know where to start the body part is a nice neutral color and has beautiful beading my concerns is snagging since the fabric is so flowy and the beading pokes out sort of i love that they used different patterns on the layers the skirt bottom layer has cute polka dots that are translated on the sleeves bottom of the sleeves sleeves are by the way fun and bubble like the cut o f the dress is not following the b based on other reviews i had no doubt this dress would be per fect it truly is a work of art however it just wasn t me when i tried it on i m sure for others it will be perfect my biggest issues were the sheerness of the top portion which is ob vious in the photos i was hoping it would be less obvious in person also the elbows of the d ress were tight so it was difficult to bend my arms and i have pretty slender arms nice jacke t good quality flattering design i m 5 4 115 lbs bought a size s and fits well love the h ood a little snug in the arms if you want to wear a long sleeve underneath overall a good buy i ordered a size xl it s flowy so it could be running larger but since the fit in the shoulders neck sleeves matches the model i think it s true to size for the design it is so comfortable i love the softness of the material the problem for me is the color on my monitor it looks li ke a light ivory or white but the embroidered lace bib portion is a darker ivory shade that do esn t work for my complexion so i ll be returning mine everything is well made though especial ly the vintage styl the floral pattern on this tank tranforms it to a beautiful piece i usuall y tend to avoid top with full pattern because it tends to look busy but not with this top i m usually wear s m with retailer brand depending with the design this tank has loose bottom sect ion so the s is tts for me i purchased this top over the weekend and absolutely love it i am currently 9 months pregnant due in a week and this top is perfect bc it has plenty of length it is super soft and comfortable for the texas heat i am 5 6 usually 115 lbs currently closer to 140 lbs just got this in the mail today very pretty soft and comfortable i could probably have sized down but it fits fine for reference i m 5 4 138 lbs and i got an xs grab this w hile it s on sale i m not sure what cup size i am 36b or 36c but the medium fits perfect mat erial is soft and stretchy i usually wear a medium size shirt i definitely won t be wearing it out in public but i like it a lot for at home wear the matching underwear may run large i m u sually one size larger in bottoms than in tops but the medium worked for those too the weight and feel of this jacket is what i was hoping for it is medium weight making it my go to on cool days and is also very flattering to wear it actually gives you shape i like the front texturi ng on the scroll work and the pockets are well placed if anything could be different i would h ave preferred a little more room in the sleeves as they run slightly snug so not made to wear wi th anything with bulk but overall not an issue this dress is stunning it is beautifully made with laces and beading in a way that is art it fits in a very flattering and comfortable way i think is would flatter any body type the details are captivating and it immediately grabs the s potlight when you walk into a room \r\ni ordered online and when it arrived i was stunned with i t s exotic use of fabrics textures a rare find and a must have was looking for a layering tunic and this does the job it s very long and i m 5 11 and this covers to my mid thigh the ar ms are very tight but stretched after a while and the material is thin i like the button detail s and the olive color are a nice break from black and white white might be see through this to p is beautiful on it has very feminine detail and is very flattering the first time i wore it i got 4 compliments on it i would definitely recommend i originally bought this in medium my normal size when it arrived it was absolutely huge like wearing teepee i took it back to the store and re ordered a small in the black and now it fits great this is a great shirt but g iving four stars due to the inconvenience i m a teacher and am always looking for easy to wear pieces that will also work for my job i also walk in to campus with my backpack so i need some thing that looks good but is comfortable \r\nthis dress drapes beautifully is really soft and has a wide flattering neckline i m short and chose the regular size instead of petite so that it would hit right at the knee it s definitely on the generous side i usually wear an s and i sized down to an xs \r\ni can definitely see getting a lot of wear i love this dress i love the style i love the pattern i love the feel of the fabric there s a slight puffiness to the shou

lders that surprised and delighted me however i think it runs a little large particularly bec
ause it s not fitted at all that tie around the waist is the only defining feature and it s a
great one this dress and your figure needs it i am 135 pounds 5 5 and i normally wear a 6
perhaps i should ve known to try a small but i went with my usual size in dresses this top is r
eally nice and the fabric is more substantial than it looks in the photo it has a great shape a
nd is nicely made i ordered an xs which i nesrly always wear but i measure 35 in the bust an
d it fits well but no extra room i m petite and it is not too oversized really cute top and a
great value i came to retailer just to browse and came across this dress i almost didn t get i
t because it looked very big however i tried it on and fell in love with it it does run a li
ttle wide but the length is good and it is very comfortable it is perfect for the summer mont
hs this is such a beautiful top i sized down from a large to medium and it fits but too long a
nd full for my shape also found the armholes too deep and revealing for my large bust sadly r
eturning i agree with the other reviews this top runs large so size down with that being said
this is a beautiful top love it this top is soft and comfortable without being some shapeless
drag with too much fabric i did size down as did the other woman in the store with me i can se
e many more wears out of this top wish it had been made in other colors or white would be beaut
iful this top is beautifully constructed fits true to size i ordered a medium the armholes a
re nicely cut not too loose will be able to wear with a racer back bra accommodates my larger
bust 34dd this is a very pretty summer top the detailing at the neckline adds interest and th
e floral pattern is gorgeous one note in the picture the top appears to have a white backgrou
nd but it is actually more of an ivory cream color this is definitely a swing top style with a
lot of room in the body i am 5 8 145 and normally wear a medium or 6 in retailer tops i or
dered a small in this top and it fit great at the top but was almost too large in the body of t
he top i am considering this top is a perfect example of why retailer is heaven the attention
to detail is stunning and it drapes beautifully i am 5 6 and 140lbs with an average build an
xs fits me perfectly this top is very flowy i could wear it until about six months into a preg
nancy yet it is flattering even though i am not currently adding to the human race it s an inv
estment but it s high quality and worthy of the price tag the print is beautiful and the detai
l on the chest is so pretty th fabric is a soft t shirt martial i ordered a medium and it fits
like a large it is supposed to be flowy and loose though overall i feel beautiful in it great
for our hot humid charleston summers i tried this one on twice before i committed to it but i
m so glad i did this top has a lot of volume it is fitted in the arms but stretchy has qui
te a large neckhole but lays beautifully on my neck and shoulders and has a lot of volume on
bottom what i love about it is the variance in length at the hem it s long in the front and ba
ck then comes up on the sides this makes the top really feminine and lovely it s the perfect
top for women who carry weight in their belly or butt i i tried this shirt on on a whim in my
local store when i was there to shop the sale items an to my surprise it was very flattering an
d comfortable it had a unique fit and design i tried on the black in an xs my usual size and
surprisingly i didn t find it to be too big at all it fit just like it did on the model you c
ould almost wear it as a mini dress over leggings shorts based on the length like one of the pr
evious reviewers it would be great if it came in other colors this top woul i have admired the
workout leggings retailer sells since they debuted last year and i was excited when these went s
ale on sale they re very cute and definitely true to size i was worried the white made me look
big but with a longish shirt it s fine also they aren t made from the most athletic fabric
i think if i sweat in them too much they d get icky fast i don t sweat that crazy from my legs
though so i expect they ll be fine this is so beautiful i loved it online but it s even prett
ier in person it s a little greener than it appears in the photo the straps are actually a gre
en rather than white i m 5 6 123 lbs and the xs fits perfectly worth the money the fabric
and style on this swing tee are really nice but be aware it runs really really large i downsiz
ed on my order because of the style but it wasn t enough like wearing a tent i would recommend
it but know its very full i did return it this top is super comfortable and has a great preppy
casual look i have been wearing it on weekends with jeans but could also pair it with a skirt
and tights to have a more work type look i don t usually like the shorter length shirts but th
e fit on this works for me saw this online and didn t catch my attention but saw it in store a
nd decided to try it on really cute and comfy on the fabric feels so soft it runs very big n
an the quality of this top does not disappoint but it does run very large i wear a size 14 and
a 40d bra size the xl fit more like a xxl and was too big i am exchanging it for a size smal
ler i can t wait to enjoy it in the photo i loved the colors in person though the print on m
ine had the four huge pink lily flowers on the front and it just wasn t the look i was hoping fo
r like the photo also i failed to notice in the photo that there s elastic along the seam of
the butt this seems silly and unnecessary it s not terribly noticeable on but still i felt
weird the fabric is thick and not see thru and the quality is fine but the combination for the

shifted print and the unexpected ruching and thes love this shirt so much it is comfortable and a beautiful print i sized down because it is very flowy it is ivory instead of white but stil l looks beautiful one of my favorite tops this is the reason i doggedly fight for items at ret ailer as there are often maybe 6 made in my xxsp \r\n\r\nyou really have to see this in person even the slip could be worn as a chemise alone with the double layer and dots the colors are go rgeous i wanted this to try with my burgundy velvet blazer and it works withe the copper color too \r\n\r\nthe dress is really a swing shape not close fitting no waistline so it is ve ry comfortable the sleeves are fitted but stretchy so should not be a this dress it is heartb reakingly gorgeous stunning the entire idea and design is so gorgeous the style with the slee ves embroidery and slight shimmer at the top two layers underneath the dress is extremely gor geous i am so so so sad i could not keep it i don t get why the sizes are so off here i have come across so many clothes with gorgeous embroidery but too loose or too tight i didn t want t o send this dress back but it did not look good it was just too loose sad nan the colors on this blouse are beautiful and even more vibrant in person i love that the blouse is lightweight perfect to wear to any holiday gathering i have always had a thing for velvet and velvet pants are hard to come by so i was so pleased to see these and i rushed to order a pair in the dark tu rquoise they are beautiful exactly as pictured but a bit longer in length on me i am 5 3 t hey can be dressed up but what is so fun about them is that they can easily be dressed down as well i am wearing them with a heather grey t shirt they also pair well with the metallic linen tees my one and only criticism is that they are a bit wide i love this cardigan its fit howev er really depends a lot on an individual s height and build i am about 150 lbs i have slim ar ms and am larger in the chest my typical size in retailer clothing is m having said that i fo und that in this top a s fit best it made a difference with how the pockets and lapels lay the pants you wear may affect the look when you snap it closed wearing leggings or slim pants ex pilcro cords gave a much more flattering look to my backside jeans not so muc this is one of my favorite retailer dresses of all time it is soo much better in person and on than the stock photos very romantic and fun this is figure featuring without being too tight it fits exactly like the picture it is a bit pricey but can be dressed up or dressed down and is perfect for h ot summer days as well as worn with a cardigan i love it so soft and comfy fits great love the length i am sure it will get much wear great addition to my wardrobe i love this dress there are so many different looks you can get just by adjusting the straps or shoulders the mat erial is lightweight and flows with every turn i ordered my usual size 10 and it fits perfectly i did need a little assistance in getting the side zip to go up but once it was on i didn t wan t to take it off this is the softest cardigan i own perfect for lounging going to from yoga or dressing it up with a statement piece or a scarf i ve worn it buttoned or open and receive many compliments i have it hanging on the inside of my closet door because i wear it more than anything else at the moment love wearing these i see them getting a lot of wear in the wint er i don t have anything like it in my closet really excited to wear it i ordered this piece on line and returned it at the store a few days after arrival the material is very soft and well m ade however it is not flattering on the hourglass or pear shaped person moreover if you are s hort the design may make you look shorter i am 5 4 and it did to me the design is beautiful if you are tall and have narrow hips this is the piece for you i am 5 4 160lbs and usually w ear a s m i love this dress it is very photo friendly which is a big plus for me i am not the tallest person 5 4 but i had to be careful not to get my sleeves in the food i was preparing perhaps the sleeve length is a bit longer on me but i had to be very cautious while trying to p ut the finishing touches on our holiday feast it s just something to be aware of i suggest sus hi or a nice cheese plate if you want to wear it as the hostess i was looking for a new pair of pajama pants around the house pants occasional quick errand pants to replace a pair that i bough t from retailer six years ago and i fell in love with the look of these they are truly comfy and are flattering on the lace adds a nice feminine touch that makes me feel pretty even on my lazi est days i m hoping these will last me another six years i love this dress my favorite retail er purchase in years it is perfect looks great no need for ironing and is really sexy for the length and amount of material i would buy it 10 more times if i could \r\n\r\nyes just wanted to add my comments to the review that stated these pants ran small in the waist i sized up bec ause of that review and ordered an extra large as i wanted these to be loose and comfortable i typically am a m l in retailer the xl is actually a little big but not enough that i need to r eturn them if you order these in a fit that is fairly loose these are not see through at all i ordered the color shown on the model i am about 5 feet 4 so the pants are not as cropped on m e this skirt could not be more comfortable and the colors are great nice and vibrant i got compliments on it the first day i wore it the only problem is it fits larger than i thought it would it s really stretchy fabric too i m a little curvy on the bottom and am short waisted s o i opted for a medium i should have ordered the small but it still works \n\nthe other thing

that s nice is that for short people like me i m between 5 2 and 5 3 it doesn t drag on the ground in fact it fits me classy pants that can look casual or sophisticated my husband loves them on me for a dinner out i dressed them up with a top from retailer i think these will be a must on my trip to florida this winter since the pants will look great with a t i had high hope s with the other good reviews but you just don t know how amazing this is until you put it on just so soft and cozy i am so excited for more saturday sunday products at retailer i bought t his dress online last week in large part based on all the positive reviews then i saw it in t he store i didn t try it on because it was already on the way to me and i had ordered a petite anyway and the store didn t carry petites i have to say when i saw it hanging in the store i wa s disappointed for some reason i didn t realize it was a sweater dress and it looked frumpy on the hanger so i had resigned myself to returning it once i received it well it came today and i figured very cute and comfortable dress run true to size i usually wear a 4 and the s fits n icely stretchy and soft this is a beautiful cardigan its effortless lightweight with some c ool detail to keep that low key look extra stylish the moss color is very subtle with a small l ined print i wanted to love this the detail the length the weight and the color are all so dreamy but for me the arms were super tight normally i m a l or xl in all retailer tops and sweaters and i do have larger arms which is always a struggle for me when shopping i couldn t even get the cardigan on my arms there is no s love this cardigan i ve been searching for a co mfortable lounge type of sweater and this is perfect the sleeves are a bit tighter than the bod y but i would wear it over a tank top so it is comfortable i am 125 lb and 5 5 and i ordered my usual m let me just say that this material is awesome when i first took it out of the pac kaging i was afraid that the top was too thick of a material but after wearing it around the hou se it seems light enough i live in a warm area i will say that i find the top to be a bit la rger i ordered a medium in fear that the small would be too small on the bottom i could have t aken the small in the top even though it is meant to be baggy \r\n\r\n the bottoms on the medi um fit me great they shorts don t b i was excited to order this dress based on the reviews it was better than i expected the fit is perfect and one of the most comfortable dresses i own th e fit is flattering and i will get plenty of use out of this one first i definitely understand why most reviewers either adore or hate this dress luckily for me it worked in my favor althoug h i will point out the downsides too 1 it runs small the only reason i was able to fit my us ual size is because i have a tiny bust and have been working to tone up but still i had to mane uver to get the sidezip up i would size up but 2 being that this dress runs small it appea rs more fitted on top as if it were a fit and flare or bustier which i like 3 you h i purchas ed the moss color in this cardigan i really love the texture of the material it is very very s oft my issue with this is the arms like other reviewers have said they are extremely small i went up to a large rather than my usual medium and they were still tight i really wanted this t o work but i will probably return due to the arms when i first saw this online i knew i had to have it so when dresses were 25 off i grabbed the deal it s perfect it s super soft and an appropriate length i love the bell sleeves they re ultra feminine and slightly trendy but not too much i definitely recommend this dress reference 5 7 140ish lbs size 27 in jeans xs s 4 in tops and dresses and the small fit me better than the xs i m an hourglass shape and on me this dress didn t give me any shape at all and i felt the bell sleeves were a little much the lining though is really soft and excellent for colder weather and the print is very pretty jus t as pictured overall a very nice and unique dress it does have too much going on but can be worn in a versatile way and if you are small chested without a bra i am not a big fan of the material i wish it was softer it definitely has a gypsie bohemian look if that is what you are looking for i know i will be wearing this a lot i wore it on tuesday for work with some dressi er pants and opened i wore it on sat and sun for long walks great piece very versatile skirt that s suitable for any occasion or any season this is a lovely dress and exceeded all of my ex pectations very unique and well made swing dresses can be a hit or miss sometimes but this o ne is perfect couldn t be happier this cardigan is very cute but after 1 wash and no dryer th e back has a bunch of pulled threads very bummed with the quality i love the cardigan it s su per comfy and long enough to cover my behind the pink and white stripe lining adds a softer tou ch it s a little tight in the arms i m right between a small and medium i wish i would have o rdered the medium just got this yesterday and i m wearing it today super comfy for running err ands with the kids and going to and from the gym or just to lounge around the house i go betw een a m and l and went with a m since its flowy and it fits great everyone should have this blo use amazing simply love it it does run large so purchase down 1 2 sizes this shirt fits rea lly well i ordered a size small and it s definitely a bit form fitting i was a little bit hesi tant to purchase this at first for a tshirt it s a pretty hefty price but the quality and cut are really quite attractive and worth every penny i m 5 2 105lbs and bought xsp seems a bit t oo short for my taste especially since this is a popover but not bad enough to return everywhe

re else fits tts nothing stunning about it but is unique enough to add to my everyday casual
it would be better if there are more colors to choose from i love the fit of the stevie jean t
hey are not too tight to make them inappropriate for a mom teacher but are definitely not your

other stevies i own for reference i am 5 6 145lbs size 6 m and the 29 fit perfect they are
a bit long but i fold them up and it looks just as cute i highly recommend especially since the
y are on sale definitely a closet staple reviews said it ran small so i ordered a size up was
large on me nicely made but wanted something a little smaller this feels so nice and light an
d summery nothing like a crisp white top for the season great for work great for play i love
this shirt perfect length for tuck in or not this top may be labeled as a part of a sleep set
but i threw a cami under it styled it with skinny jeans and a top knot and this became a very e
ffortless chic so cal look love that pop of hot pink too i went up a size for a little extra w
iggle room across my shoulders overall this is a great summer top but not for me i usuall
y try to buy petite sizes since i am only 5ft 0in but this was just too pretty to pass up so i
took a chance and ordered a regular size xs right out of the bag i was impressed with the colo
rs and fabric of this romper however i did not notice that the entire back was open until i pu
t it on from the pictures it looks like there is a small opening but when i put it on i was e
xposed all the way down to my lower back this may not be the same for a taller person s i order
ed this in size xl in the multi combo the fit matches the photos it s a strange sweater but i
like it i m glad i got in on sale though i m pear shaped and the curved hem fits me oddly i l
ike the longer length and the mix of blues whites peaches so i m keeping it it s not scratchy b
ut also not soft this is one of those purchases that i probably should return because i don t l
ove it but i know i ll get enough use out of it to justify the sale price i am beyond pleased w
ith this dress photos do not do it justice and no it does not look like a gown it is comforta

ly for me in length and size this is my first maxi dress and i m thrilled do not miss this pie
ce it is special i bought the blue black they are great basics got the small i am normall
y a extra small in retailer sometimes you have those days where you feel overweight and unattra
ctive this shirt is perfect for that it has a chic cut and it doesn t look like you are havin
g an off day at all so cute and i really like the length as well i usually wait until items g
o on sale but this i had to buy right away i purchased this dress before reading any of the re
views i ended up reading them the day the dress was to arrive and they worried me since i wa
s so excited for this dress i put it on and i feel like it is not much different from the photo
here online it is meant to be roomy it is more fitted on top and the back is cute to give it
some shape too but it is meant to be loose fitting i personally love it i have added a belt t
o give it more shape when i want worn it on its own or with a i saw this dress in the window i
n the santa barbara store and fell in love with it it is described as a robe in one post i saw
but i think it looks so much more like a great fall winter maxi in the window display it was pa
ired with a cognac leather belt which made it look even better definitely size up possibly tw
o sizes i can often wear an xs and the s is skin tight on me other than that it s a nice neut
ral piece the pictures of this dress do not do it justice i bought it cut the sleeves off to
be even with the waist line and belted with a slim belt and it is perfect it actually become
s a very sexy dress it is a true wrap with a deep v and the vent in the back i mean this dress
paid dividends at the end of the night to be very honest \r\n\r\nwearing this to south beach
it will be perfect with strappy high heels i ordered christmas presents online this year they
arrived very quickly and were well received they are ferry pretty i will order online again
this unit is gorgeous as a dress or as a top with a cami skinny jeans and boots i m wearing it
to my cousins wedding and obsessed i bought a long delicate necklace at retailer with a gold pe
ndant and it falls perfectly with the neckline my only slightly negative comment is about the q
uality the material is beautiful but i noticed the elastic coming through the ends of the waist
band where it snaps shut still keeping it though i bought this in store on sale and absolutely
love it although it kind of ran big and the material is stiff causing some protrusion off my sh
oulders i decided to keep it only because it was unique and still looked cute as of late it s
been difficult for me to find clothing at retailer that fit s true to size i m 5 2 and 107 lbs
and i ve had to return several pieces because they were too big on me this versatile piece fits
true to size i purchased an xsp like the previous reviewer i ve tried this with a couple of d
ifferent long sleeve shirt and tights combinations i think this will work in the spring and fal
l too as the material is in between heavy and light airy great for work such a beautiful top

i understand why other reviews suggested wearing it out personal i love pretty sleepwear so i
will be wearing this and matching shorts to bed i ordered a small in both and they seem to run
true to size i am 130lbs and 5 5 my regular size is small or a size 4 i love the embroidery
and the pink well made embroidery held up well in the wash love the unique green color patter
n comfortable got a size 4 115 5 2 34b i absolutely love this shirt i saw it in the re
tailer store and immediately knew i had to have it all they had in stock was a size 2 and a siz
e 8 i m usually a 4 6 in button up shirts but i tried the 2 anyway and found it to be quite ge
nerously sized i have a 32dd bust so button up shirts rarely fit me properly this one was big
enough to be comfortable worn out or tucked in and was loose fitting without being sloppy when
i discovered that it came in petite sizes i asked the so to order t this ribbed henley is incre
dibly soft you ll love the way it feels but it does run a little small so i d recommend gettin
g one size up if you don t want it to be too form fitting i think this top is great it does sh
ow cleavage also it s very romantic i can t wait to wear it if only the store had had the re
d and wine colors in stock too the pictures online do not do this justice i did not even recog
nize it as the same dress at first i went a size down and that way it flatters my curves beauti
fully instead of looking like a robe it can actually be worn 3 ways i like closing the closest
snap there s two in the middle with a skinny belt over it and a slip dress underneath this wa
y the dress has a deep v neck and opens out in front when walking think 1940 s glam it can al
so be fully closed like in the picture or left ope like the color and the dotted fabric the le
ngth is good the fabric on the back is a nice touch fits well and hangs well i bought this bl
ouse at the store today and i love it they stylist brought it for me to try on with the green c
hinos and it was perfect it will go with jeans or dark pants as well very unique and flatterin
g i got a size 2 i m 5 7 and 130 pounds dress is very flattering on not tent like at all
this is my new favorite shirt i m actually wearing it today i had to order another in white to
o grab it while you can this is a basic henley and it is made well a wardrobe staple for su
re the cut is flattering and the material is soft i ordered the small which is tight fitting
i m a 34 c for reference this blouse is easily one of the nicest i have bought in recent times

e i have worn this blouse with jeans and in a more formal situation and with a little more jewe
lry the blouse fits in perfectly anywhere i highly recommend it this white shirt is a perfect
canvas i can dress it up with a scarf for work or wear it with my favorite jeans it s perfect
for all body shapes with the a line i love how comfortable this shirt feels i like wearing thi
s shirt with my black knit pants and my retailers braided collar vest i originally bought this
shirt in the blood orange color which is lovely and vibrant the shirt is extremely comfortable
and very flattering however it is also very very cheap after about five washes it has pille
d and worn the color has faded a bit and i doubt it will make it through the spring for persp
ective i wash all my clothes on cold and use the air dry setting on my dryer \n\nnonetheless
even having experienced the wear and tear i went back and bought this shirt in every other this
dress caught my eye because of the beautiful fabric but i read the reviews online so i didn t b
uy it i just went to a store and couldn t help but try on the size small i usually range from
an xs to a s and i would say that the size s fits great around my shoulders it is true what th
e other shoppers say about this dress being like a tent it is and i won t lie about that when
i tried it on i asked a sales person to bring me some belts to try on to create a waistline on
ce i put on a b i ordered this in gray and in white these are not your mothers slips they are
comfy and soft i have worn the white under a shorter dress on a day when i wanted more coverage
but didn t want to go for full on tights or leggings i liked the effect of the slip being longe
r than the dress the gray may even be opaque enough to stand almost on it s own very happy w
ith these i d seen this in the store pre sale and was delighted to see it on sale i m 5 4 12

t i appreciated the creative take on a classic look good quality of the fabric and this will g
o with everything in the summer or even beforehand with a cardigan this lounge robe is the
most fantastic dramatic and comfortable wrap dress to the reviewers who posted pictures you
styled this to perfection a slip dress underneath is a must have since the opening basically
unsecured i purchased the medium petite and i am 5 3 36dd and 140 i ordered this in white
the material is similar to a polo shirt which i hadn t counted on it was also on the large siz

t they only had a size l on sale so i purchased i m so glad i did could have gone with a m

pliments keep coming and such a great piece to have in my closet i could live in this top it s
versatile enough to be dressed up or down or worn as a bottom layer the color offerings are bas
ic enough to match anything and it s comfortable enough to wear around the clock note that it
runs small i had to size up to a medium even though 80 of everything else i wear is size smal

l the embroidery is gorgeous it s a lovely blouse soft lightweight and of quality material
the only problem is that it is an oversized fit running at least one or two sizes too large it
is enormous i ordered it online but will return it and shop for a much smaller size in the stor
e to guarantee proper fit i thought these pants had a great fit and the color is fabulous i wo

t department stores run i saw this top online and read the reviews that it was running small i
am normally an xxs in most retailer clothing i am 5 6 110 for reference found it in the store
and took both the xs and small in to try on the reviewers were right i tried the xs on first a
nd it was quite snug and short the small fit perfectly it was a bit longer too great style an
d soft fabric once you size up you ll love it this is a lovely and unique blouse it can be
worn with jeans shorts or a skirt such a beautiful addition to anyone s wardrobe nan got this
to wear on a beach vacation later in august i was hesitant to purchase what is essentially a li
ght weight cover up at this price but is is really cute the only problem i have with it is the
slits on the sides are a bit high up it is a good color and feels very nice i will wear this o
n tropical vacations and running about since it is so hot i bought the medium and it is a perfe
ct fit and comes to my knee in the front for reference i am 5 8 and 160 this is a great cove
r up or tunic over leggings or capris i am 5 foot two and it comes to my knee the only draw bac
k are the slits on the side they are too high and if you turn sideways at some angles you can s
ee your cheeks i will have them sewn up a bit because i love the dress and it is worth it good
quality casual feel good dress it can be worn as dress or as tunic over the pants this was l
ong on me i m 5 1 but it could easily be cinched up using the drawstring waist very soft mat
erial this will be a super comfy dress in hot weather didn t seem too see through the pattern
on this dress is even more beautiful in person as reviewers mention the dress is sheer but a
nude slip underneath is an easy fix can t wait to pack this dress for my next beach getaway th
e fit is true to size the quality is nice i am happy to having this basic wardrobe staple adde
d to my closet this dress fits wonderfully i can wear it causally or dress it up if i want to
great deal as well really pretty for summer especially beach and pool wear but i m only 5 1 a
nd even the petite is i think a tad long for flats which is my preferred shoe for this dress
i m also curvy and busty on top so unless you are blessed with a nice thin waist it s not as f
lattering as the tall thin model shows but still it looks nice on and i though it might look g
ood also with white footless tights i have too so i m on the fence about keeping it since it s
really pretty for a summer party this dress is so vibrant in person i am 5 10 and the length
is perfect having a small waist helps too certainly worth the 49 i spent on it watch the sal
es several times ill go to pay for an item and its even cheaper that advertised the uniquenes
s that retailer embodies is what i love the most about their clothing i m a size 10 ordered a
medium it s cute it works with jeans linen pants flip flops but i wouldn t say it is a must
have but i m keeping it because it works the material and design of this beach dress is so pr
etty i was hoping that this could be worn as both a dress and a swim suit cover up but it is o
nly the latter you can t see it from the photos the model or mine but it is very sheer i
t can really only be worn over a swimsuit whatever you wear or don t will be completely visib
le so if you are looking for just a lovely unique beach dress this is it unfortunately for t
he price i need more versatility i will consider it on sale i bought this tunic to wear as a s
wim cover up last minute but it has become my go to for wearing over skinny jeans the length
makes it so versatile great layering piece i love these jeans the fabric is super super soft
with good stretch and give however they don t loose their shape either they are mid rise but a
touch higher in the back so you never give anyone an unwanted show when you bend over my only c
omplaint and this is just personal preference is that the back pockets are kind of small bu
t the comfort outweighs any slight beef i have for reference i am 5 4 and wear size 25 comfy
go to s this is a beautiful piece and a really great deal on sale it is sheer but with a sim
ple slip underneath it will work well for a comfortable but special looking summer outfit i alr
eady have this in white i wear it all the time and get tons of compliments because it s so unus
ual the only reason i didn t give it 5 stars is because my white one is a large petite and this
one was not available in petite i bought a m i m 5 2 135lbs and am a little thick in the mi
ddle so the large petite gave me that extra room this material is stretchy though so i am able
to kind of pull on the sides to widen it a bit i put it in the dryer and it shrunk a little in
length too th it runs long for a 5 1 woman like me other than that beautiful dress for vacat
ion i liked this online but loved it when i received it in the mail i normally wear a m l and t

the hips and hip pockets flare out creating a saddlebag look it is not smooth and fitted as sho

g i think the felted boiled wool is great quality but a tiny bit itchy i still recommend the d

n i saw this tunic dress i knew immediately that i would wear it and it would become a favorite
of mine the cut is unique and it is versatile enough to mix and match with many different thing
s it is also very comfortable true to size and very good quality material i highly recommend
this tank is so light and made with great fabric i bought this to wear over pants black jeans
classic denim this fall maybe with a jacket over \r\ni purchased a size medium and it is loo

these are perfect for pulling off a finished look proper enough for teaching in yet fun enough
for going out afterwards or just running errands the polyester material is substantial lined a

warm and soft color goes with everything i tried it on with a slip dress and it added class

got it in a 2p which is the size i normally get in dresses it is slightly more loose than other

r comfortable and cute debated for a while about this dress love the flower embroidery but i
was worried the nude colored top would look drab on it actually looks nice on my skin tan ish
yellow toned surprisingly however there is a noticeable amount of extra room in the waist i
have a 24 waist it wrinkles a bit in that area when i move around i m not sure if that s a d
eal breaker or not i guess now i have even more to debate about the length is a tiny bit long
er on me than on the model 5 0 100 lbs this cardigan is light weight and can be used for all
seasons additionally you can wear it tied in the front or down for a cascade look can be worn
for the office or with jeans love this little good for everything closet staple i don t like h

ow short it is in the back \r\ni also prefer a solid vs slubby material \r\nback it goes i 3 9 m 5 39 3 quot 118 lbs and the 26 navy fit great the gray i can hardly button and are less flattering i will order another size 26 in gray to see if it will fit better but also try a 2 7 love this dress it is tighter in the chest area than maybe expected but not unwearable tho ugh i am smaller chested it will be great for hot summer days as it has a light lining the mat erical is wonderful and light and the color is gorgeous but the large was absolute gigantic i m returning it and sizing down possible to a small which is unreal since i wear a size ten nor mally i am petite height wise but more than length there was just so much room width wise i t swallowed me the dress itself is lovely though so i m definitely exchanging for a more reas onable size but definitely size down i typically wear xs or s or zeros but i got this in a m it doesn t look big it looks like a regular fit to me i think a small or xs would have looked a nd felt small it s soft beautiful and warm the hood is so cute the detail is just so good i love it over top of 2 long sleeve blouses i got there and one of the cloth and stone button do wns nan so i saw this dress like a month ago and i fell in love utter i have to have it love before dropping 200 superfast i gave myself some time to think it over well of course i deci ded to order it and of course my size was sold out most of the sizes were sold out actually they did have a petite left so after i dried my eyes i decided to wing it the petite actually fit the mid section is a little snugger than i am normally comfortable with although the top i s so structured that it ac ordered this cover up in a mp but it was waaay too big so now waiting for the sp to arrive hope its a hit very cute and well made fits true to size i was on the fence about this cardigan once i got it in the mail it s cute it will go great with a long ta nk or longer t shirt worth the sale price i ordered a small and is true to size following ano ther reviewer s advice i ordered up to an xl it s huge stick with your normal size or go down one it s a one of a kind piece soft lightweight yet cozy and adorable sadly have to return mine i ordered this dress in a size 2 it puckered at my lower back i am still so disappointed in the fact that i really wanted the navy option in this dress that i chose to ultimately retur n it instead of exchange for a 4 it is truly gorgeous though the black and pink just does not compliment my complection really like this top fun flair nice quality shirt great for dressi ng up with skirt and also would be perfect with boots for the rodeo i paired it with a skirt an d boots for church wore white cami under to emphasize lace details super cute tried 8 and 8p thought petite was too short in length on me 5 4 will send petite back i love this top it is a very soft material and it looks very classy i have worn it with a skirt for work and skin ny jeans i have a bigger bust and i wear a small it is true to size very classy this dress is beautiful and so striking in it s unique design i ordered a 4 as that is what i usually wea r about halfway up my body i knew it was not even going to zip i did not even try i love the fabric and colors so much though that i am going to try a 6 here s hoping it works nan this ca rdigan is lovely casual layering piece it s a very thin lightweight knit and pairs well with a tee or tank under it i really like the color and the style the longer front can drape or tie f or multiple looks this dress is gorgeous well made lined and tts i get compliments each time i wear it and find it unique yet classy and appropriate for work unlike some of the maeve tops i have purchased this year it does not run big and if you are banking on a little stretch i w ould order the next size up you won t be disappointed this dress is fabulous with attention to most details 5 4 103 lbs the 00 fits perfectly overall fit is excellent sleek but not form fitting so very appropriate for work length is also great another plus for work many times th e dresses are just a tad short but this is great arm holes are also great not overly long as they often are very nicely lined substantial fabric the only lack of attention to detail is t hey did not include the bra strap holders why can t more dresses be made t this dress is gourge ous will be able to wear year round \njust add a cardigan or blazer \nthe only fault i find in it is the waist band is a bit wide \nhowever i have a hour glass shape so my waist is very smal l i love the black and pale pink of this dress the contrasting fabrics and the embroidery my f avorite kind of dress creative and a little edgy but elegant and can be dressed for the office too ordered a size up from my usual size because i tried the previous dress in this style and i t was a bit snug the size up was a good decision fits in the shoulders and waist better the f abrics are nice and the finishing on the dress is well done the mesh in the bodice is a little delicate and i will h i love this top it is very comfortable and great to throw on with a tank and jeans for the weekend i am curvy and the drape of the top works well on my frame i could see using it as a gym coverup as shown but i like the top too much to get sweat on it great fit and style i got the navy and the color is beautiful this blouse with a scalloped hem is a good blouse to wear by itself it goes well with higher waisted bottoms it is very boxy i li ke that but did buy a petite instead of s regular to compensate i swing both ways on oetite reg ular sizing i m so so about the patch pockets the material is fairly heavy but they do add t o the look of the top it s well made and nicely finished it s relatively light material even

if you layered a sweater over this i can t see it being good for winter i m in california so it s fine length is great i m 5 4 and it hits just at the knee i m a true size 2 small and this fit great even though i have a curvier figure pretty classic dress i was looking for something to wear over a spirit football shirt and this was the perfect piece it s light weight and the material is super soft you can wear it tied or untied i bought these cords in another color last year and they are my favorite pants they are so comfy and keep their shape very well when i saw they were back i had to buy another pair i purchased navy and the color is beautiful this lift weight cardigan is true to size perfect for fall or spring colors are quite nice especially the little pops of orange this dress is everything everyone said it was in the reviews so cute and beautifully made fully lined \ni felt it ran a bit small as i had to return it for the next size up more so in the bust area but the fit and length was perfect in the size 6 5 10 125lbs i will say that all the raving reviews made me purchase\nthe dress without hesitation and i m sure glad i did this dress is everything i love about retailer a never could have guessed it feminine textured twist on a classic it s beautiful it s comfortable the cut is true to size for me and figure flattering the patters colors on this dress are much more stunning in person it is lined and feels very well made the pockets don t add bulk to the hip area as many times they do which is great the fit can be tricky if you have any semblance of curves if you can try this one on in a store before buying for reference i am 5 7 have broad shoulders am pear shaped i have hips and a good sized rear end 34b bust weigh 145 lbs and generally wear a size 6 or 8 for tops and bottoms the size 8 fit i really liked this little cardigan so simple light weight and comfy i have grabbed it and put it on 3 times the first week i got it i love this dress it fits great on curvy girls the armholes are a bit big i had to get it altered but its great it had two pockets which are great good length and comfortable fabric the material is so soft and the design makes it a little more fancy so you can dress this tank up or down its definitely an instant favorite and the color blue is a beautiful rich blue awesome light shrug goes with so many out fits over tees and dresses tts get one orange color is a pretty neutral love the pilcro brand size down super soft well fitting great length great darker color for fall awesome rise not too high not too low will be grabbing these a ton this fall this is ruching done right i tried this dress on and the two other women who saw me in it went to try it on as well \n\nit is fitted but comfortable and because it is well cut the ruching hides a multitude of sins to leave you looking sleek and curvy in all the right places it is also a versatile layering piece and would look great with almost anything so unless this particular color is your nemesis this dress is a winner how could this not be flattering to every figure bunching of fabric is awesome at hiding imperfections i know i have become a master at hiding some of my residual baby weight for years now this paired with a darker color and not black yay makes for a perfect combination in a dress i love that this is a deep purple it is a dark color which is slimming but in addition it has more appeal being colored and it is so versatile wear it along or with a cardigan jacket on top heels or boo this looks just like the picture it s soft and very comfortable looks great with skinny jeans and boots love it this is a tts cami that should be a staple in everyone s closet great for layering searching for blazers that don t look stuffy this one fits the bill mine is at alterations right now getting the sleeves shortened other than the long sleeves the fit is very nice this will be a versatile addition to my wardrobe can t wait to get it back from the seamstress so i can wear it purchased on sale and worth the 20 or so dollars just a good basic top scoop neck not too deep fabric is opaque enough to not need a cami pilcro from retailer is a great alternative to the premium denim lines with a way better price point similar cut quality with awesome rises and spandex stretch content also the styles are always on trend these jeans are so comfortable and do not stretch out enough to size down in my opinion right when i put them on i could tell they fit perfectly i have been buying pilcros for several years and have not been happy with the stet ankle jeans from the last 2 yrs because although they were very flattering when you first put them on they stretched out so much it was annoying \r\nthese script jeans are amazing flattering and are a nice lightweight denim i wore them a few times before washing and couldn t resist this jacket it s perfect for business casual dress code for staying warm in air conditioned offices and goes with many colors and styles \r\n\r\nmany times jackets are too tight on my shoulders or not long enough for my arms and this fits perfectly i m 5 7 and i bought a medium i am 5 9 155 i bought the charcoal gray in a large and i love it fabric is super soft hangs beautifully no weird spreading across the chest like the previous reviewer i have long arms and the sleeves are long and hit me mid palm just like the model in the photo i have worn the sleeves rolled up and down and it works recommend this for a casual comfy top with interesting design love love love this shirt much like last year s bordeaux shirt in this style it s very soft very flattering and very comfortable fits tts and the fabric is a very soft stretchy cotton yet not too clingy around the mid section it has a nice flowy fit it washes

great doesn t pill again the fabric is fantastic and holds up really well i bought the bla
ck with white stripes this year but i m tempted to get every color it s great for layering too
since the fabric is nice and thin i have not written a review for an retailer item in a while i

l that the medium was snug and usually i am between a medium or a small the straps were a littl
e hard to manage it is cute and i think cuter than on the model this is a great basic shirt i
t has room in the midsection so you can tuck in or not it is also extremely soft i am 5 9 a 1
0 and the m fit just right yes i am 5 120 lbs and busty this hugs in the right places there
is no extra fabric so it doesn t appear overwhelming on me as even some petite blazers do i had
purchased the same brand blazer but in the mustard color and it did not fit well this fits beau
tifully the denim color is just like the picture the sleeves are a tad long so i just rolled
them up no bulk i ordered a size 6 petite this blazer is really well made it has a nice wei
ght and stretch to it i think it might run a bit on the large size i am sometimes a small and
sometimes an xs and the xs is perfect it s a great blazer to throw on to cinch together a casua

ordering a petite size i was pleasantly surprised to find that it fits beautifully in my usual

e the 0p might have worked too the material i absolutely love this top i am short 5 2 but

curvy on the bottom with a 36dd bust i ordered the xl only because of my upper body it fits g

ut i actually thought it was a bit too short too even on me 5 2 about 118 lbs this dress is
a beautiful vibrant color and a classic fit and flare fit it does seem to run a bit large i am
5 0 and 120 lbs and wore a 2 petite it fit nicely and was flattering but still a little roomy
\r\n\r\ni added a beaded belt to dress it up for my maid of honor duties and despite all the run

i agree with the other reviewwers on the sizing instead of purchasing my usual size 6 i bought
the size 8 as it was indeed a bit tight in the chest for my 34d chest but it was no biggie as th
ey had my size i love all the embroidery and lace the length color and detail on this one it
s also soft and made from cotton so it will be just perfect for summertime and will look adorabl
e with tights and boots and a cardi or jean jacket in the fall i swooned over this dress when
it first came online i had never worn a petite size before so i wasn t sure about the fit i am
curvy 34dd 27 42 and normally wear a size 8 dress but the 6p fit me like it was made for my b
ody i think this is because the dress runs large but i really really enjoyed the fit the qual

the lace feels like a soft cotton but has a lot of strength to it cannot recomme ok here is t
he story i am 5 5 118 lb 34c i got a 4 and a 6 both are s tad tight at the chest and shoul
der area but i have big shoulders i am keeping the 6 there is plenty material at the waist an
d below but the dress does not look frumpy at least on me it does not i like the picture with
the belt and i will wear it that way too i also like the sleeves they make it easier to wear a
t work the material is lovely and so is the embroidery and cut out it really is a sweet summer
dress despite the mixed reviews i went ahead and bought this in my normal size i am small ches
ted 34b and found this to fit perfectly so i understand why those with large chests were find
ing this impossible to fit at the top the fabric and detail are stunning on this there is not
a lot of give to the fabric but if you are smaller in the bust buy it i wanted a turtleneck f
or layering with cardigans and vests i ordered the burgundy color in an xs my usual 2 and th
e color is lovely and deep i absolutely love it the ribbed design is comfortable the neck dra
pes as shown so it is not constricting at all i tried this on in store in a small and then ord
ered the medium online i loved it so much i generally run a small medium with retailer so i tho
ught this was pretty true to size i m also longer through the torso so the medium is better for
me to cover my stomach when tied it is on the thinner side but not see through perfect for la
yering and for a mild california winter can t wait for it to come this dress must be pinned on
the model in the picture \ni ordered a small although i really needed a petite small but it was
sold out it is incredibly billowy very billowy i love the print and the material but this dre
ss is just so very voluminous i may have it professionally shortened since i am only 5 and the
dress hits just below my knees i m hoping that helps since i d really love to keep it this dre
ss is beautiful in person the details on it are amazing the only problem i had was that it ran
small i am usually an 8 or 10 in retailer dresses but had to size up to a 12 just to be able t
o breath the top on the 10 was tight in the chest and arms when i sized up to the 12 there was
more room but not by much the embroidery detail on the dress is the best part it is exactly a
s shown in the picture plus it has pockets which is always a plus for me lightweight and great
for warm we runs large which is the opposite of what i see in the majority of others review
s since most reviews say it runs true to size i decided to purchased a size 28 which usually i
t s the perfect size for me no matter which brand fabric style etc it always fits well n
ot in this case i should have gotten a size 27 i felt very disappointed because these pants ar
e beautiful i got the 40 off sale at the time and now can t exchange it since the price has ch

tched the photos online i hand washed it and it did shrink a bit the fabric knit used are so soft the color is so pretty too this is so comfortable and flattering and hides everything but yet is fun i actually love to wear it with jeans and it goes great with a really great piece o f jewelry this top is gorgeous it s a nice weight and the cami that comes with it makes it dra pes nicely i ll have to send it back though because it s too big i m always a medium but in th is i ll be a small nan my measurements i m a 36b so i got the medium it fits perfectly i originally purchased this in the gray to wear during the day in winter months but i loved it so much that i came back and purchased the black for evenings with skinny jeans and heels it s so soft and pretty can be dressed up or down and now i m thinking about getting the wine color to o i love it i washed it in cold gentle and let it air dry and it held up fine i wouldn t pu sh it though treat it delicately it s a smar i bought this in my usual size small it is real ly light and airy very pretty as the other reviewer noted it is longer in front and shorter in the back the back hit my waistband as it does on the model in the picture it hid my bra very well always a plus i wouldn t describe the fabric as soft and i did get a static electr icity issue but the top stayed put overall very pleased i really wanted to love this dress because i like the lacing at the neck the dress is high quality and comfortable but it runs ve ry large also the sleeves on the model are gathered the sleeves on the dress i received jus t hang loose and big at the wrist with no gathering whatsoever they re so wide at the bottom yo u can t really roll them up without them falling down the next second it also runs quite long longer than on the model and i m 5 9 unfortunately i guess i ll be returning i love this swe ater i checked runs large but it s really just a roomy sweater i bought the small which is what i usually buy but it is big enough to wear over long sleeve shirts etc it s soft and coz y and i think i wore it 3 days straight when i first got it one of those pieces that you will wear over and over wore it with jeans and a blouse then with palazzos and a tee and then over my workout wear the next day before deciding it was time to give it a rest love this sweater love this turtleneck it s perfect for fall and to layer i m usually an xs in things from retai ler and this is no different i definitely recommend i love this beautiful summer dress i am t all 5 10 and this dress is a great length on me sometimes with high low dresses the high is too short but this dress is perfect it does run large i originally ordered a medium but h ad to return it for a small it is very voluminous my only complaint would be the arm holes are huge i am going to have to wear a camisole or bandeau top under it or you can see my bra i bo ught this dress for my mom she usually does not even try dresses on because she feels that they highlight her problem areas but she is going on a vacation soon and i thought she could shoul d bring something different for her trip thankfully the embroidered waters shirtdress complete ly surprised her the fabric is soft and light the blue is vibrant and perfect for spring summe r and the cutwork detailing is flirty without being too risky or revealing she s really excite d about this a love this top looks great on not uncomfortable it s the right length the fab ric is nice and it feels good on i have been eyeing this top for a couple weeks and finally fou nd it in my store it was a good sign when i saw our stores in house stylist wearing it i absol utely love the fit it s soft and stretchy and fabric is nice quality i m typically a medium s ometimes large i bought the medium and it s perfect i could have gone down to a small as well the large was way too big for reference i m 5 8 athletic 150lbs this top is going to take me everywhere this summer worth a try i really was surprised at how much i liked this top it is as others pointed out a poncho type overlay with a tank connected underneath it is very co mfortable and forgiving of any body boo boos looks great with skinny white pants i wasn t sure how this top would look on me but i tried it on and i love it plus it is very comfortable i wo uld highly recommend it perfect cozy sweater nice details exactly what i wanted to upgrade fr om sweatshirts i am 5 8 and about 145 lbs curvy through hips small up top and i got a small and it fit great i got it in the wine and it is a pretty color for fall into winter the fabric is super soft and cozy what a great top unusual design loved this jacket so much i bought bot h colors this jacket is simple yet adds so much to an outfit the lightweight material makes it perfect for the florida seasons as for the snaps mine work perfectly i usually just keep them u ndone for my hands the sizing i think runs a bit large i usually am a medium but ordered small s and they fit perfectly even with the perfect amount of breathing room highly recommend i typi cally wear a size xl in retailer clothes i m a size 16 in tops and this sweater in xl fit reall y baggy with no form fitting it s super soft and i love the color but it was just unflattering on me maybe i shouldn t have sized up to an xl but i m not sure a smaller size would have solve d the weird fit the vee is quite low and i m busty it ll be really low if you re smaller on to p the fit from back to front where it ties looked horrible on me not tight at all it s almost balloon like around the hem and from the side view i looked like a really wide green apple i h ate leaving a bad review because i know someone may love it but i wouldn t recommend it loved t his so much i bought it in black and in grey it fits perfectly and it lays awesomely i ended

up buying the black in medium and the grey in large for a bit of a different look for each i us
ually wear a medium or large so i d say it fits super true to size just depends on how you wan
t it to fit i love this vest it is a work of art in its design and construction but extremely w
earable absolutely gorgeous on and perfectly warm and functional my favorite thing i ve ever
bought at retailer very soft clean feel i got this in pink and received so many compliments
perfect to layer on top of your favorite tee or tank i wish they had it in navy as well i trie
d this dress on in the store and nearly bought it other reviewers commented on the tight chest
but i must admit this was the one part of the dress that fit like a dream on me however i am
very small busted 34a the waist is very flattering as well but the skirt seemed to poof ou
t at the wrong spots namely where the pockets are i love pockets but not when they create ex
tra bulk at my widest points and the skirt was about two or three inches longer than i would ve
liked anyt nan cute layered cami great colors for summer or fall very light fabric tends to
get a bit staticy shorter in the back than expected but a good versatile top this top is great
for layering or by itself over skinny jeans or leggings i m 5 5 and this is the perfect length
this is a very lightweight comfy sweater jacket i wanted to love but didn t find it special
enough for the price i am usually between a small and medium and tried on both sizes in the gra
y and the navy the small fit snug in the shoulder but i liked how the layering showed at the bo
ttom of the front that look was lost on the medium though the general fit was better in the e
nd the looked medium too sloppy for my taste and the small felt too small i am tall so this
dress hits slightly above the knee on me the peek a boo detail on the skirt and shoulders is fl
irty but still modest this dress is super comfortable and is going to be a summer staple for m
e i also love that this dress is button down it is an easy piece to wear for new moms i went
to retailerplpogie today to try this piece on and it was adorable i really liked the lace part
that lightly shows off the legs this does run true to size i am 5 5 and 116 pounds and wear a
34b and i was able to button up everything and be comfortable in a size 0 there is no stretch a
t all with the materials that they have used so that might be an issue for some the material w
as actually a bit thicker than what i would have thought for dress like this but i really liked
it overall and i have still not decided if i am keeping this dress i sized up according to the
other reviews i typically wear a 6 so i got an 8 it fit me just fine on top but i am a 36b
so fairly small because of the photos i expected the dress to be a line and flare out at the h
ips it did not that that s why i am unsure i d like it to flare out a little more than it doe
s it would be more flattering and more comfortable i love the dress otherwise i think i may t
ake it to a tailor and see if there this dress is so cute will you be bringing it back retailer
this dress is very flattering great unique dress this was was a great buy i got in on sale an
d the quality is really excellent the material is thick and stretchy there is a spanx like lin
er which is really nice as well for smoothing out the bumps the dress style and cut is very sli
mming i am more a size 14 at 5 10 and the 12 fit well i agree with the other reviewer regar
ding the twisted shoulder it doesn t lay on me either like it does on the model but it doesn t
detract from the dress so its a keeper given the other positives cute top but does stretch out
a bit throughout the day i saw this in that postcard catalog and it drew my attention immedia
tely so when i saw it at the store i knew i would try it on \r\nthis dress is gorgeous the l
ace is sturdy and won t easily be caught on things the chambray is substantial but light it s
put together well and the slip covers greatly the material isn t stretchy but it keeps it shap
e and i like that i m 5 7 and it hit me right at the knee so it s a good length if you wanted
to wear it with a cardigan to work as a spring this hoodie has a lovely flattering drape and fi
ts true to size m for me and is light but quite warm the cottony nylon layers along the fron
t panels and hood add style it will be warm enough as an outer layer on a slightly brisk day or
indoors in cooler weather i was going to opt for the blue but in the store the light gray w
hich is a bit darker and more marled than online at least on my monitor looked really lovely
and seemed more versatile great turtleneck very comfortable and not tight around the neck at a
ll the material is super soft and washes well i ended up getting all 3 colors my only regret
is that there are only 3 colors i absolutely love this top i also like the many complements i
ve received while wearing them i am full figured and the fit is very flattering i loved the la
ce detailing all over this dress and the fact it had pockets and was mostly cotton it just look

per well made it s a pretty dress my only concern is the sleeve length it s an awkward lengt
h and makes the dress look a little frumpy i turned the sleeve up once and it looks so much bet
ter or if you are a savvy sewer you may want to tighten a little in the arms so the sleeve i
s a bit more fitted overall quality and feel is very good i usually fit into a 6 but for this
dress i ordered both 6 and 8 and kept the 8 the chest is a bit snug and the button pops open if
you don t order the correct size i was eyeing this dress for some time and was undecided about
making the purchase at a reduced price and 40 discount i had to succumb i was surprised by th
e fabric a bit flimsy however the design makes up for the style i m anxious to wear at the f
irst opportunity of spring summer i found it hard to pair with bottoms fit wasn t very flatt
ering for me very comfortable and looks really good on me that s very important it s super so
ft it fits great happy with the purchase cute romper love the pattern but the material seems
cheap and flimsy and is staticky for the price it should be better quality also i m fairly sh
ort and hits high on the leg not sure how anyone taller could make it work i have many sweater
s but i bought this during the sale and it is very soft and comfortable nan the pictures don t
do this cardi justice it s so lovely and ladylike it s seems very well made please can we hav
e more from this designer looking forward to wearing this on chilly spring mornings ordered i
n the navy fits true to size this is probably one of the best retailer purchases i have ever m
ade this is the most comfy and warm cardigan and is a good thickness for fall and winter i am
5 9 a size 6 8 and the medium was perfect buy this now i ll start this by saying i usually w
ear a m or l depending on the shirt i m 20 weeks pregnant and ordered a medium it s huge i wa
s thinking i would be able to wear this for a bit while preggo and then would be able to wear it
after baby with no problem i m going to order a small because the fabric is so soft and i love
the design and color comfy cozy this goes well for cool weather great with jeans or other cas
ual pants i got the green it s more of a teal color but pretty runs large i usually run betw
een small and medium i got the small and it s a tad too loose on me this is the best item i ha
ve gotten form retailer the quality is amazing soft covers my butt classic piece i have a
hard time with sizes here i literally can wear sm large depending on the brand so it s hard to
buy online i was worried this would be too short as i m 5 9 so i got a large and it s a little
too bulky i will be heading to the store to exchange and hope they have a green one left i o
rdered the navy gray version in size xl it fits me true to size matching the online photos th
e colors matched too the fabric is so soft it s warm while being lighter in weight very comfo
rtable the collar wasn t bulky either it s made to last one of my retailer favorites nan gre
at long cardigan i wear this with a simple tank these are just perfect exactly as pictured if
not nicer very soft and comfy with a big sweater on for winter months i am normally a m l 170
lbs 5 4 34dd i ordered this top in a medium knowing it ran big and it is huge seriously
i could wear it as a dress i like the whole loose and comfy top thing but this is so massive i
t looks sloppy i m going try and return it for a small hey i like that i can wear a small th
e green color really is pretty and it s so soft just need a much smaller size i loved the dre
ss way more in person than online the fabric is very soft and it is quite beautiful i wear a l
arge in most retailer tops and a size 8 10 in dresses and the large fit perfect these jeans i
am obsessed the perfect boyfriend fit with an easy relaxed feel i feel instantly cooler when
i slip into these do yourself a favor and buy them this is a lovely spring blouse with a touc
h of linen the color and fit is exactly as on the model there is a sweet touch of trim around
the waist in a steel blue i can pull the top over my head without unbuttoning it it is tts in
my opinion although the buttons on the back add a nice flair they are very fine bottons and te
nd to unbutton on their own i just tightened the buttonholes with white thread and the problem
was fixed so that s why i gave it 4 stars for design this is a fabulous cardigan jacket i sa
w it on line and read the great reviews and happened to find one of each color in two different
stores i bought them both i have practically lived in them the last week in rainy cool weat
her the white one goes with everything and the blue one in fabulous with jeans and probably o
ther things as well i have gotten several compliments on them immediately they are just the ri
ght weight not too heavy but heavy enough and a good sturdy quality mater this is such a comfy
top and the fabric is really great more supple flowy than i expected it does run larger tha
n i expected i typically wear a large and it s almost more billowy than i would normally prefe
r i would love to try a medium to see the difference but since it was purchased online i m ju
st going with it this will get lots of wear this season i absolutely adore this cardigan it s
easy so comfortable stylish and absolutely flattering on every shape what i love about it mo
st is how long it is i m 5 8 and the large and xl come well below my bum it s perfect to wear
with leggings and boots when i m having a relaxing easy day but i can easily dress it up with d
enim or a dress underneath totally versatile i originally bought this in a large and it fit we
ll but then we got the xl in the store and i snagged that one too because i beautiful and soft
and so well made cropped cardigan by the in house retailer branding the color is more muted in

person but will work with many different skirts and pants including jeans i have many ideas for this lovely cardigan the size medium for my 34 dd chest 145 lbs and 5 4 inches is perfect an d the sleeves bellow out a bit which gives this cardigan a nice sharp look i agree with the oth er reviewer more colors and more of type of quality and character please for seasons ahead lo it s not often you can find a dress that is warm cozy timeless and sexy at the same time but this one is it the material is thick but clings to the body in all the right places i norm ally wear an xs or s and in this i took an xs sleeves are nice and long your shoulders are ex posed as much as you want them to be depending on how low you fold over the collar piece i cho se to tack mine down in place so i m not always adjusting it \n\ni wore this dress with black h eeled over the knee boots this initially caught my eye online and then i immediately tried it on when our store received it the dress is simple and well structured with a tight sweater weave t hat almost has a hold u in feel therefore it fits like a glove on love this dress it s a nice addition to my summer wardrobe easy to wear i am between a large and an ex large in dress es i did order it in a large it was a perfect fit but did exchange it for an ex large i wante d it to have little more swing to it love the dress i usually wear a small and will be exchang ing it for an x small this sweater is wonderful for late summer early fall or cooler weather ov er long sleeves the sleeves taper just below the elbow which seems slightly odd when first put ting it on as though they should be a tad longer hence the 4 stars but i quickly forget abo ut this while wearing the sweater and it does look great lovely body hugging dress hits just b elow the knee great with boots as shown or with heels very soft material and the peppery colo r is really pretty i can see myself wearing this to work and out at night this is a winner th is is such a great top it runs huge though i normally wear a small but bought the xs it fits ok i would prefer the xxs but i bought it on sale and retailer is sold out for reference i a m 5 6 and about 138 lbs very flowy soft fabric great purchase i went back and bought this dre ss after a sales associate told me that it was super cute on but didn t look like much on the ha nger i m 5 3 and curvy and the s fit great it will look great with boots or booties it s ver y comfortable and nice quality material i like this top a lot and have always liked knotted lo oks around the bust area i do not have a large chest and this kind of top always draws attenti on in all the right places i was worried the cut would be too low for my comfort level and it i s low but the shirt does not come away from my body in normal movements so i do feel completely comfortable wearing this without a cami underneath i don t prefer this in black because i think the color detracts from the bunches of fabric created by the soft comfy great fit this is the perfect cozy item for fall and winter looks really cute with the sleeves rolled or cuffed sligh tly the fabric is patchworked with linen and a terry jersey material i m usually a medium and the medium fit great slimming lines and does a great job of being swingy flared without that t ent look i purchased the black tunic as others have mentioned this piece goes great with skin ny jeans or leggings when i m rushing to find something to wear this is one of my go to s nic e coverage not see through this dress is stunning in person though the pictures do it no just ice it was overall a very clingy fit i m 5 3 with long legs and it was too short for me so i d id not purchase but would recommend it for those with short legs great dress looking forward to wearing it with tights fits great good quality cute and great color as pictured perfect f or leggings or tight ankle pants drapes very nicely and runs true to size easy to wear alone o r layer a jacket cardigan over i purchased this on sale and it was a good buy i am 5 8 and p urchased the size m as i am a pretty true size 6 i was afraid the twist at the front would be too bulky but it adds a nice extra touch to an otherwise simple shirt i got it in the blue and the color is beautiful a basic piece with a little bit more very happy i am so glad i did not miss out on these jeans i am new to pilcro and am finding they fit me so well got this in the gold and it s so much better than i imagined runs longer on my 5 4 frame than on model but i lo ve this extra long look with white fitted pants and heels total classic easy elegance and comfo rtable too i wasn t sure how the knotted front would look on me but it lays perfectly very co mfortable well designed flattering top in lovely rich colors i m normally a small medium in r etailer tops but i got the large as it does run small and i don t like things too clingy so be st to try on in store rather than buy online nice simple statement piece love the petroleum bl ue\nunique twist design\nlove the sleeve length\nperfect for work neckline not too low\ngreat by itself or with a bib necklace and black jacket\nabsolute winner as others stated it was a ta d bizarre to have a mock neck on the spring dress however i would wear this in the fall with b oots and a nice moto jacket another but is i wasn t sure about the color i am very pale and the pale color is pretty much my skin color however the blue flowers and black lace make up for it as far as colors and everyone liked it on me lastly cut wow this was just really nic e on very flattering i usually try on regular size in store and order petite but th i finall y tried this on now that it went on sale and it was surprisingly flattereing love the blue col or and i assume the purple was equally nice fit is true to size as in i tried on the regular x

s and it was great long but ok for me great shirt that runs true to size i got the turqouise color which is very pretty it cuts lower but doesn t show much cleavage this is such a fun dr ess the linen and cotton mixture is very unique and comfortable for reference i am 5 3 and a bout 110 pounds the regular xs hits me exactly the way it is shown in the photo the color is a true oatmeal which is so nice for fall and even though i am fair with strawberry blonde hair it doesn t wash me out the sleeves are a little long but i rolled them once and it is perfect i l ove this dress and it will look great with booties or boots for the fall i love the way this lo oks on me definitely flattering on curvy full figured girls i am a 36 38c and bought an xl i don t like things that are too tight or that cling to the wrong areas if they had xl in other s izes i would buy it in every color can be dressed up or down i m very happy with this purchas e beautiful top works wonderful on hourglass figures great top for day to night fine for wor k i d think large breasted girls may find it too gaping for work as mentioned but b cup and be low doesn t gape so very work appropriate upon opening this top i thought for sure it was goi ng to be too s mall but it stretches nicely and is gorgeous when on it is a little thin and y ou have to be careful that it s not too tight or you can see skin through the knots but i love this shirt i got the xs which is my usual size i could probably have used the s but didn t w ant to pay for shipping to exchange it as i don t have a store anywhere near me and the xs was f ine this is a simple light weight tunic top the construction is fine overall i m happy to s ee a basic executed well these jeans are exactly what i was looking for love the rich olive co lor these are definitely an olive green and not a brown color which i was very happy about fi t is great i am 5 7 150 athletic hippy build and a size 29 fits great they are the perfect an kle length jean very soft and just the right amount of stretch i m always weary of v necks bu t this shirt is great the fit is true to size and while it is a v neck it s not such a deep pl unge that you need a cami underneath great material too and perfect for dressing up a bit i bo ught the blue color and love it overall soft material cute pattern but definitely a return as just didn t fit right \r\n\r\nfit i am a six in most tops and based on the size chart i o rdered the size small it fit comfortably around my bust but the cup placement was basically a t the center of my chest so that my breasts were squished uncomfortably and unflattering in th e middle i ve lost a bit of weight recently so i m more of a 36a than 36b these days but t his wouldn t work for me or i imagine anyone with a broad deletta has done it again designed a top that is unique flattering and comfortable the blue is an intense peacock blue the only d raw back about this top and with other deletta tops is that they leave some of the fabric with raw unfinished edges for this top it is located at the hole the twist creates it s hidden but i worry about it fraying after a few washes not sure why they couldn t continue the zigzagging at that opening perhaps it wasn t cost effective to sew five more inches of this is my third to p from this designer and normally i wear a small but i tried this on in the store and the medi um fit much better on me i am not partial to the black as the knot design was lost but the sap phire is wonderful works great with slacks or more casual clothes i liked the sleeve length as well i m not too busty but i think that other reviews comments of the knot being see through c ould be a problem this dress is beautiful it is even prettier in person than in pictures i was pleasantly surprised when it came in the mail i am 5 2 125 lbs and went with a 4p and it fit perfectly i typically do not like things to be extremely clingy this could easily be dre ssed up or down personally i wore it to a wedding and received many compliments on its unique ness i tried this on in a different retailer a couple of weeks ago tried on a different one last night same size and it looked baggy sleeves way too long etc let me add that i am usually a xs s petite but some regular extra smalls will work also this was a xs reg even th e sa could see that one looked like it fit smaller i showed her the photo in my phone while t his one swallowed me bottom line you will need to try this one on as the sizes seem to vary i love this dress be warned that even at 5 4 it is right on the edge of the shortest length th at i can get away with wearing i probably will not wear it to church but for a special event d inner or the theater it will be an eye catching statement piece without being over the top it has a quiet appeal both layers of fabric are thin but that helps it to conform to my figure wit hout hugging it it softly drapes showing an hourglass while being extremely comfortable i thin k some reviewers int i love this t shirt and have not purchased it in all 3 colors very soft an d very flattering i like the longer length as well as the pretty neckline love the wash and fit of this jean the perfect summer go to for me i m between sizes in deletta m to l 5 4 3 4g \r\ni ended up purchasing the large in both black and sapphire \r\nit does fit a bit tight i n the arms and torso but it s a nice basic top for work and does well with changing seasons t his top is spectacular intense and color soaked i got bleu super stretchy and comfy the twis ty part hugs and emphasizes your curves even size 34a like me the v neck is not too wide and low cut it is narrower close fitting and attractive the seam in the middle thorax is a tad st range but it needs to exist due to the twist design overall this top is cute long and let s sa

y men and women of all ages will enjoy it it will make you beautiful on the outside and inside
it is not my usual very cute easy to wear and looks professional great for work or a weekend
love this top the fabric is nice and the color is a rich jewel tone i have a couple of very si
milar shirts from a similar store that are several years old those fit a bit more loss sly arou
nd the stomach not baggy just body skimming which made them more flattering for more body typ
es this shirt works if you have a little padding because of the gathered folds but it probably
wouldn t be great for someone carrying a lot of extra weight around their middle the knot also
has a tendency to twist exposing t very pretty dress and a bit different than what we see in the
shops \r\ni found the material to be very nice despite one of the reviewers comments \r\nit is
a sheath that is not skin tight but shows curves great for dancing \r\nalso i did not find the
neck too tight fits fine \r\ntts as normally a petite 6 which is a wonderful fit and sometimes
a petite 4 or 8 depending on the cut the 8 was too large \r\nall in all a feminine uncommon dre
ss \r\nlooking forward to wearing it to one of the 6 weddings th nan this dress is beautiful th
is is a 0 and tts it was not clingy or tight at all 5 4 115lbs it is fully lined and i hav
e short legs so it was not too short for me if you have an event you could wear this to this s
ummer i highly recommend a little thin but overall very cute i like it with waist high skirt
s i love this top it is perfect fit i am 5 3 102lbs 32 dd it conforms to your figure i bou
ght this tank in gold and the color is a beautiful ochre i love the length and the side slits
which elevates the tunic from a simple basic the material is good quality and very comfortable
i m hoping to get a lot of wear out of this purchase i ordered this in an xs and it fits well
however if you have a bigger bust this top may be a problem i wear a b cup and it fits me well
i love this fabric it is comfortable and forgiving as i prefer jewel tone colors the sapphire
is great i wish it would be offered in red like the cowl neck long sleeve tee with that said
i thought the sleeve length on this might be odd and while i wish it were a few inches longer
3 4 sleeved the only reason i haven t given it five stars is that i haven t laundered it enoug
h to verify the quality i love this dress i believe the picture on line doesn t show the uni
que pattern and design it does have an interesting design add a long vest statement neck
lace and boots you will be quite fashionable love this top i was worried it would plunge to
o deep especially because i m quite flat chested but it is perfect i think it would look gor
geous on a volumptuous woman too that s the beauty of it and the color is my absolute favorite
right now i bought this impulsively to wear to a wedding and i 39 m so glad i did it i
s so soft and comfy and gorgeous and has pockets it 39 s loose but really really flattering s
omehow i would typically get a size 12 in a fitted dress but the medium was perfect for me lov
ely color and fits nicely only problem on mine the front stitches were not properly sewn made
for a straight figure no curves awkward bra situation as it has to be strapless because of th
e keyhole i found this in my local atl store that carries petites before seeing it on line the
materials is lovely and silky with a full lining the top lace detailing is a nice touch and wil
l make the dress stand out under jackets or sweaters for cool weather this is great with any sh
oe type very versatile year round piece alone or under layers should be good for all body type
s nan a very pretty pair of over the knee socks i purchased the dark grey color which has a m
etallic silver thread running through it a nice subtle but glitzy touch the knitted pattern is
intricate and nicely done i m 5 4 and they do come up well above the knee if you are walking
quite a bit they don t stay above the knee but they do seem to stay just below the knee becau
se the yarn is fairly thin they don t look bunchy even if they come down a bit i have very sens
itive skin and metallics i really liked this top ordered the blue and am considering getting t
he pink color 5 4 135lbs ordered xxs and it fit great has nice drape around hips and not too
snug i love this shirt i would recommend an undershirt these are the most flattering pair of
white jeans i have ever found people stop me when i wear them and ask me where i purchased the
m and the name of the brand flattering comfortable and perfect for a casual weekend or going o
ut highly recommend i love the idea of this top it s made really well the only issue is its
a bit shorter than i thought and the neckline rubs on my neck give me a dress with pockets any
day i loved how i can wear this fall spring so cute so comfortable can dress it up or down
have 2 events that i m going to wear it too i love this dress i originally ordered it in a sm
all but returned it for an extra small it fits perfectly love the details so classic and c
omfortable this sweater just arrived in my mailbox and it s already my favorite piece of cloth
ing it is the softest thing i own and it feels so luxe as the reviewer below noted yes it
has pockets they are slit style pockets probably why you can t see them in the photo and the
opening is trimmed with the same cable detail featured on the front of the sweater \n\ni m also
a professor but i still get mistaken for a grad student so i don t mind appearing professori
al \ni ll probably wear this to th i purchased this dress in my regular size small as soon as i
saw it pop up on line and found it to be tts 34d 27 35 it hits just to my knee i m 5 4 and
it actually reminds me of the way maeve s devery dress looks and fits which is really really ni

ce i m finding this dress by floreat to also be quite slimming and the embroidery and colors se
t against the black is just absolutely gorgeous the material is super soft the v neck isn t to
o low and i love the pockets so i m very happy with my tried this in store today and id say it i
s exactly as pictured length is similar on me at 5 7 colors as shown cut is loose but not ov
erly sacklike my normal size s fit loosely but not in an unflattering way sizing down might
have been too narrow in the shoulders the embroidery seemed to be good quality but the fabric
itself was on the thinner side with no lining i would have liked to see a liner at this price
and probably would have bought but i think i ll wait for a promo or sale i originally ordered
the regular xxs loose fit xxs nowadays and the length was right above the knee it looked
great and classy classic but i felt like perhaps the chest height would be better in petite so
i ordered the xxs p as well decision time \r\n\r\ni decided on petite because the overall dre
ss fit my body better though it is now shorter a couple inches above the knee0 still looks cl
assy with a boot but flirtier embroidery is beautiful as others mentioned fabric is comforta
ble bought this to wear to desert trip this weekend when we see the stones dylan mccartney wh

now if only i had a pair of brown or teal boots it would be perfect i ll keep hunting this dr
ess is very pretty and feminine but was unfortunatly much too large for me i ordered my regular
xs and it was swimming on me i also found the embroidery to be imperfect in several places unr
aveling and the placement of the embroidered designs were uneven at the bottom of the dress wh
ich threw off the flow the largest medallion was off center in the front of the dress and gave
it a crooked effect the material is nice and the pockets are a plus but i returned it i love t
his dress so much the perfect summer dress comfortable easy to travel with and i get complim
ents on it all the time i love this dress i think the cut fabric and embroidery are all flatt
ering this dress is comfortable and can be dressed up or down i am 5 1 and weigh anywhere from
108 113 lbs i at first tried on the xxs petite and liked the look but found it to be tight in t
he arm area they didn t have an xs petite so i tried on the s petite to see if there was any ma
jor difference there totally was so i ordered the xs petite online and can t wait to get it
love this dress i m 5 7 135 lbs and typically wear either a small or x small in maeve since
this one has lots of extra fabric i ordered it in an xs and xxs they were basically the same e
verywhere except the xxs had a much shorter weave pattern at the top so i ended up keeping the
xs it s great dress lots of room and swings nicely i m obsessed with the perfect leather loo
k coated jeans i have another high end denim brand in black i may like these better they
fit perfect maybe a tad big \r\nhigh enough so potential bottoms shows when bending perfect s
tretch \r\nnot to leathery looking just enough the ties at ankle are different \r\ni would
love these in black but this color is awesome and this cut very flattering for reference i m
a 16 bottom smaller waste bigger booty size 33 fit perfect all the positive reviews are r
ight the shirt is great something not entirely obvious from the online photos is that there i
s a slit on both sides of the shirt makes it even more comfortable and flattering i wasn t sur
e how i was going to style this for the winter before i received it but as soon as i put it on i
had plenty of ideas it looks particularly great with a chunky scarf leggings and boots it lo
oked great with a close fitting turtleneck underneath it really can be dressed up or i saw this
dress in my local retailer store and am not sure why i did not try it on then but later at hom
e it began to haunt me i loved the colored embroidery against the black my husband and i will
be traveling to europe later this fall and i wanted to take a dress with me that wouldn t take u
p too much room and be suitable for times when i wanted to dress up a little online i saw that
it was available in the petite and with the reviews warning that it ran large i opted for a med
ium petite i ordered this in two sizes and have only received one so far but i think i really l
ike it that said the one i got weirdly has pockets not shown in the images which makes it see
ms more professorial than i d prefer partly because i am a professor and don t want to dress li
ke one if i can help it that said i really need a floppy easy cardigan and this might well b
e it i have been looking for a cuddly yet nice looking sweater like this one for a long time i
love anther as they always deliver what i am looking for i am inspired to sit in front of a roa
ring fire sipping tea with the dogs at my feet in this sweater or roaming the moors the cas
hmere is thick luxurious and soft there is a cable detail that runs along the large wooden bu
ttons and also the pockets decent sized pockets to stash a hanky while roaming the moors th
e fit is on the large size and boxy if i had to nit pick i would say that the length could be
a tad longer the sweater does not have complete derriã re coverage i am 5 5 these look nothin
g like the picture they are super high waisted longer than they look in this picture i felt
as if i was wearing a pair of jeans from the 90 s that just fit terribly i thought they were go
ing to be a pair of cropped wide legs they are far from it the color was also much lighter th
an shown in picture super unflattering just not for me they re going back this cute top f
its great it s got a nice fit on arms shoulders and bust then flares out a bit to give ease

to the tummy area the back has a cute button trim and solid blue inset cute top this top is a dorable but is shorter than the 27 inches they say i bought an xxs and mine measures 22 inches in the front and 19 inches in the back still cute if u don t mind shorter tops i bought this dress on sale and it is perfect i wish that i would ve invested sooner and picked it up in a nu mber of different colors the cut is amazing and the cutout on the back is sexy without exposing too much skin i ordered this on line first but i really recommend getting to a store to look a t them closely due to the fact that the first dress the embroidered lines were not sewn level on the bottom horizontal stripe areas and the fact that they didn t meet made me feel it wasn t worth anywhere near the price i feel you can sort of see this in the stock photo although it m ay be just the way it s hanging also many of the center areas of the embroidered flowers and d esigns have a loose unfinished th the embroidery grabbed my attention but i loved the way it f elt once i tried it on the fit is loose i m between a small and medium and the small was a bit loose but still flattering i really love everything about it even the lighter weight fabric i live in the south were fall and winter tend to be on the warmer side the v neck is just perfe ct i can see wearing this to work as well as out one of the most versatile dresses i ve found lately i just love this dress so comfortable and flattering maeve has had some great dresses this summer but this one may be my favorite this one could easily been worn in to fall with a sweater or jacket beautiful dress that is well constructed the fabric is substantial and feels expensive i am 5 4 and weigh 134 \r\n36 bust 29 waist and ordered the m l i usually wear a 6 8 in dresses so i worried that it would be too big but it fit perfectly i am very happy with m y purchase this dress is gorgeous it swings beautifully it s soft it s incredibly flattering i would say it runs big i ordered an xxs petite normally i would wear xs petite and it fits g reat for reference i m 5 1 and a 32dd finally a loose fitting dress that doesn t make me loo k pregnant adore the bright embroidery against the black background mine was well done and no loose threads although this is all synthetic fabric which i hate paying for but i couldn t help myself once i tried it on it s very roomy and if you re slender size down unless you pre fer the breezy swingy look like i do this is a three season dress that will do well with layer s and without i picked regular hem instead of petite and it actually looks slimmer on me than the shorter version i m glad i saw this item in stores otherwise i would have passed it right by online the embroidery is intricately detailed and sharp and the fabric quality is great i had to size down for this dress it s comfortable and can be dressed up or down its a great ve rsatile piece the embroidery on this dress is beautiful in person perfect dress for fall the only strange thing is the size i used to wear size s 117bl but this time the small is way too big i still keep it and put a belt on it is a very very pretty dress i used to buy sale from antheropologie but can not wait this time i am very impressed by the design can not praise mo re i just love this top it has a flattering cut fun summer colors i purchased the white and paired it with the plata chevron skirt both pieces go with everything and can be dressed up or down perfect for traveling only tricky part for me was reaching all the buttons in the back h ighly recommend stock more pieces like this retailer i am so pleased with this top it is sli ghtly fitted i am 5 3 110 lbs and have trouble finding tops that are flattering but not t oo form fitting also it is 100 cotton which is a definite plus as of now it is my go to top looks great with jeans or leggings love the rifle print on this dress the fit is relaxed and v ery comfortable and can be adjusted with the tie in the back the fabric is a nice weight great for year round wear i don t normally like how i look in rompers but this one was so cute i had to try i was pleasantly surprised that it fit great and was comfortable too i bought this dre ss to wear to a fall wedding and couldn t be happier i m very curvy 34dd 28 43 and the medium fit like a glove the fabric has a great 70 s vibe while the fit is extremely classic i have ne ver felt more beautiful and received many compliments i am 5 6 and it hit just to the top of m y feet i highly recommend nan i love this romper i wear it as lounge wear around the house an d to bed it shows a bit more skin than i d be comfortable showing in public but perfect for aro und the house i m usually a medium but it hung on me weird so i sized down and it s absolutely perfect love the color the fabric and how it falls just right and the ultra softness is heave nly i bought this dress to wear at a wedding i am short so i would have really loved the peti te but they were sold out both online and in store when i bought it i m making do with high he els the sheen is gorgeous and the dress is very comfortable over all i d also add that i m pre tty curvy and the cut fits my body perfectly i love this top it s not too fitted and falls in the right part of my waist giving me good movement i wear it to work and everyone compliments h ow the back is longer the top doesn t ride up your back i tried this one twice in the same day the first time i didn t like it the stylist in the dressing room at the time dind t etiher bu t then my favorite stylist finally showed up and i tried it on again but at the time ha d changed pants made all the difference you really need hte right pants for htis but it is gorgeous \n\ni bought hte black color online i liked it better the white has stell colored pol

ka dots so if you want more of a spring color also good for you \n\nstyle ca this top is one of my favorites i can t get over how much i love the design the dots are adorable and i receiv ed a ton of compliments the back of the top quite a bit longer and it looks great my only com plaint is that it runs a bit small on the top even though the shirt is perfectly sized on me i bent over to slip on my shoe and one of the buttons popped off after less than a minute of weari ng it i loved this shirt from the moment i saw it on the table i am always too tall for a pepl um blouse because they hit my rib cage instead of my waist but this shirt doesn t have that pro blem i have the white one the polka dots are a really pretty corn flower blue color i usually wear an 8 in maeve blouses but this one i took a 6 there is definately no give though i have a very flat chest and only wear a lacy bralette under this shirt because there is no room for an ything else i am sad thou this dress is beautiful on so many levels the colors and print are a mazing and the maxi sweater dress idea is unique it fits true to size and is very flattering m y only issue is the amount of shine that it has from the metallic threads running through it i would have preferred less shine which would make the dress more versatile this product fit perf ectly the color is as pictured or slightly bigger perfect for a day or night out i tried this on at the store and though it was pretty i was a little underwhelmed it fit but had no give s o it might not have been too comfortable for movement unless sized up the embroidered polka dot s were a lovely idea but the quality was not great they were already fraying and pretty irreg ular looking the idea of the top was better than the execution picked this up in the white an d it s adorable i m a 2 in maeve blouses usually just to fit my bust i picked it up in the 2 because that s all my store had and it fits it s definitely tight across the bust but not con stricting the shirt has no give but it s still comfy and to be expected from 100 cotton the peplum is very dramatic high low and poofs out in the back also a little dramatically but gosh that s what makes it so gorgeous great blouse so precious very cool dress very true to size fits just right in the top the fabric is just right not too heavy but opaque enough to cover e verything that needs covering only issue is that it is loooong looking at the other reviews i think there may be some variation in the length of each individual dress i am 5 9 and this dr ess pooled around my feet size m i will be taking it to the tailor to have at least 3 4 trim med off the hem i would recommend erring on the side of the petite sizing or fa the design is u nique and stands out goes great with a black pair of jeans and can be dressed up i found the fit to be decent not unflattering on me however i suspect that it could run short tight on others \r\n\r\noverall though a cute white top for winter this dress is soft and hits all the right spots the neckline makes it a little alternative which i like love this and wish it came in more colors the fabric and cut are so comfortable i bought my usual size and was a little s ad to see that it shrunk just a touch in the wash washed and then air dried but put in dryer fo r 15 mins to speed up drying process i m 5 7 so it s already short but now i ll probably just have to wear it as a cover up or loungewear around the house super cute though and great price with sale on sale love the fit and color but the material is my favorite it s so soft and com fy feels like your walking around in your pjs hello i could not see how this dress could get a nything but a 5 star review the only thing that i thought would be a negative is that it may s tag easily other than that this dress is stunning on and i feel it runs large i wear a sz 4 a nd the xs fit just right i m 5ft 6in tall looks great with a high heel since its really long to the floor which i like as far as the shine on this dress i love it it makes it worth the price and dresses up a casual dress and its very comfortable nan this is a great fit and super cut e price not bad either stunning on but mine was missing a button when i received it i found a similar button and replaced it still worth it even though it arrived damaged i broke my ru le of not buying polyester for this dress twice helped by sale price with additional percent o ff promo it s mainly the irresistible print i bought it in both the lovely blue pink floral a nd the patterned red love it works best when the weather is in upper 60s with tights and boot s but i think it will also work with bare legs and clunky sandals when the weather is warmer t he fit is loose except for in the chest and shoulders so don t size down i do wish the fabric was not i debated getting this dress for over a month and finally purchased it on retailer membe r day for 20 off i wore it on a chiller night with a denim jacket and booties for a more casual feel constant compliments from friends and strangers \r\n\r\nonly complaint about the dress is the slit it does not go as high like on the model stops right at the knee the cross over is no t too revealing which is nice overall the fit is great im 5 39 6 and usually size 12 and 36 dd the large was perfect this top is true to size for me i m 5 8 128lbs and i ordered both a size 4 and 6 the six was too big i could tell because the shoulder seem was in the wrong spo t and i couldn t lift my arms the shoulder seem hung too low the 4 was perfect i had full ran ge of motion for my arms and was easily able to bend down and touch my toes without any pulling on the buttons of the shirt i always order a small or size 4 in tops the bigger size didn t ad d any length in front just added a boxier feel this sweatshirt is beautiful and a step beyond th

e ordinary the white is crisp and the lace is just beautiful the black striping is subtle and really attractive i had a problem with the fit it just grabbed my mid section in an unattracti ve way i wear large in more fitted items and that s what i ordered this time i m well endowed and it fit nicely over my bust shoulders and arms so afraid the next size up will be too big a lthough it didn t work for me i highly recommend this beautiful top this is a great casual top f or spring i loved the covered buttons in the back and the longer back peplum too the peplum i n the front covers the top of pants i am 5 9 tall and often times have difficulty finding slee ves that are long enough so the 3 4 length sleeves are perfect the fabric is light weight but not sheer and the embroidered dots are well done i loved the fabric and this print but it was just cut a little wrong for me the gathering on the side made me look a bit wide but the fabri c is beautiful and everything else was nice i did like the fact that it ties in the back so you can slim down the sillouhette sp if you want to i love this tunic the fit is ttt and the qu ality is nice i will get much use out of this piece i absolutely love each this dress it is s himmery as others have said but the design looks so beautiful that way and i don t agree that it mages it look cheap love the neckline and the length is perfect unless you re a petite size i would snatch this one right up if it weren t for the price point i m hoping it ll go to sale bu t it s so beautiful it might be sold out by then the fabric seems delicate like he threads cou ld come apart easily i love this dress the beading gives it something special and the petite f its my 5 frame perfectly lightweight enough to wear now and again later with layers for fall very soft fabric 5 7 135lbs 34c 27 28 waist typically wear between a 2 or 4 in maeve boug ht an 8 in this blouse is incredibly sweet the white is beautiful but i opted for the black b c it seemed more internship appropriate the front and back are completely different lengths n ot a traditional high low the fabric has little to no give and the back has buttons running dow n size up 1 or 2 sizes to avoid popping buttons gorgeous with jeans or pair with some fun ciga rette trousers cartonnier for exampl love this top it s a 100 cotton and looks amazing with jeans you should consider ordering a size up i am usually an 0 32d and 107pound tried the 0 in store it just didn t feel right the size 2 fit just right \nlove the shirt and got tons of c omplement these are the most comfortable trousers in my whole wardrobe love them not for sh orties i m 5 3 and will need to get them hemmed fit is perfect very flattering they are very long so i will need to shorten i am in love with this dress not too dressy not too casual an d hugs the body in all the right spots i am 5 7 with curves and this flatters well i also boug ht and adore the velvet taupe ankle strap shoes they show with them super in love with the wh ole look dress will look great with booties too just hope i don t snag the sweater dress whic h looks easy to do because i want to wear this all fall and winter long bought this dress for engagement photos and was a little worried about sizing but when i got it it fit perfectly and was very comfortable it runs true to size my only complaint is that there was a missing button on the sleeve but because there was an extra it was easily fixed definitely recommend nan gre at winter maxi soft and comfortable fabric good quality stretchy but not too clingy fitted i n all the right places and very flattering petite was unavailable so will need hemming i love rifle paper and when i saw this dress online i knew that i had to have it this dress is even prettier in person than it is in the picture it s pretty and delicate and can easily be dresse d up or down i found this dress to fit true to size it definitely has that baby doll dress f it to it but i love it this is a dress that i ll feel beautiful in and pull out of my closet o ver and over again love the dress i am having the slit up the front raised love how it looks in the picture but the dress is actually slit up just under the knee this romper is sooo comfo rtable and cute it is definitely pretty casual and probably best used as a beach cover up as it exposes a lot of skin that being said i have worn it out and about on very hot days and fel t totally fine as far as sizing i usually order a small and got this in a small and it fit pe rfectly so i really like this top not my usual choice but i m trying to branch out really li ke the top i got the white one because they had it in my size only thing is i could have size d down but arms shoulders bust are super tight so i went with the larger size i got mine on sal e and a button had already fallen off the back so forewarning that may be a problem in future \r\n\r\nbut overall i really like this top this dress is amazing i love the collaboration with rifle paper it has a nice boho swing look i sized down from my typical small and took an xs b oth fit well but i wanted the shoulders to be more fitted this dress will be perfect for the mi d september wedding i m attending september is a transitional month fashion wise and this knit dress will be perfect the shimmer which isn t apparent from the website makes it festive enou gh for a wedding i fell in love with dress immediately it runs small but is very flattering even if you have a little you want to hide i went up 1 size so comfy and beautiful love i l ove the colorblock color combo the colors are neutral enough to go with so many things yet stil l be unique and stand out the fit was perfect i took my normal size medium i love the color a nd shimmer of this dress it is very unique and one of a kind the slit is not as high as the ph

oto online but that can be adjusted if need be at a tailor it s a great dress this is much cut
er in person than in the picture in person i am much more aware that it is also a lower length
in the back and it flairs just a little so that the design really stands out i bought in the wh
ite and blue dots and can see wearing it in the now spring and even summer it is just a tad t
ight in my size 10 so i went up to a 12 thank you retailer this will be timeless this top
is extremely well done it looks classy and timeless i tried on the white version in store but
chose to order the black as the white was too sheer this dress fits and flatters a curvy silhou
ette size medium length is perfect for my 5 7 frame utterly comfortable and so many complimen
ts i feel like i m cheating when i put this on it s so comfy almost like wearing cozy pj s but
with my black belt and boots and a cute scarf i can easily wine and dine looking like a million
bucks and feeling like i m lounging at the same time i wish this came in more colors this dre
ss is my new best friend i ve been looking for work dresses that don t require much effort in p
utting together an outfit and this is just it the pattern is fun and unique i got many compli
ments the cut is comfortable flattering and feminine the dress really speaks for itself and
all i have to do is throw it on and run out the door the only negative is there was a loose pie
ce of thread at the bottom fingers crossed this doesn t lead to problems later on and the slee
ve buttons i love love love this swimsuit yes it s a bit pricey for a bathing suit but i love
the design and colors and the back detailing is sexy yet not all that revealing i can t wait to
wear it in hawaii next month the only part to be careful about is not to stretch it too much wh
en putting it on and taking it off i can see the diamond cutouts stretching or even ripping if
pulled too hard by accident overall a great swimsuit for the summer a very versatile and cozy
top would look great dressed up or down for a casual comfy fall day what a fun piece for my wa
rdrobe i ordered this in xl and the fit on me matches the fit on the model it s meant to be lo
ose flowy so i think it s true to size everything matches the photos the sleeve length hem
neckline etc it s not a slimming look but doesn t make me look bigger than i am either \n\nthe
material is a very soft cotton the pattern of the lace on the top portion is very pretty there
are sequins mixed with the embroidery on the sleeves the thread they used for those cutout area
s is soft it s washed well material is heavier so maybe not for summer months but fit feel g
reat love that they fall beyond the knee where other leggings can fall just below the knees and
be uncomfortable and restricting which makes no sense for active wear i was pleasantly surpri
sed by how well this dress skims over the body definitely needs the belt that comes with the dr
ess to add some shape the color is gorgeous great print and very light fabric perfect for su
mmer i love this dress but have found that this brand runs large i d order a size down beaut
iful maxi fits tts i normally wear a 10 12 and took a 12 it is flattering to the waist and mak
es me feel girly the colors are so beautiful and the length is good for my 5 9 frame i just go
t this suit in and i was pretty excited about it however it does not have lined cups like it sa
ys no boob support whatsoever though i think the pattern distracts enough that i m keeping it
anyways 34dd i do think it might be too short for a taller person i m only 5 4 and it just
barely comes up high enough to cover me and i don t think big boobs are the reason also it is
pretty cheeky which it does mention maybe a little expensive but i did use a coupon i fell i
n love with the color scheme and knew this would be perfect for vacations and weddings colors
are slightly muted in reality seems the retailer filter adds more contrast but it s still gorg
eous lining is full length there s a zipper going up the back fitted at the waist and ribb
on ties at the back of the neck that are long enough to style at the throat if wanted i wasn t
sure of my size so i picked my larger range and i m glad i did my weight fluctuates so when it
goes down t this dress is so beautiful fits my hourglass figure perfectly it s fully lined
the print is nicer in person very easy dress to wear to many summer occasions i m an 8 10 on t
op 10 12 on the bottom size 10 dress fit perfectly i have been living in mine since i bought
it so comfy and dressier than a plain sweatshirt nan nice lines and texture but fit is very ti
ght and i experienced the sizing to run small i am 5 6 and 115 with small frame i usually we
ar xs or s from retailer so ordered the turtleneck in small the size small was super tight i
love the design so exchanging my order for a medium love this cardigan it is a really a sweet
and sexy top so flattering to curves and yet conceals too the material is wonderfully soft and
stretchy wore my new red cardigan for the first time today to work fit is tts this is a true
red and not neon or orange tinted it wraps nicely in front and has a nice flair at the hips i
also like the detail in the knit i like to push my sleeves up and love the fact that they don t
slide down my arms all day i ll wear this cardigan a lot this is a great top soft and cozy fa
bric nice and sturdy feeling it s heavier than i though it d be so its perfect for the cooler
days of spring and even a chilly summer night i love that it s long enough in the front for me
to feel comfortable wearing leggings the body is nice and roomy but the arms are a little snug
however i like that because i think it makes it look less like a slubby sweatshirt the best pa
rt it can be cleaned in the washer and drier thrilled with this purchase this top is really

cute my daughter tried it on and tried to take it i usually wear a medium or large in retailer clothes i purchased this in a large and it fit perfectly it is a clingier top but i didn t fin d it too much so the ribbing makes it very attractive and slimming and also can be worn as a s tand alone turtleneck or easily as a layered piece it is super soft and comfy as others have me ntioned and a tad thicker than just a cotton turtleneck would be it has substance also it w ould be great for traveling because it doesn t wrinkle at all love that love the quality of th is material and how the lines fall on the back i got a a medium petite because the small was s old out and i like how it fits petite sits around the hip area and it s not too long which i l ike the color is definitely more of an orange tangerine color not red great cover up sweater i purchased this sweater in black to dress up my everyday cardigan this is very soft and can dr ess up a skirt or great with jeans i like it a lot very soft just enough detail to keep it i nteresting but still a classic look i got this in a small and it s a little short on me compar ed to the model i m 5 6 long waisted 34b small side 145lbs carry bulk of my weight in le gs so trim on top i will keep the small but also get a medium the small ties a little high an d i also want a sweater that can cover my shirt tails when i don t tuck them in i got it in bl ack so can t comment on the orange or red i just bought this cardigan in black at the store an d i love it the tie at the waist is flattering and the fabric is soft and stretchy the regular size fit me perfectly as far as where the waist and hem hit although the sleeves had to be turn ed up i m 5 1 with more length in torso than limbs i was so happy with the fit other than sl eeve length that i bought the regular small rather than coming online for the petite because th e fabric is rather thin and the shape trim i can fold the sleev nan i have been looking for a go od red cardigan for some time now this one perfectly meets my needs and now i want it in more colors the sweater has a nice cut and it is very soft and comfortable i know this will be a g o to staple piece in my closet chic and comfortable and looks great with skinny jeans or leggin gs i m usually a small medium and thought the medium had a better overall look sleeves were j ust a little long the detail on the sleeves is kind of like the inside of a sweatshirt and make s it look a little more polished than the average athleisure top i bought the red cardigan beca use i didn t have anything similar and was so pleasantly surprised by the fit and design that i m going have to buy it in whatever other colors are available it s very versatile looks great tied in front in back at the side and has a tiny bit of flare at the bottom so it s more fem inine and flirty than your average cardigan i have a few tops by this brand and have been reall y happy with the quality and design this is a very nice turtleneck the variations in the ribbi ng are a modern and flattering touch in some of the photos online it almost looked to me like there are color variations fyi there are not all the ribbing areas are the same shade of blac k \n \nunless you are very small framed i would recommend sizing up or if you typica lly wear a m or a l go with the l as reference i have wide shoulders wider than my hips lar ge biceps and a 34b chest and i went with the l because i never would have thought to choose t his but an retailer associate suggested the black sweater as a topper while i was trying on the camellia dropwaist dress and it made a sale i bought them both the sweater while not decked with beads or embroidery adds an incredible definition to any outfit that is overly flowy i wo uld say the photo above showing the grey sweater says it all usually a size 6 in retailer dress es the small fit well i appreciate the cotton fiber content as well as the ver love this card igan ordered the red which is a nice tomato red but not orange sz medium fits perfect on my f rame 34dd 145 lbs and 5 4 love the style and finishes a pant skirt or dress nicely i just may order the black did not see this item in the store near me but lucky to order it on sale beautiful quality this was such a nice surprise it s way more sweatshirt than i thought and m aybe a touch bigger than i thought but it s super cute and comfortable i ve worn it a bunch of times already this top is exactly what i was expecting super comfortable while still looking s tylish just covers your bum so you can wear it with leggings or jeans quite cute it feels goo d on the fit is tts and the colors are bright and just as depicted i am a medium in most of re tailer clothes and this fit nicely i find myself gravitating towards comfortable items currentl y this one caught my eye because of its length tunic and because unlike many of the items ri ght now it actually appeared fitted only after that did i notice the pretty detail on the slee ves the price point is too high for a casual item such as this but the sleeves do make up for i t \nthe cut is really great for my straight and slender body type perfect a great weight for t hose in between temperatures that we ll be feeling as we what a nice sweater i just received th is in the gray and i think it is one of the most flattering sweaters i ve gotten in a long time the fit is true to size the sleeves are very long and tight halfway to the elbows and fit well in the upper arms the stitching on the body gives an illusion of height and is slenderizing th e weight is perfect for every season i am very happy with everything about this sweater i love this dress and it is going to be my go to summer dress the fabric is great with just a slight a mount of stretch it is true to size i am 5ft 8 and it is not too short on me the arm holes a

nd the rest of the fitting is just perfect the pockets are also very functional the color is a
darker moss than a brown that it looks like in the pictures the retailer dresses i order online
offlate are returned 90 of the time due to ill fitting or for not being what i expected in gene
ral however i like this robe a lot the tassel detailing on the ties is beautiful i like the s
oft interior but wish it went all the way down the arms the cozy part of the robe is only in th
e center section and hood the arms can be a bit chilly while the rest of you is warm and cozy \n
\ni do not think the robe is necessarily flattering in that it does not do me favors in the way
of slimming it is more of a cozy around the house robe rather than one to hide lingerie underne
ath oh my god i love this skirt i first order the size 4 and immediately called customer ser
vice and had them send me a 2 i found it be be both plenty stretchy great for moving sitting
etc but runs on the large size but the fit is amazing i love the length a perfect knee skim
mer for me 5 9 i love the color green and the pockets and button fly are so fun without be
ing too much i ve tried it on with several tops and sweaters in my closet and this skirt is goi
ng to be one that i can the material is so soft and cozy there is just enough padding to keep m
e warm all year round in southern california but i ended up leaving the store without this ves
t bc 1 the cut is slightly boxy 2 every vest had different color variations you definitely
should go into the store to check it out the ones i saw made the vest have cheap pattern of wid
e stripes not an even vintage fade as shown i m so sad as everything else is perfect fits tru
e to size what an adorable classic style fringed top this is i recently purchased this in my r
egular size but i should ve read the reviews first and ordered a size up when i went up from a
size 6 to an 8 34d 27 35 it fit me perfectly and looks so cute on i think this one feels wel
l made and i love the little details of the beads and how the fringe is placed it looks very fl
apper girl i bought this on sale in the pink color and cannot wait until spring and summer to
wear with jeans or a skirt almost the perfect skirt great colors super cute fit very flatterin
g great length very versatile only issue was size normally a solid 10 i ended up a full 2 siz
es smaller very stretchy and comfortable just try it on first or order a couple of sizes go do
wn at least 1 size as others have said pilcro strikes again its such a great brand with the m
ost flattering shapes and fabrics these pants are fabulous the flow and feel made my mind up e
asily to purchase these i have a long torso and short muscular legs the style complimented by
body type being culottes the hem should probably fall higher up on my legs i will probably ha
ve them hemmed the pleat has a nice kick to it now off to find the right pair of shoes i to
ok advantage of the sale this weekend purchased this super cute vest yesterday which made it a
more justifiable purchase it s so soft fits tts i just can t wait for cooler weather so i ca
n start wearing it nan i ordered this as a gift and may order myself one it is so comfortable
and pretty loved these culottes flattering fit and nice drape the fabric though poly is of
a nice weight and swishes nicely as you walk the length just below knee length works for me t
oo the color is lovely for the fall rich copper and easy to pair i d say these are tts but
if in doubt size down i m between a size 8 10 and the 8 works best for me nan this robe is in
credibly soft it is wonderful to put on right after a shower and it is very warm the sleeves a
re lined with a jersey like material and they are so easy to get on and off it fits true to siz
e i am so excited to have this robe i ordered these culottes because they looked comfortable
yet elegant they are indeed both i have been looking for a tan color skirt so i ordered this a
s soon as i saw it so glad i did the deep camel color can still be worn in late summer as style
d in the product photos and transition to fall staple the material is nice weight and has a s
tretch the cut has a little 60 s vibe that i love i think it should keep it s shape hopefully
launders well i think it runs slightly large as my waist is large in comparison to my hip prop
ortion and there is no pinch for me i will rebuy this the vest looks so stylish on it makes a
regular t shirt look edgy with it on i love the vest but the price is too high cute and comfy
if you don t throw a leg out like the model above it mostly reads as a skirt because the legs a
re so full but it s really comfortable and pairs well with a surprising number of tops i am no
rmally a size 8 in dresses and bought this in a small so if you are a smaller person this woul
d likely be a bit loose on you the color was odd i liked the navy blue but the pink was a pep
to bismol colored pink i just felt like i would get sick of the color pattern after one wear t
he fit is cute and comfy ordered my regular size large and the fit was a snug around my hips wh
en snapped i didn t plan on wearing it that way so that wasn t a deal breaker for me but becau
se i have a larger bust i felt the padding added pounds and lots of width to my frame i also ha
d the same issues with coloring as other reviewers and lastly the collar is really high and it
just bugged me so this one went back love this vest saw it and bought it instantly i m 5 8
and slim and got the xs it fits perfectly there is a lot of puff to it but it s really warm
and soft this skirt is stretchy and really comfortable i love the color the only complain is
it gives a little magnification to the low belly on me at least very flattering for the behind
though tried these on out of sheer curiosity i ve got a long torso was pleasantly surprise

d how flattering they are they manage to look flowing sleek without shortening the legs took a size 6 with my 27 waist 37 hips it s a bit of a generous fit especially around the waist but they re extremely comfortable have room to tuck tops into i have the cowled sweater tank in gray it looks fantastic over these couldn t resist getting both the rust and black perfec t for a dressy casual look i am 5 3 curvy and wear a size 12 and these pants look amazing ofte n i struggle with wide keg pants bc they make me look short and plump however the material is buttery soft and hang in an elegant way and most important they are quite flattering even if yo u don t think culottes will work for your body type i suggest you give these a try well made color is great goes from summer right into fall looks good with sandles and will wear with boo ts later on goes well with classic tee denim shirt or plaid blouse has a retro classic look love this skirt super comfortable yet nicely tailored roomy pockets always come in handy the dark mustard looks great with the black and white tops that dominate my closet this will be my go to skirt for the fall for both my business casual office environment and weekends out and abo ut running errands etc i agree with the other reviewers re sizing because of the stretch if you re between sizes you should size down i m usually a medium or size 8 or 10 so i got the 8 i may have been i love this dress i am an hourglass and found this dress to be super flatter ing and such a unique find i usually avoid pockets in front like this but it works on this dre ss so happy i found it first off these are great because they are not so tight like all other work out crops that my anatomy is not a mystery to people around me i have an athletic build an d these pants are awesome in that they hug the body lightly they are so soft and comfy also pe rfect for running and the gym and apres whatever i bought a back up pair great versatile skirt very flattering i ordered this in a petite i m 34b 26 waist 36 hips and size 4p fits perfect ly and it fits very well everywhere however i think if you re bigger than 34b size up becau se this top is very fitted around the bust the bottom hem falls right below my belly button th e neckline is not too low and not too high i chose black because i feel that there are a lot of details and can be toned down with a darker color i think this top must be fitted for a tailore d look or otherwise one may risk t i tried this skirt on because i liked the green color thinki ng that the pockets would not be flattering to my size 12 figure i was wrong the pockets are f lattering to a round tummy the pocket flap is stitched down on the side and button near the cen ter so they don t stick out a good skirt for fall fabric is a little thinner than i expected but just wore a camisole the waist is a little short nice batik like pattern and feel 120 lbs and i saw this while shopping with my sister who is 125 lbs we both tried on the small and the fit was perfect i didnot need a petite it is so soft and i didnt notice other vests with diffe rent fabric from each other at all the vest is just like the photo its cozy collar didn t bot her me i wear my top collar out or with a turtleneck i waited until it was on sale because the price was a little high but it is very soft and uniquely special love this sweater it is so c ozy i gave it a four because it does shed a lot i have not washed yet but hopefully that will help with the shedding i am hoping to buy other colors i bought this sweater in the sky color just love it i ll go back for the rust colored one beautiful skirt with a fun graphic pattern and embroidered texture i tried on my usual xs as well as a s to compare they both fit but i d ecided to keep the xs since the skirt has a little bit of a stretch thanks to a hidden elastic p anel in the back plus it looks best at your natural waist i m 5 2 and often need to wear peti te but this skirt is already quite short so i bought the regular size looks great bare legged or with tights love the pockets too love the tunic rich color longer than i thought i am 5 9 140 and it almost comes to mid thigh also ordered medium it is roomier than anticipated but looks good loose and flowing \noverall love the tunic the shape style and will have big fu n wearing it just received the bra and matching panty in the mail and loved it the true color is a little darker i would call it a taupe the fabric is really nice i am a 34 c and ordered a medium just from my freepeople bra experiences and they run small the medium is perfect for my size i usually order a small panty and this one fits it looks smaller than pictured on the model this set is one of a kind the pattern on fabric is really beautiful i think it is worth the price if you like lingerie i ordered the white in this i found it to be so much prettier in person than the photos i don t think they do this piece justice i am normally a medium and that is what i ordered i found it fit true to size love the three ties in the back it s a tad baggy but looks great i can see that this might snag easily though i purchased this sweater i n the blue and i love the color at first i bought the regular size extra small i am 5 2 and 1 02 pounds i had to return the xs for the xxs petite i like the arms to be long so i don t usua lly purchase sweaters in the petite sizes but this one in the xxs petite the arms are still ple nty long enough it is still very roomy it is very soft and comfortable slightly itchy i wear a very thin long sleeve shirt underneath soft and sweet great sweater perfect weight for the o ffice in the summer love the delicate knit front and triple tie in the back it was bigger and baggies than i was expecting but it still works lovely sweater it s a new staple in my wardro

be love the fit and styling but what drew me in at first sight were the colors it s warm and cuddly i really liked the beautiful fabric design and length of the piece this is one of my favorite sweaters of the season it is warm and cozy and looks so cute with jeans it s definite ly a little shorter on me than it looks on the model even though i m only 5 4 high quality top but material is not very soft may soften in the wash fit is okay nan nan this is such a love ly top it is a bit sheer but i wear a cami under it i wish it came in more colors because it i s just so pretty i bought these pants expecting to lounge around the house in them but once i tried them on they were so figure flattering that i wore them to an outdoor dinner party paire d with a black tank top silver accessories and wedges and got compliments galore i still wea r them to lounge in they are super comfy but they are also my emergency oh we re going out to night honey pants the only downside is that they need ironing when you pop them out of the w ash unless you are using them to loun cute twist with the open back on a simple classic sweater light weight this sweater is absolutely lovely i bought it in the sky color which is so pret ty the picture just doesn t do it justice the yarn is super soft and it seems as though it wil l be plenty warm this winter i also love the retro 70 s look a definite keeper omg i love thi s sweater it is minimalistic yet romantic my mother in law bought this for me last may when sh e was visiting and one for herself i saw it today at the store in white and i snatched it up i will wear this for years i did not see until now that is is meant to be worn with the ties in t he back i ve been wearing it with the ties in the front what a bonus that there are 2 ways to wear this wonderful sweater i will wear these 2 pieces for many many years absolutely love th is top yes it runs big and is flowy but i think it is very flattering especially with skinny j eans loved it so much i bought the navy and wine colors for myself and the green for my mom fo r reference i m 5 7 115 lbs 33 25 33 and the xs fit well falls just above my mid thigh thi s sweatshirt is extremely comfy and stylish i am happy with the item and it runs a snag large b ut perfect for a sweatshirt the front of this top is pretty thin and you can see through it thi s top s subtle golden shimmer from the metallic thread used in the detailing is really nice fla ttering a bit special all in all nice but the white is see through and the green somehow rea ds much more casual at least to me so a good top for times when your top being sheer isn t suc h a big deal but probably not for the office nan nan nan i m glad i checked out the reviews bef ore purchasing i went a size smaller and the sweater fit perfectly i love the taupe color i t s feminine not overtly so and i can still use it as a neutral the quality is really quite g ood though i would still suggest keeping metal accessories without smooth edges away from the fabric it s also not too heavy so i can still wear this despite the heat and humidity in honolu lu \r\n\r\ni think the only thing i would consider changing would be the materia i ordered this a little big because the smallest size that they had was a medium i probably could have gone wi th a small but given that i am a 34d on top and a size 2 on the bottom 120lbs the medi um fits me just fine it is super soft and you can wear it with just about anything keep in mi nd that your midriff may show a bit depending on how high your bottoms are however i paired it with a white pair of skinny jeans with a cute belt so a teeny bit of my midriff was showing at time love the natural fabric blend and the natural style also the unique color of the taupe i am a size 4 to 6 and the small fit great if you prefer a more fitted look could probably size down i almost bought this tank online but decided to wait once i saw it in the store i knew i had to have it i bought it in the ivory color which is perfect the gold details are subtle and so pretty i don t find it too sheer as some of the other reviews have stated the cut is s o flattering and it is easy to wear to work when paired with a cardigan love love love this tu nic it has panels that don t really show up in the picture but the panels make it lay really ni ce it s great over leggings and skinny jean cords could even wear it with opaque tights it s great for work play or evening i bought the navy blue with the heart print i love it so much i ll probably get the green and the red when they go on sale this is a pricey top for referenc e i m 5 3 128lbs 32ddd fits great all the way around and the length is perfect mid thigh an n an this tunic looks great in person whether you get the red green or navy runs true and hangs well the ruffle at the bottom is super flattering and the construction of this tunic is impress ive so good i had to get both the red and navy beautiful comfortable and attractive sweater my neckline doesn t stay flat as the one in the photo does but i love the sweater anyway great quality attractive and comfortable i liked the look of this online but it s even nicer in pe rson just the right length on the hips a medium weight and with enough interest and exposure on the shoulders to make it feel like a stylish option for a slightly cool night without falling into the too heavy and makes you feel dumpy category of sweater like the slightly short sleeves too i feel in love with this shirt online and purchased it right away this is one of the those pieces that makes retailer my favorite place to shop stylish unique and beautiful it is a b it full in the bottom so i sized down from my normal s to xs and am very pleased this dress is a fun idea but the one i received had misaligned pleating so a few of the rows of sequins were

tucked into the pleat it threw the lines of the dress off i ended up returning it but i think it can be amazing if you get one that looks like th stock photo this has a classic tunic style silhouette with delicate gold threads it looks even better in person than online easy to wear but still has a lot of style i see this becoming a new basic love this sweater for so many rea sons fits true to size unique in design versatile soft and so easy to wear i ve worn it tie d in the back and front it goes great with a skirt or dress pants for work date night and elev ates the look with any of my jeans i love haying clothes i can get the most out of highly reco mmend this sweater got this shirt in the green color it s long and flowy and fits true to size super comfy bought this in white and the golden embroidery makes this piece very elegant lookin g it is a bit sheer but with a lace bra definitely very nice that is the only con i wish it would be not sheer at all but it is too beautiful to send it back for that reason this is my n ew favorite sweater soft and comfortable and easy to wear to both work and play being able to wear different things under this makes it very versatile and easy to change looks i got the tau pe and loved it so much i ordered the white and wore both this week alone they are so cute and a great weight in this spring summer weather we re having in the bay area \r\nthe taupe is a no rmal medium and a bit roomy so ordered the white in a medium petite and it s pretty great just depends upon how you like to wear it both are lovely \r\n\r\nmy advice get two today you won t regret it \r\norder your regular size don t size up or down great tunic top is longer than i thought it would be so i probably could have sized down definitely covered my butt but overall a great print and cute top loving it i got the top in green it is very soft and comfy it does flare out a little if you wear it untucked but looks really cute tucked into jeans or a skirt this top is super versatile i wear it with jeans on the weekend but it s also work appro priate it s light and perfect for warm weather this is very cute but runs small my typical xs is too small all over arms are short and top is short and tight i ll order a small and hope it fits i love this dress the pockets are great and the fabric is very soft and similar to other cloth and stone garments i also love it s made in the usa my only wish is that the chambray ve rsion was as great it s not the pockets are cut bad it s cut smaller in the chest and made in china the drape of this shirt is flattering and i appreciate the longer tail in back the f abric is light and that is perfect for our fall transition here in so california with a sweat er it will be great in winter too so far i ve worn it with jeans and booties and have acces sorized it in different ways to dress it up or down i love an all cotton shirt feels great and has a bit of quirky styling without being over the top i picked this dress up to take into the d ressing room to try on without looking at the price tag im typically a small and he dress in st ore was an xs but because of the wrap i figured i d try it anyway this dress is to die for the xs fit me just fine though the snap at the chest wouldn t stay closed but i thought it looked o k i looked at the tag after falling in love with the dress but left the store without it i m contemplating purchasing it still because i can t stop thinking about it i purchased this shir t in blue and i like it the fabric is more of a stretchy jersey material didn t expect that but the shirt looks decent on and is comfortable this top fits tts as shown on model loose fl owy but the cut details flounce still give some nice shape i usually take a s or m at retailer depending on the style make went with the small in this i am 5 5 narrow shoulders ruler shap e 34dd no gaping in the front fits gracefully flows with details that are classic and add the wow factor to this social or work appropriate top so complimentary it would flatter many body types the neckline is juuuuussst right i fasten the top button to make luv this top dress cove rup runs a lil big i sized down for a more fitted look to pair it with cropped skinny jeans fabric is nice comfortable and light this top is beautiful and i m in love but it d huuuugg ge i m always a large in retailer tops im going to return for a med or maybe even a small wh ich is unheard of for me quality is great get it just size down so simple to throw on w ith jeans or you could dress it up the ruffles give it a little extra flair nice and soft re ally comfy i haven t decided which size i am going to hold onto i ordered in a small and a med ium small fits me great and i am usually a pretty standard medium i think it just depends on what look you are going for wish they had it in a lighter color like an ivory or pink i thi nk the ruffle detail would look nice with a lighter shade i got this in a petite xs it s gorge ous and incredibly soft great quality as well my one little caveat is that it s very short i m 5 1 with a short torso and it still didn t get very far on me but if you wear it with high wa ited pants skirt it s not a big deal love this top i tried it on in the store and instantly lov ed i wore it and ordered it in another color i bought my usual size but decided i d like to ha ve it slightly smaller for the next one so i ordered down it can go either way it s quite fla wy and roomy cool for summer and supper flattering this is my new favorite white top in my clo set the loose fit flowy quality fabric and effortless versatility are spot on for anyone s w ardrobe i took my usual size s i wouldn t size down in this because although it s roomy in th e torso the sleeves and shoulders fit perfectly on my thin arms everyone should have this beau

ty i bought the blue in store and loved it so much that my hubby recommended i buy the raspberr
y online i usually buy a medium in tops but went with the small so it wouldn t be so flowy fa
bric is soft and not itchy i will be wearing these a lot this fall the top is quite lovely and
good quality i ended up getting a size 4 which fit similarly to the model photos i am smaller
up top and wide in the hips but the shape worked well for my shape i think this dress is my fa
vorite purchase this whole year it fits like a dream i saw it in the store while it was full p
rice and tried on an 8 the only size they had left i typically wear a 6 or 8 in dresses but
the 8 was quite large so i passed after it went on sale i ordered a 6 with my fingers crossed
glad i ordered when i did as they sold out fast fabric is a nice substantial weight great for
fall the fit is great not tight at all and more of an a line on me which is weird this style
is very pretty and flattering i love the flow of the material and the open shoulders are nice f
or the design i typically wear a 26 in jeans and in these i got the 25 and they fit perfectly i
ordered the 25 because i wanted a more fitted look and that was what i got they are well made
a nice dark wash and with the size 25 a more straight fit and not boyfriend fit i m only 5 3 s
o they come a little past my ankle when unrolled i ve worn them two days in a row and they have
n t stretched out highly recommend i usually wear a 27 in pilcro and for these i have to size
down to a 26 the 27 was very large in the waist they are a great dark denim color and look cut
e with the bottoms rolled up a little but i stil ldecided to pass i would need the petite as i
t seemd long also there are other items i loved more but if you need a cozy sweater that is d
ifferent this might be the one for you the contrasting detaisl on the sleeves collar are very
nice much softer fabric than i expected wrinkles easily i didn t realize it had a tie around
the waist it seems too much material hanging in the front to tie at the waist unfortunately th
e sash is attached and cannot be removed it s very cute just not for me i will have to retur

horoughly i am usually a 10 or medium in tops because of my broad shoulders for reference 5 9
145 lbs and athletic build i decided to size down to an 8 the top fits perfect and looks just
as pictured it is a bit more substantial then i expected the details and embroidery are beauti
ful and make this top so uniquely retailer it is casual in an elegant way i will be pairing th
is with skinny jeans and or white skinny pants i cannot tell this is a beautiful blouse but it
s gigantic my bra size is 34d and i was swimming in a 2 the bust measured 42 inches at it s wi

ove this top it is beautiful and very unique the first day i wore it i got so many compliments
highly recommend i normally wear a small and sometimes a medium even the extra small feels lar
ge all over and in the length it s gorgeous though i tried this sweater on and loved it immed
iately it s super soft and comfortable and very slimming i tried my normal size s and an xs
and decided on the xs as the s gave it and me a bit of a wider look love the navy color i m
wearing this top today at work and i feel very cute walking through the hallways it s a little
long in the back because i m short but overall i enjoy wearing it it s comfortable casual g
irly and well made i m happy with it a 3 season top that compliments jeans dress pants shor
ts skirts light weight and double layered so should you go without a bra the girls have prot
ection emphasizes nice shoulders length just covers any belly flaws i m a 6 8 and could have
gone small or medium here this top when pulled out of the box didn t look like much the contra
st of the buttons wrinkly shapeless but when i shook it out tried it on i fell in love i
t s so simple and versatile prob the best white shirt i purchased this year i d say it pretty
flowly but that s the style and i love it i am 5 8 128lbs and purchased a small i would pur
chase again and in other colors if they had them this is a beautiful top if you size way down
i normally wear a small in tiny tops i had to buy an xxs petite in this top even still there i
s a little extra material around the sides but i ve received a ton of compliments on the top i
personally didn t like it enough to purchase but it is a well made top in the photos i am weari
ng a medium and for reference my measurements are 38 30 40 i bought a medium my usual size an
d had to exchange for a small i love flowy sweaters but this one truly fits one size big the
arms and body of the sweater fit larger beautiful sweater with jeans or legging can t wait to
wear love this top it looks just as pictured the lilac color is just as it looks which i am
happy about sometimes this shade ends up darker than it appears online but not with this top
it is soft velvet silky lining and hits right where it does on model i got a pxs my usual size
i am 5 3 the neck is a bit tight once buttons are buttoned up but again this is pictured well
made and very pretty can dress up or down this blouse is the definition of how to wear plaid a

thinking of wearing it for thanksgiving dinner the embroidery around the chest collar is lovely but the lower half of the shirt didn t fit my post pregnancy bod it s going back i do not thi nk i could express how much i love this top it is so flattering and soft i love that the botto m half is slightly sheer and a different fabric than the top it is stretchy which for me is a wonderful thing i purchased the day it came in store it is quickly prone to pilling though w ith the style of shirt it s not so bad but kind of unfortunate for a top that is almost 100 i reserve my 5 star reviews for products that are made well are a good value and have great style this is one of those rare gems \r\n\r\nthe top is just beautiful in person very lightweight al most voile like cotton so soft and drapey and yes you will need a base layer it s meant to b e very sheer and the crochet and lace insets all over the top are stunning \r\n\r\nthe fit is somewhere between tts and slightly oversized but the shoulders are pretty tts which means it av oids looking like you re i feel like i have a lot of blouses like this so it really needed to wo w me to keep it and while it is lovely well made and very pretty and delicate i just didn t feel like it was anything special if you don t have a blouse like this then it is a great find but it is nothing super out of the ordinary fit i feel is tts i am in between a m and l i ordered the l lots of room in the body although i didn t like where the arms hit on me they ar en t wrist length but they aren t mid fore i found this skirt in a size 8 at my local retailer s tore i admired it on the website but to see and feel it in person was very appealing i tried i t on and it fit beautifully a style that looks great on my figure i love the mohair weave of t he color block sections the negative is this skirt is really pricy but i had my birthday discou nt and since the size 8 was sold out online and this skirt must have been a return the chances o f it going on sale in a size 8 were very slim i am still admirin this sweater looks exactly as represented in the picture the detail on the cuffs neckline and hemline make it unique and set it apart from the typical patterned sweater i ve worn it twice already and i m very pleased i was drawn to this sweater for its vibrant colours and unique pattern i tried it on and immediat ely fell in love with the comfort quality and design it is a little short but this minor iss ue is easily fixed with by wearing a neutral colored undershirt camisole the cuffed sleeves rev eal a matching pattern and can be rolled down or up i usually wear a xs or s in retailer s clot hes but i sized up to a m on this one definitely worth it this is a festive winter piece that can be dressed up o this is a very flattering blouse but it should be noted that holding horses tends to run large in size so order down the fabric is 100 cotton gauzy and light it is ver y soft on the skin i was a bit uncertain whether to keep it at first because it required a bit of adjusting in the way it falls once on but i decided to keep it and i m glad i did it is nic e looking with jeans and leggings because the back of the blouse is longer and because of the l ightness of the fabric it does not app finding boyfriend jeans that actually look flattering ca n be tricky these fit the bill not too baggy with a lovely side view silhouette and a front si lhouette that does not make you look larger than you actually are i instantly knew that i had to have these look supercute with the legs rolled up or as shown in the picture the denim is s oft and the creasing and finish do not look too contrived i sized down a size and the fit is pe rfect highly recommend a sales associate suggested this top and i m glad she did it s easy to miss at first \r\n \r\npros \r\n beautiful detailing at the bottom that isn t as evident from pics here it really sets the top apart \r\n double layered but breathable fabr ic means no see through issues and can be worn in the hot summer months ahead \r\n lace detaili ng at the top is nice and elegant \r\n roomy without being too boxy nice flow \r\n great fabr ic forgiving fit \r\n can be dressed up or down \r\n lengt based on other reviews i was hesit ant to order but i loved the colors and design in the blouse it was on major sale so i took a chance and could not be more pleased it is very sheer as other reviewers have noted so i was ex pecting that i wear a cami under nearly everything so no problem for me the colors are tdf and i can wear well into fall down here in south ms there were a few strands of thread hanging from various seams but i gently clipped with scissors if you are attracted to the to this shirt is s o comfortable and flattering the quality is really good but i would definitely size down it s not too heavy and can be worn with skinny jeans jeggings now that i have this dress in my life i think my wardrobe is done there is nothing but love for this dress as it hits all the correc t points great fit flattering silhouette comfortable fabric shape enhancing cut and the ea siest casual style ever i got the 10p and my body is 5 3 140 36dd this is one of the softest blouses i now own it feels and wears like a premium blouse i love it and it actually makes my backside look smaller too even though it is flowy it is true to size if you have small arms a nd a chest than you could go down a size this is one of my new favorite purchases and i wear i t with the cabled knit bomber and boots the color and design style are cute but i found this to be too oversized if you want to layer it then it might be for you but i was hoping for more o f a tailored look the print on this top is even more gorgeous in person the fit was great and the removable halter strap is always a plus this swim top however doesn t have padding and t

he material is slightly thin so this could cause an issue for some overall however it looked great for reference i am an a cup and purchase the small this anorak is perfection perfect weight color and the style is super easy to wear i found this to fit true to size and not ove rsized at all i m 5 3 130lbs 32d with an average build frame and i took a size small i can c omfortably wear a long sleeved shirt underneath or even a thin sweater i think xs would have be en too tight in the shoulders bust it fits perfectly and i love the inner drawstrings that you can pull to give it a little more shape i got this during the 30 off promo i love this top t he top has nice details and is not too sheer it did have a smell at first but that s gone now perfect fit and i ve gotten so many compliments i buy all my suits from here now this is a sub tle classy shirt i m 5 7 122 lbs and an xs fit perfectly shirts like these that don t fit s nugly on my back cover my poor posture genetic and make me look like i am standing up straight nice i like this top it went well with my olive pant i tried in l and xl l was a tad fitted around my tummy xl armholes were too big and neckline was too low i really wanted to keep this top but the low neckline just didn t work i am busty perhaps it may work better for a slender frame i recommend this top because it is pretty but the fit is selective so its best to try o ut a couple of sizes first i am a petite person with broad shoulders and got this in a size sma ll i absolutely love it it is similar to how it looks online but is even better in person you could wear this with just about anything so glad i bought it this is an awesome bra it has a reinforced cup underneath although not an underwire which i like i was a little worried that it d be huge as i m on the smaller side of the natori 36b in other bras but it fits well and s eems like it would accommodate b or c cup ladies the lace is pretty and it is well made i want more colors i tried on this skirt in stores and loved it the only thing is i m usually a 2 or a 26 and had to buy a 6 for reference i m 5 7 and about 120 pounds if you want to tuck a lig ht sweater or really anything in i d recommend you go up a size as well i recently purchased t his dress and i am very happy with the quality it is a little bigger than i anticipated but no thing that can t be fixed with a cute belt the embroidery detailing is gorgeous i ended up ord ering this in a petite online after trying it on in store i found the regular length to be a bi t too long and flowy and i preferred it to be more tailored it s very cute and on trend can t wait to wear it with some dark flare jeans this is a great casual skirt i ordered the 0p or xs petite and it fit perfectly both colors are nice i don t think i could choose though i do have a taupe skirt so leaning towards the slate color the fit is also flattering waist is snug bu t not tight the fabric is soft could wear in the fall or even winter with tights i recommend 115 lbs 26 5 in waist i was looking for a dress that was short sleeved but not sleeveless thi s fit my needs not too short nice v neck but not deep pretty embroidery overall i like the dress here are a couple of downsides i wore the dress with tights and due to the nature of th e fabric cotton there was no glide and therefore it rode up with the tights also it s a bi t wide int he mid section i wanted an easy and not tight form fitting dress but this does ha ve almost too much fabric in the mid section for reference i am 5 3 121 lbs and i usually wear a size 6 or 8 i got a size small and it was still at bit large my bf said it was a nice dress to wear around the house like a house dress a bit pricey for that but the way it hangs it does look like a house dress or a bit like a sack i kept it only because i was looking for casual dr esses i wore it out and got a few compliments prob cuz i never wear dresses good luck like most of the other reviewers i agree this skirt runs quite small i had to size up 2 sizes the waist is quite small but there are parts that are elasticized nicely hidden and the skirt fl ares nicely and maintains a structured yet flowing drape i bought the skirt in both colors and it looks great both with and without the tie i think it will work nicely year round too i fel l in love with this dress as soon as i came across it online ordered the dress in a large and i t fit perfectly i m smaller on top and larger at the bottom pear shaped the dress fit well a nd hid all of my flaws only problem was that it wrinkled very easily and im wondering if i re ceived a dress that was sitting around for awhile since it was covered with lint and white fuzz when i received it in the mail other than that the design was absolutely beautiful with incredi ble embroidery the fabric is beautiful the embroidery quite striking and the length is perfec t however the dress is a bit amorphous and as others have mentioned the sleeves are silly s o i took the dress to my favorite seamstress and she added a couple of darts in the back and fi xed the sleeves voila these weren t expensive fixes and now the dress is perfect love this skirt the material is so soft and flowy but holds a nice a line shape i do agree with the oth er reviewers that this does run a bit small i am a 26 waist and purchased a 4 and i could p robably have considered sizing up to the 6 easily as well i love the colors originally purchas ed a large for my broad shoulders and it was too big and too long for 5 4 exchanged it for a p etit medium and it fits great will have to wait for cooler days to wear it since it is a heavy cotton and the weather is still very hot intexas the fabric at the trim and shoulders is crepe which isn t clear from the photo much nicer in person than online runs large i wear a large i

w a bunch in the clearance sock bin at the georgetown dc store today 12 27 2015 \n\ni love be
autiful and unique socks so i thought i d give these a chance i like them so much that i bough
t 3 more pairs of the exact same sock now that they re on sale \n\ntwo things i noticed the w
ay the sock is knit when you put it on it no longer has a matte black look in the black areas
it is sort of a stretched slightly two tone look these are the best jeans ever never wore pil
cros before and only ordered them because they were on sale so glad i did now i m hooked i ga
ve this top 5 stars for the embroidery and fit around the chest shoulders i wish this top was a
little longer as the xsmall was just too short i m 5 6 and run long waisted the small fit b
etter in length the way it does on the model nan i am so glad that i got this sweater it is j
ust perfect nan skirt fits true to size i bought a regular size 2 even though im only 5 feet b
ecause i didnt want it too short the size was perfect as it hit right above the knee bold vib

s has a sparkle that you can t see in the pictures i returned it the design is cute but not wo
rth the price after a rough day at the office i went into my local retailer to seek out some r
etail therapy i stumbled upon this skirt and knew i had to try it on though it s more than i n
ormally like to spend it was well worth the price material is lightweight and comfortable yet
substantial enough for work fit is spot on i have wider hips and a smaller waist which typica
lly makes me a size 12 and that s what i bought the color is a gorgeous mustard yellow that ca
n be paired with all sorts of colors with a skirt so vibrant it s hard not to feel happy weari
ng it i tried this on in store following a spring fashion show while i usually need petite si
zes for length proportion purposes i m 5 4 slender build the regular size 2 was a great fit
and length any shorter and it may have taken a bit of the elegance away from the skirt and i d
on t necessarily mind a shorter length but this was beautiful as it was the price is a bit st
eep but the quality of the material justifies it the one it s absolutely beautiful it s a bit
more than what i want to pay for a skirt but it s worth every penny i m a true size 4 130 lbs
and 5 4 and it fits perfect very versatile i have a gala to attend next weekend and can t wai
t to wear this beautiful cape i m a big fan of nanette lepore\nclothing and this cape does not
disappoint it is absolutely beautiful chic and elegant i love this skirt for so many reason

s \r\none it isn t a circle skirt per se which is good i am hip heavy and don t need extra volume at my hips so while it s called a circle skirt the description states that it s a line based on that i was willing to risk it also i am 55 and tend to stay away from above the knee dress and skirt lengths just my personal preference although i am only 5 2 i ordered the reg ular size 10 for the extra length and it s exactly at my knee perfect for me this is a beautif ul sweatshirt that is a sentence i ve never said before mine arrived with the sleeves rolled u p which made me think they probably pulled it off a mannequin or something it made the sleeves sort of loose at the bottom so i am hoping that they will draw up a little once i wash it ki nd of bummed about that for almost 100 they could have at least steamed it out or something s o i could see the authentic fit the sweatshirt is a little more square fitting than it looks in t don t judge the sweater by the model it s an unattractive ensemble the sweater is very prett y on it s lightweight with a cute design on the back i wear with skinny jeans or leggings it runs a bit wide at shoulders but i m petite so it could just be me also it says dry clean i th ink but i put in a mesh bag and washed on delicate cycle by itself then laid flat to dry and i t was fine you just need to be a little more careful but the unique popcorn stitch makes this a n attractive statement sweater i am 5 4 and 127 lbs and was a little surprised how cropped the cut on the size small was compared to how it appears on the photographed models beautiful skirt dress up or down colors are lovely and enable one to wear many different tops lightweight per fect for casual or summertime work to be honest i bought this sweater as an add on so i could get free shipping however it s the only piece i actually kept from the order this sweatshirt is warm fleece lined and just the right amount of billow but the best part is the subtle lave nder color when i ordered it i didn t even realize i ordered lavender again i wasn t paying much attention to this piece but the color and texture are so soft definitely a must buy f or reference i am 5 3 110 pounds and the xs my usual i love these socks so much i ordered th e beige and red pair with the polar bear design and they are my new favorite socks these are co mfy with great stretch and just the right amount of cushion however the best feature is the c ute little frill around the cuff i want to order more but i don t care for the other designs a s much as the pair i ordered instead i will be keeping an eye on this brand to see what they c ome out with next i tried on an 8 and a 10 and both worked perfecto the 10 had just a tiny bit more room to tuck in a shirt with i m 5 3 i ordered the petite nice to have this option the length volume doesn t overwhelm me as some kimonos do this feels more like a fall season kimono due to the fabric content it is not a wispy fabric there s weight and some stiffness to the dr ape you can see on the model how the fabric stands away from her body it s a different look fr om silky feeling kimonos that hug the body a rich blend of blue black white subtle tan mayb e some silver grey hard to tell the colors look li had been eyeing this for a while print is beautiful in person just as pictured tts fit size 8 5 7 150 pear shaped comes within a couple inches of my knees so long enough to wear to work nan fabulous colors great fabric sup er comfy and extremely versatile i love love love this skirt although i m only 5 1 the reg ular 2 was still above my knee so it might be a bit short for really tall gals the waistband is a bit wide but with a cropped top or tying a button down as shown i found it very flattering love the texture of the fabric and the slightly retro print and it doesn t seem to wrinkle afte r getting out the original packaging creases it honestly goes with everything a love the knit contrast stitches add interest quality is great and it is true to size very happy i made this purchase especially because i caught it on sale after eyeing it for months great with denim or a black dress i love this cozy and comfy top it is oversized as the name says and implies bu t i normally wear an xs in most retailer tops and i chose to get a small and i m glad i did i t is boxy and oversized but also short the small is perfect for me and it really feels so coz y as is and big enough to wear a tee or tank under it and not fee clingy as a texas girl grow ing up with cheap hand embroidered tops from mexico this is a treat and takes that style to a new level quality fabric and workmanship in a unique sleeveless design perfection nan aside f rom the beautiful colors what drew me to this skirt is the wide waistband i love that it can ho ld in a bit of a tummy and accommodate a belt or not when i received this in the mail a few d ays ago i immediately started pulling articles of clothing out of my closet to go with the skirt a striped tee chambray top belt denim jacket the quality is great and it has pockets i have a 30 waist and went with my usual size 8 i am 5 5 and ordered a petite so it hits a couple i nches abo after reading the reviews i decided to size up to a m instead of a small so glad i did the arms are a tad long but other than that it fits perfectly love this in yellow i love this skirt i usually don t buy skirts of this cut because they make me look hippy but the fabric is so lightweight and flowing and yet it has structure the colors are great and go with many top options i wear it to work and casual outings it is my favorite clothing article in my closet right now this skirt is perfection i am 5 8 130ibs and the 2 fit perfect the picture d oes not even do it justice it is much more softer than i thought it would be in the picture it

seems stiff looking but that is not the case at all can t wait to wear this skirt for the summe
r you can dress it up with a nice blouse and heels or keep it casual with a relaxed tee and san
dals i will defiantly get a lot of use out of this piece it s a sweatshirt that isn t typicall
y sweatshirt looking first it s spacedye then there s the hi lo hem it s mock neck and it s
wide neck sleeves are low and cocoon y it s oversize in looks but not overwhelming i love tha

r up into a bun and head out without looking too sloppy this is a super cute tank fits good f
lowy and airy which is exactly what i had in mind for summer fits good first of all this does
n t come with a belt of any kind that s a good thing too i am surprised that the stylist put
one around this kimono it looks odd and frankly takes away from the shape of the piece havi
ng said this though it is a nice accessory for basic tanks t shirts and other tops and dress
es that need a little umph \nthe kimono is blue mostly but it really doesn t appear to be s
triped it is sort of a line of small dots it is sheer but the polyester fabric has some bo t
his sweater is a great comfy fall or winter sweater in several of the pictures the neck is fol
ded down so beware that the neck has a bit of a turtleneck mock neck look to it it can be fold
ed down if that s not the look you re going for cute sweater super cute shirt really flowy on
the bottom good if you want to hide your middle great quality material super cute a little
buggier than expected but great for layering after the gym this sweater is amazing color is vi
brant quality is high but i have a super long torso and it fell short on me if you are shorte
r this will be amazing sad to send it back i love everything about this top it is high volume
and looks good with either a skinny pant or a structured voluminous pant very sharp but femini
ne and frilly look i love the juxtaposition love this top comfy soft and a great length sl
ightly longer in the back and works great with leggings or jeans i love that is has long sleev
es i wish it came in more colors just grabbed this today great find i paired it with a white
blouse with blue polka dots will pair with anything though with great neutral colors white
or blue jean jackets sweaters the skirt has a little stretch for my hourglass figure but wo
uld work with any type body i think a many season skirt perfect for traveling this is a fanta
stic skirt and very flattering i plan to wear this with boots as shown on the model as well as
sandals when it gets warmer i would say that it does run true to size i got this for my daught
er teen who had been wanting this plaid look but didn t want to look like a lumberjack this i
s feminine and can be dressed up or down it has the high low look that she loves and it is comf
ortable and machine washable she will get a lot of use out of this purchase new item but black
friday discount yay purchased in red color i wore this dress for my small winter wedding and
it was perfect i thought it ran a little large though because i had to return it 2 times to get
the right size once i got the right size it fit perfectly i loved the champagne color and shin
e nan the picture is not a good representation of the cut and the fabric the cut is a line tr
apezoid shaped the shirt is smallest in the shoulders and chest and then it flairs out to the s
ides the cut works with pants mostly you have to tuck the shirt in if wearing with skirts the
lace back drapes beautifully and is a little longer than the front which again lend to wearing
with skinny pants and such \nthe fabric has a quality of freshly starched pleasant surprise it
lacks softness of leisure very flattering dress in a comfortable material the cut is perfectly
placed this is very long i m 5 11 and in flats this touches the floor easily dressed up or do
wn with the tight accessories if you are on the shorter side do with the petite size i ordere
d both at first petite was sold out so glad i got to get it i looked lost in the regular siz
e the back length was well below my bum both colors are really nice but i did end up with the
orange one more dressy red one looked more calsual though it is a casual shiryt i had on t
rousers and hte orange looked nice with them i finally got my backorder today i have a feeli
ng that they might have rushed to make these and cut costs during production because as per all
the reviews i ordered my usual xs 122 lbs 5 5 32d and it just fits all reviews previously
before the backordered shirts were sent out stated that the shirts ran big and people who norma
lly wear a medium bought an xs i will keep my xs but i would have purchased a small for a roo
mier fit i have to wear a tank under it because it s short in the i m not sure how i feel about
this shirt i love the fabric which is soft lightweight and richly colored the polka dot tri
m is quirky and fun and i like the idea of the twisted hem the cut is generous in width for s
ure i ended up ordering a small because i swam in my usual medium to large sizes but the lengt
h of the small barely works the sleeves are juuuust long enough and the shirt hits me just at
the hip not nearly as far down as the model shots show it may be because i m busty a i loved t
he color and design until i tried it on in the store i am 5 5 with a slender build i tried my
usual xs but couldn t manage to put this shirt on me without risking smear my makeup or scratch
my face by the elastic band at the neckline the band is so small even fully stretched out i ha
ve a normal sized head just in case you wonder i gave up after wrestling with it i can only
imagine how uncomfortable to wear something with a tight elastic band choking me funny but

not funny i love this shirt it is great quality and hangs perfectly please make more colors i
n this one i would buy all of them nan i bought this shirt because i needed something lighter
to where in autumn and needed to layer i wasn t expecting so much out of a tshirt the material
is great it s comfy and oh so flattering on any figure i ordered the green one and it was gre
ener in person than online but a very lovely color it layers great and is longer than expecte
d almost dress length i m not a tights wearer but it would definitely go great with tights or
leggings and it worked fabulously under a wrap great prod love this top a new take on traditi
onal flannel yes it is pricey for flannel yes it is not thick like a traditional flannel shirt
but it is feminine sexy comfortable even my husband liked it on me i ordered a regular sma
ll wish i would ve went for a petite x small however they are sold out regardless i am keepin
g for reference i am 5 3 110 115 and the small is definitely roomy the fabric of this top
is a tee shirt mid weight material it has a nice drape and the color variations along the vee
are true to the photo i purchased size large and it s a bit wide and long for my frame you cou
ld safely size down the fabric drapes nicely but i didn t like the sleeves or length and it fit
s large so am returning great top i have both colors because the front is short i ordered
a medium i usually wear a small if you are not long waisted like me order the small this is
an amazing looking skirt it has such an exciting pattern on it and is very flattering it is ve
ry light weight though almost flimsy but it is not a deal breaker i wear it and love it
i took a chance on this in green extra small one size smaller than my normal size because tha
t was all that was left and i thought i could wear it under another sweater no it s too awesom
e to waste as a liner it s the most amazing cut and fabric it so flattering and so soft \n\npl
ease bring back this top i love this for a casual winter day the fabric is so soft the dra
ping gives it a unique look so cozy and nice it s a bit big though opt to size down this is
a gorgeous buttondown the colors are stunning i love the mix of blue and brown the fabric is
super soft and drapes just right i feel the this shirt runs true to size i m an xxs petite and
it fit perfect this one is a winner got this top in the blue orange plaid its super cute and
i love the style much better than your typical straight button down plans shirt \ni highly recom
mend it i purchased the bright red color of this bandeau top the color is vibrant and the over
all style is very cute unfortunately it made my chest look too big but the quality is really
nice and i m sure it would look gorgeous on other body types i tried on the skirt today in the
store and immediately fell in love with how fluid the fabric is and how it looks and feels on b
ut i had something really awful happen the zipper was hard to zip up so i just left it partiall
y zipped but close to the top but then when i try to take it off the zipper broke and split down
the middle but it was stuck on me it was the strangest thing that i ve ever had happened and r
eally embarrassing because i had to come out of the fitting room like that to get i am 5 4 and
120 lbs i bought the xs as my frame is a bit on the smaller side but the cut is huge a pregna
nt woman could easily pull this off as a very cool maternity dress i can see it being so cute w
ith a pair of boots or sandals i wanted to get the xxs but it s sold out so sadly will have to
send it back but if it works for you definitely buy it my favorite for work or going out the
perfect black shirt i tried this on in the store and the fabric is lovely so so soft and dr
apey the skirt is very flattering good length but the zipper the zipper was already ripped
away from the fabric so i wasn t able to purchase it such a shame i absolutely love the look
style of this piece perfect for summer evenings only complaint is that it feels maybe a bit to
o delicate fabric is quite lightweight and may be easy to tear i will be taking special care
of this hoping to keep it looking great for the season i got these pretty boy shorts because
i was looking for a panty that was comfy for bedtime pretty but with a fair amount of coverage
i am really happy with them wonderful with a tank top or chemise i think the ruffles are a bit
bulky for skinny jeans but i love them for sleeping they feel special i like this dress becau
se it has a 60 s vibe however if this swing style is too long it just looks dowdy this dress
was too long so i shortened and redeemed mine i am 5 3 1 2 and 120 lbs this style looks best
on me just above the kneecap if you try it on and hate it it s probably because it s too long
in the winter i wear this with a long sweater knee length with a waistband in it to give it sh
ape and with boots the dress is lined but it is very very sheer and requires a slip or i sna
gged this the first day i wore it with my wedding ring it is very delicate and i can t wear it
when i m with my kids because they pull on it so much it will just me by night out wrap i guess
this suit is really flattering and comfortable i love the pattern and the removable strap the
only downside is the top of the suit folds down easily showing the lining at the top this has b
een the case with other suits i ve bought from retailer but it s so flattering that i can live
with that flaw at first i thought that this sweater would be too thin and show any imperfectio
ns but it doesn t the vertical ribbing really gives it a slimming effect and it is a perfect l
ightweight cover up that goes with pretty much anything this is an amazingly soft and gorgeous
sweater i typically avoid this brand because most of their pieces run smaller on my frame howev

er this not only fit perfect but it is a beautiful color as well i prefer transitional pieces t
hat can be worn multiple seasons and this one is just right this sweater is much prettier in pe
rson than in the picture the colors are soft and feminine medium fit me perfectly this is the
soft cuddly sweater i have been looking for this is a great top i love how it s loose and han
gs away from my body but is banded at the bottom so it isn t shapeless the tie at the neck is c
ute and gives it some personality \n\ni usually bounce between a s or xs i tried the xs in the
store but ordered the s i love this top fits great n is elegant great for the workplace n a n
ight out absolutely beautiful quality fabric love love love i love this shirt lightweight a
nd versatile perfect for all seasons love this shirt looks great with a pair of black work sla
cks or with jeans very flattering with the banded hem and the material is soft great fit craz
y soft and comfy light weight so will be great for spring summer and layering so happy i bo
ught it i saw someone try this on when it was 40 off sale and should ahve purcahsed it then
ended up going back today for it it is very soft adn flattering also i purchased the balck
this can go with pretty much anything jeans skirts dresses you name it very neutral and fl
attering fit nto sure if petite would have worked but too late anyway if you re looking for a
sweater that s super soft and comfortable you ve found it you could wear this almost anywhere
except for a dressy occasion but then of course you wouldn t wear it with a dress anyway i w
ish it came in other colors because i d buy several it s on the thin side but not too thin the
only thing that i should mention is that it s not a black black but more of a faded or brownish
black which is really obvious with black leggings or jeans from the images it looks like a bas
ic black cardigan look again because it s a beautiful fabric and can be dressed up or down i m
5 1 and always wear an xsmall at retailer however i thought it to wear over other articles vogue
clothing i d size up it fits perfect i did an xsmall petite and couldn t be happier these run s
mall in the thighs and behind just like most of the other cartonnier pants i have four pair of
cartonnier pants that are all size 10 which is a size or two up from my usual 6 or 8 in other
styles print is great fabric is super lightweight and great for summer nan this top fits perf
ect everywhere except the sleeves are a little tight not uncomfortably so but i wish they had j
ust a little more room so they looked like they did in the picture other than that i love this
shirt its super cute and comfy and i have gotten a few compliments on it this sweater is beaut
iful but is definitely more for looks than warmth it s very soft but very thin i prefer the
way it looks open rather than buttoned i got the moss green color on sale and i am glad i didn
t pay full price for it it s lovely but certainly not worth 88 this sweater is exactly what
you think it is \r\n\r\ncomfy \r\n\r\nit doesn t have much shape it s pretty boxy but that
s the point it s not one of those figure flattering kind but it s also not shabby looking \r
\n\r\nit s so darn comfortable and soft and the colors are so upbeat and beautiful \r\n\r\nsinc
e it s a fuzzy yarn type of fabric i think the fuzz might start to fall out eventually and i ha
ve to be careful not to snag anything on it because i don t want to pull the knitting loose \r
\n\r\nother t i got these in gray and ultimately returned them only because i already have a sim
ilar pair of pants they fit true to size and the quality is fantastic i usually do poorly with
pants that zip on the side because of my small frame but i had no problem with these at all i
may go after the other colors the tie neck is super on trend this will go great under a jacket
or cardi it s a keeper i loved the design of this suit the zigzag pattern is great at coverin
g up any tummy issues but the print is still fun and not frumpy i got a compliment the first da
y i wore it it is a great one piece that gives great coverage and yet is still fun the only th
ing i don t like about the suit is that the top of the suit slips over showing the lining i rea
d this in other reviews and it is true while that is annoying i liked the suit enough to keep
it this blouse is so pretty i love the neck tie which gives it interest and won t look boring
on it s own i ll wear this all year round i ordered an xxs which fits perfect i ordered an ex
tra small it fits with both a humble tee and a button down with the sleeves rolled up i ve tri
ed it with jeans and also joggers and heels really a cute and versatile sweater i got the oliv
e but can see where the black might be more universally useful this one works perfectly for me
however love this top love that it ia jersey knit which makes it comfortable love the print wh
ich makes it stand out love the design of a side bow i did not have an issue with the banded h
em in fact i like how it makes the top more structured i wasn t sure how to rate the fit on th
ese i tried my normal 12 and the waist fit pretty well but there s a lot of room in the hip pe
lvis area i tried a 10 but the waist didn t fit i can see these gathering when i sit but i ju
st love the print there is no stretch in these either i have slim legs if you don t i would
size up or just pass the calf is tight really cute skirt love that it has hidden pockets in t
he front ended up just being a bit too wide on me can t size down as fits everywhere else wil
l look great on someone just not me order true to size fits great great sweater but it was j
ust a little too short on me so it is going back it is extremely fuzzy and soft though i have
a few pair of charlie s and one thing i really like about them is their consistent fit i own th

is pair in both the orange and gray bought both in my normal 4 they will stretch so if they ar
e a little snug at try on don t size up definitely recommend these pants love everything about
this skirt but the sizing i m a size 6 medium in almost everything but this skirt swallowed me
i wise there was a small or even extra small to try out i m also 5 5 and the skirt was right at
my knees definitely size down if you want it to look like the pictures i got the moss color in
this cardigan i m not sure why these aren t sold out because it is pretty amazing it is super
soft and is a cute addition to a casual outfit i would say that for this price it s definitely
worth the buy ordered in the orange and they are so cute i had to order the other two colors m
y normal size 12 fit tts i am happy with the fabric fit and color i have an athletic build an
d had no issues with the side zip waist hip or thighs i loved this sweater as soon as i opene
d the package it was soft and the colors of grey peach and white were perfect for this to were
into the spring time i am 5 3 102lbs and purchased the xs the arm length was perfect the swea
ter length hit slightly above my hips the style of the sweater is a bit boxy but not so much t
hat it looks like your wearing a tent this tunic is a wonderfully updated look it s cinched ju
st a tad at the waist which gives it a great line i paired it with a pair of citizens of humani
ty crop jeans terrific look i like the pattern and material on this top but the bubble hem is
n t flattering on my figure i would recommend this top if you are tiny and petite i m a size 4
all day everyday but these pants wouldn t even meet around my hips sadly i m returning them
tomorrow i love charlie pants i ve bought a few in the past and i ve never been disappointed
with quality style or fit i love the side zip on these and the nice flat front as a result i
wish more pants were side zip so much more flattering i got these in a 4 my usual size and t
he fit is perfect i also got these in the regular rather than petite but the length works jus
t fine for my height i bought these in the grey stripe but like them so much i think i ll orde
r another pair in the orange although i haven t worn it yet it is very soft and functional i
will watch how i wash it so it stays that way this shell can be worn casual or dressy depending
on what it is paired with enjoy i love this top i debated between an xs and a s but i m usua
lly an xs in deletta so that s what i got it fits perfectly and is beautiful size 0 ordered t
hey fit beautifully for the first 2 hours but slowly stretched out and lost their shape sadly o
rdered this dress online and hoped for the best because there wasn t a size chart to reference
i m usually in between a size small and a medium i ordered the size small and it fit well for
a more flowy look i would have gone with the medium \r\neverything about this dress is soft i l
ove it even the ribbon is delicate soft and made of quality material the lining feels like he
aven \r\n\r\nthis dress goes to the floor on me i m 5 7 i was expecting it to be more mid
ankle length but i sti soft pretty socks a little big if you have smaller feet i m a size 7 5
and they are a tad too big but still comfortable after reading the reviews stating that this d
ress was a tent and only fit for the tall and small chested i kind of had a battle of wills in
my head over ordering it it is very me but me is also 5 5 curvy and possessing a 36g bust
i had to post a review because i received the dress today and i actually love it i ordered a
16 and i love the fit i know it s flowy but on me it s far from tent like i think it s great
now as a pre fall piece with some sandals and a jean jacket and as agree with other reviewers t
he jacket is better in person than on model very nice jacket model does it no justice this is se
riously a beautiful dress it has such gorgeous colors it s lined so no slip needed it is flow
y and just the right length i went with a petite and it is perfect can t wait to use it at th
e beach love this shirt i can dress it up or down great fit nan i am not a model shape but th
is dress looked so light and beautiful i had to try it it wasn t available in my local store so
i risked it and ordered online i m 5 6 and about 175 lbs the medium fits perfectly i will sa
y that the skirt fabric comes much more sharply pleated than it looks in the photos maybe this
hangs out mellows over time the lining to the knee is going to be great for warm summer days c
an wear to work with a shrug and some flats or to a summer wedding the pattern is bea this dres
s is very cute and screams summer the stripped skirt adds dimension true maxi length effortle
ss and fun a perfectly fun pant for a gray or sunny winter day i like the longer length to t
he ankle on me pairing with my kate spade black sabina combat boots and a eileen fisher black c
ashmere boxy cropped sweater another fun option is to pull out the pink accent in the pant wi
th a pink camisole under a black sweater the fabric weight is good for winter they do feel a l
ittle itchy at first but it s not noticeable after wearing them a short while i love this blaze
r its perfect for work and makes a great statement my stylist didn t love them they are we
ll made the waist line is comfortable and the embroidery is very pretty the hem is loose fitti
ng perhaps that is what she thought was not as flattering the material is airy nice for sum
mer i think you should give these a try for me perhaps it is my muscular legs that made her
hesitate when i received this dress i was surprised by the weight of the fabric it s not as li
ght and gauzy as the photos appear and it is fully lined it s more substantial in a good way
also i had thought it would be more of a straight cut but it s definitely a swing which i prefer

with the lining it does stand out a bit from your body so it s not a clingy look at all i like it a lot but i don t think it fits the way you would expect from the photo it s roomy i could probably have sized down i i found this dress to be a perfect flowy fit for the super hot tail end of summer this definitely is not a form fitting dress but i bought my regular size medium size 6 and think it fits perfectly i have a pretty small chest and find that sometimes these a line dresses look better if you don t have a lot on top making them tent out just my opinion personally do not think it has an abundance of fabric in fact it is a lot less roomy than a lo t of others in this cut due to the embroidery these shorts are very well made and the embroidery work is beautiful the dark yellow is a little bit more orangy looking than in the pictures but is still a pretty color don t expect any give or stretch with these shorts i bought these to g o with the boiled wool jacket that is also currently on sale i have several pairs of charlie tr ousers and i really like the brand these are in a thicker winter fabric and i understand why the other reviews found them itchy i don t find that bothersome but the texture is a bit diffe rent the quality is typical for charlies the color stripe is a metallic bronze but could look pink in the right light the fabric is noticeably stretchy i think without that stretch these i chose this dress for my engagement photoshoot and i m so glad i did it is beyond beautiful m y favorite dress ever i usually wear a 4 but ordered a 2 0 because of the previous reviews the 2 fit perfectly the 0 was too snug across the shoulders both sizes were the same length an d width except the shoulders the material is beautiful and seems very well made i am thrilled w ith this purchase it looks exactly like the photo this is so close to perfect but there s a se am down the middle of the back and they didn t bother to match the polka dots you can see the m ismatch in the second photo i was about to buy the jacket and totally in love when i turned a nd saw the error i hoped it was one bad match but nope on every one couldn t unsee didn t b uy very disappointed this tank caught my eye when it first came out couple of months ago love the colors and the embroidery especially the colors on top beautifu and it will complement any skin tone and the bottom is neutral so that this top will go with any bottom this flows too goe s great with skinny jeans and flats or put a strappy heels on and it s perfect for evening outin gs this dress is so different from any you normally see and its gorgeous the blue on bottom is actually a much brighter blue in person than in the pictures on the site the dress pleats along every blue line so when you walk it s as if the dress changes colors with every movement it s fully lined so nothing shows underneath and it s just really beautiful i also like how the back opens but not all the way down so you can wear a strapless bra without the back showing \r\nb ut the sizing was a bi the embroidery and side zip were well constructed the fabric holds onto wrinkles and creases so after a period of sitting there are several creases pointing to one s crotch area this isn t too noticeable but definitely makes this a more informal garment i com pletely agree with the other reviewers this top is easy to throw on with jeans or trousers and s o comfy i m 5 3 with a 34ddd chest and i ordered in my normal medium which looks fantastic and if i wanted to i think i could have sized down for a more form flattering look but i love the ea se of this top love the simple casual elegance of this coat i especially love the colors gre y beige because it looks great with my grey jeans as well as my dressier beige pants i will get a lot of use from this coat beautiful dress wanted something different even bought the ha t very flattering nan i wore this dress to a july wedding in miami beach and if you know sof la you know that it s hot humid and sultry despite the weather the dress was light especial ly at the bottom because of the slits so i wasn t terribly hot and sweaty underneath the dress the slip is a good length not too short and not too long which makes for a sexy fit \r\n\r\ns izingwise i m 5 4 and weigh about 120 lbs and purchased the dress in pxxs i said the dress w as tts because it fit a little bit snug at the u just bought this in the store a couple days ago and wore it for the first time today love the embroidery detail and i feel that the colors are more vibrant in person i typically wear a 2 in most retailer tops but i got a 0 in this and it is great seems to be a generous fit the slits on the sides do come up a bit high but i wore a cami underneath since it is sheer and the slits were not an issue with it looks great with je ans it is a great transitional piece for the fall as i m sure i will just got this and i haven t taken it off all night i feels like lounge wear but is so cute and works with heels or flat s throw a necklace on a nice scarf or a jacket and dress it up for going out it looks exact ly like the picture and fits true to size i will get a lot of use out of this piece for spring and summer nothing is better than something that feels like pjs but looks so stylish this dr ess is absolutely beautiful i wore it in my engagement photos and it is so flowy and so beachy you can dress it up or down and it s very comfortable as well unfortunately it got ocean water on it in my photos so i took it to the dry cleaners and they lost it hopefully it will come back in stock and i can buy it again it is easily my favorite dress i have owned in quite some time for tall people it may be too short to wear with anything but flats i m 5 6 and wore s andals and the dress fits me like a tent and i looked pregnant maybe this style isn t for me an

d i even sized down otherwise the quality was lovely with an embroidered area on the top and th
e fabric style mixing was great and very trendy it didn t work for me for the right person this
is a very well made dress i want to love this dress the colors and the fabric are absolutely b
eautiful it is definitely a swing dress much wider than i expected and i sized down there i
s also a strange pooch in the shape around the middle i am keeping it because i am in love with
the the colors and print and it looks very flattering when paired with a black denim jacket ju
st not alone this is a very flattering top i m pretty flat chested this top doesn t look too
bad i love the subtle peplum it makes it a bit dressy i m 5 4 112 lbs got the xs i love
these i like that they re fancier than your basic summer shorts but they still look casual and
effortless unlike the other reviews i found that they run large i m usually a 4 maybe a 6 an
d the 4 is roomy still looks good though just rides a bit lower on my hips love this top you
can really fess up i ordered in a small i am 5 7 and 154 pounds i usually wear size 4 for dress
but this is the first time ever i have to go down to size 0 and it fits perfectly well made m
aybe a bit stiff around armholes nothing major i love the length as i don t like to show my kn

love this top the design and the cut it is very long in the back it is very flattering i wou
ld have given it 5 stars except it is see through i wish it didn t need a cami layering tops g
ets old fast in the hot weather runs true to size with allowance for some bulky clothing under
neath for those cool fall days definitely not meant for winter so don t plan on this for free
zing cold days the bottom falls nicely over the hips and the color is vibrant and adds some lif
e to any outfit very much in love with this ethereal delicate dress the silk is very light an
d slightly clingy so take caution when wearing the belt can be adjusted as modeled or you can
get creative as there is length the play with the liner finishes above the knee on me in medium
petite those of slender torsos and small busts may want to size down otherwise tts for refere
nce i am 5 3 36dd 140 not a summer dress even though the photos make it seem like it s for hot
weather the weight and layers and synthetic fabric is very substantial it is a bit scratchy wh
ere there is maroon fabric but not intolerable i love this dress but it s beyond a line it s
a tent i m keeping and will wear for fall with a long sweater to flatten the fullness that s se
en in profile for my body type top heavy thick shoulders back upper arms i chose the smalle
r of my size range definitely size down if for reference i am 5 5 about 140lb typically wear a
size 6 luckily they had it in store around me so i as able to try it on i read the reviews and
first tired on a size down but it still didn t look quite right on me i was daring and tried o
n another size down and i m glad i did there is no lie that it runs large it s a beautiful dr
ess and heavy enough to wear into the fall i will say it does still have a little tenty shape
to it but it s just the style of the dress fully lined until just above the knee silk exterio
r rayon lining can dress it up or down very lightweight and cool feeling this is a beautiful
dress i m 5 9 and it fit great shorter people might need to alter it i tried it on in the st
ore and felt like a princess but am hoping it goes on sale this dress drapes very well and is
flattering to many different body shapes the colors give it the flexibility to wear from summer
into fall gorgeously designed nan love love love this silk dress i feel classic retailer is
back perfect for hot and steamy summer days \r\n \r\njust a few photos of the back which has t

\ni m 5 2 currently 33 25 37 or 38 hips narrow shoulders and torso bra size 28dd 30d 32c i
tried on the size 2 regular which is the only one i found in the s this dress is fantastic i c
an t help but think the other gals who gave this a low rating were perhaps more petite and didn
t size down i am 5 8 and usually a 10 12 purchased the 8 and it is great fits wonderful an
d looks so nice for the price i like clothing that doesn t touch me and this does a great job
without looking sloppy i bought this dress as a surprise for my daughter she was very happy wi
th it i do not know if this item is worth the full price but i love it very soft good length
and comfortable to wear the stripes are a perfect width so as not to be overpowering the fabri
c design is unique and i think the weave added to the cost of production for many it may not be
worth the cost but i am glad i purchased this top it is not a sheer fabric try it on if you se
e it in the store great fit with tight pants beautiful flower design that goes with everything
favorite tshirt i loved the beautiful print the sleeves were beautiful as well and added a uniq
ue quality to the shirt i also liked the longer length of the shirt i ordered online and kept
it as the previous reviewer stated this wrap is over sized but that is the style the knit is
soft and dense and the metallic accents are subtle and lovely this is an heirloom piece that wi
ll last for many many years nan this top is great under a blazer for work can be tucked into
a skirt and looks great with jeans necklaces work great with this neckline unless they are short
the sea green is wonderful i like the snug armholes but may be a problem for some my hips are

larger than my bust so i had to be convinced to try this on and i m glad i was overruled i am a small or medium in retailer tops and i got a small i like the design and the size style but the fabric is different than expected and not quite as comfortable as possible but i still like it and will keep it love love love this mock tank goes fabulous with everything it s flows nic ely the mock neck looks fantastic you can probably go one size down such a great classic top very flattering can be worn all year i bought it in grey but think i ll need it in other color s i ordered the size xl and it fits me as it does on the model it s true to size it is made o f a scratchier material but is still comfortable to wear definitely needs a tank cami underneat h i love the vintage look it s worn well washed well too i d love to see more versions in t his same style i ll get good use out of this in the summer and then will layer cardigans over i t in the fall love the rushed sleeves and the flower pattern on the side t shirt is however a little thin hence a bit sheer but i loved it nonetheless i saw the loose fit and decided ot order a size down xxs petite ad it is so flattering going to keep it as i don t think peti te is going to make it to sale i think it will look very cute with my denim pencil skirt jea ns or other pants for casual days this fit nicely and i loved the asymmetrical flower design i t is somewhat sheer see through so i put a tank underneath this t shirt is very beautiful i ab solutely love it it is soft and flattering and gorgeous perfect for work or play i washed it in gentle cycle cold water i meant to hang to dry but somehow it got in the dryer with towels i was heart sick when i saw it in a crumpled ball but it did not shrink nor wrinkle wow i wor e this when i was in my third trimester and it worked out great nan i usually get a large in to ps that don t come in tall due to my long torso thanks to the reviews on this one i got the wh ite top in a medium the medium fit perfectly it looked just like it does on the model and n ot like a maternity top at all the material is thick enough that the white wasn t see through i paired it with some crop skinny pants and a statement necklace and received many compliments o n it the top is a little bland and needs some kind of jewelry to really make it oth love thi s top i would have bought two but the grey is sold out in my size very comfortable and true to size great cut super flattering it does run a little big in my opinion though i m usually a medium size 8 and i had to get a small love this shirt but beware that it shrinks if you place it in the dryer the good news is my teen daughter loves it too and benefited from my mistake i usually wear a s or size 6 and bought this in a medium the second time around to allow for dry er i ordered this top in a xs which is what i usually wear in most tops a little big but just shrunk it very comfy and love the color this is a very comfortable top versatile in that you can dress it up or down i m happy with it this top is my new favorite i ordered it on a whim and oh boy am i glad i was so excited for it to be shipped to me and once it arrived i couldn t wait to put it once i put it on i couldn t wait to show it off it is such a great bluish gr ayish color and looks great with some big hoop earrings shorts and sandals such an easy clas sic simple shirt that i will probably wear too much i purchased this tee in the neutral motif i love it it is comfortable and it s linen my favorite fabric it drapes well and the birds on branches with blossoms and fruit on the side are a beautiful understated touch my husband saw t his in the store while shopping with me and asked me to try it on i don t normally go for patte rns like this but i thought it was cute and springy \r\n\r\ni tried on a large first since i p refer to cover my belly and allow for my broad shoulders i m tall big boned and 175 pounds t he large actually stuck out funny at the bottom and didn t do much for my shape \r\n\r\nthe medi um however was great it was long enough to hide my belly and cover enough of my waistband that i wouldn t i bought all 3 colors and couldn t be happier love the cut fabric and colors the fabric is light enough to wear in the hot summer of charleston sc but not so light that you can see thru it i love flowing tops in the summer that don t stick to you and this cut does that an d is flattering as well i ve already work with shorts and a skirt both looked great easy to a ccessorize this shirt is beautiful its very light weight and great summer tee don t hesitate t o buy this you won t be disappointed i usually don t buy t shirts that are quite this pricey b ut i knew it might not last till it went on sale runs a bit large and since it is linen it will likely stretch a bit i have not worn it yet i bought this on sale the cools on the bird patte rn are beautiful and i liked the detail on the sleeves a little see through but ok with a nude bra or tank underneath this top runs large i am a 34 d and usually a medium or small the medi um was a little loose in the bust but incredibly loose and swingy in the waist my figure was l ost in the fabric the small was too small for me in the bust although the waist looked more fl attering the coral color was lovely and bright and not too sheer this really is a pretty top i do wish it was a little thicker but it s not as see through as other tees i ve seen this tee is so cute and well constructed it s not a fabric that s going to wrinkle and pill eventually w hich i love it runs tts and i like that it s thin but not to sheer that i need a camisole jus t a nude bra this is a pretty top i like the bird pattern and the asymmetry of the design it is nice that it is a natural fiber linen however the linen is not super soft against the sk

in that is typical for linen though with a snugger fitting item such as this tee it may be mo
re noticeable over time i saw this in my local store and i fell in love with the bird pattern f
lowing down the right side of the shirt for me i bought the xs and the fit was great i usuall
y take a true s the sleeves have a pulled stitching running down them and the top has nice shap
ing and flare to it it is a wonderful little tee the fabric is linen and not as soft as cotton
but in this case it is not an issue as the tee does not cling to you this was huge on me other
wise i thought it was a nice top slimming i didn t bother looking for another size though i
got a medium i wear a small or medium this top was a great find it has a beautiful print on t
he front and goes perfect with my olive green shorts capris and pants it is slightly sheer bu
t not so much as to need a cami underneath fits true to size i love it i really like this top
while it looks somewhat like just a t shirt it is not the fabric is light and soft it has a g
reat texture feel it dioes not feel like a regular cotton shirt the print is lovely i am very
pleased i like this top and while it doesn t look on me like it does the model i think it wil
l be good for work purposes would say it runs big and does have the maternity look risk i boug
ht this two months postpartum so i need tops that cover the post baby belly and this works for
that purpose the grey is nice bought on sale but wouldn t recommend paying full price i lik
e this shirt because it can be worn for dressy or casual i like the weight although i wish it w
as just a tad less see through i can get by without wearing a tank under but i usually feel lik
e i have to wear one i like the link i feel like it runs just a little large i love the lengt
h of the sleeves and the detail cut of the sleeve i like the colors on the shirt too it s a go
od versatile addition to my wardrobe i bought the pink one i like this salmon pink color not
too girly type of pink \nthe material is super soft and light i have skinny torso so it looks
really nice on me not showing thin body \nthe only thing that disappointed me was it shrunk af
ter the first wash it shrunk one size when i bought it size s it covered my flat hips fi
ts just like the picture but now my hips are showing \ni recommend getting a size up if you a
re too lazy to wash cold air dry i was unsure about this top at first because of reviews sayi
ng maternity and this shirt can have that feel if you look at it from that point i tried it ag
ain and the arm holes fit perfectly it has a swing cut and a peplum style which brings lots of
fabric and swing it s not that it runs big it s supposed to swing flow from body like many styl
es but the peplum adds bulk because it s a little thicker fabric so i can see how some may thin
k maternity because of all the fabric and cut but i lov listen up gals buy every color before
they disappear this top is amazing so flattering incredible fabric the colors are divine a
nd the price is amazing i am not one who wears peplum tops often if ever a coworker of mine sp
otted this one in our store and told me as soon as i came in i m curvy generally a l or xl on
top and i have hips and a toosh peplums can often either sit on my hips in an unflattering way
or look like a maternity top on me this one is magic hits a big longer i ordered this top in
the pretty sea glass green color it is adorable on it s constructed from a nice thick cotton
and has a billowy swing look if you are into that which i am the cut of the neckline gives it
a cool 60 s vibe my only issue is that the arm holes are cut small also note that because of t
he wider neckline i found putting a necklace on squashed it in a strange way i m still keeping
it because it is awesome in every other aspect most likely i will just jazz it up with fun e na
n i ordered this in a petite small a petite xs would have fit too fits just like on the model
i m 5 2 currently 33 25 37ish with narrow shoulders and torso the regular size proportions wo
uld have been off on me lovely pattern on a milky white background \r\n \r\ni m returning it be
cause it feels so scratchy much more than a linen tee i got from retailer a few years ago and t
hat i love especially in hot weather with this one i would also need to wear a cami under it
as even my nude bra showed i tried the neutral motif one on when it first came out i didn t b
uy but it stayed on my mind b c the colors were so pretty i got it at sale on sale and am so ha
ppy i did it is sheer but i think it would work fine in a casual setting without a tank as long
as you have a skin tone bra great buy and tts i have worn this beautiful and super comfy top a
number of times since i purchased it it can be casual or add a long necklace and dress it up s
uper versatile i love the way this dress feels and falls if you like a form fitting bodice
this is not the dress for you but the drape and cut is flattering and comfortable i have been
looking for a soft turtleneck that can be my to go piece in the cold weather this fits the bill
as far as the material goes the material used is very soft and even though it seems light in we
ight it is actually very warm and not see through at all i like the feel of this top it would
be pretty accurate to say that it feels as if i am wearing a blanket around me it is that comfy
however the one detail about this top that i am unsure about is the cut it is very boxy to the
e i love this dress it s so flattering and the length is perfect for me now that above the knee
dresses are no longer flattering 5 7 145 athletic 34c as info got my usual m and this is e
verything the previous reviewers have said the sleeves run long a bit bunchy at the wrists c
uffing makes them look normal length maybe it could be just the one i ve received i know its

a tie waist but when i move it opens as if the body is a tad small it does fit like the photo
but opens with ordinary movement pull it tighter double knot it you say it only reinforced m
y belief that i needed to size up i re ordered in a the textured marled stripes on this top are
so soft and give this pullover the edge it needs a few people have asked me where i bought this
from and i ve only worn it twice fits like the photo i m 5 2 115lbs and bought the xs i love
this sweater the wool is soft and not itchy it can be worn tied in the front as shown or tied
in the back pretty embrodering and very flattering i really love this sweater it is very flat
tering especially in the back and the color is very versatile so it can compliment virtually an
ything the tie does not go all the way around the waste which took me a little getting used to
but it is not a problem for me it is comfortable and keeps to the quality of other boiled wool
products just be careful washing it i washed mine on hand cycle which is usually fine for ever
ything even cashmere but this one didn t survive it lesson learned an size up this dress i
s great quality and so flattering but tight in the arms and chest ordered in my usual xs and wi
ll regretfully need to return it this blouse has a nice casual feel with feminine lines and the
swingy design is flattering this is a great white dress for summer \r\n\r\ni tried on a 4 in st
ore and it was too big for me especially in the underarm area when i tried on the 2 it fit per
fectly i almost felt like there should be a 3 ha ha because it felt like it made more of a di

was tailored to fit my body but not in a super tight way \r\n\r\nfyi i m not super curvy if
you have a larger chest you may need your regular size this top is delicate and so feminine it
is beautiful does run small i had to size up i m usually a 6 8 m and had to buy l it has no
stretch so i needed room for movement this is beautiful it can serve as a sweater or a coat
and i can t wait to start wearing it the dress is exactly as pictured i bought it for work and
it is perfect the lining is the entire length of the dress and it hits just at the knee i wou
ld say it is true to size however it was a bit tight in my shoulders but i have very broad shou

d this dress to wear on my honeymoon to paris it made me feel like a princess walking around t

yester however the buttons appear in the photo to be shell in reality they are covered button s the print is odd and will be difficult to style i love the length of the dress and the fun s wing the skirt has the print is wonderful this dress is really pretty but not made for girls with hips i tried on my usual size 6 and it fit everywhere but was just slightly too tight in t he bum for me to feel comfortable but i feel like i would have been swimming everywhere else in the dress in an 8 typical of shifts i guess but a girls can dream if you are a straighter s hape though i would highly recommend it was purchased as a gift but truly amazing the qualit y is fantastic and the owner of the sweater is truly happy with it the tie jacket is an easy on e to throw on for a casual look it fits well to the body even better than pictured very comfor table and medium weight so perfect for spring this top i was hesitant to try this on because i t felt too busy however it is a must have it s just the right amount of lace and detail i am typically an m in retailer tops sometimes l depending on the designer i m a 32 34ddd i initi ally tried a l in this thinking it had no stretch but ended up going with the medium the arms w ere a tad tight but stretched slightly after an hour of wear and it fits perfectly everywhere i think if you size up it will be too blousy highly recommend this saturday sunday never disap points love this black cardigan runs a tad large i noticed in the arm length for me not a pro blem anywhere else though good medium weight to the fabric durable quality and waist flatterin g once tied great for throwing on over a dress wearing with a t shirt this sweater is extremel y roomy the cut is very wide wider than it is long the sleeves are dolman style and the nec k is a little loose with a lot of manipulation i managed to convince myself that i wasn t weari ng a tent but i would suggest sizing down and also being tall and thin if you can i m keeping mine despite a funky fit on my hourglass frame because i m exploring funky town lately join me at your own risk i received this dress in the mail today and while it is lovely and the drape is flattering it will have to go back i would need it in a xsp as the top is far too large for me and the dress runs long for a petite this dress is as cute as i hoped it would be i love t he pockets and length and flattering cut it looks great with boots and is perfect for fall onl y con is that it is dry clean only it seems like the fabric would do just fine with hand washin g and i will probably go for it i just don t have the patience or organization for dry cleanin g this is a great cold weather alternative to a coat especially in warmer climates it is light weight but dense love the color this sweater is absolutely beautiful the shape is very flatte ring both tied in front and in back the wool is nice and soft and the color is a nice neutral t hat will pair well with anything the stitching is a nice added detail that makes this sweater s omethig special it is a great addition to any wardrobe and i m thrilled that it is part of mine i can t wait to wear it this is perfect it fits tts i am usually an 8 and this was spot on i t isn t too short either it really is as it appears on the model i absolutely love it and can t wait to wear it my hubby definitely approved i fell in love the first time i saw it the xs is the perfect fit i generally wear xs s or 2 in dresses its not too snug to wear over a thin to medium thickness sweater its a good length also not too long which i struggle with given m y height of 5 3 the s was overall too big its not itchy though i ve only worn it with long sl eeve tops its just the right weight not too thin and not too heavy its feminine and fun wond erful topper for jeans pants or a dress the color is versatile sl this piece is gorgeous in person it is more of a broen than taupe and goes with everything it is more of a coat than a sweater i bought one for my mom and picked one up for myself when it went on sale it is moms favorite piece among her extensive retailer collection this was my first shot at high rise bott oms and i love them the fit is very flattering and the print is adorable i just bought the bot toms so i can t comment on the top it looked a bit small for my bust so i am purchasing a solid colored top to match i ordered my normal size 6 in this dress and could barely get it on it ru ns very small i would suggest going up a size or maybe even two sizes up this dress is beautif ul even my husband complimented it several times true to size due to the button closure in th e back you might have to size up if you are larger in the chest this sweater coat caught my at tention online so i went in search for it at my local store it s a flattering fit across the chest and shoulders very well made the length is mid thigh i am 5 4 125lbs i went with the small with the thought of wearing nothing too bulky under it it does have an attached belt th at can easily be knotted together or each on its own for another look if you opt to leave it op en it s light weight enough for cool days or evenings but also warm enough for colde comfortab le thick material think structured sweatshirt material easy to throw on and look as if effo rt was made when it wasn t sizing i m between a large and xl usually large was perfect i m tall and curvy 36g curvy and this cardigan belted jacket is very flattering the lace detai l is very classy a great go to white dress i am so in love with this dress i think it is made of high quality fabric and very well designed i am 5 6 about 145lbs 34d and the 4 fit perfec tly i bought it for my upcoming bridal shower and could not be more excited to wear it i like the retro look but these seem to run large to me i get they are ruched on the sides yet the

bottom has a saggy look i got the large but i feel like i should have gotten the medium to fil
l out the bottom i already took the strip out and washed so i m keeping them very cute with a
bikini top maybe i just need a bigger butt i ve been waiting for this dress to come back in s
tock and when it finally did i got it in the size 2 i m typically a 2 or 4 in dresses and the 2
fits perfect for reference i m 5 6 34c 130lb i think it runs on a larger size because it s a
shift dress i would recommend sizing down a great white dress to wear to my rehearsal dinner
this is one of my favorite purchases ever from anywhere one of my new years resolutions was to
stop wearing work out clothes all of the time this is as comfortable as any work out jacket and
looks classy can be dressed up or down its warm flattering and unique this is a great staple
top for your closet its tremendously soft a bit oversized and drapes really lovely in store
there were also striped styles available but i love the emerald green the colors are absolutel
y perfect and will transfer well into any season my only issue with this top which inevitably
is the reason i decided not to purchase is the dolman sleeve i m al xl on top so i m never l
ooking for extra width in anything i wear the dolman sleeve really only looks right on me if th
is dress is a staple if you don t feel like getting too dressed up and want to be comfortable
this is it will be great for travel as well i like to pack light so i look forward to traveli
ng with this dress nan this dress is really lovely if fits and flows in a very flattering way
although it is a bit long i m really tall so that s a very nice feature for me p it actually
feels more linen y than i expected to which was surprising i probably didn t read the product
description close enough but it was a pleasant surprise can t wait to wear this to brunch beac
h parties this summer fair warning it s also a little see through might want to wear nude un
derwear i really love these jeans this is my second pair of ags and they re so comfortable
i will say that these jeans are super long i have long legs and it takes a 3 inch lift from my
shoes to get them to hit correctly if you re short you can expect to get them hemmed the high
waist is great size down in ag because they tend to stretch and being high waisted they for dif
ferently love this dress it is very flattering and makes my waist look tiny i don t care for
the hem it isn t terrible but i wish it was cut straight across instead of curved at the botto
m i ll probably have it altered comfortable great for the office i fell in love with this sw
eater as soon as i saw it in the store runs tts the medium fit perfect i am 5 10 160lbs \nve
ry versatile can wear with jeans or dress up with all black this shirt runs large in my opini
on i wish i would have sized down to a xs but maybe it will shrink a little when i wash it its
a great shirt good quality and i m very happy i got it lovely dress that i recommend just not
for those with my body type i m broader and rounder on top so i assumed the vertical stripes w
ould slim me down from the front everything is awesome from behind it was less flattering m
ade my flat bum look flatter also the stripe patterns do not match at the break other than t
hat the quality is fantastic the fabric is a great transitional weight the fit is comfortable
and the style is classic i love this dress i was actually able to fit in a l versus my usual x
l due to the style of the dress a bigger chest person i m a d may not find the dress as well
fitting as i do overall great fit can easily dress it warm with a scarf boots hat or best a
great dress for fall spring love love love this dress the fit is amazing and is slimming altho
ugh the lace is delicate looking it wears well got this for my daughter who lives out of town
i plan on bringing it to her during my next visit i love it the style is up to date and pretty
it s a perfect dress for almost any occasion i m hoping it will fit her but the sizing looks r
ight to me and the quality is great this dress is very flattering and has wonderful movement i
m so happy that it went on sale definitely worth it dress is silk it s soft and pretty it s
blue so you can wear brown or blue suede boots \ni caught my reflection a few times and thought
i looked really bottom heavy dress is awesome worth it loose fitting and comfortable without
losing its shape \r\nlooks great on the tie in front adds to the dress \r\n\r\ni love to wear
with tan knee high boots just recd the neutral navy in the size s my usual size in tops at r
etailer just a heads up it s way oversized under the arms in the fashion world probably fall
s under the category of a dolman style sleeve also the fabric is nubby like pilled look simila
r fabric is the warm up pullover that i recently saw at the store i have a feeling this may b
e a new trend if you are ok w the oversized underarms nubby fabric then order up if hesitan
t wait visit the store i love the look of nan good quality and design perfect for casual
office definitely recommend i don t know why it s called a cardigan because it s more like a c
asual blazer note there is no button just the tie to close runs big i m 5 8 130 ordered t
he xs and it s roomy i just got this after ordering online and i was pleasantly surprised the
cardigan has the structure of a lightweight jacket so it creates a flattering silhouette i ord
ered it in a medium and even though i m curvy on top it fits really nicely love this jacket t
he sleeves are a little big loose but it s not quite as flattering as it could be but it s so c
omfy it s worth it great quality nan nan i don t know what took me so long to pull the trigger
on this item probably because it wasn t in my store for very long so i didn t try it on in per

son i decided to order this based upon the reviews and i was immediately obsessed this cardig
an is magical i first wore it to work with black trousers and a plain crewneck t shirt undernea
th with a bib necklace and everybody in my office thought i was wearing the cutest blazer i ha
d all the ladies come feel it to prove it in fact feels like a bought this today and i m in love
very flattering great fit really cute dress and i cannot wait to wear it for my wedding rehear
sal dinner the buttons on the back are my favorite part about the dress since they add somethin
g different it fits tts but it is more fitted than a regular shift dress which is nice i am
5 9 145 pounds and the size 6 fit me perfectly really nice quality warm sleek sweater runs
small ish i m 5 8 140 lbs 34c i got the small and could have gotten x small i bought this
in the store and it is beautiful the red is more of a faded red burnt orange not as bright as
pictured which is great i am usually an xs or s and was a s in this item this shirt is cute
i like the pleated neck as it makes the top feminine while still casual it is made of very sof
t fabric and drapes nicely the only issue is that the seam pleat that runs down the middle is o
ff center i think the fabric was cut incorrectly so the seam twists to one side after i have it
on for a few minutes and move around i keep having to twist it straight which is very annoying
i read the online reviews that the dress ran large so ordered size 6 and 8 i m normally an 8 or
10 and the 6 fit perfectly dress hangs beautifully and lining is really soft appears that it
will wrinkle somewhat easily but i am keeping it anyway since it s so beautiful the bell sleeve
s are really cute i highly recommend the dress i passed this sweater a few times during a rece
nt visit to retailer after striking out on several items i thought would work i grabbed this s
weater in the cream color i loved it as soon as i put it on it is meant to be oversized which
i love the neck is chunky and looks good open or buttoned all the way to make a loose turtlenec
k looks great with skinny jeans and booties i went with my usual xs great purchase totally l
ove this sweater everything about it i find to match the model pics fit color length no d
ry cleaning required on this one so i plan to get other colors to wear with leggings and skinni
es fall through winter i love that this is oversized without looking frumpy it does have some
shape to it and the knit falls perfects not a heavy chunky sweater think soft mid weight that
you can layer with worth full price beautiful flowing feminine dress runs large size down
hot pink color well made this sweater is a must have for fall super comfy yet stylish fit ma
ke it fun to dress up or down i plan on wearing it with leggings and high boots i tried this s
weater on in the store regretted not purchasing it and ended up buying it online the fabric i
s soft seems to be good quality and hangs nicely i purchased the taupe color and it is a rich
pretty color my daughter bought this sweater in xs in white and i tried it on it was a little
too tight but long enough to wear with leggings so i ordered the red in a s it just covers my b
utt in the back not nearly as long as my daughter s i still love the sweater and will wear it
with jeans but it is way too short to wear with leggings i don t understand how there can be su
ch a difference in the same sweater a size larger and at least 4 inches shorter if not for th
at i would have rated it a 5 bought these a week ago at full price to take on vacation love t
hem i see they are now 1 2 price if they came in a different color would get a second pair i lov
e this dress i am usually a size 4 but ordered this in size 0 and it fits perfect great for a
ny season and can dress up or dress down the pink is the perfect shade i feel like i m elle
woods beautiful skirt the only reason i didn t give a five star rating is due to some bunching
on each side hopefully can iron it out or i will get it tailored i just received this dress t
ried it on i totally fell in love with it the pink is just beautiful it s a little big so i w
ill definitely will be exchanging it for a size 14 you would absolutely love this dress nan i
bought this stylish and cozy sweater in ivory i find that cable knit sweaters tend to add bulk
but this sweater creates a long lean look it looks great with leggings and skinny jeans and t
he buttons on the cowl are a fun detail every time i wear this i get compliments on it i love
this skirt fits like a dream fabric is soft light and drapes perfectly i bought the skewed
pullover to wear with it and the colors are perfect my new favorite summer outfit this is a be
autiful dress the photos do not do it justice the pink is gorgeous it s also very comfortabl
e but runs large i m usually a 6 or an 8 but purchased a 4 this dress arrived with a black rop
e belt and belt loops i did not see this in the photo i thought it was a throw on and go dress
not a belted dress this in addition to the weird sizing caused me to return it i am a size 4
6 in dresses and the size small i ordered was skin tight and bunched at the hips saw this on sa
le and tried it not expecting anything and wound up loving it i am 5 4 and it covers my thighs
and rear well so i can wear it with leggings it came mid thigh on me the red is a rich burnt o
range red i love that is is mostly cotton so i won t get overheated i purchased this piece in
store in a size small ivory i am usually a size medium but the small fit perfect material is
soft lightweight and very comfortable collar can be buttoned to create more of a turtleneck l
ook or unbuttoned to create less of the same look i m so glad i grabbed this because it is a gr
eat cold weather staple and i doubt they will last long this shirt works for both going out an

d going to work and i can wear it with everything fits perfect tucked and untucked tied and
untied i love it this cozy sweater looks great with skinny jeans or leggings as a 55 year old
woman who loves retailer i m always on the lookout for cute clothes that don t make me look like
i m trying to dress too young this sweater is comfy and stylish and looks really classy i wore
it to a holiday party and got many compliments which is unusual for what is basically a simple
ivory sweater it breathes has just the right amount of room in the sleeves and was a great pu
rchase i wish i had bought other colo this was my go to dress this past summer so easy to wear
and pair with cute wedges perfect to dress up or down i absolutely love this dress i bought t
his right before traveling to italy for vacation it was perfect for the hot weather flows nice
ly and was comfortable for a whole day walking around i am usually a small but this just felt
to loose on my chest i went with an xs i love this dress easy breezy flowy comfortable pink
fits a true medium would recommend to anyone makes me a little flirty this sweater is super
cozy and comfy and my new favorite sweater the green is a dark khaki and really pretty it s lo
ng enough to wear with leggings but not boxy or frumpy i bought this dress for a couple fall w
eddings to hide my postpartum belly it was only available in a size 8 which is my typical si
ze i was nervous based on the reviews it would still be too big but it fits perfectly i am 5
10 so i assume my frame can handle the drappiness well fun dress to wear i received numerous
compliments on the color and design of the dress very flowy and comfortable love it i wish i
had bought a size smaller than i normally wea because it runs large but an overall great dress
unlike other reviews i did not have a problem with the seam this is a cute shirt that can be d
ressed up or down nan i have a casual oceanside wedding to attend and thought this easy yet el
egant dress would be a good purchase i initially bought two sizes 10 and 12 i m typically a 1
2 in more structured dresses i e more rigid fabric with zippered entry but because this dres
s was flowy and slipped on over the head i also ordered the 10 i m 5 5 broader shoulders 36
d with smaller hips that are typically one size smaller than my top half the 12 ended up being
comically huge and fit like a tent the 10 i purchased this blouse in black love it this blous
e goes with everything from jeans to work to cocktail it is perfect my only wish is that it ca
me in a colors i would add navy red green white i m tempted to purchase another one just so
i never have to worry about the one i have wearing out buy it you won t be sorry always attr
acted to wool for its warmth and breathability this jacket has great style that can be casual o
r dressed up some it s slightly more boxy then expected which i think lends to the casual look
find myself wearing it a lot this dress is a great color fabric and the style is very flatter
ing i m wearing to a wedding but it will be great for many events this fall dressy enough for
a cocktail party but could also wear to church this sweater just grows on me every time i put i
t on it is so comfortable flattering and literally the perfect winter sweater the length is l
ong but so comfortable with leggings or skinny jeans absolutely love it i have the cream color
one and i have to wear a tank under but the material and look is perfect this skirt is stunning
like the other reviewer i believe this is probably the most beautiful thing in my closet the c
olors are just striking it is also flattering i find some skirts can kind of pouf out around
the hips and add bulk this one lays nice and flat and looks great the material is very soft an
d simple and i love the frayed edges at the bottom i am just between 5 3 and 5 4 and weigh 11
2 lbs i took an xs and it fits perfectly so it seems true to size only thing if you are saw
this in store today and had to have it the pink is a really bright pink definitely more of a
hot pink than it appears in the image online i am a solid 10 and i bought this in an 8 so it
definitely runs a size large highly recommend to my surprise these vest came with sleeves but
only can zip up halfway so that armpit will show and it looks like the jacket is ripped at the a
rmpit area why that s a good question it does run very small i m 5 feet tall and weighs 115 p
ounds luckily the only one left is size l so i ordered and it fits perfectly i love this sweate
r especially the color i never would have order this sweater on line but when i saw it in perso
n the color was more of a burnt orange the fit was perfect i can wear with skinny jeans or leg
gings i love this dress and received many compliments when i wore it the pink is beautiful ho
wever it does run large so i will need to exchange it the little square at the base of the nec
kline was crooked on the one i received might not bug anyone else but it bothered me i hesita
ted purchasing this because of the high price so kept waiting and then the petite sizes ran out
so i figured i missed it then miraculously the petite in the green was available so i went for
it this sweater is yummy and cozy drapes beautifully i am 5 1 short waisted and wear size
2 in most clothes the petite s fits perfectly with a pair of black leggings and high boots th
is is a winner outfit for fall and winter very comfy the sweater has a bit of an open weave s
o keep tha i saw this skirt online and immediately went to the store to hunt it down is perfec
t one of the most beautiful items of clothing i own was worried the waistband would be unfla
ttering since i m short and curvy but it s very flattering can dress up or wear to the beach
i love it i purchased this in the ivory color and love it very comfortable and agree with rev

iewer who said it looks good with 1 button or 2 buttoned up my one complaint is that i found it to be such an open weave that i feel it necessary to wear a cami underneath which is not the en d of the world the other issue i have the back is definitely longer than the front as picture d i m not sure why retailer feels compelled to have almost every top they sell have this stylin g i don t think its necessary an i saw this sweater online and i fell in love with it i was ho ping to wear it for christmas it arrived on time and it was such an amazing color there is a t ouch of orange to the red color it has a buttoned collar and i like wearing it with one button open it has to be one of the softest most comfy sweaters i ve ever worn i wore it with skinny jeans and boots it would be fine with leggings too the style and quality is superb as always i m very pleased with this purchase this shirt feels amazing it also drapes nicely and is very feminine and flattering great versatile piece this sweater was exactly what i was looking for something well made cozy easy to just throw on and go and still look chic i am 5 3 and 110 l bs and the x small fit perfectly still roomy but drapes well i got the taupe which is nice bu t i got the red color for my sister in law and its gorgeous more of a burnt orange than the red show here i would definitely recommend this sweater i bought two of these in red and taupe th is is a great sweater for those of us who can t wear wool but need to stay warm the cowl is adj ustable with buttons so not overwhelming even on a small person such as myself 5 2 the text ure is yummy and so are the colors softness factor is over the top too i wish it came in blac k have not washed them yet so can t attest to that feature but i am very happy with the quali ty so far thanks retailer let me start off by saying that i really do like this sweater th e texture is very nice and if it does start to pill the material is one where i don t think it ll show up much the fabric is a little bumpy but still soft \n\ni m only giving it 4 stars because the sleeves could be 2 to 3 inches longer i bought this sweater in both the red and tan colors medium i liked it so much i ve also never had a problem with long sleeve shirts sweate rs from retailer having overly short sleeves however i wish this came in a petite size i m goi ng to do my best to add some stitches in the ruching to keep the middle taught i m busty 32 dd d and the suit had plenty of coverage and lift i will need to make additional loops in the bac k latch but this piece is worth all the extra work i was surprised this worked so well for a sh ort curvy figure i ordered a medium this was a sleeper hit for me it was on sale for a great price so i thought what the heck interesting diagonals in how the skirt is pieced together an d i totally felt like a sexy mermaid the only downside was that it was so long i m 5 2 and ex pect things like this to be long but wow luckily it was easy to shorten without loosing the cut e flare at the bottom i m 135lbs and the medium fit snug but not trampy i could have probably worn a large too but i don t plan on tucking my shirt into the top looks exactly as pictured and i liked the fabric the fit is classic and i will be able to wear this top many different ways i was hoping that it was long sleeve but it is actually 3 4 sleeve i love this sweater it s ex tremely cozy and great for wearing with leggings due to the length i ordered the red color in a s and it fits great and it is long like i had hoped the red is really more of a burnt orange t han the red in the photo but i actually like that even better beautiful dress just like weari ng a night shirt great flattering fit for most figures wonderful color love the bell sleeve s i hesitated to purchase this dress because of the color but it is a beautiful deep pink that i think would work with all skin tones i ordered a size down as recommended by other reviewers and the dress fits perfectly the feel is amazing incredibly comfortable and not too short whe n you lean over this dress does run large but i sized down from med to small and it s a great fit the fabric is lightweight as silk sometimes is and is nicely flowy but might require a sl ip love this blouse per the previous review there was no problem with my tailoring it is exa ctly as shown i plan to handwash this and take super good care of it you can tell from the pic ture it could be an excellent wardrobe staple and absolutely timeless as well as the kind of sex y and elegant you can get away with in the office \n\ni do think it runs a tiny bit small howev er it is not short it s just quite a fitted piece i would consider sizing up i love the look of the medium on me 5 10 love this ordered it on sale but i really do think it s worth full p rice i went with a small even though an extra small would have been good too i m slender and 5 9 about 125 with full bust the small fits similar to the model and because i wanted it to fit well in the sleeves i have long arms and length i went with the small maybe should have gone smaller as it is roomy it s very well made and although you ll need a cami i still feel a s if it will be very cozy perfect for our mi this is my new favorite sweater and i want it in a ll sizes i have the ivory and now the taupe totally would have bought the green had it been in stock the red is a more rust color but it is still gorgeous although the knit looks and is lo oser it is still very warm i wore it today and was a little too hot for this mild day it is l onger so it can be worn nicely with leggings and still look great but it has a good fit and sha pe so as not to look frumpy love tts but could also size down i the light red color is so ric h i would describe it as a burnt coral red i love the length long enough to pair with leggin

gs but not overwhelming in my 5 3 frame one sleeve began to unravel the first time i wore it
but i was able to mend it easily and have had no trouble since i think it was a flaw specific t
o my sweater and not s general indication if poor quality hubby says this is his favorite sweat
er on me too love this pullover for its versatile style can be buttoned or unbuttoned and eas
y care look it s casual without looking sloppy the weave is a bit open work and can easily com

the model shots do not look that way irl the hem is straighter soft nubbly texture that may sn
ag easily got this in red and brown but wanted the sold out green too the dress is lovely but
the sizing is off the tag from retailer said it was a large my usual size but the manufacture
r s size was an 8 too small so i will have to return it i do agree with others that the drapi
ng does sit a little funny but its nothing that a simple tack can t fix this suit looks incred
ible on and does a good job of hiding my mom pooch while still making me feel sexy with the c
utouts also covers the chest area well this dress is adorable dress it up or dress it down li
ke many of the other reviewers i thought this ran a little big i am a 5 5 110lb pear and xs
was perfect i also ordered the small to be sure it is not quite as close to the body as the p
icture the color is gorgeous and saturated it hits me mid thigh in a good way the fabric is c
repe on the outside and silky on the inside and it has a beautiful high quality drapey ness it
is unlined but not see through it arrived wrinkled and sad but a warm dry iron really brought
out how gorgeous i am so excited about this swimsuit i have never felt so good in a bathing sui
t it s sexy without being too revealing the fit is perfect i absolutely love it i usually do
not buy dresses at full price but when i saw the teal version of this dress on the website i cav
ed in and bought it i had also tried the pink version of this dress in store it s very cute an
d sweet but i don t think i can pull it off the teal version is pretty accurate in color to the
on screen image \r\n\r\nthis dress runs huge i usually wear a 6 or 8 in retailer dresses and we
nt with a size 2 for this one it fits comfortably without being too baggy or like a tent the m
ateri this is the perfect fall winter sweater i bought it in red and i would get another one in
the green color if it weren t sold out in my size love it i m pretty petite and have small boo
bs so i should have gotten the xxs instead of the xs however since i m currently pregnant 33
weeks i figure i should buy the xs it s a roomy dress and doesn t make you look like a boat if
you re pregnant which is awesome since i don t have milk in my boobs yet it s a tad roomy on
the sides by my chest not super noticeable though i hate buying maternity clothes since they r
e pretty ugly and i don t like the fact that i wouldn t be able to wear it agai this was exactly
as expected i ordered my usual size medium fit well good quality fabric it s one of my comfy
weekend go to items beautiful dress but runs very large it is made of a material that does not
breath so if you tend to run hot skip this dress great style and looks good on almost any body
type colors are very attractive and is dressy enough for special occasions this sweater is gor
geous i wish i could have purchased in several colors because it s now a staple in my closet d
ownside it does say delicate cold water wash but the lace on the back is so delicate and pulli
ng happens on the sides every time i wear it so dry cleaning is the way to go the sweater does
snag easily so don t wear anything that could get caught in it jewelry handbags with chains or
embellishments because they will catch i love love love this top and have received many compli
ments if anything it runs small i wear size 6 and a 36d bra and the s was roomy these are suc
h beautiful cheerful shorts the floral motif just makes me smile they do have brocade on them
which is nice and dressy they are perfect for a night out or a day at the beach i went tts on
them i purchased similar shorts last year in the brown color very nice shorts to have in your
wardrobe this top is so cute and i immediately had to purchase it when i saw it i am usually
drawn to boxy cropped shirts but i find this is harder to wear than i anticipated it may be b
ecause i got a small size but it is boxier than i anticipated and is almost hard to wear with e
ven jeans i recommend you buy because the detailing is so pretty and perfect but try on and ma
ke sure you have some good bottoms to pair it with this top fits loosely through the body and a
little snigger in the bust fabric is nice but does require some ironing steaming at times it i
s a little pricey but you won t find anything similar so being unique makes it worth the cost i
ordered online but it was available at my local retailer store unfortunately the online order d
idn t show availability i would have liked to see it first since i was unsure of size usuall

i have a few lace back shirts but this one is gorgeous and sexy i am incredibly cautious about

now this is going to be a fave i love supima cotton and though i adore retailer i do wish the
y d carry more of the supima rather than the non organic fabrics so many of the pretty things i
simply will not buy because i prefer the feel of silk linen and cotton thanks for this one r
etailer this top is a lot more striking in person on it s quite stunning it is a tad short b
ut that s part of the aesthetic and i don t find it unflattering however the first time i wore
it one of the black rope thread details disintegrated and fell apart i tried to reinforce the e
nd and reattach it but it just came apart again i understand the nature of the top makes it mor
e delicate but this was definitely disappointing i mentioned it when i went back into the stor
e and the sales girl sympath love shorts that i can dress down w a chambray top or that i dress
up w heeled sandals and a blouse this is perfect \r\ni found them to run a tad big \r\ni have
thin legs but don t have a small waist at all i took a 0 in them i m usually more like a 2 on
bottom i love the colors my favorite purchased a medium and fits perfectly i ve been wearing
it all summer material is thin but super soft for reference i am 5 8 145 lbs 32dd i m obsess
ed with this tank considering buying a second just in case anything happens to the one i have
that s how much i love this tank i purchased the teal suit and it was so beautiful it s super
comfortable and has nice coverage i decided to return it because as a nursing mom i ve decided
to wait until i ve weaned the baby so i can make sure the fit is still good but otherwise i wou
ld have kept it this is one of those very retailer tops that you can t find anywhere else th
e feel is folkloric but the country is not specific although listed as a tee the material
is a knit with heft and is lined from the bust seam down the embroidery is combined with cut
work to give it a high end finish and justify the price this is a dress up tee for sure i wi
ll most likely treat it as a blouse and wear it with cropped black culottes or a slim midi skirt
i wear either a 0 or 2 in mos the shorts are very cute very nice quality and intricate detailin
g the sizing is tight in waist and very big in legs not flattering at all i m 5 1 115 lbs t
hey are going back the fit in the skirt is flexible because the waist is elastic and the shape
is flattering it doesn t stick out too far over the butt the brocade texture and gold and blue
colors are very fall looking forward to wearing this with boots and tights i m usually either
a large or medium in skirts and i went for a medium in this one in love with this as soon as i
received it in the mail i ordered another color super soft and easy to wear i imagine i will l
ive in this top the rest of the summer felt pricey but worth it for as much wear as i will get
out of it i am 5 10 160 and the large is a great fit perfect fit on the shoulders and just a
hair loose throughout the rest of the tank which is what i wanted this top is gorgeous the co
lors are lovely design and quality are impeccable and it is versatile this top just happened
to catchc my eye and i am so happy with my purchase it fits tts i love it nan bought on a wh
im as a gift for my mom fit perfectly and she loved the details did not complain of itching as
with prior review it is more blue than gray appearing the photo this is an extraordinary blous
e and it is the poster child of retailer the embroidery looks beautiful online but i appreciate
it much more in person the details are breathtaking especially the scalloped borders around th
e arm holes neck and hem lines i grew up around embroidery art and this is very high quality
work not even one stitch out of place and no hanging loose threads either i like the black thr

lattering in person i usually take a small in retailer tops i did have to order this in a medi
um though because it is slightly more form fitting the material seems a little thin so i hope i
t holds up well over time i love the green color though i am curvy especially on the bottom an
d this was very flattering on me i do think it is too expensive for what it is especially with
the material being thin even at sales price overall though i thought it flattering enough to
keep first off they are much prettier irl than in the photos online they fit very large on me
i am usually a 8 or 10 but have hips so ordered the10 wrong decision i needed the 8 these sho
rts are extremely cute i usually have a hard time finding shorts i like but when i saw these t

he floral and brocade was too nice not to try the length is good and they are not tight on the
thighs but not too loose either the material makes them friendly for work as well as outings a
nd running about town i got my usual size 8 and found that to work perfectly color orange red
and fabric nice and good quality\r\ni ordered this since i live in astoria but am glad i did fu
n to wear inside sneakers or just around the house shoeless my daughters tried to take them bu
t i held on to them i really liked this top i wish it was not so sheer even with a nude bra
its just too much it s a very loose fit throughout the body but the shoulders arms and neckl
ine remain true to size so it looks nicely tailored on the top i just can t do something this s
heer i feel too exposed i wish they had it offered in other colors after reading many positiv
e reviews i ordered sure glad i did i love the light airy fabric it hangs nicely i am mostl
y a 12 sometimes a 14 i ordered both sizes and the 14 was a perfect fit i am very pleased wit
h this purchase thought it might be too girly and or young looking on me but not so at all i
got the white and i certainly like the red detail at the button holes too mine was slightly tig
ht across the bust area but i m able to leave it open with a light tank underneath it still lo
oks great nan tried this on a whim in store and it might not look like much on the hanger but
this beauty fits perfectly and is quite flattering it is loose without being billowy still has
nice tailoring for shape the fabric is light but good quality and the pattern is super cute
i was shocked when i saw that the price was much lower than expected this is a true win even
at full price for reference i m 5 7 128lbs and took my usual size s so different loose linen
i love the raw edge and the color i can wear with anything over a dress great top with raw edg
es love the color ordered the plum it is very nice in person not quite as burgundy more purp
le y i don t typically go for the plain dresses as i feel at the price it should be a state

lain color\r\nsoft fabric\r\nlong sleeves yet sexy enough without being too much\r\nflirty it
is on the shorter side \r\n\r\ni decided to keep it as dolan makes a similar dress every year a
nd i pass every year this is the year this is an ideal top especially for summer so lightw
eight and soft the detailing is adorable and makes this simple shirt feel very special yet eve
ryday i ordered the black and am back for the other colors this one is an absolute win i cam
e across this in the store and immediately fell in love with it the online photos just don t do
it justice i bought the white version because the little pops of red in the details and the dob
by weave are so sweet and unique \r\n\r\na size 0 fit perfectly the fabric is a bit sheer so
be prepared to wear a cami underneath very light airy and comfortable i ordered the orange p
laid version in size 16 it fit me like it does the model it s true to size the peplum is very
comfortable the plaid isn t see through so no extra layer of a tank is needed the neckline isn
t too low very well made and a great choice for summer this top is cute nice fabric and desi
gn pretty flattering for such a loose cut my one concern though was that when i was moving th
e peplum part kept riding up i felt like i would constantly have to readjust the shirt to make
sure it was lying flat \r\n\r\nthe shirt runs large i m usually a 6 and the 2 was plenty room
y i tried on this dress in the portland me store today so much good to say about it the win
e color is deep and rich the fabric hand is similar to a heavy weight silk the cut of the dres
s so flattering \r\nbut i didn t get it i am 5 2 and weigh 135 lbs i can sometimes wear a me
dium but my upper arms and hips can require a large usually petite for proper length the stor
e didn t have a large i didn t even realize the dress also came in petite so i tried on a med
ium nice fit through the it is a little roomy so if you re between sizes go with the smaller i
think it s flattering even if you have a larger chest love the details and the fabric is a good
weight and quality there wasn t much question as to whether or not i d love these pants as i h
ave several pairs of the pilcro hyphen pant however this one is slightly different front po

me \nthese pants are a great weight can wear year round really but these will be my go to p
ants this fall and winter \nthe length is nice can wear with shoes or rolled up with boots too
utility chinos yes \n\nthe fit is nicely this dress is exactly what i was looking for for fall
events can be dressed up or down flowy suede like fabric i normally wear a small in most ret
ailer pieces and even though i am pregnant in my first trimester i bought a small in this since
it is stretchy and will fit me at different stages i have a few pairs of pilcro pants and they
have yet to disappoint the fit the style and the quality is just perfect for me i know i can
go to my size and expect a perfect fit every time love this skirt it looks precisely as the p
hoto depicts the metallic stitching may be a little bothersome for some in terms of itching scr
atching i 39 m 5 39 8 quot 135 and the 6 fit perfectly pear hourglass gorgeous top very
beautiful and easy can be dressed up for work or just worn with a pair of jeans note the fabri
c is semi sheer so a nude bra or cami is a must with this but it s going to be fantastic for sum
mer just tried this dress on in the store and ordered a petite because i m 5 if you are even
5 2 or taller i wouldn t recommend a petite fit unless you prefer the tunic length this dress

and material has a flattering drape for those of us with trouble belly regions this top is so s
oft i want to wear it every day the orange is beautiful in person great fall color perfect am
ount of swing i wear between a l and xl i chose the xl which was the right choice if you are
a bit curvy in proportions i could size up the color is gorgeous i just logged back on to or
der another if there were options but alas there are not flattering arm cut could be worn fo
r work or with jeans out to dinner it s cute you won t regret it as a side note it is she

he purple color is lovely perfect for fall for reference i m 5 1 32dd 118 lbs with hourglas
s figure this tee shirt is just adorable i found it at a local retailer and decided to try it
on and just loved it i happened to walk out of my dressing room while wearing it to talk to
my daughter who was shopping with me and three customers in the hall said that is so cute and
went to find their own i bought the ivory color but the other colors are really nice as well
\r\n\r\nthe fabric is substantial soft and thick the little ruffle at the shoulder makes a cut
e statement but is just fun and not nan first saw the jacket online and liked it so i went to t
he store to check out the color looks nicer in person it fitted me really well and looked rea
lly nice on me the jacket is very soft and well made the only thing is the sleeves are a litt
le longer but not a big deal can t wait to wear it when the full is here i waited so long befo
re trying this on because i have a bad addiction to white cream tops that i m trying to get over
and branch out but after seeing someone else wearing it i decided to give it a whirl i was als
o trying on the black and white charlie s with the leaf print at the time and fell in love it h
its me a lot longer than the modeled photo i m about 5 7 for reference and the shoulders were
a little tight for me in my usual small so i got a medium the sleeve length is perfection i n
oticed this top as i was going into the fitting room and tried it on on impulse i was pleasant
ly surprised with the fit and soft quality of the fabric and even more impressed with the price
i usually like my tops very fitted and found this one hung loose but not boxy i have been wea
ring it quite a bit sometimes with a camisole underneath and sometimes not i bought the one w
ith the flowers and it is not see through and the light fabric is good for our warm heat i bo
ught my usual s nan i bought this b c it looked exactly my style and i was right i ve worn this
once and it is so comfortable and the fit is great i can see this being a shirt i wear again an
d again all summer i bought the black and am thinking about buying the peachy plaid color i
sew and therefore i can tell when something is cut and designed well this top hangs beautifully
and the colors are very pretty it s cotton cute top and perfect for those hot summer days as f
abric is light but not sheer this dress is a new favorite the cut is great for most figures a
nd the fabric has a nice drape around the curves of the body so it sort of has a slimming effect
which i love i m petite and curvy and so the hem lands closer to top of my knees than it does o
n the model in the image the color in person is slightly more purple and less brown maroon but
it still works for a fall winter wardrobe if you are uneasy about the colors i recommend looki
ng at it in store before purchasing i love thi i was afraid it would be too poufy but it isn t
at all i d say it runs a bit large i usually wear a 6 or 8 and the 6 fits perfectly i got thi
s in black it can be casual or dressy very lightweight comfortable and flattering i collect
black tops since i rarely wear any other color and this is now one of my favorites i think it
looks totally different in the black than it does in the other colors more refined less casu
al this runs quite large i am a 0 2 but needed the 00 in this top such a cute shirt i picked
up the white with flowers that is not being shown online yet the straight white looks like it c
ould wrinkle and definitely needs a tank underneath but the white with flowers was not see throu
gh and seems like it will require a bit less steaming the detail masks wrinkles the flowere
d design also has a small tie at the neck that i don t think was on the solid color design can
t totally remember cute extra detail but not overly obvious it blends into the shirt i am in
love with this top it is so comfortable and lovely it runs a touch big like most items of this
brand i opened the package and loved this skirt immediately i held it up and the waist is tiny
i m usually a size 6 but sometimes go for a size 8 at retailer i m 5 6 and 126 lbs i would h
ave needed at least 4 extra inches in the waist band to close the zipper i wonder if this is a
british size 8 or something this 8 is closer to a 4 really disappointed smooth to the touch a
nd body skimming this dress drapes over my figure flaws without drawing attention it s a great
base layer for many accessories and outfits i love this fabric dolan uses i already own the sl
eeveless and cap sleeve versions of this dress i would love if retailer would sell me a long sl
eeved maxi or midi version i m 135 38 27 35 and purchased size m regular in green i bought th
is in the store without trying it in the black when i put it on i loved it so much so that i
went back and purchased the black patterned one equally as nice i am not usually a khaki type
of pant person but these are really cute and have interesting details such as the buttons at the
ankles they are also quite flattering and do not bag out after a day of wearing i am 5 6 an

d about 130lbs the size 2s fit great i purchased the green color and it goes well with a num
ber of tops these can be dressed up with heels and great to run around on the weekend the mate
rial is soft which is always a plus for me overall a great purchase this is a beautiful and cl
assic blouse great fit and flow however the silk is very light and the snap falls off easily
tricky to sew back on since the fabric is so delicate my first pair of pilcros and i am in love
i am 5 5 125lbs and bout size 25 in the moss green i have a skinny athletic build and even th
ough i have a small frame i have thick legs soccer player and big butt and hips but a skinny
waist it is hard to find pants that go up my leg over my butt and don t have a huge gap in the
back where i have to wear a belt these pants checked all boxes and the best part was the fit
around my waist it is like a glove no belt required they have a litt adorable fit the lightw
eight madras fabric will be perfect for a hot summer day but not see through the slightly gathe
red bottom makes gives my petite frame a taller look easy to wear not fussy no special bra ne
eded i paid full price for these gladly the olive ones and was delighted when i was able to p
urchase the black on sale they are midweight soft flattering and stylish they stretch a litt
le belt needed but not much pilcro are my go to pants and these hit it out of the park i wis
h they would come in a lighter weight version for warmer weather i love this shirt it is soft
romantic and flowy i love the material it is probably one of the softest things i own great q
uality and lightweight this can take you from office to casual afternoon i got the plaid print
in store it is much nicer in person than in the picture very cute neckline and detailing i d
say true to size slightly large i wore my regular size and it fits fine without looking too la
rge i bought this on sale in black it doesn t look like much online but it is very flattering
and super thin and airy which is great for warm weather tts i m an 8 10 38c and the 10 fits ju

g the sale rack for these ones i love this top i work out at a gym that requires tops but tha
t means i cannot usually display my awesome sports bras with cute strappy backs this yoga top h
as an open back which will show these off which i really like the draped back keeps you nice a
nd cool also and the fit is amazing i have some extra baby belly that i can t seem to work off
it was invisible in this top i am absolutely in love with this piece yes it runs large i m us
ually a medium to large in vests ands the small fits me prefectly the quality is superb i love
the feel of the faux fur i want to pet it and the snaps and hooks seem as if they will also la
st forever thank you tracy nan i bought this tee becasue of the color and brand my favorite t
ees last summer were by bordeaux and am so pleased the color is great for a fall layering piec
e and the fabric is so soft amazing it may be better for layering the fabric is very thin
i got this top in white and really like it its soft comfortable fits well but it is a little s
ee through these fit quite well and it s rare that i find shorts that fit well without being t
oo tight great for spring or summer fits tts i absolutely love this suit and was very disappo
inted to have to return it it is really well made and the fabric colors design is beautiful in
person unfortunately it just did not fit my body type i am athletic build with a smaller chest
and thicker behind 120lbs 5 4 the small was definitely the right size for me but the back of
the suit cut way high up on the butt so that a lot of the rear is exposed which just did not wo
rk well for me this will work great for someone with a smaller bu this blouse is flattering and
fits great i also have the other color in cream with the floral design very nice this blouse
is lovely i ordered a large because so many blouses run small for me but am returning for a me
dium as it fits pretty loose i love the tie its unique and feminine i had really high hopes
for this dress and i am still unsure if i ll keep it or not i ordered both a small and a mediu
m because i was unsure of this brand the small fit i m usually a 4 s m at retailer 34b 140
lb 5 8 just like it does on the model only the photo online gives the illusion that this is
a slight fit and flare dress this is a shift with pleating subtleties on the bustline that brin
g it in slightly also the colors should be more like blue multi because there s a bright a i
m 5 5 125 lbs 34c and the xs fit perfectly very soft feminine top i got many compliments t
he first day i wore it wire it for business casual but looking forward to wearing it with flar
e jeans for a more 70 s look highly recommend this great sale on a wonderful top i love how yo
u can wear this with a t shirt or blouse these are a soft and lightweight material the photos
here don t show the tiny beautiful pattern on them look closely through the photos and you ll s
ee it way better than a normal pair of black summer pants these are very log so i plan to hem
to flats to wear for a more casual look but they have the ability to go either way the pockets
flare out a big so i m going to have those sewn shut when i do the hemming it is a higher west
so great for that look or to wear with some cropped style summ interestingly the description sa
id this was blue but as it looks on the picture it is more grey that being said about the zi
ppie love my stylist i brought it in for a try on session at my local store said you know
how i feel about sweats i won t like it joke on her she turned around and was ok i should
n t have looked love the ruffles at the bottom it makes this sweater much more special it

is actually really cute for casual day jeans t shirt kids or over sweats any this is my fa
vorite shirt to wear around the house it s so soft and the waffle texture looks nice i d defin
itely wear it for a run to the store or an evening walk around the neighborhood the fabric is t
hin but isn t too delicate and it s not sheer which makes it a great summer lounge shirt the c
ut is flattering and the back doesn t show my bra which too many of this design do it is a bit
large you may want to size down if you want it to be a bit more body conscious love these shor
ts i purchased them in the peach color the color is perfect the fit is perfect they look gre
at highly recommend nan these short are the best the denim is incredibly soft they go perfec
t with both casual and nice tops i would wear them out everyday if i could unfortunately this
was too low cut for me so i had to return it i wish the neckline was higher i could tug it up
but it slipped right back down the fabric is a perfect spring weight and the floral pattern is
lovely on me the ties no matter how i fiddled didn t cover the cleavage issue and i am a aa
i ordered a size xl in the pink version with the multi colored fabric the fit is true to size o
ther than the length it isn t 27 inches it s the petite length even though i ordered the regul
ar sizing i ordered a 2nd one and again the length was around 25 in instead of 27 so it wil
l be more of a swingy shorter top than shown but through the arms body it s true to size i
ll be dry cleaning this so it won t shrink since i need the length \r\n\r\nthe colors and embroi
dery are exactly as pict i love love this wide leg pants they feel beautiful on and fit like a
glove i do think they run a bit small in the waist because they were a bit too tight in my reg
ular size typically cloths are a little too large in the waist on me i have a curvy athletic
figure as other reviewers stated they pants are long but they are great length for wedges o
therwise i would recommend having the length tailored the material of the shirt and the ties a
re two different materials the shirt is a very soft cotton but the ties are of a more dressier
material i expected the shirt to be of the dressier material overall it is a cute shirt just
not what i expected this dress is perfect length right below the knee white slip lining adds
to quality smocking fits upper body perfectly love this vest i am not a huge vest person and
was worried about finding something to go with this but i have been able to match it to so many
cute thing the pattern and quality are great it runs big if you re between sizes definitely g
o for the smaller size cute tee shirt but it runs very large i ordered a small and probably an
xxs would have fit unfortunately i have to return it for reference i am 5 3 and 110 lbs i abso
lutely love this shirt it s a simple tee but the open back adds cute detail to it i ordered a
small and it fit perfectly color is beautiful also first time trying pilcro but glad i did t
hese shorts are extremely soft and comfortable without being too short love love i absolutely
love this dress i got it right after my first baby was born to wear to an outdoor early octobe
r wedding it was perfect the fit is flattering and the dress is well made it s a classy eleg
ant dress and i have worn it many times since this sweater jacket is perfect \nit is gorgeous
casual unique and a closet must have \ni wore it for the first time to an nhl game with black j
eans and a red tee and got tons of compliments \nit is a medium weight knit and so works well un
der a jacket in the cold winter months will be perfect for early spring\nas a stand alone jacke
t and also in early fall \na beautiful basic with a pretty accent ruffle that is sophisticated
and adds just that little something special \nit runs true to size with this will be a cardigan
i will wear across all seasons if you want to layer a button down or another long sleeve shirt
under it i would suggest sizing up one size as soon as i put this on it felt like it molded to
me it s beautiful and comfortable nan they were too small for me i loved them other than tha
t i really like this shirt overall i m 5 2 and the petite sizes were sold out so i bought a re
gular if you are short like me beware that the sleeves am be almost comically long while the
shirt is stretchy the cuffs are not so pushing the sleeves up isn t really an option also it
had lots of loose hanging threads straight out of the package but overall it s a keeper this
vest is simply amazing i wear all black and throw this on top and it becomes the perfect outfit
i love that the top portion of the vest is light weight and thr fur portion is so soft tts be a
ware that this cardigan runs small as you can see on the model it s a form fitting style it s
not the kind of cardigan you would unbutton and take on and off as a layering piece i would wea
r it more like a top with a button up front it is nice and soft and the black and white scallop
ed design is attractive i would recommend it if you are looking for a more fitted top with this
design i m not wow ed by it but it s nice in a 50 s kind of way very cozy lounge tee but run
s large i ordered a small rather than my usual medium and could of probably went down two sizes
im a busty gal at a 34ddd and this was pretty flattering it showed off my curves and hid my unf
it belly with ease i usually am a small to medium and i ordered large in both the grey and gold
stripe and i love them both they fit flawlessly very flattering and i like the high neck line
i just love the print on this shirt it is so feminine and pretty the material is very soft
i took my usual medium a great addition to my spring wardrobe this skirt is a great fit for c
urvy women i highly recommend it fun blouse for spring with enough details to make it unique a

nd dressy very comfortable fit banded bottom which is loose enough to still be comfortable dr
esses up a pair of jeans quite nicely i really love the colors of this top especially in the p
inky pastels it fits really well can be tied or untied and will pair with just about anything
from skinny jeans to pilcro shorts speaking of that i do recommend pairing it with skinny pant
s or crops because it does have that classic retailer am i hiding a pregnancy feel to it \r\n
\r\nbut the price tag 98 for a tank blouse is just too much for me i will save this one in
my shopping bag and hope it s still available once it goes on sa love it so pretty got tons of
compliments the white color makes you look tan but the red still gives it color comfy not bod
y hugging though if you re looking for that nice work top i ordered the slightly yellow ivory
print which is beautiful and the print placement perfect even better it s work appropriate
the cotton synthetic blend has stretch without stretching out \n\nsize i ordered my normal size
small for retailer brands like meadow rue i m 5 4 approx 140 lbs 35 30 37 34d narrow shoul
ders short arms long torso \n\nfit the sleeves are slightly long but the buttoned cuffs rest
at my wrist the fabric blend allows this top very good drape i like t la has another winner in
my book i decided on the blue and thrilled with the tee it s a soft blue almost light periwink
le fabric isn t so thin so it not see through thank goodness i actually love it so much i m o
rdering the other color as well i absolutely would recommend this cute tee love love t la i b
ought this in a medium regular for someone else i usually take a petite xs and it seems to fit
me i m surprised as the pullover version seems almost like it runs a bit big that said this i
s a beautiful cardi it s soft the colors of the flower are vibrant it s flattering once you a
djust for the size issue it will go with a lot of things as you can dress it up for work or dr
ess it down a bit with jeans thank you retailer for a collection that includes dressy mid lengt
h dresses suitable for special occasions the simplistic beauty quality of workmanship and for
m fitting style of this dress is perfect the fit and flare enhances curves and hides flaws it
pairs perfectly with the necklace shown and a cropped lace front cardigan that i found elsewhere
admittedly i am not sure that younger clients would be happy with the tea length but i am ecst
atic this shirt is true to size it has beautiful detail and feels very soft and comfortable i
t can be worn to dress up jeans or with a skirt for a night out for dinner i m an xl in retaile
r blouses and this blouse is the same i m guessing women with a thin frame might size down bu
t i can t say for sure i purchased the white blouse with the floral pattern there is a narrow
band on the bottom but it isn t tight so i didn t find it to be a problem i usually don t lik
e blouses with banded bottoms but this is loose the band does cause the blouse to blouse out a
bit but the fabric has a really nice drape to it so it worked fine the fabric has a gre this
is the perfect summer top super lightweight but with a little swing in it so it is not tight ac
ross the hips the bright colors go with almost anything and the detailing at the top makes this
dressier than a regular shirt great with skirts and jeans i got this top in the pink the colo
rs and pattern are beautiful i received so many compliments it is very comfortable it is s
wingy so i paired it with skinny jeans \r\ni usually wear an xs or s 0 or 2 in retailer tops
i got this in an xs and it fit perfectly i love this vest i think it is heavy for a warm sprin
g summer day so kind ve surprised it was featured at the store early spring i waited for it to
go on sale and purchased my normal retailer size medium i agree it may seem big or loose fittin
g but i am a vest girl and the fit for me is perfect size 34 dd 145 lbs and 5 ft 4 in height
it is a great finishing piece for causal or office attire this vest will definitely stay in my
closet for a long time beautiful quality these pants are so great style beautiful soft fabric
and love the length i am 5 10 i found the rise to be low and like the fact that that they si
t at the hips i had to size up from my usual size in this brand very flattering and comfortabl
e this top is really a great and it s very affordable the fabric is light weight but opaque
enough that you don t need a cami even though this has long sleeves i can imagine wearing this
well into the summer and i live in south florida it s comfortable and the band at the bottom
is not tight the color is slightly ivory and the floral print is clear and bright the neck tie
is really nice and adds a 70 s vibe without being overdone or overly dramatic definite keeper
you can t tell by the photo but the top is actually a slightly shiny material so it gives it a
classy going out look in the picture it looks more casual but i can see myself wearing this o
n a night out with a skirt wearing it to work or whatever i tried it on and i thought wow i
look thin it s a little shorter than i normally wear don t worry it s not a crop top but no
tice where the bottom hem sits on the models hips probably mid rise but it looked amazing on
zippers in the ba the larkspur tank is colorful and the embroidered bib is beautiful the materi
al is soft but not diaphanous it can hide my little pouch without looking like maternity clothi
ng love it i m very surprised by the review given that said this was frumpy it it absolutely
adorable and the classic plaid is timeless as first reviewer said the styling of this on the
model does it no favors it is in reality form fitting but in a very flattering forgiving way
the waist nips in nicely underneath the top section then flares out on the bottom section that

bottom flare can sometimes add inches pounds but this top does it in a very modern subtle and f
lattering fashion and the mater definitely a good buy especially when i bought it on sale it s
warm and can be worn dressed up or down i wanted this top to fit i ordered a large and was swi
mming in it i returned it to the store where they had it in all sizes i tried on a medium and
it was still too big and then a small that fit but i just did not love it i did not have troubl
e with it being cut too low i think it might look best on someone who is straight up and down a
nd not hourglass since it blouses over the waist this print is soooo pretty i love the flower
s on this top the style is cute with the band at the waist i ordered an extra small and it fit
s perfectly love this tank it is so soft and comfortable the length hits just right on the hi
p it hugs the body nicely not too tight just loose enough on a hot summer day i have this in
black and white i wish they would offer more colors i am 5 7 the length is perfect i can wea
r it with flat normally the wide leg pants are so long i have to wear high heels the flow is
perfect too i sat on the fence almost too long on this piece and finally ordered one when it po
pped up as a return so happy imwas able to snag it it is incredible i put it with my favorit
e closed jeans and chanel work boots and wow i also have tried belting it where the fur begins
and that looks equally fabulous imput true to size as it is suppose to be roomy to many people
ruin styles by trying to get them to fit in a way they were not meant to embrace the uniquenes
s of this piece and roder true t love this vest it does run large so definitely size down i m
5 0 110 lbs and i ordered the xs which is roomy around the mid section but i think that s the s
tyle as the shoulders hit where they should it is such a fun and unique piece i cannot wait to
wear it with tights or black leggings with boots i got this at the sale price and it fits great
the bottom was wrinkled so it was not as open at the end like the picture but i am sure an iron
will help i tried on these pants and was instantly in love they are very flattering and stylis
h but also incredibly comfortable i am 5 6 and the length is perfect to wear with 3 heels
i highly recommend these got this in the black when i was in greenville nc i had seen it onlin
e for a little while and didn t think much of it until i tried it on in the store it s surprisi
ngly comfortable and it isn t too heavy its the perfect staple black shirt in my closet it i
s also very forgiving i was excited to get these pants at a great price i am 5 9 these pan
ts were plenty long enough for me they also have a nice light textured design that s hard to no
tice in pictures the only problem was they are a side zip pant which i didn t know when orderin
g i don t love the zip on the side for my shape it so i m still wondering if i ll keep them o
ther than that nice pant love this blouse i usually wear a small and had to exchange it for an
xs which fits perfectly not form fitting but flattering washes beautifully too i highly rec
ommend this blouse overall beautiful skirt material is a little on the heavy and stiff side bu
t still a really nice skirt i ordered this top in the pink in a medium i usually wear a small o
r medium in retailer shirts it fit tts with not being too short the embrodiery is very pretty
better in person than online my only complaint is it s a bit blousey so you would need to eith
er tuck it in or wear with skinny jeans shorts for reference i am 5 4 5 135 lbs and a 32c
i loved this vest from the moment i saw it sadly though it runs way too large i first ordere
d it in a small and then an xs when it popped back even the xs was too large around my shoulder
s and waist the color was also a bit more beige than in the photos which was ok but i had to
return it because of the size love love this top it is soft comfortable and cute it is ver
satile e g i can dress up for work or dress down by throwing on a pair of jeans the tie at t
he neck adds a cute detail if you want it tied great staple for the wardrobe i purchased in
the black and it is very versatile not sure how i feel about the print soft cozy and the h
eathered off white palest gray is a great cool toned neutral the only surprise was that it is l
ightweight not nearly as warm as it looks the hood has a fuzzy sherpa lining the unlined jack
et has a soft fleece or flannel finish on the inside with zigzag seams the ouside looks like a
sweatshirt it does work great as a top layer though 50 polyester 38 cotton 12 rayon \n \n
got this in a size s to fit my hips and it works out great i m 5 2 currently 33 25 37ish w
i this is one of my all time favorite retailer purchases this dress is perfect in every way m
ine fits me exactly like the model and i was lucky enough to purchase it in black if you re on
the fence take the plunge and buy this dress you won t be disappointed ever since i saw this
dress i fall for it totally love the pattern and the colors i got the size l and the fabric is
really good once i tried it on tho it broke my heart the dress fit perfect everywhere but in th
e v neck the design there is odd i believe is for small breast cup girls im size c and let m
e tell you it look horrible i was very disappointed so dress its going back i was looking f
or a dress for my engagement pictures and once i saw this dress i knew it was the one i ordered
the white in a small size 2 i am 5 4 130lbs it fits perfect and the length is just right som
e reviews said it s boxy and has too much flow to it but if you have the right size it won t be
an issue yes it s a lace dress so it s going to be delicate and you ll need to handle with car
e but it s worth it absolutely stunning i was so excited to see these pants on sale they fit

beautifully and drape well the hidden lining of shorts is a great feature and i will get 3 se
asons of use from these \r\nnow if i could only get them in plain black too i love this dre
ss you can wear it for everyday or you can put some bling with it and dress it up it fits very
well flattering i highly recommend this dress is very figure flattering however it is not
navy it s purple overall nice print somewhat cheap material and zipper gets stuck i am keep
ing because it s versatile and i like the vintage floral pattern bought this somewhat on a whim
during a promo in yellow which is a lovely light cheery yellow didn t make my pale skin look t
errible i love the detail of the dress and the swing silhouette the slip is also of good qual
ity i don t love where the slip falls in the lace panel near the bust because it looks a little
funny to me in a distracting way but i m keeping the dress it s cute and fun i really wante

ock i love the colors and struggle to find cute dresses in natural fabrics for the summer unfo
rtunately as another reviewer mentioned the cut of the arm holes is strange it cut my off in th
e most unflattering spot i really love the style of this top it s a great lightweight breatha
ble top perfect for summer it is slightly sheer so i have to wear a cami underneath it is defi
nitely a flowy top but flattering i m 5 0 115lbs and ordered the xxs a petite size would ve b
een better as it is long on me it covers my butt in the back but it looks good with a longer
short or pants this is a cute stylish sweater different from the typical it doesn t itch which
is key at least for me i ordered an extra small but i am normally a small since it seems to run
long i think the neckline is unique love this sweater it fits exactly as shown on the model
the neckline is simple and stylish the a line fit is very flattering i normally wear a size xs
to s i purchased the s for more swing at the bottom first i received mine with the back butto
n by the neck busted the part where you insert the button was loose so could not button \r
\ni ordered the yellow one and was surprised how yellow it was when received it is brighter th
an the picture shows not bad though \r\nthe cut of the dress is nice very sweet i liked tha
t it was flowy and the lace was beautiful to me arms were a tad tight only because i have musc
ular arms stil lable to wear it \r\n\r\ni ordered the 0petite and it fit i am 1 these are sup
er cute on they shorts length lining inside which is great i love how elevenses fit and the l
ength is awesome when i wear flats this is one of the few brands that sometimes carries a longe
r 33 34 inseam this style is a bit shorter however with the lighter fabric i wouldn t want
it touching the ground pants are breezy and i love that they are lined to the calf call me old
fashioned but all pants should be lined the elastic waist is nice and flat in the front and wo
rks wonderfully since my butt is larger than my waist these are so great love the fabric weigh
t light they look great on the pictures don t do these justice i tried them on in the sto
re with a black sleeveless crop top you couldn t see any mid skin and it looked great together
might have to go back and get the top they do look great with just a black tank as well though
i wear this out but it s also a super comfortable to lounge around the house in i measure 35
28 40 6 through the top 10 in the bottom i ordered a medium based on comments from other u
sers concerning the top and it being constricting i didn t find that to be true but for a clos
er fit i probably should have ordered the small overall this is a fun dress to wear i ve been
looking for dresses to wear to nurse in since i just had a baby so i bought this dress knowing
it just had a tack holding the front fold together always intending to remove the tack i love
it the fabric is super soft i wear it with a nursing tank underneath and a wide belt to cinch
my waist it s amazing with the tack in it did pull very strangely across the bust as others
have mentioned so it s not good for a big bust unless you intend to remove the tack wear some
thing un overall this is a great shirt the material is soft and a little sheer but not sheer e
nough to have to wear something underneath the only negative is that the v sits a little high s
o i felt like i was constantly pulling the shirt down through out the day honestly the sweater
is really beautiful i usually buy a small in retailer tops and this seemed to run on the smal
ler side it 39 s pretty short but the issue i have is that the sleeves are much shorter in pe
rson than on the models in the pictures it looks like i 39 m wearing a 3 4 sleeve shirt still
deciding if i 39 m going to keep it because it is really a lovely top i loved this when i saw
it arrive in the mail as soon as i put it on though i was drowning in it i know its a cape an
d it is suppose to be large but it was so big i had to return it i still really like it and wis
h it would have worked i am 5 5 athletic slim figure just for reference obsessed with black w
atch scottish tartan so this really hits the mark and goes beautifully with my joe fresh black w
atch print wellies rain boots the wrap top is flattering but pulls on me i have this in the r
ed and blue plaid as well i love the weight of the material sometimes crinkled gauze looks che
ap this does not the lace trim is more 2 tone than the photo suggests but that is not negativ
e and the color of the dress is more salmon than peach again not a negative the length is as
it is on the model just below the knee i wore it to what turned out to be surprise party for m
e at the beach i paired it with huge silver hoops and silver flipflops i felt special stylish

and comfortable it was a good dress for some stumbled upon this dress which had been returned t
o a store and was encouraged to try it on by the sales staff and am glad i did it s a beautifu
l dress that i didn t need and have no idea what i will wear it for but bought anyway i got a
size 8 and it fits perfectly though i will need to shorten it a bit i am busty and prefer a bit
more coverage so will add more tulle to the v neck i agree with the other reviewer about the tu
lle underlay but it looks easy enough to remove from the lining o i love love this dress except
for the armpits if they had just made the armpits a normal round shape with normal openings th
e dress would have been perfection so audrey hepburn but i had to say no i really wish they
would redo this dress with normal arm openings i think it would sell like crazy most of my jea

ay back for an exchange the dresss is beautiful and fits true to size i ordered it in both col
ors however the black has a defect in the lace right on the front of the dress and the white
was tearing in a few spots under the arms and on the bottom again the dress is so pretty and i
am hoping retailer will find me one without bunching pulls or tears for an exchange but i ca
n t pay 130 for a dress that is already torn nan this dress is gorgeous the color is perfect
for spring summer the dress does run wide loose i read reviews before ordering and i am glad t
hat i did i am usually a petite size but the reviews recommended going with the regular due to
length and the design at the bottom and wanting to be able to bend over comfortably i am 5 2
and about 116lbs i ordered the 2 regular and it worked well i received many compliments fun a
nd elegant \r\nthis cape is my favorite purchase in a long time the juxtaposition of the black

both sides as well as at the generous pockets at natural length on both sides it is very well m

is to a party for a club i belong to however the bust on the dress is to big i m 5 ft tall and
115 lbs with 32b bra size i got the 2p as i was worried about it being to tight it fit perfect
except for the bust the way the top is cut and the black sheer fabric allows part of the bra to
show in the cleavage area not worth they one to have it altered will return sad because it s
a fun dress to tw i love the print of this dress the deep blue really is striking i agree with
the other reviewers that it has no lining and therefore it s hard to justify the price i can t
seem to part with it yet due to the lovely print and the off the shoulder style is romantic and
flattering still on the fence it would be better as a sale piece nan the style of this dr
ess is quite lovely i immediately gravitated towards it when i saw in the store however once i
tried it on it looked like a sack of potatoes unfortunately the loose silhouette did not do an
ything for my figure i should mention that i am 5 9 and have an athletic figure but with hips
\r\nthe design is very on trend and the dress does have some lovely details like the lace around
the hip area and flowy fabric but unfortunately it was not enough for me to purchase also the
this is a casual flattering off the shoulder float dress with pockets perfect for sunday brunc
h or a casual night out and as other reviews stated the fabric is lightweight but you cannot s
ee anything through it except perhaps a glance of the outline of your legs but that is it defi
nitely not a reason to not buy this adorable dress this dress is beautiful just like the pictur
e it fits true to size and is quite comfortable considering it is on the delicate side definit
ely recommend this one i love this sweater tunic the neckline adds interest and is so flatteri
ng i think it is more flattering in person than in the photos of the model my husband even not

iced the neckline and said he loves this top on me it is soft and not itchy at all i bought my regular size small and will wear it with jeans or leggings and boots i love that this neckli ne comes up a bit but is not huge so i can definitely pair a scarf with it for a change if i wan ted to this will definitely be a staple in these pants are beautiful and so comfortable the li ner is a nice surprise they can be casual or dressed up with a jacket i m so pleased to have g otten them on sale i got this tank because it was on sale thinking it could be cute but i did n t have high hopes once i put it on i loved it i have a long torso and it s the perfect leng th i have worn it with a jacket over it also to extend its life into cooler weather this dress is so pretty the second i saw it i knew i had to have it make sure to get a smaller size beca use it can be a little big towards the waist as a result of the dress design i wore this with a velvet moss colored skirt also sold at retailer that hits above knee and received so many co mpliments the neckline and sleeves are gorgeous i like my sweaters comfy so i ordered a medium and love it not quite cropped but it does hit a bit higher on the waist sleeves hit above wris t as well i agree with the other two reviews it is so disappointing that this adorable dress i sn t lined the fabric is paper thin this is an a line style dress with pockets that need to be ironed down to prevent it making you look hippy i sized down to a petite xs i normally buy the petite smalls but they were out of it i would say that this dress runs a little on the large si ze i am 5ft 8in and about 140lbs athletic busty build i normally wear a size 4 6 i ordered th is dress in white in a size 6 and couldn t be more pleased i actually hopped online today to tr y to order another in the lilac but they are unfortunately sold out this dress is exactly as pi ctured the upper back is fitted keeping it from going out too much and looking like a straight up tent i adore it and hope that they will re stock it this sweater is perfect with leggings crop pants jeans and wide leg pants a line 3 4 sleeves does not cling to waist area very flattering so soft comfortable and thick cotton knit no cami required length is bum cover ing i am a 6p 5 2 and got this in a regular small as it did not seem to come petite my tai lor is taking 5 inches off the bottom as the lower portions it is an uneven hem are ankle leng th \r\n\r\nblack watch tartan is one of my favorites so had to get this dress \r\n\r\ni would say it fits tts it is on my shoulders and the sleeves are bracelet length i have a little ext ra material around the waist the dress zippers up the size and there is an elastic section at the small of the back i find th i just discovered this dress a few days ago and it s simply dr eamy i d been searching for the perfect summer dress to wear to a wedding in june but had been highly disappointed in the selection of pastel colors from other shops this dress is the perfec t summer shade and will be perfect for the texas heat in june i absolutely love how it flows an d is elegant yet modest the lace cut outs are gorgeous my favorite features of this sweater ar e the flattering neckline and the bracelet length sleeves it s a heavy weight cotton with a bea utiful line my only complaint is that it seems to pick up lint and things very easily and neede d a lint roller even straight out of the delivery box still a small issue for an easy to wear sweater that looks great with jeans and boots as well as leggings a new favorite this dress is adorable the colors are vibrant and very eye catching i found it runs tts for reference i m 5 4 140lbs and i ordered a 6 the dress is fitted on top with some very nice forgiving pleats a round the stomach this dress is just absolutely adorable you can dress it up and wear it to a wedding or you can dress it down and slip on a pair of sandals and use it as a casual summer dr ess this dress does run a tad bit large i m usually a size 4 but the size 4 was slightly too big for me best purchase yet the holding horses brand never ceases to amaze me this dress is gorgeous in person i have received so many compliments while wearing this dress the lace is in tracately crafted and the lilac color is perfect i actually have this magnolia dress in black a s well and i might even get the new reddish color too needless to say i m obsessed with this dr ess love these i wore them today for the first time and got tons of compliments they are comf y and sooooo cute for summer also fyi they make my butt look great loved the fabric and deta ils the cut was a tad looser bigger than i expected \r\nperfect dress for fall i purchased thi s dress in my normal small size via online i exchanged it it for a medium in the store as the shoulders were just a little too tight for me i plan on wear it with tights leggings as it s a little to short on my 5 9 frame well made and the bodice has so much detail but not over the t op i loved this dress it fit perfectly everywhere except for the sleeves the dress has an ove rall relaxed fit but the sleeves were way too tight i had to send back because of sleeves i l ove this dress for fall it is slightly sheer so i would recommend wearing tights or a slip und erneath but it is lightweight enough for fall that i can transition the dress into the season a s it gets colder one note i am 5 1 and was required to size down to an xs in this dress du e to length the xs is perfect for work as it hits me slightly above my knees kind of excited about this little number i found it online and was immediately drawn to the boho chic look it arrived and i was impressed with the weight of the dress and the detailing that is missed in the photo this is a great easy to wear dress with lovely beaded detailing all over the front bodic

e and ladder lace trim running the length of the sleeves easily dressed up or down i usually w
ear petites but ordered the regular size based on previous reviews and the slightly longer leng
th was perfect for me it hit just above the knees there were a few beads that were coming a l
ittle loose so i did have to secure those but it wasn t a big deal for me as i m pretty comfort
able with light mending et this dress is beautiful the pattern is pretty and the beading deta
il is stunning i immediately received many compliments the first day i wore it i do think it i
s a little short so i bought a size up i also like loose fitting clothing and i wore it with b

his dress is more beautiful in person than it is online during the fall winter i love to wear d
resses with tights and pair them with boots this dress is so cute the material is pretty thin
but lined and flowey i am 5 9 34 b bra 27 inch waist and a size 2 was great the dress itself i
s pretty shapeless but string around the waist is adjustable to make it fit you the right way g
iving it some shape the v neckline is definitely more attractive in person than in the pictures
and the stitchin wore this to work and nearly everyone complimented me on it very comfortable
lots of detailing perfect for fall pockets i m usually somewhere between a s and m but this p
iece was generously cut and a s was perfect i debated ordering the petite but actually the reg

l finds i saw in store while making an online return for whatever reason i didn t notice this o
ne online but loved it in person the fit is easy going and flattering i took a small as the sh
oulder fit would ve been a little tight in the xs great dress for transitioning seasons i gr
abbed this immediately when i saw it in the store the details are beautiful beading embroid
ery and small opening details on the arms from a practicality standpoint it has pockets it s
machine washable and it can easily be worn as is with black leggings or tall boots in fall an
d then throw an additional chunky ivory cardigan on for winter for sizing i am usually a size
s and found it to fit loosely but in comfortable slightlyyyy swingy way if i had sized down th
e shoulder seam i was not so sure i would like this dress as i was afraid it may be too boxy loo
king per other reviews i took a chance i love it \r\nso sweet with my grey boots and just dre
ssy enough but still casual and fun \r\ndetail work is very nicely done this dress is beautif

t s nice for fall transition cooler temps i m so sad that i will most likely return this dress
because it s just not working on my postpartum body but there is a part of me that wants to keep
it because of how stunning it is nan these are beautiful and very comfy they do run very large
i ordered the green in medium and deciding wether to exchange for a small the washing instructi

lf this looks gorgeous on and the fit is perfect i ordered my usual size m i am 5 3 34dd and
it looks amazing it is breezy and flowing but without the baggy look it is so cute with jeans
or leggings the fabric is the perfect weight light but still thick enough that it s comfortabl
e and my light bra is not seen underneath love this top great dress fits perfectly will be
perfect in the winter and with leggings the dress is as great in person as it shows in the pi
ctures if you usually buy petite keep in mind that you may like the regular size if you prefer
the llonger look if you prefer a shorter length go for the petite size if this is what you usua
lly get i am 5 3 117 lbs and tried both xs regular and xs petite i ultimately went with the
regular size as i preferred the longer length \r\neverything about this dress is perfect the co
lor the material the cut highly recommended as a transition love this so much it s beautiful
and i get tons of compliments it s a touch short as a dress but looks amazing with leggings lo
ve these they are thick and comfortable they feel like sweat pants but are cute enough to wear
out if you are running quick errands definitely recommend these are so comfy i will wear them
for 3 seasons so worth it especially on sale great fit and dark color thick yet very soft d
enim only surprise for me was that the lacing is in the front i was expecting it to be on the
sides but i love them anyway this dress is amazing beautiful and perfect for fall the colors
and beading are so much better in person the pockets are an added bonus i m typically a xs but
sized up to a s only because i felt the sleeves were tight and across the bust was tighter than
i d like when moving my arms the xs would have worked but the s is perfect comfort i highly re
commend this beauty for reference i m 5 2 120 lbs absolutely love this jumpsuit i am 5 2
103lbs and the xs fits perfectly i am typically an xs 00 when i read previous reviews i was q
uite excited to read that most people found it to be short waisted the waist band actually h
its my natural waist just how it is pictured on the model which never happens great quality
thick fabric and the pleats in the front are beautiful can t wait to wear it i think this is t
he perfect fall dress i did not have the cleavage issue because i am going to wear the little
button buttoned at the top i like the sleeves can be pushed up or down depending upon your wea
ther i thought it be very slenderizing i am thin on top but curvy on the bottom i m going

to wear it with closed toe wedges but if my legs were thinner i think tall boots would be pretty
this is absolutely beautiful but i am only 5 6 and the dress hits my thigh about the same plac
e as it does on the model one lean over to pick up my purse off the floor and i will flash ever
yone so i am going to wear it with dark denim leggings and tall boots likewise i did not d
etect even a speck of black to me it is navy and purple i was wishing it had black because tho
se are my favorite leggings but quite honestly i think you re going to have to do navy or denim
this dress is exactly what i was looking for i have a very business casual job but wearing jean
s and blouses can get boring so i m constantly on the lookout for easy go to dresses that i can
throw on year round with flats booties sandals etc this dress is exactly what i had in mind
and i look forward to wearing it in the fall spring with booties and in the winter with tights
bought this at sale price pretty in person and soft comfortable runs really big size down
\r\ni got it in my usual size l but will have to exchange for an m this shirt is boxy but as
the pictures clearly shows that is the design of it if you know how to style outfits it s a g
reat buy i really like it i m tall and slender so it s a bit easier for me to pull this off
the design and color are just really neat really cool shirt for the fall i did buy these when
they were 40 off the sale price well worth it they are comfortable thick but not too warm t
hey are my nice home pants to wear outside i love them i got a large and they fit on the
baggy side but not bad i m usually a large or xl a culotte and basketball short hybrid these
culottes are heaven very comfortable the are great on windy summer days or walking around th
e city between the buildings are like wind tunnels the waist does run alittle large i have
a 29 30in waist and the medium petite fit my lower waist but is large on my natural waist a s
mall petite would be better so size down one size on the waist plus the waist band is stretchy
so there is a lot of forgiveness in sizing down plus the petite s le these culottes run very la
rge more than 2 inches of gaping waist band in my usual size i would have kept them if they ha
d fit although sitting in them on a hot day might cause major wrinkling love this dress will
go from fall to winter so comfy got it in medium and fits great very flattering i am petit
e but have large breasts so i expected this dress to look boxy on me but the flowy fabric fa
lls perfectly on the body and shows just the right amount of shape the pattern is beautiful and
perfect for the cooler seasons the dress is also very versatile it can be dressed up with heel
s and a jacket or down with flats and a denim vest or jacket i know i m going to wear this dre
ss over and over this fall and winter nan there is so much going on on this dress it s fantas
tic hard to tell from pics but there is a peek a boo lattice detail going down the front and
back of the sleeves the beading is plentiful but not too much for work dress is significantly
longer on me than the model i m 5 6 but still a tad above the knee with tall boots or booti
es and tights this will go straight from work to out for the evening i m real long waisted o
riginally ordered m but exchanged for l much better fit overa these pants are really beautiful
the material feels nice and i love the pull on style however they are much too long for me i
m 5 3 and they literally hang to my ankles which is not at all flattering like the photos i thi
nk if you are tall enough these are a wonderful piece beautiful and good quality dress the pi
ctures nor the description really show or mention the keyhole cut at the front neckline you re
ally have to look very closely at the model photos to see it unlike the model i have curves a
nd this dress showed way too much cleavage for me this dress is so much better in person than p
ictures details on the sleeves and buttons on the front shows quality and makes it an original
looking dress i ve wore it yesterday for the first time and received 4 compliments buy before
it sells out great knee length lovely twirl and drape though a staple piece the material and
the blend of the navy and black bring this skirt up a notch pull on styling i purchased a smal
l and returned it for an extra small as it was too large in the waist i like my skirts to sit a
t the natural waist and with the style of this skirt i think that would look most flattering an
d slimming my waist is abt 26 27 for reference 34c bust and hips abt 35 36 and typically a 2
4 at retailer the skirt is quite s i skipped over these when they first cme in store but it wa
s reccomended to me to try them on so i did and i loved them they look like a skirt which is
amazing but you won t be worrying on those breezy days they run very big i m usually a 26
27 or 2 4 in pants and i got the xs and feel like i could have even sized down but that s the sm
allest size carried in store i got them in the green because i felt that the color went more wi
th the casual feel of the pant if you are interested i nice feminine pattern with a thick fabri
c it s great having pockets the white is ivory i m a size 4 and the small fits nicely it wo
uld be nice if the pant length was a little longer i have a 31 inseam and they end up being
a couple of inches above my ankle but that s just my preference overall very happy with this
purchase super cute style but runs slightly larger then other ag jeans i have this feels and l
ooks like a ballet skirt on so light and flowy super comfortable just love it extremely flat
tering cut tiny gathered folds at waistband add pretty detail and create a slimming effect on m
y tummy what s not to love great pockets too i have a 34 inseam and the length is perfect o

rdering in both colors now as i can see these becoming my go to bottoms all summer long runs true to size for brand retailer clothes xs for 5 5 120lbs but a little tight in the should ers biceps if you have fairly developed muscles or just wide shoulders watch out for the skirt riding up when you reach for something or bend over i bought this dress for an october wedding in savannah ga i love it can be dressed up or down i m 5 3 and 112 lbs and bought an xs li ke other reviewers said it s a little tight through the arms i probably could have done an xxs but wouldn t be as comfortable i d recommend this dress to anyone looking for a versatile dress for fall and winter i noticed this outfit earlier this year and remarked to my husband how heav enly it was i couldn t bring myself to buy it since i shy away from strapless outfits this lad y is a small chested diva to my delight my wonderful husband remembered my gushing and surpr ised me with this outfit for christmas imagine a 33 year old dancing around the house holding u p this outfit because that is what happened this outfit it truly a work of art it has a line d bodice with soft boning that fits perfe i am here online to buy this pant in both colors i tr ied it on today in store in regular lengh but am opting for petite size i am 5 2 i could hav e purchased the regular length which hit me above the ankle but i think p will be more flatter ing and better for summer \r\n\r\nthe pants are a woven material and kindof shiny the pants a lso may be a bit see thru in sunshine due to the structure of weave that said i am buying them anyways because they are that comfortable and professional i may nice skirt texture pattern gi ves it character does run a bit large love i was super hesitant to try this dress on it d idn t look great online or on the hanger but it looked great on it has a very boho 70s vintage feel i am curvy and it looked fabulous super cute dress for fall detail is much more intrica te than what you are able to see online not too long and will look perfect with tights and boot s i fell in love with these bottoms at first site i was a little worried they would not work f or me because i m a curvy size 12 14 but to my surprise they look great i tried on the large a s that is what i usually wear at retailer but i was able to size down to a medium which was g reat cause it minmized some of the fullness for me they are light and breezy and will be the pe rfect alternative from shorts which i hate they are so worth trying this dress is beautiful and the a line shape is very flattering i m 5 10 and it hits just above my knees i m small on top so the keyhole slit isn t an issue for me but it does gap more than it does on the model this dress has lots of versatility like another reviewer said you can dress it up with heels or dress it down with boots i almost did not buy this dress because of the poly rayon construct ion but i saw some sweet styling on instagram that got me hooked the dress is silky soft and a bit oversized as i purchased the smallest of my size range looks very swingy and free spirited when worn loose cinch the string tie or add a wide belt for a defined waist and beautiful full skirt i have many outfits in mind for this perfect fall dress i m excited to start wearing it my weight has been fluctuating so right now i m this beautiful dress is the perfect style for f all when i first picked this up i was surprised by how heavy it felt there is so much embroid ery i thought the dress was lined with another layer however the fabric is not stiff there ar e numerous exquisite details including a button up bodice additional embroidery on the skirt an d ladder lace on the sleeves \r\n\r\n\r\ni sized up to l because of my heavy back shoulders upp er arms sizing up does make the bodice of the dress look a tad wider but n this dress is truly a no brainer purchase it is a stunning dress with gorgeous embroidery beading and the color i s just perfect for fall i am only 5 2 and i went with the regular size since i don t like to go too short that said you can totally rock this dress with leggings and boots if it is too short i weigh 103 lbs and i am normally an xxs but i m glad i went with the xs since it would have bee n too tight at the top and should even be slightly loose fitting on the bottom love everyth ju st be prepared this is huge i looked hilarious in my normal 00p this was in store luckily t he the excellent personal stylist warned me i also don t think the colors are as good in person bit dull if it fits you it could be nice this is a great tunic for those of us who like to we ar leggings as pants once in a while it covers all the important parts without being too baggy i found the fabric to be light and comfortable but heavy enough that a light colored bra can t be seen underneath with it great if you don t feel like wearing multiple layers nice top the m aterial is soft and drapey i like to wear it layered under a shorter shirt or jacket nan this does run big but because it is cotton it easily shrinks in the dryer i love it i do wish the color was more saturated deeper this definitely runs a little large but i love this tee i ac tually went back and bought it in a second color it s perfect to throw on with shorts this summ er i am usually a regular xs with retailer tops i took a chance and went with the xxs in blue and am not regretting it super comfortable top fits perfect and will be great for work i love d it but can understand the mixed reviews i am 5 7 and a size 2 4 usually 32d you need to be on the tall side for it to work definitely will not work if you are petite i can also see if y ou have a fuller chest how it would tent and look like a maternity top i have that happen with off the shoulder styles that said if it works it is great i didn t size down went with s be

cause the xs didn t hang well it was too short at the shoulders and neckline again probably n
eed to be in i am in love with this dress the colors are amazing but also is the fabric it is
soft and supple i am a curvy girl and this dress does all justice to my bust waist and hips
this is truly an amazing dress you can dress it up or dress it down and the best part it is pro
fessional enough for a causal office look i adore this little sweater the pictures don t do it
justice i m tall with broad shoulders and small chest the cut and design of this sweater is s
o flattering colors work with denim or any neutral and the weight is perfect for spring or ear
ly summer i like the look of this sweater and i am keeping it however i found the fit under t
he arms a little uncomfortable there is a large seem that goes under the armpit and is a little
bulky and irritating also would not recommend if you are busty because of how the stripes run
it looks stretched out over my chest this is the prettiest little nighty it is romantic soft
and so very pretty i really adore everything about this piece but the pink detail on the trim
along with the floral embroidery is are just the right extra touches that retailer shoppers have
come to love love this top bought the navy to be a cool matching momma for my kiddos baseball
and loved it bought the light pink and red too fun off the shoulder tee love how long it is
in the back one thing i will say is that one of the colors fits slightly different like the h
em isn t symmetrical or something so i find myself readjusting but i m sure i m the only one who
notices it and it doesn t keep me from wearing it and loving it love this sweater it can
be used for both work and casual wear with ease very soft and seems durable i highly recommend
it soft very forgiving and flattering top wish it was not so pricey i love elosie sleepwear e
verything is well made and beautiful designs i am 5 5 and wear a size 4 the small fits great
i love the embroidery it is a nice touch and the pink is a pretty contrast i am normally a med
ium and i would take an xs in this top i actually tried a m s and xs and the xs fit but was s
till big yes this is supposed to be a loose draped piece but for me i didn t want it to make
me look like i was huge through the waist line the red is really pretty the white is see thru
cute style flowy fabric it runs big i purchased a medium and could ve definitely gotten a smal
l this is one of those pieces of clothing that is destined to become a wardrobe staple \nthe fa
bric is soft and generous the chiffon trim gives it swing and style \ni just ordered another
one because i know it is going to be a long time favorite this is a nice light top for the sum
mer i love how your shoulders peak out from tee which gives it a touch of of sexiness it does
run large so i went down a size i haven t washed it yet so don t know if it will shrink i do r
ecommend it though this is cute with the shoulder detail i ordered a medium will be returning
for a small i m kind of in between small medium i love the off the shoulder tee so much that
i ordered two of them in different colors i can wear them with jeans or i can wear them with gy
m attire while out running errands and still feel like i look nice love this dress adorable c
omfortable and figure flattering cant go wrong with this purchase when i saw this slip nighty
on line i loved it most of the night gowns i own are from retailer and i am very pleased with t
hem i ordered my normal size small and it fit well for reference i am 5 1 and 120lbs 35c t
he only slight issue is that the fabric is quite sheer not a big deal since one is wearing this
item to sleep in but it would have been better in my opinion if it wasn t so see through also
this may not matter to anyone but the stitching along the top is a bright neon pin i agree with
other reviewers that this top runs large i m glad i ordered a size down it s a cute twist on
a basic tee shirt i tried this on in the store because i have had my eye on it for a while and
i want to be sure i get the correct size as other reviewers have said it does run large i nor
mally wear a s and the xs was big on me i could go with the xxs but of course it appears to be
sold out now the lighter colors look like they would be slightly sheer but the navy blue and r
ed are not i thought the material was good quality not sure if it would shrink top is rather
long on the back but the picture does i m 5 3 115 pounds and bought the xs in white i actu
ally wear this as a bathing suit cover up instead of a top i love that it s little longer in th
e back so it covers part of the back of my thighs it s light weight cool and comfortable it i
s thin but has washed well with no pilling or holes so far i ve worn this several times and hav
e had lots of compliments so cute and a must have took my normal p6 and fits perfect love it
i have been watching this dress online since it arrived finally decided to order it online it
is as great in person as it looks on the website the fabric cut and finishing of the dress are
high quality and my usual size 10 fits great it falls about 3 above the knee on my 5 5 frame
which is a little short for the office but i could do it on a friday with a cardigan the fit i
s comfortable and flattering for a gal with broad shoulders and small curves when i tried it on
friends raved thi runs a little big but super comfortable and looks great with jeans slightly
tucked in i tried this top on in store in red and lavender i love it yes it is big but it i
s still really cute if you are between sizes go down a size i am 5 5 34b and went with an xs
in the red it appears to fit in the front but looks larger in the back which i think the other
reviewer was getting at this picture does not due this sweater justice at all i purchased thi

s today for summer it s beyond cute and the colors are awesome it s a very light sweater with a fitted but not too tight light feel the sleeves are a little longer than quarter length at least on me it looks amazing with white pants very fresh i bought this in an extra small at a store in the lilac color and loved it so much i ordered a white one online 2 days later they were out of extra sm so i ordered a small which is still ok as it looks cute being on the big fl owy side with my jeans i normally wear a medium in tops i ve received many compliments on thes e they are very figure flattering and it s nice they are a little sexy for a loose top becaus e of the open shoulders i hope they come out with more colors for summer because the colors on this sweater are cute the fabric is good quality and not too thick for spring the fit is tts i love this brand and their different styles of tshirts extremely soft washes well and wears w ell the shirt runs a bit large and i usually wear a medium but in this brand i am a extra smal l or small i bought this top in black n moss they are of a great quality n love that u don t n eed a cami under i do like them very much except that they re a lil too billowy in front for me when i gathered excess material on the sides it looked much better the black didn t look as lar ge black is slimming i love the neck and the material haven t decided yet if i m keeping or returning i love this tee i own it and wear it nearly every other day in black and purple soli ds and ordered 2 of the prints wish that the purple gray floral print would restock since it so ld out before i could purchase it only possible negative is that i am careful not to tumble dry it due to other reviews of its vulnerability to tears or holes so i hang it up to dry after mac hine washing i read that it runs a bit large so i ordered and am thrilled with my medium this is better than the original tla t shirts from last summer better quality not sheer great fit i bought both the white and the purple love tla tees these pants are very comfortable the mat erial is light so they will be perfect for a warm spring day or a cool summer s night purchase d the xs blue love the fit and light material perfect casual tee for warm weather no shrinkag e after washing in cold water and minimal wrinkles when hung immediately t la is such a great b rand for t shirts this one is so soft and comfy and the yellow color is a great neutral yellow i bought this tee in most of the colors available that s how much i liked it it s not tissue t hin it s a good medium weight it does t hug the body too closely i am 5 4 and 140 lbs with a little post partum belly and this is a really flattering tee in m love the shirt the green is such a vibrant color and it fits great my v shape figure broad shoulder narrow hips waist no t well defined looked completely square in this not flattering at all perhaps better for othe r figures easy breezy comfortable light weight tee reference 100 5 1 32a ordered size x s the suit is pretty under the neckline where the two orange panels meet the white center p anel that corner puckers a bit this will not happen if you have a larger chest than my 32a or have a longer broader torso so that the fabric can stretch out thus pulling that merging area f lat the sides cut out lays flat when you stand up straight and gapes when your turn bend to the side i think this is expected the bottom section on the back c incredibly soft great to dress up or dress down i must have summer tee i picked up this tee in store where they had a pattern that isn t pictured here purple floral on a grey background this is a loose fitting tee and usually the loose fitting tees i try on at retailer are really unflattering however t his one fits great and is flattering the fabric is wrinkle resistant and comfortable this top will definitely be a staple of my spring and summer wardrobe considering ordering in other colo rs \n\nfor reference i m 5 5 145lbs 38 30 40 measurements 34ddd a perfect basic tee \r\nloved how soft it is not worth full price but definitely one to add to your cart once on sale i ve never bought a tee at full price in so many colors i love this tee it s quite possibly the mos t perfect fit ever the material is thick and hangs well without being stiff or bulky i m 5 2 117lbs usually a small petite or 4p but purchased the regular small so i can wear this with skin ny or regular jeans i purchased the purple navy and black and may go back for the yellow the white is still a little too sheer fir me otherwise i would have purchased it wish they had a li ght grey versio i m not petite but i am short at 5 3 and while these fit in all the right place s the leggings are about 5 6 inches too long i m still deciding whether to return or hem but the hemming would have to be professionally done with this material bummer i love these t la t ees and i buy them often i find them to be very versatile and super soft i have several color s and they hold up well if you wash and hang dry i am a small in most retailer tops and these a re no exception they wear well under jean jackets or even a long sleeve button down shirt i m extremely pleased with the quaiity of these leggings the material is comfortable and supportive without feeling too restrictive the pattern ans styling are slimming most importantly they do n t slide down during your workout i m 5 8 and a size 12 14 and the large fit perfectly i go t this in the color listed as pink it s not a usual pink the fit is good not too tight and no t too loose the length is good for a tee i ordered the white tee in xs and am returning it it runs tts had a good fit but i didn t like the material at all maybe because it was white but it was see through like a tissue tee that i would expect to get little holes in it near the wa

ist the sleeves are gathered in the center of the sleeve   i didn t like the way that looked i just received this swimsuit today and love it   i was a little hesitant to order with the cutout s but i feel it is very flattering \r\ni was choosing between an xs and s   i ended up going wi th xs and am glad i did i think going up would of caused gaping on the sides \r\n\r\ngreat suit only comment is in the description i believe it said the straps are adjustable but they are not also there is light padding which i appreciate denim is a little heavier than my other pilcro stet jeans but i love the wash and the broken in wear on the upper legs and pocket i mostly ap preciate how little they stretch out during the day just enough to be comfortable but without l osing their shape they seem a bit more fitted in the hips than the waist but i prefer jeans t hat aren t tight in the waist so these are perfect for me i purchased the same size as all my other jeans and they fit just fine i am 5 6 and the hem fell right i love the colors the mate rial the design details especially the white pattern at the end of the sleeves   the sweater i s super soft and cosy i got it in s because i wanted it to be nicely fitted i am on tops betwe en s and m i am of tall   narrow build and athletic which means i have well developed but stil l slim muscles in my chest arms and shoulders to accomadate that i often need m even though th e rest of me is an s   anyhow i was a bit surprised in s the sweater fits very snug i i love this t shirt it is so soft fits true to size and great with jeans or shorts i purchased in ye llow and plan to purchase other colors this is comfy and casual and fun to wear   moss ombrã i s darker and less ombrã than pictured so i wish i had gotten the other color way instead   i c an see myself wearing this for running errands grabbing take out and other important things lik e hanging out on my couch   definitely size down or this will look too wide   boxy okay so in terms of quality i m not sure these are really worth the price given i paid 18 for similar pan ts at a cheap teeny bop store but i do love them the legs are much wider than they look on t he model but the shirring at the waist and the inverted tucks below the shirring make them hugel y figure flattering i found that they did run a little large but couldn t size down so i hope t hey don t stretch out   bought xs 5 7 115lbs the shirred waistband is a little loose but i li ke how t i ordered these tees in the navy and pink thinking that it would be a slam dunk given i already bought 3 of the same tees last year not so this year s version is much bigger   almost 2 inches wider and about 2 inches longer there was even a 2 inch difference between the pink an d navy version so i have to assume that sizing may vary among different colors too bad for me but i did read a review that thought the tees were better this year i guess we are all differen t at 5 7   115lbs i prefe i picked this up in the store during the retailer weekend sale i use d to have a similar long black stretchy skirt that i wore until it fell apart things i really l ike about this skirt are that it s basic black but has some interest in the small swiss dots in the top layer and it s stretchy the yoga pant waistband seems like it will be very comfy and a lso allows you to adjust the skirt length a little bit depending on whether how much you fold i t down it is lined which is a big plus i was i was worried this sweater would be too tight b ut it has a very flattering fit i am a librarian and this sweater makes me feel like a quirky l ibrarian i love it i found these jeans on the sale rack at my local retailer they were the ve ry last pair and in my size i couldn t believe my luck   i tried them on and was very impressed with the fit and feel of the jeans thyre soft yet substantial they retain thier shape   love the worn in look to them   so adorable   nice slouchy skinny jean   i stayed true to size i love these jeans they actually look better than the picture and you cannot beat the sale pric e they are a boyfriend fit but you can order your normal size usually with boyfriends i have to order one to two sizes down with skinnies and more fitted jeans i am a 29 and that s what i got there is no sagging or stretching out after wearing them for a while the wash is absolutel y beautiful   very worn hopefully the holes in the knees won t get even bigger i have worn and washed them now q this is a very nice bra upset though because this is the second time i have o rdered something from retailer and the place that the product was made was incorrect on the webs ite bra was made in peru and website said usa makes it very hard to be socially responsible on this website not sure i will continue to shop retailer in the future because of this i bought this dress in a regular xs i am 5 3 and 108 pounds i have a long torso so the regular would f it better than the petite although the overall fit of the dress was good the straps could have had about an inch taken out and the pockets gaped open in the photo the mode s arms are laying over where the pockets would be which fall on the seam and when i tried this on the dress fit beautifully but the pockets gape open on the sides and it looks like little wings from the front the dre i get nervous ordering clothes online but that was my only option for this dress i love everything about this dress and i love the pockets i ordered both colors but ended up keeping the green in petite xs b c the red in xs was just slightly too big both colors are gorgeous an d i agree they have a retro 70 s vibe just a tad itchy but not enough that it would make an un dershirt absolutely necessary i ll probably just wear it alone i think the regular size would work for most petites b c it s not ridiculously long i would suggest sizing down in regular if

you re petite though for instance the regular xs fit noticeably larger this skirt is great a classic the little dots on the skirt give it some character while remaining a simple black and flattering skirt the material lays nicely and flat it does not make me look like i have a stom ach the skirt fits tts i am a little afraid that the waistband will stretch out over time so i might exchange it for one size smaller overall i love the skirt absolute best pair of yoga pa nts they are the softest material so comfy i m 5 3 125lbs with a curvy figure and the m fit perfectly since i only wear midi skirts love the length of this one the regular medium look s as pictured on me well made and the dot texture is sweet bui will be returning as the skirt is literally very heavy and the gathered waist is unflattering on me this reminds me of the 197 0 s the fabric is soft and it looks just like the picture i m ordering it in line in a petite my store doesn t carry petites it s typical moth quality and fit perfect very long shirt i h ave to tuck it in i love the lipstick design and its great quality material its really soft an d cotton breathable this is quite possibly the greatest jacket of all time i ordered it with t he layered luna dress in grey and i am now giddy with excitement to wear the combo very chic i am confident this will be a staple in the years to come for reference i ordered my normal si ze xs 5 5 115 lbs muscular and did not find it to be too tight in the arms and i have fairl y broad shoulders i did not try it on with long sleeves but i still think there would be adeq uate room i wanted to really love this because it s a bit more styled than a plain tank but th e front and back both poof out and i felt like i was wearing a maternity top just didn t do my body any justice loved the top and that part fit great but the bottom part was too poofy and sadly not a good look at all on me i was so excited to see this shirt in petite sizing for ref erence i am 5 2 105 lbs 32a chest with a thin but athletic build i love the feel of th is shirt it is made from a tencil blend that gives it a nice weight and drape because i don t have much of a chest i do think it is a bit low cut on me i will probably wear a cami undernea th next time \r\nit is a pretty versatile dress up or down kind of piece which is why i chose it i gave it a four star rating only because it is ama s this is an amazing jacket it fits per fectly through the shoulders with enough give to make it comfortable i love the color and the feel of it as well it will be perfect for the spring and summer evenings absolutely love this jacket soft nice amount of stretch and the fit is beautiful i m 5 7 with a long torso and was happy with the length on this too motos are sometimes tricky for me totally cute and vers atile worth full price i love this jacket it has great structure and lays nicely while stil l have knit arms and a lining don t try this on if you aren t prepared to buy it because it s a mazing color is more of an olive than a khaki to me as it appears in this picture i am 5 5 1 35lbs 34c and the small fit perfectly definitely consider this as an investment piece across many seasons i ordered this jacket thinking it would look good with so many of my current outfi ts i m usually between a small and medium in jackets so taking the advise of the other reviewe rs i went with a medium while it fit in the arms just fine the torso was tight i couldnt e ven zip it up i guess i should have gone with a large after mulling it over i decided to just return instead of exchanging i felt the jacket had a much harder edge to it than my style is i was very impressed with the qu i got this jacket thinking it was going to look different on me while i ended up returning it it fit me nicely and was good quality it just wasn t the look i was going for ordered this jacket in the holly color thinking it would be brown per the photo b ut when it arrived it was more olive green it is a beautiful well made jacket but i already ha ve two olive green jackets don t need a third if they bring this jacket out in brown i will def initely order i order the xs and it fit perfectly i bought the navy ivory patterned one in siz e 16 i loved the details of the faces so much that i ordered a second one in the same pattern o n sale now i see they re still available on clearance so i have a 3rd the ivory with pastel s tripes the length is perfect it s comfortable washes well and has personality i love these i should have bought the other whimsical prints i ve had good use out of them this summer and w ill in the colder months too got this on a whim and boy i m very pleased it s flattering and t he material is perfect for spring weather size up as mentioned by other reviewers so i ordered both sizes in this small and xs i m 128 lbs and 5 4 and the xs fit me at first i wasn t su re about this piece but after getting it on it starts to grow on you the top part of the jumpe r fits really cute and the bottoms are very wide and can be long i did get this at a great pri ce so i m going to keep it don t know how many times i will end up wearing but thought it would be really cute to wear out on date night with my husband i agree with the others this is the type sweater that hooked me on retailer ten years ago i love my new sweater i do recommend wea ring a long sleeve tee underneath the sleeves are itchy this is a great swingy tank for summer and the smocking adds a nice design element to an otherwise plain white top i typically wear a l sometimes xl in tops from retailer but the l in this is pretty loose i am hoping it will s hrink down quite a bit in the wash otherwise i really love the top and now that it s on sale the price is definitely right i wish the black one was still available this tank is well made

and the top part is doubled partially so you can get away without wearing a bra if you wish
i m 5 1 and tried on the standard xs in store because xxs was not available it was a little bit
longer on me than on the model pictured the pin tucked area fit well not too tight or loose an
d the bottom part was flowy which i don t mind i expect this top to shrink in the wash a tad wh
ich would make it perfect for me i opted for the white vs the black because i love the pi nice
sweater i love the detail in the front i didn t like that it was lined it seemed too much l
ike a jacket instead of a sweater to me nice details on the sleeve but the sleeves are a bit lo
ng i have found many retailer cardigans to be a bit on the small side so i sized up with this s
weater \n\nno need to do that this sweater is true to size \n\ni am usually a large and i felt
the xl was too big it fit like a jacket instead of a sweater the sleeves are too long for my l
iking i like 3 4 sle this bra is obviously very pretty and feminine but i was surprised that i
t s also really comfortable it provides a pretty good amount of support especially for an unli
ned bra and feels pretty sturdy despite there not being much there my 34b fit true to size i
love this sweater aside from it being absolutely adorable the quality is great and the sizing
is accurate i have received so many compliments on it so far and honestly i want to wear it ev
eryday the sweater is super soft and comfy and of course i totally recommend it thanks ret
ailer i love the design and color of this jacket when i saw it pictured i thought it was a v
est the sleeves and collar are made of a contrasting type of fabric the sleeves are a knit but
fit in very well with the design of the jacket \r\ni ordered a small because i had ordered a sma
ll in a vest made by the same manufacturer \r\nthis jacket runs smaller the sleeves were very
tight and overall it was just too small had to return it this brand makes the best jackets
i got a vest from them last year and an olive moto jacket both fit amazing this one is no diff

ht gray color that you don t see too often in jackets this is a jacket i see in my wardrobe for
years to come must have i received this today and totally bummed it s not cold enough where i
live to where this yet this style of sweater is what initially hooked me into retailer it look
s like one you d have up in your closet for years good quality feels nice and i love the deta
il on the sleeve kind of wish they d put a little detail on the back maybe a peek a boo detail
of a small flower or another ladybug but overall i m very pleased i bought this top in the blac
k with the dobby 4 shorts in grey and wore them as a set 2 of the 3 days last weekend \r\nmind
you i am tall but the neckline is lovely the smocking creates a nice close drape and the len
gth and the fullness in the bottom perfectly offset the short short concept got lots of compli
ments with the 2 \r\ni generally wear a 12 and ordered a medium which was fit nicely with enoug
h room for a wash and dry going forward i absolutely love this blouse it is so soft easy to we
ar and can be worn with so many things i m 5 3 135 pounds and got a small regular i could v
e gone for the petite but decided to do regular love it first off this jacket is more of a gre
enish hue in person which i personally love over the tan i was not sure how the sleeves would
be after a few wears since they are not canvas but they are holding up and not stretching out
there is fleece inside the sleeves for extra warmth since it is not the best layering jacket ov
erall if you re considering this jacket take the plunge like i did order your usual size for
perfect fit or size up if you re hoping to layer i loved this jacket it is very cute until i wa
shed it i followed the care instructions and it still does not wash well the arms shrank about
half an inch making them a little short i have been rolling them up hi i bought this top for m
y daughter she absolutely loves it the fabric is very substantial it flows really nice if i
was younger i would buy one for myself lol took a chance without trying it on and ordered onlin
e i love everything about this sweater fit is on the spot details are pretty and wonderful
try it you won t be disappointed this is my third marrakech jacket in as many months i love i
t i was hesitant to order it because of the beige color luckily it is more of a green beige i
t is a very flattering jacket and yes you do want to size up this jacket is so comfortable i u
sually leave it on when i get home because i don t want to take it off i am 5 5 34 b and the
medium fits great i ordered this in black in a medium i ve ordered several deletta tops before
and the mediums fit great but in this top i think i could have done a small i don t want to has
sle with returning it tho and it should work fine hi there \r\nif you are looking for a shirt
you can wear all summer long this is it soft a little darker than shown in the picture which
i like better and super comfortable it also keeps me cool in these hot june temperatures a g
reat blouse to throw on with shorts or white jeans and it can easily be dressed up for casual f
ridays at work it is definitely oversized but no more so than all clothes these days i stuck
with a size small and usually wear a size 4 6 in tops so if you are ti this looks just as pict
ured it s comfortable but dressy i love it i am really impressed with the workmanship of this
jacket as well as the fit it really does fit me well and has a cool look the quality is re
ally worth the price thank you retailer i saw this in store but they didn t have my size and

i balked at the price however i kept thinking about it and once i received it from online i no
w think it s well worth it the quality is very nice and it fits tts i like that the arm materi
als is stretchy i ve worn this with jeans but will also wear it with a skirt to the office it
s got enough weight to function as a light spring jacket the color matches the photo and is a n
ice neutral to go with many things fabric quality is good pattern is pretty in person very co
mfortable i m not sure if it s because i have an ample chest but unfortunately it looked like
a maternity shirt on me it looks good from the front but from other angles it looked bulky i
tried in both white and black and i think the white looks better the smocked top is more visibl
e this is a bit more jacket ish than i expected the material is kind of scratchy and it was h
eavier than expected it has a lining in it like a jacket lining i wasn t a fan of the clasps
on the front i guess they are meant to be invisible but they are literally little metal clasps
it is more cropped in the length than i expected and i don t have a particularly long torso i
like the embroidery the pattern is lovely the fit is about spot on i am about a 12 14 with a
38c bust and the l fi as stated by others this is the type of unique retailer product that i lo

i m looking forward to wearing it as soon as we get a bit more cool here congratulations retai
ler for a winner i bought this tank on a whim without trying it on in the store in black the
detail on the front is cute and the peplum is really cute without being frumpy at all i am usua
lly a small ocassionally a medium in retailer shirts and i bought this in small it fits but i
feel like i could have gone up to a medium it s just a little tight across the chest but i do
have more broad shoulders than most so maybe it s just because of that the fabric is nice and s
tretchy so i might be able to get away i love the simplicity and modernity of this tunic howev

than i expected based on the fact i figured the model was at least 5 7 and this looks to be mid

the length was perfect above the knee but not too high love it adorable comfortable i m 5

really made no difference at all the biggest difference would be the under cami the dress is f

decent quality and very casual i am not going to keep this dress just because i am a little too
old and need a little more structure for my figure but it is a very cute comfy throw on dress
you could wear tennis bootles etc \r\nespecially great for a pretty slender person then the
loose flowy style is still attractive i am quite happy with this dress i was wondering what the
colors would look like in person and i m happy to report that the skirt is a nice mellow orange
coral beautiful detail in the patterns used here and i always like a dress that has great colo
r play close up and far away for reference i am a size 16 full figured with a 40 c bust and
the size 16 was just right for me sometimes with maeve dresses you can size down but there is
no stretch to the dress or the slip so that is someth sometimes i feel like i have to try on t
he dresses that sell out super fast just out of curiosity and sometimes they re surprise hits
like this one i tried on the purple black blue option and i had to have it it is boxy through
the torso but the length keeps it from being too cutesy it s pretty short i m just 5 5 and
i m not sure this is work appropriate without tights i may have to try though as otherwise it
s a great workable dress for summer not too tight or revealing in the b i absolutely love this
dress i bought it in the blue the brown and the pink colors it is incredibly flattering t
he one interesting thing that i found is that the pink dress seemed to run smaller than the othe
r colors so happy with the style and i have gotten so many compliments when i where them i b
ought one of each color love them all they fit well and are very soft washing and drying them
are not a big issue either i didn t notice any shrinking i wear xs and s depending on the fabr

being overly baggy the tail of the shirt reaches just below my butt if you re going to wear th
is with a pencil skirt or low rise jeans the buttons on the side might get in the way a little
but that doesn it is a beautiful dress light and delicate i got my usual xsmall 5 4 34c 1

y cute dress i bought this dress for a fall wedding and upon receiving it was very impressed wi
th the quality of lace and the color however upon trying it on the seam up the back was slit so
high that my undies were visible i would like to assume that the dress that i received was defe
ctive it didn t really make sense given that the length of the dress was appropriate i did n
ot have time for a return so i had the seam completed after that alteration on my own dime i
was very happy with the dress and i saw this online and thought it was so pretty so i ordered a
large even though i m usually a medium in retailer shirts i thought i might need the extra room
to layer i was in the store returning something and they had a medium and a large so i tried bo
th and the large was way too big in my shoulders and chest even with a sweater the medium was a

ashed out not for me but cute for teens and early 20 s this dress is sweatshirt material and a lovely soft grey aqua color i purchased a medium and it is an inch above my knee ii am so tired of seeing woman my age and much younger in jeans i am wearing this to a cooking class and it is perfect because it is so comfortable it is a great replacement for jeans the fit on this dress is super flattering i am not normally able to wear a sheath but i felt great in this one i am definitely a pear shape bigger on the bottom than the top one of the things i really love about this dress is that the size that fits me through the hips fits me on top this is not often the case i am not sure how this would work on someone with a large bust or an apple body type but i felt great in it i also love the colors i bought the green and blue i have worn it once i really was excited to get this dress the design is great very nice quality it does seem to run small on me in the booty belly area that or it is just tighter than my liking overall it is a nice dress i plan to get a mint cardigan to top it off and a thin cognac leather belt to be honest i bought this dress as a ride along so i would meet a free shipping minimum in order to purchase the dress i really wanted i wound up keeping this dress and returning the one i originally wanted it s pretty flowy feminine i even like the uneven ish hemline which normally doesn t appeal to me it runs a bit large you might want to size down i got it in the black and tan even though it s got short sleeves and is sort of summery it will make a good transition piece to fall this is such a good dress to just throw on and go the inside is lined with fleece so it s basically a giant sweatshirt it does run large i normally wear a medium and i bought the small but could have bought the xs if the difference in length between the two hadn t been about a foot i am tall the color is actually a light mint not the grayish blue it appears in the picture overall a great purchase though i was so excited to receive this dress it even has embroidered loops on the hem of the slip underneath which was such a cute detail it s very pretty on that being said i ordered a size 4 which fit me perfectly 150 lbs but ladies i do not mean this in any way but in my personal opinion my arms are out of shape not toned and flabby the sleeves on this dress will not do you any justice it will make your arms look worse because of the shape of the sleeve so keep that in consideration if this dress makes you feel like a little kid it certainly helps that it is an excellent twirling dress for sure i wish it had a little more definition to the waist it just barely works for larger chested women definitely on the line from being a little too baby doll shapeless the colors are so beautiful and the fabric so light that it s hard to pass this one up it s just too beautiful i recommend it but it s probably not for everyone on this great vest i wear it all the time it s soft pretty warm and durable love this is a gorgeous lace dress well made true to size a little tight in the neck but not unbearable lovely for any occasion i got this to wear to a fancy wedding it will be my go to dress for fancy occasions like others i was drawn to the collar fabric and overall look to it \r\n \r\npros \r\n thicker fabric so it hides lumps and bumps well \r\n collar is so classy but i am drawn to anything with a collar \r\n pockets are a nice touch \r\n \r\ncons \r\n thicker fabric and polyester got hot rather quickly in it \r\n runs a tad small if you have hips there was only a medium at the store to try on and it fit everywhere but the hips it just didn t flare out much for me being hourglass a large i wasn t sure about the dress on the rack lace can either look amazing or make you look like a doily it was on sale so i figured why not let s try it on it is gorgeous on true to size i am usually a 0 and the 0 fits me perfectly the quality and tailoring is amazing it is a heavier dress with the lace and lining so it may not work on a super hot day overall i love the fit and quality of the dress i love it even more on sale this dress is absolute perfection the quality of the dress is great the fit is comfortable and it s such a fun summer dress the slip underneath fits perfectly the outer layer is delicate yet durable i saw this dress in the store in the coral color and tried it on i am 5 4 34b and slender to athletic build i wear the size 2 in this dress as far as sizes go for retailer i would say it is tts the slip fits like it should and the dress is flowing it is not see through as were some of the other silk dresses this summer it feels so comfortable and makes me feel pretty it is a flowing dress and meant to fit that way i waited for it to go on sale and the day it did i purchased it this dress is really sweet and flows well i love the fabric and the colors are soft this dress is perfect for hot summ days and is so comfortable you could dress it up with fun sandals or simple wear flip flops i love how the seam around the bodice drops lower in the back it s very flattering i bought a small i love everything about this vest comfortable and cute great transition piece into spring this cute dress highlights some trouble spots and emphasizes good parts too so i m happy but not ecstatic for myself the sleeves are tight and so is the fit across the back and shoulders sizing up makes the voluminous skirt overwhelming the skirt is already a lot to handle in my regular size the good part is the pattern swingy silhouette and it covers my tummy i have thick arms wide bust round back and meaty shoulders 140 5 3 36d and purchased size 10 i fell in love with the dress when i saw it but i was worried about a few things before

ordering it one comment mentioned that the slip underneath was tight in the hips yet as a size 30 in pants the slip was still fine the other concern was the length i was worried that the dr ess would be very short compared to my height however it was a good length in the front and th e back was came down longer than the front which helped the overall length overall i ordered a size 6 and it fit well in really stretchy and therefore not a whole lot of compression love the floral pattern and the color but they re also surprisingly thin they ll be good for yoga in th e summer months but i find them to be too thin to wear outside of the gym and i like a legging i can feel comfortable in running errands to and from the gym too fit true to size so much pre ttier in person love it i m a size 2 in retailer and a small in this vest even over a sweater still left quite a bit of room bought this because i don t have a puffer vest and living in san diego i wanted a layering piece it s much cuter on but it does like much of retailer s clothe s run a bit small got tons of compliments on it when i wore it while shopping round town very pricey but since the hood detaches and it s reversible i guess it s worth it treat yo self i bought this a few weeks back when i saw it the blue one in the store i touched it and it wa s extremely soft and even plush like i tried it on and found it odd that this cloth and stone g arment like other viewers stated fit my bust and hips typically they don t i love the side bu ttons i wear mine opened half way my only complaint is i ve washed it like the instructions st ate and my blouse is no longer as soft as it was before and it needs to be ironed as it wrinkle s easily i still li comfortable and true to size it fits more fitted on the top and very swing y flowy on the bottom i got a petite and the length was perfect if you like to wear very high heels you may want to go with a regular as its a tad short in the store i was immediately drawn to the blue white combination but on the opposite side of the rack hung the spring colored one which i ultimately tried on it was obvious that the dress was a bit oversized so i chose the s maller of my two dress sizes 10 to try on this was the right choice but it was still really big i am not sure that i could have gone down another size mostly i wear a 12 in dresses that are fitted due to my bust 36c and broad back shoulders from the front th first this pictu re does not do this shirt justice in fact the hanger does not do this shirt justice you must try this shirt on it drapes so well not as soft as some cloth stone tops but it is still ve ry soft the slightly stiffer feel makes it easier to dress up there s no pockets which is nic e in a button down it drapes in a very flattering way i ve never been happier with a cloth sto ne garment i normally wear a small in this brand and that is true for this top as well howeve r nan this dress is extremely feminine the liner is the unsung hero here it s cleverly design ed to be fitted because on a windy day and the dress flies up it s a saving grace it has snap buttons and can be detached the fabric is opaque so the dress is not see through the fabric of the dress is sheer soft and smooth and i thought it was silk until i read the tag which listed as viscose the details of this dress is breathtaking from the flower design check out the bot tom horizontal lines of t purchased this today at my local retailer been eyeing it a while think ing i would wait until on sale until the salesgirl whom i know said it was their second shipment and all have sold out knew i needed to splurge i tried on the small and x small and wound up g oing for the small i did however try on 3 smalls and two of them were way to roomy but the thi rd one fit like a charm it was quite a bit slimmer in body than the two smalls strange but true i do have room in it i am a 32 c to 36 b and saw this dress in the blue motif and thought it wou ld be perfect for a summer outdoor wedding i m 5 4 125 lbs and ordered a size 2 it fit true t o size in the shoulders bust and length but did not fit as pictured on the site it looks in t he pictures like there is some shape to the waistline without being too fitted which i like on me there was absolutely no shape it just billowed and looked really maternity 15 bucks for alt erations to take in the sides and now it s my favorite darn thin such a cute dress it was just w ay too big in the back of the dress too much fabric it just hung with\r\nno form around waist it appeared more fitted on the model than the one i received dress was quite\r\na bit longer in the back so i felt like the front was riding up just in the minutes of trying it on \r\nsadly i have to return it it did come with an underneath slip which was necessary as the fabric was ver y\r\nthin \r\nrecommend with caution to sizing i wasn t sure about this dress because some of r etailer s cloths can make a women appear older before her time i have to say that is not the ca se with this dress i ordered it with the green and mint patterns in my normal size 2 this dres s could not have been more beautiful on i m 5 6 115lbs and it fit perfect the colors really co mpliment my dark hair and fair skin i won t even need sunless tanner i highly recommend this d ress and placed the designer on my list to try out again this dress is to die for it s exactly as pictured beautiful quality and extremely flattering all the lace and lining make it a sligh tly heavier dress i can imagine it getting really warm after a while in the summer sun but it would absolutely be worth the bit of sweat to wear this gorgeous dress nan love the colors lov e the design and sure to keep you toasty im usually a size 0 or 2 so i ordered an extra small it felt a bit roomie i love this top lovely light airy material though i don t think i ll we

ghly recommend it especially since the material is linen and cotton whic i am 5 6 and wear a me
dium i ordered an 8 and a 10 and am keeping the 10 which is a little large but importantly i
s a full 2 inches longer than the 8 this is important to me because several of my casual pants
begin a couple of inches below the waist and as noted by another reviewer and as is evident on
the model the top hits just below the waist also it is cotton linen and may shrink since it
is ivory i assume it will see a few washings i don t want to worry about the gap but i the
quality of this jacket is outstanding color combination is very chic and sophisticated jacket

d was quite pleased the pink color is rich and i love the cut work it has a bit of a sparkl

half tucking it the pink color is very nice it is gauze material so of course it is thin i
usually buy 0 but this 00 was great also there was no petite in the pink so can t comment on
nan i found this top in the roc center store and knew i had to have it when my usual size 2 was

g the fabric is thicker than i thought it would be and had a deep texture when i first took it
out of the package i thought it would be a send back because it looked kind of square shape
less but once on it took on a whole other look saw this top on line and thought i would give
it a try i am glad i did there is not a thing wrong with this top cute design nice weight fa

g its limitations it s beautiful and i bought it even after reading the other critical and accu
rate reviews because i so loved how it paired with the skirt unless you size down the rigid for

m of the embellished straps will lie funny and the rest of the top fits bizarrely as it is both short it could almost expose the bottom of your stomach and has lots of fabric so it almost fl ows out all around you accentuating your stomach and ma love this top with swing loose tops i always size down i m 5 1 115 34b and took a 0 it fit very well i tried a 2 on as well and i could see what the other reviewers were saying about the top part not laying flat so size dow n if you can i got white so i use a nude bandeau bra with it works well this is a really uniq ue and well made top i saw it online and thought it would be boxy but when i tried it on in my local retailer it fits perfectly and i love the shape i bought the size small i will say this is not a long shirt skims just over the belt line so i will be careful when laundering i will be getting a lot of wear out of this goes with absolutely everything it s very comfortable and versatile can be dressed up or dressed down great thing to have in the closet when you don t k now what to wear i held my breath as i slid this on for the first time right out of the package the size 8 was perfect for me usual medium size 8 short waisted 34f this blouse is truly a find luxurious linen in a unique appealing design excellent fit the pleat at the back gives nice room to make the fit just right the v neck is not too deep thankfully bra friendly the slightly lower back length is stylish but not extreme and finally admirable craftsmanship i h ighly recommend this will feel di the color and weave of this sweater is really beautiful and i t looks very expensive it is heavy this is not a lightweight cardigan so save it for the colde st of days i wore with a white tee like in the picture and jeans and i did have to roll the sl eeves up like the model i m not sure that i have a jacket that would fit over this sweater beca use it is somewhat bulky but i am still very happy with the purchase you could wear this at ho me to lounge in or out and about for casual outings i really feel in love with the details of these joggers and they did not fail me when they arrived i haven t worn them yet but tried them on and they seem like nice little relaxed wear with a tee shirt i can see them being worn with a cami in warm weather or a relaxed tee shirt in a variety of colors all in all very versatil e and i recommend them this sweater is the kind of find i hope for when i browse the retailer website or walk into the store i tried two sizes i sometimes wear an s and sometimes an xs t hese days and after trying them both i felt that with this sweater it was better to err on th e side of snugness the hooks and eyes pull a bit but i won t be fastening this all the way to the top the smaller size works better to hug my waist before the peplum flares out the color i s a dreamy pinky nude more pink than nude an love this poncho plan to take it to europe thi s fall warm and cozy yet not constricting great neutral color this skirt is great for the off ice but also stylish enough to wear out to drinks dinner afterwards i think it fits a little b ig i m usually s and i ended up with an xs \n\ni think the tan is a little cuter than the gray in person so i would recommend this one love this skirt because of the colors the unique styl e and for a knit skirt i m very impressed that it maintains shape throughout the day great ski rt to own received several compliments had to size up from a 2 to a 4 28 waist and 36 hips the size 2fit snugly and not very appropriate for work but great for a night out the size 4 is still form fitting flattering and work appropriate very comfortable going up a size without co mpromising the form fit this sweater is beautifully detailed however it seems too spring like to be for sale before christmas very pretty the cut may not be for everyone it is like a pepl um on the bottom and looks best open as shown on my busty top 36d it seems cut slightly larg e but i am keeping my usual size medium i ll keep for early spring colors are as shown detail better in person i was looking for a coat to wear over dresses this one is the perfect length and works over all lengths of dresses and looks awesome with jeans too my only concern is how it will hold up in the rain it hasn t happened yet this is a beautiful sweater i love birds this cardigan is not my usual color choice but the details were so beautiful i had to buy it wh en i saw it at the store the birds and flowers are detailed with sparkly little beads that are prettier in reality than you can see in these photos it s also a versatile piece that can be wo rn in many ways and dressed up or down i m only 5 1 but i didn t need the petite which is goo d since it is sold out in petite the sleeves are cropped so they don t hang too low for me th e sweater is hand wa this is a great looking sweater very nice quality and is a great design c an wear with many colors love the look of this sweater and how it lays with the extra attachmen t on the bottom of it to make it kinda have a floating and airy look nice this skirt is ni cer in person the fit is a little strange the waist is tts but rest of the skirt runs a size l arge i am a curvy size 8 and purchased the 6 based on another review the waist is a tad snug b ut overall the skirt fits it s too beautiful to return i was uncertain about purchasing this d ress wow so glad that i did i m 5 5 and 138lbs i can wear a small or medium so i ordered bot h the small was plenty big enough wore it to a family event and received numerous compliments so different from anything else and classy with the longer length thanks for a great dress i h ope that it cleans well i ordered this in the chocolate color which is really a pinkish taupe brown but i love the color it s neutral yet not too pale just the right hue to go with almost

any color and the style works with any outfit from jean shorts to a dress i love how soft the knit is although i worry it might be prone to snag especially the open weave sections i also love that the sleeves are full length fitted enough to be pushed up on my forearms yet i can pu ll them down past my wrists when i am chill i love the overall look and comfort of this piece m y only negative is that since it is not lined the folds in the material on the inside are somew hat noticeable especially in the shoulder areas i guess since it is a light color it is more o bvious to me but it is not something that would make me return it it is comfortable and looks great on this dress is so cute and comfortable i m normally a 0 or 2 and the xs is plenty room y even though this is a clingy knit the nice cotton under slip hides all the bumps and bulges only worry is whether or not the loose weave will pick and how it will clean but so far i am thr illed this is an absolutely beautiful skirt from the front gives a perfect hourgass shape with the strategic color blocking however if you have shapely hips and back side this will defin itely emphasize that had to take it back a little bit much for work and other formal professio nal events however if you re less endowed in that area it might work well gives a great shap e unique and well made skirt sure to turn heads embroidery is lovely def a statement piece for any wardrobe this runs large i usually wear a m so i ordered the m l reordering in next s ize down and hope that helps i gave it 5 stars because the knit is beautiful and quality looked great nan love this sweater it can look dressy or just right with jeans now if it will just c ool down i can wear it i am petite 5 2 purchased the xsmall and it is a little big but had to have this i would say runs a bit large i think it will be a great addition to any wardrobe while i wouldn t normally look at this piece the price was unbeatable i was even more impresse d when it arrived and i tried it on the design is reminiscent of an old time patchwork quilt fa iry tale more beautiful in person than in the pic the covered buttons at the neck and wrists a re just lovely and feminine and the dress falls and flows around me in a fun and flirty way i paired it with charcoal heather tights and dark gray booties super cute you won t regret it t rue to the verdugo style love the fit stretch but holds shape super comfy i wasn t sure if this dress would hang correctly on me and make me look shapeless but i m so happy with it the f abric is so comfortable and the tie in the back really helps draw it in so my waist is defined the length is great and it s super comfortable but looks polished this dress is beautiful and s urprisingly flattering i never would ve picked this up for myself but i m so glad i did it s also super comfortable these pants have substance in the material it seems thick i found htem to be very comfortable and love the tir waist detail my only complaint is they don t come in petites so on my short legs teh hem came jsut above my ankle i think htey would look nicer wi th a tighter shirt than pictured on the model did not purchase but keeping in mind for future i love paige jeans and these are no exception the wash is so so great a faded black charcoal grey it s like having two pairs of jeans in one i am normally a 26 in most jeans and that s wh at i took in these highly recommend i really wanted to love this dress the pattern is so much prettier in person i typically wear a medium sometimes a large in tops the medium in this dre ss was too tight in my chest the large fit my chest but was ridiculously large in other areas the front of the dress goes up pretty high for someone with a large chest and flows down ther e is a tie in the back but it doesn t do much to help with the shape in the front this dress is beautiful i normally do not order online because i am so picky with how clothes fit i am 5 4 a nd 138 lbs i recently had a baby so i am self conscious about my tummy area still this dress fits great and looks great on it s sort of a shaped but very flattering and still gives you a good overall shape the colors are a redish orange navy and creamish white i m having to exc hange it at the moment because it came in missing both buttons on each sleeve the buttons are n ecessa as soon as i saw this dress i knew i wanted it it looked perfect for travel and just co mfy as can be now i usually wear a large so i ordered one and patiently waited for it s arriv al however when i tried it on it was too big and the button on the sleeve popped off i would recommend giving the buttons a little extra support if you can i purchased a medium and it fits perfectly this dress is one that will work year round for a variety of events and occasions th is dress was so lovely in person but when i put it on ooh la la it is short i am 5 3 and i would not walk outside in this dress without something underneath it just needed one more tie r and i would have kept it for sure too bad beautiful dress but i had to returned because the size large was a little big i am 5 8 140 lbs and the m fits perfectly it is flowy and feminine but the tie in the back keeps it from looking boxy pattern is really nice great dress this dr ess is amazing it s perfect for a casual family or friend get together or a fall dress with bo ots the back ties to make it more flattering than just a shift dress quality of the dress is g reat and the material is very versatile beautiful dress love the colors and fit can be dress ed up or down the only negative is that the buttons fall off this is my third dress and it too lost a button the first time i wore it i don t live near an retailer store so i will be keeping it anyways as this is already my third dress my advice would be to reinforce the three butto

ns as soon as you buy it there is one at the top front of the dress and one on each sleeve th
ese jeans look better in person the pattern is more subtle than the picture online these run
true to size for ag denim hi these are really nice the material is thick they will probably
be warm in the heat they are made of 100 polyester if they were made out of linen they would
be perfect this dress is very pretty i love it people are not kidding about the buttons i wa
s prepared to reinforce them after it arrived unfortunately both buttons at the wrists were mi
ssing and they were not in the bag it was on sale so i m guessing they were lost before shippin
g i love the dress enough to keep it it will not be that big of a deal to replace them beside
s the buttons the dress is a very nice quality it is lined and has a nice weight to it i m ob
sessed with rifle paper co so i i love the fit feel and quality but i didn t realize these are
the new improved fabric denim weave that has almost no stretch i usually wear a 28 and i wish
i had purchased the 29 or 30 to accommodate my weight fluctuations the great thing about this
style is that i will not stretch out at the stress points unattractively the fabric pattern is
darling i wore it in amsterdam and was told it looks like a traditional folk pattern the dress
is lightweight and is loose at the waist sometimes i add a belt to cinch it in \n\nlike another
reviewer said the buttons do pop off easily i lost one at the cuff on the first day i wore the
dress i m 5 2 the length is fine except i d probably hem if i used for yoga pilates but i pr
efer cropped for those activities so these are just knock a round lounge pants for me they are
thin but not in a cheap way i don t understand why they re called french terry became that s n
ot what i see feel but they are sumptuous soft i like that the fold over waist part is stitc
hed keeps its shape for size reference i got the black xxs i m 115 lbs athletic apple
they fit look great clin really pretty not very itchy and a great sweater to dress up or down
i purchased this in the coral color and i am very happy with it i find it to run true to size
has a nice stretch to it but fits close to the body the coral is gorgeous and looks very nice

with the petite without trying on the regular size in hindsight i should have ordered both
but tit fit very nicely in petite so keeping it length is as on the model right at hip the c
olros of hte bow are well represented on the picture light pink light mustard yellow and navy
so i stil lthink it is neutral ebough to mix with other colors warm or cold palette love hte b
utton detial in the back i ordered xs an i had just bleached my hair really blonde and was in t
he mood for something pink so when i saw the rose color of this sweater in the store it fit the
bill nice and easy to wear a wee bit scratchy but not too bad nan this sweater is super cute
with the mock neck i love all 3 colors i typically wear either an xs or s in retailer sweaters
and purchased a s in this one now that i ve put it on again at home i m wondering if i should
have sized up to a m mainly due to the sleeves and hem of the sweater being short i m 5 6 and
126 lbs so not overly tall and don t typically have this issue i feel like the model who is
likely taller than me has to have on at least a size l and have the sweater pinned back i tried
this one on in the store and my typical xs fit perfect it s not too boxy in the waist like ever
y other sweater this season also the mock neck is not to wide and is flattering it sheds which
i do not like but not as bad as some the material is thin but warm i would layer it i fell in
love with the color and peplum design of this top online and decided to order it the fabric is
soft but strong and the color is just as pictured perfect for a casual shopping day or lunch
date out with friends i absolutely adore this shirt it is such a comfortable material and goes

otos great mock neck fits well and looks great with pants and skirts also love the dark grey color love this top the length is perfect and it is very stylish hope it will come in other colors because i would buy more 5 7 135 34c 27 28 waist love a thin pullover early fall weight great for layering or on its on darling with a skirt or jeans buttons down the back fo r looks bought the small tts fits like in the picture hits at the hip colors in photo are accurate would be darling oversized too it has just the right amount of fun without entering t he stratosphere of crazy cat lady level no bows on the back i d hand wash this one if you sti ll love bows but don t want to be mistaken for being this dress is so flattering and just beaut iful in person love it i m an employee and bought this top today i m so happy i ended up buyi ng it on a whim it s adorable and super comfy it s perfect for those jeans and a tee day i ca n t wait to wear it to work the color is gorgeous and the peplum adds a feminine detail without being too puffy in love i liked this as soon as i saw it the cross stitch embroidery on the front adds a lot to the usual striped top the fir is good not too right or lose i took a size medium which was good for my 5 140 lb frame the 100 cotton was a plus for me also the thin g i like the post about retailer is the uniqueness of the clothing i don t feel like i see myse lf all over town i washed this on the delicate cycle and air dried very happy to report that it washed very well and still looks new nan although this shirt runs a little large the snowfl ske and stripes makes it a classic very comfortable shirt i love the look and quality of this shirt but far too large i got a large because i prefer roomy shirts but this will go back i may get a small for reference i m 150 5 4 it s soft and not itchy at all itchy sweater is m y all time nightmare the design makes you feel like a snow princess i am 5 3 120lbs 34dd br a and take this in size small this is a cool fun sweater but beware of sizing i started out w ith a small which looked like i was wearing a child s sweater i ended up with a large which f its fine but is by no means generous to get the look of the model i d need to be in at least an xl i love the color mustard and design of this shirt however the description says it s made of cotton and i was disappointed to find when it arrived that it s actually made of 100 modal which is a big difference to me i also think it runs small i ordered a medium 5 5 125 34 c but would have had to order a large if i wanted the look pictured on the model finally the modal fabric is quite thin and i don t imagine it ll last too long without tearing i ll probabl y keep it because i l i purchased this on sale xxs petite and i m glad i did it s an adorable sweater but i knew the moment i put it on itch city bummer i wore it with a tank underneath and that helped it s a very warm sweater and the style is really cute looks really soft and co zy but i would say itchy and cozy i can not speak highly enough about this shirt i originally bought the navy one and then went back to purchase the other two colors the material is soft an d thin without being flimsy the fit is very flattering this dress is a lot of fun and would be great for a party or a wedding but unfortunately it didn t fit me right i ordered a small since i usually wear a size 2 but the waist was just a little bit loose while the dress was too tight across the bust this caused the dress to pull up in the front and make it look too high in the waist i guess i m just too busty for this dress too bad because i really wanted it to work it is a lovely dress versatile piece to finish out your look love how it goes with so much of my wardrobe simple comfortable and classic love the cutouts and embroidered detail of this top it swings away from the body due to the crisp cotton drape perfect for summer soft comfy and cute great for casual wear should ve bought in more colors this dress is especially beautiful in person the tulle doesn t snag and lays nice and flat not point this dress is easy to dress up or dress down fits comfortably and has some stretch to it the bodice does run a little high higher than what is shown in the model picture but lovely nonetheless i found this top at the beginning of the summer and waited until it was on sale to snag it but honestly wish i had gotte n it sooner and paid full price it s perfect with navy shorts or white jeans and can dress up o r dress down it s a little bit short on the bottom but definitely still flattering i would rec ommend it to anybody looking for something to throw on for an easy outfit definitely worth the sale price i loved this dress i am 5 ft tall and usually wear xs this dress i would definitel y need an xxs in i like things not too tight but this was too roomy so the style was lost it was a little long but i think that is because it kind of hung on me the material is light but substantial it has a lot of stretch to it which is very nice it has a silky feel could be w orn dressy or every day a very good dress all around waiting for the xxs to come in i would definitely recommend it this dress is the perfect combination of beauty and comfort the qualit y is excellent with a forgiving fit it could be paired with black heels for a formal look or fl ats for a an easy date night i just cannot say enough positive things about it i ordered this skirt and i was so excited when i first saw it the photo doesn t really do the colors justice the contrast of the bright colors makes this skirt one of a kind i returned this item however b ecause when i tried it on the pattern was just at the wrong place and emphasized the thighs for any of us pear shaped ladies the side profile of my thighs in this skirt was just horrible i l

ove the color combination and the bodice is very falttering it has a tiny bit of stretch the tulle is also feminine i love that i could wear this with a moto jacket sizing no need for petite it was short enough in regualr size i think petite would have been too short unless you are younger i love this top the fabric the color they way it hangs i m glad i tried it on in the store though because the v on the small went waaay too low so i sized down to an xs and it was perfect it basically fit the same as the small but with a higher v so my bra wouldn t show such quality went in to this dress it is beautiful the torso is lined and the tulle is not super poofy at the waist it is however not made for the busty gal i am a 32 dd the fabric comes in at the arm pits making for narrow coverage around the chest also this dress is short waisted it is almost an empire on me i wish it worked as it is lovely perhaps it will work on the someone super thin so sad about it for reference 5 3 130 athletic muscular body type broad shoulders slim hips \r\ni wanted to love this dress soooo much i wanted it for holidays and special occasions but my broad shoulders and 34d chest worked against me the criss crossed bodice accentuated my larger top and there wasn t enough poof in the skirt to balance me out i m sure this will work beautifully on other body types and i wish it worked on mine too a sparkly necklace or dangling earrings and a high bun are all you this dress is very pretty versatile and high quality i m planning to wear it to a wedding with the holiday season coming up i will definitely get to use it as well the fabric is very comfortable especially the top part it s very soft i usually wear an xs petite this dress seems to be a liiiiiittle too long for me and the waist is a tiny bit too loose from how i like it but it s manageable i have this dress in ivory top beautiful and different material like it a lot very happy with the purchase i don t even know where to begin this is a dress for all seasons but especially the holiday season i bought it specifically for the guise of a holiday part i can t tell you what a black velvet blazer and black patent leather heels did for it the amazing part is that i wore it to work with a cardigan and booties with no problem my coworkers were amazed but its transition i have a slim velvet belt with a antique ish looking clasp that i wore all day with it too and that was the cherry i love these jeans they have a great high waist thats tapered and supersexy long legs and some stretch but not to much the distressing is perfect and the wash nice and dark i ll be wearing these alot this top has so many details i love the material it adds a little formal to the casual jean i am waiting to wear this come fall weather with slim jeans and some boots it gives me that old victorian vibe without being still and formal i love this flirty well fitted dress quality material love it i usually wear a small but i just went to our local store and they only had a medium i tried it on just in case and it fit perfectly it is sitting pretty in my closet now so if you are a size small try ordering a medium and i hope it works for you as well this is a cute dress but just not a keeper for me the top portion of the dress is fairly snug i am normally a small in retailer sizes but i would have sized up the keep the dress from pulling so much across the bust otherwise it was cute and simple and the tulle was quite soft \n\ni think that i would have gone with a medium but i am wearing a small in the photo for reference i am 5 5 135 lbs 34c and 27 waist great little black dress for cooler evenings with boots or dress down with a pair of flats for daytime perfect fall dress is a great top for layering over leggings running errands or after the gym the material was thin i returned it because the color didn t look great on me and for the price i just didn t love it this dress is absolutely beautiful i love the colors and design however there are two issues with the dress for my body style 1 it s not made for busty girls i m a 34d dd and the small would have fit well i m 5 6 147 lbs but my chest did not fit so i tried the medium but then the overall fit was worse which led to another issue 2 the waist and pleating made me look a little heavy because i still have a small amount of baby weight spare tire around my waist which was highlighted wi i was apprehensive because of the long tail at the back of this shirt but it is very pretty with capris it s a nice casual dress that you can also dress up but unfortunately it is going back i got a small since dolan dresses always run large but i usually get a petite i should ve known this wouldn t work i wanted to love it because the top looks great but the length is too long making the waist fall lower than i would like giving my middle a thick appearance i m thin but i m not skinny 5 3 with an athletic build and a short torso with a decent size bust if that helps usually i can wear this dress is perfection very flattering and pretty i really wanted this to work the style and colors are great and it is comfortable too i didn t like how big the skirt portion was or how stiff the fabric was it looked like a plaid tent on me but not in a terrible way it could work on the right body i bought this dress for my engagement photo shoot and rehearsal dinner and it s beautiful it s delicate and feminine without being too girly or frilly very simplistic and probably the comfiest piece of clothing i own my only con is that i m a little tall and it doesn t hit me completely on the waist but it s still very flattering this dress is gorgeous it is a little sheer even though it has many layers very pretty runs true to size waist is higher than in the photo as other reviewers ha

ve stated correct fit is important because the arm openings are a little big i thought and wh
en i sized up to try to get the waist a little lower the arms were too large this dress fit pe
rfectly i think it fit just like it shows on the model i also think the color represents itself
nicely in person as well i do however think that the dress is over priced for as often as you
would wear this dress given that isn t a basic black and would definitely be remembered by peop
le were you to wear it more than once i think the price is way too high \r\na must have on sal
e or clearance but probably not a keeper for me full price in this color combination we will s
ee t seems a little small in the width and shoulders length is fine this skirt has a beautiful
style cut and pattern i am so surprised it is on sale what a great price it has a medium sw
eater knit that is not clingy and has a slight flair looks great with boots got this 4 days ag
o and have worn it 3 of those days it is a perfect beautiful autumn dress the fabric is textu
red and slightly color varied in a way that gives the black a more charcoal depth the fabric is
a thin sweater knit because of the texture it looks thicker than it is and i had hoped it wou
ld be thicker but i actually think if it were thicker it would not have the movement it does no
r would it be as figure flattering despite its thinness it is still warm would buy this in ot
h super cute and more fitted than the baggy overalls of yesteryear i love them i didn t buy it
for the longest time based on the other reviews but i finally did and i love it great color gr
eat quality great fit oh and great price too i say go for it love this blazer you can wea
r it with anything fits well and lightweight perfect for south florida the issues the other r
eviewers mentioned didn t bother me as i don t have the prior years version to compare i love t
he color and feel of the fabric a little heavier and great for early fall layering the armhol
es weren t big for me but i got a small and would normally be a medium the cut works great for
a very curvy petite frame it doesn t add bulk but does flatter a larger chest i can see why th
is doesn t work for taller ladies as the pockets and hip do flare with the heavier fabric but i
know it s a bit of a moot point since the chemise has sold out but on the off chance any come
back in stock or if you see one at your local store i urge you to try it on the fabric is in
credible so luxurious it fits me amazingly i have a hard time with the whole tight chemise sl
ip nightie category of clothing as i m fairly skinny but still curvy and while i love my curv
es i do have a muffin top that can get real awkward when you re trying to look sexy this howe
ver is a godsend this skirt was cute on but not particularly flattering i thought the denim
was a little too stiff typically a lines are flattering on my figure but this was a miss i a
m pleased with this skirt the jean material is of good quality and it hangs right on my waist a
nd hips i ordered a 2 which left a little room in the waist to tuck in a blouse i am 5 5 and 1
19 it works well for work and leisure i bought these in my usual size 28 and they were much to
o loose so i returned them i definitely need a 27 39 inch hips 33 low waist 31 waist i hav
e lost a few pounds but i am usually a size 4 6 in pants even loose i can see the pants are fla
ttering and long enough for my leggy 5 9 frame they are still cropped but i would say look mu
ch the same as on the model if you are shorter i think the petite option would be necessary to
achieve a cropped look the material is not bright white wi love this top dramatic in a casual
way \r\ni ordered the teal and love love love it with skinny jeans or leggings the style is p
erfect \r\ni am over 50 so the teal is gorgeous and i think very age appropriate \r\ni ordered
the blue also a very pretty shade of blue but felt in this style the bright light colo
rs would be more appropriate for someone younger \r\nit s a stunning top and fits very
true to size the drama of the ruffle is what sets it apart \r\nhoping they do great de
nim color and fit gives a nice feel to the waist women who want some flutter without too much
fullness i love this tee but it isn t for everyone i am usually a solid medium i tried on bot
h xs s i went w the small bc i liked the volume for reference i m 5 6 and wear a medium siz
e 8 10 \r\n\r\nnot thinking this is for small petite women as the peplum hem is poplin not tee
knit material so it holds its shape on my frame it was so cute got the holly color i gulped w
hen i put this in my bag during retailer days because the price was still too much but thought t
his has to be wonderful to charge so much right boy was i wrong this is a sweater knit with a
very deep v neck that s incredibly boxy and unattractive the knit shed all over my pants in the
few minutes i had it on i ordered in xl having never tried this designer and that was a mistak
e because i generally wear large or medium it was swimming on me the stripes aren t as cute in
real life i purchased this top at my local store this past weekend and i have to say i already
know it will become an easy go to top it does run large so consider that when choosing what s
ize to order i generally wear a medium but purchased a small in this top these pants are simp
ly darling i purchased them with my birthday discount thank you retailer and even without a
discount i think they are worth every penny flattering and the most important feature of any p
ant makes my butt look good don t hesitate buy these today before they are out of stock \r\n
\r\nthe fit is true to size and the material is of excellent quality i think i wanted a skirt l
ike this in the 1980s with its aged denim and retro style it looks like i ve had it all that t

ime i couldn t zip my usual 4 but the 6 is comfortable if a bit snug sitting right at my natur
al waist it s flattering and shows off my waist with tops tucked in something i never do with
my other skirts which all sit lower i like how it flares a little oddly due to the horizontal
seam it s interesting and different i will wear it in summer with sandals and it will lo i fol
lowed everyone s advice in the reviews and ordered up one size i have a 32 inch waist but size
10 s and 30 s in pilcro hyphens usually fit me i ordered the 12 in this skirt and it fits pe
rfect it s form fitting at waist and hips and then flares out but i m curvy if you are straig
hter it will be looser around the hips i love the length it hits me mid calf so a bit lower
than it does on the model i m 5 5 tall the fabric is soft but has no stretch it s 100 cott
on there is a after promising myself never to buy another a line skirt that makes me look short
er i caved in because this one is so cute the material is soft but holds its shape you do hav
e to have a long narrow waist line to pull this one off and size up one as i m usually a 2 but
took a 4 in this beauty vintage perfection pair with turtleneck or form fitting sweater or tee
and clogs or heeled tall boots it s a must while this top does fit very loose it is very cute
and can be relaxed or you can dress it up it is shorter in the front and longer in the back whi
ch makes the shirt take on a flattering look i bought the green color and it is a very rich col
or it will be perfect for fall you may consider ordering a size down if your regular size tend
s to fit loose this brand generally runs small but really this skirt is exceptionally small in
the waist i usually take an 8 10 in retailer bottoms and i had to go up to a 12 i love the det
ails and uniqueness of the skirt i like the shape and very much my style in a skirt fabric is
soft i waited for sale plus promo and it was then worth the purchase it reminds me of an old
school retailer style i loved this but couldn t believe how small it was the skirt is beautif
ul but the sizing is kind of off i usually wear a 6 at 5 6 and 130 lbs i ordered an 8 thou
gh since sometimes athropologie clothes run small even the 8 was too tight so i ll have to ex
change it i adore this top it is super soft drapes nicely and looks great with a ton of diff
erent bottoms i am 5 4 104 lbs and ordered this in both xs my usual size and s i ended
up keeping the s most cloth stone xs tops swim on me so i was a little surprised but glad
i tried both my only concern is how it will hold up after washing it it is a gauze like materi
al and i just hope i can get a long life out if this top i ordered a regular size small would
have got petite small if available still very happy i didn t think much of this online but it
was very nice in person i was nervous it would look bulky but it was very flattering and slimmi
ng fits tts i had my eye on this skirt online but it sold it out in my size 2 so i ordered a 0
and crossed my fingers before it arrived i happened across a size 2 at my retailer store that
someone had returned it fit perfectly i am 5 6 and my waist is 25 26 it is high waisted but
i thought that added to the fit and made it stand out from the usual black skirt it fit my wais
t and hips butt fine it is quality material and has a structured fit and great length it is u
nique and classic i can see this b i love the fabric of this shirt it s super soft however
the fit is off i m normally a medium and the buttons across the chest were gaping open when b
uttoned never a problem for me i m a 34b and not very busty it is also a bit on the short si
de especially when the general trend is toward longer shirts tunics i would recommend sizing u
p in fact i m going to try this in a large fingers crossed i saw this blouse and had to ha
ve it i ordered my usual size large and was shocked at how big it was it looked like a materni
ty top on me so i sized down to medium it fit much better and i was able to fully appreciate h
ow gorgeous the colors were and how feminine and pretty the mock neck was i definitely recommen
d it but suggest to size down for a better fit reviewers may be right that this skirt runs lar
ge but it fit well on my waist it does not come in petite so petite buyers should be aware that
it will be more of a midi than a knee length skirt it is adorable i love it especially for its
whimsical design of birds and the colors are deep and lovely with the red popping out more than
it does in the picture the fabric is heavy but there is a slight give to it which helps with th
e waist it s a keeper this top is well made and fits me like a glove i am only 5 1 but have
a very muscular build the xs fits perfectly slimming around the torso but roomy enough in the
shoulders and arms the fabric is a nice upgrade from typical flannel this top looks even bette
r in person the fit is very flattering and the fabric is comfortable i highly recommend it i
was hesitant to buy this dress due to there not being any reviews but decided to take a chance
and order it it is fabulous great fit off the shoulder design stays in place and the dress
hits the smallest part of my waist perfectly the lace detail on the hem and the tassels on the
ties are details that sets this dress apart i wish that it was made in another color perhaps a
solid you all hit this one out of the park retailer i adore this top so cute flattering
and easy to dress up or down yes it is a little better suited for larger chests but i persona
lly don t mind a discreet pin for this beauty i m a 34a and slim build and the only issue is w
hen i bend forward it falls beautifully otherwise great with everything from a black pencil s
kirt to jeans and a black leather jacket cute with denim jacket and white pants too easy ward

robe piece i love this blouse with a pair of jeans the neckline is fairly deep but very flatte
ring and feminine the detail is beautiful i love this skirt wanted to order it from the momen
t it was new and took em a while to decide to do so when i saw it was almost sold out in my siz
e which it is now another thing is it doesn t come in petite boohoo \r\nanyway ordered the
0 smallest size for my 26 5 in waist didn t have any trouble with the waist being too tight
like some other reviewers it fit really well and comfortably sits at the natural waist so the
hem isn t too crazy low on me fine for heels would be so cute it fits great i love the materi
al and how it fits and drapes i got the small petite and this fits beautifully as on the model
i am 5 2 i do think that it flatters a flat belly more than it would flatter a fatter one it
would certainly hide any belly but the drape works best if you re streamlined i imagine if yo
u ve got a tapering torso go for it depending on your bust you may want to pin the overlapped
fabric just to be sure of hiding the bottom of your bra not that i ve found it a problem i ord
ered this in size xl and it is a perfect top the draping is very flattering to my shape the ma
terial is soft and the flowers colors are appropriate for work it s the perfect length too i l
ove everything about the cut of this top the pattern will vary on each since the flowers are st
aggered i love the knot effect along the waist great purchase hope this style will continue t
o be used for other tops in other patterns colors for spring summer timeframe these are a littl
e too dark heav i love the feel of this shirt from a distance it looks like flannel but close u
p it appears more like muslin i find the fabric very soft and the colors are fab more vivid th
an the photo the buttons do not go all the way up the shirt for me the top button is right at
the top of my cleavage so i can wear it alone or with a cami or other scoop neck if you want a
more refined flannel look feel this is it i find it tts if you re in between sizes i would o
rder down nan ordered these in 31p last year prob could have worn a 30p ordered 30p and 31p t
his year the past couple of years the pilcro stet jeans in white fit me because they were cut s
traighter and not as curvy this year neither size fit \r\nthis year the cut changed and it has
a curvier fit it s the waist that doesn t work for me if you re curvier this is probably a goo
d fit change this dress is beautiful but the bottom half was too tight for my shape this dress
is very pretty in person and perfect for warm and hot weather the material is comfy and breath
able and the length is perfect for reference i usually wear a medium in retailer dresses and
ordered this in a medium as well at that size it does not bunch up around the waist as much as
it would if i had ordered a large but then the fit would have been baggier elsewhere on my body
i am fine with it being a closer fit across my waist so i would say it fits true to size for me
but w i love this shirt for its subdued colors and casual style it is lighter in weight than a
flannel shirt but retains a feeling of softness it is from cloth and stone a brand i like usu
ally i buy that brand in a small because their shirts run large for me i liked this shirt so mu
ch i ordered it twice and waited for a backorder i sent the small size back and was lucky enoug
h to get a medium before the next out of stock situation nan i love this dress even more when
i ordered it its really flowy and flattering i was worried it would make me look a bit frumpy
with the seam right under the bust but its so flattering it also has little ties on the sleeev
es in the back a detail i m in love with i ordered these jeans in size 30 and it was a perfec
t fit i love the extra stretch in these jeans will definitely be wearing them all summer long
what originally attracted me to this top was the rich floral print with the stunning and vibrant
colors however the colors in this blouse are more vintage autumn than actually pictured on thi
s model although the colors are darker you can still wear many things with this blouse the t
op is floaty but doesn t look like a tent i feel ultra feminine and comfortable in it definite
ly a top that you need for that something special but it is not too dressy or not too casual
just perfect don nan i love the fit and feel of this shirt the fit is narrow but true to size
the stitching details are beautiful and make this shirt really versatile this blouse is adorabl
e very flattering wrap design especially on my small chested body also the black and white i
s very appealing can t wait for warmer weather so i can wear it this dress is so beautiful in
person it is not overly flowy well made and extremely feminine i really have not a bad word t
o say about it and on sale it s a steal i plan to wear mine with tall boots as shown and with
my cowboy boots i love this skirt i know others have thought it frumpy maybe it s because i m
so long waisted but this skirt is perfect for me not too long not too short but just right the
fabric print is beautiful a mix of muted and bright colors the fabric quality is nice but nothi
ng overly outstanding still i m glad i ordered it before it was gone for some reason they are
not replenishing this shirt even though it sells out like wildfire \r\ni got a small even thoug
h i was pretty sure i needed an extra small this shirt is pretty wide not prohibitively wide b
ut not a fitted shirt by any means i d love to get this in my size if they ever opt to sell mor
e in the ivory this shirt is absolutely beautiful the front is very thin and delicate but wea
ring a nude bra underneath you can t see a thing i did need to add a snap between the top two
buttons to avoid the chest gap but the back of the shirt offers enough stretch that it doesn t

appear to pull at all it s hard to find a button down that fits nicely when your short waiste
d and large chested this one is it at last in a world of loose billowy silhouettes a dra
ped top that falls a little closer to the body the fabric is of good weight and has the right a
mount of stretch \n\ni also love the retro vintage pattern of the fabric itself the fit is femi
nine and comfortable \n\nyou will have to wear a camisole with this top but i do not consider t
hat a negative it is the way of the deep v neck i am glad to add this very versitile top to my
wardrobe it can be worn with a sweater in the cooler months like i wore it today a business
jacket or alone in the summer i wore it with a fit and flare skirt today but it goes with pan
ts jeans shorts etc \nfyi i am a 36 c 34d short waist broad shoulders back size m in kni
t tops 10 12 in fitted or ones with buttons i purchased my normal size m in this top \ni have
no real waist so the shape of the top really does help to make one for great fit the fabric is
supple and of good quality has a fasionable look to it but is also very very comfortable can t
beat that nan i have featured photos below i m 5 feet and 120 lbs and 34 d i purchased a smal
l petite the fabric is cotton i thought it would be rayon it is lined with cotton fabric the
skirt has major poof it falls like a midi on a petite the waist runs high which can not be a
good thing for a busty gal why do i love it the pattern is one of a kind the colors are so fa
ll i wore a vest to accomplish a tapered look i can t resist this skirt if your tall this is
a dream if your petite you can absolutely love this dress it is perfect for the summer yes i
t wrinkles but that does not take away from how cute the dress is the style is so unique love
the pleats i am 146lbs 5 6 36dd and the size 8 fits perfectly not tight through the arms hol
es or the bust area the dress hangs perfectly you can dress it up or where it to run errands
very cute dress for special occasions or even work dress is comfortable excellent quality but
does run slightly large i ordered flora nikrooz for my daughter for her wedding it is beauti
ful the delivery was quick very happy these weren t what i expected but i kind of really l
ike them they have a very high rise and so they end up being high waisted the fabric is stret
chy so they are extremely comfortable however the fabric is very stretchy and i m not sure i
can wear them to work but they re a little fancy for the weekend the color is more of a washed
out coal than pure black all things i can work with but they are a little different than i ima
gined they are quite long i m 5 8 and will likely have to true to size very pretty as pic
tured expect that it is more peachy and not this light i like it and will keep it but just be
aware that it is not a pale pink as in the picture beautiful design and fit i bought this when
it first came back a number of years ago and loved it because it is great for travel it actuall
y can be kind of a blanket when you are on airplanes that tend to be cold and it is so hard now
to get a blanket it is also great coat for me as i live in southern california and it is not to
o heavy but does help the evening chill i went on a trip with this a few months after i origina
lly bought it and i accidentally lef at the hotel i was staying at i am so glad it is back so t
h thrilled this statement piece is back i get so many compliments on this and it s practical as
well for our cold minnesota winters highly recommend i wanted to love this top but couldn t i
am curvy 36 27 39 32dd and this accentuated my hips which is not needed and made my chest w
hole shape seem boxy i could only recommend this top to someone who is smaller chested with a s
traight build the bottom would help give some shape pleating on front would help chest seem la
rger i did love the color and construction lace details 3 4 sleeves these are the perfect vi
ntage looking high rise jeans without the risk inherent in buying vintage for reference i am
5 2 108 lbs and usually a 26 in ag these fit me perfect in a size 26 and were a great length
for booties and flats they fit me at versus above the ankle i love these laid back causal pan
ts they have a draw string very comfortable and can be an alternative to sweat pants lounge w
ear etc i am petite 5 2 100 lbs or a little less and i got the xsma l size i am pretty pr
oportioned but my upper body is a little thinner meaning i don t have a straight rail body
my petite frame has curve to my hips tush so it isn t easy to find pants jeans etc that are
automatically flattering these trousers are cut well of good quality and nice n omg i also bo
ught this years ago i have worn it every year and get compliments on it every day i m so excit
ed to buy it again i might actually buy 2 just love it this sweater coat is perfect i ve b
een looking for one i loved for years in my opinion it runs true to size i ordered my usual x
sp it is fitted in the arms and loose on the body i love it this top is a lovely combination
of rugged and refined and will be versatile wear for a party pared with nice pants and flats to
casual with jeans and boots it appears well made though i had to size up for my broad shoulders
but other hh tops fit the same way i ordered this dress to wear for a rehearsal dinner i almos
t consistently wear a medium in most clothing but for this picked the large because of my height
i was for sure it would be too short in any other size when i put it on i was drowning in it i
would definitely order the small if i had the time before the rehearsal has the potential to be
super cute and flattering yet the timing and sizing didn t work out definitely give this one a
try this coat is cool the cut is classic and well fit i ve been wearing it as a jacket every

day since purchasing 3 days ago it already has begun to slightly pill i have not worn this und
er other jackets so it s pilling quickly from very basic wear i never owned an older version
so nothing to compare to i found it comfortable stylish and warm on a cool fall day the mino
r piling made it look more rustic has not shed on any of my other clothes so far looks wonde
rful with a pair of dark skinny jeans and cowgirl boots these are very nice pants good quality
and as expected however they do run small i generally wear a small or size 4 sometimes a 2 d
epending on the maker on average a 4 these i measured were 0 to 2 sizing sending back and goi
ng a size up here s the thing i ride horses you would think this would mean i would love this
but the first time it came around i hesitated simply because i spent too much of my childhood i
n horse bedecked things looked overwhelmingly nerdy but this time having actually purchased th
e belted navy birds version i had to give it a try and it s kind of a must there is just some
thing about the way it falls that is super flattering it s just warm enough to serve as a jacke
t right now in new england but this is every bit as lovely as shown the shade of blue is deli
ghtful with the pintucks lace embellishment s and covered buttons for me tts i bought the si
ze 4 34 b my normal size i can see where it could be a problem for bustier women because the
pin tucks tightened the upper chest area and it is fitted in the shoulder area going up a size
may help some but if your smaller like me it is tts i think it s a wonderful rendition of a den
im top this would work in any season of the year i ordered this shirt aware of what the other
reviewers said about it being tight in the chest it s true it s a bit restrictive if you need
full range of motion for your shoulder blades but if you re not planning on doing any heavy lif
ting or sporting events in this top it s just fine disclaimer i am small chested i will sti
ck by my tts though because it was the right fit despite being restrictive i was worried the
top was going to be a hard jean but it wasn t it was nice and sof i bought this coat 5 years
ago and every fall winter i can t wait to wear it again can t even begin to describe how many
people comment on how beautiful and unique it is it has worn well over the years considering ho
w much it has been worn but i just might be tempted to buy it again which is something i have
never done with a statement piece the only design feature i would change is that it has no clo
sure i actually had a beautiful large antique button that i sewed on with a snap and it this ge
m is beyond lovely i saw this 5 years ago and regretted not buying it 5 years ago and then i wa
s looking on here as i do on a weekly basis and bam it was there i gasped hahahaha but really t
his is an amazing statement piece i am usually a l but got the m as it is a bit big and its you
r preference on how you want to wear it i will be wearing this to death for autumn winter and f
orever its just one of those soft and not itchy and i have sensitive skin nan when i tell peop
le i invested in a horse sweater i don t get a lot of encouraging comments but when they see
it they understand so cute different and cozy for cold days winter is long where i live re
ally works as both a sweater and as a coat the fabric is lovely and the straight leg cut makes
these pants a great option for summer they do run small trying to hold back and not purchase t
his beautiful sweatercoat but 20 off on retailerday and reviews saying it ran large i ended up
getting it my store stock only went up to l i normally wear xl in retailer tops but read that
they ran large i did try it on and it seemed to fit and is gorgeous but once home i saw really
it was too tight in the upper arms and i don t want to order the xl which might be baggy so i m
exchanging it for 2 walking on snow sweater jackets which are very flattering has it been 5 yea
rs already i too bought this 5 years ago it peels and doesn t close but the horses make up for
that very very warm this sweater sold out fast at my local retailer store you know that stuff
ed animal that you owned when you were a kid and you would never let it go because it was so so
ft and snuggly yeah it is like that for me it s a bit pilly but that s what sweaters do size
petite s fit me perfectly i am 5ft2in 34b 26 waist 36 hips hem falls 4 inches above my kne
es sleeves fall right at my wrist and it gives room for wearing a sweater or turtleneck under
it hood lays flat horse print is so cute i saw this in the store and wanted to try it but cou
ldn t justify buying another denim shirt at this price then it went on sale as others said
this does run a bit small though the chest shoulders so i sized up one size it s still slightl
y fitted but my broad shoulders are used to that i was afraid that the pleats would give a mat
ernity look although my chest size is not that large 36b it doesn t do that on me it s loos
e but not overly so kinda like the current swing top trend the great sweater coat fits a bit
large purchased a small which is unusual for me i normally wear a medium or sometimes a la
rge retailer clothes are mosly cut small it looks great on warm comfy and attractive i
am very pleased with this purchase highly recommend this dress fits perfect the material is
so soft and hangs so flattering long enough to cover the booty but short enough to show off my
legs and the color is beautiful i got the wine color i love these pants they are beautifull
y made and appear to be very comfortable now if i could just get them buttoned i am a size 8 m
edium i bought the large after reading other reviews i m not joking when i say i can t button
them i am in such love with them and still hoping to lose some baby weight that i am going t

o keep them in hopes to wear them i love this sweater coat the buttons make it more structured
and practical when the weather is cool \r\nthe colors are even nicer in person the neutral yell
ow is sure to compliment a lot \r\nyou would be disappointed with this purchase love these jean
s runs true to size and has a bit of stretch can uncuff them and have a longer straight jean
very versatile i saw this online and immediately purchased the top in gray it s so easy and ca
sual but the shoulder detailing give it something different and unique for a regular gray shirt
the fit is loose and comfortable but not overly big just right i can t wait to pair it with my
new white jeans for summer i seldom take anything but a size m in retailer tops this m top fit
s ok but it is a bit sloppy overall one reviewer says it is body skimming but not on me i am
a true m yet a m seems to fit in the shoulders but overall just too big i love the fabric and p
rint however i will exchange for a size s if it is available it does hide the tummy area but en
ds up looking like a pajama top on me at 5 4 and 140 lbs this tank is a nice thin under layer
a little low cut for trying to cover cleavage i m normally a small in retailer tops but i coul
d tell that this would run big i m glad i sized down to an extra small this top is flowy and a
iry without being baggy the colors are summery and beautiful my only complaint is that it s a
bit sheer and i can see the outline of my bra in front i will have to wear a cami underneath
wonderfully soft fabric and gorgeous pattern the background color is a more standard gray than
shows in the on line photo which looks more pinkish gray on my screen but it s just lovely
looks perfect with jeans or a skirt i will be wearing this a lot this fall and will keep a loo
kout for additional patterns love this top the colors are so fun and happy and the fabric fit
are soft and breezy it is definitely on the boxy side but not in an unflattering way in my op
inion super cute in my usual size small the buttons on the side give this top style great co
lor and fabric make it perfect paired with denim i m 5 4 112 pounds xs petite was a good fit
with room for a heavier top fabric is somewhat picky so long sleeve is necessary overall coa
t is beautiful and worth the money nice unique fall piece these jeans were not for me they a
re very straight hence the name parallel i m have more of a straight athletic build so for
me it was too much straight and didn t flatter my shape at all \r\n\r\nhowever very nice jean o
nce again from pilcro nice thick fabric lays well sleeves three quarter but looks great on g
reat tee the color online is lighter and nicer in my opinion than in reality it s much darker
in real life but otherwise it s a super soft tee with gently fluttered sleeves and side slits
i bought it in a s and it s roomy without being oversized great for fall nan i ordered this
top in the grey along with the white lace up back pocket tee while the other tee was totally se
e through and very poor quality this one delivers in every way in fact i am sending the other
one back to get this top in the ivory as well the lace is very substantial and the fabric is no
t see through at all like so many tops are these days i ordered my usual medium and it comes d
own over my bum just like i wanted to wear with leggings i see this as a staple and this is my
fir the shirt looks so much more flattering on the body than on the hanger it has a luxuriously
soft feel without compromising fabric quality i purchased both the white and navy color indee
d a closet staple i love this top it is a perfect summer staple but for me it was too short
i sized up to fix this problem because i prefer the boho flowy look it is flowy on it s own bu
t i felt it lacked length so went up a size waiting for my retailer mail with anticipation the
se are some of the few pants that are semi loose with a wide waist band that make me look thinne
r i love them they are soft they match everything they make an outfit effortlessly chic i t
ook a size m and it fit tts i love this top the design is flattering and the fabric drapes nic
ely the length is perfect and can dress it up and down i love these tanks the straps are wide
enough to hide my bra straps they re soft and long enough to give me added length to shirts th
at run short because this tank runs small and i had to size up to get the fit that i like the
straps are a little long but after i alter them with a little sewing they re perfect i ve had
to do this with retailer tanks in the past and it s worth it to me for the quality that i m get
ting the regular price is too high so i only buy them on sale i try nan adore these jeans gr
eat length cute cuffed details could do cartwheels in these i love the paisley print very
soft and comfy flutter sleeve look is cute perfect weekend wear this is a closet staple loose
fitting but lovely well made yes this is a thinner bra it s almost sheer when you hold it u
p to the light but it fit perfectly 36d and is seamless under even the thinnest tops i love
that its not padded i feel like it just slightly enhances my natural shape without adding anyth
ing more and i really wish i had bought multiples before they sold out i can t speak to how it
will hold up since i just got it yesterday and i m wearing it for the first time today but i m
keeping my fingers crossed that it will last as wel this shirt has beautiful colors in it it go
es with burgundy grey black brown blues and denim it s a generous cut and quite lightweig
ht for fall layering i thought i d be the first to review for non size small ladies i m us
ually between a large and xl in retailer the large was great with room as this top is pict
ured you ll love the details on this colorful fun top ex buttons on the side great with

skinnies i bought it on sale but it really is a special top and worth the price these are so much better than i anticipated they are lightweight for summer the perfect length i m 5 7 and they are just right with a 2 wedge and very flattering i will be living in these all summer long i agree with the other reviewer who felt the catalog picture misrepresented them they do not have a technicolor sheen at all rather they are a beautiful classic chambray nice quality details and i like the looser cut works well on this blouse t la makes the best tees soft feel sophisticated color layering and a body skimming shape all retained after multiple washings versatile too other tees fade stretch out shrink not t la a gem this is a great little top a wonderful basic but the crochet lace detail adds the perfect amount of uniqueness it s a soft jersey material that doesn t cling falls very nicely over the body flow y without being too flow y i ordered my usual small and it fits tts for reference i m 5 1 125 lbs and 34d bust i did not order the petite since i have a longer torso very happy i orderer a regular small will be a great spring and summer top i hesitated initially buying this because of the unique fit in the neckline and shoulders and because i have broad shoulders but if you adjust the neck sleeves and play with the overall fit of the shirt it works the boxy airy design has to be paired with something that flows with it i e linen pants or trusty denim otherwise you may have a battle on your hands finding a complementary pairing 1 i m 5 5 tall 145 lbs and 38 36d 32 40 and the size l fit me perfectly i probably could have gotten into the m but i don t like my t s to pull under the armpits or across the bust and this top looks like it needs room to flow \n\n2 the white is very sheer but a nude bra won t show through the navy is not see through \n\n3 i love the asymmetric hem in the back \n\n4 i m a little concerned that the raw edge on the hem won t hold up in the wash but i plan on hand washing these anyway bec i bought this shirt yesterday for 30 off the sale price i usually wear a m the store only had s and i didn t want to pay for shipping so i bought the smaller size it was loose through the body tight in the arms you could size down if you need to but if you have large arms i would get your normal size or get one larger the arm fabric does not have much give the shirt dips low in the front and back so it has ample coverage for your mid section it also would accommodate just about any fun top 5 4 135 lbs and i ordered xs it was too wide and boxy so exchanged for xxs and it fits great i like the fun slant to the side not tight on stomach which is great great top based on the first person s review i ordered a l at first then i got it and it kinda fit like a maternity shirt and looked a bit too baggy sloppy not as flattering as the picture i tried using the measurement guide below based on the bust measurement and i m at the low end of the m size so i ended up ordering the m and s just in case the s size fit like the picture i m glad this isn t slim in the waist and fitted nicely in the shoulders the blue color is beautiful if you are more of lovely top flattering and dressy would definitely get another color if they have it got this in the white and it fits perfectly just the right length and enough detail on the shoulders i m 5 6 and 120 usually an xxs or xs for tops and the xs fits just right not too loose not too tight i like the style since it emphasizes my shoulders and balances nicely with cropped jeans i m pear shaped material is slightly clingy but it adds to the drape nicely wouldn t work well if it was fitted but it s not i wasn t sure about this shirt at first glance it s difficult to see in the picture but the top of the shirt and the peplum are two completely different fabrics with the top having a much looser weave however it looks great on the blue color is very saturated and pretty the fit in the shoulders and arms is stretchy and comfortable and it hangs in a really flattering and comfy way on my hourglass frame i m pretty busty 36dd i think i usually have to wear l in retailer tops unless they r i think these look great i found them on the sale rack and at 50 w 40 off it s a pretty great deal i plan on wearing with low heels hope they work out i will show to boyfriend get his feedback too i know i m going to get a lot of wear out of this t shirt this summer i have it in white and it s not too see through which is what i always worry about when i wear white shirts it s basic but then it has lace on the shoulders that adds something extra i love its drape it s not too form fitting on me i m 5 2 it tends to be a bit long but i like it the shirt being cotton means that it s super soft as far as washing goes best practice is to machine wash and hang to dry i m afraid of once or twice a year retailer dons out a true 80s masterpiece the sweater is sturdy bright and bold quality and craftsmanship are amazing and the fit is tts i cannot wait for the cooler weather to wear this beauty with some skinny jeans tried this on in the store and fell in love it s such a simple shirt but the details are special runs tts will get a lot of use out of this spotted this in the local store last week just had to try it on it is a soft cotton gauze texture which is slightly stiff but in a good way my usual size small was too big the oversized look was fine from front back view but in the side view the bottom stuck way out the xs was much better so i took it home its very comfy looks great with dark blue denim 5 3 118 i tried on these jeans in the store because they were so soft but had to order my size when they arrived the wash on the jeans was worn enough that they looked a lit

ugh it is not cotton as posted online the tag inside the shirt says 95 rayon 5 spandex it
doesn t really matter but it s not what i expected the rayon spandex is very soft to the touch
has a beautiful texture to it and certainly feels comfortable i really love the lower back hem

much conversation aside from that it is super durable i ve had it for a year now have washed
it several times and it is not stretched out at all or frayed aka it is gre perfect crop jeans
with just a tiny flare i m a size 8 and the 29s fit perfectly bought this and tried it on in t

is as a regular top and not off the shoulder it has a thin elastic not the thicker band maybe
some could pull this off for off the shoulder but in my opinion it s not comfortable that way
i bought the other white off the shoulder top from retailer last month and it s fine nan the fab

ould have been to tight and short i m excited to wear this with dresses and jeans this fall i
bought the honey color and it s more like a cross between beige and blush a slight dusty pink
hue i love this top is my fun splurge for the summer it s a little flowy but not over the top
and the quality is great \r\n\r\ni m 5 7 120lb with really broad swimmer shoulders i preferre
d the xs because it was a little bit less flowy on the sides than the s but the length on the x
s is dramatically shorter than s so i went with the s i was so excited to receive this jacket
have been looking for a leather jacket for a while and thought this would be the perfect one
unfortunately i have broad shoulders and it seemed a little tight i got my normal size s based
on retailer shirts maybe if i got the m although the s fit well in the waist so also my
small chest 32b didn t fill out the darting in the chest area one last wish was that it was
a little longer \r\nas with all hei hei the inner lining was very cute ove absolutely stunnin
g design with the eyelet lace top it s a very romantic comfortable top that has a flattering
fit i m so glad that it has lining so i don t need to be concerned about exposing myself to any
one it has a light fabric so it s very comfortable in the summer heat and humidity in florida
i ve been looking for a leather faux leather jacket for ages and this one is perfect it s just
a tiny bit edgy but more feminine than most leather jackets which is exactly what i was lookin

er vegan leather jackets i bought 2 when they were on sale and i love both grey and dark brown
purple they are super comfy and surprisingly warm can dress up or dress down for any occasion
i can t wait to buy more nan great soft tee got the blue and really love the color i ve been
looking for a leather or faux leather jacket for years and years and this is the first one that
i ve ever loved so much the style is edgy and modern yet still feminine and flattering love t
he cut of the jacket so flattering looks amazing with dresses skirts or denim i got the dark
red color and it s much more brown and neutral than it appears online i would love to get the
tan color as well but it s currently sold out in my size the faux leather looks believable and
expensiv just received this dress in the mail it s stunning the lace is just beautiful i ord

them i bought this at the store today and it s the perfect summer top i m not going to pull it
off my shoulders so it s a little shorter than shown here but it goes great with capris and sk

e thickish material i really liked these jeans i had to return though they run small i norm

they can run a bit smaller i got the jacket in the gray it s a pretty pretty shade of gray it

e back bought this for my daughter who is graduating this year looks much better in person the
n it does in the photo she is 5 7 and 135lb we bought the size four great length on her gre
en adds a nice pop of color she loves it these shirts are perfect for a casual day basically

t la shirts are my daily go to i usually wear a small but i buy these in medium because i like the looser fit a little pricey so after buying 1 at full price i waited until they were on sale to buy more love this top not too low cut drapes nicely and the material is thin enough but n ot so thin you have to wear a tank top it does seem to run on the larger side i have an hourgl ass shape and this dress is a good fit i think this dress looks better in person than it does i n pictures however i m concerned about washing it with that stark fabric and color change if you look closely at the pictures this dress is shown 2 different ways one with a lace covered v neck and one with a rounded neck which is it retailer don t know about the size but i had to a nswer the question i won t order the dress until i know exactly which style i m ordering i agr ee the pictures are confusing the front top of the dress is not cut out as some pictures seem t o indicate this is such a great dress it has a great lining underneath and is really flatterin g and nicer dressier looking in person than i imagined it would be i think it fits true to size i either wear a 4 or a 6 in most retailer dresses and the 4 in this dress fits me well i m plan ning to wear this dress to my bridesmaids luncheon i definitely recommend i am consistently a size 27 in pilcro jeans and these are no exception these are more ankle length than cropped on me as i am 5 3 but i still love them i found them to be true to size because they don t have much stretch they are a little snug in the thigh at first but the denim gives a bit throughout the day the shorter length with the little flare is so versatile they look great with a dress y top and heels and just as good with a cozy sweater and flat chelsea boots love pilcro thes e jeans have become my new favorite pair i bought two pairs during the clearance sale and wear them often i love the metallic accents near the front pockets and the dark wash can be dressed up or down love this so much because it s so soft pliable and fits wonderfully with all of my fall wardrobe i ordered the plum color which looks brown to me was advised to size up and g lad i did i bought large petite and my stats are 5 3 135 38 28 35 i have no where to wear t his pretty spring time inspired dress fits just as pictured except that i m short i ordered the 10p so my 36dd chest and wide rib cage fit comfortably i m saving this dress for easter or a fancy bridal shower love this jacket it is incredibly soft and expensive looking i love the details with the zippers on the sleeves and very cute lining inside the jacket which is not pict ured i ordered my usual size xxsp and it fit great this brand does run small so if you are bet ween sizes or prefer a looser fit you should order a size up i saw these in the sale section on line and just loved their look they fit great and have a cute little flare at the bottom i lik e the reinforced inside seams which means they will last longer i ve been wearing them with my shorter boots and booties this winter i have slim legs and they aren t too tight and not too lo ose my inseam is a 33 so they may be a tad short on me but i love them i love this bralette i have it in other colors as well and it is always the one i go to when i want comfort i need t o remember that this brand runs small i ordered the xxsp and i usually have a little room with jacket but this fits snug i have one from last year and it s the same fits snug if you want extra room order a size up the quality is nice i love the camel brown color it s a keeper fo r me just won t be able to wear a sweater under it i admittedly watched this dress until it we nt on sale then was lucky enough to find it i couldn t find my normal size 8p so thought i would take a chance with the 10p and it fit perfectly i haven t tried on the 8p but i m guessi ng it would have been a bit snug the dress is comfortable and feminine and i absolutely love i t i know i will wear it all summer i love this jacket i have not worn it yet as the weather is still very warm but i am looking forward to wearing this a lot this fall the cropped cut is very flattering and the vegan leather very soft i followed the other reviews and ordered one si ze up and it s perfect i am normally a size 4 and went with he medium the plum color is quite neutral in person i also love the printed lining i did notice quite a few long threads around the lining sewing i hope this is just an overlooked pos so i can see why this might not be an a mazing shirt it runs a little large imo and its long i m 5 5 and its almost to my knees but as a nightgown it s amazing super comfy and its now my new favorite pajama dress lol i might wear it as a shirt too but most likely just jammies there is some confusion in the first few r eviews over the image but the dress has a medium green lace and does not have a cut out at the front of the neck it runs more true to size than some dresses at antrho my size is a small 6 petite meaning that i often end up in a 4 and the six is perfect \r\n\r\nthe dress hangs gorg eously and fits fabulously the zipper is a bit hard to get through the seams and lace but wort h it \r\n\r\nit has a formal feel but i think it can be made casual with shoes a i originally o rdered the white in this cami but after receiving was absolutely obsessed with it i ordered th e 2 other colors the fabric is so soft and the buttons are perfect as i just had a baby and wil l need easy access for nursing love this cami i purchased this sweater in the grey color and l oved it so much i decided to buy it in purple as well however when i received it the color wa s much much darker than pictured and even looked black sometimes decided to return very comf ortable top exactly what i was looking for on the hotter summer days the white is a bit sheer

but a nude strapless worked just fine for me i also bought the pink and it is a very pale soft pink the material is super soft like typical cloth stone products very cute plaid button dow n that is tts i am busty and the l fit just right with enough room without the buttons doing th e splits like most shirts the dainty details material of this button down makes this stand ou t from other button downs that look like flannels which this is not it is woven of a fine mate rial enough to be able to wear a camisole underneath it is not a flannel shirt colors are vibr ant and the purple in the back really is quite attractive happy i got this on sale sale this was a last minute addition to my online order to hit the free shipping anyway this ended up being my favorite item from my order i love the way it wraps and also lays open i didn t reali ze that the fabric was a mix of two different knits but i think it adds nice interest i ordere d the red which is a nice deep red not an obnoxious fire engine red it s very complimentary to my skin tone and dark hair i run between a small and medium but chose the medium since it l ooked like it c although i m returning this is a cute top the embroidery design on the front i sn t really my style it s a bit aztec y for me this jacket is very well made the denim is qua lity and very soft the other fabric isn t as heavy as the denim but not so much that it feels like a mismatch when wearing it i was surprised to find slash pockets by the side seams on the interior the slash pockets are sewn down and deep so that you can use them as pockets too hand y for your phone fits true to size maybe a tiny bit on the generous side like a jean jacket sho uld be love it cute shirt but not worth the price i did purchase it at 20 off but would have waited for a better sale the yellow is a nice fall color love this top it s very simple modern design can go with many different bottoms and the soft pink color gives it a slight distinction from a plain white tank love it i really like the pilcrow denim military jacket fabric is com fortably soft but the jacket is still structured love the tie detail in the back and the contr asting sleeves i wear either a small or medium i tried both sizes with this jacket and decided on the medium to allow for an extended season wear i have never loved denim jackets because the y always have seemed kind of basic or boring this one is edgy and the design is amazing it can be worn with anything and will go through many seasons i found the fit to be on point my norma l medium fit perfectly this jacket is perfect the denim mixed with the military style is such a good combo it fits great and is very comfortable the little ties in the back are a cute addi tion nan i ordered this in yellow after the size small in store didn t fit it s such a cute su mmer top perfect with cropped jeans i m a 32b and usually a size small but had to size down i could still see the top of my strapless bra in the front so i wear a lacy bandeau with it and it s super cute because of this though i wouldn t pay full price so i m happy it was on sale fit s nicely casual and lightweight for the summer and i like the look of the cross straps in the b ack no complaints i hesitated to buy this after reading the earlier review but went ahead any how and am glad i did i ordered the white in a small petite and it is as cute as can be it i s crisp and true white not off white there is a large pleat on one side of the front to give the blouse some interest and there are openings on each side which allow the blouse to swing a bit but do not open up to reveal skin it is not long but by no means is it cropped it is real ly sweet with slim jeans or slim printed this top is easy to dress up with a blazer or wear casu ally with jeans and trainers so many nice details and a great fit this is a really soft nice summery top i love the criss cross detail on the back as well as the button down it fits loos er around the stomach but not in a trash baggy way \r\n\r\nit mostly fits true to size the on ly issue is that the top button doesn t leave a whole lot of room if you have boobs at all i we ar a 34b pretty normal not large and usually wear a small i ve found that the top button buttons fine and looks good when i m not moving but it pulls a little when i move around absol utely love this jacket i convinced my girlfriend to get one too we could not be more pleased slightly oversized throughout the body this is true no matter the size you buy with great co ntrasting sleeves and back the side ribbons can be adjusted to bring in or let out the waist p erfect spring summer weight can be worn with a sweater sweatshirt underneath it s a feminine t akeover of a boyfriend jacket looks gorgeous over a casual dress or great with jeans chinos p erfect for mus this is a beautiful skirt great soft draping fabric fringed along the edges i ordered size large which was an okay fit perhaps a bit wide but the drawstring helps at the waist because i carry my weight in the tummy this made me look wider than i am as an elder i just couldn t handle the length which hit me right at the top of the widest part of knee i have great legs but my knees aren t their best feature so sadly returned but i do recommend i have not owned a denim jacket of this kind in 15 years i have a wonderful pilcro chambray jacket w ith a military cut from last year but this kind of boxy straight up denim jacket cut has not b een a part of my life for a while however i was in a store last weekend and with the additiona l 25 off i thought it might be wise to give this a try i m so glad i did i ve now tried it o ver two fairly girly dresses with tights and booties it s not exactly spring in boston yet a nd i love it this is a great sweater it can be worn wrapped as on the model or open like a

what i love the most is the interest in the c i saw this in store and had to try it on it is re
ally cute i love the different textures and the red drawstrings it fits well although i am so
mewhat between the small and medium sizes i went with the medium in case i want to wear a bulky
sweater with it really cute and i have never seen a coat like it nan this is a very cute shirt
with great details however it runs a little bit small not as full cut as it seems i love thi
s sweater i m very sensitive to fabrics and this really doesn t bother me too much it s soft
but just a tiny bit scratchy but the color is a rich purple and the flexibility of being able t
o wear it draped or not is a nice touch it comes right at waist length little on the short s
ide if you want to hide your muffin top but otherwise a winner all around the fabric is soft a

5 3 120lbs 34dd bra and take this in size small amazing jeans without pockets on the front

l the fit is great i am a little curvy w slender legs the size 30 sits just below my navel s
nug throughout hips thighs then gradually begins to flare below the knee to the bottom super
long will have to cut off abt 4 5 to suit me i don t wear sky high shoes i wear low to flat
sandals in summer medium heel booties in cooler weather maybe i ll cut them try them a yes
this is a sweatshirt but one that you can wear in a a variety of settings it s a little boxy
but i can fit a bright colored t shirt underneath during the cooler season be warned the band
around the bottom runs snug which wasn t a problem for me because i have narrow hips i saw thi
s jacket in a store and wanted it right then and there i bought a shirt and scarf instead but i
t was on my mind when i saw it on sale i grabbed it the fit is a little boxy but the length wa
s perfect not too short the small amount of spandex is so comfortable it is versatile because
the green arms can go with colored jeans well i am 5 4 i can wear a med or large i bought th
e large it fits perfectly to layer short or long sleeves not a typical denim jacket looks gre

own highly recommend i had been eyeing this sweater since it came in for the fall mostly becau

rs i luv that you can wear it two ways i prefer to wear it closed as i do not have the slimmes

ides this sweater looks a lot better in person than online like most of the retailer sweaters
i have hand washed this a couple times alread this shirt is tough for me because i loved the fro
nt which fit nicely but i m petite and the back had a giant extra piece of fabric that bumped
out because of the cross straps i wish it wasn t so wide so i could have bought it this skirt
is about an inch longer on me than on the model in photo i m 5 ft ordered petite but the leng
th actually works i have a bit of a tummy so ordered size 4 fits great really love the colo

r cute patterned shells to either layer or wear alone i wanted this cute print to work and it

i bought two colors and am interested in all the rest i m happy to say i got this on the sale r
ack but had been eyeing this long before it is a flattering fit on me in size large i just l
ove the colors in the print also the style is not a basic shell but a very feminine cut the

skinny straps are also a very nice touch i plan on wearing this with my long white linen skirt denim capris or with shorts i think i will also opt for a solid cardi or scarf this is just so pretty this is the perfect pencil skirt the pattern is flawless \r\nthe top shown with it h ere online is outrageously expensive i paired it with a lace turquoise top that retailer has in stores and you can also wear it with a wine colored top i would not wear it with black because you just lose the stunning colors \r\nif you love fall colors this skirt is perfect wore with leggings ballet flats compliments i bought this coat shortly after christmas and am in love it is meant to fit oversize but runs true to your natural sizing i am a m l in most retailer cl othing and that is what i bought it is great for layering for a dressed up look with a skirt or dress for work and also dressed down with jeans a t shirt and although the arms are 3 4 length it is super warm so happy i purchased fits a bit on the bigger side but also being the style of the top i would order down a bit i m usually a 4 on top 34c and the xs was perfect the w ine color is classy it s a timeless piece this is a beautiful dress that glides over your bo dy and swishes around when you walk i received many compliments when i wore this with black ko rkease platform sandals and peruvian opal jewelry the fit is true to size i took my usual size l it is longer on me than the model and my only complaint is the slip it is very sheer and you can see your legs through the slip and the dress together so i had to find a different slip i think retailer should also make their slips a bit longer i don t bought this on a whim and am s o glad this is made of the softest fabric and the loose flowing nature of the tank make it perf ect over a bathing suit these tanks are perfect for working out they have big armholes so coul d work with a bralette but probably not a normal bra the material is soft but they do shrink in th wash beautiful but big i exchanged my 0 for a 00 and oddly enough there was no difference had a similar experience with another 00 blouse am i crazy or is the 00 size just a sham maev e consistently nails pencil skirts i always know exactly what fabric and fit to expect and it is flawless the fabric is soft lined and has stretch it feels as close to wearing sweats as you can in a skirt the colors are beautiful on this i d say in person the colors are a bit de eper and richer than they show in the model photo length is about the same on me as it is on th e model at 5 7 and got my usual s with no issue this beauty will go with lots of different col ored tops too i love the way this loosley falls and is so light you barely feel it on you it i s very sheer to you need to wear another tank underneath i ordered the blue top it s great for the hot summer we re having in the southeast this year i tried this on blue in size 0 or xs not sure how sizing was regular size sometimes i need petite i don t think i need petite in this one though i love the peek of lighter solid fabric on the hem the whole tank is very soft probably need a strapless bra to wear it but could be paired with jeans for casual look or nice pants pencil skirt for dressier look i am 115 lbs and 30 dd for reference first the good wha t a beautiful figure flattering dress the fabric is stiff feeling but the dress is well lined so you can t see through it and it hides lumps and bumps well feels very quality the lining a lso means it isn t scratchy the stripes are very figure flattering for apple shapes like me i m 5 5 165 and thick through the waist this dress gives me the illusion of actually having a waist l fit perfectly and i love the saucy little cut out over the knee not so high that yo such a beautiful pattern on a lovely fabric soft to the touch and flows beautifully i love the lacing and even the butterfly sleeves which i m usually not a fan or i have a feeling i m goi ng to wear this to death once the weather warms up my only complaint is the slip which is a sc ratchy material that is also completely see through it s also very short at least for my comfo rt i have a plain black slip i ll be using instead which is fine with me as i bought the dress for the outer shel this shirt is very attractive i tried on my usual size 2 and it fits like a glove i wish they had more colors than ivory but i couldn t pass up the unique fit and design of this shirt i love the style and look oft this blouse but the fit is a bit off for me i m us ually either a l or xl i don t think it came in an xl so i decided to give the l a shot i woul d say it runs roomy except through the arms i found the arms to run strangely tight and it s not an area i usually have a problem with the body skimmed nicely over my trouble spots middle i found the neckline very flattering and it laid nicely over by dd bust the v is deep but you d on t feel overexposed \r\n\r\nthe b lovely dress comfortable fabric and great cut \r\nthe com bination of the alignment of stripes works beautifully and is very figure flattering \r\nversati le to keep casual or dress up with a great pair of shoes this is such a cute and different jack et of course i asked if they had it in black but i am glad they didn t because this is such a g reat color that is so versatile i use it as a topper when it is not that cold out with a short sleeve under it or a long sleeve fitted shirt you can wear with jeans or black pants if you wan t great material for the price as well i am usually between a small but more of a medium in my jackets i ordered this in xs s and it has plenty of room to even wear a swea i purchased the bl ack in the store and wore the next day so soft and lays nicely pretty sleeve detail quality a nd fit as expected the arm holes are a tad larger than i prefer but i typically wear a camisol

e under tops so it doesn t bother me for reference i m 5 8 36c and purchased the medium this dress is flattering comfortable and beautiful it hides my imperfections too currently my favo rite dress the softest tank i own even though it s a soft burnout fabric it s still not too sh eer great quality when i received this tank i ordered the blue i almost returned it because i t seemed really thin almost see through however once i tried it on it had a good fit not see through just lightweight and breezy i especially like the twisted details on the straps i wou ld suggest a bralette with a cross back for comfort especially because it is on the thin side this top looks good on model and has great reviews online however it did not work on my bodytyp e when i tried it the slit in the front sat too low i don t like showing cleavage because i dr ess conservatively other than that i would have loved wearing it arm cut is not too big such i t shows sides of bra bands overall fit is loose and drapery this tank is really thin and airy without being too flowy it was perfect for my soul cycle workout and i am thinking about getti ng it in different colors for working out i don t know that i d normally wear this top on its o wn because it s very casual but it s perfect as part of a workout or vacation outfit i sized d own one size to make sure that it wasn t too flowy and it fit perfectly i am 5 2 and 130lbs and a size xs fit perfectly beautiful top the print is really unique and already received co mpliments on it when running my daughter in for school it s a little fuller on the bottom and f lows out so i think i may pin it but it s beautiful definitely worth getting when i first trie d it on i was worried it would add 10 15 lbs to my hourglass frame but if worn correctly it a ctually has a flattering slimming effect i recommend wearing it open like in the photo with the same type of outfit underneath looks very chic or to give yourself a defined waist use the provided ribbon belt tied to the side or use your own large statement belt also looks grea t with vintage sunglasses the fabric quality can t be beat it s nice and heavy to the touch i ca i m a power walker i bought this tank in 3 colors and rotate through them they re great for working out with a nice sports bra underneath i also wear them with leggings so cute love the colors the fit yes they re thin i don t think they ll last for years and years but with the sale price they are such a great deal this oversized coat is fabulous i ve received so many co mpliments on it great comfortable tank cool added detail in the straps runs big so size down i wear both a medium and large at retailer and got this in a small i love this top so much so that i bought it in black and red i do think it runs a bit big i normally wear a medium or sma ll i bought this in extra small and it fits beautifully can be dressed up or dressed down lov e that it is a double layered knit too the fabric is soft and drappy this is a staple top loo ks great with a pencil skirt tucked in got lots of compliments when i wore the red one havent worn the black one yet for reference im 5 9 weigh 125lbs and wear a 34b i bought this dress for my bridal shower and it is perfect the pattern is beautiful and very similar to the image s hown online the fabric is much lighter than i anticipated which is nice for spring summer weath er i had to get the top altered slightly to better fit on top but it was a very easy alteration i am normally a size 8 in dresses and found this to fit very true to size hi i bought this top in a couple of colors i wear a 12 14 or xl i bought these in a xl they are huge but i liked them well enough and returned them for larges and they fit beautifully i absolutely love the pr int it s what caught my eye first when scrolling down the page the fabric is very soft single layer the model definitely makes this shirt look slimmer or tighter to the body than the shirt actually is the slimmer fit was the next thing i was looking forward to but like other reviews it is very flowy and the fabric falls away from the bottom below the bust which i m not mad abo ut when wearing this in the summer the occasional breeze will feel nicer with a loose to purcha sed in the red and love it love that it goes with anything from work pants to jean shorts the ruffle details add just a little extra which makes it perfect i just paired with gray chinos a couple days ago and it made a lovely outfit fits tts i wear an xs and purchased that i was on the fence about this toposition because as others have stated it is quite billowy at the botto m just before returning i decided to try it on with a navy linen v neck cardi and it completely changed my mind wow now i am not saying that this isn t beautiful on its own because it trul y is i am just saying that now this has become a truly versatile piece in my wardrobe i did n ot order a petite even though i am 5 3 and for that in am glad i ordered regular size xs 108 lbs 36b so comfy and well made perfect to dress up or down bought one and coming back for sev eral more cut a bit low in arms lace bralette is perfect under bought a small length and f it similar to model nice fit stretchy fabric but they do not stretch out of shape or so much t hat they are too big after wearing for a few hours very true to size and great length i am goi ng to buy another pair because i know once i wear these out i will want a back up i bought thre e in part because they were on sale i do not think that i will ever wear these without a sp orts bra though they are too low in the front and on the sides for a regular bra and too thin t o go bra less that said they may look cute with some of the lacy show me bras that seem to be trendy right now \r\n\r\ni am typically a small and bought x small the drape is not that diff

erent in the two sizes but the length of the straps was much less revealing in the smaller size \r\n\r\nall i when i spotted this online i just knew it was a must have holding horses brand usually runs big on me but this is a more fitted top i ordered the size 4 6 so i cld compare well the 4 is a little snug in the bust area the bodice seam falls high across the mid bust a rea except for that the fit is good being cotton i realize it will probably shrink some when w ashed so i don t think the 4 works for me the size 6 is much looser overall the fit is much b etter in the bust area the armh bought on sale the first to use for working out yoga and they re perfectly suited for the job so i bought 2 more also on sale has held up well in the wash so far and i ve washed each about 3 4 times runs a little large but it is a loose flowy top no rmally wear a medium but got smalls in these i am very happy with the top well made and beautif ul color the length on these are great they stretch but so far they don t stretch out the mat erial is a dark and soft i am 5 6 and 135lbs the size 26 fit great this dress is beautiful a nd delicate so flattering runs a little big slightly looser fit got the size small usually a 6 8 and it is perfect the slip included is very sheer however so i am using a different bla ck slip for mine usually an retailer dress in a large fits me perfectly however not this one i am larger busted and this dress was way too tight on top possibly better on smaller chests the dress is cute and the rest of the fit was good not for me could barely pull it down over the bo obs going back i wasn t sure about these when i first took them out but they are so cute t he fabric is super soft and skims the body is not clingy i got the black the red the red is more of a magenta but i m okay with that i think these will be great in the fall and early win ter too under cardigans light jackets another bonus they do not show a ton of cleavage lik e a lot of tops out there the arm holes are also very close to perfect i hate how big the armh oles are on tops that basically require i haven t taken this off since i got it and since then i ve ordered two more colors it s definitely sheer but the blue isn t see through though i ex pect the lighter colors are it is a distressed look but super soft comfy and perfect to wear over work out clothes or dressed up with jeans really a nice summer top for hot days i m 5 4 135 the and the xxs is perfect drapey but not baggy very flattering straps too the quality i s there these pants are just as pictured very wide leg romantic pants the pockets lay nicely inside so as not to be bunchy like some pants do these fit perfect and look great nan just pic ked this up at a store had a terrible time deciding between the plaid and the chambray but we nt with the chambray super soft fabric and not too short for a 55 year old i m 5 5 135 lbs and 34 d and the medium is perfect sometimes i wear a small but have broad shoulders so need th e m in this i ll wear without a belt it falls nicely and is very flattering love this sweate r great quality styling slimming and the side slits add a feminine appeal pair with your le gging and boots and enjoy the compliments this is a super cute dress and i get lots of complime nts when i wear it the sweater is light and very soft the silver banding on the neck sleeves and hem make it easy to dress up cute i love the button back detail but it s completely see t hrough i could have worked with that by putting a cami underneath but the arm holes were too t ight didn t look bad just felt uncomfortable you can t really tell in the pic but there s el astic on the arm holes it ll work if you have super skinny arms but apparently i don t i boug ht both versions of these tops the print one has brown pale pink and cream colors these tops look exactly like the picture they are tts and come with a cami attached i normally wear a med ium and the size 8 is perfect and the arm holes are properly sized not huge i m 5 3 with high waist and some booty this dress has a fantastic flattering fit i paired it with the elita bel t as opposed to the thicker belt on the long waisted model love the belt too btw the fabri c is soft and will pair well with tshirt or cami underneath i plan to wear with brown booties a s well as sandals looking for a suede jacket now i disagree with the reviewer that says thes e are more straight legged for me they fit tight throughout sits perfectly on the waist with j ust enough stretch but they still look very structured i m 5 0 110 lbs and the 26 fit me perf ectly the length was perfect for my height often pants are too loose in the ankle for me but these are snug and perfect to wear with booties i loved this dress i usually wear a petite but went with regular based on the reviews i workout and it was snug on my arms fabric felt great loved the fringe just a but snug in the arms for me soft comfortable material and flattering with or without a belt i m 5 10 130 typically wear a 4 the small fits me perfectly and eve n the sleeve length is long enough when unrolled high hem hits me a few inches above the knee low hem a few inches below this dress is beautiful runs a little bit large i usually wear a s mall or medium i took the petite small in this dress i am 5 3 and ordered in petite sizing an d i am so glad that i did the only complaint that i have is that there is no liner and although the dress has some dark colors it is very sheer very see through this shirt is really cute bu t a little stiff it does come with a slip but the slip was tight but the shirt fit maybe eve n a little big i used another cami under which was better i think think the sizing is off in t erms of slip vs the actual shirt i got it in the store with the 30 off so it was a good deal

it does stretch out as you wear it so it will get bigger and it did make me look a little bigge
r but still cute on and for a summer shirt it s thin so it does work well in that r this card
igan caught my eye and i had no idea how soft and wonderful it would feel so it s a win win it
hangs a little boxy so i ll need to figure out how to style it so it s more flattering the pock
ets are a pretty gold color you can see it from the inside and adds a nice touch of color it
s a keeper i initially saw this sweater in the store and it really stood out the rose pink col
or is absolutely beautiful and i love the glimmer band it adds a beautiful detail to the sweate
r the fabric is very soft the only downside i see is that lint did get all over the tank top
i was wearing underneath though i think that will change over time as i wear it more it wasn t
a huge inconvenience which is why i still give this 5 stars i am always a small at retailer w
hich is what i ordered so i love denim and this tunic dress shirt is soft and fits really well
except its almost too long to be a tunic shirt but too short to be a dress at least for me but
i have a long torso still not sure if i should keep it very feminine comes with a coordinati
ng cami i liked it so much that i m going to order the other color too beautiful caught my e
ye online i had to order then reorder in a smaller size but it is wonderful colors are beauti
ful i love this dress now that it is on sale sized down to sm petite added a simple full slip
endless compliments and inquiries on where to buy it love my jeans fit great and very flatteri
ng they are a tad snug in my usual size but i think with time they will stretch a bit receive
compliments every time i wear them if they go on sale i will buy another really cute casual
dress wore it to a girls night out they all loved it can t wait to wear it again with knee
high boots i tried on the xs petite and liked it but didn t love the arm holes seemed big yo
u could see my pink bra peeked through on te sides also the material is soft but thin see thr
ough somewhat the xs petite just seemed big overall i would try the xxs petite if it goes o
n sale and is available i am 115 lbs 30dd for reference i tried on areturn at my store size
26 i am often a 25 in jeans because these are tighter fit teh 26 was fine length was long
though but fit comfortably and looked nice the cutout was at my knee which bothered me a tad
model seems a bit above the knee i decided not to purchase them as i found another pair i lie
kd better but if you are taller and are looking for a distressed skinny these are great i am
115 lbs and have thighs ad butt form working out if you re on the fence about this dress go f
or it i am a huge retailer shopper but haven t ever been compelled to write a review until now
this dress fits beautifully the materials is so soft and comfortable and the design of the dre
ss is very flattering with or without a belt i am 5 2 118 pounds and i purchased the pxs it
s perfect i wore this with booties and received a ton of compliments the fringe and hemline m
ake this dress really stand out i like this sweater but it was like others i owned so i return
ed it it is good quality and fits well loved this dress material is soft the overall fit i
s great the challenge with this dress is the side slits they do go pretty high too high f
or church but may wear them with leggings as it gets cooler super cute with or without belt 5
9 135 lbs and i ordered a small i have a short torso and short arms so i purchased this in a p
etite medium i probably could ve worn the ps but i do like the little extra room it is a clas
sic shirt dress with just enough of today s trendy frayed edge to make it contemporary the fa
bric is super soft and lays nicely i can imagine wearing this through the seasons with a variet
y of shoes legwear accessories looking forward to it i probably would not have purchased thi
s sweater had i only seen it online because i typically think wool is scratchy but this sweater
caught my eye in the store and it is as soft as a sweater can get i love the pink with the gold
trim it is so soft and warm i have washed and worn it a few times already and have not had any
problems with stretching either nan love this preppy sweater for fall only detail i wasn t cr
azy about was the deep slits in the sides it gapes a little oddly then around the pocket but no
t enough of a distraction for me to send it back this is nicer than the first reviewer states
the fabric feels very soft and the tunic does not look cheap the top of the tunic was a little m
ore fitted so it was a little tight for me since i have wide shoulders i will have to get a lar
ger size i must politely disagree with the previous review i hesitated to order this item base
d on the reviewer below and i am happy to say this item is everything i hoped it would be it lo
oks exactly like the picture fit color quality being a silk top i believe this item was pri
ced appropriately and the quality of the item does not disappoint the pom poms are colorful and
bright but not the least bit juvenile this top is light and flowy yet flattering for hot humid
summer days i will look for great fabric soft and easy to wear and goes from day to night easi
ly long enough to wear without leggings but also great with them i also purchase the belt pict
ured and it looks as good in person as it does in the photo this dress is amazing nice materia
l comfortable and really flattering slightly tight in the arms but otherwise perfect highly r
ecommended at 5 4 i typically order petite clothing i was unsure of this dress tunic shirt
from the photos online the reviews and the hi low hem i ordered xs and pxs about 118 both
fit as far as shoulders and through the body but the pxs was way too short on me to wear as a dr

ess without any leggings the length of the regular xs works great and i feel is appropriate for someone my age it is buttery soft and so comfortable i ordered the suede wrap belt to go with it also the sleeves are too ti this top is unique and beautiful but the fit does not work for me i am tall with broad shoulders the shoulder and upper arm areas are too tight but the rest of the top is loose and flowy so if i go up a size it will be too wide the length and arms are also much shorter on me than pictured i don t see this in the description but it comes with a c ream colored cami layer and the sleeves have a roll button tab function the brand is meadow ru e this will be really pretty on someone more petit this sweater is super soft and the metallic banding is a really nice detail the fabric could turn out to be a bit fragile though if you ha ve a chest it may feel a bit boxier than you expect but i don t mind it for a comfy cozy soft sweater i bought this top in my usual xs size in black and it fit just right it s very flatter ing and i love the strip of buttons down the back and the tucks at the shoulders two things tha t i did not could not notice by looking online is that this top is actually knitwear it s st ill very lightweight and it has a fabric strip that runs along the back strip of buttons the se cond thing is that it s a bit transparent i would definitely prefer to wear a camisole undernea th if i m wearing this top to i can t believe that i m the first person to write a review this top is so cute i tried it on in a store and loved it the sales person in the store said that i t had been flying out of the store as soon as they got it in the color and print are pretty th e fabric is sheer and cool and comes with a cami little boxy in the mid section very very eleg ant and beautiful design love this dress very soft and easy to wear i m 5 4 and it hits the top of my knees which is perfect for me can t wait to wear it with white leggings and boots thi s winter i ve seen several similar styles and tried on a few at other boutiques but they were t hick material and bulky denim this is the perfect light and soft to the touch highly recommen d this blouse in the purple motif is lovely unfortunately for me it runs small this dress is gorgeous pictures online do not do it justice my only issue is that it is slightly sheer even with the layers under the skirt will probably require nude boy shorts i would say it runs tts if not a little bit large i ordered my normal size 6 and the band and bust are snug but not unc omfortable but the back mesh portion is loose it hits me about where it hits the model in leng th i was able to find one that somebody returned in store so that was helpful for reference i am 5 nan everything about this dress is just right the hand of the fabric is soft and drapes b eautifully the cut is slender but forgiving the length is short enough to be chic but not skim py and the fringe and hemline keep it from looking like every other denim shirtdress out there i am 5 7 125 lb and got an xs i love the versatility too as a dress jacket under layer wit h without a belt yay love love the fit and material a must fall wardrobe everything about th is dress is exceptional the fit material workmanship and style are wonderful the dress even has 2 petticoats to make the skirt stand out the dress is modern in style yet classic i m ver y happy with this sweater it s very soft to the touch and comfortable to wear i have the pink version and find the shimmer on the waist and arms to be a nice touch the only concern i have f or this is that it feels like it stretches out a bit easily by the end of the day the arms feel a bit baggy love the fabric that c s uses so very soft and pliable fit is tts with room for draping over figure flaws and great for layering while open but the high low hem is far more e xtreme than the new action shots show i m kind of over this trend but at the same time love this shirt dress i m 5 3 140 36d and tried on m but will order mp online because of length very cute dress 5 4 120 lbs xs regular was too long xs petite was perfect length cute swea ter but don t plan on wearing this until at least fall i love the look of this and the quality of the knit is there but this sweater runs large and it s heavy i normally wear an xl in most retailer tops sweaters but i could probably wear a m in this sweater i for sure need the petite size because this xl regular came to my knees and fit me like a coat i ordered this online but am going to try and exchange it for a smaller size at the store otherwise i ll have to return it as someone that has many cardigans this one is one of my favs in my collection i can dress it up or down it is really soft and great quality i only wish i had checked if it came in peti te since the length is a little long i am not a fray fan but this dress has a modern vintage lo ok and it looks tailored check out the ruffle sleeves surprising detail size regular small f alls right above my knees perfect at the chest i m 5 2 34b 26 waist 36 hips but the slee ves are 2 inches pass my wrist the ruffle sleeves are too pretty to be rolled up so i got the petite s sleeves at perfect length torso fits better but length is an inch shorter thank you cloth and stone for finally making petite sizes i saw the neutral motif in the there s only o ne left hanger in the store and tried it on it s very pretty cute and sweet i wish the botto m flares out a bit more like a baby doll look but that s just my preference i tried on size 2 and it s a bit tight in the chest area i m 5 2 34b 26 waist 36 hips so i think size 4 wou ld fit very well despite the pretty flower design in my personal opinion i think the price do es not justify a pretty basic tank top and fabric height 5 2 \r\nweight 118 120 lbs\r\nbust

34b or 32c\r\nwaist 27 28 \r\nhips 37 38 \r\n\r\ni like this dress a lot but it would have required tailoring the skirt i m petite but for whatever reason most regular sized clothing fit me well and petites clothes are usually too short in the arms or legs for me the midi length is better suited to taller women in the photo it looks like it hits just below the model s knee but on me it hit below the fullest part of my calf \r\n\r\ni ordered the 0 and the 2 the fit is definitely more straight leg and not skinny as the photos seem to imply at 4 11 and 95 lbs the size 25 fit my waist and butt wonderfully and the length was great but the jean lost shape at the knee i would recommend these jeans if you are not seeking a skinny fit this dress looked nice online so i ordered it once it arrived i tried it on and it looked even better the fit was flattering as well very versatile piece in an interesting print glad i caught this piece on sale nan nan this dress is very flattering on it fits close to the body but the layers are thick so it doesn t show too much the material is stretchy and very cozy i m 5 4 130lbs and a 34c and the medium fit perfectly this top is so cute on would look great on anyone as the style quality and color is incredible highly recommend even at this price you won t regret it this shirt is absolutely beautiful however it runs very small proportion wise it s okay in the shoulders bust and back but it s too short definitely order up love this top pretty details and true to size fit i ve been searching for the perfect gray cardigan and i knew i had to have this one unfortunately the first cardigan i received had two obvious pulled threads so i returned it i took a chance and ordered the cardigan again and i m so glad i did it is so comfy and goes with everything my only concern is how it will hold up as it is already showing some fuzziness after two wears if this makes it to the sale price i would highly recommend nan this is truly a beautiful top the beading and lace are subtle but add such a special feminine touch i love the breezy swingy shape very flattering this is one item i will be sure to treasure for years to come love i love this top the picture does not show all the beautiful detail i was so happy when it came in the mail and i unwrapped it stunning this is a great top runs tts looks great with cropped skinny jeans and booties or wedges in the spring this is such a pretty top i love the mix of patterns the colors are beautiful it really looks great on the peplum is very minimal in this top the entire top itself is somewhat oversized but in a pretty way i bought this in a large and probably could have gone with a medium but didn t want the length to be any shorter so i m sticking with the large for reference i m 6ft and 175lbs i usually wear a size 10 12 or medium large also i didn t notice a puckering between the two m i received many compliments on this top it s very cute and versatile a pair of jeans or a skirt or capris all can work well with this very adorable skirt looks just like in the picture can be dressed up or down unfortunately the shirt shown with it is a little too short but a longer shirt that can be tucked in will be very cute i wanted to love this dress i pre ordered it and waiting 2 weeks for it arrive when it arrived the dress was much more pleated than i thought i m not sure if i misunderstood the images but i did not know the dress was going to being pleated all over i just thought that the fabric had a texture the print is adorable but the shape of the dress was not flattering on me i am pretty straight down with somewhat wide hips but the fabric of the dress made me look larger than i am i think this w i love this top the detail and embroidery make it great for during the day or at night the small fits me perfect and i don t wear it with a camisole like some have mentioned but might if i wore it to work the fit is quite strange on me as the tie is very high on the waist this makes the jacket look odd and quite voluminous i was very impressed with the fabric though but will have to return i wish retailer would post what size is the model wearing maybe she is wearing a larger size than usual which falls lower love the top it fits perfectly i was a bit worried it would look like a pregnancy top on me as i m a 34dd but it doesn t i ve received many compliments on the top its incredibly well made and has beautiful detailing it is sheer so you ll need something under the material is quite light as well which is nice my new favorite top to throw on so first off yes these are almost mind numbingly expensive however i think the design and quality are absolutely there the label low rise always makes me wary as someone who is curvy low rise often muffin top danger and bad early 2000s flashbacks but the low rise design of these is actually great they are mainly low rise in the front angling down slightly toward the button and in the back they are not super high but more of a mid rise so you won t have to be really careful be n nan a swing top by tiny done right this is a well made top that fits in all the right places no gapping arm pit the fabric has a design in it and i think this is a blouse that can be worn all year the blouse does run large and depending on the chest size you may have to go down two sizes i went for the large at first just because swing tops are so short but realized i would need a medium and the length was still perfect it did not flare out to where you looked like an expectant mother this is a wonderful cheerful spring dress the material is slightly thicker than expected i suppose i thought it would be a little thinner or more summery but it really works for both seasons the fit is exactly spot on as i would expect for tracy reese i m 5 2

this every day purchased this dress for a garden wedding and received so many compliments the p
rint is very lovely and the fit was true to size i was mildly thrown off by the waffle texture
of the material as it caused the dress to be a tad clingier than the picture led me to believe
but it was not a deal breaker loved that it was lined and though feeling substantial was not
heavy and thus comfortable in 90 degree weather looking forward to wearing this again big bust
smallish waist this top is so cute and flattering absolutely love it this is a treasure and

a medium or large but with this dress i may have even taken a small it is somewhat drapey whi

tly and seems comfortable enough to wear on a long flight or road trip the fabric is wonderful
the skirt length is great for work and the styling is really nice with added detail of buttoned
loops at the waist if i had one negative comment it would be an itty bit love the cute print an

tly studying at a university where i am constantly reviewed on how i dress if i m underdressed
i get comments and if i m overdressed i get even more comments the other day i wore a plain nav
y blue blazer and people asked me all day what the occasion was for me this blazer is a nice s

l boxy at i got this top in black and didn t realize until i got it that it has velvet accents
it is beautiful sophisticated and can be a great party work or play top i bought this to use
over the holidays it is extremely comfortable and i ve received multiple complements you can d
ress it up or wear it casual this is a cute top that has a nicer texture and sheen to the velve
t in person than the pictures do justice to it s just simply richer and prettier in person \n
\nthere s a nice drape to the fabric but it s cut pretty short and wide which isn t flattering
imo unless you are very petite and have a small bust i say this as someone who is small enough
that i usually welcome a shorter cut top because most normal length tanks and tops are tunic len
gth on me \n\ni would have given it a higher star rat really great shirt i made the mistake of
ordering normal size xs and it was way too small this is more like ordering in dress shirt si
ze so think 4 6 8 etc definitely going to have to send back and order up to s or m will be

a keeper once i get the right fit i loved this top loved it the quality and color i got the red are wonderful the top fit perfectly through the chest and the a line design was super flat tering through the waist however i am long waisted and the top was simply too short on me eve n when worn with mid rise trousers my belly showed when i leaned to the side or reached my arms above my shoulders i so hoped it would be perfect with skinny jeans or leggings as shown on t he model but on a long waisted frame it is simply t many thanks to all previous reviewers that convinced me to try this blazer i bought it in navy and it is absolutely perfect i love its si mple lines softness and quality of the material it transitions easily from work to casual i paired it with mirabella lace top and skinny jeans for a look that is both practical and beautif ul although this is not my husband s favorite he prefers things a little more tailored i ab solutely adore this i got this in the ivory cream color not realizing they had it in two more c olors i just ordered the blue i loved the way the size small fit not as wide but the medium for my height 5 7 fit better and was longer if i want to wear it as a dress i could i high ly recommend this well made and looks great nice quality material the green is pretty colo r just a good cozy top i normally wear a large in retailer clothes and the large in this world was very roomy which was fine with me if you are short and have smaller shoulders and bust de finitely go for a size smaller than you would normally wear i absolutely love this dress the q uality is perfection the design is adorable and it is comfortable i paired it with leggings an d short boots and worked 10 hours in it and i worked a large event so i wansup moving things an d active almost the entire time it was the perfect combination of dressing up for work yet bein g fully functional oh and the neck line ads that extra touch of style that makes it a great pie ce love this it is also true to size i have a medium i got this in a medium its really big i added a belt and ir looks alot better the medium seems like a large im a size 6 or 8 should have gotten a small now they are out will use the medium with a belt this print is so cool the shirt is just a little loose so order your usual size and it will fit perfectly i tried this on as a fluke i work at retailer and like to see the fit of everything so i can talk about it wit h customers \r\nit is so chic it makes your butt look amazing i tried it on with nude boot ies but i could also see it with a great heeled sandal or flats don t overlook this beauty this piece was so gorgeous that i bought it despite how impractical it is to wear it in honolulu it s honestly the perfect little number to wear if you want to go for a late autumn early winter stroll in the city it s incredibly comfortable and versatile i ve worn it on cool mornings in honolulu as a dress with booties and a few months ago i wore it to minneapolis and added leggi ngs and a warm pea coat depending on how you choose to accessorize the look it can be casual o r professional i this versatile tunic is a mini dress on me 5 3 36dd when i wear size l and warm sweater when i wear size m i love the boxy yet flattering cut the cute neckline and the w arm smooth knit fabric wish i had gotten my hands on the cream colorway i purchased this sweat er online and it s amazing styling with jeans is nice but to me dark navy pants works the best i ordered these pants in black and green the fit of the pants is perfection they feel amazing and are so flattering they do run a full size small i m consistently a size 6 in all pants ty pically wear paige joes and frame and always a 6 but i had to get these in an 8 the 8 s feel great though so i think they re just a full size small \r\n\r\nsecondly the green color is not at all what s pictured the green is hunter not olive and much less versatile i ll be returni ng the green pants love this top and every top tiny puts out runs very small i normally w ear an xs but i got a m in this top so pretty and great detail the design is so cute people i n different yoga poses small and subtle prints and a must for a yogini i love the colors it s colorful but not too bright and it s beautiful against the white background i ordered xs i m 34b 26 waist 36 hips and it fit perfectly it has a fitted look but not tight because it has some stretch from the soft cotton material i like the fact that there s no stretchy spandex fe el just pure soft cotton feel it s great for gals who are conscious about the arms love this t op it s light weight and very comfortable it s great for wearing around the house or going out for a casual dinner would love to get it in more colors nan i love this suit it is a really c ute color way stripe and the fabric is nice but i ordered an xl i have 20 30 extra pounds on me leftover from my last child i am currently wearing a 10 or a 12 this suit would be great for a thinner girl but i could not wear this suit to the family pool the bottom is cut kind of skimpy and the breast area does not have much support this xl would be a better fit on an 8 10 it will need to go back i think this t shirt is so cute simple but cute i originally ordered this in medium i washed and wore it once but realized it was really too big my normal size is small so i reordered it it is slightly shear for my taste so i do wear a cami underneath i pla n to wear this to my 2 year old s gymnastics class it is little yoga people but close enough i normally hang dry all my clothes from retailer as they can be quite delicate but the first one i washed did wash well i love the colors in this top the black tie makes this top different from anything else in my closet the cut accentuates my shoulders which i like i usually wear a pet

ite small so i ordered this in an extra small and it fits nicely the fabric could be a bit sof

got compliments form almost everyone i am planning to dress it down with espadrilles i am not
a bright clothing person but adore this top if this is the right red for you i highly recommend
it is a beautiful bright red no orange tones so really works with my skin tones it is a very co

to size the quality of the fabric and style is lovely a fun jacket to layer with color is pr
etty true to pic a bright blue red sleeves have more volume than pic so does the body in
my opinion maybe if i looked like the model i wear a 27 in jeans and it doesn t look so cute

er it was just the print of the fabric i like it just the same it comes with a slip underneath
so it swings nicely i ordered it in both a s and xs there is plenty of fabric and it is not at

e shopping i don t understand why you ask for my opinion and say it counts when clearly it does
not i have had a lot of issues receiving parcels from one of your carriers laser ship and i hav

but still not a bad value retailer take me away this dress transports me to an island i orde

on all body types i ordered my usual size and was very pleased this top is absolutely gorgeous
in person i am usually a size 12 in everything pants and tops but this one i ended up getting
a size 10 definitely size down otherwise the top will slide back on you and the arm holes will
be crazy big but it s a great top for summer very cool and light and the v neck back and fron
t is just so pretty great buy had to return this for a couple of reasons 1 was too small it
s made like one of those tiny mittens that stretches to fit any size hand i didn t bother to or
der a size up because i wasn t sure whether to go from a small to a medium or to a large 2 the
main color isn t grey like the picture it s a black and white checkered pattern so it doesn
t look at all grey irl \r\n\r\ni m still recommending because if you get the right size and li
ke the colors it will be a nice light and comfy swea everything about this blouse is perfect
the color the drape the detail so flattering and easy to wear i just love it this is a gorg
eous well fitting top i was hesitant to even try it on because i was sure it would require a s
trapless bra which i avoid nope worked perfect with my nude bra i am 32d so need a real bra
but wore an unlined underwire bra with no show through great with denim shorts or more polishe
d with dressy pants or dark jeans i never write reviews but these socks are so worth it they
are incredibly soft stretchy and hug your feet just tight enough where you don t even realize
you re wearing socks but they aren t too tight \n\ni wash them straight away after wearing so i
can wear them again you won t regret it true to color this has become a go to work staple in
my closet soft with a relaxed fit makes this a very easy piece to work the day away in while
still pulling off a dressy casual appropriate for my office highly recommend ag jeans have beco
me my favorite and these didn t disappoint ridiculously comfortable i think they run a tad big
but maybe not enough to size down just enough to where i ll need to wash them more often maybe
love love these jeans being short they come right to my ankle super soft and don t require an
y hemming i ordered my typical jean size of 26 and they fit like a glove would love to have th
ese in black and grey very cute top flowy and feminine love that it has the little clips on t
he shoulders to attach to your bra strap to keep the sleeves from falling down ooo la la sooo
chic sooo retailer love this blouse it fits tts and it accentuates all the right curves th
e color is a lovely shade of pale peach and while it s true that some of the buttons aren t cut
it s an easy fix you just have to take a small pair of sharp scissors and carefully cut the un
cut threads it didn t even take me 5 minutes to do then you can button or unbutton in whatever
way feels comfortable for you it just makes you look and feel effortlessly sophisticated busty
girls don t be shy i have a 34 h bus this jacket is a neutral color with a subtle print that a
dds great character the stitching around the edges is cute the shape is very flattering and no
t too boxy as some open jackets can be a perfect layering piece this blouse does run large esp
ecially in the length of the sleeves but the rest of the shirt fit well pretty pretty blouse
hides bulges runs a little long super soft material a must have for fall this blouse is so
much cuter in person and it s more golden than yellow so it s not as bright which makes it easi
er for blondes to wear i tried it on thinking i d never be able to pull the color off but loved
it enough to try and wow so perfect i had to get it and it was on sale love this and happy to

add it to my antro collection love this the chunky ribs the retro striping the conservative neckline all of it comfy casual 70 s on the slopes vibe leaving the house in it today wich m aroon cords and chunky boots so cute beautiful and chic so glad i tried it on vegan suede makes these sound fancier than they are i love them and they re super cozy and a nice change fr om plain leggings but they re just a microfiber legging which makes the price about 20 too high even for retailer still i m sure i ll wear them plenty i usually wear a 2 4 and the xs fit me which makes me think they d be too large for a size 0 xs i was unsure about the color when i got it in the mail but it is very flattering it is roomy for sure with a pair of slim shorts or pants it looks great though creasing may be an issue 5ft 6 135 lbs 36 d the xs looks goo d with room to spare \r\nnice weight fabric for fall beautiful color for fall sleeves are a bi t long and loose but otherwise a great blouse for work i recommend sizing down love everything about this the color is gorgeous great fall addition to any wardrobe the tassels are cool usually don t like things like that \r\n\r\ni wear a small or medium in retailer usually small and i purchased the small haven t seen a top as fun and unique as this without being too much in a long time i typically like a little longer with skinny jeans leggings but this does the jo b of hitting at a good spot just at my crotch and the bottom of my behind it s the right amount of swing at the bottom to wear out not sure i could tuck it in and make it look right as in the photo the bell at the sleeve bottoms adds just the right amount of detail as does the neck d etail and ties the color is beautiful and i i am wearing these as i type this they are unbelie vably cozy would wear them as loungewear if it weren t for the fact that they also look so so c ute and i want to wear them out so soft and a really good fit higher than my other leggings so i don t have to pull them up ever but also just really fashionable looking love one of my f avorite retailer purchases ever i loved this top when i tried it on i m usually a small or med ium and ordered the medium based on these reviews the only problem with this for me was that yo u can see through it in the back it showed every lump and bump around my bra reluctantly i am going to return it if you don t have any lumps and bumps i think this is a great top i wish it had worked for me i debated about trying it on with a camisole to see if that would help but d on t really want to have to wear a camisole in the not sure if it truly runs small as i didn t h ave an xs to compare with but i picked up the s at the store and that fit really nicely had a loose flow about without it looking big on me i m 5 0 32 d 110lbs and have a petite but athlet ic build and i normally wear xs the sleeves were a snug fit not in an uncomfortable way becau se the material is stretchy but i would wonder if an xs would have been too tight around the arm s and the chest not creating that flows look very feminine sweet and i m 5 8 small 115 pound s ordered the xs this dress is gorgeous my husband loved it i tried several sticky bras n othing worked i m 32dd \r\ni gave up if your ok with no support you ll love this dress sexy back perfect length so light very flattering and looks much better on than on the mannequin i n store i an in between small medium and went with medium which was looser in back and did not show any lumps or bumps great with jeans pencil skirts and capris white lace peplum all my jams so this top was a no brainer order what i didn t realize was how cozy the cotton would be it was like just wearing a cozy tee but looked so much better i am 5 5 135lbs 34c and the small fit perfectly i normally wear a 4 or 6 at retailer and bought this in a 6 the size 6 is even a tad small in the bust area but not small enough to size to an 8 i am 32d for referenc e for ladies larger than a c cup i would recommend sizing to your larger size definitely try on at the store if you can the slubbed palette tee fits perfectly it s very comfortable and lo oks cute with jeans i ll be ordering more in other colors i really like that its made in the u s too i feel like this top is almost perfect but there s something missing the details are ni ce the fit is fine but something wasn t right maybe it was the weird arm length \r\n\r\nfits tts if a tad on the large side this dress looked amazing in the picture i am 5 10 and since t he model was 5 9 with the dress dragging on the ground i assumed it would be long on me as well even with flats this dress is an awkward length the description says it is 62 in length but i measured it and the dress i got was 52 i will say that it s a beautiful fabric and the quality of the dress is great it just doesn t look like the dress in the picture at all in terms of the way it hangs and the length great tee color is vibrant material is soft fits great beautifu l white top peplum never looged good on me until i found this one i am 5 4 34 dd and this pep lum looked good on me most white tops are see through int he front and this one isn t but back is a little see through for casual that much see though is good not sure for office but this is still a keeper for me so i almost returned this top without trying it on because i ve been binging on tops with thin blue lines but so glad i didn t i m busty like ddd36 and i weigh 170 but i got the 8 and it fits like a glove perfection plus i got it on sale so fab my review of the pros 1 quality made not see through in any way can wear with small bra straps 2 lac e gives the top a different look really liked it my review of the cons which made me return the top 1 runs huge i am 5 2 36 small c broad shoulders and my usual size medium looked l

ike an xl it was large in the bust area and almost puckered at the armpits i would probably order 2 sizes down to an xs which i never wear in any size top 2 for petite gals i am 5 2 this a a i love this shirt i actually bought two in black my uniform then decided to order one in white as well however the white shirt fit differently than the two black ones it was s ignificantly shorter over 2 shorter while the black tee is the perfect length the shorter wh ite version wasn t flattering on me and kind of flared out around my waist not the best look that being said i know the black shirt will be in heavy rotation for a while and the people at retailer were very und i love this blouse it is such a classic silhouette the fit is not so lo ose on me as the model but i have a much more curvy figure at a size 14 large i am completely coverd up in this top and the waistline is incredibly flattering to a full figure the lace mak es this top easily able to go from dressy to casual i can see myself wearing this top again and again great purchase these pants are a must for any girl s summer warm weather wardrobe i tri ed them on in the store and loved them but i am just over 5 and they were too long in the x s even with 2 5 inch heels so i ordered them in an xs petite and they are perfect with my 2 5 3 inch heels \r\ni love that they are wide legged they look cool and are flattering i am a te acher and plan on wearing them to work during the warmer months with a nice solid tee and a stat ement necklace and of course heels i highl imo this top does run small arms were tight in th e size xs and just a bit snug in the s top is definitely versatile i don t usually wear peplum tops due a larger chest 34d dd and they usually look like maternity tops on me however this o ne did not the problem with this top is the fabric in the back of the top is shearer than i d l ike you can see every bulge and bump of your bra i felt you d need to cover your back with eit her long hair jacket vest or cardigan not a deal breaker becau i got my usual xs i m a 32b and the top fit fine from the chest up my head just fits through the hole on top without having to unbutton but then from the chest down the shirt billows out too far it hits me at the hip like the model i m 5 6 and wear 2 26 but because of the extra fabric it really needs to be lo nger to balance out the trapeze look since the top portion fits nicely i almost want to keep it then have a seamstress take it in a little at the waist so it s more a line than tra i could not resist this top it is super cute the material is nice and thick you can get away with wearing no bra shows off your bronzed or creamy skin to perfection i can t wait to wear this i th ink the cut is very flattering for all figures top might be a bit tight for very big busted lad ies though love the pleating on this top looks great with my\r\nwhite jeans it s lightweight and has a slight sheerness stumbled upon these in a size medium at the store and was initially very disappointed that they were too big the sales associate found an x small and suggested tha t i try them on i was so pleased that they fit but am definitely not an x small at this point in my bottom i mean life \r\n\r\nwore these for a 4th of july party and felt elegant and comfortable all at once they were just dressy enough with a white trapeze tank long gold neckl ace and gold sandals i can only imagine them with love this top the contrasting lace eyelet i s pretty and interesting it flairs in a flattering way it must be hard to photograph white clo thing this lovely top is almost invisible in the featured photo but it is accurately photograp hed in the extra photo with the model in a jacket this will feel and look great with cardigans or cropped stylish jackets i m so glad i ordered this lovely white lacey top and i do recom mend it to you i only dinged it one star because it would be even better in cotton and silk wh ich are frequent tiny brand materials i went with the size large as this be i tend to go back and forth between small and xs and i m glad i got the xs its great and still flow and not hug e to wear alone you need a strapless but i am happy it has adjustable straps the lace on the b ack is fabulous snd the colors in this are so lovely it has olive green and deep orange two of my fall favs i wore with my level 99 deep orange linen pants and an olive green little jacket o ver it would also be lovely with jeans and booties a creamy cardigan or a little blazer i t h this is a lovely dress a bit brighter in person i took off one star because only the bodice is lined at this price point the dress should be fully lined this dress is so pretty and the ne ckline is darling this dress is beautiful and timeless i wore it to a wedding and received so many compliments i love how i can also wear it to so many other engagements i plan to wear it for mother s day brunch a friend s wedding shower and know that the clasic cut will be a stapl e in my closet for years to come the quality is what you expect for the price and is well worth your investment nan this dress is beautiful it has lovely colors that should compliment many s kin types i bought the dress for my daughter as a graduation gift i have not given it to her y et so i don t know if it fits or how it fits love the muted orange color and the design it s l ightweight and will be perfect for fall days this blouse is so beautiful and feminine it fits loosely and is see thru so you do need to wear a cami underneath it it is very comfortable to wear i got many compliments when i wore this blouse all the delicate lace on it just makes you feel very pretty in it however be extra careful when you do wear it i m still not quite sure how it happened but the lace in the front got a small hole right in the front on my first time

wearing it it s so pretty i just hope i can get it fixed so it w love love love \r\nthis is t

the way the back falls gently and flatters my figure i m curvy on bottom w a butt and tummy so
i like to cover them but i don t want to look like i m wearing a moo moo this top looks chic i
t s the right shape to flow gently it s just the right detail to be different in an understated

am 5 4 110 lbs and i bought this dress is very flattering and tts i bought this dress for my
brother s wedding at the end of june i love that it is machine washable which was the reason i
chose this dress instead of another as another reviewer already mentioned it is brighter than

photographed so comfy i m 5 8 a cup it fits well i bought a small an acquaintance of mine has it she s petite w boobs it looks great on her too she has black i have lavender grea t purchase such a great dress it is super flattering i love that its not too short on me i am 5 11 i m very pleased with my purchase of this dress it is perfect for dancing or a spring su mmer wedding or doing out it is very flattering on my rather straight slender petite frame i o rdered a size 4 and it was tts if it only had pockets it would be absolutely perfect this dre ss is lovely timeless style heavy fabric only con a deep front v i couldn t wear this to ch urch i m a 36d could not resist the fit and detail on this piece couldn t wait for it to go on sale the material is so soft and comfortable it s just a black sweater but the neckline and back details make it unique thought i would need a large but the medium fit fine 5 7 147 lbs i found this pretty sweater to run true to size i am between a size large and extra large a nd the large fit well it is perfect in the shoulders and body skimming without being too flared at the hem the lavender is a dreamy light sky blue true to what my monitor shows i rarely wea r anything but black and gray but i could not resist this color the sweater is a medium weight and i anticipate wearing this at the beach with white jeans and now with pale gray narrow wool p ants i really like th love the crochet and and it is a great feel with a liner underneath that comes with the dress a little boxy but another beautiful retailer dress overall this top is gorgeous and it fits much better in real life than pictured on the model the back is made of so ft cotton crochet and it curves beautifully on your lower back emphasizing your lower assets and if you have great shoulders and arms you re going to love this top because your shoulders will s tand out it s made of a light weight linen cotton fabric it s very soft and doesn t wrinkle as easily as most linen does it feels soft on the skin light weight and has a nice bounce to it it s i have to admit seeing these tops online i wouldn t give them a second glance but at my local store they were displayed in a gorgeous summery fashion and were so light and airy and flo wy my summer checklist i bought both the blue and rust color in an xl i am a 16 xl 36h and t his is one of the few button up shirts that actually fit i think i might go in and add a snap b etween the bust line anyway since the buttons are spaced too generously but there is no pulling this top does run long i do like this top i bought the cream color and it is flattering but i t is a little shear i need to wear a cami underneath it it also seems to be a little on the la rge side this would be one of my favorite shirts if the neckline were straight across instead o f cut or if it at least had a button it runs large so the low neck plus bagginess makes it fee l too loose for my taste even though i ordered the xs the back of the sweater is also really l ong it s a comfortable fabric and nice quality though the fabric and color are very nice as i s the cut however this is entirely unsuited to someone as short as i 5 3 i also have a prop ortionally short torso so the split hits in the completely wrong place someone taller is likel y to love this this is a beautiful dress figure hugging but covered up in places that need it color is flattering and soft wore with bainbridge layered necklace bought for an afternoon fun ction and wore with pumps so versatile will work for church or cocktail party \ngreat purchase i really love this top they show it s as a bathing suit cover up in the pics but i will wear mi ne as a top over a cami it s beautiful and looks expensive it is had to exchange my usual s ize for one smaller i bought one of these in store and then ordered two more online i love thi s top it s loose and hangs just right i have gotten so many compliments on it very comfy and cute pockets too which is always a plus i got a petite i m 5 5 and this comes to my ankles pleats are attractive but not sure if they will hold up after cleaning otherwise i would give h igher marks for quality overall unusual and a keeper i am wearing a medium in the photos and f or reference my measurements are 38 30 40 great dress i ordered the extra small petite and it fits perfectly i just love this well made nice fabric and looks just great over pants or jean s im very pleased with this quirky piece and got it on sale too the fabric is so soft but it was too roomy in the top and miid section so it didn t flatter my body this dress is absolutely like a layered cloud the material is amazingly soft and comfy i really love this dress it han gs well and clings in all the right places i ordered this online and the store that sent it had left the security tag in i sent it back the tag was taken out and the dress returned very quic kly and without cost to me this dress is exactly what i needed it s so easily dressed up or down heels and jewelry for cocktail this time fabulous with leggings i am 5 1 105 lbs and always wear pxs the pxs was too large and fit like a ps so order a size down i really like it and going to exchange for a smaller size i just got this in the mail and wore it for the first time today it is a beautiful top the crochet portion of it is very well made and overall the t op hangs nicely the linen though is a little bit rough and scratchy the lining underneath seem s a little delicate and is not stretchy so i felt at moments while sitting that i could have jus t ripped it with one wrong move the linen also wrinkles pretty easy in the mid belly section so there is an ugly line going across a problem with a lot of l this tunic is very cute and incred ibly comfortable it is a bit loose but you can see that on the model that it hangs off the bod

y i lose my waist a little bit in this but think it s a good substitute for a thin sweatshirt and the button detail at the neck is nice if you want to show a little cleavage i love this dre ss i m 5 8 160 lbs and have no hips no butt and no waist i have no curves and thin muscular legs it s like wearing a cardigan and dress all in one i paired it with ivory tights and dark brown boots and received tons of compliments plan to order at least one size smaller than you t hink it s way baggy this is a beautiful tunic the colors are vibrant and the stitching is high quality please note that the insets on the sides are not actual stitching but a print it is st ill very pretty please size down a size i am usually a large wearing a 12 or 14 if something runs tight across the bust i ordered a large and it is a bit big under the arms but too big thr ough the waist area i am not small in this area either i would recommend buying this tunic i c an t wear this without getting dozens of compliments plus it s comfortable it s very soft it is perfect with skinny jeans and boots with pants or with skirts i have paired it with pretty much everything in my wardrobe everyone wants to know where i got it it s very well made and t he embroidery is well done it doesn t look like it is going to come undone anytime soon this d ress is adorable it simply did not fi off the rack \r\ni invested 15 dollars in alterations to get rid of the very bottom side pockets why where they even there and to shape the bottom bas ically the dress is straight all the way down the sides by up and alter \r\nthe top pattern a nd cut at the top made the alteration investment worth it to me the quality of the fabric is ex cellent \r\nand the pattern is adorable can be worn as little black dress cocktail party or da te night the top de i am a pilcro hyphen girl and now i have these pants to love as well supe r comfy and cute the print is nice and subtle i m usually a 29p but the 29 regular is fine i usually have a hard time with the sizing as retailer carries so many designers but this dolan to p fits absolutely true to size i am an xs and it fits perfectly drapes exactly as shown and ov erall looks exactly as pictured the color is an off white with gold beading and tiny white seq uins on a mesh overlay which is lined so there is no show through which i was concerned about i t is not boxy due to the fabric which is very soft and drapes nicely over your curves there is just enough b i bought this dress for summer celebrations the fabric is beautiful and the color s are soft and enhance the flow of the dress the fit is true to size and i especially like that it is not too low cut in the front i will pair it with a light sweater or denim jacket definit ely a dress than can be dressed up or down very feminine and has a romantic feel not long ago i bought a pair of hei hei pants that i love so when i saw these i immediately tried them on i love them too they are pretty and comfortable and i am so happy to get away from tight jeans they are also very flattering size wise i find that i have to size down with hei hei perhaps because they have a looser cut not much to say fits tts a beautiful top colors are striking these jeans are great quality but they just hit too low for me to be comfortable love love the print on these but the fit is off i tried on the solid color in this same style and i took my r egular size 30 these i needed a 12 the waist seems really small but the bottom leg parts stret ch out and are kind of baggy after 1 wear i can t go down a size because the waist was too smal l on the 10 since i love the print so much it may be tolerable rare for hei hei to fit wonky i ordered this tunic in xl and it fits me true to size it s such a fun piece to wear i like al l of the embroidery which was done in beautiful colors and stitched well the different fabric a nd the cut make this a very flattering top i tie in the green and pink in my jewelry and sweate rs when i wear this it s so comfortable too i ll get good use out of this top for winter i li ke the uniqueness of it wasn t sure whether i would like the top from the online picture but i t is so much more flattering in person can be worn as a casual piece with denim skinnys or dres sed up with a pencil skirt bought this dress for my daughter teenager and it is perfect it i s a cute dress perfect for summer parties special occasions it seems to run a little small an d wrinkle easily but over all she and i both are happy with the dress this is a beautiful pi ece that can be paired with multiple ways the color is rich and classy i think this dress is c ute it caught my eye in the store and i got a bunch of compliments when i tried it on i like t he sunny yellow i plan on wearing it to an outdoor wedding on the amalfi coast of italy in the spring i am petite 5 2 105lbs and purchased a size 2 i think it may run a little tight in the chest so perhaps consider sizing up if you have average or larger breasts i love the pocke ts the fabric seems to wrinkle easily so hopefully i won t be too rumpled after having it i lo ve these jeans i am always reluctant to change brands but these are the best i was pleased fr om the minute i took them out of the package the fit is perfect very skinny but not too tight they retain their shape over several wearings too the color is a great dark navy looking forw ard to a long relationship with these it s love love the color fit and feel of these jeans the thin material is stretchy and comfortable i didn t have to pull them up every so often duri ng a 3 hour party they didn t bag out after the first wearing and are true to size i got a 2 7p 5 2 115 the leg length is perfect and ends at the ankle the rise wasn t too low for me highly recommend i didn t think i would like this blouse when i saw it on the website but

once i tried it on i was sold yes it is see through but with a cami underneath this blouse can be worn both casually and to work the best feature even though it s silk and the tag says dry clean only you can absolutely hand wash this blouse in cold water and air dry i did and it came out perfect with no wrinkles i took my usual small i m 32c and 122 lbs and love how versatile this blouse will be the geometrical pattern of this sweater is slightly asymmetrical with nice geometry to it the colors are more muted and subtle as compared to the picture i was very excited to see it through its transparent bag unfortunately my delight faded after i pulled the sweater out first it weighs a ton a thread for each color runs around he whole sweater hence much more thread went into it than in a typical sweater second it runs large i am usually an xl or 16 18 but this sweater has lost of i got lots of compliments \r\nfabric is thin but not too thin perfect for summer and fall you can roll up higher or even down to full length or ankle depends on your leg length \r\nfit is relaxed but not too loose these pants are stretchy and very comfortable i have bigger thighs calves with small waist and flat butts i am definitely not a fan of skinny pants yoga pants so i often have problem finding the perfect pants that don t show off the silhouette of my bottoms these pants solved a beautiful dress wonderful fabric very well made just runs really small so sad i wanted this dress for a special event i recently purchased this tunic on sale the cut of this top is flattering on my curvy figure as it has a cinched in waist the embroidery is lovely and very bright with several shades of colors i wore this with black leggings boots and a green cardigan and received many compliments material is slightly thin good transitional dress for spring or fall the waist is not quite as fitted as i would like but the neck and sleeves are perfect the length is good but i am short 5 1 and 105 lbs xs fit pretty well a really good purchase more of a workhorse work dress and not a wow dress on me but nice to pair with blazers jewelry don t regret the purchase very comfortable got compliments when i wore this is festival dress epitomized flowery flowy romantic styling so many layers in a muted color pattern but also retains heat since it s all polyester good thing the skirt is swishy to air your legs out my distress is regarding the length petite was sold out so i bought the regular with the intention of wearing platform wedges it s still too long if i hem i will lose a lot of the pretty blue pattern i had been eyeing this top for awhile and decided to get it when it went on sale it is a very nice top i m going to pair it with jeans and boots for our florida fall but could see it working with a nice pair of pants it is roomy so if you re looking for something more fitted than i would pass on this top i love this shirt it s gorgeous got it last night wore it today and received compliments all day long \n\ni don t normally look good in tunic length tops but somehow there s magic in this one the seaming on the front totally hides my post baby pooch too bad the baby just turned 3 and my pooch isn t going anywhere \n\nadore i love this dress \nit is so cute \ni have another dress from the same brand hutch in almost the exact same shape style so i was excited to see this one is so similar to the other dress i love \ni am 5ft 8in and 145lbs and medium fits perfectly \nit s snug at the top but not tight and the skirt is full but not too full \nthe fabric is slightly thinner than i expected but still like it a lot if i could change one thing it would be one inch longer hits a tiny bit more above the knee than i t just bought these they are my fourth pair they are comfy flattering and versatile i pretty much live in these cargos on the weekends i always coveted a pair of flower camos that my sister used to wear they were perfect fitted but not too casual but not too i saw these and thought to myself that i finally found them that i didn t have to covet my sister s pants any more these check all the boxes comfy stylish high quality but by the end of the day they bag out when i wore them i had to keep pulling them up a belt would certainly help so i love the pants but am a bit disappointed with how they lose their shape i love hand knit sweaters they look expensive this sweater is pricey and i shied away from the original price at the reduced price it is worth it my sweater is bright blue and pure white so not sure what other reviewer got however it is itchy i admit that i have somewhat sensitive skin so if i cannot wear a silk layer under it or find a way to make it less itchy on me i will have to reluctantly return it i normally wear large but the medium fit fine very flattering i am 36c and short torso and the small fit like a glove the medium was a bit loose and gapped some on the side of my breasts need to wear strapless bra really cute style and goes with several of the patterned capri pants i bought at retailer this spring i fell in love with this shirt in the store and it has become one of my favorite items in my closet the bright pink contrasts perfectly with the white peplum bottom and the fit is wonderfully flattering nan i m very glad i snatched this up when i did it is super soft and the perfect length i love the slight peplum as it makes for a very flattering fit i can tell this shirt will be a staple year round as it works great with shorts or jeans for me i think the large was a tiny bit big in the waist but it might shrink in the wash the armholes were nice too and didn t gap i love this top it s the perfect lightweight top for summer and the details are so feminine and pretty the fit is extremely flattering the arm holes are not too large i e do

not have to worry about exposing bra i think you can dress it up with heels wear it casually with shorts also pairs perfectly with kimonos i m 5 4 130 and i took my usual retailer si ze in this size small pic doesn t do it justice very flattering i got it in navy definitely worth the sale price love the blouse and the best part is the back side this brand never ceas es to fall short for fit and style try it on to see tried the xs in store and 115 lbs 30dd 5 1 5 fit like a glove the chest part was fitted on me the white is almost not see through b ut nowadays that seems acceptable see though the material is typical of meadow rue cotton l ike and airy it is a basic white with styling the top part also has some dimension i overall thought this would look nice with my white shorts or with some nice jeans and blazer love this top the cut is nice and is similar to the previous one that was denim love hte colors but the y looked awful on my skin tone unfortunately \n\nsizing is true to size i tried on the regular size not petite and it was fine my usual 0 or 2 went with 0 as tjhis top is a looser fit 2 would be boxy the lace part is a nice added detial the plaid is soft flannel color is a salm on colr with navy but the dominant color washed me out i am fair love it otherwise i recei ved this in the mail today and i liked it from the minute i tried it on and looked in the mirror it is a unique piece to compliment black pants or jeans i hope to be able to wear it with leggi ngs if it covers my bum so i will have to try it on with leggings to see the fabric is nice and it fits well and compliments my figure it is longer as it appears on the model i do recommend you give it a try especially at the sale price this is a beautiful simple yet feminine top a little tight in the bust on me so i had to size up and i am not busty for reference i am 1 17 5 3 34b i m probably in between a small and x small on this but went with the small i ord ered my normal size and found that this top runs large i wanted to tie the front ties tighter t o accentuate my waist but even so it was still quite loose the fabric is very stretchy and thi n and the top was longer on me than pictured in the model for reference i am 5 7 155lbs us ually wear a medium 8 in a top this medium was too large i love this shirt i had my eye on it for awhile but wasn t sure what size i d be so i went to the store to try they only had a smal l which i figured i would be but it was a little large and not as fitted as i would like it acro ss the chest i got an xs and it was perfect i am 5 1 about 120 lbs and a small c cup and it fi ts great i love it i like the top like the tie in the front the material is stretchy would imagine this will work for any size of chest i wear either a small or medium so thought i d be safe order the medium which turned out to fix more like a large i m taking it back for the sma ll as it s a keeper i am currently loving anything that crosses or ties around the stomach area to hide what s left from my most recent pregnancy this tunic fits the bill the material h as the perfect amount of stretch and the length was just right i am very petite and bought my u sual size xs i would have liked to try this tunic in a petite size but then it may have been too short i plan on wearing this to work with leggings and for running errands once the weather warms up i wasn t immediately attracted to this shirt but decided to try it on i loved it on \r\nit is comfortable and very flattering i m a small person and the length wasn t overbearing on me it was full but the stitching around the chest gives it shape and is flattering to a sma ller chested person i m not sure how it works on a fuller person but my guess is it may surpri se you love love this top it s flattering shows off your shoulders soft and has delicate e mbroidery i typically order a xxsp in antro tops as i m very petite but decided to order both x xsp and xxs just to see the difference the xxs worked better as the xxsp was too short in leng th and kind of looked like i was trying to fit into a child size top the xxs is a perfect lengt h it s my new favorite and i can see keeping this in my wardrobe for a long long time the li ghtweight knit and flattering colors made this top so perfect for me that i bought it for full p rice it s big so i d size down you ll still get a forgiving shape flattering colors and just a really nice option for work or off hours nan i absolutely love this top and it looks absolute ly fabulous the first time you wear it the details are impeccable and you ll get compliments all day long i paired it with a jean jacket and my favorite destroyed skinnies for an outing in tx wine country there are a couple of key things to note when you pull this top on mind your make ups you can and will get make up on the collar and so apply this shirt on careful ly or your make up vice versa now after the fist wear which this top is fun in a soft f abric i got the navy ad bright great for summer but top does run large i usually get a med ium but sized down to a small i read the other reviews before i ordered this top and was a lit tle concerned about the fabric but it s fine the neutral color is a little bland but i can we ar it with bright pants since i expected it to run large i ordered a small the tie in the fron t makes it fit like a dream plus it looks amazing from the back love this shirt i am actually pregnant and this shirt ties right over my baby bump to make for a very flattering pregnancy shi rt i will definitely be wearing it post pregnancy as well since the tie is an actual tie and yo u can tie it however tight you want for a more fitted or loose look i am 5 4 125 lbs not pregn ant and got a size small and it fits perfectly covers problems areas of butt and upper thighs

yet accentuates the waist and thinner area of legs very soft fabric a bit stretc this looked so odd on me i decided to give it to someone with a different body type and she found it really odd too the sleeve are a bit too long to be short and they are tight at the bottom the top is really large as to be unflattering perhaps it s just that it doesn t work on someone who is pe tite but this one is a return love this top it s very comfortable and flatters my midsecti on versatile piece this top is really pretty i love the details on the back tail of the shirt the colors in this shirt are really pretty more like a peachy pink to me i will however line dr y this shirt because of the different fabric on the tail of the shirt i would not iron that por tion of the shirt either overall i am completely in love with this shirt it will be a staple in my closet i love this tee i got the navy color and the quality is good it s a light and so ft linen that is opaque i can t vouch for the other color though it s a very loose fit but i t s not boxy and the sleeves are still well fitted and comfortable instead of gaping or huge i m very short and the xsp comes to my hip i m almost tempted to get the other other in regular j ust so i can tuck it with skirts and pants too the only issue i could see is that because the neck is a bit wide it might show this top is the perfect combo of function and flair the style of the top makes it easy to wear and the back detail is just lovely i love that it can be worn as either a buttoned up top or a light over shirt with a t shirt or camisole underneath i would pair this with blue or gray skinny jeans i am very pleased with this purchase a nude colored r acer back bra works perfectly under it and does not show through i have worn this with jean s horts and linen pants and it looks great with both it is slightly on the dressy side so i also plan to wear it to work paired with a skirt or dress pants and a cardigan i am a 34a and si ze small fits nicely i saw this shirt and it was love at first sight i have never had so many strangers randomly compliment me until i wore this beautiful top fits great looks even better lovely comfortable top not flattering on my full figure but would be flattering on most espe cially younger women who want to emphasize their curves this was such a great top see thought s below \r\n\r\n \r\npros \r\n fits tts for reference i m 5 9 36c hourglass i m normally a m or l 10 or 12 depending on the fit and found the medium to fit well and not be to o tight at all i could have probably sized down for a snugger fit but i like the looseness fi t very well across the chest and arms \r\n the sleeves are surprisingly flattering i ve dealt with other tops where the sleeves flutter too much and adds too much weight and attentio i love this top i ve washed it a couple of times now and i can say it holds pretty well unlike what an other reviewer said it s very good quality for me it is true to size i m 5 2 127lbs 36b and the small was perfect i wear it with a strapless bra overall a great purchase that i can pair with almost anything the cut design and fit were great on this top however a few people hav e written reviews that the top is not see through that was not my experience the top was very sheer and even a nude bra was clearly outlined in it sadly that was a deal breaker for me and i had to return it also on a side note i don t appreciate receiving a garment in the mail from a n online order that already had make up stains on the collar so just watch out for that such a great shirt loved the fit and how it feels i paired it with grey jeans \r\nloved it so much i ordered it in another color for myself and ordered one for a friend this shirt is extremely s oft and fits well great length and perfect casual shirt for fall nan this top is cute for fall it is a gauzy material and so it s not too warm it s longer in the back for coverage fits tr ue to size very elegant feel and look love the side zip sliming feature great all around pa nt to dress up with heals or boots for work i bought these pants in the green and in black the y are the most comfortable work pants ever almost as if you are wearing leggings and not pants the material is really thick hiding any imperfections the satin detail allows for them to be a l ittle more dressy i am 5 6 and 155 and i ordered a 10 they are a little large in the waist bu t a perfect fit everywhere else the also hit right below my ankle bone i highly recommend thes e pants for anybody who is on the go for there job a lot because this dress is just right for we ddings and all \nit fits nicely the skirt makes it fun and it feels so comfortable it\nis just a perfect solution for fun evening dress \ni always carry a camera to weddings and this will be so great to\nwear while i am taking photos \nit looks current but easy to move around in just a wo nderful shirt fabric is so soft it feels like pajamas and the blue is just perfect there s a different blue plaid as a lining and i almost wish it was reversible they re both great patt erns wonderful for fall i am loving this shirt i thought it would look ridiculously long on me but it does not for me this is a great substitute for the cloth stone fringed plaid button down dress it s definitely not a dress but is long enough to pull off the layered look of weari ng a t shirt and this on top it will be a great piece for the fall given how incredibly soft an d light weight it is highly recommend i am so glad i did not wait to order this dress the fit is great and is made with great material i am 5 7 110 lbs and ordered a 0 often i have to h ave a dress altered but it is not the case with this dress the length falls right at my knee i t is not shown in the photos of the dress but it has a buttoned back slit that has two buttons w

ith a bright orange trim along the slit a very cure feature the bright blue back drop is hard
to see on the photos as well but is nice i purchased this shirt in two colors it was a bit lon
ger than i was expecting i m curvy 5 2 180 lbs 36dd and the large fit perfectly great color
s style and fit i was hesitant about this one since i ve tried cloth stone shirts in store an
d found them to be tight in the shoulders and arms i have athletic shoulders and arms so i did
n t have high hopes for this one i tried it on in store and it s surprisingly true to size i a
lways wear m in tops and this fits perfectly it is long but i like that there s enough length
that i can tuck it in for reference i m 5 3 130 lbs a cup 17 across the shoulders these p
ants are made of a beautiful fabric that really brings out the rich color like others have said
they fit almost like high waisted leggings which i for one love it makes them really comfortab
le while the nice heavy fabric and lovely tailoring make it appropriate for an office i do fin
d that the pockets are pretty useless as having anything in them ruins the lines of the trouser
s the zipper is a bit pokey as well i had been looking for a new plaid shirt for fall this on
e is perfect the yellow is muted but i really like it that way other reviewers have commented
on poor quality but it doesn t seem that bad to me definitely recommend this top is so cute
it does run big i am usually a small med in most tops and i fit a xsmall i am short waist with
a 38c bust it looks great with white jeans boyfriend jeans or just shorts dress it up or down
love it this shirt is so cute i was unsure about how flowy the sleeves would be as i m not on
e for frills but the sleeves sit nicely also i am between a size small and medium i got the
small and it definitely is flowy runs big so if you like a tighter fit you may want to order a
size down i got the red and it s a perfect autumn winter color the cut outs are not too show
y so it s not revealing for us gals who are a little more belly conscious it s the perfect shi
rt to just throw on and go a this model looks like a bauble head she is absolutely too thin and
sends the wrong message out to retailer shoppers this last catalog s models are anorexic and un
healthy looking \r\n\r\ni ordered this shirt hoping it would fit but it s too small for 34dd i
am tall athletic and have breasts \r\ni think of my shape as average and the top didn t fit
it s cut narrow and small wonderful shirt soft and flattering usually wear a medium but go
t the large to layer over tanks and leggings could have easily worn a medium but large is not
frumpy at all i was looking for a flannel y buttondown that i could wear with leggings or skinny
jeans and this definitely fits the bill i like the cute details like the contrast collar and c
uffs and also the slight back pleat and the curved hemline i m not crazy about the colorways t
hat are offered but the pink is cute enough and as other reviewers mentioned i find the quali
ty a little lacking i d be very happy with this shirt on sale but not sure about it at full pr
ice i got a size s 5 4 120 lb nan i didn t really understand the other reviews until i recei
ved mine in the mail i love cloth stone and this is just not up to their normal quality i bo
ught the blue and yellow colors of this blouse it s very soft but the blue already had strings
coming from under the arms and i hadn t even tried them on yet material is super soft but thin
cut is weird under the arms and tight sleeves are also tight i am usually an xs or s in cloth
stone so i ordered smalls i just fit the arms but t purchased this tee online and could not be
happier with what arrived in my mailbox this tee is perfect to throw on to run errands or out t
o lunch the fabric is so soft fit is true to size i don t like tight fitting shirts if you d
o i suggest ordering down a size overall great detail fit and just as pictured nan i love the
look of this shirt it is super soft and has a great draping quality i personally love that the
mid stomach seem is see through but if you didn t like that you could easily wear a tank under
it overall good buy beautiful blend of colors and the texture of the shirt is so soft perfec

one of my fave retailer purchases i noticed that someone wrote a review about how after washing
her shirt she hated it well i have washed mine 2 or 3 times already and have never ironed it
i do use fabric softener and i take it out and hang it to dry after it has tossed in the dryer
for about 5 minutes it is not meant to be a crisp dress shirt but a soft casual shirt and as
i said before i have not ironed it once it looks like it did when i bought it even straight
out of the dryer i own the yellow and pink the color is a very dark mustard yellow thin li
ght weight material and it has a pretty feminine drape 0verall a nice twist on a classic plaid
shirt cute cuffs complementary design the top was baggier than the bottom though i deducted
a star for the tight fight on the hips all photos show it unbuttoned or tucked in i m usually
between a s m i recommend the size up for hip fit perfect summer fall top can also layer it
i wear it over a tank tunic and love it pretty color flattering fit the flesh baring lace ins
et in the middle required me to wear a tank nan i expected this dress to be pretty but was hap
pily surprised at the level of beautiful detail it s hard to tell in the pictures but the dres
s has a black background with tan embroidery all over and white embroidered eyelets the full l
ining is bright blue and it peeks through the eyelets with the slit on the back and the inside
of the neckline lined in bright orange the slit on the back has two buttons closing it a real
ly cute detail it fit me comfortably i am 5 7 and 130 got the si i don t usually write revi

flattering top it isn t a style i would normally gravitate to but i liked the color so i thoug
ht i d try it on i ended up trying on the medium because they were out of my usual large and it
fits great it drapes really nicely and looks super cute with jeans and booties the little stri

nsitioning from summer to fall starts out crisp but not too tight doesn t over stretch through
the course of the day very comfortable but looks polished front pockets sewn together like all
verdugo jeans good particularly because it eliminates the awkward brighter white where actual p
ockets would show through fabric on other white jeans washes exceptionally well and holds its s
hape as well as softness which is good because being white they pick up stains easily be caref

he nutcracker and what is more appropriate than a tulle skirt the tulle lays fairly flat so it
s flattering rather than being poufy the top is a thick material but not quite sweater materia
l since the top is warmer it should be fine for winter even with short sleeves and a cute car
digan or furry coat i m going to sparkle it up a bit with a necklace or belt but it also look
s fine without extra accessories fits true to size i m typically a glad i went in to buy this
in store i was surprised by the texture which was much more cotton almost gauze like than most

a dress worth paying full price for based on the good construction and lacework i got it for a

the weekends i am typically a size 31 32 and 30 s fit me like a glove i also typically wear pe

print the shirt is very soft and comfy be warned that it runs huge i usually wear a medium
or large in this brand after many tries i ended up with a small and it is roomy this looks
so cute under a jacket too i purchased the violet chino s in my local store the color to me is
more plum than violet but a nice shade still the fit was perfect and they are oh so comfortable
i bought size 27 weight fluxes 116 118 i can see having several pairs of these in other color
s because of the comfort level and they work for fall spring and summer in the warmer states e
ven winter the fabric has a soft feel to it bought these pants for a long trip through south e
ast asia tried them on at home and instantly fell in love with the relaxed yet styled look wil

cluding the bag they seem breathable and are light weight super flattering as they are slightl

added taupe to my wardrobe because one pair is not enough i found a tiny variation in size betw

there is also absolutely no stretch in the fabric i ordered 5 pair of these pants and the dye r

and splotches in the pants i sent them back and retailer was very nice about replacing them i
have yet to wash my 2nd pair but we will see very comfy and easily could dress down or up i lo

the dress has iridescent blue pink lavender sequins i was surprised as well but in a good way
i think it has a unique look and is so pretty and romantic its a vision of shimmer when you are

other than that its a beautiful dress i would not have purchased this had i not seen it at my l

i usually wear a size 12 or l xl in sweaters cause i don 39 t like them to fit tight i read r

e i love it and i think it s flattering however it wrinkles easily and also when i hand washed
in cold water it shrunk a little which super irritating but i m going to wear it anyway i thin
k it can be worn with many things so it ll stay in rotation a while such a great purchase the
fit is so flattering to my 5 3 frame i usually wear an extra small small but i opted for an e

it would have a similar fit without the length this has it flows yet hits my curves in all the

it really makes you look slim too i got the size small and i am 5 4 and 130 lbs and it s a per
fect fit i wore this dress to a couple different summer parties already and i love it it lo
oks better belted on my curvy frame i really like that the straps are adjustable and the versat
ility of this dress \r\nperfect lightweight material in this summer heat \r\ni m not sure why
reviews say its sheer its not sheer at all the fabric isn t hugging your body at all and you j
ust need nude colored undergarments love this sweater i have it in both colors it s lightweig
ht a nice late summer early fall option the sleeves are really long which i love because it
s a loose knit it will snag somewhat easily so be a little careful i bought this top in black
and it fits my body type really well it is probably one of my favorite purchases from retailer
recently the black top is really slimming and is a great cut i usually have trouble finding to
ps that are long enough for me but this top is definitely a great length i really love the fee
l of the fabric on this dress when you first take it from the package it resembles a tent but
once you figure out how to scrunch the front and back around the straps it resembles the photo

the fabric is very soft and the indigo colors are amazing this dress is perfect over a swimsuit or for casual gatherings you can even dress it up with a belt it is somewhat sheer but does l ook cute with a cropped jacked over it soft and cozy the orange is vibrant the green is more subtle and has gray tones usually wear a small bought the xxs too full and too sloppy in the xs ad small this top is exactly what i was hoping for except it is missing the drawstring so d isappointing mailing it back top fiits true to size i m 5 6 132 and avg bra size i order d a 4 and it is great i love the colors and the fabric is realy nice what i would expect for th is price point the slit at the neck is not too low to be revealing this would work well with j eans and just as well with dress pants for work great style and fit will look great with jeans skirt or leggings i got this in the teal and the color is beautiful and i get so many complimen ts definitely size down i am athletic and usually a m and i ordered a small thus sweater is p erfect the fit is exactly as i expected it from other reviews it is super soft and not at all itchy i have worn it over a tank top with jeans and boots as well as to work over a dress the fact that i can wash it is an added bonus i haven t dried it yet as i am worried it could shrin k i bought this with a discount but it is totally worth full price the embroidery on this top is pretty but i think blue is more of a navy grey in person and the embroidery seemed darker bro wn i m 5 6 and tried an xs and small the small definitely fit better in length the body of th r blouse is loose almost boxy cute top just not what i m looking for this sweater is beautif ul and well made but i found the cut strange and unflattering i ordered it in my usual size sm all and it was too big in the shoulders and arms with a lot of fabric bunching up under my arm s but it just fit me in the chest and would be too tight if i sized down this might work for you if you are not busty and order a size down from your usual i really like the warmth and loo se cut of this sweater it is great for layering and looks nice dressed up or down my only grip e is i would love for it to have a second fastening if it had another snap a little further dow n the body you keep keep it more securely closed other than that it was a really great purchase this sweater is buttery soft and warm it is long and you will want every color i bought the sk y blue and it looks fabulous with so many outfits i had to get the gray color also the sleeves are a soft fitted rib material and the body is long and roomy love love love this cozy sweater for layering i purchased the green have the cream saved in my cart and also love the coral an d blue too 5 5 135lbs 34c ordered size small which was perfect eyelash sweaters are all so soft and cuddly but this is the only one i ve found what doesn t make me look like a bear the s houlder cut outs really help create a flattering silhouette i m 36 30 40 the medium fits well slightly loose so the sleeve below the cut out hangs slightly highly recommend love love love it s the perfect cozy comfy piece for a bitterly cold day and the color is such a nice shade f or the dreary winter this gorgeous sky blue sweater was already in the dressing room to try on i was not shopping for anything like this whatsoever well i tried it on and decided it was a m ust buy i usually need a petite in sweaters and coats but this one because i prefer a longer length fits just fine and the sleeves are not too long the color is beautiful it seems to be warm enough for sf evenings it think the price is quite reasonable for a sweater coat like this a great purchase there was a blue one in my store sale room and i decided to try it on as i h ad read great review bummer is i really do need hte petite in this cut is flattering adn mate rial softer that i thought next year so incredibly comfortable the sweater wasn t flatteri ng on me i m super busty so i sent it back but it was a tough call because of how incredibly s oft i usually wear a size 2 4 and ordered a 4 here it was way too small it seems like a nice suit so i m ordering a size 6 and 8 to try but definitely heed the warnings and order at least one size up i love this sweater the sky color is very flattering in person i love that it loo ks good open or closed i bought one for my mom and me i think it will be very versatile i thi nk it runs mostly true to size possibly runs just slightly big maxi dresses are always my summ er staple and moss has been my favorite wardrobe color lately so this dress was a must buy i m petite and this came about two inches above my feet i would be cautious if you re more chesty i wear a c cup and typically am a 0 2 at retailer but the extra small s bust line didn t hit un der my bust properly and was too high up i m hoping sizing up will fix the problem if the small comes back in stock online besides sizing issues on my part this dress was nice and gorgeous su it one of the most well made suits i ve ever owned sexy yet provides great coverage do note t he sizing is per australian standards i had to order a size up this is an amazing sweater thi ck but not overly thick the material is beautiful and the colors rich i love the collar and th e way it closes as well as the pockets and the back being different from the front i hope it wa shes well i bought the moss it fits nicely and is very slimming i highly recommend this was too big in the arms i didn t like how there was only one button toward the top so that it made your body look hippy little too itchy too best thing about it was the look of the slouchy coll ar possibly my favorite retailer purchase ever like wearing a cloud fit perfectly if you re busty not sure about it but otherwise wow told my husband hope you like it because you ll

be seeing it all the time he not only agreed but wanted to know if they made pajamas for men
this sweater coat is really cute and soft i hate itchy sweaters the blue is lovely and the cu
t is flattering i m going to check it out in other colors as well i love this dress it s cott
on but thicker higher quality i m going to wear it for nights out and to dinner this summer
and it s thicker material so i won t even have to wear a bra with it it s a little lower cut
so be careful i m 5 3 and the extra small hits me right above my ankle i originally bought this
in a petite xs i am 5 4 tall on a good day sometimes longer sweaters can overwhelm me but t
he petite was almost a bit snug and short in the arms i exchanged it for a regular xs and while
i now have to cuff the sleeves the overall look is much better i bought the gray but really li
ked the blue and moss too will be very nice for the frigid days we have in ohio looks great wi
th leggings tucked into boots i think a winner so soft and comfy looks equally good buttoned
as open can be worn as a tunic top over leggings or jeans the charcoal color is chic and i lik
ed the different patterns on back and front love it can t wait for warmer weather to wear this
sassy number \r\ni m not sure what kind of bra to wear if any but it it fits so nicely around my
bust line that it looks tasteful i love this onesie i get a lot of complements when i wear it
the only issue is that it s slightly too short in the mid section it tends to give a tiny bit o
f a wedgie but it s not nearly significant enough to give it a bad review or return it overall
it s comfortable i did have to size up because of that issue but it still looks great i was le
ery when i ordered this as i read the reviews and i m busty it is perfect for me just wear a l
ittle bandeau underneath i m 5 1 1 2 135 lbs and 34d bra size also the length is perfect i
ll be wearing this little number winter and summer here in fl will look just as cute with boots
and long sweater and did i mention it has pockets i ve never bought a jumpsuit and love
d this online so i took the chance and ordered it i m 5 7 and 130lbs i bought the small and it
fits great i love the plastic around the neckline to keep the top in place the draping fabric
on the chest is great for my small chest gives the look of a fuller chest absolutely love this
great buy and a great price just as described by others soft great fabric and so comfy i lov
ed the contrast of the front panels and sleeves back of this sweater it has a coat look with th
e ease of a sweater the arms seem very long and i wish i went with an xs as where i live not mu
ch laying is needed but overall this is a lovely sweater i was searching for an ivory cardigan
and i ordered this in my usual size small and an extra small after trying them both on the xs
looked better i like a more fitted look a tad tight i the arms when layered but otherwise woul
d have been a good fit but the acrylic in this garment was too itchy for me around the neck i
thought this might be the case but took a chance anyway also the pockets add a bit of bulk in t
he hip area definitely not something i want this tunic is simple and well made it was not as
long as on the model as on me but i am 5 9 overall i like this sweater but it does have a co
uple flaws the sweater looks better snapped unfortunately it only has one snap on the front t
here should be another one inside after a couple wears my snap started to come loose probably
because it pulls so much the sweater is a bit oversized and i probably ordered the wrong size
i m 5 7 and 140 lbs i ordered a medium should have ordered a small all that being said i st
ill love the look and color moss green of the sweater and would i saw this in the store and fe
ll in love with it i didn t buy it at first but i couldn t stop thinking about how comfortable
it was so i went back and purchased it its soft and very comfortable im glad i went back for i
t i like this sweater but i m not in love the rib knit on the sleeves are too form fitting no
t restrictive on my chubby arms so it doesn t look flattering when i wear long sleeves i do ap
preciate the mixed patterns and the soft moss colorway it s very pretty together i purchased t
he medium petite and the length looks good maybe i need the large because of my body type i ll
give it another chance when my paquerette gets here i love sweaters like this it s perfect over
a tank top for a casual every day look it s soft comfy and i love the length one more thing
i like is that while it looks great just open there is a snap to fasten it if you want to i lo
ve the overall design of the top the embroidery is very nice as well i would agree with the pa
st reviews that it runs large i am between a small and medium so i ordered the small this car
digan is utterly gorgeous way prettier on than i feared my only issue is it felt a little itch
y in the arms and so i finally looked closely at the tag the tag says the back section whic
h looks exactly like the weave on the arms has a measly 5 wool snuck into the fabric content
why retailer why wool i am so sensitive to it my eyes have been demon red and itchy all day
classic symptoms that led to my getting rid of anything in my wardrobe with wool in it \n\nnow i
have a problem the other reviewers have already adequately praised this very attractive sweater
but i d like to add that the sizing is large i fit perfectly into a regular small although reg
ular medium is my usual size i am 5 1 130 34f size 8 top the medium swamped me the shoul
ders and sleeves were comical and the body too big i imagine many of you are scoping out this
lovely comfy piece you ll want to hit the right size the first time my store didn t get the c
oral so i can t speak for that b i am 5 4 and the regular sweater i tried in the store was to

o long i ordered the petite online and it is perfect it s warm and comfortable and can be worn different ways which makes it great for stretching my wardrobe love it i bought this dress for an early fall wedding i usually wear a size 14 and bought a large it was loose and swingy very comfortable almost too big i would size down if you are in between this dress was so easy to wear i would definitely bring it on vacation you can pair any type of shoes flats sandals heels wedges would all look good i was surprised at how soft this is it also has snaps under each arm for definition and on front for closure didn t know that and love it got yesterday in mail wore out last night highly recommend i wanted to wear this for my journey to cuncun and i wanted the blight pink as photo however it was a dark pink which didn t fit to me unfortunately but the design was pretty soft and cozy every day tee that can be dressed up or worn casually only compliant is i wish it came in more colors i love this romper it has a retro look to it is super soft and has a whimsical retailer print the pink color is the perfect shade too the fit is great and i had no problems getting it on or off medium is equivalent to eu size 40 the pants have the eu tag and i would have ordered differently if i had known this great quality pant just order according to your european equivalent these pants are much cuter on than in the picture i love the fit snug legs and normal waist will order again in another color when i first tried on this romper i grabbed a 6 my normal size but because of my bust size i could not even get the top half to cover me at all i decided to give this romper another go a month later and tried on the 8 it made all the difference i love it it fits amazing and it is just too cool i ordered this in a size small for a pre wedding brunch in dc in october i am 5 4 and usually wear a m in dresses and a s in retailer tops this dress is full and flowy but the top is less generous if you are full busted i am a 34 dd and the top of the dress is almost too small i love it so much and it is so flattering and fun so i decided to keep it i can see wearing this on many more occasions just not the right color for my skin tone though lovely pink i didn t see the green in person but probably nice too \r\n\r\nthe cut is well fitted at the waist elastic band i will say however that it was almost hard to pull the shoulders over doesn t unbutton past waist fabric is soft and flowey length on the regular was mid though for me i am a tad oder so it was nice if i were younger i would get petite \r\n\r\nfor reference 115 lbs 30 dd 26 5 inch waist i thought the design was adorable i ordered up bc of reviews and i am glad i did i am a size 6 so i ordered a size 8 the upsize is needed so u can get into the top part of the romper otherwise it would be mission impossible it s a pain to get on and off as all rompers are but it s soo cute it s worth it had compliments on it the first day i wore it the dress looks beautiful online and fits the model great when i got mine the arm holes were incredibly too tight everything else about the fit was perfect length bust waist but i could barely drop my arms down when i tried it on unfortunately it will be going back this is a great piece to add to your wardrobe the flowy and light feel of the fabric is great i got the pink which surprised me because i wear so much black the length fits longer than most rompers which is great it makes it a classic fit i definitely recommend this and suggest trying a size up the waist has elastic but it s snug quite possibly one of the most flattering beautiful and effortlessly romantic dresses i have ever tried on and to top it off it has a sweet surprise the silk slip on the inside of the dress has the same print as the outside shell and it is so lovely that if you feel like wearing something short and sweet you can wear the slip as its own dress \r\n\r\nruns true to size to maybe just a little bit big if you have a smaller bustline and narrow hips you might be able to size down \r\n\r\nit s cr i ve been hesitant to try on rompers in part because they seem complicated and i also too worry that i would look a bit like mutton disguised as lamb in one of them however i saw this romper and fell in love with the pattern and had to try it on \r\nthe pattern and color are wonderful and i instantly felt glamorous like betty grable in a cute cheesecake photograph i had to buy it and have since received tons of compliments on it and i have yet to feel that i am too one foot in the grave t this is a lovely embroidered hard to see in the pictures shift that i purchased to wear to a fancy fundraiser it has vintage 60s lines that are fun very forgiving fit i am 5 5 125 lbs with a 32dd bust and purchased a 4 petite for a great price i might alter it so it has a bit of a waist curve but that is minor i thought this shirt was really interesting online and it doesn t disappoint in person i love the uniqueness of the shirt but wish the quality of the white fabric was a little higher overall though this was a great find and i know i ll wear it again and again they look good in the front as well the back i would go a size down in the m though as they stretch out throughout the day i love hei hei and would recommend this pant these pants are perfect for crisp fall weather and comfortable i wear them with flats to dress down or heels to dress up recommended for all shapes i got this dress on sale under 20 dollars but i would pay more it runs very large i got a medium which is roomy irl i wear a large vanity sizing i suppose the colors are so pretty it is lined so you don t need a slip or cami highly recommend buy it buy it right now this dress is gorgeous and would be on anyone

i don t care what size you are it s so pretty that you feel pretty in it i loved wearing it
and since i am in florida i can wear it all year long so it s worth it happy very happy wit
h this purchase i like the color and design it looked super cute when i tried it on but when
i brought it home i washed it in the washing mashine and hung it to dry and it shrank before i
even got to wear it be careful with washing it after multiple purchase and returns from other
sites i decided to splurge on a dress for my college graduation located beach side this dre
ss was better than i could have hoped the fit is very flattering loose tight in all the righ
t places the adjustable straps underneath the overlay ensure the silk lays perfectly the color
s are gorgeous and the fabric is light as a feather the slight train back buttons adds elegan
ce to an otherwise casual floral pattern i would highly recommend i loved the idea of these p
ants as i ve been looking for an updated pair of tuxedo pants i wear 26 in most of my jeans i
m not super skinny consider my legs medium not too skinny not too athletic i tried these
on in xs 36 european as marked on them they were big around the waist hip area there was
so much gap in the back which made them look frumpy i did however liked the length the fabric
is nice heavy which i also loved sadly these didn t work for me though really wish t i love
rompers and this one is really cute i usually wear size 12 but should have got a 10 it runs bi
g it seems too long and i m 5 9 the prints cute but a little blah i paid 158 which is too
much since i haven t worn it yet i should have waited for it to go on sale love this romper
once on feels comfy like pjs but looks put together i find bending forward at the waist helps
to get it off and on tiny complaint is that the top snap shows even when closed that is minor
the rest is all good i absolutely love these pants they are so incredibly comfortable and fit
is amazing they look awesome with sandals and boots and will transition perfectly into fall i
definitely recommend sizing down like the other reviewers have suggested i originally purchased
my normal size 27 but they were loose after wearing a little around the house i decided to exch
ange them for a 26 and they were a little snug at first but stretched out and fit perfect neede

bit of a contortion act to get into and out of this but when in it fits well is flattering and
oh so cute really this top feels like a wonderfully expensive soft silk knit it is just so ve

e \r\n\r\nit s a thin material but i don t think it s sheer at all i bought the dark red wine
color and it s so classy i love it this will fit taller women easily because the arms and tota
l length are on the long side i sup i really love this pair of fitted cargos i m 5 1 103 poun
ds and bought a 25p since that what i take in most jeans at retailer it is quite fitted like it
shows on the model so some may prefer to size down for a comfortable fit i bought the grey colo
r and is a lovely neutral color love these and may have to go for another color this dress is
timeless so cute on and fits easily i like that it has long sleeves yet it is a light fabric
comfortable and stylish that is for me i am taking it this weekend to nyc for a trip i think
i will fit right in this romper is fabulous i bought it in lime and the color is great and pe
rfect for summer i do agree with the other reviewers that it s hard to get in and out of the sl
eeves hence giving it only 4 starts for quality but the struggle is worth it the fabric is l
ightweight and silky so it feels cool and soft it feels like wearing pjs it s also very flatt
ering with the bow just at the waist it hides a not so flat tummy i m 5 4 between 135 and 14
0 and curvy very busty specifically a i saw this top in the box and was excited to try it on
the print is absolutely stunning and gorgeous i could not wait when i tried it on it is such
a loose top and a tad short it was flowy all over i expected it to be loose from the picture b

ut not like this it would work best on a very slender figure with white pants or leggings i do
n t recommend it for a curvy figure just not flattering makes everything look big what a wast
e because the print is so nice nan this is a beautiful coat no one has mentioned how beautiful
ly the pattern matches even across the arms coordinating with the front i love the lower butto

is there is a slight dark spot above both pockets this appears to be a sewer s mark for placeme
nt i think i have figured out how to disguise it without marring the fabric but second item fr
om retailer with marks quality control i am keeping th i tried this top on before it went on
sale but thought the price was too high as soon as it went on sale i scooped it up and i m glad
i did i m usually always a small in retailer tops and this was no exception i m tall and thin
with a large bust but this top does not pull or bind in the chest because it s cut on the bias
it is a little low but i ve been wearing it for parties it might be too low for work depending
on the setting i don t usually wear green but this is a very muted and pretty i loved the dress
but just not dressy enough after rethinking what i needed very easy order and return thanks t
his shirt drapes beautifully forgiving fabric in a beautiful taupe it is a bit low cut i wear
a camisole underneath true to size nan the green color is beautiful i love the cut and materi
al it feels luxurious definitely needs ironing before wear but is a must have i love this coa
t but it does not work for my body type it is a beautiful coat and of very good quality it has
a wonderful lining which is so nice to see as many of the coats retailer is carrying right now
are not lined the coat is soft and feels so good it seems to run true to size i would have pu
rchased this if the button placement were higher up the button closure is right at my hips i
am 5 6 for reference and i am pretty curvy when open the coat looked great but when i trie i

e of what you have underneath i really love this coat i usually wear a size 8 but ordered up a
size because i just wanted that look it is a very warm coat wasn t expecting that it is very
soft and i love it one problem it sheds like crazy bummer i wore it over a black turtle neck
sweater and when i took my coat off it looked like i had a white cat living in my house my swea

one size fits all fallacy i purchased for my daughter who is mid 30 s and she loved the romper
\r\ni m going to list her size since that is appropriate for who is wearing the item this top i
s a very comfortable very easy top to wear it is perfect for laying with work clothes or styli
ng a bit more casually for just wearing out and about i ordered it in the light blue color and
it is beautiful very soft and feminine the ruffle lays really well down the front which i was
concerned about because of how busty i am i ordered a small and it fits just right i think the
knit back really helps with that very nice i m not usually a fan of ruffles but this blouse h
as a very smooth and flowing front it s flattering and feminine without looking frilly easy t
o dress up or down saw this skirt online and ordered immediately \r\nit is even more beautiful
in person \r\nstunning hemline and a gorgeous shade of teal \r\ni ordered my usual size and it f

rom a sitting to standing position nice weight this coat is super yummy i m always in need of
something stylish and warm at the same time definitely was happy with the weight and lining on
this garment \n\n highlight i always get compliments on it when i m out i don t ever do ruffle
s i m a 36ddd but these laid so nicely and the vertical ruffle is very flattering for a less

than flat tummy the knit back is so soft and makes this easy to wear it will be easy to dress up with a necklace blazer and dressy pants but it will go just as nicely on it s on with jeans for a casual look if there had been the mint color in my size i would have gotten it too love this coat it fits very well i m 5 6 and typically wear an 8 it is a bit broad in the shoulders like the other reviewers mention but that s part of its tailored look this gorgeous coat breaks up any boring winter outfit so happy with this purchase the dress is beautiful but runs small so unfortunately i have to return it this blouse is a great combination of silky and professional in the front and more casual t shirt like in the back the ruffle lies nicely and it s very feminine i got the light blue color and can t wait for the weather to be warm enough to wear this to work i have had my eye on this coat for a while and then my size 0 was sold out when it popped back i ordered it i am 5 4 and i had wondered if i needed the petite petite 0 was sold out because of all the reviews i had read however the sleeve length is perfect in a petite the sleeves would be too short i don t have long arms so i am surprised some reviewers have complained about the sleeves being too long the button placement is not at the waist but that is the style the lapels are long i wanted this coat from the first moment i saw it in the catalogue i tend to gravitate toward dark colors but this looked timeless and beautiful like something my grandmother would have cherished and i would have coveted i was not disappointed the coat is carefully lined and the mohair is divinely soft the silhouette is not fitted but comes off surprisingly chic do note that this is not a coat for heavy duty weather i ve even been a bit chilly wearing it at nights in la also heed t nan i purchased the green in xs and it fits perfect it s very flattering also i purchased the blue in xxsp only size available but it was too short i usually pass on ruffles but this top is great luckily i walked by this in the store and had to try it on the material is very soft and can easily be converted from work to a night out the v neck is flattering and the ruffles lay nicely i purchased this in the taupe but the green is beautiful too and will purchase it as well shirtdresses are a warm weather favorite for me and this one will surely make its way into my regular rotation the outer cotton eyelet is intricate and beautiful the color cornflower blue is endlessly flattering for many complexions the cut is classic with the twist of the handkerchief hemline and the length is work appropriate per a previous reviewer i sized up to ensure a fit across the bust and am glad i did overall the fit is not totally perfect on me but it s still great and gar beautiful color and flattering design \ncons tends to get wrinkled and you have to be careful about ironing i ended up buying the shirt twice because i burned a hole in it while trying to use a poor quality hotel iron i didn t even have a chance to wear it but i loved the shirt so much that i bought it again since it was a good sale price i was taking my time with this purchase i needed a top for a pair of ombrã silk pants that i had tailored to fit but everytime i put these pants on i couldn t find any top to come close to match especially since the pants are for a more sophisticated look well this top fits that perfectly and i m excited to pair them for a nice dinner out plus i was equally excited when i could pair the top with my jeans and sandals i got this top on a fantastic deal it is comfortable fits well slightly large to size but i prefer that and really on trend such a great staple i bought in the other colorway as well this jacket is made well and looks great but sadly i ordered the size 00p and it was still too large if it had of been smaller i d love it but it wasn t so i had to return it this is a gorgeous dress the color is absolutely stunning and looks true to the photos online the dress is a little too short and tight for a work dress but too thick for a summer dress it would be perfect for a date night but since i have enough date dresses and not that many dates i opted not to purchase it is gorgeous but i would suggest sizing up because i could barely zip in my standard size and the seams would definitely give after sitting this vest kept catching my eye online i was ordering moth cashmere cowlneck sweater which is fabulous when i noticed pictures posted of women wearing both the vest sweater the more i looked at these pictures the more i fell in love with the vest needless to say i purchased the vest in my usual size xs which fits tts it s incredibly soft a great piece to add to your wardrobe this coat is spectacular it was love at first sight but it was only after trying it on in a store that i decided i really wanted it even at the full price the design is unique and gorgeous you don t see coats like this on the street not a cookie cutter it s very soft yet warm and has a gorgeous ochre colored lining making it very easy to put on and a standout when a bit of the lining is revealed \nit seems the fit is what most reviewers complain about and i can see that i tried size 2 very cute but a little short currently pregnant so i m hoping it will hang better in a few months i love this piece because of its flattering stripes i am 5 9 150 lbs and ordered a medium the large was just too big the small too short and tight but the medium fit well however the sleeves are a little large which was a disappointment and because of this there s an awkward excess of fabric on the front next to the armpits i also experienced that the shirt is not long enough to tuck in how the model has done this is a beautiful coat and the fit and weight are perfect my only

hesitation in giving it 5 stars is that the lapel s don t lay perfectly flat i read some compla
ints about the placement of the button but it doesn t bother me otherwise it s a gem and i m go
ing to keep it google mr burns see my vest because that s me wearing this vest dancing arou
nd the house singing because this vest is wonderful my three year old nephew declared it cozy
and anytime i wear it he cuddles up to the vest bonus it s flattering comfortable warm mach
ine washable and goes with nearly everything i would like a onesie made of this material fanc
y and fun i love the green and the texture shiny outside and soft inside flattering fit and a
little whimsical and dressy or casual as others have mentioned the proportions of this coat ar
e a bit strange but i do like the oversized feel and the low button it is really soft and i l
ike the beige lining too there s room for a sweater under it so layered it is probably warm e
nough for temperatures in the high thirties and warmer what makes me a little crazy about it i
almost returned it because of this is that the stripes don t match up on the seams they are sl
ightly off and i think the coat cost enough that a mistake i received this coat today and i m ec
static about my purchase i am a true petite and the petite large in this coat fit perfectly i
was a little worried about the sizing based on the other reviews yes the button is low but th
at is the style i strongly suggest ordering a petite if you are short otherwise the fit may b
e completely off i love this top which gives you the look of a blouse but the ease of a t shirt
the sky blue color is spectacular the details of this top are beautiful and very flattering i
am tall at 5 8 and it was plenty long enough i ordered my typical size s and it was perfect i
t is cut to follow the lines of the body i can t wait until the spring so i can wear it it wou
ld be great if it was available in more colors i love the front of this shirt but i really shou
ld have paid more attention to the details of it i would have realized the front and back are d
ifferent materials which i am not a fan of i would have preferred the entire thing was made of
the dressier front material instead of the jersey back it s like a mullet business in the fron
t and party in the back it s got great drape and is a beautiful blue though so into rotation i
t goes super soft fabric the opening in the back makes it very chic this is even cuter in per

n a whim and loved it so so soft too runs true to size i am 5 2 and 125 and got a small i f
ell in love with this top the minute i saw it best of all i was not disappointed when i tried
it on the fabric is soft and looks classy the color is a rich and deep emerald green and the q
uality is really nice you can dress it up or down depending on the occasion this top will look
gorgeous with a nice pair of jeans or a dressy skirt true to size i just love this blouse i

it fits just right the carbon color appears to have hints of blue purple on screen but it s ac

ly long will have to shorten them for sure fabric is definitely not heavy pretty color i do

the wash is a makes them almost more navy blue than blue jean color but they are soft and fit
perfectly another reviewer described them as mid rise but they don t fit me that way at all i
ordered the petites hoping the length would fits ankle length but htey do go all the way down o
n a muscular bottom thighs these a snug on the model they look loose but i still do like them
to wear with longer tops i ordered 25p for 115lbs this cardigan did not disappoint i purcha
sed the orange which is a beautiful deep red orange that is perfect for fall the fit is true t
o size and the length of the cardigan is nice hitting at mid hip the ruffles hang well and are
not too bulky or overwhelming on my petite frame it looks great from the side as well i love t

he knitted details the scallops and the subtle gathers the only flaw is that the sleeves are
way too long to be practical they come to my fingertips so get in the w these were fabulous an
d a great color in person true to a normal ag fit i am 5 1 and the regular size was too long
so i am exchanging them for the petite version in the same size really hoping they fit the same
as the regular version these may be my new go to pair of jeans they have just enough stretch a
nd softness that i can be comfortable in these all day however i noticed after the 2nd time i
wore them there were pills in the inner thigh area i bought my first pair of ag stevie jeans a
t retailer six years ago and have been in love with them ever since still love the style and fi
t but have never been able to find another pair made of the same jean material my first pair ar
e just a wear away from having holes and was hoping this new pair would be the perfect replaceme
nt but although great just not the same i was so lucky to find these jeans in store yesterday
and they are the most comfortable jeans i ve ever had the fit is amazing and wish they weren t
sold out online or i would buy more nan i bought this dress for my upcoming rehearsal dinner in
early fall i love the romantic lace and ivory color for the occasion i ordered my typical size
10 it hits me right where it does on the model and it fits well on top but the dress bells m
ore than the images let on i didn t want to size down in fear that the neck would be too tight
so i took it to an alterations specialist to get a lot of the lace fabric trimmed off she took
it in a little at the waste and the underarm and hacked q these pants fit wonderfully perfect
for casual day i had planned at a music festival when it was still a little chilly out they fit
just like my skinny ag jeans but have a more relaxed feel in that they uber skinny held up wel
l all day i am 6 2 and athletically built and i usually have issues with dresses being long e
nough for me but this beauty has the perfect fit and perfect length it is very flattering the
weight of the dress allows it to move with you it is form fitting but loose at the same time
so your body doesn t look lost in the material you can dress it up with heels or wear it with
boots or sandals to be a bit more casual this is one of the best tops i ve ordered it fits wel
l it can be worn dressy or casual what is pictured is what you get if you are considering thi

n the kind of fit you are looking for sizing down did make the shirt more form fitting in my ch

ighter but not too tight   my normal size would have alleviated this problem but also would ha
ve left the shirt with not a whole lot of shape i opted to have a little shape and deal with th

the way it shows in the photo it is very flowy which is th point i wore it over a black romper
and it looked great i can also wear with jeans and a simple black tank keep the vest open or u
se the hook and eye and close it up seeing the black through the sheer white is simply dreamy
\r\nglad i purchased it during the sale on sale promotion it is a classic piece for sure this
is a very pretty delicate comfortable dress i think it fits tts   maybe even a little large
i got the ps which is my usual size and it fit perfectly \r\nthe only complaint i have is that t
he photo is misleading on the dress i received there was nothing to hook the buttons into no l
oops as in the photo so the whole front of the dress has to be unbuttoned i wish i was able to
button 1 or 2 as in the photo this cute dress has a built in slip so no need for a slip   i th
ink it has a flattering fit and the colors are pretty \r\ni feel like i could wear this dress to
a shower out to dinner or just for a fun look to shop on a nice day just buy this dress the
slip the hem the print everything about it   love everything about the dress my only issue i
s when i washed it cold water and hand wash cycle is shrank about a half a size i only washed
the inner slip portion and let it air dry as well so its fits a little snug but fortunately th
e outer part is very flowy so it doesn t look too tight   nan best dress ever maeve does it agai
n tts and can be worn all 3 seasons here in sacramento \r\nlove it and can be worn with a denim
jacket or cardigan such a cute dress i ordered the black version i m large busted dd and th
e slip thankfully fit sometimes it doesn t   i m 5 4 and went ahead with the regular not pet
ite version and i have to say i think the petite would have been too short the dress comes to
the top of my knees as photographed on the model highly recommend saw this in the catalog and
had to have it   i paid full price   while the buttons aren t functional it is not too reveali
ng   i work in a casual office and it will be perfectly appropriate especially paired with a jea

ce i am petite weighing 95lbs and stand 5 1 this tshirt hits at a great length not too long so
it doesn t make me feel top heavy but it flows enough to hide any imperfections   i ordered a

perfect   i tend to have issues with bust areas of dresses being too small and this fits just ri
ght the material is light and perfect for southwest florida i recently purchased this vest and
unlike other reviews i found it to be tts with that being said i am typically a medium in ret
ailer tops or 8 10 i have broad shoulders 5 9 145lbs   i purchased the medium and it fit perf
ect through the shoulders it is meant to be flowy and gives some volume in a good way if that
s the look you are going for this is the top for you had i gone down a size i would not have b
een able to hook the top i am going to be wearing this with blue jeans and white s absolutely l
ove everything about this dress   i m 5 9 138lbs purchased a small hits just slightly above th
e knee   has a fun flow to it absolutely love the chest detail cute buttons and the embroide
red detail is amazing so cute i get tons of compliments whenever i wear it very comfortable
i ordered a petite l and it s a little big i usually buy the petite m but due to the under sli
p i wasn t sure this dress is wonderful word to the wise it says that you can machine wash th
e dress on cold which i did the dress came out fine but the slip is now basically a shirt th
ere are no washing instructions on the slip but i assumed it would be the same it is not it s
till looks ok under the top part but i will have to wear a half slip under the bottom this is
a great dress   very different and light but cute details this dress is quite adorable   the pat
tern slip and bottom lace trim are very nice i found that this ran large particularly in the
bust i am a 34c and felt that the xs was still a bit too big i decided to pass due to the fit
and the price but i will re visit if it makes it to the sale room also note that the front but
tons are purely decorative and can t be buttoned to tighten the top up love this dress bodice
and lace at bottom gives is a cute layered look there are buttons on the front see pic   but i
t does not button up i m a bit on the hippy side   physically hippy that is   and this dres
s did a great job of downplaying my hips   i m 5 4 and this dress hit just above my knees a
bit longer than on the model in the photo   would look cute with a jean or military jacket i am
wearing a small 5 4   130lbs 32b chest the cut is perfect and the rose color is so pretty   i
t fits like the typical left of center sizing   i wish it came in more colors i love this shirt
so i bought both colors i wish they had more colors fits great and very comfy i adore this to
p it s comfortable and cute the sleeve length is great for wearing bracelets it s well made
just perfect this dress is my new favorite the style is trendy and feminine while forgiving in
the tummy area without looking maternity or too baggy it is so versatile because it can be dres
sed up or down and it s a great transitional dress b c once it cools down it will look great wi

th a denim jacket cardi booties etc i normally wear a m sometimes a l i m 5 7 36dd but
the m fits great the slip is a little snug across the chest but i definitely couldn t size up b
c then the dress would be too bi citizens of humanity jeans are excellent i prefer high rise
this brand is my favorite i like the clean lines plain design the material is comfortable s
ubstantial with just enough stretch in the material which makes them super comfortable i m not
constantly pulling these jeans up they hold their shape really well wash well too they run t
ts could not wait to try this on when it arrived jumpers are tricky in the way they can ride u
p and become unflattering not the case here i usually wear a size 8 but i decided to order a s
ize down for a size 6 i am 5 5 and 150 lb being the fact that i am in the midst of losing weig
ht i thought i would rather it be more snug and this really was just right the pockets make it
casual and cute while the print and bare shoulder make it fresh and chic you will love this i
s a charming dress with lots of quality touches and something which is easy to wear and approp
riate for many occasions however the dress i received wasn t quite like the dress pictured in
the catalog and main website photos the bottom buttons of the over dress do not have matching h
oles so you can t button it this makes the v lower and the bodice looser it is like the phot
o with the brunette model on the website rather than the primary photos with the blonde lady p
ersonally i w there aren t enough great words to describe this dress tried on the black one in
store yesterday and knew immediately i was going to purchase everything is perfection not ti
ght slip underneath that even has the strap snap closures to hold it in place at the shoulders
not too low cut hits right above knee so not too short light weight flattering etc and ma
chine washable can dress up or down could even wear to work with a jacket or cardi can wear a
ll seasons can t wait to pair wi great pop of color i purchased the rosy color and great pie
ce you can add layers to it drapes beautifully may run a tad larger but not enough to size do
wn light weight so wear alone for warmer fall days or as we get into spring and with a scarf
and jacket for cooler days i purchased the mauve dress from an retailer store last weekend duri
ng their 20 off sale i absolutely can not say enough great things about this dress it fits be
autifully the pattern on the material is so pretty and feminine once i got home from the sto
re and tried the dress on again i immediately purchased the black one also i had to have it in
black too such a great dress to wear to parties date night friends outings we are going to
california in september and will be wearing these it lays very nicely on your body very flatter
ing this is a great dress from moving to summer into fall it s great right now with the war
m temps but a throw on a jacket and some booties and you have a fall outfit it s very comforta
ble also there is a slip underneath which is what you see with the buttons open in the front i
wish the slip was a little longer and the dress is see through maybe you can adjust it at the
straps some at any rate it s a nice dress and i m keeping it just as the others have reviewed
i agree this dress is flowy and so feminine i got it today and i am wearing it now so light
i usually wear a large or a 12 in dresses i am pear shaped 36b bust and large hips it is flat
tering and feels great on the slip underneath fits perfect on me grab this before it becomes i
so i caught a sneak peak of this beautiful dress on a local retailer instagram page and i was
so excited when it arrived at my store i love this dress i went with the black because i loved
how bold it was it s ultra feminine and flowy the slip underneath has the prettiest embroidere
d print and the overlay is light and airy the bottom is hemmed with a little lace peekaboo and
it is wonderful i tried this on in both a l and an xl the xl fit well but the dress was a litt
le long on top so i wen the print layers and fit of this dress remind me of the 1990 s but in
a good way the outer dress is voluminous and flowy so i understand why some reviewers feel the
dress runs large the embroidered slip is tts and quite the cherry on top i really appreciate t
hat styling detail 140 36dd 5 3 and i chose medium regular length not petite since i m older
and wanted the length thin for this late in the season but the colors are so pretty i m going
to layer it over a long sleeve t top with a cardi and pair with leggings runs large love the
the unconnected slip 5 stars got this dress in the mail today and it s definitely a keeper t
he material is high quality and i can see wearing this dress on all but the coldest days of win
ter it ll be great to wear today in 90 degree weather and with a cardigan and booties it will
easily transition into cool weather the colors patterns and lace are all just beautiful for
reference i always order xs for loose fitting dresses and a size 4 for close fitting styles t
he xs in this dress is perfect love this dress it s a little roomy on me i maybe should have
gone with the medium i m 5 11 and about 165 so usually wear a large my problem is with the le
ngth i knew it was a gamble but the other color images on the 5 10 model gave me the hope tha
t the dress would come close to being near my knees nope it s a good 6 above them and i c
ouldn t wear this to work so being the crafty sort i m pondering adding a few more lace layers
to the hem i started buying maeve dresses about five years ago and love every last one that i o
wn this one is no exception i bought it in black last week size s for my birthday treat and
it was so wonderfully light during the week of 99 f heat in the district it s feminine and deli

cate in appearance yet the material is of good quality and super comfortable it s awesome jus
t a perfect summer and probably fall dress i love the look of this dress the fitting could use
some work the top layer could be slightly more fitted but overall it looks adorable as other
reviewers have mentioned the top does not have any button loops \r\n\r\nmy biggest issue with t
he dress is the quality of the material one time through the wash on the gentle cycle and the s
lip underneath has shrunk at least a full size for the price of this dress i don t expect disp
osable clothing if i had known it would shrink i would ve hand wa i must be the lone dissenter
but i am in love with this piece a dark cami underneath really make the eyelet pop i probably
would not have liked it if it did not have the clasp as it does run wide however with skinny
jeans or slim pants this works b c it s loose in the right ways it may not be for everyone bu
t it s one of my faves right now the essence of femininity simply beautiful if you begin with
the pattern of the dress you become drawn to it then as you look closer and see the slip with
its creamy detailed embroidery and immediately you see how the dress opens at the bodice with t
iny set buttons you soon realize that s not all the bottom of this fine piece of art conti
nues with soft delicate chiffon trim with a bonus layer of the most beautiful lace to finish i
t off i bought it on sight and just love it i was this is a must have for summer i m always h
ot but sometimes a sweater just doesn t look right the short sleeves are just what i ve been lo
oking for every jacket i own runs smaller on me around the bust and arms so i think for everyo
ne else your normal jacket size should be perfect i bought these pants to wear while riding on
the back of my husbands motorcycle i wanted something that was more chic than typical motorcycl
e women s clothing and these were perfect they block the wind but are stretchy on the back side
so they are super comfortable to wear all day i also wear these to work on fridays i bought a
size 28 and they fit great i usually wear a 6 in us sizing great dress can be styled up or do
wn for more casual look it ran a bit large for me especially up top the armholes were droopy
unfortunately i ordered the s but returned the xs will hopefully be better for reference i m
usually a s 5 5 127lb i ordered this dress in two colors and i m happy that i did very cute
and great fit flattering too love this top for work loose flattering and enough detail to b
e noticed fits tts and goes with everything bought this in the white in the store came home
and ordered the blue wish they had my size in the orange \r\nmaybe this is enough said this i
s so comfortable so well made so easy to wear might be the perfect dress ever i typically w
ear a 4 in dresses and sized up to a 6 because of the other reviews i m bigger on bottom than
on top and the 6 fit me fine snug but fine on the bottom but the top was a bit big there wa
s too much material in the arm hole area it s very pretty and good quality but not a good fit
for pear shapes i liked this top but found it to be a little dowdy fit was slightly boxy and n
ot a good look for me may look better on a different body type absolutely love this dress th
is was my first purchase from this site and as per the usual i was worried about the sizing but
the fit couldn t be better definitely won t be the last material is heavenly and has a double
layering that was a nice surprise very warm and soft high quality stuff i could have gotten m
y usual size in petite but i didn t want it to be too short i m glad i did this is the perfec
t dress for work this dress is everything i hoped it would be it is soft and comfortable and
flattering even though it s not tight fitting true to size as well i initially walked right by
these pants when i saw them on the rack then i saw them on the fitting room attendant they loo
ked amazing i ended up purchasing them and i love them the great thing about them is the the
leather is only in the front which makes it great for moving around and sitting down the back i
s kinda legging like i had to size down in these i am sadly returning this dress but i would
recommend it it is soft and i loved the design of the dress very comfortable the only reason
i am returning it is due to my figure it is a fitted dress and was a little more revealing that
i would have liked i think this is a really flattering dress i like the length of the sleeves
they re not long like in retailer s very first navy photo but all the other pics are accurate in
my opinion in my photo i m wearing an xs regular so i d say it s shorter than 35 because i m
only 5 3 and it s above my knee it may run slightly small because i m a 34aa with a 26 waist
34 hips and usually wear xspetite in retailer but this xs fits me fine although to get it to b
e fitted at the waist xxs might be bet i absolutely love the look and fit of these pants what
is even better is that they don t stretch out while wearing them i will get a lot of use out of
them such a pretty dress and the colors are just so summery it s very flattering on but i will
have to return it unfortunately i ordered the 6p because the 8p was sold out and although the t
op fits quite well its just too snug on the hips if the 8p was available i would definitely ex
change it for that nan i tried it on and it fit like a glove it was a little strange having a
different fabric on the back but it worked and i am keeping it these are such a great alternat
ive to actual leather pants they have the perfect amount of stretch and breath ability i ve al
ways found leather pants to be too hot got the holly color unfortunately the p size was sold
out but as another reviewer noted these are easy to roll up i noticed some of the complaints a

bout quality and these not holding up but given the use of two different materials pu and a st
retchy material i think it s only natural that these would tear along the seams aft love the ve
rsatility of the dress very easy to dress either up or down i ve been able to wear it out for
a casual day with a denim jacket and booties just like the stock photo or even wear it to wor
k with a black jacket and flats the color is beautiful and the material is very soft and comfor
table absolutely love the cut and design of the dress on top only thing i would mention is tha
t the dress is a bit form fitting than expected it definitely hugs your curves absolutely love
these pants i have had these pilcos for about two months now and it has been a staple in my fal
l wardrobe i have worn them at least once a week the only downfall is the button has already f
allen off and the seam in the knee has recently torn apart given the leather i m not sure if t
hey can be fixed these are fabulous but the quality is just not there very disappointing i b
ought this dress for a dinner after my daughter s wedding rehearsal it is perfect it is dressy
enough for the occasion it also has a casual look to it i think it is very versatile i fell i
n love with the colors material and the quality i am more excited about this dress then the dr
ess i am wearing to the wedding buy it you ll love it nan nan i really liked this dress when i
tried the navy on in the store i am 5 4 140 lb and the medium fit me really well unfortunat
ely i am not comfortable showing a lot of leg so the dress was just too short for me if it had
come to the tops of my knees i would have gone for it but it was well above my knees the fit an
d color were great though i loved the neckline and the material was very soft and comfortable
i tried the large but while it was a little longer the larger size made it lose i m so happy i
decided to order this dress i am 5 3 120 lbs and normally buy xs petite but the comments said
the dress is a little short so i went with a xs regular in navy i am glad i did it hits me a
bout 2 3 inches above the knee the material is very soft and seems well constructed a bit thic
ker than your average summer dress but i like that very flattering overall and for the price i
t s a great steal as you can tell from the pictures it s nothing fancy i think this dress wil
l get a lot of wear for everyday living simple and comfy reviewers said it ran pretty small so
i sized up but wished i hadn t it is not very fit i bought this dress in ivory and then bought
the navy on sale i loved it so much i m 5 4 117 and the petite medium was perfect love the
kicky flare and the lining makes it so comfortable an effortless fun dress perfect for hot
summer lunch they are very comfortable and have kept their shape after a couple of wearings th
e pants can be used for informal or on the dressier side the spandex in them is contributes to
the comfort i bought the navy color in xs petite i m 5 1 115 w athletic build i thought the
fit was perfectly fine with a belt the dress is about 3 inches above my knee the dress is mad
e very soft breathable fabric and has a slip underneath bonus the dress is made in the usa
i ll be buying the white and red once they re marked down a bit more very satisfied with this d
ress i purchased the navy size small and was delighted with the fit the waist line is perfectl
y proportioned for a petite i think this means that the waist line will be high on a woman who
needs regular sizing i like the lining it adds a substantial look to the dress very beautiful
sheath dress that will be perfect for summer weddings and spring events because of the delicious
sorbet pallette it s a substantial weight fabric that will nip you in and give the illusion of
curves where none exist in a good way pattern is actually knit into the fabric not printed
size 8p is the smaller of my size range so for others who are slender on top may want to size do
wn if you have prominent hips stay tts or size up if you are very busty it s tts or size u
p i love these pants i have them in the black and green they are comfortable and look great on
my curvy figure i am 5 2 120lbs and got the size 27 fits true to size with good coverage staye
d put when i was in the pool i said this ran large because i bought a 16 and i normally need a
size 18 i m busty if the item doesn t stretch but a size 16 fit me it s more straight and l
ess blousy but it does fit so if you like your tops a little less full of fabric and more tai
lored but loose imho you can size down \r\n\r\nthe fabric is rayon polyester that s light and c
ool it is semi sheer but a white bra or nude bra would be fine the top has a double layer in f
ront one solid and the over lay of the embroidery th i bought this today in navy and loved it
the second i put it on it feels great on is well made and flattering you can wear it anywhere
and look pulled together much cuter in real life too it does run a little small id go up a si

this kind of thing these on the other hand are hot hot hot and are even somehow slimming fo
r my thighs i just adore them i m waiting for the green color to go on sale so i can buy them
too perfect fit and i ve gotten so many compliments i buy all my suits from here now i have t
his top in 3 colors and am waiting for the black to arrive very soft on the body we live in fl
so lightweight is appreciated stylish fit that is not ordinary great colors will pack well an
d can be dressed up with a scarf sleeves run long love this top i bought it in 2 colors it s
a great twist on a basic tee love love love i am 5 0 109lbs 32d and the 0 petite fit tts

the fabric is comfortable and the dress well made my only complaint would be that the picture o
f the model and the dress i have in my possession do not have the same coloured slip my dress a
rrived with a nude slip i was a little confused at first but when i tried on the dress i realiz
ed it was not a bad thing the lace actually stands out all in all a greal buy discounts make
it worth it too these jeans look amazing on hug every curve in just the right way the long
length with flare add a platform heel and i look like i have legs for days and my booty will
definitely turn some heads total splurge but for a great pair of jeans totally worth it order
ed my usual size 27 and they fit like a dream hope they don t stretch out after wearing a few h
ours the amount of stretch feels nice so i think they ll continue to hug your body if you wan
t 1 pair of flares in your wardrobe i love the crisscross detail that makes this a stylish and
also flattering piece lovely soft material that drapes well and hides imperfections wish it ca
me in more colors i have a few of these tees in the short sleeve version and found myself weari
ng them pretty often so i jumped on the long sleeve option when it went on sale i bought the bl
ack and red which is more of an orangey red i love them as well this top drapes nicely and h
as a little more style than just a plain tee the material is thin and while that is nice for br
eeziness sake i don t anticipate this will last that long but thats cool its not a real inve
stment piece but rather a cute casual t this is the perfect tank it s super soft great colors
and with a shape that allows you to wear a regular bra best of all it was offered in petitie s
izes for me that means i finally have a tank that doesn t gap at the arms or scoop too low or f
lood me with excess length thank you retailer for remembering us petitie girls with this wonder
ful tank these tanks are very soft i have two black and one coral i had to return the white a
s it was see through they do shrink in the wash even without drying all the way and on low heat
so maybe size up if you re in between sizes i recommend these tanks for sure love the cut of th
is t shirt just loose enough but not big and boxy like so many other tees but not fitted either
nice weight the hemline is interesting overall happy with it just hope it doesn t shrink i
was surprised to find this jacket on sale and i don t mind it s a trend of the season and i a
bsolutely don t mind to look like a mattress or wear robe the garment runs large so i wear usua
lly 6 and have to get xs i am 5 6 146 lbs usually wear s m in jackets it hits me 2 inches bel
ow my knee i love it but when i saw this top in person urged by my stylist when they got it i
n i decided to try it on they had xs in store my former normal size xs or xsp that was too
big though not being sure how the petite would look and not sure if smaller would work i deci
ded to order all three xxs xsp and xxsp \r\n\r\nverdict on size xxsp was pulling at the arm h
oles kind of small there xxs regular was almost right but arm holes were a little high not a
s comfortable \r\nxsp ended up being the right c beautiful spring dress perfect for luncheons o
r any occasion so very pretty lovely fabric and good fit you will definitely feel pretty in t
his dress y daughter is 5 3 and the length was perfect nan nan though i am a true size medium
i do not like fitted tees so generally i buy a large based upon other reviews i decided to gi
ve the medium a try hoping that it would be loose enough though i am on the cusp of petite 5
3 1 2 i decided to go with the regular medium since i prefer longer tunic length tops the m
edium does run big imo and fits me like a large would it is loose flowy and long enough to c
over my entire backside the sleeves are long and i do have to roll them up perhap i ordered th
e tangerine color of this tank it s a great color slightly heathered \r\n\r\nwhat i like most
about this tank are the riders straps and the depth of the scoop neck it allows for a normal br
a and could be dressed up or down \r\n\r\ni wore the tank out and about and it was comfy and pr
etty later though my husband came home and asked if i knew it was see through eek sure enou
gh it is pretty sheer in certain lights next time i will wear a cami underneath though i wis
h it were a bit this dress is gorgeous the quality is high runs true to size and is very flat
tering my only issue is the tule i already have hips so the tule makes the dress over flare
i am going to have the tailor remove the tule and it will be perfect for those who are not an h
ourglass shape naturally this will help provide the extra shaping \n\noverall i love this dres
s and will be keeping it these shirts are fantastic lightweight sleeves for summer wear i go
back and forth between xs and small i have broad shoulders and ordered one of each i like bo
th the shirt has give so the xs is fine but the variation in size gives the two shirts very dif
ferent looks \r\n\r\nthe color is fantastic and true to the photos not always the case with onl
ine purchasing so i loved that i ordered a regular size 6 because the petite size 6 was sold ou
t it was too large for me maybe the 4 would have worked in part because the size was off it
looked frumpy on me with the poofs and flowers however i did like that it is cotton and has it
s own beige colored slip that snaps on at the shoulders i have no doubt this could look very ni
ce on someone if the size was just right i like the black crochet type details great comfy s
hirt long enough that i can wear it with leggings this shirt is such a beautiful color the la
vender is a really lovely addition to spring wardrobe and goes with more than imagined it has a
bit of an oversized fit although it falls really nicely on slimmer silhouettes it s also incred

ibly comfy and stylish with an updated look even to the most casual of attire i received this t
op yesterday and love it sexy yet not too revealing and great for date night i like the way it
fits across the chest and isn t too short in the waist very soft fabric i was looking for a cl
assic white t shirt that wasn t too big i e a tunic or too fitted this was perfect i love
the irregular hemline and the fit it s not too tight but not too big either where it looks mes
sy just a perfect little tee for any wardrobe runs true to size i m a 34d size 10 and ordere
d the medium it fit great got this in the pretty springy blue already wore it with white jean
s and loved it love the loose longer swingy style and i can t wait to wear again i may have t
o get another color i own this tank in three different colors and have been wearing them since
the weather warmed up they are soft good quality and wash up well i ve taken them on vacatio
n as they take up no room in my suitcase and also have used them as little camisole shirts the
y don t fit too tight on just right i think you could also use them with pajama bottoms to sle
ep in i was looking for a tee that i could wear on the weekends without looking sloppy and also
have a little coverage for when i m feeling a little bloated come on that s what happens some
times on weekends ha this tee is great because it s got some coverage and it s also not slopp
y looking or oversized while still being flowy and flattering \r\n\r\nthe shoulders and arms ar
e fairly tts and there s a slight a line shape to this tee so its flattering without being a te
nt or frumpy looking i did si i loved the fact that this dress is cotton it is a thin cotton
and you can see in the photos that she is wearing a black slip with a thicker strap mine came w
ith a nude slip i m thinking they all come with a nude slip i m not sure why they showed the d
ress with the black thick strap slip unless it was to show the dress as a thicker cotton than wh
at it actually is the dress is adorable though which makes it hard for me to decide whether to
keep it and hope mine won t tear easily or to retur adorable summer top the geometrical shape m
akes this top interesting it looks much better on then in the picture displayed it s soft fl
owing and covers all flaws the gold color is beautiful and vibrant i know i will purchase this
in other colors the long back really sets it off if you are looking for comfort don t hesitat
e this top is perfect very pretty top runs a bit large i generally take an xs and the xs in
this top fits me a little longer and larger than on the model comfortable and easy to wear ni
ce cut with angled front and bit longer back did develop a small hole very quickly as some thin
ner and tissue tees do but hoping that s unusual as i did buy two different colors of this tee s
hirt and will be totally disappointed if this happens to both especially at this price this to
p is semi fitted and then stretches as you wear it i love the design and color choices loved t
his skirt it reminded me of the styles that i saw visiting paris this past summer this tee is
so comfortable and stylish you can easily dress it up i love how the back covers your assets
and the sleeves are long enough for tall girls a great buy on sale i bought a small and bought
3 colors bought these jeans after reading others reviews and was not disapointed these are the
most flatering jeans they give you legs for days while providing amazing shape oh and did i m
ention their soft as butter huge win for me as jeans are one of the most difficult items for me
to my as my waist is 1 2 sized smaller than my hips and thes stretch marvilously to fit your bod
y they are on the pricier side and well worth it great with leggings and skinny jeans it s co
mfortable too this vest is cute the colors are as pictured and the lace detail on the back is
adorable it is summery and versatile however it was really big on me i usually wear and xs
but it just swallowed me now i have to consider whether to exchange for an xs petite i like th
is top in the photo the white in the print stands out in person the white areas of the print
not embroidery is dull more like beige the flowers and embroidery itself looks good the prin
t looks good it is a swing top looks better on a slender frame such loose fitting tops just d
on t look good on my curvy frame i sized down could have tried 2 sizes down but the shoulder a
rea was more fitted i recommend the top for a more slender frame or if you like very loose fitt
ing tops this dress is more lovely in person than in the picture the lace details show beautif
ully against its nude slip i m 5 1 130 and regular size 2 fits perfectly and hits at my knees
it s a very flattering dressy casual dress it s a bit pricey for a cotton dress but worth it at
the 20 retailer promo fantastic quality i agree the material is heavier and may be too hot fo
r summer in sc but will be perfect for ac cooled offices the fit is tts i am smaller on top th
an the bottom and size 2 fit well everywhere thanks to the somewhat stretchy material 32 24 36
i never write reviews but this dress really is fantastic and at a great price point given the hi
gh quality of the fabric and design i couldn t tell from the pics but the back bottom is not a
single center slit but a double slit i rea i saw this in the store and purchased it right on th
e spot didn t even see the reviews until now i can wear either a small or x small in retailer
but for this top the x small was a better fit as it draped nicely and was still very loose on m
e i m 5 4 125 lbs 34b i was worried that the opening was too wide but it was perfect i lik
e the elbow length sleeves and the fact that the blouse is lined which mean it s not sheer and d
on t have to wear a camisole i usually stick with the classics i this shirt is actually not as

fitted as it looks on the model the shirt actually flares out a bit and giving more room to lar
ge chested women like myself the arms and chest area are a tat small but the non fitted style
accommodated that nicely great color great design with the butterflies and easy to wash looks
great with skinny bell bottoms or even jean shorts in the summer and some cowboy boots very sex
y most peasant tops have a lot of detail at the chest such as gathering yoke inlay ties etc
i like this peasant blouse because it has a simple top part so it does not add volume to the ch
est good for busty figures pretty top though colors a bit more autumnal than pictured this w
as really big on me i am usually a 10 and even the 8 wouldn t stay up around the chest i would
need to have straps sewn on to make this work on the plus side the material is absolutely gorg
eous rich saturated color too bad about the fit maybe really busty girls will have better lu
ck but this is going back too expensive to justify keeping it if i need to spend money having
it remade tailored i wanted to love this shirt it s not my usual style buy it looked so great
online unfortunately the actual shirt is much more brown in color and design than i thought loo
king online i m fair coloring it just wasn t flattering i m thin but have a larger chest and
this style just wasn t right for me could definitely be cute on someone else but not a good mat
ch for me love this top and i think it is a great transition piece i live in texas so our te
mps stay high until october this top in the purple motif color is perfect since the colors are
n t look too summery but the fabric is lightweight this top is a little bit boxy but drapes n
icely so it won t make you look wide as with most holding horses tops this runs a little big s
o size down unless you need the length love this top for casual days fits perfectly fabric fe
els quality and color is bright but not too bright good length just touches top of my thighs
i absolutely love this top it washed up nicely and is perfect for body style short waist nice
soft colors i ordered another top that is this style perfect first time i wore it i received s
o many compliments i love this shirt s color which is a lovely yellow the fit is nice and flow
ing i usually wear xs but intentionally bought s so that it would be a little lose and i may w
ear with leggings my one issue is how transparent it is i opt to wear a spaghetti strap undern
eath it however some women might be ok wearing it alone i fell in love with this blouse the mi
nute i saw it in the store the colors are a little deeper than how they appear in the catalog
but the greens and browns are beautiful and will be great for fall it fit very true to size i
usually wear 8 10 and the m fit perfect the gold beading on the sleeves and neck are a nice ex
tra love this top i got these on sale mid summer at retailer and they quickly became my go to
summer slacks for the office i work in washington dc and jerusalem two really hot cities
and these are comfortable yet professional with a sleeveless blouse jacket and heeled sandals
they are professional with flat sandals and a t shirt perfect for a weekend they travel quite
well and don t instantly wrinkle the way most linen slacks do think ahead to next summer and gr
ab them these pants fit me perfectly i am 5 7 and 134 most days and wore a 4 they are so
comfortable i could sleep in them they do stretch a little after wearing linen which can be
a good thing to some they are a heavier linen so good for mild winters almost look denim if
they came in more colors i would get more they also remind me of my old hippie days which was f
un i bought this shirt at the store and after going home and trying it on i promptly went onlin
e and ordered two more i ve gotten multiple compliments anytime i wear any of them great for l
ooking put together with no fuss \r\npeople that have commented there s were destroyed in the w
ash didn t read the care label which says dry clean i loved this top the color is true to sc
reen the cut is cute it s a lovely basic top that has just the right twist to it i loved the
fabric it is see through but if you wear a nude colored bra under it nothing shows this is suc
h a beautiful shirt for me tts i bought the size 4 34b it is a very detailed and tailored s
hirt so i can understand if your busty why you may have to size up the attention to detail alon
g with the embroidered butterflies sets this shirt a step above average the color is an odd sha
de of olive but i like it and the butterflies have areas that you can see through but not in an
im modest way i do not feel the need to wear anything under it this picture does not do this s
kirt justice it is gorgeous however the waist was so small that the sequins dug into my waist
making me think of a medieval torture device unfortunately it was the largest size so i can t
size up i m 4 11 so the length was perfect it came to right above my knees i love the skirt
so much that i m considering liposuction i ordered this in the darker color i was excited to t
ry it on when it arrived the fabric was really nice good quality and the design is so cute sad
ly it did not work for me there is a lot of volume especially in the back which does not work f
or my curvy shape i can see this top working well on a straighter figure but the volume and len
gth really just did not flatter my hips and thighs i will be sending this back i like what the
y were going for here and the fabric but it falls short in that i can t wear it to work the
back keyhole is massive so i can t wear my normal bras and the very wide neck also shows bra
straps so unless i want to go with a strapless bra it s not useful for me i want to feel loos
e and soft and summer comfy and my strapless bras are anything but that i d go without but tha

t is a no no where i work i may try getting a size smaller i wear a med and i got a small and mayb fits really nicely and i m picky about sleeves but these are just right a little see throu gh but i don t have to wear anything under it because the seams and piecing cover well love the fit not too blousy in the waist and the assymetrical hem is nice would not have picked this out online but it caught my eye in the store the blue color is gorgeous it s a flattering style t hat drapes well and will pair with just about any short jean capri or summer weight pant and a number of chic accessories you will not be disappointed a great casual top for warm weather the linen ensures its structure stands out and the structure gives it more interest than a plan tee does a fine job of hiding minor midsection lumpiness can be dressed up a bit if worn with linen or cotton trousers i bought the yellow and was pleased to find it wasn t too transparent i bought the small and found it tts for an american small bigger than a uk or european small a versatile keeper i have to agree with previous reviewers in that it is a bit short on the top but i kind of like that as i am petite and most tops come way too long on me however go up a si ze if you have any breasts at all likely they will not fit in you standard size however i just love this shirt soooo adorable the color is a bit more olive than brown to me though than what is in the pic this shirt is so comfortable and looks very nice with jeans or work pants it s a great shirt it s always sunny when i wear this sunshine yellow tee love the color and they way it was pieced together has a flattering feminine fit whole still feeling relaxed and casua l it s slightly sheer but not obscene all linen and a little scratchy so if you re sensitive be aware i purchased medium and i m 39 28 35 140 5 3 the style plaid colors cotton fabric really appealed to me in the pics looks like it will be very cool airy for these brutal hot d ays ordered both the blue purple in the size 6 for length did not disappoint at all looks p retty much on me as in the pic a little surprise is that both tops have a thin metallic pinstri pe spaced abt 3 4 thruout the plaid it s a silver metallic on the blue raspberry on the pur ple plaid not obvious from far away but noticeable up close a cute feature cute and simple n ice fabric it s a looser fit so if you re in between sizes i d recommend the smaller size as ot her reviewers have said the colors are more muted but good fall colors quality top with linin g and bead detail on hem and sleeves flowy loose fit very cute with skinny jeans and booties i would size down if you are small chested great boho top great color and fabric a bit on the sheer side but not completely see through perfect for spring summer and even into fall wore i t on a weekend trip to the beach with capris and then to work with a cropped blazer planning on ordering it in additional colors if it s still available a good staple for your wardrobe i ord ered this top in xsp and xs i don t think i let the xsp top breathe long enough because i thou ght it was too short and sent it back there is no retailer near me i kept the xs and at f irst thought the same thing about it not fitting right but by the end of the day it stretched j ust enough and felt just right really pretty top i received a lot of compliments on it reall y cute over my white cropped pilcro jeans or as a beach cover up over a bathing suit i want th is in more colors this skirt is stunning but i really wish it was cotton canvas maybe by summ er retailer could make one i love the length of this and that i can wear it with skinny jeans o r leggings but it does seem to run a little small and it is not as long as on the model i do t hink it is a cute addition to my wardrobe though great really soft hoodie i got an xxs petite and it s still a little big but it works i m 5 1 95lbs this dress is fantastic super flatt ering and unique i get a compliment every time i wear it i encourage retailer to source more d resses from this brand designer lovely i am picky and nevery give a perfect rating this dress got all 5 stars i love this tee very soft and easy care gentle cycle hand to dry i usually w ear a medium in jackets took a chance with the small in this coat it fits well the arms are a bit snug but not too snug beautiful design though biggest disappointment was quality i though t the jacket would be thick and warm it s pretty thin will test out warmth soon overall decen t purchase would buy again this wool jacket actually feels more as a cardigan its a little to o thin for a jacket but looks about the same as pictured its very pretty i ordered a l and it was true to size sleeves are cropped the wool material is surprisingly soft and comfortable v ery nice and colorful addition to my closet recommend nan i bought one of these tees for my self and one as a gift both in green which is really a beautiful dark teal color as picture d the fabric is so soft that the gift recipient said she wanted an entire jumpsuit made of th is fabric the shirt is long enough loose enough and substantial enough to wear untucked a s pictured but lightweight enough to tuck in to a pencil skirt i am usually an xs or an s in t ops and i ordered the s in this one the larger size gives the slightly loose fit i saw these i n the connecticut retailer but didn t want to pay full price the very next week they went on s ale i ordered xs i m 5 4 small frame 120lbs while the length is perfect the waist is a bi t tight for pjs though not tight enough to return as i love everything else about these they re like wearing a painting of fine art light weight flannel hope they hold up well iin cold wa ter wash i just purchased this amazing jacket in the moss color in my regular size small 34d 2

7 35 at the store because my husband had commented about how cool it looked and i absolutely lo
ve it this is the softest jacket ever and you wouldn t even know it s not real leather the mos
s is more of a cross between a dark grey and green and it s so neat how it goes with so many out
fits the moss green does not make it difficult at all to match up with so many other colors lik
e you would think due to it s i m super into this top i bought the evergreen color in store as
it fit true to size and was very flattering i went to buy an item that was available online onl
y and decided to also buy this top in black my favorite aspect about this shirt is that it can
be dressed up or down the material is slightly stretchy though it does not cling i can wear a
chunky necklace and dressy skinny pants and look ready for a nice dinner on the other hand thi
s top can be thrown on with a pair of comfy jeans this dress is amazing quality with stunning de
tails its flowy and absolutely beautiful \r\ni plan on wearing it whilst im in the depths of th
e mongolian mountains while singing operatic arias \r\ni ordered a size two regular even though
i am petite for the sole purpose of dress length \r\n   in the picture the dress comes down t
o an awkward length on the model the sleeves are 3 4 and it doesnt look as good as it could if
the length settled down to where their ankles are or if the sleeves reache i was looking for so
mething to wear for an event at an art gallery i actually really loved this dress i think it h
ides body flaws i tired on the xs but the small was a little more flowing it was comfortable
and very fun to wear i am short so the length was great for me i wore a different full length
black slip under it which was more comfortable for me go try it on too see if it fits for your
body style it was great for me very soft for vegan leather very stylish i thought it ran slig
htly small for size indicated on jacket daughter is 8 10 but medium was tight i tried on the d
ress that was returned at my store in xxs p i would not have based on reviews but my stylist as
ked me to try it on it does look nice you just have to cinch it all the way perhaps most peop
le do need to size down for my 115 lbs 30dd 26 5in waist i wouldn t go up to xs p   to give
an idea \r\nmaterial is nice and sturdy give ti a try it s beautiful but more sheer on botto
m than it appears in photo size up cute shirt great for a lazy day off i got an xs but i th
ought this was a bit lose especially around the waist the shirt is good quality the material i
s heavier great for spring fall it goes well with leggings and a jacket i wasn t sure the sho
rter length in the back was working until i tried it on this jacket totally worked for me the
brown color can be easily matched with other colors i got the jacket in medium size i usually
in between size the medium size allow more space on the chest area however the sleeve becomes
a bit too long for me this top is so cute it s my go to top dress up or down looks really cute
with skinny skirt i have the ivory and just ordered the dark grey one great thing this top has
pockets i would buy this in many colors if i could yes it s full but a cute full but i love f
ull tops i think this is true to size it s not tight and i don t think it would be as cute tigh
t i actually like mine on me better than the one on the model lol washes like a dream and you c
an dry it in the dryer this dress is really good quality and the beading is adorable but the
sleeves combined with the maxi skirt made me look like i was a sister wife and not in a 250 dre
ss i still gave it four stars though because i am having it hemmed to above the knee because i
like the top part so much i ordered the 00p am 5 1 110 lbs and the waist fit perfect the skir
t was about three inches above my ankles perhaps someone with a more boho style might find the
length of the skirt cute but i just found i i got the red it is a great color this is one of t
hose thin soft t shirts it drapes really nicely and dresses up or dresses down the only downsi
de for me is that it takes a little extra effort in the washing department but really not much
just have to line dry i saw this in my local retailer and was blown away by how soft it was t
he minute i tried it on i didn t want to take it off for being a boxy cut it was surprisingly
flattering i have a large chest and normally wear an xl in retailer clothes but i could easily
zip the size large all the way up this is the perfect hoodie to wear running errands on the wee
kend or with a pretty blouse on under it at work i know i ll get a ton of use out of it so i
recommend it i purchased this sock in another print before and wear them all the time i was ha
ppy to see a new pair on the website and purchased them again these liner socks actually stay o
n my feet   others brands i ve tried before slip off my heel but these stay hidden and stay pu
t plus a fun design another winner for me this top drapes wonderfully the lace is beautiful
and looks fabulous on i would highly recommend it i love this unique piece it is slightly ove
r sized which is intended cinches allow you to tighten the waist area providing more definitio
n will look great with booties in the fall great boho dress the included slip runs small an
d short however if it s a piece you love you could easily wear a different slip if you wanted
something a little longer so cheerful and colorful love these cozy pj pants this dress is ver
y good quality with beautiful beading on the bodice it s a heavier material than i was expecti
ng but that was a pleasant surprise unfortunately when i put it on and looked in the mirror
i laughed out loud because i looked like a fancy swiss milkmaid the shoulders are puffier than
shown on the model and combined with the overall design and length i couldn t think of anywher

e to wear it this is an easy return for me the dress runs very true to size and the bodice is
fit excited to get this sweater i m a 38c and usually wear a size 14 blouse so i ordered an xl
as i don t like clingy sweaters this was perfect fitted but not tight i ll be able to wear th
is with jeans and cute boots for lunches or nice slacks and heels for a dinner date wish i coul
d ve gotten it for the 25 off free s h but glad i didn t wait this size was sold out first
i fist saw this dress in the window in alexandria va olde towne and i immediately said that i h
ave to have it upon receiving it in the mail i was surprised by the quality of the dress this
dress is made very well after trying it on it did look like i was going to be dancing with the

with the fit of this sweater which is flattering and unique the ruffle elevates the piece ver

sweater that i am willing to put up with it i ordered this in the red which is more of an oran
gey red which does not suit my skin tone i will exchange for the blue gray version this sweat
er is perfect for cool days the fit is true to size though a bit longer than in the photos e
specially the sleeves i m petite i actually liked the length so did not order petite the s
weater is a relatively soft cotton blend it is comfortable and the ruffle adds just the right
amount of finesse the ruffle is stitched on all the way so it doesn t open in front which is
a plus the blue grey is marled and more grey than blue the red is beautiful and as pictured
this is a very well made top i like the cut and it fits true to size very nice quality and the
colors schemes are unique i m happy with this purchase this looks just as good in person as it
does online true to size definitely warm but not too heavy comfortable as well these ar
e gorgeous and not too short or too long which is oddly hard to find they re mostly tts but if
you re between sizes i d go up a size because the small was slightly snug on me and i m a 4 6 i
m hopeful that they ll stretch a little with wear because i think the medium would be too loose
i was excited when i saw these shorts in my local retailer store i wear a 25 sometimes 26 and i

with tees casual dresses it has a little hook button closure up on one shoulder if you wish

hile traveling when we went out in the evening nothing really fancy but nice i saw this right when it came out and the colors and cut were exactly what i was looking for i am 5 3 and nor mally a size 6 in retailer dresses but i have a dd34 chest and a little broader ribcage even t hough my shoulders and hips are small which can be tricky the fit and flare style helps a lot but only if the torso is not too tight i went back and forth over the si this top is very light and soft for summer even the lace is soft it s not sheer and doesn t require layering true to size i m 5 4 34dd 150 lbs m fits well my arms are not tiny and yet the lace weren t tight for me but the quality of the material is average and it feels like it will last barely one sum mer it s good if you are paying the sale price this dress is seriously gorgeous and even more so in person the cut at the bottom is so flattering for curvy pear shaped and hourglass shap ed women i sized down so that the dress gave me more of a waist than you can see on the model a nd it was so much more flattering love the fabric fit and style of this dress you do not want to know how many cropped wide leg jeans i ve tried on all the rest make me look ridiculous for various reasons it s not easy to get this style right apparently these are great comfy ma ke my legs look cute not chopped off they are not mysteriously tight in the upper thigh why d o some do that they act like trousers with a jean s casual edge the let out hem is super cu te and they are soft and comfortable perfect with tucked in or shorter blouse styles \r\n\r\ni bought these pants are so great i was debating between them and some sateen denim style pants f rom another store but these definitely take the cake the fit is awesome although i am a 26 in the green and a 27 in the black so that s kind of weird fun transitional dress for fall that c an be worn with ballet flats boots or booties true to size for reference i am 5 9 138 with a n athletic build i really did want to love these jeans but i had to return them \r\nim a size 10 and a little heavier in the thighs and got a 30 the rise is just to high for me and the thig h was very tight \r\n\r\nthe denim felt fabulous they just fit me a bit funky love these loos e and comfy everywhere delighted to have found a 32 and delighted that they are roomy even at the waist i exchanged another pair of pilcro s and was afraid of a shipping pricing conflict b ut as usual retailer customer service was excellent earlier sale price was honored easy retur ns in the orignal shipping bag \r\nretailer design fashion and company attitude excels i am 5 7 approx 135 lbs 27 28 in jeans size 4 in dresses purchased these in a size 8 i would s uggest sizing up between one to two sizes as a result the upper thigh portion of the shorts do appear a little baggier plus pleats can be overwhelming in terms of material but not so ba ggy that it would make it circus tent like do not expect these to be fitted definitely a fun pair of shorts seems like it will go well with sandals espadrilles wedges paired with either a front tucke i tried these on in the store and was unsure about sizing once they went on sale i bought the xs and have already worn them twice good transitional grey colored short into fall need to be ironed or steamed after wearing for a while but comfy and smooth out easily as with my other pilcro pants i love the fit of these jeans very soft fabric but don t stretch out too much after first wearing the fabric is distressed but not so much that i worry about holes form ing the only negative about this dress was the placement of the stripe across your stomach i ab solutely love these sleep pants they are very comfortable and the cute tea cups print makes the m fun i have washed them and put them in the dryer and they didn t fade or shrink grab a pair while you still can you won t regret it the fabric quality and style are amazing the fabric is very high quality and so soft and the style is nice for an adult i generally don t wear shorts because of length style and other problems but i can wear these without feeling like a high sch ooler i usually wear a 24 00 in pants i ordered the 0 and was worried that it would be too loo se and look sloppy on me but it fits amazingly one of my favorite purchases ever this dress is cut perfectly to have a lot of movement love the colors i went with my usual size 2 and it fit generously i am 5 4 and the size 2 hit about the same as the model \r\n\r\nmy only complai nt it came really wrinkled and will definitely not make a travel dress i followed the advice o f the other reviewer and went 2 sizes up i m so glad that i did i m usually an 8 and i ordered a 12 and they are just right the pleats made them very flowy in the hip so it gives a little w ider look on me than i really want but i really love these shorts so it s not a deal breaker overall i am happy with them but definitely size up wore it this weekend and the compliments were overflowing it s exceptionally flattering for busty women i m a 32dd i had to size down from an 8 to a 6 but even the 8 looked good just a bit loose in the bodice v neck is just rig ht not too low not too high print is gorgeous in person colors are much richer than the onl ine photo the flowy skirt is very slimming and forgiving for hourglass and pear shaped body typ es but if you have slim hips you might feel like you re swimming in fabr i love these pants b est fitting pants i ve ever owned flattering stretchy don t stretch out i am so sad that reta iler didn t plan well and stock enough i bought the black want the gray and all sizes but 25 a nd 31 are sold out i might just buy another black pair so i can have another i really wish ret ailer would re stock these although these are 5star pants i rated them a 3 for retailers po

s very impressed with the styling and construction fits slightly larger than tts but figured t

atterns and the asymmetrical hem four stars in quality though as it could have a bit of pure
cotton in the fabric composition as opposed to rayon viscose only still a versatile dress
for day or night i love the length of the petite size please note i m 5 4 the shortest part
of the hem hits right at the knees a keeper these jeans are perfect exactly what i was lookin
g for i was afraid the rise might be too high but it was just right well below the belly butto
n i abhor anything resembling a mom jean rise they will look really chic with boots as well
as sandals or flats i have lots of pants in my wardrobe but i have a feeling this will be a fav
orite pair this dress is beautifully tailored and so flattering i feel very comfortable wearin
g it to work because of the sleeves and neckline but think it would also be good to wear out i
m so happy i bought it i love this top i typically wear small in most retailer tops and decide
d to size down in this to an xs and i m glad i did well made and cute floral design that can be
worn year round this dress is simply unique beautiful i said it runs large but that only be
cause the bodice is a little looser than anticipated i decided to stick with my normal size 0 t
hough so i could have a little extra room for those wishing for a tight fit size down i love
the colors in this dress i typically shy away from bright colors and pinks but paired with the
muted yellow brown i saw this in the sales rack and decided to try it on and i m so glad i did
it looks very ordinary on the hanger but in fact it s a very surprising find as others have
mentioned \n \npros \n a line so you could go down a size for a slimmer fit \n the
zipper in the back has an attached pleather like tag to help in zipping the dress up i found th
is extremely considerate and smart most dresses don t have this \n lots of stretch and very v

a 28 in petite so i m keeping these 27 petites i ordered 27 regular also and they are too long

36 hips and size regular 4 fits very well it makes my waist look tiny which is awesome and the
length is right at my knees the v neck is a bit low cut so i would need a camisole if worn to w

or the dress would look too bumpy colors are rich and unique what a fun dress to wear it feel

a ha i m in between a medium and a large and i ended up with a large because of the sleeves wh

r nan beautiful skirt but runs small not for eveyone this is for those with flat stomachs i
had to size up from a 6 to an 8 for my stomach to not stick out in this skirt and then it looked
to wide on the bottom and lost the slick pencil look if you are fit and firm this is a gorgeous
skirt it is lined and fabric somewhat heavy overall quite good red skirt though a little cli

i m a new mom and am thrilled at the structure and quality of this dress it gives me a great s

cier event tried this skirt on in the store and loved it so pretty feminine and versatile exc

skirts i would have snatched it up if it were offered in other colors unlike the other reviewe
r i think the ruching is great as it gives you the option to wear the skirt higher or lower on y
our waist and adds the axtra interest factor as this would be a totally frivolous buy i m going
to resist and try to wait for i love the cut of these pants kind of a flare kind of a boot cut
and super flattering they are long so really need heels to keep a nice leg they have tons of s
tretch so i could wear two different size i choose the smaller for a little less length in the
leg i consider them more pants then denim this dress is a beautiful cut and thankfully it co

oal fabric is a little scratchy but texture and cut are great i m not normally one to spend 8

i would keep it it hangs beautifully on your body and the fabric is extremely comfortable the t

any compliment and i really couldn t stop touching the material what a wonderful addition to my
closet the burgundy and black dress is stunning on beautiful cut and colors i think\ni do nee
d the petite however the material is not as stretchy as other dresses but the dress does keep
its shape i bought this dress online because it looked interesting and on sale for 30 why not
i think it looks unassuming on the hanger but on it is fantastic i am 5 3 150 pounds 34d an
d the 8 fit me perfectly it accentuates the curves without revealing anything will be perfect
for fall winter but am going to wear it to a wedding in june where the bride is a vintage loving

n to a holiday party received multiple compliments throughout the day and evening i loved the
fabric design the fabric itself is a bit strange to the touch i m hoping it will soften with t
ime and the smell from the fabric is a bit strange however i love the fit and cut and pattern
i will gently hand wash it and hope for the best it s a beautiful skirt the color is vivid and
the skirt is flattering got the wine color and love it the design definitely is slimming 5 1

ous and the lace on the collar and back add an elegant old world vibe to this beautiful blouse
it is very light and flowy and i can imagine it will be nice and cool for those hot summer days
to come i am rather large chested so it does look a little tent like from the side but that is
not the case fron the front and honestly i really don t care because it is so comfortable and pr

avy and smooth it is fits great i was able to size down the color is a brown copper and shoul
d match most things overall it is a great skirt for colder weather since it is thick material
i needed a modest dress with sleeves for a few events and when this went on sale i thought it
might fit the bill it does and at under 30 it was a no brainer flattering fit attractive t
ts and the gathers over the middle hide my mommy tummy i like that i can wear a normal bra wit
h it too i can see what other reviewers are saying about the weird feel of the fabric but it

doesn t bother me this dress will work well for evening and winter events and i m glad it s in my closet i love this dress the fabric is creative checked lace the silhouette is figure flattering work appropriate and can wear it for dinner with a change of shoes and jewelry love love love this dress the color is a beautiful blue grey and the peach embroidery has just a tiny bit of sparkle can be dressed up or down it was a little shorter than i expected i am 5 8 and 125 pounds i ordered the extra small and it was a perfect fit aside from length at 42 yrs old i can t wear mid thigh dresses to work hit hit me at the same length it hit the model in the picture even though she is 5 10 if you are 5 6 and below this is a beautiful dress the fabric of this skirt is absolutely beautiful however the fit albeit unique is not extremely flattering in my opinion it may be because i am somewhat of a pear hourglass shape rather than a more straight shape but the fit is a little off imo i am 5 8 and 135 and ordered both the 6 8 and felt the 8 fit a little better these are called jeans but they aren t exactly jean material they are black with a nice stretch to the fabric a bit tighter on the thighs than the flare jeans but the stretch to the fabric makes it work i like these very much a very slimming effect mid rise which looks very chic highly recommend love the perfectly placed ruching the red lace over black and elegant fits like a glove gives me great curves this beautiful blue sweater was exactly what i wanted i liked the way the dress looked in the front but the material in the back was knit and very clingy i did not think it was flattering on me i usually wear size 4 but the 2 was perfect 4 would have definitely been loose really nice zipper in the back this skirt is thick and has a stiff bouncy construction to it due to the neoprene which i was worried would make me look large but it is still soft enough that it doesn t do that i usually have to get petite for retailer and this was no exception the nonpetite goes beyond my knees awkwardly \n\nstrangely enough my only criticism for this is that the outer shell seems to get largish w as always these pilcro pants did not disappoint i can always order a size 26 and know they will fit like a custom pant i actually like the fit on me better than shown on the model there is no crotch hang like in the photo i need to wear heels with these because of the length but heels and flares are very slimming great dress for a party or a more conservative event love the style and fit a little hard to get on and off i was so surprised to find this in the sale it is beautiful light and airy while lined the color is bright and fun it is so comfortable i ordered an xs based on reviews this is my typical size in this type of style and it fit great i ordered the regular length even though i am only 5 4 i am about 120 will be an easy go to skirt to throw on for a casual look or can be dressed up did i mention comfortable this dress worked well on me not too curvy it s fitted and enhances curves in a nice way the patterns looked nice too this is a good skirt although i think the fabric keeps it from being great it fits well has a good shape and drapes nicely the synthetic material is ok and i ll keep it but it may limit the use i ll wear it to work but probably not to nicer events i love this sweater especially the sleeves i m 5 2 and athletic so i don t feel that it is the most flattering for my figure but i love it so much that i kept it this is a beautiful dress blend of materials give it a great feel the cut and style are very flattering colors allow it to be carried over multiple seasons either on its own or layered for colder weather very happy with this investment great summer skirt can be dressed up or down the band top is weird but you don t have to style it as pictured i may get the top hemmed down the road \r\n\r\ni have a 32 waist and got a size large love this skirt super soft and flowy the red color is beautiful i love the detailed raunching for the waist band the length is perfect at my knee is i wear it empire waist style or below my knees if i wear on my hips while being stylish the dress is well made and comfortable this skirt is so ladylike and light as air the cherry red color is beautiful just as pictured i can imagine so many opportunities to wear this skirt with a sweater and tights now and maybe a striped tee and sandals in the spring \ni m sure i ll have this gorgeous classic in my wardrobe for a very long time to come i tried the size small on at my regular store and thought the subtle sophisticated color and the embroidered pattern were beautiful though the dress was clearly too long for me in the shoulders neckline and armholes and the lower hem \n\ni ordered the small petite online hoping that it would fit perfectly but the top of the dress fit the same as the regular size had in the store the only difference was that the bottom hem was a little shorter and a better length for me \n\ni bought the dress beautiful emerald green color in a lovely silk i suggest one size down if you re small chested as the arm holes will fit more snugly love this dress i ve been looking for a nice nursing friendly dress for a while and this one is perfect its so soft and hangs nicely its very versatile and can be worn for multiple seasons i ordered a size small which fits nicely but could have done an xs or small petite for reference i am 5 2 118 lbs i am typically a 14 16 and the dress is true to size xl i live that the embroidery runs the full length of the dress i also like the shimmery side seam detail the front cut near the shoulders is very flattering on one minor issue is a gap in the bosom area due to button placement however i plan to add a snap t i fix i often ha

ve this issue as i am large in that area the length is flattering as well and provides great co
verage in the rear lightweight and flows nicely the color is wond this dress is incredibly sof
t comfortable and essentially lined i mean look at all that intricate embroidery your ski
n has no idea it is there the colors are lovely the embroidery is sort of a soft peachy cream
lined with gold and the dress is even prettier in person the neckline is low but not too reve
aling and though i normally avoid shirts without sleeves the cut is flattering around my arms
the cut of the hem is also flattering in some ways the belt seems like an extra pie fantastic
price right now and very flattering cute and sexy dress that hugs but its forgiving very vers

ectly i really like this dress i tried it on in the store and i had to take it home with me t
he print is fun and bright and interesting without being over the top the grommets give it a l
ittle bit of edgy balance to the sweet flowy shape \r\n\r\na note on the the fit i am a 12 14
and the 12 fit well it is a bit loose in some places like the waist but it certainly doesn t
look like a maternity dress i think the looseness is a good part of the overall look i am high

ond pair in the lighter color super cute plaid top i love the colors they are vibrant and go w
ell with my fair complexion it is a short top and would pair well with high waisted jeans or sk
irts as with other maeve dresses the fit is great i love the empire waist with stud details
the slip is nice and stretchy and i really like the flowy chiffon look over a fitted slip i m n
ot too keen on the way the sleeves tie and find that the ties get in the way of everything when
i first saw this online i was super excited to find it in the stores because i loved the big or

e great snake on the back love love love this blouse the cut outs at the top just add to it s el
egance i ordered the 00 p after trying on the regular 0 and that was better it runs wide the
lining is true to size but the overlay is loose the colors are pretty the design is nice but
i didn t love it as much as other ones \r\n\r\nlikes the studs add an edgier look to a almost d
ainty look flow y sheer fabric the cut is flattering if you get the right size recommend one
size down \r\n\r\nno big dislikes why i would still recommend \r\n\r\n115 lbs 30dd chest 26

it is very feminine with the ruffles but with an edge not too foo foo i tried no the regular
size and it was a little short even on me i would have to wear with higher rise pants or show

darker denim in my usual size 28 they fit just right just like my other pilcro jeans i m only

got these and the sale price was a bonus i received many compliments on this dress for a maev

so also very warm it is a little shorter than on the model the colors are more vivid the blue

now that it s 30 i might spring for it regardless of the weird cut it s super cute otherwise
i disagree with the other reviews the colors on this dress are great bright against the black

so far if it s 100 silk or cotton it s quite expensive this dress meets all my tick marks n

eautiful deep dark blue love them not being into bright neon colors i love this top the fit
is true to size and helps to hide my tummy it s super cute and very flattering i bought this d
ress in a store and it suits the body better than on the picture the pattern is exquisite and
beautiful i receive compliments every time i wear it it is made of silk which is a preferred
alternative to polyester but as other reviewers mentioned it needs a slip and for an expensiv

e is deep but on my body it doesn t gap much i m 5 7 142 lbs a keeper for me for its beau

ith the pleating makes you want to twirl the color is light but not as light as the photo it
does not wash me out the problem is the bust it has pleats that billow out near the armpit are
a making you look top heavy the bottom is slimming the top make you look buxom the v neck is
also higher than i would like which again adds to the fullness of the chest area i am still de

bating keeping this or re i love this dress the colors are so pretty and the fit is very flatte
ring i finally ordered this after looking at it many times had to order the 00p as they were o

ors are equally nice but due to my pale skin and only petite available i ordered the yellow
one brighter colors cut is flattering love the pleat detail in the skirt the 00p fit my 30d
d chest and 26 5 inch waist the length is perfect above the knee in front and lower in the ba
ck good choice i was urged to try this on by my usual stylist as she thought it would look n
ice with shorts i purchased or jeans or pencil skirt i own she knows a lot of what i own it i
s truly pretty love the embroidered cut outs makes the tank look stylish the cut is also flatte

e skin like me or a golden tan i purchased the 0 regulr tried on petite but i found it was sho

nd comfortable the colors are even more vibrant in person it has a keyhole opening in front w
hich might not be for everyone but which i really liked the only things i would caution buyers
about is that it is not lined and for shorter buyers i m 5 3 it runs a bit long so if you
can pick up the petite that might mean a better fit the print on the fabric of this dress is s
tunning it is lighter weight than i anticipated and the photo didn t show the keyhole opening
in the front which i like but may not be for everyone i am pear shaped and on the tall side
so the shape works nicely on me not too snug in the middle or rear not sure about someone not
as tall or more busty i typically wear a larger size on the bottom than the top so i ordered i
n the larger size which fit well nan this dress is easy to wear lined and feels like it could
be a wonderful summer staple i love that it s so colorful but for some reason the pops of col
or on the white background did not look great on my very pale skin i m sure on someone else thi
s will be beautiful i also thought it ran just slightly large in the bust although to be fair
i am small chested i love this top fits perfectly and not too long i m 5 4 112 lbs and a
32dd and the small fits like a gem not too fitted but not boxy i like that it covers my waist
but isn t too long either i may order another one i love it so much nan just not cute i don
t know how else to describe this top i am a 34dd and ordered a large it fit and was comfortabl
e but the peplum had way too much fabric it actually made me look much bigger than i am i would
possibly have tried a medium but it wasn t in store so i returned this is a cute top not perfe

has pretty large armholes so you can kind of see your bra from the side one of my favorite dre

d the last thing i d like to point out \r\nbecause of the textile it is quite easy to fold in
to appr the delicate print and coloring are stunning i also like the length and fit and am real
ly enjoying this dress \r\nthe key hole opening was a little low and showed my bra so i had to
sew up the bottom inch i also agree with an earlier comment that a full lining would be nice \r
\n\r\nthis is the first dress i have bought from retailer because i generally find dresses are t
oo short and do not provide enough coverage at the top i hope that future collections will incl
ude midi dresses and hemlines i love ag stevie jeans but these are my favorite super soft with
just the right amount of stretch they keep their fit and don t stretch out the very dark wash
makes them extremely flattering i m petite and a bit curvy and these are extremely comfortable
the dress is just perfect it s fits true to size and the colors are as pictured also a bonus
it travels well despite having so many pleats it folds nicely and can be worn right out of the
bag very happy i got it while on sale i bought this dress for an upcoming bridal shower i am a
ttending it fits great is flattering and i can also wear it to work since it is long enough
\r\n\r\noverall it was a great purchase i am 5 10 150lbs and size 8 fits me perfectly \r\nthe
print is lovely and the fabric has a nice flow to it \r\nat this price point the dress should h

e accurate with color descriptions it s extremely frustrating when online retailers don t descr
ibe colors accurately it can be hard to see subtle color differences in photos especially with
the color white due to lighting of the shot we rely on descriptions when ordering online it s
not difficult to do really it s not \r\n\r\nthat said i didn t have any armhole trouble as oth

ers did they were sized just right the design is stunning the color is universally super flat
tering it s a lovely top so much so that i tried it on even though it was pricey but the armh
oles are huge you can see it on the model who is definitely not wearing a bra on me there wa
s a lot of side bra exposure if they d had smaller sizes at the berkeley store i would ve give
n them a shot but my true size was a really poor fit there is simply no way to wear a bra with
this top that being said the cotton is substantive and crisp the embroidery striking the cor
al color bright and summery it hits me exactly where my hips begin to broaden which i honestly
kind of hate but the top is so lovely no one s going to be assessing your hips if you have nar
row hips and perky breasts though what a perfect summer top although i suppose if those are
your features every top is perfect i know you ve heard it before but this dress is so much mo
re beautiful in person i m petite usually size 4 but busty so i tried the 4 and the 6 in the
store the 4 fit perfectly except it was a bit snug at the bust so the the slit pulled open rev
ealing a bit more cleavage than i wanted the 6 fit perfectly through the bust and although it
was a bit loose through the body the cut was still very flattering i also tried the 6p which
fit but i preferred the longer length of the regular 6 this is the 4th pair of ag stevie jeans
i have bought from retailer the petite sizing fit me great i m 5 1 and 112 lbs the quality is
fabulous and worth the price i have 2 denim 1 white and just purchased these dark wave i wen

ve them just wanted to let readers know that the dress doesn t flare out at the bottom like it
shows on the model for me that s a good thing it definitely sways and swishes but doesn t fl
are out you definitely have to wear a slip with it not because it s see through at all it s n
ot but because of the static \r\n\r\nalso this is the perfect dress for belt lovers this dr
ess is wonderful and the petite sizing is really for petites i have recently returned two dres
ses and a skirt that were way too large in the petite offering so i was not really expecting t
his dress to fit so well i ordered in the 2p i am 5 4 about 120 it fits beautifully even
though it s a tad bit loose in the arm openings and i think i could have sized down to the 0p i
t is no longer available though but this dress drapes so lovely and the material is so thin th

i really like this dress it does not bother me that it is not lined i feel very feminine weari
ng it i plan to get a shrug to wear with it this dress is to die for the picture doesn t do
it justice so pretty and dainty perfect dress for a wedding this dress is gorgeous it is be

tried to steal it from during a recent trip to europe it is that adorable and flattering high
ly recommend this top is so pretty even better in person it s made really well and i love tha
t it s washable i did have some initial reservations with the fit i m petite and small chested
so i typically like to wear a bra to get a bit of extra help but with the way this top is cut
swingy and slightly bell shaped i found that wearing a bra even one with light foam cups not
even pushup was making the shape of the top look really weird once i took off the bra the to
p actually looked great i got you just can t go wrong with a perfect white top i m usually xs
or s and got this top in xs the fit is perfect the bottom is a very subtle bubble hem that yo
u can t really see in the picture the top is boxy but not too overwhelming since the proportion
s are just right thesis a great transitional top that will go with skinny jeans pencil skirts
or even a pair of utility pants it can easily be dressed up or down the fabric and cut of the
dress is beautiful i am writing a review so i can share my experience regarding size i ordere

bust area for reference i am a 34 a i i returned it and ordered a size 0 which fits perfectl

on t let that turn you off from it when trying it on part of the design is cut out through out
as a warning these jeans are very comfortable with the higher waist they have a slight stretc

loved the pattern color and mock turtleneck style of this top but it was just too short on me
i purchased the xs in the ivory color i am 5 5 32d 110 lbs for reference i had planned to
layer this under jackets for work but every time i raised my arms you could see my stomach i
would not have felt comfortable wearing it to work because of this the fit was slightly boxy al

and the 8 fits like a dream i love this dress it s a nice length hitting just below my knees
and i can pull off strappy sandals as well as wedge heels and it all looks great i also like th
at the top is situated so that i can wear a regular bra with it i was concerned that the pleats
would look tacky in person but they give the dress a nice amount of movement and swing highly
recommend so much prettier in person beautiful colors matched together so light and relaxing
love at first sight as always these ag stevies are perfect i was worried they would run small

absolutely adore the simplicity and style of this dress dress is quite flowy the fabric under

i am a huge fan of ag stevie ankles and own at least a dozen pair i am 5 4 so this style is p

it is lovely this catalog shot does not do it justice \r\n\r\nthe colors are brighter but not

more the bodice fits me perfectly as the top pleating is flat the v neck is just right not

to iron the neckline was too low for me so wore a light purple cami underneath which matched
the purplish shade of the dress perfect these are a perfect staple piece you can dress them
up or down and they re insanely comfortable even if you hold a lot of your weight in your butt
and thighs like i do i feel like these pants do such a nice job of being form fitting and flatt

t to throw a long sleeved shirt under it is roomy not fitted i ordered a small then thought
i should have ordered an xs so then i ordered an xs as well i go between xs and small but be
cause this is not fitted the xs is perfect material is nice soft and super cozy the colors
including the deep blue in the background are as vibrant and harmonious in person as you would
hope it looks like an oil pastel drawing the print itself is very well done i m so picky abou

it doesn t show too much of the armpit the straps and sides cover a normal bra and the necklin

t i ordered the xl in the hope that it would be oversized and slouchy it is that and more the lightweight sweater like material is truly perfect for the transition to spring i look forward to wearing it tomorrow my local retailer had one of these skirts in store presumably a return i was so excited when i found out that it was in my size i m 5 7 and usually a 2 or 4 at retail er and bought the 2 for reference the skirt is made of a heavy fabric and the pockets are lined with paisley fabric the seams look really sturdy and the skirt moves well it s very cute and s uper easy to wear i styled it with brown boots an retailer belt and a white button down great for spring summer xx these are great casual comfy pants for summer i m 5 1 95lbs usually a 25 or 26 in pants the reg 25 was a better fit than the 26p this is more a sweater than a sweat shirt but it also feels more casual like a sweatshirt i put it on and immediately felt comfort able it s stylish but not frumpy and it will work for me running around town doing errands or g oing out for a casual lunch or dinner it s a perfect weight sweater to throw on in the cool cal i evenings lovely jeans love the details in the cuff bottoms the front of the jeans the rela xed boyfriend part was just too relaxed for me too much material there that it was unflatter ing otherwise cute this is a very pretty color loved the flow and the length of this top how ever the neck hole seemed too small for the top all the embroidering is at the neck and makes t hat part very stiff going back i wasn t sure what size to get in this and how it would fit sinc e there weren t any reviews but i ordered it in a size 10 and it fits really well i usually get dresses in a size 8 but those flow a bit more and this on my waist am curvy on bottom i needed to get the 10 it sits well on my waist and i don t have to hike it up the material is chino li ke so it does get a bit wrinkled but it has a nice weight and the pleats give it a pretty flow n ot too boxy making my hips look bigger it has bel love this tunic very comfortable and a perfe ct length to the knee i wore it to a birthday party with brown booties the green moss color is perfect for the fall in new england can t wait to wear it again better than the picture i li ke the layered look and the texture of the fabric great top this layered top fits true to size the style is trendy and cute the type of fabric is nice i love the design of the back i would definitely recommend it it s worth the money for reference 5 3 130 athletic muscular body type broad shoulders slim hips \r\ni ordered the small and i was absolutely swimming in it pe rhaps the petite would have been better but there was just too much fabric everywhere the slee ves were ridiculous on me and even cinching the waist with a belt just wouldn t have slimmed th e silhouette for me i have muscular shoulders and 34d chest so the top fit as it should just everything became way too much elsewhere the fabric was soft and sw this really was nothing spe cial for 68 there are much cuter tops at retailer it wasn t particularly flattering as it was very boxy so it added volume it was soft and felt like decent quality which was nice i agree with another reviewer that the ruffles feel too big overall this was just a miss for me i lov e these tights they re thick and durable and the pattern is super cute great summer pants nice material easy to take care of i m 5 6 and usually wear a size 29 which i purchased the neutral they might be a little bit loose but they fit great and best of all they truly are s limming i love them so much that i just ordered the green hard to top the sale price i bo ught this top in the gray color and my usual size large the fit is perfect i don t have the tight neck issue that another reviewer had there is an odd knitted neck that you can t see on the model since her hair covers it i love the softness fit and embroidery of the top but wa s debating on returning because of that weird stiff neck knitting my husband said that he rea lly liked it so i gave it a shot i m wearing it right now and it s super comfortable i don t notice the nec this was way too big on me so i gave it to a friend not only does it fit her re ally well and look great but it has become her new favorite sweater love the casual everyday s tyle and am tempted to order one in a smaller size for myself love these tights fabric feels great soft and comfy took large so they fit perfectly at true waist for 5 6 height some retai ler tights i have bought in large but they are too short for 5 6 person \nthe color of this pa id is a subtle green looks great with black skirt and green sweater i m not nearly as tall as the model so these hit right just right for flats i love the fit of the wide leg and found the color matching the photo and the light color cords very soft i did try the blue color on at a d ifferent store and found them a bit short i m really pleased with these and the sale on sale ce rtainly helped i got both colors as i m not sure when a style that is so perfect for me will co me around again these are beautifully designed and very slimming they are described as crops b ut i am 5 5 tall and the length is perfect approximately 1 2 above the heel of my shoe no alt erations required usually retailer pants are extremely long for me but these citizens of huma nity cords are the perfect length the colors are just as pictured i was surprised by another re view that described the navy as these are cute comfy and just as pictured a soft greenish gray but i didn t find them to be super flattering on me or at least not slimming in my view i m 5 3 about 105 lbs and got them in s m which fit just right but they do go all the way up to my true waist they are tube legs meaning they re not contoured tights so there s excess fabric

at the toe it d be all bunched in flats and there s a tiny bit of looseness at the ankle ther
e s also no distinguishable front or back and no these pants are so comfy and perfectly casual
without being sloppy they re the perfect summer pants it is a little boxy but it s not unflat
tering in my opinion the sweatshirt material is soft the ruffles keep their shape and position
and aren t too overwhelming on my small frame i like the small slits on the sides they allow t
he sweater to drape nicely it also hit at a flattering spot a little below the hip 5 1 100
lbs and got the xxs petite this fit true to size for me these pants have quickly become my go
to spring pant comfortable and a long enough crop for my 5 8 legs almost closer to the ankle w
hich i prefer i wore them 3 times with out washing and they did stretch out a bit but there is
a set of buttons in the hip if i really needed them tighter there i bought the darker color it
s a mossy green grey it looks sharp with the tla black v neck t shirt i bought the xs regular
and it was a little too long and wide i was unable to find a petite version in the store or onl
ine the ruffles were also bigger than how they appear on the model i am 5 1 tall and weigh 11
0 lbs i believe the petite would have been a much better fit i regret not discovering this top
sooner when more size options were available i totally agree with the first review i thought t
his was soooo cute on the model but it s loose fitting and has no shape to it these are the be
st trousers i have bought in a long time i m 5 8 and 145 pounds and the 8 fit with a bit of ext
ra room in the waist not enough to size down i love that they are not skinny so over the sk
inny fit i plan to wear these with black heels white tee and the vegan black leather jacket i
purchased at the same time oh and a statement necklace always a statement necklace these are
a must for every fall wardrobe more pants like these please i wear a 32 and sometimes a 31 bu
t i could barely squeeze these on in a 32 the fabric is thick with lots of stretch but these ar
e super skinny all the way to the ankle like a legging and not a jean made for much thinner fra
mes than mine i totally disagree with previous reviewer on sizing i am usually a medium somet
imes small in various retailer tops and i purchased this top in a small i could barely get it
over my head i then ordered the medium and large i tried the large on first and it fits perfec
tly like the model shot so i would say this definitely runs small i never wear a large for
reference i am 36c broad shoulder the gold beading on the top is very pretty and the gold emb
roidery thread really pops t i have been a paige pilcro lover for years these mcguire jeans we
nt on sale and i loved the neutral color so i ordered my usual size 28 they fit perfectly as
a previous reviewer started they are tight they are skinny jeans and are meant to be tight
they hug in the right place are not too high waisted and are a sturdy denim for reference i am
5 2 120 short waisted and usually wear a 28 in paige pilcro these mcguire s sized 28 wer
e a great fit good length no hemming required these pants are so great very comfortable true
to size and i can see myself wearing these all spring and summer i m 5 1 120 lbs and my usua
l 26 petite fit great these would also make excellent travel pants i purchased the green color
and will be purchasing the tan color once i get done writing this review i don t know what the
problem with this sweater was on me but it just didn t work it was too wide across the breastli
ne i think creating a boxy shape that just didn t look flattering outside of that the sweate
r was lightweight and seemed well made i was sad to send it back especially at the sale price
this lightweight sweater arrived within a few days of ordering and was packaged well its fit is
true to size and will be perfect for slightly cool days and evenings the navy blue color is acc
urately represented in the picture my only issue with this item is that one of the small lace p
anels at the hem on the hip is not sewn in all the way i will keep it since it was on sale but
i need to decide whether to have it fixed or to just remove both of them as they are very small
and don t add much i ve returned multiple pairs of trousers this fall because they were low qual
ity wrinkle prone wool and unlined the material on these however is high quality and weight
y wearable in fall but also great for our much colder winters the herringbone is gorgeous d
ark grey and black with subtle flecks of red dark pink and gold they are also beautifully lin
ed so will keep their shape and not itch true to size for cartonnier got a 2 and tried a 2 in
the monica flannel trousers gorgeous these are the perfect light weight relaxing summer pants
\r\nthe fabric is soft and light and has some stretch so i think they can be worn more fitted
way too \r\ni don t want to show off my bottom half of my body shape so these are perfect one
s to be a bit loose to covers the silhouette but still looks feminine not too loose \r\ni m
5 3 115 lb and usually wear 25 26 jeans 25 petite gave me the perfect relaxed look without los
ing the feminine look i think 24 could fit as well but would sn this top is much more beautifu
l in person than in the photo the embroidery is exquisite and there is the tiniest bit of spark
le amidst the design soft flowing and flattering definitely a keeper i loved this top even m
ore in person it is made well and beatiful the sheer under layer adds a sexyness to the design
the back of the shirt is open i really like this detail prettier in person so pretty i m 5
6 120 lbs and the xxs fit well i normally wear a 0 2 i am so glad i got these pants the qua
lity is great and the fit is perfect they are very flattering and comfortable i have worn them

with flip flops on a casual day and have also worn them with black heels for a date night worth the purchase nan saw this top online and knew i had to have it it s unique and gorgeous with t he split back and two layer design the top layer is thicker and almost like a brocade tapestry design with rich purple and yellow tones the under layer is sheer and lightweight i was able t o wear this early in my pregnancy and it totally disguised any bump i had from co workers this is def one of my top 10 fav tops now adorable romper the only thing is the sleeves are a littl e shorter than portrayed in the picture they come to about mid forearm on me and i m a petite person still cute but def not if you re looking for a full sleeve i just received these jeans today after buying them online last week i wasn t sure how they would fit but i am so very hap py i got them and on sale too i am 5 2 and about 128 pounds athletic and curvy but petite t oo i bought the size 4 and they are a perfect fit in the length too they are button up boyfri end style but not too baggy the detail on the cuff is perfect and they have a unique unusual b ut expensive look what a steal i would have paid full price for jeans that fit this this top has gorgeous embroidery very very nice looks good in both wine and grey it runs large i kept it around not sure whether i should keep it i usually wear xl i ordered l and it still was loo se at the bottom but fitted at the top i have a big bust and the embroidery ended at the top o f my bust making the entire look unflattering because the bust juts out in a strange way below the embroidery the arms also tend to look wider due to the style i don t like the fit at all i have now purchased these pants online three times in the ivory i first ordered them in a 28 as it was the only size available and i thought that size would fit me in this brand wrong i was swimming in them great pants but too large in the waist i kept checking online and they p opped back in a 27 which i thought would fit wrong again they arrived a couple of days ago a nd still they are too large in the waist but since 27 was the only size available i thought th at i would keep the love these they are my new favorite weekend pant they are comfortable ver satile and cute the fit and cut are great too a must have for your wardrobe this is so much better than wearing a grey sweatshirt i love it and it makes me feel pretty nan nan purchased to speak at an event not only is it very eye catching and i garnered many compliments it fit li ke it was made for me and was comfortable to wear i questioned ordering a 4 and possibly could have worn a 6 but with the elasticity to the material there was no problem with movement or sitt ing and i felt hugged in in all the right places remarkable dress so much so that people stop me to remark about it i wore this to a wedding yesterday and received several compliments the dress is well made and very comfortable i know i will wear it again wore it to a cousins weddi ng loved it probably one of the best dresses that i have ever worn lots of compliments felt great dancing the night away i was so excited to get the dress it s extremely beautiful and co mfortable the size i picked was unfortunately too big for me though i just had a baby so it s hard to figure out what size i am now details were exquisite i don amp 39 t write many review s but i loved this dress and had to share i amp 39 m normally about a true 6 and have been fin ding a lot of retailer dresses running rather large i tried this on in the store in a 2 and bec ause of the stretch in it it fit my hourglass shape really well i have a melodies that pencil dress in a 6p that fits great so this style i think runs a bit larger i wore it to a date night and it helped make the evening special this dress is a beautiful classic dress that is figure flattering and as stunning in person as it is in the photo i love it love this dress sexy b ut still appropriate very elegant i m 5 6 125 pounds and the size 2 fit me great it is a li ttle long so i am considering ordering the size 2 petite definitely worth the money great dres s received tons of compliments downside to the dress is it stretched a bit and was feeling a b it loose by the end of the evening this gorgeous dress arrived today and i can t wait to wear i t based on other reviews i ordered a 6 petite even though i m 5 6 because i wanted the skirt t o hit just above my knee it s perfect i usually wear a 4 or 6 and the 6p fits well not snug b ut not big either maybe a 6r would be larger i don t know if you are worried about the skirt being too long then definitely try a petite size \r\n\r\nthe dress is risquã because it s faux see through but still very classy and elegant it s sexy w this dress fits like a dream and loo ks gorgeous on i m sure it will be a go to for many occasions very cute summer dress it runs a bit large and it doesn t give you shape but it s good for me to hide my belly fat the dress is so comfortable to wear i didn t know that it has pockets so that was a pleasant surprise i always love pockets overall it s a perfect summer dress this dress is amazing i bought it f or an afternoon wedding i m attending it s perfect it fits like a glove and the lace is so del icate the nude sheath really allows the lace and all the details to stand out love it in the b lack this dress is absolutely gorgeous love love love i am 5 2 and the petite sizing was pe rfect this is my 4th byron lars dress and i just love this designer his dresses all fit the sa me as far as i can tell i had bought this dress as my sister in law recommended it so much and she was right it is stunning i ordered my normal size in this dress i am 6 foot tall but the regular sizes were too large and too long mid calf i returned the dress for a size smaller in

petite for a more flattering hemline the dress is lovely especially on the models in the pictu

o other people in my family own this dress and love it it s now my turn to add it to my collect
ion the dress is quite long for my 5 6 frame so i have reordered it in a petite size for a li
ttle better fit and length the lace is very detailed and the nude slip underneath keeps the lac
e from being too revealing very elegant a little chanel like and by the way the belt is incl
uded as another reviewer i had really high hopes for this dress based on the reviews i m on th
e curvier side but was surprised to find that my usual size 12 was very loose and long the he
m hit just below my knee instead of feeling sexy the weird fit just made me feel matronly i m
going to exchange for a 10 petite which will hopefully be a little more figure hugging and not
as long despite my fit issues the design is stunning intricate and unusual i m hoping that
the new size will do it more justice i generally wear a size 6 and am 5 ft 3 in in height the
size 6 fell below the knees and did not look right the fit of the 6 petite is beautiful and fla
ttering the dress is indeed lovely and i really want to love this dress as much as others do
however i am conflicted i am modest in my style and even though nothing is revealed the stra
tegic placement of lace panels makes it a bit suggestive and takes it out of my comfort zone t
his skirt is a great addition to my wardrobe the print is sophisticated and style flattering on

cally wear a medium but went with a large because i am pregnant and tall i think i could have
used the medium in width but like the length of the large it is a wider fit and is significant
ly shorter in the front than the back but i think works with the look of the top i think you c
ould dress it up or down and the fabric is cozy i would highlight that it has a wider fit but
i think that is the design of the top overall i am pleased and i think meets my search for an
off the should i really like these but my usual size 29 did not fit i always wear that size in
pilcro but these were at least a size two small and i have to return them regretfully they are
out of size 30 so i lose out wish there had been previous reviews to let me know so i m doing
so now for anyone thinking of ordering the color and the fabric in these shorts is quite nice a
s is the length i didn t order the pilcro bermudas because another reviewer said the legs were
quite wide unfortunately these shorts also have wide legs i m going to have them tailored so
they hug the legs as in the picture rather than billowing out i do not have skinny thighs don t
i wish and i was surprised that the fit was not as pictured if you re ok with wide legs or ca
n get them at a price at which you re ok spending extra for i really like this top is casual an

e out a pair of level 99 shorts a couple of years ago ordered these in the same size and they a
re huge so i am sending them in for exchange and hope i m guessing right linen and tencel are
my two favorite summer fabrics love the length which can be adjusted by rolling good pockets
gorgeous somewhat dusty plum color belt loops if needed though i rather hope they re not just
got these in black and they look great they are a great combination of classy and casual with t
he added bonus of being super soft they are however very fitting slender but give a little w

lcro if you re expecting a sweatshirt when you order this you might be disappointed it s actu

hly recommend i ve always been a pilcro fan and they always seem to fit just right this pair of
velvety pants was no different lightweight velvet and a great cut yay i wish i had purchased
these earlier in the winter season because i could wear them every single day they are phenomen
al plus i got them during a great sale the reviews i read said they run small so i went a ful

obe purchases i ve ever made totally versatile and because they re black they can be dressed u
p or down these are beautiful pants the wine color is rich and they are very soft they just
run really small i normally wear a 25 regular but often i have to roll the length up a bit so
this time i ordered a 25p thinking it would be the same just shorter but i could hardly even
pull them over my slinder size 6 foot i am going to exchange them for a 26 regular i so hope t
hat they fit they are so lovely \ni totally recommend just order a size or maybe two up
though to be fair maybe peti i love this jumpsuit i ve worn it twice and received many compli

person more of a brown than a cream like in the picture it runs a little smaller than i was ex
pecting but that s actually good for me as things usually are a little loose up top i m 5 6
120 lbs 32c and an xs fit well for a sexier look but if you re wanting it a little looser i
would go up one size this is a great shirt with cute details including the ruffled back i am p

y or too tight the material feels avergage in quality but looks polished with navy blue pants
i received several compliments during my first wear overall a very cute shirt color fabric b

o length i am only 5 3 and this top dropped only to about 2 inches below my navel if you have
a short torso or like the short look i would recommend this nan i recommend this product if y

in my usual size 28 in this brand they fit well have a nice stretch very comfy i ordered t

but it runs pretty big i m normally a sm med due to bust size 34ddd and ordered a small based
on other reviews could have gotten an x small debating going to exchange i ordered it in thre
e colors bc it was on sale better quality than some at retailer runs large very stretchy nic
e wash mine had more holes and fraying in the legs than i expected i returned them because i g
ot the wrong size and smaller sizes are sold out otherwise a cute jean and with the sale certa
inly worth it these corduroys are comfortable and fit true to size i am just over 5 feet tall
106 lbs with long legs for my height and the 25 fits really well they wash and dry well wit
h minimal if any shrinkage as long as you use low temperatures i gave them 4 stars instead

of 5 because i feel the material could be more substantial than it is the green is actually a very attractive mossy brown this shirt is amazing i bought it in white and found i was wearing it with everything so i went back to get the gold which is yellow the dit runs big so order a size down love the riffle around the sleeve and the little dot trim very cute cute casual dress i especially love the thick fabric as i think it will hold up well the fit is slightl y boxy but it s short enough for it not to matter as much and the waist tie helps give the dre ss a little shape i was surprised that the the petite xs was off for me proportionally usually i wear petite sizing at retailer but the regular xs fit much better i love this top it gives a little bit of a sleeveless look yet is more flattering on the arms for those who don t normall y wear sleeveless tops i think it runs very large i m normally a size s m and the extra small was right it s loose around the waist yet has a feminine fit the tiny balls around the neck bu tton at the back flutter sleeves and linen fabric are all cute details that make this top uniq ue i also like how the fluttering goes down the sides and not just around the sleeve i love th is pajama combo it is super cute and comfortable pretty top i like the flutter sleeve design the linen is thin too sheer to not wear a cami underneath the white nice for the sale price can easily be dressed up or down i got them in green and the color is very nice \nthe waist is a little higher than the ag cords but that only makes them comfortable and holds the tummy in a little\ngood length and the pant holds up nice thru out the day no sagging yet in the knee and behind area this top is beautiful and the color yellow is gorgeous i highly recommend these pa nts are so soft and stretchy they feel like leggings i love the ankle length as they are perfec t to wear with both flats and booties i am 5 5 with fairly long legs and these hit right at my ankle they are so comfortable i have ordered in the green red and gray my go to pants this winter i first saw this online and as a long time wearer of vests this really caught my eye once it came into the store i was able to try it on in grey small and it was perfection it ju st wasn t in the budget so i decided to wait for it to go on sale and watch the website every da y we have 5 stores in my area and when it got down to only 2 having limited availability for a small i sprang into action the largest store had put it on the almost gone rack and they had only 2 smalls i tried them i got this vest for my birthday and it is my favorite it has a very clean design well structured and you can really tell the product is high quality from the look and touch i would expect this to stay in my closet for years to come this little pantie is fun and playful its a deep maroon color with small shimmering lace details the back is sheer but t he front is more filled in and opaque the ribbons on the sides can actually be untied which is a big plus for me i m a small lass but i have a big bum so i got a medium and it fits perfectl y feminine flow however slightly large such soft material love the little details nan like others i agree that this is a staple that will pair with many many outfits it is really well constructed classic comfortable and a wonderful length for us taller gals as you can see fro m my stats i m rather tall at 5 9 so it s hard to find i ordered my normal size 32 they were a little tight however i m glad because they normally stretch out quite a bit so i m assuming th ey should fit perfect after one wearing the length is fine for my 5 9 height and they are very soft i m so happy with the light red color it s almost a rust which i love i ordered two pai rs of the red cords one my typical size one a size smaller in case i found that the pants stre tched out they run true to size and have a nice fit with a high er rise waist the color is be autiful i did not find that the pants stretched out but they do seem to bunch somewhat which ma y come from the thickness of the material unfortunately had to return this i loved it but just doesn t work for my petite size love this top have two of them they are comfy light weight a nd extremely flattering love i love this dress i was trying on some dresses in the store and the sales girl put this one in just for fun i would have never picked this dress out i didn t look awesome on the hanger but i tried it on anyway and i ended up getting two other dresses at that time but i couldn t stop thinking about how much i loved the way i looked and felt in this dress so i did what any girl would do and bought it online it took me a while to find it onlin e because the picture on line doesn t do the dres cute and comfortable paired with tights and b oots for work will also look cute with flats or sandals in the spring the fabric is a nice wei gh not too flimsy might be a bit short on a taller gal this dress is very versatile and i pla n to use in all year round with some tights and boots in the fall winter and strappy sandals in spring summer i originally purchased this dress in a m but had to size down for a more snug and flattering fit the navy is much darker than the picture these pilcro jeans are so very cute i usually wait for a sale to purchase the pilco jeans but i didn t want to chance them not being available in my size the pilco jeans seems to sell out fast the cotton material is very soft b ut not sloppy you will love the embroidery down the side of the leg they do run a bit big i p urchased them in one size smaller for a slimmer fit i would suggest one size up if you like the m more baggy nan found this cute little black sweater on the sale rack in a small and it fit pe rfect it is flattering and will look great over a tank top or strappy dress the little details

of chiffon around the collar and the tiny cutout holes around the back the softness and the li
ttle detail on the back bottom make this a perfect go to sweater for me i only say it runs smal
l because it is a cropped style so expect it to be short but i would agree that the arms are mo
re to the snug side than the loose fi it is a very pretty skirt but arrived extremely wrinkled a
nd the waist is very fitted overall i probably would not have purchased it if i had actually se
en it in the store such a lovely skirt i plan on wearing it to a formal event but could defin

ts fine this is really cute sweater soft cozy around the chest bit small went up size but th
e shape looked the same i m keep it because of softness warmth and versatile i got it in blac
k would recommend it or at least try it for yourself so pretty love hte design on this one
\ni tried on hte regualr size adn will not need a petite it hit me jsut above my knee younger
gals may oprefer shorter however \n\nthe aottern is also nice the cut is flowy and flattering
nothing bad to say about htis dress i ordered the xxs because it seems like a flowy top and
glad i did it fits perfectly love the blue color very rich material is super soft cut is ve
ry flattering and i love the back i tried it on with my strapless since that is what i was wea
ring but not sure if straps show on a regular bra 30dd for info i tried this in the fish pri
nt and the pallas stripe i did not like the fit of the fish print but the stripe is perfect s

orite shirt ever i ve had it for years and it still looks great please please bring it back
this top is well made and the pleats give it a whimsical feel i m still debating on keeping it
as it s slight boxy this unique blouse is very comfortable and looks beautiful on the body it
flowy and flattering and looks great with my tan dress up or down it s a staple in my summer w
ardrobe this sweater is just the cutest sweet and feminine with interesting details especially
in the back it s very figure flattering worn closed there are 3 adorable little buttons or it
can be worn open over a dress or a cami \nit runs very small i usually wear a small or extra sm

e \r\na must have this is a soft light sweater that will take you through fall i got the rasp
berry which seems more like a cinnamon color to me the design is really cute with the fabric i
nset in the back i got three of these in different colors so obviously i really like them for l
ayering and can recommend them it seems tts i am 5 5 and 140 lbs medium is perfect super cu
te in raspberry and very flattering i paired it with the reversible tank in dark gray skinny j
eans and fringe boots not only was it love at first sight when i saw it online but i fell even
more in love at first touch everything about this dress is perfection i got the black motif
the colors are just lovely the weight feel of the dress are nice the length is great i ad

han pleased with this purchase this romper is so flattering i normally don t like how short ro

love this dress but even though i got a small it was still too big i also don t think the hor

e this is the prettiest little sweater with such nice details but it will not work well on a p
erson like me with a full bust 38d even in a larger size than i normally wear it is also very
very short in the body i would recommend it for a petite person with a small bust though love
love this piece for the moment i saw it i noted anther catalog i knew i had to try it on im
5 9 and 130 and the xs fits me perfectly i love the way it is tailored it is also lined with
a nice fabric overall a very well made summer go to piece this is just adorable on i go betwe
en a small and medium and the small was perfect for me i wore this with tights and boots but
can also see this working in warmer weather with sandals or peep toe booties i bought this love
ly cardigan in the orange color it is so beautiful and feminine i wore it buttoned over a slim
tank and got several compliments right off the bat it is a sweet and unique take on the classic
cardigan in a way only found at retailer i usually wear a small and it fits true to size i did
have to return the one i purchased because it had a hole in the sleeve but thankfully was able
to order another on sale it s a no brainer i really like the dress it is cute and comfortable

the only problem i m having is finding leggings that match the way i want dress will be cute wi
th leggings and boots or sandals in the spring it is very casual can t say about fit just yet
since it is a gift color is soft green and versatile finishing touches around edges and in bac
k make it a stand out sweater that dresses up jeans but also nice over a dress or with skirt nan
such a fun and beautiful skirt absolutely love the cut and the way it flows when walking it i
s very very bright in my opinion and not so much my style so i will be wearing it sparingly got
a ton of compliments the first time wearing it cute dress can be worn with boots flats or hee
ls i am 5 1 112 lbs 34 b chest and i got this dress in size petite small i am pear shape wi
th a bigger bottom and love how dress enhances my shape my style is more classic but i really
like this dress i was at first a bit leery of this dress because of the shape baggy is in but
it s not always flattering i am usually a big small medium and the medium was too fluffy i rea
lize it s supposed to be loose but not that loose i m 5 8 and 146 lbs and the small was the b
est option perfect amount of looseness but still gave a hint of shape it has pockets and is so
comfortable i m a school teacher so i try to find clothes that i can wear in both worlds this
is definitely a keeper i will for the colors and design of this skirt are beautiful the fabric
hangs nicely the color i more burnt orange than red i ordered my usual size 6 but it is too
small this sweater has every special element i could want form fitting feminine and atte
ntion to detail i ordered it in turquoise which is a lovely muted turquoise that works well wh
en dressed up or down with a cream cami because i am petite the fitted waist detail in back hi
ts me just in the right spot thank you retailer for another timeless addition to my collectio

uld definitely recommend 3 so this skirt is everything the only downside is that it s not in
a petite sizing so i m going to have to get this altered i m 5 3 the sizing is appropriate u
sually wear an 8 or 10 in pants and got a size medium for the skirt the material is thick enou
gh for spring or summer weather the color is just right not too light the pockets are adorab

mfortable i know i m going to get a lot of use o absolutely beautiful and well made this pair
of jeans is perfect no flaws whatsoever i usually wear size 27 but bought the 26 as it fits be
tter 27 is very slightly loose but i think it supposed to be like that for a boyfriend jeans i
prefer it nice and fitted so 26 works better i m lucky to find them still available in the sto

ain on this model you d never guess it looks so adorable on i saw it as i walked into my local
retailer and tried it on quickly over skinny jeans i was wearing with grey suede boots and it lo
oked amazing it s a perfect teacher dress wear it over tights or jeans during colder weather
chunky sandals during warmer weather it has side pockets i absolutely love you must try it on
to believe it the fabric is soft and of great quality i had only planned to check out this dre
ss at the store but ended up buying it then and there not a deal breaker but there were extra t
hreads hanging from some parts of the dress it made me a bit concern that the stitching would u
nravel during wear so far so good i wish they had paid more attention to little details like
that i think these jeans are much better in person than on the picture on the model they look
a bit boxy and too loose for my taste i am tall slim athletic and they fit like made for me in
my usual size they have some give and tend to get looser while you wear them but because the
y are midrise they won t slide down they are a slightly relaxed swlim fit on me the demin is s
olid the color a nice medium dark sky blue the emobroidery and the beads are beautiful and loo
k like they will hold up these jeans are fantastic i ve worn them once and got many compliments
definitely keepers i am 5 8 and weigh about 135 normally i wear a 29 but i sized down based o
n reviews to a 28 they fit perfectly at the start of the day but as all jeans with a bit of st
retch do they get bigger as the day goes on but because they re a boyfriend cut it all works
really happy with this purchase my only regret is that i didn t get two pair i bought this dre
ss for spring early summer thinking it was light and airy but the fabric is too heavy because t
he color is dark even with the flecks of peach combined with the heavy fabric it s too much
for spring this dress is perfect for early fall weather the dress fits fabulous and very flatt

like i m trying to wear a top from junior high and pass it off as a dress my shoulders i saw th
is dress on the cashier at retailer and had to order it it is as one of the reviewers said li
ke having two dresses in one the bottom dress is a full dress and the top lays over it not qu
ite skimming but not quite loose either i love the dress as i am a pear shaped size 14 and th
is helps to camouflage some bumps nicely this dress reminds of the dresses some peasant women w
ear in rural countries i was doubtful when i first tried this on the holding horses brand tend
s to not quite fit me very well more so in dresses than tops also it looks cute but not great
on the hanger this a must try on dress it s just flowy enough to not look sloppy or maternity
but also feel easy to wear the print and cut are flattering it has pockets also the lengt
h is nice close to knee length the fabric is good quality doesn t wrinkle easily i m surpris
ed how quickly i fell in love with this dr the outer layer runs large up top also the orange s
titching the flowers on the outer layer are extremely bright orange rather then a fall brownis
h orange that would match the layer underneath i m returning it because for the price i don t l
ove it i saw this dress at my local retailer and passed it the first time one week later i st
opped by and skimmed through the store and went back to the dress and decided to try it on bo
y oh boy i grabbed a small and a medium i usually wear a medium and the small fit perfectly
the fabric is thick and feels so soft and nice i love the pockets worth the splurge and like t
he other reviewer said it s not maternity like at all i plan to wear it with brown boots or br
own heels nan i saw this dress in the store window and had to try it on and it is perfect it s
lined got pockets can wash at home and is a work appropriate length it s cold in the northea
st right now so i m wearing it with tights boots and a cardi i really like that it isn t fitte
d but is form flattering overall win better than a regular boring cardigan goes with short s
leeves and dresses i noticed this dress in the highlighted area and then read the reviews i p
robably wouldn t have thought much about it just scrolling through the dress pages and now i m
so glad i bought it i have worn this dress several times and never fail to get compliments on i
t i know i will wear it again come next fall i am petite but ordered the regular and find tha
t length to be perfect i m a teacher and this dress helps me maintain a classy yet modern look
i purchased the small usually wear size i saw this in the store a few weeks back and desperatel
y wanted it when it wet on sale i grabbed it i normally wear an xs or petite s but with this
one the petite m was the winner i am chesty and the top would not have zipped up had i gone an
y smaller it is a bit wide on the bottom and i agree with the reviewer who said it should be a
bit more tailored on the bottom still with some awesome heels this is a great summer piece t
he lining is great quality love it i love everything about this tee it has wonderful detailin
g that makes it different from other tees the fabric is soft and the tee is very comfortable
i disagree with some of the other reviews about the colors i actually love both colors the red
is a nice slightly brownish red i wore that color with a pair of plaid white teal taupe s
horts and i got compliments on my outfit the color will go with more than one might think i h
aven t worn the green one yet i hope this tee comes bac this dress is quite lovely but there a
re a few things to know \r\n\r\nthe blue color is much more of a dark teal with more of a dull
green tinge than i expected still pretty but definitely not a pure blue i loved the look of t
he blue online but i think the pink might have worked a little better with my coloring \r\nthe
dress is a bit low in front not inappropriately low but if you are hoping to be able to adjus
t by pulling the shoulders back a bit or something be aware that the bodice drapi is this dres
s ever flattering i have seen many variations of this kind of dress some where they will kris c
ross over the breast area some where they will have a single twist but i never have seen one li
ke this with a double twist and oh what a difference it makes i particularly love this in blue
which was a very bright royal color in store i am not very chesty so the accenting in that are
a is very flattering on me and made me fall in love love this sweater very soft and can be dr
essy or casual this top was fun casual with flair it is a little strange that it is see throu
gh down to the stomach almost but i would just wear a bra of the same color and don t think any
one would notice i didn t buy because even the sale price is too much for a casual tee in my
opinion i love this dress as a taller long torsoed woman the sleeves are long enough and the
length is perfect the overall fit is also quite flattering but i can imagine it might not be i
f you re shorter \n\nthe material is really lovely and luxurious looking for jersey it seems li
ke it should wear well \n\na great work to evening option as well a sales associate handed the

d i am 5 4 and i roll them a few times but i like that look i am usually a 25 and that is wha
t i took in these paige denim has done it again with this version of the hoxton high rise no m

atter how many times i tell myself that i will find a less expensive pair of jeans i never can find jeans that fit as well and last as long as my paige jeans this is a sleek pair of skinny j eans with the added benefit of being high waisted as a mom who hates always having to worry abo ut spilling over the top of my jeans no matter how thin or fit you are i m sorry ladies this problem is real the hoxton high rise this cardigan s color is great it goes with a lot of it ems surprisingly the fit is a little large loose but that s nice for being able to wear variou s shirts underneath i ve received lots of compliments on it very comfortable feels like you r e wearing pjs while being dressed up fits true to size very elegant dress rich navy blue colo r versatile can wear with heels boots or flats the blue dress is lovely fit true to size a nd a good all around comfy dress super cute and simple shirt as other reviewer said lol but she was right i have another shirt from this brand and it s one of my favorites it runs true t o size it s a nice casual wear with jeans kind of shirt and great for fall it may be a little short for someone with a long torso and or tall as i m only 5 2 and i wouldn t want it to be any shorter i saw this skirt in retailer several months ago and while it caught my eye it was pric ey so i waited until it went on sale and pounced unfortunately i ordered a size 6 which is en route i happened to stop by our local store today and decided to try on the 6 and ended up ge tting a size 4 so i ll have to return the size 6 when it arrives i think it runs tts i ve l ost alot of weight recently \r\nthe colors are vibrant and it has a nice weight with some stre tch in the fabric it s a i saw this dress couple weeks ago and i really liked its color the d ress was ok untill i wore it well it s one of those dresses which are not great on hanger but great on you well the color is awesome matches with other bright colors mustard yellow wine or black the material is very thin so if you put size down it will fit but make sure that you s ee yourself in the mirror and see your back i saw many ladies which put the dress which fits th em but it does not fit the way it supposed to beautiful color and super comfy it runs large but the gathers still allow for it to have shape on the top i paid full price for this cardigan and have not regretted purchase for one minute having worn it almost every day this summer it is the perfect weight for cool summer evenings seaside strolls chilly restaurants or for a sunb lock layer when you have to be outside i tried on the regular size at my store and it was too l ong for me te sleeves were enourmous and the dress fell mid calf but i love the feel of hte mateiral and if it were to fit properly is very falttering i will order the petite size later on to try i liked it enough for that the blue is a nice teal color double layer and extrem ely comfortable the finish is laser cut no stichting just bought this cardigan today i m alr eady a fan of left of center and was happy with this piece it s soft has more interest to it t han your average cardi the sleeves are a bit long but it s not a dealbreaker i imagine it wil l be a great transitional piece from summer to fall and then for spring time this is a nice yea r round weight sweater \r\ni am thrilled with small details true to retailer pieces i oot thi s dress in the blue it fits great hits at the knee not too short or awkwardly long i just wi sh they had it in short sleeve so i could wear one for the summer beautiful and easy to wear fo r work or fun i love everything about this dress beautiful vibrant color and fabric i got the sp which is a perfect length for me to wear with the jasper jeera nijar sandles it is very fl owy and full but i love that about it happy i was able to snag a petite size but i think the re gular would have been ok i could have gotten away with an xs but the small fits great i was sa d that this was only online because i wanted to try on the xs and small to compare i usually we ar an xs in most antrho clothes and i decided to get an xs because i was afraid the peplum part would be large however when i got it in the mail the xs is too small i tried to get it in a size up but i couldn t find it it s a cute shirt but it runs small even the length of the sh irt is shorter than i would have liked if they had the correct size i would have gotten it bu t this shir seafolly is my favorite swim beach brand the quality is always great this is a col orful sheer kaftan that will get much use this summer love love love this piece very flowy but made of good material glad i purchased this item i love love this top it s the perfect p eplum tee i would get more if this was offered in more color combos the stripes add a cute eff ect to the tee and it s a perfect soft cotton can t say enough about this one love the weight something i can wear winter and spring beautiful cobalt blue dress \ni wore it for christmas an d had many compliments i love this top i love the detail in the front and the v back it s sim ple and sexy easy to dress up or wear casually i ordered an xs and found it to fit perfect i m 5 5 and 112lbs i ordered the olive green color which i love i don t typically wear red so t hat wasn t an option for me i do wish it came in more colors love this sweater ordered white size large great light layer the weave in the yarn is really pretty the variations in texture have an almost burnout look the silver buttons are unusual really stand out and complement the overall look of the sweater it has an uneven hem that drapes beautifully at the back and sides great value on sale one of those basics that everyone needs in their wardrobe love bailey 44 this dress pants fit well length is perfect for me i m almost 5ft 6 in and they hit at bottom of ankles w

i love wearing this dress and have had many compliments it s a great color and a fabulous fit i

ou ve been an retailer lover for awhile you have at least one of the left of center thermals e

i own a couple of bailey 44 dresses and am a huge fan of their comfort and ability to flatter my
figure when i saw this one on a special promo i knew i had to try it on once i did i knew it
had to come home with me i wore it to a work event last night and look forward to wearing it on
a date night soon i am a s or m and took a s in this dress i went with cobalt and paired it wi
th gold jewelry as in the photo i am a big pilcro fan i have a really tough time finding pants
that fit are comfortable and flattering all at once and these didn t disappoint the colors a

and the colors give me endless styling ideas i also got them in the black and ivory print like
the previous reviewer the biggest problem with this shirt is how short it is i m 5 4 and order
ed a 12 which is usually what i wear at retailer even only being 5 4 this shirt is much short
er than i anticipated it fits everywhere else though i m obsessed with the back so i m going
to keep it and wear it i d say it s worth it at the sale price after reading reviews i ordere
d a medium instead of a large even though i am typically a size 12 it was definitely the right
decision a very flattering dress in a beautiful color if you order in the right size it is no
t at all dowdy it is forgiving in the belly area which is great for me it can be worn with ti
ghts or without tights so really quite versatile i am sure that i will wear it a lot also it
is very comfortable i have trouble finding pants that are long enough and also narrow enough on
my hips these fit like a glove and never stretch out super soft pretty blue green color pack
s super well for traveling i love this dress it is so comfortable and elegant at the same time
i try to not buy dry clean only pieces but i had to make an exception here perfect for early
spring days i was really pleased with this skirt the lightness of the fabric is nice and the c
olors matched the photos i was initially concerned that it might be stiff and uncomfortable bu
t it feels like it has a bit of stretch and offers some good movement sometimes retailer skirts
seem to run small to me but this fit perfectly in my regularl size this is a beautiful dress
the color is really great and i love the cut flattering around the neckline and loose and flow
y \r\n\r\nthe one downside is that it is pretty long i am 5 6 and usually somewhere between a

i normally wear a small in many retailer dresses however i ordered an xs petite in this dress b

e price i had been hearing a bit of hype around this dress it had seemed that most were either
loving or hating it which can be true for a lot of swing dresses as some give off that baby
bump vibe i saw a friend try one on in petite and we both agreed it ran a little short even f
or us at just over 5 feet tall \r\n\r\nwhen i finally made it into a store i noticed that they
had quite a few in regular sizing in stock i grabbed a xs regular to try on and i loved it wit

size down for a more snug fit beautiful dress and so delicately well made \r\n5 1 95lb xxs p
etite or the smallest size possible worked for me\r\nit accentuates one s curvy body and covers
up any excess skin in the belly area i could eat on freely at a formal occasion words just can

ines are unusual and flattering but there is definitely some added volume at the hips with the p

ated myself to it for the holidays first it is gorgeous and very thoughtfully designed to make
you look amazing where things fall off the rails for me is the fabric choice for the sleeves
they are sooo delicate and evidently snag far too easily the dress that i received in the mail
had two large snags one in each sleeve that were already running a bit to me that was a huge
red flag that i shouldn t be spending so much money o swing dresses can be so iffy but this one
is fantastic i sized down to an xs due to the chest area i m usually a s 6 up top 36b and it
fits perfectly the dress is so comfortable and stylish without feeling like you re wearing a te

ugh the buttoning is incredible buttons and clasps to keep the dress closed love love wish h

tey still had my size 0p or 2p to try if hte length would be better or regular size i love the colors and saw the xxs p in a store so tried it on but sadly that was still a lot of fab ric on me i think if you have very small thin arms that may work but with muscles it just ma de me look bigger than i am the design pattern is really nice though 115 lbs 30 dd flat i am currently wearing this dress i wear it whenever i can get away with it i have it in red and it works incredible on my coloring the front is modest enough for work while the back is sweet and unexpected i love this dress i get so many compliments from strangers every time i where i t must buy looks better in person than the pictures online very soft and comfortable if you are between sizes size down it is roomy with a lot of material that drapes in the front just know that this sweater is short in the back and does not cover your backside i very rarely buy at full price but had to have this on and it is worth it i sized down and fits great tons of compliments bought as a gift really soft and cozy i am sure she will love it i absolutely lo ve this product it is so versatile and i can wear it up or dress it down absolutely perfect pa ired with leggings to sit in classes all day it s a nice drop waist embroidered lightweight dress for summer my problem was that the armholes were too large for me and i found that to be unflattering it s a swing style so it s forgiving in the hips and belly i ve been looking for the right swing dress for a long time and this one is perfect one of my favorite features is th e design at the hem of the dress it looks even better in person the material is a thicker a lmost canvas y type of fabric which i love because it makes the dress feel higher quality to me i love how comfortable the dress is and it s so easy to throw it on and look amazing i tried on two sizes at two different stores and received compliments from staff and customers both ti i do n t know if i was sent a petite by mistake but this is not 39 inches long i realize it says sw ing dress but i thought if the length was accurate and the fabric heavy enough the weight woul d make it flattering on me as it was in reality short and light weight fabric it poofed out i n an unattractive way too bad as the print is lovely this is a fantastic dress i wore it for a recent wedding and received many compliments the fit is phenomenal the dress is extremely co mfortable and flattering i am full figured and it fit beautifully and was very true to size th is dress would look good on an 18 year old or a 70 year old this is one of the most special dre sses i have ever owned and i am kind of a dress person this one has beautiful detailing s heer sleeves but the bodice and bottom half are lined fits beautifully i am a little busty so i was worried about all the buttons in the front not buttoning or popping open but in additi on to the buttons there are hidden hooks to ensure it stays closed which is unusual and a refle ction of the quality of the dress i am 5 6 and the length was just right abou i have been on the search for a perfect lbd for years and have wasted money on dresses that i had to settle for but when i saw this dress i knew it was love at first sight the things i love about this dres s the built in shaper slip holds your junk in place the lace detailing is perfect in all the r ight places and the button and hook eye makes you feel secure great dress that you will love i do love this dress i wore it for my 20th anniversary party and received numerous compliments it s great for embracing your curves it has a wonderful vintage made modern flair that classi c retailer pieces always have you do have to be careful when wearing it jewelry or belts may snag the intricate lacework i am definitely the type of shopper who waits for a sale this is o ne of the few pieces i felt i could splurge on it is just that unique i hope that retailer con tinues to carry these t the top of this dress is very flattering there is a lot of fabric on th e bottom half of dress if you want something which hugs curves this is not it however one of the things i like about this dress is it can be dressed up or down i wore to a wedding and got several compliments very comfortable super cute no complaints fun print light weight soft ma terial the moment i saw this i knew i had to try it on it s a definite power dress made me feel like marvel s agent carter i could take over the world in this dress planning to wear it to work more casually and as my holiday party dress it s easy to dress up or down and is incr edibly comfortable read all the reviews i didn t really understand that it really had real shap e wear in the skirt i live in florida and found the dress to be too confining and hot i would never get any wear out of it much better for someone up north had to return it saw this on li ne and bought right away perfect romper for summer color is great and fabric is soft like all cloth and stone chambray it fits pretty true to size maybe a little small when putting on but i think it will stretch out a little i didn t want it baggy fits great through hips and booty looks good i will wear with flip flops sandals or wedge i also got 15 off which made deal e ven better i love the fit of this dress the fabric is thick and the shape of it is so adorable i usually don t like bright colors but i got it in red and it s just so charming can t wait to wear it out just received and tried it on right away really flattering fit and comfortable un usual neckline that you can wear plain or accessorize i m so happy i decided to take a chance o n this one this dress ladies is simply amazing and perfect this dress is absolutely fantasti c beautiful high quality and fits like a glove even better than i could have imagined becau

it does get a bit cold though so adding a scarf is recommended though maybe not the davy crocke
tt one the tried it on at the local store today it is very pretty i believe i runs large i am

cotton when i saw this i had to have it i was pleasantly surprised that i was actually able to

so many compliments each time i wear it oh how i love this dress i was worried because i am ve

to wear a normal bra this is it \r\n\r\nit s a cotton linen blend so the fabric has a slight

some reviewers said makes them look pregnant and the scratchiness from the linen which does

i received compliments all night from total strangers this skirt is perfect it just pulls on a
nd lays nice and smooth the fabric is soft and just the right thickness and stretch i wore it
with black tights and knee high boots for new year s eve and had many compliments it runs a tad
big i am about 130lb and the small fits great although a tad larger than i would have expected
i assume it might srink in the wash a little anyway my new favorite very comfortable and cute
i had fallen in love with this in the catalog and when i saw it in the store i was disappointed
however after trying it on i had to have it very flattering and comfortable i just bought th
is dress today and i m in love i can t wait for the wedding i am wearing it to so i can wear it
to other fun things too looks even more amazing in heels ordered this dress and still haven t
recieved it but went to my local store today and tried it on in the size i ordered it was too
big and now i can t get it in my size so that stinks quality was good and the dress was comfo
rtable with stretch i know in going to have to return it once it comes this sweater is a dream
come true for me when i first spotted it during the 40 off sale i didn t place my order in ti
me to receive one but then it came back a few weeks later and i snatched one up needless to s
ay the disappointment and wait was well worth it \n\nthe material is incredibly soft the fit i
s just about right i m a size xs at retailer without fail and this was probably the snuggest
fit out of all the tops i have \n\na few other reviews says that it runs big because of all the

ok good on me so i am sending it back too bad for me i think the dress is perfect for weddings
parties and even everyday wear but it runs super small i wear a medium for everything but coul
dn t come close to buttoning this the buttons were about 4 inches apart horizontally \n\nproba
bly should have ordered an extra large in order to fit the quality and styling seemed great but
ordering online requires truth in sizing the fabric of this dress is absolutely gorgeous from
the design to the colors i usually wear a size large in most retailer clothing but i ordered t
his is l and xl because these dresses tend to disappear fast in the larger sizes i ended up kee
ping the xl cause the buttons pulled across the chest on the l this dress has a slim cut and i
would say if you have a small bust and are slender this runs true to size if you have a larger
chest size up because this is the type of dress you want to fl i wore this dress to a baby show
er it fit nicely and i received many compliments i liked the weight it flowed while walking a
nd it was quite sweet love this dress purchased in white runs true to size made well i have
been lusting after this dress and though tit would be great for thanksgiving the fit for me ho
wever is totally wrong for reference i m 32dd 5 8 140 lbs and am a s or 4 the small fit
well in the body area but felt a little small in my upper arms the arm length was more of a 3 4
sleeve on me which looked terrible because the sleeves are baggy the quality felt like it was l
acking too the material felt like it would pill easily order with caution walked in intendin
g to purchase another jacket and ended up leaving with this one the color is advertised as grey

but it s actually more like a light mocha the slightly darker fabric on the side and around the waist accentuated my curves and i believe it would help give the illusion of an hourglass figure to those who are more straight and slender i generally wear a size 12 and m or l size tops depe nding on the designer i purchased the l in this case because that s all that was available at t his dress is really pretty i went with the navy the detail on the bottom is very detailed it does run very large i went down two sizes there is a lot of material and my size made me look like a tent once i sized down it was much more flattering and nice couple details \r\nthe sli p is strechable and may have to be fitted if you size down but you can t see it since it s lose on the outer layer also you need a different bra since the cut is cloer to the neck revealing the bra straps i am while it hasn t been cold enough to wear this out i really like this sweat er i love the pattern with the uneven hem and stripes or bands it s also super soft and cozy f eeling it does run a little big and while that is part of the aesthetic i do wish it was a dr op smaller i ordered my normal top size medium and it s a little big looser which i don t mi nd except for the long sleeves if you like things with a tighter fit i might order a size down \r\n\r\nthough it s cashmere it still seems this is such a pretty romper i love the fabric un fortunately it s pretty roomy and the cut didn t flatter my figure the straps are adjustable which is great but even so the xs was still a tad too big on the sides for reference i m 12 6 lbs 5 6 and a 34b chest the cut of the butt thighs is also quite generous stylisticall y this adds to the design and looks cool if you have a few curves to fill it out i have slim hips and not much of a butt so it looked a little dumpy on me i love this top but make sure t o size down i am usually a small in blouses and the size s was like a tent returned for an xs overall the fabric is a great quality and the colors are stunning the orange isn t too harsh a keeper for sure nan this top is really pretty i think i will be happy when i pull it out in the spring to wear it the only complaint is that the front is very sheer you have to wear an u nder shirt of some kind i like the warm neutral color of this piece and the figure skimming sha pe with waist definition it is a soft and warm layering piece sadly the sleeves were too long for me and have long zippers at the cuffs so rolling them up didn t work i wish i had caught th is piece while they still had my size in petite love this top especially the back the back makes the whole top this dress is gorgeous the store only had a size 12 so i am waiting for m y size 8 to arrive very pretty navy color \r\nsuper cute love all the embroidery detail my n iece is getting married in june and i can t wait to wear it \r\ni normally wear a 6 or 8 judgi ng by the fit i think the 8 will be perfect this is a really unique jacket the suede like dar ker fabric is so soft and brings great character to the jacket i love the neutral color and the fit is true to size the only minor complaint i have is that the band at the bottom of the jacke t flares out a little making it wider and a little odd looking but i have learned to ignore th is because all of the other features are so awesome would recommend very pretty dress and nice ly made the embroidery is quite lovely and double lining as mentioned by the other reviewers is awesome but not a good shape for me and my hourglass figure like a lot of swing dresses i t has no structure and it s not a good look on someone a little busty as i am in all honesty i thought the sack like shape of the dress made me look 20 lbs heavier than i am i am a medium size 6 8 and took the 8 based on the other reviews i probably could have sized down to this dr ess is gorgeous in person and very flattering but i was surprised at the weight and i found the armholes especially with the picot edge detail too tight and a bit irritating i do have a 32 dd bust so i m not sure if that was the problem but i ve never had that problem in any of the retailer dresses i ve purchased in the last few years and there were a lot of them i tried o n my regular petite small and that was the correct size i m always scared of rompers because of my height and long legs but this one was perfect it didn t ride up or hit in a weird spot on t he hips it s very flattering this top is absolutely gorgeous it fits true to size to slightly large i d say size down if you are between sizes it has a nice weight to it not too heavy b ut for a winter season top it is not too thin colors are as pictured i can pair this with bl ack pants or with skinny jeans it is a top that i will wear for years to come loved this jumpe r i usually wear between a small and a medium in retailer with jumpers it s mainly because of my hips and where the midline sits on my stomach so thought this one would probably be a mediu m but it was definitely baggy lose otherwise i would ve totally kept it i love this jumpsuit i ordered it unsure but i am so glad i did it is super comfy and fit perfectly i loved the le ngth can dress up or down it is super flattering as well as i am curvy on the bottom and was told i looked trim my mom friends and complete strangers complimented me when i wore this and that s when you know you scored ordered this online in a petite 4 i m 5 3 130 fits ve ry nicely but for the amount of fabric this dress has 3 layers total i think a 2p will be a b etter choice and not look as full maybe a little more fitted which will be more attractive at the top on me \r\n\r\nhowever the detailing on the dress is really beautiful and high quality the dress has quite a bit of weight to it with the top swingy layer a tulle like layer for shap

e and then the sheath like slip the colors are all very dark love this striped top it s perfec
t to throw on with black skinnies and a denim jacket or long grey cardigan it also pairs well w
ith camel it is super soft runs big imo even though other reviewers said small like most bor
deaux i took an xs whereas i wear a small in most other retailer brands similar to the photo
although much looser on me this jacket has been a fun addition to my wardrobe it has a very cu
te fit and i like that it pulls in a bit at the sides to give it a form fitted look best of al
l it stretches well despite the form fit you can cross your arms or raise them up and you don t
feel like your movement is restricted i really like the soft suede like material on the inside
of the arms and the sides of the jacket it fits true to size can be worn casual or dressed up
a bit highly recommend i ve been eyeing this dress for a while now i decided to purchase it i
n the rose color which has absolutely beautiful embroidery here s why i will most likely retur
n this dress i m 5 7 and it is very short on me almost like a long shirt it is extremely ro
omy so it doesn t flatter me in any way if it belt it it gets even shorter and the embroider
y gets a bit lost in the folds i m sad to return it but i will wait for the next wow piece rat
her than have this sit in my closet i m seriously in awe of this fun dress the beading fuzzy
flowers and embroidery on the peachy dress make me very happy it s nice to wear by itself with
a simple necklace but i love it more with my cropped jackets my dark denim for a casual air or
the tailored tuxedo black for date night like others have said this dress has many layers and
is surprisingly heavy definitely not for hot humid weather or i d melt and cry \r\n\r\n\r\ntha

s beautiful it can easily be dressed up or down you can tie the bow in multiple ways or leave
it hanging it is sheer but the pattern obscures the transparency so no camisole is needed it e

k in stock so i can get the proper size i ordered both the black the dark grey the dark grey
arrived first they are very comfortable flattering there is a nice thigh slimming effect i
purchased the size small regular length they hit me at my ankle 5 5 130lbs i can t wait
for the second pair to arrive these leggings are great in quality and are thick enough to wear

as pants the rise is perfect the only issue is that they stretch during wear and end up being a size larger i ve been looking for the right leggings that are of good quality thick enough t o feel appropriately covered and a good price point these are those leggings need more i d describe these as a hybrid pant legging they are very comfortable flattering and versatile i got the large because medium was sold out but they fit nice not super tight a whim of a purch ase on a tops sale i spotted the black but went for the mauve it s great in person fits loos ely and hangs nicely for layering i will buy the black too when in goes on sale 5 5 135lbs 34c curvy muscular frame and the small was perfect and every a little roomy on me love the shape of this top i bought in white and a friend bought in the neutral pink we both required a tank cami to layer under it i am 5 5 135lbs 34c curvy muscular frame and ordered a size sma ll great fabric nice legging substantial fabric more structured than a typical legging i a m torn about this top on the one hand it is beautiful in all aspects \r\nflattering cut\r\nbea utiful detail at neck victorian neckline\r\nivory color flattering on most skin tones includi ng my very pale skin\r\nspeck of gold in fabric it is lines with gold thread\r\n\r\nbummers it is see through as in you can see through the neck part the picture online shows a more covered look i think the model ash a shirt underneath on me you really see the skin through so i wil l have to try with a nude b originally ordered a large but it was huge the medium fit perfectly i m 165lbs 5 7 lovely material and interesting side details the sides do come up quite high but a camo or tank underneath does the trick lots of compliments wonderful fit love that th ese have a bit of texture to them and the structure is perfect easy to wear with ankle boots or flats and thick enough that you don t have to worry about see through incidents the only issue that i have is that the elastic in the waistband isn t secured so it tends to twist around ju st a minor annoyance and wouldnt stop me from ordering these in another color this blouse is go rgeous on i purchased at my local store i noticed it was 29 99 30 21 00 omg it s so nice on it s soft and comfortable and the gold threading make it sunning it does run a little small i n the chest area the front cream panel is completely transparent i didn t purchase because my br a showed and it would ruin the look with a cami underneath \n\ni wish the fabric were translucen t not so see through i m 5 7 with a dd bust and this top in a medium doesn t even hit at my hip i m not sure why so many of these tops are being made so short i just purchased another pe asant lace top that has the same problem it ends up being very boxy looking adding a few inc hes in length would have made this top perfection debating about ordering a large just to add l ength but otherwise the tops fits everywhere else it s so pretty though the lace detail and the nude panel are so delicate and the mater these jeans are so adorable and so soft i really w ish they fit unfortunately even the next size up was too snug for me nan i tried this on in t he store and decided to order a larger size online the fabric by the buttons is very thin so an y pulling will cause tears the one i tried on in store was shredded by someone else trying it i m a 34 dd and bought a 14 before trying it on i noticed the fabric is already pulling a little right out of the package trying to decide if it is worth keeping or will be destroyed from wear ing it really is very cute on this shirt is a very cute dressed up casual kind of top the l ace detail in the front and the back make a plain long sleeve black top look elegant the mater ial on the shirt is pretty light so it is for fall or spring love this top the material is so comfy yet it looks dressy great for a night out with black pants or a skirt i m 5ft8inches 38 27 38 and a small fit perfectly which seems true to retailer sizing flattering yet hides a litt le post holiday belly i wore a nude rackerback bra with the top and that works perfectly with the design great pair of black pants a step up from basic leggings nice weight and a little r ibbed detail on the sides would recommend this is the little black dress i ve been looking for for years great slim fit runs small i usually get sized out but the 00 was a snug fit e ye catching design like the other reviewer i think solid black panels rather than floral broca de would have been classier but overall a chic dress perfect fit nice detailing best feature is that they do not bag out\nafter wearing for a short time good lines in back so they are more \ndressy than a regular legging i love this top the details at the neck and shoulders are love ly both front and back it s also very comfortable and soft allowing you look nicely dressed w hile feeling like you are wearing a soft tee shirt the sleeves are a good length with some elas tic at the cuffs so you can push them up sadly it s sold out in in my size online and in the s tores otherwise i would certainly snap it up at the sale price i loved this blouse but had to return i am 5 2 127 lbs 36d i found that the blouse was tight in the bust and very wide in the shoulders the sleeves are puffy which is fine but the wideness is from edge of the bib to where the sleeve is attached and therefore the top did not lay flat if you have wide shoulders and a small bust this blouse will be perfect for you i liked the material it was thin but pe rfect for a summer nights they are a perfect thickness fits comfortably like leggings but look like a nice pair of office outside pant got them in the grey am thrilled w the texture i typ ically wear a large in pants and they are tts not see through either would definitely recommen

it in black and red does run on large i am 5 3 roughly 110 lbs ordered an xs this is a reall
y cute skirt and it seems well made good stitch work and enough weight to the fabric that i m
not worried about underwear show through but not too heavy for a summer skirt i sized up from
an 8 to a 10 because it was difficult to get the skirt over my bum also the zipper doesn t lay

flat when i have it in the back of the skirt so i just shifted it to the side still looks great imo i think if you have hips or a booty you might want to size up on this skirt color is true to side slit goes up far when seated so beware wear on a non bloated day \nbut very comfy and unforced sexified\nwore it with a fluffy sweater lots of looks hi i bought these in moss for both of my daughters they love them the material is substantial and washes beautifully the fi t is straight up and down and is not forgiving on figure flaws i would recommend this to a thin figured girl i love this dress and bought it in the store in the orange without trying it on a s i usually wear a 12 in this brand the over dress is beautiful however the under slip is ver y tight and is apparently made for some one who has no bust at all i am so sad and am consider ing returning it or re sewing the slip in some way so that it fits not sure what to do don t want to spoil the color combo by wearing something different underneath but it is so sheer you need something i read the reviews before i bought this sweater online one person did mention t hat the side slits were cut very high but i had no idea when i tried the xs on at home i was q uite surprised by just how high up those side slits were with just a pair of jeans you could s ee flesh at first i thought it maybe wouldn t work but i decided to keep it because everything else about the sweater is lovely i ll be layering this with a tank underneath it s a bit quirk y and funky and that appeals to me this is such a pretty top i do not feel it runs big as ano ther review mentioned to fit the sleeves comfortably i do not have large arms at all i did ch oose to take a small over my usual xs so the body is a bit llonger than shown on the model a bi t more of a tunic fit on me it is really a pretty top either way the xs fitting like it does in the picture on the model and the s fitting a bit longer worried just a bit that it might dev elop holes as some tissue tees do i m in love with this print the fabric feels wonderful this is such a perfect transition dress the adjustable waist tie makes the dress fit great these ar e literally the most comfortable and the softest jeans i have ever owned i just got them a few weeks ago and i m already obsessed with them they have the perfect amount of stretch that makes them flattering and comfortable but they don t stretch out like all my other jeans do i ordered my usual size 28 and they fit great can t recommend these enough nan i love everything about t his tunic dress it s versatile and can be styled a few ways loose like a shift blouson when c inched or eliminate the liner and wear as a layer over whatever you want all the little detail s make it stand out and give it a glamorous bohemian vibe there are tiny beads sequins and sub tle micro pleating the fabric is airy and quite delicate be careful the drawstrings at the w aist are adjustable for both sides slip is tts and the outer dress has a subtle oversize d nan if you already own at least one of the four versions of the morning glory dress then you will k now what size of the canna swing dress to buy sleeves are slightly full with button closures s lip is tts and the outer dress is huge easy to cinch if you want a fit flare style just know what you like complainers about how baggy this dress is are forewarned those who really want t o size down are slim slender petite types if you don t want to wear the tent like swing style size down one or tw just received yesterday i love this skirt it s crazy soft very flow y an d the higher slits on each side let it be more sexy than hippie looking which i appreciate grea t to pair with a funky pair of tights underneath sits nicely on your body hugs your curves \n \nonly annoyance is it s a bit awkward to walk in as the material moves around your legs gets caught a bit you definitely have to be conscious of it as you walk \n\ni bought a m in gray whi ch fit perfectly i m 5 9 usually a 6 t this tunic is true to size i ordered the xxs as i am 5 5 110 lbs it fit perfectly and hit me about 4 inches above the knee similar to model ph oto i have long torso it has a very sparingly done cluster of sparkle sequence the draw stri ng waist has a tie on each side to adjust length i actually returned it only because it seemed a little to young a look for me i was sorry to do so i tried the other dresses by this brand a nd they were short and didn t fit well but this dress fit better i bought the orange size 8 and it fit good with a swing to the bottom for reference i am 5 9 34dd and thin and this fit wel l with some room this time they got the slip right and its not tight and the length hits right above the knee which give an overall better look plus the long sleeve balances out the dress i m going to wear mine with tall brown boots i tell everyone i know to try these jeans that they are so worth the price tag i ve been an ag super fan for years but i fell in love with paige t he moment i tried these on i still love ag for their colored and patterned ankle denim and cor ds i have worn these over 50 times without ever having to wash them i never understood the i dea that you re not supposed to wash denim but now i realize that it s feasible they don t st retch out and still hug me like a second skin without feeling in truth it looks better in the photo i am sure it was a great value for the money i spent however i am keeping it because it will match perfectly with a pair of satin pants i want to wear to holiday parties this is a ver y sexy skirt very slimming a great basic long skirt to have in your wardrobe dress it up or down \nthe slits are high so you are exposed like a short shirt these paige skinny ve to size up to a m i got a s fits great not too tight sleeves are plenty long enough i ty
pically wear this with skinny jeans to work aka grad school and i like that it functions as a
jacket on chilly mornings but its not too bulky so i can keep it on i ordered the xxs i think
retailer has gone on the bigger size again and i went from small to xs to xxs so true to size
in that sense i love the color nude and it is pretty soft and comfortable the cut is flatte
ring the cowl neck is pretty the sleeves are shorter and the hem is wider aka swing this w
ould look totally adorable with my flare or wide leg jeans i think ti would look nice too with
skinnies if you have leaner legs \r\n\r\n for reference 30dd 26 5 in waist 115 lbs nan this
is what i d been looking for without even knowing it it s long without being too long and most
importantly its soft not scratchy the way so many winter clothes can be i wasn t sure if i s
hould order the small or the medium so i went with the medium and it fits great the weave is j
ust slightly wide but not to the point where you have to wear a cami or tee underneath but the
fit is loose enough that you can if you want to for added warmth i really like it the shirt f
its true to size the length of the top is great not too short won t show your midrift when yo
u raise your arms not too long this is a shirt not a dress this is a great top for a casual
day in jeans or a flirty day with skirt to dress it up this dress is one of a kind i saw it on
sale and immediately snatched it for a very reasonable price i could not be happier i ve alrea
dy had the chance to wear it at an event and felt like miss mary from downton abby very classy
and elegant this top is gorgeous in person i m in love with it it s perfect for the holiday s
eason it runs a little big and long so i suggest going down a size for a more tailored fit lov
e love love wish i had gotten this in every color the absolute most perfect tank with just t
he right amount of flow i am 5 3 with 34d chest and the medium is great wow had to check labe
l to see if a m was shipped by accident \r\n\r\nnice details \r\n\r\ntoo bad great jacket for
a cool morning not too heavy and i found it to run true to size nice little details cute tank
runs big i purchased the mango and it s a bit sheer this tank is wonderful for those with full
hips because it hangs just right to cover any flaws the colors are bright and the material is s
oft there is a band at the end that elevates the tank so you can wear it out if you would like
not too low in the front and overall the tank runs true to size i suppose if you wanted a tight
er fit you could size down 1 size but i like the way it hangs in my regular size i m very bust
y and hippy and this top makes both look slim highly recommend i just got it in the mail and i
love it very versatile piece wear with skinny jeans and heels or tucked into a skirt i usuall
y wear a size small but went with what the other review said about a small being tailored and go
t the medium so i could tuck the front into jeans i am 5 5 125lbs a 32dd and wear a size 4

or 27 in jeans this top is so soft and luxuriously comfy i love wearing it around the house h
aven t really dressed it up yet with jeans or jewelry it runs slightly big but if you like t
he oversized look this is definitely perfect i bought this tank to wear with the pilcro linen
wide leg pants in navy what a great outfit this tank is very flowy but not overly large and
hangs beautifully over pants it s casual yet can be worn under a nice sweater or jacket and lo
ok great i bought the white and had no issues with transparency when i wore a nude colored bra
i bought it in s and could ve gone with an xs but didn t want it to be tight i m going back to
my local retailer store today to buy it in at least one other color nan had the same inconsiste
nt sizing issue in coral as miss janeausten i ordered 2 corals one in s one in xs the s wa
s very much smaller than the xs as i could barely get my arms into the s while my arms were loo
se in the xs keeping the larger than s xs coral the color is just lovely also ordered the
ivory in both ps pm keeping the pm as i like the longer arm length to cover my hands for su
n protection when i want need because you can cinch the waist tightly a looser jacket sti i a
m 5 4 170lbs 34dd and a medium fits beautifully in this top the mint green is very pretty a
nd a nude bra under it works without showing and without it being see thru it is super soft and
pretty and doesn t cling i love it i just received them blue and wore them today i got so
many compliments they are comfy and very flattering i would not call the fabric cheap at all
it is super soft and washes and wears nicely i ordered the medium and they fit perfectly even
though i am on the large side of medium i m ordering the other color right now nan i purchased
both the coral and cream the coral is more rustic than vibrant and to me more orange than a tr
ue coral but for summer is probably super cute i found this ran large for reference i am 5
8 128lbs and purchased a small my usual size in retailer i kept the small in the cream but i
f i were to keep the coral i would have sized down to xs you can adjust a little but the arms
were loose and coral didn t look as good if not fitted super cute with jeans and a tee with yo
ga pants i m 34a 125 lbs 5 8 \r\npurchased small\r\n\r\njacket fits well and is not too hea
vy didn t feel tight in the arms great to wear on a cool spring day i bought the white and gr
ey jacket this is a great shirt but it was big for its size i m also short so maybe the petite
size would have fit me better this tank top is great under cardigans or worn over shorts the po
cket and the seam along the bottom give it enough detail to be worn as a stand alone but not to
o much to overshadow a stylish sweater layered over it i bought the white one in the store in a
medium and it fit great then i purchased two more online mango and pink in the same size and
they run a bit smaller than the one in the store i thought the mango was a soft yellow from the
photo online but it s pretty bright as is the p had to take a needle and pull threads to the ba
ck so not visible and i see this as an ongoing problem this caught my eye in the store last wee
k and i decided to try it on it s the perfect lightweight jacket the photos here show it as a
ctivewear but i think the details on it allow it to be much more versatile it s very flatterin
g and i found it to run true to size i ordered the orange color too these are perfect for thro
wing on over workout clothes and then running errands i m all over this trend but this vest is
quite thick poufy and on me i feel like it triangles out and all you see is furball i love it
but i think you need some height for this to look its best on me a sweater vest would perhaps
be better i am chesty but i cant decide its really cute if you re taller than 5 4 don t hes
itate great top lately i ve been sizing down from my usual xs to xxs with pure good tops bu
t in this one the xs was best i bought this in 3 colors and they re my go to tanks for summer
the mint is a bit sheer but not bad i did not get try the yellow or white one this is the per
fect simple tank for summer not clingy and hangs really nicely but not so billowy that you ca
n t layer a nice wrap or cardigan over it fabric feels like a great quality i got it in white
and it s a bit sheer but i typically layer my tanks anyway tempted to get this in every color
i m an xl in all retailer tops and sometimes the xl are still too small to fit loosely i don t
like to wear tight clothes having said that i had to purchase this top in a size small because
it was just cut so large the sleeves hang a bit odd if you don t get the correct size i love t
he feel of the blouse the fabric is a nice quality i recommend giving it a try but have patien
ce during the process of figuring out the size that will look best on you in this blouse love t
his tank it s nice and loose and looks great with all kinds of bottoms it s very forgiving if
you have a midsection it s soft and great colors really nice for spring casual looks bought
this in the turquoise color and it is awesome for those worried about it being see through i m
wearing a black bra and you can t see it it s the perfect weight super bummed that the green i
s sold out but may check in stores the colors are beautiful i bought this on sale and at the sa
le price it is a steal great style feel and fit maybe wouldn t feel as good about it at full
price but wish i had one is every color i ordered both the green and the pink and needed the e
xtra extra small petite in the shirt to make it work for me \r\n nice light material cute fit \r
\n unfortunately didn t like the pink color was too bright for me and although i ordered an e
xtra extra small petite they sent me an extra small petite which is just slightly too big and s

aw the mango in the store which i also didn t like the color i first got the coral one and was s
o in love with it that i ended up getting the other colors it s just so cute flattering so cu
te with a long necklace and i just love how the back dips down and covers your butt i ve been h
eavily contemplating getting a second coral one i m so worried if something happens to it lol i
m weird like that it s always the good stuff that can t be replaced this product is perfect for
early fall wear when the weather is a little cooler a shell worn under it will be fabulous this
is one of the softest shirts ever i agree with another reviewer about the shirt not worth the o
riginal price but once this shirt hit the sale item totally worth it i love the color and the
design of this pant looks very bohemian it runs large and it has sort of a short inside of
it that is made of a silky polyester so it s not as loose on the inside as you would think
this short is not a bad thing but it s something that is good to know i love them and will
definitely be wearing them very soon i m 5 5 130 lbs and tried this on a small at my store an
d then ordered it in a small petite i like the petite better even though there isn t much of a
difference the petite is about 28 inches long it still covers the bum but i was hoping to wear
it with shorts and i think it s too long for that i love the beautiful coral color received a
compliment on the color the first time i wore it the quality is superb the only downside is i
don t like the way it looks when zipped it doesn t give mu very nice top like the linen fabric
i ordered my regular size m and its huge makes me look larger than i am and i will be returnin
g it i would like a size s i think just not a flattering oversize fit for me i am so glad that
i ordered this top it is kind of shimmering and looks so pretty in person it is nicely lined a
nd i love the sweetheart shape at the front i am 5 2 34b broad shoulder ordered size s and
m and they both fit quite nicely the size s is more like a trailered fit on me while the size
m gives more room for my arms and shoulder also extra length that i can tuck it in my low raise
demin i ended up keeping size m since i like my tops to fit a bit more flowy i can see myself
i live in a hot and humid climate so this tank is perfect for everyday use you can dress it up
or down and the lightweight material keeps you cool i bought it in 2 colors and may go back for
more i wish i would have found them sooner i just received this jacket in the cream color it
is so cute you can change it from 3 4 to full length sleeves i ordered both an xs and s and ke
pt the s after i saw that i could cinch the waist to fit better in the picture it looks a bit b
oxier than it really is possibly because not cinched the material is good quality and the jacke
t is complete with attention to detail from the buttons to the jean contrast pull on the zipper
i love this jacket it is a good cross over from athletic to cas i m glad i listened to my insti
ncts once again regarding maeve maxidress the stretchiness of this knit jersey fabric allows me
to comfortably size down from my usual medium large since the fabric relaxes so much as you wear
it i adore the color pattern slim profile and cut in arm holes wearing this makes my short s
elf feel statuesque and sofisticated nan so pretty comfortable love it the tank top fits we
ll i usually boarded between a large and an xl and i got a large in this shirt which was perfec
t it is kind of thin material so i wear a white tank under it it s not too big in the armpits
which is nice so my bra doesn t show material is really soft and comfortable it fits loose but
not baggy i have several of these tanks from last year and bought new colors this year i have
found the fit to be easy and relaxed but not baggy they are very flattering i wear them thru
the fall and winter as layering pieces under sweaters and flannel shirts as well i was them in
cold water delicate cycle hang to dry and they are good to go they have held up well even t
he ones that are 2 years old are still going strong with no holes or tears this fits tts it
is body hugging as shown on the model the knit is thin soft with tons of stretch i bought t
he navy which is the color shown in the photo as you can see it s not really navy it s a
strange blue that s more like a faded dark mallard blue but it s still blue \r\n\r\nthe sleev
es are long on me so you taller girls won t have issues the ruffles move and are so fun the
fabric however is not finished off it s raw cut material which is why i gave it 4 stars th
e uniqueness of this top caught my eye online i normally wld not want a long sleeve top in the
summer a bit warm to wear outside now but i like the casual but unique style of it it s a top
i can wear now but only indoors with a c the regular small fits fine a little oversized slee
ves a little long as in the pic the color style detaling is exactly as in the pic no surpri
ses soft comfy a little opaque but a nude bra will work fine i don t see the need for a tan
k cami under it i i bough this top in blue and i really like the color style and fabric i al
so bough the necklace as styled in the photo and they look well together it s a departure from
more tailored clothing for me \r\ni keep on trying linen tops and up to now this seems the bes
t cut for linen as the fabric stretches it will still fall nicely this shirt is nice and flow
y it can be dressed up or down very lightweight for summer but the color will work for early
fall too i ordered the moss green color i love it the color is really cool the length is lon
ger and the fabric is soft great summer option ordered online in white just received it lov
e i i wear m in most clothing size 6 dress jacket fits perfectly would love one in the peach

color shown in the pic but from the reviews stating it is much deeper in colour decided against it i thought i would need a medium in this top but it was sold out so i crossed my fingers on a small it fits very well much like it fits on the model loose and length is good and i am not as slender as that model i am 5 6 140 lbs the sweetheart neckline dips a little more than i would like in the front but i will figure that out the top is really unique and i lov e the shimmery dots love everything about this top the ruffles give the top a great edgy styl e will look great with some skinny jeans and boots fit review i ordered the size 27 as i rea d alexa chung jeans run small and my usual size in ag stevie is a 26 in cords 27 in some jeans \n \ni m 5 2 currently 25 waist 33 high hip 37 25 at the widest 29 inseam i have more of a pear shape than an hourglass flatter stomach bigger upper thighs and bottom i m long wai sted and do have some high rise trousers that look great which is why i risked paying shipping on these \n \nthe 27 was loose at my natural waist the jeans measuring 29 5 love this tank ev eryone should own it in every color it is soft has a great shape and is super cute it goes gr eat with so many of the pants shorts from retailer as well summer staple for sure great weeken d toss around piece or with gym clothes the cut is flattering yet not tight i purchased in 2 colos b c i liked it so much and was looking for a piece like this for a very long time cute with yoga legging jeans sweats etc i bought this in two colors the green which i love and t he washed out look adds some interest to make this other than a plain tank i also bought this i n white and it is completely see through i will never understand why designers don t pay attent ion to how fabric would look as soon as you put a bra on if you want to wear a tank under your tank then get the lighter colors otherwise i would stick with the green honestly debating on w hether to buy the bright blue color but i fear it s just n beautiful color gorgeous chic design and great material i m barely 5 4 and rarely find a maxi that isn t far too long or the other e xtreme i prefer mine to just barely reach the ground as opposed to rising 5 inches from the flo or for example this one is perfect with flat sandals i tried on the 4 and chuckled b c it was 6 too long tried on the 2 and not only was it the perfect length the bodice fit like a glove i would say i m average bust size always fluctuating but not generally flat chested i prefer m ore conservative sleeveless dresses an love this dress this is the first maxi i purchased thi s summer i went with a petite as the regular length would need to be altered and i didn t want to lose some of the pattern on the bottom it is a beautiful flowy dress no need for a slip it has beads on the bodice i kept the dress but it is tight at the chest area and sizing up wouldn t have made that much of a difference kinda uncomfortable in the chest area has yet to be worn so may return this dress could have been great but for me there was too much design on the top part front i wish the neckline was different or just less beadwork design near my face \r\nal l in all its a maxi dress and was returned because approx 250 was too much to spend on this i really loved the dress in the picture it is really\r\nnice quality unfortunately it was really long i am\r\n5 4 and it was about 8 inches too long hemming it\r\nwould have ruined the detail s of the dress they were\r\nbackordered on petites in my size so i just returned it lovely m aterial and the white is like a milky white which i love it hangs beautifully irons well and f its great i am 5 6 an a cup 150 lbs and ordered the small i ve already received a lot of co mpliments on it just received this in the mail and i love it the fit is wide and flowy but i wouldn t say it runs large i don t think i could have sized down in the shoulders perfect ea sy breezy fall top cannot wait to wear it i had a hunch that this would run big based on the style and brand so ordered an xs instead of my normal s and it was perfect the fit on me is ex actly like the model shot swingy but still cute and falls nicely i am 5 7 128 34a for ref erence i got the orange color and would say it is a little more on the reddish burnt orange sid e than what is pictured it s very cute i m happy to keep it at the promo price purchased the cream color in my local store it looks great with jeans or leggings i ve worn it with a bright cami underneath with a couple of buttons open and it looked really cute too it is very comforta ble runs big but it s meant to not be fitted the addition of pockets that don t stick out makes me love it even more i will be wearing this from fall to spring great design retailer this shirt is just precious i cannot wait to pair it with a pair of white skinny jeans and wedg es in the spring i m so in love with it the detail is just beautiful beautiful detail in the bodice but i m either too short or it s a bit too long for me have not yet decided if i can keep it material is elegant details are beautiful i ordered this online with fingers cro ssed in my usual size m it fits well albeit a tad snug although very flattering on my curvy frame it is an unusual color for me but i ended up loving it in person where you can really a ppreciate all the detailed woven patterns in the fabric there is a slip underneath which ends s everal inches above the hem i am an retailer employee i immediately fell in love with this dre ss i tried it on and it was way to long as always with regular store sizes i am short 5 0 i wanted to order but it was backordered for about a month i ordered it anyway my husband and i took a mini vacation to chicago over easter weekend and in the miracle mile store they had the

dress in my petite size i was in heaven as they had an awesome petite area in the store there
i purchased a 2 petite which is the size i i love this top i actually didn t read the reviews p
rior and ordered a small the retailer tag on mine says small but the tag in the shirt is xs i
t does run large so the mix up was fine by me the style of the shirt is meant to be loose and
light i love it i think this blouse looks better in real life than it does on line and i m gla
d i decided to try it on i bought an extra small in the red which i think is the best color th
e white looks like a nightgown too bad there were not more darker fall prints because i would h
ave bought more than one i think this style would look best on someone that is tall and thin a
petite person might get away with turning it into a dress i would buy a longer version of this
as it is it is a fun feminine casu this dress is super feminine and pretty wore to my nephew s
birthday party fit is spot on i m a 34c 5 7 and 135 and size 4 fit true to size my only
complaint is that the dress not come with extra beads i only wore once and already lost a bead
form the bodice for this price range extra beads should be included i love this dress it fl
atters so nicely i m 5 3 and pretty thin it hugs all my curves snugly the color and fabric ar
e really soft and lovely it runs big so you can get away with a size smaller of even 2 sizes sm
aller it would look great paired with leggings and boots and a long sweater coat or with skinny
jeans and sandals this is going to be my new favorite don t listen to other reviews this runs
large not small i have a 34d and i usually wear a 4 in most retailer dresses therefor after
reading the reviews i ordered a 6 i was swimming in it just ordered a 2p and 2 to see which
will fit the design is stunning and it s very well made i m hoping for the perfect fit once
the dresses arrive love this top purchased for family photos and i think it s great personall
y i don t think the model shot is doing it justice it s much prettier in person runs true to
size for retailer i am a 34d and i purchased a small this tunic is perfection this tunic will
be perfect with jeans or leggings and can be dressed up or be worn casual it does run big i am
normally a medium large in shirts and took a medium with room to spare i probably could have wo
rn a small too but smalls tend to be tight on my shoulders this is a must buy i am petite 5
2 and i ordered the xxsp i think it is so adorable on and looks great with skinny slim pants o
r leggings i do not think it runs that large it is suppose to be loose and flowy and it looks
on me exactly how it looks on the model i got the gray print and it is quite pretty great top
for all seasons hides imperfections flatters hourglass shapes and great thickness weight to f
abric i m wearing it to a concert with skinny moto jeans and booties side zip is excellent fea
ture and great quality i love this tunic purchased the dark orange in medium i am 5 9 and 140
lbs tried the small and almost kept it but i felt seams around my arm pits a tad so went with
the medium and glad i did this top should be comfortable feels very fall and perfect for casu
al get togethers and running around town only comment is that it is rayon and for me anyway
rayon doesn t wash too well so we shall see how this one fairs i bought this in a large i m
normally an xl it is a very large on the bottom i really like that style so the extra fabric w
as good i tried on the white and orange the white is sheer and i didn t like the fabric as muc
h the orange way really cute though yes this runs big but i sized down from med to small and
it works i like the gray white pattern received compliments upon first wearing and know i ll w
ear it often i knocked off a star because of the rayon fabric which wrinkles so easily this to
p always looks rumpled in the back from sitting still i m glad to have it in my fall wardrobe
this dress is really lovely and the quality seems excellent the bodice of the dress fits tight
and that is why i knocked off one star i am a 34 a 5 6 and 123 lbs ordered the 2 my usual s
ize the top part is very snug and it hugs tightly around my neck which i don t like i may try
going up a size but it fits so perfectly everywhere else the length is perfect it just touches
the ground no need to hem it even with flats the color may be a bit more of a peachy color in
person but overall t was surprised by the cute factor and great fit the fabric is soft it flow
s perfectly and isn t too long it covers my rear no gapping at the chest and i m large busted
i got a large the shirt is black and the florals in the pattern are a soft muted white those l
ittle balls are small and more noticeable from the back looks great under a jean jacket i boug
ht two of these in xs i am 5 11 and 150lbs i started with the size small but that was to big
so down to a size xs and that was perfect the color ivory white is really nice is not see thro
ugh i wear nude bras and it goes with everything i also didn t see any loose strings falling
out of it like another reviewer said quality material the burnt orange is really nice too pe
rfect for fall love the pockets just make sure you size down one or two i am usually a size m
edium to a lar i love this dress i m 5 5 and it s just long enough to be dramatic and graze m
y feet without dragging on the ground with flat sandals the print is lovely and the beading is
subtle as some have mentioned the neck is high it s definitely noticeable but i didn t find
it uncomfortable very different i love the unique design and it is appropriate for various set
tings this is an awesome shirt gorgeous quality and design can be dressed up or down it run
s slightly large i ordered a small i would still order a small but if you are trying to decide

between a small and an extra small i would get the extra small my store got this great tunic in white and i loved it so much perfect tunic length swingy detailed but as soon as i saw the orange option i knew i had to wait for it i just got it and im in love the orange print is so lovely the perfect fall color and the print is timeless the fabric is light and easy the fit is definitely bigger but i usually wear a l or xl in retailer tops and i preferred the xl i ha ve a lot of curves so i love a top that has some room but i needed the xl for room i great fit wonderfully made and priced just right i tried this tunic at a store and loved it i had to bu y a much bigger size because the sleeves are so narrow \r\nthe 12 fit ok but the sleeves are so tight it hurt i have normal arms and i am so glad i was at a store to try a bigger size i thin k i ll get a lot of wear out of this you will be able to size down it will still hide a host of sins it s very comfortable and stylish i bought the silvery blue tunic it is very light gr ey with a hint of blue it is so shapely coverage without being boxy or maternity like it cov ers your bum perfectly and looks great with a dark pair of skinny jeans the color can really ta ke you through autumn winter and even spring depending on where you live i love the sleeve len gth too i just received this dress and i m glad i read previous reviews and ordered a size up i normally wear an xs or s and ordered a medium it fits perfectly the color is beautiful and th e dress is unique can t wait to find a special event to wear it this top is exactly as picture d and the fit is perfect the knit is a nice quality and the embroidery is striking i can t wai t to wear it it will look great with skinny jeans gorgeous dress soft silky material and f lattering on most body types best purchase i ve made at retailer in a long time i get complime nts every time i wear it i normally don t go for these tops because with my hourglass frame an d wider hips it only makes me look wider however like others i was drawn to the fabric and f eel the bottom half really is lovely and looks expensive and the top half is stretchy an love love love this top love the ruffled tiers at the bottom love the longer length the top d oes indeed run large normally i m between a medium and small but bought the xs love the pock ets the orange color seems like a nicer fabric and is versatile with both jeans and leggings i was headed out of my local retailer store when i spotted this beauty i had been looking for a dress tunic like this for some time i got the lovely soft grey white combo and it is lovely on normally an xl in tops from retailer the large in this holding horses tunic fit perfect also a note for women with bigger arms and shoulders this should work well for you as this is usually a problem for me and not the case with this piece easily dresses up or down both jeans and leggi ngs work well what a beautiful dress a size 2 fit me perfectly 5 5 120lbs i have a small ribc age so it works on me but it might be too tight for someone with a larger one the fabric is of amazing quality and i was so glad to see there is a liner under the skirt the top has some deli cate beading which looks great but i am concerned it will fall off at some point i have found t hat retailer clothing tends to have loose buttons and beading i have not washed it yet so i am hoping it holds up otherwise i am i feel so lucky to have caught this as a popback this dress is killer it s casual style and simple design can be found at other retailers but the quality and details and fit can only be made by retailer and dolan it s body skimming but lined so it d oesn t cling to flaws the knit itself is substantial and it s a mockneck not a turtleneck i w ould say this dress runs small because i usually buy medium and this fit in a large because of weight and lining this is a spring and early fall dress i fell in love with this dress when i s aw it in the catalog and was so bummed to see it on backorder online until may i went to my loc al store and they had it in stock so i immediately tried it on i m not usually a big fan of max i dresses but this dress is so pretty and the quality is amazing the fabric is light and airy b ut not too delicate and the subtle beading on the top adds an extra special touch the waist is a little high it s similar to the picture online but i m also 5 10 so it mi this definitely wo rks for you think fabric great quality and i m 25 weeks and i think i ll be able to use this to the end got my normal ish size would never have kept this if i wasn t pregnant cause you c an definitely accommodate a pregnancy or maybe go down two sizes if not this is not my first baby either love for my pregnancy i ordered this dress online and did not realize it had beade d details on the bodice gorgeous dress perfect for festival season this looks sooooo much better on than on the hanger in the picture i bought the grey and it is the most comfortable tunic i ve ever worn it is light airy and so easy to wear i wish it came in more prints colo rs cause i d buy another one in a skinny minute if you don t try this on you re missing out on a surprisingly awesome wardrobe piece you can wear it year round with jeans pants a vest wrap scarves leggings boots sandals or anything else and it looks chic and whimsical go gr eat top to dress further up or down it does however run large and the straps seem too lon g if you are a petite you will not be able to wear a regular without alterations love this max i gorgeous print flowy and romantic in my opinion runs a bit tight in the chest i sized up f rom my usual 6 to an 8 and it was perfect i am 5 7 and it was floor length without tripping me up looks great on darker skin i am on the fair side winter skin and the beige color down th

e middle looked flesh toned and washed me out a bit but with a tan this dress will be perfect
if you love the boho style then this too is for you it is very pretty and pairs well with skinn
y jeans leggings sandals boots and booties i bought it in the orange color which is more o
f a burnt orange which is perfect for fall it does run big which is the style so you could size
down and still have room to hide flaws for reference i m 5 3 and bought the pm but needed the p
s i have recievied tons of compliments and i m thinking of getting the silver one too i love t
his tunic it is so comfortable and looks great with leggings and boots perfect fall look i
was looking for a layering piece to go over leggings or skinny jean to cover my backside i real
ly like this swingy top i agree that it does run large but i was looking for something flowy so
i love it the cream is a litttle more sheer than i expected so i m wearing a cami underneath m
aybe being taller 5 8 helps it not seem so much like a tent well made and just what i thought
it would be from the website model photo i used a 20 coupon so help easy the pain of the pric
e of this top i visited my local retailer store to purchase a dress and left with two of these
tunics i love browsing the retailer store its a feast for my senses the pavin buttyondown tun
ics are much more appealing in person all three feel different due to their color and pattern t
o me the burned orange feels like country and fall the pastel grey one feels spring like and mo
re elegant and the white one feels like summer they all look very cute on i did size down and s
till got the oversize flowing look this i purchased this dress in white and i love the color i
think it s a great casual look and it s really fun to wear my experience has been that this run
s true to size i m 5 4 120 lbs and i ordered a size xs i love this poncho it is flattering
who would have thought i would use that word in the same sentence as a poncho and offers enoug
h room for warm clothes underneath \n\nit is stiffer and thicker than i had originally anticipat
ed and the material is somewhat itchy so i would recommend long sleeves and clothes with more c
overing underneath nice thick material cream has lining underneath which i appreciated so tha
t it s not sheer in the light flattering design i saw this dress and i thought it would be per
fect for that night that you don t feel like wearing just jeans yet you don t want to be overdre
ssed the dress is 100 cotton and is extremely comfortable i paired with an open toe wide heel
ed bootie and a long necklace the dress has a slight a line bottom but fits close to the body i
n chest and arms extremely flattering for all body types and the color is a pretty blue a dres
s for all seasons doesn t fit as tight as slimming as you think it would by looking at the p
icture definitely order one size down if you want it to fit tight i love ag jeans i own sever
al pair and i think they wash well and wear well that being said i d never purchased a pair
of the stevie cut before they have the same quality one would expect from ag and i like that
the ankles aren t true skinny jeans but have a little width it s more on trend for this season
for me the issue was more with the color i order pink when they arrived they were beautiful
in the little plastic bag my heart skipped a beat hooray cute new jeans except w yes it ru
ns a little large i usually get a s or m in tops but for this i bought a s i am 5 2 130 lb
s and i did not get the petite i feel like the regular hits me at the same area as the model i
n picture i went into retailer looking for a dress and walked out with this vest too had to
have versatile stylish pockets good quality nan love these pants they are a perfect color
are of a good weight i sometimes worry that light colored pants are going to be see through a
nd fit wonderfully they are true to size and are narrow down the leg perfect for flats boots
booties or sandals for summer i bought these about a month ago in the sky blue gorgeous colo
r i was a little disappointed because they fit bigger than i normally wear my pants but i deci
ded to keep them anyway they are the most comfortable pants i ve ever worn butter soft i hav
e dressed them up with a nice top and suede booties and also worn casual with a baggy sweater a
nd toms i highly recommend these pants nan found this randomly in the store online return an
d didn t expect to like it but tried it on and fell in love with it extremely comfortable dress
but also has a unique special design that makes you feel great wearing it will be perfect to we
ar out when don t want to look too dressed up or like trying too hard i fell in love with this
skirt when i saw it on display so i had the store order me an xspetite it seemed like the perfe
ct lightweight summer skirt that would go with everything it arrived today and i was a bit unde
rwhelmed with the way it actually fit on me it is kind of a thick linen cottony material and ju
st didn t lay down well bunching out on the sides in a way i didn t find to be very flattering
so 5 stars for print and whimsy and charm but 3 stars for actual fit on alas it is going i fel
l in love with this poncho at first sight the colors are neutral so it can be worn with a lot
i m a typical m and it does run large so i went with a s and it s perfect long enough to cover
leggings and great for the in between seasons i ve worn it at least five times since purchase a
nd get compliments every time i love ag jeans and these are fabulous i can t say enough about
how well ag jeans fit and hold up over time i have several pair i purchased the royal blue col
or in the store they held their shape all day and were super comfy i decided to purchased two
more pairs with the online sale because i know i will be wearing these for a long time i love h

ow the white and beige were not see through and actually very forgiving to people with cellulite
love love the fit highly recommend i m always a 30 but in these i even fit into the 29 i woul
d say if you re in between size down i love the fit so much that i got the beige and white hi
ghly recommend hit at my ankle for me at 5 6 i m super happy with this dress it s extremely we
ll made very light and comfortable and the shoulder cutouts are tastefully done this dress is
cotton but doesn t look cheap or too casual it s one of those rare finds that will look great d
ressed up or down this will absolutely work across seasons with leggings and boots booties or
bare legs and sandals when spring comes around i do feel like it runs a little large but again
it s 100 cotton so i know there will be some shrinking when wash got this poncho for christmas
and loved it the moment i got it out of the box great quality and looks great cant go wrong wi
th this purchase i absolutely love ag stevie ankle jeans and own them in three different colors
i m on the shorter side so in terms of length i m able to wear them as regular jeans the fabri
c is comfy and stretchy and the range of colors is great for wardrobe diversity and mixing and m
atching this particular style is my absolute favorite although ag jeans are on the pricier sid
e after i bought my first pair i was a convert as opposed to other brands i find that they ar
e a worthwhile investment as other i am 5 3 and weigh around 150 and the medium fit me perfectl
y hit me just below the knee cap it s cotton linen but not as prone to wrinkles as i thought i
t would be it s double lined made from a quality fabric thicker but still very much breathabl
e will see how this holds up in kansas city s 95 degree summers but so far mid 80 s it s been j
ust fine i d definitely recommend this skirt the only thing that this skirt is missing is pock
ets this vest is a great fall item the asymmetrical design and unusual buttons really give it
interest even though it is black you could wear it open or closed both look cute appears to b
e high quality i bought this dress because i love the cut out shoulder look and had been wantin
g to find something with this trend that i d feel comfortable wearing the dress fits well and t
he shoulder cut out gives it a trendy look i love the classic navy color i was originally hesi
tant to buy it because of the slub material which i ve always thought to be a cheaper thin co
tton the slub is more substantial than other slub tops i ve seen elsewhere so i was happy abou
t that still it is made with slub i have the t shirt from last year and i love it so could not
wait to try the dress why didn t you make it in petite it can work with some tailoring but pet
ite sizing esp since this runs on the big side would have been ideal love the navy will try t
he white how about some more colors and petite please more t shirt dresses in general too
please i have been looking for a cold shoulder dress for a while but haven t been able to fin
d anything i really liked i ordered this and picked it up at the local store it is very comfor
table and seemed a little big at first so i washed and dried it and it seemed to shrink just a
little to fit well i love the open shoulders i wore it with gray tights and gray boots for val
entine s day and it was perfect for the cold winter weather i think it is a bit overpriced but
i still love it it s a nice i noticed half of the reviews on here were from women with a slim s
traight and or petite figure fit and flare dresses simply will not work for you it s the entir
e purpose behind the flare shape at the hip it will be too large for women without wider hips
\n \nthat said i found this perfect for me in every way after having a
baby it s hard to find a dress that fits my more curvy shape where most of my weight fell on th
e hips and bust i wish this dress was a tad long very sweet color will go with everything s
oft material generously sized but cut is meant to be comfy cute colored jeans ordered the
sky color when it arrived the color was a medium moss green color the color was beautiful
but was expecting a light blue so sadly i returned them i love these jeans you can dress them
up or down bought them in store and have worn them twice very flattering they have maintained
their shape through the day i m 5 4 and usually wear a 31 inseam and these are perfect ankle
length i m tempted to buy another color love another pair of ag stevie s i purchased this dre
ss in white and am quite happy with the fit and design not too fancy but definitely not casual
either easy to dress up or down and can be worn for various occasions the fit is great but i
do wish it was not so lose around the belly it truly is fine though has more of the hanging f
eel than the fitted feel very comfortable for an evening out this vest is very nice and fashio
nable very stylish i like it a lot however it is too itchy the opening in the front didn t
allow me to close as many buttons as i like but i would totally wear this stylish vest even thou
gh it is not as functional when it is cold however the itchiness is too much i don t wear woo
l unless it is ultra soft or mixed with cashmere so i could not imaging wearing this vest it i
s too itchy why ruin such a good thing this is definitely one that looks better on than on the
hanger i am 5 10 so it is a little too short for me to wear with bare legs it tends to ride u
p but it looks great with boots and tights i love the raw edges of the striped a line part i
have also worn it belted and that is also a very cute look the colors are amazing the fabric i
s beautiful my only complaint is the cut i am 5 8 130 lb and always a medium i put the sweat
er on and the armhole area was short so it kept riding up it almost fit like a petite with the

higher cut in waist tailoring i liked the sweater color and fabric so much i exchanged for a la
rge these pants are perfect they are amazingly comfortable and soft i could wear them all th
e time i m 5 2 and have been looking for shorter jeans to wear with ankle booties which has b
een pretty tough i ordered 29 petite and the description said the inseam would be 24 i don t
know if that s true since they fall right at my ankle and usually that s around a 26 inseam bu
t definitely a great length and i don t need to hem the leg opening isn t too big so i can rol
l it up cuff them to get the best thing about these pants is the material if you are expecting
a bleached denim material these are not for you these are far better they are extremely soft
and have some give to them but not so much that they stretch out while wearing them as guarante
ed on the tag although because they are a less rigid material the pants do show stretching a
s can be seen at the knee area in the photo if you normally get short sized pants the regular
fit will fit like regular non ankle pants but i purchased these jeans because they were on sale
and i figured they d be a good alt to my other white denim jeans these have by far exceeded my
expectations my fav jeans period i m 5 2 1 2 but have a long torso and though west size 25
am athletic and curvy so petite jeans don t really work for me these are just the best cut and
fit i was excited to find this on sale because i just love baily 44 their designs are always s
imple beautiful and comfortable and this one just like the other 2 baily 44 dresses i own is
perfect i am 5 9 125 pounds and 34b bra size and got my usual size xs unlike my other baily
44 dresses this one has a more relaxed fit up top and then has a form fitting layer that shows
off your curves on the bottom i personally don t think it s too short but then again plan to w
ear tights with this pi love love love i tried it on a whim when returning a shipped item it s
gorgeous and incredibly flattering runs large it s drapey and would likely look good in your n
